Item 1.01 Entry into a Material Definitive Agreement

On December 20, 2007, Invitel Zrt. (Invitel), a subsidiary of Hungarian Telephone and Cable Corp. (HTCC), and together with its subsidiaries, the Company, entered into a binding agreement (the Purchase Agreement) with Joki Holding AG (the Seller) to purchase 95.7% of the outstanding equity shares of Memorex Telex Communications AG (Memorex), the Austrian-based alternative infrastructure provider (the Acquisition). The purchase price for Memorex is EUR 90.5 million (approximately \$130.3 million), which purchase price includes the assumption of EUR 60.2 million (approximately \$86.7 million) in debt and a cash payment in the amount of EUR 30.3 million (approximately \$43.6 million) to the selling shareholders for their 95.7 % equity interest. The Company will refinance a substantial portion of Memorex's EUR 60.2 million debt (the Assumed Debt) at closing. The Company and the Seller have made customary warranties, covenants and indemnities in the Purchase Agreement. A certain portion of the purchase price will be held in escrow following closing subject to release over time so long as the Company has no claims against the Seller. The closing of the Acquisition is subject to the satisfaction of customary closing conditions, including obtaining the necessary competition authority approval in Ukraine. Following closing, the Company intends to buy out the minority shareholders in Memorex in accordance with Austrian law, which would result in the Company's ownership of 100% of the equity of Memorex.

In connection with the Acquisition, the Company has received committed financing on a certain funds basis from Merrill Lynch International (ML) and BNP Paribas (BNPP) containing the terms for, among other matters, (i) the bridge debt financing and any required interim financing (the Bridge Financing) necessary to fund the Acquisition (including the transaction costs and any refinancing costs of the Assumed Debt) and (ii) the refinancing of the Bridge Financing with longer-term financing, and the Company has engaged ML and BNPP to act on its behalf in connection with these transactions. The Company expects that the Bridge Financing and any subsequent refinancing of the Bridge Financing will rank *pari passu* with the Company's existing EUR 142 million 10.75% Senior Notes due 2012 and the Company's existing EUR 200 million Floating Rate Senior Notes due 2013.

The Company may be required to obtain the consent to certain amendments and/or waivers from existing lenders under its existing bank credit facilities agreement and the related documentation (the Existing Facilities Agreement) in order for the Company to complete and finance the Acquisition. The Company has also received committed financing on a certain funds basis from ML and BNPP in relation to, among other matters, (i) the purchase of the rights and obligations of any non-consenting lender under the Existing Facilities Agreement and, if necessary, (ii) the provision of interim financing, in addition to permanent financing, on terms and conditions similar to the Existing Facilities Agreement.

The foregoing description of the Purchase Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Purchase Agreement, a copy of which is filed herewith as an exhibit and is incorporated herein by reference.
