Andrew B. Balson

Bruce R. Evans

Glenn W. Marschel

We recommend that you vote FOR these nominees.

PROPOSAL 2. RATIFICATION OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2012

The audit committee of the board has selected Ernst & Young LLP as the independent registered public accounting firm for fiscal year 2012. Stockholder ratification of the appointment is not required under the laws of the State of Delaware, but the audit committee has decided to request that the stockholders ratify the appointment. A representative of Ernst & Young LLP will be present at the meeting to answer appropriate questions from stockholders and will have the opportunity to make a statement on behalf of the firm, if he or she so desires.

If this proposal is not approved by our stockholders at the 2012 annual meeting, the audit committee will reconsider its selection of Ernst & Young LLP. Even if the selection is ratified, the audit committee may, in its discretion, select a different registered public accounting firm at any point during the year if it determines that making a change would be in the best interests of FleetCor and our stockholders.

ELECTION OF DIRECTORS

Our board of directors is divided into three classes, with each class serving for a staggered three-year term. The board of directors consists of three class I directors, three class II directors and two class III directors. Our directors are divided among the three classes as follows:

the class I directors are Messrs. Carroll, Johnson and Stull;

the class II directors are Messrs. Balson, Evans and Marschel; and

the class III directors are Messrs. Clarke and Macchia.

At each annual meeting of stockholders, a class of directors will be elected for a three-year term to succeed the directors of the same class whose terms are then expiring. The terms of the class I directors, class II directors and class III directors identified above will expire upon the election and qualification of successor directors at the annual meeting of stockholders held during the calendar years 2014, 2012 and 2013, respectively.

Three directors are to be elected at the Annual Meeting to hold office until the annual meeting of Stockholders in 2015, and until their respective successors are elected and qualified. The accompanying proxy will be voted in favor of the nominees named below to serve as directors unless the Stockholder indicates to the contrary on the proxy. All the nominees are current directors. Our current directors were initially designated pursuant to our stockholders agreement, which terminated upon completion of our initial public offering.

The Board of Directors expects that each of the nominees will be available for election, but if any of them is unable to serve at the time the election occurs, the proxy will be voted for the election of another nominee to be designated by our Board.

BOARD OF DIRECTORS AND COMMITTEES

Our board of directors currently consists of eight members. Of our directors, seven Messrs. Balson, Carroll, Evans, Johnson, Macchia, Marschel and Stull are independent directors as defined under the New York Stock Exchange listing standards. Under our amended and restated bylaws, the number of directors will be determined from time to time by our board of directors.

The Board held four meetings in 2011 and each director attended at least 75 percent of all board and applicable committee meetings. Our independent directors meet in executive session at each regularly scheduled in-person board meeting, when deemed appropriate. The board does not have a policy regarding directors attendance at annual meetings. Three of our directors attended our 2011 annual meeting of stockholders.

Table of Contents

* Committee Chairperson

Below is a description of each standing committee of our Board of Directors. Each committee has authority to engage legal counsel or other advisors or consultants as it deems appropriate to carry out its responsibilities.

Audit Committee

Our audit committee currently consists of Messrs. Johnson, Macchia and Marschel. Mr. Macchia was elected to the board during July 2010 and subsequently became the chairman of the committee. Our board has determined that each member of the committee meets the definition of independent director for purposes of the New York Stock Exchange rules and the independence requirements of Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the Exchange Act). Our board of directors has determined that Mr. Macchia qualifies as an audit committee financial expert under Securities and Exchange Commission rules and regulations.

Our audit committee is responsible for, among other matters:

appointing, compensating, retaining, evaluating, terminating and overseeing our independent registered public accounting firm;

discussing with our independent registered public accounting firm their independence from management;

reviewing with our independent registered public accounting firm the scope and results of their audit;

approving all audit and permissible non-audit services to be performed by our independent registered public accounting firm;

overseeing the financial reporting process and discussing with management and our independent registered public accounting firm the interim and annual financial statements that we file with the Securities and Exchange Commission;

Edgar Filing: FLEETCOR TECHNOLOGIES INC - Form DEF 14A

reviewing and monitoring our accounting principles, accounting policies, financial and accounting controls and compliance with legal and regulatory requirements;

establishing procedures for the confidential anonymous submission of concerns regarding questionable accounting, internal controls, or auditing matters; and

reviewing and approving related person transactions.

Our board of directors has adopted a written charter for the committee, which is available on our website.

Table of Contents

Compensation, Nominating and Corporate Governance Committee

Our compensation, nominating and corporate governance committee currently consists of Messrs. Balson, Evans, Marschel and Stull. Mr. Evans is the chairman of the committee. Our board of directors has determined that each committee member meets the definition of independent director for purposes of the New York Stock Exchange rules and the definition of outside director for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended. In addition, a sub-committee of our compensation, nominating and corporate governance committee consisting of Messrs. Marschel and Stull approve any compensation that may otherwise be subject to Section 16 of the Exchange Act.

The compensation, nominating and corporate governance committee is responsible for, among other matters:

annually reviewing and approving our goals and objectives for executive compensation;

annually reviewing and approving for the chief executive officer and other executive officers (1) the annual base salary level, (2) the annual cash incentive opportunity level, (3) the long-term incentive opportunity level, and (4) any special or supplemental benefits or perquisites;

reviewing and approving employment agreements, severance arrangements and change of control agreements for the chief executive officer and other executive officers, as appropriate;

making recommendations and reports to the board of directors concerning matters of executive compensation;

administering our executive incentive plans;

reviewing compensation plans, programs and policies;

developing and recommending criteria for selecting new directors;

screening and recommending to the board of directors individuals qualified to become executive officers; and

handling such other matters that are specifically delegated to the compensation, nominating and corporate governance committee by the board of directors from time to time.

Our board of directors has adopted a written charter for the committee, which is available on our website.

See Compensation Discussion and Analysis for a description of the processes and procedures of the committee and for additional information regarding the committee's role and management's role in determining compensation for executive officers and directors.

Executive and Acquisitions Committee

Our executive and acquisitions committee consists of Messrs. Clarke (chairman), Balson, Evans and Johnson. Between meetings of our board of directors, the executive and acquisitions committee has and may exercise the powers of the board of directors to act upon any matters which, in the view of the Chairman of the Board, should not be postponed until the next previously scheduled meeting of the board of directors, except for those powers expressly reserved to the board. In particular, the executive and acquisitions committee may assist the board of directors in connection with capital expenditures, investments, acquisitions, financing activities and other matters. Our board of directors has adopted a

written charter for the committee, which is available on our website.

Board Leadership

Our corporate governance guidelines provide that our board will include a majority of independent directors. Our CEO serves as the chairman of the board and has served as such since 2003. We believe this leadership

Table of Contents

structure has been effective. Seven of our eight directors are independent, as described above under **Director Independence**. The members of our audit committee and compensation, nominating and corporate governance committee are also independent, as described above under **Audit Committee and Compensation, Nominating and Corporate Governance Committee**. We do not have a lead director, but our corporate governance guidelines provide that our non-management directors will meet in executive session, without management present, as frequently as they deem appropriate, typically at the time of each regular board meeting. We anticipate that the chairs of the independent board committees will rotate as presiding director, and the presiding director will act as a liaison between the non-management directors and the chairman and CEO in connection with each regular meeting. We believe that having a combined chairman and CEO, a board with a majority of independent directors who will meet regularly in executive session, and independent chairs for the board's audit committee and compensation, nominating and corporate governance committee provides the best form of leadership for FleetCor and our stockholders and provides an appropriate balance between strategy development and independent oversight of management. The board of directors believes that having our CEO serve as chairman of the board facilitates the board's decision making process because Mr. Clarke possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing the company and its business and thus is best positioned to develop agendas that ensure the board's time and attention is focused on the most critical matters. The combined role enables decisive leadership, ensures accountability and enhances the company's ability to communicate its message and strategy clearly and consistently to the company's stockholders, employees and customers.

Risk Oversight

Our board is responsible for overseeing our risk management. Under its charter, the audit committee is responsible for discussing with management the annual internal audit plan, FleetCor's major financial risk exposures, steps management has taken to monitor and control such exposures, risk management and risk assessment policies, significant findings and recommendations and management's responses. The audit committee is also responsible for discussing with management and the independent auditors, periodically, normally on at least an annual basis, the independent auditors' annual audit scope and plan and risk assessment and risk management policies. The board's other committees oversee risks associated with their respective areas of responsibility. For example, the compensation, nominating and corporate governance committee considers risks associated with our compensation policies and practices, with respect to both executive compensation and compensation generally. Our board will regularly engage in discussing the most significant risks and how the risks are being managed, and receive reports from senior management and from committee chairs. We believe that our leadership structure, as described above, supports the risk oversight function of the board. While we have a combined chairman and CEO, independent directors chair the audit committee and compensation, nominating and corporate governance committee, which are involved with risk oversight.

DIRECTOR INDEPENDENCE

Our corporate governance guidelines provide that a majority of our directors will be independent. Our board of directors has adopted director independence guidelines to assist in determining each director's independence. These guidelines are included in our corporate governance guidelines available on our website at investor.fleetcor.com. The guidelines either meet or exceed the independence requirements of the New York Stock Exchange on which our shares are traded.

Under the director independence guidelines, the board of directors must affirmatively determine a director has no relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. To facilitate this determination, annually each director completes a questionnaire that provides information about relationships that might affect the determination of independence. Management provides the compensation, nominating and corporate governance committee and our board with relevant facts and circumstances of any relationship bearing on the independence of a director or nominee that is outside the categories permitted under the director independence guidelines.

Table of Contents

Based on the review and recommendation by the compensation, nominating and corporate governance committee, the board of directors analyzed the independence of each director and determined that Messrs. Balson, Carroll, Evans, Johnson, Macchia, Marschel and Stull meet the standards of independence under our director independence standards, and applicable New York Stock Exchange listing standards, including that each member is free of any relationship that would interfere with his individual exercise of independent judgment. In making this determination, our board considered that certain board members are principals in private equity firms holding substantial positions in our common stock.

COMPENSATION OF DIRECTORS

Members of our board of directors, except for Messrs. Johnson, Macchia and Marschel, do not receive compensation for serving as directors. Restricted stock awards to Messrs. Johnson, Macchia and Marschel for 2011 service were made on April 13, 2011. Each award was for 5,500 shares of common stock and vested on January 1, 2012. We have not historically paid cash compensation and we do not grant option awards to our directors. However, beginning in 2012, cash compensation in the amount of \$20,000 was approved for the audit committee chairman, payable January 1, 2013. The decision to provide cash compensation will be reviewed on an annual basis. All members of our board of directors are reimbursed for actual expenses incurred in connection with attendance at board meetings. Mr. Clarke did not receive any compensation for service on our board of directors. Mr. Clarke's compensation is described in Compensation Discussion and Analysis.

We believe restricted stock awards are an appropriate form of compensation for our directors because the value of the grants will increase as the value of our stock price increases, thus aligning the interests of these directors with those of our stockholders. The amount of these grants was determined based on our board of directors' general experience with market levels of director compensation. We expect to continue to make annual grants of restricted stock to each of our non-employee directors (who are not otherwise affiliated with Advantage Capital Partners, Bain Capital Partners or Summit Partners). Annual grants for director service are generally anticipated to have a value of approximately \$175,000. The following table sets forth the total compensation granted to each person who received compensation as a director during 2011.
