Report of Independent Certified Public Accountants

To the Participants and Administrator of

Federal Realty Investment Trust Savings and Retirement 401(k) Plan:

We have audited the accompanying statements of net assets available for plan benefits of Federal Realty Investment Trust Savings and Retirement 401(k) Plan (the Plan) as of December 31, 2003 and 2002, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2003 and the supplemental schedule of assets held for investment purposes as of December 31, 2003. These financial statements and the schedule referred to below are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board of the U.S. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Federal Realty Investment Trust Savings and Retirement 401(k) Plan as of December 31, 2003 and 2002, and the changes in net assets available for plan benefits for the year ended December 31, 2003 in conformity with accounting principles generally accepted in the United States of America.

Our audit of the Plan's financial statements as of December 31, 2003 and 2002, and for the year ended December 31, 2003, was made for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended December 31, 2003 and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTE A SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies of Federal Realty Investment Trust Savings and Retirement 401(k) Plan (the Plan) is as follows:

Basis of Accounting

The financial statements of the Plan were prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments

The Plan's investments are stated at fair value. Fluctuations in fair value are charged to participant's accounts.

Benefit Payments

Benefits are recorded when paid.

NOTE B DESCRIPTION OF THE PLAN

Edgar Filing: FEDERAL REALTY INVESTMENT TRUST - Form 11-K

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan of Federal Realty Investment Trust (the Trust) in accordance with the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and of Section 401(k) of the Internal Revenue Code of 1986, as amended. The Plan was established on January 1, 1985, restated effective January 1, 1997, and was most recently amended effective October 1, 2002. The most recent amendment altered the allocation of forfeitures so that they reduce employer-matching contributions.

Eligibility

All employees, except members of collective bargaining units, may participate in the elective deferrals portion of the Plan immediately upon employment. There are no members of a collective bargaining unit as of December 31, 2003. Effective August 1, 2003, employees must work 1,000 hours or more in a Plan year to be eligible to participate.

Federal Realty Investment Trust Savings and Retirement 401(k) Plan

Notes to Financial Statements Continued

Contributions

Participants make contributions to the Plan by means of a salary deferral agreement. Participants may defer between 1 percent and 20 percent of their compensation. The dollar value of participant contributions may not exceed \$12,000 for calendar year 2003. Certain participants meeting age requirements may contribute an additional \$2,000 catch-up contribution for the calendar year 2003.

The Trust will make employer-matching contributions to the Plan on behalf of all qualified participants. The amount of employer matching contributions for each eligible participant will be 50 percent of elective deferrals up to 5 percent of earnings. Employer matching and discretionary contributions will be made after one year of service is rendered with 1,000 or more hours completed by the participant, or if the participant retires, dies, or becomes disabled during the Plan year.

Additionally, the Plan allows for discretionary contributions to be made at the end of the Plan year in an amount to be determined by the Trust. There were no such contributions made for the year ended December 31, 2003.

Vesting

Participants are always vested in elective deferral, employer matching, and rollover contributions. Discretionary contributions are vested based on years of service, with 100 percent vesting after five years of credited service.

Participant Loans

Participants may borrow from their accounts a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan Fund. Loan terms range from one to five years or up to a reasonable time for the purchase of a principal residence. The loans are secured by 50 percent of the vested balance in the participant's accounts and bear interest at a rate determined by the Trust based on prevailing market conditions. At December 31, 2003, interest rates ranged from 5.0 percent to 10.5 percent.

Payment of Benefits

Edgar Filing: FEDERAL REALTY INVESTMENT TRUST - Form 11-K

Upon termination of services for reasons other than death, retirement, or disability, a participant will receive the vested percentage of his or her account balance plus earnings. The distribution can be a lump-sum distribution or may be in the form of an annuity beginning at retirement age if requested by the participant.

Participants should refer to their summary plan description for more information regarding payment of benefits.

Administrative Expense

The Trust pays the majority of the administrative expenses associated with the Plan.
