PROXY STATEMENT FOR THE ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON MONDAY, SEPTEMBER 12, 2011

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the **Board**) of OPNET Technologies, Inc., a Delaware corporation (the **Company**), of proxies for use at the Annual Meeting of Stockholders to be held at the principal executive offices of the Company, 7255 Woodmont Avenue, Bethesda, Maryland 20814, on September 12, 2011 at 10:00 a.m., local time, and at any adjournments thereof (the **Annual Meeting**).

All executed proxies will be voted in accordance with the stockholders' instructions, and if no choice is specified, executed proxies will be voted in favor of the matters set forth in the accompanying Notice of Meeting. Any proxy may be revoked by a stockholder at any time before its exercise by delivery of written revocation or a subsequently dated proxy to the Secretary of the Company or by voting in person at the Annual Meeting. Attendance at the Annual Meeting will not itself be deemed to revoke a proxy unless the stockholder gives affirmative notice at the Annual Meeting that the stockholder intends to revoke the proxy and vote in person.

The Board has fixed July 19, 2011 as the record date (the **Record Date**) for determining holders of the Company's common stock, \$0.001 par value per share (the **Common Stock**), who are entitled to vote at the Annual Meeting. At the close of business on the Record Date, there were outstanding and entitled to vote an aggregate of 22,392,580 shares of Common Stock. Each share of Common Stock entitles the record holder thereof to one vote on each of the matters to be voted on at the Annual Meeting.

QUESTIONS AND ANSWERS ABOUT PROXY MATERIAL AND VOTING

What is the Notice of Internet Availability of Proxy Materials and why am I receiving it?

We are providing access to our proxy materials in a fast and efficient manner via the Internet. Accordingly, on July 28, 2011, we began mailing a Notice of Internet Availability of Proxy Materials (the **Notice**) to all stockholders of record as of the close of business on the Record Date, and posted our proxy materials on the Website referenced in the Notice (www.proxyvote.com). As more fully described in the Notice, all stockholders may choose to access our proxy materials on the Website referred to in the Notice. In addition, the Notice and Website provide information regarding how you may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis.

What am I voting on?

There are four matters scheduled for a vote:

Proposal 1, the election of two Class II directors to hold office until the 2014 Annual Meeting of Stockholders;

Proposal 2, the advisory approval of the compensation of the Company's named executive officers, as disclosed in this proxy statement, in accordance with Securities and Exchange Commission (**SEC**) rules;

Edgar Filing: OPNET TECHNOLOGIES INC - Form DEF 14A

Proposal 3, the advisory indication of the preferred frequency of stockholder advisory votes on the compensation of the Company's named executive officers; and

Proposal 4, the ratification of the Audit Committee's appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending March 31, 2012.

Will any other matters be voted on?

We do not know of any other matters that will be brought before the stockholders for a vote at the Annual Meeting. If any other matter is properly brought before the meeting, your signed or electronic proxy card gives authority to each of Marc A. Cohen, Mel F. Wesley and Dennis R. McCoy to vote on such matters in their discretion.

How do I vote?

You may either vote For the two nominees to the Board of Directors or you may Withhold your vote for either nominee you specify. With regard to the advisory vote on how frequently we should solicit stockholder advisory approval of executive compensation, you may vote for any one of the following: one year, two years or three years, or you may abstain from voting on that matter. For each of the other matters to be voted on, you may vote For or Against or abstain from voting.

The procedures for voting are fairly simple:

Stockholders of Record

If you are a stockholder of record, you may vote in person at the Annual Meeting, by proxy on the Internet or by using a proxy card that you may request or that we may elect to deliver at a later time. Whether or not you plan to attend the meeting, we urge you to vote using one of the methods listed below to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

To vote by proxy on the Internet, follow the instructions in the Notice or go to www.proxyvote.com to complete an electronic proxy card. You will be asked to provide the company number and control number from the Notice. Your vote must be received by 11:59 p.m. Eastern time on September 11, 2011 to be counted.

To vote using the proxy card, simply complete, sign and date the proxy card that may be delivered and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

Street Name Holders

Shares which are held in a brokerage account in the name of the broker, rather than in your own name, are said to be held in street name. If your shares are held in street name, simply follow the voting instructions in the Notice to ensure that your vote is counted. Alternatively, you may vote by proxy on the Internet as instructed by your broker or bank. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank, or contact your broker or bank to request a proxy form.

We provide Internet proxy voting to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

Who is entitled to vote at the meeting?

Only stockholders of record at the close of business on the Record Date are entitled to receive notice of and to participate in the Annual Meeting. If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the meeting, or any postponements or adjournments of the meeting.

How many votes do I have?

You will have one vote for every share of our Common Stock you owned at the close of business on the Record Date.

How many votes can be cast by all stockholders?

A total of 22,392,580 votes may be cast at the meeting, consisting of one vote for each share of our Common Stock outstanding on the Record Date.

How many votes must be present to hold the meeting?

The holders of a majority of the aggregate voting power of our Common Stock outstanding on the Record Date, or 11,196,291 votes, must be present in person, or by proxy, at the meeting in order to constitute a quorum necessary to conduct the meeting.

If you vote, your shares will be part of the quorum. Abstentions and broker non-votes will also be counted in determining the quorum. A broker non-vote occurs when a bank or broker holding shares in street name submits a proxy that states that the broker does not vote for some or all of the proposals, because the broker has not received instructions from the beneficial owner on how to vote on the proposals and does not have discretionary authority to vote in the absence of instructions.

We urge you to vote by proxy even if you plan to attend the meeting so that we will know as soon as possible that a quorum has been achieved.

How many votes are needed to approve each proposal?

For Proposal 1, the election of directors, the two nominees receiving the most For votes from the holders of shares present in person or represented by proxy and entitled to vote on the election of directors will be elected. Only votes For or Withheld will affect the outcome.

For Proposal 2, the advisory approval of the compensation of our named executive officers will be considered to be approved if it receives For votes from the holders of a majority of shares cast on the matter.

For Proposal 3, the advisory vote on the frequency of stockholder advisory votes on executive compensation, the frequency receiving the highest number of For votes from the holders of shares present in person or represented by proxy and entitled to vote on the matter will be considered the frequency preferred by the stockholders.

For Proposal 4, the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm must receive For votes from the holders of a majority of the shares cast on the matter.

Shares as to which the holder abstains from voting as to a particular matter, and shares held in street name by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter, will not be counted as votes in favor of such matter, and will also not be counted as shares voting on such matter. Accordingly, abstentions and broker non-votes will have no effect on the voting on any of the matters that require the affirmative vote of a certain percentage of the votes cast or the shares voting on the matter, such as Proposals 2 and 4. Abstentions and broker non-votes will also have no effect on the voting on Proposals 1 and 3.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting.

Can I change my vote or revoke my proxy?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

You may submit another properly completed proxy card with a later date.

You may grant a subsequent proxy through the Internet.

You may send a timely written notice that you are revoking your proxy to the Company's Secretary at 7255 Woodmont Avenue, Bethesda, Maryland 20814.

You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy. Your most recent proxy card or Internet proxy vote is the one that is counted. If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

Who can attend the Annual Meeting?

Any stockholder of record as of the close of business on the Record Date may attend the meeting. If you own shares in street name, you should ask your broker or bank for a legal proxy to bring with you to the meeting. If you do not receive the legal proxy in time, bring your most recent brokerage statement so that we can verify your ownership of our stock and admit you to the meeting. However, you will not be able to vote your shares at the meeting without a legal proxy.

What if I return a proxy card or otherwise vote but do not make specific choices?

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable:

For the election of both nominees for director;

For the advisory approval of executive compensation;

For Every 1 Year in the vote for the preferred frequency of advisory votes to approve executive compensation; and

For the ratification of the selection by the Board of Directors of Deloitte & Touche LLP as our independent registered public accounting firm for our fiscal year ending March 31, 2012.

If any other matter is properly presented at the meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares in accordance with the recommendation of management.

Who pays for the proxy solicitation and how will we solicit votes?

We will bear all costs of soliciting proxies. In addition to solicitations by mail, our directors, officers and regular employees may, without additional remuneration, solicit proxies by telephone, e-mail, facsimile and personal interviews, and we reserve the right to retain outside agencies for the purpose of soliciting proxies. We will also request brokers, custodians and fiduciaries to forward the proxy soliciting material to the owners of stock held in their names, and, as required by law, we will reimburse them for their out-of-pocket expenses in this regard.

Is a list of stockholders available?

A list of stockholders entitled to vote at the Annual Meeting will be available at our principal executive offices, during normal business hours, for a period of ten days prior to the Annual Meeting and at the Annual Meeting itself for examination by any stockholder.

How do I find out the voting results?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results. After the Form 8-K is filed, you may obtain a copy by visiting the SEC's Website or our Website or by contacting our Investor Relations department by calling (240) 497-3000.

PROPOSAL 1 ELECTION OF DIRECTORS

The Company has a classified Board currently consisting of one Class I director, two Class II directors and two Class III directors. The Class I, Class II and Class III directors will serve until the annual meeting of stockholders to be held in 2013, 2011 and 2012, respectively, and until their respective successors are duly elected and qualified. At each annual meeting of stockholders, directors are elected for a full term of three years to succeed those directors whose terms are expiring.

Shares represented by executed proxies will be voted to elect Alain J. Cohen and Steven G. Finn as Class II directors, unless authority to vote for either Mr. Cohen or Dr. Finn is withheld by such proxies. The Class II directors will be elected to hold office until the 2014 annual meeting of stockholders (subject to the election and qualification of their successors and to their earlier death, resignation or removal).

Both Mr. Cohen and Dr. Finn have indicated their willingness to serve, if elected, but if either nominee should be unable to serve, the person acting under the proxy may vote the proxy for a substitute nominee designated by the Board. The Board has no reason to believe that either Mr. Cohen or Dr. Finn will be unable to serve if elected.

The two nominees receiving the most For votes from the holders of shares present in person or represented by proxy and entitled to vote on the election of directors will be elected as Class II directors. Abstentions and broker non-votes will have no effect.

For each member of the Board whose term of office as a director continues after the Annual Meeting, including Mr. Cohen and Dr. Finn, there follows information given by that director concerning his principal occupation and business experience for at least the past five years, the names of other publicly held companies of which he currently serves or has served during the past five years as a director and his age and length of service as a director of the Company. There are no family relationships among any of the directors, nominees for director and executive officers of the Company, except that Marc A. Cohen and Alain J. Cohen are brothers. Information with respect to the number of shares of Common Stock beneficially owned by each director and the nominee for director, directly or indirectly, as of June 30, 2011 appears under the heading Security Ownership of Certain Beneficial Owners and Management.

The biographies below include information, as of the date of this proxy statement, regarding the specific and particular experience, qualifications, attributes or skills of each nominee that led the Board to believe that the nominee should continue to serve on the Board. INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Board Determination of Independence

As required under the NASDAQ listing standards, a majority of the members of a listed company's Board of Directors must qualify as independent, as affirmatively determined by the Board of Directors. Consistent with these considerations, after review of all relevant identified transactions or relationships between each

director, or any of his family members, and the Company, the Company's senior management and independent registered public accounting firm, the Board has affirmatively determined that Messrs. Kaiser and Stasior and Dr. Finn are independent directors within the meaning of the applicable NASDAQ listing standards. In making this determination, the Board found that none of these directors had a material or other disqualifying relationship with us.

Board Meetings and Attendance

The Board met five times (including by teleconference) during fiscal 2011. Each director attended at least 75% of the aggregate of the meetings of the Board and meetings of the committees on which he then served.

Director Attendance at the Annual Meeting

The Board does not have a policy with regard to attendance by directors at annual meetings. Two of the directors attended the 2010 annual meeting of stockholders.

Board Leadership Structure

The Company's Board of Directors is currently chaired by the Chief Executive Officer of the Company, Marc Cohen. The Board has also appointed Mr. Stasior as lead independent director.

The Company believes that combining the positions of Chief Executive Officer and Board Chair helps to ensure that the Board and management act with a common purpose. In the Company's view, separating the positions of Chief Executive Officer and Board Chair has the potential to give rise to divided leadership, which could interfere with cohesive decision-making or weaken the Company's ability to develop and implement strategy. Instead, the Company believes that combining the positions of Chief Executive Officer and Board Chair provides a single, clear chain of command to execute the Company's strategic initiatives and business plans. In addition, the Company believes that a combined Chief Executive Officer/Board Chair is better positioned to act as a bridge between management and the Board, facilitating the regular flow of information. The Company also believes that it is advantageous to have a Board Chair with an extensive history with and knowledge of the Company (as is the case with the Company's Chief Executive Officer).

The Board appointed Mr. Stasior as the lead independent director to help reinforce the independence of the Board as a whole. The position of lead independent director has been structured to serve as an effective balance to a combined Chief Executive Officer and Board Chair. The lead independent director is empowered to, among other duties and responsibilities, approve agendas and meeting schedules for regular Board meetings, preside over Board meetings in the absence of the Board Chair, preside over and establish the agendas for meetings of the independent directors, act as liaison between the Board Chair and the independent directors, approve information sent to the Board, preside over any portions of Board meetings at which the evaluation or compensation of the Chief Executive Officer is presented or discussed and, as appropriate, upon request, act as a liaison to stockholders. In addition, it is the responsibility of the lead independent director to coordinate between the Board and management with regard to the determination and implementation of responses to any problematic risk management issues. As a result, the Company believes that the lead independent director can help ensure the effective independent functioning of the Board in its oversight responsibilities. In addition, the Company believes that the lead independent director is better positioned to build a consensus among directors and to serve as a conduit between the other independent directors and the Board Chair, for example, by facilitating the inclusion on meeting agendas of matters of concern to the independent directors. In light of the Chief Executive Officer's extensive history with and knowledge of the Company, and because the Board's lead independent director is empowered to play a significant role in the Board's leadership and in reinforcing the independence of the Board, the Company believes that it is advantageous for the Company to combine the positions of Chief Executive Officer and Board Chair.

Role of the Board in Risk Oversight

One of the Board's key functions is informed oversight of the Company's risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various Board standing committees that address risks inherent in their respective areas of oversight. In particular, the Board is responsible for monitoring and assessing strategic risk exposure, including a determination of the nature and level of risk appropriate for the Company. The Audit Committee has the responsibility to consider and discuss the major financial risk exposures to the Company and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also monitors compliance with legal and regulatory requirements. The Nominating Committee monitors the effectiveness of our corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct. The Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking. The Board and its committees receive regular reports from members of senior management on areas of material risk to the Company.

Board Committees

The Board has established three standing committees—Audit, Compensation and Nominating—each of which operates under a charter that has been approved by the Board.

The Board has determined that each member of each committee is independent within the meaning of the NASDAQ listing standards and that each member is free of any relationship that would impair his individual exercise of independent judgment with regard to the Company. At least annually, the Board reviews the NASDAQ listing standards definition of independence for Audit Committee members and has determined that all members of the Audit Committee are independent.

Audit Committee

The Audit Committee is currently composed of Messrs. Kaiser and Stasior and Dr. Finn. The Board has determined that Mr. Kaiser qualifies as an audit committee financial expert, as defined in applicable SEC rules. The Audit Committee met five times (including by teleconference) during fiscal 2011. The functions of the Audit Committee include:

appointing the Company's independent auditors;

reviewing the independence of the independent auditors;

reviewing the annual audit plan of the independent auditors, the results of the independent audit and the report and recommendations of the independent auditors;

evaluating the adequacy of the Company's internal financial and accounting processes and controls; and

reviewing with management and the independent auditors the annual and interim financial statements of the Company.

A copy of the charter of the Audit Committee is available in the Investor Relations section under the About Us tab of the Company's website at www.opnet.com.

Compensation Committee

The Compensation Committee, which is currently composed of Messrs. Kaiser and Stasior and Dr. Finn, reviews executive salaries, administers the Company's bonus, incentive compensation and stock plans, and approves the salaries and other benefits of the Company's executive officers. In addition, the Compensation Committee consults with the Company's management regarding the Company's benefit plans and compensation

policies and practices. The Compensation Committee met twice during fiscal 2011. A copy of the charter of the Compensation Committee is available in the Investor Relations section under the About Us tab of the Company's website at www.opnet.com.

Nominating Committee

The Nominating Committee is currently composed of Messrs. Kaiser and Stasior and Dr. Finn. The Nominating Committee met once during fiscal 2011. The function of the Nominating Committee is to recommend to the Board the persons to be nominated for election as directors at any meeting of stockholders.

Director Candidates

Except where the Company is legally required to provide third parties the right to nominate directors, the Nominating Committee is responsible for recommending to the Board all nominees for election as directors at any meeting of stockholders and the persons to be elected by the Board to fill any vacancies on the Board. Stockholders have the right under the Company's Bylaws to directly nominate director candidates, without any action or recommendation on the part of the Board, by following the procedures set forth under Stockholder Proposals for 2012 Annual Meeting.

The criteria for selecting all director nominees are specified in the charter of the Nominating Committee. In selecting director nominees for recommendation to the Board, the Nominating Committee considers: i) the nominee's reputation for integrity, honesty and adherence to high ethical standards, ii) the nominee's demonstrated business acumen, financial literacy, experience and ability to exercise sound judgments in matters that relate to the current and long-term objectives of the Company and iii) whether the nominee is willing and able to contribute positively to the decision-making process of the Company. A copy of the charter of the Nominating Committee is available in the Investor Relations section under the About Us tab of the Company's Website at www.opnet.com.

In addition to those factors specified in its charter, the Nominating Committee typically considers diversity, age, skills and such other factors as it deems appropriate given the current needs of the Board and the Company, to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the Nominating Committee reviews these directors' overall service to the Company during their terms, including the number of meetings attended, level of participation, quality of performance and any other relationships and transactions that might impair the directors' independence.

PROPOSAL 2 ADVISORY VOTE ON EXECUTIVE COMPENSATION

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act (the *Dodd-Frank Act*), and Section 14A of the Securities Exchange Act of 1934, as amended (the *Exchange Act*), our stockholders are now entitled to vote to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement.

The compensation of our named executive officers subject to the vote is disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related narrative disclosure contained in this proxy statement. As discussed in those disclosures, we believe that our compensation policies and decisions are focused on pay-for-performance principles and strongly aligned with our stockholders' interests. Compensation of our named executive officers is designed to enable us to attract, motivate and retain talented and experienced executives to lead our company successfully in a competitive environment.

Accordingly, the Board is asking the stockholders to indicate their support for the compensation of our named executive officers as described in this proxy statement by casting a non-binding advisory vote **FOR** the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and any related information disclosed in this proxy statement, is hereby APPROVED.

Because the vote is advisory, it is not binding on us or the Board of Directors. Nevertheless, the views expressed by the stockholders, whether through this vote or otherwise, are important to management and the Board and, accordingly, the Board and the Compensation Committee intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements.

Advisory approval of this proposal requires the vote of the holders of a majority of votes cast on the matter. Abstentions and broker non-votes will have no effect.

THE BOARD OF DIRECTORS RECOMMENDS

A VOTE IN FAVOR OF PROPOSAL 2.

**PROPOSAL 3 ADVISORY VOTE ON THE FREQUENCY OF SOLICITATION OF
ADVISORY STOCKHOLDER APPROVAL OF EXECUTIVE COMPENSATION**

The Dodd-Frank Act and Section 14A of the Exchange Act also enable our stockholders to indicate their preference regarding how frequently we should solicit a non-binding advisory vote, similar to Proposal 2, on the compensation of our named executive officers as disclosed in our proxy statements. Accordingly, we are asking stockholders to indicate whether they would prefer an advisory vote every year, every two years or every three years. Alternatively, stockholders may abstain from casting a vote. For the reasons described below, the Board recommends that the stockholders select a frequency of every one year.

After careful consideration, our Board of Directors has determined that holding an advisory vote on executive compensation every year is the most appropriate policy for the Company at this time, and recommends that stockholders vote for future advisory votes on executive compensation to occur every year. While the Company's executive compensation programs are designed to promote a long-term connection between pay and performance, the Board of Directors recognizes that executive compensation disclosures are made annually. Given that the say-on-pay advisory vote provisions are new, holding an annual advisory vote on executive compensation provides the Company with more direct and immediate feedback on our compensation disclosures. However, stockholders should note that because the advisory vote on executive compensation occurs well after the beginning of the compensation year, and because the different elements of our executive compensation programs are designed to operate in an integrated manner and to complement one another, in many cases it may not be appropriate or feasible to change our executive compensation programs in consideration of any one year's advisory vote on executive compensation by the time of the following year's annual meeting of stockholders. We believe that an annual advisory vote on executive compensation is consistent with our practice of seeking input and engaging in dialogue with our stockholders on corporate governance matters (including the Company's practice of annually providing stockholders the opportunity to ratify the Audit Committee's selection of independent auditors) and our executive compensation philosophy, policies and practices.

Accordingly, the Board is asking stockholders to indicate their preferred frequency of soliciting advisory stockholder approval of the compensation of the Company's named executive officers once every one, two or three calendar years.

While the Board believes that its recommendation to conduct these advisory votes on executive compensation every year is appropriate at this time, the stockholders are not voting to approve or disapprove that recommendation, but are instead asked to indicate their preferences, on an advisory basis, as to whether the non-binding advisory vote on the approval of the Company's executive officer compensation practices should be held every year, every other year or every three years. The option among those choices that receives the highest number of votes from the holders of shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be deemed to be the frequency preferred by the stockholders. Abstentions and broker-non votes will have no effect.

The Board and the Compensation Committee value the opinions of the stockholders in this matter, and the Board intends to hold say-on-pay votes in the future in accordance with the alternative that receives the most stockholder support, even if that alternative does not receive the support of a majority of the shares present and entitled to vote.

Unless otherwise instructed, validly executed proxies will be voted for Every 1 Year on Proposal 3.

THE BOARD OF DIRECTORS RECOMMENDS

A VOTE IN FAVOR OF EVERY 1 YEAR FOR PROPOSAL 3.

PROPOSAL 4 RATIFICATION OF SELECTION OF INDEPENDENT**REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has selected Deloitte & Touche LLP (*Deloitte*) as the Company's independent registered public accounting firm for the fiscal year ending March 31, 2012 and has further directed that management submit the selection of the independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. Representatives of Deloitte are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Approval of the ratification of the selection of Deloitte as the Company's independent registered public accounting firm requires the vote of the holders of a majority of votes cast on the matter. Abstentions and broker non-votes will have no effect.

Neither the Company's Bylaws nor other governing documents or law require stockholder ratification of the selection of Deloitte as the Company's independent registered public accounting firm. However, the Audit Committee is submitting the selection of Deloitte to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Independent Registered Public Accounting Firm Fees and Other Matters

The following table sets forth aggregate fees billed by Deloitte, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates, for fiscal 2011 and fiscal 2010.

	Fiscal 2011 (\$)	Fiscal 2010 (\$)
Audit Fees (1)	936,000	891,000
Audit Related Services (2)	2,000	2,000
Tax Compliance Fees (3)	534,000	482,000
Tax Advisory Fees (4)	120,000	114,000
Total Fees	1,592,000	1,489,000

- (1) Audit fees include services rendered for the audit of our annual financial statements, reviews of our quarterly financial statements, international statutory audits, and other fees related to our SEC filings and other accounting consultations.
- (2) Audit related services include fees related to subscribing to Deloitte's on-line research tool.
- (3) Tax compliance fees include services related to the preparation of the U.S. federal tax returns, tax returns in overseas countries in which we do business and various state and local tax returns.
- (4) Tax advisor fees include services related to tax examination assistance, tax research and tax planning services in the countries in which we do business.

The Audit Committee of the Board has considered whether the provision by Deloitte, the member firms of Deloitte Touche Tohmatsu and their respective affiliates of the non-audit services listed above is compatible with maintaining Deloitte's independence. The Audit Committee has determined that the rendering of the services other than audit services by Deloitte, the member firms of Deloitte Touche Tohmatsu and their respective affiliates is compatible with maintaining the principal accountant's independence.

All services and fees described above were approved by the Audit Committee.

Pre-Approval Policy and Procedures

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services other than de minimis services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services, and may be subject to a specific budget. The independent auditors and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval policy, and the related amounts of fees for services performed. The Audit Committee may also pre-approve particular services on a case-by-case basis.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE IN FAVOR OF PROPOSAL 4.

To the Company's knowledge, based solely on its review of the copies of such reports filed by the Reporting Persons furnished to the Company and on the representations of the Reporting Persons, the Company believes that during the fiscal year ended March 31, 2011 the Reporting Persons complied with all Section 16(a) filing requirements, except that Mr. Stasior filed one Form 4 three days late.

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis relates to our executive compensation program for the fiscal year ended March 31, 2011.

Compensation Philosophy

The goals of the Board and the Compensation Committee with respect to executive compensation are to align compensation with business objectives and performance, to enable us to attract, retain and reward executive officers and other key employees who contribute to our long-term success, and to establish an appropriate relationship between executive compensation and the creation of long-term stockholder value. To meet these goals, the Compensation Committee has adopted a mix among the compensation elements of salary, cash bonus and equity awards.

The Board and the Compensation Committee also believe that the compensation of the Chief Executive Officer and the other executive officers should be based to a substantial extent on our company-wide performance and on the executive officer's individual performance. Generally, when establishing salaries, bonus levels and stock awards for executive officers, the Compensation Committee considers: (i) our financial performance during the past year and recent quarters, (ii) the individual's performance during the past year and recent quarters and (iii) the salaries of executive officers in similar positions of companies of comparable size and capitalization and other companies within the network and application performance management software industry.

Historically, the most important company-wide performance factors considered by the Compensation Committee have been revenue, revenue growth, profitability and operating cash flow. The Compensation Committee has typically evaluated these measures against our operating budget for the related year. The Compensation Committee also considers the individual performance of each executive officer, based on subjective assessments of his performance during the past year and recent quarters. Historically, the Compensation Committee did not have a practice of establishing formal performance goals for each executive at the beginning of a year and then measuring his performance against those goals at the end of the year or the end of each quarter. Instead, the Compensation Committee historically made a subjective determination of individual performance after the period was concluded. Because each of the executive officers has responsibilities that affect us on a company-wide basis, the Compensation Committee has typically measured their performance primarily on the basis of our achievement of company-wide goals and has given relatively less consideration to individual performance factors.

For fiscal 2011, the Compensation Committee established a new non-discretionary cash incentive bonus program described below, with the goal of adding more formality and predictability to the establishment of cash bonuses for our named executive officers. This program established specific company-wide financial performance goals for our company and provided a specific formula for determining executive bonuses based on the company's performance against those goals.

While the Compensation Committee did not formally benchmark our compensation to that of other companies in fiscal 2011, the Compensation Committee does informally consider competitive market practices by speaking to recruitment agencies and reviewing publicly available information relating to compensation of executives at other companies in our industry and other data available to it.

Compensation Components

The four major components of our executive officer compensation program are (i) base salary, (ii) annual incentive awards in the form of cash bonuses, (iii) long-term, equity-based incentive awards, and (iv) employee benefits, such as 401(k) matching payments and health and life insurance. The Compensation Committee has not

adopted any formal or informal policy for allocating compensation between long-term and short-term compensation or between cash and non-cash compensation. We view each of the elements of our compensation program as related but distinct. Our decisions about each individual element do not necessarily affect the decisions we make about other elements. For example, we do not believe that significant compensation derived from one element of compensation should necessarily negate or reduce compensation from other elements.

Base Salary. The Compensation Committee meets periodically to set the base salary levels of our executive officers. When reviewing base salaries the Compensation Committee considers individual and corporate performance, levels of responsibility, prior experience, breadth of knowledge, and competitive pay practices. The Compensation Committee recognizes the importance of maintaining compensation practices and levels of compensation competitive with other software companies in our industry and anticipates reviewing compensation packages at least annually.

The Compensation Committee increased the salaries of our executive officers for fiscal 2011 from their fiscal 2010 levels with a view to bringing them into a range the Compensation Committee considered competitive and appropriate taking into consideration our financial performance and market capitalization. Effective April 2010, the Compensation Committee increased Marc Cohen's and Alain Cohen's annual base salaries from \$325,000 to \$365,000. Effective April 2010, the Compensation Committee increased Mel Wesley's annual base salary from \$220,000 to \$260,000.

Historically, the Compensation Committee has paid an equal amount of salary and other forms of compensation to Marc Cohen and Alain Cohen. This reflects the view of the Compensation Committee that both Marc and Alain Cohen have comparable duties and work closely together as co-managers to oversee our company and therefore their compensation should be equal.

Discretionary Cash Bonus. The Compensation Committee has the authority to award discretionary cash bonuses to our executives from time to time. Our cash bonus program is designed to motivate executives to work effectively to achieve our financial performance objectives and to reward them when objectives are met. The Compensation Committee awarded a cash bonus during fiscal 2011 in the amount of \$30,000 for Mel Wesley. This bonus was part of a larger bonus grant made to a number of key employees in recognition of the strong performance of our company and their collective contribution to that success. We did not grant any cash bonuses to Marc Cohen or Alain Cohen during fiscal 2011.

Cash Incentive Bonus Program

For fiscal 2011, the Compensation Committee adopted a new cash incentive bonus program (the *Formula Bonus Program*) for the named executive officers.

Bonus Program Structure and Metrics

Each of the Chief Executive Officer, President and Chief Financial Officer was eligible to receive cash bonuses under the Formula Bonus Program based on the achievement of threshold levels designated by the Compensation Committee of two specified corporate financial objectives, consisting of revenue and adjusted operating income, during each of the first half of fiscal 2011 and the full fiscal year 2011. The cash bonus had two components, the first of which could be earned upon achievement of both corporate financial objectives for the first half of fiscal 2011 (the *First Half Bonus*) and the second of which could be earned upon achievement of both corporate financial objectives for the full fiscal year (the *Full Year Bonus*), in each case calculated in accordance with formulas set forth in the Formula Bonus Program and described below.

The amount of each participant's First Half Bonus and Full Year Bonus would be determined by multiplying the bonus pool for the relevant period by his applicable participation percentage. The participation percentages were:

Participant	Participation Percentage
Chief Executive Officer	45%
President	45%
Chief Financial Officer	10%

The Compensation Committee set the following corporate financial objectives for the Formula Bonus Program:

Fiscal 2011 Period	Target Revenue (1) \$(thousands)	Target Adjusted Operating Income (2) \$(thousands)
First Half	69,889	5,508
Second Half	75,370	8,338
Total Full Year	145,259	13,846

(1) Revenue was calculated as GAAP revenue as reported for the relevant period in our filings with the SEC.

(2) Adjusted Operating Income was calculated as GAAP operating income as reported for the relevant period in our filings with the SEC, adjusted to exclude any expenses attributable to any payments due or potentially due under the Formula Bonus Program.

Under the Formula Bonus Program, if we achieved the threshold levels of both corporate financial objectives during the first half of fiscal 2011, a first-half bonus pool would be established equal to 10% of the excess of the actual adjusted operating income achieved during the first half of fiscal 2011 over the target adjusted operating income for the same period. Each participant's First Half Bonus amount would be equal to the first-half bonus pool multiplied by the participant's participation percentage. If we did not achieve both corporate financial objectives during the first half of fiscal 2011, no First Half Bonuses would be earned. Each participant would, however, remain eligible to earn the Full Year Bonus based on our cumulative performance during the full fiscal year.

Like the First Half Bonus, the participants would only be eligible for the Full Year Bonus if we achieved the threshold levels of both corporate financial objectives for the full fiscal year 2011. If we achieved the target levels of both corporate financial objectives set by the Compensation Committee and listed above for the full year, a full-year bonus pool would be established equal to 20% of the excess of the actual adjusted operating income achieved during the full fiscal year 2011 over the target adjusted operating income for the same period. Each participant's Full Year Bonus amount would be equal to the full-year bonus pool multiplied by the participant's participation percentage, less the amount of that participant's First Half Bonus, if any. If we did not achieve the threshold levels of both corporate financial objectives for the full fiscal year 2011, no Full Year Bonuses would be earned. If the threshold levels were met for both the First Half Bonus and the Full Year Bonus, but the full-year bonus pool was less than or equal to the first-half bonus pool, no Full Year Bonuses would be earned, but each participant would not forfeit or otherwise be required to repay any amount of his First Half Bonus.

2011 Company Performance and Bonus Payouts

Our ultimate performance with respect to the corporate financial objectives was as follows:

Fiscal 2011 Period	Actual Revenue \$(thousands)	Actual Adjusted Operating Income \$(thousands)
First Half	62,203	6,960
Second Half	80,783	13,105
Total Full Year	147,986	20,065

Based on our performance during the first half of fiscal 2011, we did not achieve the revenue target. Accordingly, even though we did achieve the adjusted operating income target, the participants were not eligible for First Half Bonuses. However, during the full fiscal year 2011, we exceeded the full year targets for both the revenue and the adjusted operating income targets. Accordingly, each participant earned a Full Year Bonus, as described below:

Full-Year Bonus Pool. The full-year bonus pool was calculated as 20% of the excess of the actual adjusted operating income we achieved for the full fiscal year 2011 (\$20,065,000) over the target adjusted operating income for the same period (\$13,846,000). This resulted in an full-year bonus pool of \$1,244,000.

Full Year Bonus Amounts. Each of the Chief Executive Officer and President earned Full Year Bonuses of \$559,702, calculated as each of their participation percentages (45%) multiplied by the full-year bonus pool. The Chief Financial Officer earned a Full Year Bonus of \$124,378, calculated as his participation percentage (10%) multiplied by the full-year bonus pool, all as summarized in the table below.

Participant	First Half Bonus (\$)	Full Year Bonus (\$)
Chief Executive Officer		559,702
President		559,702
Chief Financial Officer		124,378

Equity-Based Incentive Compensation. We use equity-based incentives to provide key employees, including executive officers, with an opportunity to share, along with our stockholders, in the long-term performance of our company. The Compensation Committee believes that a primary goal of the compensation program is to provide key employees who have significant responsibility for the management, growth and future success of our company with the opportunity to participate in the financial gain from price increases in our Common Stock. In addition, the vesting feature of our equity grants should further our goal of executive retention because this feature provides an incentive to our executives to remain in our employ during the vesting period.

Executives are eligible to receive stock options giving them the right to purchase shares of Common Stock in the future at a price equal to the fair market value at the date of grant. Historically, our equity awards typically took the form of stock options. Executives are also eligible to receive grants of restricted stock, and we have begun in recent years to rely much more significantly on restricted stock grants in lieu of stock options. We typically grant restricted stock awards at no cost to the executive. Because the shares have a built-in value at the time the restricted stock grants are made, we generally grant significantly fewer shares of restricted stock than the number of stock options we would grant for a similar purpose.

We also have an equity incentive program whereby we make discretionary quarterly grants of restricted stock to our executives and other key employees. Under this program, following the end of each quarter, the Compensation Committee establishes a bonus pool, denominated in dollars, based primarily on our financial performance for the prior quarter and on other factors. The size of this bonus pool for each quarter, and whether

to have a bonus pool at all, are entirely at the discretion of the Compensation Committee. In determining the amount of the quarterly bonus pool for this purpose, the Compensation Committee considers a variety of factors. The Compensation Committee may consider any factor deemed by it to be relevant and the factors it considers may vary from quarter to quarter. Historically, the primary factor considered each quarter by the Compensation Committee has been our revenue for the prior quarter, but the Compensation Committee has also considered other factors, such as profitability, progress toward profitability, revenue growth rates and cash generation during the prior quarter. The Compensation Committee has primarily evaluated these measures against the amounts contained in our company-wide operating budget established at the beginning of each fiscal year. The Compensation Committee evaluates these measures retrospectively and does not establish particular performance metrics at the beginning of the year or quarter to which the bonus pool will be linked. It has been the practice of the Compensation Committee to limit the overall quarterly bonus pool to no more than 2% of our total revenue for the prior quarter.

Once the amount of the dollar-denominated quarterly bonus pool, if any, is decided, the Compensation Committee then determines its allocation among the executive officers and other key employees. Our Chief Executive Officer identifies proposed recipients of the quarterly bonus pool and makes a recommendation for the allocation of the quarterly bonus pool including himself and Alain Cohen. This recommendation is based primarily on his subjective judgment about the performance of each recipient he is proposing, input from Alain Cohen regarding the performance of those recipients with whom Alain Cohen has substantial interaction during the quarter, and his assessment of competitive pressures impacting the importance of retaining the respective recipients at our company. The Compensation Committee first determines how much of the bonus pool should be allocated to Marc and Alain Cohen, based on its assessment of the overall availability and size of the pool as described above and on its subjective assessment of the relative performance of each in contributing to the factors the Compensation Committee considered in determining the pool. The Compensation Committee then allocates the remainder of the pool to other employees after discussing the Chief Executive Officer's recommendations with him. Historically, because of the direct involvement the Chief Executive Officer has with recipients and his ability to assess each recipient's contribution to company-wide performance, the Compensation Committee has been largely deferential to the recommendations of the Chief Executive Officer with respect to employees who are not executive officers, adjusting his recommendations primarily when it appears to the Compensation Committee that a particular factor of evaluation is over- or under-weighted. In keeping with its views of the relative contributions of Marc and Alain Cohen described above, the Compensation Committee has typically awarded a similar bonus under this program to each of them in any given quarter.

These dollar-denominated bonuses are subsequently translated into a number of shares of restricted stock based on the closing price of our Common Stock as reported on the Nasdaq Global Select Market on the third trading day following our quarterly earnings release, which is also the date of the actual restricted stock grant. Each of these grants to Marc Cohen, Alain Cohen, and Mel Wesley vests as to one-third of the shares on each of the second, third and fourth anniversaries of the grant date. If the executive ceases to be an employee, officer or director of, or consultant or advisor to, us or a parent or subsidiary of ours, any shares that are not then vested are subject to forfeiture without payment to the executive. In the event we experience a change-of-control event, as specified in the 2010 Incentive Plan, these grants automatically become vested in full.

During fiscal 2011, we granted 5,369 shares of restricted stock to Marc Cohen and 1,250 shares to Mel Wesley under this equity incentive program. In its determination not to make any quarterly grants under this program to Alain Cohen in fiscal 2011, the Compensation Committee took into consideration his request that he not receive any grants so that a larger portion of each quarterly bonus pool could be allocated to other key employees. The following table shows the amount of bonuses awarded under the equity incentive program for each quarter in fiscal 2011 to each of the executive officers and to other key employees who received a bonus in the respective quarter.

Name	Q1		Q2		Q3		Q4	
	\$	Shares	\$	Shares	\$	Shares	\$	Shares
Marc A. Cohen	41,309	2,525	0	0	32,361	1,459	48,544	1,385
Alain J. Cohen	0	0	0	0	0	0	0	0
Mel F. Wesley	8,704	532	0	0	10,402	469	8,727	249
Other key employees	450,010	27,772	0	0	1,308,919	52,348	317,588	9,061

The Compensation Committee believes that the structure of this executive incentive plan and the award of these quarterly bonuses in the form of restricted stock promote its overall compensation philosophy. The Compensation Committee views equity grants as meeting a primary goal of the compensation program, which is to provide key employees who have significant responsibility for the management, growth and future success of our company with the opportunity to participate in the financial gain from price increases in our Common Stock. The Compensation Committee believes that equity holdings help to align the interests of key employees with those of our public stockholders. In addition, the Compensation Committee believes that the vesting feature of these equity grants promotes its general goal of executive retention because this feature provides an incentive to the executives to remain with our company during the vesting period. Finally, the Compensation Committee believes that an incentive program that is in part discretionary each quarter, based largely on the recent performance of our company as a whole, is an effective way to motivate key employees and management to act as a team to maximize overall company-wide results.

We currently have a policy of granting equity awards on the third trading day following our earnings release in each quarter. In the case of stock options, we establish the exercise price based on the closing price of our Common Stock as reported on the Nasdaq Global Select Market on the grant date. Likewise, in the case of restricted stock, if the number of shares is being determined on the basis of a dollar-denominated bonus as described above, we translate the dollar-denominated bonus into a number of shares of Common Stock in the same manner.

We do not have any equity ownership guidelines for our executive officers.

Employee Benefits. Our executives are eligible to participate in the same medical, dental, life, disability and accident insurance programs that are available to all of our U.S.-based employees. The executives are also eligible to participate in our 401(k) savings plans on the same terms as all of our U.S.-based employees. Our 401(k) savings plan provides a company match corresponding to the amount contributed by the participant subject to a maximum match of \$3,000 per employee per year. We offer no deferred compensation plan, no traditional pension plan, and no company-paid retiree benefits.

Compliance with Internal Revenue Code Section 162(m)

One or more executive officer's annual compensation may exceed \$1.0 million. Section 162(m) of the Internal Revenue Code of 1986, as amended (the *Code*), denies a federal income tax deduction for specified compensation in excess of \$1.0 million per year paid to the chief executive officer and the three other most highly paid executive officers, other than the chief executive officer, of a publicly traded corporation. Some types of compensation, including compensation based on performance criteria that are approved in advance by stockholders, are excluded from the deduction limit. Our policy is to qualify compensation paid to our executive

officers for deductibility for federal income tax purposes to the extent feasible. However, to retain highly skilled executives and remain competitive with other employers, our Compensation Committee may authorize compensation that would not be deductible under Code Section 162(m) or otherwise if it determines that such compensation is in the best interests of our company and its stockholders.

Accounting Considerations

We account for equity compensation paid to our employees under accounting rules that require us to estimate and record an expense over the service period of the award. Our cash compensation, on the other hand, is recorded as an expense at the time the obligation is accrued. The accounting impact of our executive compensation program is one of many factors that the Compensation Committee considers in determining the size and structure of that program.

Compensation Recovery Policy

We do not have a policy to attempt to recover cash bonus payments paid to our executive officers if the performance objectives that led to the determination of such payments were to be restated, or found not to have been met to the extent the Compensation Committee originally believed. However, as a public company subject to the provisions of Section 304 of the Sarbanes-Oxley Act of 2002, if we are required as a result of misconduct to restate our financial results due to our material noncompliance with any financial reporting requirements under the federal securities laws, our chief executive officer and chief financial officer may be legally required to reimburse us for any bonus or other incentive-based or equity-based compensation they receive. In addition, we will comply with the requirements of the Dodd-Frank Act and will adopt a compensation recovery policy once the SEC adopts final regulations on the subject.

Risk Analysis of Our Compensation Plans

The Compensation Committee has reviewed our compensation risk policies as generally applicable to our employees and believes that our policies do not encourage excessive or unnecessary risk-taking, and that the level of risk that they do encourage is not reasonably likely to have a material adverse effect on our company. The design of our compensation policies and programs encourage our employees to remain focused on both our short-term goals and our long-term goals. For example, while our cash bonus plans measure performance on an annual basis, our equity awards typically vest over a number of years, which we believe encourages our employees to focus on sustained stock price appreciation, thus limiting the potential value of excessive risk-taking.

- (1) This column reflects the amount we will record as stock-based compensation in our financial statements over the full vesting period of the respective restricted stock and stock option grants. The assumptions we used in determining stock-based compensation are described under the caption *Stock-Based Compensation* in Note 2 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended March 31, 2011 filed with the SEC. Unlike the amount reflected in our consolidated financial statements, however, the amounts shown above do not reflect any estimate of forfeitures related to service-based vesting. Instead, it assumes that the executive will perform the requisite service to vest in the award.
- (2) This column reflects payments made under our FY 2011 Executive Incentive Bonus Program which were earned in fiscal 2011 but paid to each recipient in fiscal 2012.
- (3) Represents matching contributions under our 401(k) plan.

- (1) In fiscal 2011, our executive officers were eligible to earn non-equity incentive plan awards under the Formula Bonus Program as described in *Compensation Components Cash Incentive Bonus Program* above. These awards were made in fiscal 2011, the same year in which they were earned. There were no thresholds, targets or maximum amounts under the Formula Bonus Program. Rather, the awards under the Formula Bonus Program were derived as a percentage of the excess of the Company's actual adjusted operating income during fiscal 2011 over the target adjusted operating income set by the Compensation Committee, which meant that each participant's award could have ranged from zero to an infinite amount, depending on the Company's actual performance.
- (2) Reflects grants of restricted stock at no cost to the executive.
- (3) This column reflects the total amount we will record as stock-based compensation in our financial statements in connection with the respective grant over the entire four-year vesting period of the grant. The assumptions we used in determining stock-based compensation are described under the caption *Stock-Based Compensation* in Note 2 to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2011 filed with the SEC. Unlike the amount reflected in our consolidated financial statements, however, the amounts shown above do not reflect any estimate of forfeitures related to service-based vesting. Instead, it assumes that the executive will perform the requisite service to vest in the award.

Employment Agreements

None of our executive officers have employment agreements with us.

Marc Cohen and Alain Cohen each entered into a non-compete agreement with us on September 30, 1997. Under the agreements, Marc Cohen and Alain Cohen each agreed not to compete with us during the term of his employment and, in the event that his employment with us is terminated either at his voluntary election or by us for good cause, for a period of 12 months thereafter. In addition, Marc Cohen and Alain Cohen each agreed not to solicit our employees or customers on behalf of any competitor during the same period. Further, Marc Cohen and Alain Cohen each agreed to protect our confidential information during his employment, except as appropriate in the performance of his duties, and after the termination of his employment.

We have also entered into a nondisclosure, non-compete, nonsolicitation and ownership of inventions agreement with Mr. Wesley, under which he has agreed to protect our confidential information during and after the termination of his employment, and not to compete with us during the term of his employment and for 12 months after termination of his employment, regardless of the cause.

Potential Payments Upon Termination or Change of Control

None of our executives have any arrangement that provides for severance payments. None of our executives are entitled to payment of any benefits upon a change in control of our company, except that any unused vacation balance is paid out, and our 2010 Incentive Plan provides that in connection with a change in control, all unvested stock options and restricted stock will become fully vested.

Compensation of Directors

Directors are reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of the Board or its committees. We pay non-employee directors an annual retainer of \$20,000. Prior to May 6, 2010, we paid directors a fee of \$1,000 per day for attending meetings of the Board or its committees in person or by telephone. In May 2010, the Board voted to terminate the \$1,000 per day fee and approved a fixed meeting fee of \$5,000 per quarter, effective as of April 1, 2010. No director who is also an employee receives separate compensation for services rendered as a director.

Each of our non-employee directors will receive a restricted stock grant equal to 3,000 shares of Common Stock on the date of each annual meeting of our stockholders if he is serving on the Board at that time. These restricted stock grants vest over one year.

Each person who becomes a non-employee director other than pursuant to election at an annual meeting of stockholders will be granted a number of restricted shares of Common Stock on the date of his or her election to the Board calculated by multiplying 250 by the number of full calendar months remaining from the date of his or her initial election to the Board until the first anniversary of the prior year's annual meeting of stockholders. These restricted stock grants vest in full on the date of the Annual Meeting next following the option grant date provided the Board member is serving immediately prior to such Annual Meeting.

Director Compensation Table

The following table sets forth information regarding the compensation of our directors for fiscal 2011. Our executive officers who also served as directors are not included in this table because they were not separately compensated for their service as directors.

The assumptions we used in determining stock-based compensation are described under the caption "Stock-Based Compensation" in Note 2 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended March 31, 2011 filed with the SEC. Unlike the amount reflected in our consolidated financial statements, however, the amounts shown above do not reflect any estimate of forfeitures related to service-based vesting. Instead, the amounts shown above assume that the director will perform the requisite service to vest in the award.

Report of the Audit Committee of the Board of Directors

The Audit Committee reviewed the Company's audited financial statements for fiscal 2011 and discussed these financial statements with the Company's management. The Audit Committee also reviewed and discussed the audited financial statements and the matters required by Statement on Auditing Standards No. 114 (The Auditor's Communication With Those Charged With Governance), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, with Deloitte & Touche LLP, the Company's independent registered public accounting firm.

The Company's independent registered public accounting firm also provided the Audit Committee with the written disclosures and the letter required by Ethics and Independence Rule 3526 (Communication with Audit Committees Concerning Independence). The Audit Committee discussed with the independent registered public accounting firm the matters disclosed in this letter and their independence from the Company. The Audit Committee also considered whether the independent registered public accounting firm's provision of the other, non-audit related services to the Company which are referred to under the heading "Independent Auditor Fees and Related Matters" is compatible with maintaining such auditors' independence.

Based on its discussions with management and the independent registered public accounting firm, and its review of the representations and information provided by management and the independent auditors, the Audit Committee recommended to the Company's Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended March 31, 2011.

TRANSACTIONS WITH RELATED PERSONS

Related Person Transactions Policy and Procedures

We have a written Related Person Transactions Policy which requires the Audit Committee to review all related party transactions (defined as transactions required to be disclosed pursuant to Item 404 of Regulation S-K of the Securities Act of 1933) on an ongoing basis, and all such transactions must be approved by the Audit Committee. This policy requires that each fiscal quarter we obtain a list of stockholders with an interest of 5% or greater in the Company and determine whether we have had any transactions with anyone on the list. We also consult with each member of the Board each fiscal quarter to determine if there have been any related person transactions or whether any related person transactions are currently pending.

Related Person Transactions

During the fiscal year ended March 31, 2011 we did not participate in any transaction with a related person in which the amount involved exceeded \$120,000 and in which the related person had or will have a direct or indirect material interest.

No such transactions are currently proposed.

OTHER MATTERS

The Board does not know of any other matters that may come before the Annual Meeting. However, if any other matters are properly presented at the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote, or otherwise act, in accordance with their judgment on such matters.

The Company will bear all costs of soliciting proxies. In addition to solicitations by Internet and mail, the Company's directors, officers and regular employees may, without additional remuneration, solicit proxies by telephone, e-mail, facsimile and personal interviews, and the Company reserves the right to retain outside agencies for the purpose of soliciting proxies. The Company will also request brokers, custodians and fiduciaries to forward the proxy soliciting material to the owners of stock held in their names, and, as required by law, the Company will reimburse them for their out-of-pocket expenses in this regard.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Notices of Internet Availability of Proxy Materials or other stockholder meeting materials with respect to two or more stockholders sharing the same address by delivering a single copy of the Notice of Internet Availability of Proxy Materials or other stockholder meeting materials addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are our stockholders will be householding our proxy materials. A single Notice will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate Notice, please notify your broker. We will promptly deliver a separate copy of the document to you if you call or write to us at the following address or telephone number: OPNET Technologies, Inc., 7255 Woodmont Avenue, Bethesda, Maryland, telephone: (240) 497-3000, Attention: Investor Relations. Stockholders who currently receive multiple copies of the Notice at their addresses and would like to request householding of their communications should contact their brokers or may contact us at the above address and phone number.

STOCKHOLDER PROPOSALS FOR 2012 ANNUAL MEETING

To be considered for inclusion in the proxy statement for the 2012 Annual Meeting, stockholder proposals must be submitted to the Secretary of the Company at its principal executive offices at 7255 Woodmont Avenue, Bethesda, Maryland 20814, no later than the close of business on March 30, 2012.

If a stockholder of the Company wishes to present a proposal directly at the 2012 Annual Meeting, but does not wish to have the proposal considered for inclusion in the proxy statement, such stockholder must also give written notice to the Secretary of the Company at the address noted above. The Secretary must receive such notice not less than 60 days nor more than 90 days prior to the first anniversary of the 2011 Annual Meeting; provided that, in the event that the date of the 2012 Annual Meeting is advanced by more than 20 days, or delayed by more than 60 days, from the first anniversary of the 2011 Annual Meeting, notice by the stockholder must be received not earlier than the 90th day prior to the 2012 Annual Meeting and not later than the close of business on the later of (i) the 60th day prior to the 2012 Annual Meeting and (ii) the 10th day following the date on which such notice of the date of the meeting was mailed or such public disclosure was made, whichever occurs first. If a stockholder fails to provide timely notice of a proposal to be presented at the 2012 Annual Meeting, the proxies designated by the Board of the Company will have discretionary authority to vote on any such proposal. The Company reserves the right to reject, rule out of order or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

Stockholders wishing to propose director candidates for consideration by the stockholders at the 2012 Annual Meeting may do so by writing to the Secretary of the Company and providing the information specified in the Company's Bylaws, including the candidate's name, address and principal occupation. The Company's Bylaws set forth further requirements for stockholders wishing to nominate director candidates for consideration by stockholders including, among other things, that a stockholder must give written notice of an intent to make such a nomination complying with the Bylaws of the Company to the Secretary of the Company and received not less than 60 days nor more than 90 days prior to the first anniversary of the 2011 Annual Meeting; provided that, in the event that the date of the 2012 Annual Meeting is advanced by more than 20 days, or delayed by more than 60 days, from the first anniversary of the 2011 Annual Meeting, notice by the stockholder must be received not earlier than the 90th day prior to the 2012 Annual Meeting and not later than the close of business on the later of (i) the 60th day prior to the 2012 Annual Meeting and (ii) the 10th day following the date on which such notice of the date of the meeting was mailed or such public disclosure was made, whichever occurs first.
