Item 7.01 Regulation FD Disclosure.

On April 26, 2012, Sterling Financial Corporation (Sterling) conducted an investor conference call in conjunction with the public release of its first quarter 2012 financial results. During the course of the call, Sterling management inadvertently provided an incorrect response to a question raised by a participant. Accordingly, Sterling would like to clarify that it does not expect to incur any income tax expense until the first quarter of 2013. Furthermore, Sterling expects that all of the deferred tax asset valuation allowance will be reversed during the second quarter of 2012, except for the portion that is expected to offset the taxable income for the third and fourth quarters of 2012.
