Item 3. Source and Amount of Funds or Other Consideration

The Reporting Persons acquired beneficial ownership of an aggregate of 743,300 shares of Common Stock for \$6,584,863 using cash from the Funds. The shares of such Common Stock held by Partners and Qualified are held in margin accounts which from time to time may incur debit balances. Since other securities are held in such margin accounts, it is impracticable to determine the amounts, if any, borrowed with respect to such shares of Common Stock. The cost of borrowing with respect to such margin accounts fluctuates with the broker loan rate and the amount of the debit balance.

Item 4. Purpose of Transaction

The Reporting Persons acquired shares of the Common Stock of the Issuer based on their belief that such Issuer's stock is undervalued and represents an attractive investment opportunity. The Reporting Persons have engaged in constructive meetings with management of the Issuer and now seek a dialogue with the Issuer regarding new strategies to create value for the Issuer's stockholders. One such strategy is the execution of stock repurchases pursuant to the Issuer's existing plan, as outlined in the letter from the Reporting Persons to the Board of Directors of the Issuer, attached as Exhibit 2 hereto and incorporated herein by reference.

Reporting Persons intend to review continuously their equity interest in the Issuer. Depending upon their evaluation of the factors described below, one or more of the Reporting Persons may from time to time purchase additional securities of the Issuer, dispose of all or a portion of the securities then held by such Reporting Person, or cease buying or selling such securities. Any such additional purchases or sales of securities of the Issuer may be in the open market or privately negotiated transactions or otherwise. The factors which the Reporting Persons may consider in evaluating their equity interest in the Issuer's business include the following: (i) the Issuer's business and prospects; (ii) the business strategy and actions of Management and the Board of Directors of the Issuer (the Board of Directors) to enhance the Issuer's value to its stockholders; (iii) the performance of the Common Stock and the availability of the Common Stock for purchase at particular price levels; (iv) the availability and nature of opportunities to dispose of the Reporting Persons' interests; (v) general economic conditions; (vi) stock market and money market conditions; (vii) other business and investment opportunities available to the Reporting Persons; and (viii) other plans and requirements of the Reporting Persons.

Depending on their assessment of the foregoing factors, the Reporting Persons may, from time to time, modify their present intention as stated in this item 4.

Except as set forth above, the Reporting Persons do not have at this time any specific plans which would result in (a) the acquisition of additional securities of the Issuer or the disposition of securities of the Issuer; (b) any extraordinary corporate transactions such as a merger, reorganization or liquidation involving the Issuer or any of its subsidiaries; (c) any sale or transfer of a material amount of the assets of the Issuer or of any of its subsidiaries; (d) any change in the present management or Board of Directors, including any plans or proposals to change the number of term of directors or to fill any existing vacancies on the Board of Directors; (e) any material change in the present capitalization or dividend policy of the Issuer; (f) any other material change in the Issuer's business or corporate structure; (g) any change in the Issuer's charter or by-laws which may impede the acquisition of control of the Issuer by any person; (h) the Issuer's Common Stock being delisted from a national securities exchange or ceasing to be authorized to be quoted in an inter-dealer quotation system or a registered national securities association; (i) causing a class of equity securities of the Issuer to become eligible for termination of registration pursuant to Section 12(g)(4) of the Securities Exchange Act of 1934, as amended; or (j) any action similar to those enumerated above.

Item 5. Interest in Securities of the Issuer

(a) In the aggregate, the Reporting Persons beneficially own 743,300 shares of the Common Stock of the Issuer, representing approximately 9.999% of such class of securities. The beneficial ownership of each Reporting Person is as follows: (i) Partners beneficially owns 145,293 shares of the Common Stock, representing approximately 1.955% of the class, (ii) Qualified beneficially owns 156,986 shares of the Common Stock, representing approximately 2.112% of the class, (iii) Offshore beneficially owns 441,021 shares of the Common Stock, representing approximately 5.933% of the class and (iv) Capital, as the sole general partner of each Fund, and Mr. Starr, as the controlling managing member of Capital, each beneficially own 743,300 shares of the Common Stock of the Issuer representing approximately 9.9551% of the class. The percentage of the Common Stock beneficially owned by each Reporting Person is based on a total of 7,433,407 shares of the Common Stock of the Issuer outstanding as of July 29, 2005, as reported in the most recent Form 10-Q of the issuer for the quarter ended June 30, 2005.

EXHIBIT 2

Flagg Street Capital

September 12, 2005

Board of Directors

c/o Mr. John M. Robbins

Chief Executive Officer

AmNet Mortgage Inc.

10421 Wateridge Circle

Suite 250

San Diego, CA 92121

Gentlemen:

As you know, Flagg Street Capital LLC is one of the largest shareholders of AmNet Mortgage Inc. (AmNet or the Company) (Nasdaq: AMNT). As of September 9, 2005 we owned 743,300 shares of AMNT, representing nearly 10% of all outstanding shares, and we have owned shares in the Company for over a year. We view our investment in AmNet as an opportunity to participate in the long-term growth of a successful business. Since taking ownership, we have been pleased with the progress made by the Company in increasing its mortgage loan production, which we view as a vital step in the creation and realization of long-term shareholder value.

It is our belief that the current share price of AmNet fails to reflect the Company's strong prospects for future loan origination growth and profitability. In fact, as of the close of trading on September 9th, AmNet's shares were priced at \$9.39, a level approximating the tangible book value of the Company. It appears that the market is ascribing no value whatsoever to AmNet's sizable production franchise, which originated \$12.7 billion of mortgage loans over the twelve months ended 8/31/05 (as reported in Company press releases).

Edgar Filing: AmNet Mortgage, Inc. - Form SC 13D/A

In light of the Company's severely undervalued stock and ample liquidity, we are writing this letter to recommend that, at a minimum, AmNet aggressively execute on its existing share repurchase program, either on the open market or through a formal tender offer. In the past the Company's management and board took a conservative approach with excess corporate liquidity. We believe that this was prudent in light of the cash needs of the Company's operations and the uncertainty surrounding its transformation to a self-funding mortgage bank. Now, however, that transformation is essentially complete. AmNet's wholesale mortgage banking platform is robust and increasingly profitable. Yet still the market has not reflected this in the Company's share price. We therefore strongly recommend that the Board take this opportunity to create value for long-term shareholders by repurchasing shares at the stock's current low levels.

We would welcome the opportunity to further discuss with you our views on share repurchases and other long-term value creation opportunities.

Sincerely,

/s/ Jonathan Starr
