Item 2.02 Results of Operation and Financial Condition

On February 9, 2005, the Company issued a press release announcing its earnings for the quarter and twelve months ended December 31, 2004. A copy of the press release is attached as Exhibit 99.1.

Forward-Looking Statements

This report and other presentations made by the Company from time to time may contain forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance, and other statements that are other than statements of historical facts. The Company's expectations, beliefs and projections are expressed in good faith and are believed to have a reasonable basis. However, each such forward-looking statement involves uncertainties and is qualified in its entirety by reference to the following important factors, among others, that could cause the actual results of the Company to differ materially from those projected in such forward-looking statements: (i) prevailing state and federal governmental policies and regulatory actions, including those of the OPUC, the WUTC and the U.S. Department of Transportation's Office of Pipeline Safety, with respect to allowed rates of return, industry and rate structure, purchased gas cost and investment recovery, acquisitions and dispositions of assets and facilities, operation and construction of plant facilities, the maintenance of pipeline integrity, present or prospective wholesale and retail competition, changes in tax laws and policies and changes in and compliance with environmental and safety laws, regulations and policies; (ii) weather conditions and other natural phenomena; (iii) unanticipated population growth or decline, and changes in market demand caused by changes in demographic or customer consumption patterns; (iv) competition for retail and wholesale customers; (v) market conditions and pricing of natural gas relative to other energy sources; (vi) risks relating to the creditworthiness of customers and suppliers; (vii) risks relating to dependence on a single pipeline transportation provider for natural gas supply; (viii) risks resulting from uninsured damage to Company property, intentional or otherwise; (ix) unanticipated changes that may affect the Company's liquidity or access to capital markets; (x) the Company's ability to maintain effective internal controls over financial reporting in compliance with Section 404 of the Sarbanes-Oxley Act of 2002; (xi) unanticipated changes in interest or foreign currency exchange rates or in rates of inflation; (xii) economic factors that could cause a severe downturn in certain key industries, thus affecting demand for natural gas; (xiii) unanticipated changes in operating expenses and capital expenditures; (xiv) unanticipated changes in future liabilities relating to employee benefit plans; (xv) capital market conditions, including their effect on pension costs; (xvi) competition for new energy development opportunities; (xvii) potential inability to obtain permits, rights of way, easements, leases or other interests or other necessary authority to construct pipelines, develop storage or complete other system expansions;

and (xviii) legal and administrative proceedings and settlements. All subsequent forward-looking statements, whether written or oral and whether made by or on behalf of the Company, also are expressly qualified by these cautionary statements.

Any forward-looking statement speaks only as of the date on which such statement is made, and the Company undertakes no obligation to update any forward-looking statement to reflect events or circumstances after the date on which such statement is made or to reflect the occurrence of unanticipated events. New factors emerge from time to time and it is not possible for the Company to predict all such factors, nor can it assess the impact of each such factor or the extent to which any factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking statement.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

NORTHWEST NATURAL GAS COMPANY
(Registrant)
