**Press Release**

**Managing Director of Case Construction Machinery Shanghai Receives White Magnolia Award**

**SHANGHAI, China** - (December 17th, 2010) Howard Dale, Managing Director of Case Construction Machinery Shanghai Co Ltd (CCMS), received today the White Magnolia Award from Li Ming-Jun, Director for Foreign Business of Shanghai City, at a ceremony held in the Xijiao State Guest Hotel. This prestigious award is one of the top honors presented by the Shanghai Municipal Government to foreign business people and wholly owned foreign enterprises in recognition for their contribution to the city's economic performance, international relations, business environment, management standards and community development.

It is a great honor and privilege to accept the prestigious White Magnolia Award, said Howard Dale. The white magnolia, Shanghai's flower, symbolizes the city's pioneering and entrepreneurial spirit, which powered its remarkable growth in the past decade. This award also recognizes our company's contribution to the city of Shanghai and China. For this, I would like to express my personal appreciation for the unfailing support of all CCMS employees.

Established in 1999 as a wholly owned foreign enterprise, CCMS is part of CNH Global NV, a world leading equipment manufacturer belonging to the Fiat Group. Case opened the local market for compact construction equipment and went on to lead the Chinese backhoe loader and skid steer loader markets. In addition to holding these leadership positions, Case holds a strong presence in the emergency utility, oil field, and road and bridge industry sectors. The brand also introduced its successful CX Excavator range into the Chinese market, where it has been very well received. With its strong focus on after sales parts and service, Case supports its customers throughout the territory with a network of 108 outlets and a fleet of over 300 sales and service vehicles, creating more than 1,100 jobs through its nationwide distribution network.

CNH strongly believes in the great potential of the Chinese market and since our establishment in 1999 we have invested heavily in building and developing business for our Case brand in this country. With the support of the Fiat Group and the considerable resources available to CNH Global and CNH International, we are committed to maintaining the growth of our business in China, and to continuing to contribute to Shanghai's economic performance, added Howard Dale.

Howard Dale is located in the Waigaoqiao Free Trade Zone, Pudong, at CNH's Asia Pacific regional hub for Construction Equipment.
