Registration No. 333-187794

**Prospectus Supplement  
(To Prospectus dated April 8, 2013)**

**1,296,992 Shares**

**Macquarie Infrastructure Company LLC**

The Voting Trust of IMTT Holdings Inc. is offering 1,296,992 of our limited liability company interests, which we refer to as shares. We will not receive any proceeds from the sale of the shares by the selling shareholder.

Our shares trade on The New York Stock Exchange, or the NYSE, under the symbol MIC. The last reported trading price of our shares on November 4, 2014, was \$71.88. Our Board of Directors declared a quarterly cash dividend of \$0.98 per share, payable on November 13, 2014 to shareholders of record at the close of business on November 10, 2014. This offering is expected to close on or prior to such record date, and therefore purchasers of shares in this offering that take delivery of such shares on the closing date and continue to hold the shares as of the close of business on November 10, 2014 will be entitled to receive this dividend on November 13, 2014.

*Investing in our shares involves risks. See Risk Factors beginning on page S-14 of this prospectus supplement and in our Annual Report on Form 10-K for the fiscal year ended December 31, 2013, and in our Quarterly Report on Form 10-Q for the quarter ended September 30, 2014, which are incorporated by reference into this prospectus supplement and the accompanying prospectus.*

The underwriter has agreed to purchase the shares from the selling shareholder at a price of \$70.45 per share, which will result in \$91,373,086 of proceeds to the selling shareholder before expenses. See Underwriting.

	Per Share	Total
Price to the public	\$ 70.88	\$ 91,930,793
Underwriting discounts and commissions	\$ 0.43	\$ 557,707
Proceeds to selling shareholder (before expenses)	\$ 70.45	\$ 91,373,086

**Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.**

The underwriter expects to deliver the shares on or about November 10, 2014.

TABLE OF CONTENTS

## **ABOUT THIS PROSPECTUS SUPPLEMENT**

This document is in two parts. The first part is this prospectus supplement, which describes the terms of the offering of our shares by the selling shareholder and also adds to and updates information contained in the accompanying prospectus as well as the documents incorporated by reference into this prospectus supplement and the accompanying prospectus. The second part is the accompanying prospectus, dated April 8, 2013, which we refer to as the accompanying prospectus, which gives more general information about our shares that we may offer from time to time. This prospectus supplement and the accompanying prospectus incorporate by reference important business and financial information about us that is not included in or delivered with this prospectus. You should read both this prospectus supplement and the accompanying prospectus together with the additional information below under the headings **Where You Can Find More Information** and **Incorporation of Certain Documents by Reference**.

You should rely only on the information contained in or incorporated by reference into this prospectus supplement, the accompanying prospectus or any free writing prospectus provided by us or on our behalf. To the extent there is a conflict between the information contained in this prospectus supplement, on the one hand, and the information contained in the accompanying prospectus or any document that has previously been filed with the Securities and Exchange Commission, or the SEC, and is incorporated into this prospectus by reference, on the other hand, the information in this prospectus supplement shall control. We and the selling shareholder have not, and the underwriter has not, authorized any other person to provide you with different information or representations.

## **INDUSTRY AND MARKET DATA**

In this prospectus supplement and the accompanying prospectus (and the documents incorporated herein or hereto), we rely on and refer to information and statistics regarding market data and the industries of our businesses and investments obtained from market research, independent industry publications and other publicly available information. We believe this information is reliable but we have not independently verified it. In addition, we have made statements in this prospectus supplement and the accompanying prospectus regarding our industry and our position in the industry based on our experience in the industry and our own evaluation of market conditions.

## **FORWARD-LOOKING STATEMENTS**

We have included in or incorporated by reference into this prospectus supplement certain statements that may constitute forward-looking statements. These include without limitation those under the headings **Prospectus Supplement Summary** **Macquarie Infrastructure Company LLC** and **Risk Factors**, as well as those contained in any applicable prospectus supplement and the accompanying prospectus or in any document incorporated by reference into this prospectus supplement and the accompanying prospectus such as our Quarterly Report on Form 10-Q for the quarter ended September 30, 2014 and our Annual Report on Form 10-K for the fiscal year ended December 31, 2013.

In addition, our management may make forward-looking statements to analysts, investors, representatives of the media and others. These forward-looking statements are not historical facts and represent only our beliefs regarding future events, many of which, by their nature, are inherently uncertain and beyond our control. We may, in some cases, use words such as **project**, **believe**, **anticipate**, **plan**, **expect**, **estimate**, **intend**, **should**, **would**, **may**, or other words that convey uncertainty of future events or outcomes to identify these forward-looking statements.

In connection with the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, we are identifying important factors that, individually or in the aggregate, could cause actual results to differ materially from those contained in any forward-looking statements made by us. Any such forward-looking statements are qualified by reference to the following cautionary statements.

S-iii

---

TABLE OF CONTENTS

Forward-looking statements in this prospectus supplement (including any documents incorporated by reference herein) are subject to a number of risks and uncertainties, some of which are beyond our control, including, among other things:

changes in general economic, business or demographic conditions or trends in the U.S. or changes in the political environment, level of travel or construction or transportation costs where we operate, including changes in interest rates and price levels;

our holding company structure and/or investments in businesses that we may not control, may limit our ability to pay or increase a dividend or receive timely and accurate information;

changes in patterns of commercial or general aviation air travel, including variations in customer demand for our business;

our Manager's affiliation with the Macquarie Group or equity market sentiment, which may affect the market price of our shares;

our limited ability to remove our Manager for underperformance and our Manager's right to resign;

payment of performance fees to our Manager, if any, that could reduce distributable cash if paid in cash or could dilute existing shareholders if satisfied with the issuance of our shares;

our ability to service, comply with the terms of and refinance at maturity our substantial indebtedness;

our ability to make, finance and integrate acquisitions, including the IMTT Acquisition (as defined below), and the quality of financial information and systems of acquired entities;

our ability to implement our operating and internal growth strategies;

the regulatory environment, including U.S. energy policy, in which our businesses and the businesses in which we hold investments operate and our ability to estimate compliance costs, comply with any changes thereto, rates implemented by regulators of our businesses and the businesses in which we hold investments, and our relationships and rights under and contracts with governmental agencies and authorities;

the extent to which federal spending cuts, including potentially those resulting from sequestration, reduce the U.S. military presence on Hawaii or flight activity at airports on which Atlantic Aviation operates;

fluctuations in fuel costs, or the costs of supplies upon which our gas processing and distribution business is dependent, and our ability to recover increases in these costs from customers;

changes in U.S. domestic demand for chemical, petroleum and vegetable and animal oil products, the relative availability of tank storage capacity and the extent to which such products are imported;

technological innovations leading to a change in energy, production, distribution and consumption patterns;

changes in electricity or other energy costs, including natural gas pricing;

the competitive environment for attractive acquisition opportunities facing our businesses and the businesses in which we hold investments;

environmental risks, including the impact of climate change and weather conditions, pertaining to our businesses and the businesses in which we hold investments;

work interruptions or other labor stoppages at our businesses or the businesses in which we hold investments;

changes in the current treatment of qualified dividend income and long-term capital gains under current U.S. federal income tax law and the qualification of our income and gains for such treatment;

S-iv

---

TABLE OF CONTENTS

disruptions or other extraordinary or force majeure events affecting the facilities or operations of our businesses and the businesses in which we hold investments and our ability to insure against any losses resulting from such events or disruptions; and

our ability to make alternate arrangements to account for any disruptions or shutdowns that may affect the facilities of our suppliers or the operation of the barges upon which our gas processing and distribution business is dependent.

Our actual results, performance, prospects or opportunities could differ materially from those expressed in or implied by the forward-looking statements. A description of risks that could cause our actual results to differ appears under the caption **Risk Factors** and elsewhere in this prospectus supplement and in the documents incorporated by reference into this prospectus supplement such as our Quarterly Report on Form 10-Q for the quarter ended September 30, 2014 and our Annual Report on Form 10-K for the fiscal year ended December 31, 2013. It is not possible to predict or identify all risk factors and you should not consider that description to be a complete discussion of all potential risks or uncertainties that could cause our actual results to differ.

In light of these risks, uncertainties and assumptions, you should not place undue reliance on any forward-looking statements. The forward-looking events discussed in this prospectus supplement (including any documents incorporated by reference herein) may not occur. These forward-looking statements are made as of the date of this prospectus supplement. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. You should, however, consult further disclosures we may make in future filings with the SEC. See **Where You Can Find More Information** and **Incorporation of Certain Documents by Reference** in this prospectus supplement.

TABLE OF CONTENTS

## PROSPECTUS SUPPLEMENT SUMMARY

*This summary highlights information incorporated by reference into or contained elsewhere in this prospectus supplement and the accompanying prospectus. This summary may not contain all of the information that may be important to you. You should read carefully all of the information contained in or incorporated by reference into this prospectus supplement and the accompanying prospectus, including the information set forth under the caption **Risk Factors** beginning on page S-14 of this prospectus supplement and page 3 of the accompanying prospectus and in our Annual Report on Form 10-K for the fiscal year ended December 31, 2013 and our Quarterly Report on Form 10-Q for the quarter ended September 30, 2014, and our consolidated financial statements and the related notes thereto incorporated by reference herein before making a decision to invest in our shares.*

*Macquarie Infrastructure Company LLC, a Delaware limited liability company, was formed on April 13, 2004. Except as otherwise specified, Macquarie Infrastructure Company, MIC, the Company, our Company, we, us, and our refer to Macquarie Infrastructure Company LLC and its subsidiaries together from June 25, 2007 and, prior to that date, to Macquarie Infrastructure Company Trust, the Company and its subsidiaries. Macquarie Infrastructure Management (USA) Inc., which we refer to as our Manager, is part of the Macquarie Group, comprising Macquarie Group Limited and its subsidiaries and affiliates worldwide.*

## Macquarie Infrastructure Company LLC

We own, operate and invest in a diversified group of infrastructure businesses that provide basic services to businesses and individuals primarily in the U.S. The businesses we own and operate include:

***International-Matex Tank Terminals, or IMTT:*** a bulk liquid terminals business which provides bulk liquid storage and handling services at ten marine terminals in the U.S. and two in Canada and is one of the largest participants in this industry in the U.S., based on storage capacity. On July 16, 2014, we completed the acquisition of the remaining 50% interest in IMTT that we did not previously own, which we refer to as the IMTT Acquisition;

***Hawaii Gas:*** a full-service gas energy company processing and distributing gas and providing related services in Hawaii;

***Atlantic Aviation:*** a network of fixed-base operations (FBO) that provide fuel, terminal, aircraft hangaring and other offerings primarily to owners and operators of general aviation (GA) jet aircraft at 68 airports in the U.S. The network is one of the largest in the United States; and

***Contracted Power and Energy segment, or CP&E:*** controlling interests in five contracted solar power generation facilities and one contracted wind power generation facility in the southwest U.S., and an equity interest in a wind power generation facility in Idaho. On August 21, 2014, we completed the sale of our controlling interest in the district energy business.

Our infrastructure businesses generally operate in sectors with limited direct competition and significant barriers to entry, including high initial development and construction costs, the existence of long-term contracts or the requirement to obtain government approvals and a lack of immediate cost-efficient alternatives to the services provided. Overall they tend to generate a growing level of cash flows over the long term.

## Dividends

We view MIC as a total return investment opportunity. In particular, we believe that the growth in Free Cash Flow generated by our businesses could result in dividend per share growing at 12% for at least the next two years. Consistent with that view, we believe that our businesses are capable of generating growing amounts of Free Cash

Flow over time and that we will distribute cash equal to approximately 80% to 85% of the Free Cash Flow generated, subject to the business continued stable performance and prevailing economic conditions. We define Free Cash Flow as cash from operating activities, which includes cash paid for interest, taxes and pension contributions, less maintenance capital expenditures and excludes changes in working capital and the cash settled portion of the management fee. From 2007 through 2013, our proportionately combined Free Cash Flow per share grew at a compound annual rate of 12.3% per year.

S-1

---

## TABLE OF CONTENTS

On October 27, 2014, the Board of Directors declared a dividend of \$0.98 per share (\$3.92 annualized) for the quarter ended September 30, 2014. The dividend is expected to be paid on November 13, 2014 to shareholders of record at the close of business on November 10, 2014. This offering is expected to close on or prior to such record date, and therefore purchasers of shares in this offering that take delivery of such shares on the closing date and continue to hold the shares as of the close of business on November 10, 2014 will be entitled to receive this dividend on November 13, 2014.

The declaration and payment of any future dividends will be subject to a decision of our Board of Directors. Our Board of Directors will take into account such matters as the state of the capital markets and general business conditions, our financial condition, results of operations, capital requirements, capital opportunities and any contractual, legal and regulatory restrictions on the payment of dividends by us to our shareholders or by our subsidiaries to us, and any other factors that it deems relevant. In particular, each of our businesses and investments has debt commitments and restrictive covenants, which must be satisfied before any of them can make distributions to our Company. Although historically we have declared cash dividends on our shares, any or all of these factors could result in the modification of our dividend policy, or the reduction, modification or elimination of our dividend in the future.

## **Our Manager**

We are managed externally by Macquarie Infrastructure Management (USA) Inc., our Manager. Our Manager is a member of the Macquarie Group, a diversified international provider of financial, advisory and investment services. The Macquarie Group is headquartered in Sydney, Australia and is a global leader in management of infrastructure investment vehicles on behalf of third-party investors and advising on the acquisition, disposition and financing of infrastructure assets.

We have entered into a management services agreement with our Manager. Our Manager is responsible for our day-to-day operations and oversees the management teams of our operating businesses. At the holding company level, we do not have any employees. Our Manager has assigned, or seconded to us, two of its employees to serve as our chief executive officer and chief financial officer and seconds or makes other personnel available as required. In addition, our Manager has appointed the chairman of our Board of Directors and an alternate, subject to minimum equity ownership. The services performed for us by our Manager are provided at our Manager's expense, and include the compensation of our seconded personnel.

We pay our Manager a monthly base management fee based primarily on our market capitalization. Our Manager can also earn a performance fee if the quarterly total return to shareholders (capital appreciation plus dividends) exceeds the quarterly total return of a U.S. utilities index. For our Manager to earn the performance fee, our quarterly total returns must be positive and in excess of any prior underperformance. If payable, the performance fee is equal to 20% of the difference between the benchmark return and the return for our shareholders, in excess of any prior underperformance. Our Manager may, in its sole discretion, choose to receive its base management and/or performance fees, if applicable, in cash or to reinvest such fees in additional shares. The default election is for our Manager to reinvest fees in shares, and any election to do otherwise would be prospective to the actual determination of the price at which reinvestment would occur. The price for such shares is calculated based on the volume weighted average trading price of our shares over a specified period of time up to a maximum share price that is equal to double the closing share price of our shares on the last day of the election window. Over the period commencing in January 2014 and through September 2014, our Manager has become entitled to base management fees of \$32.4 million and performance fees of \$121.5 million. Consistent with the management services agreement, our Manager has elected to reinvest all of the base management fees and performance fees, to which it has become entitled, in additional shares of

our Company. However, for the third quarter of 2014, the Board of Directors requested, and our Manager agreed, that \$65.0 million of the performance fee be settled in cash using the proceeds from the sale of the district energy business in order to minimize dilution.

We believe that Macquarie Group's demonstrated expertise and experience in the management, acquisition and funding of infrastructure businesses provide us with an advantage in pursuing our strategy. Our Manager is part of the Macquarie Funds Group, the asset management division of Macquarie globally. Macquarie-managed entities own, operate and/or invest in a global portfolio of approximately 110 businesses

S-2

---

## TABLE OF CONTENTS

including toll roads, airports and airport-related infrastructure, bulk liquid terminals, ports, communications, electricity and gas distribution networks, water utilities, renewable energy generation, rail and ferry assets across 25 countries.

## **Industry Overview**

Infrastructure businesses characteristically:

- Own long-lived, high-value physical assets that are difficult to replicate or substitute around;
- Benefit from consistent, relatively inelastic demand for their services;
- Are scalable, such that relatively small amounts of growth can generate significant increases in earnings before interest, taxes, depreciation and amortization, or EBITDA;
- Provide basic, often essential services;
- Require predictable maintenance capital expenditures; and
- Hold strong competitive positions, largely due to high barriers to entry, including:
  - high initial development and construction costs;
  - difficulty in obtaining suitable land on which to operate the business;
  - long-term concessions or leases and customer contracts; and
  - lack of cost-effective alternatives to customers in the foreseeable future.

In addition to the benefits associated with these characteristics, the revenues generated by infrastructure businesses generally can be expected to keep pace with inflation. The price escalators built into many customer contracts, and the inflation and cost pass-through adjustments typically a part of pricing terms in user pays businesses or provided for by the regulatory process to regulated businesses, serve to insulate infrastructure businesses to a significant degree from the negative effects of inflation and commodity price risk.

## **Our Business Strategy**

We focus on the ownership and operation of infrastructure businesses in the following categories:

those with revenues derived from per-use or rental charges in medium-term contracts (three to five years), such as at IMTT, or in our CP&E segment where a majority of the revenues are derived from contracted (currently 20–25 years) power purchase agreements, or PPAs, with creditworthy third parties, typically local and regional utilities, or other long-dated contracts with businesses and governmental entities;

those with regulated revenue such as the utility operations of Hawaii Gas; and

those with long-dated concessions, such as Atlantic Aviation, where revenue is a function of the number of aircraft that use the services of our fixed base operations, or FBOs.

There are four principal components to our corporate strategy:

We intend to function as a dividend growth-oriented owner and operator of a diversified portfolio of infrastructure businesses. We define infrastructure businesses as those having high value, long-lived physical assets, preferred positions in their respective markets, or revenues that are principally a function of contract/regulation.

We intend to drive performance improvement in the businesses we own and those in which we have invested primarily along these dimensions:

- environmental, social and governance;
- gross profit growth, including through the execution of growth projects;

S-3

## TABLE OF CONTENTS

expense and tax management; and  
capital structure optimization.

3. We intend to deploy internally generated capital and available debt capital in a prudent balance between quarterly cash dividends to our shareholders and investments in the growth of existing businesses.

We intend, when it is economically sensible to do so, to grow through the acquisition of infrastructure businesses in the sub-sectors in which we currently participate, or adjacent sub-sectors that will complement and enhance our existing portfolio. We have and will continue to focus on businesses within which we can identify opportunities for performance improvement, the ability to deploy growth capital at attractive rates of return and where such acquisitions would be accretive to our yield at the time.

We sometimes employ interest rate hedging contracts in connection with our businesses floating rate debt to effectively fix our interest expense and reduce variability in cash flows resulting from changes in interest rates.

We have elected to treat MIC as a corporation for federal tax purposes. As a result, all investor tax reporting regarding dividends and/or return of capital will be provided on Form 1099.

Our businesses and investments, along with the industries in which they operate and their strategies, are discussed below.

## **IMTT**

### **IMTT Business Overview**

IMTT provides bulk liquid terminal and handling services in North America through ten terminals located on the East, West, Gulf Coasts and the Great Lakes region of the U.S. and partially owned terminals in Quebec and Newfoundland, Canada. IMTT derives the majority of its revenue from storage and handling of petroleum products, various chemicals, renewable fuels and vegetable and animal oils. Based on storage capacity, IMTT is one of the largest third-party bulk liquid terminals businesses in the U.S.

IMTT also owns OMI Environmental Solutions, or OMI, an environmental emergency response, industrial services, waste transportation and disposal business. OMI has a network of facilities along the U.S. Gulf Coast between Houston and New Orleans. These facilities primarily service the Gulf region, but also respond to spill events and provide services as needed throughout the U.S. and internationally.

On July 16, 2014, we completed the IMTT Acquisition. See Recent Developments IMTT Acquisition.

### **Industry Overview**

Bulk liquid terminals provide an important link in the supply chain for liquid commodities such as crude oil, refined petroleum products and commodity and specialty chemicals. In addition to renting storage tanks, dock access and intra-modal transportation access, bulk liquid terminals generate revenues by offering ancillary services including product transfer (throughput), heating and blending. Pricing for storage and other services typically reflects local supply and demand as well as the specific attributes of each terminal including access to deepwater berths and connections to land-based infrastructure such as roads, pipelines and rail.

Both domestic and international factors influence demand for bulk liquid terminals in the U.S. Demand for storage rises and falls according to local and regional consumption. In addition to these domestic forces, import and export

activity also accounts for a material portion of the business. Shippers require storage for the staging, aggregation and/or distribution of products before and after shipment. The extent of import/export activity depends on macroeconomic trends such as currency fluctuations as well as industry-specific conditions, such as supply and demand balances in different geographic regions. The medium-term length of storage contracts tends to offset short-term fluctuations in demand for storage in both the domestic and import/export markets.

S-4

---

## TABLE OF CONTENTS

Potential entrants into the bulk liquid terminals business face several barriers. Strict environmental regulations, availability of waterfront land with the necessary access to land-based infrastructure, local community resistance to new fuel/chemical sites, and high initial investment costs limit the construction of new bulk liquid terminal facilities. These deterrents are most formidable around waterways near major urban centers. As a consequence, new tanks are generally built where existing docks, pipelines and other infrastructure can support them, resulting in higher returns on invested capital compared with greenfield developments. However, restrictions on land use, difficulties in securing environmental permits, and the potential for operational bottlenecks due to infrastructure constraints may limit the ability of existing terminals to expand the storage capacity of their facilities.

## **IMTT Strategy**

The key components of IMTT's strategy are:

1. to drive growth in revenue and cash flows by attracting and retaining customers who place a premium on flexibility, speed and efficiency in bulk liquid terminals;
2. to develop existing locations, especially in the Lower Mississippi River, by constructing new tanks, docks, rail offloading capacity, pipelines or other logistics infrastructure when such construction is supported by customer demand and the returns are attractive; and
3. to improve business processes and systems generally, with particular focus on financial planning and analysis capabilities.

We believe that IMTT possesses a number of competitive strengths that increase the likelihood that this strategy would be successful, including:

Operational flexibility is fundamental to making IMTT an attractive supplier of bulk liquid terminal services in its key markets. Its facilities operate 24/7 providing shippers, refiners, manufacturers, traders and distributors with prompt access to a wide range of storage services. In each of its two key markets, IMTT's scale ensures availability of sophisticated product handling and storage capabilities. IMTT continues to improve its facilities' speed and flexibility of operations by investing in upgrades of its docks, pipelines and pumping infrastructure and facility management systems.

A portion of IMTT's strategic advantage derives from its particular location within its key markets. For example, IMTT is the only bulk liquid storage terminal in New York Harbor with docks capable of handling vessels with draft of 45 feet.

IMTT has room to grow. In each of its two key markets, IMTT owns land on which additional storage capacity could be constructed. To the extent that demand warrants and such capacity can be developed, generally under contract, rather than speculatively, and on economically sensible terms, we believe that IMTT is well-positioned to continue to increase its aggregate storage or infrastructure capacity. The pipeline of investment opportunities, including development of both additional capacity and ancillary services, is strong, particularly as a result of the resurgence in petrochemicals processing manufacturing and the unconventional oil production currently being experienced in the United States. Since our investment in IMTT, in May of 2006 through September 30, 2014, IMTT has completed approximately \$845.0 million of growth capital expenditure projects.

Prior to the IMTT Acquisition, we accounted for the investment in IMTT under the equity method of accounting. As of the closing date, we consolidated IMTT in our financial statements. The IMTT Acquisition resulted in all assets and liabilities of IMTT being recorded at fair value, including our previous 50% interest in IMTT. This resulted in a pre-tax gain for the quarter ended September 30, 2014 of \$948.1 million in our consolidated condensed statements of operations.

## **Hawaii Gas**

### **Hawaii Gas Business Overview**

Hawaii Gas is Hawaii's only government franchised full-service gas company, processing and distributing gas products and providing related services throughout the state. The market includes Hawaii's approximately

S-5

---

## TABLE OF CONTENTS

1.4 million residents and approximately 8.2 million visitors in 2013. Hawaii Gas processes and distributes synthetic natural gas, or SNG, for its utility customers on Oahu, and distributes Liquefied Petroleum Gas, or LPG, to utility and non-utility customers throughout the state's six major islands.

Hawaii Gas has two primary businesses, utility (or regulated) and non-utility (or unregulated):

The utility business serves approximately 35,000 customers through localized pipeline distribution systems located on the islands of Oahu, Hawaii, Maui, Kauai, Molokai and Lanai, or the major islands. Approximately 90% of these customers are on Oahu. The utility business includes the processing, distribution and sale of SNG on the island of Oahu and distribution and sale of LPG on all of the islands mentioned above. Utility revenue consists principally of sales of SNG and LPG. The operating costs for the utility business include the cost of feedstock, the cost of processing SNG from the feedstock, LPG purchase costs and the cost of distributing SNG and LPG to customers. The non-utility business sells and distributes LPG to approximately 33,000 customers. LPG is delivered by truck to individual tanks located on customer sites on the major islands. Non-utility revenue is generated primarily from the sale of LPG delivered to customers. The operating costs for the non-utility business include the cost of purchased LPG and the cost of distributing the LPG to customers.

Hawaii Gas's two primary products, SNG and LPG, are relatively clean-burning fuels that produce lower levels of carbon emissions than other hydrocarbon fuels such as coal or oil. This is particularly important in Hawaii where heightened public awareness of the environmental impact of using hydrocarbon fuels such as coal or oil makes lower emission fuels attractive to customers.

SNG and LPG have a wide number of commercial and residential applications including water heating, drying, cooking, emergency power generation and decorative lighting, such as tiki torches. LPG is also used as a fuel for specialty vehicles such as forklifts. Gas customers include residential customers and a wide variety of commercial, hospitality, military, public sector and wholesale customers.

Hawaii Gas continues to move forward with initiatives that will allow it to use Liquefied Natural Gas, or LNG, as an additional fuel option to serve its customers. In March of 2014, Hawaii Gas received approval from the Hawaii Public Utilities Commission, or HPUC, to transport containerized LNG from the U.S. mainland to Hawaii for use as a back-up fuel for its SNG system in Oahu. Hawaii Gas is currently the only company with regulatory approval to land and utilize LNG in Hawaii. Hawaii Gas received its first shipment of LNG in April 2014 and successfully re-gasified and injected the product into its utility pipeline network. In October 2014, Hawaii Gas filed an application with the HPUC indicating its intent to spend approximately \$12.8 million in its utility business for a smaller-scale containerized LNG import project to provide natural gas as a replacement for up to 30% of SNG gas demand. If approved, regular LNG deliveries are expected to commence by late 2015.

## **Hawaii Gas Strategy**

Hawaii Gas's long-term strategy has four primary components:

to lower the cost of energy in Hawaii in an environmentally sustainable manner. To accomplish this goal, the business has developed plans for LNG and renewable natural gas, or RNG, transportation, storage and regasification infrastructure to supply its own needs, as well as demand from the transportation, power generation and other sectors. The business is in ongoing discussions and negotiations with relevant government, regulatory and commercial stakeholders as it believes the combination of LNG and RNG can substantially lower Hawaii's energy costs and support economic growth while reducing carbon emissions;

S-6

## TABLE OF CONTENTS

- to diversify its sources of existing supply, including SNG feedstock and LPG, to ensure reliable supply and to mitigate the impact of potential cost increases to its customers. In support of this, the business has added storage
2. capacity that is expected to improve its purchasing competitiveness and flexibility. Hawaii Gas is also exploring other clean and renewable energy alternatives including LNG and RNG that could be distributed using its existing infrastructure;
  3. to increase and diversify its customer base. To accomplish this goal, the business intends to increase penetration of the residential, government (primarily military) and tourism-related markets and to expand its business as a wholesale supplier of gas for power generation. The business also intends to promote the value of its products and services and their attractiveness as a cleaner alternative to other energy sources in Hawaii; and
  4. to maintain good relationships with regulators, government agencies, customers and the other communities it serves.

## **Atlantic Aviation**

### **Atlantic Aviation Business Overview**

Atlantic Aviation operates FBOs at 68 airports in the United States. Atlantic Aviation's FBOs provide fueling and fuel-related offerings, aircraft parking and hangar space to owners/operators of jet aircraft, primarily in the general aviation sector of the air transportation industry, but also to commercial, military, freight and government aviation customers.

On April 30, 2014, Atlantic Aviation completed the acquisition of the assets and liabilities of Galaxy Aviation and Boca Aviation. These acquisitions included substantially all of the assets of six FBOs and one new hangar then under construction at one of the six airports on which the FBOs operate. The acquisitions have expanded the business footprint of Atlantic Aviation into Florida.

### **Industry Overview**

FBOs service primarily the general aviation segment of the air transportation industry. General aviation includes corporate and leisure flying and does not include commercial air carriers or military operations. Local airport authorities, the owners of the airport properties, grant FBO operators the right to provide fueling and other offerings pursuant to long-term ground leases. Fuel sales provide the majority of an FBO's revenue and gross profit.

FBOs generally operate in environments with high barriers to entry. Airports often have limited physical space for additional FBOs. Government approvals and design and construction of a new FBO can also take significant time and require significant capital expenditures. Furthermore, airports typically impose minimum standards with respect to the experience of the FBO operator as well as the capital investment made by the FBO operator and breadth of services provided.

Demand for FBO offerings is driven by the level of general aviation flight activity. Atlantic Aviation measures general aviation activity level by the number of take-offs and landings in a given period. General aviation business jet take-offs and landings increased by 3.7% in the first nine months of 2014 compared with the same period during 2013 according to flight data reported by the Federal Aviation Administration, or FAA. Because Atlantic Aviation operates at a subset of the airports surveyed by the FAA, the correlation between Atlantic Aviation's performance and the industry data will not be perfect. In the first nine months of 2014, flight activity at airports where Atlantic Aviation operated increased by 3.7% compared with the same period during 2013. Nonetheless, the business believes the FAA data is useful in assessing trends in the general aviation sector at a high level. The business also believes general aviation flight activity will continue to expand along with increased economic activity in the U.S.

## TABLE OF CONTENTS

# Atlantic Aviation Strategy

Atlantic Aviation is pursuing a strategy that has five principal components. These are:

1. to make Atlantic Aviation the preferred FBO provider at all of the airports that it operates by providing the best service and safety in the industry;
2. to aggressively manage the business so as to optimize its operating expenses;
3. to organically grow the business and leverage the size of the Atlantic Aviation network and its information technology capabilities to identify marketing and cross-selling opportunities;
4. to effectively deploy capital in equipment and leasehold improvements in support of the Atlantic Aviation brand; and
5. to optimize the portfolio of FBOs through selective site acquisitions, divestitures and lease extensions.

We believe that Atlantic Aviation is well positioned to successfully execute the strategy outlined above based in part on the skill and experience of its management team and its good reputation in the general aviation services industry.

## CP&E

### CP&E Segment Overview

The CP&E segment consists of controlling interests in five utility-scale solar photovoltaic, or solar PV, power generation facilities and one contracted wind power generation facility in the southwest U.S. These facilities have an aggregate generating capacity of 77 megawatts of wholesale electricity to utilities. We also have a 10% equity method investment in a wind power generation facility in Idaho, which has a generating capacity of 183 megawatts of electricity.

The CP&E facilities sell the electricity generated by its facilities to off-takers, including local utilities and the military under long-dated PPAs, typically of 20 – 25 years. The PPAs have volume based charges, some of which have fixed or CPI-linked escalators. We own each project in a common limited liability company structure with a co-investor who can utilize the tax benefits of the solar projects. The co-investor receives tax benefits disproportionate to its investment during the early years of the project and typically contributes significantly more capital at acquisition than MIC. MIC receives cash distributions disproportionate to its investment in these early years.

On July 3, 2014, we completed the acquisition of a 20 megawatt wind power generating facility located in eastern New Mexico for \$10.1 million. The facility commenced operations in February 2014 and all power generated is being sold to a local utility. The acquisition has been accounted for as a business combination and is part of our CP&E segment.

On August 1, 2014, we completed the acquisition of a holding entity which owns a 10% equity interest in a 183 megawatt wind power generation facility located in Idaho for \$11.5 million through an LLC agreement with a co-investor. The facility commenced operation in February of 2011 and all power generated is being sold to a local utility. The 10% equity interest has been accounted for under the equity method of accounting and is part of our CP&E segment.

On August 21, 2014, we completed the sale of the district energy business that had been a part of our CP&E segment for approximately \$270.0 million. We previously held a 50.01% controlling interest in the business. As a result of the sale of the district energy business, we deconsolidated this business from our consolidated financial statements

effective August 21, 2014. We recorded a pre-tax gain of \$78.9 million in gain from acquisition/divestiture of businesses, which has been reflected in our consolidated condensed statement of operations for the third quarter of 2014.

## **Industry Overview**

Solar PV facilities utilize arrays of solar panels often spanning hundreds of acres to convert energy from sunlight into electricity. The electricity is conditioned and fed directly into the regional electric grid. These technologies generally produce predictable amounts of electricity.

S-8

---

## TABLE OF CONTENTS

Demand for utility scale solar-based power is being driven in part by Renewable Portfolio Standards, or RPS. RPS are regulatory mandates that aim to create demand for renewable-based electricity by obligating utilities, retailers or other load-serving entities to provide a specific portion of their capacity from qualifying renewable technologies such as solar PV. Developers of solar PV opportunities range from individual land developers to large utilities and municipalities.

Utility-scale wind power generation involves the construction of many wind turbines (windmills) in close proximity forming a wind farm. On these wind farms, the wind turbines harness the kinetic energy in wind to create electricity. As with solar PV projects, the power generated by wind facilities is conditioned and fed into the regional electric grid. Wind farms are built in geographical areas that are conducive to consistent prevailing winds.

## **CP&E Strategy**

Businesses within the CP&E segment generate a cash flow stream through a combination of long-term contracted revenues and quantifiable capital requirements. Through our CP&E segment, we hold a portfolio of high-quality assets with predictable cash flow. We are actively looking for opportunities to acquire projects or businesses with similar characteristics, which when aggregated, we believe may generate scale efficiencies.

The strategy behind our CP&E segment includes the following components:

1. to deploy capital in the acquisition of small and medium scale CP&E facilities, such as solar power generation, where the opportunity to generate attractive risk-adjusted returns exists; and
2. to achieve expense (scale) efficiencies across our CP&E portfolio.

We believe that CP&E's successful execution of this strategy will contribute to the continued generation of revenue and cash flows as a result of the long-term contractual relationships with its customers and the management team's ability to improve the operating performance of the business.

## **Recent Developments**

### **IMTT Acquisition**

On July 16, 2014, we acquired the remaining 50% interest of IMTT for a purchase price of \$1.029 billion, consisting of \$913.6 million in cash and \$115.0 million in our shares, excluding transaction costs. We funded the cash consideration for the acquisition using a portion of the proceeds from public offerings of 11,500,000 new shares and \$350.0 million aggregate principal amount of convertible senior notes and with the issuance of 1,729,323 of our shares to the selling shareholder. In connection with such issuance, we also entered into a registration rights agreement with the selling shareholder, which we refer to as the Registration Rights Agreement. This prospectus supplement relates to resales by the selling shareholder of a portion of the shares pursuant to the Registration Rights Agreement.

See Selling Shareholder. We refer to the IMTT Acquisition and the related equity and convertible senior notes offerings and use of proceeds therefrom, collectively, as the Transactions.

### **New Senior Secured Revolving Credit Facility**

In July of 2014, we entered into a senior secured revolving credit facility with a syndicate of banks. The senior secured revolving credit facility provides for a five-year, \$250.0 million senior secured first lien revolving credit facility that bears interest at LIBOR plus 1.75%. This facility is guaranteed by Macquarie Infrastructure Company Inc., a direct wholly-owned subsidiary of the Company. At October 29, 2014, the senior secured revolving credit

facility remained undrawn. Along with undrawn amounts on facilities at our businesses and other liquid resources, drawings on the revolving credit facility are available to fund growth projects and acquisitions by our existing businesses.

TABLE OF CONTENTS

## THE OFFERING

Issuer	Macquarie Infrastructure Company LLC.
Selling shareholder	The Voting Trust of IMTT Holdings Inc. See Selling Shareholder.
Shares offered by the selling shareholder	1,296,992 shares.
Shares outstanding before and after this offering	70,949,977 shares. <sup>(1)</sup>
Use of proceeds	We will not receive any proceeds from the sale of shares by the selling shareholder.
Exchange listing	Our shares are listed on the NYSE under the symbol MIC.
Risk factors	An investment in our shares is subject to risks. Please refer to Risk Factors, Forward-Looking Statements and other information included in or incorporated by reference into this prospectus supplement and the accompanying prospectus for a discussion of factors you should carefully consider before investing in our shares.
Transfer agent	Computershare Investor Services, LLC.

The number of shares outstanding before and after the offering is based on shares outstanding as of October 28, (1)2014 and excludes (i) 12,525 shares issuable upon vesting of the same number of outstanding restricted stock units and (ii) 995,996 shares reserved for issuance under our Direct Stock Purchase Program.

TABLE OF CONTENTS

# **SUMMARY CONSOLIDATED HISTORICAL AND UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL DATA**

The following tables set forth a summary of our consolidated historical and unaudited pro forma consolidated financial data as at and for the periods presented. The summary consolidated historical financial data set forth below includes the results of operations and balance sheet data for the nine months ended September 30, 2014 and 2013 and years ended December 31, 2013, 2012 and 2011 for our consolidated group, with the results of businesses acquired during those years being included from the date of each acquisition. The summary financial data for the nine months ended September 30, 2014 and 2013 have been derived from our consolidated condensed financial statements. The summary consolidated historical financial data for each of the three years in the period ended December 31, 2013 have been derived from our consolidated financial statements, which financial statements have been audited by KPMG LLP.

The unaudited pro forma consolidated statements of operations data set forth below gives effect to the Transactions as if they had occurred as of January 1, 2013. The pro forma adjustments give effect to the Transactions based upon the acquisition method of accounting in accordance with United States Generally Accepted Accounting Principles, or GAAP, and upon the assumptions set forth in the notes to the unaudited pro forma consolidated statements of operations incorporated by reference herein. The unaudited pro forma consolidated statements of operations data is presented for illustrative purposes only and is not necessarily indicative of the financial condition or results of operations of future periods or the financial condition or results of operations that actually would have been realized had we and IMTT been consolidated during the periods presented. The pro forma adjustments are based on management's estimates of the fair value and useful lives of the assets acquired and liabilities assumed and have been prepared to illustrate the estimated effect of the acquisition and certain other adjustments and based on certain assumptions as explained in more detail in the notes to the unaudited pro forma consolidated statements of operations incorporated by reference herein.

The information below should be read in conjunction with (i) our consolidated financial statements (and notes thereon), (ii) the consolidated financial statements (and notes thereto) of IMTT Holdings Inc. and Subsidiaries for the years ended December 31, 2013, 2012 and 2011 contained in our Current Report on Form 8-K filed with the SEC on July 7, 2014, (iii) the consolidated condensed financial statements (and notes thereto) of IMTT Holdings Inc. and Subsidiaries for the six month period ended June 30, 2014 and 2013 contained in our Current Report on Form 8-K filed with the SEC on October 31, 2014, (iv) the unaudited pro forma combined consolidated statements of operations (and notes thereon) for the nine months ended September 30, 2014 and for the year ended December 31, 2013 contained in our Current Report on Form 8-K filed with the SEC on October 31, 2014, and (v) Management's Discussion and Analysis of Financial Condition and Results of Operations in Part II, Item 7 in our Annual Report on Form 10-K for the year ended December 31, 2013 and Part I, Item 1 of our Quarterly Report on Form 10-Q for the nine months ended September 30, 2014, each incorporated by reference herein.

TABLE OF CONTENTS

## RISK FACTORS

*An investment in our shares involves a number of risks. We urge you to carefully consider the risk factors described below and those included in the accompanying prospectus and in the documents incorporated herein and therein by reference, including our Quarterly Report on Form 10-Q for the quarter ended September 30, 2014 and our Annual Report on Form 10-K for the fiscal year ended December 31, 2013 as well as other information, before reaching a decision regarding an investment in our shares. For risks related to our business operations, see Risk Factors Risks Related to our Business Operations in our Annual Report on Form 10-K for the fiscal year ended December 31, 2013 and our Quarterly Report on Form 10-Q for the quarter ended September 30, 2014. The risks described below and referenced above are not the only risks we face. Additional risks not presently known to us or that we currently deem immaterial may also impair our business operations. If any of the risks described herein or cross-referenced above were to materialize, our business, results of operations, cash flow, financial condition and prospects could be materially and adversely affected. In that case, our ability to pay dividends to our shareholders may be reduced, the trading price of our shares could decline and you could lose all or part of your investment. You should consult your own financial and legal advisors before making an investment in our shares.*

### **Risks Related to Ownership of Our Shares**

**Our reported Earnings per Share, or EPS, as defined under GAAP, do not reflect the cash generated by our businesses and investments and may result in unfavorable comparisons with other businesses for which EPS is a useful component in valuation.**

Our businesses and investments own and invest in high-value, long-lived assets that generate large amounts of depreciation and amortization. Depreciation and amortization are non-cash expenses that serve to reduce reported EPS. As a result, our financial performance may appear to be substantially worse compared with businesses whose earnings do not reflect the effects of depreciation and amortization (or other non-cash items). To the extent that our results appear to be worse, we may have relatively greater difficulty attracting investors in our stock.

**Our total assets include a substantial amount of goodwill and intangible assets. The write-off of a significant portion of intangible assets would negatively affect our reported earnings.**

Our total assets reflect a substantial amount of goodwill and other intangible assets. At September 30, 2014 and December 31, 2013, goodwill and other intangible assets, net, represented approximately 44.2% and 44.3%, respectively, of total assets. Goodwill and other intangible assets were primarily recognized as a result of the acquisitions of our businesses and investments. Other intangible assets consist primarily of airport operating rights, customer relationships and trade names. On at least an annual basis, we assess whether there has been any impairment in the value of goodwill and assess for impairment of other intangible assets with indefinite lives when there are triggering events or circumstances. If the carrying value of the tested asset exceeds its estimated fair value, impairment is deemed to have occurred. In this event, the amount is written down to fair value. Under current accounting rules, this would result in a charge to reported earnings. We have recognized significant impairments in the past, and any future determination requiring the write-off of a significant portion of goodwill or other intangible assets would negatively affect our reported earnings and total capitalization, and could be material.

**Our total assets include a substantial amount of goodwill, intangible assets and fixed assets. The depreciation and amortization of these assets may negatively impact our reported earnings.**

The high level of intangible and physical assets written up to fair value upon acquisition of our businesses generates substantial amounts of depreciation and amortization. These non-cash items serve to lower net income as reported in our consolidated statement of operations as well as, in certain instances, our taxable income. The generation of net losses or relatively small net income may contribute to a net operating loss, or NOL, carryforward that can be used to offset current taxable income in future periods. However, the continued reporting of little or negative net income may adversely affect the attractiveness of us among some potential investors and may reduce the market for our shares.

S-14

---

TABLE OF CONTENTS

**Our complex structure and financial reporting may make it difficult for some investors to value our shares.**

We are a limited liability company structured as a non-operating holding company of several operating businesses. We have elected to be treated as a corporation for U.S. federal income tax purposes. Our consolidated U.S. federal income tax group is comprised of two of our operating businesses and our allocated share of the taxable income from CP&E, which is treated as a series of partnerships for U.S. federal income tax purposes. These and other factors may make it difficult for some potential investors, particularly those without a moderate level of financial acumen, to accurately assess the value of our shares and may adversely impact the market for our shares. As of the closing date of the IMTT Acquisition, IMTT is part of our U.S. federal income tax group.

**Certain provisions of the management services agreement and our operating agreement make it difficult for third parties to acquire control of us and could deprive investors of the opportunity to obtain a takeover premium for their shares.**

In addition to the limited circumstances in which our Manager can be terminated under the terms of the management services agreement, the management services agreement provides that in circumstances where the stock ceases to be listed on a recognized U.S. exchange as a result of the acquisition of stock by third parties in an amount that results in the stock ceasing to meet the distribution and trading criteria on such exchange or market, our Manager has the option to either propose an alternate fee structure and remain our Manager or resign, terminate the management services agreement upon 30 days' written notice and be paid a substantial termination fee. The termination fee payable on our Manager's exercise of its right to resign as our Manager subsequent to a delisting of our shares could delay or prevent a change in control that may favor our shareholders. Furthermore, in the event of such a delisting, any proceeds from the sale, lease or exchange of a significant amount of assets must be reinvested in new assets of our Company, subject to debt repayment obligations. We would also be prohibited from incurring any new indebtedness or engaging in any transactions with our shareholders or our affiliates without the prior written approval of our Manager. These provisions could deprive shareholders of opportunities to realize a premium on the shares owned by them.

Our operating agreement, which we refer to as the LLC agreement, contains a number of provisions that could have the effect of making it more difficult for a third-party to acquire, or discouraging a third-party from acquiring, control of us. These provisions include:

restrictions on our ability to enter into certain transactions with our major shareholders, with the exception of our Manager, modeled on the limitation contained in Section 203 of the Delaware General Corporation Law;

allowing only our Board of Directors to fill vacancies, including newly created directorships and requiring that directors may be removed only for cause and by a shareholder vote of 66 2/3%;

requiring that only our chairman or Board of Directors may call a special meeting of our shareholders;

prohibiting shareholders from taking any action by written consent;

establishing advance notice requirements for nominations of candidates for election to our Board of Directors or for proposing matters that can be acted upon by our shareholders at a shareholders' meeting;

having a substantial number of additional shares authorized but unissued;

providing our Board of Directors with broad authority to amend the LLC agreement; and

requiring that any person who is the beneficial owner of 15% or more of our shares make a number of representations to the City of Chicago in its standard form of EDS, the current form of which is included in the LLC agreement.

TABLE OF CONTENTS

**Our Manager owns a significant portion of our shares outstanding. A sale of all or a portion of the shares owned by our Manager could be interpreted by the equity markets as a lack of confidence in our prospects.**

Our Manager, in its sole discretion, determines whether to reinvest base and performance fees in shares and whether to hold or sell those securities. Reinvestment of base and performance fees in additional shares would increase our Manager's ownership stake in our Company. As of October 31, 2014, our Manager owned 6.4% of our outstanding shares (including shares issued to our Manager upon its reinvestment of its base management fees earned for September 2014, and a portion of the performance fee earned for the quarter ended September 30, 2014). If our Manager decides, for reasons other than our performance and prospects, to reduce its position in our Company, such sales may be interpreted by some market participants as a lack of confidence in our Company and put downward pressure on the market price of our shares.

**Our Manager's decision to reinvest its monthly base management fees and quarterly performance fees, as applicable, in our shares or retain the cash will affect holders of our shares differently.**

For the nine months ended September 30, 2014, and the year ended December 31, 2013, our Manager earned base management fees of \$32.4 million and \$32.0 million, respectively, and performance fees of \$121.5 million and \$53.4 million, respectively. These fees are based on our market capitalization and performance and maybe higher or lower than these levels in the future. Our Manager, in its sole discretion, may elect to retain base management fees and performance fees, if applicable, paid in cash or to reinvest such payments in additional shares. In the event our Manager chooses not to reinvest the fees to which it is entitled in additional shares, the amount paid will reduce the cash that may otherwise be distributed as a dividend to all shareholders or used in our operations. In the event our Manager chooses to reinvest the fees to which it is entitled in additional shares, effectively returning the cash to us, such reinvestment will dilute existing shareholders by the increase in the percentage of shares owned by our Manager.

Either option may adversely impact the market for our shares.

Consistent with the management services agreement, our Manager has elected to reinvest all of the base management fees and performance fees, to which it has become entitled, in additional shares of our Company. However, for the third quarter of 2014, the Board of Directors requested, and our Manager agreed, that \$65.0 million of the performance fee be settled in cash using the proceeds from the sale of the district energy business in order to minimize dilution. Generally, our Manager has elected in the past to reinvest its fees in our shares, and can only change this election during an 18-trading day window following our earnings release or as otherwise agreed with us.

Our reported EBITDA excluding non-cash items and Free Cash Flow will be lower if our Manager elects to retain base management and/or performance fees in cash as compared with its election to reinvest such base management and/or performance fees in additional shares. The amount by which these items are lower could be material. See Management's Discussion and Analysis of Financial Condition and Results of Operations—Results of Operations in Part II, Item 7 of our Annual Report on Form 10-K for the fiscal year ended December 31, 2013, and Management's Discussion and Analysis of Financial Condition and Results of Operations in Part I of our Quarterly Report on Form 10-Q for the quarter ended September 30, 2014, for further information on how we calculate these items and what management uses these items for.

**Our Manager can resign with 90 days notice, or our CEO or CFO could be removed, and we may not be able to find a suitable replacement within that time, resulting in a disruption in our operations, which could adversely affect our financial results and negatively impact the market price of our shares.**

Our Manager has the right, under the management services agreement, to resign at any time with 90 days notice, whether we have found a replacement or not. The resignation of our Manager will trigger mandatory repayment obligations under debt facilities at certain of our operating companies. In addition, our Manager could re-assign or remove the CEO and/or the CFO from their positions and responsibilities at our Company without our Board of Directors approval and with little or no notice. If our Manager resigns or our CEO or CFO are removed, we may not be able to find a new external manager or hire internal management with similar expertise within 90 days to provide the same or equivalent services on acceptable terms, or at all. If we are unable to do so quickly, our operations are likely to experience a disruption, our financial results could be adversely affected, perhaps materially, and the market price of our shares may decline substantially.

S-16

---

TABLE OF CONTENTS

In addition, the coordination of our internal management, acquisition activities and supervision of our businesses and investments are likely to suffer if we were unable to identify and reach an agreement with a single institution or group of executives having the expertise possessed by our Manager and its affiliates.

Furthermore, if our Manager resigns, we and our subsidiaries will be required to cease use of the Macquarie brand entirely, and change our names to remove any reference to Macquarie. This may cause the value of our Company and the market price of our shares to decline.

**Our Manager's affiliation with Macquarie Group Limited and the Macquarie Group may result in conflicts of interest or a decline in our stock price.**

Our Manager is an affiliate of Macquarie Group Limited and a member of the Macquarie Group. From time to time, we have entered into, and in the future we may enter into, transactions and relationships involving Macquarie Group Limited, its affiliates, or other members of the Macquarie Group. Such transactions have included and may include, among other things, the entry into debt facilities and derivative instruments with members of the Macquarie Group serving as lender or counterparty, and financial advisory or equity advisory services provided to us by the Macquarie Group. See Underwriting in this prospectus supplement.

Although our audit committee, all of the members of which are independent directors, is required to approve of any related party transactions, including those involving members of the Macquarie Group or its affiliates, the relationship of our Manager to the Macquarie Group may result in conflicts of interest.

In addition, as a result of our Manager's being a member of the Macquarie Group, negative market perceptions of Macquarie Group Limited generally or of Macquarie's infrastructure management model, or Macquarie Group statements or actions with respect to other managed vehicles, may affect market perceptions of our Company and cause a decline in the price of our shares unrelated to our financial performance and prospects.

**In the event of the underperformance of our Manager, we may be unable to remove our Manager, which could limit our ability to improve our performance and could adversely affect the market price of our shares.**

Under the terms of the management services agreement, our Manager must significantly underperform in order for the management services agreement to be terminated. Our Board of Directors cannot remove our Manager unless:

our shares underperform a weighted average of two benchmark indices by more than 30% in relative terms and more than 2.5% in absolute terms in 16 out of 20 consecutive quarters prior to and including the most recent full quarter, and the holders of a minimum of 66.67% of the outstanding shares (excluding any shares owned by our Manager or any affiliate of our Manager) vote to remove our Manager;

our Manager materially breaches the terms of the management services agreement and such breach continues unremedied for 60 days after notice;

our Manager acts with gross negligence, willful misconduct, bad faith or reckless disregard of its duties in carrying out its obligations under the management services agreement, or engages in fraudulent or dishonest acts; or our Manager experiences certain bankruptcy events.

Because our Manager's performance is measured by the market performance of our shares relative to a benchmark index, even if the absolute market performance of our shares does not meet expectations, our Board of Directors cannot remove our Manager unless the market performance of our shares also significantly underperforms the

benchmark index. If we were unable to remove our Manager in circumstances where the absolute market performance of our shares does not meet expectations, the market price of our shares could be negatively affected.

S-17

---

In the event of the underperformance of our Manager, we may be unable to remove our Manager, which could limit

TABLE OF CONTENTS

**The market price and marketability of our shares may from time to time be significantly affected by numerous factors beyond our control, which may adversely affect our ability to raise capital through future equity financings.**

The market price of our shares may fluctuate significantly. Many factors that are beyond our control may significantly affect the market price and marketability of our shares and may adversely affect our ability to raise capital through equity financings. These factors include, but are not limited to, the following:

- price and volume fluctuations in the stock markets generally;
- significant volatility in the market price and trading volume of securities of Macquarie Group Limited and/or vehicles managed by the Macquarie Group or branded under the Macquarie name or logo;
- significant volatility in the market price and trading volume of securities of registered investment companies, business development companies or companies in our sectors, which may not be related to the operating performance of these companies;
- changes in our earnings or variations in operating results;
- any shortfall in EBITDA excluding non-cash items or Free Cash Flow from levels expected by securities analysts;
- changes in regulatory policies or tax law;
- operating performance of companies comparable to us; and
- loss of funding sources.

## **Risks Related to Taxation**

**We have significant NOL carryforwards that may be fully utilized over the next several years thereby subjecting us to payment of substantial U.S. federal income taxes and reducing our distributable Free Cash Flow.**

As a result of the IMTT Acquisition, we may fully utilize our existing NOLs before the end of 2016. Once our NOLs are fully utilized, we may be subject to U.S. federal income taxes in consolidation and any liability could be material. Any liability will reduce distributable Free Cash Flow and could prevent the growth or reduce the rate of growth of our dividends.

**The current treatment of qualified dividend income and long-term capital gains under current U.S. federal income tax law may be adversely affected, changed or repealed in the future.**

Under current law, qualified dividend income and long-term capital gains are taxed to non-corporate investors at a maximum U.S. federal income tax rate of 20%. This tax treatment may be adversely affected, changed or repealed by future changes in tax laws at any time. In addition, certain holders that are individuals, estates or trusts are subject to a 3.8% surtax on all or a portion of their net investment income, which may include all or a portion of their dividend income and gains from the disposition of our shares. This may affect market perceptions of our Company and the market price of our shares could be negatively affected.

**Our ability to use our NOL carryforwards to offset future taxable income may be subject to certain limitations.**

The market price and marketability of our shares may from time to time be significantly affected by numerous factors

In general, under Section 382 of the Internal Revenue Code of 1986, as amended, or the Code, a corporation (or other entity taxable as a corporation, such as us) that undergoes an ownership change is subject to limitations on its ability to utilize its pre-change NOLs and certain other tax attributes to offset future taxable income. Generally speaking, an ownership change occurs if the aggregate percentage ownership of the stock of the corporation held by one or more five-percent shareholders (as defined in the Code and the Treasury regulations promulgated thereunder, or the Regulations) increases by more than fifty percentage points over such shareholders' lowest percentage ownership during the testing period, which is generally the three year-period ending on the transaction date. If we undergo an ownership change, our ability to utilize NOLs and certain other tax attributes could be limited.

S-18

---

TABLE OF CONTENTS

**We have significant federal income tax NOLs which may not be realized before they expire.**

We had \$198.6 million in federal NOL carryforwards at December 31, 2013, and we expect to incur a federal consolidated taxable loss for the year ending December 31, 2014, which will increase the federal NOL carryforward. Additionally, our federal consolidated group inherited approximately \$5.5 million of NOL carryforwards when IMTT joined the consolidated group. While we have concluded that all but \$13.3 million of such NOLs as of that date will more likely than not be realized, there can be no assurance that we will utilize the NOLs generated to date or any NOLs we might generate in the future. In addition, we have incurred state NOLs and have provided a valuation allowance against a portion of those. As with our federal NOLs, there is also no assurance that we will utilize those state losses or future losses that maybe generated. Further, the State of Illinois has suspended the use of NOL carryforwards through 2014, similar to the State of California's suspension of an NOL deduction through 2011 for large corporations. There can be no assurance that other states will not suspend the use of NOL carryforwards or that California and Illinois will not extend the suspension of the use of NOL carryforwards.

**Risks Related to this Offering**

**Future sales of our shares could adversely affect the market price.**

We have a large number of shares outstanding and available for resale. Sales by us or our shareholders of a substantial number of our shares in the public market after this offering, or the possibility that these sales may occur, could cause the market price for our shares to decline. These sales, or the possibility that these sales may occur, could also make it more difficult for us to sell our shares or other equity securities in the future at a time and at a price that we deem appropriate. Pursuant to the Registration Rights Agreement, the selling shareholder has the right to require us to register for resale with the SEC the shares issued to it as partial consideration for the IMTT Acquisition. As of October 28, 2014, we had outstanding 70,949,977 of our shares, excluding: (i) 12,525 shares issuable upon vesting of the same number of outstanding restricted stock units and (ii) 995,996 shares reserved for issuance under our Direct Stock Purchase Program. Most of our outstanding shares are freely transferable without restriction or further registration under the federal securities laws, except for any shares held by our affiliates, sales of which will be limited by Rule 144 under the Securities Act of 1933, as amended, or the Securities Act, absent registration under the Securities Act. For additional information regarding the ownership of shares by the selling shareholder, see Selling Shareholder in this prospectus supplement.

S-19

---

TABLE OF CONTENTS

## USE OF PROCEEDS

We will not receive any proceeds from the sale of the shares by the selling shareholder under this prospectus supplement.

## SELLING SHAREHOLDER

The Voting Trust of IMTT Holdings Inc., the selling shareholder in this offering, is a voting trust, formed for the benefit of the founding family of IMTT, of which James J. Coleman, Jr., Thomas B. Coleman and James O. Coleman serve as trustees.

On July 16, 2014, we acquired IMTT from the selling shareholder for a purchase price of \$1.029 billion, consisting of \$913.6 million in cash and 1,729,323 of our shares. For additional information about the IMTT Acquisition, see our Current Report on Form 8-K, filed with the SEC on July 7, 2014, and incorporated by reference into this prospectus supplement and the accompanying prospectus.

In connection with the IMTT Acquisition, we entered into the Registration Rights Agreement with the selling shareholder pursuant to which we agreed, upon request from the selling shareholder, to use reasonable commercial efforts to register for resale with the SEC the shares transferred to the selling shareholder as the equity component of the consideration paid for the IMTT Acquisition. Pursuant to the Registration Rights Agreement, until such shares are sold or are eligible for resale without limitation under Rule 144 under the Securities Act, we have agreed to register shares of at least \$25.0 million on up to three separate occasions, at the selling shareholder's request, at any time at which we have an effective shelf registration statement available for use. We also agreed to file one registration statement covering shares of at least \$50.0 million at any time at which we did not have an effective shelf registration statement available for use. The selling shareholder also received certain piggyback registration rights.

In connection with the IMTT Acquisition, we also entered into certain restrictive covenant agreements with the selling shareholder and each of its trustees. The selling shareholder agreed to not (i) engage in any business competitive with the IMTT business in certain specified geographic areas or (ii) hire any employee from or induce any employee to leave his or her employment with IMTT or solicit or service any of IMTT's business relations in order to interfere with such business relationship, in each case, for five years after the consummation of the IMTT Acquisition. In addition, each of the trustees agreed (i) for two years after the consummation of the IMTT Acquisition, to not engage in any business competitive with the IMTT business in certain specified geographic areas, (ii) for two years after the consummation of the IMTT Acquisition, to not hire any employee from or induce any employee to leave his or her employment with IMTT or solicit or service any of IMTT's business relations in order to interfere with such business relationship or (iii) for three years after the consummation of the IMTT Acquisition, to not make any statements disparaging our Company.

From time to time prior to the IMTT Acquisition, the trustees and beneficiaries of the selling shareholder issued loans to IMTT of which approximately \$21.6 million are outstanding at October 31, 2014. The loans bear interest at a rate of 5.5% per annum and mature on December 30, 2022.

IMTT has an outstanding option to purchase, within a year after the consummation of the IMTT Acquisition, approximately 2,200 acres of real property located in New Orleans, Louisiana from Magnolia Real Estate Investments, L.L.C., a Louisiana limited liability company managed by James J. Coleman, Jr.

IMTT leases its New Orleans, Louisiana office headquarters from members of the Coleman family pursuant to a multi-year lease.

Coleman, Johnson, Artigues & Jurisich, L.L.C., of which James J. Coleman, Jr. is the principal owner, provides legal services from time to time to IMTT.

TABLE OF CONTENTS**Beneficial Ownership of our Shares by the Selling Shareholder**

The following table sets forth certain information known to us as of November 3, 2014, regarding the name and address of the selling shareholder, the beneficial ownership of our shares by the selling shareholder and the shares being offered by the selling shareholder:

Name and Address of Beneficial Owner	Shares Beneficially Owned Before Offering <sup>(1)(2)</sup>		Shares Being Offered	Shares Beneficially Owned After Offering <sup>(1)(2)</sup>	
	Number	Percent		Number	Percent
The Voting Trust of IMTT Holdings Inc. <sup>(1)</sup> 321 St. Charles Avenue, 10 <sup>th</sup> Floor Suite, New Orleans, LA 70130	1,729,323	2.4 %	1,296,992	432,331	*

\*

less than 1%.

The Voting Trust of IMTT Holdings Inc. has shared voting power and dispositive power with respect to all of its beneficially owned shares with each of its trustees, James J. Coleman, Jr., Thomas B. Coleman and James O. Coleman. The business address of each of its trustees is 321 St. Charles Avenue, 10<sup>th</sup> Floor Suite, New Orleans, LA 70130.

(2) Percentages are based on 70,949,977 shares issued and outstanding as of October 28, 2014.

S-21

TABLE OF CONTENTS

# MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following discussion describes the material U.S. federal income tax considerations associated with the purchase, ownership and disposition of our shares by U.S. holders (as defined below) and non-U.S. holders (as defined below).

Except where noted, this discussion deals only with our shares held as capital assets by holders who acquired our shares in this issuance and does not address special situations, such as those of:

dealers in securities or currencies;  
financial institutions;  
regulated investment companies;  
real estate investment trusts;  
tax-exempt organizations;  
insurance companies;

persons holding our shares as a part of a hedging, integrated or conversion transaction or a straddle;  
traders in securities that elect to use a mark-to-market method of accounting for their securities holdings;  
inverted foreign corporations that are treated as domestic corporations;  
persons that own, actually or constructively, more than 5% of our shares; or  
persons liable for alternative minimum tax.

Furthermore, the discussion below is based upon the provisions of the Code, the Regulations and administrative and judicial interpretations thereof, all as of the date hereof, and such authorities may be repealed, revoked, modified or subject to differing interpretations, possibly on a retroactive basis, so as to result in U.S. federal income tax consequences different from those described below.

A U.S. holder of our shares means a beneficial owner of our shares that is for U.S. federal income tax purposes:

an individual citizen or resident of the United States;  
a corporation (or other entity taxable as a corporation) created or organized in or under the laws of the United States or any state thereof or the District of Columbia;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or  
a trust if it (1) is subject to the primary supervision of a court within the United States and one or more U.S. persons have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable Regulations to be treated as a U.S. person.

A non-U.S. holder of our shares means a beneficial owner of our shares that is an individual, a corporation, an estate or a trust that is neither a U.S. holder nor a partnership (or other entity taxable as a partnership).

If a partnership or other entity or arrangement treated as a partnership for U.S. federal income tax purposes holds our shares, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership holding our shares, we urge you to consult your own tax adviser.

We cannot assure you that the IRS or the courts will agree with the tax consequences described herein.

## TABLE OF CONTENTS

A different treatment from that described below could adversely affect the amount, timing and character of income, gain or loss in respect of an investment in our shares. **If you are considering the purchase of our shares, we urge you to consult your own tax adviser concerning the particular U.S. federal income tax consequences to you of the purchase, ownership and disposition of our shares, as well as any consequences to you arising under the laws of any other taxing jurisdiction.**

## **U.S. Holders**

The following discussion summarizes the material U.S. federal income tax consequences of the ownership and disposition of our shares applicable to U.S. holders, subject to the limitations described above.

### **No Flow-Through of Taxable Income**

An election has been made with the IRS to treat us as an association taxable as a corporation for U.S. federal income tax purposes. Because we are treated as an association taxable as a corporation for U.S. federal income tax purposes, an owner of our shares will not report on its U.S. federal income tax return any of our items of income, gain, loss or deduction.

## **Distributions**

Distributions of cash or property that we pay in respect of our shares will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits (as determined under U.S. federal income tax principles) and will be includible in gross income by a U.S. holder upon receipt. Any such dividend will be eligible for the dividends received deduction if received by an otherwise qualifying corporate U.S. holder that meets the holding period and other requirements for the dividends received deduction. Dividends paid by us to certain non-corporate U.S. holders (including individuals) are eligible for U.S. federal income taxation at the rates generally applicable to long-term capital gains for individuals (at a maximum tax rate of 20%), provided that the U.S. holder receiving the dividend satisfies the applicable holding period and other requirements. If the amount of a distribution exceeds our current and accumulated earnings and profits, such excess first will be treated as a return of capital to the extent of the U.S. holder's tax basis in our shares, and thereafter will be treated as capital gain.

## **Dispositions**

Upon a sale, exchange or other taxable disposition of our shares, a U.S. holder generally will recognize capital gain or loss equal to the difference between the amount realized on the sale, exchange or other taxable disposition and the U.S. holder's adjusted tax basis in our shares. Such capital gain or loss will be long-term capital gain or loss if the U.S. holder has held our shares for more than one year at the time of disposition. Long-term capital gains of certain non-corporate U.S. holders (including individuals) are subject to U.S. federal income taxation at a maximum rate of 20%. The deductibility of capital losses is subject to limitations under the Code.

## **Medicare Tax on Investment Income**

Certain U.S. holders who are individuals, estates, or trusts will be subject to a 3.8% Medicare tax on the lesser of (1) the U.S. holder's net investment income for the relevant taxable year and (2) the excess of the U.S. holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals will be between

\$125,000 and \$250,000, depending on the individual's circumstances). A U.S. holder's net investment income will generally include its dividend income and its gains from the disposition of our shares, unless such dividend income or gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). If you are a U.S. holder that is an individual, estate, or trust, you are urged to consult your own tax advisors regarding the applicability of the Medicare tax to your income and gains in respect of your investment in our shares.

## **Information Reporting and Backup Withholding Requirements**

In general, dividends on our shares, and payments of the proceeds of a sale, exchange or other taxable disposition of our shares paid to a U.S. holder are subject to information reporting and may be subject to backup withholding at a rate of 28% unless the U.S. holder (i) is a corporation or other exempt recipient or (ii) provides an accurate taxpayer identification number and certifies that it is not subject to backup withholding.

S-23

---

## TABLE OF CONTENTS

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules from a payment to a U.S. holder will be refunded by the IRS or credited against the U.S. holder's U.S. federal income tax liability, if any, provided that the required information is furnished to the IRS.

## **Non-U.S. Holders**

The following discussion summarizes the material U.S. federal income tax consequences of the ownership and disposition of our shares applicable to non-U.S. holders, subject to the limitations described above.

## **U.S. Trade or Business Income**

For purposes of this discussion, dividend income and gain on the sale, exchange or other taxable disposition of our shares will be considered to be U.S. trade or business income if such income or gain is (i) effectively connected with the conduct by a non-U.S. holder of a trade or business within the United States and (ii) in the case of a non-U.S. holder that is eligible for the benefits of an income tax treaty with the United States, attributable to a permanent establishment (or, for an individual, a fixed base) maintained by the non-U.S. holder in the United States. Generally, U.S. trade or business income is not subject to U.S. federal withholding tax (provided the non-U.S. holder complies with applicable certification and disclosure requirements); instead, a non-U.S. holder is subject to U.S. federal income tax on a net income basis at regular graduated U.S. federal income tax rates (in the same manner as a U.S. person) on its U.S. trade or business income. Any U.S. trade or business income received by a non-U.S. holder that is a corporation also may be subject to a branch profits tax at a 30% rate (or lower treaty rate, if applicable) on its effectively connected earnings and profits that are not timely reinvested in a U.S. trade or business.

## **Distributions**

Subject to the discussion below under the heading **FATCA Withholding**, distributions of cash or property that we pay in respect of our shares will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits (as determined under U.S. federal income tax principles). A non-U.S. holder generally will be subject to U.S. federal withholding tax at a 30% rate, or at a reduced rate prescribed by an applicable income tax treaty, on any dividends received in respect of our shares. If the amount of a distribution exceeds our current and accumulated earnings and profits, such excess first will be treated as a tax-free return of capital to the extent of the non-U.S. holder's tax basis in our shares, and thereafter will be treated as capital gain (and thus treated in the manner described in **Dispositions** below). In order to obtain a reduced rate of U.S. federal withholding tax under an applicable income tax treaty, a non-U.S. holder will be required to provide a properly executed IRS Form W-8BEN or IRS Form W-8BEN-E, as applicable, certifying its entitlement to benefits under the treaty. A non-U.S. holder of our shares that is eligible for a reduced rate of U.S. federal withholding tax under an income tax treaty may obtain a refund or credit of any excess amounts withheld by filing an appropriate claim for a refund with the IRS. A non-U.S. holder should consult its own tax advisor regarding its possible entitlement to benefits under an income tax treaty.

The U.S. federal withholding tax described in the preceding paragraph does not apply to dividends that represent U.S. trade or business income of a non-U.S. holder who provides a properly executed IRS Form W-8ECI, certifying that the dividends are effectively connected with the non-U.S. holder's conduct of a trade or business within the United States.

## Dispositions

Except as set forth below, a non-U.S. holder generally will not be subject to U.S. federal income or withholding tax in respect of any gain on a sale, exchange or other taxable disposition of our shares unless:

the gain is U.S. trade or business income;

the non-U.S. holder is an individual who is present in the United States for 183 or more days in the taxable year of the disposition and meets other conditions; or

S-24

---

## TABLE OF CONTENTS

we are or have been a U.S. real property holding corporation, as defined in the Code, at any time within the five-year period preceding the disposition or the non-U.S. holder's holding period, whichever period is shorter, and our shares have ceased to be regularly traded on an established securities market prior to the beginning of the calendar year in which the disposition occurs.

We have not determined whether we are a U.S. real property holding corporation, and no assurance can be given that we are not or will not become one in the future. If, however, we are or become a U.S. real property holding corporation, so long as our shares are regularly traded on an established securities market, generally only a non-U.S. holder who holds or held directly or indirectly (at any time during the shorter of the five year period ending on the date of disposition or the non-U.S. holder's holding period) more than five percent of our shares will be subject to United States federal income tax on the disposition of our shares. Non-U.S. holders should consult their own advisors about the consequences that could result if we are, or become, a U.S. real property holding corporation.

## **Information Reporting and Backup Withholding Requirements**

We must annually report to the IRS and to each non-U.S. holder any dividend income that is subject to U.S. federal withholding tax, or that is exempt from such withholding tax pursuant to an income tax treaty. Copies of these information returns also may be made available under the provisions of a specific treaty or agreement to the tax authorities of the country in which the non-U.S. holder resides. Under certain circumstances, the Code imposes a backup withholding obligation (at a rate of 28%) on certain reportable payments. Dividends paid to a non-U.S. holder of our shares generally will be exempt from backup withholding if the non-U.S. holder provides a properly executed IRS Form W-8BEN or IRS Form W-8BEN-E, as applicable, or otherwise establishes an exemption.

The payment of the proceeds from the disposition of our shares to or through the U.S. office of any broker, U.S. or foreign, will be subject to information reporting and possible backup withholding unless the owner certifies as to its non-U.S. status under penalties of perjury or otherwise establishes an exemption, provided that the broker does not have actual knowledge or reason to know that the holder is a U.S. person or that the conditions of any other exemption are not, in fact, satisfied. The payment of the proceeds from the disposition of our shares to or through a non-U.S. office of a non-U.S. broker will not be subject to information reporting or backup withholding unless the non-U.S. broker has certain types of relationships with the United States (a U.S. related person). In the case of the payment of the proceeds from the disposition of our shares to or through a non-U.S. office of a broker that is either a U.S. person or a U.S. related person, the Regulations require information reporting (but not backup withholding) on the payment unless the broker has documentary evidence in its files that the owner is a non-U.S. holder and the broker has no knowledge to the contrary. Non-U.S. holders should consult their own tax advisors on the application of information reporting and backup withholding to them in their particular circumstances (including upon their disposition of our shares).

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules from a payment to a non-U.S. holder will be refunded by the IRS or credited against the non-U.S. holder's U.S. federal income tax liability, if any, provided that the required information is furnished to the IRS.

Non-U.S. holders are advised to consult their own tax advisers with respect to the particular tax consequences to them of an investment in us.

## **Federal Estate Tax**

Our shares beneficially owned by an individual who is not a citizen or resident of the U.S. (as defined for U.S. federal estate tax purposes) at the time of death will generally be includable in the decedent's gross estate for U.S. federal

Edgar Filing: Macquarie Infrastructure Co LLC - Form 424B7  
estate tax purposes, unless an applicable estate tax treaty provides otherwise.

TABLE OF CONTENTS

## **FATCA Withholding**

Pursuant to Sections 1471 to 1474 of the Code and the Regulations promulgated thereunder (the provisions commonly known as FATCA), dividends paid and, after December 31, 2016, the gross proceeds of sale or other disposition of our shares, to a foreign financial institution may be subject to withholding at a rate of 30% unless (x)(1) such institution enters into an agreement with the U.S. government to withhold on certain payments and to collect and provide to the U.S. tax authorities substantial information regarding U.S. account holders of such institution (which includes certain equity and debt holders of such institution, as well as certain account holders that are foreign entities with U.S. owners) or (2) such institution resides in a jurisdiction with which the United States has entered into an intergovernmental agreement to implement FATCA and (y) such foreign financial institution provides the withholding agent with a certification that it is eligible to receive payment free of FATCA withholding. The legislation also generally imposes a U.S. federal withholding tax of 30% on dividends paid and will impose a withholding tax at such rate on the gross proceeds from a sale or other disposition of our shares after December 31, 2016, to a non-financial foreign entity unless such entity provides the withholding agent with a certification (i) that such entity does not have any substantial United States owners or (ii) provides certain information regarding the entity's substantial United States owners, which will in turn be provided to the U.S. tax authorities. A foreign financial institution or non-financial foreign entity can meet the certification requirements by providing a properly executed IRS Form W-8BEN, IRS Form W-8BEN-E or IRS Form W-8ECI, as applicable. Under certain circumstances, a U.S. holder or non-U.S. holder might be eligible for refunds or credits of such taxes from the IRS. Prospective investors are encouraged to consult with their own tax advisors regarding the possible implications of this legislation on their investment in our shares.

TABLE OF CONTENTS

## UNDERWRITING

Under the terms of an underwriting agreement, which we will file as an exhibit to our current report on Form 8-K and incorporate by reference in this prospectus supplement and the accompanying prospectus, Barclays Capital Inc., the underwriter in this offering, has agreed to purchase, and the selling shareholder has agreed sell, 1,296,992 shares. The underwriter proposes initially to offer the shares directly to the public at the public offering price set forth on the cover page of this prospectus supplement and to certain dealers at that price less a concession not in excess of \$0.25 per share. After the initial offering, the public offering price, concession or any other term of the offering may be changed by the underwriter. The offering of the shares by the underwriter is subject to receipt and acceptance and subject to the underwriter's right to reject any order in whole or in part.

The following table shows the public offering price, underwriting discount and proceeds before expenses to the selling shareholder:

	Per Share	Total
Price to the public	\$ 70.88	\$ 91,930,793
Underwriting discounts and commissions	\$ 0.43	\$ 557,707
Proceeds to selling shareholder (before expenses)	\$ 70.45	\$ 91,373,086

The underwriting agreement provides that the underwriter's obligation to purchase shares depends on the satisfaction of the conditions contained in the underwriting agreement including:

the obligation to purchase all of the shares offered hereby (other than those shares covered by their option to purchase additional shares as described below), if any of the shares are purchased;

the representations and warranties made by us and the selling shareholder to the underwriter are true;  
there is no material change in our business or in the financial markets; and  
we deliver customary closing documents to the underwriter.

Lazard Frères & Co. LLC, or Lazard, has acted as independent financial advisor to the selling shareholder in connection with this offering. Lazard is not acting as an underwriter in this offering, and accordingly it is neither purchasing shares nor offering shares to the public in connection with this offering. Neither Lazard nor its affiliates is engaged in the solicitation or distribution of this offering.

## Expenses

The expenses of the offering that are payable by us are estimated to be \$350,000. The selling shareholder will pay the underwriting discounts and commissions and fees and expenses of its counsel.

## Lock-Up Agreements

We, all of our directors and executive officers and the selling shareholder have agreed that, subject to certain exceptions, without the prior written consent of the Underwriter, we and they will not directly or indirectly (1) offer for sale, sell, pledge, or otherwise dispose of (or enter into any transaction or device that is designed to, or could reasonably be expected to, result in the disposition by any person in privity with such persons of) any shares (including, without limitation, shares that may be issued upon exercise of any options or warrants) or securities convertible into or exercisable or exchangeable for shares, (2) enter into any swap or other derivatives transaction that transfers to another, in whole or in part, any of the economic consequences of ownership of the shares, (3) make any

demand for or exercise any right or file or cause to be filed a registration statement, including any amendments thereto, with respect to the registration of any shares or securities convertible, exercisable or exchangeable into shares or any of our other securities, or (4) publicly disclose the intention to do any of the foregoing for the lockup period. The lockup period for us, and our directors and officers will be a period of 30 days after the date of this prospectus supplement and for the selling shareholder will be a period of 75 days after the date of this prospectus supplement. The foregoing does not apply to shares to be sold by the selling shareholder pursuant to the underwriting agreement and

S-27

---

## TABLE OF CONTENTS

certain other exceptions, including the issuance of shares by us to our Manager in connection with the reinvestment by our Manager of fees payable by us to our Manager under the management services agreement.

The underwriter, in its sole discretion, may release the shares and other securities subject to the lock-up agreements described above in whole or in part at any time with or without notice. When determining whether or not to release the shares and other securities from lock-up agreements, the underwriter will consider, among other factors, the holder's reasons for requesting the release, the number of shares and other securities for which the release is being requested and market conditions at the time.

## **Indemnification**

We and the selling shareholder have agreed to indemnify the underwriter against certain liabilities, including liabilities under the Securities Act, and to contribute to payments that the underwriter may be required to make for these liabilities.

## **Stabilization, Short Positions and Penalty Bids**

The underwriter may engage in stabilizing transactions, short sales and purchases to cover positions created by short sales, and penalty bids or purchases for the purpose of pegging, fixing or maintaining the price of the shares, in accordance with Regulation M under the Securities Exchange Act of 1934, as amended:

Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum.

A short position involves a sale by the underwriter of shares in excess of the number of shares the underwriter is obligated to purchase in the offering, which creates the syndicate short position. This short position may be either a covered short position or a naked short position. In a covered short position, the number of shares involved in the sales made by the underwriter in excess of the number of shares they are obligated to purchase is not greater than the number of shares that they may purchase by exercising their option to purchase additional shares. In a naked short position, the number of shares involved is greater than the number of shares in their option to purchase additional shares. The underwriter may close out any short position by either exercising their option to purchase additional shares and/or purchasing shares in the open market. In determining the source of shares to close out the short position, the underwriter will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through their option to purchase additional shares. A naked short position is more likely to be created if the underwriter is concerned that there could be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase in the offering.

S-28

---

## TABLE OF CONTENTS

Syndicate covering transactions involve purchases of the shares in the open market after the distribution has been completed in order to cover syndicate short positions.

Penalty bids permit the underwriter to reclaim a selling concession from a syndicate member when the shares originally sold by the syndicate member is purchased in a stabilizing or syndicate covering transaction to cover syndicate short positions.

These stabilizing transactions, syndicate covering transactions and penalty bids may have the effect of raising or maintaining the market price of our shares or preventing or retarding a decline in the market price of the shares. As a result, the price of the shares may be higher than the price that might otherwise exist in the open market. These transactions may be effected on the NYSE or otherwise and, if commenced, may be discontinued at any time.

Neither we nor the underwriter make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the shares. In addition, neither we nor the underwriter make representation that the underwriter will engage in these stabilizing transactions or that any transaction, once commenced, will not be discontinued without notice.

## **Electronic Distribution**

A prospectus in electronic format may be made available on the Internet sites or through other online services maintained by the underwriter or by its affiliates. In those cases, prospective investors may view offering terms online and, depending upon the particular underwriter, prospective investors may be allowed to place orders online. The underwriter may allocate a specific number of shares for sale to online brokerage account holders. Any such allocation for online distributions will be made by the underwriter on the same basis as other allocations.

Other than the prospectus in electronic format, the information on any underwriter's web site and any information contained in any other web site maintained by an underwriter is not part of the prospectus or the registration statement of which this prospectus supplement and the accompanying prospectus forms a part, has not been approved and/or endorsed by us or any underwriter in its capacity as underwriter and should not be relied upon by investors.

## **Stamp Taxes**

If you purchase shares offered in this prospectus supplement and the accompanying prospectus, you may be required to pay stamp taxes and other charges under the laws and practices of the country of purchase, in addition to the offering price listed on the cover page of this prospectus supplement and the accompanying prospectus.

## **Relationships/FINRA Rules**

The underwriter and its related entities have engaged, and may in the future engage, in commercial and investment banking transactions with us in the ordinary course of their business. They have received, and expect to receive, customary compensation and expense reimbursement for these commercial and investment banking transactions. For instance, Barclays Capital Inc. is a lead bookrunner of Atlantic Aviation's existing credit facility and its affiliates are joint lead arrangers and lenders under such facility. IMTT and Hawaii Gas are also parties to various loan agreements and credit facilities under which affiliates of Barclays Capital Inc. serve as trustees, agents and lenders. In addition, Barclays Capital Inc. acted as financial advisor to the Company in connection with the IMTT Acquisition and in connection with the acquisition of Galaxy Aviation. Barclays Capital Inc. also acted as an underwriter in connection with the equity offering and convertible senior notes offering that financed the IMTT Acquisition. Affiliates of Barclays Capital Inc. are acting as lenders under our senior secured revolving credit facility.

TABLE OF CONTENTS

## **Selling Restrictions**

Other than in the United States, no action has been taken by us or the underwriter that would permit a public offering of the securities offered by this prospectus in any jurisdiction where action for that purpose is required. The securities offered by this prospectus may not be offered or sold, directly or indirectly, nor may this prospectus or any other offering material or advertisements in connection with the offer and sale of any such securities be distributed or published in any jurisdiction, except under circumstances that will result in compliance with the applicable rules and regulations of that jurisdiction. Persons into whose possession this prospectus comes are advised to inform themselves about and to observe any restrictions relating to the offering and the distribution of this prospectus. This prospectus does not constitute an offer to sell or a solicitation of an offer to buy any securities offered by this prospectus in any jurisdiction in which such an offer or a solicitation is unlawful.

### **European Economic Area**

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State), with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State, no offer of shares may be made to the public in that Relevant Member State other than:

(a) to any legal entity which is a qualified investor as defined in the Prospectus Directive;

(b) to fewer than 100, or, if the Relevant Member State has implemented the relevant portion of the 2010 PD Amending Directive, 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the underwriter;

(c) in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of shares shall require the Company or the underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an offer of shares to the public in relation to any shares in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the shares to be offered so as to enable an investor to decide to purchase or subscribe the shares, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State and the expression Prospectus Directive means Directive 2003/71/EC (including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State) and includes any relevant implementing measure in each Relevant Member State and the expression 2010 PD Amending Directive means Directive 2010/73/EU.

### **United Kingdom**

Each underwriter has represented and agreed that:

(a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of the shares in circumstances in which Section 21(1) of the FSMA does not

apply to us; and

(b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the shares in, from or otherwise involving the United Kingdom.

## Australia

No prospectus or other disclosure document (as defined in the Corporations Act 2001 (Cth) of Australia ( Corporations Act )) in relation to the shares has been or will be lodged with the Australian Securities & Investments Commission ( ASIC ). This document has not been lodged with ASIC and is only directed to certain categories of exempt persons.

Accordingly, if you receive this document in Australia:

(a) you confirm and warrant that you are either:

(i) a sophisticated investor under section 708(8)(a) or (b) of the Corporations Act;

(ii) a sophisticated investor under section 708(8)(c) or (d) of the Corporations Act and that you have provided an accountant's certificate to us which complies with the requirements of section 708(8)(c)(i) or (ii) of the Corporations Act and related regulations before the offer has been made;

(iii) a person associated with the company under section 708(12) of the Corporations Act; or

(iv) a professional investor within the meaning of section 708(11)(a) of the Corporations Act,

and to the extent that you are unable to confirm or warrant that you are an exempt sophisticated investor, associated person or professional investor under the Corporations Act any offer made to you under this document is void and incapable of acceptance; and

(b) you warrant and agree that you will not offer any of the shares for resale in Australia within 12 months of those shares being issued unless any such resale offer is exempt from the requirement to issue a disclosure document under section 708 of the Corporations Act.

## Hong Kong

The contents of this prospectus supplement have not been reviewed by any regulatory authority in Hong Kong. You are advised to exercise caution in relation to the offer. If you are in any doubt about any of the contents of this prospectus supplement, you should obtain independent professional advice. Please note that (i) our shares may not be offered or sold in Hong Kong, by means of this prospectus supplement or any document other than to professional investors within the meaning of Part I of Schedule 1 of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) (SFO) and any rules made thereunder, or in other circumstances which do not result in the document being a prospectus within the meaning of the Companies Ordinance (Cap. 32, Laws of Hong Kong) (CO) or which do not constitute an offer or invitation to the public for the purpose of the CO or the SFO, and (ii) no advertisement, invitation or document relating to our shares may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere) which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to the shares which are or are intended to be disposed of only to persons outside Hong Kong or only to professional investors within the meaning of the SFO and any rules made thereunder.

## Japan

Our shares have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (the Financial Instruments and Exchange Law) and our shares will not be offered or sold, directly or indirectly, in Japan, or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan, or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Law and any other applicable laws, regulations and ministerial guidelines of Japan.

## **Singapore**

This document has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this document and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of our shares may not be circulated or distributed, nor may our shares

S-31

---

TABLE OF CONTENTS

be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the SFA ), (ii) to a relevant person pursuant to Section 275(1), or any person pursuant to Section 275(1A), and in accordance with the conditions specified in Section 275, of the SFA, or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where our shares are subscribed or purchased under Section 275 by a relevant person which is:

(a) a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or

(b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor, securities (as defined in Section 239(1) of the SFA) of that corporation or the beneficiaries' rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired our shares pursuant to an offer made under Section 275 except:

- (1) to an institutional investor or to a relevant person defined in Section 275(2) of the SFA, or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the SFA;
- (2) where no consideration is or will be given for the transfer;
- (3) where the transfer is by operation of law; or
- (4) as specified in Section 276(7) of the SFA.

## Switzerland

This prospectus may be communicated in Switzerland to a small number of selected investors only. Each copy of this prospectus is addressed to a specifically named recipient and may not be copied, reproduced, distributed or passed on to third parties. The shares may not be publicly offered in Switzerland and will not be listed on the Swiss Exchange ( SIX ) or on any other stock exchange or regulated trading facility in Switzerland. This prospectus has been prepared without regard to the disclosure standards for issuance prospectuses under art. 652a or art. 1156 of the Swiss Code of Obligations or the disclosure standards for listing prospectuses under art. 27 ff. of the SIX Listing Rules or the listing rules of any other stock exchange or regulated trading facility in Switzerland. Neither this prospectus nor any other offering or marketing material relating to the shares or the offering may be publicly distributed or otherwise made publicly available in Switzerland.

Neither this prospectus nor any other offering or marketing material relating to the offering, us or the shares have been or will be filed with or approved by any Swiss regulatory authority. In particular, this prospectus will not be filed with, and the offer of shares will not be supervised by, the Swiss Financial Market Supervisory Authority, and the offer of shares has not been and will not be authorized under the Swiss Federal Act on Collective Investment Schemes ( CISA ). The investor protection afforded to acquirers of interests in collective investment schemes under the CISA does not extend to acquirers of shares.

## France

Neither this prospectus supplement, the accompanying prospectus nor any other offering material relating to the shares described in this prospectus supplement or the accompanying prospectus has been submitted to the clearance procedures of the *Autorite des Marches Financiers* or of the competent authority of another member state of the

European Economic Area and notified to the *Autorite des Marches Financiers*. The shares have not been offered or sold and will not be offered or sold, directly or indirectly, to the public in France. Neither this prospectus supplement, the accompanying prospectus nor any other offering material relating to the shares has been or will be:

released, issued, distributed or caused to be released, issued or distributed to the public in France; or used in connection with any offer for subscription or sale of the shares to the public in France.

## LEGAL MATTERS

The validity of the securities offered hereby will be passed upon for us by White & Case LLP, New York, New York.

Certain legal matters relating to this offering will be passed upon for the selling shareholder by Coleman, Johnson, Artigues & Jurisich, L.L.C. and Jones Walker LLP. Weil Gotshal & Manges LLP, New York, New York, is advising the underwriter in connection with the offering of the shares.

## EXPERTS

The consolidated financial statements and schedule of Macquarie Infrastructure Company LLC and subsidiaries as of December 31, 2013 and 2012, and for each of the years in the three-year period ended December 31, 2013, and management's assessment of the effectiveness of internal control over financial reporting as of December 31, 2013, have been incorporated by reference herein and in the registration statement in reliance upon the reports of KPMG LLP, independent registered public accounting firm, incorporated by reference herein, and upon the authority of said firm as experts in accounting and auditing.

The consolidated financial statements of IMTT Holdings Inc. and Subsidiaries as of December 31, 2013 and 2012, and each of the years in the three-year period ended December 31, 2013, have been incorporated by reference herein and in the registration statement in reliance upon the reports of KPMG LLP, independent auditors, incorporated by reference herein, and upon the authority of said firm as experts in accounting and auditing.

## WHERE YOU CAN FIND MORE INFORMATION

We are required to comply with the reporting requirements of the Securities Exchange Act of 1934, as amended, or the Exchange Act, and, in accordance with those requirements, we file annual, quarterly and current reports, proxy statements and other information with the SEC. You may read and copy any document we file at the SEC's Public Reference Room at 100 F Street, N.E., Washington, D.C. 20549. Please call the SEC's toll-free number at 1-800-SEC-0330 for further information about the Public Reference Room. Our SEC filings are also available to the public from the SEC's website at [www.sec.gov](http://www.sec.gov) and can be found by searching the EDGAR archives on the website. In addition, our SEC filings and other information about us may also be obtained from our website at [www.macquarie.com/mic](http://www.macquarie.com/mic), although information on our website is not incorporated by reference into and does not constitute a part of this prospectus supplement. Our shares are listed on the NYSE under the symbol MIC and all reports, proxy statements and other information filed by us with the NYSE may be inspected at the NYSE's offices at 20 Broad Street, New York, New York 10005.

We have filed a registration statement on Form S-3 to register with the SEC the securities covered by this prospectus supplement. This prospectus supplement is a part of the registration statement and does not contain all the information in the registration statement. Whenever a reference is made in this prospectus supplement to a contract or other document, the reference is only a summary and you should refer to the exhibits that are a part of the registration statement or our other SEC filings for a copy of the contract or other document.

TABLE OF CONTENTS

## INCORPORATION OF CERTAIN DOCUMENTS BY REFERENCE

The SEC allows us to incorporate by reference the information we file with them, which means that we can disclose important information to you by referring you to those documents that are considered part of this prospectus supplement. Later information that we file will automatically update and supersede this information. We incorporate by reference the documents listed below and any future filings we make with the SEC under Section 13(a), 13(c), 14 or 15(d) of the Exchange Act (other than portions of these documents that are deemed to have been furnished and not filed in accordance with SEC rules) until the offering of the particular securities covered by this prospectus supplement has been completed. This prospectus supplement is part of a registration statement filed with the SEC.

We are incorporating by reference into this prospectus supplement the following documents filed with the SEC (excluding any portions of such documents that have been furnished but not filed for purposes of the Exchange Act):

Our Annual Report on Form 10-K for the fiscal year ended December 31, 2013 filed with the SEC on February 19, 2014;

Our Quarterly Report on Form 10-Q for the quarter ended March 31, 2014 filed with the SEC on April 30, 2014;

Our Quarterly Report on Form 10-Q for the quarter ended June 30, 2014 filed with the SEC on July 30, 2014;

Our Quarterly Report on Form 10-Q for the quarter ended September 30, 2014 filed with the SEC on October 29, 2014;

Our Current Reports on Form 8-K filed with the SEC on May 22, 2014, July 7, 2014, July 11, 2014, July 18, 2014, October 31, 2014 and our Amendment No. 1 to our Current Report on Form 8-K/A filed with the SEC on July 11, 2014; and

The description of our shares set forth in Amendment No. 1 to our Registration Statement on Form 8-A filed pursuant to Section 12 of the Exchange Act on June 25, 2007.

The documents incorporated by reference into this prospectus supplement are available from us upon request. We will provide a copy of any and all of the information that is incorporated by reference into this prospectus supplement to any person, without charge, upon written or oral request. Requests for such copies should be directed to the following:

PROSPECTUS

**Shares**

**Debt Securities**

**Macquarie Infrastructure Company LLC**

Macquarie Infrastructure Company LLC may sell, from time to time, limited liability company interests, which we refer to as shares, and debt securities, which we refer to, together with the shares, as securities. Macquarie Infrastructure Management (USA) Inc., our manager, as a selling security holder (our Manager or the Selling Security Holder), may sell, from time to time, shares in Macquarie Infrastructure Company LLC. We or the Selling Security Holder may offer for sale the securities covered by this prospectus, as applicable, directly to purchasers or through underwriters, broker-dealers or agents, in public or private transactions, at prevailing market prices or at privately negotiated prices, including in satisfaction of certain contractual obligations. For additional information on the methods of sale, you should refer to the section of this prospectus entitled Plan of Distribution. We and the Selling Security Holder may offer these securities, as applicable, at prices and on terms determined at the time of offering.

The shares covered by this prospectus are listed for trading on The New York Stock Exchange under the symbol MIC.

We will provide more specific information about the terms of an offering of these securities in supplements to this prospectus. This prospectus may not be used to offer or sell securities unless accompanied by a prospectus supplement. You should read this prospectus and any applicable prospectus supplements carefully before you invest.

If any underwriters, broker-dealers or agents are involved in any offering, the names of such underwriters, broker-dealers or agents and any applicable commissions or discounts or other compensation will be described in the applicable prospectus supplement relating to the offering.

**Investing in the securities involves risks that are described in the Risk Factors section beginning on page 3 of this prospectus. Risks may also be described in an accompanying prospectus supplement.**

**Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.**

The date of this prospectus is April 8, 2013.

**You should rely only on the information contained in this prospectus and any applicable prospectus supplement. We have not authorized anyone to provide you with information different from that contained in this prospectus and any applicable prospectus supplement. This prospectus and any applicable prospectus supplement may be used only for the purpose for which it has been published, and no person has been authorized to give any information not contained in this prospectus and any applicable prospectus supplement. If you receive any other information, you should not rely on it. We are not making an offer of these securities in any jurisdiction where the offer is not permitted.**

TABLE OF CONTENTS

## **ABOUT THIS PROSPECTUS**

This prospectus is part of a registration statement on Form S-3 that we filed with the Securities and Exchange Commission, or SEC, using a shelf registration process. Under this shelf process, we or the Selling Security Holder may sell securities covered by this prospectus in one or more offerings. Because we are a well-known seasoned issuer, as defined in Rule 405 of the Securities Act of 1933, as amended, or the Securities Act, we or the Selling Security Holder may, from time to time, add and offer additional securities by filing a prospectus supplement with the SEC at the time of the offer.

## **PROSPECTUS SUPPLEMENT**

This prospectus provides you with a general description of the securities that we may offer. Each time that we offer securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add to, update or change information contained in this prospectus. Any statement that we make in this prospectus shall be modified or superseded by any inconsistent statement made by us in a prospectus supplement. You should read both this prospectus and any accompanying prospectus supplement, especially the section titled Risk Factors, together with the additional information described under the heading Incorporation of Certain Documents by Reference or incorporated by reference in this prospectus and any applicable prospectus supplement.

The prospectus supplement to be attached to the front of this prospectus will describe: the applicable public offering price, the price paid for the securities, the net proceeds, the manner of distribution and any underwriting compensation and the other specific material terms related to the offering of securities covered by this prospectus.

For more detail on the terms of the securities offered, see Description of our Shares and Description of Debt Securities.

## **FORWARD-LOOKING STATEMENTS**

We have included or incorporated by reference into this prospectus, and from time to time may make in our public filings, press releases or other public statements, certain statements that may constitute forward-looking statements. These include without limitation those under the headings Macquarie Infrastructure Company and Risk Factors, as well as those contained in any prospectus supplement or in any document incorporated by reference into this prospectus or any applicable prospectus supplement. In addition, our management may make forward-looking statements to analysts, investors, representatives of the media and others. These forward-looking statements are not historical facts and represent only our beliefs regarding future events, many of which, by their nature, are inherently uncertain and beyond our control. We may, in some cases, use words such as project, believe, anticipate, plan, estimate, intend, should, would, could, potentially, may or other words that convey uncertainty of future outcomes to identify these forward-looking statements.

In connection with the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, we are identifying important factors that, individually or in the aggregate, could cause actual results to differ materially from those contained in any forward-looking statements made by us. Any such forward-looking statements are qualified by reference to the following cautionary statements.

Forward-looking statements in this prospectus and any prospectus supplement (including any documents incorporated by reference herein or therein) are subject to a number of risks and uncertainties, some of which are beyond our control, including, among other things:

changes in general economic, business or demographic conditions or trends in the United States or changes in the political environment, level of travel or construction or transportation costs where we operate, including changes in interest rates and price levels;

our holding company structure and/or investments in businesses that we may not control, may limit our ability to pay or increase a dividend;

changes in patterns of commercial or general aviation air travel, including variations in customer demand for our business;

TABLE OF CONTENTS

our Manager's affiliation with the Macquarie Group or equity market sentiment, which may affect the market price of our shares;

our limited ability to remove our Manager for underperformance and our Manager's right to resign;  
payment of performance fees to our Manager, if any, that could reduce distributable cash if paid in cash or could dilute existing shareholders if satisfied with the issuance of our shares;

our ability to service, comply with the terms of and refinance at maturity our substantial indebtedness;

our ability to make, finance and integrate acquisitions;

our ability to implement our operating and internal growth strategies;

our ability to enhance the financial planning and analysis function at IMTT;

the regulatory environment, including U.S. energy policy, in which our businesses and the businesses in which we hold investments operate and our ability to estimate compliance costs, comply with any changes thereto, rates implemented by regulators of our businesses and the businesses in which we hold investments, and our relationships and rights under and contracts with governmental agencies and authorities;

unanticipated or unusual behavior of the City of Chicago brought about by the financial distress of the city;
