Annual General Meeting of Shareholders Wednesday, May 29, 2013 Proxy Statement

This Proxy Statement has been prepared and is distributed and made available by the board of directors (the Board of Directors) of Consolidated Water Co. Ltd. (the Company) in connection with the solicitation of proxies for the Annual General Meeting of Shareholders of the Company (the Annual General Meeting) to be held at The Westin Grand Cayman Seven Mile Beach Resort & Spa, Seven Mile Beach, Grand Cayman, Cayman Islands, at 10:00 a.m., local time, on Wednesday, May 29, 2013, and any adjournment or postponement thereof for the purpose set forth in the accompanying Notice of Annual General Meeting of Shareholders.

This Proxy Statement and the accompanying form of proxy will be distributed to shareholders, and will be made available for viewing, downloading and printing by shareholders at www.proxyvote.com, on or about April 15, 2013. The Company will bear the cost of the solicitation of proxies.

Only holders of record of the Company's Ordinary Shares, par value CI\$0.50 per share (the Ordinary Shares), and the Company's Redeemable Preference Shares, par value CI\$0.50 per share (the Redeemable Preference Shares), on the books of the Company at the close of business on March 26, 2013, are entitled to vote at the Annual General Meeting.

On that date, there were 14,633,602 Ordinary Shares and 29,761 Redeemable Preference Shares issued and outstanding. Our Ordinary Shares and Redeemable Preference Shares are referred to as common stock and redeemable preferred stock, respectively, in our consolidated financial statements prepared in accordance with United States generally accepted accounting principles. All matters that come before this Annual General Meeting will be decided by a poll that will be demanded in each case by Frederick W. McTaggart or David W. Sasnett, the persons who are appointed proxies in the proxy card which accompanies this Proxy Statement. Each shareholder of record is entitled to one vote for each Ordinary Share or Redeemable Preference Share (collectively, the Shares) held on all polled matters that come before the Annual General Meeting. The holders of 33 1/3% of the issued and outstanding Shares, present in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual General Meeting.

For Proposal 1, the election of one director, the nominee shall be elected as a director if the number of Shares cast for such nominee's election exceeds the number of Shares voted against such nominee's election. The approval of holders of at least a majority of the Shares cast is required for: (i) Proposal 2, the advisory vote on executive compensation; and (ii) Proposal 3, the ratification of the selection of Marcum LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013.

Abstentions and broker non-votes (which occur when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner) are not treated as votes cast and, therefore, will not affect the outcome of the vote.

Shares represented by a properly executed proxy must be received not later than 24 hours before the scheduled time of the meeting and, if received in time to permit its use at the meeting or any postponement or adjournment thereof, will be voted in accordance with the instructions indicated therein. If no instructions are indicated, the Shares represented

by the proxy will be voted (i) for the election of the nominee for director; (ii) for the approval of executive compensation; and (iii) for the ratification of the selection of Marcum LLP as the Company's independent registered public accounting firm.

A shareholder of record who has given a proxy may revoke it at any time before it is voted at the meeting by giving written notice of such revocation to the office of the Secretary of the Company, or by executing and delivering to the Company not later than 24 hours before the scheduled time of the meeting a proxy bearing a later date. A proxy automatically will be revoked if a shareholder attends the meeting.

Shareholders may, by electronic means via the Internet or by mail, appoint a proxy to vote Shares as more fully described below:

By Internet: Go to *www.proxyvote.com* and follow the instructions. Shareholders should have their proxy card available when accessing the site.

By Mail: If shareholders have received a proxy card, shareholders should mark their vote, sign their name exactly as it appears on the proxy card, date the card and return it in the envelope provided.

The Board of Directors is engaged in the oversight of risk through regular updates from Mr. McTaggart, in his role as our Chief Executive Officer, and other members of our management team, regarding those risks confronting us, the actions and strategies necessary to mitigate those risks and the status and effectiveness of those actions and strategies. The updates are provided at regularly scheduled Board of Directors and Committee meetings as well as through more frequent informal meetings that include the Chairman of the Board of Directors, our Board of Directors, our Chief Executive Officer, our Chief Financial Officer, Chief Operating Officer and other members of our management team.

The Board of Directors provides insight into the issues, based on the experience of its members, and provides constructive challenges to management's assumptions and assertions.

Governance of the Company

Pursuant to the Company's Memorandum of Association, Articles of Association and Cayman Islands law, the Company's business, property and affairs are managed under the direction of the Board of Directors. Members of the Board of Directors are kept informed of the Company's business through discussions with the Chief Executive Officer and other senior officers, by reviewing materials provided to them and by participating in meetings of the Board of Directors and its committees.

The Board of Directors has determined that the director nominated for re-election and all of the directors whose terms will continue after the Meeting, other than Messrs. McTaggart and Sasnett, are independent as such term is defined by the applicable listing standards of The NASDAQ Stock Market LLC (NASDAQ).

5

The Board of Directors based this determination primarily on a review of the responses of the directors to questions regarding their employment, affiliations and family and other relationships.

The Company schedules meetings of the Board of Directors quarterly, in conjunction with its Annual General Meeting, and as necessary throughout the year. The Company expects that all directors will attend each meeting, absent a valid reason, such as a scheduled conflict. The Board of Directors held six meetings during 2012.

Each director attended at least 75% of the aggregate of: (i) the total number of meetings of the Board of Directors held during 2012, and (ii) the total number of meetings held by all committees of the Board of Directors on which he served during 2012.

The Board of Directors has also adopted a Code of Business Conduct and Ethics that applies to all of the Company's directors, officers (including the principal executive officer, principal financial officer and principal accounting officer) and employees. Our Code of Business Conduct and Ethics is posted on the Investors Governance section of the Company's website: <http://www.cwco.com>.

If, in the future, the Board of Directors amends the Code of Business Conduct and Ethics or grants a waiver to our principal executive officer, principal financial officer or principal accounting officer with respect to the Code of Business Conduct and Ethics, the Company will post the amendment or a description of the waiver on the Investors-Governance section of the Company's website.

The Executive Committee is comprised of Messrs. Finlay, Flowers, McTaggart, Pergande and Whittaker. The Executive Committee did not meet during 2012. The functions of the Executive Committee include meeting to ensure that any matters which must be dealt with before the next Board of Directors meeting are addressed in a timely manner.

The Compensation Committee is responsible for developing, reviewing and approving the executive compensation program for the Company and its subsidiaries, assessing executive performance, making grants of salary and annual incentive compensation, approving certain employment agreements and reviewing and consulting with the Company's management regarding the Compensation Discussion and Analysis that is included in the Company's proxy statement for each annual meeting. The Board of Directors has adopted a written charter for the Compensation Committee. The Board of Directors has determined that all members of the Compensation Committee are independent directors, as such term is defined under the applicable rules of NASDAQ.

Audit Committee

The Board of Directors has an Audit Committee which is comprised of Messrs. Pergande, Sokolow and Whittaker. The Audit Committee met seven times during 2012.

The Audit Committee assists the Board of Directors in monitoring the financial reporting process, the internal control structure, the independence and performance of the internal audit controls and functions and the independent public accountants and the approval of outside consulting services pertaining to the operating functions of the Company. Its primary duties are to serve as an independent and objective party to monitor the Company's financial process and internal control system, to review and appraise the audit effort of the Company's independent accountants and to provide an open avenue of communications among the

independent accountants, financial consultants, financial and senior management and the Board of Directors. The Board of Directors has adopted a written charter for the Audit Committee and the Audit Committee reviews and reassesses the adequacy of its charter on an annual basis. During the year, the Board of Directors examined the composition of the Audit Committee in light of NASDAQ's corporate governance rules and the regulations promulgated by the SEC applicable to audit committees. Based upon this examination, the Board of Directors has determined that all members of the Audit Committee are independent directors within the meaning of applicable rules and regulations of NASDAQ and the SEC. The Board of Directors has also determined that Mr. Sokolow qualifies as an audit committee financial expert as defined under applicable rules and regulations of NASDAQ and the SEC.

Nominations and Corporate Governance Committee

The Board of Directors has a Nominations and Corporate Governance Committee, which is comprised of Messrs. Butler, Pergande and Sokolow. The Nominations and Corporate Governance Committee held five meetings in 2012.

In 2012, the Nominations and Corporate Governance Committee prepared a Succession Policy plan for the Company which was approved by the Board of Directors on February 19, 2013.

The Nominations and Corporate Governance Committee's duties and responsibilities are as set out in Nominations and Corporate Governance Committee Charter. The Nominations and Corporate Governance Committee makes recommendations to the Board of Directors regarding the size and composition of the Board of Directors and the qualifications of the members of the Board of Directors, establishes procedures for the nomination process, recommends candidates for election to the Board of Directors and nominates officers for election by the Board of Directors. The Board of Directors has determined that all members of the Nominations and Corporate Governance Committee are independent directors, as such term is defined under applicable rules of NASDAQ.

PROPOSAL 2

Advisory Vote on Executive Compensation

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) requires companies that are subject to the SEC's proxy rules and regulations to hold a shareholder vote to approve, on an advisory (non-binding) basis, the compensation of their named executive officers as disclosed in their proxy statements in accordance with the SEC's rules.

As described in detail under the heading Compensation Discussion and Analysis, our executive compensation programs are designed to attract, motivate, and retain our Named Executive Officers, who are critical to our success. Under these programs, our Named Executive Officers are rewarded for the achievement of specific annual, long-term and strategic goals, and corporate goals. Please read the Compensation Discussion and Analysis and Additional Information Regarding Executive Compensation sections beginning on pages 17 and 28, respectively, for additional details about our executive compensation programs, including information about the fiscal year 2012 compensation of our Named Executive Officers.

The Compensation Committee continually reviews the compensation programs for our Named Executive Officers to ensure they achieve the desired goals of aligning our executive compensation structure with our shareholders' interests and current market practices. The Compensation Committee believes the Company's executive compensation programs have been effective at incentivizing the achievement of financial performance and returns to shareholders.

We are asking our shareholders to indicate their support for our Named Executive Officers' compensation as described in this Proxy Statement. This proposal, commonly known as a say-on-pay proposal, gives our shareholders the opportunity to express their views on our Named Executive Officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we will ask our shareholders to vote FOR the following resolution at the Annual General Meeting:

RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2013 Annual General Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2012 Summary Compensation Table and the other related tables and disclosure.

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors. Our Board of Directors and our Compensation Committee value the opinions of our shareholders and to the extent there is any significant vote against the Named Executive Officers' compensation as disclosed in this Proxy Statement, we will consider our shareholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns. In addition to the advisory vote on executive compensation, we are committed to ongoing engagement with our shareholders on executive compensation and corporate governance issues.

At the 2012 Annual General Meeting of Shareholders, approximately 66% of the votes cast on the advisory vote on the executive compensation proposal were cast in favor of our Named Executive Officer compensation as disclosed in the proxy statement for last year's meeting, and as a result our Named Executive Officer compensation was approved.

Our Board of Directors and the Committee reviewed these final vote results and determined that, given the level of support, our 2012 compensation policies and programs, which reflected our compensation philosophy and objectives, were appropriate. However, our Board of Directors and the Committee have determined that the 2013 compensation philosophy and objectives for the Chief Executive Officer should include the consideration of total shareholder return.

We have determined that our shareholders should vote on a say-on-pay proposal each year, consistent with the preference expressed by our shareholders at the 2011 Annual General Meeting of Shareholders.

The approval of holders of at least a majority of the Shares cast is required for this Proposal. Abstentions and broker non-votes are not treated as votes cast and, therefore, will not affect the outcome of the vote.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SECURITIES AND EXCHANGE COMMISSION.

PROPOSAL 3

Ratification of the Selection of Independent Accountants

The Audit Committee has selected Marcum LLP to continue as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013, and to render other professional services as required, at the remuneration to be determined by the Audit Committee of the Board of Directors.

We are asking our shareholders to ratify the selection of Marcum LLP as our independent registered public accounting firm. Although ratification is not required by our Articles of Association or otherwise, the Board is submitting the selection of Marcum LLP to our shareholders for ratification because we value our shareholders' views on the Company's independent registered public accounting firm and as a matter of good corporate practice. In the event that our shareholders fail to ratify the selection, it will be considered as a direction to the Audit Committee to consider the selection of a different firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our shareholders.

The affirmative vote of the holders of a majority of the Shares voted at the Annual General Meeting is necessary to ratify the selection of Marcum LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013.

COMPENSATION DISCUSSION AND ANALYSIS

In this section, we provide an overview and analysis of our compensation program and policies, the material compensation decisions we have made under those programs and policies, and the material factors that we considered in making compensation decisions for our Named Executive Officers, as defined under the heading **Additional Information Regarding Executive Compensation**. Specific information regarding the compensation earned by or paid to our Named Executive Officers in 2012 is set forth in a series of tables under the heading **Additional Information Regarding Executive Compensation**. The discussion below is intended to help you understand the detailed information provided in those tables and put that information into context within our overall compensation program.

Overview of Compensation Program

The Compensation Committee (the **Committee**) of our Board of Directors has responsibility for establishing, implementing and continually monitoring adherence with our compensation philosophy, maintaining competitive compensation and structuring compensation to achieve our compensation objectives. Generally, the types of compensation and benefits we provide to our Named Executive Officers are similar to those provided to our other executive officers.

Compensation Philosophy and Objectives

The Committee believes that compensation paid to our Named Executive Officers should be directly aligned with our performance, and that compensation should be structured to ensure that a significant portion of our named executives officers compensation opportunities are directly related to achievement of our financial and operational goals, such as meeting profitability targets, operating within the capital expenditures budget, securing new projects and keeping current on the industry s engineering advances in seawater conversion technology, all of which impact shareholder value. The Committee evaluates both performance and compensation to ensure that we maintain our ability to attract and retain highly skilled and motivated employees in key positions and that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives at comparable companies.

The Committee believes executives at comparable companies typically receive base salary, an annual bonus, and equity-based compensation, with top executives (i.e., Chief Executive Officers and Chief Financial Officers) also receiving severance payments and, at times, payments upon a change of control. Accordingly, the Committee has determined that the compensation packages that we provide to our executives, including our Named Executive Officers, should include a mix of base salary and equity-based and incentive-based compensation, with our Chief Executive Officer and Chief Financial Officer also receiving severance payments, and our Chief Financial Officer also receiving severance payments upon a change of control.

The Committee seeks to set base salary and total cash compensation (i.e., base salary plus cash bonus) 20 – 25% above the average base salary and average total cash compensation of executives at comparable companies in the United States and the Caribbean to account for the cost of living in the Cayman Islands as compared to that of the United States. Actual payments fall within these parameters. The Committee did not target a certain percentage for equity-based compensation. The severance payments to be made to our Chief Executive Officer and Chief Financial Officer and the change of control payments to be made to our Chief Financial Officer were terms requested by such officers. The Committee agreed to the terms of the severance packages and the change of control arrangement as it believes such terms are similar to the severance packages and change of control arrangements of Chief Executive Officers and Chief Financial Officers of comparable companies.

Setting Executive Compensation

Based on the foregoing philosophy and objectives, the Committee has structured our Named Executive Officers' base salary and equity-based and incentive-based compensation to motivate executives to achieve our business goals and reward the executives for achieving such goals.

In determining the compensation of our Named Executive Officers as set forth in their most recent employment agreements, the Committee reviewed executive compensation data as published in a survey by the National Association of Corporate Directors as well as a report prepared by an independent compensation consultant.

We compete with many companies for top executive-level management and technical talent and have been unsuccessful in the past when we attempted to recruit executives to relocate to the Cayman Islands. As such, the Committee generally sets total compensation targets for our Named Executive Officers who live in the Cayman Islands at 20 – 25% above the compensation paid to similarly situated U.S. executives of comparable companies in order to attract and to retain our Cayman Islands based Named Executive Officers. However, the Committee may set compensation for our Named Executive Officers above or below this standard as dictated by the experience level of the individual and market factors.

In setting the base salaries in the employment agreements of our Chief Executive Officer and Chief Financial Officer, the Committee determined the approximate total average annual cash compensation paid to executives performing similar functions at comparable companies. Such amount was then divided by the respective companies' annual revenue and income and expressed as a percentage. At the time such salaries were initially established, the chief executive officer's total annual cash compensation at our Peer Companies (identified below) was approximately 1% of the comparable companies' average annual revenue and 5% of the comparable companies' average annual income and the chief financial officer's total average annual cash compensation at comparable companies was approximately 0.5% of the comparable companies' average annual revenue and 2.5% of the comparable companies' average annual income. The Committee applied these percentages to our annual revenue and income and then increased the resulting amounts by between 20 – 25%.

In determining and considering adjustments to the base salaries in the employment agreements of our Vice Presidents, our Chief Executive Officer reviewed the average annual salaries paid to executives with similar levels of responsibility within our Peer Companies, taking into account the very limited availability of persons possessing the requisite skills and experience in the local labor market, and gave his recommendation to the Committee. The Committee compared the suggested annual base salary for each of our Vice Presidents to the annual base salaries paid to executives performing similar functions at comparable companies. Because the suggested annual base salary for our Vice Presidents was similar to that paid to executives performing similar functions at comparable companies, the Committee approved the salaries recommended by our Chief Executive Officer.

A significant amount of the total compensation paid to our Named Executive Officers is allocated to incentive-based compensation, as a result of the philosophy and objectives mentioned above.

In furtherance of our compensation philosophy and objectives, the Committee recently engaged Cipher Systems LLC (Cipher), an outside financial consulting firm determined to be independent by the Committee, to conduct a review of our total compensation program for our most highly compensated executive officers. The assessment provided by Cipher included comparative compensation information for executive officers at the following companies (our Peer Companies), which are located in the U.S. and the Caribbean and had market capitalizations between \$150 million and \$250 million in 2010:

Company	Location
Antigua Barbuda Airport Authority	Antigua and Barbuda
Artesian Resources Management	U.S.
Caribbean Utilities Company	Cayman Islands
Casella Waste Systems	U.S.
Doral Financial Corporation	Puerto Rico
Echelon Corporation	U.S.
Flow International Corporation	U.S.
FuelCell Energy, Inc.	U.S.
Primus Guaranty, Ltd.	Bermuda

WCA Waste Corporation

U.S.

The following are the key findings of Cipher's review and analysis:

Our executive compensation package is below average when benchmarked against publicly traded U.S. companies in our Peer Group; however, the package is consistent or slightly higher than what is provided by Caribbean-based companies in our Peer Group.

18

Our total compensation as a percentage of annual revenue is higher than most companies in the Peer Group, but remains reasonable at less than 2.5%. This is significantly less than the total compensation of 6.5% of annual revenue for the company with the largest compensation package as a percentage of revenue in the Peer Group.

Overall, U.S. companies in the Peer Group have higher compensation packages than their similarly-sized Caribbean counterparts, with Doral Financial Corporation, a Puerto Rico-based bank, being the notable exception.

The distribution of compensation among our executive officers is consistent with that of other companies surveyed.

Based on the analysis provided by Cipher, the Committee determined that compensation paid to our Named Executive

Officers in 2012 was generally comparable with compensation paid to executive officers at companies in our Peer Group, while within the overall framework of the Committee's philosophy and objectives. The Committee intends to consider the information provided by Cipher when making compensation decisions regarding our Named Executive Officers on a going-forward basis.

Role of Chief Executive Officer in Compensation Decisions

Our Chief Executive Officer determines the base salary and bonuses for each of our Vice Presidents, our Chief Operating Officer and our Chief Financial Officer. However, our Chief Executive Officer must obtain the approval of the Compensation Committee for any bonus amount to be paid to our Vice President of Cayman Operations, our Vice President of Overseas Operations or our Chief Financial Officer in excess of the maximum bonus amount that can be solely approved by our Chief Executive Officer pursuant to the terms of the employee agreements for these officers. The Compensation Committee must approve any compensation components for our Vice Presidents, Chief Operating Officer and Chief Financial Officer other than base salary or bonus. Our Chief Executive Officer is not involved with the setting of compensation for himself.

Advisory Vote on Executive Compensation

We conducted our first advisory vote on executive compensation, commonly known as a say-on-pay vote, and our first advisory vote on the frequency of the say-on-pay vote, commonly known as the say-when-on-pay vote, at our 2011 Annual General Meeting of Shareholders. Although the Company was not required under the SEC's rules to conduct such votes because the Company was classified as a foreign private issuer until December 31, 2012, the Board of Directors determined that it was important to solicit shareholder opinion on executive compensation matters.

We have determined that our shareholders should vote on a say-on-pay proposal each year, consistent with the preference expressed by our shareholders at the 2011 Annual General Meeting of Shareholders. Accordingly, we conducted a say-on-pay vote at the 2012 Annual General Meeting of Shareholders. While this vote was not binding on the Company, our Board of Directors or the Committee, we believe that it is important for our shareholders to have an opportunity to vote on executive compensation as a means to express their views regarding our executive compensation philosophy, our compensation policies and programs, and our decisions regarding executive compensation. Our Board of Directors and the Committee value the opinions of our shareholders and, to the extent there is any significant vote against the compensation of our Named Executive Officers, we will consider our shareholders' concerns and the Committee will evaluate whether any actions are necessary to address those concerns.

In addition to the advisory vote on executive compensation, we are committed to ongoing engagement with our shareholders on executive compensation and corporate governance issues.

At the 2012 Annual General Meeting of Shareholders, approximately 66% of the votes cast on the advisory vote on executive compensation proposal were cast in favor of our Named Executive Officer compensation as disclosed in the proxy statement, and as a result our Named Executive Officer compensation was approved. Our Board of Directors and the Committee reviewed these final vote results and determined that, given the level of support, our compensation policies and programs were appropriate to reflect our compensation philosophy and objectives. However, our Board of

Directors and the Committee have determined that the 2013 compensation philosophy and objectives for the Chief Executive Officer should include the consideration of total shareholder return.

2012 Executive Compensation Components

For the fiscal year ended December 31, 2010, 2011 and 2012, the principal components of compensation for our Named Executive Officers were:

base salary;
incentive-based compensation;
retirement and other benefits; and
perquisites and other personal benefits.

Base Salary

Base salaries for our executives are established based on the scope of their responsibilities and their prior relevant background, training, and experience, taking into account competitive market compensation paid by the companies represented in the compensation data the Committee reviewed for similar positions and the overall market demand for such executives at the time of hire or entry into employment agreements. As with total compensation, we believe that executive base salaries should be competitive with the salaries paid to executives at comparable companies. An executive's base salary is also evaluated together with other components of the executive's other compensation to ensure that the executive's total compensation is in line with our overall compensation philosophy and objectives.

Base salaries are reviewed annually and increased based upon (i) a need to realign base salaries with market levels for the same positions at comparable companies; (ii) an internal review of the executive's compensation, both individually and relative to other executive officers; (iii) the individual performance of the executive and (iv) an assessment of whether significant corporate goals were achieved. Additionally, we may adjust base salaries as warranted throughout the year for promotions or other changes in the scope or breadth of an executive's role or responsibilities.

Incentive-Based Compensation

Annual Bonus. A significant amount of total compensation for which our Named Executive Officers are entitled is comprised of an annual bonus. The current employment agreements with our Named Executive Officers do not provide quantitative limits on the annual bonus amounts payable. The current employment agreement with our Chief Executive Officer provides that the annual bonus amount paid cannot exceed 100% of the base salary payable under such employment agreement.

As the employment agreements of our Named Executive Officers come up for renewal, the Committee plans to review the information to be provided by Cipher to determine if our Named Executive Officers' compensation levels are competitive and have the right mix of incentive-based compensation.

Frederick W. McTaggart, Chief Executive Officer

Our Chief Executive Officer's bonus for 2010, 2011 and 2012 was determined at the sole discretion of the Company's Board of Directors. The amount of the 2010, 2011 and 2012 annual bonus was calculated by the Board of Directors based upon their assessment of the performance of Mr. McTaggart in the following areas, which are believed to be moderate to difficult goals, with the correlating value assigned to each factor for each year noted:

Mr. McTaggart's 2010 Goals

1. The Company exceeding budgeted Net Income for 2010, excluding the earnings (loss) from OC-BVI. The amount budgeted was considered to be the minimum threshold, but there was no maximum threshold established for this

target. The Board of Directors determined that if the net income and earnings per share targets were achieved, Mr. McTaggart would be entitled to a bonus in an amount equal to 15% of his base salary. The Company did not achieve this goal.

The Company exceeding Adjusted Revenue defined as budgeted Revenues for 2010 adjusted to exclude Energy 2. Pass-Through Costs and Additions for 2010. The amount budgeted was considered to be the minimum threshold, but there was no maximum threshold established for this target. The

20

Board of Directors determined that if the Adjusted Revenue target was achieved, Mr. McTaggart would be entitled to a bonus in an amount equal to 15% of his base salary. The Company achieved this goal.

The Company achieving a Net Income Margin in 2010 that exceeded the Net Income Margin for 2009. Net Income Margin is defined as Net Income divided by Revenues. The Net Income Margin for 2009 was considered to be the minimum threshold, but there was no maximum threshold established for this target. The Board of Directors determined that if the Net Income Margin was achieved, Mr. McTaggart would be entitled to a bonus in an amount equal to 25% of his base salary. The Company achieved this goal.

The Company completing capital projects under budget and on schedule for 2010, as approved and/or adjusted by the Board of Directors from time to time. The amount budgeted and time schedule were considered to be the minimum thresholds, but there was no maximum thresholds established for this target. The Company did not achieve this goal.

The Company completing negotiations and renewing its retail water license on terms approved by the Board of Directors before the license's July 2010 expiration date. The Board of Directors determined that if the retail license was renewed Mr. McTaggart would be entitled to a bonus in an amount equal to 20% of his base salary. The Company did not achieve this goal.

The Company obtaining at least one new capital project in 2010 on terms approved by the Board of Directors. The Board of Directors determined that if a capital project was obtained Mr. McTaggart would be entitled to a bonus in an amount equal to 20% of his base salary. The Company did not achieve this goal.

Mr. McTaggart's 2011 Goals

The Company exceeding budgeted Net Income for 2011, excluding the earnings (loss) from OC-BVI. The amount budgeted was considered to be the minimum threshold, but there was no maximum threshold established for this target. The Board of Directors determined that if the net income and earnings per share targets were achieved, Mr. McTaggart would be entitled to a bonus in an amount equal to 20% of his base salary. The Company achieved this goal.

The Company exceeding Adjusted Revenue defined as budgeted Revenues for 2011 adjusted to exclude Energy Pass-Through Charges for 2011. The amount budgeted was considered to be the minimum threshold, but there was no maximum threshold established for this target. The Board of Directors determined that if the Adjusted Revenue target was achieved, Mr. McTaggart would be entitled to a bonus in an amount equal to 20% of his base salary. The Company achieved this goal.

The Company achieving a Net Income Margin in 2011 that exceeded the Net Income Margin for 2010. Net Income Margin is defined as Net Income divided by Revenues. The Net Income Margin for 2010 was considered to be the minimum threshold, but there was no maximum threshold established for this target. The Board of Directors determined that if the Net Income Margin was achieved, Mr. McTaggart would be entitled to a bonus in an amount equal to 20% of his base salary. The Company did not achieve this goal. However, the Board awarded Mr. McTaggart a bonus of 5% of his base salary for this goal due to the narrow margin by which the Company missed this target.

The Company completing capital projects under budget and on schedule for 2011, as approved and/or adjusted by the Board of Directors from time to time. The amount budgeted and time schedule were considered to be the minimum thresholds, but there was no maximum thresholds established for this target. The Board of Directors determined that if the Company completed capital projects under budget and on schedule for 2011, Mr. McTaggart would be entitled to a bonus in an amount equal to 20% of his base salary. The Company did not achieve this goal; however, the project expenses were significantly under budget which resulted in immediate savings to the Company as well as long term savings through water revenues generated by the plant. As a result, the Board awarded Mr. McTaggart a bonus of 15% of his base salary for his achievements relating to this goal.

The Company obtaining at least one new capital project in 2011 on terms approved by the Board of Directors. The Board of Directors determined that if a capital project was obtained, Mr. McTaggart would be entitled to a bonus in an amount equal to 20% of his base salary. The Company achieved this goal.

The Board also elected to give Mr. McTaggart a discretionary bonus of 10% of his base salary.

Mr. McTaggart s 2012 Goals

1. The Company exceeding budgeted Net Income for 2012. The amount budgeted was considered to be the minimum threshold, but there was no maximum threshold established for this target. In its discretion, the Committee may award bonus payments to our Vice Presidents or our Chief Financial Officer above or below the amounts specified in their respective employment agreements. These bonus provisions are intended, in accord with our compensation philosophies and objectives, to align executive interests with shareholder interests.

Unless the provisions in our employment agreements relating to incentive compensation are amended, our Named Executive Officers will continue to receive incentive-based compensation as set forth above. As the employment agreements come up for renewal, the Committee plans to review compensation paid to our Named Executive Officers

to ensure that their compensation levels are competitive and have the right mix of incentive-based compensation.

Equity Incentives. We believe that equity ownership is one of the more effective means of aligning the interests of our Named Executive Officers with those of our shareholders.

Under employment agreements with our Chief Financial Officer and Vice Presidents that became effective January 1, 2008, these individuals receive options to purchase common shares under the 2008 Equity Incentive Plan, which was approved by our shareholders in May 2008. Under the 2008 Equity Incentive Plan,

we may grant directors, executives and key employees, including our Chief Financial Officer and Vice Presidents, stock options, restricted stock, restricted stock units, stock equivalents and awards of common shares. The Compensation Committee selects participants to receive awards and determines the terms and conditions of each award, including the number of common shares subject to awards, the price, if any, a participant pays to receive or exercise an award, the time or times when awards vest or may be exercised, settled or forfeited, any performance goals, restrictions or other conditions to vest in, exercise, or settle awards, and the effect on awards of the disability, death, or termination of service of participants.

In determining the number of options to be granted to our Vice Presidents in 2010, 2011 and 2012, we took into account the individual's ability to affect profits and shareholder value, the individual's historic and recent performance and the value of stock options in relation to other elements of total compensation.

All stock options granted to our Named Executive Officers in 2010, 2011 and 2012 incorporate the following features:

the options vest one-third per year over three years beginning on the first anniversary of the date of grant;
the options expire with regard to vested shares three years from the applicable vesting date; and
We decided to use stock options as a long-term incentive vehicle for our Chief Executive Officer, Chief Financial Officer and our Vice Presidents because:

stock options align the interests of executives with those of our shareholders, support a pay-for-performance culture, foster employee stock ownership, and focus our management team on increasing value for our shareholders;
stock options are performance based (i.e., all of the value received by the recipient from a stock option is based on the growth of the stock price above the option price); and
the vesting terms for stock options create incentive for increases in shareholder value over a longer term and encourages executive retention.

Pension Plan

As with every employer in the Cayman Islands, we are required by the National Pension Law to provide a pension plan for our employees in the Cayman Islands. We belong to the Cayman Islands Chamber Pension Plan, the Ocean Conversion Staff Pension Plan and the Fidelity Pension Plan in the Cayman Islands. The Chamber Pension Plan is a non-profit entity, which is administered by the Bank of Butterfield, the Ocean Conversion Staff Pension Plan has as its trustee Colonial Private Trustee Limited and is administered by the British Caymanian Insurance Company Ltd, and the Fidelity Pension Plan is administered by Fidelity Pension Services (Cayman) Limited who are also the trustees of the plan.

Under the Cayman Islands National Pensions Law, all employees between the ages of 18 and 60 must contribute a specified minimum percentage of their earnings to a pension plan. Until recently, the exact percentage of contributions varied according to the age of each employee. Since June 1, 2002, however, all employees must contribute 5% of their earnings to a pension plan. An employee also has the option of contributing more than the prescribed minimum. We are required to match the contribution of the first 5% of each participating employee's salary to a maximum of \$72,000. Employees earning more than \$72,000 are not required to make contributions on amounts over \$72,000. All contributions by our employees are collected by us and paid into the various pension plans on a monthly basis.

All three plans are defined contribution plans, and as such the amount that an employee receives upon retirement is directly related to the amount contributed to the plan by the employee while working. Once an employee retires (employees become eligible for retirement at age 60 in the Cayman Islands), an employee has the following options for receiving benefits:

Receive a cash payout if the employee's retirement savings is less than \$6,000;
Transfer the retirement savings to a life annuity for investment by a life insurance company and

payment of a regular income stream to the employee for the remainder of the employee's life (and the employee's spouse's life if the employee is married at the time of retirement); or
Transfer the retirement savings to a Retirement Savings Arrangement account with an approved provider or bank and receive regular income payments until the account is depleted.

Perquisites and Other Personal Benefits

Pursuant to our Chief Executive Officer's employment agreement, we provided him with an automobile expense allowance of \$950 per month in 2010, \$1,000 per month in 2011 and \$1,050 in 2012. Pursuant to our Chief Financial Officer's current and former employment agreements, we provided him with an automobile expense allowance which amounted to \$950 per month in 2010, \$1,000 in 2011 and \$1,050 in 2012. Pursuant to the employment agreement with our Vice President of Overseas Operations and Vice President of Product Technology, we provided each of them with an automobile expense allowance of \$950 per month in 2010, \$1,000 per month in 2011 and \$1,050 in 2012. Pursuant to the employment agreement with our Vice President and Chief Operating Officer, we provided him with an automobile expense allowance of \$850 per month in 2011, and \$900 per month in 2012.

Termination-Based Compensation

Termination

Our Named Executive Officers' employment agreements may be terminated upon the occurrence of the following:

- i. the death of the Named Executive Officer;
- ii. the Named Executive Officer being adjudicated bankrupt;
- iii. the Named Executive Officer giving six months' notice of termination; and
- iv. the Named Executive Officer being unable to discharge his duties due to physical or mental illness for a period of more than 60 days.

Additionally, our Chief Financial Officer's employment agreement may be terminated due to his conviction of a felony or his commission of an act or omission that could result in material harm to us or conduct justifying dismissal under Cayman Island law. Our other Named Executive Officers' employment agreements may be terminated due to conduct by such Named Executive Officer justifying dismissal under Cayman Island law.

Upon termination due to the Named Executive Officer's inability to discharge his duties due to physical or mental illness for a period of more than 60 days, the Named Executive Officer will be relieved of his duties. In the case of all Named Executive Officers other than our Chief Financial Officer, we will pay such Named Executive Officer \$1,000 per year, provide medical insurance for him and his family, and contribute to a pension fund for the Named Executive Officer for a period of two years. In the case of our Chief Financial Officer, we will pay him \$1,000 per year and provide medical insurance for him and his family for a period of one year.

If our Chief Financial Officer's employment agreement is terminated by our Chief Financial Officer upon six months' notice or due to his commission of an act or omission that could result in material harm to us, he will forfeit all unvested shares issued pursuant to his employment agreement. If his employment agreement is otherwise terminated or upon a Change in Control, as defined below, all unvested shares issued pursuant to his employment agreement will vest immediately.

Severance

Upon termination of employment, our Chief Executive Officer and Chief Financial Officer are entitled to receive severance payments under their employment agreements. In determining whether to approve and setting the terms of

such severance arrangements, the Committee recognizes that executives, especially highly ranked executives, often face challenges securing new employment following termination. Our Chief Executive Officer's employment agreement provides for a lump sum severance payment equal to 24 months and our Chief Financial Officer's employment agreement provides for a lump sum severance payment of 12 months, of their then current respective base salary if their employment is terminated without cause or if

their employment agreements are not renewed. The Committee negotiated our Chief Executive Officer's severance package to provide him an amount equal to his base salary for the length of his non-competition arrangement with us. Based upon the data reviewed by the Committee, we believe that our Chief Executive Officer's and Chief Financial Officer's severance packages are generally in line with severance packages offered to executive chief executive officers and chief financial officers of comparable companies.

Change in Control

Upon a Change in Control, as defined below, our Chief Financial Officer may elect to terminate his employment and receive a lump sum payment equal to three times his then current base salary. In determining whether to approve and setting the terms of such Change in Control arrangement, the Committee recognizes the importance to the Company and our shareholders of avoiding the distraction and loss of key management personnel that may occur in connection with rumored or actual fundamental corporate changes. A properly arranged Change in Control provision protects shareholder interests by enhancing employee focus during rumored or actual Change in Control activity through:

Incentives to remain with us despite uncertainties while a transaction is under consideration or pending; and

Assurance of compensation for terminated employees after a Change in Control.

Our Chief Financial Officer's employment agreement provides that, at his election, he may terminate his employment upon a Change in Control and receive a payment of 36 months of his then current base salary. After reviewing the practices of companies represented in the compensation data we obtained, the Committee negotiated our Chief Financial Officer's Change in Control arrangement to provide him an amount equal to three times his base salary. We believe that our Chief Financial Officer's Change in Control arrangement is generally in line with such arrangements offered to chief financial officers of comparable companies.

For the purposes of this discussion, a Change of Control means where: (i) any person, including a group as defined in Section 13(d)(3) of the Securities Exchange Act of 1934, as amended, publicly announces that such person or group has become the beneficial owner of more than 30% of the combined voting power (Controlling Voting Power) of our then outstanding securities that may be cast for the election of directors and (ii) the persons who were our directors before such event shall cease to constitute a majority of our Board of Directors, or any successor, as the direct or indirect result of any person or group acquiring Controlling Voting Power.

Compensation Committee Report

The Committee has reviewed and discussed the Compensation Discussion and Analysis with management. Based on its review and discussions with management, the Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in our Annual Report on Form 10-K for 2011 and this proxy statement.

Potential Payments Upon Termination or Change of Control

The section below describes the payments that may be made to Named Executive Officers upon termination or Change in Control, as defined below, pursuant to individual agreements. For payments made to a participant upon a retirement other than in connection with termination or a Change in Control, see Pension Benefits above.

Termination

Our Named Executive Officers' employment agreements may be terminated upon the occurrence of the following:

the death of the Named Executive Officer;
the Named Executive Officer being adjudicated bankrupt;

31

the Named Executive Officer giving six months' notice of termination; and the Named Executive Officer being unable to discharge his duties due to physical or mental illness for a period of more than 60 days.

Additionally, our Chief Financial Officer's employment agreement may be terminated due to his conviction of a felony or his commission of an act or omission that could result in material harm to us or conduct justifying dismissal under Cayman Island law. Our other Named Executive Officers' employment agreements may be terminated due to conduct by such Named Executive Officer justifying dismissal under Cayman Island law.

Upon termination due to the Named Executive Officer's inability to discharge his duties due to physical or mental illness for a period of more than 60 days, the Named Executive Officer will be terminated. In the case of all Named Executive Officers other than our Chief Financial Officer, we will pay such Named Executive Officer \$1,000 per year, provide medical insurance for him and his family, and contribute to a pension fund for the Named Executive Officer for a period of two years. In the case of our Chief Financial Officer, we will pay him \$1,000 per year and provide medical insurance for him and his family for a period of one year.

Assuming our Named Executive Officers' employment were terminated on December 31, 2012 due to the Named Executive Officer's inability to discharge his duties due to physical or mental illness for a period of more than 60 days, the compensation due to our Named Executive Officers would be as set forth in the following table.

Name	Salary (\$)	Medical Insurance (\$)	Pension Fund Contribution (\$)	Total Compensation (\$)
Frederick W. McTaggart	2,000	42,744	7,200	51,944
David W. Sasnett	1,000	25,244		26,244
John Tonner	2,000	50,488		52,488
Ramjeet Jerrybandan	2,000	20,001	7,200	29,201
Gerard J. Pereira	2,000	23,636	7,200	32,836

If our Chief Financial Officer terminates his employment agreement with six months' prior notice or if we terminate his employment agreement due to his commission of an act or omission that could result in material harm to us or conduct justifying dismissal under Cayman Island law, he will forfeit all unvested shares issued pursuant to his employment agreement. If his employment agreement is otherwise terminated or upon a Change in Control, as defined below, all unvested shares issued pursuant to his employment agreement will vest immediately.

Severance

Upon termination of employment, our Chief Executive Officer and Chief Financial Officer are entitled to receive severance payments under their employment agreements. Our Chief Executive Officer's and Chief Financial Officer's employment agreements provide for a lump sum severance payment equal to 24 months and 12 months, respectively, of their then current respective base salary if their employment is terminated without cause or if their employment agreements are not renewed. The Committee negotiated our Chief Executive Officer's severance packages to provide him an amount equal to their base salary for the length of his non-competition arrangement with us. The following table sets forth the total amount of severance payments that would be made to Messrs. McTaggart and Sasnett if their employment agreements were terminated without cause as of December 31, 2012:

David W. Sasnett

Change in Control

Upon a Change in Control, as defined below, our Chief Financial Officer may elect to terminate his employment and receive a lump sum payment equal to three times his then current base salary. In determining whether to approve and setting the terms of such Change in Control arrangement, the Committee recognizes the importance to us and our shareholders of avoiding the distraction and loss of key management personnel that may occur in connection with rumored or actual fundamental corporate changes. A properly arranged Change in Control provision protects shareholder interests by enhancing employee focus during rumored or actual Change in Control activity through:

Incentives to remain with us despite uncertainties while a transaction is under consideration or pending; and
Assurance of compensation for terminated employees after a Change in Control.

Our Chief Financial Officer's employment agreement provides that, at his election, he may terminate his employment upon a Change in Control and receive a payment of 36 months of his then current base salary. After reviewing the practices of companies represented in the compensation data we obtained, the Committee negotiated our Chief Financial Officer's Change in Control arrangement to provide him an amount equal to three times his base salary. We believe that our Chief Financial Officer's Change in Control arrangement is generally in line with such arrangements offered to chief financial officers of comparable companies.

For the purposes of this discussion, a Change of Control means where: (i) any person, including a group as defined in Section 13(d)(3) of the Securities Exchange Act of 1934, as amended, publicly announces that such person or group has become the beneficial owner of more than 50% of the combined voting power (Controlling Voting Power) of our then outstanding securities that may be cast for the election of directors and (ii) the persons who were our directors before such event shall cease to constitute a majority of our Board of Directors, or any successor, as the direct or indirect result of any person or group acquiring Controlling Voting Power.

The following table sets forth the total amount of change in control payments that would be made to Mr. Sasnett if his employment agreement was terminated upon a Change in Control as of December 31, 2012:

Name	Change In Control (\$)
David W. Sasnett	831,600
