TO HOLDERS OF FARMER MAC

VOTING COMMON STOCK

April 27, 2012

Dear Farmer Mac Stockholder:

The Board of Directors of the Federal Agricultural Mortgage Corporation (“Farmer Mac” or the “Corporation”) is pleased to invite you to attend the 2012 Annual Meeting of Stockholders of the Corporation to be held on Thursday, June 7, 2012, at 8:00 a.m. local time, at The Town Hall, 1999 K Street, N.W., First Floor, Washington, D.C. 20006. The Notice of Annual Meeting and Proxy Statement accompanying this letter describe the business to be transacted at the meeting.

We hope you will be able to attend the meeting and suggest you read the enclosed Notice of Annual Meeting and Proxy Statement for information about your Corporation and the Annual Meeting of Stockholders. We have also enclosed Farmer Mac’s 2011 Annual Report. Although the report is not proxy soliciting material, we suggest you read it for additional information about your Corporation. Please complete, sign, date and return a proxy card at your earliest convenience to help us establish a quorum and avoid the cost of further solicitation. The giving of your proxy will not affect your right to vote your shares personally if you do attend the meeting. If you plan to attend the meeting, please so indicate on the enclosed proxy card.

Sincerely,

Lowell L. Junkins
Chairman of the Board

FEDERAL AGRICULTURAL MORTGAGE CORPORATION

NOTICE OF ANNUAL MEETING

April 27, 2012

Notice is hereby given that the 2012 Annual Meeting of Stockholders of the Federal Agricultural Mortgage Corporation (“Farmer Mac” or the “Corporation”) will be held on Thursday, June 7, 2012, at 8:00 a.m. local time at The Town Hall, 1999 K Street, N.W., First Floor, Washington, D.C. 20006.

As described in the attached Proxy Statement, the meeting will be held for the following purposes:

- to elect ten directors, five of whom will be elected by holders of Class A Voting Common Stock and five of whom will be elected by holders of Class B Voting Common Stock, to serve until the next annual meeting of stockholders and until their respective successors are elected and qualified;
- to ratify the selection by the Audit Committee of PricewaterhouseCoopers LLP as the Corporation’s independent auditors for fiscal year 2012;
- to provide an advisory vote on the compensation of Farmer Mac’s executive officers disclosed in the attached Proxy Statement; and
- to consider and act upon any other business that may properly be brought before the meeting or any adjournment or postponement of the meeting.

Please read the attached Proxy Statement for complete information on the matters to be considered and acted upon.

Eligible holders of record of the Corporation’s Class A Voting Common Stock and Class B Voting Common Stock at the close of business on April 18, 2012 are entitled to notice of and to vote at the meeting and any adjournments or postponement of the meeting.

For at least ten days prior to the meeting, a list of Farmer Mac stockholders will be available for examination by any stockholder for any purpose germane to the meeting at the offices of the Corporation between the hours of 9:00 a.m. and 5:00 p.m. local time.

Whether you intend to be present at the meeting or not, please complete the enclosed proxy card, date and sign it exactly as your name appears on the card and return it in the postage prepaid envelope. This will ensure the voting of your shares if you do not attend the meeting. The giving of your proxy will not affect your right to vote your shares personally if you do attend the meeting. **THIS PROXY IS SOLICITED BY THE BOARD OF DIRECTORS OF THE CORPORATION.**

By order of the Board of Directors,

Jerome G. Oslick
Corporate Secretary

PROXY STATEMENT

For the Annual Meeting of Stockholders

to be held on June 7, 2012

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of the Federal Agricultural Mortgage Corporation (“Farmer Mac” or the “Corporation”) of proxies from the holders of the Corporation’s Class A Voting Common Stock and Class B Voting Common Stock (together, the “Voting Common Stock”). The Corporation is not soliciting proxies from the holders of its Class C Non-Voting Common Stock. The proxies will be voted at the 2012 Annual Meeting of Stockholders of the Corporation (the “Meeting”), to be held on Thursday, June 7, 2012, at 8:00 a.m. local time, at The Town Hall, 1999 K Street, N.W., First Floor, Washington, D.C. 20006, and at any adjournment or postponement of the Meeting. The Notice of Annual Meeting, this Proxy Statement and the enclosed proxy card are being mailed to holders of Voting Common Stock on or about April 27, 2012.

The Board of Directors of the Corporation (the “Board of Directors” or “Board”) will present for a vote at the Meeting the election of ten members to the Board and the ratification of the appointment of PricewaterhouseCoopers LLP as independent auditors for the Corporation for fiscal year 2012. The Board will also present for an advisory vote at the Meeting the approval of the current executive compensation practices at the Corporation. The Board is not aware of any other matter to be presented for a vote at the Meeting.

Important Notice Regarding the Availability of Proxy Materials for Farmer Mac’s Annual Meeting of Stockholders to be held on June 7, 2012: the Proxy Statement, sample proxy cards and Farmer Mac’s 2011 Annual Report are available at www.farmermac.com/investors/annualmeeting/.

Voting Rights

One of the purposes of the Meeting is to elect ten members to the Board of Directors. Title VIII of the Farm Credit Act of 1971, as amended (the “Act”), provides that the Corporation’s Class A Voting Common Stock may be held only by banks, insurance companies and other financial institutions or entities that are not Farm Credit System institutions. The Act also provides that the Corporation’s Class B Voting Common Stock may be held only by Farm Credit System institutions. Holders of Voting Common Stock who are not eligible holders of that stock should dispose of their ownership of such stock to eligible holders. Farmer Mac has the right, but not the obligation, to repurchase shares of Voting Common Stock from ineligible holders for book value.

The Act provides that five members of the Board will be elected by a plurality of the votes of the holders of the Class A Voting Common Stock (the "Class A Holders"), and five members of the Board will be elected by a plurality of the votes of the holders of the Class B Voting Common Stock (the "Class B Holders"). The remaining five members of the Board are appointed by the President of the United States, with the advice and consent of the United States Senate. No director or nominee for director is or has been an officer or employee of the Corporation. As of April 5, 2012, all of Farmer Mac's fourteen directors (there is one vacancy among the directors elected by holders of Class B Voting Common Stock) were "independent," as defined in Securities and Exchange Commission ("SEC") rules and New York Stock Exchange ("NYSE") listing standards and twelve of Farmer Mac's fourteen directors were "independent," as defined in Farmer Mac's Corporate Governance Guidelines. After the Meeting, assuming all of the nominees for director are elected, fourteen of Farmer Mac's fifteen directors will be "independent," as defined in Farmer Mac's Corporate Governance Guidelines, while all fifteen of the directors will be "independent," as defined in SEC rules and NYSE listing standards. See "Director Independence" for more information about the Board's independence determinations and the definition of "independent" in Farmer Mac's Corporate Governance Guidelines.

Record Date

The Board of Directors has fixed April 18, 2012 as the record date for the determination of stockholders entitled to receive notice of and to vote at the Meeting. At the close of business on that date, there were issued and outstanding 1,030,780 shares of Class A Voting Common Stock and 500,301 shares of Class B Voting Common Stock, which constitute the only outstanding capital stock of the Corporation entitled to vote at the Meeting. See "Principal Holders of Voting Common Stock."

Voting

Under the Act, the holders of Farmer Mac's Voting Common Stock are entitled to one vote per share, with cumulative voting at all elections of directors. Under cumulative voting, each stockholder is entitled to cast the number of votes equal to the number of shares of the class of Voting Common Stock owned by that stockholder, multiplied by the number of directors to be elected by that class. All of a stockholder's votes may be cast for a single candidate for director or may be distributed among any number of candidates. Class A Holders are entitled to vote only for the five directors to be elected by Class A Holders, and Class B Holders are entitled to vote only for the five directors to be elected by Class B Holders. Other than the election of directors, the Class A Holders and Class B Holders vote together as a single class on any matter submitted to a vote of the holders of Voting Common Stock.

The presence, in person or by proxy, of the holders of at least a majority of the Corporation's outstanding Voting Common Stock is required to constitute a quorum at the Meeting. Thus, 765,541 shares of Voting Common Stock must be represented by stockholders present at the Meeting or by proxy to have a quorum.

Proxy Procedure

Any holder of Voting Common Stock who is unable to attend the Meeting in person will be afforded the right to vote by means of the proxy solicited by the Board of Directors. When a proxy is returned properly completed and signed, the shares it represents must be voted by the Proxy Committee (described below) as directed by the stockholder. Stockholders are urged to specify their choices by marking the appropriate boxes on the enclosed proxy card. A stockholder may withhold a vote from one or more nominees by filling in the circle next to the names of those nominees in the space provided on the proxy card. Under those circumstances, unless other instructions are given in writing, the stockholder's votes will then be cast evenly among the remaining nominees for its class. Stockholders who intend to cumulate their votes for one or more nominee(s) are urged to read the instructions on the proxy card and to indicate the manner in which votes shall be cumulated in the space to the right of the nominee name(s) on the proxy card. The five nominees from each class who receive the greatest number of votes will be elected directors. If one or more of the nominees becomes unavailable for election, the Proxy Committee will cast votes under the authority granted by the enclosed proxy for such substitute or other nominee(s) as the Board of Directors may designate. If no instructions are indicated on the proxies, the proxies represented by the Class A Voting Common Stock will be voted in favor of the five nominees specified in this Proxy Statement as Class A nominees, with the votes being cast evenly among each of the Class A nominees, and the proxies represented by the Class B Voting Common Stock will be voted in favor of the five nominees specified in this Proxy Statement as Class B nominees, with the votes being cast evenly among each of the Class B nominees.

Shares of Voting Common Stock represented by proxies marked “Abstain” for any proposal presented at the Meeting (other than the election of directors) will be counted for purposes of determining the presence of a quorum, but will not be voted for or against such proposal. If a proposal involves a vote for which a broker (or its nominee) may only vote a customer’s shares in accordance with the customer’s instructions and the broker (or its nominee) does not vote those shares due to a lack of instructions, the votes represented by those shares and delivered to the Corporation (“broker non-votes”) will be counted as shares present at the Meeting for purposes of determining whether a quorum is present, but will not be voted for or against such proposal. Abstentions and broker non-votes (if applicable) will have the effect of a vote against such proposals (except with respect to the election of directors). Because only a plurality is required for the election of directors, abstentions and broker non-votes (if applicable) will have no effect on the election of directors.

Execution of a proxy will not prevent a stockholder from attending the Meeting, revoking a previously submitted proxy and voting in person. Any stockholder who gives a proxy may revoke it at any time before it is voted by notifying the Corporate Secretary in writing on a date later than the date of the proxy, by submitting a later dated proxy, or by voting in person at the Meeting. Mere attendance at the Meeting, however, will not constitute revocation of a proxy. Written notices revoking a proxy should be sent to Jerome G. Oslick, Corporate Secretary, Federal Agricultural Mortgage Corporation, 1999 K Street, N.W., Fourth Floor, Washington, D.C. 20006.

The Proxy Committee is composed of three executive officers of the Corporation—Timothy L. Buzby, Jerome G. Oslick and Tom D. Stenson—and will vote all shares of Voting Common Stock represented by proxies signed and returned by stockholders in the manner specified. The Proxy Committee will also vote the shares represented thereby in accordance with its members’ best judgment on any matters not known at the time this Proxy Statement was printed that may properly be presented for action at the Meeting.

Stockholder Proposals

Each year, at the annual meeting, the Board of Directors submits to the stockholders its nominees for election as Class A and Class B directors. In addition, the Audit Committee’s selection of independent auditors for the year is submitted for stockholder ratification at each annual meeting, pursuant to the Corporation’s Amended and Restated By-Laws (the “By-Laws”). The Board of Directors may, in its discretion and upon proper notice, also present other matters to the stockholders for action at the annual meeting, including seeking advisory votes from stockholders on executive compensation. In addition to those matters presented by the Board of Directors, the stockholders may be asked to act at the annual meeting upon proposals timely submitted by eligible holders of Voting Common Stock.

Proposals of stockholders to be presented at the Meeting were required to be received by the Corporate Secretary before December 26, 2011 for inclusion in this Proxy Statement and the accompanying proxy. Other than the election of ten members to the Board of Directors, the ratification of the appointment of PricewaterhouseCoopers LLP as independent auditors for the Corporation for fiscal year 2012, and an advisory vote to approve executive compensation, the Board of Directors knows of no other matters to be presented for action at the Meeting. If any other matters are properly brought before the Meeting or any adjournment or postponement of the Meeting, the Proxy Committee intends to vote proxies in accordance with its members' best judgment.

If any stockholder eligible to do so intends to present a proposal for consideration at the Corporation's 2013 Annual Meeting of Stockholders, the Corporate Secretary must receive the proposal on or before December 30, 2012 to be considered for inclusion in the 2013 Proxy Statement. Proposals should be sent to Corporate Secretary, Federal Agricultural Mortgage Corporation, 1999 K Street, N.W., Fourth Floor, Washington, D.C. 20006. In addition, if any stockholder notifies the Corporation after March 1, 2013 of an intent to present a proposal at the Corporation's 2013 Annual Meeting of Stockholders, the Corporation's proxy holders will have the right to exercise discretionary voting authority with respect to that proposal, if presented at the meeting, without the Corporation including information regarding the proposal in its proxy materials.

Communications with the Board

Stockholders and other interested parties may communicate directly with members of the Board of Directors by writing to them at Federal Agricultural Mortgage Corporation, 1999 K Street, N.W., Fourth Floor, Washington, D.C. 20006.

Board of Directors Meetings and Committees

In 2011, the Board of Directors held a total of six meetings. Each member of the Board attended 75% or more of the aggregate number of meetings of the Board of Directors and of the committees on which he or she served during 2011. As Chairman of the Board, Lowell L. Junkins presides over all meetings of the Board of Directors, including regularly scheduled executive sessions of the Board in which members of management do not participate. All members of the Board of Directors are expected to attend the Annual Meeting of Stockholders, which is held in conjunction with a regularly scheduled meeting of the Board of Directors. All members of the Board of Directors at the time of the 2011 Annual Meeting of Stockholders attended that meeting.

The Board currently has seven standing committees to assist it in the performance of its responsibilities: Audit Committee, Compensation Committee, Corporate Governance Committee, Credit Committee, Finance Committee, Marketing Committee and Public Policy Committee. Each director serves on at least one committee. See "Class A

Nominees,” “Class B Nominees” and “Directors Appointed by the President of the United States” for information regarding the committees on which the current members of the Board serve. The Audit Committee and the Compensation Committee met eleven times and five times, respectively, during 2011. The Corporate Governance Committee, which selects nominees for election to the Board of Directors, approves corporate governance policies for the Corporation, oversees enterprise risk management at the Corporation, sets agendas for the meetings of the Board of Directors and is able to exercise certain powers of the Board of Directors during the intervals between meetings of the Board, met six times during 2011. The Credit Committee, which is responsible for reviewing and approving all policy matters relating to changes to the Corporation’s Seller/Service Guide and making recommendations to the Board of Directors on credit matters, met six times during 2011. The Finance Committee, which is responsible for determining the financial policies of the Corporation and overseeing the Corporation’s financial affairs, met six times during 2011. The Marketing Committee, which is responsible for the development and monitoring of the Corporation’s programs and marketing plan, met six times during 2011. The Public Policy Committee, which considers matters of public policy referred to it by the Board of Directors such as the Corporation’s relationship with and policies regarding borrowers, Congress and governmental agencies and conflicts of interest, met nine times during 2011. Each of these Committees oversees aspects of Farmer Mac’s enterprise risk management as described in the following paragraph. See “Item No. 1: Election of Directors,” “Executive Compensation Governance” and “Report of the Audit Committee” and “Item No. 2: Selection of Independent Auditors” for information regarding the Corporate Governance Committee, the Compensation Committee and the Audit Committee, respectively.

Enterprise Risk Management

The executive officers have the primary responsibility for managing the risks associated with Farmer Mac's business, including operational, credit, asset and liability management, legal, human resources, regulatory, reputational, and political risks. The Board of Directors oversees Farmer Mac's enterprise risk through the Corporate Governance Committee and the system of committees, as well as through the Corporation's internal audit ("IA") and internal credit review ("ICR") functions. The Finance Committee oversees Farmer Mac's asset and liability management and Farmer Mac's compliance with its investment and interest rate risk policies. The Credit Committee is responsible for overseeing the credit risks inherent in Farmer Mac's fulfillment of its statutory mission to deliver the benefits of a secondary market to agricultural and rural utilities lenders. The ICR function provides an independent assessment of credit risk, reporting directly to the Credit Committee. The Public Policy Committee oversees the Corporation's exposure to political risk. The Compensation Committee assures that Farmer Mac's compensation policies and plans are aligned with the Corporation's overall risk tolerance. The Audit Committee oversees the financial reporting and accounting practices of the Corporation, as well as the IA function, which annually compiles an enterprise risk assessment and, under the oversight of the Audit Committee, conducts periodic audits of each of the various risk areas within the Corporation at least once every three years. The Corporate Governance Committee oversees the governance policies of Farmer Mac, compliance with the Corporation's code of business conduct and ethics, and the Corporation's enterprise risk management. Each of the Committees and management report at each Board meeting to the Corporate Governance Committee concerning the risks within their respective jurisdictions, and the Corporate Governance Committee provides a report to the full Board.

Code of Business Conduct and Ethics

Farmer Mac has adopted a code of business conduct and ethics (the "Code") that applies to all directors, officers, employees and agents of Farmer Mac, including the Corporation's principal executive officer, principal financial officer and principal accounting officer. A copy of the Code is available on Farmer Mac's website, www.farmermac.com, in the "Corporate Governance" portion of the "Investors" section. Farmer Mac will post any amendment to, or waiver from, a provision of the Code in that same location on its website. A print copy of the Code is available free of charge upon written request to Corporate Secretary, Federal Agricultural Mortgage Corporation, 1999 K Street, N.W., Fourth Floor, Washington, D.C. 20006.

Item No. 1: Election of Directors

The Act provides that five of Farmer Mac's directors are elected by a plurality of the votes of the Class A Holders, and five directors are elected by a plurality of the votes of the Class B Holders. At the Meeting, ten directors will be elected for one-year terms. All of the Class A nominees and two of the Class B nominees currently are members of the Board of Directors. The directors elected by the Class A Holders and the Class B Holders at the Meeting will hold office until the Corporation's 2013 Annual Meeting of Stockholders, or until their respective successors have been duly

elected and qualified.

5

The Act further provides that the President of the United States appoints five members to the Board of Directors with the advice and consent of the United States Senate (the “Appointed Members”). The Appointed Members serve at the pleasure of the President of the United States. The Board of Directors, after the election at the Meeting, will consist of the five Appointed Members named under “Directors Appointed by the President of the United States” below (or such other Appointed Members as may be appointed by the President and confirmed by the Senate between April 15, 2012 and June 7, 2012) and the ten members who are elected by the holders of Farmer Mac’s Voting Common Stock. On July 18, 2011, the President of the United States submitted the names of two nominees, Chester J. Culver and Bruce J. Sherrick, to the Senate Committee on Agriculture, Nutrition and Forestry for consideration as Appointed Members. The Senate confirmed Messrs. Culver and Sherrick on March 29, 2012, and they took the oaths of office for their new positions in April 2012 to replace Julia Bartling and Glen Klippenstein, respectively, on the Board.

The Board of Directors uses a Corporate Governance Committee to facilitate the selection of director nominees. The By-Laws require the Corporate Governance Committee to be comprised of two members of the Board appointed by the President of the United States (one of whom serves as the chairman of the Committee) and two representatives from each of the Corporation’s two elected classes of directors. The current members of the Corporate Governance Committee are: Appointed Members Junkins and Watts; Class A directors Brack and Engebretsen; and Class B directors Davidson and Raines. As described in more detail in “Director Independence,” the Board has determined that all the current members of the Corporate Governance Committee are “independent,” as defined in Farmer Mac’s Corporate Governance Guidelines, SEC rules and NYSE listing standards. The Corporate Governance Committee Charter and Farmer Mac’s Corporate Governance Guidelines are available on Farmer Mac’s website, www.farmermac.com, in the “Corporate Governance” portion of the “Investors” section. Print copies of the Corporate Governance Committee Charter and Farmer Mac’s Corporate Governance Guidelines are available free of charge upon written request to Corporate Secretary, Federal Agricultural Mortgage Corporation, 1999 K Street, N.W., Fourth Floor, Washington, D.C. 20006.

The Board has adopted a policy statement on directors that expresses the general principles that should govern director selection and conduct, which the Corporate Governance Committee uses in identifying and evaluating potential candidates for director. The Corporate Governance Committee reviews, on an annual basis, the appropriate skills and characteristics required of Board members in the context of the perceived needs of the Board at that point in time. The Committee strives to identify and retain as members of the Board individuals who have the qualities, business background and experience that will enable them to contribute significantly to the development of Farmer Mac’s business and its future success. The Board has determined that its elected members should be comprised of individuals with a variety of business backgrounds and experiences who have a broad perspective and good record of accomplishment either as senior members of agricultural or other relevant business management, as agricultural, rural utilities or commercial lenders, as accountants or auditors, or as entrepreneurs. The Board has also determined that it is desirable to have qualified female and minority representation on the Board. In selecting a nominee for director, the Corporate Governance Committee also considers an individual’s character, judgment, fairness and overall ability to serve Farmer Mac. Thus, in addition to considering the current needs of the Board and the quality of an individual’s professional background and experience, the Corporate Governance Committee seeks individuals who:

have integrity, independence, an inquiring mind, an ability to work with others, good judgment, intellectual competence, and motivation;

have the willingness and ability to represent all stockholders' interests, and not just the particular constituency that elected the director to serve on the Board;

· have an awareness of, and a sensitivity to, the public purpose of Farmer Mac and a sense of responsibility to Farmer Mac's intended beneficiaries;

· are willing to commit the necessary time and energy to prepare for and attend Board and committee meetings; and

· are willing and have the ability to advance their views and opinions in a forthright manner, but, upon the conclusion of deliberations, to act in the best interests of Farmer Mac, and, once a decision is reached by a majority, to support the decision.

The Committee and the Board exercise judgment in applying these factors to select director nominees.

The Corporate Governance Committee recommended five individuals to be considered for election as Class A nominees and five individuals to be considered for election as Class B nominees, and the Board of Directors has approved these recommendations. The individuals recommended by the Corporate Governance Committee are referred to collectively as the "Nominees." The Nominees will stand for election to serve for terms of one year each, or until their respective successors are duly elected and qualified. Seven of the ten Nominees are current members of the Board standing for re-election. AgriBank, FCB ("AgriBank"), the holder of approximately 40.3 percent of the Class B Voting Common Stock, recommended to the Corporate Governance Committee James B. McElroy (in addition to Richard Davidson, a current member of the Board). CoBank, ACB, the holder of approximately 32.6 percent of the Class B Voting Common Stock, and Farm Credit Bank of Texas, the holder of approximately 7.7 percent of the Class B Voting Common Stock, both recommended to the Corporate Governance Committee Thomas W. Hill and Douglas E. Wilhelm. No fees were paid to any director search firms or other third parties to assist in identifying and evaluating the Nominees.

In identifying potential candidates for the Board, the Corporate Governance Committee considers suggestions from Board members, management, stockholders and others. From time to time, the Committee may retain a search firm to assist in identifying potential candidates and gathering information about the background and experience of such candidates. The Committee will consider all proposed nominees, including stockholder nominees, in light of the qualifications discussed above and the assessed needs of the Board at the time. For the 2013 Annual Meeting of Stockholders, the Corporate Governance Committee will consider nominees recommended by holders of Farmer Mac's Voting Common Stock, who may submit written recommendations by January 29, 2013 to Corporate Secretary, Federal Agricultural Mortgage Corporation, 1999 K Street, N.W., Fourth Floor, Washington, D.C. 20006.

If any of the ten Nominees named below is unable or unwilling to stand as a candidate for the office of director on the date of the Meeting or at any adjournment or postponement thereof, the proxies received on behalf of such Nominee will be voted for such substitute or other nominee(s) as the Board of Directors may designate. The Board of Directors has no reason to believe that any of the Nominees will be unable or unwilling to serve if elected.

Information about Nominees for Director

Each of the Nominees has been principally employed in his current position for the past five years unless otherwise noted.

Class A Nominees

DENNIS L. BRACK, 59, has been a member of the Board of Directors of the Corporation since June 7, 2001 and serves as chairman of the Compensation Committee and as a member of the Corporate Governance Committee, the Finance Committee and the Credit Committee. Mr. Brack served as President and Chief Executive Officer of Bath State Bank in Bath, Indiana from 1988 to 2007. He has remained as a director of Bath State Bank and is currently a director on the board of Bath State Bancorp, the holding company for the bank. He became a member of the board of directors of Franklin County Community Foundation, Brookville, Indiana in 2007 and served as a member of their Investment Committee from 1999 to 2009. Mr. Brack has recently worked on the steering committees for Comprehensive Plan Development in both Franklin and Union Counties, Indiana. He was also a director of the Indiana Bankers Association from 1994 to 1996 and previously served a three-year term on the Purdue University Dean's Advisory Council.

JAMES R. ENGBRETSSEN, 56, has been a member of the Board of Directors of the Corporation since June 5, 2008 and serves as a member of the Audit Committee, the Corporate Governance Committee, and the Finance Committee. Mr. Engebretsen is the Assistant Dean of the Marriott School of Management at Brigham Young University, where he also served as Professor of Finance. He formerly served as the Managing Director of the Peery Institute of Financial Services at the Marriott School from 2004 to 2006. He joined the Marriott School with nearly fifteen years of work experience at Lehman Brothers, JP Morgan and Goldman Sachs in New York and Philadelphia. Mr. Engebretsen left Goldman Sachs in 1995 to set up his own hedge fund, Associates Capital Management. He is a registered investment advisor and earned his MBA and BS in Economics from Brigham Young University.

DENNIS A. EVERSON, 61, has been a member of the Board of Directors of the Corporation since June 3, 2004 and serves as chairman of the Marketing Committee and as a member of the Credit Committee and the Public Policy Committee. Mr. Everson has served as Branch Administration Director of First Dakota National Bank since 2009, and prior to then served as President and Manager of the First Dakota National Bank Agri-business Division since 2002. From 1984 until 2002, he was Vice President and Manager of the First Dakota National Bank Agri-business Division. In addition to the affiliations set forth above, the Nominees and Appointed Members are active in many local and national trade, commodity, charitable, educational and religious organizations.

Qualifications, Attributes, Skills and Experience To Be Represented on the Board as a Whole

The Corporate Governance Committee has identified particular qualifications, attributes, skills and experience that are important to be represented on the Board as a whole in light of Farmer Mac's current needs and business priorities. The Corporation's business is focused primarily on agricultural, agri-business and rural utilities lending. Therefore, the Corporate Governance Committee believes that the Board should include some directors who possess knowledge of the underlying industries, marketing and lending. Messrs. Brack, Everson, Hill and Wilhelm bring to the Board the necessary expertise in commercial lending, including agricultural lending; Dr. Faivre-Davis and Mr. Everson bring to the Board appropriate marketing experience and Dr. Faivre-Davis and Messrs. Davidson, Junkins, McElroy and Raines bring to the Board direct experience in agriculture.

Farmer Mac's business also involves complicated financial transactions and complex accounting issues. Therefore, the Corporate Governance Committee believes that the Board should include some directors with a high level of financial literacy or accounting training or experience. Messrs. Davidson, Engebretsen, Hill, Johnson, and Maxwell and Drs. Sherrick and Watts bring to the Board that high level of financial literacy or accounting training or experience.

As a Congressionally chartered, highly regulated, government-sponsored enterprise, Farmer Mac is required to comply with a variety of regulatory and statutory requirements and be aware of developments in the political arena. Therefore, the Corporate Governance Committee believes that governmental or political expertise should be represented on the Board. That governmental or political experience is brought to the Board by Drs. Faivre-Davis and Watts and Messrs. Culver and Junkins, all four of whom were appointed to the Board by the President of the United States and confirmed by the Senate.

The fact that a director is not named in the discussion of a particular attribute does not mean that the director does not possess that qualification or skill, but rather that it is not a specific area of focus or expertise on which the Board currently relies.

Compensation of Directors

The directors of Farmer Mac are required to spend a considerable amount of time preparing for, as well as participating in, Board and committee meetings. In addition, they are often called upon for their counsel between

meeting dates. For those services, each director receives the following compensation: (a) an annual retainer of \$24,000 (\$30,500 for the chairman of the Audit Committee, \$29,000 for the chairman of the Compensation Committee and \$34,000 for the Chairman of the Board); (b) \$1,200 per day, plus expenses, for each meeting of the Board and each committee meeting attended (if on a day other than that of the Board meeting); and (c) with the prior approval of the President of the Corporation or the Chairman of the Board (or the chairman of the Compensation Committee in the case of a per diem for the Chairman of the Board), \$1,200 per day, plus expenses, for certain other meetings and conferences with borrowers, lenders or other groups. The aggregate amount of cash compensation (including payments in lieu of dividends paid on restricted stock) received by all persons who served on the Board of Directors in 2011 was approximately \$713,000. In addition to the cash compensation, Farmer Mac also reimburses directors for expenses incurred in performing their duties as directors and pays for continuing education related to their service as directors on the Board.

On April 7, 2011, each sitting Board member was granted 2,984 shares of restricted Class C Non-Voting Common Stock under the Corporation's 2008 Omnibus Incentive Compensation Plan, with such restricted stock vesting on March 31, 2012, or earlier if a member were to be removed without cause. Those restricted stock grants were calculated to provide a grant with a fair market value on the date of grant equal to approximately \$56,000.

In lieu of all or a portion of their cash retainers, a director may elect annually to receive shares of Class C Non-Voting Common Stock based on the fair market value on the date of acquisition.

The following table sets forth the compensation received during 2011 by each person who served on the Board during 2011:

Name	Fees Earned or			Total

¹ Includes amounts that the following directors voluntarily used to purchase, at market value, newly issued Class C Non-Voting Common Stock in lieu of receiving some or all of their retainers in cash: Dennis Everson (\$3,412), Mitchell Johnson (\$10,975), Lowell Junkins (\$2,400), Glen Klippenstein (\$5,697), and John Dan Raines, Jr. (\$1,298).

² The grant date fair value of each share of restricted stock awarded on April 7, 2011 to all members was \$18.77, which was the closing price of the Class C Non-Voting Common Stock on that date.

³ Payments in lieu of dividends on grants of restricted stock.

⁴ Mr. Hodges immediately assigned all equity compensation he received from Farmer Mac in 2011 to his employer, Farm Credit West, an institution of the Farm Credit System.

⁵ Each of Julia Bartling's and Glen Klippenstein's term on the Board ended on April 4, 2012, and Brian Jackson's term on the Board ended on August 2, 2011.

Stock Ownership of Directors and Executive Officers

As of April 15, 2012, the members of the Board of Directors, nominees for election as directors and current executive officers of the Corporation listed in the table below might be deemed to be “beneficial owners” of the indicated number of equity securities of the Corporation, as defined by the rules of the SEC. The Corporation’s Voting Common Stock may be held only by banks, insurance companies and financial institutions and Farm Credit System institutions, and may not be held by individuals. Accordingly, no director, nominee or executive officer owns, directly or indirectly, any shares of any class of the Corporation’s Voting Common Stock. Furthermore, Appointed Members may not be officers or directors of financial institutions or Farm Credit System institutions and may not be beneficial owners (through affiliation) of Voting Common Stock of the Corporation. There are no ownership restrictions on the Class C Non-Voting Common Stock. For information about the beneficial owners of 5% or more of the Voting Common Stock of the Corporation, see “Principal Holders of Voting Common Stock.”

Director Independence

The Board of Directors has adopted a formal set of standards to form the basis for determinations of director independence required by NYSE rules. To be considered “independent” for purposes of these standards, the Board must affirmatively determine that a director does not have a material relationship with Farmer Mac other than as a director of Farmer Mac. The Board broadly considers all relevant facts and circumstances in making an independence determination, including the following criteria, among others, in determining whether a director lacks a material relationship and therefore is “independent”:

- (a) the director is not and has not been employed by the Corporation within the past three years;
- (b) the director has not received more than \$120,000 per year in direct compensation from the Corporation, other than director and committee fees, within the past three years;
- (c) the director is not and has not been for the past three years a significant advisor or consultant to the Corporation, and is not affiliated with a company or a firm that is (revenue of the greater of 2% of the other company’s consolidated gross revenues or \$1 million is considered significant);
- (d) the director is not and has not been for the past three years a significant customer or supplier of the Corporation nor affiliated with a company or firm that is (revenue of the greater of 2% of the other company’s consolidated gross revenues or \$1 million is considered significant);
- (e) the director is not and has not been for the past three years employed by or affiliated with an internal or external auditor of the company that provided services to the Corporation within the past three years;
- (f) the director is not and has not been for the past three years employed by another company where any of the Corporation’s present executives serve on that company’s compensation committee;
- (g) the director is not a spouse, parent, sibling, child, mother- or father-in-law, son- or daughter-in-law or brother- or sister-in-law or any person (other than household employees) who shares a residence with any person described by (a) through (f);
- (h) the director is not and has not been for the past three years affiliated with a tax-exempt entity that received significant contributions from the Corporation (revenue of the greater of 2% of the entity’s consolidated gross revenues or \$1 million is considered significant); and
- (i) the director does not have any other relationships with the Corporation or the members of management of the Corporation or other activities that the Board has determined to be material not described in (a) through (h), including the following:
 - i. the director is not a candidate for federal political office;
 - ii. the director is not an employee of an entity that does any business with Farmer Mac; and
 - iii. the director is not an employee of an entity that holds more than 5% of any class of Farmer Mac Voting Common Stock.

The criteria, which are included in Farmer Mac’s Corporate Governance Guidelines available on the Corporation’s website, www.farmermac.com, in the “Corporate Governance” portion of the “Investors” section, meet or exceed all requirements for director independence contained in SEC and NYSE rules.

In April 2012, the Board considered all direct and indirect transactions and relationships between each director (either directly or as a partner, stockholder, officer or director of an entity that has a business relationship with Farmer Mac) and the Corporation and its management to determine whether any such transactions or relationships were inconsistent with a determination that the director is independent. As a result of its review, the Board affirmatively determined that each of the following current directors meets the criteria for director independence set forth above and, therefore, is independent: Dennis L. Brack, Chester J. Culver, Richard H. Davidson, James R. Engebretsen, Sara L. Faivre-Davis, Mitchell A. Johnson, Lowell L. Junkins, Clark B. Maxwell, John Dan Raines, Bruce J. Sherrick, and Myles J. Watts. During the same review, the Board determined that Dennis A. Everson and Ernest M. Hodges were not deemed to be “independent directors” because they are employed by entities that do business with Farmer Mac and Brian J. O’Keane was not deemed to be an “independent director” because he is employed by an entity that holds more than 5% of Farmer Mac’s Class B Voting Common Stock.

In determining that each of the current directors other than Messrs. Everson, Hodges, and O’Keane is independent of Farmer Mac, the Board considered that because financial institutions are required to own Voting Common Stock to participate in Farmer Mac’s programs, transactions often occur in the ordinary course of business between the Corporation and companies or other entities at which some of Farmer Mac’s directors are or have been officers or directors. In particular, with respect to each of the most recent three completed fiscal years, the Board evaluated for each of Messrs. Brack and Raines all transactions between Farmer Mac and the company where he serves as a director. Those transactions included sales of qualified loans and USDA-guaranteed portions and guarantee and long-term standby purchase commitment transactions as well as the annual amount of guarantee and commitment fees paid to Farmer Mac by that company and any servicing or other fees received by that company from Farmer Mac. In each case, the transactions had terms and conditions comparable to those applicable to entities unaffiliated with Farmer Mac, and the amount paid to or received from each of these companies in each of the last three years did not exceed the 2% of total revenue threshold in the director independence criteria used to determine whether an entity affiliated with a director is a significant customer of the Corporation. The Board determined that none of these relationships it considered impaired the independence of the named individuals. For additional information about transactions between Farmer Mac and entities affiliated with directors, see “Management’s Discussion and Analysis of Financial Condition and Results of Operations Results of Operations Related Party Transactions” and Note 3 in Farmer Mac’s Annual Report on Form 10-K for the year ended December 31, 2011.

With respect to the three nominees who currently are not directors, in April 2012, the Board considered all direct and indirect transactions and relationships between each nominee (either directly or as a partner, stockholder, officer or director of an entity that has a business relationship with Farmer Mac) and the Corporation and its management to determine whether any such transactions or relationships were inconsistent with a determination that the nominee is independent. As a result of its review, the Board affirmatively determined that each of Messrs. Hill, McElroy and Wilhelm meets the criteria for director independence set forth above and, therefore, is independent.

Report of the Audit Committee

The following report of the Audit Committee shall not be deemed to be “soliciting material,” or to be “filed” with the SEC, and will not be deemed to be incorporated by reference into any filing by the Corporation under the Securities Act of 1933, as amended (the “Securities Act”), or the Securities Exchange Act of 1934, as amended (the “Exchange Act”), except to the extent that the Corporation specifically requests that such information be treated as soliciting material or specifically incorporates the report by reference into a document.

The Audit Committee reviewed and recommended reaffirmation of the Audit Committee Charter, which reaffirmation was approved by the full Board on February 2, 2012. The complete text of the charter, which reflects standards set forth in SEC regulations and NYSE listing standards, is available on the Corporation's website, www.farmermac.com, in the "Corporate Governance" portion of the "Investors" section. A print copy of the Audit Committee Charter is available free of charge upon written request to Corporate Secretary, Federal Agricultural Mortgage Corporation, 1999 K Street, N.W., Fourth Floor, Washington, D.C. 20006. The Audit Committee and the Board reviews and approves changes to the Audit Committee Charter annually. The Board of Directors has determined that: (1) all the directors who serve on the Audit Committee are "independent," as defined in Farmer Mac's Corporate Governance Guidelines, SEC rules and NYSE listing standards; and Clark Maxwell, a member of the Audit Committee since June 6, 2008, is an "audit committee financial expert," as defined in SEC rules. However, Mr. Maxwell is not an auditor or accountant for Farmer Mac, does not perform field work and is not an employee of Farmer Mac. In accordance with the SEC's safe harbor relating to audit committee financial experts, a person designated or identified as an audit committee financial expert will not be deemed to be an "expert" for purposes of the federal securities laws. In addition, such designation or identification does not impose on such person any duties, obligations or liabilities that are greater than those imposed on such person as a member of the Audit Committee and Board of Directors in the absence of such designation or identification, and does not affect the duties, obligations or liabilities of any other member of the Audit Committee or Board of Directors.

Audit Committee Report for the Year Ended December 31, 2011

To Our Stockholders:

Management is primarily responsible for establishing and maintaining the financial public reporting process, including the system of internal accounting controls, and for the preparation of Farmer Mac's consolidated financial statements in accordance with accounting principles generally accepted in the United States. The Audit Committee, on behalf of the Board, monitors Farmer Mac's financial reporting processes and systems of internal accounting control, the independence and performance of the independent auditors and the performance of the internal audit function. The Corporation's independent auditors are responsible for auditing those consolidated financial statements and expressing an opinion as to their conformity with generally accepted accounting principles and on management's assessment of the effectiveness of the Corporation's internal control over financial reporting. In addition, the independent auditors will express their own opinion on the effectiveness of Farmer Mac's internal control over financial reporting.

Management has represented to the Audit Committee that Farmer Mac's audited consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee reviewed and discussed Farmer Mac's audited consolidated financial statements with both management and the Corporation's independent auditors prior to their issuance. The Audit Committee has discussed with the independent auditors their evaluation of the accounting principles, practices and judgments applied by management, and the Audit Committee has discussed any items required to be communicated to it by the independent auditors pursuant to rules and regulations promulgated by the Securities and Exchange Commission and the Public Company Accounting Oversight Board and the standards established by the American Institute of Certified Public Accountants, including

matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication With Audit Committees).

With respect to the Corporation's independent auditors, the Audit Committee, among other things, received from PricewaterhouseCoopers LLP the written disclosures as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Corporation and its management. The Audit Committee has reviewed and pre-approved the audit fees of the independent auditors. It also has approved non-audit services and reviewed fees for such services to assure compliance with applicable provisions of the Exchange Act, and applicable rules and regulations to assure compliance with the auditor independence requirements that prohibit independent auditors from performing specified services that might impair their independence as well as compliance with Farmer Mac's and the Audit Committee's policies.

The Audit Committee discussed with Farmer Mac’s independent auditors the overall scope of and plans for its audit. Finally, the Audit Committee continued to monitor the scope and adequacy of the Corporation’s internal auditing program, including proposals for adequate staffing and to strengthen internal procedures and controls where appropriate.

In reliance upon these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Board approve the inclusion of the Corporation’s audited consolidated financial statements in the Corporation’s Annual Report on Form 10-K for the fiscal year ended December 31, 2011 for filing with the Securities and Exchange Commission, as filed on March 15, 2012.

From 1970 to 1987, he was an attorney and branch chief in the Office of General Counsel, United States Department of Agriculture.

Executive Compensation Governance

The Compensation Committee determines, subject to ratification by the Board of Directors in the case of the chief executive officer and directors, the salaries, incentive plans and other compensation of Farmer Mac’s directors and executive officers. The members of the Compensation Committee who determined the 2011 compensation of Farmer Mac’s directors and executive officers are Messrs. Davidson, Johnson, Junkins, Klippenstein and Brack (Chairman). Gov. Culver replaced Mr. Klippenstein as a member of the Compensation Committee effective April 5, 2012. No member of Farmer Mac’s Compensation Committee is or has been an officer or employee of the Corporation. As described in more detail in “Director Independence,” the Board has determined that all members of the Compensation Committee are “independent,” as defined in Farmer Mac’s Corporate Governance Guidelines and NYSE listing standards.

The Compensation Committee reviewed and recommended reaffirmation of the Compensation Committee Charter, which reaffirmation was approved by the full Board on October 6, 2011. The complete text of the charter as amended, which reflects standards set forth in SEC and NYSE rules, is available on the Corporation’s website, www.farmermac.com, in the “Corporate Governance” portion of the “Investors” section. A print copy of the Compensation Committee Charter is available free of charge upon written request to Corporate Secretary, Federal Agricultural Mortgage Corporation, 1999 K Street, N.W., Fourth Floor, Washington, D.C. 20006.

The Compensation Committee makes recommendations to the Board of Directors as to the actual levels of compensation to be awarded to the chief executive officer and the directors. The compensation of all other named executive officers is determined by the Committee after consultation with the chief executive officer and is based upon an evaluation of current market compensation levels for comparable positions and an assessment of the officer's performance during the business plan year based on discussions with the chief executive officer. Neither the chief executive officer nor any other named executive officer is present during deliberations on his compensation by the Committee or the Board. The Compensation Committee does not delegate any of its authority to other persons.

During 2011, the Compensation Committee engaged Mercer (US) Inc. ("Mercer") as its independent compensation consultant. Mercer was accountable to and reported directly to the Compensation Committee. The Compensation Committee asked Mercer to provide (1) market data on executive and director compensation and (2) information regarding compensation trends. The Compensation Committee met with Mercer during the year, both in general committee session and in executive session without management present, and the Chairman of the Compensation Committee held discussions with Mercer with the consent of the other Compensation Committee members. For 2011, the Corporation paid an aggregate of \$142,924 to Mercer for these consulting services.

In 2011, Mercer provided no services to Farmer Mac other than the executive and director compensation advisory services it provided to the Compensation Committee. Pursuant to its compensation consultant independence policy, the Compensation Committee will consider and pre-approve, as appropriate, any additional services provided by the Compensation Committee's consultant to the Corporation.

The Compensation Committee has engaged Mercer as its independent compensation consultant through June 30, 2012.

— Compensation Discussion and Analysis

General Compensation Goals and Pay Elements

The Board of Directors, through its Compensation Committee (the "Committee"), has adopted a total compensation philosophy for Farmer Mac. Farmer Mac's total compensation philosophy is designed to maintain a total compensation program that will:

- Attract, retain and reward employees with the skills required to accomplish Farmer Mac's business objectives;
- Provide accountability and incentives for achievement of those objectives;

- Link compensation to corporate performance and increased stockholder value;
- Properly balance Farmer Mac's risk profile with both annual and long-term incentives;
- Be designed within a consistent philosophy and framework; and
- Be integrated with Farmer Mac's business processes, including business planning, performance management and succession planning.

The total compensation philosophy seeks to achieve the appropriate balance among market-based salaries, variable incentive compensation and benefits collectively designed to incent and reward both the current and long-term achievement of our business objectives and thereby enhance long-term stockholder value. It also seeks to incentivize prudent risk-taking within Board-established parameters with the proper balance between short- and long-term business performance. For our named executive officers, Farmer Mac strives to deliver a significant portion of total compensation through both short- and long-term incentives varying with actual business and personal performance. The Board of Directors believes this philosophy fosters a performance-oriented, results-based culture where compensation varies based on the business results achieved and is properly aligned with an acceptable risk profile and stockholder returns.

Peer Groups, Market Posture and Compensation Philosophy

Farmer Mac was created by Congress to establish a secondary market for agricultural and rural housing mortgages and rural utilities loans that would increase the availability of credit for agricultural producers and rural utilities, provide greater liquidity and lending capacity for agricultural and rural lenders and facilitate intermediate- and long-term agricultural and rural funding across business cycles.

Given Farmer Mac’s unique situation as a government-sponsored enterprise that is regulated by the Farm Credit Administration, yet is also a publicly traded financial services institution, it is difficult to identify “peer” companies for comparison purposes. However, the Committee worked with Mercer to identify a blend of comparably sized publicly-traded financial service institutions and mission-focused cooperative financial institutions whose business and risk profile is closely aligned with the Corporation’s. The result is a peer group that includes regional banks, Farm Credit System institutions, and other financially oriented cooperatives. For 2011, the peer group used for determining the competitive market consisted of:

- CoBank, ACB
- Farm Credit Bank of Texas
- Flagstar Bancorp, Inc.
- Iberiabank Corporation
- Investors Bancorp, Inc.
- MGIC Investment Corporation
- National Rural Utilities Cooperative Finance Corporation
- Peoples’ United Financial, Inc.
- PMI Group, Inc.
- Provident Financial Services, Inc.
- Radian Group Inc
- United Bankshares, Inc.
- Webster Financial Corporation

In addition to the above peers, the Committee reviewed compensation at organizations that it deemed to be illustrative of potential sources for talent in the future. These organizations may not have met the criteria to be considered peers and were not used to determine the competitive market for Farmer Mac executives. Instead, these organizations were studied to enable the Committee to understand the competitive position of the Farmer Mac compensation programs relative to the illustrative organizations. The organizations that were included in this analysis were:

AgFirst Farm Credit Bank
AgriBank, FCB
Federal Farm Credit Banks Funding Corporation

Federal Home Loan Banks of:

- o Atlanta
- o Boston
- o Chicago
- o Cincinnati
- o Dallas
- o Des Moines
- o Indianapolis
- o New York
- o Pittsburgh
- o San Francisco
- o Seattle
- o Topeka

Federal Home Loan Bank Office of Finance, Washington, D.C.
U.S. AgBank, FCB

Mercer completed a market-based total compensation analysis by collecting survey market data for each executive using published survey data. The survey analysis was supplemental to the peer group analysis and provided a broader industry perspective on compensation. Data was collected from:

Mercer: 2010 U.S. Global Premium Executive Remuneration Suite
Watson Wyatt Data Services: 2010/2011 Industry Report on Top Management Compensation

The Committee's total compensation philosophy is to position target compensation consistent with the market median (50th percentile) of its peers, with an opportunity for greater compensation if merited by performance, expertise, experience and/or tenure. The Committee believes that market data provides a reference and framework for decisions about the appropriate form and level of compensation to be provided to each named executive officer. However, due to variability and the inexact science of matching and pricing executive jobs, the Committee believes that market data should be interpreted within the context of other important factors and should not solely be used to dictate a specific pay level for an executive. In setting the target pay level of our named executive officers, market data is reviewed along with a variety of other factors, including individual performance, competencies, skills, future potential, prior experience, scope of responsibility and accountability within the organization.

For each named executive officer other than the chief executive officer, the Committee considered recommendations of the chief executive officer in addition to the above-described factors.

The targets under the annual incentive plan are established each year and seek to balance program and earnings growth and prudent risk management objectives. For both 2011 and 2012, the Committee established four targets to quantify these measures:

Net Program Volume growth over prior year;
Increase in Earnings over prior year;
Adversely Classified Assets as a percentage of regulatory capital; and
Net Charge-offs.

In addition, the Committee has included a discretionary Leadership and Strategic Performance target for each named executive officer.

For purposes of determining whether these goals are met, the Committee defines:

- Net Program Volume as the aggregate amount of Farmer Mac's on- and off-balance sheet program assets;
- Earnings as Core Earnings excluding the after-tax effects of provisions for loan losses, gains or losses on fair value or sale of real estate owned ("REO");
- Adversely Classified Assets as "substandard assets" as reported in the Annual Report on Form 10-K at December 31, but excluding REO property; and
- Net Charge-offs as net charge-offs against the allowance for losses and losses on REO.

Achievement against each of these goals is measured at year-end. Each goal is weighted based on the expectations of the Committee and thresholds are established within each goal to determine the actual levels of attainment necessary for payout. While it is always a challenge to narrow down the results to a small number of measures, these measures were chosen because they most closely represent the business goals established by the Board and management for each year and balancing the need for mission growth, earnings and disciplined underwriting with enhancement of stockholder value.

For the long-term incentives, grants are awarded in the form of both stock appreciation rights, or SARs, and performance-vested restricted stock, with the value of each grant of restricted stock being equal to approximately 35 percent of the total equity grant and the value of each grant of SARs being equal to approximately 65 percent of the total equity grant. The Committee firmly believes that the grants of SARs link the executives' long-term incentive compensation to the interests of Farmer Mac's stockholders. SARs only have realizable value to the extent that the stockholders have received an increase in value over the period that the SARs are outstanding. The SARs vest ratably in installments over three years. The restricted stock grants have been linked to Farmer Mac's performance so that they only vest at the end of approximately three years if certain long-term performance targets are achieved. The performance targets were developed with an eye toward balancing the need for growth with the need to manage risk. Said another way, the performance vesting targets were established to reward responsible growth. The vesting targets established for the 2011 grants of restricted stock are:

With respect to 50% of the restricted stock grant, an annual compounded growth rate of 5% in outstanding guarantees, loans and commitments from the period starting on January 1, 2011 until December 31, 2013, measured at those two dates; and

With respect to 50% of the restricted stock grant:

An annual rate of net charge-offs to the average balance of outstanding guarantees, loans and commitments equal to or less than 20 basis points for the period from January 1, 2011 to December 31, 2013, measured at those two dates; and

The average percentage of total non-performing assets (exclusive of delinquencies of not more than 90 days) to guarantees, loans and commitments of not greater than 2.5% from January 1, 2011 to December 31, 2013.

Total Compensation Elements

The total compensation package for named executive officers consists of the following elements, provided with a view to offering a balanced compensation package:

- base salary;
- annual cash incentive compensation;
- long-term equity incentive compensation; and

retirement and other benefits, most of which are similarly provided to all other full-time employees.

Base Salary. Base salary is paid to provide current and prospective executives with a predictable core amount of annual compensation, regardless of Farmer Mac's financial results, so long as they perform their duties in a competent, professional manner. This pay element is set at a level that, by itself, would provide executives with a level of financial security commensurate with the competitive market, but not at a level expected to be adequate alone to retain executives or motivate outstanding performance. The Committee strives to balance a moderate base salary with the opportunity for the executives to realize value in the form of annual and long-term incentive compensation.

Base salary is reviewed annually by the Committee each February, at the end of the calendar business plan year, as well as at the time of executive promotions or other changes in responsibilities. For both 2011 and 2012, the Committee recommended to the Board the annual base salary for the chief executive officer and determined the annual base salaries for the other named executive officers based on an evaluation of each executive's performance, experience, level of responsibilities, level of base salary and peer group market data provided by the Committee's consultant (Mercer). Increases in salary normally take effect on January 1, and did so in 2011 and 2012. The percentage increases for each of the named executive officers was approximately 3.1 percent for 2011 and 2.8 percent for 2012.

Annual Cash Incentive Compensation. Annual cash incentive compensation is provided as a means of motivating and rewarding performance by an executive. This performance is measured by comparing the Corporation's results against specified short-term goals established by the Committee and the Board related to earnings, business volume, and asset quality, as well as each named executive officer's leadership and strategic performance. Importantly, as described more thoroughly below, before any annual cash incentive compensation can be paid, the Corporation must achieve certain pre-set financial and business thresholds.

For 2011, each named executive officer, each of whom performed satisfactorily in the judgment of the Committee, earned the percentages of the components of his annual targeted cash incentive compensation, based on the table below. For 2011, Farmer Mac reached or exceeded the targets set forth in the maximum column for "Earnings," and "Net Charge-offs," and the target column for Adversely Classified Assets/Regulatory Capital" and did not reach the threshold column for "Net Program Volume." With respect to the Leadership and Strategic Performance component, the Committee reviewed the 2011 accomplishments of the Corporation and qualitatively judged, in its discretion, the achievements toward the strategic initiatives of Farmer Mac by each of the named executive officers and the named executive officers as a group. When combined, the level of incentive achieved for the named executive officers in 2011 ranged from 127.4% to 134.9%. Annual incentive compensation payments with respect to 2011 were paid in April 2012.

For 2011, each individual earned the percentages of the components of his targeted incentive compensation, determined formulaically pursuant to the following table:

Measure	Weight	Threshold (Pays 50%)	Target (Pays 100%)	Maximum (Pays 200%)	Result
Earnings	30%	\$31.1 million	\$32.5 million	\$34.0 million	\$41.3 million
Net Program Volume	30%	\$12.8 billion	\$13.4 billion	\$14.0 billion	Paid 60% \$11.9 billion
Adversely Classified Assets/Regulatory Capital	15%	100%	60%	40%	Paid 0% 40.1%
Net Charge-offs	15%	0.12%	0.08%	0.05%	Paid 29.93% 0.0%
Leadership and Strategic Performance	10%	\$14.7 million	\$9.8 million	\$6.1 million	\$200,000 Paid 30% Paid 7.5% – 15%
Total	100%				Paid 127.4% – 134.9%

For 2011, no annual incentive compensation would have been paid unless all three of the following conditions had been met:

- Farmer Mac had positive core earnings of at least \$5.0 million after the allowance for losses and preferred stock dividends;
- Farmer Mac was in compliance with the risk-based capital standards and with its 2011 Capital Adequacy Plan; and
- Farmer Mac was not the subject of any regulatory enforcement action.

In 2011, performance between any two of the target points was interpolated on a straight-line basis. The Board retains discretion to award no annual cash incentive pay in appropriate circumstances regardless of the achievement against corporate performance targets.

For 2012, each individual will earn percentages of the components of his targeted bonus, determined formulaically pursuant to the following table:

Measure	Weight	Threshold (Pays 50%) 5% increase	Target (Pays 100%) 10% increase	Maximum (Pays 200%) 15% increase
Earnings	30%	over 2011	over 2011	over 2011
Net Program Volume	30%	5% increase over 2011	10% increase over 2011	15% increase over 2011
Adversely Classified Assets/Regulatory Capital	15%	100%	60%	40%
Net Charge-offs	15%	0.12%	0.08%	0.05%
Leadership and Strategic Performance	10%			
Total	100%			

For 2012, no annual incentive compensation will be paid unless all three of the following criteria are met:

Farmer Mac has positive core earnings of at least \$5 million after the allowance for losses and preferred stock dividends;

Farmer Mac is in compliance with the provisions of its 2012 Capital Adequacy Plan; and

There is no regulatory enforcement action taken against Farmer Mac.

Long-Term Incentive Compensation. In 2011, long-term incentive compensation consisted of SARs, with an exercise price equal to the fair market value of the Corporation's Class C Non-Voting Common Stock on the date of grant, and performance-based restricted stock grants. This mix of equity compensation is designed to reward performance and properly align the interests of executive officers with the long-term interests of stockholders. At-the-market grants also serve to retain executives over the longer term. The Committee considers the annual value of all components of the total compensation package, base salary, annual incentive cash compensation, long-term incentive pay, and retirement benefits and perquisites when determining the form and level of long-term equity grants. While there is no formula for allocation, the long-term incentive grants are considered as part of the overall package. When considering the competitive market the Committee looks at the annual value of long-term grants. The annual values granted reflect the intended compensation for that year so prior grants are considered only to the extent that there is a concern with maintaining market competitiveness. In addition, the Committee is keenly aware of the need to discourage excessive risk taking by its executives while rewarding growth in stockholder value and believes that the Corporation's current programs strike an appropriate balance.

In 2011, SARs awards to officers were made at the first Board meeting held after the filing of Farmer Mac's Annual Report on Form 10-K for 2010, and the exercise price is the closing price on the date of award. The restricted stock grants to officers were also made at that Board meeting. In setting 2011 equity awards, the Committee determined a number of shares that was competitive and reasonable when compared to the market as well as Farmer Mac's philosophical approach to compensation. In determining the equity awards for the named executive officers other than the chief executive officer, the Committee set grant levels by establishing the value of the awards taking into consideration the peer group, with reference to prior years' award levels. For the chief executive officer, the Committee determined the size of the equity grants by establishing the value of the award taking into consideration the peer group as discussed above. Additionally, consistent with the total compensation philosophy, a significant portion of the named executive officers' total compensation is variable (or at risk) in nature. The restricted stock granted to officers in 2011 vests on March 31, 2014, subject to Farmer Mac's successful attainment of the performance targets identified on page 23. The SARs vest ratably in installments over three years.

Retirement Plans. Farmer Mac provides retirement benefits for all employees through a Money Purchase Plan, pursuant to which the Corporation annually contributes 13.2% of each employee's base compensation up to the Social Security wage base (which in 2011 was \$106,800), and 18.9% of each employee's base compensation above the Social Security wage base, up to the compensation limit set by the Internal Revenue Service, which in 2011 was \$245,000. Farmer Mac also offers a 401(k) Plan pursuant to which employees may make retirement contributions. The Corporation makes no contributions to the 401(k) Plan. Farmer Mac does not maintain any supplemental retirement plan for executives.

Other Benefits. The Corporation contractually provides a term life insurance policy with a face amount approximately equal to one year's base compensation for each of the named executive officers, as well as long-term disability insurance. The named executive officers also participate in Farmer Mac's other benefit plans on the same terms as other employees. These plans include medical and dental insurance and a \$50,000 group term life insurance policy.

Payments in Connection with a Change-in-Control

Farmer Mac's statutory charter is written in a way that substantially precludes any change-in-control through voting rights associated with its Class A and B voting common stock. Accordingly, no provision is made for payments to named executive officers in connection with any change-in-control.

Post-Employment Compensation

Messrs. Gerber, Buzby, and Stenson have employment agreements that provide for severance payments in the event the contracts are terminated by Farmer Mac other than for cause. These termination provisions are described in

“— Compensation of Executive Officers — Employment Agreements with Executive Officers.” These provisions are included in the contracts because they are typically included in similar agreements among peers and are beneficial retention provisions.

Impact of Accounting and Tax Treatment on Compensation Awards

Section 162(m) of the Internal Revenue Code of 1986, as amended, places a limit of \$1 million on the amount of compensation that the Corporation may deduct in any one year with respect to each of its five most highly paid executive officers. There is an exception to the limitation for “performance-based compensation” meeting certain requirements. There was no Section 162(m) impact on payments to any named executive officer made in respect of the 2011 tax year.

Farmer Mac has not historically taken into consideration the impact of the accounting treatment of compensation to named executive officers in determining their compensation. Farmer Mac’s compensation program does, however, discount the impact of accounting guidance related to share-based payments in the determination of income for compensation purposes.

Farmer Mac's Policies on Stock Ownership and Trading

Farmer Mac has no policies that require a particular level of stock ownership by named executive officers. Farmer Mac has a policy on insider trading by all directors and employees, including named executive officers, that requires compliance with securities laws and Farmer Mac policies on insider trading (including "windows" for sale of stock and the adoption of Rule 10b5-1 plans) and prohibits trading in options on Farmer Mac securities. Those policies prohibit any director or employee from any hedging activity in Farmer Mac securities.

Policies in the Event of a Restatement

The Committee intends to adopt of a formal "clawback" policy once regulations are issued pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act. Any cash or equity incentive compensation made with respect to 2011 and thereafter will be subject to the "clawback" policy adopted by the Committee.

Risk

Farmer Mac has considered the extent to which its compensation policies and practices influence the behaviors of our executives and other employees with respect to taking business risks that could affect the Corporation. We believe that our compensation policies and practices are not reasonably likely to have a material adverse effect on the Corporation, either individually or in the aggregate.

Compensation Consultant Fees

During 2011, the Committee engaged Mercer as its independent compensation consultant. Mercer was accountable to and reported directly to the Compensation Committee. For 2011, the Corporation paid an aggregate of \$142,924 to Mercer for these consulting services. In 2011, Mercer provided no services to Farmer Mac other than the executive and director compensation advisory services it provided to the Compensation Committee. The Committee has engaged Mercer as its independent compensation consultant through June 30, 2012.

— Compensation Committee Report

Notwithstanding anything to the contrary set forth in any of Farmer Mac’s documents with respect to the offer or sale of securities (“Offering Circulars”) or any previous corporate filings under the Securities Act or the Exchange Act, the Compensation Committee Report on Executive Compensation will not be deemed to be incorporated by reference into any Offering Circular or any filing under the Securities Act or the Exchange Act, except to the extent Farmer Mac specifically incorporates such information by reference, and will not otherwise be deemed to have been or to be filed under such Acts.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis contained herein with management, and, based on that review and discussion, has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and in the Annual Report.

Richard H. Davidson Mitchell A. Johnson
Lowell L. Junkins Glen O. Klippenstein

— Compensation Committee Interlocks and Insider Participation

Currently, Directors Brack, Davidson, Johnson, Junkins, and Sherrick comprise Farmer Mac’s Compensation Committee. None of these directors is, or has been, a Farmer Mac officer or employee, and none had any relationship requiring disclosure by Farmer Mac as a “related person transaction” under SEC rules. None of Farmer Mac’s executive officers serves, or has served, as a member of the Board or the Compensation Committee or as a director of another SEC-reporting entity, except for Michael Gerber. Mr. Gerber, who was member of the Board from June 7, 2007 through February 28, 2009, was Acting President and Chief Executive Officer of the Corporation from September 30, 2008 through February 28, 2009 and since then has been President and Chief Executive Officer.

¹ Represents the aggregate grant date fair value of the 2011 restricted stock awards computed in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures. Assumptions made in the calculation of these amounts are included in Note 9 to the financial statements on page 144 of Farmer Mac's Annual Report on Form 10-K for the year ended December 31, 2011. The grant date value of the restricted stock assumes 100 percent as the probable outcome of the performance metrics over the three-year performance period. The grant date fair value for each share of the restricted stock awarded in 2011, 2010 and 2009 was \$18.77, \$12.20 and \$5.93, respectively, which in each case was the price of the stock on the date granted.

² Represents the aggregate grant date fair value of the SARs awarded in 2011 computed in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures. Assumptions made in the calculation of these amounts are included in Note 9 to the financial statements on page 144 of Farmer Mac's Annual Report on Form 10-K for the year ended December 31, 2011.

³ Amounts in this column were paid in 2012 with respect to amounts earned in 2011 and 2011 with respect to amounts earned in 2010.

⁴ Annual cash incentive awards earned for the Business Plan Year ending on December 31, 2011 were paid on April 16, 2012 as described in the Compensation Discussion and Analysis on page 25. For 2009, amounts in this column are comprised of incentive compensation paid in 2009 with respect to amounts earned in the Business Plan Year July 1, 2008-June 30, 2009 and paid in 2010 with respect to the second half of 2009 in the following amounts: Mr. Gerber, \$166,667 with respect to amounts earned in 2008-09, \$273,544 with respect to the second half of 2009, and \$208,333 while Acting President and Chief Executive Officer; Mr. Stenson, \$156,736 with respect to 2008-09, \$124,456 with

respect to the second half of 2009; Mr. Buzby, \$91,732 with respect to 2008-09, \$81,163 with respect to the second half of 2009; and Mr. Oslick, \$68,101 with respect to 2008-09, \$70,373 with respect to the second half of 2009.

⁵ Includes contributions to the Corporation's defined contribution pension plan in the amount of \$40,217 for each of 2009, 2010 and 2011 on behalf of Messrs. Gerber, Buzby, Stenson and Oslick; health insurance costs on behalf of Mr. Gerber of \$41,381 in 2011, \$38,047 in 2010 and \$14,466 in 2009, on behalf of Mr. Buzby of \$41,381 in 2011, \$38,047 in 2010 and \$34,232 in 2009, and on behalf of each of Messrs. Oslick and Stenson, \$28,159 in 2011, \$25,917 in 2010 and \$23,204 in 2009; as well as disability and life insurance premium payments paid on behalf of each of the named executive officers. See "Employment Agreements." For Mr. Gerber, Farmer Mac paid for temporary living expenses in the District of Columbia through May 2009.

⁶ In January and February 2009, Farmer Mac reimbursed Mr. Gerber's employer, Farm Credit of Western New York, ACA, for the full amount he was paid in his permanent position, including salary, short-term incentive compensation, medical, disability and life insurance and automobile allowance.

⁷ Includes relocation allowance of \$75,000 and payments of \$293,647 upon execution of Mr. Gerber's contract.

⁸ Mr. Buzby was Vice President – Controller and Acting Treasurer until April 2, 2009 when he was appointed Vice President – Chief Financial Officer (Mr. Buzby was also appointed Treasurer on October 8, 2009). Messrs. Buzby and Oslick were appointed Senior Vice Presidents on June 3, 2010.

Grants of Plan-Based Awards Table

The table below provides, as to each of the named executive officers, additional information regarding 2011 grants of restricted stock and SARs under Farmer Mac's 2008 Omnibus Incentive Plan and the potential range of awards that were approved in 2011 under annual incentive compensation. These awards are further described in the Summary Compensation Table above in this Compensation Discussion and Analysis.

¹ These columns show the range of potential payouts under the annual incentive compensation plan. The performance period covers January 1, 2011 through December 31, 2011. For actual performance between threshold, target, and maximum, the annual incentive award earned is prorated.

² Represents the potential payout range of restricted stock granted in 2011. With respect to 50% of the restricted stock grant, vesting is contingent on the Corporation attaining an annual compounded growth rate of 5% in outstanding guarantees, loans and commitments from the period starting on January 1, 2011 until December 31, 2013, measured at those two dates. With respect to the remaining 50% of the restricted stock grant vesting is contingent on the Corporation attaining:

(A) an annual rate of net charge-offs to the average balance of outstanding guarantees, loans and commitments equal to or less than 20 basis points for the period from January 1, 2011 to December 31, 2013, measured at those two dates; and

(B) the average percentage of total non-performing assets (exclusive of delinquencies of not more than 90 days) to guarantees, loans and commitments of not greater than 2.5% from January 1, 2011 to December 31, 2013.

Performance and payouts are determined independently for each metric and restricted stock awards are settled in shares of the Corporation's common stock at the end of the three-year performance period if the applicable metric is attained in its entirety. No partial settlements are permitted with respect to either metric.

³ Represents the number of SARs granted during 2011. These SARs vest in approximately three equal annual installments on March 31, 2012, 2013 and 2014.

⁴ The exercise price is the New York Stock Exchange closing price for a share of Class C Non-Voting Common Stock on the date of grant.

⁵ Amounts shown represent the grant date fair value of the equity award granted to the named executive officers in 2011 calculated in accordance with FASB ASC Topic 718. The values in this column exclude the effect of estimated forfeitures. For restricted stock, fair value is the market value of the underlying stock on the grant date (which is the same price as the exercise price for SARs). For SARs, the fair value at grant date has been estimated using the Black-Scholes option pricing model with the following assumptions: a dividend yield of 1.04%; an expected volatility of 97.82%; a risk-free interest rate of 2.63%; and an expected life of six years, resulting in a value of approximately \$13.7542 per share. See Note 9 to the financial statements on page 144 of Farmer Mac's Annual Report on Form 10-K for the year ended December 31, 2011.

⁶ For the non-equity incentive plan awards, the grant date is the date the Compensation Committee approved the range of the estimated potential future payouts for the performance periods noted under footnote (2) above. For equity awards, the grant date is the date of the regularly scheduled Board meeting occurring after the Compensation Committee approved the grant.

¹ Calculated based on a price of \$18.02 per share, which was the New York Stock Exchange closing price for the Class C Non-Voting Common Stock on the last trading day of 2011.

² For the restricted stock vesting in 2012: (i) with respect to 50% of the restricted stock grant, vesting is contingent on the Corporation attaining an annual compounded growth rate of 5% in outstanding guarantees, loans and commitments from the period starting on May 1, 2009 until December 31, 2011, measured at those two dates; and (ii) with respect to 50% of the restricted stock grant vesting is contingent upon the Corporation attaining

(A) an annual rate of net charge-offs to the average balance of outstanding guarantees, loans and commitments equal to or less than 20 basis points for the period from May 1, 2009 to December 31, 2011, measured at those two dates; and

(B) the average percentage of total non-performing assets (exclusive of delinquencies of not more than 90 days) to guarantees, loans and commitments of not greater than 2.5% from May 1, 2009 to December 31, 2011.

The above performance goals were all met and the restricted stock vesting in 2012 vested on March 31, 2012.

For the restricted stock vesting in 2013: (i) with respect to 50% of the restricted stock grant, vesting is contingent on the Corporation attaining an annual compounded growth rate of 5% in outstanding guarantees, loans and commitments from the period starting on January 1, 2010 until December 31, 2012, measured at those two dates; and (ii) with respect to 50% of the restricted stock grant vesting is contingent on the Corporation attaining

(A) an annual rate of net charge-offs to the average balance of outstanding guarantees, loans and commitments equal to or less than 20 basis points for the period from January 1, 2010 to December 31, 2012, measured at those two dates; and

(B) the average percentage of total non-performing assets (exclusive of delinquencies of not more than 90 days) to guarantees, loans and commitments of not greater than 2.5% from January 1, 2010 to December 31, 2012.

For the restricted stock vesting in 2014: (i) with respect to 50% of the restricted stock grant, vesting is contingent on the Corporation attaining an annual compounded growth rate of 5% in outstanding guarantees, loans and commitments from the period starting on January 1, 2011 until December 31, 2013, measured at those two dates; and (ii) with respect to 50% of the restricted stock grant vesting is contingent on the Corporation attaining

Employment Agreements with Executive Officers

The Corporation has entered into employment agreements (each an “Agreement,” collectively, the “Agreements”) with each of the named executive officers of Farmer Mac other than Mr. Oslick (for purposes of this section, the “officers”), in order to provide them with a reasonable level of job security, while limiting the Corporation’s ultimate financial exposure on their departure from Farmer Mac. Significant terms of the Agreements address each officer’s scope of authority and employment, base salary and incentive compensation, benefits, conditions of employment, termination of employment and the term of employment. The Agreements with Messrs. Buzby and Stenson expire on July 1, 2012. The Agreement with Mr. Gerber expires on January 1, 2013.

Under the Agreements, the officers are entitled to a base salary and discretionary incentive compensation. Base compensation for all officers is paid bi-weekly over the course of each year. The current base salaries for the three officers with Agreements are: Mr. Gerber, \$580,000; Mr. Buzby, \$365,000; and Mr. Stenson, \$407,000. Awards of incentive compensation are considered annually at the end of the calendar year and are determined and payable under the circumstances discussed above in “Compensation Discussion and Analysis.” The Agreement with Mr. Gerber provides for a target incentive payment equal to 100% of his base salary. The Agreements also contain noncompetition and nonsolicitation provisions that extend for two years following a termination of employment.

Termination Due to Disability. The Agreement with Mr. Gerber provides that upon a termination due to disability, the Corporation shall continue to pay Mr. Gerber for a period of 24 months the difference between his base salary and the amount of disability payments received by him. The Agreements with each of Messrs. Buzby and Stenson provide that upon a termination due to disability, the Corporation will, in its discretion, either (i) continue to pay the executive for a period equal to the lesser of two years and the remaining term of the Agreement, the difference between the

executive's base salary and the amount of disability payments received by the executive or (ii) pay to the executive the present value of the payments set forth in (i).

Termination Without Cause; Constructive Termination. The Agreements with each of Messrs. Buzby and Stenson provide that upon (i) a termination of employment "without cause" or (ii) a resignation upon the Corporation's breach of the Agreement that has not been cured, they will receive a lump sum severance payment equal to the executive's base salary for the then remaining term of the Agreement.

Mr. Gerber's Agreement provides that if (i) the Corporation fails to renew his Agreement for a period of one year, (ii) his employment is terminated by the Corporation other than "for cause" or (iii) he elects to resign upon the Corporation's material breach of the Agreement that has not been cured, Mr. Gerber will receive a lump sum severance payment equal to two times his base salary and target incentive bonus, which currently is 100 percent of his base salary.

Termination Upon Dissolution. If the Board of Directors adopts a resolution authorizing a dissolution of the Corporation, each executive may be terminated effective as of the later of (i) 12 months following the date notice termination is provided (18 months for Mr. Gerber) and (ii) the date that the dissolution becomes effective as a matter of law. Upon such a termination, Messrs. Buzby and Stenson will receive a lump sum severance payment equal to the executive's base salary for the then remaining term of the agreement. Mr. Gerber will not be entitled to any additional severance payment in this instance.

Termination for Cause. The Agreements may be terminated by Farmer Mac for cause, in which event the officer will be paid only accrued compensation to the date of termination.

Potential Payments upon Termination and Change in Control

The following table shows the total that would be payable to the named executive officers upon a termination without cause, a constructive termination, and, with respect to Messrs. Stenson and Buzby, a termination upon a dissolution of the Corporation occurring as of December 31, 2011.

Name	Base Salary	Incentive Compensation	Total
Michael A. Gerber	\$ 1,160,000	\$ 1,160,000	¹ \$ 2,320,000

¹ Mr. Gerber is not eligible to receive an incentive compensation payment upon his termination due to disability.

The following table shows the total that would be payable to the named executive officers upon a termination without cause due to disability occurring as of December 31, 2011.

Name	Base Salary	Incentive Compensation	Total
Michael A. Gerber	\$ 1,160,000	N/A	\$ 1,160,000

Jerome G. Oslick	N/A	N/A	N/A

None of the named executive officers are eligible to receive additional payments upon a change in control of the Corporation.

Equity Compensation Plans

The following table sets forth certain information relating to compensation plans under which equity securities are authorized to be issued as of December 31, 2010.

Plan category	Number of securities to be issued upon exercise of outstanding options or SARs or vesting of restricted stock	Weighted average exercise price of outstanding options and SARs (per share)	Number of securities remaining available for future issuance under equity compensation plans
Equity compensation plans not approved by stockholders	563,960	\$ 26.03	0
Equity compensation plans approved by stockholders	959,182	\$ 13.08	1,337,151

2008 Plan. In 2008, the Board adopted, and the voting stockholders approved, the 2008 Omnibus Incentive Plan (the “2008 Plan”), a broad-based incentive compensation plan for directors, officers and non-officer employees. Subject to adjustment, the total number of shares of common stock reserved and available for delivery pursuant to awards under the Plan will be: (1) 1,500,000 shares of common stock; plus (2) any shares subject to outstanding awards under the 1997 Plan that cease for any reason to be subject to such awards (other than by reason of exercise or settlement of the awards to the extent they are exercised for or settled in vested and nonforfeitable shares) up to an aggregate maximum of 1,000,000 shares. Under the 2008 Plan, no participant may be granted stock option awards relating to more than 300,000 shares of common stock during any calendar year, and may be granted no more than 150,000 shares each of restricted stock, performance shares, performance units or other stock-based awards. The maximum aggregate amount awarded or credited with respect to cash-based awards to any one participant in any one plan year may not exceed the value of \$2,000,000 determined as of the date of vesting or payout, as applicable.

The terms of the 2008 Plan are intended to, among other things, permit the Compensation Committee to impose performance goals with respect to any award, thereby requiring forfeiture of all or part of any award if such performance goals are not met, or linking the time or amount of exercisability, vesting, payment or settlement of an award to the achievement of performance goals. The 2008 Plan provides that the performance goals will be based on certain specified business criteria which are intended to encompass a wide range of financial and operational activities of the Corporation on a consolidated basis and/or for specified subsidiaries or business units of the Corporation. For example, the business criteria used by the Committee in establishing the performance goals for such awards includes, but is not limited to:

- (a) Net earnings or net income (before or after taxes, the impact of changes in the fair value of derivatives, stock plan expenses, yield maintenance and/or loan losses) or any other measure that uses all or part of such components;

(b) Earnings per share;

(c) Revenues or mission volume or growth therein;

(d) Net operating profit;

(e) Return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales, or revenue);

(f) Cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment);

(g) Earnings before or after taxes, interest, depreciation, and/or amortization;

(h) Gross or operating margins;

(i) Productivity ratios;

(j) Share price (including, but not limited to, growth measures and total shareholder return);

(k) Expense targets;

(l) Margins;

(m) Operating efficiency;

(n) Market share;

(o) Customer satisfaction;

(p) Working capital targets;

(q) Delinquency rate;

(r) Net charge-offs; and

(s) Economic value added or EVA (net operating profit after tax minus the sum of capital multiplied by the cost of capital).

Any performance measure(s) may be used to measure the performance of the Corporation as a whole or any business unit of the Corporation, or any combination thereof, as the Compensation Committee may deem appropriate, or any of the above performance measures as compared to the performance of a group of comparator companies, or published or special index that the Compensation Committee, in its sole discretion, deems appropriate, or the Corporation may select performance measure (j) above as compared to various stock market indices. The Compensation Committee also has the authority to provide for accelerated vesting of any award based on the achievement of performance goals pursuant to the performance measures.

Performance goals may differ for awards to different participants. The Compensation Committee will specify the weighting to be given to each business criterion for purposes of determining the final amount payable with respect to an award. All determinations by the Compensation Committee as to the attainment of performance goals will be in writing. The Compensation Committee may not delegate any responsibility with respect to an award that is intended to qualify as “performance-based compensation” under Internal Revenue Code Section 162(m).

As of December 31, 2011, SARs covering 787,036 shares (net of cancellations) and 375,813 shares of restricted stock had been granted under the 2008 Plan and 383,416 options granted under the 1997 Plan were cancelled and added to shares available under the 2008 Plan in 2011, leaving 1,337,151 shares of Class C Non-Voting Common Stock available for future issuance of grants under the 2008 Plan as of that date. SARs granted under the 2008 Plan during 2011 have exercise prices ranging from \$18.14 to \$18.77 per share.

1997 Plan. In 1997, the Board adopted the 1997 Incentive Plan (the “1997 Plan”), a broad-based option plan for directors, officers and non-officer employees. The 1997 Plan, as amended, provides for the issuance of a maximum of 3,750,000 nonqualified stock options on Class C Non-Voting Common Stock at an option price determined as of the grant date, with a term of not more than 10 years from such date. The 1997 Plan provides for the automatic annual grant to directors of five-year options to purchase 6,000 (split-adjusted) shares of Class C Non-Voting Common Stock, with each grant to occur on the day of the Annual Meeting of Stockholders, with the option price to be determined as of such day. Through 2003, options granted under the 1997 Plan vested one-third on the date of grant, one-third the following year and one-third the second following year. Beginning in 2004, options granted under the 1997 Plan generally vest one-third in each of the first three years following the date of option grant. The Board and management have determined that granting options to qualified non-officer employees would promote a sense of corporate ownership in the best interest of the Corporation. Accordingly, the 1997 Plan permits the grant of options to all employees (not just officers) based on their annual evaluations and to newly-hired employees.

If an option holder’s employment with Farmer Mac terminates for any reason, including by reason of retirement, the option holder’s rights to exercise any option under the 1997 Plan terminate on the earlier of the option expiration date or 90 days after termination (one year in the case of death or disability). Upon a termination for “cause,” the options expire immediately. Following the termination of a director’s service, vested options will remain exercisable until the earlier of the option expiration date or two years following termination. The 1997 Plan also provides for accelerated vesting of unvested options in the event of an option holder’s death or disability.

As of December 31, 2011, options covering 2,128,175 shares (net of cancellations) were granted under the 1997 Plan, of which 563,960 remain outstanding. As of December 31, 2011, no shares of Class C Non-Voting Common Stock remained available for future issuance of option grants under the 1997 Plan.

— Certain Relationships and Related Person Transactions

Review of Related Person Transactions

The Board of Directors has adopted a written Related Person Transactions Approval Policy that is administered by the Corporate Governance Committee. This policy applies to any transaction or series of transactions in which Farmer Mac is a participant, the amount involved exceeds \$120,000 and a “related person” has a direct or indirect material interest. The policy requires each director or executive officer involved in such a transaction to notify the General Counsel of each such transaction. Farmer Mac reviews all relationships and transactions in which the Corporation and its directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. The Corporation’s legal staff is primarily responsible for the development and implementation of processes and controls to obtain information from the directors and executive officers with respect to related person transactions. Under the policy, the General Counsel will determine whether a transaction meets the requirements of a “related person transaction” requiring review by the Corporate Governance

Committee. Transactions that fall within this definition will be referred to the Committee for approval, ratification or other action. Based on its consideration of all of the relevant facts and circumstances, the Corporate Governance Committee will decide whether or not to approve the transaction and will approve only those transactions that are in the best interests of the Corporation. If the Corporation becomes aware of an existing related persons transaction that has not been approved under this policy, the matter will be referred to the Corporate Governance Committee, which will then evaluate all options available, including ratification, revision or termination of the transaction. A related person transaction entered into without the Committee's pre-approval will not violate this policy, or be invalid or unenforceable, so long as the transaction is brought to the Committee as promptly as reasonably practical after it is entered into or after it becomes reasonably apparent that the transaction is covered by this policy. Transactions that are determined to be directly or indirectly material to Farmer Mac or a related person are disclosed in the Corporation's Proxy Statement as required under SEC rules.

Transactions with Related Persons in 2011

From time to time, Farmer Mac purchases or commits to purchase qualified loans, USDA-guaranteed portions or AgVantage® securities from, or enters into other business relationships with, institutions that own 5% or more of a class of Farmer Mac's Voting Common Stock or that have an officer or director who is also a member of Farmer Mac's Board of Directors. These transactions are conducted in the ordinary course of business, with terms and conditions comparable to those applicable to entities unaffiliated with Farmer Mac. To the extent such transactions involve indebtedness issued by the related person, those transactions were made on substantially the same terms as those prevailing at the time for comparable loans with persons not related to Farmer Mac and did not involve more than the normal risk of collectability or present other unfavorable features. Although Farmer Mac entered into transactions with related persons in 2011, it was determined that none of those transactions resulted in a related person having a direct or indirect material interest that would require disclosure as a "related person transaction" under SEC rules. For additional information about transactions between Farmer Mac and related persons, see "Management's Discussion and Analysis of Financial Condition and Results of Operations Results of Operations Related Party Transactions" and Note 3 in Farmer Mac's Annual Report on Form 10-K for the year ended December 31, 2011.

Item No. 2: Selection of Independent Auditors

The By-Laws of the Corporation provide that the Audit Committee shall select the Corporation's independent auditors "annually in advance of the Annual Meeting of Stockholders and [that selection] shall be submitted for ratification or rejection at such meeting." In addition, the Audit Committee reviews the scope and results of the audits, the accounting principles being applied and the effectiveness of internal controls. The Audit Committee also ensures that management fulfills its responsibilities in the preparation of the Corporation's financial statements.

In accordance with the By-Laws, the Audit Committee has unanimously selected and recommended to the stockholders PricewaterhouseCoopers LLP as the Corporation's independent auditors for the fiscal year ending December 31, 2012. This proposal is put before the stockholders as provided in the By-Laws and in conformity with the current practice of seeking stockholder approval of the selection of independent auditors. The ratification of the appointment of PricewaterhouseCoopers LLP as the Corporation's independent public accountants requires the affirmative vote of a majority of the shares represented in person or by proxy at the Meeting and entitled to be voted. Representatives of PricewaterhouseCoopers LLP are expected to attend the Meeting. They will have the opportunity to make a statement if they desire to do so and will be available to answer appropriate questions from stockholders present at the Meeting.

The Board of Directors recommends a vote FOR the proposal to ratify the selection of PricewaterhouseCoopers LLP as independent auditors for the Federal Agricultural Mortgage Corporation for 2012. Proxies solicited by the Board of Directors will be so voted unless holders of the Corporation's Voting Common Stock specify to the contrary on their proxies, or unless authority to vote is withheld.

Audit Fees

PricewaterhouseCoopers LLP billed Farmer Mac an aggregate \$1,010,000 and \$970,000 for 2011 and 2010, respectively, for professional services rendered for the audit of Farmer Mac's annual financial statements, the audit of management's assessment of the effectiveness of internal control over financial reporting under Section 404 of the Sarbanes-Oxley Act of 2002 and the reviews of the financial statements included in Farmer Mac's quarterly reports on Form 10-Q.

Audit-Related Fees

PricewaterhouseCoopers LLP billed Farmer Mac an aggregate \$150,000 and \$185,000 for 2011 and 2010, respectively, for the issuance of comfort letters, various accounting consultations and other technical issues for assurance and related services that were reasonably related to the performance of the audit of Farmer Mac's annual financial statements and the reviews of the financial statements included in Farmer Mac's quarterly reports on Form 10-Q and not reported in "Audit Fees" above.

Deloitte & Touche LLP, Farmer Mac's independent auditor for 2009, billed Farmer Mac an aggregate of \$78,000 and \$139,720 for 2011 and 2010, respectively, for the issuance of comfort letters, various accounting consultations and other technical issues for assurance and related services that were reasonably related to the performance of the audit of Farmer Mac's annual financial statements and the reviews of the financial statements included in Farmer Mac's quarterly reports on Form 10-Q and not reported in "Audit Fees" above.

Tax Fees

PricewaterhouseCoopers LLP billed Farmer Mac an aggregate \$84,000 in 2011 for professional services rendered for tax compliance, tax advice and tax planning with respect to tax year 2011.

Deloitte & Touche LLP billed Farmer Mac an aggregate \$47,781 in 2010 for professional services rendered for tax compliance, tax advice and tax planning with respect to tax year 2010.

All Other Fees

PricewaterhouseCoopers LLP billed Farmer Mac an aggregate \$2,926 for 2011 and \$12,734 for 2010 for fees other than the audit and review fees, audit-related fees and tax fees referred to above.

Audit Committee Pre-Approval Policies

Pursuant to the Audit Committee Charter and consistent with SEC policies regarding auditor independence, the Audit Committee considers and pre-approves, as appropriate, all auditing and permissible non-auditing services provided by Farmer Mac's independent auditor prior to the engagement of the independent auditors with respect to such services. All of the services provided by PricewaterhouseCoopers LLP in 2011 and 2010 were pre-approved by the Audit Committee.

Item No. 3: Advisory Vote to Approve Executive Compensation

Pursuant to the rules of the Securities and Exchange Commission adopted under the Dodd-Frank Wall Street Reform and Consumer Protection Act, the Corporation is providing stockholders with an advisory vote to approve the compensation of the Corporation's named executive officers as described in this Proxy Statement, including the Compensation Discussion and Analysis, the related tabular disclosures and the accompanying narrative disclosures.

The Dodd-Frank Act requires the Corporation to hold the advisory vote on executive compensation at least once every three years. As approved by its stockholders at the 2011 annual meeting, the Corporation is submitting this non-binding vote on an annual basis.

The Corporation's executive compensation programs are designed to attract, motivate and retain highly qualified executive officers who are able to achieve corporate objectives, fulfill the Corporation's Congressional mandate and enhance stockholder value. The Compensation Committee believes that the Corporation's executive compensation programs reflect a strong pay-for-performance philosophy that is consistent with the risk tolerance of the Corporation and reflect the long-term interests of stockholders. The Compensation Discussion and Analysis section starting on page 20 provides a more detailed discussion of the executive compensation philosophies and programs.

The Compensation Committee believes that Farmer Mac's executive compensation programs have been effective at attracting and retaining a high-performing executive team that is appropriately incentivized to achieve the strategic, financial and operational goals established by the Board of Directors. Adjusted core earnings for 2011 exceeded Farmer Mac's Board-established target and were a record \$41.3 million. Program Asset Volume for 2011 totaled \$11.9 billion, down 2.5 percent from the prior year, while net charge-offs and the ratio of adverse assets to regulatory capital remained low.

Stockholders are being asked to vote on the following resolution:

RESOLVED, that the stockholders of the Federal Agricultural Mortgage Corporation approve, on an advisory basis, the compensation of the Corporation's named executive officers, as described in this Proxy Statement pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the tabular disclosures, and the accompanying narrative disclosures.

This advisory vote on executive compensation is not binding. The approval or disapproval of this proposal by stockholders will not require the Corporation's Board of Directors or the Compensation Committee to take any action regarding the Corporation's executive compensation practices. However, the Board of Directors values the opinions of the Corporation's stockholders as expressed through their votes and communications and will take into account the result of the vote when determining future executive compensation arrangements.

Adoption of this resolution will require the affirmative vote of the majority of the shares of common stock represented in person or by proxy at the meeting. The Board of Directors recommends a vote FOR adoption of the resolution approving, on an advisory basis, the compensation of the Corporation's named executive officers, as described in this Proxy Statement, including the Compensation Discussion and Analysis and the related tabular disclosures and the accompanying narrative disclosures. Properly dated and signed proxies will be so voted unless stockholders specify

otherwise.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires Farmer Mac's officers and directors, and persons who beneficially own more than 10% of a registered class of Farmer Mac's equity securities, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC. Officers, directors and owners of more than 10% of Farmer Mac stock are required by SEC regulation to furnish Farmer Mac with copies of all Forms 3, 4 and 5 filed.

42

Based solely on Farmer Mac's review of its corporate records, which include copies of forms it has received, and written representations from certain reporting persons that they were not required to file a Form 5 for specified fiscal years, Farmer Mac believes that all of its officers, directors and beneficial owners of greater than 10% of any class of equity securities complied with all Section 16(a) filing requirements and timely filed all reports applicable to them for transactions during 2011.

Solicitation of Proxies

The Corporation will pay the cost of the Meeting and the costs of soliciting proxies, including the cost of mailing the proxy material. The Corporation has retained Georgeson Inc. to act as the Corporation's proxy solicitation firm for a fee of \$5,500 plus expenses. In addition to solicitation by mail, employees of Georgeson Inc. may solicit proxies by telephone, electronic mail or personal interview. Brokerage houses, nominees, fiduciaries and other custodians will be requested to forward solicitation material to the beneficial owners of shares of Voting Common Stock held of record by them and will be reimbursed for their reasonable expenses by the Corporation.

Other Matters

In addition to the scheduled items of business set forth in this Proxy Statement, the enclosed proxy confers on the Proxy Committee discretionary authority to vote the shares represented thereby in accordance with its members' best judgment with respect to all matters that may be brought before the Meeting or any adjournment or postponement thereof and matters incident to the Meeting. The Board of Directors does not know of any other matter that may properly be presented for action at the Meeting. If any other matters should properly come before the Meeting or any adjournment or postponement thereof, the Proxy Committee named in the accompanying proxy intends to vote such proxy in accordance with its members' best judgment.

Upon written request, Farmer Mac will furnish, without charge, to each person whose proxy is being solicited a copy of its Annual Report on Form 10-K for the fiscal year ended December 31, 2011, as filed with the SEC, including financial statements thereto. Written requests should be directed to Jerome G. Oslick, Corporate Secretary, Federal Agricultural Mortgage Corporation, 1999 K Street, N.W., Fourth Floor, Washington, D.C. 20006. A copy of Farmer Mac's most recent Form 10-K is also available on the Corporation's website, www.farmermac.com, in the "SEC Filings" portion of the "Investors—Equity" section of the website. Please note that all references to www.farmermac.com in this Proxy Statement are inactive textual references only and that the information contained on Farmer Mac's website is not incorporated by reference into this Proxy Statement.

The giving of your proxy will not affect your right to vote your shares personally if you do attend the Meeting. In any event, it is important that you complete, sign and return the enclosed proxy card promptly to ensure that your shares are voted.

By order of the

Board of Directors,

Jerome G. Oslick
Corporate Secretary
