PROXY STATEMENT FOR
ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD MAY 28, 2010

GENERAL

This proxy statement is being furnished in connection with the solicitation of proxies by the Board of Directors of Miller Industries, Inc. (the "Company" or "Miller Industries") for use at the Company's 2010 annual meeting of shareholders (the "Annual Meeting") to be held at 879 College Drive, Dalton, Georgia 30720, on Friday, May 28, 2010, at 9:00 a.m. (Eastern time), and any adjournments or postponements thereof. It is anticipated that this proxy statement and the accompanying proxy card will first be mailed to shareholders on or about April 23, 2010.

Only holders of the Company's common stock, \$0.01 par value per share (the "Common Stock"), at the close of business on April 6, 2010 are entitled to notice of and to vote at the Annual Meeting. On such date, the Company had issued and outstanding 11,637,775 shares of Common Stock. A list of all shareholders entitled to vote will be available for inspection at the Annual Meeting.

VOTING PROCEDURES

A majority of shares entitled to vote and represented in person or by proxy at the Annual Meeting will constitute a quorum. Abstentions and broker non-votes will be counted for the purpose of determining a quorum. Each outstanding share of Common Stock is entitled to one vote.

The election of a nominee to the Board of Directors requires a plurality of the votes cast by holders of shares of Common Stock present in person or represented by proxy at the Annual Meeting. Therefore, those nominees receiving the greatest number of votes at the Annual Meeting shall be elected, even though such nominees may not receive a majority of the votes cast.

Abstentions and broker non-votes will not be considered in the election of nominees to the Board of Directors, but will be treated as votes against any other proposals presented to the shareholders. A broker non-vote occurs when a proxy received from a broker or other nominee holding shares on behalf of a client does not contain voting instructions on a "non-routine" matter because the broker or nominee has not received specific voting instructions from the client with respect to such non-routine matter. The proposals in this proxy statement are non-routine matters and accordingly the brokerage firm cannot vote your shares on those proposals without your instructions.

If you hold shares of Common Stock in your own name as holder of record, you may give a proxy to be voted at the Annual Meeting in any of the following ways: (i) over the telephone by calling a toll-free number; (ii) electronically, using the Internet; or (iii) by completing, signing and mailing the enclosed printed proxy card. If you are a shareholder of record and would like to submit your proxy vote by telephone or Internet, you should refer to the specific instructions provided on the enclosed proxy card. If you are a shareholder of record and wish to submit your proxy by mail, you should sign and return the proxy card in accordance with the instructions thereon prior to the Annual Meeting. Additionally, a holder of record may vote in person by completing a ballot at the Annual Meeting. Even if you currently plan to attend the Annual Meeting, the Company recommends that you also submit your proxy as described above so that your vote will be counted if you later decide not to attend the Annual Meeting.

If you hold shares of Common Stock through a broker or other nominee (i.e., in “street name”), the broker or nominee should provide instructions on how you may instruct the broker or other nominee to vote those shares on your behalf.

A shareholder of record who votes over the Internet or by telephone may revoke the proxy by: (i) attending the Annual Meeting, notifying the Secretary of the Company (or his delegate), and voting in person; or (ii) voting again over the Internet or by telephone by no later than 1:00 a.m. (Central time) on May 28, 2010. A shareholder of record who signs and returns a proxy may revoke such shareholder's proxy at any time before it has been exercised by: (i) attending the Annual Meeting, notifying the Secretary of the Company (or his delegate), and voting in person; (ii) filing with the Secretary of the Company a written revocation; or (iii) executing and delivering a timely and valid proxy bearing a later date. Unless revoked, where a choice is specified on the proxy, the shares represented thereby will be voted in accordance with such choice. If no choice is specified, such shares will be voted FOR the election of each of the six director nominees, and in the discretion of the proxy holders on any other matter that may properly come before the meeting. If you hold shares of Common Stock in street name you must follow the instructions given by your broker or nominee to change your voting instructions.

The Board of Directors has designated William G. Miller and Frank Madonia, and each or either of them, to vote on its behalf the proxies being solicited hereby. The Board of Directors knows of no matters which are to be brought to a vote at the Annual Meeting other than those set forth in the accompanying Notice of Annual Meeting. However, if any other matter properly does come before the Annual Meeting, the persons appointed in the proxy, or their substitutes, will vote in accordance with their best judgment on such matters.

NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS

The Company posted materials related to the Annual Meeting on the Internet. The following materials are available on the Internet at www.shareholdermaterial.com/MillerIndustries:

PROPOSAL 1

ELECTION OF DIRECTORS

Introduction

Pursuant to the Company's Charter and Bylaws, the Board of Directors has fixed the number of directors at six. The members of the Board of Directors comprise a single class, and at each annual meeting of shareholders all directors are elected. The directors elected at the Annual Meeting will serve until the annual meeting of shareholders in 2011, or until their successors are duly elected and qualified. The Board of Directors may fill directorships resulting from vacancies, and may increase or decrease the number of directors to as many as fifteen or as few as three. In March 2010, the Board of Directors increased the size of the Board from five to six members and appointed Theodore H. Ashford, III, effective April 1, 2010, to serve on the Board of Directors until the Annual Meeting. Executive officers are appointed annually and serve at the discretion of the Board of Directors.

Upon the recommendation of the Nominating Committee, the Board of Directors has nominated Theodore H. Ashford, III, Jeffrey I. Badgley, A. Russell Chandler, III, Paul E. Drack, William G. Miller and Richard H. Roberts, the current members of the Board, for re-election as directors. Each such nominee has consented to be named herein and to serve as a director, if elected.

Unless contrary instructions are received, shares of Common Stock represented by duly executed proxies will be voted in favor of the election of each of the six nominees named above to constitute the entire Board of Directors. The

Board of Directors has no reason to expect that any nominee will be unable to serve and, therefore, at this time it does not have any substitute nominees under consideration.

Directors are elected by a plurality of the votes cast by holders of the shares of Common Stock entitled to vote at the Annual Meeting. Shareholders have no right to vote cumulatively for directors. Each shareholder shall have one vote for each director for each share of Common Stock held by such shareholder.

Information concerning the nominees for election, based on data furnished by them, is set forth below. Currently, they are all directors of the Company. The Board of Directors has determined that Messrs. Ashford, Chandler, Drack and Roberts are independent directors under the listing standards of the New York Stock Exchange ("NYSE").

THE BOARD UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" THE ELECTION OF EACH OF THE SIX DIRECTOR NOMINEES.

CORPORATE GOVERNANCE

Independence, Board Meetings and Related Information

Independence

The Board of Directors has determined that a majority of the members of the Board of Directors are "independent," as "independent" is defined under applicable federal securities laws and the listing standards of the NYSE. The independent directors are Messrs. Ashford, Chandler, Drack and Roberts.

Meetings

The Board of Directors held five meetings during 2009. All incumbent directors attended more than 75% of the meetings of the Board of Directors and the respective committees of which they are members, excluding Mr. Ashford who was not a member of the Board of Directors during 2009. The non-management directors meet in executive session as a part of the meetings of the Audit Committee. The presiding director at those sessions is selected by the non-management directors on a meeting-by-meeting basis. The Company does not require its directors to attend its annual meeting of shareholders. In 2009, two of the Company's directors attended the annual meeting of shareholders in person, and the remaining three directors participated in the annual meeting by telephone.

Communication with Directors

Interested parties may communicate with any non-management director by mailing a communication to the attention of that director at 8503 Hilltop Drive, Ooltewah, Tennessee 37363.

Committees of the Board of Directors

The Board of Directors has standing Audit, Compensation and Nominating Committees. Generally, members of these committees are elected annually by the Board of Directors, but changes to the committees may be made at the Board

of Directors' discretion at any time. These committees operate pursuant to separate written charters adopted by the Board of Directors. These charters, along with the Company's Corporate Governance Guidelines, are available on the Company's website at www.millerind.com through the "Investor Relations" link. In addition, copies of these charters and guidelines can be obtained upon request from the Company's Corporate Secretary.

Audit Committee

The Audit Committee is comprised of Messrs. Chandler, Drack and Roberts. The Board of Directors has determined that each of the members of the audit committee is “financially literate” within the meaning of the listing standards of the NYSE, and qualifies as an “audit committee financial expert” as defined by applicable SEC rules.

The Audit Committee, among other things, recommends the appointment of the Company’s independent public accountants, reviews the scope of audits proposed by the Company’s independent public accountants, reviews audit reports on various aspects of corporate operations, and periodically consults with the Company’s independent public accountants on matters relating to internal financial controls and procedures. The Audit Committee held four meetings during 2009. The report of the Audit Committee is included in this proxy statement beginning on page 18.

Compensation Committee

The Compensation Committee is comprised of Messrs. Chandler, Drack and Roberts. The Compensation Committee establishes, among other things, salaries, bonuses and other compensation for the Company’s officers, and administers the Company’s stock option and other employee benefit plans. The Compensation Committee held one meetings during 2009. The report of the Compensation Committee is included in this proxy statement beginning on page 12.

Nominating Committee

The Nominating Committee is comprised of Messrs. Chandler, Drack and Roberts. The Nominating Committee was established to evaluate candidates for service as directors of the Company and to conduct the Board’s annual self-assessment process. The Nominating Committee will consider candidates recommended by shareholders. Shareholder recommendations must comply with the procedures for director nominations set forth in Article I, Section 1.2, of the Company’s Bylaws and applicable law. The Nominating Committee held two meetings during 2009.

Board Leadership Structure

The Board of Directors has determined that the Company is benefited by having Co-Chief Executive Officers one of whom also serves as Chairman of the Board. The Company currently has Co-Chief Executive Officers, Jeffrey I. Badgley and William G. Miller, both of whom have executive decision making power for the Company. Mr. Badgley focuses principally on the management of the day-to-day operations of the Company. Mr. Miller also serves as a Co-Chief Executive Officer and Chairman of the Board and focuses primarily on strategic issues the Company faces on an ongoing basis. Each of the standing committees of the Board of Directors, the Audit, Compensation and Nominating Committees, is chaired by an independent director and is comprised entirely of independent directors.

The Board of Directors believes that combining the position of Co-Chief Executive Officer and Chairman of the Board allows the Co-Chief Executive Officer to serve as a bridge between management and the Board, ensuring that both groups act with a common purpose. Mr. Miller, as Co-Chief Executive Officer, is one of the two individuals selected by the Board of Directors to manage the Company, and his direct involvement in the Company’s operations makes him well positioned to lead productive Board strategic planning sessions and determine the time allocated to each agenda item in discussions of the Company’s short- and long-term objectives.

Additionally, the Board has not appointed a lead independent director. Currently, the Board consists of six directors, four of whom are independent. Due to the small size of the Board, all of the independent directors are able to closely monitor the activities of the Company and meet regularly in executive sessions without management to discuss the development and strategy of the Company. These executive sessions allow the independent directors to review key

decisions and discuss matters in a manner that is independent of our Co-Chief Executive Officers. Therefore, the Board has determined that a lead independent director is not necessary at this time. As the composition of the Board changes and/or grows in the future, the Board of Directors intends to reevaluate the need for a lead independent director.

Risk Management

Management is responsible for the day-to-day management of risks the Company faces, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. The Board believes that full and open communication between management and the Board of Directors is essential for effective risk management and oversight. The Board receives regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, strategic, competitive and reputational risks. Additionally, senior management is available to address any questions or concerns raised by the Board on risk management-related and any other matters.

While the Board is ultimately responsible for risk oversight at the Company, our three Board committees assist the Board in fulfilling its oversight responsibilities in certain areas of risk. The Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to risk management in the areas of financial reporting, internal controls and compliance with legal and regulatory requirements, and, in accordance with the NYSE rules, discusses policies with respect to risk assessment and risk management. The Compensation Committee assists the Board in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs. The Nominating and Governance Committee assists the Board in fulfilling its oversight responsibilities with respect to the management of risks associated with board organization, membership and structure, succession planning for our directors and executive officers, and corporate governance.

Director Nominations

The Nominating Committee considers qualifications and characteristics that it, from time to time, deems appropriate when it selects individuals to be nominated for election to the Board of Directors. These qualifications and characteristics may include, without limitation, independence, integrity, business experience, education, accounting and financial expertise, age, diversity (including diversity of skills, background and experience), reputation, civic and community relationships and industry knowledge and experience. In addition, prior to nominating an existing director for re-election to the Board of Directors, the Nominating Committee will consider and review the existing director's Board and committee attendance, performance and length of Board service. The composition of the current Board of Directors reflects diversity in business and professional experience and skills.

Related Transactions and Business Relationships

Policy on Related Party Transactions

The Company recognizes that transactions between the Company or its subsidiaries and any of its directors or executive officers can present potential or actual conflicts of interest. Accordingly, as a general matter it is the Company's preference to avoid such transactions. Nevertheless, the Company recognizes that there are circumstances where such transactions may be in, or not inconsistent with, the best interests of the Company. Therefore, the Company has adopted a formal policy that requires the Company's Audit Committee to review and, if appropriate, approve or ratify any such transactions. Pursuant to the policy, the Committee will review any transaction in which the Company is or will be a participant and the amount involved exceeds \$120,000, and in which any of the Company's directors, executive officers or 5% shareholders had, has or will have a direct or indirect material interest. After its review, the Committee will only approve or ratify those transactions that are in, or are not inconsistent with, the best interests of the Company and its shareholders.

Compensation Discussion and Analysis

Overview

This discussion and analysis addresses the material elements of the Company's compensation program for named executive officers, including the Company's compensation objectives and overall compensation philosophy, the compensation process and the administration of the compensation program. It is intended to complement and enhance an understanding of the compensation information presented in the "Summary Compensation Table" and other accompanying tables in this proxy statement.

As used in this proxy statement, the term "named executive officers" means the Company's Chairman and Co-Chief Executive Officer; President and Co-Chief Executive Officer; Executive Vice President and Chief Financial Officer; and Executive Vice President, Secretary and General Counsel. In this "Compensation Discussion and Analysis" section, the terms "we," "our," "us" and the "Committee" refer to the Compensation Committee of the Company's Board of Directors.

Compensation Objectives and Overall Compensation Philosophy

The Company's executive compensation program is designed to enhance Company profitability, and thus shareholder value, by aligning executive compensation with the Company's expectations and performance, and by establishing a system that can retain and reward executive officers who contribute to the long-term success of the Company. More specifically, the overall goals of the executive compensation program include:

- offering competitive total compensation opportunities to retain talented executives;
- providing strong links between Company performance and total compensation earned – i.e., paying for performance;
- emphasizing the long-term performance of the Company, thus enhancing shareholder value; and
- promoting and facilitating stock ownership by executive officers.

We believe that it is in the best interests of the Company's shareholders and its named executive officers that the Company's executive compensation program, and each of its elements, remain simple and straightforward. This approach should reduce the time and cost involved in setting the Company's executive compensation policies and calculating the payments under such policies, and should enhance the transparency of, and the ability to comprehend,

these policies.

Administration

The Committee has overall responsibility with respect to approving and monitoring the Company's executive compensation program, and operates under a Charter that was approved by the Company's Board of Directors in 2004. None of the members of the Committee has been an officer or employee of the Company, and the Board of Directors has considered and determined that all of the members are "independent," as that term is defined under NYSE rules, and otherwise meet the criteria set forth in the Committee's Charter.

In fulfilling its responsibilities, the Committee, among other things, establishes and approves the compensation level of each of the named executive officers, reviews and approves corporate goals and objectives relevant to the compensation of the named executive officers, evaluates the performance of the named executive officers in light of these goals and objectives, determines and approves compensation based on these objectives and its evaluations, establishes criteria for granting stock options to the named executive officers and the Company's other employees, considering the recommendations of senior management, and approves such stock option grants.

We regularly review and discuss the compensation of the named executive officers with William G. Miller, the Company's Chairman and Co-Chief Executive Officer, and consult with Mr. Miller in evaluating the performance of the named executive officers. In addition, Mr. Miller may make recommendations to us regarding compensation for all of the named executive officers, other than for himself.

As discussed in greater detail below, the levels of each element of compensation for the named executive officers are determined based on several factors, which may include the Company's historical performance and relative shareholder return, our informal assessment of compensation paid to executives in comparable industries, the amount and the elements of compensation provided in previous years, the terms of each named executive officer's employment agreement with the Company, our expectations for the Company's future financial performance and other matters that we deem relevant. In addition, we consider the level of experience and the responsibilities of each named executive officer, his performance and the personal contributions he makes to the success of the Company. Leadership skills, analytical skills, organization development, public affairs and civic involvement have been and will continue to be deemed to be important qualitative factors to take into account in considering elements and levels of compensation. We have not adopted any formal or informal policy for allocating compensation between long-term and short-term elements, between cash and non-cash or among the different possible forms of non-cash compensation.

The continued deterioration of the U.S. and global economy, and the uncertainty that this creates for business planning purposes, impacted executive compensation decisions for 2009. In 2009, the Company's executive compensation program consisted primarily of base salary. In addition, while the Company did not pay any annual discretionary cash performance bonuses or grant any stock option awards in 2009, annual discretionary cash performance bonuses and stock options have historically been elements of the Company's executive compensation program, and may again be elements of the Company's executive compensation program in the future. In addition to base salary, the Company has provided, and will continue to provide, its named executive officers with certain benefits, such as healthcare plans, that are available to all employees.

Elements of Compensation

Base Salary. We determine the base salary for each of the named executive officers annually based on, among other things, his experience and the scope of his responsibilities, his performance and the performance of the Company, our expectations for the Company's future financial performance and our informal assessment of salaries paid to executives in comparable industries. The minimum levels of some of these base salaries are mandated by employment agreements with the named executive officers (which are described in more detail below under the heading "Additional Discussion of Material Items in Summary Compensation Table Employment Agreements with Named Executive Officers"). We believe that base salaries are an important part of the Company's executive compensation program because they provide the named executive officers with a steady income stream that is not contingent upon the Company's overall performance.

For 2008 and continuing in 2009, the named executive officers voluntarily reduced their salaries as part of a broader set of company-wide cost-reduction measures undertaken at their direction. For 2009, taking into account the economic conditions and the Board's expectations for the Company's financial performance in a difficult economic environment, the base salary for each named executive officer was increased only 1.5%, which is the same rate at

which compensation for all other domestic employees was increased in 2009. Beginning in November 2009, based on the improvement in economic conditions and our expectations for the Company's financial performance for the remainder of 2009 and 2010 and in connection with the increase in base salaries for domestic salaried employees, the base salary for each named executive officer was restored to the level of base salary that such named executive officer was paid prior to the voluntary salary reductions implemented in 2008 plus 1.5%. Under Mr. Miller's employment agreement with the Company, Mr. Miller is entitled to receive a base salary that is substantially the same as the Company's other Co-Chief Executive Officer; however, from 1999 through 2006 he declined increases to which he was entitled under his agreement. Effective July 2007, the Compensation Committee increased Mr. Miller's salary to match the salary of the other Co-Chief Executive Officer in accordance with his employment agreement. For 2009, Mr. Miller's base salary was adjusted accordingly to match the 2009 base salary for Mr. Badgley.

Annual Discretionary Cash Bonuses. We utilize annual discretionary cash bonuses to provide additional compensation to the named executive officers, and to reward them for their performance. We have not adopted any formal or informal performance or other objectives for the calculation or payment of these discretionary bonuses. Instead, in determining an annual discretionary bonus, we consider, among other things, the Company's performance for the previous year and relative shareholder value, discretionary bonuses awarded in previous years, the performance of the named executive officer and his personal contributions to the success of the Company.

Annual discretionary cash bonuses, as opposed to grants of stock options or other equity-based awards, are designed to provide additional compensation to the named executive officers, and to more immediately reward them for their performance. The immediacy of these bonuses provides an incentive to the named executive officers to raise their level of performance, and thus the Company's overall level of performance. Thus, we believe that discretionary cash bonuses are an important motivating factor for the named executive officers.

For 2009, based primarily on the Company's performance in 2008, we determined not to pay an annual discretionary cash bonus to the named executive officers. Messrs. Badgley, Mish and Madonia received a nominal annual "holiday bonus" paid to all U.S. employees of the Company. The amounts of such cash bonuses paid to the named executive officers are set forth in the "Summary Compensation Table."

Equity Awards. Although we did not award stock options to the named executive officers from 2005 through 2007 or in 2009, we consider equity-based awards to be an important part of the Company's overall executive compensation philosophy. Historically, Mr. Miller has declined grants of equity awards from the Company.

Stock options and other equity-based awards provide the named executive officers with a strong link to the Company's long-term performance, promote an ownership culture and more closely align the interest of the named executive officers and the Company's shareholders. Equity incentive awards are granted under the Company's 2005 Equity Incentive Plan. This plan provides us with broad discretion to fashion the terms of awards to provide eligible participants with such stock-based incentives as we deem appropriate. It permits the issuance of awards in a variety of forms, including non-qualified stock options and incentive stock options, stock appreciation rights, restricted stock awards and performance shares.

In general, options for the purchase of 500 or more shares vest in four equal annual installments, and all options for the purchase of fewer than 500 shares vest in two equal annual installments. All stock options are exercisable until the tenth anniversary of the grant date unless otherwise earlier terminated pursuant to the terms of the individual option agreement.

Severance and Change of Control Arrangements. As discussed in more detail in the "Additional Discussion of Material Items in Summary Compensation Table Employment Agreements with Named Executive Officers" and "Potential Payments Upon Termination or Change in Control" sections below, the named executive officers may be entitled to certain benefits upon the termination of their respective employment or change in control agreements.

Other Compensation. The named executive officers currently are entitled to participate in the Company's health, life and disability insurance plans and in our 401(k) plan to the same extent that the Company's employees are entitled to participate.

Report of the Compensation Committee

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis contained under that heading in this proxy statement. On the basis of its reviews and discussions, the Committee has recommended that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2009, and this proxy statement.

Additional Discussion of Material Items in Summary Compensation Table

The Company's executive compensation policies and practices, pursuant to which the compensation set forth in the Summary Compensation Table was paid or awarded, are described above under "Compensation Discussion and Analysis." A summary of certain material terms of the Company's compensation plans and arrangements is set forth below.

Employment Agreements with Named Executive Officers

William G. Miller. In July 1997, the Company entered into an employment agreement with Mr. Miller which was amended and restated in December 2008. The employment agreement provides for a base salary as agreed to by the Company and Mr. Miller from time to time, but which shall in any event be substantially the same as the base salary of the Chief Executive Officer of the Company. Mr. Miller also receives certain insurance and other benefits as are generally provided by the Company to its executive employees. Mr. Miller's employment agreement is for an indeterminate term and allows Mr. Miller to pursue other business related interests as long as they do not interfere with his duties for the Company. Employment may be terminated by either party upon three years' written notice or for "cause," as defined in the employment agreement.

Jeffrey I. Badgley and Frank Madonia. In September 1998, the Company entered into employment agreements with Messrs. Badgley and Madonia which were amended and restated in December 2008. Each employment agreement provides for a rolling three-year term, extended automatically each day for an additional day such that the remaining term of each employment agreement is three years. However, on each individual's 62nd birthday, the employment agreement ceases to extend automatically, and instead terminates three years from that date. The employment agreements provide for base salaries that are subject to annual review and adjustment by the Board of Directors. Additionally, each individual may participate in any bonus plans or other benefits generally available to executive officers of the Company. The Company may terminate Messrs. Badgley or Madonia pursuant to their respective employment agreements for any reason upon written notice. However, if termination is for other than "just cause" (as defined in the employment agreements), the individual is entitled to certain benefits described under the heading "Potential Payments Upon Termination or Change in Control" below.

J. Vincent Mish. In December 2002, the Company entered into an employment agreement with Mr. Mish which was amended and restated in December 2008. The employment agreement provides for a rolling three-year term, extended automatically as of each annual shareholders' meeting such that the remaining term of the employment agreement is three years as of that date. Notwithstanding the foregoing, the term of the agreement ends on Mr. Mish's 65th birthday. The employment agreement provides for base salary that is subject to annual review and adjustment by the Board of Directors. Additionally, Mr. Mish may participate in any bonus plans or other benefits generally available to executive officers of the Company. The Company may terminate Mr. Mish pursuant to this employment agreement for any reason upon written notice. However, if termination is for other than "just cause" (as defined in the employment agreement), Mr. Mish is entitled to certain benefits described under the heading "Potential Payments Upon Termination or Change in Control" below.

2005 Equity Incentive Plan

The Company's shareholder-approved 2005 Equity Incentive Plan is a flexible plan that provides the Compensation Committee with broad discretion to fashion the terms of awards to provide eligible participants with such equity-based incentives as the Committee deems appropriate. It permits the issuance of awards in a variety of forms, including non-qualified stock options and incentive stock options, stock appreciation rights, restricted stock awards and performance shares. During 2009, no awards were granted to the Company's named executive officers under the 2005 Equity Incentive Plan.

Contributory Retirement Plan

The Company maintains a contributory retirement plan for all full-time employees with at least 90 days of service. The plan is designed to provide tax-deferred income to the Company's employees in accordance with the provisions of Section 401(k) of the Internal Revenue Code. The plan provides that each participant may contribute up to 15% of his or her salary. For 2009, the Company matched 50% of the first 5% of participant contributions. Matching contributions vest over the first five years of employment.

Outstanding Equity Awards at Fiscal Year-End 2009

The following table provides information on the holdings of stock options by the named executive officers, including both unexercised and unvested awards, at December 31, 2009.

Option Exercises and Stock Vested in 2009

There were no stock options exercised by any of the named executive officers during 2009.

Potential Payments Upon Termination or Change in Control

The Company is party to employment agreements with each of its named executive officers, and has also entered into change in control agreements with three of its named executive officers. Each of these employment and change in control agreements address, among other things, compensation and benefits that would be paid to the applicable named executive officer in the event that his employment is terminated for different reasons, including termination for cause or without cause, and termination in connection with a change in control.

Employment Agreements

William G. Miller. The Company's employment agreement with Mr. Miller provides that either the Company or Mr. Miller may terminate the agreement for any reason upon three years' prior notice, that Mr. Miller may terminate the agreement upon 60 days' notice in the event of a change in control of the Company, and that the Company may terminate the agreement at any time for "cause," or if Mr. Miller dies or becomes disabled. Under the employment agreement:

Upon any termination of Mr. Miller's employment for "cause," Mr. Miller will be entitled to receive all compensation due to him through his last day of employment.

If Mr. Miller's employment is terminated due to death or disability, the Company will have no further liability under the employment agreement.

If Mr. Miller's employment is terminated by the Company without "cause" without the required three year's prior notice or, if such notice has been given, prior to the end of the three-year notice period, Mr. Miller will be entitled to receive a lump sum pro-rated bonus (based on the average monthly bonus earned by him for the three calendar years immediately preceding the year in which his employment is terminated) for the number of days he worked during the year in which his employment is terminated, and Mr. Miller will be entitled to receive, monthly over the shorter of a 36-month period or the remaining portion of the three-year notice period: (i) his then-current base salary; (ii) the average monthly bonus earned by him for the three calendar years immediately preceding the year in which his employment is terminated; and (iii) continued health and life insurance coverage.

Under the employment agreements, “cause” means: (i) willful malfeasance or gross negligence; or (ii) knowingly engaging in wrongful conduct resulting in detriment to the goodwill of the Company or damage to the Company’s relationships with its customers, suppliers or employees. The employment agreement also provides for confidentiality during employment, and for non-competition during employment and for a three-year period from termination if the Company terminates the agreement for cause or Mr. Miller terminates his employment in breach of the agreement.

Jeffrey I. Badgley, Frank Madonia and J. Vincent Mish. The Company’s employment agreements with Messrs. Badgley, Madonia and Mish address the rights and obligations of the Company in connection with the termination of the executive’s employment in different situations including in connection with a change in control of the Company. Under each agreement:

Upon any termination of the executive’s employment, including if the executive terminates his employment voluntarily, or if the Company terminates the executive’s employment for “just cause,” the executive will be entitled to receive all compensation due to him through his last day of employment.

If the executive’s employment is terminated due to death, the executive’s beneficiary will be entitled to receive, in one lump sum, an amount equal to: (i) 12 months of his then-current base salary; (ii) 12 months of the average monthly bonus earned by him for the three calendar years immediately preceding the year in which his employment is terminated; and (iii) a pro-rated bonus, based on the average monthly bonus earned by him for the three calendar years immediately preceding the year in which his employment is terminated, for the number of days he worked during the year in which his employment is terminated.

If the executive’s employment is terminated due to disability, all of the executive’s outstanding stock options will vest and become exercisable, the executive (or his beneficiary) will be entitled to receive a lump sum pro-rated bonus (based on the average monthly bonus earned by him for the three calendar years immediately preceding the year in which his employment is terminated) for the number of days he worked during the year in which his employment is terminated, and the executive (or his beneficiary) will be entitled to receive, monthly over a period of 24 months from the last day of employment: (i) his then-current base salary; (ii) the average monthly bonus earned by him for the three calendar years immediately preceding the year in which his employment is terminated; and (iii) continued health and life insurance coverage.

If the executive’s employment is terminated by the Company without “just cause,” or if the executive’s employment is terminated under circumstances that would entitle him to receive benefits under his change in control agreement (i.e., in connection with a change in control of the Company) with the Company, if any, all of the executive’s outstanding stock options will vest and become exercisable, the executive will be entitled to receive a lump sum pro-rated bonus (based on the average monthly bonus earned by him for the three calendar years immediately preceding the year in which his employment is terminated) for the number of days he worked during the year in which his employment is terminated, and the executive will be entitled to receive, monthly over the shorter of a 36-month period or the remaining term of the employment agreement: (i) his then-current base salary; (ii) the average monthly bonus earned by him for the three calendar years immediately preceding the year in which his employment is terminated; and (iii) continued health and life insurance coverage; provided, that if the executive dies during the post-termination period in which these benefits are being paid, the monthly base salary and bonus payments will continue for the shorter of 12 months after his death or the remaining term of the employment agreement.

Under the employment agreements, “just cause” means: (i) executive’s material fraud, malfeasance, gross negligence or willful misconduct with respect to the business affairs of the Company which is directly or materially harmful to the business or reputation of the Company or its subsidiaries, and which is incapable of being remedied or not remedied within 30 days of notice from the Company; (ii) executive’s conviction of or failure to contest prosecution for a felony

or a crime involving moral turpitude; or (iii) executive's material breach of the employment agreement which is incapable of being remedied or not remedied within 30 days of notice from the Company.

Each employment agreement also provides for non-competition and confidentiality during employment and for a period ending two years from termination or expiration of the employment agreement (or one year if termination occurs pursuant to a change in control).

Change in Control Agreements

In September 1998, the Company entered into change in control agreements with Messrs. Badgley and Madonia, and in December 2002, the Company entered into a change in control agreement with Mr. Mish. The change in control agreements with Messrs. Badgley, Madonia and Mish were amended and restated in December 2008. Under each agreement, if the executive's employment is terminated within six months before, or 24 months after, a "change in control" of the Company, and the termination was either by the Company (other than for cause, disability or death), or "voluntary" on the part of the executive, then all of the executive's outstanding stock options will vest and become exercisable, and the executive will be entitled to receive:

a lump sum payment equal to the present value of 36 months of:

- his then-current base salary; and
- the average monthly bonus earned by him for the three calendar years immediately preceding the year in which his employment is terminated;

a lump sum pro-rated bonus, based on the average monthly bonus earned by him for the three calendar years immediately preceding the year in which his employment is terminated, for the number of days he worked during the year in which his employment is terminated, discounted to present value; and

health and life insurance benefits over the shorter of a 36-month period or the remaining term of the employment agreement.

However, any amounts paid under the change in control agreements will be reduced to the extent that the executive receives or is entitled to receive payments in respect of the change in control under the executive's employment agreement. If the executive does not actually receive payments under the employment agreement, or the employment agreement is breached by the Company, payments will be made under the change in control agreement. Additionally, under the change in control agreements, the Company has agreed to provide the executive with a gross-up payment for federal and state income taxes and federal excise taxes imposed on any "excess parachute payment."

Under the change in control agreements, "voluntary" termination by the executive means termination of employment that is voluntary on the part of the executive, and, in the judgment of the executive, is due to: (i) a reduction of the executive's responsibilities, title or status resulting from a formal change in title or status, or from the assignment to the executive of any duties inconsistent with his title, duties or responsibilities in effect within the year prior to the change in control, (ii) a reduction in the executive's compensation or benefits, or (iii) a Company-required involuntary relocation or the executive's place of residence or a significant increase in the executive's travel requirements.

Potential Payments

Assuming that a termination event or change in control occurred on December 31, 2009, the value of potential payments and benefits payable to each named executive officer who was employed by the Company on such date is summarized in the following table. The price per share of Common Stock used for purposes of the following calculation is the closing market price on the NYSE as of December 31, 2009, the last trading day in 2009, which was \$11.35. The table excludes (i) amounts accrued through December 31, 2009 that would be paid in the normal course

of continued employment, such as accrued but unpaid salary, (ii) vested account balances in the Company's contributory retirement plan that are generally available to all of the Company's U.S. salaried employees, and (iii) any amounts to be provided under any arrangement that does not discriminate in scope, terms or operation in favor of named executive officers and that is available generally to all salaried employees. Actual amounts to be paid can only be determined at the time of such executive's termination.

Non-Employee Director Compensation for 2009

The current compensation program for the Company's non-employee directors is designed to pay directors for work required for a company of Miller Industries' size and scope and to align the director's interests with the long-term interests of Company shareholders.

Non-employee directors receive annual compensation comprised of a cash component and an equity component. Under the cash component, each non-employee director receives an annual cash payment of \$25,000 as compensation for service on the Board of Directors. Additionally, each non-employee director receives a cash payment of \$3,000 for each Board of Directors meeting that he attends and a cash payment of \$1,000 for each committee meeting that he attends. In March 2009, in light of the current economic conditions and expectations for the Company's financial performance in 2009, the non-employee directors reduced by 10% the compensation that each of them receives for attendance at Board of Directors and committee meetings. From the effectiveness of such reduction in March 2009 through October 2009, each non-employee director received a cash payment of \$2,700 for each Board of Directors meeting that he attended and a cash payment of \$900 for each committee meeting that he attended. Beginning in November 2009, based on the improvement in economic conditions and expectations for the Company's financial performance for the remainder of 2009 and 2010, the annual compensation for non-employee directors was restored to the level of compensation that such non-employee directors received prior to the voluntary compensation reduction in 2009.

Under the equity component, each non-employee director is entitled to an annual award under the Company's Non-Employee Director Stock Plan, to be paid in fully-vested shares of Common Stock, equal to \$25,000 divided by the closing price of the Common Stock on the first trading day of such year. On January 1, 2009, each of Messrs. Chandler, Drack and Roberts was granted 4,854 shares of Common Stock, which number of shares was determined by dividing \$25,000 by \$5.15, the closing price per share of Common Stock as reported on the NYSE on January 2, 2009, the first trading day in 2009. Mr. Ashford was not elected to the Board until April 2010 and thus was not granted shares of Common Stock in 2009. Each of Messrs. Chandler, Drack and Roberts has been granted an aggregate of 22,509 shares of Common Stock and Mr. Ashford has been granted zero shares of Common Stock under the terms of the Company's Non-Employee Director Stock Plan through the end of 2009.

The members of the Board of Directors who are employees of the Company do not receive additional compensation for Board or committee service.

The following table reflects all compensation paid to non-employee directors during 2009.

ACCOUNTING MATTERS

Audit Committee Report

The Company's Audit Committee is comprised of three independent members, as required by applicable listing standards of the NYSE. The Audit Committee acts pursuant to a written Charter, which was amended and restated by the Board of Directors in March 2007. The Company's management is responsible for its internal accounting controls and the financial reporting process. The Company's independent accountants, Joseph Decosimo and Company, PLLC, are responsible for performing an audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (PCAOB) and for expressing an opinion as to their conformity with generally accepted accounting principles. The Audit Committee's responsibility is to monitor and oversee these processes.

In keeping with that responsibility, the Audit Committee has reviewed and discussed the Company's audited consolidated financial statements with management and the independent accountants. In addition, the Audit Committee has discussed with the Company's independent accountants the matters required to be discussed by Auditing Standards AU Section 380 (Communication with Audit Committees) as adopted by the PCAOB in Rule 3200T. In addition, the Audit Committee has received the written disclosures from the independent accountants required by applicable requirements of the PCAOB regarding the independent auditor's communications with the Audit Committee concerning independence, and has discussed with the independent accountants their independence. The Audit Committee has also considered whether the provision of non-audit services by the independent accountants is compatible with maintaining such accountants' independence.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including in respect of auditor independence. Members of the Committee rely without independent verification on the information provided to them and on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's consolidated financial statements has been carried out in accordance with the standards of the PCAOB, that the consolidated financial statements are presented in accordance with generally accepted accounting principles, or that the Company's auditors are in fact "independent."

Based on the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Committee referred to above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements of the Company be included in the Annual Report on Form 10-K for the year ended December 31, 2009 for filing with the SEC.

This report is respectfully submitted by the Audit Committee of the Board of Directors.

EQUITY COMPENSATION PLAN INFORMATION

The following table sets forth aggregate information as of December 31, 2009 about all of the Company's compensation plans, including individual compensation arrangements, under which the Company's equity securities are authorized for issuance.

Plan category	Number of securities to be issued upon exercise of outstanding options, warrants and rights		Weighted-average exercise price of outstanding options, warrants and rights		Number of securities remaining available for future issuance under equity compensation plans	
Equity compensation plans approved by security holders	304,075	(1)	\$ 6.50	(1)	See Note	(2)
Equity compensation plans not approved by security holders	0		0		0	

(1) Includes only options outstanding under the Company's 1994 Stock Option Plan and 2005 Equity Incentive Plan. Does not include shares of common stock issued to non-employee directors under the Company's Non-Employee Director Stock Plan, which shares are fully vested and exercisable upon issuance.

(2) The 1994 Stock Option Plan expired in August 2004, therefore no securities are available for future issuance under this plan. As of December 31, 2009, there were 569,425 securities available for future issuance under the 2005 Equity Incentive Plan. Grants are made annually to non-employee directors under the Non-Employee Director Stock Plan, and the number of shares of common stock to be granted to each non-employee director for a particular year is determined by dividing \$25,000 by the closing price of a share of the Company common stock on the first trading day of such year. Therefore, the number of securities remaining available for future issuance under the Non-Employee Director Stock Plan is not presently determinable.

Based solely on a review of the written statements and copies of such reports furnished to the Company by its executive officers and directors, the Company believes that, during 2009, all Section 16(a) filing requirements were met.
