Q4 F2011 Results

For the fourth quarter of fiscal 2011, CGI generated revenue of \$1.03 billion, compared with \$1.01 billion in the year ago period, representing an increase of 2.4%. On a constant currency basis, this represents growth of 5.3%. Foreign exchange fluctuations unfavourably impacted revenue by \$29.2 million or 2.9% compared with the same period last year.

Net earnings in the fourth quarter were \$73.1 million and diluted earnings per share were 27 cents. This compares with \$84.1 million or 30 cents per share in the year ago period. This reflects a pre-tax charge of \$45.4 million related to the advancement of real estate consolidation plans, workforce adjustments and a non-cash impairment charge related to business solutions.

Excluding this charge, adjusted EBIT in Q4-2011 was \$148.2 million, or 14.4% of revenue compared with \$149.1 million or 14.8% of revenue in the same period last year.

Net earnings in the fourth quarter would have been \$104.8 million, representing a margin of 10.2%. This compares with Q4 2010 net earnings of \$101.1 million, or 10.0% of revenue

Diluted earnings per share would have been 39 cents, compared with 36 cents in the fourth quarter of 2010, representing an increase of 8.3%.

While the restructuring charge in the fourth quarter was necessary to improve our competitive position, it will be accretive to earnings per share in fiscal 2012, said Michael E. Roach, President and CEO. We delivered strong and balanced results in fiscal 2011 and have entered fiscal 2012 in an excellent position both strategically and operationally.

Cash provided by operating activities totaled \$192.8 million in the fourth quarter or 18.7% of revenue representing \$0.71 per share.

In the fourth quarter, new contract signings totaled \$1.5 billion, or 143% of revenue, composed primarily of new bookings in the government and financial services sectors.

Despite ongoing uncertainty in the US federal marketplace, we have seen a significant increase in contract awards as CGI Federal delivered a record book-to-bill of 269% in the quarter, added Mr. Roach. We remain convinced that CGI is well-positioned to continue growing our government business globally, and specifically in the US as the flow of contract awards returns to more normalized levels.

The following table presents the Q4 results for both 2010 and 2011:
