***Harmony waives its minimum acceptance condition***

Harmony today announced that it has elected to waive the minimum acceptance condition to the subsequent offer to Gold Fields shareholders. As a consequence, the subsequent offer has been declared unconditional as to acceptances and Gold Fields shareholders who tender into the subsequent offer will be entitled to the offer consideration of 1,275 Harmony shares for every Gold Fields share, irrespective of the percentage of Gold Fields shares acquired by Harmony. Accordingly, the only remaining conditions to the subsequent offer are the obtaining of the requisite regulatory approvals which are expected soon.

Harmony currently owns 11,5% of Gold Fields which it received in its Early Settlement Offer. These shares are owned by Harmony and cannot be recalled by their previous owners and are therefore not affected by the waiving of the condition. The current shareholding of Harmony and further shares received in terms of the subsequent offer will not only strengthen our balance sheet, but clearly indicates our intention of owning 100% of Gold Fields. Harmony re-confirms that its offer of 1,275 Harmony shares for every Gold Fields share reflects full value, including a control premium, and will enable us to gain control of the company said chief executive Bernard Swanepoel.

## Edgar Filing: GOLD FIELDS LTD - Form 425

As at 5.00 p.m. (South African time) on 28 January 2005, valid acceptances of the subsequent offer had been received in respect of a total of 44,416 Gold Fields shares. Harmony considers this level of acceptances to be entirely consistent with customary market practice where an offer is still awaiting approval from the Competition Authorities.

In addition, as previously announced, Harmony has received an irrevocable undertaking from Norilsk to accept the subsequent offer in respect of 98,467,758 Gold Fields shares, representing approximately 20.03% of the entire issued share capital of Gold Fields. The waiver of the minimum acceptance condition to the subsequent offer does not impact on Norilsk's irrevocable undertaking.

Accordingly, Harmony now either owns, has received valid acceptances of the subsequent offer or has an irrevocable undertaking to accept the subsequent offer in respect of a total of 155,118,420 Gold Fields shares representing approximately 31.5% of the entire issued share capital of Gold Fields.
