### **Item 8.01 Other Events.**

On March 22, 2018, we completed the closing of our previously announced registered direct offering of 2,743,640 shares of our common stock at a price of \$1.10 per share. In connection with the offering, on March 20, 2018 we entered into securities purchase agreements (the “Purchase Agreements”) with the investors in the offering. The net proceeds to us from the offering are expected to be approximately \$2.7 million, after deducting placement agent fees and estimated offering expenses payable by us. We anticipate using the net proceeds from the offering for general corporate purposes, including manufacturing expenses, clinical trial expenses, research and development expenses, and general and administrative expenses.

H.C. Wainwright & Co., LLC (“Wainwright”) acted as our exclusive placement agent for the offering and received a placement agent fee from us equal to 6.0% of the aggregate gross proceeds from the offering. We also reimbursed Wainwright for its expenses in connection with the offering on a non-accountable basis in an amount equal to \$35,000.

The offering was made pursuant to our registration statement on Form S-3 (File No. 333-210974), which was declared effective by the Securities and Exchange Commission (“SEC”) on May 13, 2016, and a prospectus supplement thereunder. A copy of the opinion of Cooley LLP relating to the legality of the issuance and sale of the shares in the offering is attached to this report as Exhibit 5.1.

As of immediately following the completion of the offering, we had 16,464,464 shares of common stock outstanding.

The Purchase Agreements contain customary representations, warranties and agreements by us, were made only for purposes of such agreements and as of a specific date, and may be subject to limitations agreed upon by such parties.

The foregoing description of the Purchase Agreements is not complete and is qualified in its entirety by reference to the full text of the form of Purchase Agreement. The form of Purchase Agreement is attached to this report as Exhibit 99.1.
