On July 26, 2012, Continental Resources, Inc. (the Company), entered into Amendment No. 1 (Amendment No. 1) to the Seventh Amended and Restated Credit Agreement dated June 30, 2010, among the Company, as borrower, Banner Pipeline Company LLC, as guarantor, Union Bank, N.A., as administrative agent and issuing lender, and the other lenders party thereto (as amended prior to Amendment No. 1, the 2010 Credit Agreement and together with Amendment No. 1 the Credit Agreement). Capitalized terms used in this Form 8-K, but not otherwise defined have the meanings assigned to them under the Credit Agreement.

Amendment No. 1 includes, among other things, the following material changes to the 2010 Credit Agreement:

Except in the case of borrowing base increases, approval of the semi-annual redetermination of the borrowing base requires the consent of lenders holding more than 50% of the outstanding commitments under the Credit Agreement (compared to 75% under the 2010 Credit Agreement);

In the case of borrowing base increases, approval of the semi-annual redetermination of the borrowing base requires the consent of lenders holding at least 90% of the outstanding commitments under the Credit Agreement (compared to 100% under the 2010 Credit Agreement);

Approval of conversion to an Additional Covenant Period requires the consent of lenders holding at least 75% of the outstanding commitments under the Credit Agreement (compared to 100% under the 2010 Credit Agreement);

A change in the minimum threshold in Section 5.06(1) of the Credit Agreement (requiring notice to the lenders in the event of certain claims, judgments, liens or other encumbrances) from \$10 million to \$50 million;

A requirement for the Company and its subsidiaries to cause the lenders to have an Acceptable Security Interest in at least 80% by value (compared to 85% under the 2010 Credit Agreement) of all of the Company's and its subsidiaries' Proven Reserves and associated Oil and Gas Properties, as determined by the most recently delivered Engineering Report (the 80% Requirement), unless the Collateral Coverage Ratio is greater than or equal to 1.75 to 1, in which case the 80% Requirement will not apply during the time the Collateral Coverage Ratio is greater than or equal to 1.75 to 1 (any period where the 80% Requirement does not apply is referred to herein as a Collateral Coverage Period);

A requirement to satisfy the 80% Requirement or grant the lenders an Acceptable Security Interest in certain of the Company's and its subsidiaries' Proven Reserves and associated Oil and Gas Properties, as determined by the most recently delivered Engineering Report, such that the Collateral Coverage Ratio is at least 1.75 to 1, within 120 days of the termination of any Collateral Coverage Period;

A requirement to, from time to time at the request of the Administrative Agent, deliver such documents as required by the Administrative Agent to ensure the Administrative Agent shall have received satisfactory title opinions or other title evidence reflecting the Company and its guarantor subsidiaries have good and marketable title to Oil and Gas Properties whose aggregate present value, as determined by the most recently delivered Engineering Report, is at least equal to an amount determined by multiplying the outstanding commitments under the Credit Agreement by 1.225 (as compared to 70% of the Present Value of the Company's and guarantor subsidiaries' Oil and Gas Properties, as determined by the most recently delivered Engineering Report under the 2010 Credit Agreement);

A change in the other permitted debt threshold in Section 6.02(f) of the Credit Agreement (negative covenant in connection with incurrence of debt) from \$50 million to \$100 million;

A change in the Applicable Margins/Pricing Grid attached as Schedule I to the Credit Agreement to the following:

Level I	Equal to or greater than 90%	2.50%	1.50%	2.50%	0.50%
