Shaw, our President and Chief Executive Officer who beneficially owned 47.4 percent of the outstanding Common Stock as of July 20, 2006, was paid a licensing fee of \$500,000 (amortized over 17 years) by us for the exclusive worldwide licensing rights to manufacture, market, sell, and distribute retractable medical safety products. In addition, Mr. Shaw receives a 5 percent royalty on gross sales of all licensed products sold to customers over the life of the technology licensing agreement. Mr. Shaw was paid a royalty of \$1,678,152 for 2005. Mr. Shaw, in 2005, received a total of \$22,832 from the proceeds of some of the settlements relating to an antitrust lawsuit styled *Retractable Technologies, Inc. v. Lillian E. Salerno, a shareholder holding 10.5 percent of the Common Stock, d/b/a LES Development (the successor to Mill Street Enterprises, a sole proprietorship), leases offices at 618, 620, 622, and 628 S. Mill Street, in Lewisville, Texas, to us for our marketing and sales department. This lease term ends in June 2007. This lease is for a five-year period beginning in July 2002 at a monthly rate of \$2,900. Lease payments of \$34,800 were paid in 2005.

The Company had a consulting agreement (to establish contacts with major European entities to develop marketing and distribution channels as well as licensing agreements) with MediTrade International Corporation, a company controlled by Lillian E. Salerno. The contract was terminated on February 28, 2005. MediTrade was paid \$16,667 per month and reimbursed for business expenses incurred on behalf of the Company, not to exceed \$5,000 per month without prior approval for the term of the contract. During the year ended December 31, 2005, the Company paid \$27,217 under this agreement.

The Company retained Ms. Patti King, a former Class 1 Director, as a consultant beginning in November of 2005. As of May 9, 2006, the Company desired to compensate Ms. King in excess of \$60,000 and she resigned her position as a Director. Ms. King is currently compensated at a rate of \$100 per hour in addition to reimbursement of expenses and has been paid, beginning in November of 2005 and through July 1, 2006, aggregate consideration of \$73,300 for her services as a consultant and \$7,025 in expense reimbursement.

The Compensation and Benefits Committee met two times during 2005. The Compensation and Benefits Committee currently consists of Messrs. Clarence Zierhut, Marco Laterza, and Jimmie Shiu, M.D. The charter is available on our website, www.vanishpoint.com. All members of our Compensation and Benefits Committee are independent as defined by the AMEX listing standards.

Nominating Committee

The Nominating Committee assists the Board of Directors by identifying qualified candidates for Director positions, recommending Director nominees for the Annual Meetings, recommending candidates for election by the Board of Directors to fill vacancies on the Board and recommending Director nominees for committee vacancies. The Nominating Committee met one time in 2005. The Nominating Committee consists of Messrs. Marwan Saker, Marco Laterza, and Jimmie Shiu, M.D. The charter of the Nominating Committee is available at our website, www.vanishpoint.com. All members of our Nominating Committee are independent as defined by the AMEX's listing standards.

Director Nomination Policies

As set forth in Section (C)(5) of the Company's Nominating Committee Charter, it is the policy of the Nominating Committee to consider all bona fide candidates recommended by shareholders for nomination for election to the Board. The committee considers such candidates using the same screening criteria as are applied to all other potential nominees for election, provided that the shareholder nominations are submitted in a timely and complete manner.

Shareholder nominees properly submitted by any shareholder will be considered for recommendation by the Nominating Committee to the Board of Directors and for recommendation by the Board to the shareholders in our Proxy Statement. The procedure to be followed by shareholders in submitting such recommendations for the next Annual Meeting is set forth in detail herein in the Section entitled **DIRECTOR NOMINATIONS TO BE CONSIDERED BY THE BOARD IN 2007**.

We establish, through our Nominating Committee, selection criterion that identifies desirable skills and experience for prospective Board members, including those properly nominated by shareholders, and addresses the issues of diversity and background. The Board, with the assistance of the Nominating Committee, selects potential new Board members using the criteria and priorities established from time to time based upon the needs of the Company. The composition, skills, and needs of the Board change over time and will be considered in establishing the desirable profile of candidates for any specific opening on the Board of Directors.

Pursuant to Section (C) of the Nominating Committee Charter, at a minimum, recommended nominees by the Nominating Committee for service on the Board must be well regarded and experienced participants in their field(s) of specialty, familiar at the time of their appointment with the Company's business, willing to devote the time and attention necessary to deepen and refine their understanding of the Company and the issues facing it, and must have an understanding of the demands and responsibilities of service on a public company board of directors. The Nominating Committee will also consider such qualities as independence from the Company. Each nominee will be considered both on his or her individual merits and in relation to existing or other potential members of the Board, with a view to establishing a well-rounded, diverse, knowledgeable, and experienced Board.

The Nominating Committee considers nominees recommended by Board members, Management, and the shareholders. It is further empowered, when necessary in its judgment, to retain and compensate third party search firms to assist in identifying or evaluating potential nominees.

The Class 2 Director nominees were nominated by the Nominating Committee and unanimously approved by the Board of Directors.

Compensation of Directors

In 2005, we paid each non-employee Director a fee of \$500 for each Board meeting attended. In the past, the Company has granted to each Director (except Mr. Shaw) stock options for Common Stock. We do not pay any additional amounts for committee participation or special assignment.

Employment Agreement

There are no other employment agreements in place involving other Officers or Directors, except as set forth below:

Thomas J. Shaw

We have a written employment agreement with Thomas J. Shaw, our President and Chief Executive Officer, for an initial period of three years which ended September 2002 that automatically and continuously renews for consecutive two-year periods. The agreement is terminable either by us or Thomas J. Shaw upon 30 days' written notice. The agreement provides for an annual salary of at least \$150,000 with an annual salary increase equal to no less than the percentage increase in the Consumer Price Index during the previous calendar year. The agreement requires that Thomas J. Shaw's salary shall be reviewed by the Board of Directors each January, which shall make such increases as it considers appropriate. Thomas J. Shaw is also entitled to participate in all executive bonuses as the Board of Directors, in its sole discretion, shall determine.

Under the employment agreement, we are also obligated to provide certain fringe benefits, including, but not limited to, participation in pension plans, profit-sharing plans, employee stock ownership plans, stock appreciation rights, hospitalization and health insurance, disability and life insurance, paid vacation, and sick leave. We also reimburse him for any reasonable and necessary business expenses, including travel and entertainment expenses, necessary to carry on his duties. Pursuant to the employment agreement, we have agreed to indemnify him for all legal expenses and liabilities incurred with any proceeding involving him by reason of his being an officer or agent. We have further agreed to pay reasonable attorney fees and expenses in the event that, in his sole judgment, he needs to retain counsel or otherwise expend his personal funds for his defense.

Mr. Shaw has agreed to a one-year non-compete, not to hire or attempt to hire employees for one year, and to not make known our customers or accounts or to call on or solicit our accounts or customers in the event of termination of his employment for one year unless the termination is without cause or pursuant to a change of control of the Company. Furthermore, Mr. Shaw has the right to resign in the event that there is a change in control which is defined as a change in the majority of directors within any 12 month period without two-thirds approval of the shares outstanding and entitled to vote, or a merger where less than 50 percent of the outstanding stock survives and a majority of the Board of Directors remains, or the sale of substantially all of our assets, or any other person acquires more than 50 percent of the voting capital. Mr. Shaw retained the right to participate in other businesses as long as they do not compete with us and so long as he devotes the necessary working time to the Company.

Compensation Committee Interlocks and Insider Participation

The Compensation and Benefits Committee consists of Messrs. Clarence Zierhut, Marco Laterza, and Jimmie Shiu, M.D. All members of the Compensation and Benefits Committee are independent and none of the Company's executive officers served on the Compensation Committee of a Board of any other entity that had an executive officer that served on our Compensation and Benefits Committee. Furthermore, none of our executive officers served as a Director for another entity, one of whose executive officers served on our Compensation and Benefits Committee. Finally, none of our executive officers served on the compensation committee of any entity.

REPORT OF COMPENSATION AND BENEFITS COMMITTEE ON EXECUTIVE OFFICER COMPENSATION

The Compensation and Benefits Committee of the Board of Directors is responsible for establishing and administering the compensation program and policies for the Company's executive officers. The Compensation and Benefits Committee approves all compensation paid to the Company's executive officers, and also oversees the administration by the Board of Directors of the Company's stock option plans under which stock option grants may be made to executive officers.

The Compensation and Benefits Committee consists of three members of the Board of Directors. Each member of the Compensation and Benefits Committee is independent under the current listing standards of the AMEX. The Compensation and Benefits Committee operates under a formal written charter, which was amended and restated by the Board of Directors on May 11, 2004.

Executive Compensation Policy

The Company's executive officer compensation policy is based on the belief that competitive compensation is essential to attract, retain, motivate, and reward highly qualified and industrious executive officers. The Company's executive officer compensation program is intended to accomplish the following purposes:

attract and retain highly talented and productive executive officers;

provide incentives and rewards for superior performance by the Company's executive officers; and

align the interests of executive officers with the interests of the Company's stockholders.

To achieve these objectives, the Compensation and Benefits Committee has approved an executive officer compensation program that consists of four basic components:

base salary;

periodic short-term incentive compensation in the form of cash bonuses;

periodic long-term incentive compensation in the form of stock options; and

general benefit programs.

Executive officer compensation, including that of the Chief Executive Officer, is not linked to the stock price of our Common Stock nor is it linked to Company performance in that our financial performance is constrained by the monopolistic activities of BD. We have been blocked from access to the market by exclusive marketing practices engaged in by BD who dominates the market. We believe that their monopolistic business practices continue despite their paying \$100 million to settle a lawsuit with the Company for anticompetitive practices, business disparagement, and tortious interference. Although we made limited progress in some areas, such as the alternate care and international markets, our volumes are not as high as they should be given the nature and quality of our product, the federal and state legislation requiring use of safe needle devices, and the Senate Subcommittee hearings on GPOs. However, our products have been and continue to be distributed nationally and internationally through numerous distributors. We continue to pursue various strategies to have better access to the hospital market, as well as other markets including attempting to gain access to the market through our sales efforts and innovative technology. Until such time as we believe that the Company has access to the market, we believe that linking base salary compensation to the stock price or the Company's performance is not appropriate and would result in an untenable loss of competent management.

Edgar Filing: RETRACTABLE TECHNOLOGIES INC - Form DEF 14A

The payment of bonuses, however, is linked to Company performance in that executive officers are judged, in part, on the achievement of internally generated goals.

The Chief Executive Officer has not ever been granted a bonus. During the years bonuses were granted to executive officers, Mr. Shaw declined such bonuses for himself.

Components of Executive Officer Compensation

The Compensation and Benefits Committee reviews the Company's executive officer compensation program through the application of the subjective business judgment of each of its members. The Compensation and Benefits Committee uses discretion and considers all elements of an executive officer's compensation package when setting each portion of compensation. Periodically, the committee may utilize the services of an independent executive compensation consulting group to review appropriate compensation levels. The principal factors that the Compensation and Benefits Committee considered with respect to each executive officer's

compensation package for 2005 are summarized below. The Compensation and Benefits Committee may, however, in its discretion apply entirely different factors with respect to compensation for future years.

Base Salary

The base salary for each of the Company's executive officers is subjectively determined primarily on the basis of the following factors: experience, individual performance, contribution to the Company's performance, level of responsibility, duties and functions, salary levels in effect for comparable positions within and without the Company's industry, and internal base salary comparability considerations. These base salaries are reviewed periodically and may be adjusted in the discretion of the Compensation and Benefits Committee, based upon the factors discussed in the previous sentence, as well as upon individual performance during the previous fiscal year, changes in the duties, responsibilities and functions of the executive officer, and general changes in the compensation peer group in which the Company competes for executive talent. The relative weight given to each of these factors differs from individual to individual, as the Compensation and Benefits Committee deems appropriate.

Periodic Cash Bonuses

For 2005, the Company did not grant bonuses to its executive officers. These bonuses, when paid, are paid on a discretionary basis, as determined by the Compensation and Benefits Committee. Factors considered by the Compensation and Benefits Committee in determining discretionary cash bonuses are personal performance, level of responsibility, as well as many of the same factors considered by the Compensation and Benefits Committee and discussed above when it reviews and sets base salaries, except with a greater focus on the prior fiscal year.

Long-Term Incentive Compensation

Long-term incentives are provided through grants of stock options primarily under the Company's 1999 Stock Option Plan. The grants are designed to align the interests of executive officers with those of stockholders and to provide each executive officer with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the Company.

Each stock option grant allows the executive officer to acquire shares of Common Stock at a fixed price per share (typically, and never less than, the closing stock price of the Common Stock on the date of grant) for a fixed period (usually ten years). Each option generally becomes exercisable after three years, contingent upon the executive officer's continued employment with the Company. Accordingly, the stock option grant will provide a return to the executive officer only if the executive officer remains employed by the Company during the vesting period, and then only if the market price of the underlying Common Stock appreciates.

The number of shares subject to each stock option grant is subjectively determined by the Compensation and Benefits Committee or the Board of Directors primarily related to the executive officer's anticipated contributions to the Company's future success, the size of comparable awards made to individuals in similar positions within the industry, the individual's potential for increased responsibility over the option term and the individual's personal performance in recent periods. The Compensation and Benefits Committee also considers the number of unvested stock options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. However, the Compensation and Benefits Committee does not adhere to any specific guidelines as to the relative stock option holdings of the Company's executive officers. The Company granted no options to executive officers during 2005.

General Benefits

Executive officers are eligible to participate in medical, life, and benefit programs generally available to all employees on the same terms as those offered to non-executive employees.

Compensation of the Chief Executive Officer

The Company has a written employment agreement with Thomas J. Shaw, our President and Chief Executive Officer, for an initial period of three years which ended September 2002 that automatically and continuously renews for consecutive two-year periods. The agreement is terminable either by us or Mr. Shaw upon 30 days' written notice. The agreement provides for an annual salary of at least \$150,000 with an annual salary increase equal to no less than the percentage increase in the Consumer Price Index during the previous calendar year. The agreement requires that Mr. Shaw's salary shall be reviewed by the Board of Directors each January, which shall make such increases as it considers appropriate. Although this contract has never been formally revised, Mr. Shaw's compensation was increased to \$250,000 in July of 2000 and increased to \$400,000 in August of 2005. Both increases were unanimously approved by the Board of Directors. The 2005 increase was recommended by the Compensation and Benefits Committee. Such increases were authorized to bring Mr. Shaw's compensation in line with those holding similar positions in similar size industries.

Mr. Shaw is also entitled to participate in all executive officer bonuses as the Board of Directors, in its sole discretion, shall determine. However, no bonuses (or options) have ever been granted to Mr. Shaw. Nonetheless, as the owner of close to 50 percent of the Common Stock, Mr. Shaw is incented to maximize the Company's performance.

Under the employment agreement, the Company is obligated to provide certain fringe benefits, including, but not limited to, participation in pension plans, profit-sharing plans, employee stock ownership plans, stock appreciation rights, hospitalization and health insurance, disability and life insurance, paid vacation, and sick leave. The Company also reimburses him for any reasonable and necessary business expenses, including travel and entertainment expenses, necessary to carry on his duties. Pursuant to the employment agreement, the Company has agreed to indemnify Mr. Shaw for all legal expenses and liabilities incurred with any proceeding involving him by reason of his being an officer or agent. The Company has further agreed to pay reasonable attorney fees and expenses in the event that, in his sole judgment, he needs to retain counsel or otherwise expend his personal funds for his defense.

DIRECTOR NOMINATIONS TO BE CONSIDERED BY THE BOARD IN 2007

Nominations for the election of Directors may be made by shareholders entitled to vote generally in the election of Directors. In the discretion of the Nominating Committee, the committee may solicit nominations from the shareholders. In addition, a shareholder may nominate a person, on their own initiative, for consideration for recommendation by the Board to the shareholders in our Proxy Statement for the 2007 Annual Meeting. To make such a recommendation, a shareholder should deliver written notice of such shareholder's nomination, either by personal delivery or by registered or certified United States mail, postage prepaid, to Michele M. Larios, the Secretary of the Company, by April 11, 2007. Such notice shall set forth:

1. The name and address of the shareholder making the nomination and of the person to be nominated;
2. A representation that the shareholder is a holder of record of Common Stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting;
3. A description of all arrangements or understandings between the shareholder and the nominee and any other person or persons (naming such person or persons) pursuant to which the nomination is being made by the shareholder;
4. Such other information regarding the nominee proposed by such shareholder as would be required to be included in a proxy statement filed pursuant to the then current proxy rules of the Commission; and
5. The consent of the nominee to serve as a Director if so recommended by the Board and duly elected at the Annual Meeting by the shareholders.

We evaluate Director nominees recommended by shareholders in the same manner in which we evaluate other Director nominees. Please see CORPORATE GOVERNANCE-Nominating Committee for a description of the consideration given to shareholder recommended nominees.

The Nominating Committee considers nominees recommended by the Board, Management, and the shareholders. Furthermore, the committee is empowered, when necessary in its judgment, to retain and compensate third party search firms to assist in identifying or evaluating potential nominees.
