IBERDROLA's Board of Directors, meeting today in Bilbao, has convened the next General Shareholders Meeting of the company, which foreseeably will be held on second call on Thursday 29th March 2007 at 11:00 AM, at the Palacio Euskalduna in Bilbao.

The Board approved a proposal to set shareholder remuneration for 2006 at 1.06 per share (1.04 in dividend plus an attendance bonus for AGM attendance, either in person or by proxy, of 0.02) reflecting the importance of items on the agenda which will be submitted for approval at the meeting.

A key item on the agenda is a Board of Director proposal to increase IBERDROLA's share capital by up to 263.4 million shares. This issue of new shares, to be carried out in the context of the recommended combination agreement reached with ScottishPower, will be exchanged for shares of the Scottish company. The increase, valued at up to 8,625 million, will be the largest capital increase ever by a Spanish company.

The agreed combination of IBERDROLA and ScottishPower, valued at approximately 17.1 billion, will be the second largest transaction by a Spanish company abroad, after the acquisition of O2 by Telefonica in 2005.

Edgar Filing: SCOTTISH POWER PLC - Form 425

According to the terms of the transaction, ScottishPower shareholders will receive 777 pence per share: 400 pence in cash plus an extraordinary dividend payable by ScottishPower of 12 pence per share, and the remainder (365 pence) payable in 0.1646 new IBERDROLA shares for each ScottishPower share (according to the closing price of 32.75 per IBERDROLA share on 27th November 2006 and an exchange rate of 1.4755 per pound sterling).

The new IBERDROLA shares, which will have a par value of 3 euros plus a paid-in surplus which will be fixed before the transaction is effective, and which will not exceed 29.75, account for more than 20% of the new IBERDROLA share capital resulting from the capital increase.

One-for-four stock split

The Board of Directors will also seek shareholder approval on March 29 for a 1:4 stock split, reducing par value from 3 euros to 0.75 euros. As a result of this split, which will take place after the Scottish Power transaction has completed, the number of shares outstanding will multiply by four without altering the amount of share capital.

The purpose of this stock split, common practice among large IBEX-35 securities is fundamentally to offer greater liquidity in the shares and stimulate shareholder loyalty plans (such as the Dividend Reinvestment Plan, for example, implemented by the company in 2006).

The Board will propose several modifications to both the Corporate by-laws and also regulations of the General Shareholders Meeting. These changes, together with those approved today regarding the Regulations of the Board of Directors as well as its Audit and Compliance Committee and its Nominations and Compensation Committee, seek to adapt them to recommendations introduced by the Unified Code of Corporate Governance approved by the CNMV on 22nd May 2006.

The Board of Directors will also submit for shareholder approval the annual accounts corresponding to the 2006 financial year and the management reports of the company and of its consolidated Group, as well as a proposal to increase the 2006 dividend to 1.04 euros per share, a rise of 17.5% with respect to 2005, in accordance with IBERDROLA's commitment to increase shareholder return in line with net profit.

A gross 0.45 euro per share interim dividend was paid on 2nd January 2007, and following approval of the proposed final dividend, an additional gross 0.593 euros per share will be paid on 2nd July 2007.

Ratification will be sought at the AGM for the following directors appointed by the Board since the last General Shareholders meeting: Íñigo Víctor de Oriol Ibarra, Inés Macho Stadler, Braulio Medel Cámara and José Carlos Pla Royo; and the re-election of Board Members José Orbegozo Arroyo, Lucas María de Oriol López-Montenegro, Mariano de Ybarra y Zubiría, Xabier de Irala Estévez, Íñigo Víctor de Oriol Ibarra, Inés Macho Stadler y Braulio Medel Cámara.

The Board will also propose the appointment of Nicolas Osuna as independent director. Osuna, a member of the Consultative Board of IBERDROLA in Andalusia since 2005, is Chairman of Inmobiliaria Osuna.

Finally, authorization will be sought to delegate powers in the Board, for a period of five years, to issue bonds or debentures and other fixed income securities of a similar nature (other than notes), as well as preferred stock up to a maximum limit of 20 billion and notes with a maximum limit, independent from the stated limit, of 4 billion. Authorisation will also be sought for the company to guarantee, within these limits, new issues of securities by subsidiary companies.
