ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON APRIL 20, 2006

PROXY STATEMENT

SOLICITATION OF PROXIES

General

The accompanying proxy (the Proxy) is solicited on behalf of the Board of Directors (the Board) of BIOLASE Technology, Inc., a Delaware corporation (the Company), for use at the Annual Meeting of Stockholders to be held on Thursday, April 20, 2006 (the Annual Meeting) and at any adjournment or postponement thereof. The Annual Meeting will be held at 2:00 p.m. local time at the Laguna Cliffs Marriott Resort and Spa, 25135 Park Lantern, Dana Point, CA, 92629. These proxy solicitation materials were mailed on or about April 5, 2006 to all stockholders entitled to vote at the Annual Meeting.

If the enclosed form of Proxy is properly signed and returned to the Company, the shares represented thereby will be voted at the Annual Meeting in accordance with the instructions specified thereon. If the Proxy does not specify how the shares represented thereby are to be voted, the Proxy will be voted FOR:

the election of the seven nominees for election to the Board listed in the Proxy and proposed by the Board; and

the ratification of the appointment of BDO Seidman, LLP, as the Company's independent registered public accounting firm for its fiscal year ending December 31, 2006.

Any stockholder has the power to revoke his or her proxy at any time before it is voted. A proxy may be revoked by a stockholder of record by:

delivering a written notice of revocation to the Secretary of the Company before the Annual Meeting

presenting a new proxy with a later-date; or

attending the Annual Meeting and voting in person.

Attendance at the Annual Meeting will not, by itself, revoke a proxy. If your shares are held in the name of a broker, bank or other nominee, you may change your vote by submitting new voting instructions to your bank, broker or other record holder. Please note that if your shares are held of record by a broker, bank or other nominee, and you decide to attend and vote at the Annual Meeting, your vote in person at the Annual Meeting will not be effective unless you present a legal proxy, issued in your name from the record holder, your broker.

Voting; Quorum

On March 9, 2006, the record date (the Record Date) for determination of stockholders entitled to notice of and to vote at the Annual Meeting, 23,289,037 shares of the Company s common stock, par value \$0.001 per share (the Common Stock), were outstanding. No shares of the Company s preferred stock were outstanding on the Record Date. Only stockholders of record of the Common Stock on March 9, 2006 will be entitled to notice of and to vote at the Annual Meeting or any adjournment or postponement thereof. Each stockholder is entitled to one vote for each share of Common Stock held by such stockholder on the Record Date. Stockholders may not cumulate votes in the election of directors.

The presence at the Annual Meeting, either in person or by proxy, of holders of shares of the Company s outstanding Common Stock entitled to vote and representing a majority of the voting power of all of such shares shall constitute a quorum for the transaction of business. In the election of directors, the five nominees receiving the

Table of Contents

highest number of FOR votes will be elected. With regard to the other proposal, the affirmative vote of the holders of Common Stock representing a majority of the voting power present or represented by proxy and voting at the Annual Meeting and entitled to vote on the subject matter is required for approval.

Abstentions may be specified on all proposals (except the election of directors), and will be counted as present for purposes of determining the existence of a quorum regarding the item on which the abstention is noted and will also be counted as a vote against such item for purposes of determining whether stockholder approval of that item has been obtained. Shares that are not voted by the broker who is the record holder of the shares because the broker is not instructed to vote such shares by the beneficial owner and does not have discretionary authority to vote such shares (i.e., Broker Non-Votes) and shares that are not voted in other circumstances in which proxy authority is defective or has been withheld, will be counted for purposes of establishing a quorum. Broker Non-Votes and other non-voted shares will not be deemed to be entitled to vote for purposes of determining whether stockholder approval of that matter has been obtained and thus will have no effect on the outcome of such matter.

The persons named as attorneys-in-fact in the form of the accompanying proxy, Robert E. Grant and Richard L. Harrison, were selected by the Board and are officers of the Company. All properly executed proxies returned in time to be counted at the Annual Meeting will be voted by such persons at the Annual Meeting. Aside from the election of the named directors and the ratification of the appointment of BDO Seidman, LLP as the Company's independent registered public accounting firm, the Board knows of no other matter to be presented at the Annual Meeting. If any other matters should be presented at the Annual Meeting upon which a vote properly may be taken, shares represented by all proxies received by the Company will be voted with respect thereto in accordance with the judgment of the persons named as attorneys-in-fact in the proxies.

Solicitation

The Company will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this Proxy Statement, the Proxy and any additional solicitation materials furnished to the stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, the Company may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. The Company may retain a proxy solicitor to assist in the distribution of Proxies and Proxy solicitation materials. Generally, the fee for such services is approximately \$15,000 plus expenses. The original solicitation of proxies by mail may be supplemented by a solicitation by telephone, facsimile or other means by directors, officers or employees of the Company. No additional compensation will be paid to these individuals for any such services. Except as described above, the Company does not presently intend to solicit proxies other than by mail. In accordance with Delaware law, a list of stockholders entitled to vote at the Annual Meeting will be available at the Annual Meeting, and for 10 days prior to the Annual Meeting at BIOLASE Technology, Inc., 981 Calle Amanecer, San Clemente, California 92673 between the hours of 8:00 a.m. and 5:00 p.m. Pacific Time.

Stockholder Proposals for 2007 Annual Meeting

It is currently contemplated that the Company's 2007 annual meeting of stockholders will be held on or about April 19, 2007. In the event that a stockholder desires to have a proposal considered for presentation at the 2007 annual meeting of stockholders, and inclusion in the proxy statement and form of proxy used in connection with such meeting, the proposal must be received at the Company's principal executive offices by December 6, 2006. Any such proposal must comply with the requirements of the Company's Bylaws and Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended.

If a stockholder, rather than including a proposal in the Company's proxy statement as discussed above, commences his or her own proxy solicitation for the 2007 annual meeting of stockholders or seeks to nominate a candidate for election or propose business for consideration at such meeting, the Company must receive notice of such proposal or nomination no later than March 6, 2007. If the notice is not received by such date, it will be considered untimely, and the Company will have discretionary voting authority under proxies solicited for the 2007 annual meeting of stockholders with respect to such proposal, if presented at the meeting. All notices must comply with the requirements of the Company's Bylaws.

Proposals and notices should be directed to the attention of the Secretary, BIOLASE Technology, Inc., 981 Calle Amanecer, San Clemente, California 92673.

MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING

PROPOSAL ONE

ELECTION OF DIRECTORS

General

Prior to March 29, 2006, the Board consisted of five directors. On March 29, 2006, the number of directors on our Board was expanded to seven and, upon the recommendation of the Nominating and Corporate Governance Committee, the Board elected Dr. Daniel S. Durrie and Neil J. Laird to fill the newly created vacancies. As a result, the Board currently consists of seven persons whose term of office expires at the Annual Meeting. The directors to be elected at the Annual Meeting will serve until the 2007 annual meeting of stockholders and until their successors have been duly elected and qualified or until their earlier resignation, removal or death. If this Proposal is approved, the Board will consist of seven persons.

The Company's current Board members are also its nominees for the upcoming election of directors. Each of the director nominees has agreed to serve if elected. Management has no reason to believe that any of the nominees will be unavailable to serve. Although it is anticipated that each nominee will be able to serve as a director, should any nominee become unavailable to serve, the proxies will be voted for such other person or persons as may be designated by the Board.

The Board, upon recommendation from its Nominating and Corporate Governance Committee, has nominated the persons listed below to serve as directors for the term beginning at the Annual Meeting of Stockholders on April 20, 2006. CORPORATE GOVERNANCE

Independent Directors

The Board has determined that each of Messrs. d Arbeloff, Laird and Pignatelli and Drs. Anderton and Durrie are independent directors as defined by the listing standards of the NASDAQ Marketplace Rules (NASDAQ Rules) and the rules and regulations of the U.S. Securities and Exchange Commission (SEC).

Board Committees and Meetings

The Board held 31 regularly scheduled and special meetings and acted by unanimous written consent various times during the year ended December 31, 2005. Each director then in office attended at least 75% or more of the aggregate of (i) the total number of meetings of the Board and (ii) the total number of meetings held by all committees of the Board on which such director served during 2005. In addition, it is expected that each of the directors will attend the Annual Meeting; provided, however, that members may attend the Annual Meeting by telephone or video conference, if necessary, to mitigate conflicts. At the 2005 Annual Meeting of Stockholders our Board consisted of only five members, all of whom attended the meeting.

The Board has established three committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. Each Committee has a charter that has been approved by the Board. Each of the charters was included as an appendix to the Company's proxy statement for the 2005 annual meeting of stockholders.

Audit Committee. Prior to March 29, 2006, the Audit Committee consisted of three directors: Messrs. d Arbeloff and Pignatelli and Dr. Anderton. As part of the Company's recent Board expansion, the Audit Committee was reconstituted on March 29, 2006 to consist of four members: Messrs. d Arbeloff, Laird and Pignatelli, and Dr. Anderton. Each member of the Audit Committee qualifies as an independent director under the NASDAQ Rules and the SEC rules and regulations. The Board has determined that Mr. Laird qualifies as the audit committee financial expert under the SEC rules and meets the financial sophistication requirements of the NASDAQ rules. Mr. d Arbeloff serves as the Audit Committee chair.

The primary responsibilities of the Audit Committee include, but are not limited to: (i) the appointment, compensation and oversight of the work of the Company's independent auditor; (ii) reviewing the reports of the independent auditors regarding the Company's accounting practices and systems of internal accounting controls; (iii) reviewing the Company's financial reports, its accounting and financial policies in general, and management's procedures and policies with respect to the Company's internal accounting controls; and (iv) reviewing the independence qualifications and quality controls of the independent auditor. The Audit Committee held 10 meetings during 2005 and acted by unanimous written consent various times during 2005.

Compensation Committee. Prior to March 29, 2006, the Compensation Committee consisted of three directors: Messrs. Pignatelli and d Arbeloff and Dr. Anderton. As part of the Company's recent Board expansion, the Compensation Committee was reconstituted on March 29, 2006 to consist of four members: Messrs. d Arbeloff and Laird, and Drs. Anderton and Durrie. Each of the members of the Compensation Committee qualifies as an independent director under the NASDAQ Rules and SEC rules and regulations, and as a non-employee director under the Internal Revenue code. Mr. Laird serves as the Compensation Committee chair. The Compensation Committee's primary responsibilities include, but are not limited to: (i) reviewing and developing the Company's general compensation policies; (ii) reviewing and approving the compensation of the Company's Chief Executive Officer and other executive officers, including salary, bonus, long-term incentive and equity compensation, and any

Table of Contents

other perquisites or special benefits; (iii) making awards under and acting as administrator of the Company's equity incentive plans, (iv) overseeing administration of the Company's other employee benefit plans; (v) making recommendations to the Board regarding director compensation; and (vi) producing an annual report on executive compensation for inclusion in the Company's annual proxy statement. The Compensation Committee held four meetings during 2005 and acted by unanimous written consent at various times.

Special Stock Option Committee. In addition to the above, in September 2003, the Board granted the Chief Executive Officer separate but concurrent authority with the Compensation Committee to make discretionary option grants to eligible individuals, other than executive officers and Board members, subject to a limitation of 20,000 shares per individual employee grant, that shall comply with the express terms and conditions of the Company's 2002 Stock Option Plan under which such grants are made. The Chief Executive Officer must review these grants at least semiannually with the Compensation Committee. Mr. Grant acted under this authority on ten occasions during 2005.

Nominating and Corporate Governance Committee. Prior to March 29, 2006, the Nominating and Corporate Governance Committee consisted of three directors: Messrs. Pignatelli and d Arbeloff and Dr. Anderton. As part of the Company's recent Board expansion, the Nominating and Corporate Governance Committee was reconstituted on March 29, 2006 to consist of four members: Messrs. d Arbeloff and Pignatelli, and Drs. Anderton and Durrie. Each member of the Nominating and Corporate Governance Committee qualifies as an independent director under the NASDAQ Rules and the SEC rules and regulations. Dr. Anderton serves as the Nominating and Corporate Governance Committee chair. The Nominating and Corporate Governance Committee is responsible for, among other things: (i) identifying individuals who are qualified to be members of the Board and selecting or recommending that the board select the nominees for directorships; (ii) to the extent deemed appropriate by the committee, developing and recommending to the Board a set of corporate governance principles applicable to the Company; (iii) establishing the criteria and procedures for selecting new directors; (iv) overseeing the process for evaluating the Board and management; and (v) reviewing and reassessing, at least annually, the adequacy of the Nominating and Corporate Governance Committee, including the compliance of the committee with its charter.

The Nominating and Corporate Governance Committee considers candidates for Board membership suggested by its members and other Board members, as well as by management and stockholders. The Nominating and Corporate Governance Committee may also retain a third-party executive search firm to identify candidates. All recommendations submitted by stockholders should be submitted to the Nominating and Corporate Governance Committee to the attention of the Corporate Secretary. The stockholder must submit a detailed resume of the candidate and an explanation of the reasons why the stockholder believes this candidate is qualified for service on the Company's Board. The stockholder must also provide such other information about the candidate that would be required by the SEC rules to be included in a proxy statement. In addition, the stockholder must include the consent of the candidate and describe any relationships, arrangements or undertakings between the stockholder and the candidate regarding the nomination or otherwise. The stockholder must also submit proof of Company stockholdings. All communications are to be directed to the Chairperson of the Nominating and Corporate Governance Committee, to the attention of the Corporate Secretary, BIOLASE Technology, Inc., 981 Calle Amancer, San Clemente, California 92673.

The Nominating and Corporate Governance Committee focuses on the following criteria in determining whether a candidate is qualified to serve on the Board: (i) roles and contributions valuable to the business community; (ii) personal qualities of leadership, character and judgment, and whether the candidate possesses and maintains a reputation in the community at large of integrity, trust, respect, competence and adherence to high ethical standards; (iii) relevant knowledge and diversity of the candidate's background and experience in areas such as business, finance and accounting, marketing, international business and other similar areas; (iv) whether the candidate has the time required for preparation, participation and attendance at meetings; and (v) requirements relating to Board and Board committee composition under applicable law and NASDAQ Rules.

The Nominating and Corporate Governance Committee reviews each existing director whose term is set to expire and considers the following in determining whether to recommend the re-election of that director: (i) occupation or business association changes; and (ii) whether circumstances have arisen that may raise questions about a director's continuing qualifications in relation to the Board's membership criteria. The Nominating and Corporate Governance Committee applies the same criteria to nominees recommended by stockholders as to new candidates recommended by the Nominating and Corporate Governance Committee.

Table of Contents

The Nominating and Corporate Governance Committee held one meeting during 2005.

Pursuant to the 2002 Plan each individual who is elected to the Board as a non-employee director, at an annual meeting of stockholders or at a special meeting at which directors are elected, automatically is granted on the date of such election, a non-statutory option to purchase 30,000 shares of Common Stock. Each option vests at a rate of 7,500 shares per quarter, with the first vesting date occurring three months after the date of grant. If a non-employee director becomes a director for the first time on a date other than the date of a meeting at which all directors are elected, he or she automatically is granted a non-statutory option to purchase the number of shares equal to (a) 2,500 multiplied by (b) the difference between 12 and the number of months since the last meeting at which directors were elected, vesting at a rate of 2,500 shares per month.

Each automatic grant under the 2002 Plan has an exercise price per share equal to the fair market value per share of Common Stock on the grant date and has a maximum term of ten years, subject to earlier termination 12 months after the date of the optionee's cessation of Board service for any reason. Each automatic option is immediately exercisable for all of the option shares. However, any shares purchased under such option are subject to repurchase by the Company, at the lower of the exercise price paid per share or the fair market value per share (determined at the time of repurchase), should the optionee cease Board service prior to vesting of those shares. The shares subject to each initial option grant and each annual option grant will immediately vest in full if certain changes in control or ownership occur or if the optionee dies or becomes disabled.

PROPOSAL TWO

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Current Accountants

The firm of BDO Seidman, LLP (BDO) was selected by the Audit Committee to act as the Company's independent registered public accounting firm for the fiscal year ended December 31, 2006. BDO was initially engaged by the Company on August 8, 2005 and served in that capacity through December 31, 2005. The Board is asking the stockholders to ratify BDO's appointment. Stockholder ratification of such selection is not required by the Company's Bylaws or other applicable legal requirement. However, the Board is submitting the selection of BDO to the stockholders for ratification as a matter of good corporate governance. In the event the stockholders fail to ratify the selection, the Audit Committee and the Board will reconsider whether or not to retain that firm for the 2006 fiscal year. Even if the selection is ratified, the Board in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Board believes that such a change would be in the best interests of the Company and its stockholders.

A representative of BDO is expected to be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

Former Accountants

On August 3, 2005, we dismissed PricewaterhouseCoopers LLP (PWC) as our independent registered public accounting firm. Our Audit Committee approved the decision to dismiss its independent registered public accounting firm.

The reports of PWC on our financial statements as of and for the fiscal years ended December 31, 2004 and 2003 contained no adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principle.

During the fiscal years ended December 31, 2004 and 2003 and through August 3, 2005, there were two disagreements with PWC on matters regarding accounting principles and practices, financial statement disclosure, or auditing scope or procedure, which disagreements, although ultimately resolved to the satisfaction of PWC, were reportable events as described in Item 304(a)(1)(iv) of Regulation S-K promulgated by the Securities and Exchange Commission (the SEC) pursuant to the Securities Exchange Act of 1934, as amended. There was a disagreement during the year ended December 31, 2003 related to revenue recognition. There was a disagreement during the year ended December 31, 2004 related to the accounting for penalties and interest on sales tax. Our Audit Committee has discussed the foregoing disagreements with PWC and has authorized PWC to respond fully to BDO, the new independent registered public accounting firm for the Company, concerning these disagreements. Except for the disagreements noted above, there were no disagreements with PWC on the matters noted above for the fiscal years ended December 31, 2004 and 2003 and through August 3, 2005 that would have caused PWC to make reference thereto in their reports on the Company's financial statements for such years if such matters were not resolved to the satisfaction of PWC.

We refer to Item 9A of our Form 10-K for the fiscal year ended December 31, 2004 which was filed with the SEC on July 19, 2005 with respect to the eleven material weaknesses in the Company's internal control over financial reporting, which is incorporated herein by reference. We refer to Item 9A of our Form 10-K for the fiscal year ended December 31, 2003, which was filed with the SEC on March 3, 2004 with respect to the material weakness in the Company's internal control over financial reporting, which is incorporated herein by reference. Except for the material weaknesses noted above, there were no other reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K) for the fiscal years ended December 31, 2004 and 2003 and through August 3, 2005.

We provided PWC with a copy of the disclosure we proposed to make in a current report on Form 8-K filed on August 8, 2005 and requested that PWC furnish a letter addressed to the SEC stating whether that firm agreed with the statements by us and, if not, stating the respects in which it did not agree. A copy of PWC's letter was filed as an exhibit to the Form 8-K reporting the change in our auditors.

Table of Contents

During our two most recent fiscal years and through August 8, 2005, we did not consult with BDO with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements, or any other matters or reportable events listed in Item 304(a)(2)(i) or (ii) of Regulation S-K.

Required Vote for Approval

The affirmative vote of the holders of a majority of the shares present or represented and entitled to vote at the meeting is being sought to ratify the selection of BDO as the Company's independent registered public accounting firm for the year ending December 31, 2006. Abstentions will be counted towards the tabulations of votes cast on this Proposal and will have the same effect as negative votes. Broker non-votes will not be counted for purposes of determining whether this Proposal has been approved.

Recommendation of the Board

THE BOARD UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE SELECTION OF BDO SEIDMAN, LLP TO SERVE AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2006.

Pre-Approval Policy

According to policies adopted by the Audit Committee and ratified by the Company's Board, to ensure compliance with the SEC's rules regarding auditor independence, all audit and non-audit services to be provided by the Company's independent registered public accounting firm must be pre-approved by the Audit Committee. This policy generally provides that the Company will not engage its independent registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by the Audit Committee.

From time to time, the Audit Committee may pre-approve specified types of services that are expected to be provided to the Company by its independent registered public accounting firm during the next 12 months. Any such pre-approval will be detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount. In providing any pre-approval, the Audit Committee considers whether the services to be approved are consistent with the SEC's rules on auditor independence.

All fees paid to PWC and BDO were pursuant to engagements pre-approved by the Audit Committee, and none of those engagements made use of the exception to pre-approval contained in Regulation S-X, Rule 2-01(c)(7)(i)(C).

OTHER MATTERS

The Company knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters properly come before the Annual Meeting, it is intended that shares represented by the Proxies will be voted with respect thereto in accordance with the best judgment and in the discretion of the proxy holders. Discretionary authority with respect to such other matters is granted by the execution of the enclosed Proxy.

(1) All options granted during 2005 to the named executive officers were granted under the 2002 Stock Plan. The option grants originally became exercisable ratably each quarter over a three-year period. In consideration for recipient entering into a resale restriction agreement, the Company accelerated the vesting of the options and they became immediately exercisable on the grant date. The resale restriction agreement restricts the sale of the underlying shares before such time as vesting of the option would have otherwise taken place. Each Option is subject to earlier termination following the optionee's termination of employment, permanent disability or death.

(2) The assumed 5% and 10% annual rates of stock price appreciation are for illustrative purposes only. Actual stock prices will vary from time to time based upon market factors and the Company's financial performance. No assurance can be given that such rates will be achieved. Unless the market price of the Common Stock appreciates over the option term, no value will be realized from the option grants made to the named executive officers.

Table of Contents

The following table provides information, with respect to the named executive officers, concerning unexercised options held as of the end of the fiscal year. Value is calculated as market price of the Common Stock at fiscal year end less exercise price multiplied by the number of shares subject to the option. The market price of the Common Stock at December 31, 2005 was \$7.99.

The Company also formerly maintained the 1990 Stock Option Plan and the 1993 Stock Option Plan. The 1990 Stock Option Plan and the 1993 Stock Option Plan have terminated pursuant to their terms; however, various option grants under those plans remain outstanding.

The 1990 Stock Option Plan (the "1990 Plan") was implemented by the Board on December 15, 1990. The 1990 Plan is a non-stockholder-approved plan under which options were authorized to be granted to directors, officers or employees. The Board authorized 150,000 shares of Common Stock for issuance under the 1990 Plan. Options under this plan were granted with an exercise price per share equal to the fair market value per share of Common Stock on the grant date and vested in installments during the optionee's period of service with us. The plan administrator (either the Board or a Board committee) may cause options to vest on an accelerated basis in the event the Company is acquired and those options are not assumed or replaced by the acquiring entity. Each option has a maximum term (not to exceed 10 years) set by the plan administrator at the time of grant, subject to earlier termination following the optionee's termination.

Employment Agreement with Robert E. Grant

On October 26, 2004, the Company entered into an at-will employment agreement with Robert E. Grant, as the newly appointed President and Chief Executive Officer, which superseded his employment agreement of August 2003. The agreement provides for an annual base salary of \$275,000 and an annual bonus of up to \$175,000. Sixty percent of the annual bonus is based on the achievement of revenue targets and 40% is based on the achievement of net income targets. In connection with the annual bonus, Mr. Grant is eligible to receive up to \$12,500 each quarter based upon the achievement of such revenue and net income targets. The remaining portion of the bonus (up to \$125,000) was payable upon the completion and filing with the SEC of the Company's annual report on Form 10-K for the previous reporting year. The agreement also provided for a one-time stock option grant to purchase 400,000 shares of Common Stock at an exercise price of \$5.98 per share. Mr. Grant is also eligible to receive stock options with respect to 100,000 shares annually beginning on the third anniversary of the effective date of the agreement. Mr. Grant is entitled to four weeks paid vacation per year, and the Company pays the medical and dental plan premiums for him and his immediate family and reimburses him for out-of-pocket costs, fees, charges or expenses in connection with the medical and dental plans, which reimbursement shall not exceed \$3,000 per year without the prior approval of the Board. The Company has agreed to assume or reimburse Mr. Grant the costs associated with the lease of his vehicle.

In the event Mr. Grant's employment is terminated without cause or Mr. Grant terminates his employment for good reason, he will receive severance equal to six times the base monthly salary he was receiving immediately prior to the date of termination or resignation, the Company will pay his COBRA premiums for the six-month period following termination or resignation, he will be entitled to receive the pro-rated portion of any performance bonus to which he would otherwise be entitled and his stock options will continue to vest through the end of the quarter in which such termination or resignation becomes effective. Mr. Grant will have one year from the effective date of such termination or resignation to exercise the vested portion of his stock options.

In the event of Mr. Grant's death while employed by the Company and during the term of the agreement, Mr. Grant's estate will receive a lump sum payment of an amount equal to six months of his then-effective base salary, subject to offset from insurance benefit payments, and all stock options that would be vested at the end of the quarter in which the death occurred will be vested and immediately exercisable. His estate will have one year from the effective date of such death to exercise the vested portion of Mr. Grant's stock options.

If Mr. Grant's employment is terminated by the Company due to mental or physical disability, Mr. Grant will continue to receive his base salary for six months and all stock options that would be vested at the end of the quarter in which the termination occurred will be vested and immediately exercisable. Mr. Grant will have one year from the effective date of the termination to exercise the vested portion of his stock options.

The Company has agreed to indemnify Mr. Grant, to the maximum extent permitted under Delaware law, against any expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with any action, suit or proceeding, whether civil, criminal, administrative or investigative, threatened or initiated against him by reason of the fact that he was serving as an officer, director, employee or agent of the Company or was serving at the Company's request as an officer, director, employee or agent of another corporation, partnership, joint venture, trust or other enterprise.

Unless earlier terminated, the terms of the employment agreement will end on October 23, 2007, provided that, unless and until a new written agreement is entered into, the employment relationship under the agreement will continue on a calendar quarter to calendar quarter basis with the same remuneration and compensation as shall apply during the final year of the agreement term.

also provides for a stock option grant to purchase 250,000 shares of Common Stock at an exercise price of \$8.25 per share, with 1/3 of the options becoming vested on the first anniversary of the effective date and 1/8 vesting quarterly thereafter. The exercise price of such stock option is the fair market value of the Common Stock on the date of grant, November 13, 2004. Mr. Hohener is entitled to four weeks paid vacation per year, and the Company pays the medical and dental plan premiums for him and his immediate family and reimburses Mr. Hohener for out-of-pocket costs, fees, charges or expenses in connection with the medical and dental plans, which reimbursement shall not exceed \$3,000 per year without the prior approval of the Board.

The Company also agreed to indemnify Mr. Hohener, to the maximum extent permitted under Delaware law, against any expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with any action, suit or proceeding, whether civil, criminal, administrative or investigative, threatened or initiated against him by reason of the fact that he was serving as an officer, director, employee or agent of the Company or was serving at the Company's request as an officer, director, employee or agent of another corporation, partnership, joint venture, trust or other enterprise.

On December 12, 2005, Mr. Hohener tendered, and the Board accepted, his resignation. In connection with his resignation, the Company agreed to pay Mr. Hohener \$150,000.

Employment Agreement with Jeffrey W. Jones

On December 29, 2005, the Company entered into a new employment agreement with Jeffrey W. Jones, Vice Chairman of the Board and Chief Technical Officer. The Agreement replaces an earlier employment agreement dated December 12, 2003 between the Company and Mr. Jones which expired by its terms on December 31, 2005.

Under the terms of the employment agreement, Mr. Jones receives a base annual salary of not less than \$250,000. In addition, Mr. Jones is entitled to earn an annual performance bonus of \$100,000, based on the achievement of certain criteria established by the Board, of which \$42,000 is guaranteed. Mr. Jones is also entitled to receive a housing allowance of \$3,500 per month for expenses incurred in maintaining a residence in California in connection with his employment by the Company. The amount of the housing allowance is deducted from any bonus he is entitled to receive. Mr. Jones is also entitled to receive an allowance for an automobile and related expenses, four weeks paid vacation per year, reimbursement of reasonable business expenses and other executive benefits.

Under the terms of the employment agreement, Mr. Jones' employment is at will and not for a specific term, and may be terminated at any time by either the Company or him, with or without cause, as defined in the Employment Agreement. If Mr. Jones' employment is terminated other than for cause or he resigns for good reason, Mr. Jones will be entitled to receive severance pay in an amount equal to one year of annual base salary.

The Company agreed to indemnify Mr. Jones to the maximum extent permitted under Delaware law against any expenses (including attorneys' fees), judgments, fines and amounts paid in settlement (with the Company's written consent which shall not be unreasonably withheld) actually and reasonably incurred in connection with any action, suit or proceeding, whether civil, criminal, administrative or investigative, threatened or initiated against Mr. Jones by reason of the fact that he was serving as an officer, director, employee or agent or was serving at the Company's request as an officer, director, employee or agent of another corporation, partnership, joint venture, trust or other enterprise.

Employment Agreement with Richard L. Harrison

On December 12, 2005, the Company entered into an at-will employment agreement with Richard L. Harrison, the Company's newly-appointed Executive Vice President, Chief Financial Officer and Secretary. The Employment Agreement provides that Mr. Harrison will receive an annual base salary of \$230,000 and will be eligible for a bonus of up to \$100,000, of which \$50,000 will be paid in quarterly installments of \$12,500 each and the remaining \$50,000 will be payable upon the occurrence of certain performance metrics.

In addition, the Employment Agreement also provided that Mr. Harrison receive a non-qualified option to purchase 250,000 shares of the Company's common stock at \$7.20 per share. The option vests over a three-year period, with one-third of the option shares becoming vested upon completion of 12 months of service and the remaining two-thirds vesting quarterly over the remaining two years. Mr. Harrison will also be entitled to four weeks of paid vacation and an auto allowance of \$1,000 per month.

Table of Contents

In the event the Company terminates Mr. Harrison's employment other than for cause or he resigns for good reason, and providing that he executes a release of claims, he is entitled to receive a severance payment equal to six months of base salary and benefits.

The Company agreed to indemnify Mr. Harrison to the maximum extent permitted under Delaware law against any expenses (including attorneys' fees), judgments, fines and amounts paid in settlement (with the Company's written consent which shall not be unreasonably withheld) actually and reasonably incurred in connection with any action, suit or proceeding, whether civil, criminal, administrative or investigative, threatened or initiated against Mr. Harrison by reason of the fact that he was serving as an officer, director, employee or agent or was serving at the Company's request as an officer, director, employee or agent of another corporation, partnership, joint venture, trust or other enterprise.

Offer Letter to Keith G. Bateman

In January 1999, the Company delivered an offer letter to Keith G. Bateman, then Vice President of Global Sales. Mr. Bateman was subsequently named Executive Vice President in 2002 and Executive Vice President, Marketing in January 2005. Mr. Bateman's base salary was \$175,000 for 2005.

Offer Letter to James M. Haefner

In December 2004, the Company delivered an offer letter to James M. Haefner offering him full-time employment as Executive Vice President of Global Sales. The letter provided for an annual base salary of \$200,000 and an annual auto allowance of \$10,000. The letter also provides that Mr. Haefner is eligible for a management bonus of up to \$100,000 per year, paid quarterly at an amount of \$25,000, based on achievement of sales and other performance targets. Mr. Haefner is also entitled to an additional \$50,000 bonus paid following year end and based on sales over a performance target as determined by the Compensation Committee. The letter provides that Mr. Haefner may participate in all employee benefit and benefits plans that are made available to the Company's full-time employees.

Change in Control Agreements

In February 2006, the Company and of each of Messrs. Grant, Jones, Harrison, Bateman and Haefner entered into an amendment to such officer's employment agreement or offer letter. The primary purpose of each amendment was to provide for certain severance payments to be made to the officer upon the occurrence of a triggering event. A triggering event is defined as the occurrence of both:

a change of control (as defined in the amendment); and

any termination of the officer's employment (i) by the officer for good reason (as defined in his employment agreement) or (ii) by the Company without cause (as defined in the officer's employment agreement), in each case during the 18 months following the change of control.

Upon the occurrence of a triggering event, each amendment provides that the officer will be entitled to receive, subject to his execution of a general release in favor of the Company, the following:

100% of the officer's then current annual salary plus the full amount of the officer's potential bonus for the current year, which aggregate amount shall be paid in a one-time lump sum payment; and

continuation of the benefits and perquisites set forth in the officer's employment agreement for a period of one year from the date of such termination or, in some cases, a lump sum payment equal to the value of the benefit or perquisite over a one-year period.

In addition, upon the occurrence of a triggering event all unvested options and shares of restricted stock held by the officer shall immediately vest and become fully exercisable.

COMPENSATION COMMITTEE REPORT

Report on Executive Compensation

The Compensation Committee of the Company's Board is pleased to present its annual report which is intended to update stockholders on the development of the Company's executive compensation program. This report summarizes the responsibilities of the Company's Compensation Committee, the compensation policy and objectives that guide the development and administration of the executive compensation program, each component of the program, and the basis on which the compensation for the chief executive officer, corporate officers and other key executives was determined for the calendar year ended December 31, 2005.

During the 2005 fiscal year, the Compensation Committee was comprised of Messrs. Pignatelli and d'Arbeloff and Dr. Anderton. The Compensation Committee's primary responsibilities are to oversee the development and administration of the total compensation program for corporate officers and key executives, and administer the executive bonus incentive and stock plans. During the year, the Compensation Committee met four times and took several actions by unanimous written consent.

General Compensation Policy. The Compensation Committee believes that the compensation programs for the Company's executive officers should reflect the Company's performance and the value created for its stockholders. In addition, the Company's compensation programs are meant to support its short-term and long-term strategic goals and values and should reward individual contributions to our success. The Company is engaged in a very competitive industry, and the Company's success depends upon its ability to attract and retain qualified executives through the competitive compensation packages it offers such individuals. When establishing overall compensation, the Compensation Committee takes into consideration the amounts paid to executive officers of companies with business structure, size, location and stage of development similar to us.

The goal of the Compensation Committee is to attract and retain executive officers who will strive for excellence and to motivate those individuals to achieve superior performance by providing them with rewards for assisting us in meeting targets regarding revenues, profitability and technology development. In order to achieve this goal, the policy of the Compensation Committee is to provide our Chief Executive Officer and other executive officers with competitive compensation opportunities based upon their contribution to our financial success and their personal performance. Accordingly, the compensation package for the Chief Executive Officer and other executive officers is comprised of three elements: (1) a base salary, designed to be competitive with salary levels in the industry and to reflect individual performance; (2) a discretionary annual incentive bonus payable in cash and tied to our achievement of annual financial and other performance goals; and (3) where appropriate, long-term stock-based incentive awards designed to strengthen the mutuality of interests between the executive officer and our stockholders.

The Compensation Committee periodically reviews total compensation levels and the distribution of compensation among the three elements identified above for each of the executive officers in the context of our compensation policy and compensation packages awarded to executive officers in comparable positions at companies within related industries. The Compensation Committee believes that our most direct competitors for executive talent include significantly larger and better-capitalized companies in the medical device industry, comprising a broader range of companies than those with which we usually are compared for purposes of stock performance. The principal factors that were taken into account in establishing each executive officer's compensation package for 2005 are described below. However, the Compensation Committee may in its discretion apply entirely different factors, such as different measures of financial performance, for future years.

Base Salary. During 2005, the Compensation Committee reviewed the base salary of each executive officer. In assessing appropriately competitive salary levels, the Compensation Committee considered each officer's position, experience and tenure with us, the duties and changes in duties of each officer, the past accomplishments and expected future contributions of each officer, and information on competitive compensation levels for similar executive positions. In addition, the Company's performance and profitability are factors in determining the base salaries of executive officers.

Annual Incentive Bonuses. An executive officer may be awarded incentive bonuses based on our results of operations and financial performance, the performance of the executive officer in that officer's area of responsibility and the officer's contribution to our operating performance. The level of award is a variable of the targeted

Table of Contents

performance of the Company compared to the actual performance of the Company and the achievement of specific department goals. The bonus amounts range from 40% to 75% at 100% achievement of targeted performance. The performance measurements for Messrs. Grant, Jones and Hohener in 2005 were the Company's net revenues, the Company's earnings before taxes and the achievement of specific department goals. The performance measurements for Messrs. Bateman and Haefner in 2005 were the Company's net revenues. In general, the performance measurements for the Company for 2005 were not achieved. Notwithstanding the failure to achieve the performance targets, the Compensation Committee determined to award \$25,000 bonuses to each of Messrs. Grant and Jones, in addition to minimum amounts to which they were entitled. This amount represented a small portion of the total available bonus. The Compensation Committee determined that such amount was warranted given the extraordinary efforts of Messrs. Grant and Jones throughout 2005.

Long Term Stock-Based Incentives. Stock-based incentives are designed to align the interests of our executive officers with those of our stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. Options allow the officers to acquire shares of Common Stock at a fixed price per share (generally the market price on the grant date) over a specified period of time (up to ten years). Options generally become exercisable in a series of installments over a two- to three-year period, contingent upon the officer's continued employment with us. Accordingly, options provide a return to the executive officer only if he remains employed by us during the vesting period, and then only if the market price of the shares appreciates over the option term.

The size of the option grant to each executive officer, including any grant considered for the Chief Executive Officer, is set at a level that is intended to create a meaningful opportunity for stock ownership based upon the individual's current position with us, the individual's personal performance in recent periods and his or her potential for future responsibility and promotion over the option term. The Compensation Committee may also take into account the number of unvested options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. The relevant weight given to each of these factors varies from individual to individual.

In December 2005, the Compensation Committee approved the acceleration of vesting of certain unvested stock options granted under the Company's 2002 Stock Incentive Plan that were held by certain key employees and officers of the Company, including executive officers. As a result of such acceleration, options granted to 25 persons with respect to 1,045,847 unvested shares of the Company's common stock, including options with respect to 684,178 unvested shares that are held by the Company's executive officers, became fully vested. The Compensation Committee also imposed restrictions on shares of Company common stock that could be acquired by such persons upon exercise of any such accelerated options that will prevent the sale of such shares (other than to satisfy applicable withholding taxes) before such time as vesting would otherwise have taken place.

The acceleration eliminated future compensation expense that the Company would otherwise have recognized in its consolidated statements of operations with respect to the options at issue now that the Statement of Financial Accounting Standards No. 123-R Share Based Payment, issued by the Financial Accounting Standards Board, has become effective for fiscal years beginning after June 15, 2005. The future expense eliminated by the acceleration, based on a Black-Scholes calculation, was estimated to be approximately \$1.6 million in 2006, \$1.2 million in 2007, and \$0.4 million in 2008 on a pre-tax basis. The acceleration resulted in a compensation expense in the fourth quarter of 2005 of approximately \$204,000.

CEO Compensation. In setting the total compensation payable to Mr. Grant, our Chief Executive Officer, the Compensation Committee sought to provide a stable level of cash compensation within a range of compensation found among competitive companies, while recognizing Mr. Grant's contributions to our overall performance. Mr. Grant is compensated in accordance with the terms of his employment agreement which is summarized under Employment Contracts, Termination of Employment and Change in Control Arrangements. Mr. Grant's base salary was \$275,000 in 2005. When agreed to, Mr. Grant's salary was based on factors discussed above in Base Salary, including a review of market pay trends.

In determining Mr. Grant's incentive bonus for 2005, the Compensation Committee considered the Company's net revenues, the Company's earnings before taxes and the achievement of specific department goals. In general, Mr. Grant did not achieve the performance targets for the Company for 2005. Notwithstanding the failure to achieve the performance targets, the Compensation Committee determined to award a \$25,000 bonus to Mr. Grant. This amount

Table of Contents

represented a small portion of the total available bonus. The Compensation Committee determined that such amount was warranted given the extraordinary efforts of Mr. Grant throughout 2005.

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly held companies for compensation paid to certain of their executive officers to the extent that such compensation exceeds \$1.0 million per covered officer in any fiscal year. The limitation applies only to compensation that is not considered to be performance-based. Non-performance-based compensation paid to our executive officers for the 2005 fiscal year did not exceed the \$1.0 million limit per officer, and we do not expect the non-performance-based compensation to be paid to our executive officers for the 2006 fiscal year to exceed that limit. Because it is unlikely that the cash compensation payable to any of our executive officers in the foreseeable future will approach the \$1.0 million limit, we do not expect to take any action to limit or restructure the elements of cash compensation payable to our executive officers so as to qualify that compensation as performance-based compensation under Section 162(m). We will reconsider this decision should the individual cash compensation of any executive officer ever approach the \$1.0 million level.

The 2002 Stock Incentive Plan imposes the requisite limitation on the maximum number of shares for which options may be granted per individual. Therefore, assuming a committee comprised solely of outside directors as required by Section 162(m) makes all option grants to our executive officers, any compensation deemed paid in connection with the exercise of future option grants made to executive officers under the 2002 Stock Incentive Plan with an exercise price equal to the fair market value of the option shares on the grant date should qualify as performance-based compensation that will not be subject to the \$1.0 million limitation.

It is the opinion of the Compensation Committee that the executive compensation policies and plans provide the necessary total remuneration program to properly align our performance and the interests of our stockholders through the use of competitive and equitable executive compensation in a balanced and reasonable manner, for both the short and long-term.

AUDIT COMMITTEE REPORT

The Audit Committee oversees the Company's independent registered public accounting firm and assists the Board in fulfilling its oversight responsibilities on matters relating to the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements and the independent registered public accounting firm's qualifications and independence by meeting regularly with the independent registered public accounting firm and financial management personnel. Management is responsible for the preparation, presentation and integrity of the Company's financial statements; establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(f)); evaluating the effectiveness of disclosure controls and procedures; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the Company's financial statements for the fiscal year ended December 31, 2005, with Company management and BDO Seidman LLP, the Company's independent registered public accounting firm. The Audit Committee also discussed with BDO Seidman LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees, as amended by Statement on Auditing Standards No. 90 (Audit Committee Communications)). This included a discussion of the independent registered public accounting firm's judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters that generally accepted auditing standards require to be discussed with the Audit Committee. The Audit Committee also received the written disclosures and the letter from BDO Seidman LLP required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and the Audit Committee discussed the independence of BDO Seidman LLP with that firm.

Based on the Audit Committee's review and discussions noted above, the Audit Committee recommended to the Board, and the Board approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2005 for filing with the SEC. The Audit Committee also approved the selection of BDO Seidman LLP as the Company's independent registered public accounting firm for 2005.

The Audit Committee and the Board have also recommended, subject to stockholder approval, the selection of BDO Seidman LLP as the Company's independent registered public accounting firm for fiscal year 2006.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

See the above discussion under Employment Contracts, Termination of Employment and Change in Control Arrangements for a discussion of the employment agreements with Messrs. Bateman, Haefner, Grant, Harrison and Jones.

Under the indemnification agreements, the Company agrees to indemnify its directors, officers and agents, or Indemnified Parties, to the fullest extent permitted by law against all expenses and liabilities actually and reasonably incurred by reason of such Indemnified Party becoming, or being threatened to be made, a party to any action, claim, suit, arbitration, alternate dispute resolution mechanism, investigation, administrative hearing or any other

Table of Contents

proceeding, whether civil, criminal, administrative, investigative or other. Such expenses will be advanced by the Company upon written request by an Indemnified Party.

The Company has no obligation to provide indemnification if the party selected by the Board (such party being either the stockholders, a majority of disinterested directors, independent legal counsel or a panel of arbitrators) to review the Indemnified Party's request for indemnification (the Reviewing Party) determines that the Indemnified Party would not be permitted to be indemnified. Additionally, if the Company has advanced expenses to the Indemnified Party and the Reviewing Party subsequently determines the Indemnified Party is not permitted to be indemnified under applicable law, the advanced expenses must be reimbursed by the Indemnified Party to the Company.

If an Indemnified Party is successful on the merits of an action, the Company is required to indemnify such Indemnified Party against all expenses and liabilities incurred in connection with such action. An Indemnified Party must notify the Company in writing, as soon as practicable, of any claim made against him or her for which indemnification will or could be sought.

To secure the Company's obligations to indemnify and advance expenses to the Indemnified Parties in the event of a change of control, the Company will secure a surety bond in the amount of not less than \$1.0 million, upon which an Indemnified Party may from time to time file a claim for payment. If there is a change in control of the Company (other than a change in control approved by a majority of the Board who were directors immediately prior to the change in control), then independent legal counsel will act as the Reviewing Party to determine whether the Indemnified Party is entitled to indemnification. The Company agrees to pay the reasonable fees of any independent legal counsel or arbitrators retained to make a determination of entitlement to indemnification pursuant to the indemnification agreement.

The termination of any claim by judgment, order, settlement, conviction, or plea of *nolo contendere*, or its equivalent, does not affect the presumption that an Indemnified Party is entitled to indemnification under the indemnification agreement, and the Company shall have the burden of proof to overcome that presumption. Additionally, if the Company is obligated to pay the expenses of any claim, the Company may assume the defense of such claim with counsel approved by such Indemnified Party upon the delivery to such Indemnified Party of written notice of the Company's election to do so.

The Company shall not be obligated under the indemnification agreement: (i) to make any payment in connection with any claim against an Indemnified Party to the extent such party has otherwise actually received payment (under any insurance policy or otherwise) of the amounts indemnifiable under the indemnification agreement; (ii) to indemnify an Indemnified Party for liabilities in connection with a proceeding settled without the Company's consent; (iii) to indemnify an Indemnified Party for expenses and the payment of profits arising from the purchase and sale by such Indemnified Party of securities in violation of Section 16(b) of the Securities Exchange Act of 1934, or any similar state statute; or (iv) to indemnify an Indemnified Party for acts, omissions or transactions from which such Indemnified Party may not be relieved of liability under applicable law.

The Company agrees to use all reasonable efforts to maintain one or more policies of directors' and officers' liability insurance for such period of time as the Indemnified Party shall consent to serve as a director, officer or agent of the Company, as thereafter for so long as the Indemnified Party is subject to any possible proceeding.

The indemnification agreement is governed by Delaware law.

Since January 1, 2005, there has not been any transaction or series of similar transactions to which the Company was a party in which the amount involved exceeded or exceeds \$60,000 and in which any director, executive officer, holder of more than five percent (5%) of any class of voting securities, or any member of the immediate family of any of the foregoing persons, had or will have a direct or indirect material interest.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The members of the Board, the executive officers and beneficial holders of more than ten percent of the outstanding Common Stock are subject to the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934 which requires them to file reports with respect to their ownership of the Company's securities. Based upon the copies of Section 16(a) reports which the Company received from such persons for their 2005 fiscal year

transactions in the Common Stock and their Common Stock holdings, the Company believes that all reporting requirements under Section 16(a) for such fiscal year were met in a timely manner by its directors, executive officers and greater than ten percent beneficial owners, except for the following: a Form 4 for James M. Haefner in connection with a grant of stock options on June 1, 2005 was not filed until October 18, 2005, a Form 4 for Jeffrey W. Jones in connection with a grant of stock options on December 29, 2005 was not filed until January 10, 2006, and a Form 4 for Federico Pignatelli in connection with purchases of common stock on November 22 and November 23, 2005 was not filed until November 28, 2005.
