Item 2.05 Costs Associated with Exit or Disposal Activities.

On December 17, 2008, MF Global Ltd. (the Company) announced its strategic decision to no longer participate in the U.S. Futures Exchange (USFE), a Chicago-based electronic futures exchange. The Company will take an impairment charge related to its equity investment in USFE. In connection with its separation from the Company and the Company's IPO, Man Group plc transferred a direct economic interest of 46.1 percent in USFE to the Company, and together with a 1.8 percent interest in USFE held prior to the IPO, the Company currently holds a 47.9 percent interest in USFE.

In a related announcement, USFE has stated its intention to seek a sale of its operations with the objective of reaching a resolution by December 31, 2008.

Absent a sale of USFE, the Company estimates that in its third fiscal quarter, ending December 31, 2008, it will record a non-cash impairment charge of approximately \$9 million to \$11 million related to its equity investment in USFE and a cash charge of \$3 million to \$5 million, net of tax. USFE represented approximately \$7 million of expense to the Company annually, net of tax.
