Any shareholder attending the meeting may vote in person even if such shareholder previously voted via the Internet, by telephone or by returning a proxy.

You may have noticed changes in the way we are providing proxy materials to our shareholders in connection with our 2009 Annual Meeting. These changes are because we have opted to use the U.S. Securities and Exchange Commission's new notice and access rules that allow companies to furnish proxy materials to their shareholders primarily over the Internet. We believe that this new process should expedite shareholders' receipt of proxy materials, lower the costs of our Annual Meeting, and help reduce the environmental impact of our Annual Meeting. On April 6, 2009, we mailed to our shareholders (other than those who previously requested electronic or paper delivery) a notice of internet availability of proxy materials ( Notice ) containing instructions on how to access our proxy materials, including our proxy statement and our annual report. The Notice also included instructions on how to receive a paper copy of our Annual Meeting materials, including the notice of Annual Meeting, proxy statement and proxy card. If you received your Annual Meeting materials by mail, the notice of Annual Meeting, proxy statement, and proxy card from our Board of Directors were enclosed. If you received your Annual Meeting materials via e-mail, the e-mail contained voting instructions and links to the annual report and the proxy statement on the Internet, which are both available at <http://investor.trimble.com/annuals.cfm>.

## INFORMATION CONCERNING SOLICITATION AND VOTING

### Record Date and Shares Outstanding

Shareholders of record at the close of business on March 20, 2009 (the Record Date ) are entitled to notice of, and to vote at, the Annual Meeting. At the Record Date, the Company had issued and outstanding 119,466,320 shares of common stock, without par value ( Common Stock ).

### Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Company (Attention: Corporate Secretary) a written notice of revocation or a duly executed proxy bearing a later date (including a proxy by telephone or over the Internet) or by attending the meeting and voting in person. Attendance at the meeting will not, by itself, revoke a proxy.

### Voting

Each share of Common Stock outstanding on the Record Date is entitled to one vote on all matters. An automated system administered by the Company's agent tabulates the votes. Abstentions and broker non-votes are each included in the determination of the number of shares present and voting at the Annual Meeting and the presence or absence of a quorum. The required quorum is a majority of the shares outstanding on the Record Date. Abstentions are counted as votes against proposals presented to the shareholders in tabulations of the votes cast on proposals presented to shareholders, whereas broker non-votes are not counted for purposes of determining whether a proposal has been approved.

### Voting via the Internet or by Telephone

Shareholders may vote by submitting proxies electronically either via the Internet or by telephone or, if they request paper copies of the proxy materials, they may complete and submit a paper version of the proxy card. Please note that there are separate arrangements for voting via the Internet and by telephone depending on whether shares are registered in the Company's stock records directly in a shareholder's name or whether shares are held in the name of a brokerage firm or bank. Detailed electronic voting instructions can be found on the Notice mailed to each shareholder.

In order to allow individual shareholders to vote their shares and to confirm that their instructions have been properly recorded, the Internet and telephone voting procedures have been designed to authenticate each shareholder's identity. Shareholders voting via the Internet should be aware that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that will be borne solely by the individual shareholder.

### Voting in Person

#### *Registered Shareholders*

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Co., Inc., you are considered to be the registered shareholder with respect to those shares. A Notice for registered shareholders was mailed directly to you by our mailing agent, Broadridge Investor Communications, Inc. Registered shareholders have the right to vote in person at the meeting.

#### *Beneficial Shareholders*

If your shares are held in a brokerage account or by another nominee, you are considered to be a beneficial shareholder of those shares. A Notice for beneficial shareholders was forwarded to you together with voting instructions. In order to vote in person at the annual meeting, beneficial shareholders must obtain a legal proxy from the broker, trustee or nominee that holds their shares. Without a legal proxy, beneficial owners will not be allowed to vote in person at the Annual Meeting.

**Solicitation of Proxies**

The entire cost of this proxy solicitation will be borne by the Company. The Company has retained the services of Morrow & Co. to solicit proxies, for which services the Company has agreed to pay approximately \$5,500. In addition, the Company will also reimburse certain out-of-pocket expenses in connection with such proxy solicitation. The Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding soliciting materials to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers, and regular employees, without additional compensation, personally or by telephone, telegram or facsimile.

**Deadline for Receipt of Shareholder Proposals for 2010 Annual Meeting**

Shareholders are entitled to present proposals for action at future shareholder meetings of the Company if they comply with the requirements of the appropriate proxy rules and regulations promulgated by the SEC.

Proposals of shareholders which are intended to be considered for inclusion in the Company's proxy statement and form of proxy related to the Company's 2010 Annual Meeting of Shareholders must be received by the Company at its principal executive offices (Attn: Corporate Secretary Shareholder Proposals, Trimble Navigation Limited at 935 Stewart Drive, Sunnyvale, California 94085) no later than November 27, 2009. Shareholders interested in submitting such a proposal are advised to retain knowledgeable legal counsel with regard to the detailed requirements of the applicable securities laws. The timely submission of a shareholder proposal to the Company does not guarantee that it will be included in the Company's applicable proxy statement.

If the Company is not notified at its principal executive offices of a shareholder proposal at least 45 days prior to the one year anniversary of the mailing of the Notice, which is February 10, 2010, then the proxy holders for the Company's 2010 Annual Meeting of Shareholders will have the discretionary authority to vote against any such shareholder proposal if it is properly raised at such annual meeting, even though such shareholder proposal is not discussed in the Company's proxy statement related to that shareholder meeting.

The proxy card attached or enclosed with this proxy statement, to be used in connection with the 2009 Annual Meeting, grants the proxy holder discretionary authority to vote on any matter otherwise properly raised at such Annual Meeting. The Company presently intends to use a similar form of proxy card for next year's Annual Meeting of Shareholders.

#### **Vote Required**

The seven nominees receiving the highest number of affirmative votes of the shares entitled to be voted shall be elected as directors. Every shareholder voting for the election of directors may cumulate such shareholder's votes and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of shares held by the shareholder as of the Record Date, or distribute such shareholder's votes on the same principle among as many candidates as the shareholder may select, provided that votes cannot be cast for more than the number of directors to be elected. However, no shareholder shall be entitled to cumulate votes unless the candidate's name has been placed in nomination prior to the voting and the shareholder, or any other shareholder, has given notice at the meeting prior to the voting of the intention to cumulate the shareholder's votes. Abstentions and broker non-votes will be counted only for purposes of determining whether a quorum is present but they will not be taken into account in determining the outcome of the election of directors.

Unless otherwise directed, the proxy holders will vote the proxies received by them for the seven nominees named above. In the event that any such nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who shall be designated by the present Board of Directors to fill the vacancy. In the event that additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them in such a manner as will ensure the election of as many of the nominees listed above as possible. In such event, the specific nominees to be voted for will be determined by the proxy holders. As of the date of this proxy statement, the Board of Directors has no reason to believe that any nominee will be unable or will decline to serve as a director. The directors elected will hold office until the next Annual Meeting of Shareholders and until their successors are duly elected and qualified.

#### **Recommendation of the Board of Directors**

**The Board of Directors recommends that shareholders vote FOR the election of the above-named persons to the Board of Directors of the Company.**

**ITEM II**

**APPROVAL OF AMENDMENT**

**TO THE AMENDED AND RESTATED TRIMBLE NAVIGATION**

**EMPLOYEE STOCK PURCHASE PLAN**

The Board of Directors is seeking shareholder approval of an amendment to the Amended and Restated Employee Stock Purchase Plan ( Purchase Plan ) that will increase the number of shares of Common Stock available for purchase thereunder by 4,000,000 shares, for an aggregate of 15,500,000 shares available for purchase under the Purchase Plan.

The Purchase Plan was adopted by the Board of Directors in September 1988 and approved by the shareholders in April 1989, initially reserving 400,000 shares for purchase thereunder by eligible employees. Since then, through both adjustments resulting from stock splits and other amendments approved by the Board of Directors and the shareholders of the Company, the number of shares available for purchase under the Purchase Plan has increased to an aggregate of 11,550,000 shares of Common Stock.

As of March 1, 2009, eligible employees have purchased an aggregate of 11,300,567 shares of Common Stock under the Purchase Plan and 572,217 shares remained available for future purchase under the Purchase Plan. During the fiscal year ended January 2, 2009, eligible employees of the Company purchased an aggregate of 437,833 shares at an average price of \$23.24 per share under the Purchase Plan and, during the prior fiscal year ended December 28, 2007, eligible employees purchased an aggregate of 430,068 shares at an average price of \$20.49 per share under the Purchase Plan.

In March 2009, the Board of Directors approved an amendment, subject to shareholder approval, that increased the number of shares eligible for purchase under the Purchase Plan from 11,550,000 shares to 15,550,000 shares. The Company believes that maintaining a competitive employee stock purchase program is an important element in both recruiting and retaining employees in its current employment environment. The Purchase Plan is designed to more closely align the interests of the Company's employees and shareholders by encouraging employees to invest their own money in the Company's equity securities. By allowing eligible employees to purchase shares of Common Stock at a discount, as described below under Purchase Price, the Purchase Plan is intended to encourage employees to become shareholders of the Company, thereby providing them with a direct incentive to contribute to the long-term growth and overall success of the Company.

The Company believes that an amendment that increases the number of shares eligible for purchase under the Purchase Plan will enable the Company to continue its policy of encouraging employee stock ownership as a means of motivating high levels of employee performance and encouraging employees to stay with the Company and help it grow, thereby increasing shareholder value.

The Board of Directors believes that the proposed amendment is in the best interests of the Company, its shareholders, and its employees. At the Annual Meeting, the shareholders are being asked to approve the amendment to the Purchase Plan to increase the number of shares eligible for purchase under the Purchase Plan by 4,000,000 shares.

The essential features of the Purchase Plan, including this proposed amendment, which is subject to shareholder approval, are summarized below. This summary does not purport to be a complete description of all the provisions of the Purchase Plan, and is subject to and qualified in its entirety to the complete text of the Purchase Plan. A copy of the Purchase Plan is attached to this proxy statement as Appendix A.

### **Purpose**

The purpose of the Purchase Plan is to provide employees with an opportunity to purchase Common Stock of the Company through accumulated payroll deductions in a manner that qualifies under Section 423 of the Internal Revenue Code of 1986, as amended (the Code). The Purchase Plan also authorizes the grant of options under a non-423(b) Plan component, which do not qualify under Section 423(b) of the Code, pursuant to rules, procedures or sub-plans adopted by the Board of Directors, or a committee authorized by the Board, designed to achieve tax, securities law compliance or other Company objectives.

### **Administration**

The Purchase Plan is administered by the Board of Directors or a designated Committee of the Board of Directors, referred to as an administrator.

### **Eligibility**

Employees, including officers of the Company, who are employed by the Company or its designated subsidiaries at the time that a subscription agreement is required to be submitted for a given offering period are eligible to participate in the Purchase Plan for that offering period. The Board of Directors may, at its discretion, set a minimum waiting period for employees to become eligible to participate in an offering period, provided that period is not more than two (2) years after employment with the Company or a designated subsidiary begins. The Board of Directors, (or a committee authorized by the Board) may limit offerings under the Purchase Plan to employees of the Company or a designated subsidiary whose customary employment with the Company or a designated subsidiary is at least twenty (20) hours per week by the Company or one of its designated subsidiary and more than five (5) months in any calendar year provided that these eligibility requirements are applied uniformly to employees.

No employee may be granted an option under the Purchase Plan if: (i) immediately after the grant of the option, the employee would own five percent or more of the total combined voting power or value of the stock of the Company or any of its subsidiaries; or (ii) an employee's right to purchase stock under all employee stock purchase plans of the Company and its subsidiaries accrues at a rate which exceeds \$25,000 worth of stock (determined with reference to the fair market value of the Common Stock at the time of grant) in a calendar year. Subject to these eligibility criteria, the Purchase Plan permits eligible employees to purchase Common Stock through payroll deductions subject to certain limitations described below. See Payment of Purchase Price; Payroll Deductions; Use of Funds.

### **Offering Periods**

The Purchase Plan provides for offering periods lasting six months with a new offering period commencing every six months, on or about March 1st and September 1st of each year. The Board may determine different offering periods, provided that no offering period exceeds twenty-seven months. Normally, a participant's payroll deductions are accumulated throughout an offering period and, at the end of the offering period, shares of Common Stock are purchased with the accumulated payroll deductions.

### **Purchase Price**

The purchase price per share at which shares will be sold in an offering under the Purchase Plan is the lower of (i) 85% of the fair market value of a share of Common Stock on the first day of an offering period and (ii) 85% of the fair market value of a share of Common Stock on the last day of each offering period, unless the Board sets a purchase price higher than this amount. The fair market value of the Common Stock on a given date is generally the closing sale price of the Common Stock as reported on the Nasdaq Global Market system for such date.

#### **Payment of Purchase Price; Payroll Deductions; Use of Funds**

The purchase price of the shares is accumulated by payroll deductions over the offering period. The Purchase Plan provides that the aggregate of such payroll deductions during the offering period shall not exceed 10% of the participant's compensation during any offering period, nor \$21,250 for all offering periods that end in the same calendar year. During an offering period, a participant may discontinue his or her participation in the Purchase Plan, and may decrease, but not increase, the rate of payroll deductions in an offering period within limits set by the administrator.

All payroll deductions made for a participant are credited to the participant's account under the Purchase Plan, are withheld in whole percentages only and are included with the general funds of the Company. The Board may allow employees to participate in the Purchase Plan via cash contributions instead of payroll deductions if payroll deductions are not permitted under applicable local law, provided that the employees are participating in the component of the Purchase Plan that does not qualify under Section 423(b) of the Code.

Funds received by the Company pursuant to exercises under the Purchase Plan are used for general corporate and working capital purposes. The Company has no obligation to segregate such funds. A participant may not make any additional payments into his or her account.

#### **Withdrawal**

A participant may terminate his or her participation in the Purchase Plan at any time by giving the Company a written notice of withdrawal. In such event, all of the payroll deductions credited to the participant's account will be returned, without interest, to such participant. Payroll deductions will not resume unless a new subscription agreement is delivered in connection with a subsequent offering period.

#### **Termination of Employment**

Termination of a participant's employment for any reason, including retirement or death, cancels his or her participation in the Purchase Plan immediately. In such event, the payroll deductions credited to the participant's account but not used to purchase shares will be returned without interest to such participant, his or her designated beneficiaries or the executors or administrators of his or her estate.

#### **Adjustments Upon Changes in Capitalization**

In the event of any changes in the capitalization of the Company effected without receipt of consideration by the Company, such as a stock split, stock dividend, combination or reclassification of the Common Stock, resulting in an increase or decrease in the number of shares of Common Stock, proportionate adjustments will be made by the Board of Directors in the shares subject to purchase, to the extent applicable, and in the price per share under the Purchase Plan. In the event of liquidation or dissolution of the Company, the offering periods then in progress will terminate immediately prior to the consummation of such event unless otherwise provided by the Board of Directors.

In the event of a sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, any offering periods then in progress shall be shortened by the setting of a new exercise date to be held before the Company's proposed sale or merger. At least ten days before the new exercise date, the Board of Directors will notify each participant that the exercise date has been changed and that the participant's option will be automatically exercised on the new exercise date, unless the participant withdraws from the Purchase Plan.

#### **Amendment and Termination**

The Board of Directors may at any time and for any reason amend or terminate the Purchase Plan, except that (i) no such termination shall affect options previously granted unless the Board of Directors determines that terminating an offering period is in the best interests of the Company and (ii) no amendment shall make any change to an option granted prior thereto that adversely affects the rights of any participant.

#### **Certain Federal Income Tax Information**

*The following information is a brief summary of the effect of U.S. federal income taxation upon the Company and participants with respect to the purchase of shares of the Company's Common Stock under the Purchase Plan. It does not purport to be complete, and does not discuss the tax consequences of the participant's death or the provisions of the income tax laws of any municipality, state or foreign country in which the participant may reside.*

The Purchase Plan, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the Code. However, the Purchase Plan may have sub-plans which do not qualify under Section 423(b) of the Code, and to which the tax treatment described herein does not apply.

Under Sections 421 and 423 of the Code, no income will be taxable to a participant until the shares purchased under the Purchase Plan are sold or otherwise disposed. Upon sale or other disposition of the shares, the participant will generally be subject to tax in an amount that depends upon the holding period.

If the shares are sold or otherwise disposed of more than two years from the beginning of the offering period in which they are purchased and more than one year from the date of the applicable purchase, the participant will recognize ordinary income measured as the lesser of (a) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price, and (b) an amount equal to 15% of the fair market value of the shares as of the beginning of the offering period in which they are purchased. Any additional gain will be treated as long-term capital gain.

If the shares are sold or otherwise disposed of before the expiration of these holding periods, the participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on the holding period.

The Company generally is not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income recognized by participants upon a sale or disposition of shares prior to the expiration of the holding periods described above.

**New Plan Benefits**

**ITEM III**

**APPROVAL OF AMENDMENTS**

**TO THE AMENDED AND RESTATED 2002 STOCK PLAN**

The Board of Directors is seeking shareholder approval of amendments to the Amended and Restated 2002 Stock Plan, ( 2002 Stock Plan ) that will increase the number of shares of Common Stock available for issuance thereunder by 8,000,000 shares, for an aggregate of 20,000,000 shares and approve the material terms of stock awards which are intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code ).

*Shareholder Approval of Share Increase*

The 2002 Stock Plan was originally adopted by the Board of Directors in March 2002 and approved by the shareholders in May 2002. In May 2004, the shareholders approved an increase in the number of shares of Common Stock reserved for issuance under the 2002 Stock Plan to 4,500,000 shares plus any shares reserved but unissued under the Company's 1993 Stock Option Plan (the 1993 Plan ) together with any shares subsequently returned to the 1993 Plan as the result of the termination of any options originally granted under the 1993 Plan. In May 2005, the shareholders approved an amendment to the 2002 Stock Plan to allow the granting of stock awards, in addition to the grant of stock options previously permitted to be granted under the plan. In May 2006, the shareholders approved an amendment to the 2002 Stock Plan that increased the number of shares available for issuance under the plan up to an aggregate of 12,000,000 shares.

As of January 2, 2009, options to purchase an aggregate of 8,651,279 shares, having an average exercise price of \$18.87 per share and expiring from June 21, 2012 to May 22, 2018, were outstanding and 1,928,329 shares remained available for future grant under the 2002 Stock Plan.

Given the number of shares currently available for grant under the 2002 Stock Plan and the Company's anticipated executive, managerial and technical hiring needs and expectations, the Board of Directors believes that the increase in the number of shares under the 2002 Stock Plan is necessary in order for the Company to be competitive in the marketplace.

The Board of Directors approved an amendment to the 2002 Stock Plan in March 2009, subject to shareholder approval, to increase the number of shares available for grant of stock options and stock awards under the plan by 8,000,000 shares, for an aggregate of 20,000,000 shares. The use of stock options and stock awards as equity incentives in hiring, retaining and motivating the most talented people within the available human resource pool has been critical to the Company's past overall growth and success by encouraging and motivating high levels of performance from its employees and consultants. The proposed amendment to the 2002 Stock Plan reflects the Company's philosophy that stock incentives are an important and meaningful component of employee compensation, which enables the Company to attract the best available candidates and to ensure that its experienced and qualified employees, the Company's most significant asset, are appropriately recognized, rewarded, and are encouraged to stay with the Company and help it grow, thereby increasing shareholder value.

The Board of Directors believes that the proposed amendment is in the best interests of the Company, its shareholders, and its employees and at the Annual Meeting, the shareholders are being asked to approve the proposed amendment to increase the number of shares of common stock available for issuance under the 2002 Stock Plan by 8,000,000 shares, for an aggregate of 20,000,000 shares.

*Shareholder Approval of Material Terms of Performance-Based Awards*

In March 2009, the Board of Directors approved amendments to the 2002 Stock Plan to authorize the grant of stock awards that are intended to qualify as performance-based compensation under Section 162(m) of the Code, subject to shareholder approval.

Pursuant to the amendment to the 2002 Stock Plan, the Board of Directors or a designated committee (the Administrator ) may grant performance-based awards to covered employees. A covered employee is an employee who is, or could be, a covered employee within the meaning of Section 162(m) of the Code. The Administrator may establish the criteria for performance-based awards for covered employees. The criteria for performance conditions may be established and administered in accordance with the requirements of Section 162(m) of the Code.

The performance criteria that will be used to establish performance goals are limited to the following: earnings or net earnings (either before or after interest, taxes, depreciation and amortization); economic value-added; sales or revenue; income; net income (either before or after taxes); operating earnings; cash flow (including, but not limited to, operating cash flow and free cash flow); cash flow return on capital; return on assets or net assets; return on shareholders' equity; return on capital; shareholder returns; return on sales; gross or net profit margin; productivity; expense; margins; operating efficiency; customer satisfaction; working capital; earnings per share; price per share; market share; new products; customer penetration; technology and risk management; any of which may be measured either in absolute terms, or as compared to any incremental increase, or as compared to results of a peer group.

Following the completion of each performance period, the Administrator shall certify in writing whether the applicable performance goals have been achieved in the performance period. The Administrator shall have the right to reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the committee may deem relevant to the assessment of individual or corporate performance for the performance period.

The Board of Directors believes that the proposed amendment to approve the material terms of the performance-based awards is in the best interests of the Company, its shareholders, and its employees. At the Annual Meeting, the shareholders are being asked to approve the proposed amendment to approve the material terms of stock awards which are intended to qualify as performance-based compensation under Section 162(m) of the Code.

The essential features of the 2002 Stock Plan, including the proposed amendments, which are subject to shareholder approval, are summarized below. This summary does not purport to be a complete description of all the provisions of the 2002 Stock Plan, and is subject to and qualified in its entirety by reference to the complete text of the 2002 Stock Plan, a copy of which is attached to this Proxy Statement as Appendix B.

#### **General**

The purpose of the 2002 Stock Plan is to help the Company attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentive to the Company's employees, directors and consultants and the employees and consultants of the Company's parent and subsidiary companies and to promote the success of the Company's business. Options granted under the 2002 Stock Plan may be either incentive stock options or nonstatutory stock options. In addition, the 2002 Stock Plan also allows the granting of stock awards, performance-based awards, dividend equivalents, restricted stock units, or stock appreciation rights, either in connection with an option grant or as stand-alone awards.

#### **Administration**

The 2002 Stock Plan may generally be administered by the Administrator. Consistent with the terms of the 2002 Stock Plan, the Administrator may make any determinations deemed necessary or advisable for the 2002 Stock Plan.

### **Eligibility**

Nonstatutory stock options and stock awards may be granted to the Company's employees, directors and consultants and to employees and consultants of any of the Company's parent or subsidiary companies. Incentive stock options may be granted only to the Company's employees and to employees of any of the Company's parent or subsidiary companies. The Administrator, in its discretion, but subject to the terms of the 2002 Stock Plan, selects which of the Company's employees, directors and consultants to whom options or awards may be granted, the time or times at which such options or awards shall be granted, and the exercise or purchase price, number of shares and other terms and conditions subject to each such grant.

### **Shares Subject to Awards**

Subject to adjustment upon the occurrence of certain changes in capitalization, the maximum aggregate number of shares that may be awarded or optioned and delivered under the 2002 Stock Plan is 20,000,000 shares, plus (a) any shares which were reserved but not issued under the 1993 Plan, and (b) any shares returned to the 1993 Plan as a result of termination of options granted under the 1993 Plan; provided, however, that the maximum aggregate number of shares that may be issued pursuant to the exercise of incentive stock options shall in no event exceed 20,000,000 shares.

Any shares that are subject to options or stock appreciation rights shall be counted against this limit as one (1) share for every one (1) share granted. Any shares that are subject to any Awards other than options or stock appreciation rights or other awards for which awardees pay full value (as determined on the date of the grant) shall be counted against this limit as one and one half (1.5) shares for every one (1) share granted.

The shares may be authorized, but unissued, or reacquired Common Stock, all of which shares may be granted as stock options restricted stock awards, restricted stock units, or stock appreciation rights. The closing price of one share of Common Stock as of March 2, 2009 was \$12.40.

### **Terms of Options and Awards**

Each option or award under the 2002 Stock Plan is evidenced by an agreement between the Company and the optionee or awardee, as applicable, and is subject to the following terms and conditions, but other specific terms may vary:

(a) *Exercise Price of Options.* The Administrator determines the exercise price of options at the time the options are granted. The exercise price of options may not be less than 100% of the fair market value of Common Stock on the date such option is granted. However, the exercise price of an incentive stock option granted to a holder of more than ten percent (10%) of the total combined voting power of all classes of the Company's shares may not be less than 110% of the fair market value on the date such option is granted. The fair market value of Common Stock is generally determined with reference to the closing sale price for the Common Stock (or the closing bid if no sales were reported) on the date the option is granted.

(b) *Exercise of Options; Form of Consideration.* The Administrator determines when options become vested and exercisable, and may, in its discretion, accelerate the vesting or exercisability of any outstanding option. The means of payment for shares issued upon exercise of an option is specified in each option agreement. The 2002 Stock Plan permits payment to be made by cash, check, promissory note, other shares of Common Stock (with some restrictions), cashless exercises, reduction in any Company liability the Company may owe to an optionee, any other form of consideration permitted by applicable law, or any combination thereof.

(c) *Term of Option.* The term of an option under the 2002 Stock Plan may be no more than ten (10) years from the date of grant. However, in the case of an incentive stock option granted to a holder of more than ten percent (10%) of the total combined voting power of all classes of the Company's shares, the term of the option may be no more than five (5) years from the date of grant. No option may be exercised after the expiration of its term.

(d) *Restricted Stock Awards.* The Administrator may grant restricted stock awards under the 2002 Stock Plan. The Administrator will determine the vesting conditions, the exercise price, if any, and any other restrictions on transferability of the shares subject to restricted stock awards.

(e) *Restricted Stock Units.* The administrator may grant restricted stock units under the 2002 Stock Plan. The Administrator will determine the time or times at which restricted stock units vest, and any other conditions on which vesting will occur. Awardees are entitled to receive restricted stock units without payment of any consideration to the Company, unless otherwise required by applicable law. Unless otherwise provided in the award agreement, awardees will have full voting rights and be entitled to regular cash dividends with respect to the shares subject to an award upon the vesting of such awards. At the Company's option, a restricted stock unit may be settled in shares, cash, or a combination thereof.

(f) *Performance-Based Awards.* Stock awards, other than stock options and stock appreciation rights, which are granted under the 2002 Stock Plan, may be made subject to performance conditions as well as time-vesting conditions. Such performance conditions may be established and administered in accordance with the requirements of Section 162(m) of the Code for awards intended to qualify as performance-based compensation thereunder. To the extent that performance conditions under the 2002 Stock Plan are applied to awards intended to qualify as performance-based compensation under Section 162(m) of the Code, such performance conditions shall utilize one or more objective measurable performance goals as determined by a committee of the Board of Directors at the time of grant.

(g) *Stock Appreciation Rights.* The Administrator may determine the amounts and terms for grants of stock appreciation rights under the 2002 Stock Plan. A stock appreciation right gives an awardee the right to receive a payment, equal to the excess of the fair market value of a specified number of shares on the date the Stock Appreciation Right is exercised, over the grant price of the shares. Awardees may exercise all or a specified portion of the stock appreciation right, to the extent then exercisable pursuant to its terms, and to receive from the Company an amount equal to the product of (i) the excess of (A) the fair market value of the shares on the exercise date over (B) the grant price of the stock appreciation right and (ii) the number of shares with respect to which the stock appreciation right is exercised, subject to any limitations the Administrator may impose.

(i) *Exercise Price.* The per-share exercise price of a stock appreciation right shall be determined by the Administrator and set forth in the award agreement; provided that, the per share exercise price for any stock appreciation right shall not be less than 100% of the fair market value of a share on the date of grant.

(ii) *Payment and Limitations on Exercise.* Payment of the exercise price for stock appreciation rights shall be in cash, in shares (based on its fair market value as of the date the stock appreciation right is exercised) or a combination of both, as determined by the Administrator.

(iii) *Term.* The term of stock appreciation rights shall be no longer than ten (10) years from the date of grant.

(h) *Termination of Service.* If an optionee's service relationship with the Company terminates for any reason (excluding death or disability), then, unless the administrator provides otherwise, the optionee may generally exercise the option within three (3) months of such termination to the extent that the option is vested on the date of termination, (but in no event later than the expiration of the term of such option as set forth in the option agreement). If an optionee's service relationship with the Company terminates due to the optionee's death or disability, then, unless the administrator provides otherwise, the optionee or the optionee's personal representative, estate, or the person who acquires the right to exercise the option by bequest or inheritance, as the case may be, generally may exercise the option, to the extent the option was vested on the date of termination, within twelve (12) months from the date of such termination. If an awardee's service relationship with the Company is terminated for any reason, all unvested shares covered by the award are forfeited.

(i) *Non-transferability.* Unless otherwise determined by the administrator, options and awards granted under the 2002 Stock Plan are not transferable other than by will or the laws of descent and distribution, and options may be exercised during the optionee's lifetime only by the optionee.

(j) *Term.* The term of awards and options will not exceed ten (10) years from the date of grant.

(k) *Other Provisions.* The stock option or award agreement may contain other terms, provisions and conditions not inconsistent with the 2002 Stock Plan as may be determined by the administrator.

#### **Limitations**

The 2002 Stock Plan provides that no service provider may be granted, in any Company fiscal year, an aggregate amount of options or awards that cover more than 600,000 shares of Common Stock. Notwithstanding this limit, however, in connection with such individual's initial service with the Company, he or she may be granted an aggregate amount of options or awards that cover up to an additional 900,000 shares of Common Stock. These limits are subject to appropriate adjustments in the case of stock splits, reverse stock splits and the like.

#### **Adjustment Upon Changes in Capitalization**

In the event that any dividend or other distribution (whether in the form of cash, common stock, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Common Stock or other of the Company's securities, or other change in the Company's corporate structure affecting the Company's Common Stock occurs, the administrator, in order to prevent diminution or enlargement of the benefits or potential benefits intended to be made available under the 2002 Stock Plan, may (in its sole discretion) adjust the number and class of shares that may be delivered under the 2002 Stock Plan and/or the number, class, and price of shares covered by each outstanding option or award.

In the event of a liquidation or dissolution, any unexercised options and unvested awards will terminate. The administrator may, in its sole discretion, provide that each optionee shall have the right to exercise all or any part of an option, including shares as to which the option would not otherwise be exercisable. The administrator may provide that the vesting of an award will accelerate at any time prior to such transaction.

In connection with the merger of the Company with or into another corporation or the Company's change in control, as defined in the 2002 Stock Plan, each outstanding award or option shall be assumed or an equivalent award or option substituted by the successor corporation.

If the successor corporation refuses to assume the options or awards or to substitute substantially equivalent options or awards, the optionee shall have the right to exercise the option as to all the optioned stock, including shares not otherwise vested or exercisable, and in the case of an award, the administrator shall provide for the acceleration of the award. In such event, with respect to options, the administrator shall notify the optionee that the option is fully exercisable for fifteen (15) days from the date of such notice and that the option terminates upon expiration of such period. If, in such a merger or change in control, an award or option is assumed or an equivalent award or option is substituted by such successor corporation, and if during a one-year period after the effective date of such merger or change in control, the optionee's or awardee's status as a service provider is terminated for any reason other than the optionee's or awardee's voluntary termination of such relationship, then (i) in the case of an option, the optionee shall have the right within three (3) months thereafter to exercise the option as to all of the optioned stock, including shares as to which the option would not otherwise be exercisable, effective as of the date of such termination and (ii) in the case of an award, the award shall be fully vested as of the date of such termination.

### **Amendment and Termination of the 2002 Stock Plan**

The Board of Directors may amend, alter, suspend or terminate the 2002 Stock Plan, or any part thereof, at any time and for any reason. However, the Company will obtain shareholder approval for any amendment to the 2002 Stock Plan to the extent necessary and desirable to comply with applicable laws. Additionally, unless the Company obtains prior shareholder approval, the administrator will not amend any option to reduce its exercise price or agree to grant options in exchange for optionees agreeing to cancel outstanding options where the economic effect would be the same as reducing the exercise price of the cancelled option. No such action by the Board of Directors or shareholders may alter or impair any option or award previously granted under the 2002 Stock Plan without the written consent of the optionee or awardee.

The amendment to the 2002 Stock Plan will be effective as of the date of shareholder approval. No incentive stock options may be granted under the 2002 Stock Plan after the earlier of (i) approval by the Board of Directors or (ii) the tenth anniversary of the date of shareholder approval.

### **Certain U.S. Federal Income Tax Information**

*The following is only a summary of the effect of federal income taxation upon the Company and optionees or awardees with respect to the grant and exercise of options or the grant or vesting of awards under the 2002 Stock Plan. It does not purport to be complete, and does not discuss the tax consequences of the employee's, director's or consultant's death or the provisions of the income tax laws of any municipality, state or foreign country in which the employee, director or consultant may reside.*

A recipient of a stock option or stock appreciation right will not have taxable income upon the grant of the stock option or stock appreciation right. For nonstatutory stock options and stock appreciation rights, the recipient will recognize ordinary income upon exercise in an amount equal to the difference between the fair market value of the shares and the exercise price on the date of exercise. Any gain or loss recognized upon any later disposition of the shares generally will be a capital gain or loss.

The acquisition of shares upon exercise of an incentive stock option will not result in any taxable income to the recipient, except, possibly, for purposes of the alternative minimum tax. The gain or loss recognized by the participant on a later sale or other disposition of such shares will either be long-term capital gain or loss or ordinary income, depending upon whether the participant holds the shares for the legally-required period (which is two years from the date of grant and one year from the date of exercise). If the shares are not held for the legally-required period, the recipient will recognize ordinary income equal to the lesser of (i) the difference between the fair market value of the shares on the date of exercise and the exercise price, or (ii) the difference between the sales price and the exercise price. Unless limited by Section 162(m) of the Code, the Company is entitled to a deduction in the same amount as the ordinary income recognized by an optionee.

For restricted stock awards, unless vested or the recipient elects to be taxed at the time of grant, the recipient will not have taxable income upon the grant, but upon vesting will recognize ordinary income equal to the fair market value of the shares at the time of vesting less the amount paid for such shares (if any). Any gain or loss recognized upon any later disposition of the shares generally will be a capital gain or loss.

A recipient of a restricted stock unit award is not deemed to receive any taxable income at the time an award of restricted stock units is granted. When vested restricted stock units (and dividend equivalents, if any) are settled and distributed, the recipient will recognize ordinary income equal to the amount of cash and/or the fair market value of shares received less the amount paid for such stock units (if any). Unless limited by Section 162(m) of the Code, the Company will be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income that the recipient is required to recognize.

**New Plan Benefits**

Upon their re-election at the Annual Meeting, pursuant to the terms of the Board of Director s Compensation Policy, effective July 1, 2007, each non-executive officer director may receive a grant of nonstatutory stock options to purchase 10,000 shares (60,000 shares, as a group) of Common Stock at a purchase price equal to the fair market value on the date of grant. These options have a ten-year term, and become exercisable in installments cumulatively with respect to 1/36 of the shares for each complete calendar month after the date of grant.

Additional future benefits under the 2002 Stock plan are not determinable, as grants of stock options and stock awards are at the discretion of the Board of Directors and are dependent upon the price of Common Stock in the future.

The table shown below summarizes the number of stock options and stock awards granted under the 2002 Stock Plan during the fiscal year ended January 2, 2009 to (i) the persons named in the Summary Compensation Table, (ii) all current executive officers as a group, (iii) all current directors who are not executive officers as a group and (iv) all employees (excluding executive officers) as a group.

**Audit Committee Pre-Approval of Policies and Procedures**

The Audit Committee is responsible for appointing, setting compensation, and overseeing the work of the independent auditor. The Audit Committee has established a pre-approval procedure for all audit and permissible non-audit services to be performed by Ernst & Young. The pre-approval policy requires that requests for services by the independent auditor be submitted to the Company's Chief Financial Officer ( CFO ) for review and approval. Any requests that are approved by the CFO are then aggregated and submitted to the Audit Committee for approval of services at a meeting of the Audit Committee. Requests may be made with respect to either specific services or a type of service for predictable or recurring services. All permissible non-audit services performed by Ernst & Young were approved by the Audit Committee.

The Audit Committee has concluded that the provision of the non-audit services listed above is compatible with maintaining Ernst & Young's independence.

**Vote Required**

Ratification of the appointment of Ernst & Young as the Company's independent auditors for the current fiscal year ending January 1, 2010, will require the affirmative vote of the holders of a majority of the shares present and voting at the Annual Meeting either in person or by proxy. In the event that such ratification by the shareholders is not obtained, the Audit Committee and the Board of Directors will reconsider such selection.

**Recommendation of the Board of Directors**

**The Company's Board of Directors recommends a vote FOR the ratification of the appointment of Ernst & Young LLP as the independent auditors for the Company for the current fiscal year ending January 1, 2010.**

## **BOARD MEETINGS AND COMMITTEES**

The Board of Directors held six meetings during the fiscal year ended January 2, 2009. No director attended fewer than 75% of the aggregate of all the meetings of the Board of Directors and the meetings of the committees, if any, upon which such director also served during the fiscal year ended January 2, 2009. It is the Company's policy to encourage directors to attend the Annual Meeting. All of the members of the Board of Directors attended the 2008 Annual Meeting.

### **Shareholder Communications with Directors**

The Board of Directors has established a process to receive communications from shareholders. Shareholders of the Company may communicate with one or more of the Company's Directors (including any board committee or group of directors) by mail in care of Board of Directors, Trimble Navigation Limited, 935 Stewart Drive, Sunnyvale, California 94085. Such communications should specify the intended recipient or recipients.

### **Audit Committee**

The Board of Directors has a separately-designated, standing Audit Committee, established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The Audit Committee is governed by a charter, a current copy of which is available on our corporate website at [www.trimble.com](http://www.trimble.com), and a copy of which is attached to this proxy statement as Appendix C.

The current members of the Audit Committee are directors Hart, Parkinson and Vande Steeg, and director Hart currently serves as the committee chairman. The Audit Committee held seven meetings during the 2008 fiscal year. The purpose of the Audit Committee is to make such examinations as are necessary to monitor the corporate financial reporting and the internal and external audits of the Company, to provide to the Board of Directors the results of its examinations and recommendations derived therefrom, to outline to the Board of Directors improvements made, or to be made, in internal accounting controls, to nominate independent auditors, and to provide such additional information as the committee may deem necessary to make the Board of Directors aware of significant financial matters which require the Board's attention.

All Audit Committee members are independent directors as defined by applicable Nasdaq Marketplace Rules and listing standards.

All members of the Audit Committee are financially sophisticated and are able to read and understand fundamental financial statements, including a balance sheet, income statement and cash flow statement. The Board of Directors has determined that director Hart is a financial expert as that term is defined in the rules promulgated by the SEC. In addition to serving as CEO and CFO of a venture capital firm, director Hart has reviewed and analyzed numerous companies' financial statements in managing venture capital investment funds for more than 20 years. During his career, he has served on the board of directors of numerous public and privately held companies.

### **Compensation Committee**

The Board of Directors has a standing Compensation Committee, comprised of directors Goodrich, Hart and Vande Steeg. Director Vande Steeg currently serves as the committee chairman. The Compensation Committee is governed by a charter, a current copy of which is available on our corporate website at [www.trimble.com](http://www.trimble.com). The Compensation Committee met twice during the 2008 fiscal year. The purpose of the Compensation Committee is to review and make recommendations to the full Board of Directors with respect to all forms of compensation to be paid or provided to the Company's executive officers. See Compensation Discussion and Analysis.

### **Nominating and Corporate Governance Committee**

The Company has a standing Nominating and Corporate Governance Committee (the Nominating & Governance Committee). The functions of the Nominating & Governance Committee include the following:

identifying and recommending to the Board of Directors individuals qualified to serve as directors of the Company;

recommending to the Board of Directors, directors to serve on committees;

advising the Board of Directors with respect to matters of Board of Directors composition and procedures;

developing and periodically reviewing the corporate governance principles adopted by the Board of Directors; and

overseeing the evaluation of the Board of Directors and the Company's management.

The Nominating & Governance Committee is governed by a charter, a current copy of which is available on our corporate website at [www.trimble.com](http://www.trimble.com). The current members of the Nominating & Governance Committee are director Goodrich, who serves as the chairman, director Janow, director Johansson, and director Parkinson, each of whom is an independent director under the Nasdaq Marketplace Rules. Director Goodrich serves as the Company's Secretary. However, director Goodrich is not, nor has he even been, an employee of the Company. The Nominating & Governance Committee held three meetings during the 2008 fiscal year.

The Nominating & Governance Committee will consider director candidates recommended by shareholders. In considering candidates submitted by shareholders, the Nominating & Governance Committee will take into consideration the needs of the Board of Directors and the qualifications of the candidate. To have a candidate be considered by the Nominating & Governance Committee, a shareholder must submit the recommendation in writing and the recommendation must include the following information:

The name of the shareholder and evidence of the shareholder's ownership of Company shares, including the number of shares owned and the length of time of ownership; and

The name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of the Company and the candidate's consent to be named as a director if selected by the Nominating & Governance Committee and nominated by the Board of Directors.

The shareholder recommendation and information described above must be sent to the Committee Chairman in care of the Corporate Secretary at Trimble Navigation Limited, 935 Stewart Drive, Sunnyvale, California 94085 and must be received by the Corporate Secretary not less than 120 days prior to the anniversary date of the Company's most recent proxy statement issued in connection with the Annual Meeting of Shareholders.

The Nominating & Governance Committee believes that the minimum qualifications for serving as a director of the Company are that a nominee demonstrate, by significant accomplishment in his or her field, an ability to make a meaningful contribution to the Board of Directors' oversight of the business and affairs of the Company and have an impeccable record and reputation for honest and ethical conduct in both his or her professional and personal activities. In addition, the Nominating & Governance Committee will examine a candidate's specific experiences and skills, time availability in light of other commitments, potential conflicts of interest and independence from management and the Company.

The Nominating & Governance Committee identifies potential nominees by asking current directors and executive officers to notify the Nominating & Governance Committee if they become aware of persons, meeting the criteria described above, who have had a change in circumstances that might make them available to serve on the Board of Directors. The Nominating & Governance Committee also, from time to time, may engage firms that specialize in identifying director candidates and pay any corresponding fees for such services. As described above, the Nominating & Governance Committee will also consider candidates recommended by shareholders.

Once a person has been identified by the Nominating & Governance Committee as a potential candidate, the Nominating & Governance Committee may collect and review publicly available information regarding the candidate to assess whether the candidate should be considered further. If the Nominating & Governance Committee determines that the candidate warrants further consideration, the Chairman or another member of the Nominating & Governance Committee contacts the candidate. Generally, if the person expresses a willingness to be considered and to serve on the Board of Directors, the Nominating & Governance Committee requests information from the candidate, reviews the candidate's accomplishments and qualifications, including in light of any other candidates that the Nominating & Governance Committee might be considering, and conducts one or more interviews with the candidate. In certain instances, Nominating & Governance Committee members may contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have greater first-hand knowledge of the candidate's accomplishments. The Committee's evaluation process does not vary based on whether or not a candidate is recommended by a shareholder.

## **COMPENSATION DISCUSSION AND ANALYSIS**

The Compensation Committee of the Board of Directors (the "Compensation Committee") reviews and recommends the general compensation practices of the Company, including the compensation plans and specific compensation levels for executive officers of the Company. The Compensation Committee believes that it is important to involve the full Board of Directors in the analysis of compensation for executive officers, and may consult with members of management and other members of the Board of Directors. They also engage in discussion of compensation matters during board meetings.

### **Compensation Objectives and Elements**

The objectives of the Company's compensation practices are to establish compensation that is competitive in the market, rewards performance, and maintains internal equity among similar positions. The Company's practices are designed to reward individual and team performance, and attract and retain talented employees. Base salary, incentive cash bonuses, stock options, and restricted stock awards currently comprise the major elements of the Company's compensation programs for named executive officers.

In general, the Company reviews the compensation of all employees and executive officers of the Company, other than the Chief Executive Officer, as part of the annual worldwide focal and equity reviews, exclusive of geographic sites where work collectives or unions govern this activity. The focal cash compensation review occurs generally in April; the annual equity reviews occur generally in April and October of each year.

The Compensation Committee believes that the compensation of the Chief Executive Officer should be primarily influenced by the overall financial performance and total shareholder return of the Company. The Compensation Committee also believes that the compensation of the Chief Executive Officer should be established within a range of compensation provided to similarly situated chief executive officers of the Company's compensation peer group, as adjusted by the Compensation Committee's consideration of the particular factors influencing the Company's performance. A portion of the Chief Executive Officer's compensation package is established as base salary and the balance is variable and consists of an annual incentive cash bonus and/or stock option and restricted stock grants.

The Compensation Committee follows the policies described above with respect to the overall compensation of executive officers, including named executive officers, of the Company. A portion of each named executive's compensation package is established as base salary, and the balance is variable, consisting of an incentive cash bonus, stock option grants and/or restricted stock awards.

The compensation peer group consists of technology companies that are similar to the company in terms of revenue, market capitalization, physical locations, and the number of employees. The current compensation peer group is as follows:

Altera Corporation	JDS Uniphase Corporation	Quantum Corporation
Atmel Corporation	Linear Technology Corporation	Synopsys Inc
BEA Systems	McAfee, Inc	Varian Medical Systems
Cadence Design Systems, Inc	Netflix, Inc.	Verisign, Inc.
Cypress Semiconductor	Novellus Systems, Inc	

**Compensation Components**

**Base Salary**

Base salary guidelines have been established and may be revised periodically based upon local market conditions, the economic climate, and compensation surveys. Merit increases, if any, for all employees and executive officers, including named executive officers of the Company are based upon the following criteria: the individual employee's performance for the year as judged against his/her job goals and responsibilities, the individual employee's salary relating to such employee's individual skill set and performance, as compared to other employees in the same or similar positions, the individual employee's position in the salary grade, the employee's salary relative to market data for the position and the Company's fiscal budget, including any associated restrictions.

*Executive Officers including the Named Executive Officers*

Using salary survey data supplied by Radford Data and other publicly available data, such as proxy data from our compensation peer group, the Compensation Committee establishes base salaries for each executive within a range of salaries of the compensation peer group. In addition, the base salaries of executive officers, including the Chief Executive Officer, may be adjusted by the Compensation Committee after consideration of factors such as the relative performance of the Company, the performance of the business unit or function for which the executive is responsible, and the individual's past performance and future potential.

In general, the Company reviews the compensation of executive officers of the Company, other than the Chief Executive Officer as part of the worldwide focal and equity grant reviews described above.

In 2008, the named executive officers declined salary increases in light of current economic conditions.

*Chief Executive Officer*

Within established ranges and guidelines, and taking into account the Company's historical performance compared to peer companies, the Compensation Committee and Board of Directors also carefully considered the current risks and challenges facing the Company as well as the individual qualifications, skills and past performance of Mr. Berglund when determining his current compensation package. Based on these considerations, the Board of Directors approved an annual base salary of \$618,000 for Mr. Berglund effective April 1, 2007.

Mr. Berglund declined an increase in his base salary for the 2008 fiscal year in light of current economic conditions.

See also [Post-Employment Compensation and Potential Payments Upon Termination or Change-in-Control](#).

### **Incentive Bonus Program**

The Company's incentive bonus programs are designed to reward employees for their performance. Senior-level managers, executives, including named executive officers, of the Company and certain other individual employees participate, upon approval by the Chief Executive Officer, or by the Board with respect to the Chief Executive Officer, in the Company's Management Incentive Plan (MIP). The MIP provides for an annual incentive cash bonus, based upon an eligible percentage of each participant's base salary within a range of target incentives. Payments earned under the MIP depend upon the Company's quarterly and annual operating income, with minimum thresholds for revenue and operating income as a percentage of revenue.

Target payouts, ranging from 10% to 100% of the annual base salary for each participant, including the named executive officers, are recommended by the Chief Executive Officer of the Company and approved by the Board of Directors. Potential target payouts for the Company's Chief Executive Officer range from 10% to 100% of his annual base salary, and are approved by the disinterested members of the Board of Directors.

Payments under the MIP may range from zero to three times each participant's target, based upon achievement of fiscal year planned operating income of a combination of division and/or Company performance. Since the performance targets are dependent upon the Company's annual and quarterly operating income, the likelihood that a participant will achieve his or her target is difficult to calculate in advance. Payments are made on a quarterly basis; up to 10% of target each quarter and the remainder after the close of the fiscal year.

In April 2008, the Board of Directors, on recommendation from the Compensation Committee, increased the annual incentive target opportunities under the MIP for the Chief Executive officer, from 80% to 100%, and approved an increase in the annual incentive target opportunities for the other named officers from 50% to 70%. The Board of Directors adopted a similar MIP for subsequent fiscal years.

### **Stock Options and Restricted Stock Awards**

The Compensation Committee and the Board of Directors view stock options and other stock awards as an important component of the Company's long-term, performance-based compensation program. The value of a stock option or a restricted stock award bears a direct relationship to the Company's stock price, and therefore, these awards are an incentive for executives, managers and other employees to create value for shareholders. Stock options and restricted stock awards also help the Company retain qualified employees in a competitive market. The Company does not require that its officers, directors or other employees acquire or maintain stock ownership as a condition of employment.

#### *Stock Option Grants*

The size of option grants, if any, to senior executive officers, including named executive officers, is determined by the Compensation Committee's evaluation of each executive's ability to influence the Company's long-term growth and profitability. The Company also has a process in place with respect to option grants for new employees under the 2002 Stock Plan in order to ensure consistency among grants and competitiveness in the marketplace. Options to newly hired employees are granted with an exercise price equal to the closing price of the Company's Common Stock on the date of the grant.

Currently, stock options are granted on a semi-annual, merit basis to a small percentage of employees, based on individual performance, future potential and importance to their organizations' success. Merit stock options are granted with an exercise price equal to the closing price of the Company's Common Stock on the date of grant.

In April 2008, and October 2008, the Board of Directors, on recommendation from the Compensation Committee, approved merit grants of stock options to key employees, including grants to the Chief Executive Officer and the named executive officers. The option grants to the named executive officers, other than the Chief

Executive Officer, range in amounts from 20,000 to 70,000 shares. The exercise price for stock options granted to the named executive officers in April 2008 was \$28.00; the exercise price for stock options granted in October 2008 was \$19.96. The options granted to the named executive officers vest 40% after 2 years and ratably thereafter such that the options vest fully after five years. Upon a change in control, these options would become fully vested. The grants to the named executive officers are enumerated in the table entitled Grants of Plan-Based Awards for the 2008 Fiscal Year.

#### *Stock Option Grants to the Chief Executive Officer*

Based on the Board of Directors' and the Compensation Committee's evaluation of the Chief Executive Officer's ability to influence the long-term growth and profitability of the Company, and in connection with Mr. Berglund's annual review for 2008, the Board of Directors approved a stock option grant of 40,000 shares at an exercise price of \$28.00. This option vests 40% after 2 years, and ratably thereafter such that the option vests fully after five years. Upon any change in control, these options would become fully vested and exercisable.

In addition, in October 2008, the Board of Directors, upon recommendation from the Compensation Committee, approved a stock option grant for Mr. Berglund to purchase 150,000 shares of the Company's Common Stock at \$19.96 per share, which was the closing stock price on the date of the grant. This option will vest 40% after two years and ratably each month thereafter such that the option fully vests after five years. Upon a change of control of the Company, the options would become fully vested and exercisable.

#### **Timing of Option and Stock Grants and Determination of Exercise Price**

The Board of Directors has a policy of granting stock options at regularly scheduled meetings to certain newly hired employees with employment start dates prior to the date of the meeting or shortly thereafter, and to selected individual employees based upon special circumstances, such as an increase in the employee's responsibilities. The exercise price for such stock options is the closing stock price on the date of grant, or in the case of a new employee who has not started employment, the closing stock price on the employee's start date.

In addition, the Board of Directors grants stock options, restricted stock awards, or a combination of the foregoing, to key employees on a merit basis, twice per year, generally at the April and October Board of Directors meetings. In 2008, the exercise price for merit options was the closing price of the Company's Common Stock on the date of grant. The Board of Directors may grant stock options, or restricted stock awards, while the directors are in possession of material, non-public information. Due to the fact that the Board's regular meetings are timed to coincide with the preparation of the Company's quarterly financial results, option grants have and will occur shortly before an earnings release. The Compensation Committee or the Board of Directors may also grant options at a special meeting, or by unanimous written consent, in special circumstances, such as to facilitate the hiring of a key executive.

#### **Other Compensation and Benefits, including Perquisites and Retirement Benefits**

The Company's executive officers are entitled to employee benefits generally available to all full time employees, subject to the satisfaction of certain eligibility requirements. These benefits include health, welfare and paid time off benefits generally available to all U.S. employees. In addition, employees, including executive officers, are eligible to participate in the Company's 401(k) retirement plan. Participants in the 401(k) may receive up to \$2,500 per year in matching Company contributions. In structuring these benefits, the Company provides an aggregate level of benefits that are comparable to those provided by similar companies. In addition, in a letter of employment dated December 6, 2004, the Company agreed to pay certain expenses incurred in connection with Mr. Bahri's relocation to California. See Certain Relationships and Related Party Transactions.

## POST-EMPLOYMENT COMPENSATION

### Deferred Compensation

The Company has adopted a nonqualified deferred compensation plan ( DCP ) in which certain employees, officers and members of the Board of Directors may participate. Participation in the DCP is voluntary and the Company has never made any contributions to the plan. All of the Company's executive officers are eligible to participate in the DCP. See Nonqualified Deferred Compensation and Director Compensation Table for more information regarding this plan.

### Potential Payments Upon Termination or Change-in-Control

#### *Change in Control and Severance Agreements with Named Executive Officers*

The Company's Board of Directors approved a standard form of change in control and severance agreement for executive officers in 2003. In December 2008, the Board of Directors amended and restated the standard form of change in control and severance agreement to comply with Section 409A of the Code. The Board of Directors also approved conforming amendments to each of the change in control and severance agreements with Mr. Berglund, Mr. Bahri, Mr. Fosburgh, Mr. Harrington and Mr. Beyer to comply with Section 409A of the Code.

The standard form of agreement provides that each of their then-unvested stock options will vest upon a change in control (as defined in the agreement). The standard agreement also provides that, if the executive's employment is terminated other than by reason of a Nonqualifying Termination (as defined in the agreement) within the period commencing with the change in control and ending one year following the change in control, (i) the executive shall receive a severance payment equal to one year of base salary plus the higher of the executive's target bonus for the fiscal year or the average the executive's bonus for the three years preceding the termination (each calculated in accordance with the terms of the agreement), (ii) the Company shall continue to provide the executive with medical and other insurance for a period of one year following the date of termination of employment on the same basis as provided prior to termination, and (iii) the executive may exercise any then-outstanding stock options for a period of one year following the date of termination of employment, unless such options expire earlier.

In the event that the benefits payable under the change in control and severance agreement constitute parachute payments within the meaning of Section 280G of the Code and would be subject to the excise tax imposed by Section 4999 of the Code ( Excise Tax ), then the executive's benefits under the change in control and severance agreement shall be either: (i) delivered in full, or (ii) delivered as to such lesser extent as would result in no portion of such benefits being subject to the Excise Tax, whichever of the foregoing amounts results in the receipt by the executive on an after-tax basis, of the greatest amount of benefits. The foregoing shall take into account the applicable federal, state and local income taxes and the Excise Tax, notwithstanding that all or some portion of such benefits may be taxable under Section 4999 of the Code.

The Board of Directors evaluated a variety of factors that would constitute triggering events for executives and determined that those factors included in the form of change in control and severance agreement were appropriate.

#### *Chief Executive Officer*

In addition, Mr. Berglund is eligible to receive certain severance benefits pursuant to a letter of employment dated March 17, 1999. In the event of an involuntary termination, or upon his disability or any termination other than for cause, Mr. Berglund is eligible to receive 12 months severance pay at an amount equal to his base salary at the date of separation, plus one half of his annual bonus accrued to the date of separation.

An Involuntary Termination under the letter of employment means: (i) without Mr. Berglund's consent, his assignment to any duties or the significant reduction of his duties, either of which is inconsistent with his position or title with the Company and responsibilities in effect immediately prior to such assignment, or his removal from such position and responsibility, or a reduction in his title; (ii) a greater than 10% reduction by the Company in Mr. Berglund's base compensation as in effect immediately prior to such reduction; provided, however, that such reduction shall not apply if substantially all executive officers of the Company agree to a similar reduction in base compensation; or (iii) any purported termination of Mr. Berglund by the Company (other than a voluntary termination initiated by Mr. Berglund) which is not effected for disability or for cause.

Mr. Berglund would not receive severance benefits under the letter of employment if he: (i) is convicted of a felony; (ii) commits a willful act which constitutes gross misconduct and which is injurious to the Company and which is not cured within 30 days after written notice of such breach is given to Mr. Berglund by the Board of Directors; or (iii) continuously and repeatedly refuses to abide by the reasonable directions of the Board of Directors.

#### **TAX AND ACCOUNTING TREATMENT**

Section 162(m) of the Code generally limits the deductibility by the Company of compensation in excess of \$1,000,000 paid to certain executive officers to the extent the compensation is not considered performance-based. The Compensation Committee and the Board of Directors believe that it is essential to reward and motivate executives based on the assessment of the individual's performance, the current market conditions and the individual's contribution to the success of the Company. The Compensation Committee and the Board of Directors also believe that preserving the Company's future tax deductions under Section 162(m) is beneficial to the Company and its shareholders. However, the Compensation Committee and the Board of Directors reserve the right to award compensation to executive officers that may not be deductible under Section 162(m) where such compensation furthers overall compensation objectives and is in the best interest of the Company's shareholders.

A portion of the compensation paid by the Company to Mr. Berglund and to Mr. Beyer for the 2008 fiscal year was not fully deductible for federal income tax purposes because such compensation did not satisfy the requirements of performance-based compensation under Section 162(m). To the extent that non-performance based compensation received by certain executive officers in a future year would exceed \$1,000,000, the amount in excess of \$1,000,000 would not be deductible by the Company.

#### **COMPENSATION COMMITTEE REPORT**

*The information contained in this Compensation Committee Report shall not be deemed to be soliciting material or filed or incorporated by reference in future filings with the SEC, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent that it is specifically incorporated by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.*

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with the Company's management, and has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's proxy statement.

## COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

John B. Goodrich, William Hart and Nickolas Vande Steeg are the current members of the Company's Compensation Committee, and were members of such committee during the 2008 fiscal year. Since 1998, Mr. Goodrich has served as the Company's corporate secretary; however, he is not, and has never been an employee of the Company. None of our executive officers serves on the board of directors or compensation committee of a company that has an executive officer that serves on our Board of Directors or the Compensation Committee.

### Director Compensation

All non-employee directors receive an annual cash retainer, payable on a quarterly basis, for the period starting July 1 and ending June 30 of each year. The annual cash retainer is equal to \$158,000, reduced by the accounting expense recorded by the Company in accordance with FAS 123R valuation for the option granted to the director at the prior year's Annual Meeting.

Non-employee directors also receive a fee of \$2,000 for each board meeting attended in person and \$500 for each board or committee meeting attended via telephone conference. Members of designated committees of the Board of Directors also receive \$1,000 for each committee meeting that is not held on the same day as a meeting of the full Board of Directors. In addition, non-employee directors may receive a payment of \$2,000 for each day devoted to specific board matters, provided that such activity has been requested by either the board of directors or the chairman in consultation with the CEO.

Non-employee directors are reimbursed for local travel expenses or paid a fixed travel allowance based on the distance to the meeting, and reimbursed for other necessary business expenses incurred in the performance of their services as directors of the Company. In addition, directors are eligible to participate in the DCP.

The Board of Directors' Compensation Policy provides for the grant of nonstatutory stock options to each non-employee director of the Company (the Outside Directors). Pursuant to the terms of the Compensation Policy, each Outside Director is granted an option to purchase 15,000 shares of Common Stock upon his or her initial appointment to the Board of Directors. Thereafter, each year, each Outside Director receives an additional option grant to purchase 10,000 shares, upon re-election at the Annual Meeting. All previously granted Outside Director options have an exercise price equal to the closing price of Common Stock on the date of grant, vest monthly over a period of three years, and have a ten-year term.

Mr. Berglund's compensation for service as President & Chief Executive Officer is reported in the Summary Compensation Table and described in the Compensation Discussion and Analysis.

The Audit Committee is a separately-designated standing committee of the Board of Directors, established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, and operates under a written charter adopted by the Board of Directors. The Audit Committee has reviewed and discussed the Company's consolidated financial statements and financial reporting process with the Company's management, which has the primary responsibility for the Company's consolidated financial statements and financial reporting processes, including establishing and maintaining adequate internal controls over financial reporting and evaluating the effectiveness of such internal controls. Ernst & Young, the Company's current independent auditor, is responsible for performing an audit and expressing an opinion on the conformity of the Company's audited financial statements to U.S. generally accepted accounting principles and performing an audit and expressing an opinion on the effectiveness of internal control over financial reporting. The Audit Committee has reviewed and candidly discussed with Ernst & Young the overall scope and plans of its audits, its evaluation of the Company's internal controls, the overall quality of the Company's financial reporting processes and accounting principles and judgment, and the clarity of disclosures in the Company's consolidated financial statements.

Ernst & Young has provided the Audit Committee with the written disclosures and the letter required by the Public Company Accounting Oversight Board, and has also discussed with Ernst & Young its independence from management and the Company. **Nonqualified Deferred Compensation**

The table below shows contributions to the DCP by each of the persons named in the Summary Compensation Table during the fiscal year ended January 2, 2009. Executive officers and directors of the Company may participate in the DCP and may elect to defer a portion of their salary, bonus or director fees. The Company does not contribute to the DCP on behalf of the participants.

A participant in the DCP may defer a maximum of 90% of the participant's base salary and 100% of the participant's bonus, or director's fees. Contributions by participants are held in an irrevocable grantor trust for the benefit of the participants, and are subject to claims by the Company's general creditors. Upon enrollment in the DCP, participants may choose from a selection of measurement funds in which to place their contributions. The DCP's measurement funds are similar to the funds available to employees who participate in the Company's 401(k) retirement plan. Participants may elect to receive withdrawals from the DCP in the form of scheduled distributions, retirement benefits, or in the event of a change in control, as defined in the DCP. The DCP also provides for distributions in the event of a participant's termination of employment, disability or death. In addition, participants may request withdrawals from the DCP in the event of a severe financial hardship. See Compensation Discussion and Analysis Post-Employment Compensation.

**Potential Payments Upon a Change-in-Control**

The table below sets forth the estimated benefits that each respective executive officer would receive under his form of change in control severance agreement. The calculation of the estimated payments described in the table is based upon the assumption that a change in control event occurred on January 2, 2009, and that each executive's employment terminated upon or immediately following such event.

All unvested stock options for the executives listed below will immediately vest upon the occurrence of a change in control event, as that term is defined in each executive's change in control and severance agreement. The amounts shown below reflect the aggregate number shares underlying each executive's unvested stock options that would have vested if a change in control event had occurred on January 2, 2009.

However, certain stock options granted to the named executive officers have an exercise price that exceeds the closing price of the Company's Common Stock on January 2, 2009. As a result, the vesting of such stock options would not result in any benefit to the named executives. Therefore, the aggregate market value in the table includes only the benefit each named executive officer would receive from the accelerated vesting of his in-the-money stock options.

**APPENDIX A**

**TRIMBLE NAVIGATION LIMITED**

**AMENDED AND RESTATED EMPLOYEE STOCK PURCHASE PLAN**

(as amended March 6, 2009)

The following constitute the provisions of the Employee Stock Purchase Plan of Trimble Navigation Limited.

1. *Purpose.* The purpose of the Plan is to provide employees of the Company and its Designated Subsidiaries with an opportunity to purchase Common Stock of the Company through accumulated payroll deductions. It is the intention of the Company to have the Plan qualify as an Employee Stock Purchase Plan under Section 423 of the Internal Revenue Code of 1986, as amended, although the Company makes no undertaking nor representation to maintain such qualification. In addition, this Plan document authorizes the grant of options under a non-423(b) component to the Plan which do not qualify under Section 423(b) of the Code pursuant to rules, procedures or sub-plans adopted by the Board (or a committee authorized by the Board) designed to achieve tax, securities law compliance or other Company objectives.

2. *Definitions.*

(a) *Board* shall mean the Board of Directors of the Company.

(b) *Brokerage Account* means the general securities brokerage account, or such other account or record determined appropriate by the Company, established and maintained for the Plan with any entity selected by the Company, in its discretion, to assist in the administration of, and purchase of shares under the Plan.

(c) *Code* shall mean the Internal Revenue Code of 1986, as amended.

(d) *Common Stock* shall mean the Common Stock of the Company.

(e) *Code Section 423(b) Plan Component* means the component of this Plan which is designed to meet the requirements set forth in Section 423(b) of the Code. The provisions of the Code Section 423(b) Plan Component shall be construed, administered and enforced in accordance with Section 423(b) of the Code.

(f) *Company* shall mean Trimble Navigation Limited.

(g) *Compensation* shall mean all regular straight time gross earnings, commissions, overtime, shift premium, lead pay and other similar compensation, but excluding bonuses resulting from any profit sharing plans, automobile allowances, relocation and other non-cash compensation. Unless determined otherwise by the Board (or a committee authorized by the Board), Compensation shall not include incentive bonuses.

(h) *Continuous Status as an Employee* shall mean the absence of any interruption or termination of service as an Employee. Continuous Status as an Employee shall not be considered interrupted in the case of a leave of absence agreed to in writing by the Company, or one of its Subsidiaries, provided that such leave is for a period of not more than 90 days or reemployment upon the expiration of such leave is guaranteed by contract or statute.

(i) *Designated Subsidiaries* shall mean the Subsidiaries which have been designated by the Board from time to time in its sole discretion as eligible to participate in the Plan. The Board (or a committee authorized by the Board) will determine whether employees of any Designated Subsidiary shall participate in the Code Section 423(b) Plan Component or the Non-423(b) Plan Component.

(j) *Employee* shall mean any person, including an officer, who is an employee of the Company or a Designated Subsidiary. The Board (or a committee authorized by the Board) shall have the discretion to limit offerings under the Plan to employees of the Company or a Designated Subsidiary whose customary

employment with the Company or a Designated Subsidiary is at least twenty (20) hours per week and more than five (5) months in any calendar year, provided that these eligibility requirements are applied uniformly to employees offered participation in the Code Section 423(b) Plan Component of the Plan.

(k) *Enrollment Date* shall mean the first day of each Offering Period.

(l) *Exercise Date* shall mean the last day of each Offering Period.

(m) *Maximum Offering* shall mean, with respect to some or all participants in the Non-423(b) Plan Component, a maximum number or value of shares of the Common Stock made available for purchase in a specified period (e.g., a 12-month period) in specified countries, locations or to Employees of specified Designated Subsidiaries. Such maximum shall be determined by the Board (or a committee authorized by the Board) in such a manner as to avoid securities filings, to achieve certain tax results or to meet other Company objectives.

(n) *Non-423(b) Plan Component* means a component of this Plan which does not meet the requirements set forth in Section 423(b) of the Code, as amended.

(o) *Offering Period* shall mean a period of six (6) months during which an option granted pursuant to the Plan may be exercised, or different period as determined by the Board, provided no Offering Period exceeds twenty-seven (27) months. Notwithstanding the foregoing, the first Offering Period shall commence August 15, 1988 and end December 31, 1988 and the Offering Period commencing July 1, 2006 shall end February 28, 2007.

(p) *Option Price* shall mean the lower of (i) eighty-five percent (85%) of the fair market value of a share of Common Stock on the Enrollment Date or (ii) eighty-five percent (85%) of the fair market value of a share of Common Stock on the Exercise Date unless the Board (or a committee authorized by the Board) sets an option price higher than this amount.

(q) *Plan* shall mean this Amended and Restated Employee Stock Purchase Plan, as set forth in this document and as hereafter amended from time to time, which includes a Code Section 423(b) Plan Component and a Non-423(b) Plan Component.

(r) *Subsidiary* shall mean a corporation, domestic or foreign, of which not less than 50% of the voting shares are held by the Company or a Subsidiary, whether or not such corporation now exists or is hereafter organized or acquired by the Company or a Subsidiary.

### 3. Eligibility.

(a) Any Employee as defined in paragraph 2 who is employed by the Company or a Designated Subsidiary at the time that the subscription agreement is required to be submitted for a given Offering Period is eligible to participate in the Plan for that Offering Period (subject to paragraph 10 below). However, the Board (or a committee authorized by the Board) shall have the discretion to set a minimum waiting period for Employees to become eligible to participate in an Offering Period provided that period is not more than two (2) years after employment with the Company or a Designated Subsidiary begins. However, notwithstanding the foregoing, for purposes of the first Offering Period only, any Employee defined in paragraph 2 who was employed by the Company or one of its Subsidiaries as of August 9, 1988 shall be eligible to participate in the Plan.

(b) Any provisions of the Plan to the contrary notwithstanding, no Employee shall be granted an option under the Plan (i) if, immediately after the grant, such Employee (or any other person whose stock would be attributed to such Employee pursuant to Section 424(d) of the Code) would own stock and/or hold outstanding options to purchase stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or of any Subsidiary of the Company, or (ii) which permits his or her rights to purchase stock under all employee stock purchase plans of the Company and its Subsidiaries to accrue at a rate which exceeds Twenty-Five Thousand Dollars (\$25,000) worth of stock

(determined at the fair market value of the shares at the time such option is granted) for each calendar year in which such option is outstanding at any time (or other such limit, as imposed under Section 423 of the Code or final regulations issued thereunder).

4. *Offering Periods.* The Plan shall be implemented by consecutive Offering Periods with a new Offering Period commencing on or about January 1 and July 1 of each year; provided, however, that the first Offering Period shall commence on or about August 15, 1988. Effective in 2007 and thereafter new Offering Periods shall commence on or about March 1 and September 1 of each year. The Plan shall continue thereafter until terminated in accordance with paragraph 19 hereof. Subject to the shareholder approval requirements of paragraph 19, the Board shall have the power to change the commencement or duration of Offering Periods with respect to future offerings without shareholder approval if such change is announced at least fifteen (15) days prior to the scheduled beginning of the first Offering Period to be affected. The Board (or a committee authorized by the Board) may decide that for administrative reasons, the payroll deductions related to the last pay date during the Offering Period will not be applied to the purchase of shares for that particular Offering Period, but instead will be rolled over to the following Offering Period (provided that the participant is participating in the following Offering Period).

5. *Participation.*

(a) An eligible Employee may become a participant in the Plan by completing a subscription agreement authorizing payroll deductions in the form required by the Company and filing it with the Company (or third party designated by the Company) by the time specified by the Company, as set forth in the subscription agreement, unless a later time for filing the subscription agreement is set by the Board (or a committee authorized by the Board) for all eligible Employees with respect to a given Offering Period.

(b) A participant's authorized payroll deductions shall be deducted from each paycheck paid during an Offering Period and shall continue until changed by the participant, as provided in paragraph 10 or by amendment or termination of this Plan.

6. *Payroll Deductions.*

(a) At the time a participant files his or her subscription agreement, he or she shall elect to have payroll deductions made on each payday during the Offering Period in an amount not exceeding ten percent (10%) of the Compensation which he receives on each payday during the Offering Period, and the aggregate of such payroll deductions during the Offering Period shall not exceed ten percent (10%) of the participant's aggregate Compensation during said Offering Period.

(b) All payroll deductions made for a participant shall be credited to his or her account under the Plan. A participant may not make any additional payments into such account.

(c) A participant may discontinue his or her participation in the Plan as provided in paragraph 10, or may decrease, but not increase, the rate of his or her payroll deductions during the Offering Period (within the limitations of paragraph 6(a)) by completing or filing with the Company a new subscription agreement authorizing a change in payroll deduction rate. The change in rate shall be effective with the first full payroll period following five (5) business days after the Company's receipt of the new subscription agreement. A participant's subscription agreement shall remain in effect for successive Offering Periods unless revised as provided herein or terminated as provided in paragraph 10.

(d) Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code and paragraph 3(b) herein, a participant's payroll deductions may be decreased to 0% at such time during any Offering Period which is scheduled to end during the current calendar year (the Current Offering Period) that the aggregate of all payroll deductions which were previously used to purchase stock under the Plan in a prior Offering Period which ended during that calendar year plus all payroll deductions accumulated with respect to the Current Offering Period equal \$21,250. Payroll deductions shall

recommence at the rate provided in such participant's subscription agreement at the beginning of the first Offering Period which is scheduled to end in the following calendar year, unless terminated by the participant as provided in paragraph 10.

(e) Notwithstanding any provisions to the contrary in the Plan, the Board may allow Employees to participate in the Plan via cash contributions instead of payroll deductions if payroll deductions are not permitted under applicable local law (and if the Employee is participating in the Non-423(b) Plan Component if not permitted under Section 423 of the Code).

*7. Grant of Option.*

(a) On the Enrollment Date of each Offering Period, each eligible Employee participating in such Offering Period shall be granted an option to purchase on each Exercise Date of such Offering Period up to a number of shares of Common Stock determined by dividing such Employee's payroll deductions accumulated prior to such Exercise Date and retained in the participant's account as of the Exercise Date by the Option Price; provided that in no event shall an Employee be permitted to purchase more than 12,500 shares of Common Stock on any Exercise Date (as adjusted pursuant to paragraph 18, if applicable), and provided further that such purchase shall be subject to the limitations set forth in paragraphs 3(b) and 12 hereof. Exercise of the option shall occur as provided in paragraph 8, unless the participant has withdrawn pursuant to paragraph 10, and shall expire on the last day of the Offering Period. Fair market value of a share of Common Stock shall be determined as provided in paragraph 7(b) herein.

(b) The fair market value of Common Stock on a given date shall be determined by the Board in its discretion; provided, however, that where there is a public market for the Common Stock, the fair market value per share shall be the closing price of the Common Stock for such date, as reported by the NASDAQ National Market System, or, in the event the Common Stock is listed on a different stock exchange, the fair market value per share shall be the closing price on such exchange on such date, as reported in the Wall Street Journal, or if no sales occurred on such date, then on the date immediately prior to such date on which sales prices are reported.

*8. Exercise of Option.* Unless a participant withdraws from the Plan as provided in paragraph 10 below, his or her option for the purchase of shares will be exercised automatically on the Exercise Date, and the maximum number of whole shares subject to the option shall be purchased for such participant at the applicable option price with the accumulated payroll deductions in his or her account. The shares purchased hereunder will be credited to the Brokerage Account. No fractional shares will be purchased and any payroll deductions accumulated in a participant's account which are not used to purchase shares shall remain in the participant's account for the subsequent Offering Period, subject to an earlier withdrawal as provided in paragraph 10. During a participant's lifetime, a participant's option to purchase shares hereunder is exercisable only by him or her.

*9. Delivery.* A participant hereunder may elect at any time on a form acceptable to the Company to have all or part of the shares credited to the Brokerage Account on his or her behalf sold at participant's expense and cash paid to participant. A participant under the Code Section 423(b) Plan Component hereunder may elect, at any time after two (2) years following the Exercise Date of any Offering Period and on a form acceptable to the Company, to have all or part of the shares purchased with respect to such Offering Period and credited to the Brokerage Account on his or her behalf: (i) transferred to the participant's individual brokerage account established at the participant's expense; (ii) issued to the participant or his or her designee in the form of a stock certificate.

*10. Withdrawal; Termination of Employment.*

(a) A participant may withdraw all but not less than all the payroll deductions credited to his or her account and not yet used to exercise his or her option under the Plan at any time by giving written notice to the Company (or third party designated by the Company) in the form required by the Company. All of the participant's payroll deductions credited to his or her account will be paid to such participant promptly after

receipt of notice of withdrawal and such participant's option for the Offering Period will be automatically terminated, and no further payroll deductions for the purchase of shares will be made during the Offering Period. If a participant withdraws from an Offering Period, payroll deductions will not resume at the beginning of the succeeding Offering Period unless the participant delivers to the Company a new subscription agreement.

(b) Upon termination of the participant's Continuous Status as an Employee prior to the Exercise Date for any reason, including retirement or death, (i) the payroll deductions credited to such participant's account during the Offering Period but not yet used to exercise the option will be returned to such participant or, in the case of his or her death, to the person or persons entitled thereto under paragraph 14, and such participant's option will be automatically terminated, and (ii) the participant's interest in the Brokerage Account shall be liquidated in the following manner. As part of the procedure to liquidate the participant's interest in the Brokerage Account, the participant may elect in writing, on a form acceptable to the Company and received by the designated person at the Company within thirty (30) days of the termination, to have the number of shares credited to the Brokerage Account on behalf of the participant sold at the participant's expense and cash paid to the participant, or to have such shares transferred to the participant's individual brokerage account established at the participant's expense. If the participant does not request a sale or transfer by the deadline set forth above or requests to receive a stock certificate, a certificate for the shares credited to the Brokerage Account on his or her behalf will be issued to the participant.

(c) A participant's withdrawal from an Offering Period will not have any effect upon his or her eligibility to participate in any similar plan which may hereafter be adopted by the Company or in succeeding Offering Periods which commence after the termination of the Offering Period from which the participant withdraws.

11. *Interest.* No interest shall accrue on the payroll deductions of a participant in the Plan, except as may be required by applicable law, as determined by the Company, for participants in the Non-423(b) Plan Component (or the Code Section 423(b) Plan Component if permitted under Code Section 423).

#### 12. *Stock.*

(a) The maximum number of shares of Common Stock which shall be made available for sale under the Plan shall be 15,550,000 million shares, subject to adjustment upon changes in capitalization of the Company as provided in paragraph 18. If on a given Exercise Date the number of shares with respect to which options are to be exercised exceeds the number of shares then available under the Plan or the Maximum Offering, if any, the Company shall make a pro rata allocation of the shares remaining available for purchase in as uniform a manner as shall be practicable and as it shall determine to be equitable. The pro rata allocation shall be limited, in the case of exceeding the Maximum Offering, to those participants in the countries, locations or Designated Subsidiaries in the specified Maximum Offering.

(b) The participant will have no interest or voting right in shares covered by his or her option until such option has been exercised.

(c) Shares to be delivered to a participant under the Plan will be registered in the name of the participant or in the name of the participant and his or her spouse.

13. *Administration.* The Plan shall be administered by the Board or a committee of members of the Board appointed by the Board. The administration, interpretation or application of the Plan by the Board or its committee shall be final, conclusive and binding upon all participants. Members of the Board who are eligible Employees are permitted to participate in the Plan.

#### 14. *Designation of Beneficiary.*

(a) If permitted by the Board (or a committee authorized by the Board), a participant may file a written designation of a beneficiary who is to receive any shares and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to an Exercise Date on which the option is

exercised but prior to delivery to such participant of such shares and cash. In addition, a participant may file a written designation of a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death prior to exercise of the option, if permitted by the Board (or a committee authorized by the Board).

(b) Such designation of beneficiary may be changed by the participant at any time by written notice. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such shares and/or cash to the executor, administrator or personal representative of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares and/or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

15. *Transferability.* Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in paragraph 14 hereof) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds from an Offering Period in accordance with paragraph 10.

16. *Use of Funds.* All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.

17. *Reports.* Individual accounts will be maintained for each participant in the Plan. Statements of account will be given to participating Employees semi-annually promptly following the Exercise Date, which statements will set forth the amounts of payroll deductions, the per share purchase price, the number of shares purchased and the remaining cash balance, if any.

18. *Adjustments Upon Changes in Capitalization.* Subject to any required action by the shareholders of the Company, the number of shares of Common Stock covered by each option under the Plan which has not yet been exercised and the number of shares of Common Stock which have been authorized for issuance under the Plan but have not yet been placed under option (collectively, the Reserves), as well as the price per share of Common Stock covered by each option under the Plan which has not yet been exercised, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issue by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an option.

In the event of the proposed dissolution or liquidation of the Company, the Offering Period will terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Board. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, any Offering Periods then in progress shall be shortened by setting a new Exercise Date (the New Exercise Date) and any Offering Periods then in progress shall end on the New Exercise Date. The New Exercise Date shall be before the date of the Company's proposed sale or merger. The Board shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that

the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in paragraph 10 hereof.

19. *Amendment or Termination.* The Board may, at any time and for any reason, terminate or amend the Plan. Except as provided in paragraph 18, no such termination can adversely affect options previously granted, provided that an Offering Period may be terminated by the Board on any Exercise Date if the Board determines that the termination of the Plan is in the best interests of the Company and its shareholders. In addition, to the extent necessary to comply with Section 423 of the Code (or any successor rule or provision or any other applicable law or regulation), the Company shall obtain shareholder approval in such a manner and to such a degree as so required.

20. *Notices.* All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

21. *Shareholder Approval.* Continuance of the Plan shall be subject to approval by the shareholders of the Company within twelve months before or after the date the Plan is adopted. Such shareholder approval shall be obtained in the manner and degree required under the applicable state and federal tax and securities laws.

22. *Conditions Upon Issuance of Shares.* Shares shall not be issued with respect to an option unless the exercise of such option and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

23. *Tax Withholding.* The Company or any Subsidiary, as appropriate, shall have the authority and the right to deduct or withhold, or require an Employee to remit to the Company or one of its Subsidiaries, an amount sufficient to satisfy U.S. federal, state, and local taxes and taxes imposed by jurisdictions outside of the United States (including income tax, social insurance contributions, payment on account and any other taxes that may be due) required by law to be withheld with respect to any taxable event concerning an Employee arising as a result of his or her participation in the Plan or to take such other action as may be necessary in the opinion of the Company or a Subsidiary, as appropriate, to satisfy withholding obligations for the payment of taxes. The Board (or a committee authorized by the Board) may in its discretion and in satisfaction of the foregoing requirement, allow a participant to elect to have the Company withhold shares otherwise issuable at exercise (or allow the return of shares) having a fair market value equal to the sums required to be withheld. No shares shall be delivered hereunder to any Employee until the Employee or such other person has made arrangements acceptable to the Company for the satisfaction of these tax obligations with respect to any taxable event concerning the Employee's participation in the Plan.

24. *No Right to Employment or Services.* Nothing in the Plan or any subscription agreement shall interfere with or limit in any way the right of the Company or any Subsidiary to terminate any Employee's employment at any time, nor confer upon any Employee any right to continue in the employ of the Company or any Subsidiary.

25. *Code Section 409A.* The Code Section 423(b) Plan Component is exempt from the application of section 409A of the Code. The Non-423(b) Plan Component is intended to be exempt from section 409A of the Code under the short-term deferral exception and any ambiguities in the Plan shall be construed and interpreted in

accordance with such intent. In furtherance of this interest, any provision in the Plan to the contrary notwithstanding, if the Board determines that an option to purchase Common Stock granted under the Plan may be subject to section 409A of the Code or that any provision in the Plan would cause an option under the Plan to be subject to section 409A of the Code, the Board may amend the terms of the Plan and/or of an outstanding option granted under the Plan, or take such other action the Board determines is necessary or appropriate, in each case, without the participant's consent, to exempt any outstanding option or future option that may be granted under the Plan from or to allow any such options to comply with section 409A of the Code, but only to the extent any such amendments or action by the Board would not violate section 409A of the Code. Anything in the foregoing to the contrary notwithstanding, the Company shall have no liability to a participant or any other party if the option to purchase Common Stock under the Plan that is intended to be exempt from or compliant with section 409A of the Code is not so exempt or compliant or for any action taken by the Board or a committee appointed by the Board with respect thereto. The Company makes no representation that the option to purchase Common Stock under the Plan is compliant with section 409A of the Code.

26. *Term of Plan.* The Plan shall continue in effect until September 30, 2018 unless sooner terminated under paragraph 19.

27. *Governing Law; Severability.* The Plan and all determinations made and actions taken thereunder shall be governed by the internal substantive laws, and not the choice of law rules, of the State of California and construed accordingly, to the extent not superseded by applicable federal law. If any provision of the Plan shall be held unlawful or otherwise invalid or unenforceable in whole or in part, the unlawfulness, invalidity or unenforceability shall not affect any other provision of the Plan or part thereof, each of which shall remain in full force and effect.

A Service Provider shall not cease to be an Employee in the case of (i) any leave of absence approved by the Company or protected under applicable local laws, as interpreted by the Company or (ii) transfers between locations of the Company or between the Company, its Parent, any Subsidiary or Affiliate, or any successor. For purposes of Incentive Stock Options, no such leave may exceed three months, unless reemployment upon expiration of such leave is guaranteed

by statute or contract. If reemployment upon expiration of a leave of absence approved by the Company is not so guaranteed, then three (3) months following the last day of the three month period of such leave any Incentive Stock Option held by the Optionee shall cease to be treated as an Incentive Stock Option and shall be treated for tax purposes as a Nonstatutory Stock Option. Neither service as a Director nor payment of a director's fee by the Company shall be sufficient to constitute employment by the Company.

(t) *Exchange Act* means the Securities Exchange Act of 1934, as amended.

(u) *Fair Market Value* means, as of any date, the value of Common Stock determined as follows:

(i) If the Common Stock is listed on any established stock exchange or a national market system, including without limitation the Nasdaq National Market or The Nasdaq SmallCap Market of The Nasdaq Stock Market, its Fair Market Value shall be the closing sales price for such stock (or the closing bid, if no sales were reported) as quoted on such exchange or system on the day of determination, as reported in *The Wall Street Journal* or such other source as the Administrator deems reliable, or if no sales occurred on such date, then on the date immediately prior to such date on which sales prices are reported;

management, any of which may be measured either in absolute terms or as compared to any incremental increase or as compared to results of a peer group. The Administrator shall define in an objective fashion the manner of calculating the Performance Criteria it selects to use for such Performance Period for such Awardee.

(ff) *Performance Goals* means, for a Performance Period, the goals established in writing by the Administrator for the Performance Period based upon the Performance Criteria. Depending on the Performance Criteria used to establish such Performance Goals, the Performance Goals may be expressed in terms of overall Company performance, the performance of a Subsidiary or Affiliate, the performance of a division or a business unit of the Company or a Subsidiary or Affiliate, or the performance of an individual. The Administrator, in its discretion, may, to the extent consistent with, and within the time prescribed by, Section 162(m) of the Code, appropriately adjust or modify the calculation of Performance Goals for such Performance Period in order to prevent the dilution or enlargement of the rights of Awardees (a) in the event of, or in anticipation of, any unusual or extraordinary corporate item, transaction, event, or development, or (b) in recognition of, or in anticipation of, any other unusual or nonrecurring events affecting the Company, or the financial statements of the Company, or in response to, or in anticipation of, changes in applicable laws, regulations, accounting principles, or business conditions.

(gg) *Performance Period* means the one or more periods of time, which may be of varying and overlapping durations, as the Administrator may select, over which the attainment of one or more Performance Goals will be measured for the purpose of determining an Awardee's right to, and the payment of, a Performance-Based Award.

(mm) *Section 16(b)* means Section 16(b) of the Exchange Act.

3. *Stock Subject to the Plan.* Subject to the provisions of Section 14 of the Plan, the maximum aggregate number of Shares that may be awarded or optioned and delivered under the Plan is 20,000,000 Shares, plus (a) any Shares which were reserved but not issued under the Company's 1993 Stock Option Plan (the "1993 Plan"), and (b) any Shares returned to the 1993 Plan as a result of termination of options granted under the 1993 Plan; provided, however, that the maximum aggregate number of Shares that may be issued pursuant to the exercise of Incentive Stock Options shall in no event exceed 20,000,000 Shares. Any Shares that are subject to Options or Stock Appreciation Rights shall be counted against this limit as one (1) Share for every one (1) Share granted. Any Shares that are subject to any Awards other than Options or Stock Appreciation Rights or other

Awards which Awardees pay full value for (as determined on the date of the grant) shall be counted against this limit as one and one half (1.5) Shares for every one (1) Share granted. The Shares issued hereunder may be authorized, but unissued, or reacquired Common Stock.

If an Award or Option expires, is cancelled, forfeited or becomes unexercisable without having been exercised in full or otherwise settled in full, or is settled in cash, the undelivered Shares which were subject thereto shall, unless the Plan has terminated, become available for future Awards or Options under the Plan. To the extent permitted by applicable law or any exchange rule, Shares issued in assumption of, or in substitution for, any outstanding awards of any entity acquired in any form of combination by the Company or any Subsidiary shall not be counted against Shares available for grant pursuant to this Plan. The payment of Dividend Equivalent rights in cash in conjunction with any outstanding Awards shall not be counted against the Shares available for issuance under the Plan. Notwithstanding the provisions of this Section 3, no Shares may again be optioned, granted or awarded if such action would cause an Incentive Stock Option to fail to qualify as an incentive stock option under Section 422 of the Code.

#### 4. Administration of the Plan.

##### (a) Procedure.

(i) *Multiple Administrative Bodies.* Different Committees with respect to different groups of Service Providers may administer the Plan.

(ii) *Section 162(m).* To the extent that the Administrator determines it to be desirable to qualify Awards or Options granted hereunder as qualified performance-based compensation within the meaning of Section 162(m) of the Code, the Plan shall be administered by a Committee of two or more outside directors within the meaning of Section 162(m) of the Code.

(iii) *Rule 16b-3.* To the extent desirable to qualify transactions hereunder as exempt under Rule 16b-3, the transactions contemplated hereunder shall be structured to satisfy the requirements for exemption under Rule 16b-3.

(iv) *Other Administration.* Other than as provided above, the Plan shall be administered by (A) the Board or (B) a Committee, which committee shall be constituted to satisfy Applicable Laws.

(b) *Powers of the Administrator.* Subject to the provisions of the Plan, and in the case of a Committee, subject to the specific duties delegated by the Board to such Committee, the Administrator shall have the authority, in its discretion:

(i) to select the Service Providers to whom Awards or Options may be granted hereunder;

(ii) to determine the number of shares of Common Stock or other amounts to be covered by each Award or Option granted hereunder and to determine the amount, if any, of cash payment to be made to an Awardee;

(iii) to approve forms of agreements for use under the Plan;

(iv) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Award or Option granted hereunder. Such terms and conditions include, but are not limited to, the exercise price, the time or times when Options may be exercised (which may be based on performance criteria), the time or times when Awards vest (which may be based on performance criteria), any vesting acceleration or waiver of forfeiture restrictions, and any restriction or limitation regarding any Award or Option or the shares of Common Stock relating thereto, based in each case on such factors as the Administrator, in its sole discretion, shall determine;

(v) to construe and interpret the terms of the Plan and Awards granted pursuant to the Plan;

(vi) to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to sub-plans established for the purpose of satisfying applicable foreign laws;

(vii) to modify or amend each Award or Option (subject to Section 15(c) of the Plan), including the discretionary authority to extend the post-termination exercisability period of Options longer than is otherwise provided for in the Plan; provided, however, that except in connection with a corporate transaction involving the company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding awards may not be amended to reduce the exercise price of outstanding Options or Stock Appreciation Rights or cancel outstanding Options or Stock Appreciation Rights in exchange for other Awards or Options or Stock Appreciation Rights with an exercise price that is less than the exercise price of the original Options or Stock Appreciation Rights, without the approval of the Company's shareholders; provided further, however, that the Administrator shall not have the discretionary authority to accelerate or delay issuance of Shares under an Option or Award that constitutes a deferral of compensation within the meaning of Section 409A of the Code, except to the extent that such acceleration or delay may, in the discretion of the Administrator, be effected in a manner that will not cause any person to incur taxes, interest or penalties under Section 409A of the Code;

(viii) to allow Awardees or Optionees to satisfy withholding tax obligations by electing to have the Company withhold from the Shares to be issued upon exercise of an Option or vesting of an Award that number of Shares having a Fair Market Value equal to the minimum amount required to be withheld. The Fair Market Value of the Shares to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined. All elections by an Awardee or Optionee to have Shares withheld for this purpose shall be made in such form and under such conditions as the Administrator may deem necessary or advisable;

(ix) to authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Award or Option previously granted by the Administrator; and

(x) to make all other determinations deemed necessary or advisable for administering the Plan.

(c) *Effect of Administrator's Decision.* The Administrator's decisions, determinations and interpretations shall be final and binding on all Awardees and Optionees and any other holders of Awards or Options.

5. *Eligibility.* Nonstatutory Stock Options and Awards may be granted to Service Providers. Incentive Stock Options may be granted only to Employees of the Company or a Parent or Subsidiary of the Company.

#### 6. *Limitations.*

(a) Each Option shall be designated in the Option Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Optionee during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds \$100,000, such Options shall be treated as Nonstatutory Stock Options. For purposes of this Section 6(a), Incentive Stock Options shall be taken into account in the order in which they were granted. The Fair Market Value of the Shares shall be determined as of the time the Option with respect to such Shares is granted.

(b) Neither the Plan nor any Award or Option shall confer upon an Awardee or Optionee any right with respect to continuing that individual's relationship as a Service Provider with the Company, nor shall they interfere in any way with the Awardee's or Optionee's right or the Company's right to terminate such relationship at any time, with or without cause.

(c) The following limitations shall apply to grants of Awards and Options:

(i) No Service Provider shall be granted, in any fiscal year of the Company, Options and Awards covering more than 600,000 Shares.

(ii) In connection with his or her initial service, a Service Provider may be granted Options and Awards covering an additional 900,000 Shares, which shall not count against the limit set forth in subsection (i) above.

(iii) The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 14.

(iv) If an Award or Option is cancelled in the same fiscal year of the Company in which it was granted (other than in connection with a transaction described in Section 14), the cancelled Option or Award will be counted against the limits set forth in subsections (i) and (ii) above.

7. *Stock Options.* The Administrator is authorized to make grants of Options to any Service Provider on the terms stated below.

(a) *Term.* The term of each Option shall be ten (10) years from the date of grant or such shorter term as may be provided in the Option Agreement. However, in the case of an Incentive Stock Option granted to an Optionee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option shall be five (5) years from the date of grant or such shorter term as may be provided in the Option Agreement.

(b) *Exercise Price.* The per share exercise price for the Shares to be issued pursuant to exercise of an Option shall be determined by the Administrator, subject to the following:

(i) In the case of an Incentive Stock Option

(A) granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be no less than 110% of the Fair Market Value per Share on the date of grant.

(B) granted to any Employee other than an Employee described in paragraph (A) immediately above, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant.

(ii) In the case of a Nonstatutory Stock Option, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant.

Notwithstanding the foregoing, Options may be granted with a per Share exercise price of less than 100% of the Fair Market Value per Share on the date of grant pursuant to a merger or consolidation of or by the Company with or into another corporation, the purchase or acquisition of property or stock by the Company of another corporation, any spin-off or other distribution of stock or property by the Company or another corporation, any reorganization of the Company, or any partial or complete liquidation of the Company, if such action by the Company or other corporation results in a significant number of Employees being transferred to a new employer or discharged, or in the creation or severance of the Parent-Subsidiary relationship.

(c) *Waiting Period and Exercise Dates.* At the time an Option is granted, the Administrator shall fix the period within which the Option may be exercised and shall determine any conditions that must be satisfied before the Option may be exercised.

(d) *Form of Consideration.* The Administrator shall determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator shall determine the acceptable form of consideration at the time of grant. Such consideration may consist entirely of:

(i) cash;

(ii) check;

(iii) promissory note;

(iv) other Shares which, in the case of Shares acquired directly or indirectly from the Company, have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised;

(v) consideration received by the Company under a cashless exercise program approved by the Company;

(vi) a reduction in the amount of any Company liability to the Optionee, including any liability attributable to the Optionee's participation in any Company-sponsored deferred compensation program or arrangement;

(vii) any combination of the foregoing methods of payment; or

(viii) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws.

(e) *Procedure for Exercise; Rights as a Shareholder.* Any Option granted hereunder shall be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Option Agreement. Unless the Administrator provides otherwise, vesting of Awards and Options granted hereunder shall be suspended during any unpaid leave of absence to the extent permitted under Applicable Laws. An Option may not be exercised for a fraction of a Share.

An Option shall be deemed exercised when the Company (or its designated agent) receives: (i) written or electronic notice of exercise (in accordance with the Option Agreement) from the person entitled to exercise the Option or such person's authorized agent, and (ii) full payment for the Shares with respect to which the Option is exercised. Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Option Agreement and the Plan. Shares issued upon exercise of an Option shall be issued in the name of the Optionee. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. The Company shall issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 14 of the Plan.

Exercising an Option in any manner shall decrease the number of Shares thereafter available, both for purposes of the Plan and for delivery under the Option, by the number of Shares as to which the Option is exercised.

(f) *Termination of Relationship as a Service Provider.* If an Optionee ceases to be a Service Provider, other than upon the Optionee's death or Disability, the Optionee may exercise his or her Option within such period of time as is specified in the Option Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement). In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for three (3) months following the Optionee's termination. If an Optionee ceases to be a Service Provider, for any reason, all unvested Shares covered by his or her Option shall be forfeited. If, on the date of termination, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination, the Optionee does not exercise his or her Option within the time specified by the Administrator, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(g) *Disability of Optionee.* If an Optionee ceases to be a Service Provider as a result of the Optionee's Disability, the Optionee may exercise his or her Option within such period of time as is specified in the Option Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement). In the absence of a specified

time in the Option Agreement, the Option shall remain exercisable for twelve (12) months following the Optionee's termination. The Administrator may authorize Dividend Equivalents to be paid on

Following the completion of each Performance Period, the Committee shall certify in writing whether the applicable Performance Goals have been achieved for such Performance Period. In determining the amount earned by a Covered Employee, the Administrator shall have the right to reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Administrator may deem relevant to the assessment of individual or corporate performance for the Performance Period.

(d) *Payment of Performance-Based Awards.* Unless otherwise provided in the applicable Award Agreement, an Awardee must be employed by the Company or a Subsidiary or Affiliate on the day a Performance-Based Award for the appropriate Performance Period is paid to the Awardee. Furthermore, an Awardee shall be eligible to receive payment pursuant to a Performance-Based Award for a Performance Period only if the Performance Goals for such period are achieved.

(e) *Additional Limitations.* Notwithstanding any other provision of the Plan, any Award which is granted to a Covered Employee shall be subject to any additional limitations set forth in Section 162(m) of the Code (including any amendment to Section 162(m) of the Code) or any regulations or rulings issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Section 162(m)(4)(C) of the Code, and the Plan shall be deemed amended to the extent necessary to conform to such requirements.

12. *Other Awards.* The Administrator is authorized under the Plan to make any other Award to a Service Provider that is not inconsistent with the provisions of the Plan and that by its terms involves or might involve the issuance of (i) Shares, (ii) a right with an exercise or conversion privilege related to the passage of time, the occurrence of one or more events, or the satisfaction of performance criteria or other conditions, or (iii) any other right with the value derived from the value of the Shares.
