**Item 2.02. Results of Operation and Financial Condition**

On October 12, 2005, Richardson Electronics, Ltd. issued a press release reporting results for its fiscal first quarter ended September 3, 2005. A copy of the press release is furnished below:

**Richardson Reports Record Quarter Sales of \$158.1 Million for First Quarter, up 14.2% from the Prior Year**

**LaFox, IL, Wednesday, October 12, 2005:** Richardson Electronics, Ltd. (NASDAQ: RELI) today reported results for its fiscal first quarter ended September 3, 2005. Sales in the quarter were \$158.1 million, the highest quarter sales level in the Company's history, with an increase of 14.2% from the first quarter of fiscal 2005. Income before income taxes increased to \$3.8 million in the first quarter of fiscal 2006 from \$1.1 million in the same quarter last year. Net income was \$1.6 million in the quarter, or \$0.09 per diluted share, as compared with \$0.8 million, or \$0.05 per diluted share, in the same quarter last fiscal year. The first quarter of fiscal 2006 included a non-cash income tax provision of \$0.3 million, or \$0.02 per diluted share, for income tax exposures related to prior years. In addition, the first quarter of fiscal 2006 contained 14 weeks as compared with 13 weeks in the first quarter of fiscal 2005.

As previously announced, the Company acquired A.C.T. Kern GmbH & Co. KG (Kern), a leading display technology company in Europe, effective June 1, 2005. Kern's net sales of \$3.4 million for the first quarter of fiscal 2006 were included in the Company's Display Systems Group sales.

Sales Highlights First Quarter Fiscal 2006 as Compared with First Quarter Fiscal 2005

For the thirteenth consecutive quarter, the Company recorded year-over-year sales growth as all four strategic business units and all four geographic areas increased sales in the first quarter versus last year. The Display Systems Group led the sales growth, increasing sales 44.0% with continued strong demand for custom displays and medical monitors. Sales for RF & Wireless Communications Group grew 12.5% with year-over-year increases in network access and infrastructure products, offset somewhat by lower sales of passive/interconnect products. Industrial Power Group sales increased 9.7% in the first quarter of fiscal 2006 as tube and power component sales contributed to the growth. Sales for Security Systems Division were up 4.4% led by higher sales in Canada and private label products.

On a geographic basis, sales in Asia/Pacific increased 29.2% in the first quarter of fiscal 2006 versus last fiscal year with continued strong demand for wireless products. Sales in Latin America improved 23.3% mainly driven by higher sales of industrial power products. Sales in Europe were up 11.2% including the Kern acquisition. Sales in North America grew 10.5% as a result of higher demand for display systems in the U.S. and security systems in Canada.

Record sales in the first quarter and continued year-over-year growth in revenue are positive signs that demand for our products and engineered solutions continue to expand worldwide, said Edward J. Richardson, Chairman of the Board and Chief Executive Officer. We are committed to continuing to refine our organization, focusing on improving efficiencies and reducing costs with the goal of returning the Company to record levels of profitability.

On Thursday, October 13, 2005 at 9:00 a.m. CDT, Mr. Edward J. Richardson, Chairman and Chief Executive Officer will host a conference call to discuss the release. A question and answer session will be included as part of the call's agenda. To listen to the call, please dial 800-553-0358

approximately five minutes prior to the

start of the call. A replay of the call will be available from 12:30 p.m. on October 13, 2005 through December 3, 2005. The telephone numbers for the replay are (USA) 800-475-6701 and (International) 320-365-3844; access code 799480.

This release includes certain forward-looking statements as defined by the SEC. Statements in this press release regarding the Company's business which are not historical facts represent forward-looking statements that involve risks and uncertainties. For a discussion of such risks and uncertainties, which could cause actual results to differ from those contained in the forward-looking statements, see Risk Factors in the Company's annual report on Form 10-K. The Company assumes no responsibility to update the forward-looking statements in this release as a result of new information, future events, or otherwise.

#### **About Richardson Electronics**

Richardson Electronics, Ltd. is a global provider of engineered solutions, serving the RF and wireless communications, industrial power conversion, security and display systems markets. The Company delivers engineered solutions for its customers' needs through product manufacturing, systems integration, prototype design and manufacture, testing and logistics. Press announcements and other information about Richardson are available on the World Wide Web at <http://www.rell.com/investor.asp>.
