On October 28, 2011, Green Plains Renewable Energy, Inc. ( Green Plains ) through its wholly-owned subsidiaries, Green Plains Grain Company LLC, Green Plains Grain Company TN LLC and Green Plains Essex Inc. (collectively, the Grain Subsidiaries ), executed a \$30.0 million amortizing term loan and a \$195.0 million revolving credit facility with various lenders to provide Green Plains agribusiness segment with additional term and working capital funding.

***Amortizing Term Loan***

The Grain Subsidiaries entered into a \$30.0 million amortizing term loan agreement with Metropolitan Life Insurance Company ( MetLife ), which is comprised of a Loan Agreement, Secured Promissory Note, Deeds of Trust and a Mortgage (collectively, the Term Loan ). The Term Loan was disbursed in an initial advance in the amount of \$28.0 million on October 31, 2011. The remaining \$2.0 million amount may be requested on or before May 1, 2012. The Term Loan expires on November 1, 2021 (the Term Loan Maturity Date ). Equal payments of principal sufficient to amortize the Term Loan in full over a 15-year period, plus interest, are due on the first day of every month, commencing on December 1, 2011, until the Term Loan Maturity Date, on which date the entire remaining outstanding balance and all accrued interest thereon shall be due and payable. The Term Loan bears interest at a fixed rate of 6.00% per annum. As security for the Term Loan, MetLife received a first priority lien on certain real estate and other property owned by the Grain Subsidiaries.

The Term Loan contains certain customary affirmative covenants, including without limitation, with respect to payment of the note and taxes and maintenance of the Grain Subsidiaries office, financial information, corporate existence, properties and insurance.

In accordance with provisions of the Term Loan, the Grain Subsidiaries are also required to adhere to certain financial covenants and restrictions, including without limitation, the following:

The consolidated total fixed charge coverage ratio shall not at the end of any fiscal quarter, for the rolling four fiscal quarters then ending, be less than 1.25 to 1.00.

Working capital shall not be less than \$30.0 million as of the end of each fiscal quarter.

The consolidated long-term indebtedness to consolidated net fixed assets ratio shall not exceed 0.70 to 1.00.

The Term Loan also contains customary events of default, including without limitation, failure to make required payments of principal or interest, material incorrect representations and warranties, breach of covenants, events of bankruptcy, dissolution and certain other matters.

***Revolving Credit Facility***

( BNP ), as lead arranger and sole bookrunner, Rabo Agrifinance, Inc., as syndication agent, ABN AMRO Capital USA LLC, as documentation agent, and BNP Paribas, as administrative agent, collateral agent, issuing lender and swing line lender (collectively, the Revolving Credit Facility ), which is comprised of the Credit Agreement, Security Agreement, and related Promissory Notes from various lenders. The Revolving Credit Facility includes total revolving credit commitments of \$195.0 million and an accordion feature whereby amounts available under the facility may be increased by up to \$55.0 million of new lender commitments upon agent approval. As security for the Revolving Credit Facility, BNP received a first priority lien on certain cash, inventory, machinery, accounts receivable and other assets owned by the Grain Subsidiaries.

Each lender severally agrees to make revolving credit loans to the Grain Subsidiaries from time to time during the commitment period. Each LIBOR rate loan shall bear interest for each day at a rate per annum equal to the LIBOR rate for the outstanding period plus the applicable margin. Each base rate loan shall bear interest at a rate per annum equal to the base rate plus the applicable margin. The principal balance of each loan shall be due and payable on the respective maturity date of each such loan under the Revolving Credit Facility, but no later than October 28, 2013. Interest on any base rate loan advances shall be payable in arrears on the last business day of each month, and interest on any LIBOR rate loan advances shall be paid on the respective maturity date of such loans

The fixed charge coverage ratio for any four consecutive fiscal quarters shall be less than 1.25 to 1.0 as of the last day of any fiscal quarter.

Loan advances under the Revolving Credit Facility are also subject to a borrowing base calculation which computes the amount of available credit under the facility based on a number of factors including, but not limited to, cash collateral, net liquidation value of the lender and third party brokerage accounts, accounts receivable inventories, payables related to inventories, prepayments to suppliers and net unrealized gain and losses of forward contracts, if any.

The Revolving Credit Facility also contains customary events of default, including without limitation, failure to make required payments of principal or interest, material incorrect representations and warranties, breach of covenants, events of bankruptcy, dissolution and certain other matters.
