**DIVIDEND REINVESTMENT AND STOCK PURCHASE PLAN**

**1,500,000 SHARES OF COMMON STOCK**

Dear Shareholder:

We are pleased to send you our most recent Prospectus which describes Mercantile Bankshares Corporation's DIVIDEND REINVESTMENT AND STOCK PURCHASE PLAN (the "Plan").

If you participate in this Plan, the dividends earned on your Mercantile common stock will be invested in additional Mercantile shares. Your new shares will be credited to a special Plan Account where the dividends they generate, combined with the dividends paid on your original stock, will be reinvested. All stock purchased with dividends will be at a savings to you of 5% off market price. In addition, you may augment the shares purchased for your Plan Account by adding optional cash payments to acquire shares at the market price. The market price will be the closing price on the Nasdaq National Market on the dividend payment date. Mercantile will pay transaction costs. This Plan is a convenient, economical way to build your equity in Mercantile Bankshares Corporation.

Of course, participation in the Plan is entirely voluntary and you may participate or withdraw at your option. The plan is open to all holders of record of Mercantile Bankshares Corporation common stock, regardless of the number of shares presently held.

The following pages contain details of the Plan. If, after reading them, you decide to enroll, please sign and return the authorization form in the postage-paid envelope. If you are already participating, your dividends will continue to be reinvested unless you notify the Plan Administrator that you wish to withdraw.

Thank you,

Sincerely yours,

/s/ H. Furlong Baldwin

H. Furlong Baldwin, Chairman

## **DIVIDEND REINVESTMENT AND STOCK PURCHASE PLAN**

Mercantile Bankshares Corporation (the Corporation) is a Maryland corporation registered in 1969 as a bank holding company under the Bank Holding Company Act.

The executive offices of the Corporation are located at Two Hopkins Plaza, Baltimore, Maryland 21201; the telephone number is (410) 237-5900.

### **Description of the Plan**

Mercantile's Dividend Reinvestment and Stock Purchase Plan (the Plan) allows holders of record of common stock of Mercantile Bankshares Corporation automatically to invest their cash dividends in common stock at a price which is 5% less than the market price on the dividend payment date. Participants may also make additional cash payments (as described below) to purchase stock through the Plan at the market price on date of investment. The Corporation will absorb all transaction costs.

Each participant will have a Plan Account maintained by American Stock Transfer & Trust Company (the Plan Administrator). Stock bought with dividends paid on stock registered to the participant will be credited to the Plan Account, as will shares purchased with additional cash, and stock purchased with dividends paid on shares already in the Plan Account.

Shares to be used in the Plan will be issued from previously authorized but unissued shares.

### **Participation in the Plan**

All holders of record of the Corporation's common stock are eligible to participate, but only with respect to all their common stock held of record. Common stock owners whose shares are held in broker or nominee name must have those shares re-registered in their own name in order to participate.

If you are not already in the Plan, you may enroll by completing, signing and mailing the authorization form which accompanies this Prospectus. (Additional forms are available through the Plan Administrator.)

Participation in the Plan will begin on the dividend payment date immediately following receipt of the authorization form by the Plan Administrator if the form is received on or before the record date for that dividend. Record dates precede dividend payment dates by approximately 10 days and are usually between the 20th and 22nd of March, June, September and December.

### **Additional Cash Purchases**

A participant, by sending a check or money order, may purchase shares in addition to those purchased with dividends. This feature of the Plan is entirely optional. Additional cash payments may be as little as \$25 and no more than \$5,000 per quarter. Purchases with additional cash will be made quarterly, at the market price, at the same time as purchases made with dividends. No interest will be paid on additional cash, and the Corporation recommends that participants wishing to make additional cash purchases send the money so as to be received just before the record date. Checks received before the first day of the month in which a dividend is to be paid, or after the record date, will be returned in accordance with legal requirements. Payments will be returned upon written request received by the Plan Administrator at least 48 hours before the dividend payment date.

Checks or money orders should be made payable to American Stock Transfer & Trust Company and sent to the Plan Administrator (see page 5). Please do not send cash.

**Checks or money orders should be accompanied by the form which is attached to the previous quarter's transaction report.**

**Crediting Shares to Participant's Account**

Shortly after each dividend payment date, each participant's Plan Account will be credited with additional shares and/or a

fraction of a share. The number of shares credited will be determined by: (1) Dividing the amount of the participant's cash dividend by 95% of the market price and, (2) Dividing any additional cash by the market price. Participants will be credited with fractional shares computed to three decimal places and dividends paid on fractional shares will also be invested. No transaction costs or brokerage fees will be deducted.

Market price will be the closing price on the dividend payment date as reported on the Nasdaq National Market, or, if that date is not a Nasdaq National Market trading day, the next trading day.

Shares in a Plan Account will be held in the name of the Plan Administrator or its nominees. This facilitates processing and permits ownership of fractional shares. Certificates for Plan shares will be issued in the shareholder's name on written request to the Plan Administrator. Certificates representing fractional shares will not be issued.

### **Reporting to Participants**

Quarterly, following the addition of shares to a Plan Account the Plan Administrator will send each participant a statement summarizing the activity in his or her Plan Account for that quarter and for the year-to-date. Information on the statement will include the dollar amount of dividends (and additional cash, if any) invested, market price per share acquired, the price at which shares were actually acquired, the number of shares acquired, and the total number of shares in the Plan Account, as well as the number of shares registered in the participant's name. These statements should be retained for tax purposes.

### **Voting Shares Held in Participant's Account**

Shares held in the participant's Plan Account may be voted in person or by proxy. Both the number of shares registered in a participant's name, and shares in the Plan Account, will appear on the proxy sent to each participant.

### **Effect of Stock Split, Stock Dividend or Reclassification**

If the Corporation should effect a common stock split, issue a stock dividend, or effect a reverse stock split or reclassification which would affect the outstanding common stock of the Corporation, the shares in a participant's Plan Account will be appropriately adjusted.

### **Withdrawing from the Plan**

A participant may withdraw from the Plan by notifying the Plan Administrator in writing. Such a notice may include a request for a particular number of whole shares or a blanket request covering all whole shares which may be credited to the participant's Plan Account at that time. If the withdrawal notice is received before the dividend record date, it will become effective immediately and the next declared dividend will be paid in cash. If the notice arrives after the dividend record date, that period's dividend will be reinvested before withdrawal from the Plan becomes effective.

Shares in a withdrawing participant's Plan Account subject to a withdrawal notice will be registered in the participant's name and stock certificates for such shares, plus a check for any fractional share, will be mailed to the participant by the Plan Administrator. The check will be from the Plan Administrator and will represent the appropriate fraction of the share's market price on the date of termination. There will be no charge for issuing certificates.

Should participants sell or transfer all shares held in their names, their participation in the Plan automatically terminates. Again, the participant will be sent a certificate for all full shares and a check for any fractional share.

## OTHER INFORMATION

### Current Federal Income Tax Consequences of Plan Participation

The Internal Revenue Service has ruled with respect to a similar plan that 100% of the market price of the common stock purchased with reinvested dividends constitutes taxable income in the year the shares are purchased, regardless of the fact that these shares are purchased at a 5% discount from market price. The tax basis of shares purchased with reinvested dividends is the market price per share of the common stock on the date acquired rather than the discounted price per share. The tax basis of shares purchased with optional cash payments, on which no discount is allowed, is the market price per share of the common stock on the date acquired. The determination of market price is outlined above. A participant's quarterly statement will show the tax cost basis for shares acquired under the Plan.

Each participant should consult his or her own tax or financial advisor as to the specific federal, state, and local tax consequences of any acquisitions of common stock under the Plan by such participant.

### Rights Plan

Shares of common stock of the Corporation carry certain rights ( Rights ) which under certain circumstances may become exercisable for the purchase of (or exchangeable for) preferred stock or common stock of the Corporation, or other securities, pursuant to the Shareholders Protection Rights Agreement ( Rights Plan ) of the Corporation. In general, these Rights may become exercisable within ten days after a person or group acquires or makes a tender or exchange offer to acquire the beneficial ownership of 10% or more of the outstanding common stock of the Corporation, or at such earlier or later time after such event as the Board of Directors of the Corporation may determine. Until the Rights become exercisable, they will not be separable from the common stock and will automatically trade with the common stock. Further information concerning the Rights, the Rights Plan and securities issuable pursuant to the Rights Plan is contained in the documents incorporated by reference herein and listed under Available Information .

### Application of Proceeds

The net proceeds from the sale of common stock pursuant to the Plan will be added to the Corporation's general funds and will be used for general corporate purposes.

### **Disclosure of Commission Position on Indemnification for Securities Act Liabilities**

Under the Maryland General Corporation Law and the Corporation's charter and bylaws, the Corporation has broad power to indemnify and in certain circumstances is required to indemnify its directors and officers against liabilities which they may incur while serving as directors or officers, including liabilities arising under the Securities Act of 1933 (the "Securities Act").
