Dear fellow shareholders of Rubicon Technology, Inc.:

Paragon Technologies, Inc. is nominating two highly qualified director candidates for election to the board of directors of Rubicon Technology, Inc. (“Rubicon”) at its annual meeting of shareholders to be held on [·], 2016. We are sending you the attached proxy statement and the enclosed **BLUE** proxy card to solicit your proxy to elect our director candidates.

It is our firm belief that Rubicon today represents one of the worst cases of permanent shareholder destruction that we have seen. We believe Rubicon represents an exceptional case of financial mismanagement at the direct expense of shareholders. Over the past four years, Rubicon has exhibited clear signs of significant business risk but we have neither seen nor found any evidence of managerial action that was taken to mitigate these problems.

In 2011, Rubicon’s share price exceeded \$20 per share, representing a market capitalization of over \$400 million. Today, Rubicon’s shares trade for approximately \$0.60 per share, representing a market capitalization of approximately \$18 million. During this period of unprecedented permanent loss of shareholder value, Rubicon’s board and management team have seen it fit to pay and reward themselves with increasingly significant levels of compensation.

We believe the current board has been lax in fulfilling its duties to shareholders, thereby necessitating the urgent need for change at the board level.

Given Rubicon’s rapidly shrinking balance sheet and continuing significant losses, we believe that if a new direction is not implemented immediately, Rubicon’s business will be permanently impaired by the end of 2016 and there will be no chance for meaningful shareholder recovery.

We believe that our director candidates possess the skills and experience necessary to turn Rubicon around, but more importantly to create a company that works for the benefit of shareholders, not the insiders. Our two director candidates, whose backgrounds are more fully described in the attached proxy statement, are Jack H. Jacobs and Hesham M. Gad.

We ask for your support by completing, signing, dating and returning in the enclosed postage-paid envelope the enclosed BLUE proxy card. If you hold Rubicon shares through a bank, broker or other nominee, you must provide voting instructions to that entity. If you have not received a BLUE voting instruction card from your bank, broker or other nominee, you should immediately contact the person responsible for your account to obtain a BLUE voting instruction card.

We urge you not to return any proxy card provided by Rubicon. To support Paragon, you should return our BLUE proxy card and discard any proxy card you receive from Rubicon. You do not need to (and should not) vote “withhold” on RUBICON’s proxy card to vote for our director candidates. You should not vote for any of the director candidates nominated by Rubicon, or on any other matter by returning Rubicon’s proxy card. If you have already provided Rubicon with an executed proxy, you may revoke it by executing a later dated BLUE proxy card and sending it to us in the enclosed postage-paid envelope (or, if you hold your shares through a bank, broker or other nominee, by sending a later dated BLUE voting instruction card to that entity).

If you have any questions or require any assistance with providing your proxy or any other matters, please contact our proxy advisor, Alliance Advisors, at 855-737-3183.

Thank you for your support,

Paragon Technologies, Inc.

SEE THE BACK COVER PAGE OF THIS PROXY STATEMENT FOR FURTHER INFORMATION ON HOW TO VOTE YOUR RUBICON SHARES.

Questions and Answers Relating to this Proxy Solicitation

What are you asking Rubicon's shareholders to do?

We are asking for your support for the election to Rubicon's board of directors of our two director candidates, Hesham M. Gad and Jack H. Jacobs. As described more fully in this proxy statement, we believe our director candidates possess the skills and experience necessary to lead Rubicon in a new direction that we believe is urgently needed. Our director candidates will be responsible stewards of the trust placed in them by Rubicon's shareholders and will be committed to turning the company around and making it successful for the benefit of all shareholders.

Who are Paragon's director candidates?

Hesham M. Gad and Jack H. Jacobs are highly qualified individuals with significant business experience. The principal occupation and business experience of each of these candidates is described in this proxy statement in the section titled "Our Director Candidates." We believe that each of our director candidates would be considered independent under the listing standards of the NASDAQ Stock Market ("NASDAQ"), and none of our director candidates is affiliated with Rubicon or any of its subsidiaries. If elected to Rubicon's board of directors, our director candidates would owe fiduciary duties to all of Rubicon's shareholders.

Who can provide a proxy?

If you are a record holder of Rubicon shares as of the close of business on the record date for the Annual Meeting, which is [·], 2016, you have the right to vote in person or by proxy on the election of directors and any other matters that may properly come before the Annual Meeting. If you are a record holder of Rubicon shares at the close of business on the record date, you will retain your right to vote or provide a proxy even if you sell your Rubicon shares after the record date.

How do I provide a proxy?

We urge you to complete, sign, date and return in the enclosed postage-paid envelope the enclosed **BLUE** proxy card to elect our director candidates. You will not be able to vote for our director candidates by returning a proxy card that

is provided by Rubicon. If you hold Rubicon shares through a bank, broker or other nominee, you must provide voting instructions to that entity. If you have not received a **BLUE** voting instruction card from your bank, broker or other nominee, you should immediately contact the person responsible for your account to obtain a **BLUE** voting instruction card.

If you have already provided Rubicon with an executed proxy, you may revoke that proxy by executing a later dated **BLUE** proxy card and sending it to us in the enclosed postage-paid envelope (or, if you hold your shares through a bank, broker or other nominee, by returning a later dated **BLUE** voting instruction card to that entity). We urge you not to sign or return any proxy card provided by Rubicon. You do not need to (and should not) vote “withhold” on Rubicon’s proxy card to vote for our director candidates. You should not vote on any other matter by returning Rubicon’s proxy card.

See the back cover page of this proxy statement for further information on how to vote your Rubicon shares.

Can I vote by telephone or Internet?

If you hold your shares in registered form, information should be included with this proxy statement providing you instructions on how to vote by telephone or the Internet.

If you hold your shares through a bank, broker or other nominee, information may be included with this proxy statement from that entity providing you instructions on how to vote by telephone or the Internet. Many banks and brokerage firms participate in a program that allows eligible shareholders to vote by telephone or the Internet. If your bank or brokerage firm participates in the telephone or Internet voting program, then the bank or brokerage firm will provide you with instructions for voting by telephone or the Internet on the voting form that it provides to you. Telephone and Internet voting procedures, if available through your bank or brokerage firm, are designed to authenticate your identity and allow you to give your voting instructions and confirm that your instructions have been properly recorded.

If you have any questions or require any assistance with providing your proxy or any other matters, please contact our proxy advisor, Alliance Advisors, at 855-737-3183.

What is the deadline for providing a proxy?

We urge you to submit your proxy to us as soon as possible. For your proxy to be voted at the Annual Meeting, we must receive it on or prior to the date of the Annual Meeting. The Annual Meeting is scheduled to occur on [-], 2016.

Who is making this proxy solicitation?

This proxy solicitation is being made by Paragon Technologies, Inc., a shareholder of Rubicon. Paragon is a Delaware corporation with its headquarters located in Easton, Pennsylvania. Paragon is a holding company with operations in the material handling and order fulfillment industry. Paragon's board of directors consists of our two director candidates, Hesham M. Gad and Jack H. Jacobs, and Samuel S. Weiser.

Why is Paragon making this proxy solicitation?

Since 2011, Rubicon's share price has declined from over \$20 per share, representing a market capitalization of over \$400 million, to approximately \$0.60 per share today, representing a market capitalization of approximately \$18 million. Over the past four years, Rubicon has exhibited clear signs of significant business risk but we have neither seen nor found any evidence of managerial action that was taken to mitigate these problems. During this period of unprecedented permanent loss of shareholder value, Rubicon's board and management team have seen it fit to pay and reward themselves with increasingly significant levels of compensation. We believe Rubicon represents an exceptional case of financial mismanagement at the direct expense of shareholders.

We believe the current board has been lax in fulfilling its duties to shareholders, thereby necessitating the urgent need for change at the board level. Given Rubicon's rapidly shrinking balance sheet and continuing significant losses, we believe that if a new direction is not implemented immediately, Rubicon's business will be permanently impaired by the end of 2016 and there will be no chance for meaningful shareholder recovery. We believe that our director candidates possess the skills and experience necessary to turn Rubicon around, but more importantly to create a company that works for the benefit of shareholders, not the insiders.

How many proxies must be received for Paragon's director candidates to be elected?

Under Rubicon's bylaws, shareholders are entitled to one vote for each share held by them on each matter coming before the Annual Meeting. Rubicon's directors are elected by a plurality of the votes cast at a meeting of shareholders at which a quorum is present, and cumulative voting is not permitted. The presence in person or by proxy of the holders of a majority of Rubicon's outstanding shares entitled to vote at the Annual Meeting will constitute a quorum. Rubicon is proposing that two directors be elected at the Annual Meeting. Therefore, at the Annual Meeting, assuming a quorum is present, the two director nominees receiving the highest number of votes, whether cast in person or by proxy, will be elected to the Rubicon board. Because the two director candidates receiving the highest number of votes will be elected to Rubicon's board, every vote is important. We urge you to complete, sign, date and return in the enclosed postage-paid envelope the enclosed **BLUE** proxy card to elect our director candidates.

Why is Paragon nominating only two director candidates when there are five members of Rubicon's board of directors?

Rubicon's board of directors consists of five directors who are divided into three classes with staggered three-year terms. The current terms of Rubicon's two Class III directors expire at the Annual Meeting. Rubicon's board also consists of two Class I directors with terms expiring at the 2017 annual meeting and one Class II director with a term expiring at the 2018 annual meeting. Paragon has nominated two director candidates to replace the two Class III directors up for election at the Annual Meeting. To support Paragon, you should return only our **BLUE** proxy card and not vote Rubicon's proxy card or for any of their nominees.

What if I want to revoke a proxy that I already provided to Rubicon?

We urge you not to sign or return any proxy card or revocation card that may be sent to you by Rubicon. If you have already provided Rubicon with an executed proxy card or revocation card, you may revoke that document by executing a later dated **BLUE** proxy card and sending it to us in the enclosed postage-paid envelope (or, if you hold your shares through a bank, broker or other nominee, by returning a later dated **BLUE** voting instruction card to that entity). If you wish to revoke a proxy provided to Rubicon, please send a copy of the revocation to Alliance Advisors at the fax number included on the back cover page of this proxy statement so that we will be aware of all revocations and can attempt to ensure they are honored.

How do I vote on the other matters being presented by Rubicon for vote at the Annual Meeting?

You can vote on all matters to be presented at the Annual Meeting on Paragon's **BLUE** proxy card. We urge you not to return any proxy card provided by Rubicon so as not to revoke Paragon's **BLUE** proxy card. Only the latest dated proxy card will be counted at the Annual Meeting.

The affirmative vote of a majority of the outstanding shares present or represented by proxy at the meeting and entitled to vote is required to ratify the appointment of Grant Thornton LLP as Rubicon's independent auditors for the fiscal year ending December 31, 2016. Paragon will vote its Rubicon shares "AGAINST" the company's auditor ratification proposal due to what it believes are excessively high audit fees, which are disclosed in Rubicon's annual proxy statements. However, Paragon makes no recommendation with respect to this proposal. If you indicate your vote with respect to this proposal on our **BLUE** proxy card, we will vote your shares as instructed. If you do not specify a choice with respect to this proposal on our **BLUE** proxy card, we will vote your shares "AGAINST" this proposal.

The affirmative vote of a majority of the outstanding shares present or represented by proxy at the meeting and entitled to vote is required to approve the Rubicon Technology, Inc. 2016 Stock Incentive Plan (the “2016 Stock Incentive Plan”). Due to what we believe is the continued financial mismanagement and questionable decision making by Rubicon’s board, Paragon will vote its Rubicon shares, and recommends that you vote your Rubicon shares, “AGAINST” the company’s proposal to approve the 2016 Stock Incentive Plan. If you indicate your vote with respect to this proposal on our **BLUE** proxy card, we will vote your shares as instructed. If you do not specify a choice with respect to this proposal on our **BLUE** proxy card, we will vote your shares “AGAINST” this proposal.

Abstentions and proxies marked “withhold” for the election of directors will be counted for purposes of establishing the presence or absence of a quorum for the transaction of business, but will not be counted for purposes of determining the election of directors. An abstention will have the same effect as a vote “AGAINST” the proposal to ratify Rubicon’s independent auditors and the proposal to approve the 2016 Stock Incentive Plan.

If your Rubicon shares are held in the name of a brokerage firm and the brokerage firm has not received voting instructions from the beneficial owner of the shares with respect to a proposal that is not a routine matter, the brokerage firm cannot vote the shares on that proposal. This is referred to as a “broker non-vote.” Under applicable stock exchange rules, there are no “routine” proposals in a contested proxy solicitation. Because Paragon has initiated a contested proxy solicitation, there will be no “routine” matters at the Annual Meeting for any broker accounts that are provided with proxy materials by Paragon. When the vote is tabulated for any particular matter, broker non-votes will not be counted for purposes of determining whether a quorum is present, and will not otherwise be counted. We encourage you to provide voting instructions to the bank, broker, trustee or other nominee that holds your shares by carefully following the instructions provided in their notice to you.

We urge you not to return any proxy card provided by Rubicon. To support Paragon, you should return our **BLUE** proxy card and discard any proxy card you receive from Rubicon. You do not need to (and should not) vote “withhold” on Rubicon’s proxy card to vote for our director candidates. You should not vote for any of the director candidates nominated by Rubicon, or on any other matter by returning Rubicon’s proxy card. If you have already provided Rubicon with an executed proxy, you may revoke it by executing a later dated **BLUE** proxy card and sending it to us in the enclosed postage-paid envelope (or, if you hold your shares through a bank, broker or other nominee, by sending a later dated **BLUE** voting instruction card to that entity).

Who should I call if I have any questions?

If you have any questions, require any assistance in voting your Rubicon shares, need any additional copies of our proxy materials, or have any other questions, please call Alliance Advisors, our proxy advisor, at 855-737-3183.

Why We Are Soliciting Proxies

Reasons for the Solicitation

We have spent extensive time evaluating Rubicon's business, understanding the sapphire industry, and analyzing Rubicon's financial statements. We sent the company two detailed letters outlining our concerns and outlining our business ideas for increasing shareholder value. We then had subsequent meetings with William Weismann, Rubicon's CEO, as well as members of Rubicon's Board of Directors.

In our meetings with Rubicon's management and Board we came away very concerned for the following reasons:

- We believe management failed to articulate any viable plan for the business. Instead, they acknowledged the grave
1. uncertainty facing Rubicon and also acknowledged our view that the future of Rubicon and the sapphire industry was similar to a "Hail Mary" pass.
 2. The Board's only expressed concern was that they did not want to be part of a company whose stock price is "going" to zero.
 3. In a meeting between Messrs. Gad and Weismann, Mr. Weismann indicated that he "does not need" the job of CEO at Rubicon.
 4. Most importantly, despite more than three years of alarming negative gross margins, we believe the company has not taken ANY significant or meaningful action to restructure the business.

The painful results of this gross negligence and mismanagement speak for themselves: Rubicon has been one of the worst performing companies in all of NASDAQ, as evidenced by the share price performance over the past five years in comparison with the relevant benchmarks, as disclosed in Rubicon's most recent annual report filed with the SEC:

· Rubicon:	-95%
· RDG Technology Peer Group:	+81%
· NASDAQ:	+100%

Yet, as the company's financial losses have snowballed, the directors have continued to reward themselves with what we believe is lavish and grossly excessive compensation:

- In 2012, Rubicon lost \$5.5 million, and the board was paid \$521,000 in cash and stock.
- In 2013, Rubicon lost \$30.4 million, and the board was paid \$584,000 in cash and stock.

Edgar Filing: Rubicon Technology, Inc. - Form PREC14A

- In 2014, Rubicon lost \$44.0 million, and the board was paid \$909,000 in cash and stock.
- In 2015, Rubicon lost \$77.8 million, and the board was paid \$556,000 in cash and stock.

In addition to this alarming and growing financial deterioration, the Board has also failed shareholders in the following ways:

1. The existing Rubicon board has been engaged in a turn-around for four years, and has failed, as evidenced by the continuing significant losses.
2. Rubicon's management has made inconsistent comments about its turnaround efforts and progress. We believe they continue to "kick the can down the road" with respect to Rubicon's potential turnaround.
3. We believe the existing Rubicon board is failing in its fiduciary obligation to shareholders by running a staggered board that entrenches themselves and not giving shareholders their inherent right to nominate and elect all directors each and every year.

4. We believe the current Rubicon board has paid itself excessive compensation, while the company has generated significant cumulative net losses since they took control.
5. We believe the need for change at Rubicon is urgent. We believe the current board is destroying the business.

We find it most ironic that the Board would characterize Mr. Gad as “unfit” to serve on the Company’s Board given what we believe is a track record of gross mismanagement of the current Board. We believe the existing board is “asleep at the wheel.”

We believe, based on our research, that it will be several years before the supply/demand imbalance in the sapphire market is corrected. We believe it is therefore of critical importance to restructure the business in an intelligent manner in order to preserve and grow shareholder value.

In our meetings with the Board, we believe they failed to articulate any plan for the company. We believe they are hoping for improvement or new markets. Rubicon’s balance sheet has now become too small to take what we believe is such an irresponsible and avoidable risk.

At end of 2016, based on our conservative estimate of the company’s cash burn of approximately \$10 million per year, we believe that Rubicon’s balance sheet will be so impaired that it will be almost impossible to create future share value AND that if liquidated, shareholders would get less than \$0.30 per share.

Therefore, we believe that it is deeply in the best interest of shareholders to appoint our two directors to the company’s board at the Annual Meeting to effectuate the change and new direction that we believe is desperately needed.

Our Plans for Rubicon

If we are successful in obtaining two board seats at Rubicon, our objectives would be to:

1. Work quickly to bring Rubicon to cash flow break-even;
2. Evaluate and analyze potential real estate asset monetization transactions;
3. Explore strategic alternatives—sale of some or all of the operating business;
- 4.

Examine potential investment opportunities outside the sapphire industry to unlock the value of the company's \$150 million in NOLs; and
5. Evaluate a potential special dividend to shareholders.

We will advocate for the development of a comprehensive strategic plan that incorporates the following:

- a) Realignment of the sapphire business;
- b) Potential asset sales that add cash and improve future flexibility;
- c) Immediately reduce board compensation and change the bylaws to force directors to stand for election each year;
- d) Engage with strategic advisors—businessmen, not consultants—who can provide direct, tangible shareholder value in the restructuring of Rubicon's sapphire business and supply chain; and
- e) As needed, replace management with professionals focused on transforming the company rather than continuing down what we believe is a path to the destruction of shareholder value.

We have engaged with a leading commercial real estate firm to analyze monetization options for Rubicon's real estate. We estimate the current value of Rubicon's fully owned real estate to be in excess of \$1.00 per share and that a potential sale/leaseback transaction could provide the company with ample liquidity to restructure its sapphire business for any future potential opportunities.

We believe our plan will immediately stabilize the company, regain the market’s confidence in the future of Rubicon, and attract new investors. We believe these efforts along with the continued operational improvements of Rubicon would warrant a significantly increased market value for the company. In the medium term, as we work to intelligently allocate the company’s capital and instill a shareholder focused culture, we believe that the potential for significant share price appreciation is extremely favorable.

Our commitment to the company and its shareholders includes:

- Improve corporate governance;
- Eliminate every aspect of excessive spending and corporate waste;
- Make the necessary but tough decisions to preserve shareholder value;
- Serve as directors for minimal compensation;
- Significantly invest alongside shareholders – “eat our own cooking”; and
- Terminate the staggered board and require each director to stand for reelection every year.

We believe that our director candidates possess the necessary skills and experience to achieve this positive change that we believe is desperately needed at Rubicon. Our director candidates will be committed to maximizing value for all shareholders, and we expect to be held accountable to all of the shareholders, to whom we will ultimately report.

After years of financial losses, we believe Rubicon is running out of time. We believe the opportunity to successfully restructure Rubicon will cease to exist at the end of this year. We urge shareholders to vote FOR Paragon’s nominees by filling out the BLUE proxy card.

Our Director Candidates

Rubicon reports that its board of directors is currently comprised of five directors, who are divided into three classes with staggered three-year terms. The current terms of Rubicon's Class III directors will expire at the Annual Meeting. Under Rubicon's bylaws and applicable law, each of our candidates, if elected, would hold office until Rubicon's 2019 annual meeting of shareholders, and until such person's successor has been elected or until such person's death, resignation, retirement or removal.

Under Rubicon's bylaws, shareholders are entitled to one vote for each share held by them on each matter coming before the Annual Meeting. Rubicon directors are elected by a plurality of the votes cast at a meeting of shareholders at which a quorum is present, and cumulative voting is not permitted. The presence in person or by proxy of the holders of a majority of Rubicon's outstanding shares entitled to vote at the Annual Meeting will constitute a quorum. Rubicon is proposing that two directors be elected at the Annual Meeting. Therefore, at the Annual Meeting, assuming a quorum is present, the two director nominees receiving the highest number of votes, whether cast in person or by proxy, will be elected to the Rubicon board.

Paragon is not soliciting proxies to vote shares in favor of any of Rubicon's candidates. To support Paragon, you should return only our **BLUE** proxy card and not vote Rubicon's proxy card or for any of their nominees.

Each of our director candidates has consented in writing to be nominated as a director of Rubicon, to being named as a director nominee in this proxy statement and to serve on Rubicon's board of directors if elected or appointed to the board. At the Annual Meeting, we will nominate each of these director candidates for election to Rubicon's board of directors. Copies of the consents that have been signed by our nominees are included in this proxy statement as Appendix A.

Our Candidates

The following sets forth information about each of Paragon's director candidates. Included below is the name, age, present principal occupation, and other biographical and experience information for each of our director candidates. We believe that each of our director candidates would be considered independent under the listing standards of NASDAQ, and none of our director candidates is affiliated with Rubicon or any of its subsidiaries. If elected to Rubicon's board of directors, our director candidates would owe fiduciary duties to all of Rubicon's shareholders.

Hesham M. Gad, age 38, has been Chief Executive Officer of Paragon Technologies, Inc. (OTC: PGNT), a holding company with operations in the material handling and order fulfillment industry (“Paragon”), since June 2014, Chairman of Paragon’s Board of Directors since March 2012, and a director of Paragon since October 2010. We urge you to complete, sign, date and return in the enclosed postage-paid envelope the enclosed **BLUE** proxy card to elect our director candidates. You will not be able to vote for our director candidates by returning a proxy card that is provided by Rubicon. If you hold Rubicon shares through a bank, broker or other nominee, you must provide voting instructions to that entity. If you have not received a **BLUE** voting instruction card from your bank, broker or other nominee, you should immediately contact the person responsible for your account to obtain a **BLUE** voting instruction card. **See the back cover page of this proxy statement for further information on how to vote your Rubicon shares.**

We urge you not to sign or return any proxy card or revocation card that may be sent to you by Rubicon. If you have already provided Rubicon with an executed proxy card or revocation card, you may revoke that document by executing a later dated **BLUE** proxy card and sending it to us in the enclosed postage-paid envelope (or, if you hold your shares through a bank, broker or other nominee, by returning a later dated **BLUE** voting instruction card to that entity).

WE URGE YOU NOT TO RETURN ANY PROXY CARD PROVIDED BY RUBICON. YOU DO NOT NEED TO (AND SHOULD NOT) VOTE “WITHHOLD” ON RUBICON’S PROXY CARD TO VOTE FOR OUR DIRECTOR CANDIDATES. YOU SHOULD NOT VOTE FOR ANY OF RUBICON’S DIRECTOR NOMINEES OR ANY OTHER MATTER ON RUBICON’S PROXY CARD.

If you have any questions or require any assistance with providing your proxy or any other matters, please contact our proxy advisor, Alliance Advisors, at 855-737-3183.

Your proxy will authorize the proxy holders named on the proxy, with full powers of substitution and resubstitution, to raise and second motions to nominate candidates for election to Rubicon’s board of directors, and to vote all Rubicon shares that you hold as of the record date, at the Annual Meeting and at any adjournments or postponements of such meeting and at any meeting called in lieu of such meeting, in each case subject to applicable law.

Your proxy will be voted as directed by you thereon and in the discretion of the proxy holders with respect to any other matters that may properly come before the Annual Meeting, including any matters incidental to the conduct of the meeting. If no choice is specified by you with respect to the election of our director candidates, the proxy holders will vote your shares for each of our director candidates, “AGAINST” the ratification of the appointment of Rubicon’s independent auditors and “AGAINST” the approval of the 2016 Stock Incentive Plan and in the discretion of the proxy holders on any other matters coming before the meeting, including any matters incidental to the conduct of the

meeting. The proxy holders will not vote any of the proxies for any of the director candidates nominated by Rubicon's board.

In the event that (i) any of our director candidates is unable to serve or for good reason is unwilling to serve as a member of Rubicon's board of directors and/or (ii) Rubicon or any other person takes or announces any action that has, or if consummated would have, the effect of disqualifying any or all of our director candidates, the proxy holders will have the right to nominate, and to vote your shares for the election of, such other nominees as Paragon may designate, subject to applicable law. If Rubicon or any other person makes or announces any changes to Rubicon's certificate of incorporation or bylaws or takes or announces any other action that has, or if consummated would have, the effect of decreasing the size of its board of directors, the proxy holders will have the right to nominate, and vote your shares for the election of, the nominees that are selected in the sole discretion of the proxy holders, other than for any nominee for whom the authority to vote has been withheld on your proxy, subject to applicable law.

Any proxy may be revoked prior to the proxy being voted at the Annual Meeting. You may revoke a proxy by properly executing and delivering a later dated proxy or by delivering a written revocation of a proxy. If you wish to revoke a proxy provided to Rubicon, please send a copy to Alliance Advisors at the fax number included on the back cover page of this proxy statement so that we will be aware of all revocations and can attempt to ensure they are honored.

Rubicon is submitting the selection of its independent registered accounting firm for ratification by shareholders at the Annual Meeting and the approval of its 2016 Stock Incentive Plan. We make no recommendation to shareholders regarding how you should vote on the auditor ratification proposal, but recommend that you vote your Rubicon shares “AGAINST” the approval of the 2016 Stock Incentive Plan due to what we believe is the continued financial mismanagement and questionable decision making by Rubicon’s board. However, you may vote on these proposals on the enclosed **BLUE** proxy card (or through the **BLUE** voting instruction card provided by your bank, broker or other nominee). If you return our **BLUE** proxy card and do not include directions on how to vote with respect to these proposals, the proxy holders will vote your shares “AGAINST” the auditor ratification proposal and the proposal to approve the 2016 Stock Incentive Plan. You should not return Rubicon’s proxy card to vote on these proposals, for any of the director candidates nominated by the Rubicon board, or on any other matter.

Your vote is important. Please complete, sign, date and return the enclosed BLUE proxy card in the enclosed postage-paid envelope today. If you hold Rubicon shares through a bank, broker or other nominee, please vote in favor of our director candidates by providing voting instructions to your bank, broker or such other nominee. Other Matters Being Presented by Rubicon at the Annual Meeting

Auditor Ratification

Rubicon is submitting the selection of Grant Thornton LLP as Rubicon's independent auditors for the fiscal year ending December 31, 2016 for ratification by shareholders at the Annual Meeting. Paragon will vote its shares "AGAINST" the company's auditor ratification proposal due to what it believes are excessively high audit fees, which are disclosed in Rubicon's annual proxy statements. However, we make no recommendation to shareholders regarding how you should vote on this proposal.

You may vote on this proposal on the enclosed **BLUE** proxy card (or through the **BLUE** voting instruction card provided by your bank, broker or other nominee). If you indicate your vote with respect to this proposal on our **BLUE** proxy card, we will vote your shares as instructed. If you return our **BLUE** proxy card and do not include directions on how to vote with respect to this proposal, the proxy holders will vote your shares "AGAINST" this proposal. You should not return Rubicon's proxy card to vote on this proposal, for any of the director candidates nominated by the Rubicon board, or on any other matter.

2016 Stock Incentive Plan

At the Annual Meeting, Rubicon is requesting approval of the Rubicon Technology, Inc. 2016 Stock Incentive Plan. The plan provides for the granting of equity awards to certain eligible participants, including directors of Rubicon.

Since 2012, Rubicon has lost over \$150 million. While significant losses for Rubicon's shareholders steadily increase, the Rubicon board has continued to receive extraordinary and increasing compensation. Due to what we believe is the continued financial mismanagement and questionable decision making by the Rubicon board, we recommend that you vote "AGAINST" the approval of the 2016 Stock Incentive Plan.

You may vote on this proposal on the enclosed **BLUE** proxy card (or through the **BLUE** voting instruction card provided by your bank, broker or other nominee). If you indicate your vote with respect to this proposal on our **BLUE** proxy card, we will vote your shares as instructed. If you return our **BLUE** proxy card and do not include directions on how to vote with respect to this proposal, the proxy holders will vote your shares "AGAINST" this proposal. You should not return Rubicon's proxy card to vote on this proposal, for any of the director candidates nominated by the Rubicon board, or on any other matter.

Background to the Solicitation

On November 23, 2015, Mr. Hesham M. Gad, Chairman and Chief Executive Officer of Paragon, delivered a letter on behalf of Paragon to Messrs. Don N. Aquilano, Rubicon's Chairman of the Board, and William F. Weissman, Rubicon's Chief Executive Officer, expressing concerns about Rubicon's capital expenditures given its continuing string of growing losses. Mr. Gad proposed that two designees of Paragon be added to the Rubicon board, himself and Mr. Jack H. Jacobs. After that date, the Rubicon board purported to consider the addition of Messrs. Gad and Jacobs to the board.

On January 12, 2016, Mr. Gad sent a letter to Messrs. Aquilano and Weissman further expressing his desire to have representation on the Rubicon board and proposing a meeting between himself and Mr. Aquilano to discuss the proposed board representation and Mr. Gad's concerns with Rubicon's performance.

Rubicon's board subsequently purported to interview Messrs. Gad and Jacobs. Mr. Caldwell then called Mr. Jacobs and indicated that the board was willing to appoint Mr. Jacobs to the board.

On March 28, 2016, Paragon rejected Rubicon's offer to appoint solely Mr. Jacobs to the board and again expressed its desire to have both Messrs. Gad and Jacobs represent Paragon as directors.

On April 8, 2016, Paragon submitted to Rubicon notice of its intent to nominate two director candidates at Rubicon's 2016 annual meeting of shareholders pursuant to requirements contained in Rubicon's bylaws. Paragon disclosed that each nominee had provided a consent to Paragon to be nominated as a director of Rubicon, to being named as a director nominee in any proxy solicitation materials of Paragon, and to serve on Rubicon's board if elected or appointed.

On April 11, 2016, Mr. Gad, on behalf of Paragon, delivered a letter to Rubicon requesting copies of Rubicon's stockholder lists and certain other books and records pursuant to Delaware law.

On April 18, 2016, Rubicon issued a press release and filed a corresponding Form 8-K with the SEC disclosing that Rubicon had received Paragon's director nomination notice.

On the same date, purporting to reject Paragon's nomination notice as deficient, on bases that Paragon asserts were incorrect and raised by Rubicon merely to frustrate and delay, Rubicon's counsel delivered a letter to Mr. Gad and Paragon's counsel in response to the nomination notice.

On the same date, Rubicon's counsel delivered a letter to Mr. Gad in response to Paragon's April 11, 2016 demand letter, noting that Rubicon would only provide the requested information to which Paragon is entitled to under applicable Delaware law if Mr. Gad submitted a check made out to Rubicon's proxy solicitor in the amount of \$1,500 for the purported cost of providing the requested stockholder lists and executed a confidentiality agreement on behalf of Paragon. The letter also indicated that Rubicon had certain objections to the scope and purpose of Paragon's demand.

On April 22, 2016, Paragon issued a press release announcing that it had initiated a proxy contest to elect two new directors to Rubicon's board at Rubicon's 2016 annual meeting of shareholders by delivering to Rubicon notice of its intent to nominate the following two director candidates: Hesham M. Gad and Jack H. Jacobs. In its press release, Paragon cited its increasing concerns regarding Rubicon's deteriorating financial performance and the leadership of its board of directors. In the press release, Paragon outlined the reasons why it believes that urgent change is needed in Rubicon's board of directors.

On April 22, 2016, Paragon's counsel sent a letter to Rubicon asserting that Paragon's director nomination notice was valid and rejecting Rubicon's bases for purportedly rejecting Paragon's nomination notice as illegitimate and/or blatantly incorrect. Paragon's counsel questioned how Rubicon could issue a widely disseminated press release regarding Paragon's director nominations while privately purporting to reject the nomination notice in lawyer letters. Paragon's counsel questioned how Rubicon could lament the "costly" nature of a proxy contest in its press release while at the same time sending lawyer letters that serve no purpose other than to frustrate, increase costs and entrench the existing board.

On the same date, Paragon's counsel sent a letter to Rubicon in response to the letter from Rubicon's counsel dated April 18, 2016 regarding Paragon's stockholder list request. In the letter, Paragon's counsel again requested copies of the documents lawfully requested by Paragon and noted that it would take appropriate action if the documents are not provided to Paragon within 48 hours after the record date for the Annual Meeting. Rubicon's counsel subsequently responded with another letter, reiterating that Rubicon would only provide the requested information, subject to certain objections and conditions including the payment by Paragon of \$1,500 for the purported cost of providing the requested information and the execution by Paragon of a confidentiality agreement.

On April 29, 2016, Rubicon's counsel sent a letter to Paragon's counsel purporting to accept the validity of Paragon's director nomination notice, noting that the nomination notice "at least facially" complies with Rubicon's bylaws. We do not believe that Rubicon has any basis to reject Paragon's director nominees. We believe, in another sign of entrenchment motives, Rubicon's lawyers have been sending letters with no purpose other than to frustrate, delay, increase costs, and entrench the existing board.

Under the Act, after Mr. Gad entered his plea, but without the entry of a judgment of guilt, the Court placed Mr. Gad on probation for a two-year period and, as probation conditions, ordered him to pay restitution of \$4,120.69 and to perform 40 hours of community service. Important: How to Provide a Proxy to Us

Your vote is important. No matter how many Rubicon shares you own, please provide a proxy to vote in favor of our director candidates by taking three steps:

· Check the boxes indicating a vote FOR our two director candidates on the enclosed **BLUE** proxy card;

· SIGN and DATE the enclosed **BLUE** proxy card; and

· MAIL the enclosed **BLUE** proxy card to us in the enclosed postage-paid envelope.

If any of your Rubicon shares are held in the name of a bank, broker or other nominee, only that entity can vote your Rubicon shares and only upon receipt of your specific instructions. Accordingly, if you received a **BLUE** voting instruction card from your bank, broker or other nominee, you should immediately complete, sign, date and return the **BLUE** voting instruction card to that entity. If you have not received a **BLUE** voting instruction card from your bank, broker or other nominee, you should immediately contact the person responsible for your account to obtain a **BLUE** voting instruction card. We urge you to confirm to us in writing any voting instructions provided to a bank, broker or other nominee, by calling or sending a faxed copy of the executed voting instruction card to Alliance Advisors at the toll-free telephone number or fax number provided below, so that we will be aware of all instructions given and can attempt to ensure that such instructions are followed.

We urge you not to sign any proxy card or revocation card that may be sent to you by Rubicon. To support Paragon, you should return our BLUE proxy card and discard any proxy card you receive from Rubicon. You do not need to (and should not) vote “withhold” on Rubicon’s proxy card to vote for our director candidates. You should not vote for any of the director candidates nominated by Rubicon or on any other matter by returning Rubicon’s proxy card.

If you have already provided Rubicon with an executed proxy, you may revoke it by executing a later dated BLUE proxy card and sending it to us in the enclosed postage-paid envelope (or, if you hold your shares through a bank, broker or other nominee, by sending a later dated BLUE voting instruction card to that entity).
