PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

To Be Held June 1, 2012

We are providing you with these proxy materials in connection with the solicitation by the board of directors of Immersion Corporation, of proxies to be used at our 2012 Annual Meeting of Stockholders. The Annual Meeting will be held at the Techmart Network Meeting Center, 5201 Great America Parkway, Santa Clara, California 95054 on June 1, 2012 at 9:30 a.m. California time. This proxy statement contains important information regarding our Annual Meeting, the proposals on which you are being asked to vote, information you may find useful in determining how to vote, and information about voting procedures. As used herein, we, us, our, Immersion or the Company refers to Immersion Corporation, a Delaware corporation.

A Notice of Internet Availability of Proxy Materials, this proxy statement, any accompanying proxy card or voting instruction form, and our 2011 Annual Report to Stockholders will be made available to our stockholders on or about April 17, 2012.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND THESE PROXY MATERIALS

What matters will be voted on at the Annual Meeting?

The following matters will be voted on at the Annual Meeting:

Proposal 1: To elect two (2) Class I directors to hold office for a three-year term and until their successors are elected and qualified;

Proposal 2: To ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2012; and

Proposal 3: To transact such other business as may properly come before the meeting or any adjournments or postponements thereof.

How does the board recommend that I vote?

The board recommends that you vote:

Edgar Filing: IMMERSION CORP - Form DEF 14A

FOR the election of the two (2) Class I directors nominated by our board and named in this proxy statement;

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2012.

Who is entitled to vote at the Annual Meeting?

Holders of our common stock at the close of business on April 4, 2012, or the Record Date, may vote at the Annual Meeting. Each stockholder is entitled to one vote for each share of common stock held as of the Record Date.

Table of Contents

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Stockholders of Record. You are a stockholder of record if at the close of business on the Record Date your shares were registered directly in your name with Computershare Trust, our transfer agent.

Beneficial Owner. You are a beneficial owner if at the close of business on the Record Date your shares were held by a brokerage firm or other nominee and not in your name. Being a beneficial owner means that, like most of our stockholders, your shares are held in street name. As the beneficial owner, you have the right to direct your broker or nominee on how to vote your shares by following the voting instructions your broker or other nominee provides. If you do not provide your broker or nominee with instructions on how to vote your shares, your broker or nominee will be able to vote your shares with respect to one of the proposals, but not all. Please see *What if I do not specify how my shares are to be voted?* for additional information.

Do I have to do anything in advance if I plan to attend the Annual Meeting in person?

You must bring with you a form of government-issued photo identification, such as a driver's license, state-issued ID card, or passport to gain entry to the Annual Meeting. If you are a beneficial owner of our common stock, you must also bring with you to the Annual Meeting a legal proxy from the organization that holds your shares or a brokerage statement showing your ownership of shares as of the close of business on the Record Date. If you are a representative of an institutional stockholder, you must also bring a legal proxy or other proof that you are a representative of a firm that held shares as of the close of business on the Record Date and that you are authorized to vote on behalf of the institution.

Why did I receive a Notice in the mail regarding the Internet availability of proxy materials instead of a full set of printed proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission, or the SEC, we are making this proxy statement available to our stockholders electronically via the Internet. On or about April 17, 2012, we will mail the Notice of Internet Availability of Proxy Materials to stockholders of our common stock as of the close of business on the Record Date, other than those stockholders who previously requested electronic or paper delivery of communications from us. The Notice contains instructions on how to access an electronic copy of our proxy materials, including this proxy statement and our Annual Report. The Notice also contains instructions on how to request a paper copy of the proxy statement. We believe that this process will allow us to provide you with the information you need in a timely manner, while conserving natural resources and lowering the costs of printing and distributing our proxy materials.

Can I vote my shares by filling out and returning the Notice of Internet Availability of Proxy Materials?

No. The Notice only identifies the items to be voted on at the Annual Meeting. You cannot vote by marking the Notice and returning it. The Notice provides instructions on how to cast your vote. For additional information please see *How do I vote and what are the voting deadlines?*

How do I vote and what are the voting deadlines?

Stockholders of Record. If you are a stockholder of record, there are several ways for you to vote your shares.

By Mail. If you received printed proxy materials, you may submit your vote by completing, signing and dating each proxy card received and returning it in the prepaid envelope. Sign your name exactly as it appears on the proxy card. Proxy cards submitted by mail must be received no later than May 31, 2012 to be voted at the Annual Meeting.

Table of Contents

By telephone or over the Internet. You may vote your shares by telephone or via the Internet by following the instructions provided in the Notice. If you vote by telephone or via the Internet, you do not need to return a proxy card by mail. Internet and telephone voting are available 24 hours a day. Votes submitted by telephone or through the Internet must be received by 11:59 p.m. Eastern Time on May 31, 2012.

Beneficial Owners. If you are a beneficial owner of your shares, you should have received a Notice of Internet Availability of Proxy Materials or voting instructions from the broker or other nominee holding your shares. You should follow the instructions in the Notice or voting instructions provided by your broker or nominee in order to instruct your broker or other nominee on how to vote your shares. The availability of telephone and Internet voting will depend on the voting process of the broker or nominee. Shares held beneficially may be voted in person at the Annual Meeting only if you obtain a legal proxy from the broker or nominee giving you the right to vote the shares.

Can I revoke or change my vote after I submit my proxy?

Stockholders of Record. If you are a stockholder of record, you may revoke your vote at any time before the final vote at the Annual Meeting by:

Signing and returning a new proxy card with a later date;
Submitting a later-dated vote by telephone or via the Internet since only your latest Internet or telephone proxy received by 11:59 p.m. Eastern Time on May 31, 2012 will be counted;
Attending the Annual Meeting in person and voting again; or
Delivering a written revocation to our Corporate Secretary at Immersion Corporation, 30 Rio Robles, San Jose, California 95134, before the Annual Meeting.

Beneficial Owners. If you are a beneficial owner of your shares, you must contact the broker or other nominee holding your shares and follow their instructions for changing your vote.

What will happen if I do not vote my shares?

Stockholders of Record. If you are the stockholder of record of your shares and you do not vote by proxy card, by telephone, via the Internet or in person at the Annual Meeting, your shares will not be voted at the Annual Meeting.

Beneficial Owners. If you are the beneficial owner of your shares, your broker or nominee may vote your shares only on those proposals on which it has discretion to vote. Under the Nasdaq Stock Market Rules, your broker or nominee does not have discretion to vote your shares on non-routine matters. However, your broker or nominee does have discretion to vote your shares on routine matters such as Proposal 2.

What if I do not specify how my shares are to be voted?

Stockholders of Record. If you are a stockholder of record and you submit a proxy, but you do not provide voting instructions, your shares will be voted:

FOR the election of two Class I directors nominated by our board and named in this proxy statement (Proposal 1);
FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2012 (Proposal 2); and
In the discretion of the named proxies regarding any other matters properly presented for a vote at the Annual Meeting.

Table of Contents

Beneficial Owners. If you are a beneficial owner and you do not provide the broker or other nominee that holds your shares with voting instructions, the broker or other nominee will determine whether it has the discretionary authority to vote on the particular matter. Under the Nasdaq Stock Market Rules, brokers and other nominees only have the discretion to vote on routine matters such as Proposal 2. Therefore, if you do not provide voting instructions to your broker or other nominee, your broker or other nominee may only vote your shares on Proposal 2 and any other routine matters properly presented for a vote at the Annual Meeting.

What constitutes a quorum, and why is a quorum required?

We need a quorum of stockholders to hold our Annual Meeting. A quorum exists when the holders of at least a majority of all of the shares entitled to vote as of the close of business on the Record Date at the Annual Meeting are present, either in person or by proxy. As of the close of business on the Record Date, we had 28,259,536 shares of common stock outstanding and entitled to vote at the Annual Meeting, meaning that the holders of 28,259,536 shares of common stock must be present in person or by proxy to have a quorum.

Your shares will be counted towards the quorum if you submit a proxy or vote at the Annual Meeting. Abstentions and broker non-votes will also count towards the quorum requirement. If there is not a quorum, holders of a majority of the shares entitled to vote and present at the Annual Meeting may adjourn the meeting to a later date.

What is the effect of a broker non-vote?

Brokers or other nominees who hold shares of our common stock for a beneficial owner have the discretion to vote on routine proposals when they have not received voting instructions from the beneficial owner at least ten days prior to the Annual Meeting. A broker non-vote occurs when a broker or other nominee does not receive voting instructions from the beneficial owner and does not have the discretion to direct the voting of the shares. Broker non-votes will be counted for purposes of calculating whether a quorum is present at the Annual Meeting, but will not be counted for purposes of determining the number of votes cast with respect to a particular proposal. Thus, a broker non-vote will not impact our ability to obtain a quorum and will not otherwise affect the outcome of the vote on a proposal that requires a plurality of votes cast (Proposal 1) or the approval of a majority of the votes cast (Proposal 2).

What is the vote required for each proposal?

Proposal	Vote Required	Broker Discretionary Voting Allowed
Proposal 1 Election of two Class I directors	Plurality of Votes Cast	No
Proposal 2 Ratification of auditors for year ended December 31, 2012	Majority of Votes Cast	Yes

With respect to Proposal 1, you may vote FOR the nominees, WITHHOLD your vote as to the nominees, or vote FOR one or two nominees and WITHHOLD your vote for the others. The two nominees receiving the most FOR votes will be elected. A properly executed proxy marked WITHHOLD with respect to the election of one or more directors will not be voted with respect to the director or directors indicated. Proxies may not be voted for more than two directors and you may not cumulate votes in the election of directors.

With respect to Proposal 2, you may vote FOR, AGAINST or ABSTAIN. If you ABSTAIN from voting on Proposal 2, the abstention will have no effect on the outcome of the vote.

Table of Contents

Who will count the votes?

Computershare has been engaged as our independent agent to receive and tabulate stockholder votes. Computershare will separately tabulate FOR, AGAINST and WITHHOLD votes, abstentions, and broker non-votes.

What happens if the Annual Meeting is adjourned or postponed?

Your proxy will still be effective and will be voted at the rescheduled Annual Meeting. You will still be able to change or revoke your proxy until it is voted.

Who is paying for the costs of this proxy solicitation?

We will bear the expense of soliciting proxies. Proxies may also be solicited in person, by telephone or electronically by our personnel who will not receive additional compensation for such solicitation. Copies of proxy materials and the Annual Report will be supplied to brokers and other nominees for the purpose of soliciting proxies from beneficial owners, and we will reimburse such brokers or other nominees for their reasonable expenses.

CORPORATE GOVERNANCE

Board of Directors

Board Structure

Mr. Viegas serves as our Chief Executive Officer and interim Chief Financial Officer, and Mr. Saltich serves as the Chairman of our board. Our board has determined that having an independent director serve as Chairman of our board is in our best interests and those of our stockholders. In addition to presiding over our board, Mr. Saltich, a non-executive director, also presides over meetings of the stockholders and holds such other powers and carries out such other duties as are customarily carried out by the Chairman of our board. This board structure enhances the independence of our board from our management by ensuring a greater role for the independent directors in the oversight of our company and active participation of the independent directors in setting agendas and establishing priorities and procedures for our board. In addition, separating these roles allows Mr. Viegas to focus his efforts on running our business and managing our day-to-day operations, while allowing our board to benefit from Mr. Saltich's extensive experience in leadership roles at a number of public companies and his knowledge and expertise in semiconductors and display systems. Generally, every regular meeting of our board includes a meeting of our independent non-executive directors without management present.

Risk Management

Our board recognizes the importance of effective risk oversight in running a successful business and in fulfilling its fiduciary responsibilities to Immersion and its stockholders. Consistent with our board leadership structure, our Chief Executive Officer and other members of our executive team are responsible for the day-to-day management of risk, while our board is responsible for ensuring that we have an appropriate culture of risk management and that we set the right tone at the top, oversee our aggregate risk profile, and assist management in addressing specific risks.

Our board exercises its oversight responsibility for risk both directly and through its standing committees. Throughout the year, our board and each committee spend a portion of their time reviewing and discussing specific risk topics. The full board is kept informed of each committee's risk oversight and related activities through regular reports from the committee chairpersons. Strategic, operational and competitive risks also are presented and discussed at our board's quarterly meetings, and more often as needed. On at least an annual basis, our board conducts a review of our long-term strategic plans and members of our executive team report on our top risks and the steps management has taken or will take to mitigate these risks. On a regular basis

Table of Contents

between board meetings, our Chief Executive Officer provides updates to the board on the critical issues we face and recent developments in our principal markets.

Our Audit Committee is responsible for reviewing our risk management framework and programs, as well as the framework by which management discusses our risk profile and risk exposures with our full board and its committees. Our Audit Committee meets regularly with our Chief Financial Officer, our independent auditor, our General Counsel, and other members of senior management to discuss our major financial risk exposures, financial reporting, internal controls, credit and liquidity risk, compliance risk, key operational risks, and our risk management framework and programs. Other responsibilities include at least annually reviewing the implementation and effectiveness of our compliance and ethics program and our business continuity plan and test results. Our Audit Committee meets regularly in separate executive sessions with the independent auditor, as well as with Audit Committee members only, to facilitate a full and candid discussion of risk and other issues.

Our Compensation Committee is responsible for overseeing human capital and compensation risks, including evaluating and assessing risks arising from our compensation policies and practices for all employees and ensuring executive compensation is aligned with performance. Our Compensation Committee also is charged with monitoring our incentive and equity-based compensation plans, including employee benefit plans. For additional information regarding the Compensation Committee's review of compensation-related risk, please see the section of this proxy statement entitled "Executive Compensation - Risk Assessment of Compensation Programs."

Our Nominating and Corporate Governance Committee oversees risks related to our overall corporate governance, including board and committee composition, board size and structure, director independence, and our corporate governance profile and ratings. Our Nominating and Corporate Governance Committee also is actively engaged in overseeing risks associated with succession planning for our board and management.

Independence of Directors

In accordance with the standards for independence set forth in Nasdaq Marketplace Rule 5605, our board has determined that, except for Mr. Viegas, our Chief Executive Officer, each of the members of our board has no relationship that would interfere with the exercise of independent judgment in carrying out his or her responsibilities as a director and is otherwise independent in accordance with the applicable listing standards of the Nasdaq Stock Market as currently in effect.

Nomination of Directors

Criteria for Nomination to our Board

Our Nominating and Corporate Governance Committee evaluates all directors whose terms will expire at the next annual meeting of stockholders and are willing to continue in service in order to determine whether to recommend to the board such directors for election at the Annual Meeting. Our Nominating and Corporate Governance Committee considers the following factors in any such evaluation:

the appropriate size of the board and its committees;

the perceived needs of the board for particular skills, background, and business experience;

the relevant skills, background, reputation, and business experience of nominees compared to the skills, background, reputation, and business experience already possessed by other members of the board;

nominees' independence from management;

applicable regulatory and listing requirements, including independence requirements and legal considerations, such as antitrust compliance;

Table of Contents

the benefits of a constructive working relationship among directors; and

the desire to balance the considerable benefit of continuity with the periodic injection of the fresh perspective provided by new members.

Our Nominating and Corporate Governance Committee also focuses on issues of diversity, such as diversity of gender, race and national origin, education, professional experience and differences in viewpoints and skills. Our Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity; however, our board and our Nominating and Corporate Governance Committee believe that it is essential that our board members represent diverse viewpoints. Our Nominating and Corporate Governance Committee's goal is to assemble a board that brings us a variety of perspectives and skills derived from high quality business and professional experience. Directors should possess the highest personal and professional ethics, integrity, and values, and be committed to representing the best interests of our stockholders. They must also have an inquisitive and objective perspective and mature judgment. Director candidates must have sufficient time available in the judgment of our Nominating and Corporate Governance Committee to perform all board and committee responsibilities. Board members are expected to prepare for, attend, and participate in all board and applicable committee meetings.

Other than the foregoing, there are no stated minimum criteria for director nominees, although our Nominating and Corporate Governance Committee may also consider such other factors as it may deem, from time to time, in the best interests of us and our stockholders. Our Nominating and Corporate Governance Committee believes that to comply with The Nasdaq Stock Market and SEC rules, at least one member of our board meets the criteria for an audit committee financial expert, and at least a majority of the members of our board meet the definition of independent director. Our Nominating and Corporate Governance Committee also believes it is appropriate for one or more key members of management to participate as members of our board.

Our Nominating and Corporate Governance Committee will consider the criteria and policies set forth above in determining if our board requires additional candidates for director. Our Nominating and Corporate Governance Committee will consider candidates for directors proposed by our directors or management, may poll directors and management for suggestions, or conduct research to identify possible candidates, and may engage, if our Nominating and Corporate Governance Committee believes it is appropriate, a third party search firm to assist in identifying qualified candidates. All such candidates will be evaluated against the criteria and pursuant to the policies and procedures set forth above. All director nominees, including incumbents, must submit a completed form of directors' and officers' questionnaire as part of the nominating process. The evaluation process may also include interviews and additional background and reference checks for non-incumbent nominees at the discretion of our Nominating and Corporate Governance Committee.

Our board may perform the duties delegated to our Nominating and Corporate Governance Committee.

Stockholder Proposed Nominees

Our Nominating and Corporate Governance Committee will also evaluate any recommendation for director nominee proposed by a stockholder, provided that such recommendation is sent in writing to the Corporate Secretary at 30 Rio Robles, San Jose, California 95134 at least 120 days prior to the anniversary of the date proxy statements were mailed to stockholders in connection with our prior year's annual meeting of stockholders. However, if we increase the number of directors to be elected at our 2013 annual meeting and there is no public announcement by us naming the nominees for additional directorships by December 8, 2012, we must receive standing nominations no later than the close of business on the tenth (10th) day following the day on which such public announcement is made. The recommendation must also contain the following information:

the candidate's name, age, contact information, and present principal occupation or employment; and

Table of Contents

a description of the candidate's qualifications, skills, background, and business experience during, at a minimum, for the last five years, including his/her principal occupation and employment and the name and principal business of any corporation or other organization in which the candidate was employed or served as a director.

Each such submission from a stockholder shall also set forth: (a) the name and address of the stockholder who intends to make the nomination, of the beneficial owner, if any, on whose behalf the nomination is being made and of the person or persons to be nominated; (b) a representation that the stockholder is a holder of record of our stock entitled to vote for the election of directors on the date of such notice and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (d) such other information regarding each nominee proposed by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had the nominee been nominated or intended to be nominated by the board; and (e) the consent of each nominee to serve as our director if so elected.

Our Nominating and Corporate Governance Committee will evaluate any candidates recommended by our stockholders against the same criteria and pursuant to the same policies and procedures applicable to the evaluation of all other proposed candidates, including incumbents, and will select the nominees that in our Nominating and Corporate Governance Committee's judgment best suit the needs of the board at that time. However, if the Nominating and Corporate Governance Committee determines that a recommendation does not satisfy the above-described requirements, the Nominating and Corporate Governance Committee will not consider such recommendation.

For additional information about the stockholder nominee submission process, please see our Bylaws, which are available on the SEC's website at www.sec.gov.

Board and Committee Self-Evaluations

Our board and each of the Audit, Compensation and Nominating and Corporate Governance Committees conducts an annual self-evaluation, which includes a qualitative assessment by each director of the performance of our board and the committee or committees on which the director sits. Our board also conducts an annual evaluation of its Chairman. Our Nominating and Corporate Governance Committee oversees the evaluation processes and reports the results to the committees and full board following the completion of such evaluations.

Code of Business Conduct and Ethics

Our board has adopted a Code of Business Conduct and Ethics that outlines the principles of legal and ethical business conduct. The code, which is applicable to all of our directors, employees, and officers, is available on our website at <http://ir.immersion.com/governance.cfm>. Any substantive amendment or waiver of this code may be made only by our board upon a recommendation of the Audit Committee and will be disclosed on our website.

Communications by Stockholders with Directors

Stockholders may communicate with any and all directors by transmitting correspondence by mail, facsimile, or e-mail, addressed as follows: Board or individual director, c/o Corporate Secretary, 30 Rio Robles, San Jose, California 95134; Fax: (408) 350-8761; E-mail Address: corporate.secretary@immersion.com. Our Corporate Secretary will maintain a log of such communications and transmit as soon as practicable such communications to the identified director addressee(s), unless there are safety or security concerns that mitigate

against further transmission of the communication, as determined by our Corporate Secretary. Our board or individual directors so addressed will be advised of any communication withheld for safety or security reasons as soon as practicable. The acceptance and forwarding of a communication to any director does not imply that the director owes or assumes any fiduciary duty to the person submitting the communication, all such duties being only as prescribed by applicable law.

BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD*Structure of the Board*

Pursuant to our current Certificate of Incorporation, our board is divided into three classes – Class I, II, and III directors. Each director is elected for a three-year term of office, with one class of directors being elected at each annual meeting of stockholders. Each director holds office until his or her successor is elected and qualified or until his or her earlier death, resignation, or removal. Cash Compensation

In 2011, non-employee directors each received retainer fees of \$25,000 per year, typically paid in quarterly installments on the date of each quarterly board meeting. In addition, the Chairman of our board received an additional retainer fee of \$20,000 per year. The Chairman of our Audit Committee received a \$10,000 annual committee fee, the Chairman of our Compensation Committee received an \$8,000 annual committee fee, and the Chairperson of our Nominating and Corporate Governance Committee received a \$3,000 annual committee fee. Members of our Audit and Compensation Committees each received \$3,000 annual committee fees and members of our Nominating and Corporate Governance Committee each received \$2,000 annual committee fees. These annual committee fees are typically paid quarterly on the date of the quarterly board meetings. Directors are entitled to reimbursement of reasonable travel expenses they incur in connection with attending board and committee meetings.

Stock Options

Non-employee directors are granted an option to purchase 40,000 shares of common stock on the date the director joins the board. This initial option, like those received by other individuals newly-joining us, is granted with an effective date of the tenth business day of the month following the month the director joins the board; the exercise price per share for such option equals the closing price per share on The Nasdaq Global Market on such effective date. Subject to continued service, such option vests as to 1/4 of the grant on the first anniversary of the date of grant and 1/48th monthly thereafter. In 2010, following a review with its independent compensation consultant Compensia, our Compensation Committee set the annual grants to non-employee directors at 6,000 shares of restricted stock and options to purchase 10,000 shares. Subject to continued service, 100% of the options and restricted stock vest on the first anniversary of their grant date. Options granted to non-employee directors accelerate in full and become completely vested upon a change of control. For options that would otherwise be granted prior to our release of results of operations, the effective date of such option grants is the second business day after our earnings release and the exercise price per share equals the closing price per share on The Nasdaq Global Market on the effective date of the option grants. Each option granted after June 3, 2011 will have a maximum term of seven years, subject to earlier termination should the optionee cease to serve as a member of the board. All options granted prior to June 3, 2011 have a maximum term of ten years, subject to earlier termination should the optionee cease to serve as a member of the board.

On June 3, 2011, our board accelerated the vesting of 2,500 shares subject to options and 1,500 shares of restricted stock held by each of Mr. Hodgman and Ms. Liggett and extended the post termination exercise period on all of their outstanding options until June 3, 2012.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section describes our fiscal year 2011 compensation program as it relates to the following executive officers, all of whom we refer to collectively as our named executive officers:

Chief Executive Officer and Interim Chief Financial Officer, Victor Viegas
Former Chief Financial Officer, Shum Mukherjee
Former Chief Commercial Officer, Craig Vachon
Vice President, Sales, Joseph LaValle

Effective December 31, 2011, Shum Mukherjee resigned as our Chief Financial Officer, at which time Victor Viegas, our Chief Executive Officer, assumed the position of interim Chief Financial Officer. Additionally, effective September 28, 2011, Craig Vachon resigned as our Chief Commercial Officer. As of December 31, 2011 and the date of this proxy statement, our only executive officer, other than our Chief Executive Officer and interim Chief Financial Officer, was and is Joseph LaValle, our Vice President, Sales.

Executive Summary

Our compensation programs are designed to align our named executive officers interests with those of our stockholders by rewarding performance that meets or exceeds the goals the Compensation Committee establishes with the objective of increasing stockholder value. In line with our performance philosophy, the total compensation received by our named executive officers will vary based on individual and corporate performance measured against annual performance goals. Our named executive officers total compensation is comprised of a mix of base salary,

annual incentive compensation and long-term incentive awards.

Our strong financial results for fiscal year 2011 as seen in the year over year comparison are set forth below. Please see Management's Discussion and Analysis of Financial Conditions and Results of Operations in our Annual Report on Form 10-K for the year ended December 31, 2011 for a more detailed description of our fiscal year 2011 financial results.

	Fiscal Year 2011	Fiscal Year 2010	Change %
Total Revenues	\$30.6 million	\$31.1 million	(2)%
Royalty and Licensing Revenue	\$26.9 million	\$23.3 million	16%
Net loss	\$(1.6) million or \$(0.06) per share	\$(5.9) million or \$(0.21) per share	(73)%
Adjusted EBITDA	\$6.0 million	\$2.6 million	129%

Our fiscal year 2011 corporate performance was a key factor in the following compensation decisions and outcomes for the 2011 fiscal year:

We elected to forego any merit increases in 2011 and instead funded a company-wide bonus program based on individual and corporate performance measured against annual performance goals in order to better align compensation with individual and corporate performance.

Revenue and Adjusted EBITDA were the key metrics for executive incentive plans. Performance with respect to each of these metrics was above target and resulted in short-term cash incentive awards between target and maximum for the named executive officers.

Long-term incentives make up a significant portion of each of the named executive officer's compensation and the value of their option awards is directly linked to the performance of our stock.

Compensation Philosophy and Objectives

Our compensation programs are designed to align compensation with our annual and long-term business objectives and performance, enabling us to attract, retain, and reward executive officers and other key employees who contribute to our long-term success and motivate executive officers to enhance long-term stockholder value. We also strive to design programs to position us competitively among the companies against which we recruit and compete for talent. We recognize that compensation programs must be understandable to be effective and that program administration and decision making must be fair and equitable. We also consider the financial obligations created by our compensation programs and design them to be cost effective. To meet these objectives, we target base salary at the 50th percentile, total cash compensation for named executive officers, including base salary and short-term cash incentive awards at the 65th to 75th percentile and total compensation, including total cash compensation and equity at the 75th to 80th percentile of compensation paid to similarly situated executive officers of the companies comprising our compensation peer group. The actual level of total compensation is determined by individual or corporate performance and can differ from the targeted percentiles of our peer group's compensation depending on key executive officers' experience, skills, competencies and performance.

The Compensation Committee reviews and recommends to the board for approval all compensation programs (including equity compensation) applicable to our executive officers and directors, our overall strategy for employee compensation, and the specific compensation of our Chief Executive Officer. The Compensation Committee approves the compensation of all other executive officers. The Compensation Committee has the sole authority to select, retain, and terminate special counsel and other experts (including compensation consultants), as the Compensation Committee deems appropriate.

Our Compensation Committee believes that the most effective executive compensation program is one that is designed to reward the achievement of specific annual and strategic goals, and that aligns executive

Table of Contents

officers' interests with those of our stockholders by rewarding performance that meets or exceeds established goals, with the ultimate objective of increasing stockholder value. Our Compensation Committee also considers potential risks when reviewing and approving compensation programs and takes steps to prevent incentives that would encourage excessive levels of risk. Our Compensation Committee annually evaluates both the performance and compensation of our executives to ensure that:

Compensation levels remain competitive relative to our peer companies;

Compensation provided is consistent with the level of performance delivered; and

The mix of cash and equity-based incentives provides the proper incentive without encouraging excessive risk taking.

Role of Chief Executive Officer in Compensation Decisions

While the Compensation Committee determines our overall compensation philosophy, our board sets the compensation for our Chief Executive Officer and our Compensation Committee sets the compensation of the other executive officers and works with the Chief Executive Officer, who makes recommendations to our Compensation Committee with respect to both overall guidelines and specific compensation decisions. Our Chief Executive Officer also provides our board and our Compensation Committee with his perspective on the performance of our executive officers as part of the determination of the individual portion payable under the executive incentive plans (as described below) and the annual personnel review as well as a self-assessment of his own performance. Our Chief Executive Officer is not present during any discussions of our Compensation Committee or our board relating to his own compensation. Our Chief Executive Officer recommends to our Compensation Committee specific compensation amounts for executive officers other than himself, and our Compensation Committee considers those recommendations and the information provided by its compensation consultant concerning peer group comparisons and industry trends and makes the ultimate compensation decisions. Our Chief Executive Officer, Vice President of Human Resources, and General Counsel regularly attend our Compensation Committee's meetings to provide perspectives on the competitive landscape and the needs of the business, information regarding our performance, and technical advice. Members of our Compensation Committee also participate in our board's annual review of the Chief Executive Officer's performance and its setting of annual performance goals, in each case led by our independent Chairman of the board. See "Board Structure" above for further details.

Setting Executive Compensation

The Compensation Committee initially engaged Compensia as its independent consultant in July 2008. The selection of Compensia was made without input or influence of management. Under the terms of its agreement with the Compensation Committee, Compensia will not provide any other service to us, unless directed to do so by the Compensation Committee. Compensia has provided no services to us other than its advice to our Compensation Committee on executive and board compensation issues, as described below.

In late 2010, the Compensation Committee engaged Compensia to update our peer group to aid in benchmarking compensation, to conduct an executive total direct compensation analysis, pay for performance assessment, and to review of equity compensation practices and trends. In addition, Compensia provided input to our Compensation Committee on a potential design of a long-term incentive strategy.

The companies comprising the peer group used to aid in benchmarking compensation are:

ActiveIdentity Corporation
 Digimarc Corp.
 MIPS Technologies, Inc.
 Ramtron International Corp.
 Uticom

Authentec Inc.
 MOSYS Inc.
 Pixelworks Inc.
 SRS Labs Inc.
 NVE

CEVA, Inc.
 DTS Inc.
 MEMSIC, Inc.
 Quicklogic Corp.
 Aware

Table of Contents

The peer companies were selected by Compensia based on the Compensation Committee’s instructions to select companies that were comparable to us with respect to their revenues (the annual revenues of each peer company were less than \$100 million), financial stability (the market capitalization of each peer company was equal to or greater than \$25 million), and industry (all of the peer companies were in the intellectual property licensing industry or semiconductor industry).

This peer group will be reviewed annually by our Compensation Committee to ensure that the companies are reasonable from a business and size perspective.

Executive Compensation Components

Our named executive officers’ total compensation includes base salary, an annual incentive cash award, and long-term equity incentive compensation.

Compensation Element	Objectives	Key Features
Base Salaries	To provide a fixed level of cash compensation to reward demonstrated experience, skills and competencies relative to the market value of the job.	Targeted at the 50 th percentile of our peer group but varies based on skills, experience and other factors.
Short-Term Cash Incentive Awards	<p>Rewards annual corporate and individual performance and achievement of strategic goals.</p> <p>Aligns named executive officers’ interests with those of our stockholders by promoting strong annual results through revenue growth and operating efficiency.</p>	<p>Adjustments are considered annually based on individual performance, level of pay relative to market and internal pay equity. Short-term cash incentive payments are cash awards based on financial targets – Revenue and Adjusted EBITDA – for all named executive officers. A portion of the cash incentive award is also based on individual performance evaluated against individual performance goals. Annual incentive awards can vary from 0% to 216% of the target amount.</p>
Long-Term Incentive Awards (Equity Awards)	<p>Retains named executive officers by providing market-competitive compensation.</p> <p>Aligns named executive officers’ interests with long-term stockholder interests by linking part of each named executive officers’ compensation to stock price performance.</p> <p>Provides opportunities for wealth creation and ownership which promotes retention and enables us to attract and motivate our named executive officers.</p>	<p>Targeted at the 75th percentile of our peer group but varies based on skills, experience, available stock pool and other factors.</p> <p>Utilizes different equity types, including stock options and restricted stock units to balance stockholder interests and retention.</p>

Long-term equity awards generally vest in increments over a three or four year period.

Retention of named executive officers through multi-year vesting of equity granted and multi-year performance periods.

Table of Contents

Our executive officers are also eligible to participate in our health and benefits plans, retirement savings plans, and our employee stock purchase plan, which are generally available to all of our employees. Although our Compensation Committee has not established a fixed policy for the allocation between cash and equity compensation or short-term and long-term compensation, our Compensation Committee, as part of its evaluation of the compensation of our executive officers, reviews not only the individual elements of compensation, but also total compensation.

Base Salary

Base salaries are targeted at the 50th percentile of our compensation peer group for comparable skills and experience, but our Compensation Committee allows for flexibility in setting salaries above or below the median amount based on the expertise, performance or proficiency of individual executive officers.

The base salary levels of our named executive officers are typically considered annually as part of our performance review process, as well as upon the hiring of a named executive officer, a named executive officer's promotion or other change in a named executive officer's job responsibilities. In determining base salary levels, the Compensation Committee considers:

market data of our compensation peer group and broader survey data;

an internal review of each named executive officer's compensation, both individually and relative to other executive officers; and

the individual performance of the named executive officer.

We elected to forego any increases to the base salaries of our named executive officers in 2011 from the base salaries they were receiving at the end of 2010, and instead funded a company-wide bonus program based on individual and corporate performance measured against annual performance goals in order to better align compensation with individual and corporate performance. Accordingly, during 2011, Mr. Viegas' base salary remained at \$350,000 and Mr. LaValle's base salary remained at \$200,000. Additionally, during 2011, Mr. Mukherjee's base salary remained at \$275,000 and Mr. Vachon's base salary remained at \$242,190, in each case until the date his employment with us terminated.

Short-Term Cash Incentive Awards

Executive Incentive Plans. The executive incentive plans are cash incentive programs designed to align executive compensation with annual performance and to enable us to attract, retain, and reward individuals who contribute to our success and to motivate such individuals to enhance our value. Our Compensation Committee believes that aggregate incentive payouts should be tightly linked to our performance, with individual compensation differentiated based on individual performance. As a result, funding and payouts under the executive incentive plans are dependent and based on our performance and each individual's performance. Our Compensation Committee reserves the right to cancel, suspend, amend or revise all or any part of the executive incentive plans for any reason at any time.

Our Compensation Committee, with input from our Chief Executive Officer for all executive officers other than our Chief Executive Officer, establishes (1) performance measures based on business criteria and target levels of performance and (2) a formula for calculating each participant's award based on actual performance compared to the pre-established performance goals. Performance measures may be based on a wide variety of business metrics.

Table of Contents

Based on our Compensation Committee's review of our named executive officers' target incentive compensation relative to the market data, our Compensation Committee approved the following incentive compensation structure for our named executive officers for the 2011 fiscal year:

Victor Viegas. Mr. Viegas had a target incentive opportunity under his 2011 executive incentive plan equal to 80% of his base salary of \$350,000, which is \$280,000, bringing his total targeted cash compensation to \$630,000 which falls within the 65th and 75th percentile of our peer group for CEOs.

Mr. Viegas' 2011 executive incentive plan was based on two independent components. 80% of his bonus is based on the achievement by us of certain corporate financial metrics in 2011 as set forth below, and 20% of his bonus was based on the achievement of individual management objectives. For payment to be made under the objective component of the plan, we must meet the minimum revenue and adjusted EBITDA targets set forth in the matrix below. Mr. Viegas' fiscal year 2011 management objectives included (1) providing visibility to and substantially increasing design win pipeline; (2) driving application developers to substantially increase availability of applications and content; (3) capitalizing on external resource capabilities such as advisory committees; (4) evolving intellectual property strategy to capture market trends, direct innovation, protect market growth and leadership; and (5) implementing changes to address board feedback. In addition, our board determined the performance weighting factors to be applied to the initial calculation of Mr. Viegas' two independent components of the bonus, which weighting factors are based on his overall annual performance as determined by our board. Each standard weighting factor is 1.0, but can be increased or decreased by 0.2 at the Compensation Committee's or board's discretion, as applicable. If each such weighting factor is increased or decreased from the standard weighting factor of 1.0, then such modified weighting factor is then multiplied by the applicable independently determined component of Mr. Viegas' incentive plan to determine his total incentive payment.

Joseph LaValle. Mr. LaValle had a target incentive opportunity under his 2011 executive incentive plan equal to 60% of his base salary of \$200,000, which is \$120,000, bringing his total potential cash compensation, to \$320,000 which falls within the lower quartile of our peer group for top sales.

Mr. LaValle's 2011 executive incentive plan is identical to Mr. Viegas' as discussed above, with the exception of the percentage breakout between the two independent components (70% of the bonus is based on achievement of our financial metrics and 30% of the bonus is based on achievement of individual management objectives). Mr. LaValle's management objectives for 2011 included: (1) achieving certain revenue goals; (2) focusing on certain market maker accounts; and (3) continuing to refine forecasting tools.

The GAAP revenue and adjusted EBITDA matrix for the corporate objectives of the 2011 executive incentive plans was as follows:

Revenue /	\$26,001,600	\$29,251,800	\$32,502,000	\$35,752,200	\$39,002,400
adjusted					
EBITDA Targets					
\$7,501,200	125.0%	137.5%	150.0%	175.0%	200.0%
6,876,100	100.0	112.5	125.0	150.0	175.0
6,251,000	75.0	87.5	100.0	125.0	150.0
5,625,900	62.5	75.0	87.5	112.5	137.5
5,000,800	50.0	62.5	75.0	100.0	125.0

For purposes of the executive incentive plans, GAAP revenue means revenue recognized by us for the applicable period in accordance with GAAP and as reported in our audited financial statements, and adjusted EBITDA is Earnings before Interest, Taxes, Depreciation and Amortization, with the following exclusions: stock compensation expense, discontinued operations, restatement charges and restructuring charges.

Table of Contents

Our performance for 2011 resulted in GAAP revenues of \$30.636 million and an Adjusted EBITDA of \$6.024 million. Interpolating this result between the revenue levels of \$29,251,800 and \$32,502,000 and between the \$5.6259M and \$6.251M adjusted EBITDA levels on the table above resulted in a payout percentage of 88.24% for this measure.

The table below sets forth the minimum, threshold, target, maximum and actual payout amounts under the 2011 executive incentive plans for the participating named executive officers. The actual payout amounts were computed based on the actual performance as outlined above, under our executive incentive plan for fiscal year 2011.

Name	FY2011 Minimum	FY2011 Threshold Award	FY2011 Target Award	FY2011 Maximum Award	FY2011 Actual Award
Victor Viegas	\$0	\$112,000	\$280,000	\$604,800	\$248,089
Joseph LaValle	\$0	\$42,000	\$120,000	\$244,800	\$106,533

The following table provides a supplemental breakdown of the components that make up the named executive officer's actual fiscal year 2011 award under our executive incentive plans. The dollar amount of the award, the award as a percentage of the target, and the multiplier are displayed for each component.

Name	Corporate Component	Percentage of Target	Corporate Component Multiplier	Individual Component	Percentage of Target	Individual Component Multiplier	Total 2011 Award
Victor Viegas	\$197,689	88.25%	1.0	\$50,400	90%	1.0	\$248,089
Joseph LaValle	\$74,133	88.25%	1.0	\$32,400	90%	1.0	\$106,533

Victor Viegas. Mr. Viegas earned 88.25% of the corporate component of his bonus, which represented 80% of his target bonus. Our board saw no reason to vary the standard 1.0 multiplier as permitted under the plan. For the individual component, our board rated Mr. Viegas' performance of his management objectives at 90% as a result of Mr. Viegas' substantial achievement of certain management objectives, including: (1) providing visibility to and substantially increasing our design win pipeline; (2) driving application developers to substantially increase availability of our applications and content; (3) capitalizing on external resource capabilities such as advisory committees; (4) evolving our intellectual property strategy to capture market trends, direct innovation, protect market growth and leadership; and (5) implementing changes to address board feedback, and applied the standard 1.0 multiplier because Mr. Viegas' performance met expectations in 2011.

Joseph LaValle. Mr. LaValle earned 88.25% of the corporate component of his bonus, which represented 70% of his award. Our Compensation Committee saw no reason to vary the standard 1.0 multiplier as permitted under the Plan. For the individual component, our Compensation Committee rated Mr. LaValle's performance of his management objectives at 90% as a result of Mr. LaValle's substantial achievement of certain management objectives, including: (1) achieving certain revenue goals; (2) focusing on certain market maker accounts; and (3) continuing to refine forecasting tools, and applied the standard 1.0 multiplier because Mr. LaValle's performance met expectations in 2011.

Although Mr. Mukherjee and Mr. Vachon had 2011 executive incentive plans similar to those of Mr. Viegas and Mr. LaValle, because they terminated employment prior to the end of fiscal 2011, they were not eligible for payment of bonuses under those plans.

Long-Term Equity Incentive Awards

The Compensation Committee approved annual equity awards to our named executive officers in the fiscal year 2011 after considering the target value of equity for each named executive officer, individual and corporate performance generally, and total compensation levels by our executives. Our Compensation Committee

Table of Contents

considers both executive and corporate performance as well as the actual compensation levels of our compensation peer companies when determining the size of equity awards. Typically, our Compensation Committee targets the 75th percentile of compensation paid to similarly situated executive officers of the companies comprising our compensation peer group for its equity grants to our named executive officers, although other factors also are taken into account including: skills, experience, and available stock pool. Generally, our Compensation Committee awards equity to our named executive officers comprised of 66.67% shares subject to stock options and 33.33% shares subject to restricted stock units. Our Compensation Committee elected this mix because it concluded that doing so represented an appropriate balance between the incentives provided by stock options, which only generate value if the value of the stock appreciates, and by a limited amount of restricted stock units, which provides a benefit by helping to retain key employees.

On September 27, 2011, we entered into a letter agreement (which was subsequently amended) with Mr. LaValle regarding his temporary assignment in Taiwan, which included specified objectives to be accomplished by June 30, 2012, involving focusing on certain market maker accounts and expanding our international activities in China. Upon the successful completion of each objective, we agreed to grant Mr. LaValle an option to purchase 5,000 shares, for an aggregate maximum of up to 25,000 shares if all objectives are completed, with each such option vesting as to 1/4 of the grant on the first anniversary of the date of grant and 1/48th monthly thereafter. In addition, the agreement provided that we would offer the following assistance:

- all expenses related to obtaining a work permit and visa in Taiwan;
- all actual expenses for rent, cleaning service, utilities and broadband service, which is approximately \$3,500 each month;
- a one-time payment of \$500 (grossed up) to assist with the set-up of Mr. LaValle's apartment in Taiwan;
- a monthly allowance of \$1000 per month (grossed up) for incidentals, including food and local travel while not on company business;
- paid roundtrip airfare (economy class) for Mr. LaValle's spouse to travel to Taiwan up to one time per month during his assignment; and
- tax preparation assistance by our accounting firm for the tax years in which Mr. LaValle's assignment spans.

The following table displays the grant date fair market value of the long term equity awards in total and for each component awarded in the fiscal year 2011.

Name	Options/Restricted Stock Units Granted	Total Combined Value of Equity Awards	Value of Options	Value of Restricted Stock Units
Victor Viegas	43,333/27,867	\$351,913	\$167,712	\$184,201
Shum Mukherjee	13,333/6,667	\$95,672	\$51,603	\$44,069
Craig Vachon	25,000/12,500	\$179,383	\$96,758	\$82,625
Joseph LaValle	16,666/8,334	\$119,590	\$64,502	\$55,088

The value of each award was calculated based on the aggregate grant date fair value computed in accordance with Generally Accepted Accounting Principles.

Severance and Change in Control Payments

We have, from time to time, entered into offer letters or employment agreements that contain certain benefits payable, in certain situations, upon termination or change in control. All such benefits extended to our executive officers are approved by our Compensation Committee in order to be competitive in our hiring and retention of executive officers, in comparison with companies with which we compete for talent. All such agreements with the named executive officers are described in Potential Payments upon Termination or Change in Control elsewhere in this Proxy Statement.

Table of Contents

We have entered into retention and change in control agreements with our executive officers with the goal of retaining such executive officers during the pendency of a proposed change of control transaction, and in order to align the interests of the executive officers with our stockholders in the event of a change in control. We believe that a proposed or actual change in control transaction can adversely impact the morale of officers and create uncertainty regarding their continued employment. Without the benefits under the change in control agreements, executive officers may be tempted to leave our employment prior to the closing of the change in control, especially if they do not wish to remain with the entity after the transaction closes, and any such departures could jeopardize the consummation of the transaction or our interests if the transaction does not close and we remain independent. Our Compensation Committee believes that these benefits therefore serve to enhance stockholder value and align the executive officers' interests with those of our stockholders in change in control transactions. A description of the terms and conditions of such change in control agreements is set forth in "Potential Payments upon Termination or Change in Control" below.

Other Benefits

We provide certain executive officers with perquisites and other personal benefits that our Compensation Committee believes are reasonable and consistent with our overall compensation programs and philosophy. These benefits are provided in order to enable us to attract and retain these executives. Our Compensation Committee periodically reviews the levels of these benefits provided to our executive officers. These benefits include participation in our health and benefits plans, retirement savings plans and our employee stock purchase plan, which are generally available to all of our employees.

Equity Compensation Grant Practices

We do not have any program, plan, or practice to select equity compensation (including stock option) grant dates in coordination with the release of material non-public information, nor do we time the release of information for the purpose of affecting value. For stock options issued pursuant to our 2011 Equity Incentive Plan, employees have seven years from the date of the grant to exercise vested options, assuming they remain an employee of or service provider to Immersion or its subsidiaries and subject to any requirements of local law. For all other stock options, employees have ten years from the date of the grant to exercise vested options, assuming they remain an employee of or service provider to Immersion or its subsidiaries and subject to any requirements of local law.

New Hire Grants. New hire grants of equity compensation are made to eligible employees in connection with the commencement of employment. New hire grants become effective on and are priced as of the tenth business day of the month following the month of hire. These grants generally become fully vested after four years, with 1/4th of the grant vesting on the first anniversary of the date of commencement of employment and 1/48th of the grant vesting monthly thereafter. Grants to individuals of 50,000 shares or less, not to exceed an aggregate of 300,000 shares in any fiscal quarter, are made by the Chief Executive Officer pursuant to the delegation of power by the Compensation Committee. Such grants must be granted on the tenth business day of each month for individuals who were employees as of the last day of the previous month. All other grants are made by our Compensation Committee.

Annual Grants. Annual restricted stock unit grants are awarded at our regularly scheduled board meeting held in February and are made on the second business day after the release of our year-end earnings release. These grants typically vest as to 1/3rd of shares on an annual basis assuming continued service and subject to any requirements of local law.

Compensation Committee Consideration of Our 2011 Say-on-Pay Vote

As required under the Dodd Frank Wall Street Reform and Consumer Protection Act, at our 2011 annual meeting of stockholders, we asked our stockholders to vote, on an advisory basis, on the compensation of our named executive officers as disclosed in our 2011 Proxy Statement. Our 2011 management say-on-pay proposal

Table of Contents

received the approval of approximately 98% of the votes cast at the 2011 annual meeting. Our Compensation Committee reviewed the final voting results, and, given the significant level of stockholder support, we have not made any changes to our executive compensation policies or decisions as a result of the vote.

At our 2011 annual meeting of stockholders, a plurality of our stockholders voted to hold the advisory vote on the compensation of our named executive officers every three years. Therefore, in accordance with the stockholder vote, our board has decided to submit the next say-on-pay proposal to our stockholders at our 2014 annual meeting of stockholders.

The majority of the options outstanding under this plan vest at the rate of 1/4 of the shares on the first anniversary of the date of grant and 1/48 of the shares monthly thereafter. The 1998 Plan provides, in certain instances, for accelerated vesting of the options upon a change of control. All of the options expire 10 years from the date of the grant. The number of shares to be issued upon exercise of outstanding options under plans assumed in business combinations at December 31, 2011 was 1,000 and the weighted average exercise price was \$3.81.

Impact of Accounting and Tax Requirements on Compensation

We are limited by Section 162(m) of the Internal Revenue Code of 1986 to a deduction for federal income tax purposes of up to \$1,000,000 of compensation paid to our named executive officers in a taxable year. Compensation above \$1,000,000 may be deducted if, by meeting certain technical requirements, it can be classified as performance-based compensation. The stock options and restricted stock unit awards granted under our 2007 Equity Incentive Plan and 2011 Equity Incentive Plan are intended to be treated under current federal tax law as performance-based compensation exempt from limitation on deductibility. Although our Compensation Committee uses the requirements of Section 162(m) as a guideline, deductibility is not the sole factor it considers in assessing the appropriate levels and types of executive compensation and it will elect to forego deductibility when it believes it to be in our and our stockholders' best interests.

In addition to considering the tax consequences, our Compensation Committee considers the accounting consequences of, including the impact of the FASB ASC Topic 718, in its decisions in determining the forms of different awards and generally attempts to keep the value of awards equivalent regardless of type.

Risk Assessment of Compensation Programs

The Compensation Committee considers potential risks when reviewing and approving compensation programs. We have designed our compensation programs, including our incentive compensation plans, with specific features to address potential risks while rewarding employees for achieving financial and strategic objectives through prudent business judgment and appropriate risk taking. The following elements have been incorporated in our programs available for our executive officers:

A Balanced Mix of Compensation Components The target compensation mix for our executive officers is composed of salary, annual cash incentives and long-term equity incentives, representing a mix that is not overly weighted toward short-term cash incentives.

Multiple Performance Factors Our incentive compensation plans use both company-wide metrics and individual performance, which encourage focus on the achievement of objectives for our overall benefit:

The executive incentive plans are dependent on multiple performance metrics including revenue and adjusted EBITDA, as well as individual goals related to specific strategic or operational objectives and the corporate metric portion of the incentive plan does not pay out unless certain financial metrics are met.

The long-term incentives are equity-based, with three and four year vesting to complement our annual cash based incentives.

Capped Incentive Awards Awards under the executive incentive plans are generally capped at the sum of: (a) 200% of the target bonus attributable to company-wide metrics (with a maximum multiplier of 1.2), plus (b) 100% of the target bonus attributable to individual performance (with a maximum multiplier of 1.2).

Clawback Provision The clawback provision provides our board with the authority to recoup past incentive compensation in the event of a material restatement of Immersion's financial results due to fraud, intentional misconduct or gross negligence of the executive officer.

Additionally, our Compensation Committee considered an assessment of compensation-related risks for all of our employees. Based on this assessment and the factors noted above, our Compensation Committee concluded that our compensation programs do not create risks that are reasonably likely to have a material adverse effect on us. In making this evaluation, our Compensation Committee reviewed the key design elements of our compensation programs in relation to industry best practices as presented by Compensia, as well as the means by which any potential risks may be mitigated, such as through our internal controls and oversight by management and the board.

Conclusion

In evaluating the individual components of overall compensation for each of our executive officers, the Compensation Committee reviews not only the individual elements of compensation, but also total compensation. Through the compensation programs described above, a significant portion of the compensation awarded to our executive officers is contingent upon each individual's and our performance. Our Compensation Committee remains committed to this philosophy of pay-for-performance and will continue to review executive compensation programs to ensure that the interests of our stockholders are served.

Payment of the foregoing benefits was conditioned upon Mr. Mukherjee's execution of a general release of claims.

Our Audit Committee has determined that all services performed by Deloitte & Touche LLP are compatible with maintaining the independence of Deloitte & Touche LLP. In addition, since the effective date of the SEC rules stating that an independent public accounting firm is not independent of an audit client if the services it provides to the client are not appropriately approved, our Audit Committee has approved, and will continue to pre-approve all services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services, and other services. None of the services described above were approved by our Audit Committee pursuant to the waiver of pre-approval provisions set forth in applicable rules of the SEC.

Our Audit Committee has adopted a policy for the pre-approval of services provided by the independent registered public accounting firm, pursuant to which it may pre-approve certain audit fees, audit-related fees, tax fees, and fees for other services. Under the policy, our Audit Committee may also delegate authority to pre-approve certain specified audit or permissible non-audit services to one or more of its members. A member to whom pre-approval authority has been delegated must report his pre-approval decisions, if any, to our Audit Committee at its next meeting. Unless our Audit Committee determines otherwise, the term for any service pre-approved by a member to whom pre-approval authority has been delegated is twelve months.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

AUDIT COMMITTEE REPORT

This report of the Audit Committee is required by the Securities and Exchange Commission, and is not to be deemed soliciting material, is not to be deemed filed with the Securities and Exchange Commission and is not to be incorporated by reference in any filing of Immersion Corporation under the Securities Act or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any filing.

Under the guidance of a written charter adopted by our board, the purpose of our Audit Committee is to retain an independent registered public accounting firm, to make such examinations as are necessary to monitor the corporate financial reporting of the internal and external audits and its subsidiaries, to provide to the board the results of its examinations and recommendations derived therefrom, to outline to the board the improvements made, or to be made, in internal accounting controls, and to provide the board such additional information and materials as it may deem necessary to make the board aware of significant financial matters that require the attention of the board.

Management is primarily responsible for the system of internal controls and the financial reporting process. The independent registered public accounting firm is responsible for expressing an opinion on the financial statements based on an audit conducted in accordance with generally accepted auditing standards. Our Audit Committee is responsible for monitoring and overseeing these processes.

In this context and in connection with the audited financial statements contained in our Annual Report on Form 10-K for the year ended December 31, 2011, our Audit Committee:

reviewed and discussed the audited financial statements with management;

discussed with Deloitte & Touche LLP, with and without management present, the matters required to be discussed under the Statement of Auditing Standards No. 114, as amended, (AICPA, *Professional Standards*, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T;

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act, requires our officers, directors, and persons who beneficially own more than 10% of our common stock to file initial reports of ownership and reports of changes in ownership with the SEC. These persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms filed by such persons.

Based solely on our review of the forms furnished to us and written representations from certain reporting persons, we believe that, except as noted below, all filing requirements applicable to our officers, directors, and persons who beneficially own more than 10% of our common stock were complied with during the fiscal year ended December 31, 2011. A Form 4 for a purchase of 20,000 shares by Jack Saltich was filed late due to an administrative error.

STOCKHOLDER PROPOSALS FOR 2013 ANNUAL MEETING

Stockholder proposals may be included in our proxy materials for an annual meeting so long as they are provided to us on a timely basis and satisfy the other conditions set forth in applicable SEC rules. For a stockholder proposal to be included in our proxy materials for the 2013 annual meeting of stockholders, the proposal must be received at our principal executive offices, addressed to the Corporate Secretary, not later than December 18, 2012. Stockholder business that is not intended for inclusion in our proxy materials may be brought before the Annual Meeting so long as we receive notice of the proposal or director nomination as specified by our Bylaws, addressed to the Corporate Secretary at our principal executive offices, not later than December 18, 2012.

STOCKHOLDERS SHARING THE SAME ADDRESS

The SEC has adopted rules that allow a company to deliver a single proxy statement or annual report to an address shared by two or more of its stockholders. This method of delivery, known as householding, permits us to realize significant cost savings, reduces the amount of duplicate information stockholders receive, and reduces the environmental impact of printing and mailing documents to you. Under this process, certain stockholders will receive only one copy of our Notice of Internet Availability of Proxy Materials and, if applicable, this Proxy Statement and the Annual Report and any additional proxy materials that are delivered until such time as one or more of these stockholders notifies us that they want to receive separate copies. Any stockholders who object to or wish to begin householding may notify our Investor Relations Department at (408) 467-1900 or Investor Relations, Immersion Corporation, 30 Rio Robles, San Jose, California 95134. Upon written or oral request, we will promptly send an individual copy of our Notice of Internet Availability of Proxy Materials and, if applicable, this Proxy Statement and the Annual Report and any additional proxy materials to any stockholder who revokes their consent to householding.

FISCAL YEAR 2011 ANNUAL REPORT AND SEC FILINGS

Our financial statements for the fiscal year ended December 31, 2011 are included in our Annual Report on Form 10-K, which we will make available to stockholders at the same time as this proxy statement.
