PROSPECTUS SUMMARY

This summary provides an overview of selected information about us and this offering. It does not contain all of the information that you should consider before making a decision to invest in our Class A common stock. You should read carefully this registration statement and prospectus, and the documents incorporated by reference in this registration statement and prospectus, in their entirety before investing in our Class A common stock, especially the information under Risk Factors.

Our Company

Our primary business is the production and sale of electric energy, capacity and ancillary services from our fleet of eighteen operating power plants in six states totaling approximately 12,300 Megawatts of generating capacity. We are focused on being a reliable, low-cost producer of electricity and provider of services in the power generation business.

LS Power Transactions

We consummated our transactions (the LS Power Transactions) with LS Power Partners, L.P. and certain of its affiliates (collectively, LS Power) in two parts, with the issuance of \$235 million of notes by our subsidiary, Dynegy Holdings Inc. (DHI), on December 1, 2009, and the remainder of the transactions closing on November 30, 2009. At closing, we received \$936 million, in cash, net of closing costs. Of the proceeds, \$547 million related to the disposition of assets, including our interest in a project under construction in Texas (the Sandy Creek Project). We also received \$175 million from the release of restricted cash on our consolidated balance sheets that was used to support our funding commitment to the Sandy Creek Project and \$214 million for the issuance of the notes by DHI. In addition, we received 245 million shares of our Class B common stock from LS Power. In exchange, we sold to LS Power five peaking and three combined-cycle generation assets, as well as our remaining interest in the Sandy Creek Project, and DHI issued the notes to an affiliate of LS Power.

The remaining 95 million shares of our Class B common stock held by LS Power were converted into the same number of shares of our Class A common stock, representing approximately 15 percent of our Class A common stock outstanding. In March 2010, LS Power sold 12,525,149 shares of our Class A common stock. As a result, LS Power currently holds 82,474,851 shares of our Class A common stock. This shelf registration statement relates to the offer and sale of all of these remaining Class A shares by LS Power. See Selling Stockholders.

In connection with the LS Power Transactions, Dynegy and LS Power entered into a new shareholder agreement (the Shareholder Agreement), which, among other things, generally restricts LS Power from increasing its now-reduced ownership for up to 30 months. Dynegy and LS Power have also terminated the original shareholder agreement, dated September 14, 2006, which provided LS Power with special approval rights, board representation and certain other rights associated with the former Class B shares.

For additional information regarding the LS Power Transactions, see our Annual Report on Form 10-K for the fiscal year ended December 31, 2009, which is incorporated herein by reference.

Reverse Stock Split

On March 2, 2010, our board of directors unanimously adopted and approved an amendment and restatement to our Amended and Restated Certificate of Incorporation to effect a reverse stock split of our outstanding Class A common stock at a reverse split ratio of 1-for-5 and to proportionately decrease the number of shares of our authorized capital stock. The amendment and restatement to our Amended and Restated

Table of Contents

Certificate of Incorporation to effect the reverse stock split must be approved by our stockholders and has been submitted for their approval at our 2010 Annual Meeting of Stockholders to be held on May 21, 2010. For additional information regarding the reverse stock split and the potential advantages and disadvantages thereof, see our Definitive Proxy Statement filed on April 5, 2010, which is incorporated herein by reference.

RISK FACTORS

An investment in our Class A common stock involves risks. Before deciding whether to purchase our Class A common stock, you should consider the risks discussed below or elsewhere in this prospectus, and those set forth in our Annual Report on Form 10-K for the year ended December 31, 2009 that we have incorporated by reference in this prospectus. Additional risks and uncertainties not presently known to us or that we currently believe to be immaterial may also have a material adverse effect on our business, financial condition or results of operations.

We do not expect to pay any cash dividends for the foreseeable future.

We do not anticipate paying any cash dividends to our stockholders for the foreseeable future. Accordingly, you may have to sell some or all of your Class A common stock in order to generate cash flow from your investment. You may not receive a gain on your investment when you sell our Class A common stock and may lose some or the entire amount of your investment. Any determination to pay dividends in the future will be made at the discretion of our Board of Directors and will depend on our results of operations, financial conditions, contractual restrictions, restrictions imposed by applicable law and other factors our Board of Directors deems relevant.

Our stock price may fluctuate substantially, which will affect the prices at which the shares may be sold in the future.

The market price of our Class A common stock has fluctuated in the past and is likely to continue to fluctuate in the future. Factors that could affect our stock price include, but are not limited to, the following:

changes in commodity pricing and generation volumes;

environmental matters, including those related to regulation of air emissions, water emissions, coal combustion byproducts and greenhouse gas emissions;

general conditions in the power generation market;

the effectiveness of our business strategy;

weather and general economic conditions;

variations in our operating results;

changes in revenue or earnings estimates; and

publication of research reports by analysts.

The stock market in general has experienced extreme volatility that has often been unrelated to the operating performance of particular companies. These broad market fluctuations may adversely affect the trading price of our Class A common stock. In particular, we cannot assure you that you will be able to resell your shares at or above the price per share that you pay in this offering.

The price of our Class A common stock may be adversely affected by the issuance and sale of our Class A common stock or by our announcement that such issuances and sales may occur.

Edgar Filing: DYNEGY INC. - Form S-3ASR

We cannot predict the size of future issuances or sales of our Class A common stock, or the effect, if any, that such issuances or sales may have on the market price of our Class A common stock. The issuance and sale of substantial amounts of common stock, or announcement that such issuances and sales may occur, could adversely affect the market price of our Class A common stock.

USE OF PROCEEDS

We will not receive any proceeds from the sale of shares by the selling stockholders. See [Selling Stockholders](#) and [Plan of Distribution](#).

Table of Contents**SELLING STOCKHOLDERS**

In connection with our transactions with LS Power in 2007, we issued to LS Power 340,000,000 shares of our Class B common stock. Thereafter, we filed a shelf registration statement covering the resale on a delayed or continuous basis of our Class A common stock issuable to LS Power and certain of its affiliates upon conversion of the shares of Class B common stock (the Prior Registration Statement). In the LS Power Transactions, LS Power and its affiliates surrendered 245 million shares of our Class B common stock and converted the remaining 95 million shares of our Class B common stock into the same number of shares of our Class A common stock. In March 2010, LS Power sold 12,525,149 shares of our Class A common stock. As a result, LS Power currently holds 82,474,851 shares of our Class A common stock. See Summary LS Power Transactions for additional information. The Prior Registration Statement terminated on April 5, 2010, and is being replaced with this shelf registration statement, which registers the 82,474,851 shares of our Class A common stock that may still be offered for resale by LS Power and certain of its affiliates, who are identified as the selling stockholders herein.

Prior to the consummation of the LS Power Transactions, the selling stockholders owned all of our issued and outstanding Class B common stock and three of their representatives served as directors on our Board of Directors. In addition, we were a party to a shareholders agreement with the selling stockholders, which provided the selling stockholders with significant influence over us and our business. See Summary LS Power Transactions for additional information.

The selling stockholders may resell the shares that are the subject of this prospectus only in the manner contemplated under the Plan of Distribution.

The shares offered by this prospectus may be offered from time to time by the selling stockholders and the selling stockholders may sell some, all or none of their shares. We do not know how long the selling stockholders will hold the shares before selling them. Other than the Shareholders Agreement and the Registration Rights Agreement between us and the selling stockholders dated September 14, 2006, as amended to date, we do not currently have any agreements, arrangements or understandings with the selling stockholders regarding the sale of any of the shares.

The following table sets forth for each selling stockholder:

the name of each stockholder;

the number and percent of shares beneficially owned prior to the offering for resale of the shares under this prospectus;

the number of shares registered for sale for the account of each stockholder under this prospectus (representing all of the shares that such selling stockholder may offer under this prospectus); and

the number and percent of shares to be beneficially owned after this offering is completed, assuming all of such stockholder's shares are sold.

These dispositions may be at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, at varying prices determined at the time of sale, or at negotiated prices.

The selling stockholders have informed us that they may use any one or more of the following methods when disposing of shares or interests therein:

sales on the New York Stock Exchange (or any other exchange on which the shares may be listed);

sales on the over-the-counter market;

ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

block trades in which the broker-dealer will attempt to sell the shares as agent, but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

an exchange distribution in accordance with the rules of the applicable exchange;

privately negotiated transactions;

broker-dealers agreeing with the selling stockholders to sell a specified number of such shares at a stipulated price per share;

a combination of any such methods of sale; and

any other method permitted pursuant to applicable law and company insider trading policies.

Each of the selling stockholders reserves the right to accept and, together with its agents from time to time, to reject, in whole or in part, any proposed purchase of our Class A common stock to be made directly or through agents. We will not receive any of the proceeds from this offering.

The selling stockholders also may resell all or a portion of the shares in open market transactions in reliance upon Rule 144 under the Securities Act, provided that they meet the criteria and conform to the requirements of that rule.

Any broker-dealers or agents that participate in the sale of our Class A common stock or interests therein may be underwriters within the meaning of Section 2(11) of the Securities Act. Any discounts, commissions, concessions or profit they earn on any resale of the shares may be underwriting discounts and commissions under the Securities Act. Edgar Filing: DYNEGY INC. - Form S-3ASR

In accordance with the terms of the Shareholder Agreement, the selling stockholders generally cannot transfer shares to a person if following such transfer such person or its affiliates would collectively own 15 percent or more of our total outstanding Class A common stock at such time.

We have borne and will bear substantially all of the costs, expenses and fees in connection with the registration and sale of the shares, other than any commissions, discounts or other fees payable to broker-dealers in connection with any sale of shares, which will be borne by the selling stockholders selling such shares of our Class A common stock.

Table of Contents

In order to comply with the securities laws of some states, if applicable, our Class A common stock may be sold in these jurisdictions only through registered or licensed brokers or dealers. In addition, in some states our Class A common stock may not be sold unless it has been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

The selling stockholders may be subject to the anti-manipulation rules of Regulation M, which may limit the timing of purchases and sales of shares of our Class A common stock by such selling stockholders. We will make copies of this prospectus (as it may be amended from time to time) available to the selling stockholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act.

We plan to keep the registration statement continuously effective and usable for the resale of the registrable shares covered thereby for approximately one year. However, we may, subject to prior notice to the selling stockholders, voluntarily suspend the effectiveness of the registration statement for a reasonable period of time (but not in excess of 45 days in the aggregate, of which no more than 30 days may be consecutive) if, in the opinion of our counsel, we would be required to disclose in the registration statement information not otherwise then required by law to be publicly disclosed and, in the good faith judgment of our board of directors, such disclosure is reasonably likely to adversely affect any material business transaction or negotiation in which we are then engaged.

Item 15. Indemnification of Directors and Officers.

The following discussion summarizes the material indemnification provisions of Section 145 of the General Corporation Law of the State of Delaware (the "DGCL") and the registrant's amended and restated certificate of incorporation.

Pursuant to Section 145 of the DGCL, the registrant generally has the power to indemnify its current and former directors, officers, employees and agents against expenses and liabilities that they incur in connection with any suit to which they are, or are threatened to be made, a party by reason of their serving in such positions so long as they acted in good faith and in a manner they reasonably believed to be in, or not opposed to, the registrant's best interests and, with respect to any criminal action, had no reasonable cause to believe their conduct was unlawful. Section 145 of the DGCL expressly provides that the power to indemnify or advance expenses authorized thereby is not exclusive of any rights granted under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office. Moreover, Section 145 of the DGCL provides that the registrant has the power to purchase and maintain insurance on behalf of its current and former directors, officers, employees and agents.

The registrant's amended and restated certificate of incorporation provides mandatory indemnification to any party who is or was a director or officer of the registrant or who is or was serving as a director or officer of another entity at the request of the registrant to the fullest extent permitted by the DGCL. The registrant's amended and restated certificate of incorporation also provides that any indemnification will be made in a specific case only as authorized by the registrant's board of directors, a committee of the board of directors, independent legal counsel, or the stockholders, upon a determination that indemnification is proper in the circumstances because the indemnitee met the applicable standard of conduct set forth in the registrant's amended and restated certificate of incorporation. However, if a current or former director or officer has been successful in the defense of any covered action or proceeding, such person will be indemnified against expenses actually and reasonably incurred.

Item 17. Undertakings.

We hereby undertake:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement: (i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933; (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; *provided, however*, that clauses (i), (ii) and (iii) do not apply if the information required to be included in a post-effective amendment by those clauses is contained in reports filed with or furnished to the Commission by us pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, (i) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and (ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the

registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of us pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by us of expenses incurred or paid by a director, officer or controlling person of us in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
