**Results of the Initial Offers**

**Acceptances under the Initial Offers of 10.8%**

**Harmony to Commence the Further Offers with 30.9% of Gold Fields**

JOHANNESBURG, SOUTH AFRICA. On October 18, 2004, Harmony (NYSE: HMY ; JSE: HAR ) announced the terms of a proposed merger between Harmony and Gold Fields (NYSE: GFI ; JSE: GFI ) offering 1.275 new Harmony shares for each Gold Fields share, representing a premium of approximately 29% (calculated by comparing the closing Harmony share price on October 14, 2004 to the average daily volume weighted average price of Gold Fields shares on the JSE for the 30 business days ending on October 14, 2004, being the last practicable date in accordance with the JSE Listings Requirements prior to the announcement of the proposed merger) and an implied price to net present value multiple for Gold Fields of 2.4x, a substantial premium to Gold Fields' peer group. The proposed merger was structured on the basis of initial offers for up to 34.9% of Gold Fields with further offers for the balance of Gold Fields' entire issued share capital.

## Edgar Filing: GOLD FIELDS LTD - Form 425

Harmony is pleased to announce that, at the time of expiration of the initial offers on November 26, 2004, valid acceptances of the initial offers had been received in respect of a total of 53,392,108 Gold Fields shares (including shares represented by American Depositary Shares ( ADSs )), representing approximately 10.8% of the entire issued share capital of Gold Fields. Settlement of the consideration due under the initial offers in respect of valid acceptances received on or before the closing date will be despatched as soon as possible and, in any event, by no later than Friday, December 3, 2004. Harmony accepted all Gold Fields shares (including shares represented by ADSs) tendered as at the expiration of the initial offers. A total of 4,601,883 ADSs were tendered pursuant to guaranteed deliveries.

In addition, as previously announced, Harmony has received an irrevocable undertaking from MMC Norilsk Nickel to accept the further offers in respect of 98,467,758 Gold Fields shares, representing approximately 20.03% of the entire issued share capital of Gold Fields.

Accordingly, Harmony now either owns, has received valid acceptances of the initial offers or has an irrevocable undertaking to accept the further offers in respect of a total of 151,859,866 Gold Fields shares representing approximately 30.9% of the entire issued share capital of Gold Fields.

Harmony is pleased with the support of its proposed merger by Gold Fields shareholders. Harmony believes that a starting position of 30.9% represents a strong platform for the further offers. In addition, a significant number of Gold Fields shareholders that did not tender or only partially tendered into the initial offers have indicated their support for the proposed merger, stating their preference to accept the further offers.

*We are delighted that we will be starting the further offers with 30.9% of Gold Fields' shares behind us and consider that this provides strong impetus for the ultimate success of the proposed merger. We are further encouraged by the feedback that we have received from Gold Fields shareholders who have indicated their ultimate belief in the value proposition that Harmony is offering and their support for the proposed merger. In addition, a significant number of Gold Fields' shareholders have expressed to Harmony their recognition that the proposed IAMGold transaction, which represents the major pillar of Gold Fields' management's strategy, is value destructive and not in the best interest of Gold Fields and its shareholders. Now that Gold Fields' management is reaching the end of its largely unsuccessful attempts to frustrate the proposed merger through a series of expensive and technical legal challenges, we look forward to arguing Harmony's compelling value proposition based on fundamentals with the confidence that the various contradictory promises made by Gold Fields' management will be revealed as both value destructive and ultimately incapable of implementation in a manner that is either to the benefit of or likely to meet with the approval of Gold Fields' shareholders.* said Harmony CE Bernard Swanepoel.

## THE FURTHER OFFERS

As described in its preliminary prospectus dated October 21, 2004, Harmony irrevocably undertook to make further offers on the same terms as the initial offers for the balance of the issued share capital of Gold Fields not already acquired by Harmony under the initial offers. Accordingly, Harmony will commence the further offers as soon as practicable and will shortly post to Gold Fields' shareholders a preliminary prospectus/offer to exchange and related materials describing the further offers and their terms and conditions.
