NOTES TO FINANCIAL STATEMENTS
(unaudited)

NOTE 1 - BASIS OF PRESENTATION

The accompanying unaudited interim financial statements of Crown Equity Holdings Inc. ("Crown Equity") have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission ("SEC"), and should be read in conjunction with the audited financial statements and notes thereto contained in the Company's December 31, 2006 Annual Report filed with the SEC on Form 10-KSB. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the financial statements which would substantially duplicate the disclosure contained in the audited financial statements for the most recent fiscal year end December 31, 2006 as reported on Form 10-KSB, have been omitted.

NOTE 2 - GOING CONCERN

As shown in the accompanying financial statements, we incurred a net loss of \$42,401 during the six months ended June 30, 2007, has an accumulated deficit of \$3,081,173 and a working capital deficit of \$194,203 as of June 30, 2007. These conditions raise substantial doubt as to our ability to continue as a going concern. Management is trying to raise additional capital through sales of common stock. The financial statements do not include any adjustments that might be necessary if we are unable to continue as a going concern.

NOTE 3 - STOCK SPLIT

During the quarter ended June 30, 2007, we instituted a one-for-ten forward split of its common stock. All references to common stock and per share data have been retroactively restated to account for the one-for-ten forward stock split.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS

This report contains forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended. The Company's actual results could differ materially from those set forth on the forward looking statements as a result of the risks set forth in the Company's filings with the Securities and Exchange Commission, general economic conditions, and changes in the assumptions used in making such forward looking statements.

OVERVIEW

Crown Equity Holdings Inc. (the "Company") was incorporated on August 31, 1995 as "Visioneering Corporation" under the laws of the State of Nevada, to engage in any lawful corporate undertaking, including, but not limited to, selected mergers and acquisitions. We are currently seeking a suitable merger.

During the quarter ended June 30, 2007, we instituted a one-for-ten forward split of its common stock.

RESULTS OF OPERATIONS

For the three months ended June 30, 2007 and 2006, we had no revenue and a net loss of \$21,398 and \$22,438, respectively. General and administrative expense decreased \$1,040 to \$21,398 for the three months ended June 30, 2007 compared to the same period in 2006.

For the six months ended June 30, 2007 and 2006, we had no revenue and a net loss of \$42,401 and \$31,358, respectively. General and administrative expense increased \$11,043 to \$42,401 for the six months ended June 30, 2007 compared to the same period in 2006. The increase is primarily attributable to increased accounting and legal expenses.

We anticipate that until a business combination is completed with an acquisition candidate, it will not generate revenues and may operate at a loss after completing a business combination, depending upon the performance of the acquired business.

We will attempt to carry out its business plan as discussed above; however, it cannot predict to what extent its lack of liquidity and capital resources will hinder its business plan prior to the consummation of a business combination.

LIQUIDITY AND CAPITAL RESOURCES

At June 30, 2007, we had minimal assets and we had liabilities of approximately \$194,221. Shareholders' deficit as of June 30, 2007 was approximately \$194,203. Further, there exist no agreements or understandings with regard to loan agreements by or with the Officers, Directors, principals, affiliates or shareholders of the Company.

During the quarter ended March 31, 2007, we borrowed \$12,700 from an unrelated third party. The loan is due April 1, 2008 and accrues interest at 12% per annum.

Our existing capital is not sufficient to meet our cash needs, including the costs of compliance with the continuing reporting requirements of the Securities Exchange Act of 1934, as amended. As shown in the accompanying financial statements, we incurred a net loss of \$42,401 for the six months ended June 30, 2007, has an accumulated deficit of \$3,081,173 and a working capital deficit of \$194,203 as of June 30, 2007. These conditions raise substantial doubt as to our ability to continue as a going concern. Management is trying to raise additional capital through sales of common stock. The financial statements do not include any adjustments that might be necessary if we are unable to continue as a going concern.

EMPLOYEES

As of June 30, 2007, we had no employees.

ITEM 3. CONTROLS AND PROCEDURES

As required by Rule 13a-15 under the Securities Exchange Act of 1934 (the "Exchange Act"), we carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as of December 31, 2006. This evaluation was carried out under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer. Based on their evaluation of our disclosure controls and procedures we concluded that such disclosure controls and procedures were not effective to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms. Specifically, during the annual audit of our December 31, 2006 financial statements, our independent auditors identified deficiencies in our internal controls and disclosure controls related to expense recognition and issuances of our common stock. We are in the process of improving our internal controls in an effort to remediate these deficiencies through improving supervision and training of our accounting staff. We are continuing our efforts to improve and strengthen our control processes and procedures to fully remedy these deficiencies. Our management and directors will continue to work with our auditors and other outside advisors to ensure that our controls and procedures are adequate and effective. There have been no significant changes in our internal controls or in other factors that could significantly affect internal controls subsequent to the date we carried out our evaluation.

There were no significant changes in our internal controls over financial reporting that occurred during the last fiscal quarter that has materially affected, or is reasonably likely to materially affect, internal controls over financial reporting.
