This Form 6-K/A contains forward-looking statements within the meaning of the Securities Exchange Act of 1934 as amended, and information that is based on management's beliefs as well as assumptions made by and information currently available to management. When used in this Form 6-K/A, the words anticipate, approach, begin, believe, continue, expect, forecast, going forward, improved, likely, look, opportunity, outlook, plans, potential, proposal, should and would and similar expressions are intended to identify forward-looking statements. These forward-looking statements necessarily make assumptions, some of which are inherently subject to uncertainties and contingencies that are beyond the Company's control. Should one or more of these uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, expected, estimated or projected. Specifically, the ability of the Company to realize its ongoing commitment to increasing shareholder value through its ongoing restructuring, asset dispositions, strategic review and implementation, and cost cutting initiatives, may be affected by many factors including: uncertainties and contingencies such as economic conditions both in the world and in those areas where the Company has or will have substantial operations; foreign currency exchange rates; pricing pressures on products produced by its subsidiaries; growth prospects; positioning of its business segments; future production output capacity; and the success of the Company's business strategies, including further structural and operational changes, business dispositions, internal reorganizations, cost cutting, and consolidations.

This Form 6-K/A constitutes Amendment No. 1 to Ansell Limited's report on Form 6-K (the Original Form 6-K), which was filed with the Securities and Exchange Commission on October 12, 2004. This Amendment No.1 replaces the information provided in the Original Form 6-K.

**SHARE BUY-BACK OFFER**

The Chairman of Ansell, Dr Ed Tweddell, today announced the pricing formula for the previously announced Off-Market Share Buy-Back. He noted it had been established at an initial price of A\$9.00 a share, a 2.2% premium (or A\$0.19) to the weighted average price of the five trading days from September 29, 2004 through October 5, 2004. At A\$9.00 a share, he noted that this was 15% higher than the price in August immediately before the Earnings release and indication that a Buy-Back was being considered.

The Buy-Back, which requires Shareholder approval at the Annual General Meeting on October 14, 2004, will be open for acceptances on that date, if approved.

The initial price will be adjusted up or down, during the acceptance period, by movements in the S&P/ASX200 Industrial Index. It is also subject to a maximum price of A\$9.20 and a minimum price of A\$8.70. The final price will be set on November 9, 2004 and the Buy-Back Offer will close on November 12, 2004, unless extended. Ansell expects that cheques will be mailed or net proceeds delivered to Shareholders, no later than November 26, 2004.

Australian, New Zealand, United Kingdom and American Shareholders are entitled to participate in the Buy-Back. Shareholders will have the ability to withdraw or vary acceptances during the offer period.

Dr Tweddell commented, Given Ansell's strong balance sheet and cash flows and the need to achieve a more efficient capital structure, your Board believes the Buy-Back is in the best interest of the Company. Shareholders will receive a copy of the Buy-Back Offer booklet shortly and I encourage all Shareholders to consider the offer carefully and where appropriate, seek professional advice as to whether they should accept the offer.
