THE BOARD AND ITS COMMITTEES

The Board of Directors

In 2004, the Board of Directors held six regular meetings and four special meetings which were held telephonically. Each incumbent director of the Company attended 100% of the regular meetings of the Board of Directors and in excess of 90% of the aggregate number of meetings of the Board of Directors and Board committees on which he or she served during 2004. All of the members of the Board of Directors attended the 2004 Annual Meeting of Stockholders. The Company's Corporate Governance Guidelines provide that the Board of Directors should generally have no fewer than six and no more than 12 directors. The Board of Directors currently has 10 directors. Each director is required to resign from the Board no later than the annual meeting of stockholders following his or her 70th birthday. Each director is required to advise the Chairman of the Board of Directors of any change in his or her status, including without limitation, a change in employment or service on other boards of directors, or retirement from his or her principal occupation or another board of directors. Mr. Barnes, Chairman of the Board of Directors, is designated to preside at executive sessions of non-management members of the Board of Directors. Mr. Benanav, Chairman of the Audit Committee, or his delegate director is designated to preside at executive sessions of the independent directors.

Edgar Filing: BARNES GROUP INC - Form DEF 14A

The Board of Directors adopted Corporate Governance Guidelines which set forth requirements to be met by each director in order to be an independent director. Pursuant to the Corporate Governance Guidelines: An independent director of the Company shall be one who meets the qualification requirements for being an independent director under the corporate governance listing standards of the New York Stock Exchange (NYSE), including the requirement that the Board must have affirmatively determined that the Director has no material relationships with the Company, either directly or as a partner, stockholder, or officer of an organization that has a

Table of Contents

relationship with the Company. To guide its determination whether or not a business or charitable relationship between the Company and an organization with which a director is so affiliated is material, the Board has adopted the following categorical standards:

- a. A Director will not be Independent if (i) the Director is, or was within the preceding three years, employed by the Company; (ii) an immediate family member of the Director is, or was within the preceding three years, employed by the Company as an executive officer (as such term is defined by the NYSE) other than on an interim basis; (iii) the Director or any immediate family member has received from the Company, during any 12 consecutive months within the preceding three years, more than \$100,000 in direct compensation from the Company, other than Director and committee fees and deferred compensation for prior service, provided, that such deferred compensation is not contingent on continued service; (iv) the Director is employed by the Company's independent auditor; (v) an immediate family member of the Director is employed by the Company's independent auditor (I) as a partner, principal or manager, or (II) otherwise as an employee who participates in such independent auditor's audit, assurance or tax compliance (but not tax planning) practice; or (vi) the Director or an immediate family member was within the last three years (but is no longer) a partner, principal, manager or other employee of the Company's independent auditor and personally worked on the Company's audit within that time; or (vii) a Company executive officer is, or was within the preceding three years, on the board of directors of a company which, at the same time, employed the Company Director or an immediate family member of the Director as an executive officer.

- b. The following commercial and charitable relationships will not be considered material relationships that would impair a Director's independence: (i) if a Company Director is an employee, or an immediate family member is an executive officer, of another company that does business with the Company and, within any of the last three fiscal years, the annual sales to, or purchases from, the Company are less than 1% of the annual revenues of the other company; (ii) if a Company Director is an employee, or an immediate family member is an executive officer, of another company that is indebted to the Company, or to which the Company is indebted, and the total amount of either company's indebtedness to the other is less than 1% of the total consolidated assets of the other company; and (iii) if a Company Director serves as an officer, director or trustee of a charitable organization, and the Company's discretionary charitable contributions to the organization are less than 1% of such organization's total annual charitable receipts, provided, that the amount of the Company's contributions shall not include the matching of charitable contributions by Barnes Group Foundation, Inc. pursuant to the Matching Gifts Program.

The Board of Directors has determined that, each of the following non-employee directors meets such categorical standards and therefore does not have a material relationship, directly or indirectly, with the Company and is independent as defined in the NYSE listing standards: Messrs. Alden, Benanav, Griffin, Grzelecki and Ratcliffe, and Ms. Mangum.

The Board of Directors affirmatively determined that although the two other non-employee directors: Messrs. Bristow and G.T. Carpenter do not meet such categorical standards due, in the case of Mr. Bristow, to an immediate family member receiving employee compensation greater than \$100,000 from the Company and, in the case of Mr. G.T. Carpenter, to a commercial banking relationship between the Company and an institution for which Mr. G.T. Carpenter serves as a director, each such relationship is not material and each of them is independent as defined in the NYSE listing standards.

The Company has a standing Audit Committee, Compensation and Management Development Committee and Corporate Governance Committee. The Audit Committee was established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. The current charter for each of these committees is available on the Company's Internet website. The Company has posted its Policy Regarding Reporting of Complaints and Concerns on its website. The policy sets forth the method by which stockholders and other interested parties may communicate with the Board of Directors. The Company's website address is www.barnesgroupinc.com.

Company. In addition, consideration will be given to a nominee's understanding of the Company's business environment, time commitment, acumen and ability to act on behalf of the Company's stockholders. The committee utilizes a third party in connection with identifying and reviewing potential nominees to the Board of Directors. Upon request of the committee, the third party will identify candidates based on criteria specified by the committee, perform initial screenings of the candidates' resumes, and conduct initial interviews. The committee will, as stated in the Process and Procedure for Identifying Director Candidates (the Policy) adopted by the committee, consider director candidates recommended by stockholders. The recommendation letter must also provide such other information, if any, that would be required to be disclosed with regard to a nominee for director in the solicitation of proxies for election of directors under federal securities laws. AUDIT COMMITTEE REPORT

To Our Fellow Stockholders at Barnes Group Inc.:

We, the members of the Audit Committee of the Board of Directors, are independent directors, as defined by the New York Stock Exchange and the Company's Corporate Governance Guidelines, and affirmatively determined by the Board of Directors. Management is responsible for the Company's financial reporting process and internal controls. The responsibility of the Committee is to provide general oversight of the Company's financial accounting, reporting and underlying internal controls. The Committee provides additional oversight of the Company's Corporate Compliance Program. The Committee has the ultimate authority for the selection, evaluation and retention of the independent auditors.

In 2004, the Audit Committee operated in accordance with its charter. On February 17, 2005, the Audit Committee reviewed and reassessed the charter to ensure its adequacy and compliance with the rules of the Securities and Exchange Commission and the New York Stock Exchange in effect as of such date. Upon the recommendation of the Committee, the Board of Directors approved an amended charter that is filed with this Proxy Statement and available on the Company's website.

During 2004, the Committee met nine times for the purpose of providing a forum for communication among the Directors, the Company's independent auditors, PricewaterhouseCoopers LLP, the Company's internal audit function and corporate management. During these meetings, the Committee reviewed and discussed with management and PricewaterhouseCoopers various matters in accordance with the provisions of the Audit Committee Charter, including the interim and the audited financial statements of the Company. In addition, the Committee met privately at its regular meetings with both the independent auditors and the internal audit function, as well as with the chief financial officer and the chief executive officer, each of whom has unrestricted access to the Audit Committee. The Committee was also advised, as contemplated by the Sarbanes-Oxley Act of 2002, of all critical accounting policies and practices of the Company, and any alternative treatments of financial information within generally accepted accounting principles and the treatment preferred by PricewaterhouseCoopers. In accordance with Statement of Auditing Standards No. 61, *Communication with Audit Committees*, the Committee discussed all required matters with PricewaterhouseCoopers, including the conduct of the audit of the Company's financial statements.

In addition, the Committee obtained formal, written disclosures from PricewaterhouseCoopers, including a letter affirming their independence as required by Independence Standards Board Standard No. 1. The information contained in such letter was discussed with PricewaterhouseCoopers.

The Committee reviewed fees related to aggregate services provided by PricewaterhouseCoopers for the year 2004, and concluded that the services rendered in 2004 that were neither audit nor audit-related did not impair the independence of PricewaterhouseCoopers.

Based on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, inclusion of the audited financial statements in the Company's Annual Report on Form 10-K, for the year ended December 31, 2004, for filing with the Securities and Exchange Commission. The Committee has also selected PricewaterhouseCoopers as the Company's independent accountants for 2005.

Edgar Filing: BARNES GROUP INC - Form DEF 14A

As specified in the Audit Committee charter, it is not the duty of the Audit Committee to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles or to plan or conduct an audit in accordance with generally accepted auditing standards. That is the responsibility of management and the Company's independent auditors, respectively. In giving our recommendation to the Board, we have relied on (i) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles, and (ii) the report of the Company's independent auditors with respect to such financial statements.

COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE REPORT

To Our Fellow Stockholders at Barnes Group Inc.:

We, the members of the Compensation and Management Development Committee of the Board of Directors of Barnes Group Inc. (the Company), are independent, non-employee directors with no interlocking relationships as defined by the Securities and Exchange Commission. We are committed to developing compensation strategies with strong ties to stockholder value creation. The overarching philosophy with respect to executive compensation, therefore, is to link compensation programs to the Company's strategic business objectives and total stockholder return. If the Company's results against its goals and targets exceed preset performance targets, Barnes executives have an opportunity to realize significant additional compensation. This high degree of performance linkage, and the significant leverage and risk incorporated into the programs, give Barnes Group's executive team a very strong financial incentive to build lasting value through balanced, profitable, sustainable growth that creates stockholder wealth.

The Committee's charter, which outlines its duties and key practices, is available on the Company's website at www.barnesgroupinc.com.

Barnes Group's incentive strategies incorporate stretch operational goals. The Company's Board of Directors has taken an active role in the determination of these goals, and participated in the development of compensation programs directly tied to these same goals. Our objective has been to ensure appropriate balance between short-term and long-term incentives.

During 2004, the Committee retained an independent compensation consulting firm to review competitive compensation data for a group of comparative companies and for general industry, and the Company's compensation practices in terms of competitiveness, appropriateness and alignment with Company performance. The Committee met with members of the independent compensation consulting firm both with and without members of Company management as part of this review. The comparison group currently consists of companies in one or more of the Company's industries. The companies chosen for the comparison group are not necessarily the same as those represented in the stock price performance graph accompanying this report.

The key elements of Barnes Group's executive compensation strategy are annual cash compensation, including salary and short-term incentives, and long-term incentives, including stock options, restricted stock units, and performance stock. Total direct compensation (total annual cash plus the expected value of long-term incentives at grant) is targeted to fall between market median and 75th percentiles overall.

Annual Cash Compensation

Executive officers receive a salary for ongoing performance throughout the year. Short-term incentives are generally provided based on annual performance periods. A significant percentage of the annual cash compensation of Barnes Group executives is at risk under the Barnes Group Inc. Performance-Linked Bonus Plan For Selected Executive Officers, approved by stockholders at the April 12, 2001 Annual Meeting, and the Management Incentive Compensation Plan. Award opportunities are based on the performance of the Company as a whole, or the business unit over which the executive has a direct influence, and are generally

Edgar Filing: BARNES GROUP INC - Form DEF 14A

paid in February based on the audited financial results of the prior year's performance. For 2004, 80% of each participant's award was based on the performance measure of earnings per share or, in the case of business unit executives, operating profit after tax less a charge for the capital employed by the applicable business unit, adjusted to disregard the effects of non-operating or out-of-period items (including the non-operating charge for reductions in force and other restructuring items that were announced in December) and operating income or loss from acquisitions. The 20% balance of each participant's award was based on corporate or business unit revenue results. Threshold, target and maximum incentive opportunities are established early in the year for each executive, stated as a percent of salary. Performance target, threshold, and maximum performance levels are also established early in the year. If performance is below the threshold performance levels established, the payout is zero. If the threshold levels of

Table of Contents

performance are attained, the threshold incentive award is earned. If the target performance levels are attained, the target incentive amounts are payable. If performance exceeds the applicable maximum performance levels, the maximum opportunity is awarded. If performance is between the threshold and target, or target and maximum, performance levels, the incentive awards are determined by interpolating between the threshold and target, or target and maximum, incentive opportunities. For 2004, if performance exceeded the applicable maximum levels, the following percent of salary was payable: 225% for the President and Chief Executive Officer; 150% for Group Presidents and for the Senior Vice President, Finance and Chief Financial Officer; 135% for all other Senior Vice Presidents; and 105% for Vice Presidents.

In 2004, the Company's revenues were between the target and maximum performance levels while its earnings per share (adjusted as discussed above) were between the threshold and target performance levels. Business unit performance relative to the preset revenue and adjusted operating profit after tax measures varied by business. As a result, the short-term incentives shown on page 14 were paid, consistent with the performance requirements of the Company's short-term incentive compensation plans.

Long-Term Incentives

We believe a substantial percentage of total compensation must be tied directly to the creation of stockholder value. Historically, we determined long-term compensation based on two indicators of stockholder value creation: stock price and economic return. The latter measure served effectively as the basis for the Barnes Group Inc. 1996 Long-Term Incentive Plan (LTIP) and predecessor plans throughout the 1990s.

Beginning in 2000, we elected to rely exclusively on stock-based long-term incentives, including stock options, restricted stock units, and performance share awards, and discontinued future awards under the LTIP. Existing LTIP cycles continued uninterrupted, with the last payout having been made in 2002. In 2004, we utilized a combination of stock options, performance share awards, and restricted stock unit awards as the vehicles for long-term incentives.

Stock-based long-term incentives incorporate a higher level of risk than other forms of executive compensation, including the LTIP they supplanted, and tie employees' long-term economic interests directly to those of stockholders. The long-term incentive awards shown on pages 14 and 15 were principally granted under the Stock and Incentive Award Plan, which was approved at the April 14, 2004 Annual Meeting of Stockholders, the Employee Stock and Ownership Program, which was approved as amended by stockholders at the April 10, 2002 Annual Meeting, and the 1991 Barnes Group Stock Incentive Plan (SIP), which was approved as amended and restated in 1996. These plans allow for the use of several long-term incentive vehicles, in addition to stock options, restricted stock units, and performance share awards.

Also beginning in 2000, we instituted stock ownership guidelines under which every executive is expected to hold a substantial ownership stake in the Company. Ownership includes stock owned directly and stock owned under the Barnes Group Inc. Retirement Savings Plan and Employee Stock Purchase Plan. In contrast to some companies' ownership programs, restricted stock unit awards, stock options, and performance share awards are excluded until the related stock is directly owned.

The current stock ownership guidelines that apply to 49 executives of the Company are:

Edgar Filing: BARNES GROUP INC - Form DEF 14A

<u>Position</u>	<u>Multiple of Annual Salary</u>
Chief Executive Officer	5x
All Other Executive Officers	3x
Non-Officers (U.S./Non-U.S.)	1x/0.45x

We monitor ownership levels at least annually. Executives subject to the ownership guidelines are expected to make substantial progress toward the applicable guideline, with full compliance by the end of 2004, or 5 years from date

Table of Contents

of hire or promotion for new executives. The Committee is very pleased with the progress demonstrated by the management team through December, 2004. We will, at our discretion, pay future amounts under the Company's short-term incentive compensation plans in stock or stock units if the guidelines are not met and if substantial progress is not apparent, or take other actions as we deem appropriate at that time to ensure compliance.

Prior to 2004, certain initial stock option grants to executive officers upon assumption of their positions were typically awarded at 85% of market value, and served as an effective vehicle for attracting key executive talent to the Company. Effective in 2004, all future options granted by the Committee will be awarded at the market price of the Common Stock on the date of grant. Such options become exercisable over time. Stock options issued at the market price of the stock on the date of grant result in gains to the executive only when the stock appreciates for all stockholders. Stock options also encourage recipients to remain with the Company through the vesting periods associated with the options granted. As such, we believe that stock options are a very effective incentive for executive officers and other key employees, particularly when used in combination with the ownership guidelines outlined above.

Restricted stock units have been granted periodically, which are typically regarded as having the ability to maximize the retention capability of long-term incentives. Each restricted stock unit entitles the recipient to receive one share of stock, provided the employee remains with the Company over the full restriction period. Restricted stock unit recipients also receive dividend equivalents on a quarterly basis equal to the quarterly dividend on Barnes Group stock. The restriction periods on grants of restricted stock units at the Company have historically been up to five years in length. In 2003 and 2004, we increased the restriction period to seven years and six and one half years, respectively, for officers of the Company, and added an accelerated receipt feature. The acceleration of the 2003 and 2004 grants is tied to the Company's achieving and sustaining substantial appreciation in the market value of Barnes Group stock on the date of grant, thereby tying this incentive component directly to the Company's ability to generate superior total stockholder returns.

A performance share award was also granted to Mr. E.M. Carpenter in 2004, the receipt of which is ordinarily 100% dependent on the Company's meeting or exceeding preset earnings per share goals.

Factors Considered in Making Key Compensation Decisions

The decisions made regarding executive compensation incorporate the Committee's judgment of the management team's leadership performance and potential to create sustainable growth in stockholder value. In addition to peer group comparison, we rely on judgment, not short-term operating or stock price performance, to determine the amount and mix of executive compensation. We also rely on the input of the independent compensation consulting firm retained to advise the Committee on such matters.

Key factors impacting our collective judgment include the nature and complexity of each executive officer's role, the challenging global economic business conditions the Company operates within, the effectiveness of the strategies enacted to create enduring stockholder value, and the leadership demonstrated to create and promote a day-to-day working environment of unwavering integrity, compliance with applicable laws and the Company's ethics policies, and global responsibility. Our judgment is also impacted by the progress demonstrated by the management team toward the stock ownership guidelines outlined under "Long-Term Incentives" above, which has resulted in an increase in owned shares by corporate officers. The success of this program has been instrumental in demonstrating management's commitment to the Company's stockholders.

Edgar Filing: BARNES GROUP INC - Form DEF 14A

Based on all factors we considered relevant, we believe it is in all stockholders' best long-term interests to have set the overall and individual total cash compensation and long-term incentives at the levels described in the accompanying compensation tables and supporting narratives.

Table of Contents

Chief Executive Officer Compensation

Mr. E.M. Carpenter became President and Chief Executive Officer on December 8, 1998. His initial cash compensation and long-term incentives were established in accordance with his Employment Agreement (which is described below under the heading Employment Agreement).

The Committee has increased Mr. Carpenter's annual salary periodically during his six years with the Company, including a 4.1% increase effective April 1, 2004, to \$755,000. In determining the magnitude of the increase, the Committee considered the annual salaries of chief executive officers of the group of comparative companies, and of industrial companies of comparable size and complexity.

In 2004, the Company's revenues were between the target and maximum performance levels established under the Barnes Group Inc. Performance-Linked Bonus Plan For Selected Executive Officers, while its earnings per share (adjusted as discussed above) were between the threshold and target performance levels. As a result of this performance, Mr. Carpenter earned an award under the Plan at approximately the target award level, which is shown on page 14.

Also in 2004, we worked with the independent compensation consulting firm retained by the Committee to develop appropriate incentive programs for Mr. Carpenter. In determining the size and type of grants we considered the magnitude and types of grants to chief executive officers of industrial companies of comparable size and complexity, the importance of linking a significant part of Mr. Carpenter's total compensation package to the future performance of the Company's stock, and his role in leading the Company to strong financial results and total stockholder returns. We granted Mr. Carpenter options to purchase common stock at 100% of the then current market value, as shown on page 16. We also granted to Mr. Carpenter restricted stock units with the accelerated receipt feature described in the Long-Term Incentives section of this report. The final component of the long-term incentives granted to Mr. Carpenter in 2004 was a performance share award, as shown on page 14, the receipt of which is ordinarily 100% dependent on the Company's meeting or exceeding preset earnings per share goals.

Policy on Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), limits the Company's tax deduction to \$1 million per year for compensation paid to the Chief Executive Officer and each other executive officer named in that year's proxy statement unless certain conditions are met. One of those requirements is that compensation over \$1 million annually must be based on stockholder-approved plans. The SIP, which was approved as amended and restated in 1996, was designed to meet these requirements. The Employee Stock and Ownership Program, which was approved as amended in 2002, the Stock and Incentive Award Plan, which was approved in 2004, and the Barnes Group Inc. Performance-Linked Bonus Plan For Selected Executive Officers, which was approved in 2001, were also designed to meet these requirements. Generally, actions taken by the Committee have been intended to comply with Section 162(m) except where, in the Committee's judgment, it was in the best interests of the stockholders to grant forms of compensation that did not qualify for deductibility.

Table of Contents**Summary**

The Committee believes the Company's executive compensation programs create strong links between the interests of the Company's stockholders and its executives. Pay levels are intended to vary directly with the stockholder value created under the management team's leadership. The Committee also believes that relationship should be measured over a period of time sufficient to gauge the impact of the strategies developed and implemented, and the levels of pay eventually received.

EMPLOYMENT AGREEMENT

On December 8, 1998, the Company entered into an employment agreement (the "Agreement") with Mr. E.M. Carpenter under which he serves as the President and Chief Executive Officer of the Company. The Agreement provides for Mr. E.M. Carpenter's employment through December 31, 2001, and for automatic annual extensions until Mr. E.M. Carpenter reaches age 65, unless either party furnishes 90 days prior written notice that the Agreement will not be extended. Mr. E.M. Carpenter was granted a

Edgar Filing: BARNES GROUP INC - Form DEF 14A

one-time lump sum payment under the Agreement of \$100,000 as a relocation allowance, with the amount grossed up for any applicable taxes. Mr. E.M. Carpenter also became entitled to receive reimbursement of expenses reasonably incurred in connection with his duties and to receive reimbursement of reasonable legal fees in connection with the negotiation and documentation of the Agreement and the enforcement of his rights under it. As part of the Agreement, Mr. E.M. Carpenter purchased on the open market \$1,000,000 of Common Stock.

¹ Mr. E.M. Carpenter's employment agreement provides that, for the purpose of determining years of service, he is to earn two years of service for each year he is employed for each non-qualified plan in which he participates.

Table of Contents

The Agreement provides for the following compensation benefits for Mr. E.M. Carpenter: (i) base salary in the first year of the Agreement, of \$550,000, and thereafter on an annual basis the base salary is subject to increase at the discretion of the Board of Directors; (ii) an annual bonus pursuant to the Company's Management Incentive Compensation Plan (MICP) and any successor plan, up to a maximum of 150% of salary; and (iii) other benefits, consisting of the payment of life insurance premiums, a financial planning allowance, an automobile allowance, service credits under the Company's non-qualified retirement plans, annual vacations, immediate participation in the Company's welfare benefit plans, and country club membership expense reimbursement. Subsequent to the date of the Agreement, the Company adopted a successor plan to the MICP for certain executive officers, the Performance-Linked Bonus Plan for Selected Executive Officers (PBP). Pursuant to the PBP, Mr. E.M. Carpenter's maximum annual bonus is currently 225% of salary. Pursuant to the Agreement, Mr. E.M. Carpenter was granted the following securities: (a) 90,300 Long-Term Incentive Plan (LTIP) units, (b) options to acquire 75,000 shares of Common Stock at an exercise price of 85% of fair market value on the date of grant, (c) 60,000 incentive stock units to receive shares of Common Stock that vested over a five-year period, and (d) 60,000 incentive stock units to receive shares of Common Stock that vested over a five-year period subject to specified performance goals being attained. Pursuant to Amendment 1 to the Agreement which was entered into as of July 2, 2003, following his retirement Mr. E.M. Carpenter and his spouse will be entitled to receive retiree medical coverage provided by the Company to its retirees.

The Agreement is subject to early termination by reason of Mr. E.M. Carpenter's death or disability, by the Company for cause, by Mr. E.M. Carpenter for good reason, or by either party upon 30 days prior written notice. Upon termination, Mr. E.M. Carpenter would be entitled to any benefits due to him under any plan, program or policy of the Company which provides benefits after termination, other than any severance pay or salary continuation plan. In addition, if Mr. E.M. Carpenter's employment were terminated without cause or for good reason, he would be entitled to continue receiving his salary and welfare plan benefits for a severance period extending through the end of the remaining employment period or two years, whichever is longer. He also would receive other benefits, including the payment of his target bonus, continued vesting of his stock options and incentive stock units, and continued service credits under the Company's non-qualified plans through the end of the severance period. Payments to Mr. E.M. Carpenter would be subject to reduction under certain circumstances if necessary to avoid imposition of the golden parachute excise tax. Following termination for any reason, Mr. E.M. Carpenter is obliged not to compete with the Company for a two-year period and not to disparage the Company.

CHANGE-IN-CONTROL AND SEVERANCE ARRANGEMENTS

The Company has entered into change-in-control severance agreements (each a CIC Agreement) with Mr. E.M. Carpenter and each other named executive officer as of the following effective dates: Mr. J.R. Arrington, May 15, 1998; Mr. E.M. Carpenter, December 8, 1998; Mr. W.C. Denninger, March 31, 2000; Ms. S.S. Gates, June 1, 1999; Mr. G.F. Milzcik, June 12, 1999. The CIC Agreements for Messrs. Arrington and Carpenter each has an initial term which ended on December 31, 1999 and the CIC Agreements for Messrs. Denninger and Milzcik, and Ms. Gates each has an initial term that ended on December 31, 2000, with each of the agreements providing for automatic annual extensions commencing on the immediately following January 1 and each January 1 thereafter, unless the Company or the executive provides written notice not later than September 30 of the preceding year of a determination not to extend the agreement. In the event of a change in control (as defined in the CIC Agreements), an executive who is incapacitated would be entitled to receive full salary and employment benefits (less any amounts received under the Company's long-term disability plan) until terminated for reasons of disability. An executive who is not incapacitated but is terminated for any reason after a change in control would be entitled to receive full salary and benefits through the date of termination, as well as normal post-termination compensation and benefits under the Company's compensation and benefit plans.

An executive who is terminated following a change in control other than for cause or by reason of death, disability or voluntary termination, would be entitled to severance payments and benefits. These would consist of (i) a cash payment equal to a multiple (3 times in the case of Mr. E.M. Carpenter, 2 times for each other executive) of the executive's most recent base salary and average annual bonus (as defined); (ii) continuation of participation in the

Company's pension and welfare benefit plans for a number of months (36 or 24) corresponding to the multiple in (i), with the benefits reduced to the extent the executive subsequently receives coverage elsewhere; and (iii) a cash payment equal to the target award to which the executive would have been entitled under the Company's incentive compensation plans to the date of termination (less any pro rata bonus previously paid for the same period). In addition, upon the occurrence of a change in control, (a) the executive would receive pro rata target awards under the Company's other incentive compensation plans; (b) the executive's options to acquire Company stock would vest and become exercisable; and (c) all restrictions on the executive's stock-based awards would lapse. Payments to the executive would be subject to reduction under certain circumstances if necessary to avoid imposition of the golden parachute excise tax.

In addition, in the event of termination by the Company, the named executive officers, other than the President and Chief Executive Officer, may be eligible to receive under the Barnes Group Inc. Executive Separation Pay Plan, severance payments of up to 12 months of salary, accrued vacation pay, and continuation of certain other benefits for a period equal to the number of months of severance payments.

PERFORMANCE GRAPH

A stock performance graph based on cumulative total returns (price change plus reinvested dividends) for \$100 invested on December 31, 1999 is set forth below.

The performance graph does not include a published industry or line-of-business index or peer group of similar issuers because the Company is in three major distinct lines of business and does not believe a meaningful such index or peer group can be reasonably identified. Accordingly, as permitted by SEC rules, the graph includes the S&P 600 Small Cap Index, which is comprised of issuers with generally similar market capitalizations to that of the Company.

Stockholders wishing to present proposals for a formal vote (other than proposals included in the Company's proxy statement), or to nominate candidates for election as directors at a meeting of the Company's stockholders, must do so in accordance with the Company's By-laws. In order to be presented at the 2006 Annual Meeting, the By-laws provide that such stockholder proposals or nominations may be made only by a stockholder of record as of the date such notice is given and as of the date for determination of stockholders entitled to vote at such meeting, who shall have given notice of the proposed business or nomination which is received by the Company between December 22, 2005 and January 21, 2006. Edgar Filing: BARNES GROUP INC - Form DEF 14A

The Company may also reimburse brokers, dealers, banks, voting trustees or their nominees for their reasonable expenses in sending proxies, proxy material and annual reports to beneficial owners. The Company has retained The Altman Group Inc., 1275 Valley Brook Avenue, Lyndhurst, New Jersey 07071 to aid in the solicitation of proxies. The Altman Group will solicit proxies by personal interview, telephone, facsimile and mail, and may request brokerage houses and other nominees and fiduciaries or custodians to forward soliciting materials to beneficial owners of the Company's stock. For these services, the Company will pay a fee of approximately \$6,500 plus out-of-pocket expenses.

The Company had outstanding 23,317,830 shares of Common Stock as of February 22, 2005, each of which is entitled to one vote. Only holders of record at the close of business on February 22, 2005 will be entitled to vote.

Table of Contents

Under applicable Delaware law, abstentions and broker non-votes are treated as present at the meeting for purposes of determining a quorum. An abstention will have the same effect as a vote against such proposal; however, a broker non-vote will not have an effect on the outcome of the vote thereunder. Pursuant to the Company's By-laws, directors are elected by a plurality of the votes cast and therefore abstentions and broker non-votes will not have an effect on the outcome of the vote for directors.

The Company will provide without charge upon written request from a stockholder, a copy of the Company's Annual Report on Form 10-K, including financial statements and the financial statement schedules for the year ended December 31, 2004. Any such request should be sent to: Secretary, Barnes Group Inc., 123 Main Street, P.O. Box 489, Bristol, Connecticut 06011-0489.

The Company has posted on its Internet website and will make available in print to any stockholder who makes a request, its Corporate Governance Guidelines, its Code of Business Ethics and Conduct and the charters of the Audit Committee, Compensation and Management Development Committee and Corporate Governance Committee. The Company's Internet website address is www.barnesgroupinc.com.

If a nominee for director should become unavailable for any reason, it is intended that votes will be cast for a substitute nominee designated by the Board of Directors. The Board of Directors has no reason to believe the persons nominated will be unable to serve if elected. The Board of Directors does not know of any matters to be presented for consideration at the meeting other than the matters described in Proposals 1 and 2 of the Notice of Annual Meeting. However, if other matters are presented, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their judgment. All shares represented by the accompanying proxy, if the proxy is given prior to the meeting, will be voted in the manner specified therein.
