PROXY STATEMENT

Our board of directors is soliciting your proxy for the annual meeting of stockholders to be held at the Houston Club, which is located at 811 Rusk Avenue, Houston, Texas 77002, on Tuesday, June 15, 2010 at 10:00 a.m. and at any and all adjourned sessions of the annual meeting.

We are mailing our annual report for the fiscal year ended December 31, 2009, to our stockholders with this notice and proxy statement (including the form of proxy) on or about April 28, 2010.

Record Date and Quorum Requirements

Only stockholders of record at the close of business on April 20, 2010 will be entitled to vote at the annual meeting. The majority of the shares of common stock issued and outstanding and entitled to vote on the record date must be present in person or by proxy to have a quorum for the transaction of business at the annual meeting. Shares of common stock present in person or represented by proxy (including shares which abstain, withhold the vote or do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum exists for a matter presented at the annual meeting. At the close of business on April 20, 2010, we had 31,080,772 shares of common stock issued and outstanding. Each share of common stock is entitled to one vote.

Voting Your Shares and Votes Required

Your vote is very important. If you do not vote your shares, you will not have an impact with respect to the issues to be voted on at this annual meeting. In addition, banks and brokers cannot vote on their clients' behalf on non-routine proposals.

In order to be elected as directors, each of the nominees for director must receive a plurality of the votes cast at the annual meeting. Approval of the ratification of the selection of GBH CPAs, PC as our independent registered public accounting firm for the 2010 fiscal year will require the affirmative vote of a majority of the shares of common stock present or represented by proxy at the annual meeting.

Shares that abstain from voting on a particular proposal, and shares held in street name by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares on a particular proposal, will not be counted as votes in favor of such proposal, and will also not be counted as votes cast or shares voting on that proposal. Accordingly, abstentions and broker non-votes will have no effect on the voting on a proposal that requires the affirmative vote of a certain percentage of the votes cast or shares voting on a proposal. However, abstentions are considered to be present or represented in determining whether a quorum exists on a given matter.

Submitting Your Proxy

If you complete and submit your proxy, the persons named as proxies will vote the shares represented by your proxy in accordance with your instructions. If you submit a proxy card but do not fill out the voting instructions on the proxy card, the persons named as proxies will vote the shares represented by your proxy as follows:

FOR the election of the director nominee; and

FOR the ratification of the selection of GBH CPAs, PC as our registered public accounting firm.

To ensure that your vote is recorded promptly, please vote as soon as possible. To vote by proxy, please complete, sign and mail the proxy card in the enclosed postage-paid envelope.

Stockholders that attend the annual meeting and wish to vote in person will be given a ballot at the meeting. If your shares are held in street name and you want to attend the annual meeting, you must bring an account statement or letter from the brokerage firm or bank holding your shares showing that you were the beneficial owner of the shares on the record date. If you want to vote shares that are held in street name or are otherwise not registered in your name, you will need to obtain a legal proxy from the holder of record and present it at the annual meeting.

Revoking or Changing Your Proxy

You may revoke or change your proxy at any time before it is voted. For a stockholder of record, meaning one whose shares are registered in his or her own name, to revoke or change a proxy, the stockholder may follow one of the procedures listed below.

submit another properly signed proxy, which bears a later date;

deliver a written revocation to our corporate secretary; or

attend the annual meeting or any adjourned session thereof and vote in person.

If you are a beneficial owner of our common stock, and not the stockholder of record (for example your common stock is registered in street name with a brokerage firm), you must follow the procedures required by the holder of record, which is usually a brokerage firm or bank, to revoke or change a proxy. You should contact the stockholder of record directly for more information on these procedures.

Other Information

We will bear the expense of soliciting proxies. Our officers and certain other employees, without additional remuneration, may solicit proxies personally or by telephone, e-mail or other means.

Our Annual Report on Form 10-K for the year ended December 31, 2009, which is not part of the proxy soliciting materials, is included with this Proxy Statement.

Employment Arrangements and Plans

Employment Agreements and Compensation Practices

We do not have employment agreements with any of our executive officers or employees.

Compensation of our executive officers, including base salary, bonuses and equity awards, is fixed annually by our Compensation Committee. The committee takes into consideration the recommendations of the chief executive officer with respect to the executive officers who report to

Edgar Filing: HOUSTON AMERICAN ENERGY CORP - Form DEF 14A

him. Such executive officers are not present at the time of these deliberations. The committee may accept or adjust such recommendations. With respect to the chief executive officer, the committee may consult with the chief executive officer but the chief executive officer will not be present at the time of deliberations and the compensation committee will make the sole determination of compensation.

Our current compensation practices and procedures are intentionally simplistic at this time in recognition of the small number of employees and the company's historic preference for minimizing cash outlays. As a result, the company has not, as yet, adopted any formal cash bonus plans or any retirement plans, instead relying on equity compensation and event specific cash bonuses as a principal element of both compensation and motivation of its executive officers. In particular, wealth creation aspects of equity have served as both an avenue for rewarding overall company performance and as a means of creating wealth accumulation.

In fixing compensation, the committee chooses to pay each element of compensation, including compensation under any bonus plans we may adopt, in order to attract and retain the necessary executive talent, reward annual performance and provide incentive for their balanced focus on long-term strategic goals as well as short-term performance. The amount of each element of compensation will be determined by or under the direction of the committee taking into account industry compensation practices and using the following factors to determine the amount of salary and other benefits to pay each executive:

performance against corporate and individual objectives for the previous year;

difficulty of achieving desired results in the coming year;

value of their unique skills and capabilities to support long-term performance of the company;

performance of their general management responsibilities; and

contribution as a member of the executive management team.

These elements fit into our overall compensation objectives by helping to secure the future potential of our operations, facilitating our development of oil and gas reserves, providing proper compliance and regulatory guidance, and helping to create a cohesive team.

During 2007, our Compensation Committee retained Deloitte Consulting LLP, outside independent compensation consultants, to provide a survey of compensation practices for similarly situated companies and to provide broad recommendations regarding the compensation of our CEO and CFO. We may retain outside compensation consultants in the future to provide advice with respect to our compensation practices.

Equity Incentive Plans

Our board of directors and shareholders have adopted our the Houston American Energy Corp. 2005 Stock Option Plan (the "2005 Plan") and the Houston American Energy Corp. 2008 Equity Incentive Plan (the "2008 Plan" and, together with the 2005 Plan, the "Plans").

Under the 2005 Plan, 500,000 shares of common stock are reserved for issuance pursuant to stock options. Under the 2008 Plan, 2,200,000 shares of common stock are reserved for issuance pursuant to grants of stock options and restricted stock. The Plans are administered by our Compensation Committee and provide that key employees, consultants and directors are eligible to participate therein.

Post-Employment Compensation

Pension Benefits

We do not maintain any retirement plans or otherwise provide any retirement benefits of any nature for our executives or employees.

Termination or Change in Control Payments

All of our employees, including our executive officers, are employees-at-will and as such do not have employment contracts with us and we have no agreements, written or oral, to provide any payments to our executives or employees upon termination or a change-in-control.

Compensation Practices and Risk Management

Our board and Compensation Committee believe that there are no risks of material adverse effects on our company arising from our compensation practices and policies as they relate to risk management practices and risk-taking incentives.

- (1) Mr. John Terwilliger, a director and officer of our company, has been omitted from this table since he receives no compensation for serving on our board.
- (2) Reflects the grant date fair value calculated in accordance with FASB ASC Topic 718. The Company's FASB ASC Topic 718 assumptions used in these calculations are set forth in Note 4 to the Financial Statements included in the Company's annual report on Form 10-K filed with the SEC on March 29, 2010.
- (3) The following are the aggregate number of option awards outstanding that have been granted to each of our non-employee directors as of December 31, 2009, the last day of the 2009 fiscal year: Mr. Boylan: 30,000; Mr. Broun: 36,666; Mr. Hartzell: 36,666; and Mr. Tawes: 36,666.

Standard Director Compensation Arrangements

We compensate non-employee members of the board through a mixture of cash and equity-based compensation. Each non-employee director receives an annual retainer of \$6,000, payable in quarterly installments of \$1,500, for his services as a director. Each committee member receives an annual retainer of \$2,000 per committee served on, payable in quarterly installments of \$500 per committee. In addition, the chairman of the audit committee receives an annual retainer of \$2,500 payable in quarterly installments of \$625 and the chairmen of all other committees receive annual retainers of \$1,500 payable in quarterly installments of \$375. We also reimburse expenses incurred by non-employee directors to attend board and committee meetings.

On the date of the initial appointment or election of each non-employee director, the non-employee director receives a stock option grant to purchase 20,000 shares of our common stock at a price equal to the fair market value of our common stock on the date of grant. On the date of each annual meeting of stockholders following initial appointment or election, each non-employee director that stands for reelection and is reelected receives an annual stock option grant to purchase 10,000 shares of our common stock at a price equal to the fair market value of our common stock on the date of grant.

During 2009, the board made non-standard option grants to Messrs. Broun, Hartzell and Tawes in order to reflect the lack of option grants in the initial years of board service of each and to equalize the option holdings of each based on periods of service.

Directors who are also our employees do not receive cash or equity compensation for service on the board in addition to compensation payable for their service as employees of Houston American Energy.

CORPORATE GOVERNANCE

The Board and Board Meetings

The board consists of five directors. During the fiscal year ended December 31, 2009, the board held a total of 10 meetings. Each director, other than Edwin Broun III, attended at least 75% of the total number of meetings of the board and at least 75% of the meetings of all committees on which he served. Our corporate governance guidelines, which were adopted in March 2007, provide that directors are expected to attend the annual meeting of stockholders. All of our directors attended our 2009 annual meeting of stockholders.

Board Independence

The board has determined that each of the directors, with the exception of Messrs. Terwilliger and Tawes, qualify as independent as defined by applicable Nasdaq and SEC rules. In making this determination, the board has concluded that none of these members has a relationship that, in the opinion of the board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Stephen Hartzell has served as lead director since March 2007 and presides over meetings of the independent directors.

Board Committees

The board currently has, and appoints members to, two standing committees: the audit committee and the compensation committee. Each member of these committees is independent as defined by applicable Nasdaq and SEC rules. Each of the committees has a written charter approved by the board. The current members of the committees are identified below:

Director	Audit	Compensation
John Boylan	ü (Chair)	ü (Chair)
Edwin Broun III	ü	ü
Stephen Hartzell	ü	ü

Audit Committee

The audit committee is composed of three independent directors, Messrs. Boylan, Broun and Hartzell, each of whom meets the independence and financial literacy requirements as defined by applicable Nasdaq and SEC rules. The audit committee assists the board in its general oversight of our financial reporting, internal controls, legal compliance, ethics programs and audit functions, and is directly responsible for the appointment, evaluation, retention and compensation of the registered public accounting firm. The board has determined that Mr. Boylan qualifies as an audit committee financial expert in accordance with the applicable rules and regulations of the SEC.

The audit committee acts under the terms of a written charter initially adopted in May 2006. A copy of the audit committee charter is attached to the Proxy Statement filed with the SEC on April 19, 2007. The audit committee met four times during the fiscal year ended December 31, 2009. For more information regarding the audit committee, please refer to the Report of Audit Committee beginning on page 15.

Compensation Committee

The compensation committee, which is appointed by the board, is composed of three non-employee independent directors as defined by applicable Nasdaq rules. The committee is responsible for establishing and administering the policies that govern both annual compensation and equity ownership. It reviews and approves salaries, bonus and incentive compensation, perquisites, equity compensation, and all other forms of compensation for our executive officers, including the chief executive officer. The compensation committee is

also responsible for reviewing and administering our incentive compensation plans, equity incentive programs and other benefit plans. It periodically reviews and makes recommendations to the board with respect to director compensation.

The compensation committee acts under the terms of a written charter adopted in May 2006. A copy of the compensation committee charter is attached to the Proxy Statement filed with the SEC on April 19, 2007. The compensation committee held one meeting during the fiscal year ended December 31, 2009.

Nomination of Directors

The board of directors does not maintain a standing nominating committee. Instead, the board has adopted, by resolution, a process of nominating directors wherein nominees must be selected, or recommended for the board's selection, by a majority of the independent directors with independence determined in accordance with Nasdaq standards. Because of the relatively small size of the board and the current demands on the independent directors, the board determined that the nomination process would best be carried out, while maintaining the independence of the nominating process, by drawing upon the resources of all board members with the requirement that nominees be selected by a majority of the independent directors.

In the event of a vacancy on the board, the process followed by the independent directors in nominating and evaluating director candidates includes requests to board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the board.

In considering whether to recommend any particular candidate for inclusion in the board's slate of recommended director nominees, the independent directors apply criteria adopted by the board. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, experience, diligence, absence of conflicts of interest and the ability to act in the interests of all stockholders. No specific weights are assigned to particular criteria and no particular criterion is a prerequisite for each prospective nominee. The Board does not have a formal policy with respect to diversity of nominees. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will best allow the board to fulfill its responsibilities.

The board may utilize the services of a search firm to help identify candidates for director who meet the qualifications outlined above.

Stockholders may recommend individuals to the independent directors for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our common stock for at least a year as of the date such recommendation is made, to Independent Directors, c/o Corporate Secretary, Houston American Energy Corp, 801 Travis St., Suite 1425, Houston, Texas 77002. Assuming that appropriate biographical and background material has been provided on a timely basis, the stockholder-recommended candidates will be evaluated by following substantially the same process, and applying substantially the same criteria, as it follows for candidates recommended by our board or others. If the board determines to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in the proxy card for the next annual meeting.

Stockholders also have the right under our bylaws to directly nominate director candidates, without any action or recommendation on the part of the board, by following the procedures set forth under "Deadline for Submission of Stockholder Proposals for the 2011 Annual Meeting" on page 17. Candidates nominated by stockholders in accordance with the procedures set forth in the bylaws will not be included in our proxy card for the next annual meeting.

Communicating with the Independent Directors

Our board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. Our lead director, Mr. Hartzell, is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he considers appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the lead director, with the assistance of our counsel, considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the board should address such communications to Houston American Energy Corp, Board of Directors, c/o Corporate Secretary, 801 Travis St., Suite 1425, Houston, Texas 77002.

Board Leadership Structure and Risk Oversight Role

Our Chief Executive Officer also serves as Chairman of our Board of Directors. As noted, Stephen Hartzell presently serves as our Lead Independent Director. We believe that such a leadership structure is appropriate for our company given the small size of our company and our need to control costs and facilitate rapid response to market opportunities.

Our Board provides high level oversight with respect to our risk management activities, consisting principally of interfacing with management with regard to proper risk management policies and implementation of those policies. In general, the Board familiarizes itself with the risk management policies being pursued and the actual transactions carried out in that regard so as to assure that the policy is sound and the transactions undertaken are consistent with the policy. Given our position as a non-operator of our various properties, decisions regarding entry into derivative instruments to manage commodity price risk is typically vested in the property operators and, therefore, the Board believes that our company and management has little discretion with regard to risk management transactions.

Code of Conduct and Ethics

We have adopted a written code of conduct and ethics that applies to all our directors, officers and employees, including our chief executive officer and our chief financial and accounting officer. A current copy of the code can be found as an exhibit to our Current Report on Form 8-K, dated July 5, 2006 as filed with the SEC on July 6, 2006, located at www.sec.gov. In addition, we intend to post on our website or file under cover of Form 8-K all disclosures that are required by law or Nasdaq listing standards concerning any amendments to, or waivers from, any provision of the code.

SECTION 16(a) BENEFICIAL OWNERSHIP

REPORTING COMPLIANCE

Section 16(a) of the Exchange Act, or Section 16(a), requires that directors, executive officers and persons who own more than ten percent of any registered class of a company's equity securities, or reporting persons, file with the SEC initial reports of beneficial ownership and report changes in beneficial ownership of common stock and other equity securities. Reporting persons holding our stock are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file.

Based solely on our review of copies of these reports, and written representations from such reporting persons, we believe that all filings required to be made by reporting persons of our stock were timely filed for the year ended December 31, 2009 in accordance with Section 16(a).

RELATIONSHIP WITH INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Change in Independent Registered Public Accounting Firm

On January 16, 2009, we dismissed Malone & Bailey as our independent registered public accounting firm and appointed GBH CPAs, PC as our independent registered public accounting firm.

For the year ended December 31, 2007, Malone & Bailey's report contained no adverse opinion or any disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope or accounting principle.

During the year ended December 31, 2007, and through January 16, 2009, there were no disagreements (as described under Item 304(a)(1)(iv) of Regulation S-K) with Malone & Bailey on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to Malone & Bailey's satisfaction, would have caused Malone & Bailey to make reference thereto in their report on our financial statements for such year.

During the year ended December 31, 2007, and through January 16, 2009, there were no reportable events (as such term is defined in Item 304(a)(1)(v) of Regulation S-K) except that Malone & Bailey advised us of material weaknesses in our internal control over financial reporting as of December 31, 2007.

During the year ended December 31, 2007, and through January 16, 2009, we did not consult with GBH CPAs, PC regarding any of the matters or events set forth in Item 304(a)(2)(i) or (ii) of Regulation S-K.

Report of Audit Committee

The audit committee is responsible for assessing the information provided by management and our registered public accounting firm in accordance with its business judgment. Management is responsible for the preparation, presentation and integrity of our financial statements and for the appropriateness of the accounting principles and reporting policies that are used. Management is also responsible for testing the system of internal controls, and reports to the audit committee on any deficiencies found. Our registered public accounting firm was responsible for auditing the financial statements and for reviewing the unaudited interim financial statements.

The audit committee reviewed with our registered public accounting firm the overall scope and plan of the audit. In addition, it met with our registered public accounting firm, with and without management present, to discuss the results of GBH CPAs, PC's examination, the evaluation of our system of internal controls, the overall quality of our financial reporting and such other matters as are required to be discussed under generally accepted auditing standards. The audit committee has also received from, and discussed with, our registered public accounting firm the matters required to be discussed by Statement on Auditing Standards 61 (Communication with Audit Committees).

The audit committee discussed with GBH CPAs, PC that firm's independence from management and our company, including the matters in the written disclosures and the letter required by the Independence Standards Board Standard No. 1. The audit committee has also considered the compatibility of audit related and tax services with the auditors' independence.

In fulfilling its oversight responsibilities, the audit committee has reviewed and discussed the audited financial statements in the Annual Report on Form 10-K for the year ended December 31, 2009 with both management and our registered public accounting firm. The audit committee's review included a discussion of the quality and integrity of the accounting principles, the reasonableness of significant estimates and judgments, and the clarity of disclosures in the financial statements.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board, and the board has approved, that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2009 for filing with the SEC.

By the Audit Committee of the Board of Directors:

John Boylan, Audit Committee Chair

Edwin Broun III, Audit Committee Member

Stephen Hartzell, Audit Committee Member

Pre-Approval Policies and Procedures

The audit committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our registered public accounting firm. This policy generally provides that we will not engage our registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by the audit committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

From time to time, the audit committee may pre-approve specific types of services that are expected to be provided by our registered public accounting firm during the next 12 months. Any such pre-approval is detailed as to the particular services to be provided and is also generally subject to a maximum dollar amount.

The committee's practice is to consider for approval, at its regularly scheduled quarterly meetings, all audit and non-audit services proposed to be provided by our registered public accounting firm. In situations where a matter cannot wait until the next regularly scheduled committee meeting, the chairman of the committee has been delegated authority to consider and, if appropriate, approve audit and non-audit services or, if in the chairman's judgment it is considered appropriate, to call a special meeting of the committee for that purpose.

HOUSEHOLDING OF ANNUAL MEETING MATERIALS

Some banks, brokers and other nominee record holders may be participating in the practice of householding. This means that only one copy of our annual report and proxy statement will be sent to stockholders who share the same last name and address. Householding is designed to reduce duplicate mailings and save significant printing and postage costs.

If you receive a household mailing this year and would like to receive additional copies of our annual report and/or proxy statement, please submit your request in writing to: Houston American Energy Corp., 801 Travis St., Suite 1425, Houston, Texas 77002, Attention: Secretary or by calling Houston American Energy at (712) 222-6966. Any stockholder who wants to receive separate copies of the proxy statement in the future, or who is currently receiving multiple copies and would like to receive only one copy for his or her household, should contact his or her bank, broker, or other nominee record holder.

DEADLINE FOR SUBMISSION OF STOCKHOLDER PROPOSALS

FOR THE 2011 ANNUAL MEETING

We must receive a notice regarding stockholder nominations for director or other business at our corporate headquarters not less than 70 days nor more than 90 days prior to the first anniversary of the prior year's stockholder meeting, provided, however, that in the event we do not publicly announce the date of the applicable annual meeting by mail, press release or otherwise more than 70 days prior to the meeting, we must receive the notice no later than the tenth day following the day on which such announcement of the date of the meeting is made. Any such notice must contain certain specified information concerning the persons to be nominated or proposed business and the stockholder submitting the nomination or business, all as set forth in our by-laws. We have not publicly announced the date of the 2010 annual meeting prior to the mailing of this notice and proxy statement.
