Item 7.01 Regulation FD Disclosure.

On February 7, 2011, Strategic Hotels & Resorts, Inc. (the Company) issued a press release to announce that the Company closed a definitive agreement to recapitalize the joint venture that owns the Hotel del Coronado (the Transaction). Under the terms of the Transaction, a new joint venture has been established between the Company, Blackstone Real Estate Advisors (Blackstone) and KSL Resorts (KSL) to invest cash in the asset and to convert a portion of the existing debt into equity. The recapitalization values the hotel at approximately \$590 million including repayment of the indebtedness that previously encumbered the property, in addition to customary working capital adjustments. Based on this valuation, which represents a 6.5% capitalization rate on forecasted 2011 NOI and a 13.6 times multiple of forecasted 2011 EBITDA adjusted for one-time restructuring fees, the Company believes this investment provides an opportunity to earn an attractive return and is immediately accretive to its financial results.

Pursuant to the terms of the Transaction, Blackstone will become the general partner of the new joint venture with a 60% ownership interest. The Company, which will continue to serve as asset manager of the hotel, and KSL Resorts, the hotel operator, remain limited partners with approximately 34.3% and 5.7% ownership stakes, respectively. In connection with the recapitalization, the Company acquired the stake of an affiliate of Kohlberg Kravis Roberts & Co. (KKR) in the prior joint venture.

The Company's total investment into the new joint venture was funded through a combination of its share of \$8.5 million of available cash from the previous joint venture and \$57.7 million of cash drawn from the Company's revolving credit facility. This includes the purchase of KKR's ownership interest and is net of a \$1.7 million financing fee earned as part of the recapitalization.

As part of the recapitalization, Deutsche Bank originated a \$425 million, five-year debt financing at a weighted average rate of LIBOR plus 480 basis points, subject to a 1% LIBOR floor. After year three of the loan, the final two one-year extensions require payment to the lender of a 25 basis point extension fee. Additionally, the joint venture purchased a 2%, two-year LIBOR cap at closing as required by the loan.

For its asset management services, the Company will earn a quarterly asset management fee equal to 1% of gross revenue, certain development fees and, when applicable, an incentive fee equal to 1/3 of the incentive fee paid to KSL Resorts under its hotel management agreement.

The previous joint venture, formerly owned by the Company (45%), KKR (41%) and KSL (14%) paid off in full or otherwise reached agreement with its lenders for discounted pay-offs or conversion of debt to equity.

As part of the new joint venture with Blackstone, the Company and KSL, as the prior owners, will earn a profit based incentive fee of 20% of all distributions to the new joint venture that exceed both a 20% internal rate of return and a two times return on invested equity. The Company will receive 85.8% of this profit based incentive fee.
