NOTES TO THE FINANCIAL STATEMENTS

Note 1 - Basis of presentation

The interim financial statements included herein are presented in accordance with United States generally accepted accounting principles and have been prepared by our company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (the SEC). Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although we believe that the disclosures are adequate to make the information presented not misleading.

These statements reflect all adjustments, consisting of normal recurring adjustments, which, in the opinion of our management, are necessary for fair presentation of the information contained therein. Our operating results for the three months ended March 31, 2005, and 2004 are not necessarily indicative of the results that may be or were expected for the years ended December 31, 2005, and 2004. It is suggested that these interim financial statements be read in conjunction with our audited financial statements and notes thereto in our Form 10-KSB for the period ended December 31, 2004.

Note 2 - Related Party Transactions

As previously reported, and by virtue of (i) a 6% secured convertible promissory note due to Brentwood Capital Corp., an affiliated privately owned New York corporation (Brentwood), dated September 27, 2002, in the aggregate principal amount of \$2,072,494 and convertible into 207,249,420 shares of our Common Stock, \$.001 par value per share; and (ii) Brentwood's record ownership of 1,435,000 shares of our common stock, which in the aggregate equal 208,684,420 common shares and equivalents or approximately 54% of our total capitalization, we may be deemed to be controlled by Brentwood.

Similarly, and as previously reported, Midwest Merger Management, LLC, a Kentucky limited liability company and its affiliates (Midwest) is the record owner of 3,459,800 shares of our common stock, 90,000 common shares issuable upon conversion of outstanding shares of our Series A preferred stock and 45,000,000 common shares issuable upon conversion of outstanding shares of our Series C preferred stock or approximately 14% of our common stock and equivalents. Accordingly, we may also be deemed to be controlled by Midwest. In connection with Midwest's ongoing support of our efforts to reorganize, Midwest has advanced us an aggregate of \$1,654,508 to fund our activities through and including the end of this fiscal quarter.

At March 31, 2005, the aggregate indebtedness to related parties was \$3,727,003. We intend to settle our aggregate obligations to Midwest and Brentwood in the course of our planned reorganization to a business development company.

Table of Contents

Note 3 Per Share Results

The common share equivalents associated with our issued and outstanding convertible notes and Preferred Stock were not included in computing per share results as their effects were anti-dilutive.

Note 4 Income Taxes (Benefits)

At December 31, 2004, we had available approximately \$23,000,000 of net operating loss carry-forwards, which expire between December 31, 2008 and December 31, 2021, that may be used to reduce our future taxable income.

Note 5 Going Concern

Our condensed consolidated financial statements have been presented on the basis that we are a going concern, which contemplates the realization of our assets and the satisfaction of our liabilities in the normal course of business.

As shown in the accompanying financial statements, we had negative working capital at March 31, 2005, of \$18,083,745. In addition, we have incurred an accumulated deficit of \$(38,411,678) through March 31, 2005. We are dependent upon the efforts of Midwest to raise funds for our continued survival. Our ability to continue to receive this level of support from Midwest is uncertain. The condensed consolidated financial statements do not include any adjustments that might be necessary if we are unable to continue as a going concern.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS

The following discussion contains forward-looking statements regarding our company, our business, prospects and results of operations that are subject to certain risks and uncertainties posed by many factors and events that could cause our prospects and future results of operations to differ materially from those that may be anticipated by such forward-looking statements. Factors that may affect such forward-looking statements include, without limitation, our ability to settle or otherwise resolve our obligations to our creditors and investors; as well as to locate and thereafter negotiate and consummate a business combination with a profitable privately owned company.

When used in this discussion, words such as believes, anticipates, expects, intends, and similar expressions are intended to identify forward-looking statements, but are not the exclusive means of identifying forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this report. We undertake no obligation to revise any forward-looking statements in order to reflect events or circumstances that may subsequently arise. Readers are urged to carefully review and consider the various disclosures made by us in this report and other reports filed with the SEC that attempt to advise interested parties of the risks and factors that may affect our business.

Table of Contents

Three Months Ended March 31, 2005 and 2004:

Revenue - As a direct result of our inability to continue our failing freight transportation services beyond November 2000, we had no revenues during either the first quarter ending March 31, 2005 (1Q5) or the first quarter ended March 31, 2004 (1Q4). We continue working through the restructure of our debt and the mitigation of outstanding litigation.

Expenses and Income Taxes Operating expenses for 1Q5 were \$113,759 compared to \$119,919 for 1Q4. This level of expenses is consistent with our strategy of redirecting our focus toward becoming a candidate to acquire or merge with a profitable, privately-held business operation. Accordingly, our recurring administrative expenses include: (i) professional fees (legal and accounting) associated with the resolution of our affairs with our former creditors and investors, and the maintenance of our reporting requirements and good standing, (ii) interest on our outstanding convertible note due to Brentwood (commencing on October 1, 2003), (iii) other ancillary expenses, and (iv) the payment of minimum franchise taxes.

Net Loss As a result of the foregoing, we experienced a net loss of \$(113,759) for 1Q5 compared to a net loss of \$(119,919) for 1Q4. When related to the weighted average number of common shares outstanding during each period, per share results were a net loss of \$(0.00) for both periods.

Liquidity and Capital Resources

We do not have any capital resources. Consistent with our inability to continue our failing freight transportation services business beyond November 2000, and our subsequent disposition in connection with arranging the funding of our GE Credit Corp. settlement in September 2002, our principal activity has been centered in resolving the claims of our former creditors so we may seek a business combination. In this regard, and in by virtue of Our April 26, 2004 amendment to our February 1, 1999 stock exchange agreement with Midwest, we granted Midwest the right to convert its 990,000 shares of our Series A Preferred Stock into 9,900,000 shares of our Common Stock in consideration for Midwest's best efforts commitment to fund our plan to reorganize our affairs and combine with a profitable owned business.

Accordingly, we are entirely dependent upon: (i) Midwest providing us with certain advisory services in connection with the resolution of our affairs on favorable terms; (ii) the willingness of Midwest to continue to provide us with certain office and administrative facilities, reasonable legal, accounting and administrative resources to resolve our affairs, conduct our search for a business combination candidate, and to fund virtually all of our settlements with creditors; and (iii) our successfully implementing a business combination with a profitable operating company. There can be no assurances that Midwest will continue to have the financial and administrative wherewithal necessary to support us, or that our combined efforts with Midwest will lead to either a successful business combination or a successful transition to a profitable business development company.

ITEM 3. CONTROLS AND PROCEDURES

(a) Evaluation of Disclosure Controls and Procedures

Based upon his evaluation of those controls and procedures performed within 90 days of the filing date of this report, our Chief Executive and Chief Financial officers concluded that our disclosure controls and procedures were adequate.

(b) Changes in Internal Controls

We made no significant changes in our internal controls or in other factors that could significantly affect these controls subsequent to the date of the evaluation of those controls by our Chief Executive and Chief Financial officer.
