Item 1.01. Entry into a Material Definitive Agreement.

Loan and Security Agreement With Silicon Valley Bank

On January 30, 2006, the Board of Directors (the **Board**) of Saba Software, Inc., a Delaware corporation (the **Company**), approved, and on January 31, 2006, the Company entered into, a Loan and Security Agreement with Silicon Valley Bank (**SVB**), a California corporation (the **Credit Facility**). The Credit Facility replaces the Company's existing credit facility with SVB. The Credit Facility provides for (i) a term loan in a principal amount of \$6,500,000, and (ii) a receivables borrowing base revolving credit line in an aggregate principal amount of up to \$7,500,000 at any time outstanding, which includes a sublimit of up to \$5,000,000 for letters of credit, cash management and foreign exchange services. The term loan will be repaid in 36 equal monthly installments of principal, plus interest. The maturity date of the term loan and the revolving credit line is January 31, 2009. The interest rate applicable to the loans under the Credit Facility is SVB's prime rate plus 0.50% for the term loan and SVB's prime rate plus 0.25% for borrowings under the revolving credit line. The Company is required to pay an early termination fee if the Credit Facility is terminated by the bank due to the occurrence of an event of default or is refinanced by another financial institution, in each case, prior to the second anniversary of the Credit Facility.

The Credit Facility is secured by all of the Company's personal property other than its intellectual property. In addition, on January 31, 2006, each of THINQ Learning Solutions, Inc., a Delaware corporation and an indirect wholly-owned subsidiary of the Company (**THINQ**), and Merger Sub 2 (as defined below) entered into an Unconditional Guaranty and Security Agreement in favor of SVB pursuant to which each has guaranteed the Company's obligations under the Credit Facility and each has granted a security interest to SVB in all of its personal property other than its intellectual property to secure the Company's obligations under the Credit Facility.

The Credit Facility includes certain negative covenants restricting or limiting the ability of the Company and its subsidiaries to, among other things: incur additional indebtedness; create liens on its property; make investments and acquisitions; merge or consolidate with any other entity; convey, sell, lease, transfer or otherwise dispose of assets; change its business; change of control; pay dividends, distributions or make other specified restricted payments; and enter into certain transactions with affiliates. Such restrictions and limitations are subject to usual and customary exceptions contained in credit agreements of this nature. In addition, the Credit Facility requires the Company to satisfy a minimum consolidated EBITDA covenant on a quarterly basis, and a minimum liquidity covenant on a monthly basis.

The Credit Facility also contains usual and customary events of default (subject to certain threshold amounts and grace periods). If an event of default occurs and is continuing, the Company may be required to repay the obligations under the Credit Facility prior to their stated maturity date, the Company's ability to borrow under the revolving credit line may be terminated, and SVB may be able to foreclose on any collateral provided by the Company, THINQ or Merger Sub 2.
