Dear Fellow Shareholders:

As previously announced, Pentair, Inc., which we refer to as Pentair, and Tyco International Ltd., which we refer to as Tyco, have entered into a merger agreement under which Tyco's flow control business, which we refer to as the Tyco Flow Control Business, will combine with Pentair. Prior to the closing of the proposed merger, Tyco will cause specified assets and liabilities used in the Tyco Flow Control Business to be conveyed to its wholly owned subsidiary, Tyco Flow Control International Ltd., which we refer to as New Pentair, and will change such subsidiary's name to Pentair Ltd. Tyco will then spin off New Pentair to Tyco shareholders by distributing all the New Pentair common shares owned by Tyco to Tyco shareholders. Immediately after the spin-off, Panthro Merger Sub, Inc., a newly formed, indirect subsidiary of New Pentair, will merge with and into Pentair, with Pentair surviving the merger as a wholly owned, indirect subsidiary of New Pentair. We refer to such merger as the Merger. As a result of the Merger, Pentair shareholders will receive one newly issued common share of New Pentair for every Pentair common share they hold at the time of the Merger. At the close of the Merger, former Pentair shareholders will own approximately 47.5% of New Pentair common shares and Tyco shareholders will own approximately 52.5% of New Pentair common shares, each on a fully-diluted basis (excluding treasury shares). We anticipate that New Pentair common shares will be traded on the New York Stock Exchange under the ticker symbol PNR, Pentair's current ticker symbol. Pentair shareholders are not expected to recognize any gain or loss for U.S. federal income tax purposes as a result of the Merger.

After careful consideration, our board of directors has determined that the merger agreement and the Merger are in the best interests of Pentair and its shareholders and has unanimously approved and authorized the execution, delivery and performance of the merger agreement and the consummation of the transactions contemplated thereby. You will be asked to vote on a proposal to approve the merger agreement and the transactions contemplated thereby and all other actions or matters necessary or appropriate to give effect to the merger agreement and the transactions contemplated thereby, which we refer to as the Merger Agreement proposal, a non-binding, advisory proposal to approve the compensation that may be paid or become payable to Pentair's named executive officers in connection with the Merger, which we refer to as the compensation proposal, and a proposal to approve the adjournment or postponement of the special meeting, if necessary or appropriate, to solicit additional proxies in the event there are not sufficient votes at the time of the special meeting to approve the Merger Agreement proposal, which we refer to as the meeting adjournment proposal, at a special meeting of Pentair shareholders to be held on September 14, 2012, at The Metropolitan Ballroom, 5418 Wayzata Blvd., Golden Valley, Minnesota at 9:00 a.m. local time. **Our board of directors unanimously recommends that you vote FOR the Merger Agreement proposal, FOR the compensation proposal and FOR the meeting adjournment proposal.**

**Your vote is very important, regardless of the number of shares you own.** We cannot complete the Merger unless the merger agreement is approved by our shareholders at the special meeting, which requires the affirmative vote of a majority of the Pentair common shares entitled to vote at the special meeting. Only shareholders who owned Pentair common shares at the close of business on July 27, 2012 will be entitled to vote at the special meeting. **Whether or not you plan to be present at the special meeting, please complete, sign, date and return your proxy card in the enclosed envelope, or authorize the individuals named on your proxy card to vote your shares by calling the toll-free telephone number or by using the internet as described in the instructions included with your proxy card.** If you hold your shares in street name, you should instruct your broker how to vote your shares in accordance with your voting instruction form.

This proxy statement/prospectus explains the Merger, the merger agreement and the transactions contemplated thereby and provides specific information concerning the special meeting. **Please review this document carefully. You should carefully consider, before voting, the matters discussed under the heading Risk Factors beginning on page 34 of this proxy statement/prospectus.**

On behalf of our board of directors, I thank you for your support and appreciate your consideration of this matter.

Cordially,

Randall J. Hogan

Chairman and Chief Executive Officer

**Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved the transactions described in this proxy statement/prospectus, including the Merger, or the New Pentair common shares to be issued pursuant to the merger agreement, or determined if this proxy statement/prospectus is accurate or adequate. Any representation to the contrary is a criminal offense.**

**Q: What will happen in the Distribution?**

A: The Distribution is the final step in the separation of the Tyco Flow Control Business from Tyco, which will be accomplished through a series of transactions that will result in New Pentair owning the Tyco Flow Control Business and Tyco shareholders owning New Pentair. The Distribution will be a pro rata distribution of New Pentair common shares by Tyco to holders of Tyco shares.

**Q: What will happen in the Merger?**

A: Immediately following the Distribution, a wholly owned, indirect subsidiary of New Pentair will merge with and into Pentair, with Pentair surviving the Merger as a wholly owned, indirect subsidiary of New Pentair. Upon consummation of the Merger, Pentair will cease to be a publicly-traded company. Upon effectiveness of the Merger, each outstanding Pentair common share will be converted into the right to receive one newly issued share of New Pentair and all converted Pentair common shares will be canceled. When the Merger is complete, approximately 47.5% of the New Pentair common shares will be held by former Pentair shareholders and approximately 52.5% of New Pentair common shares will be held by Tyco shareholders, each on a fully-diluted basis (excluding treasury shares).

**Q: What will Pentair shareholders receive in the Merger?**

A: Holders of Pentair common shares will receive one newly issued common share of New Pentair for each Pentair common share they hold at the time of the Merger. Immediately following the Merger, approximately 47.5% of the New Pentair common shares will be held by former Pentair shareholders on a fully-diluted basis (excluding treasury shares).

**Table of Contents**

**Q: What will Tyco shareholders receive in the Transactions?**

A: In the Distribution, Tyco will distribute all of the outstanding New Pentair common shares on a pro rata basis to holders of Tyco common shares. Holders of Tyco common shares will receive a number of New Pentair common shares determined by a formula based on the number of Pentair and Tyco shares outstanding on a fully-diluted basis (calculated in accordance with the treasury method under U.S. GAAP) at 12:01 a.m. Eastern Standard Time on the distribution date. Based on the number of fully-diluted Pentair and Tyco shares outstanding as of June 30, 2012, the distribution ratio is expected to be approximately 0.24 New Pentair common shares per each Tyco common share. Tyco shareholders will not receive any new shares in the Merger and will continue to hold the New Pentair shares they receive in the Distribution. Although the number of Pentair and Tyco shares outstanding may increase or decrease prior to the distribution date and as a result this distribution ratio may change, it will nonetheless result in Tyco shareholders owning approximately 52.5% of New Pentair common shares on a fully-diluted basis (excluding treasury shares).

**Q: Who will serve as directors of New Pentair following the completion of the Merger?**

A: If the Transactions are completed, New Pentair will have an 11-member board of directors, organized into three classes substantially equivalent in size. The New Pentair board will be comprised of the current board members of Pentair and one additional director who has been selected by Tyco. The current board members of Pentair are: Charles A. Haggerty, Randall J. Hogan, David A. Jones, Leslie Abi-Karam, Jerry W. Burris, Ronald L. Merriman, T. Michael Glenn, David H. Y. Ho, Glynis A. Bryan, and William T. Monahan. Tyco has identified Carol Anthony Davidson as a designee to the New Pentair board of directors.

**Q: Who will serve as the executive officers of New Pentair and manage the business of the combined company following the Merger?**

A: After the Transactions are completed, the current executive officers of Pentair will be the executive officers of New Pentair and will manage the combined business. These officers are Randall J. Hogan as Chief Executive Officer, Michael V. Schrock as President and Chief Operating Officer, John L. Stauch as Executive Vice President and Chief Financial Officer, Frederick S. Koury as Senior Vice President, Human Resources, Angela D. Lageson as Senior Vice President, General Counsel and Secretary, Michael G. Meyer, Vice President of Treasury and Tax, and Mark C. Borin, Corporate Controller and Chief Accounting Officer.

**Q: Do any of Pentair's directors or executive officers have any interests in the Merger that are different from, or in addition to, my interests as a shareholder?**

A: In considering the recommendation of the Pentair board of directors that Pentair shareholders vote to approve the Merger Agreement and the transactions contemplated thereby and all other actions or matters necessary or appropriate to give effect to the Merger Agreement and the transactions contemplated thereby, you should be aware that certain of Pentair's directors and executive officers have financial interests in the Merger that differ from, or are in addition to, the interests of Pentair's shareholders generally. Pentair's board of directors was aware of, and considered the interests of, Pentair's directors and executive officers in approving the Merger Agreement. For purposes of all of the agreements and plans described below, the consummation of the Merger will constitute a change in control of Pentair.

The interests of Pentair's non-employee directors include, among other things, the right to (i) accelerated vesting of certain stock options and restricted stock units and (ii) accelerated distribution of account balances under Pentair's non-qualified deferred compensation programs.

The interests of Pentair's executive officers include the rights to: (i) accelerated vesting of stock options and restricted stock units in the event of certain terminations of employment following the Merger and, solely in the case of Mr. Schrock with respect to certain restricted stock units held by him, upon the consummation of the Merger; (ii) accelerated vesting and payout of cash performance units in the event of certain terminations of employment following the Merger; (iii) certain severance payments and other benefits

**Table of Contents**

(including medical insurance, outplacement services and accounting and legal services) in the event of certain terminations of employment following the Merger; (iv) accelerated vesting and payout of amounts under the executive officer performance plan in connection with the Merger; (v) certain accelerated accrual and vesting, as well as additional service credit, under Pentair's supplemental retirement plans in the event of certain terminations of employment following the Merger; (vi) distribution of account balances under Pentair's non-qualified deferred compensation programs in connection with the Merger; (vii) certain rights to reimbursements with respect to excise taxes under Section 280G of the Code; and (viii) certain additional grants of restricted stock units to be made by Pentair in connection with the consummation of the Merger.

In connection with Pentair's entry into the Merger Agreement, Pentair's executive officers have entered into certain waivers with Pentair waiving (i) accelerated vesting of their Pentair stock options and restricted stock units (except to the extent that such waiver would result in adverse tax consequences under Section 409A of the Code) and (ii) accelerated vesting and pro rata payout of their cash performance units, in each case, upon consummation of the Merger. Awards whose acceleration is waived will continue to vest in accordance with their normal terms, provided that unvested awards will vest in full in the event of certain qualifying terminations of employment. In addition, the performance conditions with respect to Pentair cash performance units will be deemed satisfied, and the value of such cash performance units will be fixed at target, upon the consummation of the Merger, and such awards will only be subject to service-based vesting conditions. Mr. Hogan has also waived his right to have any voluntary termination of his employment during the 30-day period following the first anniversary of the consummation of the Merger treated as a qualifying termination.

**Q: Will Pentair's common shares continue to be traded on the NYSE after the Merger is completed?**

A: No. If the Merger is completed, Pentair's common shares will no longer be listed for trading on the NYSE. Instead, New Pentair will apply to list the New Pentair common shares on the NYSE under the ticker symbol PNR, Pentair's current ticker symbol. The approval for listing of the New Pentair common shares on the NYSE is a condition to the Merger.

It is anticipated that trading will commence on a when-issued basis on or shortly prior to the record date for the Distribution and before the distribution date. When-issued trading in the context of a spin-off refers to a sale or purchase of securities effected on or before the distribution date and made conditionally because the securities of the spun-off entity have not yet been distributed. When-issued trades generally settle within four trading days of the distribution date. On the first trading day following the distribution date, any when-issued trading in respect of the New Pentair common shares will end and regular-way trading will begin. Regular-way trading refers to trading after the security has been distributed and typically involves a trade that settles on the third full trading day following the date of the sale transaction. New Pentair cannot predict the trading prices for its common shares before or after the distribution date.

**Q: Are there any conditions to the consummation of the Transactions?**

A: Yes. Consummation of the Transactions is subject to a number of conditions, including (i) the approval of the Merger Agreement by Pentair's shareholders and approval of the Distribution by Tyco's shareholders, (ii) subject to certain exceptions, the accuracy of representations and warranties in the Merger Agreement and performance by the other party in all material respects of its obligations under the Merger Agreement and the Ancillary Agreements, (iii) the absence of legal impediments prohibiting the consummation of the Merger and the Transactions and agreements contemplated thereby, (iv) the expiration or termination of the applicable HSR Act waiting period and receipt of certain other regulatory approvals, (v) the Distribution having occurred, (vi) the effectiveness of the registration statements to be filed with the SEC and the approval for listing on the NYSE of New Pentair common shares, (vii) receipt of a solvency opinion with respect to Tyco and New Pentair, (viii) a maximum market capitalization of New Pentair prior to the Merger, (ix) the receipt of tax opinions from counsel and rulings by governmental authorities regarding the tax treatment of the Distribution and the Merger and (x) the absence of a material adverse effect on the other party's business (limited in the case of Tyco to the Tyco Flow Control Business) since the end of its last full fiscal year. This document describes these conditions in more detail in The Merger Agreement Conditions to the Completion of the Merger.

**Q: Will Pentair and New Pentair incur indebtedness in connection with the Transactions?**

A. Prior to the Distribution, a subsidiary of New Pentair will issue an intercompany note to a subsidiary of Tyco in an amount not to exceed \$500 million. The intercompany note will be repaid at the closing of the Merger.

Prior to the Distribution, a subsidiary of New Pentair plans to issue, subject to certain conditions precedent, unsecured senior notes in an amount up to \$900 million that will be guaranteed by New Pentair. New Pentair plans to use the net proceeds from the issuance of the senior notes to repay \$500 million of Pentair private placement notes and the intercompany note. However, the issuance of the senior notes is not a condition to the Merger and New Pentair cannot provide any assurance that it will complete the issuance of the senior notes.

Effective with the closing of the Merger, it is planned that New Pentair will become a guarantor of, and a subsidiary of New Pentair will become a borrower under, an unsecured senior credit facility of up to \$1.2 billion (with an option to increase by \$500 million). New Pentair plans to use availability under this senior credit facility to repay borrowings outstanding under Pentair's existing credit facility as of the completion of the Merger and, if the senior notes are not issued, to repay the intercompany note.

If the third party financing described above is not available on terms acceptable to the parties, instead of a subsidiary of New Pentair issuing to a subsidiary of Tyco the intercompany note, a subsidiary of New Pentair will issue a one year unsecured bridge note for up to \$500 million to a subsidiary of Tyco that will bear interest at a rate of 14.0% and may be prepaid at any time.

After accounting for the issuance of either the intercompany note or the bridge note, the payment of transaction expenses and transfer of any excess cash to Tyco, but not taking into account any third party financing, New Pentair will have a net indebtedness immediately prior to the Distribution of \$275 million.

New Pentair expects to have pro forma aggregate long-term debt of approximately \$1.7 billion at the closing of the Merger.

See The Merger Agreement Financing and Debt Financing for more information regarding the financing plans of Pentair and New Pentair.

**Q: Will there be a post-closing working capital adjustment?**

A: Pursuant to the Separation and Distribution agreement, New Pentair is required to have working capital, defined as current assets minus current liabilities, in the amount of \$798 million, as of the close of business on the day prior to the day that the Distribution is completed. If the actual amount of the working capital exceeds \$798 million by an amount in excess of \$125 million, New Pentair will pay to Tyco the full amount of the excess. If the actual amount of the working capital is less than \$798 million by an amount in excess of \$125 million, Tyco will pay to New Pentair the full amount of the deficit.

**Q: How will the rights of shareholders of Pentair and New Pentair change after the Merger?**

A: After the Merger, Pentair shareholders will become New Pentair shareholders and their rights will be governed by Swiss law and New Pentair's Articles of Association, which differ in several significant respects from Minnesota corporate law and Pentair's current Articles of Incorporation and By-laws. A description of Pentair shareholder rights may be found in this proxy statement/prospectus in Comparison of Rights of Shareholders Before and After the Transactions. After the Distribution, the rights of former Tyco shareholders that hold New Pentair common shares pursuant to the Distribution will also be governed by New Pentair's Articles of Association.

**Q: What are the benefits and disadvantages arising from New Pentair's domicile in Switzerland?**

## Edgar Filing: PENTAIR INC - Form DEFM14A

- A: New Pentair anticipates that its domicile in Switzerland, a major business center known for its economic and political stability and financial sophistication, will produce important economic and operational benefits for New Pentair that help ensure its continued competitiveness in global markets, including the ability:

to maintain a competitive worldwide effective tax rate and increase the ease of global cash management to support New Pentair's global growth;

---

**Table of Contents**

to centrally locate New Pentair in an area that it believes will support its global growth, particularly in fast growth regions where economies are developing, as New Pentair anticipates approximately 60% of its revenues will come from outside the U.S.; and

to better integrate the Tyco Flow Control Business, which has a substantial European business and has its largest segment, Valves & Controls, headquartered in Switzerland.

Although New Pentair believes that there are significant benefits resulting from a domicile in Switzerland, it cannot provide any assurance that the anticipated benefits will be realized. See the discussion under Risk Factors Risks Related to the Transactions on pages 43-45 for a discussion of risk factors relating to New Pentair's domicile in Switzerland. New Pentair does not believe that there are any material disadvantages resulting from New Pentair's domicile in Switzerland.

**Q: What are the material U.S. federal income tax consequences to Pentair shareholders resulting from the Distribution and the Merger?**

A: Pentair shareholders are not expected to recognize any gain or loss, or include any amount in income, for U.S. federal income tax purposes as a result of the Merger. However, U.S. shareholders of Pentair who own five percent or more of New Pentair (including by attribution) immediately after the Merger must enter into a gain recognition agreement with the IRS to avoid the recognition of a gain on the exchange of their Pentair shares for New Pentair shares.

The Distribution and the Merger are conditioned on receipt of private letter rulings from the IRS and tax opinions from counsel regarding the U.S. federal income tax consequences of the Merger, the Distribution and certain internal transactions taken in anticipation of the Distribution. The private letter rulings and opinions will rely on certain facts and assumptions, and certain representations and undertakings, from Tyco, New Pentair and Pentair. Notwithstanding the private letter rulings and the opinions, the IRS could determine on audit that the Distribution, the internal transactions or the Merger should be treated as taxable transactions if it determines that any of these facts, assumptions, representations or undertakings is not correct or has been violated, or that the Distribution, the internal transactions or the Merger should be taxable for other reasons, including as a result of significant changes in stock or asset ownership after the Merger.

If the Distribution ultimately is determined to be taxable, Tyco would recognize a gain in an amount equal to the excess of the fair market value of New Pentair common shares distributed to Tyco shareholders on the Distribution date over Tyco's tax basis in such common shares, but such gain, if recognized, generally would not be subject to U.S. federal income tax. However, Tyco could incur significant U.S. federal income tax liabilities if it is ultimately determined that certain internal transactions undertaken in anticipation of the Distribution are taxable. Under the 2012 Tax Sharing Agreement, New Pentair may be required to indemnify Tyco for such liabilities.

If the Merger ultimately is determined to be taxable, Pentair shareholders would recognize taxable gain or loss on their disposition of Pentair common shares in the Merger.

See Risk Factors Risks Relating to the Transactions If the Merger, Distribution or certain internal transactions undertaken in anticipation of the Distribution are determined to be taxable for U.S. federal income tax purposes, Tyco, Tyco shareholders, New Pentair and/or Pentair shareholders could incur significant U.S. federal income tax liabilities and Material U.S. Federal Income Tax Considerations for more information regarding the potential tax consequences to you of the Distribution and Merger.

Pentair shareholders are urged to consult their tax advisors as to the specific tax consequences of the Distribution and the Merger to that shareholder, including the effect of any state, local or non-U.S. tax laws and of changes in applicable tax laws.

**Table of Contents**

**Q: How will Pentair shareholders determine their tax basis in the New Pentair common shares?**

A: A Pentair shareholder's tax basis in New Pentair common shares received in the Merger will be the same as such shareholder's tax basis in Pentair common shares exchanged therefor (except for a U.S. shareholder who is or will be a five-percent transferee shareholder within the meaning of applicable Treasury Regulations but who does not enter into a gain recognition agreement with the IRS).  
See Material U.S. Federal Income Tax Considerations.

**Q: What are the Swiss withholding tax and income tax consequences to Pentair shareholders of the Distribution and the Merger?**

A: It is a condition to closing of the Merger that, at the Effective Time, Tyco will have obtained one or more rulings from the Swiss Tax Administrations, which rulings shall be in full force and effect on the closing date of the Merger, confirming: (i) that the Merger will be a transaction that is generally tax-free for Swiss federal, cantonal, and communal tax purposes (including with respect to Swiss stamp tax and Swiss withholding tax); (ii) the relevant Swiss tax base of Panthro Acquisition for Swiss tax (including federal and cantonal and communal) purposes; (iii) the relevant amount of capital contribution reserves (*Kapitaleinlageprinzip*) which will be exempt from Swiss withholding tax in the event of a distribution to the New Pentair shareholders after the Merger; and (iv) that no Swiss stamp tax will be levied on certain post-Merger restructuring transactions. The Swiss Tax Rulings do not address the Swiss income tax consequences of the Merger to Pentair shareholders. However, it is expected that for Swiss resident individual shareholders holding their Pentair shares as private assets (*Privatvermögen*) the Merger should be tax free for federal, cantonal and communal income tax purposes. For Swiss resident individual shareholders holding their shares as business assets (*Geschäftsvermögen*) and for Swiss resident corporate shareholders the Merger may not be recognized as tax neutral by the Swiss tax authorities. In such case, the difference between the fair market value of the shares and the relevant tax basis may be treated as taxable income even if no income has been booked in the Swiss statutory profit and loss statement.

For more information regarding the potential tax consequences to you of the Distribution and the Merger, see Material Swiss Tax Considerations and Risk Factors Risks Relating to the Transactions. If the Distribution or the Merger or certain internal transactions undertaken in anticipation of the Distribution are determined to be taxable for Swiss withholding or other tax purposes, Tyco, Tyco shareholders, New Pentair, Pentair and/or Pentair shareholders could incur significant Swiss withholding tax or other tax liabilities.

**Q: Does Pentair have to pay anything to Tyco if the Merger Agreement is terminated?**

A: Depending on the reasons for termination of the Merger Agreement, Pentair may have to pay Tyco a termination fee of \$145 million. For a discussion of the circumstances under which the termination fee is payable by Pentair, see The Merger Agreement Fees and Expenses.

**Q: Does Tyco have to pay anything to Pentair if the Merger Agreement is terminated?**

A: Depending on the reasons for termination of the Merger Agreement, Tyco may have to pay Pentair a termination fee of \$145 million if the termination relates to a takeover proposal for New Pentair and a termination fee of \$370 million if the termination relates to a takeover proposal for Tyco (as opposed to New Pentair). For a discussion of the circumstances under which the termination fee is payable by Tyco, see The Merger Agreement Fees and Expenses.

**Q: Are there risks that shareholders should consider in evaluating the Transactions?**

A: Yes. You should read Risk Factors beginning on page 34 for a description of various risks you should carefully consider in evaluating the Transactions.

**Table of Contents**

**Q: Can Pentair or Tyco shareholders demand appraisal of their shares in connection with the Transactions?**

A: No. Neither Pentair nor Tyco shareholders have appraisal rights in connection with the Transactions.

**Q: When do you expect to complete the Transactions?**

A: If the Merger is approved by the shareholders of Pentair and the Distribution is approved by the shareholders of Tyco, we expect to complete the Distribution and the Merger as soon as possible after the satisfaction (or waiver, where permissible) of the conditions to the Distribution and the Merger. We currently anticipate that the distribution date for the Distribution will be September 28, 2012 and the Merger will occur immediately thereafter. However, it is possible that factors outside our control could require us to complete the Merger and the Distribution at a later time or not complete them at all. For a discussion of the conditions to the Transactions, see The Merger Agreement Conditions to the Completion of the Merger.

**QUESTIONS AND ANSWERS ABOUT THE PENTAIR SPECIAL MEETING**

*The following are some of the questions that Pentair shareholders may have regarding the special meeting of Pentair shareholders, and brief answers to those questions. For more detailed information about the matters discussed in these questions and answers, see *The Pentair Special Meeting* beginning on page 68. These questions and answers, as well as the summary beginning on page 15, are not meant to be a substitute for the information contained in the remainder of this proxy statement/prospectus, and this information is qualified in its entirety by the more detailed descriptions and explanations contained elsewhere in this proxy statement/prospectus. You are urged to read this proxy statement/prospectus in its entirety prior to making any decision. You should pay special attention to *Risk Factors* beginning on page 34 and *Cautionary Statement Concerning Forward-Looking Statements* beginning on page 66.*

**Q: What are Pentair shareholders being asked to vote on at the special meeting?**

A: Pentair shareholders are being asked to approve the Merger Agreement and the transactions contemplated thereby and all other actions or matters necessary or appropriate to give effect to the Merger Agreement and the transactions contemplated thereby ( the Merger Agreement proposal ), pursuant to which Panthro Merger Sub, a wholly owned, indirect subsidiary of New Pentair, will merge with and into Pentair with Pentair surviving as a wholly owned, indirect subsidiary of New Pentair. The approval by Pentair shareholders of the Merger Agreement proposal is a condition to the completion of the Transactions.

Pentair shareholders are also being asked to vote on a non-binding, advisory proposal to approve the compensation that may be paid or become payable to Pentair's named executive officers in connection with the Merger ( the compensation proposal ). The approval by Pentair shareholders of the compensation proposal is not a condition to the completion of the Transactions.

Pentair shareholders are also being asked to approve the adjournment or postponement of the special meeting, if necessary or appropriate, to solicit additional proxies in the event there are not sufficient votes at the time of the special meeting to approve the Merger Agreement proposal ( the meeting adjournment proposal ). The approval by Pentair shareholders of the meeting adjournment proposal is not a condition to the completion of the Transactions.

**Q: When and where is the special meeting of Pentair shareholders?**

A: The special meeting of Pentair shareholders will be held on September 14, 2012, at The Metropolitan Ballroom, 5418 Wayzata Blvd., Golden Valley, Minnesota at 9:00 a.m., local time.

**Q: Who can vote at the special meeting of Pentair shareholders?**

A: Only shareholders who own Pentair common shares of record at the close of business on July 27, 2012 are entitled to vote at the special meeting. As of the record date for the Pentair special meeting, approximately 99.2 million Pentair common shares were issued and outstanding and entitled to vote at the special meeting. Each holder of Pentair common shares is entitled to one vote per share.

**Q: How does the Pentair board of directors recommend that Pentair shareholders vote?**

A: The Pentair board of directors has determined that the Merger and the Merger Agreement are advisable, fair to, and in the best interests of Pentair and its shareholders and unanimously recommends that the Pentair shareholders approve the Merger Agreement, the Separation and Distribution Agreement, the Ancillary Agreements, the Transactions and the other transactions contemplated by the Merger Agreement, the Separation and Distribution Agreement and the Ancillary Agreements. **The Pentair board of directors unanimously recommends that Pentair shareholders vote FOR the Merger Agreement proposal, FOR the compensation proposal and FOR the**

**meeting adjournment proposal.**

**Table of Contents**

**Q: What vote is required to approve each proposal?**

A: The approval by Pentair shareholders of the Merger Agreement proposal requires the affirmative vote of the holders of a majority of the Pentair common shares entitled to vote at the special meeting. The approval of the compensation proposal requires the affirmative vote of the holders of a majority of the Pentair common shares present in person or represented by proxy at the special meeting and entitled to vote thereon, provided a quorum is present. The approval of the meeting adjournment proposal requires the affirmative vote of the holders of a majority of the Pentair common shares present in person or represented by proxy at the special meeting and entitled to vote thereon, whether or not a quorum is present.

**Q: What is a quorum?**

A: The holders of a majority of the issued and outstanding Pentair common shares present either in person or represented by proxy at the meeting will constitute a quorum. Proxies received but marked as abstentions will be included in the calculation of the number of shares considered to be present at the special meeting.

**Q: What should Pentair shareholders do now in order to vote on the proposals being considered at the Pentair special meeting?**

A: Pentair shareholders may submit a proxy by filling out the accompanying proxy card and returning it as instructed on the proxy card. Pentair shareholders can also authorize the individuals named on the proxy card to vote their shares by telephone or the internet by following the instructions printed on the proxy card. Proxies submitted by telephone or the internet must be received by 11:59 p.m. on September 13, 2012.

Submitting a proxy means that a shareholder gives someone else the right to vote the shareholder's shares in accordance with the shareholder's instructions. In this way, the shareholder ensures that the shareholder's vote will be counted even if the shareholder is unable to attend the Pentair special meeting. If a Pentair shareholder executes a proxy, but does not include specific instructions on how to vote, the individuals named as proxies will vote the Pentair shareholder's shares as follows:

FOR the Merger Agreement proposal;

FOR the compensation proposal; and

FOR the meeting adjournment proposal.

If a Pentair shareholder holds shares in street name, which means the shares are held of record by a broker, bank or nominee, please see Q: If a Pentair shareholder's shares are held in street name by the shareholder's broker, will the broker vote the shares for the shareholder? below.

Pentair shareholders may also vote in person at the meeting. If a Pentair shareholder plans to attend the Pentair special meeting and wishes to vote in person, the shareholder will be given a ballot at the Pentair special meeting. Please note, however, that if a Pentair shareholder's shares are held in street name, and the shareholder wishes to vote in person at the Pentair special meeting, the Pentair shareholder must bring a proxy from the record holder of the shares authorizing the shareholder to vote at the Pentair special meeting. Whether or not a Pentair shareholder plans to attend the Pentair special meeting, the shareholder is encouraged to authorize the shareholder's proxy as described in this proxy statement/prospectus.

**Q: What if I participate in the Pentair Employee Stock Ownership Plan?**

## Edgar Filing: PENTAIR INC - Form DEFM14A

- A: We also are making this proxy statement/prospectus available to, and seeking voting instructions from, participants in the Pentair Employee Stock Ownership Plan who hold Pentair common shares under such plan. Fidelity Management Trust Company, as trustee of the plan and record holder of the Pentair common shares held in the plan, will vote shares attributable to you in accordance with your directions given on the proxy card, by telephone or the internet. If you hold Pentair common shares under the plan, please complete, sign and return your proxy card, or provide voting instructions by telephone or through the internet as described on the proxy card prior to 11:59 p.m. on September 10, 2012. The proxy card will serve as instructions to the plan trustee to vote the shares attributable to your interest in the manner you indicate on

---

**Table of Contents**

the card. If you do not submit a proxy card indicating how you want your shares to be voted, the plan trustee will vote your shares along with all other uninstructed shares in proportion to the voting by the plan shares for which instructed proxies were received.

**Q: If a Pentair shareholder is not going to attend the special meeting, should the shareholder return the shareholder's proxy card or otherwise vote the shareholder's shares?**

A: Yes. Completing, signing, dating and returning the proxy card by mail or submitting a proxy by calling the toll-free number shown on the proxy card or submitting a proxy by visiting the website shown on the proxy card ensures that the shareholder's shares will be represented and voted at the special meeting, even if the shareholder is unable to or does not attend.

**Q: If a Pentair shareholder's shares are held in street name by the shareholder's broker, will the broker vote the shares for the shareholder?**

A: If a Pentair shareholder's shares are held in street name, which means such shares are held of record by a broker, bank or nominee, the Pentair shareholder will receive instructions from the shareholder's broker, bank or other nominee that the shareholder must follow in order to have such shareholder's Pentair common shares voted. If a Pentair shareholder has not received such voting instructions or requires further information regarding such voting instructions, the shareholder should contact such shareholder's bank, broker or other nominee. Brokers, banks or other nominees who hold Pentair common shares for a beneficial owner of those shares typically have the authority to vote in their discretion on routine proposals when they have not received instructions from beneficial owners. However, brokers, banks and other nominees are not allowed to exercise their voting discretion with respect to the approval of matters that are non-routine, such as approval of the Merger Agreement proposal, the compensation proposal or the adjournment proposal, without specific instructions from the beneficial owner. All proposals for the Pentair special meeting are non-routine and non-discretionary. Broker non-votes are shares held by a broker, bank or other nominee that are represented at the meeting but with respect to which the broker, bank or other nominee is not instructed by the beneficial owner of such shares to vote on the particular proposal, and the broker, bank or other nominee does not have discretionary voting power on such proposal. If a Pentair shareholder's broker, bank or other nominee holds the shareholder's Pentair common shares in street name, the shareholder's bank, broker or other nominee will vote the shareholder's shares only if the shareholder provides instructions on how to vote by filling out the voter instruction form sent to such shareholder by such shareholder's bank, broker or other nominee with this proxy statement/prospectus.

**WHETHER OR NOT YOU PLAN TO ATTEND THE SPECIAL MEETING, YOU ARE ENCOURAGED TO GRANT YOUR PROXY AS DESCRIBED IN THIS PROXY STATEMENT/PROSPECTUS.**

**Q: Can Pentair shareholders change their vote?**

A: Yes. Holders of record of Pentair common shares who have properly completed and submitted their proxy card or proxy by telephone or internet can change their vote before the proxy is voted at the Pentair special meeting in any of the following ways:

sending a signed written notice that is received prior to the Pentair special meeting stating that the shareholder revokes the shareholder's proxy to the corporate secretary of Pentair at 5500 Wayzata Boulevard, Suite 800, Minneapolis, Minnesota 55416;

properly completing, signing and dating a new proxy card bearing a later date and properly submitting it so that it is received prior to the Pentair special meeting; or

visiting the website shown on the proxy card and submitting a new proxy in the same manner that the shareholder would submit the shareholder's proxy via the internet or by calling the toll-free number shown on the proxy card to submit a new proxy by telephone.

**Table of Contents**

A Pentair shareholder whose shares are held in street name by such shareholder's broker and who has directed that person to vote the shareholder's shares should instruct that person to change such person's vote.

**Q: What will happen if Pentair shareholders abstain from voting, fail to vote or do not direct how to vote on their proxy?**

A: The failure of a Pentair shareholder to vote or to instruct the shareholder's broker to vote if the shareholder's shares are held in street name may have a negative effect on the ability of Pentair to obtain the number of votes necessary for approval of the proposals. For purposes of the shareholder vote, an abstention, which occurs when a shareholder attends a meeting, either in person or by proxy, but abstains from voting, will have the same effect as voting against the Merger Agreement proposal, voting against the compensation proposal and voting against the meeting adjournment proposal. The failure of a Pentair shareholder to vote or to instruct the shareholder's broker, bank or nominee to vote if his shares are held in street name will have the same effect as voting against the Merger Agreement proposal, but will not affect the proposals to approve the compensation proposal or the meeting adjournment proposal. All properly signed proxies that are received prior to the special meeting and that are not revoked will be voted at the special meeting according to the instructions indicated on the proxies. If a proxy is returned without an indication as to how Pentair common shares represented are to be voted with regard to a particular proposal, the Pentair common shares represented by the proxy will be voted in accordance with the recommendation of the Pentair board of directors and therefore, FOR the Merger Agreement proposal, FOR the compensation proposal and FOR the meeting adjournment proposal.

**The Transactions (See **The Transactions** beginning on page 72)**

***Structure of the Spin-Off and the Merger*** (See **The Transactions** ***Structure of the Spin-Off and the Merger*** beginning on page 72)

Tyco and Pentair have agreed pursuant to the Merger Agreement to merge the Tyco Flow Control Business with Pentair. Prior to consummating the Merger and pursuant to the Separation and Distribution Agreement, Tyco will transfer the Tyco Flow Control Business to New Pentair, rename New Pentair Pentair Ltd. and subsequently distribute all of the outstanding New Pentair common shares to Tyco shareholders on a pro rata basis in the Distribution. Immediately following the Distribution, Tyco, New Pentair, and Pentair will consummate the Merger upon the terms and subject to the conditions of the Merger Agreement. New Pentair's wholly owned, indirect subsidiary, Panthro Merger Sub, will merge with and into Pentair and Pentair will survive the Merger as a wholly owned, indirect subsidiary of New Pentair. As consideration for the Merger, shareholders of Pentair will receive one newly issued common share of New Pentair for each Pentair common share that they hold at the time of the Merger. Immediately after consummation of the Merger, on a fully-diluted basis,

approximately 47.5% of New Pentair common shares will be held by former Pentair shareholders and approximately 52.5% of New Pentair common shares will be held by Tyco shareholders (excluding treasury shares). After the Transactions, New Pentair will be an independent, publicly-traded company that operates Pentair and the Tyco Flow Control Business.

Shareholders are encouraged to read carefully the sections titled *The Merger Agreement* and *The Separation and Distribution Agreement and the Ancillary Agreements* as well as the *Merger Agreement and the Separation and Distribution Agreement*, which are attached to this proxy statement/prospectus and incorporated herein by reference, because they set forth the terms of the Merger and the Distribution, respectively.

***Transaction Timeline*** (See *The Transactions Transaction Timeline* beginning on page 72)

Below is a step-by-step list illustrating the sequence of material events relating to the Spin-off and the Merger. Each of these events is discussed in more detail elsewhere in this proxy statement/prospectus. Except as further described below, it is anticipated that the steps will occur in the following order:

*Step 1* Tyco will engage in a series of restructuring transactions to separate the Tyco Flow Control Business from Tyco in the manner contemplated by the Separation and Distribution Agreement and transfer the assets and liabilities comprising the Tyco Flow Control Business, with certain specifically scheduled exceptions, to New Pentair.

*Step 2* A subsidiary of New Pentair will issue an intercompany note to a subsidiary of Tyco in an amount not to exceed \$500 million, which will be repaid at the closing of the Merger with proceeds to New Pentair from a third party financing upon terms negotiated by Pentair. After accounting for the issuance of the intercompany note, the payment of transaction expenses and transfer of any excess cash to Tyco, but not taking into account any third party financing, New Pentair will have a net indebtedness immediately prior to the Distribution of \$275 million.

*Step 3* Tyco will receive an audit report of Deloitte AG (Zürich), as state supervised auditing enterprise, stating that the Distribution and the ordinary cash dividend to Tyco shareholders proposed in the Tyco Proxy Statement comply with Swiss law and Tyco's Articles of Association.

*Step 4* Tyco, in its capacity as the sole shareholder of New Pentair, will resolve to increase the share capital of New Pentair by a conversion of freely available equity into nominal share capital and authorize the issuance of New Pentair common shares in a number permitting a one-to-one share exchange with the outstanding Pentair common shares on a fully-diluted basis. Such newly issued shares will be held in treasury by New Pentair pending delivery to the former Pentair shareholders following the Merger.

*Step 5* New Pentair's Articles of Association and organizational regulations will be amended in substantially the form attached to this proxy statement/prospectus as Annex F and Annex G, respectively. New Pentair's name will be changed to Pentair Ltd. and the company will have a board of directors comprised of the board of directors of Pentair as of the date of mailing of the Tyco Proxy Statement and up to two persons selected by Tyco and reasonably acceptable to Pentair. Tyco has selected only one designee to the New Pentair board of directors.

*Step 6* Tyco will then spin off New Pentair by distributing all of the outstanding common shares of New Pentair, and cash in lieu of fractional shares, to the Tyco shareholders on a pro rata basis as determined by a distribution formula.

*Step 7* Panthro Merger Sub, a wholly owned, indirect subsidiary of New Pentair, will merge with and into Pentair and Pentair will cease to be a publicly-traded company. Each outstanding Pentair common share will be converted into the right to receive one New Pentair common share and all converted Pentair common shares will

**Table of Contents**

be canceled. As a result, former Pentair shareholders will own approximately 47.5% of New Pentair common shares and Tyco shareholders will own approximately 52.5% of New Pentair common shares on a fully-diluted basis (excluding treasury shares) immediately following the Merger.

*The Spin-off* (See The Transactions The Spin-off beginning on page 73)

Pursuant to the Separation and Distribution Agreement and certain provisions of the Merger Agreement, Tyco will, among other things, (i) engage in an internal restructuring whereby it will transfer to New Pentair certain assets related to the Tyco Flow Control Business, and New Pentair will assume from Tyco certain liabilities associated with the Tyco Flow Control Business, (ii) increase the share capital of New Pentair by a conversion of freely available equity into nominal share capital and authorize the issuance of New Pentair common shares in a number permitting a one-to-one share exchange with the outstanding Pentair common shares, (iii) prior to the Distribution, rename New Pentair Pentair Ltd. and (iv) distribute to holders of Tyco common shares all of the outstanding common shares of New Pentair through a pro-rata dividend. After the Distribution, Tyco will not own any shares of New Pentair.

*Conditions to the Separation and Distribution* (See The Separation and Distribution Agreement and the Ancillary Agreements Separation and Distribution Agreement Conditions and Termination beginning on page 157)

The Distribution is subject to a number of important conditions. Under Swiss law, the approval of a relative majority of Tyco's shareholders is required to effect the Distribution. Under the terms of the Separation and Distribution Agreement, the consummation of the Distribution is conditioned upon (i) the satisfaction (or waiver by Tyco) of each of the conditions to Tyco's obligation to effect the closing of the transactions contemplated by the Merger Agreement (other than the consummation of the Distribution) and (ii) each of Tyco and Pentair having irrevocably confirmed to the other that each of the conditions to its obligations to effect the closing of the Merger has been satisfied or waived and that it is prepared to proceed with the Merger. For a more detailed description of the Merger conditions, see The Merger Agreement Conditions to the Completion of the Merger.

*Working Capital and Net Indebtedness* (See The Separation and Distribution Agreement and the Ancillary Agreements Separation and Distribution Agreement Post Closing Working Capital and Net Indebtedness Adjustments beginning on page 148)

Pursuant to the Separation and Distribution Agreement, New Pentair is required to have working capital, defined as current assets minus current liabilities, in the amount of \$798 million, as of the close of business on the day prior to the day that the Distribution is completed. If the actual amount of the working capital exceeds \$798 million by an amount in excess of \$125 million, New Pentair will pay to Tyco the full amount of the excess. If the actual amount of the working capital is less than \$798 million by an amount in excess of \$125 million, Tyco will pay to New Pentair the full amount of the deficit.

Before the close of business on the day prior to the Distribution, a subsidiary of New Pentair will issue an intercompany note to a subsidiary of Tyco in an amount not to exceed \$500 million, which will be repaid at the closing of the Merger with proceeds to New Pentair from a third party financing upon terms negotiated by Pentair. If such third party financing is not available on terms acceptable to the parties, instead of a subsidiary of New Pentair issuing to a subsidiary of Tyco the intercompany note that would be repaid at the closing of the Merger, a subsidiary of New Pentair will issue a one year unsecured bridge note for up to \$500 million to a subsidiary of Tyco in accordance with the Merger Agreement that will bear interest at a rate of 14.0% and be prepayable at any time. New Pentair is then to transfer cash and cash equivalents to Tyco such that, immediately prior to the Distribution, the net indebtedness of New Pentair will be \$275 million.

**Table of Contents**

*The Merger* (See The Transactions The Merger beginning on page 73)

Pursuant to the Merger Agreement, immediately after the Distribution, Panthro Merger Sub will merge with and into Pentair. Pentair will survive the Merger as a wholly owned, indirect subsidiary of New Pentair, and will cease to be a publicly-traded company. Upon effectiveness of the Merger, each outstanding Pentair common share will be converted into the right to receive one newly issued common share of New Pentair and all converted Pentair common shares will be canceled. New Pentair will be a publicly-traded company organized under the laws of Switzerland. It is expected that New Pentair's shares will be listed for trading on the NYSE under the symbol PNR, which is currently the trading symbol for Pentair.

*Calculation of the Distribution Ratio and the Exchange Ratio* (See The Transactions Calculation of the Distribution Ratio and the Exchange Ratio beginning on page 73)

Pursuant to the Separation and Distribution Agreement, Tyco will effect the Distribution by distributing all outstanding New Pentair common shares it holds as the sole shareholder of New Pentair at the time of the Distribution on a pro rata basis to holders of Tyco common shares. Holders of Tyco common shares will receive a number of New Pentair common shares equal to the quotient of (i) the product of (x) the number of Pentair common shares outstanding (determined on a fully-diluted basis calculated in accordance with the treasury method under U.S. GAAP without taking into account tax consequences to any party or any applicable vesting provisions) as of 12:01 a.m. Eastern Standard Time on the distribution date, multiplied by (y) 1.10526316 divided by (ii) the number of Tyco common shares outstanding (determined on a fully-diluted basis calculated in accordance with the treasury method under U.S. GAAP without taking into account tax consequences to any party or any applicable vesting provisions) immediately prior to 12:01 a.m. Eastern Standard Time on the distribution date (the distribution ratio).

Based on the number of fully-diluted Pentair and Tyco shares outstanding as of June 30, 2012, it is expected that the distribution ratio will be approximately 0.24 New Pentair common shares per each Tyco common share. However, this amount will be finally determined at the effective time of the Distribution based on the number of Pentair common shares and the number of Tyco common shares outstanding immediately prior to the Distribution that are entitled to receive New Pentair common shares in the Distribution. Therefore, the actual number of New Pentair common shares that Tyco shareholders are entitled to receive will change if the number of Tyco common shares outstanding or Pentair common shares outstanding at those times changes because of any increase or decrease in share amounts for any reason. There is no maximum or minimum number of shares that will be issued. The number calculated above is not expected to change significantly because (1) Pentair currently has no plans to issue any of its common shares prior to the effective time of the Merger other than pursuant to previous grants of equity incentive awards or pursuant to the exercise of employee stock options and stock settled stock appreciation rights, in each case, in the ordinary course of business and (2) Tyco currently has no plans to issue any of its common shares prior to the effective time of the Merger other than pursuant to previous grants of equity incentive awards or pursuant to the exercise of employee stock options and stock settled stock appreciation rights, in each case, in the ordinary course of business.

Immediately after the Distribution, pursuant to the Merger Agreement, the Merger will occur. The Merger Agreement provides that, at the effective time of the Merger, each outstanding Pentair common share will be converted into the right to receive one newly issued common share of New Pentair. This one-to-one exchange is herein referred to as the exchange ratio.

Immediately following the consummation of the Distribution and the Merger and the application of the distribution ratio and the exchange ratio, former Pentair shareholders will own approximately 47.5% of New Pentair common shares and Tyco shareholders will own approximately 52.5% of New Pentair common shares on a fully-diluted basis (excluding treasury shares).

***Termination of the Merger Agreement*** (See The Merger Agreement Termination of the Merger Agreement beginning on page 146)

Tyco and Pentair may agree to terminate the Merger Agreement by mutual written consent. Additionally, either Tyco or Pentair may terminate the Merger Agreement for the following reasons, among others:

the Merger has not been consummated by February 1, 2013, provided that the terminating party's failure to perform in all material respects with the obligations set forth in the Merger Agreement or the Separation and Distribution Agreement is not the cause of the Merger not being completed by February 1, 2013;

the existence of any law that makes consummation of the transactions under the Merger Agreement illegal or otherwise prohibited;

any governmental authority has issued a final, non-appealable order, decree or ruling permanently restraining, enjoining or otherwise prohibiting any material component of the transactions under the Merger Agreement, provided, however, that such right to terminate will not be available to any party whose failure to perform certain of its obligations under the Merger Agreement resulted in such order, decree or ruling;

Pentair shareholders fail to approve the Merger Agreement and the transactions contemplated thereby at the Pentair special shareholders meeting; or

Tyco shareholders fail to approve the Distribution at the Tyco special shareholders meeting.

Pentair may also terminate the Merger Agreement at any time prior to the Merger for the following reasons, among others:

at any time before Pentair shareholders approve the Merger, to enter into a written definitive agreement relating to a Pentair Superior Proposal (as defined in The Merger Agreement No Solicitation beginning on page 137) provided it has complied with certain conditions related to a Pentair Change of Recommendation;

if Tyco's board of directors (i) fails to include its recommendation to Tyco shareholders to approve the Distribution in the Tyco Proxy Statement, (ii) withholds, withdraws, qualifies or modifies, or publicly proposes to withhold, withdraw, qualify or modify its recommendation in a manner adverse to Pentair or (iii) approves, adopts or recommends any New Pentair Takeover Proposal (as defined below) (each such action above being a Tyco Change of Recommendation ); or

if Tyco breaches in any material respect any of its representations, warranties or covenants contained in the Merger Agreement or the Separation and Distribution Agreement such that any of the conditions described in the Merger Agreement and the Separation and Distribution Agreement would not be satisfied and such failure has not been cured within 60 calendar days after Pentair gives written notice thereof to Tyco or where any such condition is incapable of being satisfied.

In addition, Tyco may terminate the Merger Agreement for the following reasons, among others:

if Pentair's board of directors (i) fails to include its recommendation relating to the Merger in its proxy statement to its shareholders, (ii) withholds, withdraws, qualifies or modifies, or publicly proposes to withhold, withdraw, qualify or modify its recommendation in a manner adverse to Tyco or (iii) approves, adopts or recommends any Pentair Takeover Proposal (as defined below) (each such action being a Pentair Change of Recommendation ); or

if Pentair breaches in any material respect any of its representations, warranties or covenants contained in the Merger Agreement or the Separation and Distribution Agreement such that any of the conditions described in the Merger Agreement and the Separation and Distribution Agreement would not be satisfied and such failure has not been cured within 60 calendar days after Tyco gives written notice thereof to Pentair or where any such condition is incapable of being satisfied.

Pentair is not, in any event, to receive both the \$145 million termination fee and the \$370 million termination fee.

For purposes of determining the termination fees as described above, a Pentair Takeover Proposal, New Pentair Takeover Proposal and Tyco Takeover Proposal apply to a transaction relating to 50% of any class of equity securities, consolidated net revenues, net income or assets of Pentair, New Pentair or Tyco, as applicable, rather than 10%.

You are urged to read the opinion of Deutsche Bank carefully in its entirety.

On March 27, 2012, the Pentair board of directors received an oral opinion from Greenhill & Co. (Greenhill), which was subsequently confirmed in writing, that, as of such date and based upon and subject to the qualifications, limitations and assumptions stated in its opinion, from a financial point of view, the exchange ratio pursuant to the Merger Agreement was fair to the holders of Pentair common shares (other than New Pentair and any subsidiary of Pentair). Greenhill's written opinion sets forth, among other things, the assumptions made, procedures followed, factors considered and limitations upon, the review undertaken by Greenhill in rendering its opinion. This summary of Greenhill's written opinion is qualified in its entirety by reference to the full text of the opinion. Greenhill's opinion is addressed to Pentair's board of directors for its use in connection with its evaluation of the Merger. Greenhill's opinion relates only to the fairness, from a financial point of view, to the holders of Pentair common shares (other than New Pentair and any subsidiary of Pentair), of the exchange ratio pursuant to the Merger Agreement (after giving effect to the distribution ratio pursuant to the Separation and Distribution Agreement), which Greenhill assumes, with the knowledge and permission of the Pentair board of directors, will result in the fully-diluted common shares of New Pentair at the effective time of the Merger being held approximately 47.5% by the former shareholders of Pentair and 52.5% by the shareholders of New Pentair (excluding treasury shares) immediately prior to the Merger. Greenhill's opinion does not constitute a recommendation to any shareholder of Pentair as to how such shareholder should vote or act with respect to the Merger or any other matter. You are urged to read the opinion of Greenhill carefully in its entirety.

***Interests of Certain Persons in the Merger*** (See The Transactions Interests of Certain Persons in the Merger beginning on page 104)

In considering the recommendation of the Pentair board of directors that Pentair shareholders vote to approve the Merger Agreement proposal, you should be aware that certain of Pentair's directors and executive officers have financial interests in the Merger that differ from, or are in addition to, the interests of Pentair's shareholders generally.

The interests of Pentair's non-employee directors include, among other things, the right to (i) accelerated vesting of certain stock options and restricted stock units and (ii) accelerated distribution of account balances under Pentair's non-qualified deferred compensation programs. The interests of Pentair's executive officers include the rights to:

accelerated vesting of stock options and restricted stock units in the event of certain terminations of employment following the Merger and, solely in the case of Mr. Schrock with respect to certain restricted stock units held by him, upon the consummation of the Merger;

accelerated vesting and payout of cash performance units in the event of certain terminations of employment following the Merger;

**Table of Contents**

certain severance payments and other benefits (including medical insurance, outplacement services and accounting and legal services) in the event of certain terminations of employment following the Merger;

accelerated vesting and payout of amounts under the executive officer performance plan in connection with the Merger;

certain accelerated accrual and vesting, as well as additional service credit, under Pentair's supplemental retirement plans in the event of certain terminations of employment following the Merger;

distribution of account balances under Pentair's non-qualified deferred compensation programs in connection with the Merger;

certain rights to reimbursements with respect to excise taxes under Section 280G of the Code; and

certain additional grants of restricted stock units to be made by Pentair in connection with the consummation of the Merger.

In connection with Pentair's entry into the Merger Agreement, Pentair's executive officers have entered into waivers with Pentair waiving (i) accelerated vesting of their Pentair stock options and restricted stock units (except to the extent that such waiver would result in adverse tax consequences under Section 409A of the Code) and (ii) accelerated vesting and pro rata payout of their cash performance units, in each case, upon consummation of the Merger. Awards whose acceleration is waived will continue to vest in accordance with their normal terms, provided that unvested awards will vest in full in the event of certain qualifying terminations of employment. In addition, the performance conditions with respect to Pentair cash performance units will be deemed satisfied, and the value of such cash performance units will be fixed at target, upon the consummation of the Merger, and such awards will only be subject to service-based vesting conditions. Mr. Hogan has also waived his right to have any voluntary termination of his employment during the 30-day period following the first anniversary of the consummation of the Merger treated as a qualifying termination.

In addition, pursuant to the Merger Agreement, at the Effective Time, Pentair's executive officers will become the executive officers of New Pentair, and Pentair's board of directors, together with up to two new directors selected by Tyco prior to the mailing of the Tyco Proxy Statement and reasonably acceptable to Pentair, will be the board of directors of New Pentair. Tyco has selected only one designee to the New Pentair board of directors.

Pentair's board of directors was aware of, and considered the interests of, Pentair's directors and executive officers in approving and authorizing the execution, delivery and performance of the Merger Agreement and the consummation of the transactions contemplated thereby and making their recommendation that the Pentair shareholders approve the Merger Agreement proposal.

***Regulatory Approval*** (See The Transactions Regulatory Approvals beginning on page 118)

Under the HSR Act and related rules, the Merger may not be completed until notifications have been given and information furnished to the Federal Trade Commission and to the Antitrust Division of the U.S. Department of Justice ( Antitrust Division ) and all statutory waiting period requirements have been satisfied. The HSR Act provides for an initial 30-calendar-day statutory waiting period following the necessary filings by the parties to the merger, unless the Federal Trade Commission and Antitrust Division terminate the waiting period early. Pentair and New Pentair filed Notification and Report Forms with the Federal Trade Commission and the Antitrust Division on April 17, 2012 and early termination of the HSR Act waiting period was granted on April 25, 2012.

In addition, Pentair and New Pentair are required to provide notifications to the European Union, Chinese and Turkish competition authorities. Subsequent to a notification filed on June 15, 2012, Pentair and New Pentair received on July 11, 2012 a decision from the European Commission under Council Regulation (EC)

---

**Table of Contents**

No. 139/2004 of 20 January 2004 on the control of concentrations between undertakings declaring that the Merger is compatible with the internal market and with the Agreement of the European Economic Area. Pentair and New Pentair are also seeking clearance under the Chinese Anti-Monopoly Law with a notification submitted to the Anti-Monopoly Bureau of China's Ministry of Commerce on May 4, 2012. The Anti-Monopoly Bureau of China's Ministry of Commerce initiated the formal review period for the notification on July 3, 2012. Further, subsequent to a notification submitted to the Competition Board of the Turkish Competition Authority on June 27, 2012, Pentair and New Pentair received on July 19, 2012 a decision granting clearance under the Turkish Law on Protection of Competition No. 4054 and the Turkish Competition Authority Communiqué No. 2010/4 on Mergers and Acquisitions Requiring the Approval of the Competition Board. Pentair and New Pentair as appropriate also may provide notice and seek regulatory clearance in other jurisdictions.

There can be no assurance that a challenge to the Merger on antitrust grounds will not be made or, if such a challenge is made, that it would not be successful.

***No Dissenters or Appraisal Rights*** (See The Transactions Rights of Appraisal beginning on page 119)

Pentair shareholders will not be entitled to appraisal or dissenters' rights under the Minnesota Business Corporation Act in connection with the Merger.

***Accounting Treatment*** (See The Transactions Accounting Treatment beginning on page 119).

Accounting Standards Codification (ASC) Topic 805, *Business Combinations*, requires the use of the purchase method of accounting for business combinations. In applying the purchase method, it is necessary to identify both the accounting acquiree and the accounting acquiror. In a business combination effected through an exchange of equity interests, such as the Merger, the entity that issues the interests (New Pentair in this case) is generally the acquiring entity. In identifying the acquiring entity in a combination effected through an exchange of equity interests, however, all pertinent facts and circumstances must be considered, including the following:

*The relative voting interests in New Pentair after the Transactions.* In this case, Tyco shareholders are expected to receive approximately 52.5% of the equity ownership and associated voting rights in New Pentair after the Transactions.

*The composition of the governing body of New Pentair after the Transactions.* In this case, the composition of the board of directors of New Pentair after the Transactions will be comprised of the ten current members of the board of directors of Pentair plus up to two members designated by Tyco. As more fully described in Description of New Pentair Capital Stock General Meetings of Shareholders and Voting Rights, New Pentair's board of directors will be divided into three classes substantially equivalent in size, with each class serving a three-year term. One class will be elected at each annual general meeting of shareholders. As a result, any significant shift in the composition of the board of directors proposed by New Pentair would take at least two years.

*The composition of senior management of New Pentair after the Transactions.* In this case, New Pentair's executive officers following the Merger will be the current executive officers of Pentair.

Pentair and New Pentair have determined that Pentair will be the accounting acquiror in this combination based on the pertinent facts and circumstances, including those outlined above. New Pentair will apply purchase accounting to the assets and liabilities of the Tyco Flow Control Business upon consummation of the Transactions. Upon completion of the Transactions, the historical financial statements of New Pentair will be those of Pentair.

***Tax Sharing Agreement*** (See The Separation and Distribution Agreement and Ancillary Agreements Tax Sharing Agreement beginning on page 158)

New Pentair intends to enter into the 2012 Tax Sharing Agreement with Tyco and ADT that will govern the respective rights, responsibilities and obligations of Tyco, ADT and New Pentair after the Spin-off with respect

to tax liabilities and benefits, tax attributes, tax contests and other tax matters regarding income taxes, other taxes and related tax returns. Because certain of New Pentair's subsidiaries are members of one of Tyco's U.S. consolidated groups, it has (and will continue to have following the Spin-off) several liability with Tyco to the IRS for the consolidated U.S. federal income taxes of such consolidated group relating to the taxable periods in which its subsidiaries were part of such consolidated group. New Pentair expects that the 2012 Tax Sharing Agreement will provide that New Pentair, Tyco and ADT will share the Shared Tax Liabilities, as defined below in The Separation and Distribution Agreement and Ancillary Agreements Tax Sharing Agreement. Tyco will be responsible for the first \$500 million of Shared Tax Liabilities. New Pentair and ADT will share 42% and 58%, respectively, of the next \$225 million of Shared Tax Liabilities. New Pentair, ADT and Tyco will share 20%, 27.5% and 52.5%, respectively, of Shared Tax Liabilities above \$725 million.

**Material U.S. Federal Income Tax Considerations (See Material U.S. Federal Income Tax Considerations beginning on page 120)**

Pentair shareholders are not expected to recognize any gain or loss, or include any amount in income, for U.S. federal income tax purposes as a result of the Merger. However, U.S. shareholders of Pentair who own five percent or more of New Pentair (including by attribution) immediately after the Merger must enter into a gain recognition agreement with the IRS to avoid the recognition of a gain on the exchange of their Pentair shares for New Pentair shares.

Tyco shareholders are not expected to recognize any gain or loss, or include any amount in income, for U.S. federal income tax purposes as a result of the Distribution, except to the extent of cash received in lieu of fractional shares.

The Distribution and the Merger are conditioned on receipt of private letter rulings from the IRS and tax opinions from counsel regarding the U.S. federal income tax consequences of the Merger, the Distribution and certain internal transactions undertaken in anticipation of the Distribution. The private letter rulings and opinions will rely on certain facts and assumptions, and certain representations and undertakings, from Tyco, New Pentair and Pentair. Notwithstanding the private letter rulings and the opinions, the IRS could determine on audit that the Distribution, the internal transactions or the Merger should be treated as taxable transactions if it determines that any of these facts, assumptions, representations or undertakings are not correct or have been violated, or that the Distribution, the internal transactions or the Merger should be taxable for other reasons, including as a result of significant changes in stock or asset ownership after the Merger.

If the Distribution ultimately is determined to be taxable, the Distribution could be treated as a taxable dividend or capital gain to Tyco shareholders for U.S. federal income tax purposes, and Tyco shareholders could incur significant U.S. federal income tax liabilities. In addition, Tyco would recognize gain in an amount equal to the excess of the fair market value of New Pentair common shares distributed to Tyco shareholders on the Distribution date over Tyco's tax basis in such common shares, but such gain, if recognized, generally would not be subject to U.S. federal income tax. However, Tyco could incur significant U.S. federal income tax liabilities if it is ultimately determined that certain internal transactions undertaken in anticipation of the Distribution are taxable. Under the 2012 Tax Sharing Agreement, New Pentair may be required to indemnify Tyco for such liabilities. If the Merger ultimately is determined to be taxable, Pentair shareholders would recognize taxable gain or loss on their disposition of Pentair common shares in the Merger.

Tyco shareholders and Pentair shareholders are urged to consult their tax advisors as to the specific tax consequences of the Distribution and the Merger to that shareholder, including the effect of any state, local or non-U.S. tax laws and of changes in applicable tax laws.

## **Table of Contents**

### **Material Swiss Tax Considerations (See [Material Swiss Tax Considerations](#) beginning on page 126)**

Pentair shareholders are not expected to recognize any gain or loss, or include any amount in income, for Swiss income tax purposes as a result of the Merger.

The Distribution and the Merger are conditioned on receipt of tax rulings from the Swiss Federal Tax Administration and tax opinions from counsel regarding the Swiss income tax consequences of the Merger and the Distribution. The rulings and opinions will rely on certain facts and assumptions, and certain representations and undertakings, from Tyco, New Pentair and Pentair. Notwithstanding the tax ruling and the opinions, the Swiss Federal Tax Administration could determine on audit that the Distribution, the internal transactions or the Merger should be treated as taxable transactions if it determines that any of these facts, assumptions, representations or undertakings are not correct or have been violated, or that the Distribution the internal transactions or the Merger should be taxable for other reasons.

Tyco shareholders and Pentair shareholders are urged to consult their tax advisors as to the specific tax consequences of the Distribution and the Merger to that shareholder, including the effect of any tax laws and of changes in applicable tax laws.

### **Voting by Pentair Directors and Executive Officers (See [The Pentair Special Meeting Voting by Pentair Directors and Executive Officers](#) beginning on page 71)**

At the close of business on the record date of the Pentair special meeting, Pentair directors and executive officers and their affiliates were entitled to vote 804,348 Pentair common shares or approximately 1% of the Pentair common shares outstanding on that date. Pentair currently expects that its directors and executive officers and their affiliates will vote their shares in favor of all proposals, but none of them has entered into any agreement obligating him or her to do so.

### **Vote Required for Approval of the Merger (See [The Pentair Special Meeting Required Vote](#) beginning on page 69)**

Pentair shareholders may vote FOR or AGAINST, or may abstain from voting, on the Merger Agreement proposal. Consummation of the Transactions requires the approval of the Merger Agreement proposal by Pentair shareholders. The approval by Pentair shareholders of the Merger Agreement proposal requires the affirmative vote of the holders of a majority of the voting power of all Pentair common shares entitled to vote at the meeting. Therefore, if Pentair shareholders abstain or fail to vote, it will have the same effect as a vote AGAINST the Merger Agreement proposal.

### **Board of Directors and Executive Officers of New Pentair Following the Merger (See [The Transactions Board of Directors and Executive Officers of New Pentair Following the Merger; Operations Following the Merger](#) beginning on page 103)**

Immediately after the completion of the Merger, the New Pentair board of directors will be composed of the members of the board of directors of Pentair as of the mailing of the Tyco Proxy Statement and one member who has been selected by Tyco and is reasonably acceptable to Pentair.

The executive officers of Pentair immediately prior to the completion of the Merger will be the executive officers of New Pentair immediately following the completion of the Merger.

Following the completion of the Merger, the location of the main U.S. offices of New Pentair will be Pentair's executive offices in Minneapolis, Minnesota.

### **Risk Factors (See [Risk Factors](#) beginning on page 34)**

Pentair shareholders should carefully consider the matters described in Risk Factors, as well as other information included in this proxy statement/prospectus and the other documents to which they have been referred.

Market price data for New Pentair common shares has not been presented as New Pentair common shares do not trade separately from Tyco common shares.

It is expected that New Pentair will initially pay a quarterly cash dividend of \$0.22 per share. The Merger Agreement provides that Tyco, as the sole shareholder of New Pentair, will authorize the quarterly cash dividends to be paid prior to the 2013 New Pentair annual general meeting. Any dividend after that time that may be proposed by the New Pentair board of directors will be subject to approval by the New Pentair shareholders at the New Pentair annual general meeting if and as proposed by the New Pentair board of directors. Under Swiss law, the New Pentair board of directors may propose to shareholders that a dividend be paid but cannot itself authorize the dividend. However, whether the New Pentair board of directors exercises its discretion to propose any dividends to holders of New Pentair common shares in the future will depend on many factors, including New Pentair's financial condition, earnings, capital requirements of New Pentair's business, covenants associated with debt obligations, legal requirements, regulatory constraints, industry practice and other factors that the New Pentair board of directors deems relevant. There can be no assurance that New Pentair will continue a dividend in the future. See Description of New Pentair Capital Stock Dividends.

**RISK FACTORS**

**Risks Related to the Transactions**

*The calculation of the consideration payable pursuant to the Merger will not be adjusted based on the performance of Pentair or the Tyco Flow Control Business. Accordingly, the relative market value of the New Pentair common shares that Pentair shareholders receive in the Merger may not reflect the performance of Pentair and the Tyco Flow Control Business.*

In the Merger, holders of Pentair common shares will receive one common share of New Pentair for every Pentair common share they hold at the time of the Merger with the result that former Pentair shareholders will own approximately 47.5% of New Pentair common shares and Tyco shareholders will own approximately 52.5% of New Pentair common shares, on a fully-diluted basis (excluding treasury shares) after giving effect to the Merger. Tyco shareholders who receive New Pentair common shares in the Distribution will not receive any new shares in the Merger and will continue to hold their existing shares of Tyco and New Pentair. The one-to-one exchange ratio and overall allocation of New Pentair common shares will not be adjusted for changes in the economic performance of the Tyco Flow Control Business and Pentair or the market price of Pentair common shares. If the economic performance of the Tyco Flow Control Business relative to Pentair declines (or the economic performance of Pentair relative to the Tyco Flow Control Business improves) prior to completion of the Merger, Pentair shareholders will not receive any additional compensation or adjustment to account for the effective diminishment in the value of their New Pentair common shares received in the Merger.

*New Pentair may not realize the anticipated growth opportunities and cost synergies from the Merger.*

The success of the Transactions will depend, in part, on the ability of New Pentair to realize the anticipated growth opportunities and cost synergies as a result of the Merger. New Pentair's success in realizing these growth opportunities and cost synergies, and the timing of this realization, depends on the successful integration of Pentair and the Tyco Flow Control Business. Even if New Pentair is able to integrate Pentair and the Tyco Flow Control Business successfully, this integration may not result in the realization of the full benefits of the growth opportunities and cost synergies that Pentair and New Pentair currently expect from this integration or that these benefits will be achieved within the anticipated time frame or at all. For example, New Pentair may not be able to eliminate duplicative costs. Moreover, New Pentair may incur substantial expenses in connection with the integration of Pentair and the Tyco Flow Control Business. While it is anticipated that certain expenses will be incurred, such expenses are difficult to estimate accurately, and may exceed current estimates. Accordingly, the benefits from the Merger may be offset by costs incurred or delays in integrating the businesses.

*The integration of Pentair and the Tyco Flow Control Business following the Merger may present significant challenges.*

There is a significant degree of difficulty and management distraction inherent in the process of establishing New Pentair as an independent public company and integrating Pentair and the Tyco Flow Control Business. These difficulties include:

the challenge of establishing New Pentair as a separately traded independent public company while integrating Pentair and the Tyco Flow Control Business and carrying on the ongoing operations of each entity;

the necessity of coordinating geographically separate organizations;

the challenge of integrating the business cultures of Pentair and the Tyco Flow Control Business, which may prove to be incompatible;

the challenge and cost of integrating the information technology systems of Pentair and the Tyco Flow Control Business; and

the potential difficulty in retaining key officers and personnel of Pentair and the Tyco Flow Control Business.

**Table of Contents**

The process of integrating operations could cause an interruption of, or loss of momentum in, the activities of Pentair and the Tyco Flow Control Business. Members of New Pentair senior management may be required to devote considerable amounts of time to this integration process, which will decrease the time they will have to manage the combined company, service existing customers, attract new customers and develop new products or strategies. If senior management is not able to effectively manage the integration process, or if any significant business activities are interrupted as a result of the integration process, Pentair and the Tyco Flow Control Business could suffer. There can be no assurance that New Pentair will successfully or cost-effectively integrate Pentair and the Tyco Flow Control Business. The failure to do so could have a material adverse effect on New Pentair's business, financial condition and results of operations.

***New Pentair's accounting and other management systems and resources may not be adequately prepared to quickly integrate and update the financial reporting systems of the Tyco Flow Control Business following the Transactions.***

The financial results of the Tyco Flow Control Business previously were included within the consolidated results of Tyco, and were not directly subject to the reporting and other requirements of the Exchange Act. As a result of the Transactions, New Pentair will be directly subject to reporting and other obligations under the Exchange Act. The Exchange Act requires that New Pentair file annual, quarterly and current reports with respect to New Pentair's business and financial condition. Following the Merger, New Pentair will be responsible for ensuring that all aspects of its business comply with Section 404 of the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act"), which will require annual management assessments of the effectiveness of internal control over financial reporting and a report by an independent registered public accounting firm addressing these assessments. Although the management of New Pentair has experience with these reporting and related obligations, ensuring compliance with respect to the Tyco Flow Control Business may place significant demands on management, administrative and operational resources, including accounting systems and resources.

Under the Sarbanes-Oxley Act, New Pentair is required to maintain effective disclosure controls and procedures and internal controls over financial reporting. To comply with these requirements with respect to the Tyco Flow Control Business, New Pentair may need to upgrade its systems; implement additional financial and management controls, reporting systems and procedures; and hire additional accounting and finance staff. It is expected that New Pentair will incur annual expenses for the purpose of addressing these requirements, and those expenses may be significant. If New Pentair is unable to upgrade its financial and management controls, reporting systems, information technology systems and procedures in a timely and effective fashion, New Pentair's ability to comply with its financial reporting requirements and other rules that apply to reporting companies under the Exchange Act could be impaired. Any failure to achieve and maintain effective internal controls could have a material adverse effect on New Pentair's business, financial condition, results of operations and cash flows.

***There is currently no public market for New Pentair common shares and New Pentair cannot be certain that an active trading market will develop or be sustained after the Spin-off and the Merger, and following the Spin-Off and the Merger New Pentair's share price may fluctuate significantly.***

Although Pentair's common shares trade on the NYSE, there is currently no public market for New Pentair common shares. New Pentair intends to list its common shares on the NYSE under the symbol "PNR," which is currently the trading symbol for Pentair. It is anticipated that on or shortly before the record date for the Distribution, trading of the New Pentair common shares will begin on a "when-issued" basis and such trading will continue up to and including the distribution date. However, there can be no assurance that an active trading market for New Pentair common shares will develop as a result of the Spin-off and the Merger or be sustained in the future. The lack of an active market may make it more difficult for New Pentair shareholders to sell their common shares and could lead to the price of New Pentair common shares being depressed or more volatile. Pentair, Tyco and New Pentair cannot predict the prices at which New Pentair common shares may trade after the

**Table of Contents**

Spin-off and the Merger. The market price of New Pentair common shares may fluctuate widely, depending on many factors, some of which may be beyond New Pentair's control, including:

New Pentair's business profile and market capitalization may not fit the investment objectives of some Pentair and Tyco shareholders and, as a result, these shareholders may sell New Pentair's shares after the Transactions are completed;

actual or anticipated fluctuations in the operating results of New Pentair due to factors related to New Pentair's business;

success or failure of New Pentair's combined business strategy;

New Pentair's quarterly or annual earnings, or those of other companies in New Pentair's industry;

New Pentair's ability to obtain third-party financing as needed;

announcements by New Pentair or New Pentair's competitors of significant acquisitions or dispositions;

changes in accounting standards, policies, guidance, interpretations or principles;

the failure of securities analysts to cover New Pentair's common shares after the Transactions are completed;

changes in earnings estimates by securities analysts or New Pentair's ability to meet those estimates;

the operating and stock price performance of other comparable companies;

investor perception of New Pentair;

natural or other environmental disasters that investors believe may affect New Pentair;

overall market fluctuations;

results from any material litigation, including asbestos claims, government investigations or environmental liabilities;

changes in laws and regulations affecting New Pentair's business; and

general economic conditions and other external factors. Stock markets in general have experienced volatility that has often been unrelated to the operating performance of a particular company. These broad market fluctuations could adversely affect the trading price of New Pentair common shares. Until an orderly market develops, the trading prices for New Pentair common shares may fluctuate significantly. New Pentair common shares will be freely transferable, except for those shares received or held by affiliates of New Pentair as the term "affiliate" is defined under the Securities Act of 1933. See "The Transactions – Federal Securities Law Consequences; Resale Restrictions."

***Substantial sales of New Pentair common shares may occur in connection with the Spin-off and the Merger, which could cause New Pentair stock price to decline.***

The New Pentair common shares that Tyco distributes to its shareholders in the Distribution and that are issued to Pentair shareholders in the Merger generally may be sold immediately in the public market. Although Pentair and Tyco have no actual knowledge of any plan or intention on the part of any significant shareholder to sell New Pentair common shares following the Spin-off and the Merger, it is likely that some Tyco shareholders and some Pentair shareholders, including some large shareholders, will sell New Pentair common shares received in the Distribution and the Merger, respectively, for various reasons such as if New Pentair's business profile or market capitalization as a combined company following the Transactions does not fit their investment objectives. In particular, Tyco is a member of the S&P 500 Index, while New Pentair may not be in the future. Accordingly, certain Tyco and Pentair shareholders may elect or be required to sell New Pentair shares following the Spin-off.

**Table of Contents**

and the Merger due to investment guidelines or other reasons. The sales of significant amounts of New Pentair common shares or the perception in the market that this will occur may result in the lowering of the market price of New Pentair common shares.

***Regulatory agencies may delay or impose conditions on the approval of the Spin-off and the Merger, which may diminish the anticipated benefits of the Transactions.***

Completion of the Spin-off and the Merger is conditioned upon the receipt of required government consents and approvals, including required approvals from foreign regulatory agencies. While Pentair and Tyco intend to pursue vigorously all required governmental approvals and do not know of any reason why they would not be able to obtain the necessary approvals in a timely manner, the requirement to receive these approvals before the Spin-off and the Merger could delay the completion of the Distribution and the Merger, possibly for a significant period of time after Tyco shareholders have approved the Distribution and after Pentair shareholders have approved the Merger. In addition, these governmental agencies may attempt to condition their approval of the Merger on the imposition of conditions that could have a material adverse effect on New Pentair's operating results or the value of New Pentair common shares after the Spin-off and Merger are completed. Any delay in the completion of the Spin-off and the Merger could diminish anticipated benefits of the Transactions or result in additional transaction costs, loss of revenue or other effects associated with uncertainty about the Transactions. Any uncertainty over the ability of Tyco and Pentair to complete the Spin-off and the Merger could make it more difficult for Tyco and Pentair to retain key employees or to pursue business strategies. In addition, until the Distribution and the Merger are completed, the attention of Pentair and Tyco management may be diverted from ongoing business concerns and regular business responsibilities to the extent management is focused on matters relating to the Transactions, such as obtaining regulatory approvals.

***New Pentair shares to be issued to the holders of Pentair common shares must be registered in the Commercial Register of the Canton of Schaffhausen, Switzerland. Under Swiss law registration may be blocked, thereby delaying or preventing the issuance of the shares and completion of the Merger.***

Prior to the issuance of New Pentair shares to be delivered to the holders of Pentair common shares, New Pentair must register the increase in its share capital with the Commercial Register of the Canton of Schaffhausen, Switzerland. Under Swiss law, this registration may be blocked for reasons beyond New Pentair's control if a petition to this effect is filed with the Commercial Register by any third party. If within ten calendar days of receipt of the blockage request by the Commercial Register the petitioner does not submit to the Commercial Register evidence that a request for interim relief was filed with the competent court, the blockage of the Commercial Register will be lifted, and the registration of the capital increase will occur. However, if such evidence is provided, the blockage of the Commercial Register will be lifted, and the registration of the capital increase will occur, only upon the competent court's final rejection of the petitioner's request for interim relief. Any blockage or delay to the registration of the newly issued New Pentair shares would result in delays to the issuance of the shares and therefore to the completion of the Merger, which, if substantial, could have an adverse effect to the business, financial condition, results of operations or cash flows of Pentair, Tyco and the Tyco Flow Control Business.

***The pendency of the Merger could potentially adversely affect the business and operations of Pentair and the Tyco Flow Control Business.***

In connection with the pending Merger, some customers of each of Pentair and the Tyco Flow Control Business may delay or defer decisions or may end their relationships with Pentair and the Tyco Flow Control Business, which could negatively affect the revenues, earnings and cash flows of Pentair and the Tyco Flow Control Business, regardless of whether the Merger is completed. Similarly, it is possible that current and prospective employees of Pentair and the Tyco Flow Control Business could experience uncertainty about their future roles with the combined company following the Merger, which could materially adversely affect the ability of each of Pentair and the Tyco Flow Control Business to attract and retain key personnel during the pendency of the Merger.

**Table of Contents**

***Failure to complete the Merger could adversely impact the market price of Pentair as well as Pentair's business and operating results.***

If the Merger is not completed for any reason, the price of Pentair common shares may decline to the extent that the market price of Pentair common shares reflects positive market assumptions that the Distribution and the Merger will be completed and the related benefits will be realized. Pentair may also be subject to additional risks if the Merger is not completed, including:

depending on the reasons for termination of the Merger Agreement, the requirement that Pentair pay Tyco a termination fee of \$145 million;

substantial costs related to the Merger, such as legal, accounting, filing, financial advisory and financial printing fees, must be paid regardless of whether the Merger is completed; and

potential disruption to Pentair's business and distraction of its workforce and management team.

***The transaction structure may discourage other companies from trying to acquire Pentair or the Tyco Flow Control Business before or for a period of time following completion of the Transactions.***

The Merger Agreement contains provisions that may discourage a third party from submitting an acquisition or business combination proposal to Pentair that might result in greater value to Pentair shareholders than the Merger. The Merger Agreement generally prohibits Pentair from soliciting any business combination or acquisition proposal. In addition, if the Merger Agreement is terminated by Pentair or Tyco in circumstances that obligate Pentair to pay a termination fee, its financial condition may be adversely affected as a result of the payment of the termination fee, which might deter third parties from proposing alternative business combination proposals. Further, certain provisions of the 2012 Tax Sharing Agreement, which are intended to preserve, for U.S. federal income tax purposes, the tax-free nature of the Distribution to Tyco, may discourage a third party from submitting an acquisition or business combination proposal to New Pentair for a period of time following the Transactions. Under the 2012 Tax Sharing Agreement, New Pentair will be prohibited from taking or failing to take any action that prevents the Distribution and related transactions from being tax-free. Further, for the two-year period following the Distribution, without obtaining the consent of Tyco and ADT, a private letter ruling from the IRS or an unqualified opinion of a nationally recognized law firm, New Pentair may be prohibited from, among other things:

approving or allowing any transaction that results in a change in ownership of more than 35% of New Pentair common shares, when combined with any other changes in ownership of New Pentair's common shares,

redeeming equity securities,

selling or otherwise disposing of more than 35% of New Pentair assets, or

engaging in certain internal transactions.

These restrictions may discourage a third party from submitting an acquisition or business combination proposal to New Pentair during this two-year period for a transaction that shareholders of New Pentair might consider favorable. See The Separation and Distribution Agreement and the Ancillary Agreements Tax Sharing Agreement.

***The historical financial information of the Tyco Flow Control Business may not be representative of its results if it had been operated independently of Tyco and, as a result, may not be a reliable indicator of its future results. In addition, the pro forma combined financial data of New Pentair may not be representative of its results if it had operated the Tyco Flow Control Business and Pentair on a combined basis and, as a result, may not be a reliable indicator for its future performance.***

the Tyco Flow Control Business been an independent, publicly-traded company during the periods presented, or what the Tyco Flow Control Business' results of operations, financial condition and cash flows will be in the future when New Pentair will be an independent company. This is primarily because:

The Tyco Flow Control Business is operated by Tyco as part of its broader corporate organization, rather than as an independent, publicly-traded company. In addition, prior to the Distribution, Tyco, or one of its affiliates, performed significant corporate functions for the Tyco Flow Control Business, including tax and treasury administration and certain governance functions, including internal audit and external reporting. The Tyco Flow Control Business' historical and pro forma financial statements reflect allocations of corporate expenses from Tyco for these and similar functions and may not reflect the costs that New Pentair will incur for similar services in the future as an independent company.

The working capital and other capital required by the Tyco Flow Control Business for its general corporate purposes, including acquisitions and capital expenditures, historically have been satisfied as part of the company-wide cash management practices of Tyco. Following the completion of the Transactions, New Pentair will need to generate its own funds to finance working capital or other cash requirements and may need to obtain additional financing from banks, through public offerings or private placements of debt or equity securities or other arrangements.

Other significant changes may occur in the cost structure, management, financing and business operations of the Tyco Flow Control Business as a result of the operation of New Pentair as a company separate from Tyco.

The pro forma financial data included in this proxy statement/prospectus is based in part upon a number of estimates and assumptions. These estimates and assumptions may prove not to be accurate, and accordingly, the pro forma financial data should not be assumed to be indicative of what the Tyco Flow Control Business' financial condition and results of operations actually would have been as a stand-alone company nor to be a reliable indicator of what New Pentair's financial condition or results of operations actually may be in the future.

For additional information about the Tyco Flow Control Business' past financial performance and the basis of presentation of its financial statements, see Summary Historical Combined Financial Data of the Tyco Flow Control Business, Management Discussion and Analysis of Financial Condition and Results of Operations of the Tyco Flow Control Business and the financial statements and the notes thereto in this proxy statement/prospectus.

***New Pentair may be unable to provide the benefits and services and access to financial strength and resources to the Tyco Flow Control Business that historically have been provided by Tyco.***

The Tyco Flow Control Business is currently a business unit of Tyco. As such, the Tyco Flow Control Business has received benefits and services from Tyco and has been able to benefit from Tyco's financial strength and extensive business relationships. After the Transactions are consummated, the Tyco Flow Control Business will be owned by New Pentair and will no longer benefit from Tyco's resources. While New Pentair has entered into separation-related agreements and certain subsidiaries of Tyco are expected to provide transition services for specified periods following the Transactions, it cannot be assured that New Pentair will be able to adequately replace those resources or replace them at the same cost. If New Pentair is not able to replace the resources provided by Tyco or is unable to replace them at the same cost or is delayed in replacing the resources provided by Tyco, New Pentair's results of operations may be negatively impacted.

Additionally, there is a risk that New Pentair will be more susceptible to market fluctuations and other adverse events than Tyco historically has been. As part of Tyco, the Tyco Flow Control Business enjoys certain benefits from Tyco's operating diversity, purchasing power, available capital for investments and opportunities to pursue integrated strategies with Tyco's other businesses. New Pentair will not be as diverse as Tyco's business is currently and may not enjoy comparable integration opportunities, purchasing power or access to capital markets.

**Table of Contents**

*If the Merger, Distribution or certain internal transactions undertaken in anticipation of the Distribution are determined to be taxable for U.S. federal income tax purposes, Tyco, Tyco shareholders, New Pentair and/or Pentair shareholders could incur significant U.S. federal income tax liabilities.*

The Distribution and the Merger are conditioned on receipt of private letter rulings from the IRS regarding the U.S. federal income tax consequences of the Distribution and the Merger to the effect that, for U.S. federal income tax purposes: the Distribution will qualify as tax-free under Sections 355 and 361 of the Code, except for cash received in lieu of fractional shares; certain internal transactions undertaken in anticipation of the Distribution will qualify for favorable treatment under the Code; the Merger will qualify as a reorganization under Section 368(a) of the Code; certain anticipated post-closing transactions will not prevent the tax-free treatment of the Distribution or the Merger; and Section 367(a)(1) of the Code will not cause the Merger to be taxable to Pentair shareholders (except for a U.S. shareholder who is or will be a five-percent transferee shareholder within the meaning of applicable Treasury Regulations but who does not enter into a gain recognition agreement with the IRS). In addition, the Distribution is conditioned on receipt of an opinion from the law firm of McDermott Will & Emery LLP, counsel to Tyco, confirming the tax-free status of the Distribution for U.S. federal income tax purposes and the Merger is conditioned on receipt of an opinion from McDermott Will & Emery LLP and an opinion from Cravath, Swaine & Moore LLP, counsel to Pentair, to the effect that the Merger will qualify as a reorganization under section 368(a) of the Code and that Section 367(a)(1) of the Code will not cause the Merger to be taxable to Pentair shareholders (except for a U.S. shareholder who is or will be a five-percent transferee shareholder within the meaning of applicable Treasury Regulations but who does not enter into a gain recognition agreement with the IRS).

The private letter rulings and opinions will rely on certain facts and assumptions, and certain representations and undertakings, from Tyco, New Pentair and Pentair. Notwithstanding the private letter rulings and the opinions, the IRS could determine on audit that the Distribution, the internal transactions or the Merger should be treated as taxable transactions if it determines that any of these facts, assumptions, representations or undertakings is not correct or has been violated, or that the Distribution, the internal transactions or the Merger should be taxable for other reasons, including as a result of significant changes in stock or asset ownership after the Merger.

If the Distribution ultimately is determined to be taxable, the Distribution could be treated as a taxable dividend or capital gain to Tyco shareholders for U.S. federal income tax purposes, and Tyco shareholders could incur significant U.S. federal income tax liabilities. In addition, Tyco would recognize a gain in an amount equal to the excess of the fair market value of New Pentair common shares distributed to Tyco shareholders on the Distribution date over Tyco's tax basis in such common shares, but such gain, if recognized, generally would not be subject to U.S. federal income tax. However, Tyco could incur significant U.S. federal income tax liabilities if it is ultimately determined that certain internal transactions undertaken in anticipation of the Distribution are taxable. If the Merger ultimately is determined to be taxable, Pentair shareholders would recognize taxable gain or loss on their disposition of Pentair common shares in the Merger. See Material U.S. Federal Income Tax Considerations.

In addition, under the terms of the 2012 Tax Sharing Agreement, in the event the Distribution, the ADT Distribution, the internal transactions or the Merger were determined to be taxable as a result of actions taken after the Distribution by New Pentair, ADT or Tyco, the party responsible for such failure would be responsible for all taxes imposed as a result thereof. If such failure is not the result of actions taken after the Distribution by New Pentair, ADT or Tyco, then New Pentair, ADT and Tyco would be responsible for any taxes imposed as a result of such determination in the same manner and in the same proportions as New Pentair, ADT and Tyco are responsible for Shared Tax Liabilities as defined below in The Separation and Distribution Agreement and the Ancillary Agreements Tax Sharing Agreement. Such tax amounts could be significant. In the event that any party to the 2012 Tax Sharing Agreement defaults in its obligation to pay certain taxes to another party that arise as a result of no party's fault, each non-defaulting party would be responsible for an equal amount of the defaulting party's obligation to make a payment to another party in respect of such other party's taxes.

**Table of Contents**

***If the Distribution or the Merger or certain internal transactions undertaken in anticipation of the Distribution are determined to be taxable for Swiss withholding or other tax purposes, Tyco, Tyco shareholders, New Pentair, Pentair and/or Pentair shareholders could incur significant Swiss withholding tax or other tax liabilities.***

Generally, Swiss withholding tax of 35% is due on dividends and similar distributions to Tyco's shareholders, regardless of the place of residency of the shareholder. As of January 1, 2011, distributions to shareholders out of qualifying contributed surplus (*Kapitaleinlage*) accumulated on or after January 1, 1997 are exempt from Swiss withholding tax if certain conditions are met (*Kapitaleinlageprinzip*). Tyco has obtained a ruling from the Swiss Federal Tax Authorities confirming that the Distribution qualifies as payment out of such qualifying contributed surplus and no amount will be withheld by Tyco when making the Distribution.

It is a condition to closing of the Merger that, at the Effective Time, Tyco shall have obtained one or more rulings from the Swiss Tax Administrations, which rulings shall be in full force and effect on the closing date of the Merger, confirming: (i) that the Merger will be a transaction that is generally tax-free for Swiss federal, cantonal, and communal tax purposes (including with respect to Swiss stamp tax and Swiss withholding tax); (ii) the relevant Swiss tax base of Panthro Acquisition for Swiss tax (including federal and cantonal and communal) purposes; (iii) the relevant amount of capital contribution reserves (*Kapitaleinlageprinzip*) which will be exempt from Swiss withholding tax in the event of a distribution to the New Pentair shareholders after the Merger; and (iv) that no Swiss stamp tax will be levied on certain post-Merger restructuring transactions.

These tax rulings rely on certain facts and assumptions, and certain representations and undertakings, from Tyco. Notwithstanding these tax rulings, the Swiss Federal Tax Administration could determine on audit that the Distribution or the Merger or certain internal transactions undertaken in anticipation of the Distribution should be treated as a taxable transaction for withholding tax or other tax purposes if it determines that any of these facts, assumptions, representations or undertakings is not correct or has been violated. If the Distribution or the Merger or certain internal transactions undertaken in anticipation of the Distribution ultimately is determined to be taxable for withholding tax or other tax purposes, Tyco, Tyco shareholders, New Pentair, Pentair and/or Pentair shareholders could incur material Swiss withholding tax or other tax liabilities that could significantly detract from, or eliminate, the benefits of the Distribution and the Merger. In addition, New Pentair could become liable to indemnify Tyco for part of any Swiss withholding tax liabilities to the extent provided under the 2012 Tax Sharing Agreement. See Material Swiss Tax Considerations.

***New Pentair might not be able to engage in desirable strategic transactions and equity issuances following the Distribution because of restrictions relating to U.S. federal income tax requirements for tax-free distributions.***

New Pentair's ability to engage in significant equity transactions could be limited or restricted after the Distribution in order to preserve, for U.S. federal income tax purposes, the tax-free nature of the Distribution to Tyco. Even if the Distribution otherwise qualifies for tax-free treatment under Section 355 of the Code, it may result in corporate-level gain to Tyco under Section 355(e) of the Code if 50% or more, by vote or value, of New Pentair's shares or Tyco's shares are acquired or issued as part of a plan or series of related transactions that includes the Distribution. Any acquisitions or issuances of New Pentair's shares or Tyco's shares within two years after the Distribution are generally presumed to be part of such a plan, although New Pentair or Tyco may be able to rebut that presumption. For purposes of this test, the Merger might be treated as part of such a plan or series of related transactions but if so would not, by itself, cause the Distribution to be taxable to Tyco since Pentair shareholders will acquire less than 50% of the New Pentair common shares in the Merger. The change in ownership resulting from the Merger, if treated as part of a plan or series of related transactions that includes the Distribution, would be aggregated with other acquisitions or issuances of our shares that occur as part of a plan or series of related transactions that include the Distribution in determining whether a 50% change in ownership has occurred. The process for determining whether a change of ownership has occurred under the tax rules is complex, inherently factual and subject to interpretation of the facts and circumstances of a particular case. If New Pentair does not carefully monitor its compliance with these rules, New Pentair could inadvertently cause or permit a change of ownership to occur, triggering its obligation to indemnify Tyco or ADT pursuant to the 2012 Tax Sharing Agreement.

## **Table of Contents**

To preserve the tax-free treatment to Tyco of the Distribution, under the 2012 Tax Sharing Agreement, New Pentair will be prohibited from taking or failing to take any action that prevents the Distribution and related transactions from being tax-free. Further, for the two-year period following the Distribution, without obtaining the consent of Tyco and ADT, a private letter ruling from the IRS or an unqualified opinion of a nationally recognized law firm, New Pentair may be prohibited from, among other things:

approving or allowing any transaction that results in a change in ownership of more than 35% of New Pentair common shares, when combined with any other changes in ownership of New Pentair common shares,

redeeming equity securities,

selling or otherwise disposing of more than 35% of New Pentair's assets or

engaging in certain internal transactions.

These restrictions may limit New Pentair's ability to pursue strategic transactions or engage in new business or other transactions that may maximize the value of its business. Moreover, the 2012 Tax Sharing Agreement also will provide that New Pentair is responsible for any taxes imposed on Tyco or any of its affiliates or on ADT or any of its affiliates as a result of the failure of the Distribution or the internal transactions to qualify for favorable treatment under the Code if such failure is attributable to certain actions taken after the Distribution by or in respect of New Pentair, any of its affiliates or its shareholders.

***The business strategy of Pentair and Tyco Flow Control includes acquiring companies and making investments that complement its existing businesses. These acquisitions and investments could be unsuccessful or consume significant resources, which could adversely affect New Pentair's operating results.***

After the Merger, New Pentair will continue to analyze and evaluate the acquisition of strategic businesses or product lines with the potential to strengthen its industry position or enhance its existing set of product and services offerings. There can be no assurance that New Pentair will identify or successfully complete transactions with suitable acquisition candidates in the future. Nor can there be assurance that completed acquisitions will be successful. Acquisitions and investments may involve significant cash expenditures, debt incurrence, operating losses and expenses that could have a material adverse effect on New Pentair's business, financial condition, results of operations and cash flows. Acquisitions involve numerous other risks, including:

diversion of management time and attention from daily operations;

difficulties integrating acquired businesses, technologies and personnel into New Pentair's business;

difficulties in obtaining and verifying the financial statements and other business information of acquired businesses;

inability to obtain required regulatory approvals and/or required financing on favorable terms;

potential loss of key employees, key contractual relationships or key customers of acquired companies or of New Pentair;

## Edgar Filing: PENTAIR INC - Form DEFM14A

assumption of the liabilities and exposure to unforeseen liabilities of acquired companies, including risks related to the U.S. Foreign Corrupt Practices Act (the "FCPA"); and

dilution of interests of holders of Pentair common shares through the issuance of equity securities or equity-linked securities. It may be difficult for New Pentair to complete transactions quickly and to integrate acquired operations efficiently into its business operations. Any acquisitions or investments may ultimately harm New Pentair's business or financial condition, as such acquisitions may not be successful and may ultimately result in impairment charges.

**Table of Contents**

***New Pentair's business, financial condition and results of operations may be adversely affected if Pentair, New Pentair and Tyco are unable to obtain required third party consents for certain contracts.***

Certain contracts which are required by the Separation and Distribution Agreement to be transferred or assigned to New Pentair by Tyco and its subsidiaries contain provisions which require the consent of a third party to the Transactions to effect such transfer or assignment. Similarly, certain of Pentair's existing contracts contain provisions which require the consent of a third party to the Merger. If Pentair, Tyco and New Pentair are unable to obtain these consents on commercially reasonable and satisfactory terms or at all, New Pentair's ability to obtain the benefit of such contracts in the future may be impaired.

***As a result of the Transactions, current Pentair shareholder's ownership interest in Pentair will be diluted from 100% of Pentair to less than a majority of New Pentair.***

Pentair shareholders immediately prior to the Merger will, in the aggregate, own a significantly smaller percentage of New Pentair after the Merger's completion. Following completion of the Merger, Pentair shareholders immediately prior to the Merger collectively will own approximately 47.5% of New Pentair on a fully-diluted basis. Consequently, Pentair shareholders immediately after the Merger, collectively, will be able to exercise less influence over the management and policies of New Pentair than they could exercise over the management and policies of Pentair immediately prior to the Merger. The directors of Pentair prior to the Merger will comprise ten of the eleven members of the board of directors of New Pentair following the Merger.

***New Pentair's status as a Swiss corporation may limit New Pentair's flexibility with respect to certain aspects of capital management and may cause New Pentair to be unable to make distributions without subjecting New Pentair's shareholders to Swiss withholding tax.***

Swiss law allows shareholders to authorize share capital that can be issued by the board of directors without additional shareholder approval. This authorization is limited to 50% of the existing registered share capital and must be renewed by the shareholders every two years. Additionally, subject to specified exceptions, Swiss law grants preemptive rights to existing shareholders to subscribe to any new issuance of shares. Swiss law also does not provide as much flexibility in the various terms that can attach to different classes of shares as the laws of some other jurisdictions. Swiss law also reserves for approval by shareholders certain corporate actions over which a board of directors would have authority in some other jurisdictions. For example, dividends must be approved by shareholders. These Swiss law requirements relating to New Pentair's capital management may limit New Pentair's flexibility, and situations may arise where greater flexibility would have provided substantial benefits to New Pentair's shareholders.

Under Swiss law, a Swiss corporation may pay dividends only if the corporation has sufficient distributable profits from previous fiscal years, or if the corporation has distributable reserves, each as evidenced by its audited statutory balance sheet. Distributable reserves are generally booked either as free reserves or as qualifying contributed surplus (contributions received from shareholders) in the reserve from capital contributions. Distributions may be made out of registered share capital—the aggregate par value of a company's registered shares—only by way of a capital reduction. Before the date of the Distribution, New Pentair will have outstanding 120,000,000 registered shares, par value CHF 0.50 each, and a qualifying contributed surplus of between approximately CHF 3,959,600,000 and CHF 4,454,550,000.

In addition, because of the requirement to distribute approximately 99,205,000 shares to Pentair shareholders pursuant to the Merger, New Pentair plans to increase its registered share capital by approximately 94,000,000 shares with an aggregate par value of approximately CHF 47,000,000 through the conversion of qualifying contributed surplus. The approximately 94,000,000 newly issued New Pentair shares to be delivered to the Pentair shareholders will not be considered outstanding at the date of the Distribution, as they will be held in trust subject to completion of the Merger. The aggregate of the qualifying contributed surplus of between approximately CHF 3,959,600,000 and CHF 4,454,550,000 minus the amount of the aggregate par value of the new New Pentair shares to be delivered to the holders of Pentair common shares (less the minimum registered

**Table of Contents**

share capital of CHF 100,000) is expected to represent the amount available for future dividends or capital reductions on a Swiss withholding tax free basis. Accordingly, it is presently estimated that the amount available for future dividends or capital reductions on a Swiss withholding tax free basis at the date of the Distribution will be between approximately CHF 3,912,500,000 and CHF 4,407,450,000.

An additional amount of qualifying contributed surplus will likely result from the Merger in the amount of the market capitalization of Pentair as reported on the NYSE at the Effective Time. Upon the delivery of approximately 99,205,000 New Pentair shares to Pentair shareholders pursuant to the Merger, it is presently estimated that after the Merger, the amount available for future dividends or capital reductions on a Swiss withholding tax free basis will be between approximately CHF 8,479,078,326 and CHF 8,974,028,326. New Pentair will not be able to pay dividends or make other distributions to shareholders on a Swiss withholding tax free basis in excess of that amount unless New Pentair increases its share capital or its reserves from capital contributions. New Pentair would also be able to pay dividends out of distributable profits or freely distributable reserves, but such dividends would be subject to Swiss withholding tax. There can be no assurance that New Pentair will have sufficient distributable profits, free reserves, reserves from capital contributions or registered share capital to pay a dividend or effect a capital reduction, that New Pentair's shareholders will approve dividends or capital reductions proposed by New Pentair or that New Pentair will be able to meet the other legal requirements for dividend payments or distributions as a result of capital reductions.

Generally, Swiss withholding tax of 35% is due on dividends and similar distributions to New Pentair's shareholders, regardless of the place of residency of the shareholder, unless the distribution is made to shareholders out of (i) a reduction of par value or (ii) assuming certain conditions are met, qualifying contributed surplus accumulated on or after January 1, 1997. A U.S. holder that qualifies for benefits under the Convention between the United States of America and the Swiss Confederation for the Avoidance of Double Taxation with Respect to Taxes on Income (the U.S.-Swiss Treaty) may apply for a refund of the tax withheld in excess of the 15% treaty rate (or in excess of the 5% reduced treaty rate for qualifying corporate shareholders with at least 10% participation in New Pentair's voting shares, or for a full refund in the case of qualified pension funds). There can be no assurance that New Pentair will have sufficient qualifying contributed surplus to pay dividends free from Swiss withholding tax or that Swiss withholding rules will not be changed in the future. In addition, there can be no assurance that the current Swiss law with respect to distributions out of qualifying contributed surplus will not be changed or that a change in Swiss law will not adversely affect New Pentair or its shareholders, in particular as a result of distributions out of qualifying contributed surplus becoming subject to additional corporate law or other restrictions. There are currently motions pending in the Swiss Parliament that purport to limit the distribution of qualifying contributed surplus. In addition, over the long term, the amount of par value available to New Pentair for par value reductions or qualifying contributed surplus available to New Pentair to pay out as distributions is limited. If New Pentair is unable to make a distribution through a reduction in par value or out of qualifying contributed surplus, New Pentair may not be able to make distributions without subjecting its shareholders to Swiss withholding taxes.

Under present Swiss tax laws, repurchases of shares for the purposes of cancellation are treated as a partial liquidation subject to 35% Swiss withholding tax on the difference between the repurchase price and the par value except, since January 1, 2011, to the extent attributable to qualifying contributed surplus (*Kapitaleinlagereserven*) if any. If, and to the extent that, the repurchase of shares is out of retained earnings or other taxable reserves, the Swiss withholding becomes due. No partial liquidation treatment applies and no withholding tax is triggered if the shares are not repurchased for cancellation but held by New Pentair as treasury shares. However, should New Pentair not resell such treasury shares within six years, the withholding tax becomes due at the end of the six year period.

Although New Pentair may follow a share repurchase process for future share repurchases, if any, similar to a second trading line on the SIX Swiss Exchange in which Swiss institutional investors sell shares to New Pentair and are generally able to receive a refund of the Swiss withholding tax, if New Pentair is unable to use this process successfully, it may not be able to repurchase shares for the purposes of capital reduction without triggering Swiss withholding tax if and to the extent that the repurchase of shares is made out of retained earnings or other taxable reserves. No withholding tax would be applicable if and to the extent that tax free qualifying contributed surplus is attributable to the share repurchase.

*There can be no assurance that New Pentair will pay dividends on its common shares, and New Pentair's indebtedness could limit its ability to pay dividends on its common shares.*

Any dividend that may be proposed by New Pentair's board of directors will be subject to approval by New Pentair's shareholders at its annual general meeting. Whether New Pentair's board of directors exercises its discretion to propose any dividends to holders of New Pentair common shares will depend on many factors, including New Pentair's financial condition, earnings, capital requirements of New Pentair's business, covenants associated with debt obligations, legal requirements, regulatory constraints, industry practice and other factors that New Pentair's board of directors deems relevant. See Description of New Pentair Capital Stock Capital Structure Dividends. There can be no assurance that New Pentair will pay a dividend or continue to pay any dividend if it does commence the payment of dividends. Additionally, indebtedness that New Pentair incurs in connection with the Spin-off could have important consequences for holders of New Pentair common shares. If New Pentair cannot generate sufficient cash flow from operations to meet its debt-payment obligations, then New Pentair's ability to pay dividends, if so determined by the board of directors, will be impaired and New Pentair may be required to attempt to restructure or refinance its debt, raise additional capital or take other actions such as selling assets, reducing or delaying capital expenditures or reducing its dividend. There can be no assurance, however, that any such actions could be effected on satisfactory terms, if at all, or would be permitted by the terms of New Pentair's new debt or its other credit and contractual arrangements.

*Swiss laws differ from the laws in effect in the United States and may afford less protection to holders of New Pentair's securities.*

Because of differences between Swiss law and U.S. state and federal laws and differences between the governing documents of Swiss companies and those incorporated in the U.S., it may not be possible to enforce in Switzerland court judgments obtained in the United States against New Pentair based on the civil liability provisions of the federal or state securities laws of the United States. As a result, in a lawsuit based on the civil liability provisions of the U.S. federal or state securities laws, U.S. investors may find it difficult to:

effect service within the United States upon New Pentair or its directors and officers located outside the United States;

enforce judgments obtained against those persons in U.S. courts or in courts in jurisdictions outside the United States; and

enforce against those persons in Switzerland, whether in original actions or in actions for the enforcement of judgments of U.S. courts, civil liabilities based solely upon the U.S. federal or state securities laws.

Original actions against persons in Switzerland based solely upon the U.S. federal or state securities laws are governed, among other things, by the principles set forth in the Swiss Federal Act on International Private Law. This statute provides that the application of provisions of non-Swiss law by the courts in Switzerland shall be precluded if the result was incompatible with Swiss public policy. Also, mandatory provisions of Swiss law may be applicable regardless of any other law that would otherwise apply.

Switzerland and the United States do not have a treaty providing for reciprocal recognition of and enforcement of judgments in civil and commercial matters. The recognition and enforcement of a judgment of the courts of the United States in Switzerland is governed by the principles set forth in the Swiss Federal Act on Private International Law. This statute provides in principle that a judgment rendered by a non-Swiss court may be enforced in Switzerland only if:

the non-Swiss court had jurisdiction pursuant to the Swiss Federal Act on Private International Law;

the judgment of such non-Swiss court has become final and non-appealable;

the judgment does not contravene Swiss public policy;

Edgar Filing: PENTAIR INC - Form DEFM14A

the court procedures and the service of documents leading to the judgment were in accordance with the due process of law; and

no proceeding involving the same position and the same subject matter was first brought in Switzerland, or adjudicated in Switzerland, or that it was earlier adjudicated in a third state and this decision is recognizable in Switzerland.

**Table of Contents****Risks Related to the Combined Business****Risks Relating to the Tyco Flow Control Business**

*The Tyco Flow Control Business depends on the levels of capital investment and maintenance expenditures by its customers, which in turn are affected by numerous factors, including growth rates in developed and developing markets, the cyclical nature of the industries the Tyco Flow Control Business serves, global energy demand, commodity prices, the Tyco Flow Control Business customers liquidity, the condition of global credit and capital markets.*

Demand for most of the Tyco Flow Control Business products and services depends on the level of new capital investment and planned maintenance expenditures by its customers. Capital investment and maintenance expenditures are, in turn, influenced by several factors, including general and industry-specific economic conditions, volatility in energy and commodity prices, availability of credit, expectations of future market behavior, and, in the case of the Tyco Flow Control Business customers that are governments or that rely on public funding, a variety of political factors.

The businesses of many of the Tyco Flow Control Business customers in all of the markets it serves are to varying degrees cyclical and have experienced periodic economic downturns. During such economic downturns customers whose demand for the Tyco Flow Control Business products and services is primarily profit-driven historically have tended to delay major capital projects, including greenfield construction, expensive maintenance projects and upgrades. Additionally, demand for the Tyco Flow Control Business products and services may be affected by volatility in energy and commodity prices and fluctuating demand forecasts, as, under these circumstances, the Tyco Flow Control Business customers tend to be more conservative in their capital planning. Reduced demand for the Tyco Flow Control Business products and services could result in the delay or cancellation of existing orders, which could adversely affect its level of backlog and its ability to convert backlog to revenue, lead to excess manufacturing capacity, which unfavorably impacts the Tyco Flow Control Business absorption of fixed manufacturing and distribution costs, or erode average selling prices in its industry. Any of these results could materially and adversely affect the Tyco Flow Control Business and its financial condition, results of operations and cash flows.

Additionally, some of the Tyco Flow Control Business customers may delay capital investment and maintenance even during favorable conditions in their end-markets if they are unable to obtain sufficient financing. Access by the Tyco Flow Control Business customers to local, regional and global credit and capital markets could be hindered by disruptions in financial and banking systems, such as recent disruptions related to the European sovereign debt crisis, raising the cost of new debt for the Tyco Flow Control Business customers to prohibitive levels. Any difficulty in accessing these markets and the increased associated costs can have a negative effect on investment in major capital projects, including greenfield construction, necessary maintenance projects and upgrades, even during periods of favorable end-market conditions. In addition, the liquidity and financial position of the Tyco Flow Control Business customers could impact their ability to pay in full and/or on a timely basis. Any of these factors, whether individually or in the aggregate, could materially and adversely affect the Tyco Flow Control Business customers and, in turn, its business, financial condition, results of operations and cash flows.

Certain of segments within the Tyco Flow Control Business are affected by seasonality. Demand for products and services in the Tyco Flow Control Business Thermal Controls and Water & Environmental Systems segments is impacted by seasonal factors, with the Tyco Flow Control Business Thermal Controls business generally experiencing increased demand for products and services during the fall and winter months in the Northern Hemisphere and the Tyco Flow Control Business Water & Environmental Systems generally experiencing increased demand during Australia's prime agricultural seasons. These seasonal effects coincide with the Tyco Flow Control Business first two fiscal quarters (from October through March) and may vary from year-to-year based on weather conditions, including temperatures and precipitation. Deviations from usual weather patterns can adversely affect the Tyco Flow Control Business results of operations, financial condition

**Table of Contents**

and cash flows. Unusually warm winter weather conditions in the Northern Hemisphere can negatively impact order flow in the Tyco Flow Control Business Thermal Controls segment. Likewise, unusually wet weather conditions in Australia during its summer months, along with holiday slowdowns, can result in the Tyco Flow Control Business inability to access customer work sites and lead to decreased revenue during these periods.

***The Tyco Flow Control Business future revenue depends in part on the existence of and its ability to win new contracts for major capital projects. The Tyco Flow Control Business failure to effectively obtain such future contracts could adversely affect its growth prospects.***

An increasing portion of the Tyco Flow Control Business revenue in its Thermal Controls and Water & Environmental Systems segments is derived from major capital projects, including water pipeline and desalination projects in the Tyco Flow Control Business Water & Environmental Systems segment. Accordingly, the Tyco Flow Control Business future revenue and overall results of operations require it to successfully win new contracts for major capital projects. The number of such projects the Tyco Flow Control Business wins in any year fluctuates, and is dependent upon the general availability of such projects and its ability to bid successfully for them. Contract proposals and negotiations are complex and frequently involve a multi-year technical specification phase and bidding and selection process. The length of this process and the ultimate decision by a customer to proceed is affected by a number of factors, such as market conditions, financing arrangements and required governmental approvals. For example, a customer may require the Tyco Flow Control Business to provide a bond or letter of credit to protect the customer should the Tyco Flow Control Business fail to perform under the terms of the contract. If negative market conditions arise, fewer such projects may be available, and if the Tyco Flow Control Business fails to secure adequate financial arrangements or required governmental approvals it may not be able to pursue particular projects. Either condition could materially and adversely affect the Tyco Flow Control Business and its financial condition, results of operations and cash flows.

***The Tyco Flow Control Business maintains a sizable backlog and the timing of its conversion of revenue out of backlog is uncertain. The Tyco Flow Control Business inability to convert backlog into revenue, whether due to factors that are within or outside of its control, could adversely affect the Tyco Flow Control Business revenue and profitability.***

Backlog represents the accumulation of uncompleted customer orders that the Tyco Flow Control Business has not yet recognized as revenue. At March 30, 2012, the Tyco Flow Control Business backlog was \$1.9 billion. The Tyco Flow Control Business typically converts approximately 85% of its backlog to revenue within 12 months. However, the timing of the Tyco Flow Control Business conversion of revenue out of backlog is subject to a variety of factors that may cause delays, many of which, including fluctuations in the Tyco Flow Control Business customers delivery schedules, are beyond its control. This is especially true with respect to major global capital projects, where the extended timeline for project completion and invoice satisfaction increases the likelihood for delays in the conversion of backlog related to modifications and order cancellations. Such delays may lead to significant fluctuations in results of operations and cash flows from quarter to quarter, making it difficult to predict the Tyco Flow Control Business financial performance on a quarterly basis. For example, during the second fiscal quarter of 2011, severe weather-related events and flooding in Australia significantly impacted shipments to customers, resulting in lost productivity and delays in converting backlog into revenue in the Tyco Flow Control Business Water & Environmental Systems business. Further, while the Tyco Flow Control Business believes that historical order cancellations have not been significant, if the Tyco Flow Control Business were to experience a significant amount of cancellations of or reductions in orders, it would reduce the Tyco Flow Control Business backlog and, consequently, its future sales and results of operations.

The Tyco Flow Control Business ability to meet customer delivery schedules for backlog is dependent on a number of factors including sufficient manufacturing plant capacity, adequate access to raw materials and other inventory required for production, a trained and capable workforce and effective scheduling of manufacturing resources. Many of the contracts the Tyco Flow Control Business enters into with its customers are long-lead and

## **Table of Contents**

contain penalty clauses related to on-time delivery. Any untimely delivery could subject the Tyco Flow Control Business to financial penalties, damage the Tyco Flow Control Business' relationship with existing customers and tarnish its reputation among existing and potential customers. If any of these risks materializes, the Tyco Flow Control Business and its financial condition, results of operation and cash flows could be materially and adversely affected.

*The Tyco Flow Control Business competes in attractive markets with a high level of competition, which may result in pressure on its profit margins and limit its ability to maintain or increase the market share of its products.*

The markets for the Tyco Flow Control Business' products and services are geographically diverse and highly competitive. The Tyco Flow Control Business competes against large and well-established national and global companies, as well as regional and local companies and lower cost manufacturers. The Tyco Flow Control Business competes based on technical expertise, reputation for quality and reliability, timeliness of delivery, previous installation history, contractual terms and price. Some of the Tyco Flow Control Business' competitors, in particular smaller companies, attempt to compete based primarily on price, localized expertise and local relationships, especially with respect to products and applications that do not require a great deal of engineering or technical expertise. In addition, during economic downturns average selling prices tend to decrease as market participants compete more aggressively on price. If the Tyco Flow Control Business is unable to continue to differentiate its products, services and solutions based on such factors as the Tyco Flow Control Business' reputation, technical expertise and ability to deliver on time, its business, financial condition, results of operations and cash flows could be materially and adversely affected.

Some of the Tyco Flow Control Business' customers have been attempting to reduce the number of vendors from which they procure products and services in order to reduce the size and diversity of their supplier base. Although the Tyco Flow Control Business has strategically pursued and executed frame agreements with some of its large customers, whereby it is selected as one of a few designated providers of specified products on a global or regional basis, there is a risk that the Tyco Flow Control Business' competitors could be awarded such agreements to the Tyco Flow Control Business' exclusion. In addition, a number of engineering, procurement and construction ( EPC ) integrators have recently positioned themselves as providers of vertically integrated solutions covering the spectrum of project design, planning and execution in the markets the Tyco Flow Control Business serves. The Tyco Flow Control Business believes that its success depends partly on maintaining close relationships with its customers and working with them on specific solutions that best serve their processes, applications and cost considerations. The successful encroachment of intermediaries, including EPCs, could disrupt these relationships. If the Tyco Flow Control Business is unable to successfully manage competitive developments in the industries it serves, its business, financial condition, results of operations and cash flows could be materially and adversely affected.

In addition, to remain competitive, the Tyco Flow Control Business must continue to invest in R&D, manufacturing, marketing, customer service, its distribution networks and its global network of after-market service centers. Currently, key components of the Tyco Flow Control Business' competitive position are its ability to adapt to changing competitive environments and to manage expenses successfully. This, however, requires continuous management focus on reducing costs and improving efficiency through cost controls, productivity enhancements and regular appraisal of the Tyco Flow Control Business' asset portfolio. If the Tyco Flow Control Business is unable to achieve appropriate levels of scalability or cost-effectiveness, or if the Tyco Flow Control Business is otherwise unable to manage and react to changes in the global marketplace, its business, financial condition, results of operations and cash flows could be materially and adversely affected.

**Table of Contents**

***The Tyco Flow Control Business is subject to tort, product liability and warranty claims and may suffer reputational damage relating to products it manufactures or installs. Because many of the Tyco Flow Control Business products perform mission-critical functions in potentially dangerous environments, these claims could result in significant costs and liabilities and reduce the Tyco Flow Control Business profitability.***

The Tyco Flow Control Business may be exposed to tort, product liability and warranty claims and may suffer reputational damage among customers, potential customers, regulatory bodies and the public in the event that the use of any of the Tyco Flow Control Business products results in, or is alleged to result in, injury to people or damage to property or the environment, or actually or allegedly fails to perform as expected. In particular, many of the Tyco Flow Control Business products perform mission-critical functions in large and complex facilities or systems, including oil & gas rigs and pipelines, nuclear power plants, petroleum refineries, chemical processing plants and other potentially dangerous environments. The Tyco Flow Control Business maintains rigorous quality testing procedures and its products adhere to demanding regulatory specifications, and historically the Tyco Flow Control Business has not encountered financially material failure costs. However, given the nature of the markets the Tyco Flow Control Business serves and the mission-critical application of the Tyco Flow Control Business products, there is an inherent risk that a product failure could cause serious damage to people, property or the environment. Moreover, the Tyco Flow Control Business customers are generally not required to obtain service, repair or maintenance work from the Tyco Flow Control Business, which could result in unqualified persons performing after-market services on the Tyco Flow Control Business products. While the Tyco Flow Control Business maintains insurance coverage with respect to certain product liability claims, its insurance may not provide adequate coverage against all product liability claims and would not compensate the Tyco Flow Control Business for damage to its reputation and any resulting loss of business. Furthermore, warranty claims are not generally covered by insurance, and the Tyco Flow Control Business may incur significant warranty costs in the future for which it would not be reimbursed. The Tyco Flow Control Business also may not be able to obtain insurance on acceptable terms in the future. Tort, product liability and warranty claims can be expensive to defend and can divert the attention of management and other personnel for significant periods of time, regardless of the ultimate outcome. Any unsuccessful defense of such a claim could have a material and adverse effect on the Tyco Flow Control Business, financial condition, results of operations and cash flows. Even if the Tyco Flow Control Business is successful in defending against a claim relating to its products, the Tyco Flow Control Business customers may lose confidence in its products and the Tyco Flow Control Business. One or more of these factors could adversely affect the Tyco Flow Control Business and its financial condition, results of operations or cash flows.

***The Tyco Flow Control Business is exposed to liquidated damages in many of its customer contracts.***

Many of the Tyco Flow Control Business customer contracts contain liquidated damages provisions in the event that the Tyco Flow Control Business fails to perform its obligations thereunder in a timely manner or in accordance with the agreed terms, conditions and standards. Liquidated damages provisions applicable to the Tyco Flow Control Business typically provide for a payment to be made by it to the customer if the Tyco Flow Control Business fails to deliver a product or service on time. The Tyco Flow Control Business generally tries to limit its exposure to a maximum penalty within a contract. However, because the Tyco Flow Control Business products are often components of large and complex systems or capital projects, if the Tyco Flow Control Business incurs liquidated damages they may materially and adversely affect its business, financial condition, results of operations and cash flows.

***Certain of the Tyco Flow Control Business products require certifications by regulators or standards organizations, and its failure to obtain or maintain such certifications could negatively impact its business.***

In certain industries and for certain applications, in particular with respect to the Tyco Flow Control Business pressure relief valves and valves used in the nuclear power generation industry, the Tyco Flow Control Business must obtain certifications for its products or installations by regulators or standards organizations. For example, the Tyco Flow Control Business products used in the nuclear power generation industry must carry an

**Table of Contents**

N Stamp certification from the American Society of Mechanical Engineers and many of the Tyco Flow Control Business Water & Environmental Systems products require the approval of the Water Services Association of Australia prior to any sale in the country. In addition, as the Tyco Flow Control Business expands its products offering into emerging markets, the Tyco Flow Control Business will need to comply with additional and potentially different certification requirements. If the Tyco Flow Control Business fails to obtain required certifications for its products, or if the Tyco Flow Control Business fails to maintain such certifications on its products after they have been certified, its business, financial condition, results of operations and cash flows could be materially and adversely affected.

***The Tyco Flow Control Business has significant operations outside of the United States, which are subject to political, economic and other risks inherent in operating outside of the United States.***

The Tyco Flow Control Business net revenue derived from sales in non-U.S. markets for fiscal year 2011 was 79% of its total net revenue, and the Tyco Flow Control Business expects revenue from non-U.S. markets to continue to represent a significant portion of its total net revenue. Business operations outside of the United States are subject to political, economic and other risks inherent in operating in certain countries, such as:

the difficulty of enforcing agreements, collecting receivables and protecting assets, especially the Tyco Flow Control Business intellectual property rights, through non-U.S. legal systems;

the difficulty of communicating and monitoring standards and directives across the Tyco Flow Control Business global network of after-market service centers and manufacturing facilities;

trade protection measures and import or export licensing requirements;

difficulty in staffing and managing widespread operations and the application of certain labor regulations outside of the United States;

compliance with a wide variety of non-U.S. laws and regulations;

changes in the general political and economic conditions and political and social unrest in the countries where the Tyco Flow Control Business operates, particularly in emerging markets;

the threat of nationalization and expropriation;

the presence of corruption in certain countries;

increased costs and risks of doing business in a wide variety of jurisdictions, including compliance with local compensation programs, employment policies and other administrative programs;

cultural and language barriers and different business practices;

changes in enacted tax laws and tax treaties;

limitations on repatriation of earnings;

fluctuations in revenue, operating margins and other financial measures due to changes in currency exchange rates; and

fluctuations in available funding in those instances where a project is government financed (for example, by a regional water authority).

One or more of these factors could adversely affect the Tyco Flow Control Business and its financial condition, results of operations or cash flows.

***Volatility in currency exchange rates, commodity prices and interest rates may adversely affect the Tyco Flow Control Business financial condition, results of operations and cash flows.***

The Tyco Flow Control Business is exposed to a variety of market risks, including the effects of changes in currency exchange rates, commodity prices and interest rates.

**Table of Contents**

The Tyco Flow Control Business net revenue derived from sales in non-U.S. markets for fiscal year 2011 was 79% of its total net revenue, and the Tyco Flow Control Business expects revenue from non-U.S. markets to continue to represent a significant portion of its total net revenue. The Tyco Flow Control Business financial statements reflect translation of items denominated in non-U.S. currencies to U.S. dollars, the Tyco Flow Control Business functional currency (using year-end exchange rates for balance sheet data and average exchange rates for statement of operations data). Therefore, if the U.S. dollar strengthens in relation to the principle non-U.S. currencies from which the Tyco Flow Control Business derives revenue as compared to a prior period, the Tyco Flow Control Business U.S. dollar reported revenue and income will effectively be decreased to the extent of the change in currency valuations, and vice-versa. Changes in the relative values of currencies occur regularly and in some instances, may have a significant effect on the Tyco Flow Control Business financial condition, results of operations and cash flows.

In addition, the Tyco Flow Control Business is a large buyer of metals (including steel, ductile iron and copper) and other non-metallic commodities, specialty polymers, synthetic rubber and other raw materials for the Tyco Flow Control Business manufacturing operations, the prices of which have fluctuated significantly in recent years. Increases in the prices of some of these commodities could increase the costs of manufacturing the Tyco Flow Control Business products and providing its services. The Tyco Flow Control Business may not be able to pass on these costs to its customers or otherwise effectively manage price volatility and this could have a material adverse effect on the Tyco Flow Control Business and its financial condition, results of operations and cash flows.

The Tyco Flow Control Business monitors these exposures as an integral part of its overall risk management program. In some cases, the Tyco Flow Control Business enters into hedge contracts to insulate its results of operations from these fluctuations. These hedges are subject to the risk that the Tyco Flow Control Business counterparty may not perform. As a result, changes in currency exchange rates, commodity prices and interest rates could have a material adverse effect on the Tyco Flow Control Business and its financial condition, results of operations and cash flows.

***The Tyco Flow Control Business future growth is dependent upon its ability to continue to adapt its products, services and organization to meet the demands of local markets in both developed and emerging economies and by developing or acquiring new technologies that achieve market acceptance with acceptable margins.***

The Tyco Flow Control Business operates in global markets that are characterized by customer demand that is often global in scope but localized in delivery. The Tyco Flow Control Business competes with thousands of smaller regional and local companies that may be positioned to offer products produced at lower cost than ours, or to capitalize on highly localized relationships and knowledge that are difficult for the Tyco Flow Control Business to replicate. For example, the Tyco Flow Control Business Water & Environmental Systems segment has recently faced pricing competition from ductile iron pipe and fittings offered by companies who source their products from lower-cost countries. The Tyco Flow Control Business has also found that in several emerging markets potential customers prefer local suppliers, in some cases because of existing relationships and in other cases because of local legal restrictions or incentives that favor local businesses. Accordingly, the Tyco Flow Control Business future success depends upon a number of factors, including its ability to accomplish the following: adapt the Tyco Flow Control Business products, services, organization, workforce and sales strategies to fit localities throughout the world, particularly in high growth emerging markets; identify emerging technological and other trends in the Tyco Flow Control Business target end-markets; and develop or acquire competitive products and services and bring them to market quickly and cost-effectively. Adapting the Tyco Flow Control Business to serve more local markets will require it to invest considerable resources in building and expanding its network of after-market service centers and engineering and manufacturing facilities in those markets, as well as developing or acquiring new products and services. These expansion and development efforts divert resources from other potential investments in the Tyco Flow Control Business, and they may not lead to the desired outcome. As a result, the failure to effectively adapt the Tyco Flow Control Business products or services to the needs of local markets, the failure of the Tyco Flow Control Business technology, products or

**Table of Contents**

services to gain market acceptance, the potential for product defects or the obsolescence of its products and services could significantly reduce the Tyco Flow Control Business revenue, increase its operating costs or otherwise materially and adversely affect the Tyco Flow Control Business and its financial condition, results of operations and cash flows.

***Inability to protect the Tyco Flow Control Business intellectual property and expiration of its patents could negatively affect the Tyco Flow Control Business competitive position.***

The Tyco Flow Control Business relies on a combination of patents, copyrights, trademarks, trade secrets, know-how, confidentiality provisions and licensing arrangements to establish and protect its proprietary rights. Although the Tyco Flow Control Business has taken steps to protect its intellectual property, it cannot assure you that these will be adequate to prevent infringement of the Tyco Flow Control Business rights or misappropriation of the Tyco Flow Control Business technology, trade secrets or know-how. For example, effective patent, trademark, copyright and trade secret protection may be unavailable or limited in some of the countries in which the Tyco Flow Control Business operates. In addition, while the Tyco Flow Control Business generally enters into confidentiality agreements with its employees and third parties to protect its trade secrets, know-how, business strategy and other proprietary information, such confidentiality agreements could be breached or otherwise may not provide meaningful protection. Any proceedings to protect the Tyco Flow Control Business intellectual property rights could be burdensome and costly, and the Tyco Flow Control Business may not prevail. Further, adequate remedies may not be available in the event of an unauthorized use or disclosure of the Tyco Flow Control Business trade secrets and manufacturing expertise. Finally, for those products in the Tyco Flow Control Business portfolio that rely on patent protection, once a patent has expired the product is generally open to competition. Products under patent protection usually generate significantly higher revenue than those not protected by patents. If the Tyco Flow Control Business fails to successfully enforce its intellectual property rights or register new patents, its competitive position could suffer, which could harm the Tyco Flow Control Business and its financial condition, results of operations and cash flows.

***If the Tyco Flow Control Business cannot obtain sufficient quantities of materials, components and equipment required for its manufacturing activities at competitive prices and quality and on a timely basis, or if the Tyco Flow Control Business manufacturing capacity does not meet demand, its financial condition, results of operations and cash flows may suffer.***

The Tyco Flow Control Business purchases materials, components and equipment from unrelated parties for use in its manufacturing operations. If the Tyco Flow Control Business cannot obtain sufficient quantities of these items at competitive prices and quality and on a timely basis, it may not be able to produce sufficient quantities of product to satisfy market demand, product shipments may be delayed or the Tyco Flow Control Business material or manufacturing costs may increase. In addition, because the Tyco Flow Control Business cannot always immediately adapt its cost structures to changing market conditions, its manufacturing capacity may at times exceed or fall short of its production requirements. Further, the costs of certain raw materials, such as copper and nickel, have been volatile historically and are influenced by factors that are outside the Tyco Flow Control Business control. In addition, while the Tyco Flow Control Business manufactures certain of the highly-engineered castings and forgings which are essential to its fabrication of valves for the Tyco Flow Control Business customers at its foundries, the Tyco Flow Control Business also purchases other castings and forgings from qualified and approved sources. Because the Tyco Flow Control Business and many of its competitors rely on the same foundries to supply castings and forgings for its respective products, during periods of growth in the worldwide market for valves, the Tyco Flow Control Business and its competitors have experienced delays in the supply of components in the past and could potentially experience such delays in the future. While the Tyco Flow Control Business strives to offset its increased costs from material inflation and avoid component shortages through effective supply chain management and contractual provisions, it may be unable to pass increases in the costs of its raw materials on to the Tyco Flow Control Business customers or achieve operational efficiencies. Any of these problems could result in the loss of customers, provide an opportunity for competing products to gain market acceptance and otherwise materially and adversely affect the Tyco Flow Control Business and its financial condition, results of operations and cash flows.

***Failure to attract, motivate, train and retain qualified personnel could adversely affect the Tyco Flow Control Business. The Tyco Flow Control Business also relies on certain key personnel, the loss of whose services would adversely affect the Tyco Flow Control Business.***

The Tyco Flow Control Business' culture and guiding principles focus on continuously training, motivating and developing employees, and in particular the Tyco Flow Control Business strives to attract, motivate, train and retain qualified engineers and managers to handle the day-to-day operations of a highly diversified organization. Many of the Tyco Flow Control Business' manufacturing processes, and many of the integrated solutions the Tyco Flow Control Business offers, are highly technical in nature. The Tyco Flow Control Business' ability to expand or maintain its business depends on its ability to hire, train and retain engineers with the skills necessary to understand and adapt to the continuously developing needs of the Tyco Flow Control Business' customers. The increasing demand for qualified personnel worldwide, and particularly in emerging markets, makes it more difficult for the Tyco Flow Control Business to attract and retain employees with requisite technical skill sets. If the Tyco Flow Control Business fails to attract, motivate, train and retain qualified personnel, or if the Tyco Flow Control Business experiences excessive turnover, the Tyco Flow Control Business may experience declining sales, manufacturing delays or other inefficiencies, increased recruiting, training and relocation costs and other difficulties, and its business, financial condition, results of operations and cash flows could be materially and adversely affected.

In addition, certain aspects of the Tyco Flow Control Business depend on the efforts, skills, reputations and business relationships of certain key personnel who are not obligated to remain employed with the Tyco Flow Control Business. The loss of these personnel, particularly to competitors, could jeopardize the Tyco Flow Control Business' relationships with customers and materially and adversely affect its business, financial condition, results of operations and cash flows.

***The Tyco Flow Control Business has recognized, and may recognize in the future, substantial impairment charges.***

Pursuant to accounting principles generally accepted in the United States, the Tyco Flow Control Business is required to assess its goodwill, intangibles and other long-lived assets periodically to determine whether they are impaired. Disruptions to the Tyco Flow Control Business, unfavorable end-market conditions, protracted economic weakness, unexpected significant declines in operating results of reporting units, divestitures and market capitalization declines may result in material charges for goodwill and other asset impairments. For example, in the first quarter of 2011, the Tyco Flow Control Business recorded a noncash impairment charge of \$35 million in its Water & Environmental Systems business segment. As of March 30, 2012, the Tyco Flow Control Business maintained over \$2 billion of goodwill and intangible assets on its balance sheet, which the Tyco Flow Control Business believes is recoverable. However, fair value determinations require considerable judgment and are sensitive to change. Impairments to one or more of the Tyco Flow Control Business' reporting units could occur in future periods whether or not connected with the annual impairment analysis that the Tyco Flow Control Business conducts in the fourth quarter of each year. Future impairment charges could materially affect the Tyco Flow Control Business' reported earnings in the periods of such charges and could adversely affect the Tyco Flow Control Business' financial condition and results of operations.

***A material disruption of the Tyco Flow Control Business' operations, particularly at some of its manufacturing facilities, could adversely affect the Tyco Flow Control Business.***

Many of the Tyco Flow Control Business' products are sourced from multiple manufacturing facilities. However, certain products, such as the Tyco Flow Control Business' Raychem brand of heat-tracing products, are sole-sourced from one manufacturing facility. If operations at the Tyco Flow Control Business' facilities, and in particular the Tyco Flow Control Business' sole-source facilities, were to be disrupted as a result of significant equipment failures, natural disasters, power outages, fires, explosions, terrorism, sabotage, adverse weather conditions, public health crises, labor disputes or other reasons, the Tyco Flow Control Business may be unable

## **Table of Contents**

to fill customer orders and otherwise meet customer demand for its products, which could adversely affect the Tyco Flow Control Business financial performance. Interruptions in production could increase the Tyco Flow Control Business costs and reduce its sales. Any interruption in production capability could require the Tyco Flow Control Business to make substantial capital expenditures to fill customer orders, which could negatively affect the Tyco Flow Control Business profitability and financial condition. The Tyco Flow Control Business maintains property damage insurance that it believes to be adequate to provide for reconstruction of facilities and equipment, as well as business interruption insurance to mitigate losses resulting from any production interruption or shutdown caused by an insured loss. However, any recovery under the Tyco Flow Control Business insurance policies may not offset the lost sales or increased costs that may be experienced during the disruption of operations, which could adversely affect the Tyco Flow Control Business and its financial condition, results of operations and cash flow.

***The Tyco Flow Control Business may be adversely affected by work stoppages, union negotiations, labor disputes and other matters associated with its labor force.***

As of September 30, 2011, the Tyco Flow Control Business employed approximately 15,500 people worldwide, of which approximately 3,700 were employed in the United States and 11,800 were employed outside the United States. Approximately 4,800 of the Tyco Flow Control Business employees were covered by collective bargaining agreements or works councils as of September 30, 2011. Although the Tyco Flow Control Business believes that its relations with the labor unions and work councils that represent its employees are generally good and the Tyco Flow Control Business has experienced no material strikes and only minor work stoppages recently, no assurances can be made that the Tyco Flow Control Business will not experience in the future these and other types of conflicts with labor unions, works councils, other groups representing employees or the Tyco Flow Control Business employees generally, or that any future negotiations with the Tyco Flow Control Business labor unions will not result in significant increases in the Tyco Flow Control Business cost of labor. Additionally, a work stoppage at one of the Tyco Flow Control Business suppliers could materially and adversely affect the Tyco Flow Control Business operations if an alternative source of supply were not readily available. Stoppages by employees of the Tyco Flow Control Business customers also could result in reduced demand for the Tyco Flow Control Business products.

***If the Tyco Flow Control Business does not successfully maintain and/or upgrade its information and technology networks, or if the Tyco Flow Control Business is unable to maintain the security of its information and technology networks, the Tyco Flow Control Business operations could be disrupted.***

The Tyco Flow Control Business relies on various information technology systems to manage its operations. The Tyco Flow Control Business is continuously upgrading and consolidating its systems, including making changes to legacy systems, replacing legacy systems with successor systems with new functionality and acquiring new systems with new functionality. These types of activities subject the Tyco Flow Control Business to inherent costs and risks associated with replacing and changing these systems, including impairment of the Tyco Flow Control Business ability to fulfill customer orders, potential disruption of its internal control structure, substantial capital expenditures, additional administration and operating expenses, retention of sufficiently skilled personnel to implement and operate the systems, demands on management time and other risks and costs of delays or difficulties in transitioning to new systems or of integrating new systems into the Tyco Flow Control Business current systems. The Tyco Flow Control Business system implementations may not result in productivity improvements at a level that outweighs the costs of implementation, or at all. In addition, the implementation of new technology systems may cause disruptions in the Tyco Flow Control Business operations and have an adverse effect on the Tyco Flow Control Business and its operations, if not anticipated and appropriately mitigated.

The Tyco Flow Control Business depends on the Internet and its information technology infrastructure for electronic communications among the Tyco Flow Control Business locations around the world and between its personnel and suppliers and customers. Security breaches of this infrastructure can create system disruptions,

shutdowns or unauthorized disclosure of confidential information. If the Tyco Flow Control Business is unable to prevent such breaches, its operations could be disrupted or it may suffer financial damage or loss because of lost or misappropriated information.

### **Risks Relating to Legal, Regulatory and Compliance Matters**

*New Pentair will share responsibility for certain of ADT's, Tyco's and New Pentair's income tax liabilities for tax periods prior to and including the date of the Distribution, and such liabilities may include a portion of Tyco's obligations under its tax sharing agreement with Covidien Ltd. ( Covidien ) and TE Connectivity Ltd. ( TE Connectivity ) for tax liabilities for tax periods prior to and including June 29, 2007.*

In connection with the Distribution, New Pentair expects to enter into the 2012 Tax Sharing Agreement with Tyco and ADT which will govern the rights and obligations of ADT, Tyco and New Pentair for certain pre-Distribution tax liabilities, including Tyco's obligations under a separate tax sharing agreement entered into by Tyco, Covidien and TE Connectivity (the 2007 Tax Sharing Agreement ) in connection with the 2007 distributions of Covidien and TE Connectivity by Tyco (the 2007 Separation ). The 2012 Tax Sharing Agreement is described more fully in The Separation and Distribution Agreement and the Ancillary Agreements Tax Sharing Agreement below. To the extent New Pentair is responsible for any liability under the 2012 Tax Sharing Agreement, there could be a material adverse impact on New Pentair's financial position, results of operations, cash flows or New Pentair's effective tax rate in future reporting periods.

The 2007 Tax Sharing Agreement governs the rights and obligations of Tyco, Covidien and TE Connectivity with respect to certain pre-2007 Separation tax liabilities and certain tax liabilities arising in connection with the 2007 Separation. More specifically, Tyco, Covidien and TE Connectivity share 27%, 42% and 31%, respectively, of income tax liabilities that arise from adjustments made by tax authorities to Tyco's, Covidien's and TE Connectivity's U.S. and certain non-U.S. income tax returns and certain taxes attributable to internal transactions undertaken in anticipation of the 2007 Separation. In addition, in the event that the 2007 Separation or certain related transactions are determined to be taxable as a result of actions taken after the 2007 Separation by Tyco, Covidien or TE Connectivity, the party responsible for such failure would be responsible for all taxes imposed on Tyco, Covidien or TE Connectivity as a result thereof. If none of the companies is responsible for such failure, then Tyco, Covidien and TE Connectivity would be responsible for such taxes, in the same manner and in the same proportions as other shared tax liabilities under the 2007 Tax Sharing Agreement. Costs and expenses associated with the management of these shared tax liabilities are generally shared equally among the parties.

With respect to years prior to and including the 2007 Separation, tax authorities have raised issues and proposed tax adjustments that are generally subject to the sharing provisions of the 2007 Tax Sharing Agreement and which may require Tyco to make a payment to a taxing authority, Covidien or TE Connectivity. Tyco has recorded a liability of \$411 million as of March 30, 2012 which it has assessed and believes is adequate to cover the payments that Tyco may be required to make under the 2007 Tax Sharing Agreement. Tyco is reviewing and contesting certain of the proposed tax adjustments.

With respect to adjustments raised by the IRS, although Tyco has resolved a substantial number of these adjustments, a few significant items remain open with respect to the audit of the 1997 through 2004 years. As of the date hereof, Tyco has not been able to resolve certain open items, which primarily involve the treatment of certain intercompany debt issued during the period, through the IRS appeals process. As a result, Tyco expects to litigate these matters once it receives the requisite statutory notices from the IRS, which is likely to occur within the next six months. However, the ultimate resolution of these matters is uncertain and could result in Tyco being responsible for a greater amount than it expects under the 2007 Tax Sharing Agreement. Any payment that Tyco is required to make under the 2007 Tax Sharing Agreement could result in a material liability for New Pentair under the 2012 Tax Sharing Agreement.

*The Tyco Flow Control Business is party to asbestos-related product litigation that could adversely affect the Tyco Flow Control Business financial condition, results of operations and cash flows.*

The Tyco Flow Control Business, along with numerous other companies, are named as defendants in a substantial number of lawsuits based on alleged exposure to asbestos-containing materials. These cases typically involve product liability claims based primarily on allegations of manufacture, sale or distribution of industrial products that either contained asbestos or were attached to or used with asbestos-containing components manufactured by third parties. Each case typically names between dozens to hundreds of corporate defendants. Historically, the Tyco Flow Control Business and its subsidiaries have been identified as defendants in asbestos-related claims along with other Tyco subsidiaries. The Tyco Flow Control Business has experienced an increase in the number of asbestos-related lawsuits over the past several years, including lawsuits by plaintiffs with mesothelioma-related claims. A large percentage of these suits have not presented viable legal claims and, as a result, have been dismissed or withdrawn. The Tyco Flow Control Business strategy has been, and continues to be, to mount a vigorous defense aimed at having unsubstantiated suits dismissed, and, only where appropriate, settling claims before trial. As of March 30, 2012, there were approximately 1,700 lawsuits pending, some involving multiple claimants, against entities that New Pentair will acquire in connection with the Spin-off. The Tyco Flow Control Business cannot predict with certainty the extent to which it will be successful in litigating or otherwise resolving lawsuits in the future and the Tyco Flow Control Business continues to evaluate different strategies related to asbestos claims filed against it including entity restructuring and judicial relief. Unfavorable rulings, judgments or settlement terms could have a material adverse impact on the Tyco Flow Control Business and its financial condition, results of operations and cash flows.

The Tyco Flow Control Business currently records an estimated liability related to pending claims and claims estimated to be received over the next seven years, including related defense costs, based on a number of key assumptions and estimation methodologies. These assumptions are derived from claims experience over the past five years and reflect the Tyco Flow Control Business expectations about future claim activities over the next seven years. These assumptions about the future may or may not prove accurate, and accordingly, the Tyco Flow Control Business may incur additional liabilities in the future. A change in one or more of the inputs or the methodology that the Tyco Flow Control Business uses to estimate the asbestos liability could materially change the estimated liability and associated cash flows for pending and future claims. Although it is possible that the Tyco Flow Control Business will incur additional costs for asbestos claims filed beyond the next seven years, the Tyco Flow Control Business does not believe there is a reasonable basis for estimating those costs at this time. On a quarterly and annual basis, the Tyco Flow Control Business reviews and updates as appropriate, such estimated asbestos liabilities and assets and the underlying assumptions. Such an update could result in a material change in such estimated assets and liabilities.

The Tyco Flow Control Business also records an asset that represents its best estimate of probable recoveries from insurers or other responsible parties for the estimated asbestos liabilities. There are significant assumptions made in developing estimates of asbestos-related recoveries, such as policy triggers, policy or contract interpretation, success in litigation in certain cases, the methodology for allocating claims to policies and the continued solvency of the insurers or other responsible parties. The assumptions underlying the recorded asset may not prove accurate, and as a result, actual performance by the Tyco Flow Control Business insurers and other responsible parties could result in lower receivables and cash flows expected to reduce the Tyco Flow Control Business asbestos costs. Due to these uncertainties, as well as the Tyco Flow Control Business inability to reasonably estimate any additional asbestos liability for claims that may be filed beyond the next seven years, it is not possible to predict with certainty the ultimate outcome of the cost, nor potential recoveries, of resolving the pending and all unasserted asbestos claims. Additionally, the Tyco Flow Control Business believes it is possible that the cost of asbestos claims filed beyond the next seven years, net of expected recoveries, could have a material adverse effect on the Tyco Flow Control Business financial position, results of operations and cash flows.

**Table of Contents*****The Tyco Flow Control Business could be adversely affected by violations of the U.S. Foreign Corrupt Practices Act and similar anti-bribery laws outside the United States.***

The FCPA and similar anti-bribery laws in other jurisdictions generally prohibit companies and their intermediaries from making improper payments to government officials or other persons for the purpose of obtaining or retaining business. Recent years have seen a substantial increase in anti-bribery law enforcement activity, with more frequent and aggressive investigations and enforcement proceedings by both the U.S. Department of Justice ( DOJ ) and the SEC, increased enforcement activity by non-U.S. regulators and increases in criminal and civil proceedings brought against companies and individuals. The Tyco Flow Control Business policies mandate compliance with these anti-bribery laws. The Tyco Flow Control Business operates in many parts of the world that are recognized as having governmental and commercial corruption and in certain circumstances, strict compliance with anti-bribery laws may conflict with local customs and practices. Because many of the Tyco Flow Control Business customers and end users are involved in infrastructure construction and energy production, they are often subject to increased scrutiny by regulators. The Tyco Flow Control Business cannot assure you that its internal control policies and procedures will always protect the Tyco Flow Control Business from reckless or criminal acts committed by the Tyco Flow Control Business employees or third-party intermediaries. In the event that the Tyco Flow Control Business believes or has reason to believe that its employees or agents have or may have violated applicable anti-corruption laws, including the FCPA the Tyco Flow Control Business may be required to investigate or have outside counsel investigate the relevant facts and circumstances, which can be expensive and require significant time and attention from senior management. Violations of these laws may result in criminal or civil sanctions, which could disrupt the Tyco Flow Control Business and result in a material adverse effect on the Tyco Flow Control Business reputation, business, financial condition, results of operations or cash flows.

Furthermore, the Tyco Flow Control Business is subject to investigations by the DOJ and the SEC related to allegations that improper payments have been made by the Tyco Flow Control Business subsidiaries and third-party intermediaries in recent years in violation of the FCPA. The Tyco Flow Control Business has continued to report to the DOJ and the SEC the remedial measures that it has taken in response to the allegations and the Tyco Flow Control Business own internal investigations, and in February 2010, the Tyco Flow Control Business initiated discussions with the DOJ and SEC aimed at resolving these matters, which remain ongoing. Although the Tyco Flow Control Business has recorded its best estimate of potential loss related to these or other similar matters, it is possible that this estimate may differ from the ultimate loss determined in connection with the resolution of this matter, as the Tyco Flow Control Business may be required to pay material fines, consent to injunctions on future conduct, consent to the imposition of a compliance monitor, or suffer other criminal or civil penalties or adverse impacts, including being subject to lawsuits brought by private litigants, each of which could have a material adverse effect on the Tyco Flow Control Business and its financial condition, results of operations and cash flows.

***The Tyco Flow Control Business failure to satisfy international trade compliance regulations may adversely affect the Tyco Flow Control Business.***

The Tyco Flow Control Business global operations require importing and exporting goods and technology across international borders on a regular basis. Certain of the products the Tyco Flow Control Business manufactures are dual use products, which are products that may have both civil and military applications, or may otherwise be involved in weapons proliferation, and are often subject to more stringent export controls. From time to time, the Tyco Flow Control Business obtains or receives information alleging improper activity in connection with imports or exports. The Tyco Flow Control Business policy mandates strict compliance with U.S. and non-U.S. trade laws applicable to the Tyco Flow Control Business products. However, even when the Tyco Flow Control Business is in strict compliance with law and its policies, it may suffer reputational damage if certain of the Tyco Flow Control Business products are sold through various intermediaries to entities operating in sanctioned countries. When the Tyco Flow Control Business receives information alleging improper activity, the Tyco Flow Control Business policy is to investigate that information and respond appropriately, including, if

warranted, reporting its findings to relevant governmental authorities. Nonetheless, the Tyco Flow Control Business cannot provide assurance that its policies and procedures will always protect it from actions that would violate U.S. and/or non-U.S. laws. Any improper actions could subject the Tyco Flow Control Business to civil or criminal penalties, including material monetary fines, or other adverse actions including denial of import or export privileges, and could damage the Tyco Flow Control Business' reputation and its business prospects.

***Legislative action by the U.S. Congress could adversely affect the Tyco Flow Control Business.***

Legislative action could be taken by the U.S. Congress which, if ultimately enacted, could override tax treaties, or modify statutes or regulation upon which the Tyco Flow Control Business relies, which could materially adversely affect the Tyco Flow Control Business' effective corporate tax rate. The Tyco Flow Control Business cannot predict the outcome of any specific legislative proposals. If proposals were enacted that had the effect of disregarding the Tyco Flow Control Business' incorporation in Switzerland or limiting its ability as a Swiss company to take advantage of the tax treaties between Switzerland and the United States, the Tyco Flow Control Business' could be subject to increased taxation.

***Changes in legislation or governmental regulations or policies can have a significant impact on the Tyco Flow Control Business' financial condition, results of operations and cash flows.***

The Tyco Flow Control Business operates in regulated industries and due to the international scope of the Tyco Flow Control Business operations, the system of laws and regulations to which the Tyco Flow Control Business is subject is complex. The Tyco Flow Control Business U.S. operations are subject to regulation by a number of federal, state and local governmental agencies with respect to safety of operations and equipment, labor and employment matters and financial responsibility. Intrastate operations in the United States are subject to regulation by state regulatory authorities, and the Tyco Flow Control Business' international operations are regulated by the countries in which they operate and by extra-territorial laws. The Tyco Flow Control Business and its employees are subject to various U.S. federal, state and local laws and regulations, as well as non-U.S. laws and regulations. Changes in laws or regulations could require the Tyco Flow Control Business to change the way it operates, which could increase costs or otherwise disrupt operations. No assurances can be made that the Tyco Flow Control Business will continue to be found to be operating in compliance with, or be able to detect violations of, any such laws or regulations. In addition, the Tyco Flow Control Business cannot predict the nature, scope or effect of future regulatory requirements to which its international operations might be subject or the manner in which existing laws might be administered or interpreted. Failure to comply with any applicable laws or regulations could result in substantial fines or revocation of the Tyco Flow Control Business' operating permits and licenses. If laws and regulations changed or the Tyco Flow Control Business failed to comply, the Tyco Flow Control Business' financial condition, results of operations and cash flows could be materially and adversely affected.

***The Tyco Flow Control Business' operations expose it to the risk of material environmental liabilities, litigation and violations.***

The Tyco Flow Control Business is subject to numerous U.S. federal, state and local and non-U.S. environmental protection and health and safety laws governing, among other things:

the generation, storage, use and transportation of hazardous materials;

emissions or discharges of substances into the environment;

the investigation and remediation of contaminated sites; and

the health and safety of the Tyco Flow Control Business' employees.

The Tyco Flow Control Business cannot assure you that it has been or will be at all times in compliance with environmental and health and safety laws. If the Tyco Flow Control Business violates these laws, it could be fined, criminally charged or otherwise sanctioned by regulators.

---

**Table of Contents**

Certain environmental laws impose liability on current or previous owners or operators of real property for the cost of removal or remediation of hazardous substances at their properties or at properties at which they have disposed of hazardous substances. In addition to cleanup actions brought by governmental authorities, private parties could bring personal injury or other claims due to the presence of, or exposure to, hazardous substances. The Tyco Flow Control Business has projects underway at several current and former manufacturing facilities to investigate and remediate environmental contamination resulting from past operations by the Tyco Flow Control Business or by other businesses that previously owned or used the properties. These projects relate primarily to hazardous substance contamination cleanup.

In addition, the Tyco Flow Control Business remains responsible for certain environmental issues at manufacturing locations previously sold by the Tyco Flow Control Business. The Tyco Flow Control Business also is currently the plaintiff in several lawsuits to recover remediation costs from other businesses that previously owned or used properties that the Tyco Flow Control Business owns or previously owned, but these lawsuits may not be successful or, if successful, the Tyco Flow Control Business may not be able to enforce any judgments awarded in its favor.

The ultimate cost of cleanup at disposal sites and manufacturing facilities is difficult to accurately predict given uncertainties regarding the extent of the required cleanup, the interpretation of applicable laws and regulations and alternative cleanup methods. Based upon the Tyco Flow Control Business' experience, current information regarding known contingencies and applicable laws, the Tyco Flow Control Business concluded that it is probable that it would incur remedial costs in the range of approximately \$10 million to \$33 million as of March 30, 2012. As of March 30, 2012, the Tyco Flow Control Business concluded that the best estimate within this range is \$14 million, of which \$9 million is included in accrued and other current liabilities and \$5 million is included in other liabilities in the Combined Balance Sheet. Environmental laws are complex, change frequently and have tended to become more stringent over time. While the Tyco Flow Control Business has budgeted for future capital and operating expenditures to maintain compliance with such laws, the Tyco Flow Control Business cannot provide assurance that its costs of complying with current or future environmental protection and health and safety laws, or its liabilities arising from past or future releases of, or exposures to, hazardous substances, will not exceed the Tyco Flow Control Business' estimates or materially adversely affect the Tyco Flow Control Business' financial condition, results of operations and cash flows. The Tyco Flow Control Business may also be subject to material liabilities for additional environmental claims for personal injury or cleanup in the future based on its past, present or future business activities or for existing environmental conditions of which it is not presently aware.

***Enacted and proposed climate protection regulations and legislation may impact the Tyco Flow Control Business' operations or those of its customers.***

Government authorities and agencies in the United States and in other jurisdictions have in recent years promulgated or considered promulgating climate-related legislation and regulations that are focused on restricting greenhouse gas emissions. To the extent the Tyco Flow Control Business' customers, particularly those involved in the oil & gas, power generation, petrochemical processing or petroleum refining industries, are subject to any of these or other similar proposed or newly enacted laws and regulations, the Tyco Flow Control Business is exposed to risks that the additional costs by customers to comply with such laws and regulations could impact their ability or desire to continue to operate at similar levels in certain jurisdictions as historically seen or as currently anticipated, which could negatively impact their demand for the Tyco Flow Control Business' products and services. For example, new laws and regulations establishing an emissions cap-and-trade regime and those that might favor the increased use of non-fossil fuels, including nuclear, wind, solar and bio-fuels or that are designed to increase energy efficiency, could dampen demand for oil & gas production or power generation resulting in lower spending by customers for the Tyco Flow Control Business' products and services. Finally, the Tyco Flow Control Business could be negatively affected by physical changes or changes in weather patterns related to climate change, which could result in damages to or loss of the Tyco Flow Control Business' physical assets, impact to its ability to conduct operations and/or disrupt its customers' operations.

**Table of Contents**

*The Tyco Flow Control Business is subject to a variety of claims and litigation that could cause a material adverse effect on its business, financial condition, results of operations and cash flows.*

In the normal course of business, the Tyco Flow Control Business is subject to claims and lawsuits, including from time to time claims for damages related to product liability and warranties, litigation alleging the infringement of intellectual property rights, litigation alleging anti-competitive behavior and litigation related to employee matters and commercial disputes. In addition, the Separation and Distribution Agreement will require the Tyco Flow Control Business to indemnify Tyco and ADT for certain claims related to the Tyco Flow Control Business activities (including its activities as subsidiaries of Tyco prior to the Distribution) and also provide that under certain circumstances the Tyco Flow Control Business may be liable for certain legal liabilities incurred by Tyco or ADT following the spin-off. See Information About the Tyco Flow Control Business Legal Proceedings and The Separation and Distribution Agreement and the Ancillary Agreements for additional information regarding the Tyco Flow Control Business potential legal liabilities. In certain circumstances, patent infringement and antitrust laws permit successful plaintiffs to recover treble damages. The defense of these lawsuits may divert the Tyco Flow Control Business management s attention, and the Tyco Flow Control Business may incur significant expenses in defending these lawsuits. In addition, the Tyco Flow Control Business may be required to pay damage awards or settlements, or become subject to injunctions or other equitable remedies, that could have a material adverse effect on the Tyco Flow Control Business and its financial condition, results of operations and cash flows. Moreover, any insurance or indemnification rights that the Tyco Flow Control Business has may be insufficient or unavailable to protect it against potential loss exposures.

**Risks Relating to Pentair**

*General economic conditions, including difficult credit and residential construction markets, affect demand for Pentair s products.*

Pentair competes in various geographic regions and product markets around the world. Among these, the most significant are global industrial markets (for both Technical Products and Water & Fluid Solutions) and residential markets (for Water & Fluid Solutions). Important factors for Pentair s businesses include the overall strength of the economy and its customers confidence in the economy; industrial and governmental capital spending; the strength of the residential and commercial real estate markets; unemployment rates; availability of consumer and commercial financing for its customers and end-users; and interest rates. New construction for housing and home improvement activity fell in 2007, 2008 and 2009, which reduced revenue growth in the residential business within Water & Fluid Solutions. While Pentair saw some stabilization in 2010 and 2011, it believes that weakness in this market could negatively impact its revenues and margins in future periods. While Pentair attempts to minimize its exposure to economic or market fluctuations by serving a balanced mix of end markets and geographic regions, it cannot assure you that a significant or sustained downturn in a specific end market or geographic region would not have a material adverse effect on it.

*Pentair is exposed to political, regulatory, economic and other risks that arise from operating a multinational business.*

Sales outside of the United States, including export sales from Pentair s domestic businesses, accounted for approximately 40% of its net sales in 2011. Further, most of Pentair s businesses obtain some products, components and raw materials from foreign suppliers. Accordingly, Pentair s business is subject to the political, regulatory, economic and other risks that are inherent in operating in numerous countries. These risks include:

changes in general economic and political conditions in countries where Pentair operates, particularly in emerging markets;

relatively more severe economic conditions in some international markets than in the United States;

the difficulty of enforcing agreements and collecting receivables through foreign legal systems;

trade protection measures and import or export licensing requirements and restrictions;

---

**Table of Contents**

the possibility of terrorist action affecting Pentair or its operations;

the imposition of tariffs, exchange controls or other trade restrictions;

difficulty in staffing and managing widespread operations in non-U.S. labor markets;

changes in tax laws or rulings could have an adverse impact on Pentair's effective tax rate;

the difficulty of protecting intellectual property in foreign countries; and

changes in and required compliance with a variety of foreign laws and regulations.

As a result of its international operations and sales, Pentair is subject to the Foreign Corrupt Practices Act, the United Kingdom Bribery Act and other laws that prohibit improper payments or offers of improper payments. Pentair's international activities create risk under such laws because its employees, consultants, sales agents or distributors are not always subject to its direct control. Any violations or alleged violations of these laws could result in significant fines or settlements, criminal sanctions against Pentair or its employees, reputational damage and prohibitions on the conduct of its business, including its business with the U.S. government.

Pentair's business success depends in part on its ability to anticipate and effectively manage these and other risks. Pentair cannot assure you that these and other factors will not have a material adverse effect on its international operations or on its business as a whole.

***Pentair's international operations are subject to foreign market and currency fluctuation risks and the European Union debt crisis could adversely affect its results.***

Pentair expects the percentage of its sales outside of the United States to continue to increase in the future. In some cases, foreign markets are susceptible to greater political, economic and social volatility than in Pentair's other markets. Furthermore, its increased foreign business operations expose Pentair to currency fluctuations which could materially affect its financial results. The European Union currently accounts for the majority of Pentair's foreign sales and income. The current debt crisis in Europe could lead to the re-introduction of individual currencies in certain European Union countries or in the wholesale dissolution of the euro currency. The resulting impact on euro-denominated obligations and assets is impossible to predict, but it could adversely affect the value of such obligations and assets. Also, the effect of the debt crisis in Europe could have an adverse affect on the capital markets generally, specifically impacting the ability of Pentair's business and financial partners to finance their businesses on acceptable terms, if at all, the availability of materials and supplies and demand for Pentair's products.

***Pentair's inability to sustain organic growth could adversely affect its financial performance.***

Over the past five years, Pentair's organic growth has been generated in part from expanding international sales, entering new distribution channels, introducing new products and price increases. To grow more rapidly than its end markets, Pentair would have to continue to expand its geographic reach, further diversify its distribution channels, continue to introduce new products and increase sales of existing products to its customer base. Difficult economic and competitive factors may materially and adversely impact Pentair's financial performance. Pentair has chosen to focus its growth initiatives in specific end markets and geographies. Pentair cannot provide assurance that these growth initiatives will be sufficient to offset revenue declines in other markets.

***Pentair has significant goodwill and intangible assets and future impairment of its goodwill and intangible assets could have a material negative impact on its financial results.***

Pentair tests goodwill and indefinite-lived intangible assets for impairment on an annual basis, by comparing the estimated fair value of each of its reporting units to their respective carrying values on their

---

**Table of Contents**

balance sheets. At December 31, 2011 Pentair's goodwill and intangible assets were approximately \$2,866.2 million and represented approximately 62.5% of its total assets. Long-term declines in projected future cash flows could result in future goodwill and intangible asset impairments. Because of the significance of Pentair's goodwill and intangible assets, any future impairment of these assets could have a material adverse effect on its financial results.

In the fourth quarter of 2011, Pentair completed its annual goodwill impairment review. As a result, Pentair recorded a pre-tax non-cash impairment charge of \$200.5 million in the fourth quarter of 2011. This represents impairment of goodwill in its Residential Filtration reporting unit, part of Water & Fluid Solutions. The impairment charge resulted from changes in Pentair's forecasts in light of economic conditions prevailing in these markets and due to continued softness in the end-markets served by residential water treatment components.

***Material cost and other inflation have adversely affected and could continue to affect Pentair's results of operations.***

In the past, Pentair has experienced material cost and other inflation in a number of its businesses. Pentair strives for productivity improvements and implements increases in selling prices to help mitigate cost increases in raw materials (especially metals and resins), energy and other costs such as pension, health care and insurance. Pentair continues to implement operational initiatives in order to mitigate the impacts of this inflation and continuously reduce its costs. Pentair cannot provide assurance, however, that these actions will be successful in managing its costs or increasing its productivity. Continued cost inflation or failure of Pentair's initiatives to generate cost savings or improve productivity would likely negatively impact its results of operations.

***Pentair's businesses operate in highly competitive markets, so Pentair may be forced to cut prices or to incur additional costs.***

Pentair's businesses generally face substantial competition in each of their respective markets. Competition may force Pentair to cut prices or to incur additional costs to remain competitive. Pentair competes on the basis of product design, quality, availability, performance, customer service and price. Present or future competitors may have greater financial, technical or other resources which could put Pentair at a disadvantage in the affected business or businesses. Pentair cannot provide assurance that these and other factors will not have a material adverse effect on its future results of operations.

***Seasonality of sales and weather conditions may adversely affect Pentair's financial results.***

Pentair experiences seasonal demand in a number of markets within Water & Fluid Solutions. End-user demand for pool equipment in Pentair's primary markets follows warm weather trends and is at seasonal highs from April to August. The magnitude of the sales increase is partially mitigated by employing some advance sale or "early buy" programs (generally including extended payment terms and/or additional discounts). Demand for residential and agricultural water systems is also impacted by weather patterns, particularly by heavy flooding and droughts. Pentair cannot provide assurance that seasonality and weather conditions will not have a material adverse effect on its results of operations.

***Intellectual property challenges may hinder Pentair's ability to develop, engineer and market its products.***

Patents, non-compete agreements, proprietary technologies, customer relationships, trademarks, trade names and brand names are important to Pentair's business. Intellectual property protection, however, may not preclude competitors from developing products similar to Pentair's or from challenging Pentair's names or products. Pentair's pending patent applications, and its pending copyright and trademark registration applications, may not be allowed or competitors may challenge the validity or scope of its patents, copyrights or trademarks. In addition, Pentair's patents, copyrights, trademarks and other intellectual property rights may not provide it a

---

**Table of Contents**

significant competitive advantage. Over the past few years, Pentair has noticed an increasing tendency for participants in its markets to use conflicts over and challenges to intellectual property as a means to compete. Patent and trademark challenges increase Pentair's costs to develop, engineer and market its products. Pentair may need to spend significant resources monitoring its intellectual property rights and it may or may not be able to detect infringement by third parties.

***Pentair's results of operations may be negatively impacted by litigation.***

Pentair's businesses expose it to potential litigation, such as product liability claims relating to the design, manufacture and sale of its products. While Pentair currently maintains what it believes to be suitable product liability insurance, Pentair cannot provide assurance that it will be able to maintain this insurance on acceptable terms or that this insurance will provide adequate protection against potential or previously existing liabilities. In addition, Pentair self-insures a portion of product liability claims. A series of successful claims against Pentair for significant amounts could materially and adversely affect its product reputation, financial condition, results of operations and cash flows.

***Pentair is exposed to potential environmental and other laws, liabilities and litigation.***

Pentair is subject to federal, state, local and foreign laws and regulations governing its environmental practices, public and worker health and safety, and the indoor and outdoor environment. Compliance with these environmental, health and safety regulations could require Pentair to satisfy environmental liabilities, increase the cost of manufacturing its products or otherwise adversely affect its business, financial condition and results of operations. Any violations of these laws by Pentair could cause it to incur unanticipated liabilities that could harm its operating results and cause its business to suffer. Pentair is also required to comply with various environmental laws and maintain permits, some of which are subject to discretionary renewal from time to time, for many of its businesses and it could suffer if Pentair is unable to renew existing permits or to obtain any additional permits that it may require. Compliance with environmental requirements also could require significant operating or capital expenditures or result in significant operational restrictions.

Pentair has been named as defendant, target or a potentially responsible party ( PRP ) in a number of environmental clean-ups relating to its current or former business units. Pentair has disposed of a number of businesses in recent years and in certain cases, Pentair has retained responsibility and potential liability for certain environmental obligations. Pentair has received claims for indemnification from certain purchasers. Pentair may be named as a PRP at other sites in the future for existing business units, as well as both divested and acquired businesses.

The cost of cleanup and other environmental liabilities can be difficult to accurately predict. In addition, environmental requirements change and tend to become more stringent over time. Thus, Pentair cannot provide assurance that its eventual environmental clean-up costs and liabilities will not exceed the amount of its current reserves.

***Pentair is exposed to certain regulatory and financial risks related to climate change.***

Climate change is receiving ever increasing attention worldwide. Many scientists, legislators and others attribute global warming to increased levels of greenhouse gases, including carbon dioxide, which has led to significant legislative and regulatory efforts to limit greenhouse gas emissions. The U.S. Congress and federal and state regulatory agencies have been considering legislation and regulatory proposals that would regulate and limit greenhouse gas emissions. It is uncertain whether, when and in what form a federal mandatory carbon dioxide emissions reduction program may be adopted. Similarly, certain countries have adopted the Kyoto Protocol and this and other existing international initiatives or those under consideration could affect Pentair's international operations. These actions could increase costs associated with Pentair's operations, including costs for raw materials and transportation. Because it is uncertain what laws will be enacted, Pentair cannot predict the potential impact of such laws on its future consolidated financial condition, results of operations or cash flows.

**Risks Relating to the Liquidity of the Combined Business and Financial Markets**

*Disruptions in the financial markets could adversely affect New Pentair, its customers and its suppliers by increasing funding costs or reducing availability of credit.*

In the normal course of New Pentair's business, it may access credit markets for general corporate purposes, which may include repayment of indebtedness, acquisitions, additions to working capital, repurchase of common shares, capital expenditures and investments in its subsidiaries. Although New Pentair expects to have sufficient liquidity to meet its foreseeable needs after completing the financing transactions contemplated in connection with the Transactions, New Pentair's access to and the cost of capital could be negatively impacted by disruptions in the credit markets. In 2009 and 2010, credit markets experienced significant dislocations and liquidity disruptions, and similar disruptions in the credit markets could make financing terms for borrowers unattractive or unavailable. These factors may make it more difficult or expensive for New Pentair to access credit markets if the need arises. In addition, these factors may make it more difficult for New Pentair's suppliers to meet demand for their products or for prospective customers to commence new projects, as customers and suppliers may experience increased costs of debt financing or difficulties in obtaining debt financing. Disruptions in the financial markets have had adverse effects on other areas of the economy and have led to a slowdown in general economic activity that may continue to adversely affect New Pentair's businesses. These disruptions may have other unknown adverse affects. One or more of these factors could adversely affect New Pentair's business, financial condition, results of operations or cash flows.

*New Pentair's customers, prospective customers and suppliers may need assurances that New Pentair's financial stability on a stand-alone basis is sufficient to satisfy their requirements for doing or continuing to do business with them.*

Some of New Pentair's customers, prospective customers and suppliers may need assurances that New Pentair's financial stability following the Transactions is sufficient to satisfy their requirements for doing or continuing to do business with them. If New Pentair's customers, prospective customers or suppliers are not satisfied with New Pentair's financial stability, it could have a material adverse effect on New Pentair's ability to bid for and obtain or retain projects, New Pentair's business, financial condition, results of operations and cash flows.

*Covenants in New Pentair's debt instruments may adversely affect New Pentair.*

As discussed under Debt Financing, New Pentair expects to complete financing transactions in connection with the completion of the Transactions, as a result of which New Pentair would incur new indebtedness under one or more credit agreements or indentures. New Pentair expects its credit agreements and indentures will contain customary financial covenants.

New Pentair's ability to meet the financial covenants can be affected by events beyond New Pentair's control, and New Pentair cannot provide assurance that it will meet those tests. A breach of any of these covenants could result in a default under New Pentair's credit agreements or indentures. Upon the occurrence of an event of default under any of New Pentair's credit facilities or indentures, the lenders or trustees could elect to declare all amounts outstanding thereunder to be immediately due and payable and, in the case of credit facility lenders, terminate all commitments to extend further credit. If the lenders or trustees accelerate the repayment of borrowings, New Pentair cannot provide assurance that it will have sufficient assets to repay New Pentair's credit facilities and New Pentair's other indebtedness. Furthermore, acceleration of any obligation under any of New Pentair's material debt instruments will permit the holders of New Pentair's other material debt to accelerate their obligations, which could have a material adverse affect on New Pentair's financial condition.

---

**Table of Contents**

*New Pentair expects to incur new indebtedness at or prior to consummation of Transactions, and the degree to which New Pentair will be leveraged following completion of the Transactions could have a material adverse effect on the combined business, financial condition or results of operations.*

The Tyco Flow Control Business has historically relied upon Tyco for working capital requirements on a short-term basis and for other financial support functions. After the Transactions, New Pentair will not be able to rely on the earnings, assets or cash flow of Tyco, and New Pentair will be responsible for servicing its own debt, and obtaining and maintaining sufficient working capital. As discussed under Debt Financing, New Pentair expects to complete financing transactions in connection with the completion of the Transactions, as a result of which New Pentair would incur new indebtedness under one or more credit agreements or indentures.

New Pentair's ability to make payments on and to refinance its indebtedness, including the debt incurred pursuant to the Transactions as well as any future debt that New Pentair may incur, will depend on New Pentair's ability to generate cash in the future from operations, financings or asset sales. New Pentair's ability to generate cash is subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond New Pentair's control. If New Pentair is not able to repay or refinance its debt as it becomes due, New Pentair may be forced to sell assets or take other disadvantageous actions, including (i) reducing financing in the future for working capital, capital expenditures and general corporate purposes or (ii) dedicating an unsustainable level of New Pentair's cash flow from operations to the payment of principal and interest on its indebtedness. The lenders who hold such debt could also accelerate amounts due, which could potentially trigger a default or acceleration of any of New Pentair's other debt.

*New Pentair may increase its debt or raise additional capital in the future, which could affect New Pentair's financial health, and may decrease its profitability.*

At the Effective Time, New Pentair expects the combined company to have approximately \$1.8 billion of total debt outstanding. New Pentair may increase its debt or raise additional capital in the future, subject to restrictions expected to be in New Pentair's debt agreements. If New Pentair's cash flow from operations is less than New Pentair anticipates, or if New Pentair's cash requirements are more than New Pentair expects, New Pentair may require more financing. However, debt or equity financing may not be available to New Pentair on terms acceptable to New Pentair, if at all. If New Pentair incurs additional debt or raises equity through the issuance of additional capital shares, the terms of the debt or capital shares issued may give the holders rights, preferences and privileges senior to those of holders of New Pentair's common shares, particularly in the event of liquidation. The terms of the debt may also impose additional and more stringent restrictions on New Pentair operations than it currently has. If New Pentair raises funds through the issuance of additional equity, your percentage ownership in New Pentair would decline. If New Pentair is unable to raise additional capital when needed, it could affect New Pentair's financial health, which could negatively affect your investment in New Pentair. Also, regardless of the terms of New Pentair's debt or equity financing, the amount of New Pentair's shares that New Pentair can issue may be limited because the issuance of New Pentair's shares may cause the Distribution to be a taxable event for Tyco under Section 355(e) of the Code, and under the 2012 Tax Sharing Agreement New Pentair could be required to indemnify Tyco for that tax. See New Pentair might not be able to engage in desirable strategic transactions and equity issuances following the Distribution because of restrictions relating to U.S. federal income tax requirements for tax-free distributions.

**CAUTIONARY STATEMENT CONCERNING FORWARD-LOOKING STATEMENTS**

This proxy statement/prospectus contains certain forward-looking statements regarding business strategies, market potential, future financial performance and other matters with respect to Pentair, New Pentair and Tyco. Without limitation, words such as targets, plans, believes, expects, intends, will, likely, may, anticipates, estimates, projects, should, would, expect, positioned, strategy, future or word substance or the negative thereof, are forward-looking statements. The forward-looking statements included in this proxy statement/prospectus are made only as of the date of this proxy statement/prospectus. These forward-looking statements are based on Pentair's and New Pentair's management's current expectations and beliefs about future events. Various factors could adversely affect Pentair's and New Pentair's operations, business or financial results in the future and cause Pentair's and New Pentair's actual results to differ materially from those contained in the forward-looking statements, including those factors discussed in detail in Risk Factors beginning on page 34 of this proxy statement/prospectus. Pentair's and New Pentair's actual results could differ materially from management's expectations because of these factors, including:

overall economic and business conditions;

competition in the markets Pentair and the Tyco Flow Control Business serve;

conditions in the North American housing market;

increase in product liability and warranty claims;

failure to maintain required certifications;

delay in, or inability to, deliver backlog;

failure to win future project work;

economic and political conditions in international markets, including governmental changes and restrictions on the ability to transfer capital across borders;

**Table of Contents**

changes in U.S. and non-U.S. government laws and regulations;

risks associated with adherence to international trade compliance regulations;

results and consequences of internal investigations and governmental investigations concerning Pentair's, New Pentair's or Tyco's governance, management, internal controls and operations including Pentair's, New Pentair's and Tyco's business operations outside the United States;

other capital market conditions, including availability of funding sources;

failure to fully realize expected benefits from the Spin-off or the Merger;

inability to generate savings from excellence in operations initiatives consisting of lean enterprise, supply management and cash flow practices;

difficulty in operating New Pentair as an independent public company separate from Tyco;

the possible effects on New Pentair of future legislation in the United States that may limit or eliminate potential U.S. tax benefits resulting from New Pentair's Swiss incorporation; and

risks associated with New Pentair's Swiss incorporation, including increased or different regulatory burdens, and the possibility that New Pentair may not realize anticipated tax benefits.

These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included in this proxy statement/prospectus. If one or more of these or other risks or uncertainties materialize, or if Pentair or New Pentair's underlying assumptions prove to be incorrect, actual results may vary materially from what is projected. Consequently, actual events and results may vary significantly from those included in or contemplated or implied by the forward-looking statements.

**THE PENTAIR SPECIAL MEETING**

**General**

This proxy statement/prospectus is being provided to Pentair shareholders as part of a solicitation of proxies by the Pentair board of directors for use at the Pentair special meeting. This proxy statement/prospectus provides Pentair shareholders with important information they need to know to be able to vote, or instruct their brokers or other nominees to vote, at the Pentair special meeting.

**Date, Time and Place**

The Pentair special meeting will be held on September 14, 2012, at The Metropolitan Ballroom, 5418 Wayzata Blvd., Golden Valley, Minnesota at 9:00 a.m., local time.

**Matters for Consideration**

At the special meeting, Pentair shareholders will be asked to vote on the following proposals:

a proposal to approve the Merger Agreement and the transactions contemplated thereby and all other actions or matters necessary or appropriate to give effect to the Merger Agreement and the transactions contemplated thereby ( the Merger Agreement proposal );

a non-binding, advisory proposal to approve the compensation that may be paid or become payable to Pentair's named executive officers in connection with the Merger ( the compensation proposal ); and

a proposal to approve the adjournment or postponement of the special meeting, if necessary or appropriate, to solicit additional proxies in the event there are not sufficient votes at the time of the special meeting to approve the Merger Agreement proposal ( the meeting adjournment proposal ).

**Completion of the Transactions is conditioned on Pentair shareholder approval of the Merger Agreement proposal, but is not conditioned on the approval of the compensation proposal or the meeting adjournment proposal.**

**THE PENTAIR BOARD OF DIRECTORS HAS UNANIMOUSLY APPROVED AND AUTHORIZED THE EXECUTION, DELIVERY AND PERFORMANCE OF THE MERGER AGREEMENT AND THE CONSUMMATION OF THE TRANSACTIONS CONTEMPLATED THEREBY AND UNANIMOUSLY RECOMMENDS THAT PENTAIR SHAREHOLDERS VOTE FOR THE MERGER AGREEMENT PROPOSAL.**

**THE PENTAIR BOARD OF DIRECTORS ALSO UNANIMOUSLY RECOMMENDS THAT PENTAIR SHAREHOLDERS VOTE FOR THE COMPENSATION PROPOSAL AND FOR THE MEETING ADJOURNMENT PROPOSAL.**

**Record Date; Voting Information**

The record date for the Pentair special meeting is July 27, 2012. Only holders of record of Pentair common shares at the close of business on the record date will be entitled to notice of, and to vote at, the special meeting or any adjournment or postponement thereof. As of the record date, approximately 99.2 million Pentair common shares were issued and outstanding and entitled to notice of, and to vote at, the special meeting and there were approximately 3,562 holders of record of Pentair common shares. Each Pentair common share shall entitle the holder to one vote on each matter to be considered at the special meeting.

If you are a record holder of Pentair common shares on the record date, you may vote your Pentair common shares in person at the special meeting or by proxy as described below in Voting by Proxy.

---

## **Table of Contents**

### **Quorum**

The holders of a majority of the issued and outstanding Pentair common shares present either in person or by proxy at the meeting will constitute a quorum. A quorum must be present before a vote can be taken on the Merger Agreement proposal and the compensation proposal, but is not required for a vote on the meeting adjournment proposal. Proxies received but marked as abstentions will be included in the calculation of the number of shares considered to be present at the special meeting.

If a quorum is not present or if there are not sufficient votes for the approval of the Merger Agreement proposal, Pentair expects that the Pentair special meeting will be adjourned to solicit additional proxies, subject to approval of the meeting adjournment proposal by the affirmative vote of the holders of a majority of the Pentair common shares present in person or represented by proxy at the Pentair special meeting. At any subsequent reconvening of the Pentair special meeting, all proxies will be voted in the same manner as the proxies would have been voted at the original convening of the Pentair special meeting, except for any proxies that have been effectively revoked or withdrawn prior to the subsequent meeting.

### **Required Vote**

You may vote FOR or AGAINST, or you may abstain from voting on each of the proposals.

Completion of the Transactions requires the approval of the Merger Agreement proposal by Pentair shareholders. Pentair's Restated Articles of Incorporation provide that an agreement for a merger with another corporation may be authorized by the vote of the shareholders entitled to exercise at least two-thirds of the shares entitled to vote unless the vote required is reduced by the Pentair board of directors. In accordance with the Restated Articles of Incorporation, the Pentair board of directors approved reducing the vote required to approve the Merger Agreement proposal to a majority of the Pentair common shares entitled to vote. Accordingly, in accordance with the Minnesota Business Corporation Act and Pentair's governing documents, the approval by Pentair shareholders of the Merger Agreement proposal requires the affirmative vote of the holders of a majority of the voting power of all Pentair common shares entitled to vote at the special meeting. Therefore, if you abstain or if you fail to vote, it will have the same effect as a vote AGAINST the Merger Agreement proposal.

The approval of the compensation proposal requires the affirmative vote of the holders of a majority of the Pentair common shares present or represented by proxy at the special meeting, provided a quorum is present. Therefore, if you abstain, it will have the same effect as a vote AGAINST the adoption of the meeting adjournment proposal and if you fail to vote, it will have no effect on the outcome of the proposal.

The approval of the meeting adjournment proposal requires the affirmative vote of the holders of a majority of the Pentair common shares present or represented by proxy at the special meeting, whether or not a quorum is present. Therefore, if you abstain, it will have the same effect as a vote AGAINST the adoption of the meeting adjournment proposal and if you fail to vote, it will have no effect on the outcome of the proposal.

### **Voting by Proxy**

If you were a record holder of Pentair common shares at the close of business on the record date of the special meeting, a proxy card is enclosed for your use. Pentair requests that you submit your proxy to vote your shares as promptly as possible by (i) accessing the internet site listed on the proxy card, (ii) calling the toll-free number listed on the proxy card or (iii) submitting your proxy card by mail by using the provided self-addressed, stamped envelope. Information and applicable deadlines for voting through the internet or by telephone are set forth on the enclosed proxy card. When the accompanying proxy is returned properly executed, the Pentair common shares represented by it will be voted at the special meeting or any adjournment or postponement thereof in accordance with the instructions contained in the proxy card. Your internet or telephone vote authorizes the named proxies to vote your shares in the same manner as if you had marked, signed and returned a proxy card.

## **Table of Contents**

If a proxy is returned without an indication as to how the Pentair common shares represented are to be voted with regard to a particular proposal, the Pentair common shares represented by the proxy will be voted in accordance with the recommendation of the Pentair board of directors and, therefore, FOR the Merger Agreement proposal, FOR the compensation proposal and FOR the meeting adjournment proposal.

At the date hereof, the Pentair board of directors has no knowledge of any business that will be presented for consideration at the special meeting and that would be required to be set forth in this proxy statement/prospectus or the related proxy card other than the matters set forth in the Notice of Special Meeting of Shareholders. If any other matter is properly presented at the special meeting for consideration, it is intended that the persons named in the enclosed form of proxy and acting thereunder will vote in accordance with their best judgment on such matter.

If your broker, bank or other nominee holds your Pentair common shares in street name, you must either direct your nominee on how to vote your shares or obtain a proxy from your nominee to vote in person at the special meeting. Please check the voting form used by your nominee for information on how to submit your instructions to them.

**Your vote is important. Accordingly, if you were a record holder of Pentair common shares on the record date of the special meeting, please sign and return the enclosed proxy card or vote via the internet or telephone whether or not you plan to attend the special meeting in person. Proxies submitted through the specified internet website or by phone must be received by 11:59 p.m. on September 13, 2012.**

## **Revocation of Proxies**

If you are the record holder of Pentair common shares, you can change your vote or revoke your proxy at any time before your proxy is voted at the special meeting. You can do this by:

timely delivering a signed written notice of revocation; or

timely delivering a new, valid proxy bearing a later date (including by telephone or through the internet).

A registered shareholder may revoke a proxy by either of these methods, regardless of the method used to deliver the shareholder's previous proxy.

Written notices of revocation and other communications with respect to the revocation of proxies should be addressed as follows:

Pentair, Inc.

5500 Wayzata Boulevard, Suite 800

Minneapolis, Minnesota 55416-1259

Attention: Secretary

(763) 545-1730

If your shares are held in street name through a broker, bank or other nominee, you may change your vote by submitting new voting instructions to your broker, bank or nominee in accordance with its established procedures. If your shares are held in the name of a broker, bank or other nominee and you decide to attend the special meeting and vote in person, your vote in person at the special meeting will not be effective unless you have obtained and present an executed proxy issued in your name from the record holder (your broker, bank or nominee).

## **Table of Contents**

### **Voting by Pentair Directors and Executive Officers**

At the close of business on the record date of the special meeting, Pentair directors and executive officers and their affiliates were entitled to vote 804,348 Pentair common shares or approximately 1% of the Pentair common shares outstanding on that date. Pentair currently expects that its directors and executive officers and their affiliates will vote their shares in favor of all proposals, but none of them has entered into any agreement obligating him or her to do so.

### **Solicitation of Proxies**

Pentair is soliciting proxies for the special meeting and will bear all expenses in connection with solicitation of proxies, except that expenses incurred in connection with the printing of this proxy statement/prospectus will be shared equally by Pentair and Tyco. Pentair has retained Morrow & Co., LLC, a proxy solicitation firm, to solicit proxies in connection with the special meeting at a cost of approximately \$15,000 plus expenses. Upon request, Pentair will pay banks, brokers, nominees, fiduciaries or other custodians their reasonable expenses for sending proxy material to, and obtaining instructions from, persons for whom they hold shares. Pentair expects to solicit proxies primarily by mail, but directors, officers and other employees of Pentair may also solicit in person or by internet, telephone or mail.

### **Other Matters**

As of the date of this proxy statement/prospectus, the Pentair board of directors knows of no other matters that will be presented for consideration at the special meeting other than as described in this proxy statement/prospectus. If any other matters properly come before the special meeting of Pentair shareholders, or any adjournments of the special meeting are proposed and are properly voted upon, the enclosed proxies will give the individuals that Pentair shareholders name as proxies discretionary authority to vote the shares represented by these proxies as to any of these matters; provided, however, that those individuals will only exercise this discretionary authority with respect to matters that were unknown a reasonable time before the solicitation of proxies.

**Table of Contents****THE TRANSACTIONS****Structure of the Spin-Off and the Merger**

Tyco and Pentair have agreed pursuant to the Merger Agreement to merge the Tyco Flow Control Business with Pentair. Prior to consummating the Merger and pursuant to the Separation and Distribution Agreement, Tyco will transfer the Tyco Flow Control Business to New Pentair, rename New Pentair Pentair Ltd. and subsequently distribute all of the outstanding New Pentair common shares to Tyco shareholders on a pro rata basis in the Distribution. Immediately following the Distribution, Tyco, New Pentair, Panthro Acquisition, Panthro Merger Sub and Pentair will consummate the Merger upon the terms and subject to the conditions of the Merger Agreement. New Pentair's wholly owned, indirect subsidiary, Panthro Merger Sub, will merge with and into Pentair and Pentair will survive the Merger as a wholly owned, indirect subsidiary of New Pentair. As consideration for the Merger, shareholders of Pentair will receive one newly issued common share of New Pentair for each Pentair common share that they hold at the time of the Merger. Immediately after consummation of the Merger, on a fully-diluted basis, approximately 47.5% of New Pentair common shares will be held by former Pentair shareholders and approximately 52.5% of New Pentair common shares will be held by Tyco shareholders (excluding treasury shares). After the Transactions, New Pentair will be an independent, publicly-traded company that operates Pentair and the Tyco Flow Control Business.

Shareholders are encouraged to read carefully the sections titled "The Merger Agreement" and "The Separation and Distribution Agreement and the Ancillary Agreements" as well as the Merger Agreement and the Separation and Distribution Agreement, which are attached to this proxy statement/prospectus and incorporated herein by reference, because they set forth the terms of the Merger and the Distribution, respectively.

**Transaction Timeline**

Below is a step-by-step list illustrating the sequence of material events relating to the Spin-off and the Merger. Each of these events is discussed in more detail elsewhere in this proxy statement/prospectus. Except as further described below, it is anticipated that the steps will occur in the following order:

*Step 1* Tyco will engage in a series of restructuring transactions to separate the Tyco Flow Control Business from Tyco in the manner contemplated by the Separation and Distribution Agreement and transfer the assets and liabilities comprising the Tyco Flow Control Business, with certain specifically scheduled exceptions, to New Pentair.

*Step 2* A subsidiary of New Pentair will issue an intercompany note to a subsidiary of Tyco in an amount not to exceed \$500 million, which will be repaid at the closing of the Merger with proceeds to New Pentair from a third party financing upon terms negotiated by Pentair. After accounting for the issuance of the intercompany note, the payment of transaction expenses and transfer of any excess cash to Tyco, but not taking into account any third party financing, New Pentair will have a net indebtedness immediately prior to the Distribution of \$275 million.

*Step 3* Tyco will receive an audit report of Deloitte AG (Zürich), as state supervised auditing enterprise, stating that the Distribution and the ordinary cash dividend to Tyco shareholders proposed in the Tyco Proxy Statement comply with Swiss law and Tyco's Articles of Association.

*Step 4* Tyco, in its capacity as the sole shareholder of New Pentair will resolve to increase the share capital of New Pentair by a conversion of freely available equity into nominal share capital and authorize the issuance of New Pentair common shares in a number permitting a one-to-one share exchange with the outstanding Pentair common shares on a fully-diluted basis. Such newly issued shares will be held in treasury by New Pentair pending delivery to the former Pentair shareholders following the Merger.

*Step 5* New Pentair's Articles of Association and organizational regulations will be amended in substantially the forms attached to this proxy statement/prospectus as Annex F and Annex G, respectively. New

Pentair's name will be changed to Pentair Ltd. and the company will have a board of directors comprised of the board of directors of Pentair as of the date of mailing of the Tyco Proxy Statement and up to two persons selected by Tyco and reasonably acceptable to Pentair. Tyco has selected only one designee to the New Pentair board of directors.

*Step 6* Tyco will then spin off New Pentair by distributing all of the outstanding common shares of New Pentair, and cash in lieu of fractional shares, to the Tyco shareholders on a pro rata basis as determined by a distribution formula.

*Step 7* Panthro Merger Sub, a wholly owned, indirect subsidiary of New Pentair, will merge with and into Pentair and Pentair will cease to be a publicly-traded company. Each outstanding Pentair common share will be converted into the right to receive one New Pentair common share and all converted Pentair common shares will be canceled. As a result, former Pentair shareholders will own approximately 47.5% of New Pentair common shares and Tyco shareholders will own approximately 52.5% of New Pentair common shares on a fully-diluted basis (excluding treasury shares) immediately following the Merger.

### **The Spin-off**

Pursuant to the Separation and Distribution Agreement and certain provisions of the Merger Agreement, Tyco will, among other things, (i) engage in an internal restructuring whereby it will transfer to New Pentair certain assets related to the Tyco Flow Control Business, and New Pentair will assume from Tyco certain liabilities associated with the Tyco Flow Control Business, (ii) increase the share capital of New Pentair by a conversion of freely available equity into nominal share capital and authorize the issuance of New Pentair common shares in a number permitting a one-to-one share exchange with the outstanding Pentair common shares, (iii) prior to the Merger, rename New Pentair Pentair Ltd. and (iv) distribute to eligible holders of Tyco common shares all of the outstanding common shares of New Pentair through a pro-rata dividend. After the Distribution, Tyco will not own any shares of New Pentair.

Prior to the Distribution, a subsidiary of New Pentair will issue an intercompany note to a subsidiary of Tyco in an amount not to exceed \$500 million, which will be repaid at the closing of the Merger with proceeds to New Pentair from a third party financing upon terms negotiated by Pentair. In the event that third party financing is not available on acceptable terms, instead of a subsidiary of New Pentair issuing to a subsidiary of Tyco the intercompany note that would be repaid at the closing of the Merger, a subsidiary of New Pentair will issue a one year unsecured bridge note for up to \$500 million to a subsidiary Tyco that will bear interest at a rate of 14.0% and be prepayable at any time. After accounting for the issuance of either the intercompany note or the bridge note, the payment of transaction expenses and transfer of any excess cash to Tyco, but not taking into account any third party financing, New Pentair will have a net indebtedness immediately prior to the Distribution of \$275 million.

### **The Merger**

Pursuant to the Merger Agreement, immediately after the Distribution, Panthro Merger Sub will merge with and into Pentair. Pentair will survive the Merger as a wholly owned, direct subsidiary of Panthro Acquisition and an indirect subsidiary of New Pentair, and will cease to be a publicly-traded company. Upon effectiveness of the Merger, each outstanding Pentair common share will be converted into the right to receive one newly issued common share of New Pentair and all converted Pentair common shares will be canceled. New Pentair will be a publicly-traded company organized under the laws of Switzerland. It is expected that New Pentair's shares will be listed for trading on the NYSE under the symbol PNR, which is currently the trading symbol for Pentair.

### **Calculation of the Distribution Ratio and the Exchange Ratio**

Pursuant to the Separation and Distribution Agreement, Tyco will effect the Distribution by distributing all outstanding New Pentair common shares it holds as the sole shareholder of New Pentair at the time of the Distribution to Tyco shareholders on a pro rata basis to holders of Tyco common shares. Holders of Tyco common shares as of the record date of the Distribution will receive a number of New Pentair common shares

**Table of Contents**

equal to the quotient of (i) the product of (x) the number of Pentair common shares outstanding (determined on a fully-diluted basis calculated in accordance with the treasury method under U.S. GAAP without taking into account tax consequences to any party or any applicable vesting provisions) as of 12:01 a.m. Eastern Standard Time on the distribution date, multiplied by (y) 1.10526316 divided by (ii) the number of Tyco common shares outstanding (determined on a fully-diluted basis calculated in accordance with the treasury method under U.S. GAAP without taking into account tax consequences to any party or any applicable vesting provisions) immediately prior to 12:01 a.m. Eastern Standard Time on the distribution date (the distribution ratio).

Based on the number of fully-diluted Pentair and Tyco shares outstanding as of June 30, 2012, it is expected that the distribution ratio will be approximately 0.24 New Pentair common shares per each Tyco common share. However, this amount will be finally determined at the effective time of the Distribution based on the number of Pentair common shares and the number of Tyco common shares outstanding immediately prior to the Distribution that are entitled to receive New Pentair common shares in the Distribution. Therefore, the actual number of New Pentair common shares that Tyco shareholders are entitled to receive will change if the number of Tyco common shares outstanding or Pentair common shares outstanding at those times changes because of any increase or decrease in share amounts for any reason. There is no maximum or minimum number of shares that will be issued. The number calculated above is not expected to change significantly because (1) Pentair currently has no plans to issue any of its common shares prior to the effective time of the Merger other than pursuant to previous grants of equity incentive awards or pursuant to the exercise of employee stock options and stock settled stock appreciation rights, in each case, in the ordinary course of business and (2) Tyco currently has no plans to issue any of its common shares prior to the effective time of the Merger other than pursuant to previous grants of equity incentive awards or pursuant to the exercise of employee stock options and stock settled stock appreciation rights, in each case, in the ordinary course of business.

Immediately after the Distribution, pursuant to the Merger Agreement, the Merger will occur. The Merger Agreement provides that, at the effective time of the Merger, each outstanding Pentair common share will be converted into the right to receive one newly issued common share of New Pentair (the exchange ratio). On this one-to-one basis and based on the number of outstanding Pentair common shares on June 30, 2012, it is presently estimated that Pentair shareholders will be entitled to receive approximately 99,205,000 New Pentair common shares in the Merger.

Immediately following the consummation of the Distribution and the Merger and the application of the distribution ratio and the exchange ratio, former Pentair shareholders will own approximately 47.5% of New Pentair common shares and Tyco shareholders will own approximately 52.5% of New Pentair common shares on a fully-diluted basis (excluding treasury shares).

**Trading Markets***Pentair Common Shares*

At the Effective Time, each Pentair common share outstanding will be converted into the right to receive one newly issued common share of New Pentair. Upon the conversion, all converted Pentair common shares will automatically be canceled and cease to exist and will no longer be listed for trading on the NYSE.

*New Pentair Common Shares*

Following the Merger, former Pentair shareholders will hold approximately 47.5% of New Pentair common shares and Tyco shareholders as of the record date of the Distribution and their transferees will hold approximately 52.5% of New Pentair common shares on a fully-diluted basis (excluding treasury shares). It is intended that New Pentair common shares will be listed on the NYSE under the symbol PNR, which is Pentair's current trading symbol.

Neither Pentair nor New Pentair can make assurances as to the trading price of New Pentair common shares after the Transactions, or as to whether the trading price of New Pentair's common shares will be less than, equal

to or greater than the trading prices of Pentair common shares prior to the Transactions. The trading price of New Pentair common shares may fluctuate significantly following the Transactions. See **Risk Factors**. There is currently no public market for New Pentair common shares and New Pentair cannot be certain that an active trading market will develop or be sustained after the Spin-off and the Merger, and following the Spin-off and the Merger New Pentair's share price may fluctuate significantly for more detail.

### **Background of the Merger**

The board of directors and senior management of Pentair regularly review and evaluate a variety of potential strategic alternatives relating to Pentair and its business, including possible acquisitions, divestitures and business combination transactions, with the goal of enhancing shareholder value. Such possible acquisitions have included those in the valves and controls and thermal space that would be attractive to Pentair's growth strategy. The senior management of Pentair also meets from time to time with investment banking firms covering Pentair's industry to discuss such potential strategic alternatives.

Tyco regularly reviews and evaluates the various businesses that Tyco conducts and the fit that these businesses have within its overall business and growth strategies to help ensure that Tyco's resources are being put to use in a manner that is in the best interests of Tyco and its shareholders.

On May 12, 2011, in the course of a meeting with Pentair management, representatives of Deutsche Bank Securities, Inc., or Deutsche Bank, discussed various potential acquisition possibilities, including the concept of potentially combining Pentair and the Tyco Flow Control Business through the use of a reverse Morris Trust structure. A reverse Morris Trust acquisition structure allows a parent company (here, Tyco) to divest a subsidiary (here, New Pentair) in a tax-efficient manner. The first step of such a transaction is the tax-free distribution (a spin-off) of the subsidiary stock to the parent company shareholders under Section 355 of the Code. The distributed subsidiary then merges with the acquiring third party (here, Pentair) in a tax-free reorganization under Section 368 of the Code. Such a transaction can qualify as tax-free for U.S. federal income tax purposes for the parent company, its shareholders and the acquiring third party's shareholders if the transaction structure meets all applicable requirements, including that the parent company shareholders own more than 50% ownership of the stock of the combined entity immediately after the merger. On August 8, 2011, representatives of Deutsche Bank again discussed with Pentair management the concept of a potential combination of Pentair and the Tyco Flow Control Business in the course of a meeting to review various potential acquisition transactions.

In 2011, in connection with Tyco's continued review of its businesses and strategy, Tyco's board of directors and senior management raised the possibility of separating its residential security business and commercial security business, as well as its flow control business into independent, publicly-traded companies. Following a thorough review of strategic alternatives for each of the businesses by Tyco's board of directors held during a number of meetings in mid-2011, with the assistance of Tyco senior management and its external advisors, in September 2011, Tyco's board of directors approved the pursuit of the separation of each of the Tyco residential and small business security business in the United States and Canada and flow control business by means of a distribution to Tyco shareholders, subject to approval of the separation by Tyco shareholders. On September 19, 2011, Tyco issued a press release announcing that its board of directors had approved the plan to separate these businesses into independent, publicly-traded companies.

On September 19, 2011, representatives of Deutsche Bank contacted Pentair management by telephone to discuss Tyco's announcement and the implications for a potential combination of Pentair and the Tyco Flow Control Business.

Coughlin, former Executive Vice President and Chief Financial Officer and an advisor to Tyco, to discuss Pentair's potential interest in a business combination with the Tyco Flow Control Business. Mr. Hogan also reviewed and made a valuation proposal that would result in New Pentair being owned approximately 49.9% by Pentair shareholders and 50.1% by Tyco shareholders and assumed that the Tyco Flow Control Business would at the time of the transaction have \$200 million in net indebtedness.

On February 3, 2012, Mr. Hogan called Mr. Coughlin to discuss that a valuation proposal that would result in New Pentair being owned approximately 43.0% by Pentair shareholders and 57.0% by Tyco shareholders would not be acceptable to Pentair.

On February 7, 2012, the Pentair board of directors held a telephonic meeting at which management presented to the directors a summary of the industrial logic for a combination of Pentair with the Tyco Flow Control Business, including expected positive impacts to Pentair shareholders, which are discussed below under Pentair Reasons for the Merger, and the potential for operating synergies at New Pentair through corporate cost avoidance, corporate expense reductions and lean initiatives and for tax synergies, as well as a summary of potential risks, and updated the board of directors on the valuation proposals that Mr. Hogan discussed with Tyco representatives on February 1 and February 3, 2012. Mr. Hogan and Mr. Breen also discussed the proposed treatment of the Tyco Flow Control Business former Yarway business, and Mr. Hogan expressed Pentair's desire to cap the amount of liabilities for which New Pentair would be responsible with respect to such business. The Pentair board of directors discussed and provided management with feedback on the status of due diligence and the negotiations with Tyco. The Pentair board also established a Business Combination Act Committee of the board of directors, consisting of all Pentair directors other than Mr. Hogan, to determine whether to approve the proposed Merger for purposes of Section 302A.673 of the Minnesota Statutes (the Minnesota Business Combination Act ).

On March 26, 2012, the compensation committee of the board of directors of Pentair held a telephonic meeting at which a representative of Cravath reviewed the final terms of the proposed waivers by executive officers of certain of their rights under change in control agreements and the proposed grants of restricted stock units to such executive officers for retention purposes and a representative of Foley provided an overview of estimated payments and benefits in connection with the potential Merger, after which the committee approved such waivers and grants of restricted stock units.

On March 26, 2012, the parties and certain of their advisors met in person and thereafter through the evening of March 27, 2012 by telephone to negotiate remaining open issues in the proposed Merger Agreement, the Separation and Distribution Agreement, the 2012 Tax Sharing Agreement and the Ancillary Agreements.

In the morning of March 27, 2012, the Tyco board of directors held a telephonic meeting to approve the Merger Agreement and the Separation and Distribution Agreement.

In the afternoon of March 27, 2012, the Pentair board of directors met to review and discuss various matters in connection with the possible Merger. The Pentair board had been provided a set of meeting materials in advance of the meeting, including a summary of the proposed Merger Agreement, Separation and Distribution Agreement and 2012 Tax Sharing Agreement, a copy of the current drafts of such agreements, financial analyses prepared by each of Deutsche Bank and Greenhill, a summary of the effect of the potential Merger on Pentair compensation arrangements, the final terms of the proposed waivers by Pentair's executive officers of certain of their rights under change in control agreements and proposed grants of restricted stock units to such executive officers, and a set of draft board resolutions. Representatives of Pentair's senior management and legal and financial advisors also participated in the meeting. Representatives of Cravath and Faegre reviewed the board's fiduciary duties in connection with its evaluation of the proposed Transactions. Representatives of Deutsche Bank presented a detailed analysis of the transaction contemplated by the Merger Agreement and the Separation and Distribution Agreement, including a summary of the structure of the proposed Transaction as well as related governance, debt and tax considerations. Deutsche Bank then presented a detailed financial analysis and its oral opinion, which opinion was subsequently confirmed in writing, that, as of March 27, 2012 and based upon and subject to the qualifications, limitations and assumptions stated in its opinion, from a financial point of view, the exchange ratio pursuant to the Merger Agreement (after giving effect to the distribution ratio pursuant to the Separation and Distribution Agreement) which will result in the diluted New Pentair common shares at the Effective Time being held approximately 47.5% by the former Pentair shareholders and 52.5% by the New Pentair shareholders immediately prior to the Merger (the Exchange Ratio ), was fair to the holders of Pentair common shares, other than New Pentair and any subsidiaries of Pentair. Representatives of Greenhill presented a detailed financial analysis of the transactions contemplated by the Merger Agreement and the Separation and Distribution Agreement. Greenhill then presented its oral opinion, which opinion was subsequently confirmed in writing, that, as of March 27, 2012 and based upon and subject to the qualifications, limitations and assumptions stated in its opinion, from a financial point of view, the Exchange Ratio was fair to holders of Pentair common shares, other than New Pentair and any subsidiaries of Pentair.

A representative of management discussed the tax and financial due diligence conducted. Representatives of Foley provided an overview of legal due diligence conducted, including with respect to certain contingent liabilities. Mr. Hogan discussed with the board the integration planning team and John L. Stauch, Executive Vice President and Chief Financial Officer, described internal and external communications plans. Cravath then provided a detailed summary of the draft Merger Agreement and Separation and Distribution Agreement and related agreements as well as the effect of the potential Merger on Pentair compensation arrangements, the final terms of the proposed waivers by Pentair's executive officers of certain of their rights under change in control agreements, the proposed grants of restricted stock units to such executive officers for retention purposes and an overview of estimated payments and benefits to such executive officers in connection with the potential Merger. Following extensive discussion by the directors of various factors supporting the Merger, as well as certain countervailing factors, the Pentair board recessed and the Business Combination Act Committee of the board of directors, acting pursuant to the Minnesota Business Combination Act, approved, and recommended that the Pentair board and Pentair shareholders approve, the Merger Agreement and the Merger. The Pentair board then reconvened and unanimously approved and authorized the execution, delivery and performance of the Merger Agreement and the transactions contemplated thereby and unanimously recommended that Pentair shareholders approve the Merger Agreement and the transactions contemplated thereby and all other actions or matters necessary or appropriate to give effect to the Merger Agreement and the transactions contemplated thereby.

In the evening of March 27, 2012, the appropriate parties entered into the Merger Agreement and the Separation and Distribution Agreement.

On March 28, 2012, before the opening of trading on the NYSE, Pentair and Tyco issued a joint press release announcing the Transactions and held a joint conference call for investors.

### **Pentair Reasons for the Merger**

In reaching its decision to unanimously approve the Merger Agreement and the transactions contemplated thereby and all other actions or matters necessary or appropriate to give effect to the Merger Agreement and the transactions contemplated thereby, the Pentair board of directors consulted with members of Pentair's management as well as with its financial and legal advisors and carefully considered the following material factors:

the expectation that the combination of Pentair with the three complementary operating segments of the Tyco Flow Control Business, including the combination of the Technical Products segment of Pentair with the Thermal Controls segment of the Tyco Flow Control Business, will create a leading industrial company with strong filtration, flow and valve platforms that is well-positioned compared to best-in-class flow control peers;

the potential cost savings resulting from the Transactions, including the potential achievement of operational synergies described under the caption "Certain Forecasts" and annual tax synergies of \$50 million;

the potential for New Pentair to achieve meaningful revenue synergies by enhancing cross-selling opportunities between the Pentair business and the Tyco Flow Control Business;

the increased market capitalization of New Pentair after the Transactions, which may generate increased visibility in the capital markets;

the increased size and economies of scale of New Pentair, which are expected to enhance relationships with suppliers;

the ability to leverage the Pentair Integrated Management System, which consists of strategy deployment, lean enterprise and rapid growth process, across a larger enterprise;

the Merger is intended to be a tax-free reorganization for U.S. federal income tax purposes and, accordingly, would not be taxable to either Pentair or its shareholders (except for any U.S. shareholder who is or will be a five-percent transferee shareholder within the meaning of applicable Treasury Regulations but who does not enter into a gain recognition agreement with the IRS);

the expectation that New Pentair after the Transactions will have more exposure to attractive developed and fast growth regions;

**Table of Contents**

the more robust portfolio of complementary products and customer solutions that New Pentair would provide;

the expectation that the Transactions will be accretive to New Pentair's earnings per share by approximately \$0.40 for 2013 and that New Pentair's earnings per share are expected to be greater than \$5.00 per share for 2015;

the broader presence New Pentair will have in key sectors with greater opportunity to capitalize on growth trends in the energy, infrastructure and industrial sectors;

the expected strong balance sheet and cash flow generation of New Pentair and the greater financial flexibility that this strength should provide, including to support growth and return of capital to shareholders through annual dividends initially expected to equal \$0.88 per share and annual stock repurchases initially expected to total \$400 million;

the experienced directors and executive officers of Pentair prior to the closing of the Transactions are expected to be the directors and executive officers of New Pentair immediately following the closing of the Transactions;

the experience and prior success of Pentair's management in integrating large acquisitions into Pentair's existing business;

the anticipation that New Pentair's domicile in Switzerland, a major business center known for its economic and political stability and financial sophistication, will produce important economic and operational benefits for New Pentair that help ensure its continued competitiveness in global markets, including the ability:

to maintain a competitive worldwide effective tax rate and increase the ease of global cash management to support New Pentair's growth;

to centrally locate New Pentair in an area that it believes will support its global growth, particularly in fast growth regions where economies are developing, as New Pentair anticipates approximately 60% of its revenues will come from outside the U.S.; and

to better integrate the Tyco Flow Control Business, which has a substantial European business and has its largest segment, Values & Controls, headquartered in Switzerland.

the opinions of each of Deutsche Bank and Greenhill, dated March 27, 2012, to the Pentair board of directors that the exchange ratio pursuant to the Merger Agreement (after giving effect to the distribution ratio pursuant to the Separation and Distribution Agreement) which will result in the diluted New Pentair common shares at the Effective Time being held approximately 47.5% by the former Pentair shareholders and 52.5% by the New Pentair shareholders immediately prior to the Merger, is fair, from a financial point of view, to the Pentair shareholders as more fully described below under the caption "Opinions of Pentair Financial Advisors".

The Pentair board of directors also considered the following countervailing material factors in its deliberations concerning the Transactions:

the risk that the potential benefits described above sought in the Transactions might not be fully realized or realized within the expected time frame;

## Edgar Filing: PENTAIR INC - Form DEFM14A

the challenges inherent in the combination of two businesses of the size and complexity of Pentair and the Tyco Flow Control Business, including the possible disruption of Pentair's business that might result from the announcement of the Transactions;

the fact that Pentair shareholders as a group would control less than a majority of New Pentair common shares after the consummation of the Transactions;

the difficulty in separating the operations of the Tyco Flow Control Business from Tyco;

---

**Table of Contents**

the restrictions on Pentair's ability to solicit possibly superior transactions and the required payment by Pentair in certain circumstances of termination fees under the Merger Agreement;

the restrictions on the conduct of Pentair's business during the period between the execution of the Merger Agreement and the completion of the Merger;

the fact that, in order to preserve the tax-free treatment of the Transactions, New Pentair would be required to abide by certain restrictions that could reduce its ability to engage in certain future business transactions that might be advantageous;

the risk that the Transactions and subsequent integration may divert management attention and resources away from other strategic opportunities;

the risks associated with the Tyco Flow Control Business operations, including those described in Risk Factors;

New Pentair's assumption from Tyco of certain contingent liabilities of the Tyco Flow Control Business, including tax and asbestos-related liabilities, as described in Risk Factors;

the risks inherent in requesting regulatory approvals from multiple government agencies in multiple jurisdictions, as more fully described under the caption Regulatory Approvals; and

the possibility that the Transactions may not be consummated and the potential adverse consequences if the Transactions are not completed, including substantial costs incurred and potential shareholder and market reaction.

This discussion of the information and factors considered by the Pentair board of directors in reaching its conclusions and recommendation includes the material factors considered by the Pentair board of directors, but is not intended to be exhaustive and may not include all of the factors considered by the Pentair board of directors. In view of the wide variety of factors considered in connection with its evaluation of the Merger and the other transactions contemplated by the Merger Agreement, and the complexity of these matters, the Pentair board of directors did not find it useful and did not attempt to quantify, rank or assign any relative or specific weights to the various factors that it considered in reaching its determination to approve the Merger Agreement and the transactions contemplated thereby and all other actions or matters necessary or appropriate to give effect to the Merger Agreement and the transactions contemplated thereby, and to make its recommendation to Pentair shareholders. Rather, the Pentair board of directors viewed its decisions as being based on the totality of the information presented to it and the factors it considered, including its discussions with, and questioning of, members of Pentair's management and outside legal and financial advisors. In addition, individual members of the Pentair board of directors may have assigned different weights to different factors.

Certain of Pentair's directors and executive officers have financial interests in the Merger that are different from, or in addition to, those of Pentair's shareholders generally. The Pentair board of directors is aware of and considered these potential interests, among other matters, in evaluating the Merger and in making its recommendation to Pentair shareholders. For a discussion of these interests, see Interests of Certain Persons in the Merger Interests of Pentair Directors and Executive Officers in the Merger.

After careful consideration, the Pentair board of directors, on March 27, 2012, unanimously approved and authorized the execution, delivery and performance of the Merger Agreement and the consummation of the transactions contemplated thereby. The Pentair board of directors unanimously recommends to the shareholders of Pentair that the shareholders approve the Merger Agreement proposal, the compensation proposal and the meeting adjournment proposal.

**Table of Contents****Certain Forecasts**

Pentair does not as a matter of course make public forecasts as to future performance, earnings or other results beyond the current fiscal year, and Pentair is especially reluctant to disclose forecasts for extended periods due to the unpredictability of the underlying assumptions and estimates. However, in connection with its evaluation of the Merger, Pentair provided to its board of directors and financial advisors non-public, internal financial forecasts regarding Pentair's and the Tyco Flow Control Business's anticipated future operations for 2012 to 2015 (the "Pentair Projections"), which were prepared in March 2012. The non-public, internal financial forecasts for the Tyco Flow Control Business for the years 2012 through 2015 were derived from forecasts for the Tyco Flow Control Business that Tyco prepared and provided to Pentair in connection with Pentair's evaluation of the Merger. The forecasts regarding Pentair and the Tyco Flow Control Business do not include any impact or benefit from the Merger. Pentair has included below a summary of these forecasts to give its shareholders access to certain non-public information that was considered by the Pentair board of directors for purposes of evaluating the Merger and was also provided to Pentair's financial advisors.

Pentair does not intend to make publicly available any update or other revision to the Pentair Projections. None of Pentair or its respective affiliates, advisors, officers, directors, partners or representatives has made or makes any representation to any Pentair shareholder or other person regarding Pentair's, the Tyco Flow Control Business or New Pentair's ultimate performance compared to the information contained in the Pentair Projections or that forecasted results will be achieved. Deutsche Bank did not express an opinion, and its opinion did not constitute a recommendation, as to how any holder of Pentair common shares should vote with respect to the Merger. Deutsche Bank's opinion did not in any manner address the prices at which New Pentair common shares or other securities of New Pentair will trade following the announcement or consummation of the Merger.

Deutsche Bank was not requested to, and Deutsche Bank did not, solicit third party indications of interest in the possible acquisition of all or part of Pentair, nor was Deutsche Bank requested to consider, and Deutsche Bank's opinion did not address, the relative merits of the Merger as compared to any alternative transactions or business strategies.

The board of directors of Pentair engaged Deutsche Bank as financial advisor in connection with the Merger based on Deutsche Bank's qualifications, expertise, reputation and experience in mergers and acquisitions. Pursuant to an engagement letter between Pentair and Deutsche Bank, dated February 10, 2012, as it may be

Although none of the selected transactions is directly comparable to the Merger, the companies that participated in the selected transactions are such that, for purposes of analysis, the selected transactions may be considered similar to the Merger. Accordingly, the analysis of precedent transactions was not simply mathematical. Rather, it involved complex considerations and qualitative judgments, reflected in Deutsche Bank's opinion, concerning differences between the characteristics of the selected transactions and the Merger that could affect the value of the subject companies and Pentair.

In its analysis, Deutsche Bank derived and compared multiples for the selected transactions, including the ratio of total enterprise value based on transaction price to the target company's EBITDA for the latest twelve months prior to entering into the transaction, or TEV/LTM EBITDA.

**Table of Contents**

Deutsche Bank's analysis resulted in the following:

	TEV/LTM EBITDA		
	Low	Mean	High
Selected Precedent Transactions	6.9x	11.7x	17.0x

Based on the foregoing and qualitative judgment, Deutsche Bank determined an estimated TEV/LTM EBITDA reference range of 10.0 times to 12.0 times EBITDA for the latest twelve months. To arrive at a range of implied equity values for Pentair and the Tyco Flow Control Business, Deutsche Bank adjusted the total enterprise values for such party's net debt, minority interest and investment in affiliates, as applicable.

Based upon the implied equity values of Pentair and the Tyco Flow Control Business, Deutsche Bank calculated a range of implied pro forma equity ownership of Pentair in the combined company. For purposes of this calculation, Deutsche Bank assumed that the implied equity value of the combined company was the sum of the implied equity values of Pentair and the Tyco Flow Control Business. Deutsche Bank calculated the low end of the Pentair implied pro forma equity ownership range assuming the lowest implied equity value for Pentair and the highest implied equity value for the Tyco Flow Control Business, and then calculated the high end of the Pentair implied pro forma equity ownership range assuming the highest implied equity value for Pentair and the lowest implied equity value for the Tyco Flow Control Business. The following table reflects the results of this analysis as compared to Pentair's pro forma ownership at the Exchange Ratio provided for in the Merger Agreement of approximately 47.5%:

	Selected Transactions Analysis	Merger
Pentair Implied Pro Forma Equity Ownership	43.6% - 54.5%	47.5%

*Selected Publicly-Traded Companies Analysis.* Deutsche Bank reviewed and compared the total enterprise value divided by estimated EBITDA (the TEV/EBITDA) for calendar year 2012 and 2013 multiples for Pentair and the Tyco Flow Control Business based on the Pentair Projections to the corresponding multiples, as of March 26, 2012, for the following publicly-traded companies derived from publicly available financials and analyst research. Deutsche Bank selected these companies based on the professional judgment and experience of its investment bankers, taking into account, among other factors, the size of Pentair, the Tyco Flow Control Business and the selected companies, the competitive landscape in which Pentair, the Tyco Flow Control Business and the selected companies operate, and the product offerings of Pentair, the Tyco Flow Control Business and the selected companies. Although none of the selected companies is directly comparable to Pentair or the Tyco Flow Control Business, these companies were chosen because they are publicly-traded companies with operations or business that for purposes of analysis may be considered similar or reasonably comparable to those of Pentair or the Tyco Flow Control Business.

Deutsche Bank's analysis resulted in the following:

Selected Companies	2012E TEV/EBITDA			2013E TEV/EBITDA		
	Low	Mean	High	Low	Mean	High
Pentair Comparable Companies	7.9x	9.1x	11.0x	7.1x	8.4x	10.5x
Tyco Flow Control Business Comparable Companies	4.2x	8.7x	12.3x	3.8x	7.8x	11.5x

From this analysis Deutsche Bank computed a 2012E TEV/EBITDA multiple range for Pentair of 9.0x to 10.0x and for the Tyco Flow Control Business of 8.5x to 9.5x. Deutsche Bank computed a 2013E TEV/EBITDA multiple range for Pentair of 8.0x to 9.0x and for the Tyco Flow Control Business of 7.5x to 8.5x. To arrive at a range of implied equity values for Pentair and the Tyco Flow Control Business, Deutsche Bank adjusted the total enterprise values for such party's net debt, minority interest and investment in affiliates, as applicable.

Based upon the implied equity values of Pentair and the Tyco Flow Control Business, Deutsche Bank calculated a range of implied pro forma equity ownership of Pentair in the combined company. For purposes of this calculation, Deutsche Bank assumed that the implied equity value of the combined company was the sum of the implied equity values of Pentair and the Tyco Flow Control Business. Deutsche Bank calculated the low end of the Pentair implied pro forma equity ownership range assuming the lowest implied equity value for Pentair and the highest implied equity value for the Tyco Flow Control Business, and then calculated the high end of the Pentair implied pro forma equity ownership range assuming the highest implied equity value for Pentair and the lowest implied equity value for the Tyco Flow Control Business. The following table reflects the results of this analysis as compared to Pentair's pro forma ownership at the Exchange Ratio provided for in the Merger Agreement of approximately 47.5%:

Pentair Implied Pro Forma Equity Ownership	Selected Company Analysis		
	2012E TEV/EBITDA	2013E TEV/EBITDA	Merger
	43.3% - 49.8%	41.5% - 48.7%	47.5%

*Discounted Cash Flow Analysis.* Deutsche Bank performed a discounted cash flow analysis for each of Pentair and the Tyco Flow Control Business. Deutsche Bank calculated the discounted cash flow values as the sum of the net present values of (1) the estimated future unlevered after-tax cash flows that each of Pentair and the Tyco Flow Control Business will generate for the period March 31, 2012 through 2022, plus (2) the terminal value of each of Pentair and the Tyco Flow Control Business at the end of such period. The estimated future unlevered after-tax cash flows for the years 2012 through 2015 were based on the Pentair Projections and those for the years 2016 through 2022 were extrapolated based on assumed growth rates. The terminal values of each of Pentair and the Tyco Flow Control Business were calculated based on projected EBITDA for 2022 and a range of multiples of 7.5x to 9.5x and 7.0x to 9.0x, respectively. Deutsche Bank used such multiples based on its review of the trading characteristics of the common stock of certain selected companies, that in its judgment, had similar financial and business characteristics. For Pentair, Deutsche Bank used discount rates ranging from 8.0% to 10.0% derived utilizing a weighted average cost of capital analysis based on certain financial metrics, including betas, for Pentair. For the Tyco Flow Control Business, Deutsche Bank used discount rates ranging from 9.0% to 11.0% derived utilizing a weighted average cost of capital analysis based on certain financial metrics for the Tyco Flow Control Business and certain financial metrics, including betas, for selected companies that exhibited similar business characteristics to the Tyco Flow Control Business.

Using the high and low values from the ranges of the implied equity values resulting from the discounted cash flow analysis for each of Pentair and the Tyco Flow Control Business, in each case after adjusting for Pentair's and the Tyco Flow Control Business' net debt, minority interest and investment in affiliates, as applicable, Deutsche Bank calculated the following implied relative ownership of Pentair shareholders of New Pentair.

Implied Equity Value Based on:	Pentair Implied Pro Forma Equity Ownership
High End of Ranges	56.5%
Low End of Ranges	40.6%

**Table of Contents**

Deutsche Bank performed this discounted cash flow analysis for each of Pentair and the Tyco Flow Control Business based on the Pentair Projections. These analyses derive equity value for each of Pentair and the Tyco Flow Control Business and equity value per share for Pentair and serve as one basis for determining implied pro forma equity ownership for current Pentair stockholders.

*Pro Forma Earnings Accretion/Dilution.* Deutsche Bank reviewed the potential pro forma financial effect of the Merger on New Pentair's projected earnings per share (EPS) for calendar years 2013 and 2014. Estimated financial data were based on the Pentair Projections. Deutsche Bank also used the following inputs, among others, provided by Pentair management: estimated purchase accounting adjustments including write up of intangible assets, expected synergies, the impact of certain contingencies, the contemplated financing structure and ownership by holders of Pentair common shares of 47.5% of diluted New Pentair common shares outstanding following the Merger. Deutsche Bank also estimated the effect of a potential share repurchase in the fourth quarter of 2012 and in both 2013 and 2014 and the effect of eliminating the contingencies provided by Pentair. This analysis indicated that the Merger could be accretive to Pentair's projected standalone earnings per share in calendar years 2013 and 2014 under all cases presented, including both with and without any share repurchases. The actual results achieved by the combined company after the consummation of the Merger may vary from projected results and any such variation may be material.

Deutsche Bank noted that such pro forma financial analysis is not a valuation methodology and that such analysis was presented merely for informational purposes.

*General.* The preparation of a fairness opinion is a complex analytical process involving the application of subjective business and financial judgment in determining the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, is not readily susceptible to summary description. Deutsche Bank believes that its analyses must be considered as a whole and that considering any portion of such analyses and of the factors considered without considering all analyses and factors could create a misleading view of the process underlying their opinions. In arriving at their fairness determinations, Deutsche Bank did not assign specific weights to any particular analyses.

In conducting its analyses and arriving at its opinion, Deutsche Bank utilized a variety of generally accepted valuation methods. The analyses were prepared solely for the purpose of enabling Deutsche Bank to provide its opinion to the board of directors of Pentair as to the fairness, from a financial point of view, of the exchange ratio pursuant to the Merger Agreement to holders of common shares of Pentair (other than New Pentair and any subsidiary of Pentair), as of the date of their respective opinions.

No company or transaction used in the analyses described above for purposes of comparison is directly comparable to Pentair, the Tyco Flow Control Business, New Pentair or the Merger. In addition, such analyses do not purport to be appraisals, nor do they necessarily reflect the prices at which businesses or securities actually may be sold, which are inherently subject to uncertainty. As described above, in connection with Deutsche Bank's analyses, Deutsche Bank made, and was provided by the management of Pentair with, numerous assumptions with respect to industry performance, general business and economic conditions and other matters, many of which are beyond the control of Deutsche Bank, Pentair, the Tyco Flow Control Business, New Pentair or Tyco. Analyses based upon estimates or forecasts of future results are not necessarily indicative of actual past or future values or results, which may be significantly more or less favorable than suggested by such analyses. Because the analyses described above are inherently subject to uncertainty, being based upon numerous factors or events beyond the control of Pentair, the Tyco Flow Control Business, New Pentair, Tyco or their respective advisors, Deutsche Bank does not assume responsibility if future results or actual values are materially different from these forecasts or assumptions.

The terms of the transaction, including the exchange ratio, were determined through arm's-length negotiations among Pentair, New Pentair, and Tyco and were approved by the board of directors of Pentair. Although Deutsche Bank provided advice to the board of directors of Pentair during the course of these

negotiations, the decision to enter into the Merger was solely that of Pentair's board of directors. Deutsche Bank did not recommend that any specific amount or type of consideration constituted the only appropriate consideration for the Merger. As described above under "Pentair Reasons for the Merger," the opinion and presentation of Deutsche Bank to the board of directors of Pentair was only one of a number of factors taken into consideration by the board of directors of Pentair in making its determination to approve the Merger Agreement and the transactions contemplated by it, including the Merger.

### *Opinion of Greenhill*

The board of directors of Pentair retained Greenhill to act as financial advisor to the board of directors in connection with its consideration of the proposed terms of the potential Merger. At the meeting of the board of directors of Pentair held on March 27, 2012 to consider the Merger Agreement, Greenhill rendered to Pentair's board of directors an oral opinion, which was confirmed by delivery of a written opinion dated March 27, 2012, to the effect that, based upon and subject to the limitations and assumptions set forth in the opinion, as of the date of the opinion, from a financial point of view, the exchange ratio is fair to holders of Pentair common shares (other than New Pentair and any subsidiary of Pentair).

**The full text of Greenhill's written opinion dated March 27, 2012, which contains the assumptions made, procedures followed, matters considered and limitations on the opinion and the review undertaken in connection with the opinion, is attached as Annex E to this proxy statement/prospectus and is incorporated herein by reference. The summary of Greenhill's opinion in this proxy statement/prospectus is only a summary of its material terms and may not include all of the information that is important to a particular shareholder. Greenhill's written opinion was addressed to the board of directors of Pentair. The opinion was not intended to be and does not constitute a recommendation to the members of Pentair's board of directors as to whether they should recommend or approve the Merger or the Merger Agreement, nor does it constitute a recommendation as to whether the shareholders of Pentair should approve the Merger or take any other action in respect of the Merger at any meeting of the shareholders convened in connection with the Merger. Greenhill was not requested to opine as to, and its opinion did not in any manner address, Pentair's underlying business decision to proceed with or effect the Merger. The financial analysis presented below compares the Tyco Flow Control Business, which will be transferred to New Pentair prior to the Merger pursuant to the Spin-off, and Pentair. Following the Spin-off and Merger, New Pentair will operate both the business of Pentair and the Tyco Flow Control Business.**

In arriving at its opinion described above, Greenhill, among other things:

reviewed the draft of the Merger Agreement dated as of March 27, 2012 and certain related documents, including a draft dated as of March 27, 2012 of the Separation and Distribution Agreement;

reviewed certain publicly available financial statements of Pentair and Tyco (including financial information relating to the Tyco Flow Control Business);

reviewed certain other publicly available business and financial information relating to Pentair, the Tyco Flow Control Business and Tyco that Greenhill deemed relevant;

reviewed the Pentair Projections; for more information on the Pentair Projections, see "Certain Forecasts";

discussed the past and present operations and financial condition and the prospects of Pentair and the Tyco Flow Control Business with senior executives of Pentair;

compared the exchange ratio with exchange ratios implied by consideration received in certain publicly available transactions that Greenhill deemed relevant;

compared the exchange ratio with exchange ratios implied by the trading valuations of certain publicly-traded companies that Greenhill deemed relevant;

compared the relative contribution of Pentair to the pro forma combined company based on a number of metrics that Greenhill deemed relevant;

compared the exchange ratio to implied exchange ratios derived by discounting future cash flows and a terminal value of Pentair and the Tyco Flow Control Business at discount rates Greenhill deemed appropriate; and

performed such other analyses and considered such other factors as Greenhill deemed appropriate.

Greenhill assumed and relied upon, without independent verification, the accuracy and completeness of the information publicly available, supplied or otherwise made available to it by representatives and management of Pentair (including, without limitation, any financial information considered in connection with the rendering of its opinion, including the Pentair Projections, information relating to certain contingent tax liabilities of the Tyco Flow Control Business that shall be assumed by New Pentair and any information relating to expected synergies, including, without limitation, expected tax benefits of redomiciliation of Pentair after the Merger) for the purposes of its opinion and have further relied upon the assurances of the representatives and management of Pentair that they are not aware of any facts or circumstances that would make such information inaccurate or misleading. With respect to synergies, the financial forecasts and projections and other data that have been furnished or otherwise provided to Greenhill, including the Pentair Projections, Greenhill assumed that such synergies, projections and data, including the Pentair Projections, were reasonably prepared on a basis reflecting the best currently available estimates and good faith judgments of the management of Pentair as to those matters, and with the knowledge and consent of the board of directors of Pentair, Greenhill relied upon such forecasts and data, including the Pentair Projections, in arriving at Greenhill's opinion. Greenhill expressed no opinion with respect to such synergies, projections and data, including the Pentair Projections, or the assumptions upon which they are based. Greenhill did not make any independent valuation or appraisal of the assets or liabilities of Pentair or the Tyco Flow Control Business, nor was Greenhill furnished with any such appraisals. Greenhill assumed, with the knowledge and consent of Pentair's board of directors, that the Merger will be treated as a tax-free reorganization for federal income tax purposes. Greenhill assumed that the Merger will be consummated in accordance with the terms set forth in the final, executed Merger Agreement, which Greenhill assumed will be identical in all material respects to the latest draft which Greenhill reviewed, and without waiver of any material terms or conditions set forth in the Merger Agreement. Additionally, Greenhill assumed that all material governmental, regulatory and other consents and approvals necessary for the consummation of the Merger will be obtained without any effect on Pentair, the Tyco Flow Control Business, the Merger or the contemplated benefits of the Merger meaningful to Greenhill's analysis. Greenhill's opinion is necessarily based on financial, economic, market and other conditions as in effect on, and the information made available to Greenhill as of, the date of its opinion. It should be understood that subsequent developments may affect its opinion, and Greenhill does not have any obligation to update, revise, or reaffirm its opinion.

Greenhill was not requested to and did not provide advice concerning the Merger, including without limitation the structure and the specific amount of consideration, or to provide services other than the delivery of its opinion. Greenhill was not requested to and did not solicit any expressions of interest from any other parties with respect to the sale of Pentair or any other alternative transaction. Greenhill did not participate in the negotiations with respect to the terms of the Merger. No opinion was expressed as to whether any alternative transaction might produce consideration for Pentair in an amount in excess of that contemplated in the Merger.

Greenhill acted as financial advisor to the board of directors of Pentair in connection with the Merger and will receive a fee of \$3.5 million, plus the reimbursement of expenses, for rendering its opinion. In addition, Pentair has agreed to indemnify Greenhill for certain liabilities arising out of Greenhill's engagement. During the two years preceding the date of its opinion, Greenhill was not engaged by, did not perform any services for or

receive any compensation from, Pentair or any other parties to the Merger Agreement (other than any amounts that were paid to Greenhill under the letter agreement pursuant to which Greenhill was retained as a financial advisor to Pentair in connection with the Merger).

Greenhill did not express an opinion as to any aspect of the Merger, other than the fairness to the holders of Pentair common shares, other than New Pentair and any subsidiaries of Pentair, of the exchange ratio from a financial point of view. In particular, Greenhill expressed no opinion as to the prices at which New Pentair common shares will trade at any future time. Greenhill expressed no opinion with respect to the amount or nature of any compensation to any officers, directors or employees of Pentair, or any class of such persons relative to the consideration to be received by the holders of Pentair common shares in the Merger or with respect to the fairness of any such compensation. Greenhill's opinion was approved by its fairness committee, and the opinion is not intended to be and does not constitute a recommendation to the members of Pentair's board of directors as to whether they should approve the Merger or the Merger Agreement, nor does it constitute a recommendation as to whether the shareholders of Pentair should approve the Merger at any meeting of the shareholders convened in connection with the Merger.

*Summary of Material Financial Analyses.* The following is a summary of the material financial analyses presented by Greenhill to Pentair's board of directors in connection with rendering its opinion described above. The following summary, however, does not purport to be a complete description of the financial analyses performed by Greenhill, nor does the order of the analyses described represent the relative importance or weight given to those analyses by Greenhill. Some of the summaries of the financial analyses include information presented in tabular format. In order to fully understand the financial analyses performed by Greenhill, the tables must be read together with the full text of each summary and should not alone be construed as a complete description of Greenhill's financial analyses. Synergies, cost savings and transaction related amortization from the Merger were not taken into consideration in any of Greenhill's analyses, other than its Pro Forma Financial Analysis.

*Selected Comparable Company Analysis.* Greenhill compared certain financial information and commonly used valuation measurements for each of Pentair and the Tyco Flow Control Business to corresponding information and measurements for the following publicly-traded companies that are primarily water industrial, diversified industrial or flow control businesses. Greenhill selected these companies based on the professional judgment and experience of its investment bankers, taking into account, among other factors, the size of Pentair, the Tyco Flow Control Business and the selected companies, the competitive landscape in which Pentair, the Tyco Flow Control Business and the selected companies operate, and the product offerings of Pentair, the Tyco Flow Control Business and the selected companies. Although none of the selected companies is directly comparable to Pentair or the Tyco Flow Control Business, these companies were chosen because they are publicly-traded companies with operations or business that for purposes of analysis may be considered similar or reasonably comparable to those of Pentair or the Tyco Flow Control Business.

Such financial information and valuation measurements included, among other things, (1) ratios of enterprise value to the revenue for the latest twelve months ( LTM ) and the estimated revenue for the calendar year 2012; (2) ratios of enterprise value to the earnings from operations before interest expense, income taxes and depreciation and amortization ( EBITDA ) for the latest twelve months and the estimated EBITDA for the calendar year 2012; and (3) ratios of enterprise value to the earnings from operations before interest expense and income taxes ( EBIT ) for the latest twelve months and the estimated EBIT for the calendar year 2012. In all cases, enterprise value was calculated as equity value, based on closing stock prices on March 26, 2012, plus net debt and minority interest and minus equity in affiliates, where applicable. To calculate the enterprise value to revenue, EBITDA and EBIT trading multiples, Greenhill used publicly available SEC filings, press releases, the most recently available research guidance from analyst equity reports, and Institutional Brokers Estimate System (referred to as IBES). The multiple ranges resulting from this analysis are summarized below:

<b>Pentair Comparables:</b>	<b>Low</b>	<b>High</b>	<b>Median</b>	<b>Mean</b>

From this data, Greenhill derived ranges of multiples deemed most meaningful for its analysis, applied such ranges of multiples to the corresponding financial results and projections for Pentair and the Tyco Flow Control Business and, as a result, arrived at ranges of implied enterprise values for Pentair and the Tyco Flow Control Business. Greenhill then subtracted net debt, minority interest and added equity in affiliates, where applicable, from Pentair's and the Tyco Flow Control Business' implied enterprise value to arrive at their implied equity values. Information regarding the selected multiples is summarized below:

Using the high and low values from the ranges of the implied equity values resulting from the public market valuation analysis for each of Pentair and the Tyco Flow Control Business, Greenhill calculated the following implied relative ownership by current Pentair shareholders of a combination of Pentair and the Tyco Flow Control Business:

<b>Implied Equity Values Based on:</b>	<b>Pentair Relative Ownership Based on:</b>		
	<b>Low Values of Pentair and High Values of the Tyco Flow Control Business</b>	<b>Midpoint Values of Pentair and the Tyco Flow Control Business</b>	<b>High Values of Pentair and Low Values of the Tyco Flow Control Business</b>
LTM Revenue	44.3%	46.2%	48.1%
2012E Revenue	44.0%	46.0%	48.0%
LTM EBITDA	46.7%	49.9%	53.0%

LTM EBIT	45.6%	48.1%	50.6%
2012E EBIT	42.5%	45.1%	47.8%

Greenhill noted that the implied equity ownership of Pentair shareholders in the combined company based on the Exchange Ratio to be issued in the combination represented approximately 47.5%.

None of the companies utilized as a comparison are identical to either Pentair or the Tyco Flow Control Business. Accordingly, Greenhill believes the analysis of publicly-traded comparable companies is not simply mathematical. Rather, it involves complex considerations and qualitative judgments, reflected in Greenhill's opinion, concerning differences in financial and operating characteristics of the comparable

companies and other factors that could affect the public trading value of the comparable companies. On the other hand, each of the companies chosen participates in part or in whole in similar industries to Pentair and/or the Tyco Flow Control Business.

*Precedent Transaction Analysis.* Greenhill performed an analysis of selected business combinations consisting of transactions that Greenhill, based on its experience with merger and acquisition transactions, deemed relevant. Greenhill's analysis was based on publicly available information regarding such transaction and investor presentations. The selected transactions were not intended to be representative of the entire range of possible transactions in the respective industries. Greenhill chose the following twelve transactions, all of which had transaction values greater than \$250 million and were announced within the past five years, based on the professional judgment and experience of its investment bankers, taking into account, among other factors, the size of Pentair, the Tyco Flow Control Business and the target companies, the competitive landscape in which Pentair, the Tyco Flow Control Business and the target companies operate, and the product offerings of Pentair, the Tyco Flow Control Business and the target companies.

Greenhill reviewed the consideration paid in the selected transactions in terms of the enterprise value of such transactions as a multiple of EBITDA of the target for the LTM period prior to the announcement of the applicable transaction. Information regarding the multiples from Greenhill's analysis of selected transactions is set forth in the following table:

Multiple	Selected Precedent Transaction Valuation Multiples			
	Low	High	Median	Mean
Enterprise Value/LTM EBITDA	8.6x	16.9x	12.8x	12.7x

From this data, Greenhill derived a range of multiples deemed most meaningful for its analysis, applied such range of multiples to the corresponding financial projections for Pentair and the Tyco Flow Control Business and, as a result, arrived at ranges of implied enterprise values for Pentair and the Tyco Flow Control Business. Greenhill then subtracted net debt, minority interest and added equity in affiliates, where applicable, from Pentair and from the Tyco Flow Control Business to arrive at their implied equity values. The results of this analysis are summarized below:

Implied Equity Values Based on:	Pentair Relative Ownership Based on:		
	Low Values of Pentair and High Values of the Tyco Flow Control Business	Midpoint Values of Pentair and the Tyco Flow Control Business	High Values of Pentair and Low Values of the Tyco Flow Control Business
LTM EBITDA	44.6%	49.6%	54.5%

**Table of Contents**

Greenhill noted that the implied equity ownership of Pentair shareholders in the combined company based on the exchange ratio to be issued in the combination represented approximately 47.5%. None of these transactions or associated companies is identical to Pentair or the Tyco Flow Control Business or the transactions contemplated by the Merger Agreement. Accordingly, any analysis of the selected precedent transactions necessarily involved complex considerations and judgments concerning the differences in financial and operating characteristics, parties involved and terms of their transactions and other factors that would necessarily affect the implied value of Pentair versus the values of the companies in the selected transactions.

*Discounted Cash Flow Analysis.* Greenhill performed a discounted cash flow analysis for each of Pentair and the Tyco Flow Control Business. Greenhill calculated the discounted cash flow values as the sum of the net present values of (1) the estimated future cash flow that each of Pentair and the Tyco Flow Control Business will generate for the years 2012 through 2022, plus (2) the terminal value of each of Pentair and the Tyco Flow Control Business at the end of such period. The estimated future cash flows for the years 2012 through 2022 were based on the Pentair Projections. The terminal values of each of Pentair and the Tyco Flow Control Business were calculated based on projected EBITDA for 2022 and a range of multiples of 8.5x to 9.5x and 7.5x to 8.5x, respectively. Greenhill used such multiples based on its review of the trading characteristics of the common stock of certain selected companies, that in its judgment, had similar financial and business characteristics as well as the perpetuity growth rates implied by such multiples. Greenhill used discount rates ranging from 8.0% to 10.0% for Pentair and discount rates ranging from 9.0% to 11.0% for the Tyco Flow Control Business, based upon an analysis of the weighted average cost of capital of selected publicly-traded comparable companies and a range of betas.

Using the high and low values from the ranges of the implied equity values resulting from the discounted cash flow analysis for each of Pentair and the Tyco Flow Control Business, in each case after adjusting for Pentair's and the Tyco Flow Control Business' net debt, minority interest and equity in affiliates, as applicable, Greenhill calculated the following implied relative ownership of Pentair shareholders of New Pentair.

	<b>Implied Equity</b>
	<b>Ownership by Current Pentair Stockholders of New Pentair</b>
<b>Implied Equity Values Based on:</b>	
High End of Pentair Range and Low End of Tyco Flow Control Business Range	55.6%
Midpoint of Ranges	49.5%
Low End of Pentair Range and High End of Tyco Flow Control Business Range	43.4%

Greenhill noted that the implied equity ownership of Pentair shareholders in the combined company based on the Exchange Ratio to be issued in the combination represented approximately 47.5%.

*Contribution Analysis.* Greenhill analyzed and compared Pentair's and Tyco's shareholders' respective expected percentage ownership of the combined company to Pentair's and Tyco's shareholders' respective contributions to the combined company based upon revenue, EBITDA, and EBIT for each company on a stand-alone basis for the latest twelve months and the years 2012 through 2015, derived from publicly available information and the Pentair Projections, and adjusted for such party's net debt, minority interest and equity in affiliates, as applicable. The relative equity contributions of Pentair and the Tyco Flow Control Business to the combined company's revenues, EBITDA and EBIT are set forth below:

	Debt-Adjusted Contribution to the Combined Company	
	Pentair	Tyco Flow Control Business
<b>Revenue</b>		
LTM	41.8%	58.2%
2012E	42.3%	57.7%
2013E	41.4%	58.6%
2014E	41.0%	59.0%
2015E	41.2%	58.8%
<b>EBITDA</b>		
LTM	49.0%	51.0%
2012E	45.0%	55.0%
2013E	43.2%	56.8%
2014E	41.7%	58.3%
2015E	42.1%	57.9%
<b>EBIT</b>		
LTM	47.5%	52.5%
2012E	43.8%	56.2%
2013E	41.8%	58.2%
2014E	40.2%	59.8%
2015E	40.8%	59.2%

Greenhill noted that the implied equity ownership of Pentair shareholders in the combined company based on the Exchange Ratio to be issued in the combination represented approximately 47.5%.

*Pro Forma Financial Analysis.* Greenhill reviewed the potential pro forma financial effect of the Merger on Pentair's projected earnings per share (EPS) for calendar years 2013 and 2014. Estimated financial data were based on the Pentair Projections. Greenhill also used the following inputs: estimated synergies, the impact of certain contingencies, the contemplated financing structure per Pentair management and ownership by holders of Pentair common shares of approximately 47.5% of diluted New Pentair common shares outstanding following the Merger. Greenhill also estimated the effect of a potential share repurchase in the fourth quarter of 2012 and in both 2013 and 2014 and the effect of eliminating the contingencies provided by Pentair.

This analysis indicated that the Merger could be accretive to Pentair's projected standalone earnings per share under all cases presented, including both with and without any share repurchases for the calendar years 2013 and 2014. The actual results achieved by the combined company after the consummation of the Merger may vary from projected results and any such variation may be material.

Greenhill noted that such a pro forma financial analysis is not a valuation methodology and that such analysis was presented merely for informational purposes.

*General.* The summary set forth above does not purport to be a complete description of the analyses or data presented by Greenhill, but simply describes, in summary form, the material analyses that Greenhill considered in connection with its opinion. The preparation of an opinion regarding fairness is a complex analytical process.

involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances, and, therefore, such an opinion is not readily susceptible to partial analysis or summary description. The preparation of an opinion regarding fairness does not involve a mathematical evaluation or weighing of the results of the individual analyses performed, but requires Greenhill's investment bankers to exercise their professional judgment, based on experience and expertise, in considering a wide variety of analyses taken as a whole. Each of the analyses conducted by Greenhill was carried out in order to provide a different perspective on the financial terms of the merger and to add to the total mix of information available. Greenhill did not form a conclusion as to whether any individual analysis, considered in isolation, supported or failed to support an opinion about the fairness of the exchange ratio pursuant to the Merger Agreement to holders of common shares of Pentair (other than New Pentair and any subsidiary of Pentair). Rather, in reaching its conclusion, Greenhill considered the results of the analyses in light of each other and without placing particular reliance or weight on any particular analysis, and concluded that its analyses, taken as a whole, supported its determination. Accordingly, notwithstanding the separate factors summarized above, Greenhill believes that its analyses must be considered as a whole and that selecting portions of its analyses and the factors considered by it, without considering all analyses and factors, may create an incomplete view of the evaluation process underlying its opinion. In performing its analyses, Greenhill made numerous assumptions with respect to industry performance, business and economic conditions and other matters. The analyses performed by Greenhill are not necessarily indicative of future actual values or results, which may be significantly more or less favorable than suggested by such analyses. The analyses do not purport to be appraisals or to reflect the prices at which Pentair common shares or New Pentair common shares might actually be sold.

The board of directors of Pentair selected Greenhill as its financial advisor in connection with the Merger based on Greenhill's qualifications and expertise in providing financial advice to acquirors, target companies and their respective boards of directors and committees of directors in merger and acquisition transactions.

During the two years preceding the date of its opinion, Greenhill was not previously engaged by, did not perform any services for and did not receive any compensation from Pentair or any other parties to the Merger (other than any amounts that were paid to Greenhill under the related letter agreements pursuant to which Greenhill was retained as a financial advisor to the board of directors of Pentair in connection with the Merger).

### **Ownership of New Pentair Following the Merger**

Immediately after the completion of the Merger, Tyco shareholders entitled to receive New Pentair common shares in the Distribution will own approximately 52.5% of New Pentair common shares and Pentair shareholders will own approximately 47.5% of New Pentair common shares, each on a fully-diluted basis (excluding treasury shares).

### **Board of Directors and Executive Officers of New Pentair Following the Merger; Operations Following the Merger**

Immediately after the completion of the Merger, the New Pentair board of directors will be composed of the persons serving on the board of directors of Pentair at the time of the mailing of the Tyco Proxy Statement and one member who has been selected by Tyco and is reasonably acceptable to Pentair.

The executive officers of Pentair immediately prior to the completion of the Merger will be the executive officers of New Pentair immediately following the completion of the Merger.

Following the completion of the Merger, the location of the main U.S. offices of New Pentair will be Pentair's executive offices in Minneapolis, Minnesota.

## **Table of Contents**

### **Interests of Certain Persons in the Merger**

#### **Interests of Pentair Directors and Executive Officers in the Merger**

In considering the recommendation of the Pentair board of directors that Pentair shareholders vote to approve the Merger Agreement proposal, you should be aware that certain of Pentair's directors and executive officers have financial interests in the Merger that differ from, or are in addition to, the interests of Pentair's shareholders generally. Pentair's board of directors was aware of, and considered the interests of, Pentair's directors and executive officers in approving the Merger Agreement. For purposes of all of the agreements and plans described below, the consummation of the Merger will constitute a change in control of Pentair.

The interests of Pentair's non-employee directors include, among other things, the right to (i) accelerated vesting of certain stock options and restricted stock units and (ii) accelerated distribution of account balances under Pentair's non-qualified deferred compensation program applicable to non-employee directors. The interests of Pentair's executive officers include the rights to:

accelerated vesting of stock options and restricted stock units in the event of certain terminations of employment following the Merger and, solely in the case of Mr. Schrock with respect to certain restricted stock units held by him, upon the consummation of the Merger;

accelerated vesting and payout of cash performance units in the event of certain terminations of employment following the Merger;

certain severance payments and other benefits (including medical insurance, outplacement services and accounting and legal services) in the event of certain terminations of employment following the Merger;

accelerated vesting and payout of amounts under the Executive Officer Performance Plan (the "EOPP"), Pentair's annual cash incentive compensation program for executive officers, in connection with the Merger;

certain accelerated accrual and vesting, as well as additional service credit, under Pentair's supplemental retirement plans in the event of certain terminations of employment following the Merger;

distribution of account balances under Pentair's non-qualified deferred compensation programs in connection with the Merger;

certain rights to reimbursements with respect to excise taxes under Section 280G of the Code; and

certain additional grants of restricted stock units to be made by Pentair in connection with the consummation of the Merger.

In addition, pursuant to the Merger Agreement, at the Effective Time, Pentair's executive officers will become the executive officers of New Pentair, and Pentair's board of directors, together with up to two new directors selected by Tyco prior to the mailing of the Tyco Proxy Statement and reasonably acceptable to Pentair, will become the board of directors of New Pentair. Tyco has selected only one designee to the New Pentair board of directors.

For purposes of the discussion below, Messrs. Randall J. Hogan, John L. Stauch, Michael V. Schrock, Frederick S. Koury, Michael G. Meyer and Mark C. Borin and Ms. Angela Lageson are referred to as the Executive Officers. In certain instances, Messrs. Hogan, Stauch, Schrock and Koury and Ms. Lageson are referred to as the Named Executive Officers as they were Pentair's chief executive officer, chief financial officer and the three other most highly compensated executive officers, respectively, as determined for purposes of Pentair's most recent annual proxy statement.

## **Table of Contents**

### *Treatment of Pentair Equity Awards*

As of the date of this proxy statement/prospectus, certain of Pentair's non-employee directors hold stock options, restricted stock units and deferred compensation account balances denominated in stock units with respect to Pentair common shares, and certain of Pentair's executive officers hold stock options and restricted stock units with respect to Pentair common shares.

For information regarding beneficial ownership of Pentair common shares, other than the equity awards described below, by each of Pentair's current directors and certain executive officers and all of such directors and executive officers as a group, see "Security Ownership of Certain Beneficial Owners, Directors and Executive Officers." The Company's directors and executive officers will receive one New Pentair common share for each vested Pentair common share held by them.

As described below in "Waiver of Change in Control Protections," in connection with Pentair's entry into the Merger Agreement, the Executive Officers have entered into agreements with Pentair (the "Waiver Letters") waiving certain of their rights to accelerated vesting of their Pentair equity awards in connection with the consummation of the Merger.

### *Treatment of Stock Options*

At the Effective Time, each outstanding option to purchase Pentair common shares, whether vested or unvested, will be converted, on the same terms and conditions as were applicable under such Pentair stock option immediately before the Effective Time, into an option to acquire the same number of New Pentair common shares, at the same exercise price per share, as the number of Pentair common shares subject to such option immediately before the Effective Time. The terms of the options set forth in the Pentair, Inc. Omnibus Stock Incentive Plan or the Pentair, Inc. 2008 Omnibus Stock Incentive Plan (together, the "Omnibus Plans") and applicable award agreements provide that unvested options will generally accelerate upon a change in control, including the Merger; however, as described below in "Waiver of Change in Control Protections," the Executive Officers have waived such acceleration pursuant to the Waiver Letters.

### *Treatment of Restricted Stock Units*

At the Effective Time, each outstanding Pentair restricted stock unit, whether vested or unvested, will be converted into a New Pentair restricted stock unit, on the same terms and conditions as were applicable under such Pentair restricted stock unit immediately before the Effective Time. The terms of the restricted stock units set forth in the Omnibus Plans and applicable award agreements provide that unvested restricted stock units will generally accelerate upon a change in control, including the Merger; however, as described below in "Waiver of Change in Control Protections," the Executive Officers (other than Mr. Schrock with respect to his restricted stock units with an originally scheduled vesting date of 2015 or later) have waived such acceleration pursuant to the Waiver Letters.

### *Director Equity-Based Awards*

Pentair's non-employee directors hold outstanding stock options and restricted stock units that were granted under the Omnibus Plans as a part of their compensation. Upon the consummation of the Merger, as described above, these equity-based awards will be converted into equity awards with respect to New Pentair common shares and, to the extent then unvested, will become vested.

**Table of Contents**

The value of the accelerated vesting of the unvested stock options and restricted stock units held by Pentair's non-employee directors is as follows:

Name	No. of Shares Underlying Unvested Stock Options	Resulting Value from Unvested Stock Options(\$)	No. of Shares Underlying Unvested Restricted Stock Units	Resulting Value from Underlying Unvested Restricted Stock Units(\$)
Leslie Abi-Karam	11,207	\$ 137,549	2,936	\$ 137,933
Glynis A. Bryan	11,207	\$ 137,549	2,936	\$ 137,933
Jerry W. Burris	11,207	\$ 137,549	2,936	\$ 137,933
T. Michael Glenn	11,207	\$ 137,549	2,936	\$ 137,933
Charles A. Haggerty	11,207	\$ 137,549	2,936	\$ 137,933
David H. Y. Ho	11,207	\$ 137,549	2,936	\$ 137,933
David A. Jones	11,207	\$ 137,549	2,936	\$ 137,933
Ronald L. Merriman	11,207	\$ 137,549	2,936	\$ 137,933
William T. Monahan	11,207	\$ 137,549	2,936	\$ 137,933

For consistency with the method of determining the value of consideration resulting from equity awards in connection with the Merger as displayed in "Quantification of Payments and Benefits" below, and since the value of the Merger consideration is not a fixed dollar amount, the value of unvested stock options and restricted stock units in the table above is based on the average closing price of Pentair shares over the first five trading days following public announcement of the Merger, which was \$46.98. Accordingly, the actual value of the accelerated vesting may be greater or less than the value described above.

The table above reflects the amounts expected to be vested as of September 28, 2012 in accordance with the terms of such stock options and restricted stock units notwithstanding the Merger; however, depending on when consummation of the Merger actually occurs, certain stock options and unvested restricted stock units shown as unvested in the table above may become vested in accordance with their terms without regard to the Merger. The table above does not include any grants of awards which may occur following the date of this proxy statement/prospectus.

Pentair's non-employee directors have deferred compensation accounts under Pentair's deferred compensation program for non-employee directors that are denominated in stock units. Under this program, non-employee directors are permitted to defer receipt and taxation of certain types of compensation that they have previously earned, and to specify certain future events upon which the compensation will be distributed. For some non-employee directors, these future distribution events include a change in control, which includes the Merger. As a result, some previously earned and vested, but unpaid, amounts may be distributed under Pentair's deferred compensation program for non-employee directors who have elected a change in control as a distribution event. Earned and vested, but unpaid, amounts denominated in stock units that will be distributed to Pentair's non-employee directors (based on the number of stock units as of March 28, 2012 and the average closing price of Pentair shares over the first five trading days following public announcement of the Merger, which was \$46.98) are as follows: Ms. Bryan and Messrs. Burris, Glenn, Haggerty, Ho, Jones, Merriman and Monahan will receive lump sum distributions of \$369,811, \$294,579, \$262,303, \$587,222, \$613,338, \$164,922, \$25,716 and \$260,941, respectively.

*Executive Officer Equity-Based Awards*

Pentair's Executive Officers hold outstanding stock options and restricted stock units under Pentair's Omnibus Plans as part of their compensation. Upon the consummation of the Merger, these equity-based awards generally will convert into equity-based awards with respect to New Pentair common shares, after giving effect to appropriate adjustments to reflect the consummation of the Merger as described above. The awards, to the extent unvested at the time of the consummation of the Merger, would, under the terms of the Omnibus Plans,

**Table of Contents**

become vested upon the consummation of the Merger, except that such accelerated vesting has been waived by the Executive Officers with respect to certain awards pursuant to the Waiver Letters. The only equity-based awards as to which an Executive Officer has not waived accelerated vesting pursuant to the Waiver Letters are the unvested restricted stock units held by Mr. Schrock with an originally scheduled vesting date of 2015 or later. These restricted stock units will vest and be settled by delivery of shares upon consummation of the Merger. Fifty percent of the shares delivered will not be transferable until the date on which the restricted stock units would otherwise have vested and been settled in the absence of the Merger. Mr. Schrock waived the accelerated vesting of his other equity awards, as described below, but did not waive vesting of these restricted stock units because such waiver would potentially violate Section 409A of the Code.

The value of the potential change in control benefits under the Omnibus Plans is set forth with respect to the Named Executive Officers in the table *Quantification of Payments and Benefits Potential Change in Control Payments to Named Executive Officers* below, and with respect to the Executive Officers other than the Named Executive Officers in the table *Quantification of Payments and Benefits Potential Change in Control Payments to Other Executive Officers* below.

*Change in Control Agreements*

Pentair is party to change in control agreements with the Executive Officers that provide for benefits in connection with a change in control and will therefore be triggered by the Merger. The agreements entitle the Executive Officers to (i) certain accelerated vesting and other benefits in the event of a change in control and (ii) certain severance payments and benefits in the event that an Executive Officer's employment is involuntarily terminated for any reason, other than for death, disability or for cause, or if the Executive Officer terminates his or her employment for good reason, in each case, within three years (for Messrs. Hogan, Schrock, Koury and Meyer) or two years (for Messrs. Stauch and Borin and Ms. Lageson) following a change in control (a *Covered Termination*). As described below in *Waiver of Change in Control Protections*, in connection with Pentair's entry into the Merger Agreement, the Executive Officers have waived certain protections under these agreements pursuant to the Waiver Letters.

The Executive Officers would, absent any applicable waiver, be entitled to the following payments and benefits under their respective change in control agreements upon any change in control, including the Merger:

Incentive compensation awards for the year in question to be paid at target under the EOPP.

Immediate vesting of all unvested stock options and restricted stock units issued under the Omnibus Plans, without regard to either plan's forfeiture provisions, all of which the Executive Officers have generally waived in connection with the Merger, as described below in *Waiver of Change in Control Protections*.

Immediate payment of cash settled performance awards at one-third of target for award cycles that have been in effect less than 12 months, two-thirds of the then-current value for award cycles that have been in effect for between 12 and 24 months, and the then-current value for award cycles that have been in effect for 24 or more months, in each case as if all performance or incentive requirements and periods had been satisfied, which each of the Executive Officers has waived in connection with the Merger, as described below in *Waiver of Change in Control Protections*.

In certain circumstances, reimbursement of excise taxes triggered by payments to the executive and any additional taxes on this reimbursement as described below.

The Executive Officers would, absent any applicable waiver, be entitled to the following payments and benefits under their respective change in control agreements upon a *Covered Termination* following a change in control, including the Merger:

Severance payable upon termination in an amount equal to 300% (for Mr. Hogan) or 250% (for the other Executive Officers) of annual base salary plus the greater of the executive's target bonus for the year in question or bonus received in the prior year.

---

**Table of Contents**

Replacement coverage for company-provided group medical, dental and life insurance policies for up to three years (for Messrs. Hogan, Schrock, Koury and Meyer) or up to two years (for Messrs. Stauch and Borin and Ms. Lageson).

Outplacement services from an executive search agency not to exceed 10% of the executive's annual base salary.

The accelerated accrual and vesting of benefits under the Pentair, Inc. Supplemental Executive Retirement Plan (the SERP) (for those executives who have been made participants in such plan); and for executives having fewer than seven years of participation in the SERP, up to three additional years of service credit, with a maximum of seven years of service.

Up to \$15,000 in fees and expenses of consultants and legal or accounting advisors.

In addition, the change in control agreements entitle each of the Executive Officers to reimbursement for any golden parachute excise taxes imposed by Section 4999 of the Code to the extent that any parachute payments within the meaning of Section 280G of the Code exceed 110% of the safe harbor amount under Section 280G of the Code. In the event that parachute payments payable to the Executive Officer do not exceed this threshold, such payments will be reduced to the extent necessary to avoid the imposition of the excise tax. Pentair estimates that only Mr. Stauch and Ms. Lageson would be entitled to a reimbursement of such excise taxes solely as a result of the Merger, and that Messrs. Stauch, Schrock and Borin and Ms. Lageson would be entitled to a reimbursement of such excise taxes in the event of a Covered Termination following the Merger. In addition, Pentair estimates that certain payments due to Messrs. Koury and Meyer would be subject to reduction in the event of a Covered Termination following the Merger. These estimates rely on several assumptions set forth in the footnotes to the tables in the section entitled Quantification of Payments and Benefits and the actual amounts of any such reimbursement or reduction may be more or less than the amounts described in this proxy statement/prospectus.

In the case of each Executive Officer, the change in control agreement also requires the executive to devote his or her best efforts to Pentair or its successor while employed during the three-year (for Messrs. Hogan, Schrock, Koury and Meyer) or two-year (for the other Executive Officers) period following the Merger, to maintain the confidentiality of Pentair's information during and following employment and to refrain from competitive activities for a period of one year following termination of employment with Pentair or its successor.

Under these change in control agreements, the term cause generally means engaging in intentional conduct that causes Pentair demonstrable and serious financial injury, conviction of a felony or continuing willful and unreasonable refusal by an officer to perform his or her duties or responsibilities, and the term good reason generally means: (i) a breach of the agreement by Pentair; (ii) any reduction in an officer's base salary, percentage of base salary available as incentive compensation or bonus opportunity or benefits; (iii) an officer's removal from, or any failure to reelect or reappoint him or her to serve in, any of the positions held with Pentair on the date of the change in control or any other positions to which he or she is thereafter elected, appointed or assigned, except in the event that such removal or failure to reelect or reappoint relates to Pentair's termination of an officer's employment for cause or by reason of disability; (iv) a good faith determination by an officer that there has been a material adverse change in his or her working conditions or status relative to the most favorable working conditions or status in effect during the 180-day period prior to the change in control, or, to the extent more favorable to him or her, those in effect at any time while employed after the change in control, including but not limited to a significant change in the nature or scope of his or her authority, powers, functions, duties or responsibilities or a significant reduction in the level of support services, staff, secretarial and other assistance, office space and accoutrements, but in each case excluding for this purpose an isolated, insubstantial and inadvertent event not occurring in bad faith that Pentair remedies within 10 days after receipt of notice thereof; (v) relocation of an officer's principal place of employment to a location more than 50 miles from his or her principal place of employment on the date 180 days prior to the change in control; (vi) imposition of a requirement that an officer travel on business 20% in excess of the average number of days per month he or she

**Table of Contents**

was required to travel during the 180-day period prior to the change in control; or (vii) Pentair's failure to cause a successor to assume an officer's agreement. In addition, solely in the case of Mr. Hogan, the term "good reason" also includes a voluntary termination for any reason within 30 days following the first anniversary of any change in control; however, Mr. Hogan has waived this "good reason" trigger in connection with the Merger, as described below.

For the Named Executive Officers, the value of the potential change in control benefits under these agreements is set forth in the table "Quantification of Payments and Benefits - Potential Change in Control Payments to Named Executive Officers" below. For Pentair's other Executive Officers, Messrs. Borin and Meyer, the value of the potential change in control benefits under these agreements is set forth in the table "Quantification of Payments and Benefits - Potential Change in Control Payments to Other Executive Officers" below.

*Waiver of Change in Control Protections*

In connection with Pentair's entry into the Merger Agreement, the Executive Officers have entered into Waiver Letters with Pentair waiving (i) accelerated vesting of their Pentair stock options and restricted stock units (except to the extent that such waiver would result in adverse tax consequences under Section 409A of the Code) and (ii) accelerated vesting and pro rata payout of their cash performance units, in each case, upon consummation of the Merger. Awards whose acceleration is waived will continue to vest in accordance with their normal terms, provided that unvested awards will vest in full in the event of a Covered Termination. In addition, the performance conditions with respect to Pentair cash performance units will be deemed satisfied, and the value of such cash performance units will be fixed at target, upon the consummation of the Merger, and such awards will only be subject to service-based vesting conditions.

Under his Waiver Letter, Mr. Hogan has also waived his right to have any voluntary termination of his employment during the 30-day period following the first anniversary of the consummation of the Merger treated as a Covered Termination.

*Additional Equity Grants*

In order to promote the retention of key executives during the period prior to and following the consummation of the Merger, Pentair will grant additional equity awards to certain key executives, including the Executive Officers, with an aggregate grant date value of up to \$20 million, in connection with the consummation of the Merger. Messrs. Hogan, Stauch, Schrock, Koury, Borin and Meyer and Ms. Lageson's Waiver Letters provide for grants of restricted stock units with grant date values of \$5,500,000, \$1,727,835, \$2,327,084, \$1,019,083, \$486,953, \$263,157 and \$875,000, respectively.

In addition, in consideration for the waivers of acceleration of equity and cash performance awards described above, Pentair will grant additional equity awards with a grant date value of up to \$5 million, in connection with the consummation of the Merger. Messrs. Hogan, Stauch, Schrock, Koury, Borin and Meyer and Ms. Lageson's Waiver Letters provide for grants of restricted stock units with grant date values of \$825,000, \$259,175, \$349,063, \$152,862, \$75,000, \$50,000 and \$131,250, respectively.

All such awards are expected to vest in equal 50% installments on each of the third and fourth anniversaries of the consummation of the Merger, subject to earlier pro rata vesting in the event of a Covered Termination.

*Non-Qualified Deferred Compensation for Executive Officers*

Pentair maintains a non-qualified deferred compensation program in which certain of its executives, including the Executive Officers, are eligible to participate. Participants in this program are permitted to defer receipt and taxation of certain types of compensation that they have previously earned, and to specify certain future events upon which the compensation will be distributed. For some participants, including the Executive

## **Table of Contents**

Officers, these future distribution events include a change in control, which includes the Merger. As a result, some previously earned and vested, but unpaid, amounts will be distributed under Pentair's deferred compensation programs to the Executive Officers upon the consummation of the Merger.

### *New Management Arrangements*

As of the date of this filing, neither Pentair, Tyco, nor New Pentair has entered into any employment or other agreements with the Executive Officers in connection with the Merger other than the Waiver Letters and the additional equity grants described above. Pursuant to the Merger Agreement, at the Effective Time, Pentair's executive officers will become the executive officers of New Pentair, and Pentair's board of directors, together with up to two new directors selected by Tyco prior to the mailing of the Tyco Proxy Statement and reasonably acceptable to Pentair, will become the board of directors of New Pentair. Tyco has selected only one designee to the New Pentair board of directors.

### *Quantification of Payments and Benefits*

The following tables show the amounts of payments and benefits that each Executive Officer of Pentair would receive in connection with the Merger, assuming for purposes of this disclosure that (i) the consummation of the Merger occurred on September 28, 2012 and (ii) where indicated, the employment of the Executive Officer is terminated in a Covered Termination.

The first table below, entitled "Potential Change in Control Payments to Named Executive Officers", along with its footnotes, shows the compensation payable to the Named Executive Officers (i.e., Pentair's chief executive officer, current and former chief financial officers and the three other most highly compensated executive officers, as determined for purposes of its most recent annual proxy statement), and is subject to an advisory vote of Pentair's shareholders, as described under the section entitled "Advisory Vote to Approve Change in Control Payments to Named Executive Officers" below.

The second table below, entitled "Potential Change in Control Payments to Other Executive Officers", along with its footnotes, shows the compensation payable to Pentair's other Executive Officers and is not subject to an advisory vote. Although the rules of the SEC do not require the second table, it has been included so that quantification of the potential change in control payments and benefits that could be received by all of the Executive Officers is presented in a uniform manner.

Compensation payable in respect of outstanding unvested options and restricted stock units held by the Executive Officers is included in the first and second tables below, entitled "Potential Change in Control Payments to Named Executive Officers" and "Potential Change in Control Payments to Other Executive Officers", respectively.

- (1) The cash payments in the Merger Only row consist of incentive compensation awards for 2012 under the EOPP to be paid at the target level after the consummation of the Merger. These benefits are single trigger as they will be payable upon the consummation of the Merger without regard to whether there is a termination of employment.

The cash payments in the Post-Merger Termination row consist of (a) cash severance payable upon a Covered Termination following the Merger and before its third anniversary (for Messrs. Hogan, Schrock and Koury) or its second anniversary (in the case of Mr. Stauch and Ms. Lageson) in an amount equal to 300% (for Mr. Hogan) or 250% (for the other Named Executive Officers) of annual base salary plus

the greater of the executive's target bonus for 2012 or the bonus received in 2011 and (b) cash-settled performance units, which pursuant to the Waiver Letters will remain subject to their existing time-based

**Table of Contents**

vesting schedules following the Merger but become payable at the target value of the awards without proration upon a Covered Termination. As described above, in connection with the Merger, the Named Executive Officers have entered into Waiver Letters waiving accelerated vesting and pro rata payout of their cash performance units in connection with the Merger. In his Waiver Letter, Mr. Hogan has also waived his right to have any voluntary termination of his employment during the 30-day period following the first anniversary of the consummation of the Merger treated as a Covered Termination. Awards whose acceleration is waived will continue to vest in accordance with their normal time-based terms, provided that unvested awards will vest in full in the event of a Covered Termination. These benefits are **double trigger** as they will be payable only upon a Covered Termination following the consummation of the Merger. In addition, the cash payment disclosed in this Post-Merger Termination row for Mr. Koury reflects a reduction of \$331,991 as a reduction in benefits payable as the result of the application of provisions related to the excise tax under Sections 280G and 4999 of the Code as described above.

The amounts of the respective components are set forth in the following table:

Name	EOPP Award(\$)	Cash Settled Performance Units(\$)	Cash Severance(\$)
Randall J. Hogan	\$ 1,650,000	\$ 3,491,666	\$ 9,381,684
John L. Stauch	\$ 394,934	\$ 1,108,334	\$ 2,436,223
Michael V. Schrock	\$ 581,771	\$ 1,508,334	\$ 3,225,158
Frederick S. Koury	\$ 244,580	\$ 646,666	\$ 1,780,698
Angela D. Lageson	\$ 210,000	\$ 483,333	\$ 1,488,763

The table above does not quantify awards that, in accordance with their terms, would vest between the date of this proxy statement/prospectus and September 28, 2012 notwithstanding the Merger; however, depending on when consummation of the Merger actually occurs, certain cash settled performance units shown as unvested in the table may become vested in accordance with their terms without regard to the Merger.

Payment amounts are based on the compensation and benefit levels in effect on March 31, 2012; therefore, if compensation and benefit levels are increased after such date, actual payments to a Named Executive Officer may be greater than those quantified above. In addition, the table above does not include any grants of awards which may occur following the date of this proxy statement/prospectus.

- (2) The equity amounts in the Merger Only row consist of the value of accelerated vesting of unvested restricted stock units held by Mr. Schrock with an originally scheduled vesting date of 2015 or later. Since the value of the Merger consideration is not a fixed dollar amount, pursuant to applicable SEC rules, the value of the restricted stock units in the table above is based on the average closing price of Pentair shares over the first five trading days following public announcement of the Merger, which was \$46.98. Accordingly, actual payments may be greater or less than those provided for above. These restricted stock units will vest and be settled by delivery of shares upon consummation of the Merger. Fifty percent of the shares delivered will not be transferable until the date on which the restricted stock units would otherwise have vested and been settled in the absence of the Merger. Mr. Schrock waived the accelerated vesting of his other equity awards, as described below, but did not waive vesting of these restricted stock units because such waiver would potentially violate Section 409A of the Code. The accelerated vesting of these restricted stock units is a **single trigger** benefit as it will occur upon the consummation of the Merger without regard to whether there is a termination of employment.

The equity amounts in the Post-Merger Termination row consist of the value of accelerated vesting of unvested stock options for each of the Named Executive Officers and for the unvested restricted stock units for each of the Named Executive Officers other than Mr. Schrock. For Mr. Schrock, the unvested restricted stock units consist only of restricted stock units with an originally scheduled vesting date of 2014 or earlier. These benefits are **double trigger** as they will be payable only upon a Covered Termination following the consummation of the Merger and before the awards otherwise vest in accordance with their normal terms. As described above, in connection with the Merger, the Named Executive Officers have entered into Waiver

**Table of Contents**

Letters waiving accelerated vesting of their stock options in connection with the Merger. Each of the Named Executive Officers, other than Mr. Schrock as described above, also waived accelerated vesting of their respective restricted stock units. Awards whose acceleration is waived will continue to vest in accordance with their normal terms provided that unvested awards will vest in full in the event of a Covered Termination.

The following table shows the amounts in the Equity column attributable to the respective award types included in the Post-Merger Termination row:

Name	No. of Shares Underlying Unvested Stock Options	Resulting Consideration from Unvested Stock Options(\$)	No. of Shares Underlying Unvested Restricted Stock Units	Resulting Consideration from Underlying Unvested Restricted Stock Units(\$)
Randall J. Hogan	428,851	\$ 5,277,801	212,345	\$ 9,975,968
John L. Stauch	137,287	\$ 1,690,260	109,863	\$ 5,161,364
Michael V. Schrock	185,674	\$ 2,284,264	58,812	\$ 2,762,988
Frederick S. Koury	79,976	\$ 985,166	39,757	\$ 1,867,784
Angela D. Lageson	51,152	\$ 612,496	21,771	\$ 1,022,802

Since the value of the Merger consideration is not a fixed dollar amount, pursuant to applicable SEC rules, the value of unvested stock options and restricted stock units in the table above is based on the average closing price of Pentair shares over the first five trading days following public announcement of the Merger, which was \$46.98, and has assumed, for purposes of this table, that the Named Executive Officers will exercise their stock options at such price. Accordingly, actual payments may be greater or less than those provided for above. The table above does not quantify awards that, in accordance with their terms, would vest between the date of this proxy statement/prospectus and September 28, 2012 notwithstanding the Merger; however, depending on when consummation of the Merger actually occurs, certain stock options and restricted stock units shown as unvested in the table may become vested in accordance with their terms without regard to the Merger. The table above does not include any grants of awards which may occur following the date of this proxy statement/prospectus.

- (3) The pension values shown for Mr. Stauch and Ms. Lageson in the Post-Merger Termination row and the Merger and Termination row consist of the accelerated accrual and vesting of benefits under the SERP, and for Mr. Stauch, additional service credits of up to one additional year of service and for Ms. Lageson additional service credits of up to three additional years of service. These benefits are *double trigger* as they will be payable only upon a Covered Termination following the consummation of the Merger and before its second anniversary. In addition, as described above, Pentair maintains certain non-qualified deferred compensation programs, under which Named Executive Officers may elect to receive distribution of vested amounts upon the occurrence of certain future events, including a change in control or certain terminations of employment. Amounts to be distributed include \$1,068,190, \$357,584, \$1,117,399 and \$360,928 to Messrs. Hogan, Stauch, Schrock and Koury, respectively, all as of March 9, 2012. Amounts actually distributed will be based on the returns of the investment alternatives selected by each Named Executive Officer, which may cause the actual payments to be greater or less than those provided for above. The amounts will be distributed in a lump sum, five equal annual installments or a combination of a lump sum and five equal annual installments, in each case pursuant to the terms of the applicable deferred compensation arrangement. These amounts are not reflected in the tables above as they are fully vested pursuant to their terms.
- (4) The benefits shown for the Named Executive Officers in the Post-Merger Termination row and the Merger and Termination row consist of replacement coverage for company-provided group medical, dental and life insurance policies for up to three years (for Messrs. Hogan, Schrock and Koury) and for up to two years (for Mr. Stauch and Ms. Lageson). These benefits are *double trigger* as they will be payable only upon a Covered Termination following the consummation of the Merger and before its third anniversary (for Messrs. Hogan, Schrock and Koury) or its second anniversary (for Mr. Stauch and Ms. Lageson).
- (5) The tax reimbursements shown for the Named Executive Officers in the Merger Only row consist of reimbursement of any excise taxes triggered under Section 280G and Section 4999 of the Code by payments

**Table of Contents**

to the executive in connection with the consummation of the Merger (assuming no Termination) and any additional taxes on such reimbursement. These benefits are single trigger as they will be payable upon the consummation of the Merger without regard to whether there is a termination of employment.

The tax reimbursements shown for the Named Executive Officers in the Post-Merger Termination row consist of reimbursement of any excise taxes triggered under Section 280G and Section 4999 of the Code by payments to the executive in connection with the Merger as a result of a subsequent Covered Termination and any additional taxes on this reimbursement. Amounts shown in the Post-Merger Termination row reflect the incremental increase in aggregate tax reimbursements over the Merger Only row. These benefits are double trigger as they will be payable only upon a Covered Termination following the consummation of the Merger.

In determining the amount of any tax reimbursements included in the table above, Pentair made the following material assumptions: an excise tax rate of 20% under Section 280G of the Code, individual tax rates of 41.55%, and the combined company would be able to overcome any presumption that grants of stock options or restricted stock units in 2012 (other than the restricted stock units described in footnote 7) were made in contemplation of a change in control pursuant to regulations promulgated under the Code. Furthermore, it was assumed that no value will be attributed to any non-competition agreement. At the time of payment, such a value may be attributed, which would result in a reduction of amounts subject to the excise tax and a corresponding reduction in the amount of tax gross up payments made to the applicable Named Executive Officer.

(6) The benefits shown for the Named Executive Officers in the Post-Merger Termination row and the Merger and Termination row consist of the cost of outplacement services from an executive search agency not to exceed 10% of the Named Executive Officer's annual base salary, and \$15,000 in fees and expenses of consultants and legal or accounting advisors. These benefits are double trigger as they will be payable only upon a Covered Termination following the consummation of the Merger.

(7) In order to promote the retention of key executives during the period prior to and following the consummation of the Merger, Pentair will grant additional equity awards to the Named Executive Officers in connection with the consummation of the Merger. Messrs. Hogan, Stauch, Schrock and Koury and Ms. Lageson's Waiver Letters provide for grants of restricted stock units with grant date values of \$5,500,000, \$1,727,835, \$2,327,084, \$1,019,083 and \$875,000, respectively.

In addition, in consideration for the waivers of acceleration of equity and cash performance awards included in the Waiver Letters, Pentair will grant additional equity awards to the Named Executive Officers in connection with the consummation of the Merger. Messrs. Hogan, Stauch, Schrock and Koury and Ms. Lageson's Waiver Letters provide for grants of restricted stock units with grant date values of \$825,000, \$259,175, \$349,063, \$152,862 and \$131,250, respectively.

All such awards are expected to vest in equal 50% installments on each of the third and fourth anniversaries of the consummation of the Merger, subject to earlier pro rata vesting in the event of a Covered Termination.

No amounts are shown for these awards in the Merger Only row, the Post-Merger Termination row or the Merger and Termination row in the table above because in the event of a termination (including a Covered Termination) upon the date of the consummation of the Merger, the maximum prorated payment would, in each case, be zero.

In the case of each Named Executive Officer, the agreements providing for payments and other benefits upon a Covered Termination following the consummation of the Merger also require the Named Executive Officer to devote his or her best efforts to the combined company while employed during the three-year period (for Messrs. Hogan, Schrock and Koury) or two-year period (for Mr. Stauch and Ms. Lageson) following the Merger, to maintain the confidentiality of Pentair's information during and following employment, and to refrain from competitive activities for a period of one year following termination of employment with Pentair or the combined company.

**Table of Contents***Advisory Vote to Approve Change in Control Payments to Named Executive Officers*

In accordance with Section 14A of the Securities Exchange Act of 1934, as amended, Pentair is providing its shareholders with the opportunity to cast a non-binding, advisory vote to approve the compensation that may be paid or become payable to the Named Executive Officers in connection with the Merger as described in the table titled "Potential Change in Control Payments to Named Executive Officers" above. Please see below under "Proposals to be Acted on at the Pentair Special Meeting Proposal 2 Advisory Vote to Approve Change in Control Payments to Named Executive Officers" for the text of the resolution on which Pentair is asking its shareholders to vote, and for additional information concerning the vote. Pentair's board of directors unanimously recommends that you vote FOR approval of the resolution.

(1) The cash payments in the Merger Only row consist of incentive compensation awards for 2012 under the EOPP to be paid at the target level after the consummation of the Merger. These benefits are "single trigger" as they will be payable upon the consummation of the Merger without regard to whether there is a termination of employment.

The cash payments in the Post-Merger Termination row consist of (a) cash severance payable upon a Covered Termination following the Merger and before its third anniversary (for Mr. Meyer) or its second anniversary (for Mr. Borin) in an amount equal to 250% of annual base salary plus the greater of the executive's target bonus for 2012 or the bonus received in 2011 and (b) cash settled performance units, which pursuant to the Waiver Letters will remain subject to their existing time-based vesting schedules following the Merger but become payable at the target value of the awards without proration upon a Covered Termination. As described above, in connection with the Merger, the Executive Officers have entered into Waiver Letters waiving accelerated vesting and pro rata payout of their cash performance units in connection with the Merger. Awards whose acceleration is waived will continue to vest in accordance with their normal time-based vesting terms, provided that unvested awards will vest in full in the event of a Covered Termination. These benefits are "double trigger" as they will be payable only upon a Covered Termination following the consummation of the Merger. In addition, the cash payment disclosed in the Post-Merger Termination row for Mr. Meyer reflects a reduction of \$96,554 as a reduction in benefits payable as the result of the application of provisions related to the excise tax under Sections 280G and 4999 of the Code as described above.

**Table of Contents**

The amounts of the respective components are set forth in the following table:

Name	EOPP Award (\$)	Cash Settled Performance Units (\$)	Cash Severance (\$)
Michael G. Meyer	\$ 157,894	\$ 166,667	\$ 1,138,473
Mark C. Borin	\$ 194,781	\$ 321,667	\$ 1,411,533

The table above does not quantify awards that, in accordance with their terms, would vest between the date of this proxy statement/prospectus and September 28, 2012 notwithstanding the Merger; however, depending on when consummation of the Merger actually occurs, certain cash settled performance units shown as unvested in the table may become vested in accordance with their terms without regard to the Merger.

Payment amounts are based on the compensation and benefit levels in effect on March 31, 2012; therefore, if compensation and benefit levels are increased after such date, actual payments to a Named Executive Officer may be greater than those quantified above. In addition, the table above does not include any grants of awards which may occur following the date of this proxy statement/prospectus.

- (2) The equity amounts in the Post-Merger Termination row consist of the value of accelerated vesting of unvested stock options and restricted stock units for each of the Executive Officers. These benefits are double trigger as they will be payable only upon a Covered Termination following the consummation of the Merger and before the awards otherwise vest in accordance with their normal terms. As described above, in connection with the Merger, Messrs. Meyer and Borin have entered into Waiver Letters waiving accelerated vesting of their stock options and restricted stock units in connection with the Merger. Awards whose acceleration is waived will continue to vest in accordance with their normal terms, provided that unvested awards will vest in full in the event of a Covered Termination.

The following table shows the amounts in the Equity column attributable to the respective award types included in the Post-Merger Termination row:

Name	No. of Shares Underlying Unvested Stock Options	Resulting Consideration from Unvested Stock Options(\$)	No. of Shares Underlying Unvested Restricted Stock Units	Resulting Consideration from Underlying Unvested Restricted Stock Units(\$)
Michael G. Meyer	20,664	\$ 254,337	10,380	\$ 487,652
Mark C. Borin	39,807	\$ 490,254	19,580	\$ 919,868

As described above, since the value of the Merger consideration is not a fixed dollar amount, pursuant to applicable SEC rules, the value of unvested stock options and restricted stock units in the table above is based on the average closing price of Pentair shares over the first five trading days following public announcement of the Merger, which was \$46.98, and has assumed, for purposes of this table, that the Executive Officers will exercise their stock options at such price. Accordingly, actual payments may be greater or less than those provided for above. The table above does not quantify awards that, in accordance with their terms, would vest between the date of this proxy statement/prospectus and September 28, 2012 notwithstanding the Merger; however, depending on when consummation of the Merger actually occurs, certain stock options and restricted stock units shown as unvested in the table may become vested in accordance with their terms without regard to the Merger. The table above does not include any grants of awards which may occur following the date of this proxy statement/prospectus.

- (3) The pension values shown for Mr. Borin in the Post-Merger Termination row and the Merger and Termination row consist of the accelerated accrual and vesting of benefits under the SERP, and additional service credits of up to two additional years of service. These benefits are double trigger as they will be payable only upon a Covered Termination following the consummation of the Merger and before its second anniversary. In addition, as described above, Pentair maintains certain non-qualified deferred compensation programs, under which Executive Officers may elect to receive distribution of vested amounts upon the

- occurrence of certain future events, including a change in control or certain terminations of employment. Amounts to be distributed include \$129,901 and \$71,330 to Mr. Meyer and Mr. Borin, respectively, as of March 9, 2012. Amounts actually distributed will be based on the returns of the investment alternatives selected by each Executive Officer, which may cause the actual payments to be greater or less than those provided for above. The amounts will be distributed in a lump sum pursuant to the terms of the applicable deferred compensation arrangement. These amounts are not reflected in the tables above as they are fully vested pursuant to their terms.
- (4) The benefits shown for the Executive Officers in the Post-Merger Termination row and the Merger and Termination row consist of replacement coverage for company-provided group medical, dental and life insurance policies for up to three years (for Mr. Meyer) and for up to two years (for Mr. Borin). These benefits are double trigger as they will be payable only upon a Covered Termination following the consummation of the Merger and before its third anniversary (for Mr. Meyer) or its second anniversary (for Mr. Borin).
- (5) The tax reimbursements shown for Mr. Borin in the Post-Merger Termination row consist of reimbursement of any excise taxes triggered under Section 280G and Section 4999 of the Code by payments to the executive in connection with the Merger as a result of a subsequent Covered Termination and any additional taxes on this reimbursement. These benefits are double trigger as they will be payable only upon a Covered Termination following the consummation of the Merger.

In determining the amount of any tax reimbursements included in the table above, Pentair made the following material assumptions: an excise tax rate of 20% under Section 280G of the Code, individual tax rates of 41.55%, and the combined company would be able to overcome any presumption that grants of stock options or restricted stock units in 2012 (other than the restricted stock units described in footnote 7) were made in contemplation of a change in control pursuant to regulations promulgated under the Code. Furthermore, it was assumed that no value will be attributed to any non-competition agreement. At the time of payment, such a value may be attributed, which would result in a reduction of amounts subject to the excise tax and a corresponding reduction in the amount of tax gross up payments made to the applicable Executive Officer.

- (6) The benefits shown for the Executive Officers in the Post-Merger Termination row and the Merger and Termination row consist of the cost of outplacement services from an executive search agency not to exceed 10% of the Executive Officer's annual base salary, and \$15,000 in fees and expenses of consultants and legal or accounting advisors. These benefits are double trigger as they will be payable only upon a Covered Termination following the consummation of the Merger.
- (7) In order to promote the retention of key executives during the period prior to and following the consummation of the Merger, Pentair will grant additional equity awards to the Executive Officers in connection with the consummation of the Merger. Messrs. Meyer's and Borin's Waiver Letters provide for grants of restricted stock units with grant date values of \$486,953 and \$263,157, respectively.

In addition, in consideration for the waivers of acceleration of equity and cash performance awards included in the Waiver Letters, Pentair will grant additional equity awards to the Executive Officers in connection with the consummation of the Merger. Messrs. Meyer's and Borin's Waiver Letters provide for grants of restricted stock units with grant date values of \$75,000 and \$50,000, respectively.

All such awards are expected to vest in equal 50% installments on each of the third and fourth anniversaries of the consummation of the Merger, subject to earlier pro rata vesting in the event of a Covered Termination.

No amounts are shown for these awards in the Merger Only row, the Post-Merger Termination row or the Merger and Termination row in the table above because in the event of a termination (including a Covered Termination) upon the date of the consummation of the Merger, the maximum prorated payment would, in each case, be zero.

In the case of each Executive Officer, the agreements providing for payments and other benefits upon a Covered Termination following the consummation of the Merger also require the Named Executive Officer to devote his or her best efforts to the combined company while employed during the three-year (for Mr. Meyer) or

## **Table of Contents**

two-year (for Mr. Borin) period following the Merger, to maintain the confidentiality of Pentair's information during and following employment, and to refrain from competitive activities for a period of one year following termination of employment with Pentair or the combined company.

### **Regulatory Approvals**

*U.S. Antitrust.* Under the HSR Act and related rules, the Merger may not be completed until notifications have been given and information furnished to the Federal Trade Commission and to the Antitrust Division and all statutory waiting period requirements have been satisfied. The HSR Act provides for an initial 30-calendar-day statutory waiting period following the necessary filings by the parties to the merger, unless the Federal Trade Commission and Antitrust Division terminates the waiting period early. Pentair and New Pentair filed Notification and Report Forms with the Federal Trade Commission and the Antitrust Division on April 17, 2012 and early termination of the HSR Act waiting period was granted on April 25, 2012.

At any time before or after completion of the Merger, the Federal Trade Commission or the Antitrust Division could take any action under the antitrust laws that it deems necessary or desirable in the public interest, including seeking to enjoin completion of the Spin-off and the Merger or seeking divestiture of substantial assets of Pentair or New Pentair or the imposition of other remedies. In addition, the U.S. state attorneys general could take action under the antitrust laws as they deem necessary or desirable in the public interest, including without limitation seeking to enjoin the completion of the Merger or permitting completion subject to regulatory concessions or conditions. The Spin-off and the Merger could also be the subject of challenges by private parties under the antitrust laws.

Tyco and Pentair have agreed to use their reasonable best efforts, subject to specified limitations to obtain as promptly as practicable various consents, registrations, approvals, waivers, permits, authorizations, clearances and other actions of or by any governmental authority that are necessary or advisable under or in respect of any other antitrust law in order to consummate the Merger and the Transactions. Under the Merger Agreement, the use of such reasonable best efforts does not require Tyco or Pentair to agree to or accept any term or condition to any regulatory approval if the terms and conditions of or to the regulatory approvals would reasonably be expected to have a material and adverse impact on the value, financial condition or credit quality of Tyco Flow Control and its subsidiaries, taken as a whole and including for such purposes Pentair and its subsidiaries.

*Other Regulatory Approvals.* In addition, Pentair and New Pentair are required to provide notifications to the European Union, Chinese and Turkish competition authorities. Subsequent to a notification filed on June 15, 2012, Pentair and New Pentair received on July 11, 2012 a decision from the European Commission under Council Regulation (EC) No. 139/2004 of 20 January 2004 on the control of concentrations between undertakings declaring that the Merger is compatible with the internal market and with the Agreement of the European Economic Area. Pentair and New Pentair are also seeking clearance under the Chinese Anti-Monopoly Law with a notification submitted to the Anti-Monopoly Bureau of China's Ministry of Commerce on May 4, 2012. The Anti-Monopoly Bureau of China's Ministry of Commerce initiated the formal review period for the notification on July 3, 2012. Further, subsequent to a notification submitted to the Competition Board of the Turkish Competition Authority on June 27, 2012, Pentair and New Pentair received on July 19, 2012 a decision granting clearance under the Turkish Law on Protection of Competition No. 4054 and the Turkish Competition Authority Communiqué No. 2010/4 on Mergers and Acquisitions Requiring the Approval of the Competition Board. Pentair and New Pentair as appropriate also may provide notice and seek regulatory clearance in other jurisdictions.

There can be no assurance that a challenge to the Merger on antitrust grounds will not be made or, if such a challenge is made, that it would not be successful.

### **Listing**

New Pentair has agreed to make application to the NYSE for the listing of the New Pentair common shares to be issued in connection with the Merger and use all reasonable best efforts to cause such shares to be approved for listing. It is a condition to the completion of the Transactions that the New Pentair common shares will have been approved for listing on the NYSE, subject to official notice of issuance.

### **Federal Securities Law Consequences; Resale Restrictions**

The New Pentair common shares distributed to Tyco shareholders in the Distribution and issued to Pentair shareholders as consideration for the Merger will be freely transferable, except for shares received by individuals who are affiliates of New Pentair. Individuals who may be considered New Pentair affiliates after the Transactions include individuals who control, are controlled by or are under common control with us, as those terms generally are interpreted for U.S. federal securities law purposes. These individuals may include some or all of New Pentair's directors and executive officers. Individuals who are New Pentair's affiliates will be permitted to sell their New Pentair common shares only pursuant to an effective registration statement under the Securities Act, or an exemption from the registration requirements of the Securities Act, such as the exemptions afforded by Section 4(1) of the Securities Act or Rule 144 thereunder.

### **Accounting Treatment**

ASC Topic 805, *Business Combinations*, requires the use of the purchase method of accounting for business combinations. In applying the purchase method, it is necessary to identify both the accounting acquiree and the accounting acquiror. In a business combination effected through an exchange of equity interests, such as the Merger, the entity that issues the interests (New Pentair in this case) is generally the acquiring entity. In identifying the acquiring entity in a combination effected through an exchange of equity interests, however, all pertinent facts and circumstances must be considered, including the following:

*The relative voting interests in New Pentair after the Transactions.* In this case, Tyco shareholders are expected to receive approximately 52.5% of the equity ownership and associated voting rights in New Pentair after the Transactions.

*The composition of the governing body of New Pentair after the Transactions.* In this case, the composition of the Board of Directors of New Pentair after the Transactions will be comprised of the ten current members of the Board of Directors of Pentair plus up to two members designated by Tyco prior to the mailing of the Tyco Proxy Statement and reasonably acceptable to Pentair. Tyco has selected only one designee to the New Pentair board of directors. As more fully described in *Description of New Pentair Capital Stock - General Meetings of Shareholders and Voting Rights*, New Pentair's board of directors will be divided into three classes substantially equivalent in size, with each class serving a three-year term. One class will be elected at each annual general meeting of shareholders. As a result, any significant shift in the composition of the board of directors proposed by New Pentair would take at least two years.

*The composition of senior management of New Pentair after the Transactions.* In this case, New Pentair's executive officers following the merger will be the current executive officers of Pentair.

Pentair and New Pentair have determined that Pentair will be the accounting acquiror in this combination based on the pertinent facts and circumstances, including those outlined above. New Pentair will apply purchase accounting to the assets and liabilities of the Tyco Flow Control Business upon consummation of the Transactions. Upon completion of the Transactions, the historical financial statements of New Pentair will be those of Pentair.

### **Rights of Appraisal**

Pentair shareholders will not be entitled to appraisal or dissenters' rights under the Minnesota Business Corporation Act in connection with the Merger.

**MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS**

*The following is a summary of the material U.S. federal income tax consequences to Tyco, New Pentair and Pentair and to Tyco shareholders and Pentair shareholders in connection with the Distribution and the Merger. This summary is based on the Code and judicial and administrative interpretations thereof, in each case as in effect and available as of the date of this proxy statement/prospectus and all of which are subject to change at any time, possibly with retroactive effect. Any such change could affect the tax consequences described below.*

This summary is limited to Tyco shareholders and Pentair shareholders that are U.S. Holders. A U.S. Holder is a beneficial owner of Tyco common shares or Pentair common shares that is, for U.S. federal income tax purposes:

an individual who is a citizen or a resident of the United States;

a corporation, or other entity taxable as a corporation for U.S. federal income tax purposes, created or organized under the laws of the United States or any state thereof or the District of Columbia;

an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust, if (i) a court within the United States is able to exercise primary jurisdiction over its administration and one or more United States persons have the authority to control all of its substantial decisions or (ii) in the case of a trust that was treated as a United States trust under the law in effect before 1997, a valid election is in place under applicable Treasury Regulations.

This summary also does not discuss all tax considerations that may be relevant to shareholders in light of their particular circumstances, nor does it address the consequences to shareholders subject to special treatment under the U.S. federal income tax laws, such as:

dealers or traders in securities or currencies;

tax-exempt entities;

banks, financial institutions or insurance companies;

persons who acquired shares pursuant to the exercise of employee stock options or otherwise as compensation;

shareholders who own, or are deemed to own, at least 10% or more, by voting power or value, of Tyco equity or Pentair equity;

holders owning shares as part of a position in a straddle or as part of a hedging, conversion or other risk reduction transaction for U.S. federal income tax purposes;

certain former citizens or long-term residents of the United States;

## Edgar Filing: PENTAIR INC - Form DEFM14A

holders who are subject to the alternative minimum tax; or

persons that own Tyco common shares or Pentair common shares through partnerships or other pass-through entities.

This summary does not address the U.S. federal income tax consequences to shareholders who do not hold Tyco common shares or Pentair common shares as a capital asset. Moreover, this summary does not address any state, local or non-U.S. tax consequences or any estate, gift or other non-income tax consequences.

If a partnership (or any other entity treated as a partnership for U.S. federal income tax purposes) holds Tyco common shares or Pentair common shares, the tax treatment of a partner in that partnership will generally depend on the status of the partner and the activities of the partnership. Such a partner or partnership should consult its own tax advisor as to the tax consequences of the Distribution and the Merger.

**U.S. HOLDERS SHOULD CONSULT THEIR OWN TAX ADVISORS WITH RESPECT TO THE U.S. FEDERAL, STATE AND LOCAL AND NON-U.S. TAX CONSEQUENCES OF THE DISTRIBUTION AND THE MERGER AND THE ONGOING OWNERSHIP OF NEW PENTAIR SHARES.**

**The Distribution**

Tyco has received a private letter ruling from the IRS to the effect that, for U.S. federal income tax purposes, the Distribution, except for cash received in lieu of fractional shares of New Pentair stock, will qualify as tax-free to Tyco and Tyco shareholders under Sections 355 and 361 of the Code and that certain internal transactions undertaken in anticipation of the Distribution will qualify for favorable treatment under the Code.

Even if the Distribution otherwise qualifies for tax-free treatment under Section 355 of the Code, it may result in corporate level taxable gain to Tyco under Section 355(e) of the Code if 50% or more, by vote or value, of New Pentair common shares or Tyco common shares are acquired or issued as part of a plan or series of related transactions that includes the Distribution. For this purpose, any acquisitions or issuances of Tyco common shares within two years before the Distribution, and any acquisitions or issuances of New Pentair common shares or Tyco common shares within two years after the Distribution, generally are presumed to be part of such a plan, although New Pentair or Tyco may be able to rebut that presumption. For purposes of this test, the Merger might be treated as part of such a plan or series of related transactions but if so would not, by itself, cause the Distribution to be taxable to Tyco since Pentair shareholders will acquire less than 50% of New Pentair shares. The change in ownership resulting from the Merger, if treated as part of a plan or series of related transactions that includes the Distribution, would be aggregated with other acquisitions or issuances of our shares that occur as part of a plan or series of related transactions that include the Distribution in determining whether a 50% change in ownership has occurred. The process for determining whether a change of ownership has occurred under the tax rules is complex, inherently factual and subject to interpretation of the facts and circumstances of a particular case. If New Pentair does not carefully monitor its compliance with these rules, New Pentair could inadvertently cause or permit a change of ownership to occur, triggering its obligation to indemnify Tyco or ADT pursuant to the 2012 Tax Sharing Agreement.

If an acquisition or issuance of New Pentair shares or Tyco shares triggers the application of Section 355(e) of the Code, Tyco would recognize a taxable gain as described above, but such gain generally would not be subject to U.S. federal income tax. However, certain subsidiaries or affiliates of New Pentair or Tyco could incur significant U.S. federal income tax liabilities as a result of the application of Section 355(e) of the Code. In connection with the private letter ruling and the opinion of Tyco's tax counsel, Tyco has represented that the Distribution is not part of any such plan or series of related transactions, and New Pentair has represented that there is no plan or intention to issue or redeem equity securities in a manner that would cause the 50% threshold to be met. If any of the representations are untrue or any party takes, or omits to take, certain actions that cause the Distribution to be taxable or that cause certain internal transactions undertaken in anticipation of the Distribution to fail to qualify for favorable treatment under the Code, the responsible party would be obligated to indemnify the other party for any resulting taxes and related expenses under the 2012 Tax Sharing Agreement. See The Separation and Distribution Agreement and Ancillary Agreements Tax Sharing Agreement. Such indemnification obligations could have a material adverse effect on either Tyco or New Pentair.

**The Merger**

It is a condition to closing that, at the Effective Time, Tyco will have received a private letter ruling from the IRS, Tyco will have received a tax opinion from McDermott Will & Emery LLP and Pentair will have received a tax opinion from Cravath, Swaine & Moore LLP, in each case to the effect that (1) the Merger will qualify for U.S. federal income tax purposes as a reorganization within the meaning of Section 368(a) of the Code and (2) Section 367(a)(1) of the Code will not cause the Merger to be taxable to Pentair shareholders

---

**Table of Contents**

(except for any U.S. Holder who is or will be a five-percent transferee shareholder within the meaning of applicable Treasury Regulations but who does not enter into a gain recognition agreement with the IRS). The private letter ruling also is expected to provide that certain post-closing transactions will not prevent the tax-free treatment of the Distribution or the Merger.

Assuming the conclusions in the private letter ruling and the tax opinions are sustained, none of Pentair, Tyco, New Pentair, Panthro Acquisition or Panthro Merger Sub will recognize gain or loss in the Merger and Pentair shareholders (except for any U.S. Holder who is or will be a five-percent transferee shareholder within the meaning of applicable Treasury Regulations but who does not enter into a gain recognition agreement with the IRS) will have the following U.S. federal income tax consequences:

Pentair shareholders will not recognize gain or loss on the exchange of their Pentair common shares solely for New Pentair common shares in the Merger;

a Pentair shareholder's tax basis in New Pentair common shares received in the Merger will be the same as such shareholder's tax basis in Pentair common shares exchanged therefor; and

a Pentair shareholder's holding period for New Pentair common shares received in the Merger will include such shareholder's holding period for Pentair common shares exchanged therefor.

Any U.S. Holder who is or will be a five-percent transferee shareholder within the meaning of applicable Treasury Regulations, but who does not enter into a gain recognition agreement with the IRS, will recognize gain (but not loss) in an amount equal to the excess of the fair market value of the New Pentair common shares it receives in the Merger over its tax basis in the Pentair shares surrendered in exchange therefor.

Although the private letter ruling, if received, generally will be binding on the IRS, it will be based on certain facts and assumptions, and certain representations and undertakings, from Pentair, New Pentair and Tyco that certain conditions that are necessary to obtain tax-free treatment under the Code have been satisfied. The tax opinions that Tyco and Pentair expect to receive also will be based on certain facts and assumptions, and certain representations and undertakings, provided by Pentair, Tyco, New Pentair, Panthro Acquisition and Panthro Merger Sub. If any of these facts, representations, assumptions or undertakings are not correct or have been violated, the private letter ruling could be revoked retroactively or modified by the IRS, and the parties' ability to rely on the opinion of counsel could be jeopardized. Tyco, New Pentair and Pentair are not aware of any facts or circumstances, however, that would cause these facts, representations or assumptions to be untrue or incomplete, or that would cause any of these undertakings to fail to be complied with, in any material respect.

If, notwithstanding the conclusions that the parties expect to be included in the private letter ruling and the opinions, it is ultimately determined that the Merger does not qualify as a reorganization within the meaning of Section 368(a) of the Code, then each Pentair shareholder would recognize gain or loss equal to the difference between the fair market value of the New Pentair common shares it receives in the Merger and its tax basis in the Pentair shares surrendered in exchange therefor. If the Merger qualifies as a reorganization but it is ultimately determined that the transfer of Pentair shares by Pentair shareholders pursuant to the Merger does not qualify for an exception to Section 367(a) of the Code, then each Pentair shareholder would recognize gain (but not loss) equal to the excess of the fair market value of the New Pentair common shares it receives in the Merger over its tax basis in the Pentair shares surrendered in exchange therefor. In each case, any gain so recognized would generally be long-term capital gain if the U.S. Holder has held the Pentair common shares for more than one year at the time the Merger is completed. Long-term capital gain of an individual generally is subject to a maximum U.S. federal income tax rate of 15% with respect to taxable years beginning on or before December 31, 2012. The deductibility of capital losses is subject to limitations.

For a holder who acquired different blocks of Pentair common shares at different times and at different prices, realized gain or loss generally must be calculated separately for each identifiable block of shares exchanged in the Merger, and a loss realized (but not recognized) on the exchange of one block of shares cannot

**Table of Contents**

be used to offset a gain realized on the exchange of another block of shares. Pentair shareholders that have acquired different blocks of Pentair common shares at different times or at different prices should consult their tax advisors regarding the allocation of their tax basis among, and their holding period of, New Pentair common shares received in exchange for such Pentair common shares.

**A U.S. HOLDER OF PENTAIR COMMON SHARES WHO WILL OWN, ACTUALLY OR CONSTRUCTIVELY, AT LEAST FIVE PERCENT OF NEW PENTAIR BY VOTE OR VALUE IMMEDIATELY AFTER THE MERGER WILL QUALIFY FOR NON-RECOGNITION TREATMENT AS DESCRIBED HEREIN ONLY IF THE SHAREHOLDER FILES A GAIN RECOGNITION AGREEMENT WITH THE IRS. ANY SUCH SHAREHOLDERS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS REGARDING THE DECISION TO FILE A GAIN RECOGNITION AGREEMENT AND THE PROCEDURES TO BE FOLLOWED IN CONNECTION WITH SUCH FILING.**

**Ownership of New Pentair common shares**

The following discussion is a summary of material U.S. federal income tax consequences of the ownership and disposition of New Pentair common shares to U.S. Holders who receive such shares pursuant to the Merger.

*Taxation of Dividends*

Dividends will generally be taxed as ordinary income to U.S. Holders to the extent that they are paid out of New Pentair's current or accumulated earnings and profits, as determined under U.S. federal income tax principles. Subject to the following discussion of special rules applicable to Passive Foreign Investment Companies ( PFICs ), the gross amount of the dividends, if any, paid by New Pentair to U.S. Holders, without reduction for Swiss withholding taxes, may be eligible to be taxed at lower rates applicable to certain qualified dividends. The maximum U.S. federal income tax rate imposed on dividends received by individuals from U.S. and certain foreign corporations is 15% with respect to taxable years beginning on or before December 31, 2012. Recipients of dividends from foreign corporations will be taxed at this rate, provided that certain holding period requirements are satisfied and certain other requirements are met, if the dividends are received from certain qualified foreign corporations, which generally includes corporations eligible for the benefits of an income tax treaty with the U.S. that the Secretary of the Treasury determines is satisfactory and includes an information exchange program. Dividends paid with respect to stock of a foreign corporation that is readily tradable on an established securities market in the U.S. will also be treated as having been received from a qualified foreign corporation. The U.S. Department of the Treasury and the IRS have determined that the U.S.-Swiss Treaty is satisfactory for this purpose. In addition, the U.S. Department of the Treasury and the IRS have determined that common stock is considered readily tradable on an established securities market if it is listed on an established securities market in the U.S. such as the NYSE. Accordingly, dividends received by individual U.S. Holders should be entitled to favorable treatment as dividends received with respect to stock of a qualified foreign corporation. Dividends paid by New Pentair will not qualify for the dividends received deduction otherwise available to corporate shareholders.

To the extent that the amount of any dividend exceeds New Pentair's current and accumulated earnings and profits for a taxable year, the excess will first be treated as a tax-free return of capital, causing a reduction in the U.S. Holder's adjusted basis in New Pentair common shares. The balance of the excess, if any, will be taxed as capital gain, which would be long-term capital gain if the holder has held New Pentair common shares for more than one year at the time the dividend is received (as described below in Sale, Exchange or Other Taxable Disposition).

In certain circumstances, a U.S. Holder may be eligible to receive a foreign tax credit for the Swiss withholding taxes (if any) payable in respect of dividends received by the U.S. Holder and, in the case of a corporate U.S. Holder owning 10% or more of the voting shares of New Pentair, for a portion of the Swiss taxes paid by New Pentair.

**Table of Contents**

It is possible that New Pentair is, or at some future time will be, at least 50% owned by U.S. persons. Dividends paid by a foreign corporation that is at least 50% owned by U.S. persons may be treated as U.S. source income (rather than foreign source income) for foreign tax credit purposes to the extent the foreign corporation has more than an insignificant amount of U.S. source income. The effect of this rule may be to treat a portion of any dividends paid by New Pentair as U.S. source income. Treatment of the dividends as U.S. source income in whole or in part may limit a U.S. Holder's ability to claim a foreign tax credit for the Swiss withholding taxes payable in respect of the dividends. The Code permits a U.S. Holder entitled to benefits under the U.S.-Swiss Treaty to elect to treat any company dividends as foreign source income for foreign tax credit purposes if the dividend income is separated from other income items for purposes of calculating the U.S. Holder's foreign tax credit. U.S. Holders should consult their own tax advisors about the desirability of making, and the method of making, such an election.

The amount of any dividend paid in Swiss Francs will be the U.S. dollar value of the Swiss Francs distributed by New Pentair, calculated by reference to the exchange rate in effect on the date the dividend is includible in the U.S. Holder's income, regardless of whether the payment is in fact converted into U.S. dollars on the date of receipt. Generally, a U.S. Holder should not recognize any foreign currency gain or loss if the Swiss Francs are converted into U.S. dollars on the date the payment is received. However, any gain or loss resulting from currency exchange fluctuations during the period from the date the U.S. Holder includes the dividend payment in income to the date such U.S. Holder actually converts the payment into U.S. dollars will be treated as ordinary income or loss. That currency exchange or loss (if any) generally will be income or loss from U.S. sources for foreign tax credit limitation purposes.

*Sale, Exchange or Other Taxable Disposition*

Subject to the following discussion of special rules applicable to PFICs, a U.S. Holder will generally recognize taxable gain or loss on the sale, exchange or other taxable disposition of New Pentair common shares in an amount equal to the difference between the amount realized on the sale, exchange or other taxable disposition and the holder's tax basis in New Pentair common shares. Gain or loss, if any, will generally be U.S. source income for foreign tax credit limitation purposes.

Gain or loss realized on the sale, exchange or other taxable disposition of New Pentair common shares generally will be capital gain or loss and will be long-term capital gain or loss if New Pentair common shares have been held for more than one year. Long-term capital gain of an individual generally is subject to a maximum U.S. federal income tax rate of 15% with respect to taxable years beginning on or before December 31, 2012. The deduction of capital losses is subject to limitations.

*Passive Foreign Investment Company Considerations*

A PFIC is any foreign corporation if, after the application of certain look-through rules, (a) at least 75% of its gross income is passive income as that term is defined in the relevant provisions of the Code, or (b) at least 50% of the average value of its assets produce passive income or are held for the production of passive income. The determination as to PFIC status is made annually. If a U.S. Holder is treated as owning PFIC stock, the U.S. Holder will be subject to special rules generally intended to reduce or eliminate the benefit of the deferral of U.S. federal income tax that results from investing in a foreign corporation that does not distribute all of its earnings on a current basis. These rules may adversely affect the tax treatment to a U.S. Holder of dividends paid by New Pentair and of sales, exchanges and other dispositions of New Pentair common shares, and may result in other adverse U.S. federal income tax consequences.

Pentair, Tyco and New Pentair believe that New Pentair common shares should not be treated as shares of a PFIC, and Pentair, Tyco and New Pentair do not expect that New Pentair will become a PFIC in the future. However, there can be no assurance that the IRS will not successfully challenge this position or that New Pentair will not become a PFIC at some future time as a result of changes in New Pentair's assets, income or business operations.

## **Table of Contents**

### **Information Reporting and Backup Withholding**

In general, information reporting requirements will apply to dividends received by U.S. Holders of New Pentair common shares and the proceeds received on the disposition of New Pentair common shares effected within the U.S. (and, in certain cases, outside the U.S.), paid to U.S. Holders other than certain exempt recipients (such as corporations). Backup withholding (currently at a rate of 28%) may apply to such amounts if the U.S. Holder fails to provide an accurate taxpayer identification number (generally on an IRS Form W-9 provided to the paying agent or the U.S. Holder's broker) or is otherwise subject to backup withholding. The amount of any backup withholding from a payment to a U.S. Holder will be allowed as a refund or as a credit against the U.S. Holder's U.S. federal income tax liability, provided that the required information is timely furnished to the IRS.

Assuming the Merger is treated as a reorganization, a Pentair shareholder who receives New Pentair common shares as a result of the Merger will be required to retain records pertaining to the Merger. Each Pentair shareholder who is required to file a U.S. federal income tax return and who is a significant holder that receives New Pentair common shares in the Merger will be required to file a statement with such U.S. federal income tax return setting forth such shareholder's basis in the Pentair common shares surrendered and the fair market value of such stock immediately before the Merger. A significant holder is a Pentair shareholder who, immediately before the Merger, owned at least 5% of the outstanding stock of Pentair.

### *Foreign Asset Reporting*

Recent legislation generally requires individuals who own specified foreign financial assets with an aggregate value in excess of U.S. \$50,000 in taxable years beginning after March 18, 2010 to file an information report with respect to such assets with their tax returns. Specified foreign financial assets include any financial accounts maintained by foreign financial institutions, as well as any of the following, but only if they are not held in accounts maintained by financial institutions: (i) stocks and securities issued by non-U.S. persons; (ii) financial instruments and contracts held for investment that have non-U.S. issuers or counterparties; and (iii) interests in foreign entities. New Pentair common shares may be considered a specified foreign financial asset. U.S. Holders required to report information relating to their ownership of New Pentair common shares must attach a complete IRS Form 8938, Statement of Specified Foreign Financial Assets, with their tax return for each year in which they held New Pentair common shares. U.S. Holders that are individuals are urged to consult their tax advisors regarding the application of this legislation to their ownership of New Pentair common shares.

**MATERIAL SWISS TAX CONSIDERATIONS**

This discussion does not generally address any aspects of Swiss taxation other than federal, cantonal and communal income taxation, federal withholding taxation, and federal stamp tax. This discussion is not a complete analysis or listing of all of the possible tax consequences of the Distribution and the Merger and does not address all tax considerations that may be relevant to you. Special rules that are not discussed in the general descriptions below may also apply to you.

This discussion is based on the laws of the Confederation of Switzerland, including the Federal Income Tax Act of 1990, the Federal Harmonization of Cantonal and Communal Income Tax Act of 1990, the Federal Withholding Tax Act of 1965, and the Federal Stamp Duty Act of 1973, as amended (the Swiss tax law), existing and proposed regulations promulgated thereunder, published judicial decisions and administrative pronouncements, each as in effect on the date of this proxy statement/prospectus or with a known future effective date. These laws may change, possibly with retroactive effect.

For purposes of this discussion, a Swiss Holder is any beneficial owner of shares that for Swiss federal income tax purposes is:

an individual resident of Switzerland or otherwise subject to Swiss taxation under article 3, 4 or 5 of the Federal Income Tax Act of 1990, as amended, or article 3 or 4 of the Federal Harmonization of Cantonal and Communal Income Tax Act of 1990, as amended;

a corporation or other entity taxable as a corporation organized under the laws of Switzerland under article 50 or 51 of the Federal Income Tax Act of 1990, as amended, or article 20 or 21 of the Federal Harmonization of Cantonal and Communal Income Tax Act of 1990, as amended; or

an estate or trust, the income of which is subject to Swiss income taxation regardless of its source.

A Non-Swiss Holder of shares is a holder that is not a Swiss Holder. For purposes of this summary, Holder or Shareholder means either a Swiss Holder or a Non-Swiss Holder or both, as the context may require.

**You are advised to consult your own tax advisers in light of your particular circumstances as to the Swiss tax laws, regulations and regulatory practices that could be relevant for you in connection with the Distribution and the Merger and with the ongoing ownership of New Pentair shares.**

**The Distribution**

*Swiss Withholding Tax Distribution to Shareholders*

Generally, Swiss withholding tax (*Verrechnungssteuer*) of 35% is due on dividends and similar distributions to New Pentair's and Tyco's shareholders, regardless of the place of residency of the shareholder. As of January 1, 2011, distributions to shareholders out of qualifying contributed surplus (*Kapitaleinlagereserven*) accumulated on or after January 1, 1997 are exempt from Swiss withholding tax under the capital contribution principle (*Kapitaleinlageprinzip*), if certain conditions are met. Tyco has obtained a ruling from the Federal Tax Administration confirming that Tyco's qualifying contributed surplus in the amount of CHF 38,380,489,155 as of September 24, 2010 (reduced to CHF 37,037,568,207 as of February 23, 2012) represents such qualifying contributed surplus accumulated after January 1, 1997. Tyco has obtained a second ruling from the Swiss Federal Tax Authorities confirming that the Distribution qualifies as payment out of such qualifying contributed surplus and no amount will be withheld by Tyco when making the Distribution up to the amount of such qualifying contributed surplus.

*Swiss Federal, Cantonal and Communal Individual Income Tax and Corporate Income Tax*

Non-Swiss Holders will not be subject to any Swiss federal, cantonal and communal income tax on the Distribution.

## **Table of Contents**

Swiss resident individuals who hold their Tyco shares and, consequently, the entitlement to the Distribution, as private assets (the shareholders referred to in this paragraph, hereinafter for purposes of this section, "Swiss Private Holders") are not required to include the Distribution in their personal income tax return. Based on Swiss tax law, the Distribution corresponds to the repayment of the share premium and should not be subject to Swiss federal, cantonal or communal individual income tax. Capital gains resulting from the sale or other disposition of New Pentair shares are not subject to Swiss federal, cantonal and communal income tax and, conversely, capital losses are not tax-deductible for Swiss Private Holders. Special rules may apply to Swiss resident individuals who hold Tyco shares and, consequently, the entitlement to the Distribution, as private assets and who transfer, individually or together with other shareholders, five percent or more of the shares into a corporation in which the shareholder or shareholders personally own fifty percent or more of the capital. Special rules may also apply if a shareholder sells, individually or together with other shareholders, more than twenty percent of the shares out of his private assets to a buyer who owns the shares as business assets.

Corporate and individual shareholders who hold their Tyco shares and, consequently, the entitlement to the Distribution, as part of a trade or business carried on in Switzerland (or, in the case of corporate and individual shareholders not resident in Switzerland, through a permanent establishment or fixed place of business situated in Switzerland for tax purposes) (the shareholders referred to in this paragraph, hereinafter for purposes of this section, "Swiss Commercial Holders") will be subject to Swiss federal, cantonal and communal income tax on the Distribution, including any cash received in lieu of a fractional New Pentair common share, to the extent that the participation income cannot be reduced by a respective depreciation on the investment in Tyco and/or where the participation relief (*Beteiligungszug*) is not applicable. In addition, a gain or loss realized on the sale or other disposition of rights must be recognized in such shareholder's income statement for the respective taxation period and such shareholders will be subject to Swiss federal, cantonal and communal individual or corporate income tax, as the case may be, on any net taxable earnings for such taxation period, unless a participation relief is applicable. The same taxation treatment also applies to Swiss-resident private individuals who, for income tax purposes, are classified as "professional securities dealers" for reasons of, *inter alia*, frequent dealing or leveraged investments in shares and other securities. Only Swiss Commercial Holders who are corporate taxpayers may be eligible for a participation relief (*Beteiligungszug*) in respect of the Distribution if the Tyco shares held by them as part of a Swiss business have an aggregate market value of at least CHF 1 million. In addition, Swiss Commercial Holders who are corporate taxpayers may be eligible for a participation relief (*Beteiligungszug*) in respect of a potential gain realized on the sale or other disposition of the New Pentair shares if the selling price of the New Pentair shares held by them as part of a Swiss business exceeds their investment cost, the shares were held for at least one year and account for at least 10% of the total shares in New Pentair.

### *Swiss Cantonal and Communal Private Wealth Tax and Capital Tax*

Non-Swiss Holders are not subject to Swiss cantonal and communal private wealth tax or capital tax.

Swiss Private Holders and Swiss Commercial Holders who are individuals are required to report their Tyco shares and New Pentair shares as part of private wealth or their Swiss business assets, as the case may be, and will be subject to Swiss cantonal and communal private wealth tax on any net taxable wealth (including Tyco shares and New Pentair shares).

Swiss Commercial Holders are subject to Swiss cantonal and communal capital tax on taxable capital to the extent the aggregate taxable capital is allocable to Switzerland.

## **The Merger**

### *Swiss Withholding Tax*

It is a condition to closing that, at the Effective Time, Tyco will have received a tax ruling from the Swiss Federal Tax Administration (a "Swiss Tax Ruling") substantially to the effect that the Merger is not subject to Swiss withholding tax.

**Table of Contents**

*Swiss Federal, Cantonal and Communal Individual and Corporate Income Taxes*

It is a condition to closing that, at the Effective Time, Tyco will have received a Swiss Tax Ruling substantially to the effect that the Merger qualifies for Swiss tax purposes as a tax free quasi-merger within the meaning of Section 4.1.7 of the Swiss Federal Circular No. 5 of 1 June 2004 (*Kreisschreiben Nr. 5 Umstrukturierungen*) issued by the Swiss Federal Tax Administration. The Swiss Tax Rulings do not address the Swiss income tax consequences of the Merger to Pentair shareholders. However, it is expected that for Swiss resident individual shareholders holding their Pentair shares as private assets (*Privatvermögen*) the Merger should be tax free for federal, cantonal and communal income tax purposes. For Swiss resident individual shareholders holding their shares as business assets (*Geschäftsvermögen*) and for Swiss resident corporate shareholders the Merger may not be recognized as tax neutral by the Swiss tax authorities. In such case, the difference between the fair market value of the shares and the relevant tax basis may be treated as taxable income even if no income has been booked in the Swiss statutory profit and loss statement.

*Swiss Stamp Taxes*

It is a condition to closing that, at the Effective Time, Tyco will have received a Swiss Tax Ruling substantially to the effect that the issue of the New Pentair shares in connection with the Merger is not subject to Swiss one-time capital issuance tax (*Emissionsabgabe*) and that the Merger is not subject to Swiss securities transfer tax (*Umsatzabgabe*).

**Holding Stock of New Pentair**

*Swiss Withholding Tax*

Dividends that New Pentair pays on its shares, which are not a repayment of nominal value of shares or qualifying contributed surplus (*Kapitaleinlagereserven*) of shares, are, in their gross amount, subject to Swiss withholding tax (*Verrechnungssteuer*) at a rate of 35%. The Company is required to withhold the Swiss withholding tax from the dividend and remit it to the Swiss Federal Tax Administration.

The Swiss withholding tax on a dividend will be refundable in full to a Swiss Private Holder and to a Swiss Commercial Holder, who, in each case, as a condition to a refund, *inter alia*, duly reports the dividend on his or her individual income tax return as income or recognizes the dividend on his or her income statement as earnings, as applicable.

A Non-Swiss Holder may be entitled to a partial refund of the Swiss withholding tax on a dividend if the country of residence for tax purposes has entered into a bilateral treaty for the avoidance of double taxation with Switzerland and the conditions of such treaty are met. Such shareholders should be aware that the procedures for claiming treaty benefits (and the time required for obtaining a refund) might differ from country to country. A U.S. Holder that qualifies for benefits under the U.S.-Swiss Treaty may apply for a refund of the tax withheld in excess of the 15% treaty rate (or in excess of the 5% reduced treaty rate for qualifying corporate shareholders with at least 10% participation in New Pentair's voting shares, or for a full refund in the case of qualified pension funds).

*Swiss Federal, Cantonal and Communal Individual and Corporate Income Taxes*

Shareholders who are not resident in Switzerland for tax purposes, and who, during the respective taxation year, have not engaged in a trade or business carried on through a permanent establishment or fixed place of business situated in Switzerland for tax purposes, and who are not subject to corporate or individual income taxation in Switzerland for any other reason (all such shareholders, hereinafter, for purposes of this section, Non-Swiss Holders), will not be subject to any Swiss federal, cantonal and communal income tax on dividends (or repayments of nominal value) paid to them on shares.

Individual shareholders, who are resident in Switzerland for tax purposes, holding their shares as private assets (the shareholders referred to in this paragraph, hereinafter for purposes of this section, Swiss Private

Holders ), are required to include dividends (but not repayments of nominal value of shares or qualifying contributed surplus (*Kapitaleinlagereserven*) of shares) in their personal income tax return and are subject to Swiss federal, cantonal and communal income tax on any net taxable income for the relevant taxation period. Capital gains resulting from the sale or other disposition of shares are not subject to Swiss federal, cantonal and communal income taxes, and conversely, capital losses are not tax-deductible for Swiss Private Holders.

Corporate and individual shareholders who hold their shares as part of a trade or business carried on in Switzerland (or, in the case of corporate and individual shareholders not resident in Switzerland, through a permanent establishment or fixed place of business situated in Switzerland for tax purposes) and therefore are resident in Switzerland for tax purposes (the shareholders referred to in this paragraph, hereinafter for purposes of this section, Swiss Commercial Holders ) are required to recognize dividends (and repayments of nominal value of shares or qualifying contributed surplus (*Kapitaleinlagereserven*) of shares) received on shares and capital gains or losses realised on the sale or other disposition of shares in their income statement for the respective taxation period and are subject to Swiss federal, cantonal and communal individual or corporate income tax, as the case may be, on any net taxable earnings for such taxation period.

The same taxation treatment also applies to Swiss-resident private individuals who, for income tax purposes, are classified as professional securities dealers for reasons of, *inter alia*, frequent dealing, or leveraged investments, in shares and other securities.

Swiss Commercial Holders who are corporate taxpayers may be eligible for dividend relief (*Beteiligungsabzug*) in respect of dividends (and repayments of nominal value of shares or qualifying contributed surplus (*Kapitaleinlagereserven*) of shares) if the shares held by them as part of a Swiss business have an aggregate market value of at least CHF 1 million.

### *Swiss Cantonal and Communal Private Wealth Tax and Capital Tax*

Non-Swiss Holders are not subject to Swiss cantonal and communal private wealth tax or capital tax.

Swiss Private Holders and Swiss Commercial Holders, who are individuals are required to report their shares as part of private wealth or their Swiss business assets, as the case may be, and will be subject to Swiss cantonal and communal private wealth tax on any net taxable wealth (including shares), in the case of Swiss Commercial Holders to the extent the aggregate taxable wealth is allocable to Switzerland.

Swiss Commercial Holders who are corporate taxpayers are subject to Swiss cantonal and communal capital tax on taxable capital to the extent the aggregate taxable capital is allocable to Switzerland.

### *Swiss Stamp Taxes*

A transfer of shares where a bank or another securities dealer in Switzerland (as defined in the Swiss Federal Stamp Tax Act) acts as an intermediary, or is a party, to the transaction, may be subject to the Swiss securities transfer tax at an aggregate rate of up to 0.15% of the consideration paid for such shares.

**THE MERGER AGREEMENT**

The following is a summary of the material terms and provisions of the Merger Agreement. This summary does not purport to be complete and is qualified in its entirety by reference to the terms and provisions of the Merger Agreement, which is attached as Annex A to this proxy statement/prospectus. Shareholders of Pentair are encouraged to read the entire Merger Agreement. The Merger Agreement has been included to provide Pentair's shareholders with information regarding its terms. The Merger Agreement is not intended to provide any other factual information about Pentair, Tyco, New Pentair and their affiliates following completion of the Merger. Information about Pentair, Tyco, New Pentair and their affiliates can be found elsewhere in this proxy statement/prospectus.

The Merger Agreement contains representations and warranties of Tyco solely for the benefit of Pentair and representations and warranties of Pentair solely for the benefit of Tyco. These representations and warranties have been made solely for the benefit of the other parties to the Merger Agreement and have been qualified by certain information that has been disclosed to the other parties to the Merger Agreement and that is not reflected in the Merger Agreement. In addition, these representations and warranties may be intended as a way of allocating risks among parties if the statements contained therein prove to be incorrect, rather than as actual statements of fact. Accordingly, shareholders should not rely on the representations and warranties as characterizations of the actual state of facts. Moreover, information concerning the subject matter of the representations and warranties may have changed since the date of the Merger Agreement, which subsequent information may or may not be fully reflected in the companies' public disclosures. Pentair and New Pentair do not believe that securities laws require disclosure of any information related to the Merger Agreement other than information that has already been so disclosed.

Note that while the Merger Agreement refers to fractional shares when discussing the merger consideration, no fractional shares will result from the Merger given that each Pentair common share outstanding at the time of the Merger will be exchanged for one newly issued New Pentair common share in connection with the Merger.

**The Merger**

Under the Merger Agreement and in accordance with Minnesota law, at the Effective Time, Panthro Merger Sub will merge with and into Pentair. As a result of the Merger, the separate corporate existence of Panthro Merger Sub will terminate and Pentair will continue as the surviving corporation and a wholly owned, indirect subsidiary of New Pentair. Additionally, at the Effective Time, the Articles of Association of New Pentair will be substantially in the form set forth in Annex F to this proxy statement/prospectus. Accordingly, New Pentair will be an independent, publicly-traded company organized under the laws of Switzerland and will operate the businesses of New Pentair (referred to elsewhere in this proxy statement/prospectus as the Tyco Flow Control Business) and Pentair. It is expected that the Merger will be consummated immediately following the Distribution.

**Closing; Effective Time**

Under the terms of the Merger Agreement, the closing of the Merger will take place on the later of September 28, 2012 and the fifth business day following satisfaction or waiver (to the extent permitted by law) of the conditions precedent to the Merger (other than those to be satisfied at, or immediately prior to, closing), unless otherwise agreed upon by Pentair and Tyco. The Effective Time will be the date and time when the Articles of Merger are duly filed with the Secretary of State of the State of Minnesota or such later date or time as is agreed among the parties in writing and specified in the Articles of Merger in accordance with the relevant provisions of the Minnesota Business Corporation Act. The Merger is expected to be consummated immediately following the Distribution.

## **Table of Contents**

### **Merger Consideration**

The Merger Agreement provides that, at the Effective Time, each Pentair common share outstanding, other than Pentair common shares owned by any subsidiary of Pentair or New Pentair, will be converted into the right to receive one share of New Pentair, with the result that former Pentair shareholders will hold approximately 47.5% of New Pentair common shares and Tyco shareholders as of the record date of the Distribution and their transferees will hold approximately 52.5% of New Pentair common shares on a fully-diluted basis (excluding treasury shares) immediately following the Merger. Tyco shareholders will not receive any new shares of New Pentair in the Merger and will continue to hold the New Pentair shares they receive in the Distribution. Upon the conversion, all converted Pentair common shares will automatically be canceled and cease to exist. Pentair shareholders do not have appraisal rights under Minnesota or Swiss law in connection with the Merger.

### **Treatment of Pentair Equity Awards**

In addition to the equity awards held by Pentair directors and employees, certain equity awards held by Tyco directors and employees will convert to equity awards of New Pentair. See *The Separation and Distribution Agreement and the Ancillary Agreements* *The Separation and Distribution Agreement* *Conversion of Equity Awards*.

#### *Treatment of Stock Options*

At the Effective Time, each outstanding option to purchase Pentair common shares, whether vested or unvested, will be converted, on the same terms and conditions as were applicable under such Pentair stock option immediately before the Effective Time, into an option to acquire a number of New Pentair common shares equal to the number of Pentair common shares subject to such option immediately before the Effective Time at the same exercise price per share.

#### *Treatment of Restricted Stock Units*

At the Effective Time, each outstanding Pentair restricted stock unit, whether vested or unvested, will be converted into a New Pentair restricted stock unit, on the same terms and conditions as were applicable under such Pentair restricted stock unit immediately before the Effective Time.

At the Effective Time, each outstanding Pentair restricted share will be converted into a New Pentair restricted share, subject to the same terms and conditions as were applicable under such Pentair restricted share immediately before the Effective Time.

#### *Treatment of Other Share-Based Awards*

At the Effective Time, each other outstanding Pentair share-based award, whether vested or unvested, will be converted into an award with respect to New Pentair common shares, subject to the same terms and conditions as were applicable under such other share-based award immediately before the Effective Time, with respect to a number New Pentair common shares equal to the number of Pentair common shares subject to such other share-based award immediately before the Effective Time.

#### *Treatment of Employee Stock Purchase Plan*

At and following the Effective Time, Pentair's employee stock purchase plan will remain in effect and any then-current purchase period under such plan will continue in effect in accordance with its terms, except that, following the Effective Time, all rights to purchase Pentair common shares under Pentair's employee stock purchase plan will entitle the holder thereof to instead purchase New Pentair common shares.

**Table of Contents****Exchange of Shares in the Merger**

Prior to or at the Effective Time, New Pentair will deposit with an exchange agent selected by Pentair and reasonably acceptable to Tyco (the Exchange Agent), for the benefit of the holders of Pentair common shares, evidence in book-entry form representing New Pentair common shares issuable pursuant to the provisions of the Merger Agreement in exchange for Pentair common shares outstanding.

As soon as reasonably practicable after the Effective Time, and to the extent not previously distributed in connection with the Distribution, New Pentair will cause the Exchange Agent to mail to any holder of record of outstanding Pentair common shares whose Pentair shares were converted into the right to receive a portion of the merger consideration pursuant to terms of the Merger Agreement: (i) a letter of transmittal and (ii) instructions for effecting the exchange of any Pentair common shares for the merger consideration.

Upon delivery to the Exchange Agent of the letter of transmittal, duly executed and with such other documents as may reasonably be required by the Exchange Agent, the holder of such Pentair common shares will be entitled to receive in exchange therefor:

- (i) New Pentair common shares, which shall be in uncertificated book-entry form, and
- (ii) any dividends or other distributions payable, all in accordance with the provisions of the Merger Agreement.

As of the Effective Time, the stock transfer books of Pentair will be closed and there will be no further transfers on the Pentair stock transfer books of Pentair common shares.

No dividend or other distributions with respect to New Pentair common shares with a record date after the Effective Time will be paid to any holder of any unexchanged Pentair common shares until the exchange of such shares in accordance with the Merger Agreement. Following the exchange of such shares, the record holder will be paid at the appropriate payment date, the amount of dividends or other distributions with a record date after the Effective Time but prior to exchange of such shares and a payment date subsequent to the exchange of such shares payable with respect to such New Pentair common shares.

**Termination of the Exchange Fund**

Any portion of the amounts deposited with the Exchange Agent under the Merger Agreement, referred to herein as the Exchange Fund, that remains undistributed to the former Pentair shareholders for 180 days after the Effective Time will be delivered to New Pentair upon demand, and any holders of Pentair common shares that have not exchanged their shares pursuant to the Merger Agreement may look only to New Pentair for payment of their claim for New Pentair common shares and any dividends with respect to New Pentair common shares (subject to any applicable abandoned property, escheat or similar law).

The Merger Agreement provides that each party to the Merger Agreement will generally use its reasonable best efforts to take, or cause to be taken, all actions necessary under the Merger Agreement and applicable laws to consummate the Merger and the transactions contemplated by the Merger Agreement as promptly as practicable, including using reasonable best efforts to complete the Separation and the Distribution on the terms and conditions set forth in the Separation and Distribution Agreement. Reasonable best efforts do not require Tyco or Pentair to agree to or accept any term or condition to any regulatory approval if the terms and conditions of or to the regulatory approvals would reasonably be expected to have a material and adverse impact on the value, financial condition or credit quality of New Pentair and its subsidiaries, taken as a whole and including for such purposes Pentair and its subsidiaries.

### **Regulatory Matters**

Tyco and Pentair agreed to file any notifications required to be filed pursuant to and in compliance with the HSR Act and appropriate filings with foreign regulatory authorities, in accordance with applicable antitrust laws, as promptly as practicable. Additionally, Tyco and Pentair agreed to use reasonable best efforts to obtain early termination of any waiting period under the HSR Act and obtain all consents, registrations, approvals, waivers, permits, authorizations, clearances and other actions of or by any governmental authority that are necessary or advisable in order to consummate the Merger and the Transactions.

In connection with any filing or submission required, action to be taken or commitment to be made by Pentair or Tyco or their respective affiliates to consummate the Transactions, Tyco and New Pentair (1) will not, without Pentair's prior written consent, (w) sell, divest or dispose of any assets of New Pentair, (x) license any of the Tyco Flow Control Business' intellectual property, (y) commit to any sale, divestiture or disposal of businesses, product lines or assets of the Tyco Flow Control Business, or any license of the Tyco Flow Control Business' intellectual property, or (z) take any other action or commit to take any action that would limit Pentair's, New Pentair's or their respective subsidiaries' freedom of action with respect to, or their ability to retain any of, their businesses, product lines or assets or intellectual property rights and (2) agreed to use reasonable best efforts to take any action contemplated by clause (1) above if requested in writing by Pentair; provided, that New Pentair will not be obligated to take any action the effectiveness of which is not conditioned on the Merger occurring.

any sale, divestiture or disposal of businesses, product lines or assets of Pentair, or any license of Pentair's intellectual property, or (z) take any other action or commit to take any action that would limit Tyco's, Pentair's, New Pentair's or their respective subsidiaries' freedom of action with respect to, or their ability to retain any of, their businesses, product lines or assets or intellectual property rights, in each case, if such action would reasonably be expected to have a material and adverse impact on the value, financial condition or credit quality of New Pentair and the New Pentair subsidiaries, taken as a whole and including for such purposes Pentair and its subsidiaries.

## **Interim Financial Information**

Tyco has agreed that prior to the Effective Time, Tyco will deliver to Pentair, within a reasonable period and no later than 45 calendar days after each quarterly accounting period for the Tyco Flow Control Business, a balance sheet as of the end of such period and combined statements of income, cash flows and equity for such period for the Tyco Flow Control Business. Tyco has also agreed to prepare and deliver to Pentair an unaudited combined balance sheet as of September 30, 2011 of Tyco and its subsidiaries, prepared to give pro forma effect to the Separation and the Distribution (but not the spin-off of ADT).

## **Defense of Litigation**

Each of Tyco, New Pentair and Pentair has agreed to use all reasonable best efforts to defend against all actions in which such party is named as a defendant that challenge or otherwise seek to enjoin, restrain or prohibit, or seek damages with respect to, the Transactions. Each of the parties agreed that they would not settle any action related to the Transactions that would enjoin, restrain, prohibit or impose damages on New Pentair or its subsidiaries (other than Pentair and its subsidiaries) without the prior written consent of Pentair and Tyco, in each case not to be unreasonably withheld, conditioned or delayed. Additionally, Tyco and its subsidiaries on the one hand, and Pentair and its subsidiaries on the other hand, will not settle any such action with respect to the Transactions (i) that would impose any liability or conditions on the other party or (ii) that contains any factual admissions with respect to the other party.

## **The Separation**

Under the Merger Agreement, Tyco and New Pentair agreed not to terminate or assign the Separation and Distribution Agreement, amend any of its provisions or waive compliance with it or any of the agreements or conditions contained in it without the prior consent of Pentair. Tyco and New Pentair are also required to obtain the prior written consent (not to be unreasonably withheld, conditioned or delayed) of Pentair to enter into any conveyancing or assumption instrument in connection with the assignment, transfer and conveyance of the assets and liabilities of the Tyco Flow Control Business.

## **No Solicitation**

The Merger Agreement contains detailed provisions restricting Pentair's and Tyco's ability to seek an alternate transaction. Under these provisions, each of Pentair and Tyco agrees that it, its subsidiaries and their respective officers, directors or employees will not, and will use reasonable best efforts to ensure that its and its subsidiaries' representatives do not, directly or indirectly:

solicit, initiate, seek or knowingly encourage (including by way of furnishing information) or knowingly take any other action designed to facilitate any inquiries or the making, submission, announcement or consummation of an acquisition proposal;

furnish any non-public information to any person in connection with or in response to an acquisition proposal;

approve, endorse or recommend an acquisition proposal or propose publicly to approve, endorse or recommend an acquisition proposal;

enter into any letter of intent, agreement in principle or other agreement providing for an acquisition proposal; or

resolve, propose to resolve or agree to do any of the foregoing.

In addition, Pentair agrees that it and its subsidiaries and their respective officers, directors or employees will not, and will use reasonable best efforts to ensure that its and its subsidiaries' representatives do not, directly or indirectly, take any action to make (i) the provisions of any fair price, moratorium, control share acquisition, business combination or other similar anti-takeover statute or regulation inapplicable to any transactions contemplated by an acquisition proposal, (ii) the consummation of an acquisition proposal exempt under Pentair's Rights Agreement (as defined in the Merger Agreement attached as Annex A to this proxy statement/prospectus) or (iii) resolve, propose to resolve or agree to do any of the foregoing.

With respect to Pentair's no solicitation obligation under the Merger Agreement, the term "acquisition proposal" refers to a Pentair Takeover Proposal. The Merger Agreement provides that the term "Pentair Takeover Proposal" means any bona fide offer, inquiry, proposal or indication of interest relating to any transaction or series of related transactions involving: (A) any merger, consolidation, share exchange, recapitalization, business combination or similar transaction involving Pentair other than the Transactions; (B) any direct or indirect acquisition of securities, tender offer, exchange offer or other similar transaction in which a third party acquires beneficial or record ownership of securities representing 10% or more of any class of equity securities of Pentair; (C) any acquisition of any business or businesses or of assets that constitute or account for 10% or more of the consolidated net revenues, net income or assets of Pentair and its subsidiaries, taken as a whole; or (D) any liquidation or dissolution of Pentair or any of its subsidiaries.

With respect to Tyco's and New Pentair's no solicitation obligations under the Merger Agreement, the term "acquisition proposal" refers to a Tyco Takeover Proposal or a New Pentair Takeover Proposal, as the case may be.

The Merger Agreement provides that the term "Tyco Takeover Proposal" means any bona fide offer, inquiry, proposal or indication of interest relating to any transaction or series of related transactions (x) not primarily related to the Tyco Flow Control Business and (y) involving (A) any merger, consolidation, share exchange, recapitalization, business combination or similar transaction involving Tyco other than the Transactions; (B) any direct or indirect acquisition of securities, tender offer, exchange offer or other similar transaction in which a third party directly or indirectly acquires beneficial or record ownership of securities representing more than 10% of any class of equity securities of Tyco; (C) any direct or indirect acquisition of any business or businesses or of assets that constitute or account for more than 10% of the consolidated net revenues, net income or assets of Tyco and its subsidiaries, taken as a whole, which, in the case of an acquisition of assets or equity securities of any subsidiaries of Tyco, include assets and/or equity securities of New Pentair and its subsidiaries; or (D) any liquidation or dissolution of Tyco or any of its subsidiaries, and (y) which is expressly conditioned on the Transactions not being consummated.

The Merger Agreement provides that the term "New Pentair Takeover Proposal" means any bona fide offer, inquiry, proposal or indication of interest relating to any transaction or series of related transactions involving: (A) any merger, consolidation, share exchange, recapitalization, business combination or similar transaction involving New Pentair other than the Transactions; (B) any direct or indirect acquisition of securities, tender offer, exchange offer or other similar transaction in which a third party directly or indirectly acquires beneficial or record ownership of securities representing 10% or more of any class of equity securities of New Pentair; (C) any direct or indirect acquisition of any business or businesses or of assets that constitute or account for 10% or more of the consolidated net revenues, net income or assets of New Pentair and the Tyco Flow Control Business; or (D) any liquidation or dissolution of New Pentair or any of its subsidiaries, provided such transaction or series of related transactions is not a transaction or series of related transactions described in the definition of a Tyco Takeover Proposal.

Tyco furnishes any non-public information provided to the maker of a Tyco Takeover Proposal or New Pentair Takeover Proposal only pursuant to a confidentiality agreement between Tyco and such person on terms no less favorable to Tyco than the confidentiality agreement executed with Pentair.

The Merger Agreement provides that the term "Tyco Superior Proposal" means any bona fide proposal made by a third party to acquire at least a majority of the equity securities or all or substantially all of the assets of Tyco pursuant to a tender or exchange offer, a merger, a consolidation, a liquidation or dissolution, a recapitalization, a sale of assets or otherwise, which proposal is (x) on terms which the Tyco board of directors determines in its good faith judgment (A) after consulting with its independent financial advisor to be superior from a financial point of view to the holders of Tyco common shares than the transactions contemplated by the Merger Agreement and the separation of ADT from Tyco, collectively, and (B) is reasonably capable of being completed on its terms, taking into account all legal, regulatory and financial aspects (including certainty of closing) of the proposal and the third party making such proposal and (y) expressly conditioned on the Transactions not being consummated; provided that such transaction or series of transactions will not be a Tyco Superior Proposal if related primarily to the Tyco Flow Control Business, in which case it is a New Pentair Superior Proposal.

## **Board Recommendations**

The Pentair board of directors has agreed in the Merger Agreement that it will not:

fail to include a recommendation in this proxy statement/prospectus that the Pentair shareholders approve the Merger Agreement, the Merger and the other transactions contemplated by the Merger Agreement and all other actions or matters necessary or appropriate to give effect to the Merger Agreement and the transactions contemplated thereby, which is referred to elsewhere in this proxy statement/prospectus as the Merger Agreement proposal;

withhold, withdraw, qualify or modify, or publicly propose to withhold, withdraw, qualify or modify in a manner adverse to Tyco, its recommendation that the Pentair shareholders approve the Merger Agreement proposal; or

approve, adopt or recommend to Pentair's shareholders any Pentair Takeover Proposal (all of the foregoing collectively, a "Pentair Change of Recommendation").

## **Table of Contents**

Notwithstanding the foregoing, the Pentair board of directors may make a Pentair Change of Recommendation at any time prior to obtaining approval of the Merger Agreement proposal from Pentair's shareholders if the following conditions are satisfied:

Pentair's board of directors has received a Pentair Superior Proposal and Pentair has not violated the provisions described in "No Solicitation" in any material respect; or

in response to any material event, development, circumstance, occurrence or change in circumstances or facts (including any change in probability or magnitude of consequences) not related to a Pentair Takeover Proposal that was not known to Pentair's board of directors on the date of the Merger Agreement (or if known, the probability or magnitude of consequences of which were not known to or reasonably foreseeable by Pentair's board of directors as of the date of the Merger Agreement) (a "Pentair Intervening Event"), the Pentair board of directors determines in good faith after consultation with outside legal counsel, that the failure to make a Pentair Change of Recommendation would constitute a breach of the board's duties under applicable law.

Pentair may not make a Pentair Change of Recommendation unless:

Pentair has notified Tyco in writing of its intention to take such action at least three business days prior to taking such action, which notice must include certain information required by the Merger Agreement;

if requested by Tyco, Pentair must have negotiated in good faith with Tyco during the notice period to enable Tyco to propose changes to the terms of the Merger Agreement intended to cause the Pentair Superior Proposal to no longer constitute a Pentair Superior Proposal, or, in the case of a proposed change in recommendation as a result of an Pentair Intervening Event, that obviates the need for such a change in recommendation; and

following any such good faith negotiation, such Pentair Takeover Proposal continues to constitute a Pentair Superior Proposal or such Pentair Intervening Event continues to require the Pentair Change of Recommendation.

If any Pentair Superior Proposal is received less than three business days prior to Pentair's shareholder meeting, the notice period will be shortened to expire as of the close of business on the day preceding the shareholder meeting.

The Tyco board of directors has agreed in the Merger Agreement that it will not:

Tyco may not make a Tyco Change of Recommendation unless:

Tyco has notified Pentair in writing of its intention to take such action at least three business days prior to taking such action, which notice must include certain information required by the Merger Agreement;

## **Financing**

The Merger Agreement provides that Tyco, New Pentair and Pentair will cooperate in good faith for (i) a subsidiary of New Pentair to issue up to \$900 million of unsecured senior notes that will be guaranteed by New Pentair prior to the Distribution and (ii) Pentair and New Pentair to establish an unsecured senior credit facility of up to \$1.2 billion (with an option to increase by \$500 million) that will become effective upon the closing of the Merger. Tyco, New Pentair and Pentair will use their reasonable best efforts to arrange such financing as mutually agreed and otherwise consistent with the Separation and Distribution Agreement. The Merger Agreement provides that the issuance of senior notes by a subsidiary of New Pentair is subject to (a) Tyco at its option receiving either (x) the required consent of a majority of the lenders under each of certain of its outstanding credit facilities or (y) Tyco causing its subsidiary, Tyco International Finance S.A., to become a subsidiary guarantor under each of such outstanding credit facilities, which designation shall be removed upon the occurrence of the closing of the Merger, (b) Tyco obtaining approval of the Tyco board of directors for such issuance of senior notes, (c) Tyco's right to determine in its sole discretion that such senior notes issuance should not occur and (d) Pentair's right to determine in its sole discretion that such issuance of senior notes should not occur. If a subsidiary of New Pentair issues senior notes pursuant to which an escrow is established in which the proceeds from such issuance (net of initial purchaser fees) will be held prior to the closing of the Merger, then Pentair will contribute cash to such escrow in an amount equal to the difference between such proceeds (net of initial purchaser fees) and the amount necessary to redeem such senior notes if the Merger does not occur. Upon the closing of the Merger, the proceeds from the senior notes issuance (net of initial purchaser fees) will be released to the subsidiary of New Pentair that issued the senior notes and the cash that Pentair contributed to such escrow will be released to Pentair. Under the Merger Agreement, Pentair agreed to indemnify, defend and hold harmless Tyco and its subsidiaries from and against any and all indemnifiable losses arising out of, by reason of or otherwise in connection with the issuance by a subsidiary of New Pentair of the senior notes or the entering into by New Pentair of the senior credit facility. In addition, Pentair has agreed to reimburse Tyco for all third party costs and expenses incurred in connection with the issuance of senior notes by a subsidiary of New Pentair and the entering into by New Pentair of the senior credit facility.

Pentair may also terminate the Merger Agreement at any time prior to the Merger for the following reasons, among others:

Tyco breaches or fails to perform in any material respect any of its representations, warranties, covenants or other agreements contained in the Merger Agreement or the Separation and Distribution Agreement such that any of the conditions described above in The Merger Agreement Conditions to the Completion of the Merger would not be satisfied and such failure has not been cured within 60 calendar days after Pentair gives written notice thereof to Tyco or where any such condition is incapable of being satisfied and has not been waived by Pentair.

**Table of Contents****THE SEPARATION AND DISTRIBUTION AGREEMENT AND THE ANCILLARY AGREEMENTS**

Following the Transactions, the Tyco Flow Control Business will be operated by New Pentair independently of Tyco, and neither New Pentair nor Tyco will have any ownership interest in the other. In order to govern certain ongoing relationships between New Pentair, ADT and Tyco after the Distribution and to provide mechanisms for an orderly transition, New Pentair, ADT and Tyco have entered into the Separation and Distribution Agreement and intend to enter into other agreements pursuant to which certain services and rights will be provided for following the Distribution. The following is a summary of the material terms and provisions of the Separation and Distribution Agreement. This summary does not purport to be complete and is qualified in its entirety by reference to the terms and provisions of the Separation and Distribution Agreement, which is attached as Annex B to this proxy statement/prospectus. Shareholders of Pentair are encouraged to read the entire Separation and Distribution Agreement. The Separation and Distribution Agreement has been included to provide Pentair shareholders with information regarding its terms. The Separation and Distribution Agreement is not intended to provide any other factual information about Pentair, Tyco, New Pentair and their affiliates following completion of the Transactions. Information about Pentair, Tyco, New Pentair and their affiliates can be found elsewhere in this proxy statement/prospectus.

Descriptions regarding the assets and liabilities conveyed to New Pentair and retained by Tyco contained in the Separation and Distribution Agreement are qualified by certain information that has been exchanged between Tyco and New Pentair and that is not reflected in the Separation and Distribution Agreement. Accordingly, shareholders should not rely on the general descriptions of assets and liabilities in the Separation and Distribution Agreement, as they have been modified in important ways by the information exchanged between Tyco and New Pentair. Pentair and Tyco do not believe that securities laws require them to disclose publicly any information related to the Separation and Distribution Agreement other than information that has already been so disclosed.

**Separation and Distribution Agreement**

Concurrently with the Merger Agreement, New Pentair entered into a Separation and Distribution Agreement with Tyco and ADT. The Separation and Distribution Agreement sets forth New Pentair's agreement with Tyco and ADT regarding the principal transactions necessary to separate the Tyco Flow Control Business from Tyco. It also sets forth other agreements that govern certain aspects of New Pentair's relationship with Tyco and its subsidiaries, including ADT, after the completion of the Distribution.

*Distribution Overview*

The Separation and Distribution Agreement provides for the Spin-off of the Tyco Flow Control Business from Tyco. Among other things, the agreement sets forth the process by and conditions under which Tyco will spin off the Tyco Flow Control Business to the holders of Tyco common shares; specifies the relevant assets of Tyco and certain of its subsidiaries, including ADT and its subsidiaries, related to the Tyco Flow Control Business to be transferred to New Pentair; and sets forth certain liabilities and covenants to be assumed by Tyco and New Pentair. As consideration for the Spin-off, the Separation and Distribution Agreement provides that, on the distribution date, each holder of Tyco common shares will be entitled to a number of New Pentair common shares determined by a formula based on the number of Pentair and Tyco shares outstanding on a fully-diluted basis and calculated in accordance with the treasury method under U.S. GAAP at 12:01 a.m. Eastern Standard Time on the distribution date.

*Post Closing Working Capital and Net Indebtedness Adjustments*

At the close of business on the day prior to the day that the Distribution is completed, New Pentair is required to have working capital, defined, subject to certain exceptions, as current assets minus current liabilities, in the amount of \$798 million. If the actual amount of the working capital exceeds \$798 million by an amount in excess of \$125 million, New Pentair will pay to Tyco the full amount of the excess. If the actual amount of the working capital is less than \$798 million by an amount in excess of \$125 million, Tyco will pay to New Pentair the full amount of the deficit.

---

**Table of Contents**

Before the close of business on the day prior to the Distribution, a subsidiary of New Pentair will issue an intercompany note to a subsidiary of Tyco in an amount not to exceed \$500 million, which will be repaid at the closing of the Merger with proceeds to New Pentair from a third party financing upon terms negotiated by Pentair. If such third party financing is not available on terms acceptable to the parties, instead of a subsidiary of New Pentair issuing to a subsidiary of Tyco the intercompany note that would be repaid at the closing of the Merger, a subsidiary of New Pentair will issue a one year unsecured bridge note for up to \$500 million to a subsidiary of Tyco in accordance with the Merger Agreement that will bear interest at a rate of 14.0% and be prepayable at any time. New Pentair is then to transfer cash and cash equivalents to Tyco such that, the net indebtedness of New Pentair will be \$275 million as of the close of business on the day prior to the Distribution and as of 12:01 a.m., Eastern Standard Time, on the day of the Distribution. If the actual amount of net indebtedness as of the close of business on the day prior to the Distribution exceeds \$275 million, Tyco will pay to New Pentair the full amount of the excess. If the actual amount of net indebtedness as of the close of business on the day prior to the Distribution is less than \$275 million, New Pentair will pay to Tyco the full amount of the deficit.

*Transfer of Assets*

The Separation and Distribution Agreement identifies certain transfers of assets that are necessary in advance of the Tyco Flow Control Business separation from Tyco so that each of New Pentair and Tyco retains the assets of, and the liabilities associated with, their respective businesses.

The assets to be assigned to or retained by New Pentair or its subsidiaries include the following:

the ownership interests of New Pentair's subsidiaries;

all New Pentair contracts, any rights or claims arising thereunder, and any other rights or claims or contingent rights or claims primarily relating to or arising from any New Pentair asset or the New Pentair business;

any and all assets reflected on New Pentair's audited balance sheet as of September 30, 2011 and any assets acquired by or for New Pentair or any of its subsidiaries subsequent to the date of such balance sheet which, had they been so acquired on or before such date and owned as of such date, would have been reflected on such balance sheet if prepared on a consistent basis, subject to any dispositions of any of such assets subsequent to the date of such balance sheet not made in violation of the Merger Agreement;

rights of New Pentair and its subsidiaries under any insurance policies and contracts, including any rights thereunder arising after the Distribution in respect of any occurrence-based policies;

any and all assets owned or held immediately prior to the Distribution by Tyco or any of its subsidiaries that primarily relate to or are primarily used in the Tyco Flow Control Business;

certain scheduled assets and any and all assets that are expressly contemplated as assets that have been or that are to be transferred to New Pentair or any its subsidiaries; and

subject to certain exceptions, any and all furnishings and office equipment located at a physical site to the extent the ownership or leasehold interest with respect to such physical site is being transferred to or retained by New Pentair.

The Separation and Distribution Agreement provides that the assets to be transferred or assigned to or retained by New Pentair or one of its subsidiaries will not in any event include any assets to the extent they are expressly contemplated to be retained by or transferred to Tyco or its subsidiaries under the Separation and Distribution Agreement or cash or cash equivalents of New Pentair held before the Distribution except to the extent taken into account to determine the amount of New Pentair's required net indebtedness.

The assets to be transferred or assigned to or retained by Tyco or its subsidiaries include the following:

the ownership interests of Tyco's subsidiaries;

**Table of Contents**

any and all rights of Tyco and its subsidiaries under any insurance policies and contracts;

any and all assets owned or held immediately prior to the Distribution by Tyco or any of its subsidiaries that primarily relate to or are primarily used in Tyco's business;

subject to certain exceptions, any and all furnishings and office equipment located at a physical site to the extent the ownership or leasehold interest with respect to such physical site is being transferred to or retained by Tyco.

The Separation and Distribution Agreement provides that the assets transferred or assigned to or retained by Tyco or its subsidiaries will not include any assets to the extent they are expressly contemplated as assets to be retained by or transferred to New Pentair or any of its subsidiaries.

*Assumptions of Liabilities*

The Separation and Distribution Agreement also provides for the settlement or extinguishment of certain liabilities and other obligations between New Pentair and Tyco and identifies the liabilities and other obligations which each of New Pentair and Tyco and their respective subsidiaries will assume or retain.

The liabilities to be assumed or retained by New Pentair or one of its subsidiaries include the following:

certain scheduled liabilities and any and all liabilities that are expressly contemplated as liabilities that have been or that are to be assumed by New Pentair or any of its subsidiaries;

all liabilities reflected as liabilities or obligations on New Pentair's balance sheet as of September 30, 2011, and all liabilities arising or assumed after the date of such balance sheet which, had they arisen or been assumed on or before such date and been retained as of such date, would have been reflected on such balance sheet if prepared on a consistent basis, subject to any discharge of such liabilities subsequent to the date of the balance sheet.

The Separation and Distribution Agreement provides that the liabilities that are to be assumed or retained by New Pentair or one of its subsidiaries will not in any event include any of the following: (v) any liabilities of Yarway Corporation and Gimpel Corporation; (w) any liabilities that are expressly contemplated as liabilities to be retained or assumed by Tyco or any of its other subsidiaries; (x) any contracts expressly assumed or expressly contemplated as liabilities to be assumed by Tyco or any of its subsidiaries; (y) any intercompany payables expressly discharged pursuant to the Separation and Distribution Agreement and (z) any indebtedness for borrowed money or other intercompany payables and loans (other than obligations under capital leases) outstanding as of the Distribution except to the extent taken into account in determining the amount of required net indebtedness.

certain scheduled liabilities and any and all liabilities that are expressly contemplated as liabilities that have been or that are to be assumed by Tyco or any of its subsidiaries (other than New Pentair or any of its subsidiaries);

any liabilities to the extent relating to, arising out of or resulting from any terminated or divested business entity, business or operation formerly and primarily owned or managed by or primarily associated with Tyco or any of its subsidiaries (other than New Pentair or any of its subsidiaries) or Tyco's business (other than the Tyco Flow Control Business);

retained or assumed by New Pentair or any of its subsidiaries; (y) any contracts expressly assumed by New Pentair or any of its subsidiaries; and (z) any intercompany payables expressly discharged pursuant to the Separation and Distribution Agreement. For purposes of determining which liabilities should be assumed or retained by Tyco, any other liabilities that are not New Pentair liabilities shall be Tyco liabilities.

### *Consents and Delayed Transfers*

If any transfers or assumptions are not consummated by the closing of the Transactions, Tyco and New Pentair are to use reasonable best efforts to effect such transfers and assumptions while holding such assets or liabilities for the benefit of the appropriate party so that all the benefits and burdens relating to such asset or liability inure to the party entitled to receive or assume such asset or liability. Tyco and New Pentair are to use reasonable best efforts to obtain consents required to transfer assets and contracts and to novate obligations under contracts and liabilities as necessary to effectuate the Spin-off. Additionally, Tyco and New Pentair will use reasonable best efforts to remove New Pentair as a guarantor of liabilities retained by Tyco and its subsidiaries and to remove Tyco and its subsidiaries as a guarantor of liabilities to be assumed by New Pentair.

### *Shared Contracts*

Certain shared contracts are to be assigned or amended to facilitate the separation of the Tyco Flow Control Business from Tyco. If such contracts may not be assigned or amended, the parties are required to take reasonable actions to cause the appropriate party to receive the benefit of the contract after the Spin-off is complete.

### *Intercompany Arrangements and Guarantees*

A series of intercompany transactions will be undertaken in order to transfer the equity interests in certain subsidiaries of Tyco which hold assets and liabilities associated with the Tyco Flow Control Business to New Pentair. These will include the settlement and forgiveness of intercompany payables and receivables among New Pentair and its subsidiaries and Tyco and its subsidiaries, respectively. Except for matters covered by the Ancillary Agreements or other arm's-length transactions entered into in the ordinary course of business, any and all agreements, arrangements, commitments and understandings, including all intercompany accounts payable or accounts receivable, between New Pentair and its subsidiaries and other affiliates, and Tyco and its subsidiaries and other affiliates, respectively, will terminate as of the distribution date.

### *Mutual Releases and Indemnification*

Except as otherwise provided in the Separation and Distribution Agreement, each of New Pentair, and Tyco has agreed to release the other and its affiliates, successors and assigns, directors, officers, agents and employees from any claims against any of them that arise out of or relate to events, circumstances or actions occurring or failing to occur or any conditions existing at or prior to the time of the Distribution. The Separation and Distribution Agreement, however, provides that neither party will be released from the following liabilities:

with respect to Tyco or any of its subsidiaries (other than New Pentair or any of its subsidiaries), any liability assumed or retained by Tyco or any of its subsidiaries (other than New Pentair or any of its subsidiaries) and, with respect to New Pentair or any of its subsidiaries, any liability of New Pentair assumed or retained by New Pentair or its subsidiaries;

any liability for the sale, lease, construction or receipt of goods, property or services purchased, obtained or used in the ordinary course of business by a party from or on behalf of another party prior to the effective time of the Distribution;

any liability that the parties may have with respect to indemnification or contribution pursuant to the Merger Agreement, the Separation and Distribution Agreement or otherwise for claims brought against the parties by third persons; and

any liability for fraud or willful misconduct.

In addition, nothing will release Tyco from (i) indemnifying any director, officer or employee of New Pentair who was a director, officer or employee of Tyco or any of its affiliates on or prior to the Distribution, to the extent such director, officer or employee is or becomes a named defendant in any action with respect to which he or she was entitled to such indemnification pursuant to then existing obligations or (ii) any liability owed to Pentair pursuant to the Merger Agreement.

Under the Separation and Distribution Agreement, Tyco agreed to indemnify, defend and hold harmless New Pentair from and against any and all indemnifiable losses arising out of, by reason of or otherwise in connection with (a) the liabilities retained or allegedly retained by Tyco, including, after the Distribution, the failure of Tyco or any of its subsidiaries (other than New Pentair or any of its subsidiaries) to pay, perform, fulfill, discharge and, to the extent applicable, comply with, in due course and in full, any such liabilities, (b) any breach by Tyco of any provision of the Separation and Distribution Agreement or any Ancillary Agreement unless such Ancillary Agreement expressly provides for separate indemnification therein, in which case any such indemnification claims shall be made thereunder and (c) any breach by Tyco or any of its affiliates (including New Pentair other than with respect to any post-closing obligation of New Pentair) of any covenant, or inaccuracy of any representation and warranty made by Tyco, in the Merger Agreement that survives the closing of the Merger.

Under the Separation and Distribution Agreement, New Pentair agreed to indemnify, defend and hold harmless Tyco and its subsidiaries (including ADT) from and against any and all indemnifiable losses arising out of, by reason of or otherwise in connection with (a) the Tyco Flow Control Business liabilities or alleged liabilities, including, after the Distribution, the failure of New Pentair or any of its subsidiaries to pay, perform, fulfill, discharge and, to the extent applicable, comply with, in due course and in full, any such liabilities, (b) any breach by New Pentair of any provision of the Separation and Distribution Agreement or any Ancillary Agreement unless such Ancillary Agreement expressly provides for separate indemnification therein, in which case any such indemnification claims shall be made thereunder and (c) any breach by Pentair or any of its affiliates of any covenant, or inaccuracy of any representation and warranty made by Tyco, in the Merger Agreement that survives the closing of the Merger.

Each of Tyco and New Pentair agreed to indemnify, defend and hold harmless ADT and its subsidiaries from and against any and all indemnifiable losses arising out of, by reason of or otherwise in connection with such specified sections of the Separation and Distribution Agreement.

*New Pentair Stock and Incentive Plan*

The Separation and Distribution Agreement provides that, prior to the spin-off, Tyco will cause New Pentair to adopt an equity compensation plan for the benefit of the employees of New Pentair, which will be in a form agreed to by the parties within 90 days following the date of the Separation and Distribution Agreement. In the event that, after reasonable consultation between the parties, the parties are unable to agree on the form of the equity compensation plan, the form of such plan will be based on Pentair's 2008 Omnibus Stock Incentive Plan.

*Non-Solicitation and Non-Competition*

For two years after the Distribution, Tyco, ADT, New Pentair, Pentair and their subsidiaries must refrain from, either directly or indirectly, hiring employees or independent contractors of another party at or above a specified management level (a Restricted Person ) without the prior written consent of the Senior Vice President for Human Resources of such party. In addition, for two years after the Distribution, Tyco, ADT, New Pentair and Pentair must refrain from, either directly or indirectly, soliciting, aiding or inducing any Restricted Person to leave his employment, provided that any general solicitation through advertisements and search firms not specifically directed at employees of the party are permitted, so long as the soliciting party has not encouraged or advised such employment firm to approach any such employee.

For three years following the consummation of the Transactions, neither Tyco, ADT and their subsidiaries, on one hand, nor New Pentair, on the other hand, may establish or acquire any new businesses that involve the sale of products or the provision of services that compete with the business of Tyco and ADT, on one hand, or the business of New Pentair, on the other hand, subject to exceptions for ownership of securities in entities at various specified thresholds.

*Conversion of Equity Awards*

Options to purchase Tyco common shares ( Tyco Options ), restricted stock units with respect to Tyco common shares ( Tyco RSUs ) and performance share units with respect to Tyco common shares ( Tyco PSUs ) and, together with Tyco Options and Tyco RSUs, Tyco Equity Awards ) have been granted to various Tyco employees, including employees in the Tyco Flow Control Business who will become officers and employees of New Pentair following the Spin-off.

Under the terms of the stock and incentive plans under which the outstanding Tyco Equity Awards were issued, the Tyco Compensation Committee has the authority to make equitable adjustments to outstanding Tyco Equity Awards in the event of certain transactions, including the distribution of New Pentair common shares in connection with the Spin-off. Accordingly, the Tyco Compensation Committee has authorized that various adjustments be made to outstanding Tyco Equity Awards to prevent the dilution or enlargement of the benefits or potential benefits intended to be made available under the applicable Tyco Equity Awards following the Spin-off, as discussed below. These adjustments will be made in the same manner for all employees of Tyco who will become employees of New Pentair who hold Tyco Equity Awards. Any options to purchase, or awards relating to, New Pentair common shares issued in connection with such adjustments will be our obligations.

New Pentair intend to file a registration statement with respect to New Pentair common shares issuable upon exercise, or vesting, of the equity awards that New Pentair issues, as soon as practicable following the effective date of the Distribution.

**Treatment of Tyco Options**

Each Tyco Option that is held, as of the Distribution, by a Tyco employee who will become an employee of New Pentair following the Spin-off (other than a Tyco Option held by a Tyco corporate-level employee that was granted prior to October 12, 2011), will be converted into an option to acquire New Pentair common shares, in the following manner:

each converted option will be exercisable for a number of New Pentair common shares determined by multiplying the number of Tyco common shares for which the option is exercisable by a fraction, the numerator of which is the closing regular-way trading price of Tyco common shares on the NYSE on the last trading day immediately prior to the Distribution, and the denominator of which is the when-issued closing trading price of the New Pentair common shares on the NYSE on the last trading day immediately prior to the Distribution (or, in the absence of a when-issued trading market with respect to New Pentair, the closing price of Pentair common shares on the NYSE on the last trading day immediately prior to the Distribution), rounded down to the nearest whole share; and

**Table of Contents**

each converted option will have an exercise price equal to the exercise price of the applicable Tyco Option prior to the Distribution multiplied by a fraction, the numerator of which is the when-issued closing trading price of the New Pentair common shares on the NYSE on the last trading day immediately prior to the Distribution (or, in the absence of a when-issued trading market with respect to New Pentair, the closing price of Pentair common shares on the NYSE on the last trading day immediately prior to the Distribution) and the denominator of which is the closing regular-way trading price of Tyco common shares on the NYSE on the last trading day immediately prior to the Distribution, rounded up to the nearest hundredth of a cent.

Each Tyco Option that was granted prior to October 12, 2011 and that is held, as of the Distribution, by a Tyco director or by certain specified corporate-level employees of Tyco who will not become employees of New Pentair following the Spin-off, will be converted into an option to separately acquire an equal number of New Pentair common shares and Tyco common shares and, assuming the ADT Distribution occurs simultaneously, ADT shares of common stock in the following manner:

the adjusted number of shares subject to each option to acquire:

Tyco shares will be determined by multiplying the number of Tyco shares for which the Tyco Option is exercisable by a fraction, the numerator of which is the aggregate spread of the original Tyco Option, calculated by reference to the closing regular-way trading price of Tyco common shares on the NYSE on the last trading day immediately prior to the Distribution, and the denominator of which is the sum of (a) the ex-distribution closing trading price of Tyco common shares on the NYSE on the last trading day immediately prior to the Distributions minus the adjusted exercise price for Tyco options described below, (b) the product of (1) the when-issued closing trading price of the New Pentair common shares on the NYSE on the last trading day immediately prior to the Distributions (or, in the absence of a when-issued trading market with respect to New Pentair, the closing price of Pentair common shares on the NYSE on the last trading day immediately prior to the Distributions) minus the adjusted exercise price for the New Pentair options described below and (2) the distribution ratio for shares of New Pentair (which shall be determined on the distribution date), and (c) the product of (1) the when-issued closing trading price of ADT common shares on the NYSE on the last trading day immediately prior to the Distributions minus the adjusted exercise price for ADT options described below and (2) the distribution ratio for shares of ADT of 0.5 (based on one ADT common share for every two Tyco common shares outstanding as of the record date), rounded down to the nearest whole share;

New Pentair shares will be determined by multiplying the number of Tyco shares subject to the converted option by the distribution ratio for shares of New Pentair (which shall be determined on the distribution date); and

ADT shares will be determined by multiplying the number of Tyco shares subject to the converted option by the distribution ratio for shares of ADT of 0.5 (based on one ADT common share for every two Tyco common shares outstanding as of the record date).

each converted option will have an exercise price as follows: The exercise price of each New Pentair option will be equal to the exercise price of the applicable Tyco Option prior to the Distribution multiplied by a fraction, the numerator of which is the when-issued closing trading price of New Pentair common shares on the NYSE on the last trading day immediately prior to the Distribution (or in the absence of a when-issued trading market, the closing price of Pentair common shares on the NYSE on the last trading day immediately prior to the Distribution) and the denominator of which is the closing regular-way trading price of Tyco common shares on the NYSE on the last trading day immediately prior to the Distribution, rounded up to the nearest hundredth of a cent; the exercise price of each ADT option will be equal to the exercise price of the applicable Tyco Option prior to the ADT Distribution multiplied by a fraction, the numerator of which is the when-issued closing trading price of ADT common shares on the NYSE on the last trading day immediately prior to the ADT Distribution and the denominator of which is the closing regular-way trading price of Tyco common shares on the NYSE on the last trading day immediately prior to the ADT Distribution, rounded up to the nearest hundredth of a cent; and the exercise price of each Tyco option will

be equal to the exercise price of the Tyco option prior to the Distributions multiplied by a fraction, the numerator of which is the ex-distribution closing trading price of Tyco common shares on the NYSE on the last trading day immediately prior to the Distributions and the denominator of which is the closing regular-way trading price of Tyco common shares on the NYSE on the last trading day immediately prior to the Distributions, rounded up to the nearest hundredth of a cent.

Each converted option will take into account all employment with both Tyco and New Pentair for purposes of determining when the option vests and terminates.

### Treatment of Tyco RSUs

Except as provided below, each Tyco RSU that was granted on or after October 12, 2011 and that is held, as of the Distribution, by a Tyco employee who will become an employee of New Pentair following the Spin-off, will be converted into a number of New Pentair restricted stock units determined by multiplying the number of Tyco RSUs by a fraction, the numerator of which is the closing regular-way trading price of Tyco common shares on the NYSE on the last trading day immediately prior to the Distribution and the denominator of which is the when-issued closing trading price of the New Pentair common shares on the NYSE on the last trading day immediately prior to the Distribution (or, in the absence of a when-issued trading market with respect to New Pentair, the closing price of Pentair common shares on the NYSE on the last trading day immediately prior to the Distribution).

Each Tyco RSU that (i) was granted prior to October 12, 2011, and that is outstanding, as of the Distribution, or (ii) that is held by former Tyco employees or former members of the Tyco board of directors who no longer serve on Tyco's board of directors as of the Spin-off, will be converted into the right to receive, in addition to the Tyco RSUs, an additional award of ADT restricted stock units and New Pentair restricted stock units. The number of additional restricted stock units of ADT and New Pentair will equal the number of common shares that the holder thereof would be entitled to if such restricted stock units were with respect to Tyco common shares.

The Distribution will not have any other effect on the Tyco RSUs being converted to ADT, New Pentair or new Tyco restricted stock units, as applicable, and such converted restricted stock units will be subject to the same terms and conditions as apply to Tyco RSUs. Each converted restricted stock unit will take into account all employment with both Tyco and New Pentair for purposes of determining when the award vests. Fractional restricted stock units will be adjusted or compensated by the Tyco Compensation Committee as appropriate in the sole discretion of the Tyco Compensation Committee.

### Treatment of Tyco PSUs

Each Tyco PSU outstanding as of June 29, 2012 that is held by a Tyco employee who will become an employee of New Pentair following the Spin-off, will be converted into Tyco restricted stock units based on performance results through June 29, 2012. The resulting Tyco RSUs held as of the Distribution will then be converted into the right to receive a number of New Pentair RSUs determined by multiplying the number of such Tyco RSUs by a fraction, the numerator of which is the closing regular-way trading price of Tyco common shares on the NYSE on the last trading day immediately prior to the Distribution and the denominator of which is the when-issued closing trading price of the New Pentair common shares on the NYSE on the last trading day immediately prior to the Distribution (or, in the absence of a when-issued trading market with respect to New Pentair, the closing price of Pentair common shares on the last trading day immediately prior to the Distribution), rounded down to the nearest whole share. The Tyco Compensation Committee will determine the level of performance attained with respect to the Tyco PSUs that convert into Tyco RSUs as of June 29, 2012.

Each Tyco PSU (i) that was granted prior to October 12, 2011 and that is held, as of June 29, 2012, by certain specified corporate-level employees of Tyco who will not become employees of New Pentair following

## **Table of Contents**

the Spin-off or (ii) that is held by former Tyco employees, will be converted into Tyco RSUs based on performance results through June 29, 2012. As of the distribution date, such Tyco RSUs will be converted into the right to receive the same number of Tyco RSUs and an additional award of ADT restricted stock units and New Pentair restricted stock units. The number of additional restricted stock units of ADT and New Pentair will equal the number of common shares that the holder thereof would be entitled to if such restricted stock units were with respect to Tyco common shares.

The Tyco PSUs that are ultimately converted into New Pentair restricted stock units will have a vesting period that is identical to the vesting period for the Tyco PSUs (generally, three years from grant date), and will take into account all employment with Tyco and New Pentair for these purposes. All other terms and conditions of the converted awards will be equivalent to those that apply to Tyco PSUs. Fractional shares will be adjusted or compensated by the Tyco Compensation Committee as appropriate in the sole discretion of the Tyco Compensation Committee.

As a result of the Distribution and the conversion of Tyco Options, Tyco RSUs, Tyco PSUs and Tyco deferred stock units held by Tyco corporate-level employees or by former Tyco employees, former New Pentair employees, or former members of the Tyco board of directors who no longer serve on the Tyco board of directors as of the Spin-off (which will be converted into deferred stock units of each of the three publicly traded companies in the same manner as common shares), there will be outstanding options to acquire approximately 12.5 million New Pentair common shares, and approximately 3 million New Pentair common shares subject to outstanding restricted stock unit and deferred stock unit awards.

### *Employee Matters*

The Separation and Distribution Agreement sets forth the agreements between Tyco and New Pentair as to certain employee compensation and benefit matters. In general, employees of New Pentair participate in various Tyco retirement, health and welfare and other employee benefit plans. After the Distribution, it is anticipated that employees of New Pentair will generally participate in similar plans and arrangements established and maintained by New Pentair. Except as expressly provided in the Separation and Distribution Agreement, New Pentair employees will immediately cease active participation in Tyco benefit plans.

### *Exchange of Information*

New Pentair and Tyco have agreed to provide each other with information reasonably necessary to comply with reporting, disclosure, filing or other requirements of any national securities exchange or governmental authority, for use in judicial, regulatory, administrative and other proceedings and to satisfy audit, accounting, litigation and other similar requests. New Pentair, ADT and Tyco have also agreed to retain such information until the latest of (i) seven years following the distribution date or (ii) the date on which such records are no longer required to be retained pursuant to each party's applicable record retention policy and schedules as in effect immediately prior to the distribution date.

### *Conditions and Termination*

Under the terms of the Separation and Distribution Agreement, the consummation of the Distribution is conditioned upon (i) the satisfaction (or waiver by Tyco) of each of the conditions to Tyco's obligation to effect the closing of the transactions contemplated by the Merger Agreement (other than the consummation of the Distribution) as described in The Merger Agreement Conditions to Completion of the Merger and (ii) each of Tyco and Pentair having irrevocably confirmed to the other that each of the conditions to its obligations to effect the closing of the Merger has been satisfied or waived and that it is prepared to proceed with the Merger. For a more detailed description of the Merger conditions, see The Merger Agreement Conditions to Completion of the Merger.

**Table of Contents**

The Separation and Distribution Agreement provides that prior to the distribution date it may be terminated by the mutual consent of Tyco, New Pentair and ADT, but only in the event that the Merger Agreement has been terminated pursuant to its terms.

*Parties in Interest*

The Separation and Distribution Agreement provides that Pentair is a third party beneficiary and that the Separation and Distribution Agreement may not be amended, and the rights under the Separation and Distribution Agreement may not be waived, without the prior written consent of Pentair. In addition, under the Merger Agreement, Tyco and New Pentair are obligated to keep Pentair reasonably informed of their progress in obtaining any necessary or advisable consents or governmental approvals, and other aspects of the Spin-off and Distribution.

**Transition Services Agreement**

New Pentair intends to enter into a Transition Services Agreement with Tyco in connection with the Transactions. Pursuant to this agreement, New Pentair and Tyco will provide to each other certain transition services from the period beginning on or prior to the distribution date and generally ending within two years after the commencement of such services, subject in certain cases to the right of the service recipient to terminate services early. The transition services to be provided under the agreement are intended to facilitate an orderly and efficient separation of the Tyco Flow Control Business from Tyco's remaining businesses. The fees payable by a service recipient under the agreement are on an arm's length basis and generally based on the cost of services provided plus associated taxes, costs and expenses.

**Tax Sharing Agreement**

Prior to the Distribution, New Pentair intends to enter into the 2012 Tax Sharing Agreement with Tyco and ADT that will govern the respective rights, responsibilities and obligations of Tyco, ADT and New Pentair after the Spin-off with respect to tax liabilities and benefits, tax attributes, tax contests and other tax matters regarding income taxes, other taxes and related tax returns. Because certain of New Pentair's subsidiaries are members of one of Tyco's U.S. consolidated groups, it has (and will continue to have following the Spin-off) several liability with Tyco to the IRS for the consolidated U.S. federal income taxes of such consolidated group relating to the taxable periods in which its subsidiaries were part of such consolidated group. New Pentair expects that the 2012 Tax Sharing Agreement will provide that New Pentair, Tyco and ADT will share (i) certain pre-Distribution income tax liabilities that arise from adjustments made by tax authorities to New Pentair's, Tyco's and ADT's U.S. income tax returns, and (ii) payments required to be made by Tyco with respect to the 2007 Tax Sharing Agreement (collectively, Shared Tax Liabilities). Tyco will be responsible for the first \$500 million of Shared Tax Liabilities. New Pentair and ADT will share 42% and 58%, respectively, of the next \$225 million of Shared Tax Liabilities. New Pentair, ADT and Tyco will share 20%, 27.5% and 52.5%, respectively, of Shared Tax Liabilities above \$725 million.

In the event the Distribution, the ADT Distribution, or certain internal transactions undertaken in connection therewith were determined to be taxable as a result of actions taken after the Distributions by New Pentair, ADT or Tyco, the party responsible for such failure would be responsible for all taxes imposed on New Pentair, ADT or Tyco as a result thereof. Taxes resulting from the determination that the Distribution, the ADT Distribution, or any internal transaction that was intended to be tax-free, is taxable are referred to herein as Distribution Taxes. If such failure is not the result of actions taken after the Distributions by New Pentair, ADT or Tyco, then New Pentair, ADT and Tyco would be responsible for any Distribution Taxes imposed on New Pentair, ADT or Tyco as a result of such determination in the same manner and in the same proportions as the parties share Shared Tax Liabilities. ADT will have sole responsibility for any income tax liability arising as a result of Tyco's acquisition of Brink's Home Security Holdings, Inc. ( BHS ) in May 2010, including any liability of BHS under the tax sharing agreement between BHS and The Brink's Company dated October 31, 2008 (collectively, the BHS Tax

**Table of Contents**

Liabilities ). Costs and expenses associated with the management of Shared Tax Liabilities, Distribution Taxes and BHS Tax Liabilities will generally be shared 20% by New Pentair, 27.5% by ADT and 52.5% by Tyco. New Pentair is responsible for all of its own taxes that are not shared pursuant to the 2012 Tax Sharing Agreement's sharing formulae. Tyco and ADT are responsible for their tax liabilities that are not subject to the 2012 Tax Sharing Agreement's sharing formulae.

The 2012 Tax Sharing Agreement is also expected to provide that, if any party were to default in its obligation to another party to pay its share of the Distribution Taxes that arise as a result of no party's fault, each non-defaulting party would be required to pay, equally with any other non-defaulting party, the amounts in default. In addition, if another party to the 2012 Tax Sharing Agreement that is responsible for all or a portion of an income tax liability were to default in its payment of such liability to a taxing authority, New Pentair could be legally liable under applicable tax law for such liabilities and required to make additional tax payments. Accordingly, under certain circumstances, New Pentair may be obligated to pay amounts in excess of its agreed-upon share of its, Tyco's and ADT's tax liabilities.

Each of New Pentair, Tyco and ADT will agree to indemnify the other two parties against any amounts paid by such other parties pursuant to the 2012 Tax Sharing Agreement and with respect to which such paying parties are not responsible pursuant to the 2012 Tax Sharing Agreement. Though valid as between the parties, the 2012 Tax Sharing Agreement will not be binding on the IRS.

Under the 2012 Tax Sharing Agreement, there will be restrictions on New Pentair's ability to take actions that could cause the Distribution or certain internal transactions undertaken in anticipation of the Distribution to fail to qualify for favorable treatment under the Code, including entering into, approving or allowing any transaction that results in a change in ownership of more than 35% of its common shares (when combined with any other changes in ownership of its shares), a redemption of equity securities, a sale or other disposition of more than 35% of its assets or engaging in certain internal transactions. These restrictions will apply for the two-year period after the Distribution, unless, for certain transactions, it obtains the consent of Tyco and ADT or it obtains a private letter ruling from the IRS or an unqualified opinion of a nationally recognized law firm that such action will not cause the Distribution or the internal transactions undertaken in anticipation of the Distribution to fail to qualify for favorable treatment under the Code, and such letter ruling or opinion, as the case may be, is acceptable to Tyco and ADT. Moreover, the 2012 Tax Sharing Agreement will also provide that New Pentair is responsible for any taxes imposed on Tyco, ADT or any of their affiliates as a result of the failure of the Distribution or the internal transactions to qualify for favorable treatment under the Code if such failure is attributable to certain post-Distribution actions taken by or in respect of it, any of its affiliates or its shareholders, regardless of whether the actions occur more than two years after the Distribution, Tyco and ADT consent to such actions or it obtains a favorable letter ruling or opinion of tax counsel as described above. For example, New Pentair would be responsible for a third party's acquisition of it at a time and in a manner that would cause such failure. These restrictions may prevent it from entering into transactions which might be advantageous to it or its shareholders.

**Tyco Flow Control Transitional Trademark License Agreements***GRINNELL Trademarks*

Prior to the Spin-off, New Pentair will enter into a Transitional Trademark License Agreement ( Grinnell TTLA ) with Grinnell, LLC, an indirect wholly-owned subsidiary of Tyco ( Grinnell ). The license will allow New Pentair to use certain trademarks, including GRINNELL FLOW CONTROL, GRINNELLONLINE.COM and a stylized version of the Grinnell mark (the Grinnell TTLA Licensed Marks ) effective at the time of the Distribution and for a period of 5 years thereafter, subject to certain termination provisions. Grinnell will grant to New Pentair a fully paid-up, worldwide license to use the Grinnell TTLA Licensed Marks for specified activities related to the Tyco Flow Control Business' existing operations.

New Pentair may not assign the Grinnell TTLA without the prior written consent of Grinnell in its sole discretion, and such consent shall be required in connection with a merger, change of control, reorganization, assumption in bankruptcy or equity or asset sale.

*TYCO Trademarks*

Prior to the Spin-off, New Pentair will enter into a Transitional Trademark License Agreement ( Tyco TTLA ) with Tyco International Services Holding GmbH, an indirect wholly-owned subsidiary of Tyco ( Tyco Services ). The license will allow New Pentair to use certain trademarks that contain the Tyco name and were used in the Tyco Flow Control Business on or prior to the Distribution, including TYCO THERMAL CONTROLS and TYCO FLOW CONTROL (the Tyco TTLA Licensed Marks ) effective at the time of the Distribution and for a period of 2 years thereafter, subject to certain termination provisions. Tyco Services will grant to New Pentair a fully paid-up, worldwide license to use the Tyco TTLA Licensed Marks for specified industrial flow control products and services, including the design, manufacture and servicing of engineered valves, actuation and controls, electric heat management solutions and water transmission and distribution products and services sold or provided by the Tyco Flow Control Business existing operations.

New Pentair may not assign the Tyco TTLA without the prior written consent of Tyco Services in its sole discretion, and such consent shall be required in connection with a merger, change of control, reorganization, assumption in bankruptcy or equity or asset sale.

**DEBT FINANCING**

**Existing Pentair Indebtedness**

Pentair has a Fourth Amended and Restated Credit Agreement (the "Pentair Credit Facility") that creates an unsecured, committed credit facility of up to \$700 million, with multi-currency sub facilities to support investments outside the U.S. The Pentair Credit Facility expires on April 28, 2016. Borrowings under the Pentair Credit Facility currently bear interest at the rate of London Interbank Offered Rate ("LIBOR") plus 1.75%. Interest rates and fees on the Pentair Credit Facility will vary based on Pentair's credit ratings. Total availability under the Pentair Credit Facility was \$487.4 million, of which \$205.6 million was outstanding, as of June 30, 2012.

Pentair is authorized to sell short-term commercial paper notes to the extent availability exists under the Pentair Credit Facility. Pentair uses the Pentair Credit Facility as back-up liquidity to support 100% of commercial paper outstanding. As of June 30, 2012, Pentair had \$7.0 million of commercial paper outstanding.

In addition to the Pentair Credit Facility, Pentair has various other credit facilities with an aggregate availability of \$73.1 million, of which \$7.6 million was outstanding at June 30, 2012. Borrowings under these credit facilities bear interest at variable rates.

Pentair has outstanding \$500 million aggregate principal amount of 5.00% Senior Notes due 2021 (the "Notes") that were issued in a public offering in May 2011. The Notes are guaranteed by certain of Pentair's wholly owned domestic subsidiaries that are also guarantors under the Credit Facility.

Pentair has outstanding \$400 million aggregate principal amount of private placement, fixed rate notes that had an average interest rate of 5.65% as of June 30, 2012 and mature between 2013 and 2017. Pentair has outstanding \$100 million aggregate principal amount of private placement, floating rate notes that had an average interest rate of 1.07% as of June 30, 2012 and matures in 2013.

In connection with the consummation of the Transactions, Pentair may refinance some or all of this indebtedness, subject to the terms of the Merger Agreement, which provides that Pentair may not repay, incur or refinance any indebtedness to the extent such action would cause Pentair not to be rated investment grade by a ratings agency.

**New Pentair Financing**

Prior to the Distribution, a subsidiary of New Pentair will issue an intercompany note to a subsidiary of Tyco in an amount not to exceed \$500 million. Concurrently with the closing of the Merger, New Pentair will repay the intercompany note.

Prior to the consummation of the Transactions, a subsidiary of New Pentair plans to issue unsecured senior notes in an amount up to \$900 million that will be guaranteed by New Pentair. The net proceeds from the issuance of the senior notes will be held in escrow until the completion of the Merger. New Pentair plans to use the net proceeds from the issuance of the senior notes to repay \$500 million of Pentair private placement notes and the intercompany note. However, the issuance of the senior notes is not a condition to the Merger and New Pentair cannot provide any assurance that it will complete the issuance of the senior notes. See "The Merger Agreement" Financing.

Prior to the consummation of the Transactions, Pentair plans to execute a credit agreement with a syndicate of banks providing for an unsecured, committed senior credit facility of up to \$1.2 billion that will become effective upon completion of the Merger. Upon completion of the Merger, New Pentair will become a guarantor of, and a subsidiary of New Pentair will become a borrower under, the senior credit facility. New Pentair plans to use availability under the senior credit facility to repay borrowings outstanding under the Pentair Credit Facility as of the completion of the Merger and, if the senior notes are not issued, to repay the intercompany note.

**Table of Contents**

In the event that New Pentair is unable to enter into the senior credit facility or issue the senior notes on acceptable terms, instead of a subsidiary of New Pentair issuing to a subsidiary of Tyco the intercompany note that would be repaid at the closing of the Merger, a subsidiary of New Pentair will issue a one year unsecured bridge note for up to \$500 million to a subsidiary of Tyco that will bear interest at a rate of 14.0% and be prepayable at any time.

After accounting for the issuance of either the intercompany note or the bridge note, the payment of transaction expenses and transfer of any excess cash to Tyco, but not taking into account any third party financing, New Pentair will have a net indebtedness immediately prior to the Distribution of \$275 million.

New Pentair expects to have pro forma aggregate long-term debt of approximately \$1.7 billion at the closing of the Merger.

For a discussion of the share of revenue contributed by each segment during each of the last three fiscal years and the share of total assets held by each segment at the end of each of those years, see Note 16 ( Combined Segment Data ) to the Tyco Flow Control Business Audited Combined Financial Statements included elsewhere in this proxy statement/prospectus.

*Valves & Controls*

Valves & Controls, the Tyco Flow Control Business largest business segment, had net revenue of \$2.2 billion in fiscal year 2011, representing 61% of the Tyco Flow Control Business total net revenue for the year. A global business, it is one of the world s largest manufacturers of valves, actuators and controls. It provides leading products, services and solutions for many of the most challenging flow applications (such as extreme pressure or temperature) in the general process, oil & gas, power generation and mining industries. Its highly diversified customer base includes thousands of businesses spanning major industrial markets worldwide. Valves & Controls global presence is supported by a network of 30 major manufacturing facilities and 69 after-market service centers strategically located worldwide.

The Tyco Flow Control Business believes that Valves & Controls brands are among the most trusted in the industry for quality and reliability. Several of those brands including Keystone, Vanessa, Crosby, Sempell, KTM and Biffi created the product categories in which they operate, and they maintain their reputation as trusted innovators. Valves & Controls products are primarily custom-designed pieces of equipment tailored to specific applications, although the segment also produces standardized off-the-shelf products.

## **Table of Contents**

Valves & Controls major product categories include the following:

**Valves.** The Tyco Flow Control Business offers a wide range of valves, including pressure relief, butterfly, ball, triple offset, gate/globe/check and other specialty valves. The valves vary in size (from 20 mm up to 4,300 mm), pressure class (from vacuum up to 720 bar) and materials (including bronze, steel and corrosion-resistant alloys), to handle a wide range of temperatures and substances (including liquids, gases, slurries, corrosives and flammables). The Tyco Flow Control Business believes that this product breadth enables it to more effectively meet customer needs than many of the Tyco Flow Control Business competitors are able to do. The Tyco Flow Control Business has built a reputation for expertise and reliable service by working closely with its customers in designing or selecting the specific valves that best serve their processes, applications and cost considerations. Some of the valve types most commonly offered by the Tyco Flow Control Business include the following:

*Pressure Relief Valves and Related Products.* The Tyco Flow Control Business pressure relief valves are often mission-critical safety equipment, offering over-pressure protection for its customers employees, assets and processes. The Tyco Flow Control Business Crosby line of direct spring-operated safety and relief valves has been among the world s most widely used pressure relief lines since it was pioneered in 1874. The Tyco Flow Control Business couples its pressure relief valves with pressure management products such as remote sensors and lift indicators, which help its customers identify over-pressure scenarios at an early stage. Typical applications for pressure relief valves include gas systems, offshore platforms and nuclear facilities.

*Butterfly Valves.* Keystone, one of the Tyco Flow Control Business leading brands, launched the first rubber-seated butterfly valve in 1951. The butterfly valve provides a bubble-tight shutoff, requires only a quarter-turn (90 degrees) to open or close, can be used for isolation as well as flow control, and is smaller, lighter and generally less expensive than comparable ball valves. Butterfly valves are most commonly used for lower pressure, non-corrosive applications, such as general utility, air handling, water lines and wastewater applications. The Tyco Flow Control Business has refined butterfly valve technology to offer a longer life cycle and to suit most applications for isolation and control of non-corrosive liquids, gases and slurries. The Tyco Flow Control Business complements its butterfly valves with direct-mount actuation packages that eliminate the need for brackets and couplings.

*Ball Valves.* The Tyco Flow Control Business manufactures and markets a diverse range of standard and customized ball valves that can be configured to suit most process applications, both critical and non-critical. Applications include water lines, air lines, general utility applications, oil & gas pipelines, subsea lines, offshore platforms and petrochemical and refining processes. Where safety is paramount due to the critical nature of the application, the Tyco Flow Control Business ball valves meet that need by providing zero-leakage shutoff and pressure ranges that exceed those of most other valve types.

*Triple Offset Valves.* In the mid-1970s, the Tyco Flow Control Business introduced its Vanessa triple offset valve. Over time, this brand introduced revolutionary metal-to-metal seating, zero-leakage triple offset valve technology. Vanessa remains the leading manufacturer of high-technology rotary process valves, which have replaced gate and ball valves in many applications by achieving higher performance, lower cost, tighter shutoff and more reliable sealing. Triple offset valves are used extensively in the extraction, processing, refining, storing and transporting of hydrocarbons and liquefied gases; chemical and petrochemical processing; power generation; district heating; pulp and paper processing; and sugar refining. The Tyco Flow Control Business believes that as triple offset valves are increasingly accepted in more diverse applications, its sales of these valves will continue to grow as a percentage of total segment sales over the next several years.

**Actuation & Controls.** Actuation products open and close valves, and control products automate actuated valves. The Tyco Flow Control Business actuation products include pneumatic, hydraulic and electric actuators, and the Tyco Flow Control Business control products include limit switches, solenoid valves, valve positioners, rotary and linear valve position and control monitors, customized control panels, and network systems and accessories. The Tyco Flow Control Business Biffi business has been a leading manufacturer of valve actuators

for more than 50 years, offering a comprehensive selection of standard as well as specially designed actuation products (including gas-hydraulic and subsea actuators). The Tyco Flow Control Business Westlock business is a leading supplier of innovative solutions for the monitoring and control of process valves.

The Tyco Flow Control Business believes that the combination of its valve products, its actuation and control products and its engineering expertise enables the Tyco Flow Control Business to offer its customers complete, integrated valve automation solutions across the industries the Tyco Flow Control Business serves. Many customers look to the Tyco Flow Control Business early in their industrial planning processes to design innovative solutions to complex problems. After the design stage, the Tyco Flow Control Business is able to implement solutions at the local level through its worldwide network of after-market service centers. The centers integrate various products at the Tyco Flow Control Business sites in order to prepare installation-ready solutions for delivery to customers sites. To better serve customers, the Tyco Flow Control Business often integrates its products with third-party products and repair or overhaul customers existing third-party equipment at its after-market service centers.

The segment s extensive worldwide sales force, which includes many highly skilled engineers, provides customers with sales support that the Tyco Flow Control Business believes differentiates it in a highly fragmented market. Such support includes design and selection recommendations. The Tyco Flow Control Business attempts to engage customers as early as possible or continuously in the case of the Tyco Flow Control Business larger customers in their project planning process so that the Tyco Flow Control Business can help design solutions to complicated flow problems. Many of the Tyco Flow Control Business customer engagements, especially those involving large projects, have significantly long lead times. The timeline from early planning through product package award for a large project can range from one to five years. When the Tyco Flow Control Business is awarded the contract for a large project, the Tyco Flow Control Business timeline for project completion and invoice satisfaction is generally 6 12 months. Accordingly, the Tyco Flow Control Business invests in building customer relationships over the long term, which sometimes results in the Tyco Flow Control Business investing considerable time and resources in bidding for capital projects that it does not win or that are not completed by customers because of economic or other factors.

The Tyco Flow Control Business sales organization is built around local technical sales talent serving industrial sites on a local level. The Tyco Flow Control Business sales organization predominantly comprises direct sales professionals, but also includes many valued local business partners serving as distributors, manufacturer s representatives and agents. In fiscal year 2010, the Tyco Flow Control Business reorganized its global sales organization along industry lines and supplemented the Tyco Flow Control Business local sales capability with global account teams focused on the Tyco Flow Control Business largest customers. These teams are responsible for negotiating large projects and framework agreements, and for ensuring that the Tyco Flow Control Business local sales organizations provide consistent and coordinated support to customers sites. The Tyco Flow Control Business believes that the combination of local and global sales organizations gives it the depth and flexibility to adapt to the multifaceted needs of the Tyco Flow Control Business markets, including the needs of both small, specialized local customers and the industry s largest global customers.

The Tyco Flow Control Business believes that one of Valves & Controls distinguishing capabilities is its global services network. Because the Tyco Flow Control Business valves are commonly engineered for a customer s specific application, customers strongly prefer to obtain support from the Tyco Flow Control Business after-market service centers for their service requirements. This helps them avoid costly and time-consuming compatibility problems, the disruption of critical processes and the need for recertification of system designs. In certain industries (e.g., nuclear power generation, where the Tyco Flow Control Business has the American Society of Mechanical Engineers N Stamp certification) and for certain applications (e.g., those involving pressure relief valves), the prior certification of the Tyco Flow Control Business products or installations by regulators or standards organizations results in a low incidence of customers switching to competitors products for repairs and replacements. The Tyco Flow Control Business has 69 Valves & Controls after-market service centers globally, and the Tyco Flow Control Business continues to add new after-market service centers near its customers installations.

### *Thermal Controls*

Thermal Controls is a leading provider of complete electric heat management solutions for industrial and commercial facilities. The segment has operations in more than 20 countries and experience managing industrial heat management projects around the world. Thermal Controls had net revenue of \$734 million in fiscal year 2011, representing 20% of the Tyco Flow Control Business total net revenue for the year.

The Tyco Flow Control Business believes that Thermal Controls is one of the largest industrial electric heat tracing businesses in the world. Electric heat tracing is the application of an electrical heating element along the length of a pipe or around a vessel to maintain or increase its temperature in order to prevent freezing or solidification or to facilitate an industrial or chemical process. Besides heat tracing, the Tyco Flow Control Business products include floor and specialty heating, electronic controls, leak detection and fire and performance wiring products. Some of these products are sold under brand names that have been trusted in the industry for more than 75 years. The Tyco Flow Control Business Raychem brand introduced the first self-regulating heating cable, which soon became the industry standard for pipe freeze protection and temperature maintenance applications. Over the past several years, the Tyco Flow Control Business Tracer business line has established a new market for turnkey electric heat management solutions for the Tyco Flow Control Business industrial customers. One of the keys to the Tyco Flow Control Business success in expanding this market has been the ability to provide safe, reliable end-to-end heat management solutions for the Tyco Flow Control Business customers processing needs at a lower total life cycle cost. The Tyco Flow Control Business serves thousands of diverse customers ranging from large global industrial companies to hospitality businesses and residential, commercial and institutional architects and contractors.

Thermal Controls is managed on a regional basis and operates the following four principal business lines:

***Industrial Heat Management Products.*** This business offers a complete line of electric heat tracing products for a wide variety of industrial applications, including process temperature maintenance, freeze protection of pipes and vessels, long-pipeline heating, tank heating and insulation, and power distribution. The Tyco Flow Control Business believes its industrial heat management systems is among the most advanced control and monitoring systems in the heat tracing industry. The Tyco Flow Control Business believes its electric heat management products generally offer lower installation and maintenance costs and more precise operational control than more traditional low-pressure-steam heat tracing solutions.

***Tracer Turnkey Solutions*** This business offers a complete line of turnkey heat management solutions for all phases of an electric heat tracing project. Services offered include front-end engineering, start-up and commissioning, field construction, project management, quality assurance, and maintenance and auditing. By managing and executing all aspects of the heat tracing system design, installation and maintenance, the Tyco Flow Control Business provides a single interface to the project team on the customer side, which the Tyco Flow Control Business believes increases its value to customers. Much of the Tyco Flow Control Business revenue from turnkey management solutions is derived from long-lead-time, major capital projects, whose timing and scope are subject to change based on customer scheduling and other factors outside the Tyco Flow Control Business control. These major capital projects can take 2-3 years from concept to inception, and an additional 2-3 years to execute. Therefore, this business is subject to significant fluctuations from period to period.

***Building & Infrastructure Solutions.*** This business offers an array of smart, system-based products and services for the commercial, residential and infrastructure markets. The Tyco Flow Control Business groups applications in this business into two categories: safety and comfort. Safety applications include pipe freeze protection, flow maintenance, rail heating, fire-rated and specialty wiring, surface snow melting, and roof and gutter de-icing. Comfort applications, which are designed to increase comfort and convenience and save energy costs, include mainly floor heating solutions and hot-water-temperature maintenance solutions.

***Engineered & Specialty Technologies.*** This line offers customized product solutions (including full design and development services) for a variety of critical industry applications. Technologies include electrothermal down-

hole heating for enhanced oil recovery and flow assurance; tip clearance sensors for the power generation and aerospace industries; and liquid-leak-detection systems for water, hydrocarbon and environmental applications.

In fiscal year 2011, Thermal Controls generated more than 77% of its revenue from customers in the oil & gas, general process and power generation industries. The Tyco Flow Control Business has maintained strong relationships with many of these customers for decades. Such relationships have enabled the Tyco Flow Control Business to develop a highly innovative and collaborative culture, designed to quickly react to, and in many cases proactively address, its customers' constantly evolving needs. Where possible, Thermal Controls seeks to work directly with industrial customers on the front end of project development in order to deliver comprehensive product and service packages. Included in such packages are design, engineering, procurement, fabrication, installation, project management and longer term MRO agreements. Accordingly, Thermal Controls operates a global network of six major manufacturing facilities and 17 after-market service centers to provide customers with regional experts familiar with specific codes and requirements. The Tyco Flow Control Business believes that this direct, full-service approach enables Thermal Controls to reduce initial and operational life cycle costs and improve the performance of heat tracing solutions for its customers. It also helps the segment build an attractive revenue base through after-market products and services.

Thermal Controls' unique engineering capabilities include TRACERLYNX, the Tyco Flow Control Business' proprietary 3D design software that integrates heat management systems design with 3D plant modeling systems. The Tyco Flow Control Business believes that TRACERLYNX enables Thermal Controls to design heat management systems more quickly and effectively, and to accommodate requested changes more easily.

Like Valves & Controls, Thermal Controls benefits from a large installed base that provides revenue through sales of after-market repair and replacement products and services. Many industrial customers prefer to use incumbent suppliers when replacing their heat management solutions. The Tyco Flow Control Business believes that this incumbent-preference effect is heightened by the mission-critical nature of many of Thermal Controls' products. For example, the Tyco Flow Control Business' heat tracing products are often used in critical service environments or for applications in which fluids must be maintained within narrow temperature ranges to prevent process failure, and the Tyco Flow Control Business' fluid-leak-detection systems are frequently installed in environments where the leakage of even small amounts of fluids may cause explosions, hazardous chemical reactions or corrosion of critical equipment. Conversely, when customers have an installed base of competitors' products, it is difficult for Thermal Controls to win business unless the customer is undertaking a new capital project.

Thermal Controls sells its products through multiple channels based on local market conditions and demands. While in general the Tyco Flow Control Business strongly prefers to develop sales and service relationships directly with industrial end users, Thermal Controls is also served by a robust sales channel that includes systems and products integrators, EPC firms, contracted and wholesale distributors, installers and manufacturers' representatives. The Tyco Flow Control Business generally markets Thermal Controls products and services as premium offerings. To support this, the Tyco Flow Control Business highlights its reputation for delivering quality products, its strong sales support and its extensive design and engineering capabilities.

*Water & Environmental Systems*

Water & Environmental Systems is a leading provider of large-scale water transmission and distribution products and water/wastewater systems in the Pacific and Southeast Asia region. It serves mainly regional governmental water authorities, industrial clients and the agricultural water sector, primarily in that region. The Tyco Flow Control Business is one of the region's leading manufacturers of pipes, valves, fittings, pumps, instruments and meters. The Tyco Flow Control Business also specializes in the design and manufacture of environmental systems for both water and air applications in niche markets worldwide. Water & Environmental Systems operates nine major manufacturing facilities and seven after-market service centers strategically located across the region. In fiscal year 2011, Water & Environmental Systems generated net revenue of \$699 million, or 19% of the Tyco Flow Control Business' total net revenue.

## **Table of Contents**

The segment operates the following three principal lines of business:

**Water Transmission.** The Tyco Flow Control Business Water Transmission business is a complete pipeline solution provider. It focuses on the manufacture and service of systems to support the process of collecting water from its source, distributing it to users and returning wastewater responsibly to the environment. It is one of the leading manufacturers and suppliers of pipeline products to the water industry in the Pacific and Southeast Asia region, and has after-market service centers strategically located across the region. Although the business specializes in high-pressure steel and ductile iron, it also offers products based on economical and versatile materials such as polyvinylchloride (PVC), acrylonitrile butadiene styrene (ABS) and polyethylene (PE). Together, these products which are available in nominal diameters ranging from 15 mm to 2,500 mm suit almost every pipe application a customer would have. The Tyco Flow Control Business premier steel pipeline product line, SINTAKOTE, offers the strength and ductility of steel combined with the corrosion resistance of plastics. SINTAJoint, the rubber-ring-joined version of SINTAKOTE, provides significant construction savings and better on-site safety performance relative to traditional welded solutions; moreover, its unique joint system allows for more flexible use in the field. Both of these product lines are pioneers in the industry. The Tyco Flow Control Business pipe products are complemented by a full range of pipeline components, including fittings, jointing systems, valves, hydrants, clamps and couplings.

To support its product offerings, the Tyco Flow Control Business Water Transmission business provides comprehensive pipeline services to industrial and governmental customers, including maintenance and repair of water and wastewater systems, structural pipe lining, pipeline coating, pipeline asset maintenance and installation, pipeline replacement and pipe bursting, under-pressure tapping and stopping, and comprehensive installation and repair training for steel and ductile iron. The Tyco Flow Control Business network of after-market service centers, R&D facilities and skilled employees help to ensure that the Tyco Flow Control Business products, services and quality standards remain at the forefront of pipeline innovation.

**Water Systems.** The Tyco Flow Control Business Water Systems group provides water systems and irrigation products to commercial and governmental customers. It is subdivided into two operating groups: Water Dynamics and the Water Infrastructure Group.

Water Dynamics designs, manufactures, distributes, installs and services smart irrigation systems, from pumping products to large-scale pivot irrigators and subsurface drip systems. Water Dynamics supplies irrigation products and design and project management services through its 23 locations across the Pacific region as well as through regional agricultural distributors. The Tyco Flow Control Business believes that Water Dynamics enjoys a reputation for rapid-response service and maintenance and for the ability to manage complicated agricultural irrigation projects.

The Water Infrastructure Group provides an array of turnkey solutions for water infrastructure, including design, build, operation and maintenance services. The business serves regional water authorities and industrial customers. The Water Infrastructure Group is Australia's largest non-governmental supplier of Class A recycled water for farming and residential use, and is one of Australia's leading specialists in pipeline assessment, maintenance, rehabilitation and upgrades. In fiscal year 2011, the Tyco Flow Control Business refocused the Water Infrastructure Group to also serve as a business development arm for the Tyco Flow Control Business water transmission business. The Tyco Flow Control Business believes this will help expand the segment's core pipe business by helping it win turnkey infrastructure projects in new markets.

**Environmental Systems.** The Environmental Systems business is a supplier of integrated environmental solutions to niche markets in three regions: Europe, Middle East and Africa ( EMEA ), the Americas and Asia-Pacific. Its diverse range of business lines includes Clean Air Systems, Water Monitoring, Environmental Monitoring and Pumping & Tank Systems. Clean Air Systems products consist of particulate and gas monitoring systems and reverse-jet pulse-cleaning systems for fabric filter dust collectors. The business serves the power generation, steel, alumina, cement, waste incineration, bulk solids and general manufacturing

**Table of Contents**

industries. Water Monitoring's products consist of water quality sensors, analyzers and flow meters specifically designed for long-term unattended environmental monitoring. Its principal markets are regional water authorities. Environmental Monitoring offers a complete suite of environmental monitoring solutions comprising telemetry, flood warning and forecasting systems, and fresh water and wastewater monitoring. The business provides environmental solutions to international funding agencies, government utilities, power authorities, irrigation groups and the mining sector. Pumping & Tank Systems supplies solutions ranging from bare shaft pumps, storage tanks and hydropower turbines to customer-specific turnkey pumping systems.

The Tyco Flow Control Business believes that its Water & Environmental Systems segment has effectively differentiated itself from competitors by providing experienced service and support across its entire pipeline product spectrum (from steel to ductile iron to plastic pipe) and delivery chain (from initial project design to ongoing maintenance). Several of the Tyco Flow Control Business' brands, including SINTAKOTE, Goyen and Water Infrastructure Group, have been trusted in Australia for decades. The segment's business has been bolstered in recent years by major water pipeline projects in Australia, as well as by strong commodity prices, which have spurred water-intensive mining projects in the region. At the same time, the Tyco Flow Control Business faces increased competition in ductile iron manufacturing from companies in lower cost countries; the Tyco Flow Control Business is therefore exploring opportunities to manufacture ductile iron products in or source them from lower cost countries.

Although the Tyco Flow Control Business believes it is well positioned to successfully compete for and win large infrastructure assignments in the future, such projects require long lead times to secure and execute, often take more than one year to carry out given customer schedules, and are non-recurring in nature. With their timing and scope subject to change based on factors outside the Tyco Flow Control Business' control, the Tyco Flow Control Business' financial results in this segment are subject to significant fluctuations from period to period.

**Raw Materials**

The principal raw materials used in manufacturing the Tyco Flow Control Business' products are readily available. They include ferrous and non-ferrous metals in the form of castings, steel plate, forgings, bar stock and fasteners, as well as non-metal raw materials such as specialty polymers, synthetic rubber and fluoropolymer components. The Tyco Flow Control Business purchases a substantial portion of raw materials from outside sources and have developed a robust supply network. The Tyco Flow Control Business continually monitors the business conditions of its suppliers to manage competitive market conditions and to avoid potential supply disruptions. The Tyco Flow Control Business continues to expand global sourcing opportunities to capitalize on emerging markets and other low-cost sources of purchased goods, balancing low cost with high quality and efficient, consolidated and compliant logistics. The Tyco Flow Control Business does not currently anticipate shortages of raw materials in the near future.

In the Tyco Flow Control Business' Valves & Controls segment, engineered castings and forgings are essential to its fabrication of valves for the Tyco Flow Control Business' customers. While the Tyco Flow Control Business manufactures certain castings at its foundries, the Tyco Flow Control Business purchases other castings and forgings from qualified and approved sources. Because the Tyco Flow Control Business and many of its competitors rely on the same foundries to supply castings and forgings, the Tyco Flow Control Business and they have experienced delays in obtaining these components during prior periods of growth in the worldwide market for valves. The Tyco Flow Control Business could potentially experience such delays in the future. Based on the Tyco Flow Control Business' continual monitoring of its supply chain, it currently does not expect any such delays to materially impact the Tyco Flow Control Business' competitive position.

In the Tyco Flow Control Business' Thermal Controls segment, its most important raw materials are copper and specialty polymers. The specialty polymer business has been fairly steady except for occasional periods of tight supply related to unusual events such as the 2011 Japanese tsunami, which impacted Japanese producers and therefore worldwide supply.

**Table of Contents**

Finally, in the Tyco Flow Control Business Water & Environmental Systems segment, its most important raw materials are hot rolled strip steel, aluminum ingots, copper wire, iron castings, scrap steel, coke and various plastic resins. Except for coke, these materials have historically been readily available to the Tyco Flow Control Business from an array of suppliers. The Tyco Flow Control Business does not anticipate any material disruptions in their supply.

The Tyco Flow Control Business is exposed to fluctuations in the price of raw materials. The Tyco Flow Control Business generally manages these fluctuations through contractual arrangements with its customers and by timing the Tyco Flow Control Business raw material purchases concurrently with customer price quotations.

**Research and Development; Intellectual Property**

Research and development (R&D) is an important element of the Tyco Flow Control Business engineering culture. The Tyco Flow Control Business engineers and scientists focus on developing new products, improving existing ones (including their installation and operation) and applying know-how to anticipate customer needs and emerging trends. The Tyco Flow Control Business invested \$18 million, \$18 million and \$11 million in R&D during fiscal years 2011, 2010 and 2009, respectively. Total expenditures for R&D and other product development activities during those years amounted to \$47 million, \$42 million and \$41 million, respectively.

The Tyco Flow Control Business conducts its R&D activities in its 27 technology centers, which are located close to some of the Tyco Flow Control Business major manufacturing facilities to ensure an efficient development process. The Tyco Flow Control Business has launched R&D centers of excellence in China and India, where it is accelerating the customization of the Tyco Flow Control Business applications to local needs. Scale-up activities within the R&D process are conducted at the Tyco Flow Control Business piloting and testing facilities, which enables it to serve the Tyco Flow Control Business strategic markets in each region of the world. Scale-up is also conducted at strategic customer sites. To further strengthen the Tyco Flow Control Business position in the markets it serves, the Tyco Flow Control Business expects to increase its investment in R&D and product development capabilities to rates similar to those of the Tyco Flow Control Business market peers.

The Tyco Flow Control Business generally seeks patent protection for inventions and improvements likely to be incorporated into the Tyco Flow Control Business products and their applications, or when proprietary rights will improve the Tyco Flow Control Business competitive position. The Tyco Flow Control Business also seeks trademark, trade name and service mark protection for brand names the Tyco Flow Control Business believes are valuable to its business, and copyright protection for proprietary software that the Tyco Flow Control Business develops for use in its operations or as components of its control and monitoring products. The Tyco Flow Control Business licenses intellectual property from third parties when it believes it will be advantageous and cost-effective for the Tyco Flow Control Business to do so. The Tyco Flow Control Business believes that its patents, patent applications, trademarks, trade names, service marks and copyrights are important for maintaining the competitive differentiation of the Tyco Flow Control Business products and improving its return on R&D investments. The Tyco Flow Control Business owns, controls or has rights to use a significant number of patents, trade secrets, trademarks, trade names, service marks and copyrights, as well as confidential information and other intellectual property rights. In the aggregate, these rights are of material importance to the Tyco Flow Control Business. However, the Tyco Flow Control Business believes that the Tyco Flow Control Business as a whole, as well as the business of each of the Tyco Flow Control Business segments, is not materially dependent on any one intellectual property right or related group of rights.

Patents, patent applications, license agreements and copyrights expire or terminate over time by operation of law, in accordance with their terms or otherwise. As the Tyco Flow Control Business portfolio of patents, patent applications, license agreements and copyrights evolves over time, the Tyco Flow Control Business does not expect the expiration of any specific intellectual property right to have a material adverse effect on the Tyco Flow Control Business financial position, results of operations or cash flows. The Tyco Flow Control Business believes that in certain cases, the knowledge and experience it has gained in manufacturing and marketing a

product (including trade secrets regarding manufacturing processes that the Tyco Flow Control Business vigorously protects) may prove to be a more effective barrier to competition than the underlying patent.

### **Competition**

The end-markets in which the Tyco Flow Control Business competes remain highly fragmented despite substantial merger and acquisition activity. Despite this fragmentation, its businesses generally are amongst the leaders in the end-markets they serve. The Tyco Flow Control Business Valves & Controls business is recognized as one of the largest, most global competitors in the industry; the Tyco Flow Control Business Thermal Controls business is a leader in the global electric heat tracing industry; and the Tyco Flow Control Business Water & Environmental Systems business is a leader in water pipeline systems in the Pacific and Southeast Asia region. Nonetheless, the Tyco Flow Control Business still faces significant competition from many other businesses, including large global businesses, large regional businesses and many smaller regional and local businesses.

Despite this competitive landscape, the Tyco Flow Control Business believes that it is well positioned to continue growing its business by optimizing the Tyco Flow Control Business operations to deliver competitive products and services to local markets worldwide. In particular, the Tyco Flow Control Business believes that market fragmentation provides opportunities for it to capture additional share in the Tyco Flow Control Business current markets, as well as to expand into adjacent markets. The Tyco Flow Control Business believes it can capitalize on these opportunities through both organic initiatives and strategic acquisitions aimed at areas that complement the Tyco Flow Control Business portfolio of offerings. In addition, because the Tyco Flow Control Business believes that emerging markets will supply an increased portion of its future revenue stream, the Tyco Flow Control Business expects to invest considerable resources in building its distribution channels and engineering and manufacturing facilities in these markets to ensure that the Tyco Flow Control Business can address customer demand.

The Tyco Flow Control Business market positions continue to be determined by its relative performance in a number of areas, including product and solution performance (design, quality, specification), delivery (history, reliability, efficiency), support (sales, engineering) and value (price, terms, total life cycle cost). The relative weight of these factors depends upon the type of customer and need (capital project or after-market sale) and industry dynamics (slow or high growth). Price tends to be a greater consideration in capital project and slow-growth applications. In the after-market category, on the other hand, timeliness of delivery, quality and the proximity of after-market service centers tend to weigh more. To remain competitive, the Tyco Flow Control Business must continually adapt to customer needs and industry dynamics. For example, for slow-growth applications and capital projects, the Tyco Flow Control Business attempts to lower its costs by manufacturing products in lower cost countries. Additionally, to strengthen the Tyco Flow Control Business sales and services, especially in emerging markets, the Tyco Flow Control Business continually builds its local presence in key areas and develop mobile service capabilities to reach remote customer locations.

The Tyco Flow Control Business estimates that its Valves & Controls business comprises 6% of the approximately \$34 billion global valve market that the Tyco Flow Control Business serves. The Tyco Flow Control Business larger competitors in this space vary significantly based on the specific end user application (e.g., product type) and end user industry. Competitors in the in the general process industries include Kitz, Flowserve and Bray; in the oil & gas industry include Cameron, Rotork, the Dresser unit of General Electric and Emerson's actuator unit; in the power generation industry include Flowserve, KSB, Velan, CCI and Weir; and in the mining industry include Weir, FL Smidth and Bray.

The Tyco Flow Control Business estimates that its Thermal Controls business comprises 7% of the approximately \$10 billion electric heat tracing market. The Tyco Flow Control Business believes it is one of a few companies in this space, if not the only one, to provide a true turnkey solution covering all stages of the heat management project life cycle. The Tyco Flow Control Business most meaningful competitor in supplying products to this space is Thermon. Smaller product-focused competitors include Bartec, Chromalox and DEVI (Danfoss).

**Table of Contents**

The Tyco Flow Control Business estimates that its Water & Environmental Systems business comprises 20% of the approximately \$1.6 billion Pacific and Southeast Asia market for water transmission and distribution products. This share makes the business one of the leading players in the region. The Tyco Flow Control Business' most significant competitors include the Vinidex unit of Metal Manufactures Group, the Iplex unit of Fletcher Building, Pipe Lining & Coating and Fibrelogic. Pricing competition, particularly in the ductile iron pipeline area, has increased in recent years. In particular, competition from players who source or manufacture ductile iron from or in lower cost countries, including Vinidex and Iplex, has recently challenged the Tyco Flow Control Business. The Tyco Flow Control Business expects that such competition will intensify over the next several years. Additionally, an Australia-based pipe company recently announced the manufacture of coated and lined steel pipe products and fittings that could compete directly with the Tyco Flow Control Business' SINTAKOTE line of steel pipeline systems; however, the Tyco Flow Control Business believes that its competitive position is strong owing to the Tyco Flow Control Business' 30 years of successful installations and its company reputation. The Tyco Flow Control Business continues to monitor these developments closely.

**Cyclical and Seasonality**

The Tyco Flow Control Business uses the term 'cyclical' to refer to general economic cycles and to the periodic ebb and flow of business cycles in the industries it serves. The Tyco Flow Control Business is exposed to such cyclical, particularly to the extent that it impacts industrial capital spending, which tends to trail the overall economy. However, the Tyco Flow Control Business believes that the breadth of its product portfolio, industrial end-markets and geographical markets reduces the Tyco Flow Control Business' exposure to cyclical in any particular market. The Tyco Flow Control Business also believes that its after-market sales and service offerings reduce the Tyco Flow Control Business' exposure to cyclical to the extent that companies choose to substitute MRO of existing facilities for new major capital projects.

The Tyco Flow Control Business' Valves & Controls business is the Tyco Flow Control Business' largest business and also its most diversified business by industrial end-market and geographical location. Because of this diversity, and because it derives a significant portion of its revenue from after-market products and services, the Tyco Flow Control Business believes it is less exposed to cyclical in its markets than its other segments. The Tyco Flow Control Business' Thermal Controls business is exposed to cyclical forces across the markets it serves, but particularly in the oil & gas industry, from which it derived 39% of its revenue in fiscal year 2011. Although that industry has been robust in recent years, a significant downturn would adversely impact the performance of the segment. The Tyco Flow Control Business' Water & Environmental Systems segment focuses mainly on Australian governmental and industrial projects. These may vary significantly from year to year depending on a number of factors, including general economic conditions and regional water authority budgets. Except in the Tyco Flow Control Business' Water & Environmental Systems business, the Tyco Flow Control Business does not believe that it is significantly more exposed to cyclical factors than are the Tyco Flow Control Business' competitors.

The strength of some of the Tyco Flow Control Business' end-markets varies based on the impact of weather or other seasonal variables. For example, Thermal Controls' electric heat tracing business, which mainly serves customers in the Northern Hemisphere, generally experiences increased demand for repair and maintenance products and services during the fall and winter months. Water & Environmental Systems, which mainly serves customers in the Southern Hemisphere, generally experiences lower demand from irrigation systems and major pipeline projects during the wet season (roughly, December - March). These seasonal effects, which coincide with the Tyco Flow Control Business' first two fiscal quarters, may vary from year to year based on the relative severity of weather conditions.

**Geographical Information**

For a discussion of net revenue and long-lived assets by geographical area for each of the last three fiscal years, please see Note 16 ( 'Combined Segment Data' ) to the Tyco Flow Control Business' Audited Combined Financial Statements included elsewhere in this proxy statement/prospectus.

The Tyco Flow Control Business considers the many offices, manufacturing facilities, warehouses, foundries and other properties that it owns or leases to be in good condition and generally suitable for the purposes for which they are used. The Tyco Flow Control Business does not anticipate difficulty in renewing existing leases as they expire or in finding alternative facilities. For a description of the Tyco Flow Control Business lease obligations, see Note 11 ( Commitments and Contingencies ) to the Tyco Flow Control Business Audited Combined Financial Statements included elsewhere in this proxy statement/prospectus.

The Tyco Flow Control Business owns 29 of these major manufacturing facilities, which have approximately 5.0 million square feet of space. The following table shows the Tyco Flow Control Business' major manufacturing locations by segment and region:

**Corporate Headquarters**

The Tyco Flow Control Business' corporate headquarters are currently located in Schaffhausen, Switzerland, in a facility shared with Tyco. The Tyco Flow Control Business intends to move its headquarters to Neuhausen, Switzerland prior to the Spin-off where it will share the same building as Tyco, but will occupy an independent space on separate floors. Tyco and the Tyco Flow Control Business will each have their own separate security and information systems. The Tyco Flow Control Business has agreed to lease this space directly from the third-party building owner at market rates for a 9-year period from the distribution date. The Tyco Flow Control Business' U.S. headquarters is currently located in Princeton, New Jersey, in a facility shared with Tyco. Following the Merger, the Tyco Flow Control Business intends to move its U.S. headquarters to Pentair's headquarters in Minneapolis, Minnesota.

**Environmental Regulation**

The Tyco Flow Control Business is subject to environmental laws and regulations in all jurisdictions in which it has operating facilities. These requirements primarily relate to waste generation and disposal, air emissions and wastewater discharges. The Tyco Flow Control Business periodically makes capital expenditures to enhance its compliance with environmental requirements, as well as to abate and control pollution. The Tyco Flow Control Business has incurred and continues to incur operating costs relating to ongoing environmental compliance matters. Based on existing and proposed environmental requirements and the Tyco Flow Control Business' anticipated production schedule, the Tyco Flow Control Business believes that future environmental compliance expenditures and operating costs will not have a material adverse effect on its financial condition, results of operations or cash flows.

The Tyco Flow Control Business is involved in environmental remediation and legal proceedings related to the Tyco Flow Control Business current business and, pursuant to certain indemnification obligations, related to a formerly owned business (Mueller Holdings Corp.). The Tyco Flow Control Business is responsible, or is alleged to be responsible, for ongoing environmental investigation and remediation of sites in several countries. These sites are in various stages of investigation and/or remediation; at some of them, the Tyco Flow Control Business' liability is considered de minimis. The Tyco Flow Control Business has received notification from the U.S. Environmental Protection Agency, and from similar state and non-U.S. environmental agencies, that several sites formerly or currently owned and/or operated by the Tyco Flow Control Business, and other sites that may be or may have been impacted by those operations, contain disposed or recycled materials or wastes and require environmental investigation and/or remediation. At some of these sites, the Tyco Flow Control Business has been identified as a potentially responsible party under federal, state and/or non-U.S. environmental laws and regulations.

**Table of Contents**

The Tyco Flow Control Business records accruals for environmental matters on a site-by-site basis when it is probable, based on current law and existing technologies, that a liability has been incurred and the amount of the liability can be reasonably estimated. It can be difficult to estimate reliably the final costs of investigation and remediation due to various factors. In the Tyco Flow Control Business' opinion, the total amount accrued is appropriate. The Tyco Flow Control Business concluded based on its experience, current information about known contingencies and applicable laws that it would probably incur remedial costs in the range of \$10 million to \$33 million as of March 30, 2012. The Tyco Flow Control Business also concluded that the best estimate within this range was \$14 million. In the Tyco Flow Control Business' Combined Balance Sheet, \$9 million of this sum was included in accrued and other current liabilities, and \$5 million was included in other liabilities. The Tyco Flow Control Business does not anticipate that these liabilities will have a material adverse effect on its combined financial position, results of operations or cash flows. The Tyco Flow Control Business cannot give assurance, however, that other sites (or new details about sites known to us) will not be identified in the future and give rise to environmental liabilities with material adverse effects on the Tyco Flow Control Business.

**Legal Proceedings**

In addition to environmental matters, from time to time the Tyco Flow Control Business is subject to disputes, administrative proceedings and other claims arising out of the normal conduct of its business. These matters generally relate to the use or installation of the Tyco Flow Control Business' products, product liability litigation, personal injury claims, commercial and contract disputes, and employment-related issues. Except with respect to the matters specifically identified below, and based on information currently available to the Tyco Flow Control Business, the Tyco Flow Control Business does not believe that existing proceedings and claims will have a material impact on its financial condition, results of operations or cash flow. However, litigation is unpredictable, and the Tyco Flow Control Business could incur judgments or enter into settlements for current or future claims that could adversely affect the Tyco Flow Control Business' financial condition, results of operations or cash flow.

*Asbestos Liabilities*

The Tyco Flow Control Business and numerous other companies are named as defendants in personal injury lawsuits based on alleged exposure to asbestos-containing materials. These cases typically involve product liability claims based primarily on allegations of manufacture, sale or distribution of industrial products that either contained asbestos or were attached to or used with asbestos-containing components manufactured by third parties. Each case typically names between dozens and hundreds of corporate defendants. Historically, the Tyco Flow Control Business and its subsidiaries have been identified as defendants in asbestos-related claims along with other Tyco subsidiaries. Over the past several years, the Tyco Flow Control Business has observed an increase in the number of asbestos-related lawsuits, including lawsuits by plaintiffs with mesothelioma-related claims. A large percentage of these suits have not presented viable legal claims and, as a result, have been dismissed or withdrawn. The Tyco Flow Control Business' strategy has been, and continues to be, to mount a vigorous defense aimed at having unsubstantiated suits dismissed; where appropriate, the Tyco Flow Control Business also tries to settle suits before trial.

As of March 30, 2012, there were approximately 1,700 lawsuits pending against entities for which the Tyco Flow Control Business will assume responsibility. Each lawsuit typically includes several claims, and the Tyco Flow Control Business has determined that there were approximately 2,300 claims outstanding as of March 30, 2012. This number does not include adjustments for claims that were not actively being prosecuted, identified incorrect defendants or duplicated other actions.

For a detailed discussion of asbestos-related matters, see Note 11 ( Commitments and Contingencies ), to the Tyco Flow Control Business Audited Combined Financial Statements included elsewhere in this proxy statement/prospectus.

### *Compliance Matters*

As disclosed in Tyco's periodic filings, it has received and responded to various allegations and other information that certain improper payments were made by Tyco's subsidiaries (including subsidiaries of the Tyco Flow Control Business) in recent years. Tyco has reported to the DOJ and the SEC the investigative steps and remedial measures that it has taken in response to these and other allegations. It also has reported on its internal investigations, including retaining outside counsel to perform a baseline review of Tyco's policies, controls and practices with respect to compliance with the Foreign Corrupt Practices Act. Tyco has continued to investigate and make periodic progress reports to these agencies regarding its compliance efforts and its follow-up investigations. Such reports have included, as appropriate, briefings concerning additional instances of potential improper conduct identified by Tyco in the course of its ongoing compliance activities. In February 2010, Tyco initiated discussions with the DOJ and SEC aimed at resolving these matters, including matters that pertain to subsidiaries of the Tyco Flow Control Business. These discussions remain ongoing. The Tyco Flow Control Business has recorded its best estimate of potential loss related to these matters. However, it is possible that this estimate may differ from the ultimate loss determined in connection with the resolution of this matter, and the Tyco Flow Control Business may be required to pay material fines, consent to injunctions on future conduct, consent to the imposition of a compliance monitor, or suffer other criminal or civil penalties or adverse impacts, including being subject to lawsuits brought by private litigants. Each of these developments may have a material adverse effect on the Tyco Flow Control Business' financial position, results of operations or cash flows.

**MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS OF THE TYCO FLOW CONTROL BUSINESS**

**Introduction**

The following information should be read in conjunction with the Selected Historical Combined Financial Information of the Tyco Flow Control Business and the Tyco Flow Control Business combined financial statements and related notes included elsewhere in this proxy statement/prospectus. The following discussion and analysis contains forward-looking statements that involve risks, uncertainties and assumptions. Actual results may differ materially from those anticipated in these forward-looking statements as a result of many factors, including but not limited to those under the headings Risk Factors and Cautionary Statement Concerning Forward-Looking Statements.

On September 19, 2011, Tyco announced plans for the complete legal and structural separation of the Tyco Flow Control Business from Tyco. On March 28, 2012, Tyco announced that it, New Pentair, Panthro Acquisition, a wholly-owned subsidiary of Tyco Flow Control, and Panthro Merger Sub, a wholly-owned subsidiary of Panthro Acquisition, had entered into the Merger Agreement with Pentair, providing that immediately following the Distribution and on the terms and subject to the other conditions of the Merger Agreement, Panthro Merger Sub will merge with and into Pentair, with Pentair surviving the Merger as a wholly owned indirect subsidiary of New Pentair.

The Spin-off will be completed through the pro rata distribution of New Pentair shares to Tyco shareholders as of the record date for the Distribution. After giving effect to the Transactions, Tyco shareholders as of the record date for the Distribution and their transferees will own approximately 52.5% of the common shares of New Pentair on a fully-diluted basis (excluding treasury shares). New Pentair will operate as an independent, publicly-traded company that combines the Tyco Flow Control Business and Pentair's business.

Prior to the Spin-off, Tyco will complete the internal transactions described in The Separation and Distribution Agreement and the Ancillary Agreements. Additionally, New Pentair and Tyco expect to enter into a series of agreements, including the Separation and Distribution Agreement, Transition Services Agreement, 2012 Tax Sharing Agreement and certain other commercial arrangements, which are also described in The Separation and Distribution Agreement and the Ancillary Agreements. Completion of the Transactions is subject to certain conditions, as described in The Merger Agreement Conditions to the Completion of the Merger and The Separation and Distribution Agreement and the Ancillary Agreements The Separation and Distribution Agreement Conditions and Termination.

The combined financial statements for the Tyco Flow Control Business reflect all of the assets, liabilities, revenue and expenses directly associated with Tyco's management and operation of the Tyco Flow Control Business. In addition, certain general corporate overhead, other expenses and debt and related interest expense have been allocated by Tyco to the Tyco Flow Control Business. Management believes such allocations are reasonable; however, they may not be indicative of the actual debt or expenses that the Tyco Flow Control Business would have incurred had it been operating as an independent, publicly-traded company for the periods presented, nor are they indicative of the costs that the Tyco Flow Control Business will incur in the future. As a result, the Tyco Flow Control Business' financial statements may not be indicative of the financial position, results of operations and cash flows that the Tyco Flow Control Business would have achieved had it operated as an independent entity for the periods presented. The Tyco Flow Control Business has a 52- or 53-week fiscal year that ends on the last Friday in September. Fiscal years 2010 and 2009 were all 52-week years, while fiscal year 2011 was a 53-week year.

**Executive Overview**

***The Tyco Flow Control Business***

The Tyco Flow Control Business is a global leader in the industrial flow control market. The Tyco Flow Control Business specializes in the design, manufacture and servicing of highly engineered valves, actuation &

**Table of Contents**

controls, electric heat management solutions and water transmission and distribution products. The Tyco Flow Control Business' broad portfolio of products and services serves flow control needs primarily across the general process, oil & gas, water, power generation and mining industries. The Tyco Flow Control Business' net revenue and operating income for fiscal year 2011 were \$3.6 billion and \$306 million, respectively.

The Tyco Flow Control Business conducts its business through three reportable segments:

The *Valves & Controls* segment is one of the world's largest manufacturers of valves, actuators and controls. The segment's leading products, services and solutions address many of the most challenging flow applications in the general process, oil & gas, power generation and mining industries. Net revenue for this segment in fiscal year 2011 was \$2.2 billion, or 61% of the Tyco Flow Control Business' total net revenue.

The *Thermal Controls* segment is a leading provider of complete electric heat management solutions, primarily for the oil & gas, general process and power generation industries. Net revenue for this segment in fiscal year 2011 was \$734 million, or 20% of the Tyco Flow Control Business' total net revenue.

The *Water & Environmental Systems* segment is a leading provider of large-scale water transmission and distribution products and water/wastewater systems in the Pacific and Southeast Asia regions. Net revenue for this segment in fiscal year 2011 was \$699 million, or 19% of the Tyco Flow Control Business' total revenue.

The Tyco Flow Control Business also provides general corporate services to its segments, the costs of which are reported as Corporate Expenses.

The Tyco Flow Control Business sells its products through multiple channels based on local market conditions and demand. The Tyco Flow Control Business serves its extensive global customer base through 45 major manufacturing locations and 93 after-market service centers around the world.

***The Tyco Flow Control Business' Markets***

The Tyco Flow Control Business defines its markets based on the industries in which the end users of the Tyco Flow Control Business' products operate. The Tyco Flow Control Business categorizes its primary end-markets as general process, oil & gas, water, power generation, mining and other. The Tyco Flow Control Business often sells its products to intermediaries (e.g., distributors and agents) or subcontract its services. In these instances, the Tyco Flow Control Business has less direct knowledge regarding the ultimate use of its products and services. As a result, the Tyco Flow Control Business' categorization of its revenue by industry may not precisely reflect the sources of the Tyco Flow Control Business' revenue. The following table sets forth the Tyco Flow Control Business' estimate of the percentage of revenue that it derived from the different end-markets the Tyco Flow Control Business serves across all of its businesses for the periods presented.

Industry*	Revenue	
	Fiscal Year 2011	Fiscal Year 2010
General Process	32%	30%
Oil & Gas	24%	24%
Water	16%	20%
Power Generation	14%	13%
Mining	7%	5%
Other	7%	8%

\* The Tyco Flow Control Business defines (i) the general process industries to include, the chemical and petrochemical processing, food and beverage, marine, pulp and paper, building service, defense, water (with respect to Valves & Controls only) and other smaller industries, (ii) the oil & gas industry to include exploration and production, gathering, processing, transportation and storage and refining and

marketing.

**Table of Contents**

(iii) the water industries as primarily the water pipeline transmission and distribution sectors, (iv) the power generation industry as the coal, nuclear, natural gas and solar power generation sectors, (v) the mining industry as the extraction and processing of non-petroleum mineral resources, including coal, ferrous, non-ferrous, precious and specialty minerals and (vi) other industries as consisting primarily of products and services sold to residential and commercial buildings and environmental projects.

The Tyco Flow Control Business serves customers in almost 100 countries across both developed and emerging markets. The Tyco Flow Control Business revenue is geographically diversified: in fiscal year 2011, 31% was derived from customers in the Americas, 28% from EMEA, and 41% from the Asia-Pacific region. The Tyco Flow Control Business estimates that 24% of its fiscal year 2011 revenue was derived from customers in the emerging markets. The Tyco Flow Control Business customer base is also broadly diversified, with no single customer accounting for more than 5% of its revenue during fiscal year 2011. The Tyco Flow Control Business presents its geographic revenue in the footnotes based on the origin of the transaction as opposed to the location of the customer.

Demand for the Tyco Flow Control Business offerings is primarily driven by its end users plans for capital investment in new projects and their expenditures for continuing maintenance. Such spending is, in turn, influenced by several factors, including general and industry-specific economic conditions, credit availability, expectations as to future market behavior, volatility in commodity prices and (in the case of customers that are governments or that rely on public funding) political factors.

Capital projects consist of new construction, increases in capacity and expansion upgrades, which may include engineering, design or installation work. For many of the Tyco Flow Control Business customers, the decision to invest in a new capital project will be significantly influenced by demand expectations stemming from current and expected price levels for the products they process or the raw materials they use. Maintenance expenditures relate to the replacement or maintenance of products at existing sites; the repair, maintenance or testing of customer equipment; and orders for distributor stock. Compared with capital spending, maintenance expenditures tend to be more predictable in their level and timing and less dependent on macroeconomic factors, since maintenance requirements are primarily determined by planned schedules. However, unplanned events such as equipment failures, power outages and weather-related and other natural events can impact the level of maintenance spending as well. Planned maintenance expenditures are determined by the expected life span, utilization rate and reliability of equipment, while unplanned maintenance expenditures are event-driven.

The Tyco Flow Control Business large installed base of products, global reach, technical ability and overall reputation for quality have helped it build strong customer relationships that provide the Tyco Flow Control Business with a competitive advantage in winning new installation work and capturing significant after-market revenue.

The Tyco Flow Control Business Thermal Controls and Water & Environmental Systems segments are characterized by two types of business, differentiated based on the size and frequency of orders: a base business, which consists of a large number of small- and medium-sized orders (generally less than \$20 million) for products and services, and a major capital project business, which consists of a few large orders per year (generally more than \$20 million) generated from major capital projects undertaken by the Tyco Flow Control Business customers. Orders related to the base business typically convert to revenue within three months. Base business order activity is more consistent from period to period than is major capital project order activity, and is generally dependent on the overall level of economic activity in the end-markets the Tyco Flow Control Business serves.

In the Tyco Flow Control Business Thermal Controls segment, major capital project activity generally relates to the Tyco Flow Control Business turnkey electric heat management services, for which projects can span more than one year. In the Tyco Flow Control Business Water & Environmental Systems segment, major capital project activity typically relates to major infrastructure projects that can span several years. When a major capital project will start and when it will be completed are difficult to predict, and the number of major capital

**Table of Contents**

projects undertaken in any period depends on a variety of factors over which the Tyco Flow Control Business has no control. Due to the size of these major capital projects, and the fact that it may take years for the Tyco Flow Control Business to recognize revenue related to them, results in the Tyco Flow Control Business Thermal Controls and Water & Environmental Systems segments can be subject to significant fluctuation depending on their presence or absence and the timing of the project. In the Tyco Flow Control Business Thermal Controls segment, revenue derived from major capital project orders has accounted for an average of approximately 14% of segment revenue over the past three years. In the Tyco Flow Control Business Water & Environmental Systems segment, revenue derived from such orders has accounted for an average of approximately 15% of segment revenue over the past three years.

**2012 Company Outlook**

The Tyco Flow Control Business believes that its major end-markets have been and will continue to be attractive. Recently, they have demonstrated strong capital investment growth. For example, the Tyco Flow Control Business oil & gas and mining end-markets have experienced compound annual growth rates ( CAGR ) of 5 - 6% over the past five years. Capital investment in the oil & gas and mining markets has tended to be driven by demand expectations related to energy use and commodity prices, while capital investment in the rest of the Tyco Flow Control Business end-markets is more closely related to overall gross domestic product growth in the applicable region. The Tyco Flow Control Business expects much of the growth in its end-markets to continue to be driven by economic expansion in emerging markets, where infrastructure-related capital investment has grown at a more than 20% CAGR over the past five years. The Tyco Flow Control Business expects developed markets, on the other hand, to continue to be major sources of maintenance investment related to the large installed capital bases. Despite the overall strength of the Tyco Flow Control Business end-markets, some of them have exhibited differing levels of volatility and may continue to do so over the medium and longer term. While the Tyco Flow Control Business believes the general trends are robust, factors specific to each of the Tyco Flow Control Business major end-markets may affect the capital spending plans of the Tyco Flow Control Business customers.

**The Tyco Flow Control Business Results of Operations**

Throughout this discussion of the Tyco Flow Control Business results of operations, the Tyco Flow Control Business discusses the impact of fluctuations in non-U.S. currency exchange rates. The Tyco Flow Control Business has calculated currency effects by translating current period results based on average rates in effect over the applicable period. Currency effects on backlog are calculated using the change in period-end exchange rates. Organic revenue growth (decline) is a non-U.S. GAAP measure and excludes the impact of acquisitions, divestitures, changes in currency exchange and certain other items (such as the effect of the 53rd week of operations in fiscal year 2011). For important disclosures related to organic revenue, including a reconciliation to U.S. GAAP net revenue, see Non-U.S. GAAP Measures below.

**Orders and Backlog**

	For the Six Months Ended March		Fiscal Year Ended		
	March 30, 2012	25, 2011	September 30, 2011	September 24, 2010	September 25, 2009
	(Amounts in millions)				
Orders	\$ 2,073	\$ 1,750	\$ 3,785	\$ 3,200	\$ 3,100
Backlog (at period end)	\$ 1,898	\$ 1,654	\$ 1,744	\$ 1,581	\$ 1,781

Orders and backlog are reported at the undiscounted value of the revenue the Tyco Flow Control Business expects to recognize when the related goods or services are delivered. The Tyco Flow Control Business records and reports an order upon receipt of a firm customer order that contractually covers the price, scope of products or services and delivery schedule that the Tyco Flow Control Business is obligated to provide and the payment terms under which the Tyco Flow Control Business customer is obligated to pay for such products or services.

## **Table of Contents**

The amount of orders that the Tyco Flow Control Business reports in a given period reflects the amount of new orders received during the period and the value of any changes to existing orders received during the period. These changes may include the cancellation of orders, a change in scope of products or services to be provided or a change in price. Orders from acquired businesses are included directly in backlog during the period when the acquisition closes and are not reflected in orders.

The Tyco Flow Control Business defines backlog at any point in time as the amount of revenue it expects to generate from all open orders. Most of the Tyco Flow Control Business backlog typically converts to revenue in three to nine months, but a portion, particularly from orders for major capital projects, can take more than one year depending on the size and type of order. Orders can be cancelled, delayed or modified by the Tyco Flow Control Business customers and therefore the size of the Tyco Flow Control Business backlog is not necessarily a reliable predictor of future revenue.

Orders in the first six months of 2012 increased by \$323 million, or 18.5%, as compared with the prior year period. Currency impacts were negligible. The increase in orders was primarily attributable to orders strength in the oil & gas and general process end-markets in the Tyco Flow Control Business Valves & Controls segment and the booking of two mid-sized project orders in the Tyco Flow Control Business Water & Environmental Systems segment.

Orders in fiscal year 2011 increased by \$585 million, or 18.3%, as compared with fiscal year 2010. Excluding favorable currency effects of \$180 million, orders increased by 12.7%. The increase in orders was primarily attributable to strength in the Tyco Flow Control Business Valves & Controls segment driven by the strength of the general process and oil & gas end-markets. The increase was also attributable to the colder winter season in early fiscal year 2011, which resulted in an increase in Thermal Controls order activity in EMEA and North America. The remaining increase was due to Thermal Controls orders for a major capital project in North America. These increases were partially offset by the impact of a decline in orders in the Tyco Flow Control Business Water & Environmental Systems segment due to weather-related delays for several projects in Australia.

Orders in fiscal year 2010 increased by \$100 million, or 3.2%, as compared with fiscal year 2009. Excluding favorable currency effects of \$203 million, orders declined by 3.3%, driven by a decrease in orders in the Tyco Flow Control Business Valves & Controls segment attributable to lower capital spending due to adverse global economic conditions. The decreased orders in the Tyco Flow Control Business Valves & Controls segment were partially offset by higher volume of orders in the Tyco Flow Control Business Thermal Controls segment due to an increase in major capital project orders and by higher order levels in the Tyco Flow Control Business Water & Environmental Systems segment.

Backlog of \$1.9 billion at March 30, 2012 increased by \$244 million, or 14.8%, as compared with March 25, 2011. Excluding an unfavorable currency impact of \$35 million, backlog increased by 16.9% driven by the order strength in the Tyco Flow Control Business end-markets discussed above and backlog acquired from the KEF Holdings Ltd. ( KEF ) acquisition, which closed in the fourth quarter of the Tyco Flow Control Business 2011 fiscal year. Within the 12 months following March 30, 2012, the Tyco Flow Control Business expects to ship approximately 90% of its March 30, 2012 backlog.

Backlog of \$1.9 billion at March 30, 2012 increased by \$154 million, or 8.8%, from September 30, 2011. Excluding favorable currency effects of \$16 million, backlog increased 7.9% driven by increased order activity as discussed above.

**Table of Contents****Net Revenue**

	For the Six Months Ended		September 30, 2011	Fiscal Year Ended	
	March 30, 2012	March 25, 2011		September 24, 2010	September 25, 2009
	(Amounts in millions)				
Net Revenue	\$ 1,924	\$ 1,634	\$ 3,648	\$ 3,381	\$ 3,492
Net Revenue Growth (Decline)	17.7%	N/A	7.9%	(3.2%)	N/A
Organic Revenue Growth (Decline)	15.5%	N/A	0.7%	(9.9%)	N/A

Net revenue in the first six months of 2012 increased by \$290 million, or 17.7%, as compared with the comparable prior year period. Organic revenue growth was 15.5% and was primarily driven by increased shipments to the oil & gas and general process end-markets in the Tyco Flow Control Business Valves & Controls segment and increased major capital project activity in the Tyco Flow Control Business Thermal Controls segment. Overall net revenue included unfavorable currency effects of \$4 million and a \$43 million increase due to the net impact of acquisitions and divestitures.

Net revenue in fiscal year 2011 increased by \$267 million, or 7.9%, as compared with fiscal year 2010. Organic revenue growth of 0.7% was primarily driven by an increase in sales in the Tyco Flow Control Business Valves & Controls segment due to strength across all of the Tyco Flow Control Business end-markets, increased product sales in North America and EMEA in the Tyco Flow Control Business Thermal Controls segment due to the colder winter season in early fiscal year 2011, and increased activity related to a major capital project in the Tyco Flow Control Business Thermal Controls segment that provides electric heat management services to a refinery in the United States. These increases were largely offset by a decrease in net revenue in the Tyco Flow Control Business Water & Environmental Systems segment due to the completion of a major capital project that provided desalination services in Australia, in the first quarter of fiscal year 2011, along with extreme weather conditions in Australia which adversely impacted sales in fiscal year 2011. The overall net revenue increase included favorable currency effects of \$183 million, \$17 million of revenue related to the net impact of acquisitions and divestitures and \$45 million of revenue due to the impact of an additional week of operations due to the timing of the Tyco Flow Control Business 2011 fiscal year end.

Net revenue in fiscal year 2010 decreased by \$111 million, or 3.2%, as compared with fiscal year 2009. Organic revenue declined 9.9%, primarily driven by a significant decrease in sales across the end-markets served by the Tyco Flow Control Business Valves & Controls segment due to adverse global economic conditions, partially offset by revenue from a major capital project in the Tyco Flow Control Business Water & Environmental Systems segment that provided desalination services in Australia. Currency effects favorably impacted revenue by \$216 million, while the Tyco Flow Control Business acquisitions in Brazil during fiscal year 2010 partially offset the organic revenue decline.

**Gross Profit and Gross Profit Margin**

	For the Six Months Ended		September 30, 2011	Fiscal Year Ended	
	March 30, 2012	March 25, 2011		September 24, 2010	September 25, 2009
	(Amounts in millions)				
Gross Profit	\$ 623	\$ 546	\$ 1,170	\$ 1,130	\$ 1,233
Gross Profit Margin	32.4%	33.4%	32.1%	33.4%	35.3%

Gross profit in the first six months of 2012 increased by \$77 million, or 14.1%, as compared with the same prior year period. The increase was primarily attributable to higher revenue in the Tyco Flow Control Business Valves & Controls and Thermal Controls segments. The gross profit margin declined driven by unfavorable mix impact in the Tyco Flow Control Business Valves & Controls and Thermal Controls segments as well as a loss provision related to a water project retained from a business previously divested.

**Table of Contents**

Gross profit in fiscal year 2011 increased by \$40 million, or 3.5%, as compared with fiscal year 2010. Excluding favorable currency effects of \$56 million, gross profit decreased by \$16 million, or 1.4%. These declines were driven by a decline in gross profit in the Tyco Flow Control Business Water & Environmental Systems segment due to severe weather-related project delays, which led to unfavorable fixed cost absorption in manufacturing plants, and the absence of a major capital project that was completed in the first quarter of fiscal year 2011 that provided desalination services in Australia. Increased investments in the Tyco Flow Control Business Valves & Controls segment also contributed to the gross profit decline. These two factors together accounted for 1.3% of the gross profit decline. These decreases were partially offset by strength in the Tyco Flow Control Business Thermal Controls segment due to the colder winter season in early fiscal year 2011 and the work on a major capital project in North America that provides electric heat management services to a refinery in the United States.

Gross profit in fiscal year 2010 decreased by \$103 million, or 8.4%, as compared with fiscal year 2009. Excluding the favorable currency effects of \$65 million, gross profit decreased by \$168 million, or 13.6%. The decrease was primarily attributable to the decrease in sales volume in the Tyco Flow Control Business Valves & Controls segment due to adverse global economic conditions. To a lesser extent, the decrease was due to an adverse mix of work on some major capital projects in the Tyco Flow Control Business Thermal Controls segment, which included lower margin labor construction work versus higher margin design and product delivery work, and the negative effects of a provision for an expected loss related to the completion a long term construction contract in the Tyco Flow Control Business Water & Environmental Systems segment, which together accounted for 1.9% of the gross profit decline.

**Selling, General and Administrative Expense ( SG&A )**

	For the Six Months Ended		September 30, 2011	Fiscal Year Ended	
	March 30, 2012	March 25, 2011		September 24, 2010	September 25, 2009

SG&A	\$ 430	\$ 386	\$ 825	\$ 772	\$ 767
SG&A as a percentage of net revenue	22.3%	23.6%	22.6%	22.8%	22.0%

SG&A in the first six months of 2012 increased by \$44 million, or 11.4%, as compared with the comparable prior year period driven primarily by an increase in sales. SG&A as a percentage of revenue has declined reflecting the positive impact of volume leverage across the business.

SG&A in fiscal year 2011 increased by \$53 million, or 6.9%, as compared with fiscal year 2010. SG&A included an increase due to currency effects of \$30 million, or 3.9%. Excluding currency effects, SG&A increased \$23 million, or 3.0%. This increase was primarily attributable to increased volumes and investment in key markets.

SG&A in fiscal year 2010 increased by \$5 million, or 0.7%, as compared with fiscal year 2009. SG&A included an increase due to currency effects of \$33 million, or 4.3%. Excluding currency effects, SG&A decreased \$28 million, or 3.7%. The decrease was driven by cost containment actions.

**Operating Income**

	For the Six Months Ended		September 30, 2011	Fiscal Year Ended	
	March 30, 2012	March 25, 2011		September 24, 2010	September 25, 2009

Operating Margin	10.0%	7.3%	8.4%	9.8%	12.9%

**Table of Contents**

Operating income in the first six months of 2012 increased by \$73 million, or 61.3%, as compared with the same prior year period. The increase was attributable to increased volume in the Tyco Flow Control Business Valves & Controls and Thermal Controls segments discussed above and the absence of a \$35 million impairment of goodwill related to the Tyco Flow Control Business Water Systems reporting unit within the Tyco Flow Control Business Water & Environmental Systems segment recorded in the first six months of fiscal year 2011. Operating margin increased by 2.7 percentage points.

Operating income in fiscal year 2011 decreased by \$25 million, or 7.6%, as compared with fiscal year 2010. Excluding favorable currency effects of \$22 million, or 6.6%, the decrease was \$47 million, or 14.2%. That decrease was primarily attributable to a goodwill impairment of \$35 million related to the Tyco Flow Control Business Water Systems reporting unit, a reduction in volume and the impact of lower production in the Tyco Flow Control Business Water & Environmental Systems segment. This was partially offset by an increase in sales volume in the Tyco Flow Control Business Valves & Controls segment and in Thermal Controls in North America and EMEA related to the colder winter season in early fiscal year 2011 and lower restructuring expenses in the Tyco Flow Control Business Valves & Controls segment. Operating margin decreased by 1.4 percentage points.

Operating income in fiscal year 2010 decreased by \$120 million, or 26.6%, as compared with fiscal year 2009. Excluding favorable currency effects of \$31 million, or 6.9%, the decrease was \$151 million or 33.5%. That decrease was primarily attributable to the lower volumes in the Tyco Flow Control Business Valves & Controls segment due to the negative impact to the Tyco Flow Control Business end-markets from adverse global economic conditions, partially offset by a reduction in SG&A in the Tyco Flow Control Business Valves & Controls segment, increased volume in the Tyco Flow Control Business Thermal Controls and Water & Environmental Systems segments and restructuring and cost control actions taken in prior periods in the Tyco Flow Control Business Water & Environmental Systems segment. Operating margin decreased by 3.1 percentage points.

**Interest Expense and Interest Income**

Effective tax rate	34.1%	50.5%	42.3%	34.8%	40.6%

**Table of Contents**

The Tyco Flow Control Business' effective income tax rate was 34.1% and 50.5% during the six months ended March 30, 2012 and March 25, 2011, respectively. The effective tax rate for the six months ended March 30, 2012 included the impact of a favorable audit resolution in a non-Swiss jurisdiction. The effective income tax rate for the six months ended March 25, 2011 included the impact of a loss driven by non-recurring goodwill impairment charges for which no tax benefit was available.

The Tyco Flow Control Business' effective income tax rate was 42.3% and 34.8% in the fiscal years 2011 and 2010, respectively. The increase in the Tyco Flow Control Business' effective income tax rate was primarily the result of a loss driven by non-recurring goodwill impairment charges for which no tax benefit was available in fiscal year 2011 and a tax benefit realized in fiscal year 2010 in conjunction with restructuring activities. The Tyco Flow Control Business' effective tax rate was 40.6% in fiscal year 2009. Taxes for fiscal year 2009 were increased by increased profitability in higher tax rate jurisdictions and tax expense recorded for anticipated nondeductible charges.

The Tyco Flow Control Business expects its effective tax rate going forward to be approximately 25%. The Tyco Flow Control Business' tax rate can vary from year to year due to discrete items such as the settlement of income tax audits and changes in tax laws, as well as recurring factors, such as the geographic mix of income before taxes.

**Reportable Segments**

The Tyco Flow Control Business conducts its operations through three reportable segments based on the type of product and service offered by the segment and how the Tyco Flow Control Business is managed. The key operating results for the Tyco Flow Control Business' three reportable segments, Valves & Controls, Thermal Controls and Water & Environmental Systems, are discussed below.

**Valves & Controls**

Valves & Controls is the Tyco Flow Control Business' largest business segment, constituting approximately 61% of its revenue for its 2011 fiscal year. It is a global business and one of the world's largest manufacturers of valves, actuators and controls. The majority of Valves & Controls products are longer-lead time, individually fabricated pieces of equipment that are custom-designed to serve a specific customer application. The time it takes for an order in the Tyco Flow Control Business' Valves & Controls segment to convert to revenue varies by product type and application but typically ranges between six and nine months with longer conversion times possible in the case of larger, more complex projects. The drivers of these conversion times usually include engineering design to meet customer specification, foundry supplier lead times for valve castings, custom machining for precise engineering specifications, final assembly, testing, customer inspection and transportation times. After-market service and MRO orders are generally shorter cycle and convert to revenue within 30 to 45 days.

**Table of Contents**

Orders in fiscal year 2011 increased by \$366 million, or 18.6%, as compared with fiscal year 2010. Excluding favorable currency effects of \$87 million, orders increased 14.2%. The increase in orders was primarily attributable to higher demand for the Tyco Flow Control Business products in the general process, oil & gas and mining end-markets.

Orders in fiscal year 2010 decreased by \$13 million, or 0.7%, as compared with fiscal year 2009. Excluding favorable currency effects of \$75 million, orders decreased by 4.4% mainly driven by lower capital spending by the Tyco Flow Control Business customers across the end-markets it serves due to adverse global economic conditions, partially offset by an increase in orders of \$17 million due to acquisitions in Brazil.

Net revenue in the first six months of 2012 increased by \$191 million, or 19.6%, as compared with the comparable prior year period. Organic revenue grew 15.4%, primarily due to strength in the oil & gas and general process end-markets. The increase in net revenue included a favorable impact of \$53 million from the KEF acquisition and an unfavorable currency impact of \$12 million.

Net revenue in fiscal year 2011 increased by \$225 million, or 11.3%, as compared with fiscal year 2010. Net revenue in fiscal year 2010 decreased by \$289 million, or 12.7%, as compared with fiscal year 2009. Organic revenue declined by 16.6% driven by lower order rates and lower beginning backlog across all markets due to adverse economic conditions that negatively impacted capital spending by the Tyco Flow Control Business customers. The increase in net revenue included favorable currency effects of \$70 million and revenue of \$20 million related to acquisitions.

Operating income in the first six months of 2012 increased by \$33 million, or 31.1%, as compared with the comparable prior year period. Operating income included negligible currency effects. The increase in operating income was primarily driven by higher net revenue as discussed above and was partially offset by the impact of amortization of intangible assets related to the KEF acquisition. Operating margins improved by 1.0 percentage points.

Operating income in fiscal year 2011 increased by \$29 million, or 11.7%, as compared with fiscal year 2010. The increase included a favorable currency effect of \$17 million, or 6.9%. The remaining increase was primarily due to increased sales volume and lower restructuring expenses, which were partially offset by an increase in SG&A expense to support future growth in the Tyco Flow Control Business key markets and acquisition related costs. Operating margins remained stable.

Operating income in fiscal year 2010 decreased by \$124 million, or 33.3%, as compared with fiscal year 2009. Operating income included a favorable currency effect of \$8 million, or 2.2%. The decrease was primarily attributable to the decrease in sales volume combined with an increase in restructuring expenses. Excluding an unfavorable currency effect of \$41 million, backlog increased 20.7%. The increase was driven by increased order activity as discussed above and also additional backlog of \$65 million from the Tyco Flow Control Business acquisition of KEF.

Backlog of \$1.4 billion as of March 30, 2012 represented an increase of \$84 million or 6.5% as compared to September 30, 2011. Excluding an unfavorable currency effect of \$6 million, backlog increased by 6.9%. The remaining increase was due to continued strength in the Tyco Flow Control Business general process and oil & gas end-markets.

**Table of Contents***Thermal Controls*

The Tyco Flow Control Business Thermal Controls segment is a leading provider of complete electric heat management solutions. As a result the changes in orders from period to period may not be meaningful and have not been presented. The backlog amount and the content of the backlog are meaningful and are discussed below.

	For the Six Months Ended		Thermal Controls

Net revenue in the first six months of 2012 increased by \$97 million, or 28.6%, as compared with the comparable prior year period. Organic revenue grew 29.5%, primarily attributable to a major capital project near the Gulf of Mexico and higher base business in North America. The effect of currency impacts was negligible.

Net revenue in fiscal year 2011 increased by \$131 million, or 21.7%, as compared with fiscal year 2010. Organic revenue growth was 17.6%, primarily attributable to the colder winter season in fiscal year 2011, which resulted in stronger product sales in EMEA and North America, and the impact of major capital project activity in North America. The increase in net revenue included favorable currency effects of \$18 million and \$7 million of revenue due to the impact of an additional week of operations due to the timing of the Tyco Flow Control Business 2011 fiscal year end.

Net revenue in fiscal year 2010 increased by \$27 million, or 4.7%, as compared with fiscal year 2009. Operating income in fiscal year 2011 increased by \$33 million, or 44.6%, as compared with fiscal year 2010. Excluding a favorable currency effect of \$3 million, or 4.1%, the increase was primarily attributable to the strong performance of the Tyco Flow Control Business products business in North America and EMEA and increased major capital project activity in North America. Operating margins improved by 2.3 percentage points driven by volume leverage and cost savings initiatives.

Operating income in fiscal year 2010 decreased by \$5 million, or 6.3%, as compared with fiscal year 2009. Excluding a favorable currency effect of \$4 million, or 5.1%, the decrease was primarily attributable to the timing and mix of work completed on some major capital projects, which included lower margin labor construction work versus higher margin design and product delivery. Operating margins declined 1.4 percentage points as explained above.

Net revenue in the first six months of 2012 increased by \$2 million, or 0.6%, as compared with the prior year period. Organic revenue increased by 0.3% driven by lower revenue in the prior year period due to the impact of weather and flooding on customer sites and slow-down of project activity in the market during fiscal year 2011. The increase in net revenue included favorable currency effects of \$11 million.

Net revenue in fiscal year 2011 decreased by \$89 million, or 11.3%, as compared with fiscal year 2010. Organic revenue declined by 22.6% primarily attributable to a drop in revenue from the completion of the large desalinization project, the impact of weather and flooding on customer sites and the slow-down of project activity in the market. These impacts were partially offset by \$13 million in revenue due to an extra week of operations due to the timing of the Tyco Flow Control Business' 2011 fiscal year end. The decrease in net revenue was partially offset by favorable currency effects of \$77 million.

Net revenue in fiscal year 2010 increased by \$151 million, or 23.7%, as compared with fiscal year 2009. Organic revenue grew 3.9% primarily attributable to revenue associated with the large desalinization project. The growth in net revenue included favorable currency effects of \$126 million.

Operating income in the first six months of 2012 increased by \$30 million, or 272.7%, as compared to the operating loss in the same prior year period. **Table of Contents**

Operating income in fiscal year 2011 decreased by \$84 million, or 84.0%, as compared with fiscal year 2010. Operating income included favorable currency effects of \$2 million, or 2.0%. Operating income in 2011 was significantly impacted by a goodwill impairment charge of \$35 million relating to the Tyco Flow Control Business Water Systems reporting unit. The remaining decrease was primarily attributable to extreme weather conditions which resulted in delays in projects and deliveries and the benefit to fiscal year 2010 earnings of the large scale water desalinization project. The above factors resulted in an operating margin decline of 10.4 percentage points.

Operating income in fiscal year 2010 increased by \$13 million, or 14.9%, as compared with fiscal year 2009. Excluding favorable currency effects of approximately \$19 million, or 21.8%, the decline in operating income was primarily due to margin erosion and the effects of an \$18 million provision related to an expected loss related to completion of a long term construction project. The decline was partially offset by SG&A expense savings from restructuring and cost containment actions taken in prior periods. The above factors resulted in an operating margin decline of 1.0 percentage point.

Backlog of \$366 million at March 30, 2012 consisted of \$301 million of orders related to base business and \$65 million of orders related to major capital projects. **Liquidity and Capital Resources****Cash Flow and Liquidity Analysis**

Significant factors driving the Tyco Flow Control Business liquidity position include cash flows generated from operating activities, capital expenditures and divestiture of non-strategic businesses as well as investments in strategic businesses and technologies. The Tyco Flow Control Business has historically generated and the Tyco Flow Control Business expects to continue to generate positive cash flow from operations. As part of Tyco, the Tyco Flow Control Business cash has been swept into shared corporate pools regularly by Tyco at its discretion. Tyco has also funded the Tyco Flow Control Business operating and investing activities as needed. Transfers of cash both to and from Tyco's cash management system are reflected as a component of parent company investment within parent company equity in the Combined Balance Sheets.

The net change in assets and liabilities during the six months of 2012 and fiscal year 2011 reduced operating cash flow by \$134 million and \$127 million, respectively. During this time, backlog increased \$317 million. As the backlog represents anticipated shipments, and the Tyco Flow Control Business lead times can be six to nine months, it is necessary for the Tyco Flow Control Business to procure additional inventory to manufacture the products in support of future sales. Conversely, in fiscal year 2010 the Tyco Flow Control Business experienced reduced volume and backlog due to adverse economic conditions. During this time, backlog declined \$200 million and net revenue declined \$111 million, thus the Tyco Flow Control Business did not replenish inventory as quickly and it collected receivables but did not fully replace them with new billings. This resulted in \$146 million in cash generation from working capital. The Tyco Flow Control Business believes this is a typical pattern for a long-lead time, manufacturing business. Inventory as a percentage of backlog has remained stable at 39% to 44% over the last several years.

Cash from operating activities was \$96 million for the six months ended March 30, 2012, driven by operating income of \$192 million and adjustments for non-cash items of \$116 million, partially offset by income tax expense of \$59 million, an increase in assets and liabilities of \$134 million and net interest expense of \$19 million. The net change in assets and liabilities included a \$111 million increase in inventories and a \$48 million decrease in accrued and other liabilities, partially offset by a \$38 million increase in accounts payable. Inventory increased primarily in Valves & Controls driven by procurement of additional materials to service the increased backlog as previously discussed.

**Table of Contents**

Cash from operating activities was \$47 million during the six months ended March 25, 2011, driven by operating income of \$119 million and adjustments for non-cash items of \$127 million, partially offset by income tax expense of \$51 million, an increase in assets and liabilities of \$130 million, and net interest expense of \$18 million. The net change in assets and liabilities included a \$77 million increase in inventories, a \$47 million decrease in accrued and other liabilities and a \$33 million decrease in income taxes payable. The increase in inventory of \$77 million was primarily due to Valves & Controls backlog growth.

Cash from operating activities was \$161 million in fiscal year 2011, with operating income of \$306 million and adjustments for non-cash items of \$135 million, partially offset by income tax expense of \$112 million, an increase in assets and liabilities of \$127 million and net interest expense of \$41 million. The net change in assets and liabilities was driven by a \$91 million increase in accounts receivable and a \$94 million increase in inventories. The \$91 million increase in accounts receivable was attributable to the \$267 million revenue increase year over year. Inventory grew by \$94 million driven by procurement of additional materials to service the growing backlog, especially in Valves & Controls.

Cash from operating activities was \$388 million in fiscal year 2010, driven by operating income of \$331 million, adjustments for non-cash items of \$59 million and a decrease in assets and liabilities of \$146 million partially offset by income tax expense of \$98 million and net interest expense of \$50 million. The net change in assets and liabilities was driven by a \$52 million decrease in accounts receivable, a \$41 million increase in income taxes payable, and a \$25 million decrease in inventories. The \$52 million decrease in accounts receivable was attributable to lower revenue in fiscal year 2010 due to the effects of the adverse global economic conditions.

Cash from operating activities was \$376 million in fiscal year 2009, driven by operating income of \$451 million, adjustments for non-cash items of \$131 million and a decrease in assets and liabilities of \$12 million, partially offset by income tax expense of \$159 million and net interest expense of \$59 million. The net change in assets and liabilities was driven by a \$92 million decrease in inventories and a related \$107 million decrease in accounts payable as inventory was not replenished during a period of lower volume due to adverse global economic conditions.

During the six months ended March 30, 2012 and March 25, 2011, the Tyco Flow Control Business paid \$3 million and \$7 million, respectively, in cash related to restructuring activities. During the fiscal years ended 2011, 2010 and 2009, the Tyco Flow Control Business paid \$15 million, \$25 million and \$11 million, respectively, in cash related to restructuring activities. See Note 3 ( Restructuring and Asset Impairment Charges, Net ) to the Tyco Flow Control Business Audited Combined Financial Statements for further information regarding the Tyco Flow Control Business restructuring activities.

During the six months ended March 30, 2012 and March 25, 2011, the Tyco Flow Control Business made required contributions of \$9 million and \$5 million, respectively, to its non-U.S. pension plans.

During the fiscal years ended 2011, 2010 and 2009, the Tyco Flow Control Business made required contributions of \$15 million each year to its non-U.S. pension plans. The Tyco Flow Control Business anticipates contributing at least the minimum required to its non-U.S. pension plans in fiscal year 2012, of \$15 million.

Income taxes paid, net of refunds, related to continuing operations were \$58 million, \$93 million and \$98 million in 2011, 2010 and 2009, respectively.

Interest paid, related to continuing operations was \$48 million, \$50 million and \$62 million in 2011, 2010 and 2009, respectively.

***Future Liquidity Analysis***

Following the Spin-off and the Merger, the Tyco Flow Control Business' capital structure and sources of liquidity will change significantly from the Tyco Flow Control Business' historical capital structure. The Tyco Flow Control Business will no longer participate in cash management and funding arrangements with Tyco. Instead, the Tyco Flow Control Business' ability to fund its capital needs will depend on the Tyco Flow Control Business' ongoing ability to generate cash from operations, and to access banks' borrowing facilities and capital markets. The Tyco Flow Control Business believes that its future cash from operations, together with the Tyco Flow Control Business' access to funds on hand and capital markets, will provide adequate resources to fund the Tyco Flow Control Business' operating and financing needs.

The Tyco Flow Control Business' primary future cash needs will be centered on operating activities, working capital, capital expenditures and strategic investments. The Tyco Flow Control Business' ability to fund these needs will depend, in part, on its ability to generate or raise cash in the future, which is subject to general economic, financial, competitive, regulatory and other factors that are beyond the Tyco Flow Control Business' control.

Prior to the Distribution, a subsidiary of New Pentair will issue an intercompany note to a subsidiary of Tyco in an amount not to exceed \$500 million. Concurrently with the closing of the Merger, New Pentair will repay the intercompany note.

Prior to the consummation of the Transactions, a subsidiary of New Pentair plans to issue senior notes in an amount up to \$900 million that will be guaranteed by New Pentair. The net proceeds from the issuance of the senior notes will be held in escrow until the completion of the Merger. New Pentair plans to use the net proceeds from the issuance of the unsecured senior notes to repay \$500 million of Pentair private placement notes and the intercompany note. However, the issuance of the senior notes is not a condition to the Merger and New Pentair cannot provide any assurance that it will complete the issuance of the senior notes. See "The Merger Agreement - Financing."

Prior to the consummation of the Transactions, Pentair plans to execute a credit agreement with a syndicate of banks providing for an unsecured, committed senior credit facility of up to \$1.2 billion that will become effective upon completion of the Merger. Upon completion of the Merger, New Pentair will become a guarantor of, and a subsidiary of New Pentair will become a borrower under, the senior credit facility. New Pentair plans to use availability under the senior credit facility to repay borrowings outstanding under Pentair's existing credit facility as of the completion of the Merger and, if the unsecured senior notes are not issued, to repay the intercompany note.

In the event that New Pentair is unable to enter into the senior credit facility or issue the senior notes on acceptable terms, instead of a subsidiary of New Pentair issuing to a subsidiary of Tyco the intercompany note that would be repaid at the closing of the Merger, a subsidiary of New Pentair will issue a one year unsecured "bridge" note for up to \$500 million to a subsidiary of Tyco that will bear interest at a rate of 14.0% and be prepayable at any time.

After accounting for the issuance of either the intercompany note or the bridge note, the payment of transaction expenses and transfer of any excess cash to Tyco, but not taking into account any third party financing, New Pentair will have a net indebtedness immediately prior to the Distribution of \$275 million.

New Pentair expects to have pro forma aggregate long-term debt of approximately \$1.7 billion at the closing of the Merger.

Following the Spin-off and the Merger, the Tyco Flow Control Business expects to manage its worldwide cash requirements considering available funds among the many subsidiaries through which the Tyco Flow

Control Business will be conducting business and the cost effectiveness with which those funds can be accessed. The Tyco Flow Control Business plans to look for opportunities to access cash balances in excess of local operating requirements to meet global liquidity needs in a cost-efficient manner. Generally the Tyco Flow Control Business is able to move excess cash through dividend payments or loans in a tax efficient manner as a result of the Tyco Flow Control Business incorporation in Switzerland and the tax policies in the countries in which the Tyco Flow Control Business operates. If funds are needed for the Tyco Flow Control Business operations in the U.S., the Tyco Flow Control Business generally has the ability to fund its U.S. operations without incremental tax costs as most of the Tyco Flow Control Business cash resides in jurisdictions from which the Tyco Flow Control Business can move cash to the U.S. without significant incremental tax expense.

**Dividends**

It is expected that New Pentair will initially pay a quarterly cash dividend of \$0.22 per share. The Merger Agreement provides that Tyco, as the sole shareholder of New Pentair, will authorize the quarterly cash dividends to be paid prior to the 2013 New Pentair annual general meeting. Any dividend after that time that may be proposed by the New Pentair board of directors will be subject to approval by the New Pentair shareholders at the New Pentair annual general meeting if and as proposed by the New Pentair board of directors. Under Swiss law, the New Pentair board of directors may propose to shareholders that a dividend be paid but cannot itself authorize the dividend. However, whether the New Pentair board of directors exercises its discretion to propose any dividends to holders of New Pentair common shares in the future will depend on many factors, including New Pentair's financial condition, earnings, capital requirements of New Pentair's business, covenants associated with debt obligations, legal requirements, regulatory constraints, industry practice and other factors that the New Pentair board of directors deems relevant. There can be no assurance that New Pentair will continue a dividend in the future. See Description of New Pentair Capital Stock Dividends.

(1) On June 29, 2011, the Tyco Flow Control Business acquired a 75% ownership interest in KEF within the Tyco Flow Control Business Valves & Controls segment. The remaining 25% interest is held by a noncontrolling interest stakeholder. In connection with the acquisition of KEF, the Tyco Flow Control Business and the noncontrolling interest stakeholder have a call and put arrangement, respectively, for the Tyco Flow Control Business to acquire and the noncontrolling interest stakeholder to sell the remaining 25% ownership interest at a price equal to the greater of \$100 million or a multiple of KEF's average EBITDA for the prior twelve consecutive fiscal quarters. The arrangement becomes exercisable beginning the first full fiscal quarter following the third anniversary of the KEF closing date of June 29, 2011. See Note 15 ( Redeemable Noncontrolling Interest ) to the Tyco Flow Control Business Audited Combined Financial Statements.

(2) Purchase obligations consist of commitments for purchases of goods and services.

- (3) The Tyco Flow Control Business has net unfunded pension and postretirement benefit obligations of \$72 million and \$16 million, respectively, to certain employees and former employees as of the year ended September 30, 2011. The Tyco Flow Control Business is obligated to make contributions to its pension plans and postretirement benefit plans; however, the Tyco Flow Control Business is unable to determine the amount of plan contributions due to the inherent uncertainties of obligations of this type, including timing, interest rate charges, investment performance, and amounts of benefit payments. The minimum required contributions to the Tyco Flow Control Business non-U.S. pension plans are expected to be approximately \$15 million in fiscal year 2012. These plans and the Tyco Flow Control Business estimates of future contributions and benefit payments are more fully described in Note 12 ( Retirement Plans ) to the Audited Combined Financial Statements. Additionally, the Tyco Flow Control Business has an additional \$20 million of deferred compensation under employee contractual arrangements as of the fiscal year ended September 30, 2011. The Tyco Flow Control Business is unable to determine when these amounts will be paid due to the inherent uncertainties of obligations of this type.

Debt allocated to the Tyco Flow Control Business by Tyco was \$861 million and \$859 million as of March 30, 2012 and September 30, 2011, respectively. The Tyco Flow Control Business expects to incur debt from third parties at or prior to the spin-off based on the Tyco Flow Control Business anticipated post-spin-off capital requirements. The amount of debt which the Tyco Flow Control Business could incur may materially differ from the amounts allocated to the Tyco Flow Control Business from Tyco.

As of September 30, 2011, the Tyco Flow Control Business has outstanding letters of credit and bank guarantees in the amount of approximately \$285 million.

**Off-Balance Sheet Arrangements**

In disposing of assets or businesses, the Tyco Flow Control Business often provides representations, warranties and indemnities to cover various risks, including unknown damage to the assets, environmental risks involved in the sale of real estate, liability to investigate and remediate environmental contamination at waste disposal sites and manufacturing facilities and unidentified tax liabilities and legal fees related to periods prior to disposition. The Tyco Flow Control Business does not have the ability to estimate the potential liability from such indemnities because they relate to unknown conditions. However the Tyco Flow Control Business has no reason to believe that these uncertainties would have a material adverse effect on its financial position, results of operations or cash flows.

The Tyco Flow Control Business has recorded liabilities for known indemnifications included as part of environmental liabilities. See Note 11 ( Commitments and Contingencies ) to the Tyco Flow Control Business Audited Combined Financial Statements and Note 10 ( Commitments and Contingencies ) to the Tyco Flow Control Business Unaudited Combined Financial Statements for further information with respect to these liabilities.

In the normal course of business, the Tyco Flow Control Business is liable for product performance. The Tyco Flow Control Business believes that such obligations will not significantly affect the Tyco Flow Control Business financial position, results of operations or cash flows.

The Tyco Flow Control Business records estimated product warranty at the time of sale. For further information on estimated product warranty, see Notes 1 ( Basis of Presentation and Summary of Significant Accounting Policies ) and 9 ( Guarantees ) to the Tyco Flow Control Business Audited Combined Financial Statements and Note 18 ( Guarantees ) to the Tyco Flow Control Business Unaudited Combined Financial Statements included elsewhere in this proxy statement/prospectus.

**Table of Contents****Critical Accounting Policies**

The preparation of the Combined Financial Statements in conformity with U.S. GAAP requires management to use judgment in making estimates and assumptions to determine reported amounts of certain assets, liabilities, revenue and expenses and the disclosure of related contingent assets and liabilities. These estimates and assumptions are based upon information available at the time of the estimates or assumptions, including the Tyco Flow Control Business' historical experience, where relevant. Because of the uncertainty of factors surrounding the estimates, assumptions and judgments used in the preparation of the Tyco Flow Control Business' financial statements, actual results may differ from the estimates, and the difference may be material.

The Tyco Flow Control Business' critical accounting policies are those policies that are both most important to its financial condition and results of operations and require the most difficult, subjective or complex judgments on the part of management in their application, often as a result of the need to make estimates about the effect of matters that are inherently uncertain. The Tyco Flow Control Business believes that the following represent the Tyco Flow Control Business' critical accounting policies. For a summary of all of the Tyco Flow Control Business' significant accounting policies, see Note 1 ( *Basis of Presentation and Summary of Significant Accounting Policies* ) to the Tyco Flow Control Business Audited Combined Financial Statements included elsewhere in this proxy statement/prospectus.

***Revenue Recognition***

The Tyco Flow Control Business recognizes revenue principally from the sale of products and the provision of services and only when a firm sales agreement is in place, with a fixed and determinable price and collection is reasonably assured. The Tyco Flow Control Business recognizes revenue from the sales of products at the time title and risks and rewards of ownership pass, which generally occurs when the products reach the free-on-board shipping point. For contracts containing multiple elements, each having a determinable fair value, the Tyco Flow Control Business recognizes revenue in an amount equal to the element's pro rata share of the contract's fair value in accordance with the contractual delivery terms for each element. The Tyco Flow Control Business defers the recognition of revenue when advance payments are received from customers before performance obligations have been completed or services have been performed. The Tyco Flow Control Business includes freight charges billed to customers in sales and the related shipping costs in cost of revenue in the Tyco Flow Control Business' combined statements of operations.

The Tyco Flow Control Business records contract sales for construction-related projects primarily under the percentage-of-completion method. The Tyco Flow Control Business bases the profits it recognizes on contracts in process upon estimated contract revenue and related total cost of the project at completion. The Tyco Flow Control Business generally uses the ratio of actual cost incurred to total estimated cost at completion to measure the extent of progress toward completion. Revisions to cost estimates as contracts progress have the effect of increasing or decreasing profits each period. The use of the percentage-of-completion method requires the Tyco Flow Control Business to make judgments to estimate total contract revenues and costs. Contract costs are based on various assumptions that utilize the professional knowledge and experience of the Tyco Flow Control Business' operations teams, as well as finance personnel to estimate the ultimate cost to complete the contract. Adjustments in estimated contract revenues or estimated costs are recognized in the current period for the inception-to-date effect of the changes. Historically the Tyco Flow Control Business has not had a material adjustment to a change in estimated revenues or costs. The Tyco Flow Control Business makes provisions for anticipated losses in the period in which they become determinable. Percentage of completion revenue represented 16% of the Tyco Flow Control Business' combined net revenue in fiscal year 2011. The risk of this methodology is its dependence upon estimates of costs at completion, which are subject to the uncertainties inherent in long-term contracts.

In certain instances, the Tyco Flow Control Business provides guaranteed completion dates under the terms of its contracts. Failure to meet contractual delivery dates can result in late delivery penalties or non-recoverable costs. In instances where the payment of such costs are deemed to be probable, the Tyco Flow Control Business

**Table of Contents**

performs a project profitability analysis accounting for such costs as a reduction of realizable revenue, which could potentially cause estimated total project costs to exceed projected total revenue realized from the project. In such instances, the Tyco Flow Control Business would record reserves to cover such excesses in the period they are determined, which would adversely affect the Tyco Flow Control Business' results of operations and financial position. In circumstances where the total projected reduced revenue still exceed total projected costs, the incurrence of unrealized incentive fees or non-recoverable costs generally reduces profitability of the project at the time of subsequent revenue recognition. The Tyco Flow Control Business' reported results are impacted by judgment and estimates used for contract costs and contractual contingencies.

Revenue on service and repair contracts is recognized after services have been agreed to by the customer and rendered.

***Income Taxes***

For purposes of the Tyco Flow Control Business' combined financial statements, income tax expense and deferred tax balances have been recorded as if the Tyco Flow Control Business filed tax returns on a stand-alone basis separate from Tyco ( Separate Return Method ). The Separate Return Method applies the accounting guidance for income taxes to the stand-alone financial statements as if the Tyco Flow Control Business was a separate taxpayer and a stand-alone enterprise for the periods presented. The calculation of the Tyco Flow Control Business income taxes on a separate return basis requires a considerable amount of judgment and use of both estimates and allocations. Historically, the Tyco Flow Control Business has largely operated within Tyco's group of legal entities; including several U.S. consolidated tax groups, various non-U.S. tax groups and stand alone non-U.S. subsidiaries. In certain instances, tax losses and credits utilized by the Tyco Flow Control Business within the Tyco group of entities may not be available to the Tyco Flow Control Business going forward. In other instances, tax losses or credits generated by Tyco's other businesses will be available to the Tyco Flow Control Business going forward after the Distribution.

In determining taxable income for the Tyco Flow Control Business' combined financial statements, the Tyco Flow Control Business must make certain estimates and judgments. These estimates and judgments affect the calculation of certain tax liabilities and the determination of the recoverability of certain of the deferred tax assets, which arise from temporary differences between the tax and financial statement recognition of revenue and expense.

In evaluating the Tyco Flow Control Business' ability to recover its deferred tax assets the Tyco Flow Control Business considers all available evidence, positive and negative, including its past operating results, the existence of cumulative losses in the most recent years and the Tyco Flow Control Business' forecast of future taxable income. In estimating future taxable income, the Tyco Flow Control Business develops assumptions including the amount of future pre-tax income, the reversal of temporary differences and the implementation of feasible and prudent tax planning strategies. These assumptions require significant judgment about the forecasts of future taxable income and are consistent with the plans and estimates the Tyco Flow Control Business is using to manage the underlying businesses.

The Tyco Flow Control Business currently has recorded valuation allowances that the Tyco Flow Control Business will maintain until it is more-likely-than-not the deferred tax assets will be realized. The Tyco Flow Control Business' income tax expense recorded in the future may be reduced to the extent of decreases in the Tyco Flow Control Business' valuation allowances. The realization of the Tyco Flow Control Business' remaining deferred tax assets is primarily dependent on future taxable income in the appropriate jurisdiction. Any reduction in future taxable income, including but not limited to any future restructuring activities, may require that the Tyco Flow Control Business records an additional valuation allowance against its deferred tax assets. An increase in the valuation allowance could result in additional income tax expense in such period and could have a significant impact on the Tyco Flow Control Business' future earnings.

**Table of Contents**

The tax carryforwards reflected in the Tyco Flow Control Business combined financial statements are calculated on a hypothetical stand-alone income tax return basis. The tax carryforwards include net operating losses and tax credits. The tax carryforwards are not representative of the tax carryforwards the Tyco Flow Control Business will have available for use after being spun-off from Tyco. The Tyco Flow Control Business anticipates that as a result of the Spin-off, its post Spin-off tax carryforwards will be significantly higher than those reflected in the combined financial statements.

Changes in tax laws and rates could also affect recorded deferred tax assets and liabilities in the future. Management records the effect of a tax rate or law change on the Tyco Flow Control Business deferred tax assets and liabilities in the period of enactment. Future tax rate or law changes could have a material effect on the Tyco Flow Control Business financial condition, results of operations or cash flows.

In addition, the calculation of the Tyco Flow Control Business tax liabilities involves dealing with uncertainties in the application of complex tax regulations in a multitude of jurisdictions across the Tyco Flow Control Business global operations. The Tyco Flow Control Business recognizes potential liabilities and records tax liabilities for anticipated tax audit issues in the U.S. and other tax jurisdictions based on the Tyco Flow Control Business estimate of whether, and the extent to which, additional taxes will be due. These tax liabilities are reflected net of related tax loss carryforwards. The Tyco Flow Control Business adjusts these reserves in light of changing facts and circumstances; however, due to the complexity of some of these uncertainties, the ultimate resolution may result in a payment that is materially different from the Tyco Flow Control Business current estimate of the tax liabilities. If the Tyco Flow Control Business estimate of tax liabilities proves to be less than the ultimate assessment, an additional charge to expense would result. If payment of these amounts ultimately proves to be less than the recorded amounts, the reversal of the liabilities would result in tax benefits being recognized in the period when the Tyco Flow Control Business determines the liabilities are no longer necessary. For purposes of the Tyco Flow Control Business combined financial statements, these estimated tax liabilities have been computed on a separate return basis.

***Reserves for Contingent Loss***

Accruals are recorded for various contingencies including legal proceedings, self-insurance and other claims that arise in the normal course of business. The accruals are based on judgment, the probability of losses and, where applicable, the consideration of opinions of internal and/or external legal counsel and actuarially determined estimates. Additionally, the Tyco Flow Control Business records receivables from third-party insurers when recovery has been determined to be probable.

***Asbestos Related Contingencies and Insurance Receivables***

The Tyco Flow Control Business estimates the liability and corresponding insurance recovery for pending and future claims and defense costs predominantly based on claim experience over the past five years, and a projection which covers claims expected to be filed, including related defense costs, over the next seven years on an undiscounted basis. Due to the high degree of uncertainty regarding the pattern and length of time over which claims will be made and then settled or litigated, the Tyco Flow Control Business uses multiple estimation methodologies based on varying scenarios of potential outcomes to estimate the range of loss. The Tyco Flow Control Business has concluded that estimating the liability beyond the seven year period will not provide a reasonable estimate, as these uncertainties increase significantly as the projection period lengthens. However it is possible the Tyco Flow Control Business will incur costs for asbestos claims beyond the seven year period.

In connection with the recognition of liabilities for asbestos related matters, the Tyco Flow Control Business records asbestos related insurance recoveries that are probable. The estimate of asbestos related insurance recoveries represents estimated amounts due to the Tyco Flow Control Business for previously paid and settled claims and the probable reimbursements relating to estimated liability for pending and future claims. In determining the amount of insurance recoverable, the Tyco Flow Control Business considers available insurance, allocation methodologies, solvency and creditworthiness of the insurers.

**Table of Contents**

Annually, the Tyco Flow Control Business performs a detailed analysis with the assistance of outside legal counsel and other experts to review and update as appropriate the underlying assumptions used in the estimated asbestos related assets and liabilities. On a quarterly basis, the Tyco Flow Control Business re-evaluates the assumptions used to perform the annual analysis and record an expense as necessary to reflect changes in the estimated liability and related insurance asset. See Note 11 ( Commitments and Contingencies ) to the Tyco Flow Control Business Audited Combined Financial Statements for a discussion of management s judgments applied in the recognition and measurement of asbestos related assets and liabilities.

***Pension and Postretirement Benefits***

The Tyco Flow Control Business pension expense and obligations are developed from actuarial valuations. Two critical assumptions in determining pension expense and obligations are the discount rate and expected long-term return on plan assets. The Tyco Flow Control Business evaluates these assumptions at least annually. Other assumptions reflect demographic factors such as retirement, mortality and turnover and are evaluated periodically and updated to reflect the Tyco Flow Control Business actual experience. Actual results may differ from actuarial assumptions resulting in actuarial gains and losses. Such actuarial gains and losses will be amortized over the average expected service period of the participants for active plans and over the average remaining life expectancy of participants for inactive plans. The discount rate represents the market rate for high-quality fixed income investments and is used to calculate the present value of the expected future cash flows for benefit obligations under the Tyco Flow Control Business pension plans. A decrease in the discount rate increases the present value of pension benefit obligations. A 25 basis point decrease in the discount rate would increase the present value of pension obligations by approximately \$9 million and increase the Tyco Flow Control Business annual pension expense by approximately \$0.2 million. The Tyco Flow Control Business considers the relative weighting of plan assets by class, historical performance of asset classes over long-term periods, asset class performance expectations as well as current and future economic conditions in determining the expected long-term return on plan assets. A 25 basis point decrease in the expected long-term return on plan assets would increase the Tyco Flow Control Business annual pension expense by approximately \$1 million.

***Goodwill and Indefinite Lived Intangible Asset Valuation and Impairments***

The Tyco Flow Control Business assesses goodwill and indefinite lived intangible assets for impairment annually and more frequently if triggering events occur. In performing these assessments, management relies on various factors, including operating results, business plans, economic projections including expectations and assumptions regarding the timing and degree of any economic recovery, anticipated future cash flows, comparable market transactions (to the extent available) and other market data.

The Tyco Flow Control Business elected to make the first day of the fourth quarter the annual impairment assessment date for all goodwill and indefinite lived intangible assets. In the first step of the goodwill impairment test, the Tyco Flow Control Business compares the fair value of a reporting unit with its carrying amount. The Tyco Flow Control Business determines fair value for the goodwill impairment test utilizing a discounted cash flow analysis based on forecast cash flows (including estimated underlying revenue and operating income growth rates) discounted using an estimated weighted average cost of capital for market participants. The Tyco Flow Control Business uses a market approach, utilizing observable market data such as comparable companies in similar lines of business that are publicly-traded or which are part of a public or private transaction (to the extent available), to corroborate the discounted cash flow analysis performed at each reporting unit. If the carrying amount of a reporting unit exceeds its fair value, the Tyco Flow Control Business considers goodwill potentially impaired and performs further tests to measure the amount of impairment loss. In the second step of the goodwill impairment test, the Tyco Flow Control Business compares the implied fair value of a reporting unit s goodwill with the carrying amount of the reporting unit s goodwill. If the carrying amount of a reporting unit s goodwill exceeds the implied fair value of that goodwill, the Tyco Flow Control Business recognizes an impairment loss in an amount equal to the excess of the carrying amount of goodwill over its implied fair value. The Tyco Flow Control Business determines the implied fair value of goodwill in the same manner that it determines the amount of goodwill recognized in a business combination. The Tyco Flow Control Business allocates the fair value of a

**Table of Contents**

reporting unit to all of the assets and liabilities of that unit, including intangible assets, as if the reporting unit had been acquired in a business combination. Any excess of the fair value of a reporting unit over the amounts assigned to its assets and liabilities represents the implied fair value of goodwill. In the first quarter of fiscal year 2011, as a result of a triggering event, the Tyco Flow Control Business recorded a goodwill impairment charge of \$35 million within its Water Systems reporting unit within the Tyco Flow Control Business Water & Environmental Systems segment.

Fair value determinations require considerable judgment and are sensitive to changes in underlying assumptions and factors. As a result, there can be no assurance that the estimates and assumptions made for purposes of the annual goodwill impairment test will prove to be accurate predictions of the future. Examples of events or circumstances that could reasonably be expected to negatively affect the underlying key assumptions and ultimately impact the estimated fair value of the aforementioned reporting units may include such items as follows:

a prolonged downturn in the business environment in which the reporting units operate (i.e. sales volumes and prices) especially in the commercial construction and retailer end-markets;

an economic recovery that significantly differs from the Tyco Flow Control Business assumptions in timing or degree;

volatility in equity and debt markets resulting in higher discount rates; and

unexpected regulatory changes.

While historical performance and current expectations have resulted in fair values of goodwill in excess of carrying values, if the Tyco Flow Control Business assumptions are not realized, it is possible that in the future an impairment charge may need to be recorded. However, it is not possible at this time to determine if an impairment charge would result or if such a charge would be material.

***Inventories***

The Tyco Flow Control Business records its aggregate inventories at the lower of cost (primarily first-in, first-out) or market value. The Tyco Flow Control Business provides a reserve for estimated inventory obsolescence or unmarketable inventory equal to the difference between the cost of inventory and estimated fair value based on assumptions of future demand and market conditions. The Tyco Flow Control Business ages its inventory with no recent demand and applies various valuation factors based on the length of time since the last demand from customers for such material. Significant judgments and estimates must be made and used in connection with establishing allowances. If future conditions cause a reduction in the Tyco Flow Control Business current estimate of market value, due to a decrease in customer demand, a drop in commodity prices or other market-related factors that could influence demand for particular products, additional provisions may be needed.

**Accounting Developments**

The Tyco Flow Control Business has presented the information about accounting pronouncements not yet implemented in Note 1 ( Basis of Presentation and Summary of Significant Accounting Policies ) to the Tyco Flow Control Business Audited and Unaudited Combined Financial Statements included in this proxy statement/prospectus.

**Non-U.S. GAAP Measures**

In an effort to provide investors with additional information regarding the Tyco Flow Control Business results as determined by generally accepted accounting principles (U.S. GAAP), the Tyco Flow Control Business also discloses non U.S. GAAP measures consisting of (i) revenue excluding the impact of changes in foreign currency exchange rates and (ii) organic revenue growth (decline). The Tyco Flow Control Business believes that these measures are useful for investors in evaluating the Tyco Flow Control Business operating performance for

**Table of Contents**

the periods presented. When read in conjunction with the Tyco Flow Control Business U.S. GAAP revenue, they enable investors to better evaluate the Tyco Flow Control Business operations without giving effect to fluctuations in foreign exchange rates, which may be significant from period to period. In addition, revenue excluding the impact of changes in foreign currency exchange rates and organic revenue growth (decline) are factors the Tyco Flow Control Business uses in internal evaluations of the overall performance of the Tyco Flow Control Business. These measures are not financial measures under U.S. GAAP and should not be considered as a substitute for revenue as determined in accordance with U.S. GAAP, and they may not be comparable to similarly titled measures reported by other companies. Organic revenue growth (decline) presented herein is defined as revenue growth (decline) excluding the effects of foreign currency fluctuations, acquisitions and divestitures and other changes that may not reflect underlying results and trends (for example, the 53<sup>rd</sup> week of operations in fiscal year 2011). The Tyco Flow Control Business organic growth (decline) calculations incorporate an estimate of prior year reported net revenue associated with acquired entities that have been fully integrated within the first year, and exclude prior year net revenue associated with entities that do not meet the criteria for discontinued operations which have been divested within the past year. The Tyco Flow Control Business calculates the rate of organic growth (decline) based on the adjusted number to better reflect the rate of growth (decline) of the combined business, in the case of acquisitions, or the remaining business, in the case of dispositions. The Tyco Flow Control Business bases the rate of organic growth (decline) for acquired businesses that are not fully integrated within the first year upon unadjusted historical revenue. The Tyco Flow Control Business may use organic revenue growth (decline) and revenue growth (decline) excluding the impact of foreign currency exchange rates as components of the Tyco Flow Control Business compensation programs.

The table below details the components of organic revenue growth (decline) and reconciles the non-U.S. GAAP measures to U.S. GAAP net revenue growth (decline).

**Table of Contents****SELECTED UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION**

The Unaudited Pro Forma Condensed Combined Statements of Income for the six months ended June 30, 2012 for Pentair and the six months ended March 30, 2012 for the Tyco Flow Control Business, and the fiscal year ended December 31, 2011 for Pentair and September 30, 2011 for the Tyco Flow Control Business combine the historical Consolidated Statements of Income of Pentair and the historical Combined Statements of Operations for the Tyco Flow Control Business, giving effect to the Transactions as if they had been consummated on January 1, 2011, the beginning of the earliest period presented. The Unaudited Pro Forma Condensed Combined Balance Sheet combines the historical Consolidated Balance Sheets of Pentair as of June 30, 2012 and the historical Combined Balance Sheets of the Tyco Flow Control Business as of March 30, 2012, giving effect to the Transactions as if they had been consummated on June 30, 2012. The historical combined financial statements of the Tyco Flow Control Business have been adjusted to reflect certain reclassifications in order to conform with Pentair's financial statement presentation.

The Unaudited Pro Forma Condensed Combined Financial Statements were prepared using the acquisition method of accounting with Pentair considered the acquirer of the Tyco Flow Control Business. Accordingly, consideration given by Pentair to complete the Merger with the Tyco Flow Control Business will be allocated to assets and liabilities of the Tyco Flow Control Business based upon their estimated fair values as of the date of completion of the Transactions. As of the date of this proxy statement/prospectus, Pentair has not completed the detailed valuation studies necessary to arrive at the required estimates of the fair value of the Tyco Flow Control Business' assets to be acquired and the liabilities to be assumed and the related allocations of purchase price, nor has it identified all adjustments necessary to conform the Tyco Flow Control Business' accounting policies to Pentair's accounting policies. A final determination of the fair value of the Tyco Flow Control Business' assets and liabilities will be based on the actual net tangible and intangible assets and liabilities of the Tyco Flow Control Business that exist as of the date of completion of the Merger and, therefore, cannot be made prior to the completion of the Transactions. In addition, the value of the consideration to be given by Pentair to complete the Merger will be determined based on the trading price of Pentair's common shares at the time of the completion of the Merger. Accordingly, the pro forma purchase price adjustments are preliminary and are subject to further adjustments as additional information becomes available and as additional analyses are performed. The preliminary pro forma purchase price adjustments have been made solely for the purpose of providing the Unaudited Pro Forma Condensed Combined Financial Statements presented below. Pentair estimated the fair value of the Tyco Flow Control Business' assets and liabilities based on discussions with the Tyco Flow Control Business management, preliminary valuation studies, due diligence and information presented in public filings. Until the Merger is completed, both companies are limited in their ability to share information. Upon completion of the Merger, final valuations will be performed. Increases or decreases in the fair value of relevant balance sheet amounts will result in adjustments to the balance sheet and/or statement of income. There can be no assurance that such finalization will not result in material changes.

These Unaudited Pro Forma Condensed Combined Financial Statements have been developed from and should be read in conjunction with the respective audited and unaudited consolidated financial statements of Pentair and the historical combined financial statements of the Tyco Flow Control Business for the fiscal year ended December 31, 2011 and September 30, 2011, respectively, and for the six months ended June 30, 2012 and six months ended March 30, 2012, respectively, which are included in or incorporated by reference into this proxy statement/prospectus. **Table of Contents****Note 1. Basis of Presentation**

On March 27, 2012, Tyco, New Pentair, Panthro Acquisition, Panthro Merger Sub and Pentair entered into the Merger Agreement under which New Pentair will combine with Pentair in a tax-free, all-stock merger. Prior to the closing of the Merger, Tyco will cause specified assets and liabilities used in the Tyco Flow Control Business to be conveyed to New Pentair. After such conveyance, Tyco will spin off New Pentair to Tyco shareholders by distributing all of the outstanding New Pentair common shares to Tyco shareholders. Immediately after the Spin-off, Panthro Merger Sub, will merge with and into Pentair, with Pentair surviving the Merger as a wholly owned, indirect subsidiary of New Pentair. As a result of the Merger, Pentair shareholders will receive New Pentair common shares. In connection with the Merger, it is currently expected, based on the exchange ratio formula set forth in the Merger Agreement and the number of outstanding Pentair common shares as of June 30, 2012, that Pentair shareholders will receive approximately 99,205,000 New Pentair common shares as a result of the transactions or one New Pentair common share for every one Pentair common share owned on the date of the Merger. However, no fractional shares of New Pentair common shares will be issued in the Merger. At the close of the Merger, Pentair shareholders will own approximately 47.5% of the New Pentair common shares and Tyco shareholders will own approximately 52.5% of the New Pentair common shares on a fully diluted basis. It is anticipated that New Pentair common shares will be traded on the New York Stock Exchange under the ticker symbol PNR.

The accompanying Unaudited Pro Forma Condensed Combined Financial Statements present the pro forma consolidated financial position and results of operations of the combined company based upon the historical financial statements of Pentair and the Tyco Flow Control Business, after giving effect to the Transactions and adjustments described in these notes, and are intended to reflect the impact of the Transactions on New Pentair's consolidated financial statements. The accompanying Unaudited Pro Forma Condensed Combined Financial Statements are presented for illustrative purposes only and do not reflect the costs of any integration activities or benefits that may result from realization of future costs savings due to operating efficiencies or revenue synergies expect to result from the Transactions. In addition, throughout the periods covered by the Unaudited Pro Forma Condensed Combined Financial Statements, the operations of Tyco Flow Control Business were conducted and accounted for as part of Tyco. These financial statements have been derived from Tyco historical accounting records and reflect significant allocations of direct costs and expenses. All of the allocation and estimates in these financial statements are based on assumptions that management of the Tyco Flow Control Business believes are reasonable. The financial statements do not necessarily represent the financial position of the Tyco Flow Control Business had it been operated as a separate independent entity.

The Unaudited Pro Forma Condensed Combined Statements of Income for the six months ended June 30, 2012 combine the Tyco Flow Control Business' unaudited historical Combined Statement of Income for the six months ended March 30, 2012 with Pentair's unaudited historical Consolidated Statement of Income for the six months ended June 30, 2012, to reflect the Transactions as if they had occurred as of January 1, 2011. The Unaudited Pro Forma Condensed Combined Statements of Income for the fiscal year ended December 31, 2011 combine the Tyco Flow Control Business' unaudited historical Combined Statement of Operations for the fiscal year ended September 30, 2011 with Pentair's audited historical Consolidated Statement of Income for the fiscal year ended December 31, 2011, to reflect the Transactions as if they had occurred as of January 1, 2011. The Unaudited Pro Forma Condensed Combined Balance Sheet combines the Tyco Flow Control Business' unaudited historical Combined Balance Sheet as of March 30, 2012 with Pentair's unaudited historical Consolidated Balance Sheet as of June 30, 2012 to reflect the Transactions as if they had occurred as of June 30, 2012.

The Unaudited Pro Forma Condensed Combined Financial Statements were prepared using the acquisition method of accounting with Pentair considered the accounting acquiror of the Tyco Flow Control Business. Accordingly, consideration given by Pentair to complete the Transactions will be allocated to assets and liabilities of the Tyco Flow Control Business based upon their estimated fair values as of the date of completion of the Transactions. As of the date of this proxy statement/prospectus, Pentair has not completed the detailed valuation studies necessary to arrive at the required estimates of fair value of the Tyco Flow Control Business.

**Table of Contents**

assets to be acquired and the liabilities to be assumed and the related allocations of purchase price, nor has it identified all adjustments necessary to conform the Tyco Flow Control Business accounting policies to Pentair's accounting policies. A final determination of the fair value of the Tyco Flow Control Business assets and liabilities will be based on the actual net tangible and intangible assets and liabilities of the Tyco Flow Control Business that exist as of the date of completion of the Merger and, therefore, cannot be made prior to the completion of the Transactions. In addition, the value of the consideration to be given by Pentair to complete the Transactions will be determined based on the trading price of Pentair's common shares at the time of the completion of the Merger. Accordingly, the pro forma purchase price adjustments are preliminary and are subject to further adjustments as additional information becomes available and as additional analyses are performed. The preliminary pro forma purchase price adjustments have been made solely for the purpose of providing the Unaudited Pro Forma Condensed Combined Financial Statements presented above. Pentair estimated the fair value of the Tyco Flow Control Business assets and liabilities based on discussions with the Tyco Flow Control Business management, preliminary valuation studies, due diligence and information presented in public filings. Until the Transactions are completed, both companies are limited in their ability to share information. Upon completion of the Transactions, final valuations will be performed. Increases or decreases in the fair value of relevant balance sheet amounts will result in adjustments to the combined balance sheet and/or statement of income. There can be no assurance that such finalization will not result in material changes.

The Unaudited Pro Forma Condensed Combined Balance Sheet has been adjusted to reflect the allocation of the preliminary estimated purchase price to identifiable net assets acquired with the excess recorded as goodwill. The purchase price allocation in these Unaudited Pro Forma Condensed Combined Financial Statements is based upon a purchase price of approximately \$4.5 billion. This amount was derived in accordance with the Merger Agreement, as described further below in note 2(k), based on the outstanding Pentair common shares and common stock equivalents and the closing price of Pentair common shares on July 20, 2012. The actual number of New Pentair common shares issued in the Transactions will be based upon the actual number of Pentair common shares outstanding when the Transactions close, and the valuation of those shares will be based on the trading price of Pentair common shares when the Transactions close. For each \$1 change in the price of Pentair common shares, the estimated purchase price will increase or decrease by approximately \$112 million, which would result in an increase or decrease to goodwill.

The preliminary estimated purchase price is allocated as follows:

<i>(in millions)</i>	
Cash	\$ 125
Accounts receivable	707
Inventories	974
Other current assets	266
Property, plant and equipment	751
Identifiable intangible assets	1,385

Goodwill	2,081
Current liabilities	(810)
Long-term debt	(416)
Other liabilities and deferred income taxes, including current	(995)
<b>Total preliminary estimated purchase price</b>	<b>\$ 4,461</b>

A \$4.0 million increase relating to an income tax sharing receivable, as defined by the 2012 Tax Sharing Agreement that the Tyco Flow Control Business will enter into with Tyco. The amount is derived from tax liabilities that the Tyco Flow Control Business expects to pay but are indemnified by Tyco in accordance with the 2012 Tax Sharing Agreement. The actual amounts that the Tyco Flow Control Business may be entitled to receive under this agreement could vary depending upon the outcome of the unresolved tax matters, which may not be resolved for several years.

**Table of Contents**

A summary of the adjustments is as follows:

*in millions*

Settlement of receivables due from Tyco and its affiliates	\$ (2.0)
Receivable related to the 2012 Tax Sharing Agreement	4.0
<b>Total</b>	<b>\$ 2.0</b>

(c) ***Inventories***. A \$101.0 million increase in finished goods inventory to reflect the estimated fair value of the Tyco Flow Control Business inventories.

(d) ***Property, Plant and Equipment***. A \$125.0 million increase in property, plant and equipment (\$105.0 million in plant and equipment and \$20.0 million in property) to reflect the estimated fair value of the Tyco Flow Control Business property, plant and equipment. Plant and equipment are expected to be depreciated over a weighted average life of approximately 10 years.

For each \$10.0 million adjustment to property, plant and equipment, assuming a weighted average useful life of 10 years, depreciation expense would increase or decrease by \$1.0 million and \$0.5 million for the year ended December 31, 2011 and the six months ended June 30, 2012, respectively.

(e) ***Goodwill***. Represents the elimination of \$2.1 billion of existing goodwill of the Tyco Flow Control Business and the assignment of \$2.1 billion of goodwill attributable to the Merger.

(f) ***Intangible Assets***. Represents the elimination of \$121.0 million of existing intangible assets of the Tyco Flow Control Business and the recording of \$1.4 billion identifiable intangibles assets attributable to the Merger.

The estimated intangible assets attributable to the Merger are comprised of the following:

<i>(in millions)</i>	Amount	Annual Amortization Expense	Quarterly Amortization Expense	Estimated Weighted Average Life
Indefinite lived intangible asset	\$ 390.0	\$	\$	N/A
Definite lived intangible asset	875.0	87.5	21.9	10
Customer backlog	120.0	60.0	15.0	2
<b>Total</b>	<b>\$ 1,385.0</b>	<b>\$ 147.5</b>	<b>\$ 36.9</b>	

Indefinite lived intangible assets are expected to consist of trademarks and trade names and definite lived intangible assets are expected to consist of customer lists and developed technology.

The estimated fair values for this pro forma presentation for trade names and developed technology were measured using the relief-from-royalty method. This method assumes the trade names and developed technology have value to the extent that the owner is relieved of the obligation to pay royalties for the benefits received from them. Significant assumptions required for this method are revenue growth rates for the related brands, the appropriate royalty rate and an appropriate discount rate.

The estimated fair values for this pro forma presentation for customer lists and backlog were measured using the multi-period excess earnings method. The principle behind the multi-period excess earnings method is that the value of an intangible is equal to the present value for the incremental after-tax cash flows attributable only to the subject intangible asset. Significant assumptions required for this method are revenue growth rates and profitability related to customers, customer attrition rates and an appropriate discount rate.

For each \$50.0 million adjustment to definite lived intangible assets, assuming a weighted average useful life of approximately 10 years, amortization expense would increase or decrease by \$5.0 million and \$2.5 million for the year ended December 31, 2011 and the six months

ended June 30, 2012, respectively.

**Table of Contents**

(g) Other Other assets have been adjusted for the following:

A \$141.0 million decrease for the settlement of various receivables due from Tyco and its affiliates.

An adjustment to reflect a \$138.6 million increase to deferred tax assets for U.S. federal and certain foreign net operating loss carry-forwards and certain other foreign tax attributes that will be transferred to the Tyco Flow Control Business upon separation.

A net adjustment of \$8.0 million to reflect the fees associated with Pentair refinancing its existing revolving credit facility and issuance of \$900.0 million in senior notes less the expense of capitalized fees associated with the existing revolving credit facility and private placement notes being refinanced. The expense for the fees associated with the existing revolving credit facility and private placement notes being refinanced are not included in the Unaudited Pro Forma Condensed Combined Statements of Income as they are non-recurring expenses.

A summary of the adjustments is as follows:

<i>(in millions)</i>	
Settlement of long-term receivables due from Tyco and affiliates	\$ (141.0)
Adjustment to deferred taxes	138.6
Fees Pentair's new revolving credit facility	3.5
Fees Pentair's new senior notes	7.5
Fees Pentair's existing revolving credit facility and private placement notes	(3.0)
 Total	 \$ 5.6

(h) Accrued and Other Current Liabilities A \$49.0 million decrease for the settlement of various liabilities due to Tyco and its affiliates.

(i) Long-Term Debt. Long-term debt has been adjusted for the following:

Assumed settlement of \$877.0 million of the Tyco Flow Control Business long-term debt, which represent amounts allocated by Tyco for carve-out purposes.

Adjustments required to result in New Pentair net debt of \$275.0 million (assumed debt of \$400.0 million less assumed cash of \$125.0 million) in accordance with the Separation and Distribution Agreement. The assumed debt of \$400 million is based on the assumption that the Tyco Flow Control Business will have \$125 million in cash and \$400 million in new debt is needed to result in net indebtedness of \$275 million as required by the Separation and Distribution Agreement. To the extent that the Tyco Flow Control Business has more or less than \$125 million in cash and cash equivalents (up to a maximum of \$225 million), the new debt amount would also increase or decrease dollar for dollar up to a maximum of \$500 million. It is planned that the required \$400.0 million of new debt will be raised through a senior notes issuance aggregating \$900.0 million. The additional \$500.0 million will be used to refinance existing Pentair private placement notes.

A \$34 million increase in Pentair's revolving credit facility for fees related to the refinancing of its existing revolving credit facility, issuance of \$900.0 million in senior notes and a prepayment premium on private placement notes being refinanced.

A summary of the adjustments is as follows:

(j) Other Non-Current Liabilities. Other non-current liabilities have been adjusted for the following:

A \$13.0 million increase relating to an income tax sharing payable, as defined by the 2012 Tax Sharing Agreement that the Tyco Flow Control Business will enter into with Tyco. The actual amounts that the Tyco Flow Control Business may be obligated to pay under this agreement could vary depending upon the outcome of the unresolved tax matters, which may not be resolved for several years.

A \$48.0 million decrease for the settlement of various liabilities due to Tyco and its affiliates.

An adjustment to reflect a \$7.5 million increase to non-current income taxes payable for certain foreign income tax liabilities that will be transferred to the Tyco Flow Control Business upon separation.

An adjustment to reflect a \$25.0 million decrease to deferred tax liabilities for U.S. federal and certain foreign net operating loss carry-forwards that will be transferred to the Tyco Flow Control Business upon separation.

An adjustment to deferred tax liabilities representing the deferred income tax liability based on the U.S. federal statutory rate of 35% multiplied by the fair value adjustments made to assets acquired and liabilities assumed, excluding goodwill. For purposes of these Unaudited Pro Forma Condensed Combined Financial Statements, the U.S. federal statutory tax rate of 35% has been used. This does not reflect New Pentair's effective tax rate, which will include other tax items such as state and foreign taxes as well as other tax charges and benefits, and does not take into account any historical or possible future tax events that may impact the combined company. The adjustment was calculated as follows:

<i>(in millions)</i>

Property, plant and equipment fair market value step-up	125.0
Inventory fair market value step-up	101.0
Total	1,611.0

**Table of Contents**

A \$40.0 million decrease to reflect estimated remaining transaction costs related to the Transactions. These represent estimated one-time investment banking, legal and professional fees and are not presented net of tax as they are believed to be nondeductible. Additionally, these costs are not included in the Unaudited Pro Forma Condensed Combined Statements of Income as they are non-recurring expenses.

In connection with Pentair refinancing \$500.0 million of existing private placement notes, it will incur an estimated prepayment premium of \$44.0 million, net of tax. The prepayment premium is not included in the Unaudited Pro Forma Condensed Combined Statements of Income as it is a non-recurring expense.

A \$3.0 million decrease to reflect the expense associated with the remaining debt issuance costs for the existing revolving credit facility and private placement notes. The expense is not included in the Unaudited Pro Forma Condensed Combined Statements of Income as it is a non-recurring expense.

<i>(in millions)</i>	
Remaining transaction costs	(40.0)
Prepayment premium	(44.0)
Remaining debt issuance costs	(3.0)
 Total	 \$ (87.0)

 Total	 \$ 11.9

(n) Interest Expense. Interest expense has been adjusted for the following:

To eliminate the interest expense allocated to the Tyco Flow Control Business for carve-out purposes of \$51.0 million for the year ended September 30, 2011 and \$26.0 million for the six months ended March 30, 2012.

To include an estimate for interest expense on the additional debt necessary to result in net debt of \$275.0 million (assumed debt of \$400.0 million less assumed cash of \$125.0 million) per the Separation and Distribution Agreement and the interest rate differential on the refinancing of \$500.0 million of Pentair private placement notes. The estimated interest expense was calculated as follows:

<i>(in millions)</i>	
Additional debt per agreements	\$ 400.0
Refinanced debt	500.0
 Total new debt	 \$ 900.0

<i>(in millions)</i>		Year ended December 31, 2011	Six months ended June 30, 2012
Composition of new debt and related interest expense:			
New senior notes 5 year @ 3.0% interest rate	\$ 300.0	\$ 9.0	\$ 4.5
New senior notes 10 year @ 4.0% interest rate	600.0	24.0	12.0
 Total new debt	 \$ 900.0	 33.0	 16.5
Amortization new debt issuance costs		1.6	0.8
Amortization old debt issuance costs		(0.9)	(0.4)
Interest expense refinanced private placement notes @ 5.6%		(27.9)	(13.9)
 Pro forma interest expense adjustment		 \$ 5.8	 \$ 3.0

The interest rates on the new senior notes will be fixed rates. The 3.0% interest rate on the \$300.0 million in 5 year senior notes and the 4.0% interest rate on the \$600.0 million in 10 year senior notes are based on current market rates for fixed rate senior notes.

For each one-eighth of 1% (12.5 basis points) change in the estimated interest rate associated with the \$900.0 million borrowing, interest expense would increase or decrease by \$1.1 million and \$0.6 million for the year ended December 31, 2011 and the six months ended June 30, 2012, respectively.

## **Table of Contents**

New Pentair intends to adopt corporate governance policies that will contain information concerning the responsibilities of the Governance Committee with respect to identifying and evaluating future director candidates.

In accordance with these governance policies, the Governance Committee will seek to create a board of directors that as a whole is strong in its collective knowledge and has a diversity of skills and experience with respect to vision and strategy, management and leadership, business operations, business judgment, crisis management, risk assessment, industry knowledge, accounting and finance, corporate governance and global markets. These governance policies will provide that the Governance Committee will evaluate director candidates in light of a number of criteria with directors chosen with a view to bringing to the board of directors a variety of backgrounds and experiences and establishing a core of business advisers with financial and management expertise. The Governance Committee will also consider candidates who have substantial experience outside the business community, such as in the public, academic or scientific communities. These governance policies will emphasize New Pentair's commitment to diversity at the board of director level diversity not only of sex, sexual orientation, race, religion or national origin, but also diversity of experience, expertise and training.

General criteria for the nomination of director candidates will include that directors should:

possess the highest character and integrity and have an inquiring mind, vision and the ability to work well with others;

be free of any conflict of interest which would violate any applicable law or regulation or interfere with the proper performance of the responsibilities of a director;

possess substantial and significant experience which would be of particular importance to New Pentair in the performance of the duties of a director and would increase the diversity of experience, expertise and training of the board of directors taken as a whole;

have sufficient time available to devote to New Pentair's affairs in order to carry out the responsibilities of a director; and

be committed to enhancing long-term shareholder value and be willing and able to represent the balanced, best interests of the shareholders as a whole rather than the interests of a special interest group or constituency.

### **Communications with Non-Management Members of the Board of Directors**

Generally, it will be the responsibility of management to speak for New Pentair in communications with outside parties, but New Pentair intends to set forth, in its corporate governance policies, certain processes by which shareholders and other interested third parties may communicate with non-management members of the board of directors.

### **Compensation of Executive Officers of New Pentair After the Merger**

New Pentair did not have any employees during the period ended December 31, 2011 and accordingly has not included any compensation and other benefits information with respect to that period. Accordingly, New Pentair has not included information regarding compensation and other benefits paid to those executives by Tyco or New Pentair, as the case may be, during 2011 or prior years.

Information concerning the historical compensation paid by Pentair to its executive officers, all of whom are expected to be the executive officers of New Pentair, is described in "Executive Compensation" in Pentair's proxy statement for its 2012 annual meeting of shareholders filed with the SEC on March 9, 2012, which is incorporated by reference in this proxy statement/prospectus. See "Where You Can Find Additional Information."

## **Table of Contents**

Following the Merger, the New Pentair Compensation Committee will oversee and determine the compensation of the Chief Executive Officer and other executive officers of New Pentair and evaluate and determine the appropriate executive compensation philosophy and objectives for New Pentair. The Compensation Committee will evaluate and determine the appropriate design of the New Pentair executive compensation program and the appropriate process for establishing executive compensation. With respect to base salaries, annual incentive compensation and long-term incentive awards (or their equivalents), it is expected that the New Pentair Compensation Committee will develop programs reflecting appropriate measures, goals, targets and business objectives based on New Pentair's competitive marketplace. The New Pentair Compensation Committee will determine the appropriate benefits, perquisites and severance arrangements, if any, that it will make available to executive officers. It is expected that the New Pentair Compensation Committee will retain a compensation consultant with respect to these executive compensation evaluations and determinations.

The New Pentair Compensation Committee is expected to review its compensation policies with respect to the executive officers of New Pentair after the Merger, but has not yet made any determinations with respect to the compensation of those executive officers following the Merger. However, the Pentair Compensation Committee has approved certain grants of restricted stock units to the executive officers of New Pentair that are expected to vest following the Merger. See "The Transactions Interests of Certain Persons in the Merger Interests of Pentair Directors and Executive Officers in the Merger Additional Equity Grants." Although New Pentair's future executive officer compensation practices are expected to be based on Pentair's historical executive officer compensation practices, the New Pentair Compensation Committee will review the impact of the Merger on executive officer compensation practices and may make adjustments that it believes are appropriate in structuring New Pentair's future executive officer compensation arrangements.

### **Compensation of Directors of New Pentair After the Merger**

Information concerning the historical compensation paid by Pentair to its non-employee directors, all of whom are expected to be non-employee directors of New Pentair, is described in "Director Compensation" in Pentair's proxy statement for its 2012 annual meeting of shareholders filed with the SEC on March 9, 2012, which is incorporated by reference in this proxy statement/prospectus. See "Where You Can Find Additional Information."

Following the Merger, director compensation will be determined by New Pentair's Governance Committee. The New Pentair Governance Committee is expected to review its compensation policies with respect to directors after the Merger, but has not yet made any determinations with respect to the compensation of directors following the Merger. Although New Pentair's future director compensation practices are expected to be based on Pentair's historical director compensation practices, New Pentair's Governance Committee will review the impact of the Merger on director compensation practices and may make adjustments that it believes are appropriate in structuring New Pentair's future director compensation arrangements.

**Table of Contents****DESCRIPTION OF NEW PENTAIR CAPITAL STOCK**

The following is a summary of the material terms of the share capital of New Pentair and certain provisions of the proposed articles of association and organizational regulations. This summary does not purport to be complete and is qualified in its entirety by reference to the applicable provisions of the Swiss Code of Obligations and to the proposed articles of association and organizational regulations attached to this proxy statement/prospectus as Annex F and Annex G, respectively, and incorporated herein by reference. Shareholders of Pentair are encouraged to read both documents. The proposed articles of association and organizational regulations have been included to provide Pentair's shareholders with information regarding their terms. The proposed articles of association and organizational regulations are not intended to provide any other factual information about Pentair, Tyco, New Pentair and their affiliates following completion of the Merger. Other information about Pentair, Tyco, New Pentair and their affiliates can be found elsewhere in this proxy statement/prospectus. New Pentair's articles of association and organizational regulations have been prepared to provide, to the extent permitted by Swiss law and consistent with customary Swiss practice, an allocation of rights and powers between the shareholders and the board of directors of New Pentair that is comparable to that currently existing under Pentair's organizational documents and Minnesota law.

**Capital Structure****Issued Share Capital**

New Pentair will have one class of share capital consisting of registered shares and will have issued approximately 214 million registered shares with a nominal value per share of CHF 0.50, of which approximately 4 million will be treasury shares. Excluding these treasury shares, approximately 47.5% of New Pentair's shares will be held by former Pentair shareholders and approximately 52.5% of New Pentair's shares will be held by Tyco shareholders.

New Pentair's shares will rank *pari passu* with each other in all respects, including with respect to entitlements to dividends, liquidation proceeds and preemptive rights.

**Authorized Share Capital**

New Pentair's board of directors will be authorized, without additional shareholder approval, to increase New Pentair's share capital at any time on or before the second anniversary of the Effective Time, through issuance of new shares in one or several steps, by a maximum amount of 50% of the share capital registered in the commercial register. During each two-year period subsequent to such second anniversary, authorized share capital will be available to New Pentair's board of directors for issuance of additional registered shares only to the extent that shareholders have reauthorized such share capital at a general meeting of shareholders.

New Pentair's board of directors will determine the time of the issuance, the issue price, the manner in which the new registered shares have to be paid, the date from which the new registered shares carry the right to dividends and, subject to the provisions of New Pentair's articles of association, the conditions for the exercise of preemptive rights and the allotment of preemptive rights that have not been exercised. New Pentair's board of directors may allow preemptive rights that are not exercised to expire, or it may place such rights or registered shares, the preemptive rights of which have not been exercised, at market conditions or use them otherwise in the interest of New Pentair.

In an authorized capital increase, New Pentair's shareholders will have preemptive rights to obtain newly issued registered shares in an amount proportional to the par value of the registered shares they already hold. New Pentair's board of directors, however, may withdraw or limit these preemptive rights in certain circumstances as set forth in New Pentair's articles of association. For further details on these circumstances, see

Preemptive Rights and Advance Subscription Rights.

**Conditional Share Capital**

The board of directors from time to time may authorize New Pentair to issue bonds (including convertible bonds and bonds with options), notes, options, warrants or other securities in each case that represent a right to

---

**Table of Contents**

exchange, convert or exercise the security for New Pentair shares (collectively, Rights ). New Pentair s articles of association permit the issuance of shares in connection with the exercise of such Rights without obtaining additional shareholder approval, up to a maximum aggregate amount of 50% of the share capital registered in the commercial register. A specific number of shares, which are referred to collectively as Conditional Share Capital, will be allotted in the articles to two categories: (a) shares issued through the exercise of Rights granted to third parties or shareholders in connection with bonds, notes, options, warrants and other similar securities issued by New Pentair or one of its subsidiaries in national or international capital markets or pursuant to contractual obligations of New Pentair, its subsidiaries or any of their respective predecessors and (b) shares issued through the exercise of options and other similar Rights granted to members of the board of directors, members of the executive management, employees, contractors, consultants or other persons providing services to New Pentair or any of New Pentair s subsidiaries or affiliates.

**Other Classes or Series of Shares**

New shares with increased voting rights may not be issued without a shareholder resolution passed by at least two-thirds of the shares represented at the general meeting of shareholders.

**Preemptive Rights and Advance Subscription Rights**

Under the Swiss Code of Obligations (the Swiss Code ), other than in the instances covered above under Authorized Share Capital, and Conditional Share Capital, the prior approval of a general meeting of shareholders is required to authorize the issuance of registered shares. Shareholders generally will have preemptive rights in relation to such registered shares in proportion to the respective par values of their holdings. In addition, shareholders generally have advance subscription rights in relation to conversion, option, exchange, warrant or similar rights for the subscription of shares in connection with convertible bonds, notes, options, warrants or other similar securities convertible or exercisable for shares in proportion to the respective par values of their holdings.

Shareholders with the affirmative vote of at least two-thirds of the shares represented at the general meeting of shareholders may withdraw or limit preemptive rights for valid reasons, such as a merger or an acquisition, or for any of the reasons authorizing New Pentair s board of directors to withdraw or limit preemptive rights of shareholders in the context of an authorized capital increase as described below. Shareholders also may withdraw or limit advance subscription rights for similar valid reasons, including for financing or refinancing purposes or for any of the reasons authorizing New Pentair s board of directors to withdraw or limit advance subscription rights of shareholders in the context of a conditional capital increase as described below.

To the extent that the general meeting of shareholders has approved the creation of authorized or conditional capital, New Pentair s articles of association authorize the board of directors to withdraw or limit preemptive and advance subscription rights for valid reasons to New Pentair s board of directors in the circumstances described below under Limitation of Rights with Respect to Authorized Share Capital and Limitation of Rights with Respect to Conditional Share Capital.

*Limitation of Rights with Respect to Authorized Share Capital*

When issuing registered shares from authorized capital, New Pentair s board of directors may withdraw or limit preemptive rights:

if the issue price of the new registered shares is determined by reference to the market price; or

for the acquisition of an enterprise, part(s) of an enterprise or participations, or for the financing or refinancing of any such transactions, or for the financing of new investment plans of New Pentair; or

for purposes of broadening the shareholder constituency of New Pentair in certain financial or investor markets, for purposes of the participation of strategic partners, or in connection with the listing of new shares on domestic or foreign stock exchanges; or

---

for purposes of granting an over-allotment option (including options with respect to any security convertible into shares, such as convertible debt securities or otherwise) of up to 20% of the total number of shares in a placement or sale of shares to the respective initial purchaser(s) or underwriter(s); or

for the participation of members of the board of directors, members of the executive management, employees, contractors, consultants or other persons performing services for the benefit of New Pentair or any of its subsidiaries or affiliates; or

(i) following a person becoming, and for so long as to the knowledge of the board of directors such person remains, a beneficial owner (as defined in the articles of association) of shares in excess of 10% of the share capital registered in the commercial register without having submitted to the other shareholders a takeover offer that is recommended by the board of directors, or (ii) for the defense of an actual, threatened or potential unsolicited takeover bid, in relation to which the board of directors, upon consultation with an independent financial adviser retained by it, has not recommended to the shareholders acceptance on the basis that the board of directors has not found the takeover bid to be fair to the shareholders.

*Limitation of Rights with Respect to Conditional Share Capital*

*Conditional Share Capital for Financing Purposes*

In connection with the issuance of bonds, notes, warrants or other financial instruments or contractual obligations convertible into or exercisable or exchangeable for New Pentair shares, the preemptive rights of shareholders are excluded and New Pentair's board of directors may restrict or exclude advance subscription rights (i) if the issuance is for purposes of financing or refinancing the acquisition of a company or business, part of a business, or a new investment by New Pentair or its subsidiaries (in equity or otherwise), (ii) if the issuance occurs in the national or international capital markets or through a private placement or (iii) (x) following a person becoming, and for so long as to the knowledge of the board of directors such person remains, a beneficial owner (as defined in the articles of association) of shares in excess of 10% of the share capital registered in the commercial register without having submitted to the other shareholders a takeover offer that is recommended by the board of directors, or (y) for the defense of an actual, threatened or potential takeover bid, in relation to which the Board of Directors, upon consultation with an independent financial advisor has not recommended to the shareholders acceptance on the basis that the board of directors has not found the takeover bid to be fair to the shareholders.

If the advance subscription rights are restricted or excluded:

the respective financial instruments must be placed or entered into at market conditions;

the instruments or obligations may be converted, exercised or exchanged during a maximum period of 30 years; and

the conversion, exchange or exercise price, if any, for the instrument or obligation must be set with reference to the market conditions prevailing at the date on which the instrument or obligation is issued or entered into.

*Conditional Share Capital for Employee Participation Purpose.* The preemptive rights and the advance subscription rights of shareholders are excluded with respect to shares issued from New Pentair's conditional share capital to directors, employees, contractors, consultants or other persons providing services to New Pentair or any of its subsidiaries.

**Dividends**

Under Swiss law, dividends may be paid out only if the corporation has sufficient distributable profits from the previous fiscal year, or the corporation has distributable reserves, each as evidenced by the audited annual

**Table of Contents**

parent company statutory balance sheet. Distributable reserves are generally booked either as free reserves or as contributed surplus (contributions received from shareholders) in the reserve from capital contributions (*Gesetzliche Reserve aus Kapitaleinlagen*). Any distribution of dividends must be approved by an absolute majority of the shares represented in person or by proxy at a general meeting of shareholders. Although New Pentair's board of directors may propose a dividend distribution to New Pentair's shareholders, no dividend can be paid out without a shareholder resolution approving it. Payments out of registered share capital – the aggregate par value of a company's registered shares – must be made by way of a capital reduction. See Reduction of Share Capital.

Under the Swiss Code New Pentair's net assets must be greater than the sum of its nominal share capital, the general reserve (20% of New Pentair's nominal share capital) and the reserve for treasury shares before any distribution may be made. Under current practice, any excess amount of net assets is generally available for distribution to the shareholders. If such distribution is made out of contributed surplus, no Swiss withholding tax will apply. Swiss corporations generally must maintain a separate parent company statutory balance sheet in Swiss francs for the purpose of determining the amounts available for the return of capital to shareholders, or a distribution of dividends. A special audit report must confirm that a dividend proposal made to shareholders conforms with the requirements of the Swiss Code and New Pentair's articles of association.

New Pentair intends to declare any dividend in U.S. dollars subject to a cap defined in Swiss francs. The deduction from New Pentair's reserve, which is required to be made in Swiss francs, is typically determined based on the U.S. dollar/CHF exchange rate in effect at the relevant times.

**Repurchases of Registered Shares**

The Swiss Code limits a corporation's ability to hold or repurchase its own registered shares. New Pentair and its subsidiaries may only repurchase shares to the extent that sufficient distributable reserves are available, as described under Dividends. The aggregate par value of New Pentair's registered shares held by New Pentair and its subsidiaries may not exceed 10% of New Pentair's registered share capital. New Pentair may repurchase its registered shares beyond the statutory limit of 10%, however, if such a repurchase is approved by a shareholder resolution passed at a general meeting and the repurchased shares are dedicated for cancellation. Any registered shares so repurchased will then be cancelled at the next general meeting upon the approval of an absolute majority of the shares represented in person or by proxy at such general meeting. Repurchased registered shares held by New Pentair or its subsidiaries do not carry any voting rights at a general meeting of shareholders and typically do not receive the economic benefits generally associated with the shares.

**Reduction of Share Capital**

Capital distributions in the form of a distribution of cash or property may result in a reduction of New Pentair's nominal share capital recorded in the commercial register. Such a capital reduction requires the approval of an absolute majority of the shares represented in person or by proxy at a general meeting of shareholders. A special audit report must confirm that creditors' claims remain fully covered despite the reduction to the nominal share capital recorded in the commercial register. Upon approval of the nominal share capital reduction, the board of directors must give public notice of the resolution three times in the Swiss Official Gazette of Commerce and notify creditors that they may request, within two months of the third publication, satisfaction of, or security for, their claims.

### **General Meetings of Shareholders and Voting Rights**

#### **General Meetings of Shareholders**

The general meeting of shareholders will be New Pentair's supreme corporate body. Ordinary and extraordinary shareholders' meetings may be held. The following powers will be vested exclusively in the shareholders' meeting:

adoption and amendment of New Pentair's articles of association;

election and removal of members of the board of directors and the auditors;

approval of the annual business report, the stand-alone statutory financial statements and the combined financial statements;

payments of dividends and any other distributions of capital to shareholders, excluding share repurchases below 10% of the registered share capital, to the extent that sufficient freely distributable reserves are available;

discharge of the members of the board of directors from liability for business conduct during the previous fiscal year to the extent such conduct is known to the shareholders; and

any other resolutions that are submitted to a general meeting of shareholders pursuant to law, New Pentair's articles of association or by voluntary submission by the board of directors, unless a matter is within the exclusive competence of the board of directors pursuant to the Swiss Code.

Under the Swiss Code and New Pentair's articles of association, New Pentair must hold an annual, ordinary general meeting of shareholders within six months after the end of its fiscal year for the purpose of approving the annual financial statements and the annual business report and for conducting the annual election of directors for the class whose term has expired. Annual general meetings of shareholders may be convened by the board of directors or, under certain circumstances, by the auditors. A general meeting of shareholders can be held anywhere.

The invitation to general meetings must be published in the Swiss Official Gazette of Commerce at least 20 calendar days prior to the relevant general meeting of shareholders. The notice of a meeting must state the items on the agenda, the proposals of the board of directors and the shareholders who requested that a shareholders' meeting be held or that an item be included on the agenda and, in case of elections, the names of the nominated candidates. No resolutions may be passed at a shareholders' meeting concerning agenda items for which proper notice was not given, except for proposals made during a shareholders' meeting to convene an extraordinary shareholders' meeting or to initiate a special investigation. No prior notice will be required to bring motions related to items already on the agenda or for the discussion of matters as to which no resolution will be taken.

A special general meeting of shareholders may be called upon the resolution of New Pentair's board of directors or, under certain circumstances, by the auditors. In addition, New Pentair's board of directors is required to convene a special general meeting of shareholders if so resolved by the general meeting of shareholders, or if so requested by shareholders holding an aggregate of at least 10% of the shares with voting rights specifying the items for the agenda and their proposals, or if it appears from the parent company annual statutory balance sheet that half of New Pentair's share capital and reserves are not covered by New Pentair's assets. In the latter case, New Pentair's board of directors must immediately convene an extraordinary general meeting of shareholders and propose financial restructuring measures.

Under New Pentair's articles of association and the Swiss Code, any holder of record of shares with a par value of at least 1 million Swiss francs may request that an item be included on the agenda of a general meeting of shareholders and may nominate one or more directors for election. A request for inclusion of an item on the agenda or a nomination of a director must be in writing, must specify the items and proposals and must be submitted in accordance with certain advance notice procedures set forth in New Pentair's articles of association.

## **Table of Contents**

Under the Swiss Code, a general meeting of shareholders for which a notice of meeting has been duly published may not be adjourned without publishing a new notice of meeting.

New Pentair's annual report and auditors' report must be made available for inspection by the shareholders at New Pentair's place of incorporation no later than 20 days prior to the meeting. Each shareholder is entitled to request immediate delivery of a copy of these documents free of charge. Shareholders of record will be notified of this in writing.

### **Voting**

Each registered share carries one vote at a general meeting of shareholders. Voting rights may be exercised by shareholders registered in the share register or by a duly appointed proxy of a registered shareholder or nominee, which proxy need not be a shareholder. New Pentair's articles of association will contain a provision regarding voting rights that is customary for Swiss companies. This provision provides that, to be able to exercise voting rights, holders of shares must apply to New Pentair for registration in its share register (*Aktienregister*) as shareholders with voting rights. Registered holders of shares may obtain the form of declaration from New Pentair's transfer agent, which will be Wells Fargo Bank, N.A. (Wells Fargo). In order to exercise their voting rights, subject to exceptions granted by the board of directors, shareholders will be required to disclose their name and address and that they have acquired their shares in their name and for their account. Persons not expressly declaring themselves to be holding shares for their own account will not be registered as shareholders with voting rights. A person or legal entity that directly or indirectly, formally, constructively or beneficially owns or otherwise controls voting rights with respect to 20% or more of the registered share capital recorded in the Commercial Register will be entered in the Commercial Register as a shareholder with voting rights equal to 20% of registered shares less one share only (the Cap). Those associated through capital, voting power, joint management or in any other way, or joining for the acquisition of shares are considered as one shareholder, or nominee. Certain exceptions exist with regard to the registration of and the voting by nominees. Failing registration (in person or through a proxy) as shareholders with voting rights, shareholders may not participate in, or vote at, New Pentair's shareholders' meetings, but will be entitled to dividends, preemptive rights and liquidation proceeds. Only shareholders that are registered as shareholders with voting rights on the relevant record date are permitted to participate in and vote at a general shareholders' meeting. A beneficial owner will not be allowed to cast votes in excess of the Cap. Shareholders holding their shares through a bank, broker or other nominee will not automatically be registered as shareholders in New Pentair's share register. If any such shareholder wishes to be registered in New Pentair's share register, such shareholder should contact the bank, broker or other nominee through which it holds shares. If any such shareholder wishes to exercise its voting rights, such shareholder should follow the instructions provided by such bank, broker or other nominee or, absent instructions, contact such bank, broker or other nominee for instructions.

Treasury shares, whether owned by New Pentair or one of New Pentair's majority-owned subsidiaries, will not be entitled to vote at general meetings of shareholders.

Pursuant to New Pentair's articles of association, the shareholders generally pass resolutions by the affirmative vote of holders of an absolute majority of shares represented and entitled to be voted with respect to the relevant resolution or election at a general meeting of shareholders. Abstentions will be included in the calculation of the number of shares represented at the meeting for purposes of determining whether a quorum has been achieved and in the number of shares entitled to vote on a matter. Broker non-votes will also be included in the calculation of the number of shares represented at the meeting for purposes of determining whether a quorum has been achieved but will not be included in determining the number of shares represented at the meeting and entitled to be voted with respect to the relevant resolution or election. A broker non-vote occurs when shares held by a broker, bank or other nominee are represented at the meeting, but the nominee has not received voting instructions from the beneficial owner and does not have the discretion to direct the voting of the shares on a particular matter. Such nominees may exercise discretion in voting on routine matters, but may not exercise discretion and therefore may not vote on non-routine matters including on the election of directors.

## **Table of Contents**

With respect to the election of directors, each holder of registered shares entitled to vote at the election has the right to vote, in person or by proxy, the number of registered shares held by him for as many persons as there are directors to be elected. Directors are elected by the affirmative vote of a majority of the votes cast (in person or by proxy) at the general meeting of shareholders. At any election in which the Chairman determines that the number of persons properly nominated to serve as directors exceeds the number of directors to be elected, directors are elected by the affirmative vote of a plurality of the votes cast (in person or by proxy) at the general meeting of shareholders. Abstentions and broker non-votes shall not be included in the calculation of votes cast with respect to such election. A plurality means that the individual who receives the largest number of votes cast for a board seat is elected to that board seat. New Pentair's articles of association do not provide for cumulative voting for the election of directors. New Pentair's board of directors will be divided into three classes, with each class serving a three-year term. The classes must be substantially equivalent in size.

The acting chair may direct that elections be held by use of an electronic voting system. Electronic resolutions and elections will be considered equal to resolutions and elections taken by way of a written ballot.

### **Supermajority Voting**

The Swiss Code and/or New Pentair's articles of association require the affirmative vote of at least two-thirds of the shares represented (in person or by proxy) at a general meeting of shareholders to approve the following matters:

a change of the company purpose;

the creation of shares with privileged voting rights;

a change to the articles regarding share registration and the Cap;

the restriction of the transferability of registered shares;

the waiver, reduction or withdrawal of restrictions upon the transfer of registered shares;

an increase of capital, authorized or subject to a condition;

an increase of capital out of equity, against contribution in kind, or for the purpose of acquisition of assets and the granting of special benefits;

the limitation or withdrawal of pre-emptive rights;

a change of the domicile of New Pentair;

the liquidation of New Pentair;

the removal with or without cause of a serving director;

a change in the size of the Board of Directors, without recommendation of the Board of Directors;

the merger, demerger or conversion of New Pentair; and

the conversion of registered shares into bearer shares and vice versa.

The approval of at least 75% of the shares represented at the general meeting of shareholders will be required to approve the following matters:

a change to the timing of the general meeting;

a change to the article regarding the rights of shareholders to propose agenda items for general meetings of shareholders;

a change to the article regarding voting rights (other than the Cap);

a change to the article regarding the passage of resolutions and election of directors at general meetings of shareholders;

a change to the length of terms of board members;

a change to the organization of the board of directors;

a change to the duties of directors;

a change to the procedures for the dissolution or liquidation of New Pentair;

an amendment to the articles with regard to changing the voting requirement to remove a director or change the size of the board; and

an amendment to the articles with regard to changing the supermajority requirements.

Swiss law also imposes a two-thirds supermajority voting requirement in connection with the sale of all or substantially all of the assets of a corporation. See Other Rights and Share Information Compulsory Acquisitions; Appraisal Rights. The same supermajority voting requirements apply to resolutions with respect to transactions governed by the Swiss Federal Act on Mergers, Demergers, Transformations and the Transfer of Assets (the Merger Act). Furthermore, the Merger Act requires an affirmative vote of 90% of the outstanding registered shares for so-called cash-out or squeeze-out mergers. In these limited circumstances, an acquirer controlling 90% of the outstanding registered shares may acquire shares of minority shareholders of the corporation in exchange for compensation other than shares of the acquiring company, for instance, cash or securities of a parent corporation of the acquirer or shares of another corporation.

### *New York Stock Exchange Voting Requirements*

In addition to shareholder approvals required by Swiss law and the articles of association, the NYSE requires a majority shareholder vote with at least 50% of shares represented for certain matters, including:

the approval of equity compensation plans (or amendments to such plans);

the issuance of shares equal to or in excess of 20% of the voting power of the shares outstanding before the issuance of such shares (subject to certain exceptions, such as public offerings for cash and certain bona fide private placements);

certain issuances of shares to related parties; and

issuances of shares that would result in a change of control.

### **Presence Quorum for General Meetings**

New Pentair's articles of association will provide that all resolutions and elections made at a shareholders' meeting require the presence, in person or by proxy, of a majority corresponding to a half plus one of all shares entitled to vote, with abstentions and broker non-votes being regarded as present for purposes of establishing a quorum of shareholders.

### **Other Rights and Share Information**

#### **Inspection of Books and Records**

Under the Swiss Code, a shareholder has a right to inspect the share register with regard to his own shares and otherwise to the extent necessary to exercise his shareholder rights. No other person has a right to inspect the share register. The books and correspondence of a Swiss corporation may be inspected with the express authorization of the general meeting of shareholders or by resolution of the board of directors and subject to the safeguarding of New Pentair's business secrets. At a general meeting of shareholders, any shareholder may request information from the board of directors concerning New Pentair's affairs. Shareholders also may ask the auditors questions regarding their audit of the company. The board of directors and the auditors must answer shareholders' questions to the extent necessary for the exercise of shareholders' rights and subject to prevailing business secrets or other material interests of the corporation.

**Special Investigation**

If the shareholders' inspection and information rights as outlined above prove to be insufficient, any shareholder may propose to the general meeting of shareholders that specific facts be examined by a special

---

commissioner in a special investigation. If the general meeting of shareholders approves the proposal, New Pentair or any shareholder, within 30 calendar days after the general meeting of shareholders, may request the court at New Pentair's registered office to appoint a special commissioner. If the general meeting of shareholders rejects the request, one or more shareholders representing at least 10% of the share capital or holders of registered shares in an aggregate par value of at least two million Swiss francs may request the court to appoint a special commissioner. The court may issue such an order if the petitioners can demonstrate that the board of directors, any member of the board or an officer infringed the law or New Pentair's articles of association and thereby damaged New Pentair or New Pentair's shareholders. The costs of the investigation generally would be allocated to New Pentair and only in exceptional cases to the requesting shareholders.

**Compulsory Acquisitions; Appraisal Rights**

Business combinations and other transactions that are binding on all shareholders are governed by the Merger Act. A statutory merger or demerger requires that at least two-thirds of the registered votes in each case as represented (in person or by proxy) at a general meeting, vote in favor of the transaction. Under the Merger Act, a demerger may take two forms:

a legal entity may divide all of its assets and transfer such assets to other legal entities, with the shareholders of the transferring entity receiving equity securities in the acquiring entities and the transferring entity dissolving upon deregistration in the commercial register; or

a legal entity may transfer all or a portion of its assets to other legal entities, with the shareholders of the transferring entity receiving equity securities in the acquiring entities.

If a transaction under the Merger Act receives all of the necessary consents, all shareholders are compelled to participate in the transaction. See General Meetings of Shareholders and Voting Rights.

Swiss corporations may be acquired through the direct acquisition of their share capital. With respect to corporations limited by shares, the Merger Act permits a cash-out or squeeze-out merger if the acquirer controls 90% of the outstanding registered shares. In these limited circumstances, minority shareholders of the corporation being acquired may be compensated in a form other than through shares of the acquiring corporation, for instance, through cash or securities of a parent corporation of the acquiring corporation or of another corporation. For business combinations effected in the form of a statutory merger or demerger and subject to Swiss law, the Merger Act provides that, if the equity rights have not been adequately preserved or compensation payments in the transaction are unreasonable, a shareholder may request the competent court to determine a reasonable amount of compensation.

In addition, under Swiss law, the sale of substantially all of the corporation's assets will require a resolution of the general meeting of shareholders passed by holders of at least two-thirds of the shares represented (in person or by proxy) at a general meeting of shareholders. Whether or not a shareholder resolution is required depends on the particular transaction, including whether the following test is satisfied:

the corporation sells a core part of its business, without which it is economically impracticable or unreasonable to continue to operate the remaining business;

the corporation's assets, after the divestment, are not invested in accordance with the corporation's statutory business purpose; and

the proceeds of the divestment are not earmarked for reinvestment in accordance with the corporation's business purpose but, instead, are intended for distribution to shareholders or for financial investments unrelated to the corporation's business.

### **Transactions with Interested Shareholders**

Under Swiss law, there generally is no prohibition of business combinations with interested shareholders. In certain circumstances, however, shareholders and members of the board of directors of Swiss corporations, as well as certain persons associated with them, must refund any payments they receive that are not made on an arm's length basis.

### **Corporate Governance**

In addition to articles of association, Swiss corporations enact organizational rules in the form of organizational regulations which further define the tasks and duties of the board of directors and executive management. The organizational regulations are enacted and amended by the board of directors and are attached as Annex G.

### **Duration; Dissolution; Rights upon Liquidation**

New Pentair's duration is unlimited. New Pentair may be dissolved at any time with the approval of shareholders holding at least two-thirds of the registered votes as represented (in person or by proxy) at a general meeting. Dissolution by court order is possible if New Pentair becomes bankrupt, or for cause at the request of shareholders holding at least 10% of New Pentair's registered share capital. Under Swiss law, any surplus arising out of liquidation, after the settlement of all claims of all creditors, will be distributed to shareholders in proportion to the paid-up par value of registered shares held, subject to Swiss withholding tax requirements.

### **Uncertificated Shares**

New Pentair will be is authorized to issue registered shares in certificated or uncertificated form. New Pentair intends to use only uncertificated shares in accordance with article 973c of the Swiss Code (*Wertrechte*). Share certificates will not be available for individual physical delivery but a shareholder may at any time request an attestation of the number of shares held by it, as reflected in the share register.

### **No Sinking Fund**

The registered shares have no sinking fund provisions.

### **No Redemption and Conversion**

The registered shares are not convertible into shares of any other class or series or subject to redemption either by New Pentair or by the holder of the shares.

### **Transfer and Registration of Shares**

Subject to the voting rights limitations described above, New Pentair does not intend to impose any restrictions applicable to the transfer of New Pentair's registered shares. So long as the shares constitute intermediated securities within the meaning of FISA, shares may be transferred by crediting the relevant transferred shares to a securities account of the transferee or as otherwise permitted under applicable law.

New Pentair's share register will initially be kept by Wells Fargo Bank, N.A. The share register reflects only record owners of New Pentair's shares. Beneficial owners of shares who hold shares through a nominee may exercise their shareholders' rights through the intermediation of such nominee. See also Voting. Swiss law does not recognize fractional share interests.

### **Notices**

In accordance with New Pentair's articles of association, notices to shareholders are validly made by publication in the Swiss Official Gazette (*Schweizerisches Handelsamtsblatt*).

### **Conflict of Interests**

Swiss law does not have a general provision on conflict of interest. However, the Swiss Code contains a provision that requires board members and executive officers to safeguard the interest of a company and, in this connection, imposes a duty of loyalty on its board members and executive officers. The duty of loyalty is generally understood to disqualify a director or senior officer of a company from participation in decisions that directly affect such director or officer. A company's directors and officers are personally liable to the company for breach of this provision. In addition, the Swiss Code contains provisions under which directors and officers engaged in the management of a company are liable to the company, each shareholder and the company's creditors for damages caused by an intentional or negligent violation of their duties.

New Pentair's board members will be required to declare if they are a party to, or otherwise interested in, any contract, transaction or other arrangement with New Pentair, or in which New Pentair is otherwise interested, and if they are a director or officer of, or employed by, or a party to any contract or transaction or other arrangement with, or otherwise interested in, any company or other person promoted by New Pentair or in which New Pentair is interested. In such a case, the director is required to observe certain notice requirements and receive the approval or authorization of a majority of the disinterested members of the board of directors.

### **Borrowing Power**

Neither Swiss law nor New Pentair's articles of association restrict in any way New Pentair's power to borrow and raise funds. The decision to borrow funds is made by or upon delegation by New Pentair's board of directors; no shareholders' resolution is generally required in relation to any such borrowing.

### **Limitation of Liability and Indemnification**

New Pentair's articles of association will provide that it will indemnify and hold harmless, to the fullest extent permitted by Swiss law, the existing and former members of the board of directors and officers from and against all costs, charges, losses, damages and expenses actually incurred in connection with any threatened, pending or completed actions, suits or proceedings whether civil, criminal, administrative or investigative by reason of the fact that such individual was a director or officer; provided, however, that this indemnity shall not extend to any matter in which any of said persons is found, in a final judgment or decree of a court or governmental or administrative authority of competent jurisdiction not subject to appeal, to have committed an intentional or grossly negligent breach of his statutory duties as a member of the board of directors or officer.

New Pentair will maintain insurance to reimburse New Pentair's directors and officers and those of New Pentair's subsidiaries for charges and expenses incurred by them for wrongful acts claimed against them by reason of their being or having been directors or officers of New Pentair or any of New Pentair's subsidiaries.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling New Pentair pursuant to the foregoing provisions or otherwise, New Pentair has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is therefore unenforceable.

### **Transfer Agent and Registrar**

After the Distribution, the transfer agent and registrar for New Pentair's common shares will be Wells Fargo.

### **Listing**

New Pentair intends to list New Pentair's common shares on the New York Stock Exchange under the trading symbol PNR.

If the shareholders' meeting authorizes New Pentair's board of directors to repurchase shares for cancellation purposes (for example, if New Pentair already holds 10% of its registered share capital in treasury), the 10% threshold does not apply. **CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS**

Following the Transactions, New Pentair, ADT and Tyco will operate independently, and none will have any ownership interest in any other. In order to govern certain ongoing relationships between New Pentair, ADT and Tyco after the Spin-off and to provide mechanisms for an orderly transition, New Pentair, ADT and Tyco have entered into the Separation and Distribution Agreement and intend to enter into agreements pursuant to which certain services and rights will be provided for following the Spin-off, and New Pentair, ADT and Tyco will indemnify each other against certain liabilities arising from their respective businesses. A summary of those agreements is set forth in The Separation and Distribution Agreement and the Ancillary Agreements.

The Pentair board of directors has adopted written policies and procedures regarding related person transactions and expects those policies to continue in effect at New Pentair following the completion of the Merger. For purposes of these policies and procedures:

a related person will mean any of New Pentair's directors, executive officers or five-percent shareholders or any of their immediate family members; and

a related person transaction will generally be a transaction (including any indebtedness or a guarantee of indebtedness) in which New Pentair is a participant and the amount involved exceeds \$50,000, and in which a related person had or will have a direct or indirect material interest.

Following the completion of the Merger, New Pentair's written policies and procedures will require potential related person transactions must be brought to the attention of the New Pentair Governance Committee directly or to the General Counsel for transmission to the New Pentair Governance Committee. New Pentair's written policies will provide that disclosure to the New Pentair Governance Committee should occur before, if possible, or as soon as practicable after the related person transaction is effected, but in any event as soon as practicable after the executive officer or director becomes aware of the related person transaction. The New Pentair Governance Committee's decision whether or not to approve or ratify a related person transaction will be made in light of a number of factors, including the following:

whether the terms of the related person transaction are fair to New Pentair and on terms at least as favorable as would apply if the other party was not or did not have an affiliation with any of New Pentair's directors, executive officers or five-percent shareholders;

whether there are demonstrable business reasons for New Pentair to enter into the related person transaction;

whether the related person transaction could impair the independence of a director under New Pentair's Corporate Governance Principles' standards for director independence; and

whether the related person transaction would present an improper conflict of interest for any of New Pentair's directors or executive officers, taking into account the size of the transaction, the overall financial position of the director or executive officer, the direct or indirect nature of the interest of the director or executive officer in the transaction, the ongoing nature of any proposed relationship, and any other factors the Pentair governance committee deems relevant.

**SUBMISSION OF FUTURE SHAREHOLDER PROPOSALS**

Assuming consummation of the Merger, New Pentair shareholders will be entitled to present proposals for consideration at forthcoming shareholder meetings provided that they comply with the proxy rules promulgated by the SEC and the New Pentair Amended and Restated Articles of Association. The deadline for submission of all shareholder proposals to be considered for inclusion in New Pentair's proxy statement for its next annual meeting will be disclosed in a Form 10-Q or Form 8-K filed after the consummation of the Merger.

**APPROVAL OF THE MERGER AGREEMENT**

At the special meeting, Pentair shareholders will be asked to approve the Merger Agreement and the transactions contemplated thereby and all other actions or matters necessary or appropriate to give effect to the Merger Agreement and the transactions contemplated thereby. The terms of, reasons for and other aspects of the Merger Agreement and the Merger are described in detail in the other sections in this proxy statement/prospectus.

The approval by Pentair shareholders of Proposal 1 requires the affirmative vote of the holders of a majority of the voting power of all Pentair common shares entitled to vote at the special meeting.

**PROPOSAL 2**

**ADVISORY VOTE TO APPROVE CHANGE IN CONTROL PAYMENTS TO NAMED EXECUTIVE OFFICERS**

In accordance with Section 14A of the Exchange Act, Pentair is providing its shareholders with the opportunity to cast a non-binding, advisory vote to approve the compensation that may be paid or become payable to Pentair's named executive officers in connection with the Merger. As required by those rules, Pentair is asking its shareholders to vote on the adoption of the following resolution:

RESOLVED, that the compensation that may be paid or become payable to Pentair's named executive officers in connection with the Merger, as disclosed in the table titled "Potential Change of Control Payments to Named Executive Officers" above, including the associated narrative discussion, and the agreements or understandings pursuant to which such compensation may be paid or become payable, are hereby APPROVED.

The vote on executive compensation that may be paid or become payable in connection with the Merger is a vote separate and apart from the vote to approve the Merger Agreement. Accordingly, you may vote to approve the Merger Agreement and vote not to approve the executive compensation and vice versa. Because the vote is advisory in nature only, it will not be binding on Pentair or on New Pentair. Accordingly, because Pentair is contractually obligated to pay the compensation, such compensation will be paid or become payable, subject only to the conditions applicable thereto, if the Merger Agreement and the transactions contemplated thereby are approved and regardless of the outcome of the advisory vote.

The approval by Pentair shareholders of Proposal 2 requires the affirmative vote of a majority of Pentair common shares present or represented by proxy at the special meeting, provided a quorum is present.

**PROPOSAL TO ADJOURN OR POSTPONE THE SPECIAL MEETING, IF NECESSARY OR  
APPROPRIATE, TO SOLICIT ADDITIONAL PROXIES IF THERE ARE NOT SUFFICIENT VOTES AT

At the special meeting, Pentair may ask shareholders to vote to adjourn or postpone the special meeting to solicit additional proxies in the event there are not sufficient votes at the time of the special meeting to approve Proposal 1. The approval of Proposal 1 is required for completion of the Transactions. Because the Pentair board of directors believes that it is in Pentair's and Pentair shareholders' best interest to engage in the Transactions, the Pentair board of directors believes it is in Pentair's and Pentair shareholders' best interest to adjourn the special meeting if there are not sufficient votes at the time of the special meeting to approve Proposal 1.

The approval by Pentair shareholders of Proposal 3 requires that the affirmative vote of a majority of Pentair common shares present or represented by proxy at the special meeting, whether or not a quorum is present.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Tyco International Ltd. Board of Directors:

We have audited the accompanying combined balance sheet of Tyco Flow Control International Ltd. and the Flow Control Business of Tyco International Ltd. (the Company) as of September 30, 2011 and September 24, 2010 and the related combined statements of operations, parent company equity, and of cash flows for each of the three fiscal years in the period ended September 30, 2011. Our audits also included the financial statement schedule listed in the Index at page F-1. The combined financial statements include the accounts of Tyco Flow Control International Ltd. and the Flow Control Business of Tyco International Ltd. (Tyco), which are under the common ownership, control and oversight of Tyco. These financial statements and financial statement schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements and financial statement schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such combined financial statements present fairly, in all material respects, the financial position of the Company as of September 30, 2011 and September 24, 2010, and the results of its operations and its cash flows for each of the three fiscal years in the period ended September 30, 2011, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, such financial statement schedule, when considered in relation to the basic combined financial statements taken as a whole, presents fairly in all material respects the information set forth therein.

As discussed in Note 1 to the combined financial statements, the Company is comprised of the assets and liabilities used in managing and operating the Company. The combined financial statements also include allocations from Tyco. These allocations may not be reflective of the actual level of assets, liabilities, or costs which would have been incurred had the Company operated as a separate entity apart from Tyco.

**TYCO FLOW CONTROL INTERNATIONAL LTD. AND  
THE FLOW CONTROL BUSINESS OF TYCO INTERNATIONAL LTD.  
NOTES TO COMBINED FINANCIAL STATEMENTS**

**1. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Spin-Off* On September 19, 2011, Tyco International Ltd. announced that its board of directors approved a plan to separate Tyco International Ltd. ( Tyco or Parent ) into three separate, publicly traded companies (the Spin-Off ), identifying Tyco Flow Control International Ltd. and the Flow Control Business of Tyco (the Company or Flow Control ) as one of those three companies. The Spin-Off is expected to be completed by the end of the third calendar quarter of 2012 through a tax-free pro rata distribution of all of the equity interest in the flow control business. Upon completion of the Spin-Off, Tyco Flow Control International Ltd. will become the parent of the Company.

Completion of the proposed Spin-Off is subject to certain conditions, including final approval by the Tyco Board of Directors and shareholders, receipt of tax opinions and rulings and the filing and effectiveness of registration statements with the Securities and Exchange Commission ( SEC ). The Spin-Off will also be subject to the completion of any necessary financing.

*Basis of Presentation* The Combined Financial Statements include the operations, assets and liabilities of Tyco Flow Control International Ltd., the entity that will be used to effect the separation from Tyco. The Combined Financial Statements also include the combined operations, assets and liabilities of the Flow Control Business of Tyco which are comprised of the legal entities that will be owned by Tyco Flow Control International Ltd. at the time of the Spin-Off. The Combined Financial Statements have been prepared in United States dollars ( USD ) and in accordance with generally accepted accounting principles in the United States ( GAAP ). Unless otherwise indicated, references to 2011, 2010 and 2009 are to Flow Control s fiscal years ending September 30, 2011, September 24, 2010 and September 25, 2009, respectively.

Additionally, the Combined Financial Statements do not necessarily reflect what the Company s combined results of operations, financial position and cash flows would have been had the Company operated as an independent, publicly traded company during the periods presented. To the extent that an asset, liability, revenue or expense is directly associated with the Company, it is reflected in the accompanying Combined Financial Statements. General corporate overhead, debt and related interest expense have been allocated by Tyco to the Company. Management believes such allocations are reasonable; however, they may not be indicative of the actual results of the Company had the Company been operating as an independent, publicly traded company for the periods presented or the amounts that will be incurred by the Company in the future. Note 7 ( Debt ) provides further information regarding debt related allocations and Note 8 ( Related Party Transactions ) provides further information regarding allocated expenses.

The Company has a 52 or 53-week fiscal year that ends on the last Friday in September. Fiscal year 2011 was a 53-week year. Fiscal years 2010 and 2009 were 52-week years.

The Company operates and reports financial and operating information in the following three reportable segments:

*Valves & Controls* Designs, manufactures and markets valves, actuators and controls providing products, services and solutions throughout the energy and process industries.

*Thermal Controls* Provides complete heat management solutions for heat tracing, floor heating, snow melting and de-icing, fire and performance wiring, specialty heating and sensing for industrial commercial and residential use.

*Water & Environmental Systems* Designs, manufactures, installs and services products and environmental instrumentation relating to water and wastewater systems and air applications.

The Company also provides general corporate services to our segments and these costs are reported as Corporate.

---

**Table of Contents**

The Company conducts business through its operating subsidiaries. All intercompany transactions have been eliminated. The results of companies acquired or disposed of during the year are included in the Combined Financial Statements from the effective date of acquisition or up to the date of disposal. See Notes 2 ( Divestitures ) and 4 ( Acquisitions ). References to the segment data are to the Company's continuing operations.

*Use of Estimates* The preparation of the Combined Financial Statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities and reported amounts of revenue and expenses. Significant estimates in these Combined Financial Statements include restructuring charges, allowances for doubtful accounts receivable, estimates of future cash flows associated with asset impairments, useful lives for depreciation and amortization, loss contingencies (including legal, environmental and asbestos reserves), insurance reserves, net realizable value of inventories, estimated contract revenue and related costs, income taxes and tax valuation allowances and pension and postretirement employee benefit expenses. Actual results could differ materially from these estimates.

*Revenue Recognition* Revenue from the sales of products is recognized at the time title and risks and rewards of ownership pass. This is generally when the products reach the free-on-board shipping point, the sales price is fixed and determinable and collection is reasonably assured.

Contract sales for construction-related projects are recorded primarily under the percentage-of-completion method. Profits recognized on contracts in process are based upon estimated contract revenue and related total cost of the project at completion. The extent of progress toward completion is generally measured based on the ratio of actual cost incurred to total estimated cost at completion. Revisions to cost estimates as contracts progress have the effect of increasing or decreasing profits each period. Provisions for anticipated losses are made in the period in which they become determinable.

Provisions for certain rebates, sales incentives, trade promotions, product returns and discounts to customers are accounted for as reductions in determining sales in the same period the related sales are recorded. These provisions are based on terms of arrangements with direct, indirect and other market participants. Rebates are estimated based on sales terms, historical experience and trend analysis.

Accounts receivable and other long-term receivables included retainage provisions of \$10 million as of September 30, 2011 and \$9 million as of September 24, 2010. There were no amounts unbilled as of both September 30, 2011 and September 24, 2010. As of September 30, 2011, the retainage provision included \$9 million that is expected to be collected during fiscal year 2012.

*Research and Development* Research and development (R&D) expenditures, which amounted to \$18 million, \$18 million and \$11 million for 2011, 2010 and 2009, respectively, are expensed when incurred and are included in cost of revenue. R&D expenses include salaries, direct costs incurred and building and overhead expenses.

*Advertising* Advertising costs, which amounted to \$8 million, \$6 million and \$6 million for 2011, 2010 and 2009, respectively, are expensed when incurred and are included in selling, general and administrative expenses.

*Acquisition and Integration Costs* Acquisition and integration costs are expensed when incurred and are included in selling, general and administrative expenses.

*Translation of non-U.S. Currency* For the Company's non-U.S. subsidiaries that account in a functional currency other than U.S. dollars, assets and liabilities are translated into U.S. dollars using period-end exchange rates. Revenue and expenses are translated at the average exchange rates in effect during the year. Foreign

**Table of Contents**

currency translation gains and losses are included as a component of accumulated other comprehensive income in the Combined Statement of Parent Company Equity.

Gains and losses resulting from non-U.S. currency transactions are reflected in selling, general and administrative expenses.

*Cash and Cash Equivalents* All highly liquid investments with original maturities of three months or less from the time of purchase are considered to be cash equivalents.

*Allowance for Doubtful Accounts* The allowance for doubtful accounts receivable reflects the best estimate of probable losses inherent in Flow Control's receivable portfolio determined on the basis of historical experience, specific allowances for known troubled accounts and other currently available evidence.

*Inventories* Inventories are recorded at the lower of cost (primarily first-in, first-out) or market value. The Company provides a reserve for estimated inventory obsolescence or unmarketable inventory equal to the difference between the cost of inventory and estimated fair value based on assumptions of future demand and market conditions. The Company ages its inventory with no recent demand and applies various valuation factors based on the length of time since the last demand from customers for such material.

*Property, Plant and Equipment, Net* Property, plant and equipment, net is recorded at cost less accumulated depreciation. Depreciation expense for 2011, 2010 and 2009 was \$65 million, \$62 million and \$60 million, respectively. Maintenance and repair expenditures are charged to expense when incurred. Depreciation is calculated using the straight-line method over the estimated useful lives of the related assets as follows:

Buildings and related improvements	Up to 50 years
Leasehold improvements	Lesser of remaining term of the lease or economic useful life
Other machinery, equipment and furniture and fixtures	2 to 21 years

*Long-Lived Asset Impairments* The Company reviews long-lived assets, including property, plant and equipment and amortizable intangible assets, for impairment whenever events or changes in business circumstances indicate that the carrying amount of the asset may not be fully recoverable. The Company performs undiscounted operating cash flow analyses to determine if impairment exists. For purposes of recognition and measurement of an impairment for assets held for use, the Company groups assets and liabilities at the lowest level for which cash flows are separately identified. If an impairment is determined to exist, any related impairment loss is calculated based on fair value. Impairment losses on assets to be disposed of, if any, are based on the estimated proceeds to be received, less costs of disposal.

*Goodwill and Indefinite-Lived Intangible Asset Impairments* Goodwill and indefinite-lived intangible assets are assessed for impairment annually and more frequently if triggering events occur. See Note 6 ( Goodwill and Intangible Assets ). In performing these assessments, management relies on various factors, including operating results, business plans, economic projections, anticipated future cash flows, comparable transactions and other market data. There are inherent uncertainties related to these factors which require judgment in applying them to the testing of goodwill and indefinite-lived intangible assets for impairment. The Company performs its annual impairment tests for goodwill and indefinite-lived intangible assets on the first day of the fourth quarter of each year.

When testing for goodwill impairment, the Company first compares the fair value of a reporting unit with its carrying amount. Fair value for the goodwill impairment test is determined utilizing a discounted cash flow analysis based on the Company's future budgets discounted using market participants' weighted-average cost of

---

**Table of Contents**

capital and market indicators of terminal year cash flows. Other valuation methods are used to corroborate the discounted cash flow method. If the carrying amount of a reporting unit exceeds its fair value, goodwill is considered potentially impaired and further tests are performed to measure the amount of impairment loss. In the second step of the goodwill impairment test, the Company compares the implied fair value of the reporting unit's goodwill with the carrying amount of the reporting unit's goodwill. If the carrying amount of the reporting unit's goodwill exceeds the implied fair value of that goodwill, an impairment loss is recognized in an amount equal to the excess of the carrying amount of goodwill over its implied fair value. The implied fair value of goodwill is determined in the same manner that the amount of goodwill recognized in a business combination is determined. The Company allocates the fair value of a reporting unit to all of the assets and liabilities of that unit, including intangible assets, as if the reporting unit had been acquired in a business combination. Any excess of the fair value of a reporting unit over the amounts assigned to its assets and liabilities represents the implied fair value of goodwill.

*Parent Company Investment* Parent company investment in the Combined Balance Sheets represents Tyco's historical investment in the Company, the Company's accumulated net earnings after taxes and the net effect of transactions with and allocations from Tyco. Note 8 ( Related Party Transactions ) provides additional information regarding the allocation to the Company of various expenses incurred by Tyco.

*Product Warranty* The Company records estimated product warranty costs at the time of sale. Products are warranted against defects in material and workmanship when properly used for their intended purpose, installed correctly and appropriately maintained. Standard product warranties are implicit in our sales. However, in certain of our businesses, customers may negotiate additional warranties as an element of the purchase contract or as a separately purchased component. The warranty liability is determined based on historical information such as past experience, product failure rates or number of units repaired, estimated cost of material and labor and in certain instances estimated property damage.

*Environmental Costs* The Company is subject to laws and regulations relating to protecting the environment. It provides for expenses associated with environmental remediation obligations when such amounts are probable and can be reasonably estimated. See Note 11 ( Commitments and Contingencies ).

*Income Taxes* For purposes of the Company's Combined Financial Statements, income tax expense and deferred tax balances have been recorded as if it filed tax returns on a stand-alone basis separate from Tyco ( Separate Return Method ). The Separate Return Method applies the accounting guidance for income taxes to the stand-alone financial statements as if the Company was a separate taxpayer and a stand-alone enterprise for the periods presented. The calculation of income taxes for the Company on a separate return basis requires a considerable amount of judgment and use of both estimates and allocations. Historically, the Company has largely operated within Tyco's group of legal entities, including several U.S. consolidated tax groups, various non-U.S. tax groups and stand alone non-U.S. subsidiaries. In certain instances, tax losses and credits utilized by the Company within the Tyco group of entities may not be available to the Company going forward. In other instances, tax losses or credits generated by Tyco's other businesses will be available to the Company going forward after the Distribution.

In determining taxable income for the Company's Combined Financial Statements, the Company must make certain estimates and judgments. These estimates and judgments affect the calculation of certain tax liabilities and the determination of the recoverability of certain of the deferred tax assets, which arise from temporary differences between the tax and financial statement recognition of revenue and expense.

In evaluating the Company's ability to recover its deferred tax assets the Company considers all available evidence, positive and negative, including its past operating results, the existence of cumulative losses in the most recent years and its forecast of future taxable income. In estimating future taxable income, the Company develops assumptions including the amount of future pre-tax income, the reversal of temporary differences and the implementation of feasible and prudent tax planning strategies. These assumptions require significant

---

**Table of Contents**

judgment about the forecasts of future taxable income and are consistent with the plans and estimates it is using to manage the underlying businesses.

The Company currently has recorded valuation allowances that it will maintain until it is more-likely-than-not the deferred tax assets will be realized. The Company's income tax expense recorded in the future may be reduced to the extent of decreases in our valuation allowances. The realization of our remaining deferred tax assets is primarily dependent on future taxable income in the appropriate jurisdiction. Any reduction in future taxable income including but not limited to any future restructuring activities may require that the Company record an additional valuation allowance against its deferred tax assets. An increase in the valuation allowance could result in additional income tax expense in such period and could have a significant impact on the Company's future earnings.

The tax carryforwards reflected in the Company's Combined Financial Statements are calculated on a hypothetical stand-alone income tax return basis. The tax carryforwards include net operating losses and tax credits. The Company's post spin-off tax carryforwards will be different than those reflected in the Company's Combined Financial Statements.

Changes in tax laws and rates could also affect recorded deferred tax assets and liabilities in the future. Management records the affect of a tax rate or law change on the Company's deferred tax assets and liabilities in the period of enactment. Future tax rate or law changes could have a material effect on the Company's results of operations, financial condition or cash flows.

In addition, the calculation of the Company's tax liabilities involves dealing with uncertainties in the application of complex tax regulations in a multitude of jurisdictions across our global operations. The Company recognizes potential liabilities and records tax liabilities for anticipated tax audit issues in the U.S. and other tax jurisdictions based on its estimate of whether, and the extent to which, additional taxes will be due. These tax liabilities are reflected net of related tax loss carryforwards. The Company adjusts these reserves in light of changing facts and circumstances; however, due to the complexity of some of these uncertainties, the ultimate resolution may result in a payment that is materially different from the Company's current estimate of the tax liabilities. If the Company's estimate of tax liabilities proves to be less than the ultimate assessment, an additional charge to expense would result. If payment of these amounts ultimately proves to be less than the recorded amounts, the reversal of the liabilities would result in tax benefits being recognized in the period when the Company determine the liabilities are no longer necessary. For purposes of the Company's Combined Financial Statements, these estimated tax liabilities have been computed on a separate return basis.

*Asbestos-Related Contingencies and Insurance Receivables* The Company and certain of its subsidiaries along with numerous other companies are named as defendants in personal injury lawsuits based on alleged exposure to asbestos-containing materials. The Company's estimate of the liability and corresponding insurance recovery for pending and future claims and defense costs is predominantly based on claim experience over the past five years, and a projection which covers claims expected to be filed, including related defense costs, over the next seven years on an undiscounted basis. Due to the high degree of uncertainty regarding the pattern and length of time over which claims will be made and then settled or litigated, the Company uses multiple estimation methodologies based on varying scenarios of potential outcomes to estimate the range of loss. The Company has concluded that estimating the liability beyond the seven year period will not provide a reasonable estimate, as these uncertainties increase significantly as the projection period lengthens. However, it is possible claims will be received beyond the seven year period.

In connection with the recognition of liabilities for asbestos-related matters, the Company records asbestos-related insurance recoveries that are probable. The Company's estimate of asbestos-related insurance recoveries represents estimated amounts due to the Company for previously paid and settled claims and the probable reimbursements relating to its estimated liability for pending and future claims. In determining the amount of insurance recoverable, the Company considers a number of factors, including available insurance, allocation methodologies, solvency and creditworthiness of the insurers.

**Table of Contents**

*Insurable Liabilities* The Company insures workers' compensation, property, product, general and auto liabilities through a wholly owned subsidiary of Tyco, a captive insurance company, which retains the risk of loss. The captive's policies covering these risks are deductible reimbursement policies. Tyco has insurance for losses in excess of the captive insurance company policies' limits through third-party insurance companies.

These insurance costs have been allocated to the Company on a specific identification basis by Tyco. Management believes the allocations are reasonable; however, they may not be indicative of the actual insurance costs of the Company had the Company been operating as an independent, stand-alone entity for the periods presented. See Note 8 ( Related Party Transactions ).

*Recently Issued Accounting Pronouncements* In June 2011, the Financial Accounting Standards Board ( FASB ) issued authoritative guidance for the presentation of comprehensive income. The guidance amended the reporting of Other Comprehensive Income ( OCI ) by eliminating the option to present OCI as part of the Combined Statements of Parent Company Equity. The amendment will not impact the accounting for OCI, but only its presentation in the Company's Combined Financial Statements. The guidance requires that items of net income and OCI be presented either in a single continuous statement of comprehensive income or in two separate but consecutive statements which include total net income and its components, consecutively followed by total OCI and its components to arrive at total comprehensive income. In December 2011, the FASB issued authoritative guidance to defer the effective date for those aspects of the guidance relating to the presentation of reclassification adjustments out of accumulated other comprehensive income by component. The guidance must be applied retrospectively and is effective for the Company in the first quarter of fiscal year 2013, with early adoption permitted. The Company is currently assessing the timing of its adoption of the guidance.

In September 2011, the FASB issued authoritative guidance which expanded and enhanced the existing disclosures related to multi-employer pension and other postretirement benefit plans. The amendments require additional quantitative and qualitative disclosures to provide more detailed information including the significant multi-employer plans in which the Company participates, the level of the Company's participation and contributions, and the financial health and indication of funded status, which will provide users of financial statements with a better understanding of the employer's involvement in multi-employer benefit plans. The guidance must be applied retrospectively and is effective for the Company for the fiscal year 2012 annual period, with early adoption permitted. The Company is currently assessing the timing of its adoption of the guidance along with what impact, if any, the guidance will have on its annual disclosures.

In September 2011, the FASB issued authoritative guidance which amends the process of testing goodwill for impairment. The guidance permits an entity to first assess qualitative factors to determine whether the existence of events or circumstances leads to a determination that it is more likely than not, defined as having a likelihood of more than fifty percent, that the fair value of a reporting unit is less than its carrying amount. If an entity determines it is not more likely than not that the fair value of a reporting unit is less than its carrying amount, performing the traditional two step goodwill impairment test is unnecessary. If an entity concludes otherwise, it would be required to perform the first step of the two step goodwill impairment test. If the carrying amount of the reporting unit exceeds its fair value, then the entity is required to perform the second step of the goodwill impairment test. However, an entity has the option to bypass the qualitative assessment in any period and proceed directly to step one of the impairment test. The guidance is effective for the Company for interim and annual impairment testing beginning in the first quarter of fiscal year 2013, with early adoption permitted. The Company is currently assessing the timing of its adoption of the guidance.

**2. DIVESTITURES**

From time to time, the Company may dispose of businesses that do not align with its long-term strategy.

**Fiscal Year 2011**

On July 22, 2011, the Company sold its Israeli water business which was part of the Company's Water & Environmental Systems segment. The sale was completed for approximately \$35 million in cash proceeds and a

**Table of Contents**

\$7 million pre-tax gain was recorded within restructuring, asset impairment and divestiture charges, net in the Company's Combined Statements of Operations.

On September 30, 2010, the Company sold its European water business which was part of the Company's Water & Environmental Systems segment. The sale was completed for approximately \$264 million in cash proceeds, net of \$7 million of cash divested on sale, and a pre-tax gain of \$174 million was recorded, which was largely exempt from tax. The gain was recorded in income from discontinued operations, net of income taxes in the Company's Combined Statements of Operations.

**Fiscal Year 2010**

During fiscal year 2010, the Company completed the sale of its KD Valves business which was part of the Company's Valves & Controls segment. The sale was completed for approximately \$9 million in cash proceeds, net of \$2 million of cash divested on sale, and a pre-tax gain of \$1 million was recorded. The gain was recorded in income from discontinued operations, net of income taxes in the Company's Combined Statements of Operations. Additionally, during the third quarter of 2010, the Company approved a plan to sell its European water business, which subsequently closed on September 30, 2010 as discussed in fiscal year 2011 above. These businesses met the held for sale and discontinued operations criteria and were included in discontinued operations for all periods presented.

**Fiscal Year 2009**

In July 2008, the Company substantially completed the sale of its Infrastructure Services business, which met the criteria to be presented as discontinued operations. In order to complete the sale of the remaining Infrastructure Services businesses, Earth Tech Brasil Ltda. ( ET Brasil ), the Earth Tech UK businesses and certain assets in China, the Company was required to obtain consents and approvals to transfer the legal ownership of the businesses and assets. **5. INCOME TAXES**

The Company's operating results have been included in Tyco's various consolidated U.S. federal and state income tax returns, as well as included in many of Tyco's tax filings for non-U.S. jurisdictions. For purposes of the Company's Combined Financial Statements, income tax expense and deferred tax balances have been recorded as if it filed tax returns on a stand-alone basis separate from Tyco. Additionally, the carve-out financial statements reflect the Company as having the same historic structure of Tyco as a Swiss based company. At the time of the proposed Spin-Off, the Company will be Swiss domiciled. The Separate Return Method applies the accounting guidance for income taxes to the stand-alone financial statements as if the Company was a separate taxpayer and a stand-alone enterprise for the periods presented.

Tyco Flow Control International Ltd. a holding company and Swiss resident, is exempt from cantonal and communal income tax in Switzerland, but is subject to Swiss federal income tax. At the federal level, qualifying net dividend income and net capital gains on the sale of qualifying investments in subsidiaries are exempt from Swiss federal income tax. Consequently, Tyco Flow Control International Ltd. expects dividends from its subsidiaries and capital gains from sales of investments in its subsidiaries to be exempt from Swiss federal income tax.

The Company conducts operations through its various subsidiaries in a number of countries throughout the world. Income (loss) from continuing operations before income taxes is as follows (\$ in millions):

The goodwill deferred tax asset relates to a prior internal restructuring which resulted in a step up in tax goodwill with no change in book goodwill. The Company's contribution to Tyco's tax losses and tax credits on a separate return basis has been included in these Combined Financial Statements. In certain instances, tax losses and tax credits generated by Tyco's other businesses will be available to the Company after the Distribution. As of September 30, 2011, the Company had \$404 million of net operating loss carryforwards in certain non-U.S. jurisdictions. Of these, \$350 million have no expiration, and the remaining \$54 million will expire in future years through 2030. In the U.S., there were no material federal and approximately \$67 million of state net operating loss carryforwards as of September 30, 2011, which will expire in future years through 2030.

The valuation allowance for deferred tax assets of \$261 million and \$230 million as of September 30, 2011 and September 24, 2010, respectively, relate principally to the uncertainty of the utilization of certain non-U.S. deferred tax assets. The goodwill deferred tax asset has a full valuation allowance against it. The Company believes that it will generate sufficient future taxable income to realize the tax benefits related to the remaining net deferred tax assets on the Company's Combined Balance Sheets.

As of September 30, 2011 and September 24, 2010, the Company had unrecognized tax benefits of \$36 million and \$35 million, respectively, of which \$34 million and \$33 million, if recognized, would affect the effective tax rate. *Undistributed Earnings of Subsidiaries*

Except for earnings that are currently distributed, no additional material provision has been made for U.S. or non-U.S. income taxes on the undistributed earnings of subsidiaries or for unrecognized deferred tax liabilities for temporary differences related to investments in subsidiaries, since the earnings are expected to be permanently reinvested, the investments are essentially permanent in duration, or the Company has concluded that no additional tax liability will arise as a result of the distribution of such earnings. A liability could arise if amounts are distributed by such subsidiaries or if such subsidiaries are ultimately disposed. It is not practicable to estimate the additional income taxes related to permanently reinvested earnings or the basis differences related to investments in subsidiaries.

**Table of Contents***Tax Sharing Agreement and Other Income Tax Matters*

In connection with the Spin-Off from Tyco, Tyco Flow Control International Ltd. expects to enter into a tax sharing agreement with Tyco and The ADT Corporation (the 2012 Tax Sharing Agreement) that will govern the rights and obligations of Tyco Flow Control International Ltd., Tyco and The ADT Corporation for certain pre-Distribution tax liabilities, including Tyco's obligations under the tax sharing agreement among Tyco, Covidien Ltd. (Covidien) and TE Connectivity Ltd. (TE Connectivity) entered into in 2007 (the 2007 Tax Sharing Agreement). Tyco Flow Control International Ltd. expects that the 2012 Tax Sharing Agreement will provide that Tyco Flow Control International Ltd., Tyco and The ADT Corporation will share (i) certain pre-Distribution income tax liabilities that arise from adjustments made by tax authorities to Tyco Flow Control International Ltd.'s, Tyco's and The ADT Corporation's U.S. and certain non-U.S. income tax returns, and (ii) payments required to be made by Tyco with respect to the 2007 Tax Sharing Agreement (collectively, Shared Tax Liabilities). Tyco will be responsible for the first \$500 million of Shared Tax Liabilities. Tyco Flow Control International Ltd. and The ADT Corporation will share 42% and 58%, respectively, of the next \$225 million of Shared Tax Liabilities. Tyco Flow Control International Ltd., The ADT Corporation and Tyco will share 20%, 27.5% and 52.5%, respectively, of Shared Tax Liabilities above \$725 million.

In the event the Distribution, The ADT Corporation Spin-Off, or certain internal transactions undertaken in connection therewith were determined to be taxable as a result of actions taken after the Distribution by Tyco Flow Control International Ltd., The ADT Corporation or Tyco, the party responsible for such failure would be responsible for all taxes imposed on Tyco Flow Control International Ltd., The ADT Corporation or Tyco as a result thereof. Taxes resulting from the determination that the Distribution, The ADT Corporation Spin-Off, or any internal transaction is taxable are referred to herein as Distribution Taxes. If such failure is not the result of actions taken after the Distribution by Tyco Flow Control International Ltd., The ADT Corporation or Tyco, then Tyco Flow Control International Ltd., The ADT Corporation and Tyco would be responsible for any Distribution Taxes imposed on Tyco Flow Control International Ltd., The ADT Corporation or Tyco as a result of such determination in the same manner and in the same proportions as the Shared Tax Liabilities. The ADT Corporation will have sole responsibility for any income tax liability arising as a result of Tyco's acquisition of Brink's Home Security Holdings, Inc. (BHS) in May 2010, including any liability of BHS under the tax sharing agreement between BHS and The Brink's Company dated October 31, 2008 (collectively, the BHS Tax Liabilities). Costs and expenses associated with the management of Shared Tax Liabilities, Distribution Taxes and BHS Tax Liabilities will generally be shared 20% by Tyco Flow Control International Ltd., 27.5% by The ADT Corporation and 52.5% by Tyco. Tyco Flow Control International Ltd. will be responsible for all of our own taxes that are not shared pursuant to the 2012 Tax Sharing Agreement's sharing formulae. In addition, Tyco and The ADT Corporation are responsible for their tax liabilities that are not subject to the 2012 Tax Sharing Agreement's sharing formulae.

The 2012 Tax Sharing Agreement is also expected to provide that, if any party were to default in its obligation to another party to pay its share of the distribution taxes that arise as a result of no party's fault, each non-defaulting party would be required to pay, equally with any other non-defaulting party, the amounts in default. In addition, if another party to the 2012 Tax Sharing Agreement that is responsible for all or a portion of an income tax liability were to default in its payment of such liability to a taxing authority, Tyco Flow Control International Ltd. could be legally liable under applicable tax law for such liabilities and required to make additional tax payments. Accordingly, under certain circumstances, Tyco Flow Control International Ltd. may be obligated to pay amounts in excess of our agreed-upon share of Tyco Flow Control International Ltd.'s, Tyco's and The ADT Corporation's tax liabilities.

**6. GOODWILL AND INTANGIBLE ASSETS**

Annually, in the fiscal fourth quarter, and more frequently if triggering events occur, the Company tests goodwill for impairment by comparing the fair value of each reporting unit with its carrying amount. Fair value for each reporting unit is determined utilizing a discounted cash flow analysis based on the Company's forecast

**Table of Contents**

cash flows discounted using an estimated weighted-average cost of capital of market participants. A market approach is utilized to corroborate the discounted cash flow analysis performed at each reporting unit. If the carrying amount of a reporting unit exceeds its fair value, goodwill is considered potentially impaired. In determining fair value, management relies on and considers a number of factors, including operating results, business plans, economic projections, anticipated future cash flow, comparable market transactions (to the extent available), other market data and the Company's overall market capitalization.

In the first quarter of 2011, the Company changed its reporting units of its Water & Environmental Systems segment. As a result, the Company assessed the recoverability of the long-lived assets of each of the segment's two reporting units. The Company concluded that the carrying amounts of its long-lived assets were recoverable. Subsequently, the Company performed the first step of the goodwill impairment test for the reporting units of our Water & Environmental Systems segment.

To perform the first step of the goodwill impairment test, the Company compared the carrying amounts of the reporting units to their estimated fair values. Fair value for each reporting unit was determined utilizing a discounted cash flow analysis based on forecast cash flows (including estimated underlying revenue and operating income growth rates) discounted using an estimated weighted-average cost of capital of market participants. The results of the first step of the goodwill impairment test indicated there was a potential impairment of goodwill in the Systems reporting unit only, as the carrying amount of the reporting unit exceeded its respective fair value. As a result, the Company performed the second step of the goodwill impairment test for this reporting unit by comparing the implied fair value of reporting unit goodwill with the carrying amount of the reporting unit's goodwill. The results of the second step of the goodwill impairment test indicated that the implied goodwill amount was less than the carrying amount of goodwill for the Systems reporting unit. Accordingly, the Company recorded a non-cash impairment charge of \$35 million which was recorded in goodwill impairment in the Company's Combined Statement of Operations for the quarter ended December 24, 2010.

There were no goodwill impairments as a result of performing the Company's 2011, 2010 and 2009 annual impairment tests.

The changes in the carrying amount of goodwill by segment for 2011 and 2010 are as follows (\$ in millions):

Debt as of September 30, 2011 and September 24, 2010 is as follows (\$ in millions):

	September 30, 2011	September 24, 2010
<b>Current maturities of long-term debt:</b>

<b>Long-term debt:</b>		
Allocated debt	859	671

Total long-term debt	876	689
<b>Total debt</b>	<b>\$ 876</b>	<b>\$ 787</b>

Tyco used a centralized approach to cash management and financing of its operations excluding debt directly incurred by any of its businesses, such as capital lease obligations. Accordingly, Tyco's consolidated debt and related interest expense, exclusive of amounts incurred directly by the Company, have been allocated to the Company based on an assessment of the Company's share of external debt using historical data. Interest expense was allocated in the same proportions as debt and includes the impact of interest rate swap agreements designated as fair value hedges. For fiscal year 2011, 2010 and 2009, Tyco has allocated to the Company interest expense of \$50 million, \$53 million and \$61 million, respectively. The fair value of the Company's allocated debt was \$996 million and \$894 million as of September 30, 2011 and September 24, 2010, respectively. The fair value of its debt was allocated in the same proportions as Tyco's external debt. In addition, cash paid for interest was allocated in the same proportion as Tyco's external debt, which is presented on the Combined Statements of Cash Flows.

Management believes the allocation basis for debt and interest expense is reasonable based on an assessment of historical data. However, these amounts may not be indicative of the actual amounts that the Company would have incurred had the Company been operating as an independent, publicly-traded company for the periods presented. The Company expects to issue third-party debt based on an anticipated initial post-separation capital structure for the Company. The amount of debt which could be incurred may materially differ from the amounts presented herein.

**8. RELATED PARTY TRANSACTIONS**

*Cash Management* Tyco used a centralized approach to cash management and financing of operations. The Company's cash was available for use and was regularly swept by Tyco at its discretion. Transfers of cash both to and from Tyco are included within parent company investment on the Combined Statements of Parent Company Equity. The main components of the net transfers (to)/from Parent are cash pooling and general financing activities, cash transfers for acquisitions, divestitures, investments and various allocations from Tyco.

*Trade Activity* Accounts receivable includes \$3 million and \$4 million of receivables from Tyco and its affiliates as of September 30, 2011 and September 24, 2010, respectively. These amounts primarily relate to sales of certain products which totaled \$17 million, \$16 million and \$18 million for fiscal year 2011, 2010 and 2009, respectively, and associated cost of revenue of \$12 million, \$9 million and \$11 million for fiscal year 2011, 2010 and 2009, respectively.

*Service and Lending Arrangement with Tyco Affiliates* The Company has various debt and cash pool agreements with Tyco affiliates, which are executed outside of the normal Tyco centralized approach to cash management and financing of operations. Other assets include \$122 million and \$35 million of receivables from Tyco affiliates as of September 30, 2011 and September 24, 2010, respectively. Accrued and other current liabilities include \$32 million and nil of payables to Tyco affiliates as of September 30, 2011 and September 24, 2010, respectively. Other liabilities include \$41 million and \$80 million of payables to Tyco affiliates as of September 30, 2011 and September 24, 2010, respectively.

---

## **Table of Contents**

Additionally, the Company, Tyco and its affiliates pay for expenses on behalf of each other. Accrued and other current liabilities include \$11 million and \$10 million of payables to Tyco and its affiliates as of September 30, 2011 and September 24, 2010, respectively.

*Interest Income and Interest Expense* The Company recognized \$1 million, \$2 million and \$4 million of interest expense and \$5 million, nil and \$2 million of interest income associated with the lending arrangements with Tyco affiliates during fiscal year 2011, 2010 and 2009, respectively.

*Debt and Related Items* The Company was allocated a portion of Tyco's consolidated debt and interest expense. Note 7 ( *Debt* ) provides further information regarding these allocations.

*Insurable Liabilities* From fiscal year 2009 through fiscal year 2011, the Company was insured for workers' compensation, property, general and auto liabilities by a captive insurance company that was wholly owned by Tyco. The Company was insured for product liability by the captive insurance company from fiscal year 2010 through fiscal year 2011. Tyco has insurance for losses in excess of the captive insurance company policies' limits through third-party insurance companies. The Company paid a premium in each year to obtain insurance coverage during these periods. Premiums expensed by the Company were \$9 million, \$11 million and \$11 million in 2011, 2010 and 2009, respectively, and are included in the selling, general and administrative expenses in the Combined Statements of Operations.

The Company maintains liabilities related to workers' compensation, property, general, product and auto liabilities. As of September 30, 2011 and September 24, 2010, the Company maintained liabilities reflected in the Combined Balance Sheets of \$21 million and \$19 million, respectively, for both periods, with an offsetting insurance asset of the same amount due from Tyco.

*Allocated Expenses* The Company was allocated corporate overhead expenses from Tyco for corporate related functions based on the relative proportion of either the Company's headcount or net revenue to Tyco's consolidated headcount or net revenue. Corporate overhead expenses primarily related to centralized corporate functions, including finance, treasury, tax, legal, information technology, internal audit, human resources and risk management functions. During fiscal year 2011, 2010 and 2009, the Company was allocated \$52 million, \$54 million and \$55 million, respectively, of general corporate expenses incurred by Tyco which are included within selling, general and administrative expenses in the Combined Statements of Operations.

Management believes the assumptions and methodologies underlying the allocations of general corporate overhead from Tyco are reasonable. However, such expenses may not be indicative of the actual results of the Company had the Company been operating as an independent, publicly traded company or the amounts that will be incurred by the Company in the future. As a result, the financial information herein may not necessarily reflect the combined financial position, results of operations and cash flows of the Company in the future or what it would have been had the Company been an independent, publicly traded company during the periods presented.

*Transaction with Tyco's Directors* During fiscal year 2011, 2010 and 2009, the Company engaged in commercial transactions in the normal course of business with companies where Tyco's Directors were employed and served as officers. During each of these periods, the Company's purchases from such companies aggregated less than one percent of combined net revenue.

## **9. GUARANTEES**

In certain situations, Tyco has guaranteed the Company's performance to third parties or has provided financial guarantees for financial commitments of the Company. Tyco and the Company intend to obtain releases from these guarantees in connection with the Spin-Off. In situations where the Company and Tyco are unable to obtain a release, the Company will indemnify Tyco for any losses it suffers as a result of such guarantees.

**Table of Contents**

In disposing of assets or businesses, the Company often provides representations, warranties and indemnities to cover various risks including unknown damage to the assets, environmental risks involved in the sale of real estate, liability to investigate and remediate environmental contamination at waste disposal sites and manufacturing facilities, and unidentified tax liabilities and legal fees related to periods prior to disposition. The Company does not have the ability to reasonably estimate the potential liability from such indemnities due to the inchoate nature and unknown future of such potential liabilities. However, the Company has no reason to believe that these uncertainties would have a material adverse effect on the Company's financial position, results of operations or cash flows.

In the normal course of business, the Company is liable for contract completion and product performance. In the opinion of management, such obligations will not significantly affect the Company's financial position, results of operations or cash flows.

As of September 30, 2011, the Company had total outstanding letters of credit and bank guarantees of approximately \$285 million.

The Company records estimated product warranty costs at the time of sale. See Note 1 (Basis of Presentation and Summary of Significant Accounting Policies).

The changes in the carrying amount of the Company's warranty accrual from September 24, 2010 to September 30, 2011 were as follows (\$ in millions):

Balance as of September 24, 2010	\$ 20
Warranties issued	6
Changes in estimates	(2)
Settlements	(6)
<b>Balance as of September 30, 2011</b>	<b>\$ 18</b>

**10. FINANCIAL INSTRUMENTS**

The Company's financial instruments consist primarily of cash and cash equivalents, accounts receivable, accounts payable, debt and derivative financial instruments. The fair value of cash and cash equivalents, accounts receivable and accounts payable approximated book value as of September 30, 2011 and September 24, 2010. The fair value of derivative financial instruments was not material to any of the periods presented. See Note 7 (Debt) for information relating to the fair value of debt.

*Derivative Instruments*

In the normal course of business, the Company is exposed to market risk arising from changes in currency exchange rates and commodity prices. The Company uses derivative financial instruments to manage exposures to non-U.S. currency and commodity price risks. The Company's objective for utilizing derivative financial instruments is to manage these risks using the most effective methods to eliminate or reduce the impacts of these exposures. The Company does not use derivative financial instruments for trading or speculative purposes.

All derivative financial instruments are reported on the Combined Balance Sheet at fair value with changes in the fair value of the derivative financial instruments recognized currently in the Company's Combined Statement of Operations. The derivative financial instruments and impact of such changes in the fair value of the derivative financial instruments was not material to the Combined Balance Sheets as of September 30, 2011 and September 24, 2010 or Combined Statements of Operations and Statements of Cash Flows for the years ended September 30, 2011, September 24, 2010 and September 25, 2009.

**Table of Contents***Non-U.S. Currency Exposures*

The Company manages non-U.S. currency exchange rate risk through the use of derivative financial instruments comprised principally of forward contracts on non-U.S. currencies which are not designated as hedging instruments for accounting purposes. The objective of the derivative instruments is to minimize the income statement impact and potential variability in cash flows associated with intercompany loans and accounts receivable, accounts payable and forecasted transactions that are denominated in certain non-U.S. currencies. As of September 30, 2011 and September 24, 2010, the total gross notional amount of the Company's non-U.S. exchange contracts was \$70 million and \$43 million, respectively.

As an independent, publicly traded company, the Company may enter into additional hedge contracts in order to manage its foreign exchange risk associated with its internal financing structure.

*Commodity Exposures*

During fiscal year 2011 and 2010, the Company entered into commodity swaps for copper which are not designated as hedging instruments for accounting purposes. These swaps did not have a material impact on the Company's financial position, results of operations or cash flows.

**11. COMMITMENTS AND CONTINGENCIES**

Following is a schedule of minimum lease payments for non-cancelable leases as of September 30, 2011 (\$ in millions):

	<b>Operating Leases</b>	<b>Capital Leases</b>
Fiscal 2012	\$ 27	\$ 2
Fiscal 2013	23	2
Fiscal 2014	17	2
Fiscal 2015	11	3
Fiscal 2016	8	4
Thereafter	21	5
<b>Total minimum lease payments</b>	<b>\$ 107</b>	<b>\$ 18</b>
Less: amount representing interest		1
<b>Total minimum lease payments less amount representing interest</b>		<b>\$ 17</b>

Rental expense under facility, vehicle and equipment operating leases was \$59 million, \$50 million and \$42 million for 2011, 2010 and 2009, respectively.

The Company also has purchase obligations related to commitments to purchase certain goods and services. As of September 30, 2011, such obligations were as follows: \$248 million in 2012, \$3 million in 2013 and \$1 million in 2014.

*Environmental Matters*

The Company is involved in environmental remediation and legal proceedings related to its current business and, pursuant to certain indemnification obligations, related to a formerly owned business (Mueller). The Company is responsible, or alleged to be responsible, for ongoing environmental investigation and remediation of sites in several countries. These sites are in various stages of investigation and/or remediation and at some of these sites its liability is considered de minimis. The Company has received notification from the U.S.

---

**Table of Contents**

Environmental Protection Agency ( EPA ), and from similar state and non-U.S. environmental agencies, that several sites formerly or currently owned and/or operated by the Company, and other properties or water supplies that may be or have been impacted from those operations, contain disposed or recycled materials or wastes and require environmental investigation and/or remediation. These sites include instances where the Company has been identified as a potentially responsible party under U.S. federal, state and/or non-U.S. environmental laws and regulations.

The Company's accruals for environmental matters are recorded on a site-by-site basis when it is probable that a liability has been incurred and the amount of the liability can be reasonably estimated, based on current law and existing technologies. It can be difficult to estimate reliably the final costs of investigation and remediation due to various factors. In the Company's opinion, the total amount accrued is appropriate based on facts and circumstances as currently known. Based upon the Company's experience, current information regarding known contingencies and applicable laws, the Company concluded that it is probable that it would incur remedial costs in the range of approximately \$7 million to \$20 million as of September 30, 2011. As of September 30, 2011, the Company concluded that the best estimate within this range is approximately \$11 million, of which \$8 million is included in accrued and other current liabilities and \$3 million is included in other liabilities in the Combined Balance Sheet. The Company does not anticipate that these environmental conditions will have a material adverse effect on its combined financial position, results of operations or cash flows. However, unknown conditions or new details about existing conditions may give rise to environmental liabilities that could have a material adverse effect on the Company in the future.

*Asbestos Matters*

The Company and certain of its subsidiaries along with numerous other companies are named as defendants in personal injury lawsuits based on alleged exposure to asbestos-containing materials. These cases typically involve product liability claims based primarily on allegations of the manufacture, sale or distribution of industrial products that either contained asbestos or were attached to or used with asbestos-containing components manufactured by third-parties. Each case typically names between dozens to hundreds of corporate defendants. While the Company has observed an increase in the number of these lawsuits over the past several years, including lawsuits by plaintiffs with mesothelioma-related claims, a large percentage of these suits have not presented viable legal claims and, as a result, have been dismissed by the courts. The Company's strategy has been, and continues to be, to mount a vigorous defense aimed at having unsubstantiated suits dismissed, and, where appropriate, settling suits before trial. Although a large percentage of litigated suits have been dismissed, the Company cannot predict the extent to which it will be successful in resolving lawsuits in the future.

As of September 30, 2011, there were approximately 1,400 lawsuits pending against the Company, its subsidiaries or entities for which the Company has assumed responsibility. Each lawsuit typically includes several claims, and the Company had approximately 2,000 claims outstanding as of September 30, 2011. This amount is not adjusted for claims that are not actively being prosecuted, identified incorrect defendants, or duplicated other actions, which would ultimately reflect the Company's current estimate of the number of viable claims made against it, its affiliates, or entities for which it has assumed responsibility in connection with acquisitions or divestitures.

Annually, the Company performs an analysis with the assistance of outside counsel and other experts to update its estimated asbestos-related assets and liabilities. Due to a high degree of uncertainty regarding the pattern and length of time over which claims will be made and then settled or litigated, the Company uses multiple estimation methodologies based on varying scenarios of potential outcomes to estimate the range of loss. The Company's estimate of the liability and corresponding insurance recovery for pending and future claims and defense costs is predominantly based on claim experience over the past five years, and a projection which covers claims expected to be filed, including related defense costs, over the next seven years on an undiscounted basis. The Company has concluded that estimating the liability beyond the seven year period will not provide a reasonable estimate, as these uncertainties increase significantly as the projection period lengthens.

---

**Table of Contents**

The Company's estimate of asbestos-related insurance recoveries represents estimated amounts due to the Company for previously paid and settled claims and the probable reimbursements relating to its estimated liability for pending and future claims. In determining the amount of insurance recoverable, the Company considers a number of factors, including available insurance, allocation methodologies, solvency and creditworthiness of the insurers.

On a quarterly basis, the Company re-evaluates the assumptions used to perform the annual analysis and records an expense as necessary to reflect changes in its estimated liability and related insurance asset. As of September 30, 2011, the Company's estimated net liability of \$3 million was recorded within the Company's Combined Balance Sheet as a liability for pending and future claims and related defense costs of \$27 million, and separately as an asset for insurance recoveries of \$24 million. Similarly, as of September 24, 2010, the Company's estimated net liability of \$5 million was recorded within the Company's Combined Balance Sheet as a liability for pending and future claims and related defense costs of \$25 million, and separately as an asset for insurance recoveries of \$20 million.

The amounts recorded by the Company for asbestos-related liabilities and insurance-related assets are based on currently available information as well as estimates and assumptions. Key variables and assumptions include the number and type of new claims that are filed each year, the average cost of resolution of claims, the resolution of coverage issues with insurance carriers, amount of insurance and the solvency risk with respect to the Company's insurance carriers. Furthermore, predictions with respect to these variables are subject to greater uncertainty in the later portion of the projection period. Other factors that may affect the Company's liability and cash payments for asbestos-related matters include uncertainties surrounding the litigation process from jurisdiction to jurisdiction and from case to case, reforms of state or federal tort legislation and the applicability of insurance policies among subsidiaries. Management believes that its asbestos-related reserves as of September 30, 2011 are appropriate. However, actual liabilities or insurance recoveries could be significantly higher or lower than those recorded if assumptions used in the Company's calculations vary significantly from actual results.

*Income Tax Matters*

As discussed above in Note 5 ( *Income Taxes - Tax Sharing Agreement and Income Tax Matters* ) the 2012 Tax Sharing Agreement will govern the rights and obligations of Tyco Flow Control International Ltd., Tyco and The ADT Corporation for certain tax liabilities with respect to periods or portions thereof ending on or before the date of the Distribution. Tyco Flow Control International Ltd. is responsible for all of its own taxes that are not shared pursuant to the 2012 Tax Sharing Agreement's sharing formulae. In addition, Tyco and The ADT Corporation are responsible for their tax liabilities that are not subject to the 2012 Tax Sharing Agreement's sharing formulae.

With respect to years prior to and including the 2007 separation of Covidien and TE Connectivity by Tyco, tax authorities have raised issues and proposed tax adjustments that are generally subject to the sharing provisions of the 2007 Tax Sharing Agreement and which may require Tyco to make a payment to a taxing authority, Covidien or TE Connectivity. Tyco has recorded a liability of \$436 million as of September 30, 2011 which it has assessed and believes is adequate to cover the payments that Tyco may be required to make under the 2007 Tax Sharing Agreement. Tyco is reviewing and contesting certain of the proposed tax adjustments.

With respect to adjustments raised by the IRS, although Tyco has resolved a substantial number of these adjustments, a few significant items remain open with respect to the audit of the 1997 through 2004 years. As of the date hereof, Tyco has not been able to resolve certain open items, which primarily involve the treatment of certain intercompany debt issued during the period, through the IRS appeals process. As a result, Tyco expects to litigate these matters once it receives the requisite statutory notices from the IRS, which is likely to occur within the next six months. However, the ultimate resolution of these matters is uncertain and could result in Tyco being responsible for a greater amount than it expects under the 2007 Tax Sharing Agreement. To the extent Tyco Flow

**Table of Contents**

Control International Ltd. is responsible for any Shared Tax Liability or Distribution Tax, there could be a material adverse impact on its financial position, results of operations, cash flows or its effective tax rate in future reporting periods.

*Compliance Matters*

As disclosed in Tyco's periodic filings, Tyco has received and responded to various allegations and other information that certain improper payments were made by Tyco's subsidiaries (including subsidiaries of the Company) in recent years. Tyco has reported to the Department of Justice (DOJ) and the SEC the investigative steps and remedial measures that Tyco has taken in response to these and other allegations and its internal investigations, including retaining outside counsel to perform a baseline review of Tyco's policies, controls and practices with respect to compliance with the Foreign Corrupt Practices Act (FCPA). Tyco has continued to investigate and make periodic progress reports to these agencies regarding Tyco's compliance efforts and Tyco's follow-up investigations, including, as appropriate, briefings concerning additional instances of potential improper conduct identified by Tyco in the course of Tyco's ongoing compliance activities. In February 2010, Tyco initiated discussions with the DOJ and SEC aimed at resolving these matters, including matters that pertain to subsidiaries of the Company. These discussions remain ongoing. The Company has recorded its best estimate of potential loss related to these matters. However, it is possible that this estimate may differ from the ultimate loss determined in connection with the resolution of this matter, and the Company may be required to pay material fines, consent to injunctions on future conduct, consent to the imposition of a compliance monitor or suffer other criminal or civil penalties or adverse impacts, including being subject to lawsuits brought by private litigants, each of which may have a material adverse effect on its financial position, results of operations or cash flows.

In addition to the matters described above, from time to time, the Company is subject to disputes, administrative proceedings and other claims arising out of the normal conduct of its business. These matters generally relate to disputes arising out of the use or installation of its products, product liability litigation, personal injury claims, commercial and contract disputes and employment related matters. On the basis of information currently available to it, management does not believe that existing proceedings and claims will have a material impact on the Company's Combined Financial Statements. However, litigation is unpredictable, and the Company could incur judgments or enter into settlements for current or future claims that could adversely affect its financial statements.

**12. RETIREMENT PLANS**

The Company measures its retirement plans as of its fiscal year end. The following disclosures exclude the impact of plans which are immaterial individually and in the aggregate.

*Defined Benefit Pension Plans* The Company has a number of noncontributory defined benefit retirement plans covering certain of its U.S. and non-U.S. employees, designed in accordance with legal requirements and conventional practices in the countries concerned. Net periodic pension benefit cost is based on periodic actuarial valuations which use the projected unit credit method of calculation and is charged to the Combined Statements of Operations on a systematic basis over the expected average remaining service lives of current participants. Contribution amounts are determined based on local regulations and the advice of professionally qualified actuaries in the countries concerned. The benefits under the defined benefit plans are based on various factors, such as years of service and compensation levels of participation.

The net periodic benefit cost for the Company's material U.S. defined pension plans was nil, \$1 million and nil for 2011, 2010 and 2009, respectively. The Company's Combined Balance Sheets include U.S. defined benefit plan obligations of \$8 million and \$7 million and fair value of plan assets of \$5 million and \$5 million as of September 30, 2011 and September 24, 2010, respectively. In addition, the Company recorded a net actuarial loss of \$3 million within accumulated other comprehensive income included in the Combined Statements of

**Table of Contents**

Parent Company Equity as of both September 30, 2011 and September 24, 2010 with respect to U.S. defined benefit plans. The net unfunded position of \$3 million and \$2 million is included in noncurrent liabilities in the Company's Combined Balance Sheets as of September 30, 2011 and September 24, 2010, respectively. The Company did not make material contributions to its U.S. defined benefit plans and does not anticipate making any material required or voluntary contributions during 2012. Benefit payments with respect to U.S. defined benefit plans, including those amounts to be paid and reflecting future expected service, are not expected to be material for 2012.

The following disclosure pertains to the Company's material non-U.S. defined benefit pension plans. The net periodic benefit cost for the Company's material non-U.S. defined benefit pension plans for 2011, 2010 and 2009 is as follows (\$ in millions):

Service cost	\$ 3	\$ 4	\$ 7
Interest cost	13	13	13
Expected return on plan assets	(13)	(12)	(11)

***Weighted-average assumptions used to determine net periodic pension cost during the year:***

Discount rate	4.9%	5.4%	6.1%
Expected return on plan assets	7.0%	6.8%	6.8%
Rate of compensation increase	3.4%	4.2%	4.4%

During fiscal year 2010, the Company froze pension plan benefits for certain of its defined benefit arrangements in the United Kingdom, which resulted in the Company recognizing a curtailment gain of approximately \$3 million in selling, general and administrative expenses within the Combined Statement of Operations. For inactive plans the Company amortizes its actuarial gains and losses over the average remaining life expectancy of the pension plan participants.

The estimated net actuarial loss for non-U.S. pension benefit plans that will be amortized from accumulated other comprehensive income into net periodic benefit cost over the next fiscal year is expected to be \$2 million.

The Company adopted the measurement date provisions of the authoritative guidance for the employers' accounting for defined benefit pension and other postretirement plans on September 27, 2008. As a result, the Company measured its plan assets and benefit obligations on September 26, 2008 and adjusted its opening balances of parent company investment and accumulated other comprehensive income for the change in net periodic benefit cost and fair value, respectively, from the previously used measurement date of August 31, 2008. The adoption of the measurement date provisions resulted in a net decrease to parent company investment of \$1 million, net of an income tax benefit of nil, and a net increase to accumulated other comprehensive income of \$8 million, net of income tax expense of \$3 million.

**Table of Contents**

The accumulated benefit obligation for the Company's non-U.S. plans as of September 30, 2011 and September 24, 2010 was \$250 million and \$254 million, respectively.

The accumulated benefit obligation and fair value of plan assets for non-U.S. pension plans with accumulated benefit obligations in excess of plan assets were \$241 million and \$177 million, respectively, as of September 30, 2011 and \$245 million and \$175 million, respectively, as of September 24, 2010.

The aggregate benefit obligation and fair value of plan assets for non-U.S. pension plans with benefit obligations in excess of plan assets were \$246 million and \$177 million, respectively, as of September 30, 2011 and \$250 million and \$175 million, respectively, as of September 24, 2010.

In determining the expected return on plan assets, the Company considers the relative weighting of plan assets by asset class, historical performance of asset classes over long-term periods, asset class performance expectations as well as current and future economic conditions.

The Company's investment strategy for its pension plans is to manage the plans on a going-concern basis. Current investment policy is to maintain an adequate level of diversification while maximizing the return on assets, subject to a prudent level of portfolio risk, for the purpose of enhancing the security of benefits for participants as well as providing adequate liquidity to meet immediate and future benefit payment requirements. In addition, local regulations and local financial considerations are factors in determining the appropriate investment strategy in each country. Various asset allocation strategies are in place for non-U.S. pension plans, with a weighted-average target allocation of 50% to equity securities, 47% to debt securities and 3% to other asset classes, including real estate and cash equivalents.

Non-U.S. pension plans had the following weighted-average asset allocations:

	2011	2010
<b>Asset Category:</b>		
Equity securities	51%	57%
Debt securities	43%	37%
Cash and cash equivalents	6%	6%
<b>Total</b>	<b>100%</b>	<b>100%</b>

Tyco's common shares are not a direct investment of the Company's pension funds, but may be held through investment funds. The aggregate amount of such securities would not be considered material relative to the total fund assets.

The Company evaluates its defined benefit plans' asset portfolios for the existence of significant concentrations of risk. Types of investment concentration risks that are evaluated include, but are not limited to, concentrations in a single entity, industry, country and individual fund manager. As of September 30, 2011, there were no significant concentrations of risk in the Company's defined benefit plan assets.

The Company's plan assets are accounted for at fair value. Authoritative guidance for fair value measurements establishes a three-level hierarchy that ranks the quality and reliability of information used in developing fair value estimates. The hierarchy gives the highest priority to quoted prices in active markets and the lowest priority to unobservable data. In cases where two or more levels of inputs are used to determine fair value, the level is determined based on the lowest level input that is considered significant to the fair value measurement in its entirety. The Company's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value of assets and their placement within the fair value hierarchy levels. The three levels of the fair value hierarchy are summarized as follows:

Level 1 inputs are based upon quoted prices (unadjusted) in active markets for identical assets or liabilities which are accessible as of the measurement date.

**Table of Contents**

Level 2 inputs are based upon quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active and model-derived valuations for the asset or liability that are derived principally from or corroborated by market data for which the primary inputs are observable, including forward interest rates, yield curves, credit risk and exchange rates.

Level 3 inputs for the valuations are unobservable and are based on management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques such as option pricing models and discounted cash flow models.

The Company's asset allocations by level within the fair value hierarchy as of September 30, 2011 and September 24, 2010 are presented in the table below for the Company's material non-U.S. defined benefit plans.

Equity securities consist primarily of publicly traded U.S. and non-U.S. equities. Publicly traded securities are valued at the last trade or closing price reported in the active market in which the individual securities are traded. Certain equity securities are held within commingled funds which are valued at the unitized net asset value ( NAV ) or percentage of the net asset value as determined by the custodian of the fund. These values are based on the fair value of the underlying net assets owned by the fund.

Fixed income securities consist primarily of government and agency securities, corporate debt securities and mortgage and other asset-backed securities. When available, fixed income securities are valued at the closing price reported in the active market in which the individual security is traded. Government and agency securities and corporate debt securities are valued using the most recent bid prices or occasionally the mean of the latest bid and ask prices when markets are less liquid. Asset-backed securities including mortgage backed securities are valued using broker/dealer quotes when available. When quotes are not available, fair value is determined utilizing a discounted cash flow approach, which incorporates other observable inputs such as cash flows,

underlying security structure and market information including interest rates and bid evaluations of comparable securities. Certain fixed income securities are held within commingled funds which are valued unitizing NAV determined by the custodian of the fund. These values are based on the fair value of the underlying net assets owned by the fund.

Cash and cash equivalents consist primarily of short-term commercial paper, bonds and other cash or cash-like instruments including settlement proceeds due from brokers, stated at cost, which approximates fair value.

The following tables set forth a summary of non-U.S. pension plan assets valued using NAV or its equivalent as of September 30, 2011 and September 24, 2010 (\$ in millions):

The strategy of the Company's investment managers with regard to the investments valued using NAV or its equivalent is to either match or exceed relevant benchmarks associated with the respective asset category. None of the investments valued using NAV or its equivalent contain any redemption restrictions or unfunded commitments.

During 2011, the Company contributed \$14 million to its non-U.S. pension plans, which represented the Company's minimum required contributions to its pension plans for fiscal year 2011.

The Company's funding policy is to make contributions in accordance with the laws and customs of the various countries in which it operates and to make discretionary voluntary contributions from time-to-time. The Company anticipates that it will contribute at least the minimum required to its pension plans in 2012 of \$15 million for non-U.S. plans.

**Table of Contents**

Benefit payments for the Company's non-U.S. plans, including those amounts to be paid and reflecting future expected service as appropriate, are expected to be paid as follows (\$ in millions):

2012	\$ 10
2013	12
2014	13
2015	13
2016	12
2017-2021	72

The Company also participates in a number of multi-employer defined benefit plans on behalf of certain employees. Pension expense related to multi-employer plans was not material for 2011, 2010 and 2009.

*Defined Contribution Retirement Plans* The Company maintains through Tyco several defined contribution retirement plans, which include 401(k) matching programs, as well as qualified and nonqualified profit sharing and share bonus retirement plans. Expense for the defined contribution plans is computed as a percentage of participants' compensation and was \$7 million for 2011, 2010 and 2009. The Company also maintains through Tyco an unfunded Supplemental Executive Retirement Plan (SERP). This plan is nonqualified and restores the employer match that certain employees lose due to IRS limits on eligible compensation under the defined contribution plans. The expense related to the SERP was not material for 2011, 2010 and 2009.

*Deferred Compensation Plans* The Company has nonqualified deferred compensation plans maintained by Tyco, which permit eligible employees to defer a portion of their compensation. A record keeping account is set up for each participant and the participant chooses from a variety of measurement funds for the deemed investments of their accounts. The measurement funds correspond to a number of funds in the company's 401(k) plans and the account balance fluctuates with the investment on those funds. Deferred compensation liabilities were \$20 million as of both September 30, 2011 and September 24, 2010. Deferred compensation expense was not material for 2011, 2010 and 2009.

*Postretirement Benefit Plans* The Company generally does not provide postretirement benefits other than pensions for its employees. However, certain acquired operations provide these benefits to employees who were eligible at the date of acquisition, and a small number of U.S. operations provide ongoing eligibility for such benefits. Net periodic postretirement benefit cost was not material for 2011, 2010 and 2009. The Company's Combined Balance Sheets include postretirement benefit obligations of \$16 million and \$18 million as of September 30, 2011 and September 24, 2010, respectively. In addition, the Company recorded a net actuarial gain of \$5 million within accumulated other comprehensive income included in the Combined Statements of Parent Company Equity as of both September 30, 2011 and September 24, 2010.

The Company does not expect to make any material contributions to its postretirement benefit plans in 2012. Benefit payments, including those amounts to be paid and reflecting future expected service are not expected to be material for fiscal year 2012 and thereafter.

**13. SHARE PLANS**

As of September 24, 2011, all stock options, restricted stock units, performance share units and other stock-based awards (collectively awards) held by the Company employees were granted under the Tyco 2004 Stock and Incentive Plan (the 2004 Plan) or other Tyco equity incentive plans. The 2004 plan is administered by the Compensation and Human Resources Committee of the Board of Directors of Tyco, which consists exclusively of independent directors and provides for the awards.

**Table of Contents**

Total share-based compensation cost recognized during 2011, 2010 and 2009 was \$12 million, \$12 million and \$11 million, respectively, all of which is included in selling, general and administrative expenses in the Combined Statements of Operations. The Company has recognized a related tax benefit of \$3 million associated with its share-based compensation arrangements for the years ended 2011, 2010 and 2009.

The grant-date fair value of each option grant is estimated using the Black-Scholes option pricing model. The fair value is amortized on a straight-line basis over the requisite service period of the awards, which is generally the vesting period. Use of a valuation model requires management to make certain assumptions with respect to selected model inputs. Expected volatility was calculated based on the historical volatility of Tyco International's stock and measures for a set of peer companies of Tyco. The average expected life is based on the contractual term of the option and expected employee exercise and post-vesting employment termination behavior. The expected annual dividend per share was based on Tyco International's expected dividend rate. The risk-free interest rate is based on U.S. Treasury zero-coupon issues with a remaining term equal to the expected life assumed at the date of grant. The compensation expense recognized is net of estimated forfeitures. Forfeitures are estimated based on voluntary termination behavior, as well as an analysis of actual share option forfeitures.

The weighted-average assumptions Tyco International used in the Black-Scholes option pricing model for 2011, 2010 and 2009 are as follows:

	2011	2010	2009
Expected stock price volatility	33%	34%	32%
Risk free interest rate	1.23%	2.38%	2.62%
Expected annual dividend per share	\$ 0.84	\$ 0.80	\$ 0.80
Expected life of options (years)	5.1	5.2	5.0

The weighted-average grant-date fair values of options granted during 2011, 2010 and 2009 was \$9.07, \$9.03 and \$7.00, respectively. The total intrinsic value of options exercised during 2011, 2010 and 2009 was \$4 million, \$2 million and nil, respectively. The related excess cash tax benefit classified as a financing cash inflow for 2011, 2010 and 2009 was not material.

Share option activity for the Company's employees as of September 30, 2011, and changes during the year then ended is presented below:

	Shares	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Term (in years)	Aggregate Intrinsic Value (\$ in millions)

- (1) Net transfers of shares relate to the share options associated with employees transferring between the Company and another Tyco entity while maintaining their Tyco share options.

**Table of Contents**

As of September 30, 2011, there was \$4 million of total unrecognized compensation cost related to non-vested options granted. The cost is expected to be recognized over a weighted-average period of 2.3 fiscal years.

*Employee Stock Purchase Plans* Tyco's Employee Stock Purchase Plan ( ESPP ) was suspended indefinitely during the quarter ended September 25, 2009. Prior to that date, substantially all full-time employees of Tyco's U.S. subsidiaries and employees of certain qualified non-U.S. subsidiaries were eligible to participate in the ESPP. Eligible employees authorized payroll deductions to be made for the purchase of shares. Tyco matched a portion of the employee contribution by contributing an additional 15% of the employee's payroll deduction. All shares purchased under the plan were purchased on the open market by a designated broker.

Under Tyco's Save as You Earn ( SAYE ) Plan, eligible employees in the United Kingdom were granted options to purchase shares at the end of three years of service at 85% of the market price at the time of grant. Options under the SAYE Plan are generally exercisable after a period of three years and expire six months after the date of vesting. The SAYE Plan provided for a maximum of 10 million common shares to be issued. All of the shares purchased under the SAYE Plan were purchased on the open market. The SAYE Plan was approved on November 3, 1999 for a ten year period and expired according to its terms on November 3, 2009. The International Benefits Oversight Committee of Tyco has not approved any additional grants since the last annual grant on October 9, 2008 and it has not applied for approval of a replacement for the SAYE Plan at this time.

Share option activity under Tyco's U.K. SAYE plan for the Company's employees as of September 30, 2011, and changes during the year then ended is presented below:

	Shares	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Term (in years)	Aggregate Intrinsic Value (\$ in millions)
Outstanding as of September 24, 2010	22,277	\$ 36.07		
Exercised	(12,391)	37.21		
Expired	(1,030)	36.16		
Forfeited	(757)	34.89		
Outstanding as of September 30, 2011	8,099	34.41	0.5	
Vested and unvested expected to vest as of September 30, 2011	8,022	34.41	0.5	

The grant-date-fair value of each option grant under the SAYE plan is estimated using the Black-Scholes option pricing model. Assumptions for expected volatility, the average expected life, the risk-free rate, as well as the expected annual dividend per share were made using the same methodology as previously described under *Share Options*.

The weighted-average grant-date fair values of options granted under the SAYE Plan during 2009 were \$3.47. There were no options granted under the SAYE Plan during 2011 and 2010. The total intrinsic value of options exercised during 2011, 2010 and 2009 were not material. The related excess cash tax benefit classified as a financing cash inflow for 2011, 2010 and 2009 was not material. As of September 30, 2011, total unrecognized compensation cost related to non-vested options granted under the SAYE Plan was not material. The remaining cost is expected to be recognized in the first quarter of fiscal year 2012.

*Restricted Stock Units and Performance Share Units* Restricted stock units are granted subject to certain restrictions. Conditions of vesting are determined at the time of grant under the 2004 Plan. Restrictions on the award generally lapse upon normal retirement, if more than twelve months from the grant date, and death or disability of the employee.

**Table of Contents**

The fair market value of restricted units, both time vesting and those subject to specific performance criteria, are expensed over the period of vesting. Restricted share units that vest based upon passage of time generally vest over a period of four years. The fair value of restricted share units is determined based on the closing market price of Tyco's shares on the grant date. Restricted share units that vest dependent upon attainment of various levels of performance that equal or exceed targeted levels generally vest in their entirety three years from the grant date. The fair value of performance share units is determined based on the Monte Carlo valuation model. The compensation expense recognized for restricted share units is net of estimated forfeitures.

Recipients of restricted stock units have no voting rights and receive dividend equivalent units ( DEUs ). Recipients of performance share units have no voting rights and may receive DEUs depending on the terms of the grant.

Share option activity of Tyco's restricted stock units and performance share units for the Company's employees as of September 30, 2011 and changes during the year then ended is presented in the tables below:

*Impact of the Spin-Off* Prior to the Distribution, the Company's Board of Directors is expected to adopt, with the approval of Tyco as its sole shareholder, the establishment of stock incentive plans providing for future awards to the Company employees.

Prior to Distribution, performance share units will convert into restricted stock units based on performance achieved on or about the closing date. Following the Distribution, all equity awards (other than restricted stock units granted prior to October 12, 2011) held by the Company's active employees will convert into like-kind equity awards of the Company. With respect to restricted stock units granted prior to October 12, 2011, such awards will convert into like-kind equity awards of the three separately traded companies resulting from the Spin-Off. All equity awards held by former employees of the Company will convert into equity awards of the three separately traded companies resulting from Spin-Off. All equity awards will be converted at equivalent value determined using the intrinsic value method. The original vesting provisions will remain in effect for all equity awards.

**Table of Contents****15. REDEEMABLE NONCONTROLLING INTEREST**

As described in Note 4 ( Acquisitions ), on June 29, 2011, the Company acquired a 75% ownership interest in KEF within the Company's Valves & Controls segment. The remaining 25% interest is held by a noncontrolling interest stakeholder. In connection with the acquisition of KEF, the Company and the noncontrolling interest stakeholder have a call and put arrangement, respectively, for the Company to acquire the remaining 25% ownership interest at a price equal to the greater of \$100 million or a multiple of KEF's average EBITDA for the prior twelve consecutive fiscal quarters. The arrangement becomes exercisable beginning the first full fiscal quarter following the third anniversary of the KEF closing date of June 29, 2011. Noncontrolling interests with redemption features, such as the arrangement described above, that are not solely within the Company's control are considered redeemable noncontrolling interests. The Company accretes changes in the redemption value through noncontrolling interest in subsidiaries net income attributable to the noncontrolling interest over the period from the date of issuance to the earliest redemption date. Redeemable noncontrolling interest is considered to be temporary equity and is therefore reported in the mezzanine section between liabilities and equity on the Company's Combined Balance Sheet at the greater of the initial carrying amount increased or decreased for the noncontrolling interest's share of net income or loss or its redemption value.

The rollforward of redeemable noncontrolling interest as of September 30, 2011 is as follows:

<b>Balance as of September 30, 2011</b>	<b>\$ 93</b>

During the years ended September 24, 2010 and September 25, 2009, the Company did not have redeemable noncontrolling interest.

THE FLOW CONTROL BUSINESS OF TYCO INTERNATIONAL, LTD.  
NOTES TO UNAUDITED COMBINED FINANCIAL STATEMENTS**

**1. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Spin-Off/ Merger* On September 19, 2011, Tyco International Ltd. announced that its Board of Directors approved a plan to separate Tyco International Ltd. ( Tyco or Parent ) into three separate, publicly traded companies (the Spin-Off ), identifying Tyco Flow Control International Ltd. and the Flow Control Business of Tyco (the Company or Flow Control ), as one of those three companies. On March 28, 2012, Tyco announced that it entered into a definitive agreement to combine the Company with Pentair, Inc. ( Pentair ) in a tax-free, all-stock merger ( the Merger ), immediately following the spin-off of the flow control business. Upon completion of the Merger, which has been unanimously approved by the Boards of both companies, Tyco shareholders are expected to own approximately 52.5% of the combined company and Pentair shareholders are expected to own approximately 47.5%.

Completion of the separation transactions, including the Merger, is subject to the approval of the distributions by Tyco shareholders, the approval of the Merger by Pentair shareholders, regulatory approvals and customary closing conditions. The distributions, the merger and related transactions are collectively referred to herein as the 2012 Separation . The Spin-Off is expected to be completed by the end of the third calendar quarter of 2012 through a tax-free pro rata distribution of all of the equity interest in the flow control business. Upon completion of the Spin-Off, Tyco Flow Control International Ltd. will become the publicly traded company holding all of the Flow Control and Pentair assets.

*Basis of Presentation* The Combined Financial Statements include the operations, assets and liabilities of Tyco Flow Control International Ltd., the entity that will be used to effect the separation from Tyco. The Combined Financial Statements also include the combined operations, assets and liabilities of the Flow Control Business of Tyco which are comprised of the legal entities that will be owned by Tyco Flow Control International Ltd. at the time of the Spin-Off. The Combined Financial Statements have been prepared in United States dollars ( USD ), in accordance with generally accepted accounting principles in the United States ( GAAP ). The Combined Financial Statements included herein are unaudited, but in the opinion of management, such financial statements include all adjustments, consisting of normal recurring adjustments, necessary to summarize fairly the Company s financial position, results of operations and cash flows for the interim periods. The results reported in these Combined Financial Statements should not be taken as indicative of results that may be expected for the entire year. These financial statements should be read in conjunction with the Company s audited Combined Financial Statements included elsewhere in this registration statement.

Additionally, the Combined Financial Statements do not necessarily reflect what the Company s combined results of operations, financial position and cash flows would have been had the Company operated as an independent, publicly traded company during the periods presented. To the extent that an asset, liability, revenue or expense is directly associated with the Company, it is reflected in the accompanying Combined Financial Statements. General corporate overhead, debt and related interest expense have been allocated by Tyco to the Company. Management believes such allocations are reasonable; however, they may not be indicative of the actual results of the Company had the Company been operating as an independent, publicly traded company for the periods presented or amounts that will be incurred by the Company in the future. Note 7 ( Debt ) provides further information regarding debt related allocations and Note 8 ( Related Party Transactions ) provides further information regarding allocated expenses.

References in the notes to the Combined Financial Statements to 2012 and 2011 are to the Company s six month fiscal periods ended March 30, 2012 and March 25, 2011, respectively, unless otherwise indicated.

*Recently Issued Accounting Pronouncements* In June 2011, the Financial Accounting Standards Board ( FASB ) issued authoritative guidance for the presentation of comprehensive income. The guidance amended the reporting of Other Comprehensive Income ( OCI ) by eliminating the option to present OCI as part of the Combined Statements of Parent Company Equity. The amendment will not impact the accounting for OCI, but only its presentation in the Company s Combined Financial Statements. The guidance requires that items of net income and OCI be presented either in a single continuous statement of comprehensive income or in two separate but consecutive statements which include total net income and its components, consecutively followed by total OCI and its components to arrive at total comprehensive income. In December 2011, the FASB issued authoritative guidance to defer the effective date for those aspects of the guidance relating to the presentation of reclassification adjustments out of accumulated other comprehensive income by component. The guidance must be applied retrospectively and is effective for the Company in the first quarter of fiscal year 2013, with early adoption permitted. The Company is currently assessing the timing of its adoption of the guidance.

In September 2011, the FASB issued authoritative guidance which expanded and enhanced the existing disclosures related to multi-employer pension and other postretirement benefit plans. The amendments require additional quantitative and qualitative disclosures to provide more detailed information including the significant multi-employer plans in which the Company participates, the level of the Company s participation and contributions and the financial health and indication of funded status, which will provide users of financial statements with a better understanding of the employer s involvement in multi-employer benefit plans. The guidance must be applied retrospectively and is effective for the Company for the fiscal year 2012 annual period, with early adoption permitted. The Company is currently assessing the timing of its adoption of the guidance along with what impact, if any, the guidance will have on its annual disclosures.

In September 2011, the FASB issued authoritative guidance which amends the process of testing goodwill for impairment. The guidance permits an entity to first assess qualitative factors to determine whether the existence of events or circumstances leads to a determination that it is more likely than not, defined as having a likelihood of more than fifty percent that the fair value of a reporting unit is less than its carrying amount. If an entity determines it is not more likely than not that the fair value of a reporting unit is less than its carrying amount, performing the traditional two step goodwill impairment test is unnecessary. If an entity concludes otherwise, it would be required to perform the first step of the two step goodwill impairment test. If the carrying amount of the reporting unit exceeds its fair value, then the entity is required to perform the second step of the goodwill impairment test. However, an entity has the option to bypass the qualitative assessment in any period and proceed directly to step one of the impairment test. The guidance is effective for the Company for interim and annual impairment testing beginning in the first quarter of fiscal year 2013, with early adoption permitted. The Company is currently assessing the timing of its adoption of the guidance.

**4. ACQUISITIONS**Fiscal Year 2012

During the six months ended March 30, 2012, there were no acquisitions made by the Company.

Fiscal Year 2011

During the six months ended March 25, 2011, cash paid for acquisitions included in continuing operations totaled \$7 million. The acquisition of Supavac was made by the Company's Water and Environmental segment. Supavac is a leading manufacturer of vacuum loading solids pumps for management of concentrates and residues.

**5. INCOME TAXES**

The Company's operating results have been included in Tyco's various consolidated U.S. federal and state income tax returns, as well as included in many of Tyco's tax filings for non-U.S. jurisdictions. For purposes of the Company's Combined Financial Statements, income tax expense and deferred tax balances have been recorded as if it filed tax returns on a stand-alone basis separate from Tyco. Additionally, the carve-out financial statements reflect the Company as having the same historic structure of Tyco as a Swiss based company. At the time of the proposed Spin-Off, the Company will be Swiss domiciled. The Separate Return method applies the accounting guidance for income taxes to the stand-alone financial statements as if the Company was a separate taxpayer and a stand-alone enterprise for the periods presented.

Tyco Flow Control International Ltd. a holding company and Swiss resident, is exempt from cantonal and communal income tax in Switzerland, but is subject to Swiss federal income tax. At the federal level, qualifying net dividend income and net capital gains on the sale of qualifying investments in subsidiaries are exempt from Swiss federal income tax. Consequently, Tyco Flow Control International Ltd. expects dividends from its subsidiaries and capital gains from sales of investments in its subsidiaries to be exempt from Swiss federal income tax.

**Table of Contents**

Many of the Company's uncertain tax positions relate to tax years that remain subject to audit by the taxing authorities in U.S. federal, state and local or foreign jurisdictions. Open tax years in significant jurisdictions are as follows:

Jurisdiction	Years	
	Open To Audit	
Australia	2004	2011
Canada	2002	2011
France	2008	2011
Germany	1998	2011
Italy	2004	2011
Switzerland	2002	2011
United States	1997	2011

The unrecognized tax benefits were reduced by \$4 million during the six months ended March 30, 2012, primarily as a result of audit settlements. The Company does not anticipate the total amount of the unrecognized tax benefits to change significantly within the next twelve months.

At each balance sheet date, management evaluates whether it is more likely than not that the Company's deferred tax assets will be realized and if sufficient future taxable income will be available by assessing current period and projected operating results and other pertinent data. As of March 30, 2012, the Company had recorded deferred tax assets of \$158 million, which is comprised of \$460 million gross deferred tax assets net of \$302 million valuation allowances.

*Undistributed Earnings of Subsidiaries*

Except for earnings that are currently distributed, no additional material provision has been made for U.S. or non-U.S. income taxes on the undistributed earnings of subsidiaries or for unrecognized deferred tax liabilities for temporary differences related to investments in subsidiaries, since the earnings are expected to be permanently reinvested, the investments are essentially permanent in duration, or the Company has concluded that no additional tax liability will arise as a result of the distribution of such earnings. A liability could arise if amounts are distributed by such subsidiaries or if such subsidiaries are ultimately disposed. It is not practicable to estimate the additional income taxes related to permanently reinvested earnings or the basis differences related to investments in subsidiaries.

*Tax Sharing Agreement and Other Income Tax Matters*

In connection with Tyco Flow Control International Ltd.'s separation from Tyco, Tyco Flow Control International Ltd. expects to enter into a tax sharing agreement with Tyco and The ADT Corporation (the "2012 Tax Sharing Agreement") that will govern the rights and obligations of Tyco Flow Control International Ltd., Tyco and The ADT Corporation for certain pre-Distribution tax liabilities, including Tyco's obligations under the tax sharing agreement that Tyco, Covidien Public Limited Company ("Covidien") and TE Connectivity Ltd. ("TE Connectivity") entered into in 2007 (the "2007 Tax Sharing Agreement"). Tyco Flow Control International Ltd. expects that the 2012 Tax Sharing Agreement will provide that Tyco Flow Control International Ltd., Tyco and The ADT Corporation will share (i) certain pre-Distribution income tax liabilities that arise from adjustments made by tax authorities to Tyco Flow Control International Ltd.'s, Tyco's and The ADT Corporation's U.S. and certain non-U.S. income tax returns, and (ii) payments required to be made by Tyco in respect to the 2007 Tax Sharing Agreement (collectively, "Shared Tax Liabilities").

In the event the Distribution, the spin-off of the ADT Corporation, or certain internal transactions undertaken in connection therewith were determined to be taxable as a result of actions taken after the Distribution by Tyco Flow Control International Ltd., The ADT Corporation or Tyco, the party responsible for

**Table of Contents**

such failure would be responsible for all taxes imposed on Tyco Flow Control International Ltd., The ADT Corporation or Tyco as a result thereof. Taxes resulting from the determination that the Distribution, the spin-off of the ADT Corporation, or any internal transaction is taxable are referred to herein as Distribution Taxes. If such failure is not the result of actions taken after the Distribution by Tyco Flow Control International Ltd., The ADT Corporation or Tyco, then Tyco Flow Control International Ltd., The ADT Corporation and Tyco would be responsible for any Distribution Taxes imposed on Tyco Flow Control International Ltd., The ADT Corporation or Tyco as a result of such determination in the same manner and in the same proportions as the Shared Tax Liabilities. The ADT Corporation will have sole responsibility for any income tax liability arising as a result of Tyco's acquisition of Brink's Home Security Holdings, Inc. ( BHS ) in May 2010, including any liability of BHS under the tax sharing agreement between BHS and The Brink's Company dated October 31, 2008 (collectively, the BHS Tax Liabilities ). Costs and expenses associated with the management of these Shared Tax Liabilities, Distribution Taxes and BHS Tax Liabilities will generally be shared 20% by Tyco Flow Control International Ltd., 27.5% by the ADT Corporation and 52.5% by Tyco. Tyco Flow Control International Ltd. is responsible for all of its own taxes that are not shared pursuant to the 2012 Tax Sharing Agreement's sharing formulae. In addition, Tyco and The ADT Corporation are responsible for their tax liabilities that are not subject to the 2012 Tax Sharing Agreement's sharing formulae.

The 2012 Tax Sharing Agreement is also expected to provide that, if any party were to default in its obligation to another party to pay its share of the distribution taxes that arise as a result of no party's fault, each non-defaulting party would be required to pay, equally with any other non-defaulting party, the amounts in default. In addition, if another party to the 2012 Tax Sharing Agreement that is responsible for all or a portion of an income tax liability were to default in its payment of such liability to a taxing authority, Tyco Flow Control International Ltd. could be legally liable under applicable tax law for such liabilities and required to make additional tax payments. Accordingly, under certain circumstances, Tyco Flow Control International Ltd. may be obligated to pay amounts in excess of our agreed-upon share of its, Tyco's and The ADT Corporation's tax liabilities.

**6. GOODWILL AND INTANGIBLE ASSETS**

Annually, in the fiscal fourth quarter, and more frequently if triggering events occur, the Company tests goodwill for impairment by comparing the fair value of each reporting unit with its carrying amount. Fair value for each reporting unit is determined utilizing a discounted cash flow analysis based on the Company's forecast cash flows discounted using an estimated weighted-average cost of capital of market participants. A market approach is utilized to corroborate the discounted cash flow analysis performed at each reporting unit. If the carrying amount of a reporting unit exceeds its fair value, goodwill is considered potentially impaired. In determining fair value, management relies on and considers a number of factors, including operating results, business plans, economic projections, anticipated future cash flow, comparable market transactions (to the extent available), other market data and the Company's overall market capitalization.

In the first quarter of 2011, the Company changed its reporting units of its Water & Environmental Systems segment. As a result, the Company assessed the recoverability of the long-lived assets of each of the segment's two reporting units. The Company concluded that the carrying amounts of its long-lived assets were recoverable. Subsequently, the Company performed the first step of the goodwill impairment test for the reporting units of our Water & Environmental Systems segment.

To perform the first step of the goodwill impairment test, the Company compared the carrying amounts of the reporting units to their estimated fair values. Fair value for each reporting unit was determined utilizing a discounted cash flow analysis based on forecast cash flows (including estimated underlying revenue and operating income growth rates) discounted using an estimated weighted-average cost of capital of market participants. The results of the first step of the goodwill impairment test indicated there was a potential impairment of goodwill in the Systems reporting unit only, as the carrying amount of the reporting unit exceeded its respective fair value. As a result, the Company performed the second step of the goodwill impairment test for

**Table of Contents**

this reporting unit by comparing the implied fair value of reporting unit goodwill with the carrying amount of the reporting unit's goodwill. The results of the second step of the goodwill impairment test indicated that the implied goodwill amount was less than the carrying amount of goodwill for the Systems reporting unit. Accordingly, the Company recorded a non-cash impairment charge of \$35 million which was recorded in goodwill impairment in the Company's Combined Statement of Operations for the six months ended March 25, 2011.

The changes in the carrying amount of goodwill by segment are as follows (\$ in millions):

The following table sets forth the gross carrying amounts and accumulated amortization of the Company's intangible assets as of March 30, 2012 and September 30, 2011.

Intangible asset amortization expense for the six months ended March 30, 2012 and March 25, 2011 was \$7 million and \$2 million, respectively. As of March 30, 2012, the weighted-average amortization period for contracts and related customer relationships, intellectual property, other and total intangible assets were 11 years, 27 years, 26 years and 17 years, respectively.

The estimated aggregate amortization expense on intangible assets is expected to be approximately \$7 million for the remainder of 2012, \$11 million for 2013, \$10 million for 2014, \$10 million for 2015, \$10 million for 2016 and \$68 million for 2017 and thereafter.

**7. DEBT**

Debt as of March 30, 2012 and September 30, 2011 is as follows (\$ in millions):

	March 30, 2012	September 30, 2011
<b>Current maturities of long-term debt:</b>		
Allocated debt	\$	\$
<b>Long-term debt:</b>		
Allocated debt	877	859
Capital lease obligations	16	17
Total long-term debt	893	876
<b>Total debt</b>	<b>\$ 893</b>	<b>\$ 876</b>

Tyco used a centralized approach to cash management and financing of its operations excluding debt directly incurred by any of its businesses, such as capital lease obligations. Accordingly, Tyco's consolidated debt and related interest expense, exclusive of amounts incurred directly by the Company, have been allocated to the Company based on an assessment of the Company's share of external debt using historical data. Interest expense was allocated in the same proportions as debt and includes the impact of interest rate swap agreements designated as fair value hedges. For the six months ended March 30, 2012 and March 25, 2011, Tyco has allocated to the Company interest expense of \$25 million and \$23 million, respectively. The fair value of the Company's allocated debt was \$1,016 million and \$996 million as of March 30, 2012 and September 30, 2011, respectively. The fair value of its debt was allocated in the same proportions as Tyco's external debt.

Management believes the allocation basis for debt and interest expense is reasonable based on an assessment of historical data. However, these amounts may not be indicative of the actual amounts that the Company would have incurred had the Company been operating as an independent,

publicly-traded company for

the periods presented. The Company or an affiliate expects to issue third-party debt based on an anticipated initial post-separation capital structure for the Company. The amount of debt which could be issued may materially differ from the amounts presented herein.

**8. RELATED PARTY TRANSACTIONS**

*Cash Management* Tyco used a centralized approach to cash management and financing of operations. The Company's cash was available for use and was regularly swept by Tyco at its discretion. Transfers of cash both to and from Tyco are included within parent company investment on the Combined Statements of Parent Company Equity. The main components of the net transfers (to)/from Parent are cash pooling and general financing activities, cash transfers for acquisitions, divestitures, investments and various allocations from Tyco.

*Trade Activity* Accounts receivable includes \$2 million and \$3 million of receivables from Tyco affiliates as of March 30, 2012 and September 30, 2011, respectively. These amounts primarily relate to sales of certain products which totaled \$5 million and \$10 million for the six months ended March 30, 2012 and March 25, 2011, respectively, and associated cost of revenue of \$4 million and \$8 million for the six months ended March 30, 2012 and March 25, 2011, respectively.

*Service and Lending Arrangement with Tyco Affiliates* The Company has various debt and cash pool agreements with Tyco affiliates, which are executed outside of the normal Tyco centralized approach to cash management and financing of operations. Other assets include \$121 million and \$122 million of receivables from Tyco affiliates as of March 30, 2012 and September 30, 2011, respectively. Accrued and other current liabilities include \$32 million of payables to Tyco affiliates as of both March 30, 2012 and September 30, 2011, respectively. Other liabilities include \$33 million and \$41 million of payables to Tyco affiliates as of March 30, 2012 and September 30, 2011, respectively.

Additionally, the Company, Tyco and its affiliates pay for expenses on behalf of each other. Accrued and other current liabilities include \$12 million and \$11 million of payables to Tyco and its affiliates as of March 30, 2012 and September 30, 2011, respectively.

*Interest Income, Net* The Company recognized nil and \$1 million of interest expense and \$3 million and \$3 million of interest income associated with the lending arrangements with Tyco affiliates for the six months ended March 30, 2012 and March 25, 2011, respectively.

*Debt and Related Items* The Company was allocated a portion of Tyco's consolidated debt and interest expense. Note 7 (Debt) provides further information regarding these allocations.

*Insurable Liabilities* In fiscal year 2011 and fiscal year 2012, the Company was insured for workers' compensation, property, product, general and auto liabilities by a captive insurance company that was wholly-owned by Tyco. Tyco has insurance for losses in excess of the captive insurance company policies' limits through third-party insurance companies. The Company paid a premium in each year to obtain insurance coverage during these periods. Premiums expensed by the Company were \$4 million for both the six months ended March 30, 2012 and March 25, 2011. These amounts are included in the selling, general and administrative expenses in the Combined Statements of Operations for the six months ended March 30, 2012 and March 25, 2011.

The Company maintains liabilities related to workers' compensation, property, product, general and auto liabilities. As of March 30, 2012 and September 30, 2011, the Company had recorded \$5 million and \$5 million, respectively, in accrued and other current liabilities and \$15 million and \$16 million, respectively, in other liabilities in the Combined Balance Sheets with offsetting insurance assets of the same amount due from Tyco.

**Table of Contents**

*Allocated Expenses* The Company was allocated corporate overhead expenses from Tyco for corporate related functions based on the relative proportion of either the Company's headcount or net revenue to Tyco's consolidated headcount or net revenue. Corporate overhead expenses primarily related to centralized corporate functions, including finance, treasury, tax, legal, information technology, internal audit, human resources and risk management functions. During the six months ended March 30, 2012 and March 25, 2011, the Company was allocated \$24 million and \$27 million, respectively, of general corporate expenses incurred by Tyco. These amounts are included within selling, general and administrative expenses in the Combined Statements of Operations for the six months ended March 30, 2012 and March 25, 2011.

Management believes the assumptions and methodologies underlying the allocations of general corporate overhead from Tyco are reasonable. However, such expenses may not be indicative of the actual results of the Company had the Company been operating as an independent, publicly traded company or the amounts that will be incurred by the Company in the future. As a result, the financial information herein may not necessarily reflect the combined financial position, results of operations and cash flows of the Company in the future or what it would have been had the Company been an independent, publicly traded company during the periods presented.

**9. FINANCIAL INSTRUMENTS**

The Company's financial instruments consist primarily of cash and cash equivalents, accounts receivable, accounts payable, debt and derivative financial instruments. The fair value of cash and cash equivalents, accounts receivable and accounts payable approximated book value as of March 30, 2012. The fair value of derivative financial instruments was not material to any of the periods presented. See Note 7 (Debt) for the information relating to the fair value of debt.

**10. COMMITMENTS AND CONTINGENCIES***Environmental Matters*

The Company is involved in environmental remediation and legal proceedings related to its current business and, pursuant to certain indemnification obligations, related to a formerly owned business (Mueller). The Company is responsible, or alleged to be responsible, for ongoing environmental investigation and remediation of sites in several countries. These sites are in various stages of investigation and/or remediation and at some of these sites its liability is considered de minimis. The Company has received notification from the U.S. Environmental Protection Agency (EPA), and from similar state and non-U.S. environmental agencies, that several sites formerly or currently owned and/or operated by the Company, and other properties or water supplies that may be or have been impacted from those operations, contain disposed or recycled materials or wastes and require environmental investigation and/or remediation. These sites include instances where the Company has been identified as a potentially responsible party under U.S. federal, state and/or non-U.S. environmental laws and regulations.

The Company's accruals for environmental matters are recorded on a site-by-site basis when it is probable that a liability has been incurred and the amount of the liability can be reasonably estimated, based on current law and existing technologies. It can be difficult to estimate reliably the final costs of investigation and remediation due to various factors. In the Company's opinion, the total amount accrued is appropriate based on facts and circumstances as currently known. Based upon the Company's experience, current information regarding known contingencies and applicable laws, the Company concluded that it is probable that it would incur remedial costs in the range of approximately \$10 million to \$33 million as of March 30, 2012. As of March 30, 2012, the Company concluded that the best estimate within this range is approximately \$14 million, of which \$9 million is included in accrued and other current liabilities and \$5 million is included in other liabilities in the Combined Balance Sheet. The Company does not anticipate that these environmental conditions will have a material adverse effect on its combined financial position, results of operations or cash flows. However, unknown conditions or new details about existing conditions may give rise to environmental liabilities that could have a material adverse effect on the Company in the future.

**Table of Contents***Asbestos Matters*

The Company and certain of its subsidiaries along with numerous other companies are named as defendants in personal injury lawsuits based on alleged exposure to asbestos-containing materials. These cases typically involve product liability claims based primarily on allegations of manufacture, sale or distribution of industrial products that either contained asbestos or were attached to or used with asbestos-containing components manufactured by third-parties. Each case typically names between dozens to hundreds of corporate defendants. While the Company has observed an increase in the number of these lawsuits over the past several years, including lawsuits by plaintiffs with mesothelioma-related claims, a large percentage of these suits have not presented viable legal claims and, as a result, have been dismissed by the courts. The Company's strategy has been to mount a vigorous defense aimed at having unsubstantiated suits dismissed, and, where appropriate, settling suits before trial. Although a large percentage of litigated suits have been dismissed, the Company cannot predict the extent to which it will be successful in resolving lawsuits in the future. In addition, the Company continues to assess and evolve its strategy for resolving its asbestos claims, including pursuing other legal alternatives for certain subsidiaries with asbestos liabilities and limited assets.

As of March 30, 2012, there were approximately 1,700 lawsuits pending against the Company, its subsidiaries or entities for which the Company had assumed responsibility. Each lawsuit typically includes several claims, and the Company has approximately 2,300 claims outstanding as of March 30, 2012. This amount is not adjusted for claims that are not actively being prosecuted, identified incorrect defendants, or duplicated other actions, which would ultimately reflect the Company's current estimate of the number of viable claims made against it, its affiliates, or entities for which it has assumed responsibility in connection with acquisitions or divestitures.

Annually, the Company performs an analysis with the assistance of outside counsel and other experts to update its estimated asbestos-related assets and liabilities. In addition, on a quarterly basis, the Company re-evaluates the assumptions used to perform the annual analysis and records an expense as necessary to reflect changes in its estimated liability and related insurance asset. Due to a high degree of uncertainty regarding the pattern and length of time over which claims will be made and then settled or litigated, the Company uses multiple estimation methodologies based on varying scenarios of potential outcomes to estimate the range of loss. The Company's estimate of the liability and corresponding insurance recovery for pending and future claims and defense costs is predominantly based on claim experience over the past five years, and a projection which covers claims expected to be filed, including related defense costs, over the next seven years on an undiscounted basis. The Company has concluded that estimating the liability beyond the seven year period will not provide a reasonable estimate, as these uncertainties increase significantly as the projection period lengthens. The Company also periodically evaluates its strategy and the assumptions used in calculating the liability and corresponding insurance assets, including the five year look back and seven year look forward periods to assess whether these assumptions continue to be appropriate in light of trends and developments affecting the Company's claims experience. The Company's estimate of asbestos-related insurance recoveries represents estimated amounts due to the Company for previously paid and settled claims and the probable reimbursements relating to its estimated liability for pending and future claims. In determining the amount of insurance recoverable, the Company considers a number of factors, including available insurance, allocation methodologies, solvency and creditworthiness of the insurers. The Company believes that its asbestos-related liabilities and insurance-related assets as of March 30, 2012 are appropriate.

As of March 30, 2012, the Company's estimated net asset of \$1 million was recorded within the Company's Combined Balance Sheet as a liability for pending and future claims and related defense costs of \$23 million, and separately as an asset for insurance recoveries of \$24 million. Similarly, as of September 30, 2011, the Company's estimated net liability of \$3 million was recorded within the Company's Combined Balance Sheet as a liability for pending and future claims and related defense costs of \$27 million, and separately as an asset for insurance recoveries of \$24 million.

---

**Table of Contents**

The amounts recorded by the Company for asbestos-related liabilities and insurance-related assets are based on the Company's strategies for resolving its asbestos claims and currently available information as well as estimates and assumptions. Key variables and assumptions include the number and type of new claims that are filed each year, the average cost of resolution of claims, the resolution of coverage issues with insurance carriers, amount of insurance and the solvency risk with respect to the Company's insurance carriers. Furthermore, predictions with respect to these variables are subject to greater uncertainty in the later portion of the projection period. Other factors that may affect the Company's liability and cash payments for asbestos-related matters include uncertainties surrounding the litigation process from jurisdiction to jurisdiction and from case to case, reforms of state or federal tort legislation and the applicability of insurance policies among subsidiaries. However, actual liabilities or insurance recoveries could be significantly higher or lower than those recorded if assumptions used in the Company's calculations vary significantly from actual results.

*Income Tax Matters*

As discussed above in Note 5 ( Income Taxes ), the 2012 Tax Sharing Agreement will govern the rights and obligations of Tyco Flow Control International Ltd., Tyco and The ADT Corporation for certain tax liabilities with respect to periods or portions thereof ending on or before the date of the Distribution. Tyco Flow Control International Ltd. is responsible for all of its own taxes that are not shared pursuant to the 2012 Tax Sharing Agreement's sharing formulae. In addition, Tyco and The ADT Corporation are responsible for their tax liabilities that are not subject to the 2012 Tax Sharing Agreement's sharing formulae.

With respect to years prior to and including the 2007 separation of Covidien and TE Connectivity by Tyco, tax authorities have raised issues and proposed tax adjustments that are generally subject to the sharing provisions of the 2007 Tax Sharing Agreement and which may require Tyco to make a payment to a taxing authority, Covidien or TE Connectivity. Tyco has recorded a liability of \$411 million as of March 30, 2012 which it has assessed and believes is adequate to cover the payments that Tyco may be required to make under the 2007 Tax Sharing Agreement. Tyco is reviewing and contesting certain of the proposed tax adjustments.

With respect to adjustments raised by the IRS, although Tyco has resolved a substantial number of these adjustments, a few significant items remain open with respect to the audit of the 1997 through 2004 years. As of the date hereof, Tyco has not been able to resolve certain open items, which primarily involve the treatment of certain intercompany debt issued during the period, through the IRS appeals process. As a result, Tyco expects to litigate these matters once it receives the requisite statutory notices from the IRS, which is likely to occur within the next six months. However, the ultimate resolution of these matters is uncertain and could result in Tyco being responsible for a greater amount than it expects under the 2007 Tax Sharing Agreement. To the extent Tyco Flow Control International Ltd., is responsible for any Shared Tax Liability or Distribution Tax, there could be a material adverse impact on its financial position, results of operations, cash flows or its effective tax rate in future reporting periods.

*Compliance Matters*

As disclosed in Tyco's periodic filings, Tyco has received and responded to various allegations and other information that certain improper payments were made by Tyco's subsidiaries (including subsidiaries of the Company) in recent years. Tyco has reported to the Department of Justice ( DOJ ) and the SEC the investigative steps and remedial measures that Tyco has taken in response to these and other allegations and Tyco's internal investigations, including retaining outside counsel to perform a baseline review of Tyco's policies, controls and practices with respect to compliance with the Foreign Corrupt Practices Act ( FCPA ). Tyco has continued to investigate and make periodic progress reports to these agencies regarding Tyco's compliance efforts and Tyco's follow-up investigations, including, as appropriate, briefings concerning additional instances of potential improper conduct identified by Tyco in the course of Tyco's ongoing compliance activities. In February 2010, Tyco initiated discussions with the DOJ and SEC aimed at resolving these matters, including matters that pertain to subsidiaries of the Company. These discussions remain ongoing. The Company has recorded its best estimate

**Table of Contents**

of potential loss related to these matters. However, it is possible that this estimate may differ from the ultimate loss determined in connection with the resolution of this matter, and the Company may be required to pay material fines, consent to injunctions on future conduct, consent to the imposition of a compliance monitor, or suffer other criminal or civil penalties or adverse impacts, including being subject to lawsuits brought by private litigants, each of which may have a material adverse effect on its financial position, results of operations or cash flows.

In addition to the matters described above, from time to time, the Company is subject to disputes, administrative proceedings and other claims arising out of the normal conduct of its business. These matters generally relate to disputes arising out of the use or installation of its products, product liability litigation, personal injury claims, commercial and contract disputes and employment related matters. On the basis of information currently available to it, management does not believe that existing proceedings and claims will have a material impact on the Company's Combined Financial Statements. However, litigation is unpredictable, and the Company could incur judgments or enter into settlements for current or future claims that could adversely affect its financial statements.

**11. RETIREMENT PLANS**

*Defined Benefit Pension Plans* The Company sponsors a number of retirement plans. The following disclosures exclude the impact of plans which are not material individually and in the aggregate. The net periodic benefit cost for the Company's material U.S. defined pension plans were not material for the six months ended March 30, 2012 and March 25, 2011.

The following disclosure pertains to the Company's material non-U.S. defined benefit pension plans. The net periodic benefit cost for the Company's material non-U.S. defined pension plans is as follows (\$ in millions):

	For the Six Months Ended	
	March 30, 2012	March 25, 2011
Service cost	\$ 2	\$ 2
Interest cost	6	6
Expected return on plan assets	(7)	(6)
Amortization of net actuarial loss	1	
<b>Net periodic benefit cost</b>	<b>\$ 2</b>	<b>\$ 2</b>

The estimated net actuarial loss for non-U.S. pension benefit plans that will be amortized from accumulated other comprehensive income into net periodic benefit cost over the current fiscal year are expected to be \$2 million.

The Company's funding policy is to make contributions in accordance with the laws and customs of the various countries in which it operates and to make discretionary voluntary contributions from time-to-time. The Company anticipates that it will contribute at least the minimum required to its pension plans in fiscal year 2012 of \$15 million for non-U.S. plans. During the six months ended March 30, 2012, the Company made required contributions of \$9 million to its non-U.S. pension plans.

*Postretirement Benefit Plans*- Net periodic benefit cost was not material for both periods.

**Table of Contents****12. REDEEMABLE NONCONTROLLING INTEREST**

Noncontrolling interests with redemption features, such as put options, that are not solely within the Company's control are considered redeemable noncontrolling interests. The Company accretes changes in the redemption value through noncontrolling interest in subsidiaries net income attributable to the noncontrolling interest over the period from the date of issuance to the earliest redemption date. Redeemable noncontrolling interest is considered to be temporary equity and is therefore reported in the mezzanine section between liabilities and equity on the Company's Combined Balance Sheet at the greater of the initial carrying amount increased or decreased for the noncontrolling interest's share of net income or loss or its redemption value.

The rollforward of redeemable noncontrolling interest from September 30, 2011 to March 30, 2012 is as follows (\$ in millions):

Balance as of September 30, 2011	\$ 93
Net loss	(2)

**15. COMBINED SEGMENT DATA**

Segment information is consistent with how management reviews the businesses, makes investing and resource allocation decisions and assesses operating performance. The Company, from time to time, may realign businesses and management responsibility within its operating segments based on considerations such as opportunity for market or operating synergies and/or to more fully leverage existing capabilities and enhance development for future products and services. Selected information by segment is presented in the following tables (\$ in millions):

In disposing of assets or businesses, the Company often provides representations, warranties and indemnities to cover various risks including unknown damage to the assets, environmental risks involved in the sale of real estate, liability to investigate and remediate environmental contamination at waste disposal sites and manufacturing facilities and unidentified tax liabilities and legal fees related to periods prior to disposition. The Company does not have the ability to reasonably estimate the potential liability due to the inchoate and unknown nature of these potential liabilities. However, the Company has no reason to believe that these uncertainties would have a material adverse effect on the Company's financial position, results of operations or cash flows.

In the normal course of business, the Company is liable for contract completion and product performance. In the opinion of management, such obligations will not significantly affect the Company's financial position, results of operations or cash flows.

deemed to have approved and authorized each and every amendment to any of the Patriot Benefit Plans, Patriot Stock Options, Patriot RSUs, Patriot Restricted Shares and Patriot Other Share-Based Awards as may be necessary or appropriate to give effect to the provisions of Section 1.08.

Prior to or at the Effective Time, Fountain shall deposit with the Exchange Agent, for the benefit of the holders of shares of Patriot Common Stock, for exchange in accordance with this Article I through the Exchange Agent, evidence in book-entry form representing the shares of Fountain Common Stock issuable pursuant to this Article I in exchange for outstanding shares of Patriot Common Stock. For the purposes of such deposit, Fountain shall assume that there shall not be any fractional shares of Fountain Common Stock. Fountain shall make available to the Exchange Agent, for addition to the Exchange Fund, from time to time as needed or as reasonably requested by Patriot, cash sufficient to pay cash in lieu of fractional shares in accordance with Section 1.12 and cash sufficient to pay any dividends and other distributions pursuant to Section 1.13. All evidence in book-entry form of Fountain Common Stock including cash in lieu of fractional shares of Fountain Common Stock to be paid pursuant to Section 1.12 and the amount of any dividends or other distributions payable with respect to the Patriot Common Stock pursuant to Section 1.13 are hereinafter referred to as the Exchange Fund. Following the Effective Time, the Exchange Agent shall, subject to the terms of the exchange agent and nominee agreement entered into with Trident, Fountain, Merger Sub and, as necessary, AcquisitionCo, deliver the Fountain Common Stock to be issued pursuant to this Article I out of the Exchange Fund. The Exchange Fund shall not be used for any other purpose.

**Section 1.10 Exchange Procedures.** As soon as reasonably practicable after the Effective Time of the Merger, and to the extent not previously distributed in connection with the Distribution, Fountain shall cause the Exchange Agent to mail to any holder of record of outstanding shares of Patriot Common Stock whose shares of Patriot Common Stock were converted into the right to receive a portion of the Merger Consideration pursuant to Section 1.07(a): (a) a letter of transmittal and (b) instructions for use in effecting the exchange of any shares of Patriot Common Stock for Merger Consideration. Upon delivery to the Exchange Agent of the letter of transmittal, duly executed and with such other documents as may reasonably be required by the Exchange Agent, the holder of such shares of Patriot Common Stock shall be entitled to receive in exchange therefor: (i) that number of whole shares of Fountain Common Stock (after taking into account all shares of Patriot Common Stock exchanged by such holder), which shall be in uncertificated book-entry form, that such holder has the right to receive pursuant to the provisions of this Article I, (ii) payment by cash or check in lieu of fractional shares of Fountain Common Stock which such holder is entitled to receive pursuant to Section 1.12 and (iii) any dividends or other distributions payable pursuant to Section 1.13. If any portion of the Merger Consideration is to be registered in the name of a Person other than the Person in whose name the applicable shares of Patriot Common Stock is registered, it shall be a condition to the registration thereof that the applicable shares of Patriot Common Stock to be exchanged be in proper form for transfer and that the person requesting such delivery of the applicable portion of the Merger Consideration pay any and all transfer and other similar Taxes required to be paid as a result of such registration in the name of a Person other than the registered holder of such shares of Patriot Common Stock or establish to the satisfaction of the Exchange Agent that such Taxes have been paid or are not payable. Until exchanged as contemplated by this Section 1.10, any shares of Patriot Common Stock shall be deemed at any time after the Effective Time to represent only the right to receive upon such exchange the applicable portion of the Merger Consideration as contemplated by this Section 1.10 and any amounts to be paid pursuant to Section 1.12 and/or Section 1.13. No interest shall be paid or accrue on the Merger Consideration or any cash payable upon exchange of any shares of Patriot Common Stock.

If, after the Effective Time, any certificates or book-entry shares formerly representing shares of Patriot Common Stock are presented to the Surviving Corporation or the Exchange Agent for any reason, they shall be cancelled and exchanged as provided in this Article I.

**Section 1.12 No Fractional Shares.** (a) No certificates or scrip representing fractional shares of Fountain Common Stock or book-entry credit of the same shall be issued upon the conversion of shares of Patriot Common Stock pursuant to Section 1.07(a), no dividends or other distributions of Fountain shall relate to such fractional share interests and such fractional share interests shall not entitle the owner thereof to vote or to any rights of a holder of Fountain Common Stock. (d) Subject to the conditions and upon the terms of this Agreement and, where applicable, the Separation Agreement, each of Trident and Patriot shall use reasonable best efforts (subject to, and in accordance with, applicable Law) to take promptly, or cause to be taken, all actions, and to do promptly, or cause to be done, and to assist and cooperate with the other Parties in doing, all things necessary, proper or advisable under applicable Laws to carry out the intent and purposes of this Agreement and to consummate the Transactions, including, for the avoidance of doubt, using reasonable best efforts to complete the Separation and Distribution on the terms and conditions set forth in the Separation Agreement. or grant any material concession to obtain any such approval, consent, ratification, permission or waiver of authorization) and (iv) use reasonable best efforts to lift any restraint, injunction or other legal bar to the Transactions; provided, that notwithstanding anything herein to the contrary, the Parties shall not be obligated to agree to accept any term or condition to the extent that the effectiveness or consummation of such term or condition would be required prior to the Merger or the Closing.

(e) Notwithstanding anything to the contrary in this Agreement, reasonable best efforts, including with respect to the matters contemplated by this Section 5.01, shall not require Trident, any Trident Subsidiary, Patriot or any of its Subsidiaries to agree to or accept any term or condition to any Regulatory Approval, or any Regulatory Approval that includes terms or conditions, if the terms and conditions of or to the Regulatory Approvals would reasonably be expected to have a material and adverse impact on the value, financial condition or credit quality of Fountain and the Fountain Subs, taken as a whole and including for such purposes Patriot and its Subsidiaries.

**Section 5.02 Public Announcements.** Trident and Patriot agree that, from the date of this Agreement through the earlier of the Closing Date or termination of this Agreement, except in connection with a Patriot Change of Recommendation or Trident Change of Recommendation in accordance with Section 5.07 or Section 5.08, as applicable (or as otherwise expressly permitted by such Sections), no release or announcement concerning this Agreement, the Other Transaction Agreements or the Transactions shall be issued by Patriot or Trident without the prior written consent of Trident or Patriot, respectively (which consent shall not be unreasonably withheld, conditioned or delayed), except as such release or announcement may be required by applicable Law or the regulations of any applicable securities exchange, in which case the Party proposing to issue such release or make such announcement shall use reasonable best efforts to consult in good faith with the other Party before issuing such release or making any such announcement; provided, that Trident may issue any such release or announcement without prior Patriot consent or review to the extent such release or announcement relates to either the Athens Separation or both the Athens Separation and the Separation generally, and, in the latter case, does not include any information concerning this Agreement, the Other Transaction Agreements or the Transaction that has not previously been disclosed to the public generally and not otherwise in violation of this Section 5.02.

**Section 5.03 Interim Financial Information: Trident Balance Sheet; Financing.** (a) Trident shall, prior to the Effective Time, deliver to Patriot, within a reasonable period and no later than 45 calendar days after each quarterly accounting period for the Fountain Business, a balance sheet as of the end of such period and combined statements of income, cash flows and equity for such period for the Fountain Business. Such financial information shall be in the same format and prepared on the same basis as the comparable portions of the Fountain Financial Statements, except as would be permitted by Regulation S-X and Form 10-Q under the Exchange Act for unaudited interim financial statements (the Subsequent Interim Financial Information ).

(b) Trident shall promptly, and in any event within 90 days of the date of this Agreement, prepare and deliver to Patriot an unaudited combined balance sheet as of September 30, 2011 of the Trident Group, prepared to give pro forma effect to the Separation and the Distribution (but not, for the avoidance of doubt, the Athens Separation and the ADT Distribution (as defined in the Separation Agreement)) and based on the principles set forth in Section 5.03(b) of the Trident Disclosure Letter.

(c) Each of Patriot, Trident and Fountain agrees to cooperate in good faith in order to obtain, from one or more third party financing sources, indebtedness to be (x) incurred by Fountain and/or the Fountain Subs or (y) if mutually agreed by the Parties, incurred by Trident and contributed to Fountain and/or the Fountain Subs at or prior to the Closing (a Trident Financing ), in each case in a principal amount equal to \$500 million; provided, that none of Fountain, the Fountain Subs or Trident shall be required to (absent, in the case of Fountain and/or the Fountain Subs, Trident's prior consent) incur any such indebtedness unless the incurrence thereof is concurrent with and subject to the Closing. Patriot shall be entitled to negotiate and, subject to the proviso in the foregoing sentence, determine the terms of any such indebtedness in its sole discretion, including any related credit agreements and similar documents related thereto, and in connection therewith, each of Trident and

**Table of Contents**

Fountain shall, subject to Section 5.03(d) and the proviso in the foregoing sentence, enter into all necessary or appropriate arrangements and use their respective reasonable best efforts to take, or cause to be taken, all actions and to do, or cause to be done, all other things necessary, proper or advisable with respect thereto, in each case as may be reasonably requested by Patriot. Patriot shall provide to Trident and Fountain copies of all agreements relating to any such indebtedness and keep Trident and Fountain reasonably informed of all material developments in respect thereof. Each of Trident, Fountain and Patriot agree to allow the other's accounting representatives a reasonable opportunity to review any financial statements required in connection therewith and to allow such representatives reasonable access to the records of Fountain, the Fountain Subs and each other Subsidiary of Trident, as appropriate, and of Patriot and each of its Subsidiaries, as appropriate, in connection therewith. Each Party shall use its reasonable best efforts to cause its outside auditors to participate in the preparation of any pro forma financial statements necessary or desirable for use in connection with obtaining any such indebtedness. Notwithstanding anything to the contrary in this Section 5.03(b), Trident's cooperation shall not include any requirement or obligation of Trident or any of its Subsidiaries (other than Fountain and the Fountain Subs), and Patriot's cooperation shall not include any requirement or obligation of Patriot or any of its Subsidiaries, in each case, to pay any consideration, extend any credit, guaranty any performance, payment or other obligation, incur any financial obligation, offer or grant any financial accommodation or other benefit, release any claim or incur any other liability whatsoever (in each case other than fees and disbursements of outside counsel and any other advisors), except, (1) in the case of Patriot, for any such action the effectiveness of which is expressly conditioned upon the occurrence of the Closing and (2) in the case of a Trident Financing, for any such requirement and/or obligation that is incurred at the time such Trident Financing is consummated and that is released upon contribution of such indebtedness to Fountain.

(d) If, following the Parties' compliance with the provisions of Section 5.03(b), Patriot is unable to obtain prior to the Closing third party indebtedness to be incurred by Fountain and/or the Fountain Subs on Acceptable Terms, then, immediately prior to the Distribution, at Trident's discretion, either (i) Fountain or a Fountain Sub shall issue to Trident or a Subsidiary of Trident, as directed by Trident, the Bridge Note or (ii) Trident and Fountain shall modify existing intercompany indebtedness of members of the Fountain Group owed to members of the Trident Group, as selected by Trident and approved by Patriot (such approval not to be unreasonably withheld, delayed or conditioned) to provide that (x) such intercompany indebtedness shall be in a principal amount equal to \$500 million and shall otherwise be on terms consistent with the terms of the Bridge Note and (y) notwithstanding any provisions of the Separation Agreement to the contrary, such indebtedness shall survive the Closing.

(e) For purposes of this Section 5.03:

(i) Acceptable Terms means terms no less favorable to Fountain and the Fountain Subs (including Patriot and its Subsidiaries) than those set forth in Section 5.03(e)(i) of the Patriot Disclosure Letter; provided, that Patriot may, in its sole discretion, elect to accept any less favorable terms but it shall be under no obligation to do so.

(ii) Bridge Note means a bridge note on the terms set forth in Section 5.03(e)(ii) of the Patriot Disclosure Letter.

**Section 5.04 Access.** From the date hereof to the earlier of the Effective Time or the Termination Date, to the extent permitted by Law, each of Trident and Patriot shall allow all designated Representatives of Trident or Patriot, as the case may be, access at reasonable times upon reasonable notice and in a manner as shall not adversely impact the conduct of the business of either Party or the Fountain Business in any material respect to the personnel, books and records, files, correspondence, audits and properties, as well as to all information relating to commitments, Contracts, titles, insurance, operational data, results of operations, and financial position, or otherwise pertaining primarily to the business and affairs of the Fountain Business and Patriot and its Subsidiaries, as the case may be; provided, however, that (i) no investigation pursuant to this Section 5.04 shall modify or qualify any representation or warranty given by any Party hereunder and (ii) notwithstanding the provision of information or investigation by any Party, no Party shall be deemed to make any representation or

warranty except as expressly set forth in this Agreement. Notwithstanding the foregoing, (A) no Party shall be required to provide any information which it determines in good faith it may not provide to the other Party by reason of applicable Law (including any information in confidential personnel files), which such Party determines in good faith constitutes information protected by attorney/client privilege or which it is required to keep confidential by reason of Contracts with third parties and (B) no Party shall be required to provide access to any of its properties if such access would result in damage to such property or if such access is for the purpose of performing any onsite procedure or investigation (including any Phase II or other intrusive onsite environmental investigation or study but not including any Phase I environmental investigation or other environmental investigation that does not include any sampling or testing), without that Party's written consent, which consent shall not be unreasonably withheld, conditioned or delayed. The Parties shall make reasonable and appropriate substitute disclosure arrangements, to the extent practicable, under circumstances in which the restrictions in clauses (A) and (B) of the preceding sentence apply. Each of Trident and Patriot agrees that it shall not, and shall cause its respective Representatives not to, use any information obtained pursuant to this Section 5.04 for any purpose unrelated to the Transactions and operation of the Fountain Business.

**Section 5.05 Preparation of SEC Filings.** (a) As promptly as practicable following the date of this Agreement, to the extent such filings are required by applicable Law (i) Trident, Fountain and Patriot shall jointly prepare, and Patriot shall file with the SEC, a proxy statement/prospectus (such proxy statement/prospectus, and any amendments or supplements thereto, the Proxy Statement/Prospectus ) which shall constitute the proxy materials to be mailed to Patriot's shareholders in connection with the Patriot Shareholder Approval, (ii) Trident, Fountain and Patriot shall jointly prepare, and Fountain shall file with the SEC, (A) a registration statement on Form S-4 (together with any amendments, prospectuses or supplements thereto, the Form S-4 ) to register the shares of Fountain Common Stock to be issued in the Merger and (B) a registration statement on Form 10 (together with any amendments, supplements, prospectus or information statements thereto, the Form 10 ) to register the Fountain Common Stock to be distributed in the Distribution, (iii) Trident shall prepare, and file with the SEC, a proxy statement on Schedule 14A to be mailed to the Trident shareholders in connection with the Trident Shareholder Approval and certain other matters (which matters may include the separation of Trident's North American residential and small business security business (the Athens Separation )) (the Trident Proxy ) and (iv) the Parties shall jointly prepare and file such other appropriate documents with the SEC as may be applicable.

(b) Each of Trident and Patriot shall use their reasonable best efforts to have the Form 10, the Form S-4 and other registration statements as may be required declared effective under the Exchange Act or Securities Act, as applicable, as promptly as practicable after such filing. Trident shall use its reasonable best efforts to cause the Trident Proxy to be mailed to Trident's shareholders, and Patriot shall use its reasonable best efforts to cause the Proxy Statement/Prospectus to be mailed to Patriot's shareholders, in each case as promptly as reasonably practicable after the date hereof. Each of Trident and Fountain shall also take any action (other than qualifying to do business in any jurisdiction in which it is not so qualified) required to be taken under applicable state securities laws in connection with the issuance of Fountain Common Stock in the Distribution or the Merger.

(c) Trident shall furnish all information concerning Trident, Fountain, AcquisitionCo and Merger Sub and the Fountain Business and the Surviving Corporation Board Appointees selected by it, and Patriot shall furnish all information concerning Patriot, Patriot's business and the Surviving Corporation Board Appointees selected by it, as may be reasonably requested in connection with any such action and the preparation, filing and distribution of the Proxy Statement/Prospectus and the Trident Filings. No filing of, or amendment or supplement to, the Proxy Statement/Prospectus shall be made by Patriot, no filing of, or amendment or supplement to, the Form S-4 or the Form 10 shall be made by Fountain and no change, as it relates to the Transactions, shall be made by Trident to the Trident Proxy, in each case without providing the other Parties a reasonable opportunity to review and comment thereon.

(d) If at any time prior to the Effective Time any information relating to Trident or Patriot or any of their respective Affiliates, officers or directors (or the Patriot Board Appointees) should be discovered by Trident or Patriot which should be set forth in an amendment or supplement to any of the Proxy Statement/Prospectus,

the Form S-4, the Form 10 or the Trident Proxy, so that any such document would not include any misstatement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, the Party which discovers such information shall promptly notify the applicable Party and an appropriate amendment or supplement describing such information shall be promptly filed with the SEC and, to the extent required by Law, disseminated to the applicable shareholders.

(e) The Parties shall notify each other promptly of the receipt of any comments from the SEC or its staff and of any request by the SEC or its staff for amendments or supplements to the Proxy Statement/Prospectus, the Form S-4, the Form 10 or the Trident Proxy or for additional information and shall supply each other with copies of all correspondence between it or any of its Representatives, on the one hand, and the SEC or its staff, on the other hand, with respect thereto and shall give the other Parties a reasonable opportunity to review and comment on any proposed response or compliance with any such request and thereafter shall respond as promptly as practicable to any such comments or requests.

**Section 5.06 Shareholder Meetings.** (a) (i) Subject to Section 5.06(c) as promptly as practicable following the date on which the SEC shall clear (whether orally or in writing) the Proxy Statement/Prospectus, in compliance with applicable Law, Patriot shall establish a record date for, duly call, give notice of, convene and hold a meeting of its shareholders (the Patriot Shareholder Meeting ) for purposes which shall include obtaining the Patriot Shareholder Approval.

(ii) Subject to Section 5.07(b), the Board of Directors of Patriot shall recommend that Patriot's shareholders give the Patriot Shareholder Approval (and shall not withdraw, modify or qualify such recommendation except as permitted by Section 5.07(b)), such recommendation shall be set forth in the Proxy Statement/Prospectus and Patriot shall use its reasonable best efforts to obtain the Patriot Shareholder Approval.

(b) (i) Subject to Section 5.06(c) as promptly as practicable following the date on which the SEC shall clear (whether orally or in writing) the Trident Proxy, in compliance with applicable Law, Trident shall establish a record date for, duly call, give notice of, convene and hold a meeting of its shareholders (the Trident Shareholder Meeting ) for purposes of obtaining (together with any other matters with regard to which Trident may seek shareholder approval at such meeting) the Trident Shareholder Approval; provided, that the approval of the Distribution shall be voted on separately from, and shall not be conditioned on, any other matters not otherwise required under the laws of Switzerland to complete the Distribution that are submitted to Trident Shareholders for approval at the Trident Shareholder Meeting, including without limitation any shareholder approvals sought in connection with the Athens Separation.

(ii) Subject to Section 5.08(b), the Board of Directors of Trident shall recommend that Trident's shareholders give the Trident Shareholder Approval (and shall not withdraw, modify or qualify such recommendation except as permitted by Section 5.08(b)), such recommendation shall be set forth in the Trident Proxy and Trident shall use its reasonable best efforts to obtain the Trident Shareholder Approval.

(c) Notwithstanding anything to the contrary in this Section 5.06, Patriot and Trident shall cooperate in good faith to coordinate the timing of the Patriot Shareholder Meeting and the Trident Shareholder Meeting such that they occur on the same day, and neither Patriot nor Trident shall be required to hold the Patriot Shareholder Meeting or the Trident Shareholder Meeting, respectively, prior to the date of the date of the Trident Shareholder Meeting or the Patriot Shareholder Meeting, respectively (it being understood that nothing in this Section 5.06(c) shall in any way limit Patriot's or Trident's obligations under Section 5.05 or otherwise under this Agreement to use their respective required efforts to consummate the Transactions (including the Separation and Distribution)).

**Section 5.07 No Solicitation by Patriot.** (a) Patriot agrees that, following the date of this Agreement and prior to the earlier of the Effective Time or the Termination Date, neither it nor any of its Subsidiaries, nor any of their respective officers, directors or employees, shall, and that it shall use its reasonable best efforts to cause its

and their respective Representatives not to (and shall not authorize or permit its and their respective Representatives to), directly or indirectly: (i) solicit, initiate, seek or knowingly encourage (including by way of furnishing information) or knowingly take any other action designed to facilitate any inquiries or the making, submission, announcement or consummation of any Patriot Takeover Proposal, (ii) furnish any nonpublic information regarding Patriot or any of its Subsidiaries to any Person (other than Trident) in connection with or in response to a Patriot Takeover Proposal, (iii) engage or participate in any discussions or negotiations with any Person (other than Trident) with respect to any Patriot Takeover Proposal, (iv) approve, endorse or recommend any Patriot Takeover Proposal or propose publicly to approve, endorse or recommend any Patriot Takeover Proposal, (v) enter into any letter of intent, agreement in principle or other agreement providing for any Patriot Takeover Transaction, (vi) take any action to make the provisions of any fair price, moratorium, control share acquisition, business combination or other similar anti-takeover statute or regulation (including any transaction under, or a Person or Group (as defined in the Exchange Act) becoming an interested shareholder under, Section 302A.673 of the MBCA) inapplicable to any transactions contemplated by a Patriot Takeover Transaction, (vii) take any action to make the consummation of any Patriot Takeover Proposal exempt under the terms of the Rights Agreement or (viii) resolve, propose to resolve or agree to do any of the foregoing. Notwithstanding the foregoing, prior to receipt of the Patriot Shareholder Approval, Patriot may, in response to an unsolicited, bona fide, written Patriot Takeover Proposal that did not result from a breach of this Section 5.07(a) and that the Board of Directors of Patriot determines, in good faith, after consulting with its independent financial advisor, constitutes or would reasonably be likely to lead to a Patriot Superior Proposal, (x) furnish information (including non-public information) with respect to Patriot and its Subsidiaries to the Person making such Patriot Takeover Proposal and its Representatives and (y) engage in discussions and negotiations with such Person and its Representatives regarding such Patriot Takeover Proposal if, and only if, (1) the Board of Directors of Patriot concludes in good faith, after consultation with its outside legal counsel, that the failure to take such action with respect to such Patriot Takeover Proposal would be inconsistent with the Board's duties under applicable Laws, (2) Patriot complies with Section 5.07(c) and (3) Patriot furnishes any non-public information provided to the maker of such Patriot Takeover Proposal only pursuant to a confidentiality agreement between Patriot and such Person on terms no less favorable in any material respect to Patriot than the Confidentiality Agreement (provided, however, that (A) the terms of such confidentiality agreement shall not in any way restrict Patriot from complying with its obligations under this Agreement, including disclosure obligations with respect to such proposal, and (B) all such information has previously been provided to Trident or is provided to Trident prior to or substantially concurrent with the time it is provided to such Person).

(b) Except as expressly permitted by this Section 5.07(b), neither the Board of Directors of Patriot nor any committee thereof shall (i) fail to include the Patriot Recommendation in the Proxy Statement/Prospectus, (ii) withhold, withdraw, qualify or modify, or publicly propose to withhold, withdraw, qualify or modify the Patriot Recommendation in a manner adverse to Trident (it being understood that any stop, look and listen or similar communication of the type contemplated by Rule 14d-9(f) of the Exchange Act shall not be deemed a withholding, withdrawal, qualification or modification of the Patriot Recommendation in a manner adverse to Trident) or (iii) approve, adopt or recommend any Patriot Takeover Proposal (each such action set forth in clauses (i) through (iii) above being a Patriot Change of Recommendation). Notwithstanding the foregoing, if, prior to receipt of the Patriot Shareholder Approval, (x) the Board of Directors of Patriot receives a Patriot Superior Proposal or (y) in response to an Intervening Event the Board of Directors of Patriot determines, in good faith, after consultation with outside legal counsel, that the failure to take such action with respect to such Intervening Event would constitute a breach of the Board's duties under applicable Laws, then the Board of Directors of Patriot may make a Patriot Change of Recommendation and/or, in the case of clause (x), terminate this Agreement pursuant to Section 7.01(f)(iii); provided, that (1) in the case of clause (x), Patriot has not violated Section 5.07(a) in any material respect (it being understood that terminating this Agreement pursuant to Section 7.01(f)(iii) in order to enter into a written definitive agreement for a Patriot Superior Proposal shall not be deemed a violation of Section 5.07(a)), (2) prior to taking any such action the Board of Directors of Patriot has provided to Trident three Business Days prior written notice of its intent to effect a Patriot Change of Recommendation or, in the case of clause (x), terminate this Agreement pursuant to Section 7.01(f)(iii) (which

notice shall include the reasonable details regarding the cause for, and nature of, the Patriot Change of Recommendation or proposed termination of this Agreement pursuant to Section 7.01(f)(iii)) and, if requested by Trident in good faith, negotiated in good faith with Trident during such three Business Day period to enable Trident to propose changes to the terms of this Agreement intended to cause, as applicable, such Patriot Superior Proposal to no longer constitute a Patriot Superior Proposal or such Intervening Event to no longer require the Patriot Change of Recommendation, in each case if such changes were to be given effect, and (3) following any such good faith negotiation, such Patriot Takeover Proposal continues to constitute a Patriot Superior Proposal or such Intervening Event continues to require the Patriot Change of Recommendation; and provided further that if any Patriot Superior Proposal is received less than three Business Days prior the Patriot Shareholder Meeting, the three Business Day period contemplated by the proviso above shall be shortened such that it will expire as of the close of business on the day preceding the Patriot Shareholder Meeting. The Board of Directors of Patriot may not make a Patriot Change of Recommendation in a manner adverse to Trident except in compliance in all respects with this Section 5.07(b). For the avoidance of doubt, a change of the Patriot Recommendation to neutral is a Patriot Change of Recommendation. Except as permitted by Section 7.01(f)(iii), nothing in this Section 5.07(b) shall be deemed to modify or otherwise affect the obligation of Patriot to call the Patriot Shareholders Meeting and to submit this Agreement and the Merger to the Patriot shareholders for approval in accordance with Section 5.06(a).

(c) Patriot promptly, and in no event later than 48 hours after its receipt of any Patriot Takeover Proposal, shall advise Trident orally and in writing of any Patriot Takeover Proposal and the identity of the Person making any such Patriot Takeover Proposal and (x) if it is in writing, deliver to Trident a copy of such Patriot Takeover Proposal and any related draft agreements (subject to customary redactions in the case of any financing commitments) and (y) if oral, deliver to Trident a reasonably detailed summary of any such Patriot Takeover Proposal. Patriot shall (i) keep Trident reasonably informed in all material respects on a prompt basis of the status, including any change to the status or material terms, of any such Patriot Takeover Proposal (and in no event later than 48 hours following any such change) and (ii) promptly notify Trident of any determination of the Board of Directors of Patriot that a Patriot Takeover Proposal constitutes a Patriot Superior Proposal.

(d) Notwithstanding anything to the contrary in this Agreement, Section 5.07 shall not prohibit Patriot from taking and disclosing to the Patriot Shareholders a position contemplated by Rule 14d-9 and Rule 14e-2(a) promulgated under the Exchange Act with regard to any Patriot Takeover Proposal or otherwise making a disclosure required by applicable Law; provided, however, that compliance with such rules or Law shall not in any way modify the effect that any action taken pursuant to such rules or Law has under any other provision of this Agreement (it being understood that any stop, look and listen or similar communication of the type contemplated by Rule 14d-9(f) of the Exchange Act shall not be deemed a withholding, withdrawal, qualification or modification of the Patriot Recommendation in a manner adverse to Trident).

(e) Upon the execution of this Agreement, Patriot shall, and shall cause its Subsidiaries and its and their respective officers, directors and employees, and shall use its reasonable best efforts to cause its and their respective Representatives to, immediately cease and terminate any discussions existing as of the date of this Agreement between Patriot or any of its Subsidiaries or any of their respective officers, directors, employees or Representatives and any Person (other than Trident and Fountain) that relate to any Patriot Takeover Proposal and, to the extent provided by the applicable confidentiality agreement or similar agreement governing such discussions, require any Person or Group (as defined in the Exchange Act) to such discussions to return to Patriot or to destroy all confidential information of Patriot and its Subsidiaries. Patriot agrees not to, and to cause its Subsidiaries not to, waive, or otherwise release any Person or Group (as defined in the Exchange Act) from, the confidentiality and standstill provisions of any agreement to which Patriot or any of its Subsidiaries is or may become a party.

(f) As used in this Agreement:

(i) Patriot Takeover Proposal shall mean any bona fide offer, inquiry, proposal or indication of interest (other than an offer, inquiry, proposal or indication of interest by a Party to this Agreement) received from a Person or Group (as defined in the Exchange Act) relating to any Patriot Takeover Transaction;

---

**Table of Contents**

(ii) **Patriot Takeover Transaction** shall mean any transaction or series of related transactions involving: (A) any merger, consolidation, share exchange, recapitalization, business combination or similar transaction involving Patriot other than the Transactions; (B) any direct or indirect acquisition of securities, tender offer, exchange offer or other similar transaction in which a Person or Group (as defined in the Exchange Act) directly or indirectly acquires beneficial or record ownership of securities representing 10% or more of any class of equity securities of Patriot; (C) any direct or indirect acquisition of any business or businesses or of Assets that constitute or account for 10% or more of the consolidated net revenues, net income or Assets of Patriot and its Subsidiaries, taken as a whole; or (D) any liquidation or dissolution of Patriot or any of its Subsidiaries; and

(iii) **Patriot Superior Proposal** shall mean any bona fide proposal made by a Person or Group (as defined in the Exchange Act) (other than a Party to this Agreement) to acquire at least a majority of the equity securities or all or substantially all of the Assets of Patriot, pursuant to a tender or exchange offer, a merger, a consolidation, a liquidation or dissolution, a recapitalization, a sale of Assets or otherwise, on terms which the Board of Directors of Patriot determines in its good faith judgment (A) after consulting with its independent financial advisor to be superior from a financial point of view to the holders of Patriot Common Stock to the Transactions (including any proposed modifications to the Transactions which are proposed in writing by Trident in response to such proposal or otherwise) and (B) is reasonably capable of being completed on its terms, taking into account all legal, regulatory and financial aspects (including certainty of closing) of the proposal and the Person or Group (as defined in the Exchange Act) making the proposal.

**Section 5.08 No Solicitation by Trident.** (a) Trident and Fountain agree that, following the date of this Agreement and prior to the earlier of the Effective Time or the Termination Date, neither they nor any of their Subsidiaries, nor any of their respective officers, directors or employees, shall, and that they shall use their reasonable best efforts to cause their respective Representatives not to (and shall not authorize or permit their respective Representatives to), directly or indirectly: (i) solicit, initiate, seek or knowingly encourage (including by way of furnishing information) or knowingly take any other action designed to facilitate any inquiries or the making, submission, announcement or consummation of any Fountain Takeover Proposal or any Trident Takeover Proposal, (ii) furnish any nonpublic information regarding Trident or any Subsidiaries of Trident (including, for the avoidance of doubt, Fountain and the Fountain Subs) to any Person (other than Patriot) in connection with or in response to a Fountain Takeover Proposal or a Trident Takeover Proposal, (iii) engage or participate in any discussions or negotiations with any Person (other than Patriot) with respect to any Fountain Takeover Proposal or Trident Takeover Proposal, (iv) approve, endorse or recommend any Fountain Takeover Proposal or Trident Takeover Proposal or propose publicly to approve, endorse or recommend any Fountain Takeover Proposal or Trident Takeover Proposal, (v) enter into any letter of intent, agreement in principle or other agreement providing for any Fountain Takeover Transaction or Trident Takeover Transaction or (vi) resolve, propose to resolve or agree to do any of the foregoing. Notwithstanding the foregoing, prior to receipt of the Trident Shareholder Approval, Trident may, in response to an unsolicited, bona fide, written Fountain Takeover Proposal or Trident Takeover Proposal that did not result from a breach of this Section 5.08(a) and that the Board of Directors of Trident determines, in good faith, after consulting with its independent financial advisor, constitutes or would reasonably be likely to lead to a Fountain Superior Proposal or Trident Superior Proposal, as applicable, (x) furnish information (including non-public information) with respect to Trident and its Subsidiaries to the Person making such Fountain Takeover Proposal or Trident Takeover Proposal and its Representatives and (y) engage in discussions and negotiations with such Person and its Representatives regarding such Fountain Takeover Proposal or Trident Takeover Proposal if, and only if, (1) the Board of Directors of Trident concludes in good faith, after consultation with its outside legal counsel, that the failure to take such action with respect to such Fountain Takeover Proposal or Trident Takeover Proposal would be inconsistent with the Board's duties under applicable Laws, (2) Trident complies with Section 5.08(c) and (3) Trident furnishes any non-public information provided to the maker of such Fountain Takeover Proposal or Trident Takeover Proposal only pursuant to a confidentiality agreement between Trident and such Person on terms no less favorable in any material respect to Trident than the Confidentiality Agreement

(provided, however, that (A) the terms of such confidentiality agreement shall not in any way restrict Trident from complying with its obligations under this Agreement, including disclosure obligations with respect to such proposal, and (B) with respect to any information related to Fountain or the Fountain Group, all such information has previously been provided to Patriot or is provided to Patriot prior to or substantially concurrent with the time it is provided to such Person).

(b) Except as expressly permitted by this Section 5.08(b), neither the Board of Directors of Trident nor any committee thereof shall (i) fail to include the Trident Recommendation in the Trident Proxy, (ii) withhold, withdraw, qualify or modify, or publicly propose to withhold, withdraw, qualify or modify the Trident Recommendation in a manner adverse to Patriot (it being understood that any stop, look and listen or similar communication of the type contemplated by Rule 14d-9(f) of the Exchange Act shall not be deemed a withholding, withdrawal, qualification or modification of the Trident Recommendation in a manner adverse to Patriot) or (iii) approve, adopt or recommend any Fountain Takeover Proposal or Trident Takeover Proposal (each such action set forth in clauses (i) through (iii) above being a Trident Change of Recommendation ). Notwithstanding the foregoing, if, prior to receipt of the Trident Shareholder Approval, (x) the Board of Directors of Trident receives a Fountain Superior Proposal or a Trident Superior Proposal or (y) in response to an Intervening Event the Board of Directors of Trident determines, in good faith, after consultation with outside legal counsel, that the failure to take such action with respect to such Intervening Event would constitute a breach of the Board's duties under applicable Laws, then the Board of Directors of Trident may make a Trident Change of Recommendation; provided that (1), in the case of clause (x), Trident has not violated Section 5.08(a) in any material respect, (2) prior to taking any such action the Board of Directors of Trident has provided to Patriot three Business Days prior written notice of its intent to effect a Trident Change of Recommendation (which notice shall include the reasonable details regarding the cause for, and nature of, the Trident Change of Recommendation) and, if requested by Patriot in good faith, negotiated in good faith with Patriot during such three Business Day period to enable Patriot to propose changes to the terms of this Agreement intended to cause, as applicable, such Fountain Superior Proposal or Trident Superior Proposal to no longer constitute a Fountain Superior Proposal or Trident Superior Proposal, as applicable, or such Intervening Event to no longer require the Trident Change of Recommendation, in each case if such changes were to be given effect, and (3) following any such good faith negotiation, such Fountain Takeover Proposal or Trident Takeover Proposal continues to constitute a Fountain Superior Proposal or Trident Superior Proposal or such Intervening Event continues to require the Trident Change of Recommendation; and provided further that if any Fountain Superior Proposal or Trident Superior Proposal is received less than three Business Days prior the Trident Shareholder Meeting, the three Business Day period contemplated by the above proviso shall be shortened such that it will expire as of the close of business on the day preceding the Trident Shareholder Meeting. For the avoidance of doubt, a change of the Trident Recommendation to neutral is a Trident Change of Recommendation. Nothing in this Section 5.08(b) shall be deemed to modify or otherwise affect the obligation of Trident to call the Trident Shareholders Meeting and to submit this Agreement and the Merger to the Trident shareholders for approval in accordance with Section 5.06(b).

(c) Trident promptly, and in no event later than 48 hours after its receipt of any Fountain Takeover Proposal or Trident Takeover Proposal, shall advise Patriot orally and in writing of any Fountain Takeover Proposal or Trident Takeover Proposal and the identity of the Person making any such Fountain Takeover Proposal or Trident Takeover Proposal and (x) if it is in writing, deliver to Patriot a copy of such Fountain Takeover Proposal or Trident Takeover Proposal and any related draft agreements (subject to customary redactions in the case of any financing commitments) and (y) if oral, deliver to Patriot a reasonably detailed summary of any such Fountain Takeover Proposal or Trident Takeover Proposal. Trident shall (i) keep Patriot reasonably informed in all material respects on a prompt basis of the status, including any change to the status or material terms, of any such Fountain Takeover Proposal or Trident Takeover Proposal (and in no event later than 48 hours following any such change) and (ii) promptly notify Patriot of any determination of the Board of Directors of Trident that a Fountain Takeover Proposal or Trident Takeover Proposal constitutes a Fountain Superior Proposal or Trident Superior Proposal, as applicable.

**Section 5.10 Tax Matters.** (a) Prior to the Effective Time, Trident, Fountain, AcquisitionCo, Merger Sub and Patriot shall (i) use their reasonable best efforts to cause the Merger to qualify as a reorganization within the meaning of Section 368(a) of the Code, (ii) use their reasonable best efforts to provide such appropriate information and representations and covenants relating to Taxes as any Governmental Authority shall request in connection with the Rulings and (iii) neither take any action nor fail to take any action if such action or such failure could reasonably be expected to prevent or impede the Merger from qualifying as a reorganization within the meaning of Section 368(a) of the Code. Provided the conditions in Section 6.02(f) and Section 6.03(e) of this Agreement have been satisfied, each of Trident, Fountain, AcquisitionCo, Merger Sub and Patriot shall report the Merger for U.S. federal income tax purposes as a reorganization within the meaning of Section 368(a) of the Code.

In the event that a Governmental Authority refuses to issue the Supplemental IRS Ruling or the Swiss Rulings, Trident, Fountain and Patriot shall consider in good faith any reasonable modifications to the structure of the Transactions that will facilitate receipt of such rulings; provided, however, that nothing in this Section 5.10(c) shall prevent Trident from or delay Trident in effectuating the Separation or the Athens Separation.

(d) In the case of any Ruling requested by Trident, Trident shall, to the extent practicable, (i) keep Patriot promptly informed of all material actions taken or proposed to be taken by Trident and (ii) solely with respect to any Ruling requested from the IRS, provide Patriot with an opportunity to review and comment on each submission to the extent related to Fountain and the Fountain Subs reasonably in advance of the filing thereof and provide Patriot with a final copy of such submission. Such service also shall apply for purposes of satisfying any waiting periods, evidence of insurability requirements, or the application of any pre-existing condition limitations with respect to any such ongoing plan. Each such ongoing plan shall waive pre-existing condition limitations to the same extent waived under the corresponding Fountain Benefit Plan or Patriot Benefit Plan. Trident Continuing Employees shall be given credit, to the extent administratively feasible, for amounts paid under a corresponding Fountain Benefit Plan or Patriot Benefit Plan during the same period for purposes of applying deductibles, co-payments and out-of-pocket maximums as though such amounts had been paid in accordance with the terms and conditions of the ongoing plan during the applicable plan year.

(c) Notwithstanding the forgoing, nothing contained herein shall (i) be treated as an amendment to any Fountain Benefit Plan or Patriot Benefit Plan, (ii) give any person other than the Parties the right to enforce the provisions of this Section 5.11 or (iii) obligate any of the Parties to (x) maintain any Fountain Benefit Plan or Patriot Benefit Plan or any other particular compensation or benefit plan, program, policy or understanding or (y) retain the employment of any particular employee of any of the Parties.

None of Trident, Fountain or Patriot or their respective Subsidiaries shall settle any Action related to the Transactions that would enjoin, restrain, prohibit or impose damages on Fountain or the Fountain Subs without the prior written consent of Patriot and Trident, in each case not to be unreasonably withheld, conditioned or delayed. Agreement shall not have been obtained; provided, however, that the right to terminate under this Section 7.01(d) shall not be available to Patriot where the failure to obtain the Patriot Shareholder Approval shall have been caused by Patriot's material breach of this Agreement;

(e) by either Trident or Patriot if the Trident Shareholder Meeting (including any adjournments or postponements thereof) shall have concluded and the Trident Shareholder Approval contemplated by this Agreement shall not have been obtained; provided, however, that the right to terminate under this Section 7.01(e) shall not be available to Trident where the failure to obtain the Trident Shareholder Approval shall have been caused by Trident's material breach of this Agreement;

(f) by Patriot:

(ii) if any of the conditions set forth in Section 6.01 or Section 6.02 shall have become incapable of fulfillment and shall not have been waived by Patriot (to the extent so waivable);

(g) by Trident:

(i) if Patriot shall have breached or failed to perform in any material respect any of its representations, warranties, covenants or other agreements contained in this Agreement or the Separation Agreement, which breach or failure to perform (i) would result in a failure of a condition set forth in Section 6.01 or Section 6.03 and (ii) cannot be or has not been cured within 60 calendar days after the giving by Trident of written notice to Patriot of such breach;

(ii) if any of the conditions set forth in Section 6.01 or Section 6.03 shall have become incapable of fulfillment and shall not have been waived by Trident (to the extent so waivable); or

whole or part after the Closing shall survive the Closing (in the case of covenants performed in part after the Closing, solely to the extent to be performed after the Closing) until they have been performed in accordance with their terms and (b) the representations and warranties set forth in Section 2.06, Section 2.17, Section 3.06 and Section 3.18 shall survive until the one year anniversary of the Closing, including with respect to the foregoing clauses (a) and (b) for purposes of the indemnification obligations set forth in Section 8.2 and Section 8.3 of the Separation Agreement.

### **Section 8.02 Fees and Expenses.**

(a) **General Rule.** Except as otherwise provided in this Agreement or any of the Other Transaction Agreements, all fees and expenses incurred by Trident, Fountain, AcquisitionCo or Merger Sub or any of their Subsidiaries in connection with the this Agreement and the transactions contemplated hereby shall be paid by Trident and all fees and expenses incurred by Patriot or any of its Subsidiaries in connection with this Agreement and the transactions contemplated hereby shall be paid by Patriot, unless otherwise mutually agreed to by Patriot and Trident in writing.

(b) **Antitrust Fees.** Patriot and Trident shall share equally any requisite filing fee in respect of any notice submitted pursuant to the Antitrust Laws, including the HSR Act.

(c) **Printing Expenses.** Patriot and Trident shall share equally the fees and expenses of printers utilized by the Parties in connection with the preparation of the filings with the SEC contemplated by Section 5.05.

(d) **Attorney s Fees.** In any Action to enforce any provisions of this Agreement, or where any provision hereof is validly asserted as a defense, the successful Party shall be entitled to recover reasonable attorneys fees and disbursements in addition to its costs and expenses and any other available remedy.

(e) **Patriot Termination Fee.** Patriot shall pay to Trident a fee of \$145 million (the Patriot Termination Fee ) as liquidated damages if: (i) Trident terminates this Agreement pursuant to Section 7.01(g)(iii); (ii) Patriot terminates this Agreement pursuant to Section 7.01(f)(iii); or (iii) (A) any Person makes a Patriot Takeover Proposal that was publicly disclosed, or any Person shall have publicly announced an intention (whether or not conditional) to make a Patriot Takeover Proposal (and such Patriot Takeover Proposal or such announcement of an intention to make a Patriot Takeover Proposal is not publicly withdrawn at the time of such termination) more than five days prior to the Patriot Shareholder Meeting and thereafter this Agreement is terminated by Patriot or Trident either pursuant to Section 7.01(b) or pursuant to Section 7.01(d), or by Trident pursuant to Section 7.01(g)(i) as a result of a breach by Patriot of its obligations under Section 5.07(a) of this Agreement and (B) within 12 months following such termination Patriot enters into a definitive agreement to consummate, or consummates, a Patriot Takeover Proposal; provided, that for purposes of clause (iii) of this Section 8.02(e), the references to 10% in the definition of Patriot Takeover Transaction shall be deemed to be references to 50%. Any Patriot Termination Fee due under this Section 8.02(e) shall be paid by wire transfer of immediately available funds (to an account specified by Trident) promptly following termination of this Agreement (except that in the case of termination pursuant to clause (ii) above such payment shall be made concurrently with or prior to such termination and in the case of termination pursuant to clause (iii) above such payment shall be made on the date of execution of such definitive agreement or, if earlier, consummation of such transactions). Patriot shall not be obligated to make more than one payment pursuant to this Section 8.02(e). Each of the Parties acknowledges and agrees that the covenants and obligations contained in this Section 8.02(e) are an integral part of the transactions contemplated by this Agreement, and that, without these covenants and obligations, the Parties would not have entered into this Agreement and that the Patriot Termination Fee is not a penalty, but rather is liquidated damages in a reasonable amount that will compensate Trident and Fountain in the circumstances in which such Patriot Termination Fee is payable for the efforts and resources expended and opportunities foregone while negotiating this Agreement, the Separation Agreement and the Ancillary Agreements and in reliance on this Agreement and on the expectation of the consummation of the Transactions,

which amount would otherwise be impossible to calculate with precision. Upon payment of the Patriot Termination Fee in accordance with this Section 8.02(e), none of Patriot or any of its respective former, current or future Affiliates or Representatives shall have any further liability to Trident, Fountain, AcquisitionCo or Merger Sub or their respective shareholders with respect to this Agreement or the Transactions. In the event that Patriot shall fail to pay when due the Patriot Termination Fee required to be paid by it pursuant to this Section 8.02(e), such Patriot Termination Fee shall accrue interest for the period commencing on the date such Patriot Termination Fee becomes past due, at a rate equal to the sum of (i) the prime lending rate prevailing during such period as published in The Wall Street Journal plus (ii) 4.0% per annum, calculated on a daily basis until the date of actual payment. In addition, if Patriot shall fail to pay the Patriot Termination Fee when due, Patriot shall also pay to Trident all of Trident's costs and expenses (including reasonable attorneys' fees) in connection with efforts to collect such amount.

(f) **Trident Termination Fees**. Trident shall pay to Patriot a fee of \$145 million (the Fountain Takeover Termination Fee) as liquidated damages if: (i) Patriot terminates this Agreement pursuant to Section 7.01(f)(iv) as a result of a Trident Change of Recommendation in connection with a Fountain Takeover Proposal or a Trident Change of Recommendation pursuant to clause (ii) thereof not related to a Trident Takeover Proposal; or (ii) (A) any Person makes (1) a Fountain Takeover Proposal or (2) a Trident Takeover Proposal that was publicly disclosed, or any Person shall have publicly announced an intention (whether or not conditional) to make a Fountain Takeover Proposal or Trident Takeover Proposal (and such Fountain Takeover Proposal or Trident Takeover Proposal or such announcement of an intention to make a Fountain Takeover Proposal or Trident Takeover Proposal is not publicly withdrawn at the time of such termination) more than five days prior to the Trident Shareholder Meeting and thereafter this Agreement is terminated by Trident or Patriot either pursuant to Section 7.01(b) or pursuant to Section 7.01(e), or by Patriot pursuant to Section 7.01(f)(i) as a result of a breach by Trident of its obligations under Section 5.08(a) of this Agreement, and (B) within 12 months following such termination Trident enters into a definitive agreement to consummate, or consummates, a Fountain Takeover Proposal or, in the case of clause (ii)(A)(1), a Trident Takeover Proposal; provided, that for purposes of clause (ii) of this sentence of Section 8.02(f), the references to 10% in the definition of Fountain Takeover Transaction shall be deemed to be references to 50%. Further, Trident shall pay to Patriot a fee of \$370 million (the Trident Takeover Termination Fee and, together with the Fountain Takeover Termination Fee, the Trident Termination Fees) as liquidated damages if: (i) Patriot terminates this Agreement pursuant to Section 7.01(f)(iv) as a result of a Trident Change of Recommendation (other than a Trident Change of Recommendation in connection with a Fountain Takeover Proposal or a Trident Change of Recommendation pursuant to clause (ii) thereof not related to a Fountain Takeover Proposal or a Trident Takeover Proposal); or (ii) (A) any Person makes a Trident Takeover Proposal that was publicly disclosed, or any Person shall have publicly announced an intention (whether or not conditional) to make a Trident Takeover Proposal (and such Trident Takeover Proposal or such announcement of an intention to make a Trident Takeover Proposal is not publicly withdrawn at the time of such termination) more than five days prior to the Trident Shareholder Meeting and thereafter this Agreement is terminated by Trident or Patriot either pursuant to Section 7.01(b) or pursuant to Section 7.01(e), or by Patriot pursuant to Section 7.01(f)(i) as a result of a breach by Trident of its obligations under Section 5.08(a) of this Agreement, and (B) within 12 months following such termination Trident enters into a definitive agreement to consummate, or consummates, a Trident Takeover Proposal; provided, that (1) for purposes of clause (ii) of this sentence of Section 8.02(f), the references to 10% in the definition of Trident Takeover Transaction shall be deemed to be references to 50% and (2) for purposes of clause (ii)(B) of this Section 8.02(f), a Trident Takeover Proposal shall not be required to be expressly conditioned on the Transactions not being consummated. Any Trident Termination Fee due under this Section 8.02(f) shall be paid by wire transfer of immediately available funds (to an account specified by Patriot) promptly following termination of the Agreement (except that in the case of termination pursuant to clause (ii) of the first sentence of this Section 8.02(f) or clause (ii) of the second sentence of this Section 8.02(f), such payment shall be made on the date of execution of such definitive agreement or, if earlier, consummation of such transactions). For the avoidance of doubt, Patriot shall not in any event receive both the Trident Termination Fee and the Fountain Termination Fee. Each of the Parties acknowledges and agrees that the covenants and obligations contained in this Section 8.02(f) are an integral part of the transactions contemplated by this Agreement, and that, without

these covenants and obligations, the Parties would not have entered into this Agreement and that the Trident Termination Fees are not a penalty, but rather are liquidated damages in a reasonable amount that will compensate Patriot in the circumstances in which any such Trident Termination Fee is payable for the efforts and resources expended and opportunities foregone while negotiating this Agreement, the Separation Agreement and the Ancillary Agreements and in reliance on this Agreement and on the expectation of the consummation of the Transactions, which amount would otherwise be impossible to calculate with precision. Upon payment of any Trident Termination Fee in accordance with this Section 8.02(f), none of Trident, Fountain, AcquisitionCo or Merger Sub or any of their respective former, current or future Affiliates or Representatives shall have any further liability to Patriot or its shareholders with respect to this Agreement or the Transactions. In the event that Trident shall fail to pay when due any Trident Termination Fee required to be paid by it pursuant to this Section 8.02(f), such Trident Termination Fee shall accrue interest for the period commencing on the date such Trident Termination Fee becomes past due, at a rate equal to the sum of (i) the prime lending rate prevailing during such period as published in The Wall Street Journal plus (ii) 4.0% per annum, calculated on a daily basis until the date of actual payment. In addition, if Trident shall fail to pay any Trident Termination Fee when due, Trident shall also pay to Patriot all of Patriot's costs and expenses (including reasonable attorneys' fees) in connection with efforts to collect such amount.

**Section 8.03 Entire Agreement.** This Agreement, the Confidentiality Agreement and the Other Transaction Agreements, including any related annexes, schedules and exhibits, as well as any other agreements and documents referred to herein and therein, shall together constitute the entire agreement between the Parties with respect to the subject matter hereof and thereof and shall supersede all prior negotiations, agreements and understandings of the Parties of any nature, whether oral or written, with respect to such subject matter. If there is a conflict between any provision of this Agreement and a provision of the Other Transaction Agreements, the provision of this Agreement shall control unless specifically provided otherwise in this Agreement.

**Section 8.04 Governing Law.** This Agreement shall be governed by and construed in accordance with (a) the laws of the State of Minnesota with respect to matters, issues and questions relating to the duties of the Board of Directors of Patriot or Merger Sub or to general corporation law including requirements for the validity of the Merger and (b) the laws of the State of New York with respect to all other matters, issues and questions, without giving effect to any choice or conflict of law provision or rule (whether of the State of New York or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of New York.

**Section 8.05 Specific Performance; Jurisdiction.** The Parties understand and agree that (a) the covenants and agreements on each of their parts herein contained are uniquely related to the desire of the Parties and their respective Affiliates to consummate the Transactions, (b) the Transactions are a unique business opportunity at a unique time for each of Trident and Patriot and their respective Affiliates, (c) irreparable damage would occur in the event that any provision of this Agreement were not performed in accordance with its specific terms, (d) although monetary damages may be available for the breach of such covenants and agreements including pursuant to Section 8.02(e) and Section 8.02(f), such monetary damages are not intended to and do not adequately compensate for the harm that would result from a breach of this Agreement, would be an inadequate remedy therefor and shall not be construed to diminish or otherwise impair in any respect any party's right to specific performance and (e) the right of specific performance is an integral part of the transactions contemplated by this Agreement and without that right none of the parties would have entered into this Agreement. It is accordingly agreed that, in addition to any other remedy that may be available to it, including monetary damages, each of the Parties shall be entitled to an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement exclusively in any New York State or federal court sitting in the Borough of Manhattan in The City of New York (or, if such court lacks subject matter jurisdiction, in any New York State or federal court located within the State of New York). Each of the Parties further agrees that no Party to this Agreement shall be required to obtain, furnish or post any bond or similar instrument in connection with or as a condition to obtaining any remedy referred to in this Section 8.05 and each Party waives any objection to the imposition of such relief or any right it may have to require the obtaining,

furnishing or posting of any such bond or similar instrument. In addition, each of the Parties irrevocably and unconditionally agrees that any legal action or proceeding with respect to this Agreement and the rights and obligations arising hereunder, or for recognition and enforcement of any judgment in respect of this Agreement and the rights and obligations arising hereunder brought by the other Party hereto or its successors or assigns, shall be brought and determined exclusively in any New York State or federal court sitting in the Borough of Manhattan in The City of New York (or, if such court lacks subject matter jurisdiction, in any New York State or federal court located within the State of New York). Each of the Parties hereby irrevocably submits with regard to any such action or proceeding for itself and in respect of its property, generally and unconditionally, to the personal jurisdiction of the aforesaid courts and agrees that it will not bring any action relating to this Agreement or any of the Transactions contemplated by this Agreement in any court other than the aforesaid courts. Each of the Parties hereby irrevocably waives, and agrees not to assert, by way of motion, as a defense, counterclaim or otherwise, in any action or proceeding with respect to this Agreement, (a) any claim that it is not personally subject to the jurisdiction of the above named courts for any reason other than the failure to serve in accordance with this Section 8.05, (b) any claim that it or its property is exempt or immune from jurisdiction of any such court or from any legal process commenced in such courts (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise) and (c) to the fullest extent permitted by the applicable Law, any claim that (i) the suit, action or proceeding in such court is brought in an inconvenient forum, (ii) the venue of such suit, action or proceeding is improper or (iii) this Agreement, or the subject matter hereof, may not be enforced in or by such courts.

**Section 8.06 Waiver of Jury Trial.** EACH OF THE PARTIES IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

**Section 8.07 Notices.** All notices, requests, permissions, waivers and other communications hereunder shall be in writing and shall be deemed to have been duly given (a) three Business Days following sending by registered or certified mail, postage prepaid, (b) when sent, if sent by facsimile; provided, that the facsimile transmission is promptly confirmed and any facsimile transmission received after 5:00 p.m. Eastern time shall be deemed received at 9:00 a.m. Eastern time on the following Business Day, (c) when delivered, if delivered personally to the intended recipient and (d) one Business Day following sending by overnight delivery via a national courier service and, in each case, addressed to a Party at the following address for such Party:

Any notice to Trident shall be deemed notice to all members of the Trident Group, and any notice to Fountain shall be deemed notice to all members of the Fountain Group.

**Section 8.08 Amendments and Waivers.** (a) This Agreement may be amended and any provision of this Agreement may be waived; provided, however, that any such waiver shall be binding upon a Party only if

such waiver is set forth in a writing executed by such Party and any such amendment shall be effective only if set forth in a writing executed by each of the Parties. No course of dealing between or among any Persons having any interest in this Agreement shall be deemed effective to modify, amend or discharge any part of this Agreement or any rights or obligations of any Party under or by reason of this Agreement.

(b) No delay or failure in exercising any right, power or remedy hereunder shall affect or operate as a waiver thereof; nor shall any single or partial exercise thereof or any abandonment or discontinuance of steps to enforce such a right, power or remedy preclude any further exercise thereof or of any other right, power or remedy. The rights and remedies hereunder are cumulative and not exclusive of any rights or remedies that any Party would otherwise have. Any waiver, permit, consent or approval of any kind or character of any breach or default under this Agreement or any such waiver of any provision of this Agreement must satisfy the conditions set forth in Section 8.08(a) and shall be effective only to the extent in such writing specifically set forth.

**Section 8.09 No Third-Party Beneficiaries.** This Agreement is solely for the benefit of the Parties and does not confer on third parties (including any employees of any member of the Trident Group or the Fountain Group) any remedy, claim, reimbursement, claim of action or other right in addition to those existing without reference to this Agreement.

**Section 8.10 Assignability; Binding Effect.** This Agreement is not assignable by any Party without the prior written consent of the other Parties and any attempt to assign this Agreement without such consent shall be void and of no effect. This Agreement shall be binding upon and inure to the benefit of the Parties and their respective successors and permitted assigns.

**Section 8.11 Construction; Interpretation.** Headings of the Articles and Sections of this Agreement are for convenience of the Parties only and shall be given no substantive or interpretive effect whatsoever. The table of contents to this Agreement is for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement. Whenever required by the context, any pronoun used in this Agreement or the Trident Disclosure Letter or Patriot Disclosure Letter shall include the corresponding masculine, feminine or neuter forms, and the singular forms of nouns, pronouns and verbs shall include the plural and vice versa. Reference to any agreement, document or instrument means such agreement, document or instrument as amended or otherwise modified from time to time in accordance with the terms thereof, and if applicable hereof. Whenever the words include, includes or including are used in this Agreement, they shall be deemed to be followed by the words without limitation. The word or shall not be exclusive. The word extent in the phrase to the extent means the degree to which a subject or other thing extends, and such phrase does not simply mean if . The words hereof, herein and hereunder and words of similar import when used in this Agreement shall refer to this Agreement as a whole and not to any particular provision of this Agreement. All references to any period of days shall be to the relevant number of calendar days unless otherwise specified. All references to dollars or \$ shall be references to United States dollars. All accounting terms shall have their respective meanings under GAAP. The Parties have participated jointly in the negotiation and drafting of this Agreement and the Other Transaction Agreements. In the event an ambiguity or question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the Parties, and no presumption or burden of proof shall arise favoring or disfavoring any Party by virtue of the authorship of any of the provisions of this Agreement. For the avoidance of doubt, consistent with past practice when used with respect to Fountain or any of its Subsidiaries means the past practice of Trident with respect to the Fountain Business.

**Section 8.12 Severability.** Any term or provision of this Agreement which is invalid or unenforceable in any jurisdiction shall, as to that jurisdiction, be ineffective to the extent of such invalidity or unenforceability without rendering invalid or unenforceable the remaining terms and provisions of this Agreement in any other jurisdiction. If any provision of this Agreement is so broad as to be unenforceable, such provision shall be interpreted to be only so broad as is enforceable.

**Section 8.13 Counterparts.** This Agreement may be executed in multiple counterparts (any one of which need not contain the signatures of more than one Party), each of which shall be deemed to be an original but all of which taken together shall constitute one and the same agreement. This Agreement, and any amendments hereto, to the extent signed and delivered by means of a facsimile machine or other electronic transmission, shall be treated in all manner and respects as an original agreement and shall be considered to have the same binding legal effects as if it were the original signed version thereof delivered in person. At the request of any Party, the other Party shall re-execute original forms thereof and deliver them to the requesting Party. No Party shall raise the use of a facsimile machine or other electronic means to deliver a signature or the fact that any signature was transmitted or communicated through the use of facsimile machine or other electronic means as a defense to the formation of a Contract and each such Party forever waives any such defense.

**Section 8.14 Disclosure Letters.** There may be included in the Trident Disclosure Letter and/or the Patriot Disclosure Letter items and information that are not material, and such inclusion shall not be deemed (x) to be an acknowledgment or agreement that any such item or information (or any non-disclosed item or information of comparable or greater significance) is material or (y) to affect the interpretation of such term for purposes of this Agreement. No information contained in this Agreement or in the Trident Disclosure Letter and/or Patriot Disclosure Letter shall be deemed to be an admission by any Party to any third party of any matter whatsoever (including any violation of Law or breach of contract). Matters reflected in the Trident Disclosure Letter or Patriot Disclosure Letter are not necessarily limited to matters required by this Agreement to be disclosed therein. The Trident Disclosure Letter and Patriot Disclosure Letter set forth items of disclosure with specific reference to the particular Section or subsection of this Agreement to which the information in the Trident Disclosure Letter or Patriot Disclosure Letter, as applicable, relates; provided, however, that any information set forth in one Section of such disclosure letter shall be deemed to apply to each other Section or subsection thereof to which its relevance is reasonably apparent on its face.

(e) Section 5.03(c) of the Merger Agreement is hereby amended and restated as follows:

Each of Patriot, Trident and Fountain agrees to cooperate in good faith in order for (x) Tyco Flow Control International Finance S.A. ( FIFSA ) to issue prior to the Distribution in an unregistered offering up to \$900 million of unsecured senior notes (the Senior Notes ) that will be guaranteed as to payment by Fountain no later than the Closing (the Senior Notes Issuance ) and (y) Patriot to execute a credit agreement prior to the Distribution with a syndicate of banks providing for an unsecured, committed senior credit facility of up to \$1.2 billion (with an option to increase by \$500 million) pursuant to which (i) FIFSA will become a borrower, (ii) Fountain will become a guarantor as to payment and (iii) borrowings under

such credit facility will become effective concurrently with the Closing (the Senior Credit Facility ), in each of clauses (x) and (y) subject to the following terms and conditions:

(i) The commencement of an offering with respect to the Senior Notes Issuance shall be subject to the following: (A) at Trident's option either (1) Trident receiving the required consent of lenders under each of the \$1,000,000,000 five-year senior unsecured revolving credit agreement dated June 22, 2012 among Tyco International Finance S.A. ( TIFSA ), as borrower, Trident, as guarantor, each of the initial lenders named therein, and Citibank, N.A. as administrative agent, the \$750,000,000 five-year senior unsecured revolving credit agreement dated June 22, 2012 among The ADT Corporation, as borrower, Trident, as guarantor, each of the initial lenders named therein, and Citibank, N.A., as administrative agent, and the \$500,000,000 five-year senior unsecured credit agreement, dated April 25, 2007, among TIFSA, as borrower, Trident, as guarantor, each of the initial lenders named therein, and Citibank, N.A. as administrative agent with respect to the Senior Notes Issuance or (2) Trident causing FIFSA to become a Subsidiary Guarantor under each of the credit agreements described above (as such term is defined in each such agreement), which designation shall be removed upon the occurrence of the Closing; (B) Trident obtaining approval of the Trident board of directors for the Senior Notes Issuance; (C) Trident not determining in its sole discretion that the Senior Notes Issuance shall not occur; and (D) Patriot not determining in its sole discretion that the Senior Notes Issuance shall not occur.

(ii) At the settlement of any Senior Notes Issuance, (A) Trident shall cause FIFSA to deposit the proceeds of the Senior Notes Issuance (net of initial purchaser fees) into an escrow account (the Escrow Account ) with an escrow agent selected by Patriot and reasonably acceptable to Trident and (B) Patriot shall deposit into the Escrow Account an amount of cash (the Patriot Escrow Amount ) that results in the total funds deposited into the Escrow Account being equal to 101% of the aggregate principal amount of the Senior Notes, together with an amount equal to the interest payable on such senior notes from the issue date to the Outside Date. The escrow agreement for the Escrow Account shall provide that, upon the Closing and the satisfaction of other conditions mutually agreed to by Patriot, Trident and the initial purchasers for the Senior Notes Issuance, the proceeds of the Senior Notes Issuance (net of initial purchaser fees) shall be released and distributed to FIFSA and the Patriot Escrow Amount shall be released and distributed to Patriot. If by the Outside Date, the conditions to the release of the funds in the Escrow Account have not been satisfied or such other conditions mutually agreed to by Patriot, Trident and the initial purchasers for the Senior Notes have not been satisfied, then Trident shall cause FIFSA to redeem, and the indenture for the Notes shall provide for FIFSA to redeem, the Senior Notes at a redemption price equal to 101% of the principal amount of the Senior Notes, together with accrued but unpaid interest on the Senior Notes, and otherwise on terms mutually agreed to by Patriot, Trident and the initial purchasers for the Senior Notes Issuance in the indenture for the Senior Notes. The escrow agreement for the Escrow Account shall provide that the funds in the Escrow Account shall be released and distributed to pay for any such redemption in accordance with the indenture for the Senior Notes with any remaining funds after such redemption released and distributed to Pentair.

(iii) None of Fountain, the Fountain Subs or Trident shall be required to incur any indebtedness pursuant to the Senior Notes unless the incurrence thereof is consistent with the foregoing or the Senior Credit Facility unless the incurrence thereof is concurrent with and subject to the Closing.

(iv) The Parties agree that, subject to paragraph (v) below, Gibson, Dunn & Crutcher LLP will serve as issuer's counsel ( Issuer's Counsel ) and Sullivan & Cromwell LLP will serve as counsel to the initial purchasers for the Senior Notes Issuance, provided that counsel to Patriot shall have a reasonable opportunity to review and comment on all documentation relating to the Senior Notes Issuance. The parties agree that Foley & Lardner LLP will serve as borrower's counsel and Mayer Brown LLP will serve as counsel to the lenders for the Senior Credit Facility.

(v) Patriot shall be entitled to negotiate and, subject to the foregoing, determine the terms of the Senior Notes and the Senior Credit Facility in its sole discretion, including any related indentures, credit agreements

and similar documents related thereto, and in connection therewith, each of Patriot, Trident and Fountain shall, and Trident shall cause FIFSA to, subject to Section 5.03(d) and the foregoing, enter into all necessary or appropriate arrangements and use their respective commercially reasonable efforts to take, or cause to be taken, all actions and to do, or cause to be done, all other things necessary, proper or advisable with respect thereto, in each case as may be reasonably requested by Patriot or Trident.

Without limiting the foregoing, the Parties shall provide to each other copies of all agreements relating to the Senior Notes Issuance and the Senior Credit Facility and keep the other Parties reasonably informed of all material developments in respect thereof. Each of Trident, Fountain and Patriot agree to allow the other's accounting representatives a reasonable opportunity to review any financial statements required in connection therewith and to allow such representatives reasonable access to the records of Fountain, the Fountain Subs and each other Subsidiary of Trident, as appropriate, and of Patriot and each of its Subsidiaries, as appropriate, in connection therewith. Each Party shall use its commercially reasonable efforts to cause its outside auditors to participate in the preparation of any pro forma financial statements related to the combination of Fountain and Patriot necessary or desirable for use in connection with obtaining any such indebtedness. Notwithstanding anything to the contrary in this Section 5.03(c), Trident's cooperation shall not include any requirement or obligation of Trident or any of its Subsidiaries (other than Fountain and the Fountain Subs), and Patriot's cooperation shall not include any requirement or obligation of Patriot or any of its Subsidiaries, in each case, to pay any consideration, extend any credit, guaranty any performance, payment or other obligation, incur any financial obligation, offer or grant any financial accommodation or other benefit, release any claim or incur any other liability whatsoever (in each case other than fees and disbursements of outside counsel and any other advisors), except, in the case of Patriot, for (1) any such action the effectiveness of which is expressly conditioned upon the occurrence of the Closing, (2) Patriot's obligations pursuant to paragraph (ii) above with respect to the Escrow Account and (3) Patriot's obligations to Trident pursuant to Section 5.03(f).

(f) Section 5.03(d) of the Merger Agreement is hereby amended and restated as follows:

If, following the Parties' compliance with the provisions of Section 5.03(c), the Senior Notes Issuance is consummated or Patriot is able to execute a credit agreement providing for the Senior Credit Facility on Acceptable Terms, then, immediately prior to the Distribution, Fountain or a Fountain Sub shall issue to Trident or a Subsidiary of Trident, as directed by Trident, an intercompany note (the Trident Note) to provide that (x) such intercompany indebtedness shall be in a principal amount up to \$500 million and shall otherwise be on terms mutually agreed to by the Parties and (y) notwithstanding any provisions of the Separation Agreement to the contrary, concurrently with the Closing, Fountain shall repay or cause the Fountain Sub that issued the Trident Note to repay in full all outstanding amounts with respect to the Trident Note such that upon repayment, from and after the Closing Date, no Parties or their Affiliates shall have any further obligations with respect thereto. If, following the Parties' compliance with the provisions of Section 5.03(c), the Senior Notes Issuance is not consummated and Patriot is unable to execute a credit agreement providing for the Senior Credit Facility on Acceptable Terms, then, immediately prior to the Distribution, at Trident's discretion, either (i) Fountain or a Fountain Sub shall issue to Trident or a Subsidiary of Trident, as directed by Trident, the Bridge Note or (ii) Trident and Fountain shall modify existing intercompany indebtedness of members of the Fountain Group owed to members of the Trident Group, as selected by Trident and approved by Patriot (such approval not to be unreasonably withheld, delayed or conditioned) to provide that (x) such intercompany indebtedness shall be in a principal amount up to \$500 million and shall otherwise be on terms consistent with the terms of the Bridge Note and (y) notwithstanding any provisions of the Separation Agreement to the contrary, such indebtedness shall survive the Closing.

(g) Article V of the Merger Agreement is hereby amended by adding the following Section 5.03(f):

Patriot shall (i) indemnify, defend and hold harmless the Trident Indemnitees (as such term is defined in the Separation Agreement) from and against any and all damages, losses, deficiencies, Liabilities, obligations, penalties, judgments, settlements, claims, payments, fines, interest, costs and expenses (including the costs and expenses of any and all Actions and demands, assessments, judgments, settlements

and compromises relating thereto and the reasonable costs and expenses of attorneys , accountants , consultants and other professionals fees and expenses incurred in the investigation or defense thereof or the enforcement of rights hereunder) arising out of, by reason of or otherwise in connection with the Senior Notes Issuance or the Senior Credit Facility, and (ii) promptly, as and when incurred and upon request by Trident, reimburse each member of the Trident Group for all reasonable third party costs and expenses incurred in connection with the Senior Notes Issuance and the Senior Credit Facility, including the costs and expenses of attorneys , accountants , financial advisors , consultants and other professionals fees and expenses incurred in connection with the preparation of confidential information memoranda, prospectuses, offering memoranda and other marketing and syndication materials, engaging in due diligence in connection with any legal opinions, authorization letters or certificates, delivering comfort letters and obtaining any consents from any third party required in connection therewith (provided, however, that a member of the Trident Group shall not make any payment to a third party for any such consent without the approval of Patriot), which costs and expenses shall be reimbursed by Patriot regardless of whether the Senior Notes Issuance or the Senior Credit Facility is consummated; provided that Trident shall provide Patriot reasonable documentation of all such costs and expenses.

(h) Section 9.01 of the Merger Agreement is hereby amended to delete the definition of Trident Financing.

**Section 2.01 Continuing Effect of Merger Agreement.** This Amendment shall only serve to amend and modify the Merger Agreement to the extent specifically provided herein. All terms, conditions, provisions and references of and to the Merger Agreement which are not specifically modified and/or amended herein shall remain in full force and effect and shall not be altered by any provisions herein contained. In the event of any conflict or inconsistency between the provisions of the Merger Agreement and the provisions of this Amendment, the provisions of this Amendment shall control. On and after the date of this Amendment, each reference in the Merger Agreement to this Agreement , hereunder , hereof , herein or words of like import, and each reference to the Merger Agreement in any other agreements, documents or instruments executed and delivered pursuant to the Merger Agreement, shall mean and be a reference to the Merger Agreement, as amended by this Agreement; provided, that references to the date of this Agreement and other similar references shall continue to refer to the original date of the Merger Agreement and not to the date of this Amendment.

**Section 3.01 Entire Agreement.** This Amendment, the Merger Agreement, the Confidentiality Agreement and the Other Transaction Agreements, including any related annexes, schedules and exhibits, as well as any other agreements and documents referred to herein and therein, shall together constitute the entire agreement between the Parties with respect to the subject matter hereof and thereof and shall supersede all prior negotiations, agreements and understandings of the Parties of any nature, whether oral or written, with respect to such subject matter.

**Section 4.01 Governing Law.** This Amendment shall be governed by and construed in accordance with (a) the laws of the State of Minnesota with respect to matters, issues and questions relating to the duties of the Board of Directors of Patriot or Merger Sub or to general corporation law including requirements for the validity of the Merger and (b) the laws of the State of New York with respect to all other matters, issues and questions, without giving effect to any choice or conflict of law provision or rule (whether of the State of New York or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of New York.

**Section 5.01 General Provisions.** Sections 8.05 (Specific Performance; Jurisdiction) and 8.06 (Waiver of Jury Trial) of the Merger Agreement shall govern this Amendment.

**Section 6.01 No Third-Party Beneficiaries.** This Amendment is solely for the benefit of the Parties and does not confer on third parties (including any employees of any member of the Trident Group or the Fountain Group) any remedy, claim, reimbursement, claim of action or other right in addition to those existing without reference to this Amendment.

**Section 7.01 Assignability; Binding Effect.** This Amendment is not assignable by any Party without the prior written consent of the other Parties and any attempt to assign this Amendment without such consent shall be void and of no effect. This Amendment shall be binding upon and inure to the benefit of the Parties and their respective successors and permitted assigns.

**Section 8.01 Severability.** Any term or provision of this Amendment which is invalid or unenforceable in any jurisdiction shall, as to that jurisdiction, be ineffective to the extent of such invalidity or unenforceability without rendering invalid or unenforceable the remaining terms and provisions of this Amendment in any other jurisdiction. If any provision of this Amendment is so broad as to be unenforceable, such provision shall be interpreted to be only so broad as is enforceable.

**Section 9.01 Counterparts.** This Amendment may be executed in multiple counterparts (any one of which need not contain the signatures of more than one Party), each of which shall be deemed to be an original but all of which taken together shall constitute one and the same agreement. This Amendment, to the extent signed and delivered by means of a facsimile machine or other electronic transmission, shall be treated in all manner and respects as an original agreement and shall be considered to have the same binding legal effects as if it were the original signed version thereof delivered in person. At the request of any Party, the other Party shall re-execute original forms thereof and deliver them to the requesting Party. No Party shall raise the use of a facsimile machine or other electronic means to deliver a signature or the fact that any signature was transmitted or communicated through the use of facsimile machine or other electronic means as a defense to the formation of a Contract and each such Party forever waives any such defense.

Notwithstanding anything herein to the contrary, except as mutually agreed by the Parties hereto and Patriot, (x) the Parties intend that the Fountain Distribution Date shall be on September 28, 2012 and (y) the Parties agree that the Fountain Distribution Date and the Closing Date shall be no earlier than September 28, 2012 absent the prior written consent of each of Trident, Fountain and Patriot.

Section 2.2. Transfer of Assets.

(i) Trident shall, on behalf of itself and its Subsidiaries, as applicable, transfer, contribute, assign and convey or cause to be transferred, contributed, assigned and conveyed ( Transfer ) to Fountain or another member of the Fountain Group effective no later than the Effective Time, all of its and its Subsidiaries' right, title and interest in and to the Fountain Assets;

(i) Any Contract that is listed on Schedule 2.2(b) (each, a Shared Contract ) shall be assigned in part to the applicable member(s) of the applicable Group, if so assignable, or appropriately amended prior to the Effective Time so that each of Trident or Fountain or the members of their respective Groups as of the Effective Time shall be entitled to the rights and benefits, and shall Assume the related portion of any Liabilities, inuring to their respective Businesses; provided, however, that (x) in no event shall any member of any Group be required to assign (or amend) any Shared Contract in its entirety which is not assignable (or cannot be amended) by its terms (including any terms imposing consents or conditions on an assignment where such consents or conditions have not been obtained or fulfilled, subject to Section 2.2(c)) and (y) if any Shared Contract cannot be so partially assigned by its terms or otherwise, or cannot be amended or if such assignment or amendment would impair the benefit the parties thereto derive from such Shared Contract, the Parties shall, and shall cause each of their respective Subsidiaries to, take such other reasonable and permissible actions to cause a member of the Fountain Group or the Trident Group, as the case may be, to receive the benefit of that portion of each Shared Contract that relates to the Fountain

Business or the Trident Retained Business, as the case may be (in each case, to the extent so related) as if such Shared Contract had been assigned to (or amended to allow) a member of the applicable Group pursuant to this Section 2.2(b) and to bear the burden of the corresponding Liabilities (including any Liabilities that may arise by reason of such arrangement) as if such Liabilities had been Assumed by a member of the applicable Group pursuant to this Section 2.2(b).

(ii) Each of Trident and Fountain shall, and shall cause the members of its Group to, (A) treat for all Income Tax purposes the portion of each Shared Contract inuring to its respective Businesses as Assets owned by, and/or Liabilities of, as applicable, such Group not later than the Effective Time and (B) neither report nor take any Income Tax position (on a Tax Return or otherwise) inconsistent with such treatment (unless required by a change in applicable Tax Law or good faith resolution of a Tax Contest relating to Income Taxes).

(iii) Neither Party will amend, renew, extend or otherwise modify any Shared Contract without the consent of the other Party to the extent such amendment, renewal, extension or modification would adversely affect such other Party. Notwithstanding anything to the contrary contained in Section 2.2(b)(i), upon 90 days advance request of Patriot, Trident shall use its reasonable best efforts to terminate, cancel or otherwise render inapplicable to the Fountain Business any portion of any Shared Contract inuring to the Fountain Business; provided that Trident shall not be required to, and shall not be required to cause any member of its Group to, so terminate or cancel such Shared Contract prior to the 12 month anniversary of the Fountain Distribution Date or to make any payments (except to the extent advanced, Assumed or agreed in advance to be reimbursed by Fountain) other than for fees and disbursements of outside counsel and any other advisors, commit to any third party on behalf of itself or any member of its Group to assume any material obligations or offer or grant any material concession to obtain any such termination or cancellation.

The Parties shall use their reasonable best efforts prior to the Effective Time to obtain the Consents required to Transfer any Assets, Contracts, licenses, permits and authorizations issued by any Governmental Entity or parts thereof as contemplated by this Agreement; provided that (x) neither Party shall be required to, and shall be required to cause any member of its Group to, make any payments (except to the extent advanced, Assumed or agreed in advance to be reimbursed by any member of the other Group) other than for fees and disbursements of outside counsel and any other advisors, commit to any third party on behalf of itself or any member of its Group to assume any material obligations or offer or grant any material concession to obtain any such Consents and (y) Trident shall not, and shall not permit any member of the Trident Group to, commit to any third party on behalf of Fountain or any member of the Fountain Group to assume any material payments, incur any material obligations or offer or grant any material concession to any third party to obtain any such Consents that would be a Fountain Liability, without Fountain's prior express written consent. For the avoidance of doubt, the required efforts and responsibilities of the Parties to seek the Trident Regulatory Approvals shall be governed by the Merger Agreement.

Section 2.3. Assumption and Satisfaction of Liabilities.

(a) Except as otherwise specifically set forth in any Ancillary Agreement, from and after the Effective Time (i) Trident shall, or shall cause a member of the Trident Group to, accept, assume (or, as applicable, retain) and perform, discharge and fulfill, in accordance with their respective terms ( Assume ), all of the Trident Retained Liabilities and (ii) Fountain shall, or shall cause a member of the Fountain Group to, Assume all of the Fountain Liabilities.

(b) As between the Parties (and the members of their respective Groups) all payments and reimbursements received after the Effective Time by a Party (or member of its Group) that relate to a Business, Asset or Liability of the other Party (or member of its Group), shall be held by such Party in trust for the use and benefit of the Party entitled thereto (provided that the Party entitled thereto shall reimburse the Party holding such payment or reimbursement in trust for all out-of-pocket expenses related thereto other than for fees and disbursements of outside counsel and any other advisors) and, promptly upon receipt by such Party of any such payment or reimbursement, such Party shall pay or shall cause the applicable member of its Group to pay over to the applicable Party the amount of such payment or reimbursement without right of set-off.

Section 2.5. Limitation of Liability.

(a) Except in the case of any knowing violation of Law, fraud or misrepresentation, no Party shall have any Liability to any other Party in the event that any Information exchanged or provided pursuant to this Agreement which is an estimate or forecast, or which is based on an estimate or forecast, is found to be inaccurate.

(b) No Party or any Subsidiary thereof shall be liable to any other Party or any Subsidiary of any other Party based upon, arising out of or resulting from any Contract, arrangement, course of dealing or understanding existing on or prior to the Effective Time (other than trade payables and receivables, this Agreement, any Ancillary Agreement, any Continuing Arrangements, any Contract entered into in connection herewith or in order to consummate the transactions contemplated hereby or thereby or by the Fountain Plan of Separation) and each Party hereby terminates any and all Contracts, arrangements, courses of dealing or understandings between or among it or a member of such Party's Group, on the one hand, and the other Party or a member or such other Party's Group, on the other hand, effective as of the Effective Time (other than trade payables and receivables, this Agreement, any Ancillary Agreement, any Continuing Arrangements, any Contract entered into in connection herewith or in order to consummate the transactions contemplated hereby or thereby or by the Fountain Plan of Separation).

Prior to the Fountain Distribution Date, Trident shall determine in good faith an estimate of the amounts payable (if any) by the Recipients to Provider for the period up to the Fountain Distribution Date pursuant to the Management Agreement (or any right of the Recipients to a refund of previous payments made under the Management Agreement). Prior to the Fountain Distribution Date, each Recipient owing additional amounts shall pay the Provider any amounts due or, as the case may be, the Provider shall refund any overpaid amounts to each Recipient that overpaid the Provider, in each case, based on the estimates determined by Trident pursuant to the foregoing sentence, which payment or refund shall constitute settlement in full of all amounts owed or owing under the Management Agreement. Prior to the Fountain Distribution Date, Trident shall cause the Provider and the Recipients to terminate the Management Agreement.

Section 2.6. Transfers Not Effected On or Prior to the Effective Time; Transfers Deemed Effective as of the Effective Time.

Transfers or Assumptions as promptly following the Effective Time as shall be practicable. Nothing herein shall be deemed to require the Transfer of any Assets or the Assumption of any Liabilities which by their terms or operation of Law cannot be Transferred or Assumed; provided, however, that the Parties and their respective Subsidiaries shall cooperate and use reasonable best efforts to seek to obtain, in accordance with applicable Law, any necessary Consents or Governmental Approvals for the Transfer of all Assets and Assumption of all Liabilities to the fullest extent permitted by applicable Law contemplated to be Transferred and Assumed pursuant to this Article II. In the event that any such Transfer of Assets or Assumption of Liabilities has not been consummated, from and after the Effective Time (i) the Party retaining such Asset shall thereafter hold such Asset for the use and benefit of the Party entitled thereto (provided that the Party entitled thereto shall reimburse the Party retaining such Asset for all out-of-pocket expenses related to such retention other than for fees and disbursements of outside counsel and any other advisors) and (ii) the Party intended to Assume such Liability shall, or shall cause the applicable member of its Group to, pay or reimburse the Party retaining such Liability for all amounts paid or incurred in connection with the retention of such Liability. In addition, the Party retaining such Asset or Liability shall, insofar as reasonably possible and to the extent permitted by applicable Law, treat such Asset or Liability in the ordinary course of business in accordance with past practice and take such other actions as may be reasonably requested by the Party to which such Asset is to be Transferred or by the Party Assuming such Liability in order to place such Party, insofar as reasonably possible, in the same position as if such Asset or Liability had been Transferred or Assumed as contemplated hereby and so that all the benefits and burdens relating to such Asset or Liability, including possession, use, risk of loss, potential for gain, and dominion, control and command over such Asset or Liability, are to inure from and after the Effective Time to the member or members of the Trident Group or the Fountain Group entitled to the receipt of such Asset or required to Assume such Liability.

(b) If and when the Consents, Governmental Approvals and/or conditions, the absence or non-satisfaction of which caused the deferral of Transfer of any Asset or deferral of the Assumption of any Liability pursuant to Section 2.6(a), are obtained or satisfied, the Transfer, assignment, Assumption or novation of the applicable Asset or Liability shall be effected in accordance with and subject to the terms of this Agreement and/or the applicable Ancillary Agreement.

(c) The Party retaining any Asset or Liability due to the deferral of the Transfer of such Asset or the deferral of the Assumption of such Liability pursuant to Section 2.6(a) shall not be obligated, in connection with the foregoing, to expend any money out-of-pocket unless the necessary funds are advanced, assumed, or agreed in advance to be reimbursed by the Party entitled to such Asset or the Person intended to be subject to such Liability, other than reasonable attorneys' fees and recording or similar fees all of which shall be promptly reimbursed by the Party entitled to such Asset or the Person intended to be subject to such Liability.

(d) After the Effective Time, each Party (or any member of its Group) may receive mail, packages and other communications properly belonging to the other Party (or any member of its Group). Accordingly, at all times after the Effective Time, each Party authorizes the other applicable Party to receive and, if necessary to identify the proper recipient in accordance with this Section 2.6(d), open all mail, packages and other communications received by such Party that belongs to such other Party, and to the extent that they do not relate to the business of the receiving Party, the receiving Party shall promptly deliver such mail, packages or other communications (or, in case the same also relates to the business of the receiving Party or another Party, copies thereof) to such other Party as provided for in Section 11.6. The provisions of this Section 2.6(d) are not intended to, and shall not, be deemed to constitute an authorization by either Party to permit the other to accept service of process on its behalf and no Party is or shall be deemed to be the agent of any other Party for service of process purposes.

(e) In the event that, at any time from and after the Effective Time, either Party (or any member of the Trident Group or Fountain Group, as applicable) discovers that it or one of the members of its Group is the owner of, receives or otherwise comes to possess or benefit from any Asset (including the receipt of payments made pursuant to Contracts and proceeds from accounts receivable with respect to such Asset) or is liable for any Liability that is otherwise allocated to any Person that is a member of the other Group pursuant to this Agreement or any Ancillary Agreement (except in the case of any acquisition of Assets or assumption of Liabilities from the

other Party for value subsequent to the Effective Time), such Party shall promptly Transfer, or cause to be Transferred, such Asset or Liability to the Person so entitled thereto (and the applicable Party shall cause such entitled Person to accept such Asset or Assume such Liability) for no further consideration. Prior to any such transfer, such Asset shall be held in accordance with the other provisions of this Section 2.6.

(f) With respect to Assets and Liabilities described in Section 2.6(a), each of Trident and Fountain shall, and shall cause the members of its respective Group to, (i) treat for all Income Tax purposes (A) the deferred Assets as assets having been Transferred to and owned by the Party entitled to such Assets not later than the Effective Time and (B) the deferred Liabilities as liabilities having been Assumed and owned by the Person intended to be subject to such Liabilities not later than the Effective Time and (ii) neither report nor take any Income Tax position (on a Tax Return or otherwise) inconsistent with such treatment (unless required by a change in applicable Tax Law or good faith resolution of a Tax Contest relating to Income Taxes).

Section 2.7. Conveyancing and Assumption Instruments. In connection with, and in furtherance of, the Transfers of Assets and the acceptance and Assumptions of Liabilities contemplated by this Agreement, the Parties shall execute and deliver to each other or cause to be executed and delivered, on or after the date hereof by the appropriate entities, any Conveyancing and Assumption Instruments necessary to evidence the valid and effective Assumption by the applicable Party of its Assumed Liabilities and the valid Transfer to the applicable Party or member of such Party's Group of all right, title and interest in and to its accepted Assets for Transfers and Assumptions to be effected pursuant to New York Law or the Laws of one of the other states of the United States or, if not appropriate for a given Transfer or Assumption, pursuant to applicable non-U.S. Laws, in such form as Trident, Fountain and Patriot shall reasonably agree, including the Transfer of real property with deeds as may be appropriate and in form and substance as may be required by the jurisdiction in which the real property is located. All Conveyancing and Assumption Instruments shall be prepared, executed and delivered in a manner reasonably agreed by Patriot, Fountain and Trident. Except as reasonably agreed by Trident, Fountain and Patriot, the Conveyancing and Assumption Instruments shall not contain any representations or warranties or indemnities, shall not conflict with this Agreement and, to the extent that any provision of a Conveyancing and Assumption Instrument does conflict with any provision of this Agreement, this Agreement shall govern and control. The Transfer of capital stock shall be effected by means of executed stock powers and notation on the stock record books of the corporation or other legal entities involved, or by such other means as may be required in any non-U.S. jurisdiction to Transfer title to stock and, only to the extent required by applicable Law, by notation on public registries.

Section 2.8. Further Assurances.

(a) In addition to and without limiting the actions specifically provided for elsewhere in this Agreement, including Section 2.6, each of the Parties shall cooperate with each other and use (and shall cause the members of its respective Group to use) reasonable best efforts, on and after the Effective Time, to take, or to cause to be taken, all actions, and to do, or to cause to be done, all things reasonably necessary on its part under applicable Law or contractual obligations to consummate and make effective the transactions contemplated by this Agreement and the Ancillary Agreements.

(b) Without limiting the foregoing, on and after the Effective Time, each Party shall cooperate with the other Party, and without any further consideration, but at the expense of the requesting Party from and after the Effective Time, to execute and deliver, or use reasonable best efforts to cause to be executed and delivered, all instruments, including instruments of Transfer or title, and to make all filings with, and to obtain all Consents and/or Governmental Approvals, any permit, license, Contract, indenture or other instrument (including any Consents or Governmental Approvals), and to take all such other actions as such Party may reasonably be requested to take by any other Party from time to time, consistent with the terms of this Agreement and the Ancillary Agreements, in order to effectuate the provisions and purposes of this Agreement or the Ancillary Agreements and the Transfers and recordings of the applicable Assets and the assignment and Assumption of the

applicable Liabilities and the other transactions contemplated hereby and thereby. Without limiting the foregoing, each Party shall, at the reasonable request, cost and expense of the other Party, take such other actions as may be reasonably necessary to vest in such other Party such title as possessed by the transferring Party to the Assets allocated to such other Party under this Agreement or any of the Ancillary Agreements, free and clear of any Security Interest.

**Section 2.9. Novation of Liabilities.**

(a) Each Party, at the request of the other Party, shall use reasonable best efforts to obtain, or to cause to be obtained, any Consent, Governmental Approval, substitution or amendment required to novate or assign to the fullest extent permitted by applicable Law all obligations under Contracts and Liabilities for which a member of such Party's Group and a member of the other Party's Group are jointly or severally liable and that do not constitute Liabilities of such other Party as provided in this Agreement (such other Party, the Other Party), or to obtain in writing the unconditional release of all parties to such arrangements (other than any member of the Other Party's Group which Assumed or retained such Liability as set forth in this Agreement), so that, in any such case, the members of the applicable Group shall be solely responsible for such Liabilities; provided, however, that no Party shall be obligated to pay any consideration (or otherwise incur any Liability or obligation) therefor to any third party from whom any such Consent, Governmental Authority, substitution or amendment is requested (unless such Party is fully reimbursed or otherwise made whole by the requesting Party).

(b) If the Parties are unable to obtain, or to cause to be obtained, any such Consent, Governmental Approval, release, substitution or amendment required to novate, fully assign or fully release any such obligations under Contracts or any Liabilities, (i) the Other Party shall nonetheless use reasonable best efforts to assign or release, including by executing any such assignment which does not release the Other Party from its obligations under such Contract or from such Liability, to the fullest extent permitted and (ii) the Other Party or a member of such Other Party's Group shall continue to be bound by such Contract that does not constitute a Liability of such Other Party and, unless not permitted by Law or the terms thereof, as agent or subcontractor for such Party, the Party or member of such Party's Group who Assumed or retained such Liability as set forth in this Agreement (the Liable Party) shall, or shall cause a member of its Group to, pay, perform and discharge fully all the obligations or other Liabilities of such Other Party or member of such Other Party's Group thereunder from and after the Effective Time in each case in accordance with Section 2.6. The Other Party shall, without further consideration, promptly pay and remit, or cause to be promptly paid or remitted, to the Liable Party or, at the direction of the Liable Party, to another member of the Liable Party's Group, all money, rights and other consideration received by it or any member of its Group in respect of such performance by the Liable Party (unless any such consideration is an Asset of such Other Party pursuant to this Agreement). If and when any such Consent, Governmental Approval, release, substitution or amendment shall be obtained or such agreement, lease, license or other rights or obligations shall otherwise become assignable or able to be novated, the Other Party shall promptly Transfer or cause the Transfer of, as applicable, all rights, obligations and other Liabilities thereunder of such Other Party or of any member of such Other Party's Group to the Liable Party or to another member of the Liable Party's Group and the Liable Party, or another member of such Liable Party's Group shall Assume such rights and Liabilities to the fullest extent permitted by applicable Law in accordance with Section 2.6(b).

**Section 2.10. Guarantees.**

(a) Except as otherwise specified in any Ancillary Agreement, on or prior to the Effective Time or as soon as practicable thereafter, (i) Trident shall (with the reasonable cooperation of the applicable member of the Fountain Group) use its reasonable best efforts to have any member of the Fountain Group removed as guarantor of or obligor for any Trident Retained Liability, including in respect of those guarantees set forth on Schedule 2.10(a)(i), to the extent that they relate to Trident Retained Liabilities, and (ii) Fountain shall (with the reasonable cooperation of the applicable member of the Trident Group) use its reasonable best efforts to have any member of the Trident Group removed as guarantor of or obligor for any Fountain Liability, including in respect

of those guarantees set forth on Schedule 2.10(a)(ii), to the extent that they relate to Fountain Liabilities; provided, however, that no Party shall be obligated to pay any consideration (or otherwise incur any Liability or obligation) therefor to any third party from whom any such Guaranty Release is requested (unless such Party is fully reimbursed or otherwise made whole by the requesting Party).

(b) On or prior to the Effective Time, to the extent required to obtain a release from a guaranty (a Guaranty Release ):

(i) of any member of the Trident Group, Fountain shall execute a guaranty agreement in the form of the existing guaranty or such other form as is agreed to by the relevant parties to such guaranty agreement, except to the extent that such existing guaranty contains representations, covenants or other terms or provisions either (A) with which Fountain would be reasonably unable to comply or (B) which would be reasonably expected to be breached; and

(ii) of any member of the Fountain Group, Trident shall execute a guaranty agreement in the form of the existing guaranty or such other form as is agreed to by the relevant parties to such guaranty agreement, except to the extent that such existing guaranty contains representations, covenants or other terms or provisions either (A) with which Trident would be reasonably unable to comply or (B) which would be reasonably expected to be breached.

(c) If Trident or Fountain is unable to obtain, or to cause to be obtained, any such required removal as set forth in clauses (a) and (b) of this Section 2.10, (i) the relevant member of the Trident Group or Fountain Group, as applicable, that has assumed the Liability with respect to such guaranty shall indemnify and hold harmless the guarantor or obligor for any Indemnifiable Loss arising from or relating thereto (in accordance with the provisions of Article VIII) and shall or shall cause one of its Subsidiaries, as agent or subcontractor for such guarantor or obligor to pay, perform and discharge fully all the obligations or other Liabilities of such guarantor or obligor thereunder and (ii) each of Trident and Fountain, on behalf of themselves and the members of their respective Groups, agree not to renew or extend the term of, increase its obligations under, or Transfer to a third party, any loan, guarantee, lease, contract or other obligation for which the other Party or member of such Party's Group is or may be liable without the prior written consent of such other Party, unless all obligations of such other Party and the other members of such Party's Group with respect thereto are thereupon terminated by documentation reasonably satisfactory in form and substance to such Party; provided, however, with respect to leases, in the event a Guaranty Release is not obtained and the relevant beneficiary wishes to extend the term of such guaranteed lease, then such beneficiary shall have the option of extending the term if it provides such security as is reasonably satisfactory to the guarantor under such guaranteed lease.

Section 2.11. Pre-Closing Actions. Notwithstanding anything to the contrary contained in this Agreement or any Ancillary Agreement, following the Effective Time, Fountain shall have no Liability for the breach or alleged breach of this Agreement related to any actions taken or not taken prior to the Effective Time; provided that, for the avoidance of doubt, nothing in this Section 2.11 shall absolve Fountain of any Liability for breach of any of its obligations under any covenants which contemplate performance after the Effective Time.

Section 2.12. Disclaimer of Representations and Warranties. EACH OF TRIDENT (ON BEHALF OF ITSELF AND EACH MEMBER OF THE TRIDENT GROUP) AND FOUNTAIN (ON BEHALF OF ITSELF AND EACH MEMBER OF THE FOUNTAIN GROUP) UNDERSTANDS AND AGREES THAT, EXCEPT AS EXPRESSLY SET FORTH HEREIN, IN ANY ANCILLARY AGREEMENT, IN ANY CONTINUING ARRANGEMENT OR IN THE MERGER AGREEMENT, NO PARTY TO THIS AGREEMENT OR ANY ANCILLARY AGREEMENT IS MAKING ANY REPRESENTATION OR WARRANTY IN ANY WAY. Section 3.5. Post-Closing Working Capital Adjustment.

(a) Within 60 days after the Fountain Distribution Date, Fountain shall prepare and deliver to Trident a statement (the Statement ), setting forth (i) the Current Assets minus the Current Liabilities of the Fountain Business as of the close of business on the day prior to the Fountain Distribution Date (and after giving effect on such date to the completion of the reorganization contemplated by the Step Plan as of the Effective Time, including any related cash movements) ( Closing Working Capital ) determined in a manner consistent with the Fountain Balance Sheet and without giving effect to any purchase accounting impact arising by virtue of the Merger or the Separation and (ii) the Net Indebtedness of the Fountain Business as of the close of business on the day prior to the Fountain Distribution Date ( Closing Net Indebtedness ). At the end of such 30-day period, the Parties shall submit to a nationally recognized independent public accountant (the Accountant) for arbitration any and all matters that remain in dispute and were properly included in the Notice of Disagreement. The Accountant shall be Ernst & Young LLP or, if such firm is unable or unwilling to act, such other nationally recognized independent public accounting firm as shall be agreed upon by the Parties in writing. The Parties shall use reasonable best efforts to cause the Accountant to render a decision resolving the matters submitted to the Accountant within 30 days of receipt of the submission. Judgment may be entered upon the determination of the Accountant in any court having jurisdiction over the Party against which such determination is to be enforced. Data shall be transmitted to these administrators via a mutually agreeable method of data transmission. Each Party also agrees to ensure that their plan administrator will make available all necessary data elements required now or in the future including but not limited to, exercise, lapse and tax data, in a timely fashion and to withhold appropriate taxes at the direction of the employer company of the individual for the time period covered under this provision.

(c) With respect to any employees on international assignment who are listed on Schedule 6.8(c) and who become Fountain Employees, (i) if such employees are repatriated to their home countries or initiate the process of repatriation prior to the Fountain Distribution Date, Trident shall pay the costs of repatriation; and (ii) if such employees remain on international assignment through the Fountain Distribution Date, (A) Trident shall pay the cost of assignment up to the Fountain Distribution Date, as applicable (except that the tax obligation for the year of separation shall be prorated between Trident and Fountain as set forth in Schedule 6.8(c)), and (B) any costs related to repatriation initiated at some future date shall be the responsibility of Fountain.

(d) With respect to any Fountain Employee listed on Schedule 6.8(d) who is subject to a retention agreement, separation bonus agreement and/or eligible for a lump sum award and who transfers to Fountain prior to the Fountain Distribution Date and/or remains in employment with Fountain through any subsequent vesting date applicable to such agreement or award, Fountain shall recognize and assume the obligation of such agreement or award (the Retention Letters ) and be responsible for the making of all payments and withholding of all taxes (including without limitation any employment taxes) associated with such Retention Letters. Trident shall promptly reimburse Fountain for any payments made by Fountain under the Retention Letters (including without limitation any lump sum salary adjustment payment). In addition, the Parties will consider in good faith the adoption of additional retention arrangements, subject to the agreement of Patriot, for which Patriot will pay the cost of any such arrangements.

(e) The Parties shall share, or cause to be shared, all Information on participants in the Fountain Plans and Trident Retained Plans that is necessary and appropriate for the efficient and accurate administration of the Fountain Plans and Trident Retained Plans, including (but not limited to) Information reasonably necessary to timely respond to claims for benefits made by participants and Information on expenses incurred by Fountain Plans prior to the Fountain Distribution Date so that Fountain may invoice and pay administrative expenses from their respective plan trusts as described in paragraph (g) below. The Parties and their respective authorized agents shall, subject to applicable laws of confidentiality and data protection and transfer, be given reasonable and timely access to, and may make copies of, all Information relating to the subjects of this Article VI to the extent necessary or appropriate for such administration. Each of the Parties agree, upon reasonable request, to provide financial, operational and other Information on each Fountain Plan and Trident Retained Plan, including (but not limited to) Information on a plan's assets and liabilities, at a level of detail reasonably necessary and appropriate for the efficient and accurate administration of each of the Fountain Plans and Trident Retained Plans. Notwithstanding the foregoing, if any such Information described in this Section 6.8(e) cannot be reasonably obtained without additional cost, the Parties shall agree to reimburse each of the other Parties for all additional third-party costs and such other reasonable costs of obtaining the Information. To the extent that the Fountain Health Plans and the Trident Health Plans share protected health Information ( PHI ), the Fountain Health Plans and Trident Health Plans hereby agree to enter into appropriate business associate agreements to cover the sharing of PHI, as required by the Health Insurance Portability and Accountability Act of 1996 ( HIPAA ).

(f) Fountain agrees to hold Trident harmless with respect to any Liabilities related to actions taken to establish the Fountain Plans (and related third party administrative agreements) prior to, on or after the Fountain Distribution Date, other than any such Liabilities resulting from the gross negligence or willful or reckless misconduct of any Trident Employee or Former Trident Employee (excluding any Fountain Employee or Former Fountain Employee).

(g) To the extent not covered elsewhere in this Agreement, with respect to expenses and costs incurred on behalf of a Fountain Plan or Trident Retained Plan: (i) Fountain shall be responsible, through either direct

payment or reimbursement to Trident for its allocable share of actual third party and/or vendor costs and expenses incurred by or on behalf of any member of the Fountain Group or the Fountain Plans, and (ii) Trident shall be responsible, through either direct payment or reimbursement to Fountain for its allocable share of actual third party and/or vendor costs and expenses incurred by any member of the Trident Group or the Trident Retained Plans. An allocable share of any such costs and expenses will be determined in a manner consistent with the manner in which the allocable share of such costs and expenses was determined prior to the Fountain Distribution Date. The Parties agree to pay for any third-party costs associated partially or entirely with their respective employee benefit plans associated with this Distribution following the Fountain Distribution Date.

(h) To the extent not covered elsewhere in this Agreement, with respect to all employee benefit plans, policies, programs, payroll practices, and arrangements maintained outside of the United States, the Parties agree that they shall reasonably cooperate and work together to facilitate any transfer of employee benefit plans, policies, programs, payroll practices, and arrangements as necessary by the Fountain Distribution Date, but in any event no later than three (3) months following the Fountain Distribution Date and in accordance with applicable Law.

(i) With respect to multinational insurance pools that the Parties' entities participate in, the respective multinational insurance pools will continue to maintain premium, claim and administrative charges for each participating Trident or Fountain entity within each such pool until the end of the policy year following the Fountain Distribution Date. At the end of such policy year, the multinational insurance pools shall be revised so that the Parties participate in separate pools (to the extent that a Party wishes to continue participating in an applicable pool). In addition, in the policy year accounting to be completed at the end of such policy year, (a) if a Trident or Fountain entity's experience contributed a surplus to the overall pool experience, then that entity will be paid the appropriate dividend from the pool; (b) if a Trident or Fountain entity's experience created a deficit for the overall pool, then that entity will not receive a dividend, and such deficit will be carried forward to the successor pools established for that entity for subsequent policy years (or if no successor pool is established and any Party incurs any expense with respect to such deficit, then the Party responsible for such deficit shall promptly reimburse the Party incurring such expense.

(j) To the extent not covered elsewhere in this Agreement, it is the intention of Trident and Fountain to provide herein that Fountain shall be responsible for the management and administration of all of its respective employee benefit plans on and after the Fountain Distribution including, but not limited to, the adjudication of claims pending on the Fountain Distribution Date that were filed by Fountain Employees or Former Fountain Employees under a Trident sponsored employee benefit plan. It is also the intention of Trident and Fountain that if Fountain's plan administrator or any other authorized person or committee does not have at least a sixty (60) day period after the Fountain Distribution Date to respond to a claim, Trident will respond to the claim and, if such response is not a final adjudication of the claim, immediately transfer administration of such claim to Fountain. The Parties agree that they shall reasonably cooperate with each other and work together to facilitate the transfer of any documents, materials or information necessary or appropriate for the timely adjudication of any claim and to do so in a manner that is consistent with applicable Law.

(k) To the extent not otherwise provided in this Agreement, the Parties agree that if an amount in the nature of a recovery (including without limitation, a litigation recovery, subrogation recovery, premium or other fee or cost rebate, or demutualization proceeds) becomes payable as the result of the maintenance of an employee benefit plan covered by this Agreement and such recovery is attributable to events that occurred prior to the Distribution, then (i) to the extent that the recovery is payable with respect to the maintenance or management of the assets of a pre-Distribution master trust or other trust (a Pre-Distribution Trust) that was split into two or more trusts maintained by the Parties as a result of the Distribution, such recovery will be allocated to the appropriate post-Distribution trusts in the same proportion as was applicable to the Pre-Distribution Trust split; (ii) to the extent that the recovery is payable with respect to the maintenance or management of the assets of a Pre-Distribution Trust that was not split as a result of the Distribution, such recovery will be allocated solely to that trust and (iii) to the extent that a recovery is not covered by subclauses (i) or (ii) above, the Parties will

reasonably cooperate with each other and, subject to any applicable fiduciary duties under ERISA or otherwise, determine a fair allocation of the recovery among the appropriate post-Distribution employee benefit plans, associated trusts and/or plan participants.

(l) To the extent not covered elsewhere in this Agreement, the Parties (and their Subsidiaries and Affiliates) are hereby authorized to implement the provisions of this Article VI, including by making appropriate adjustments to employee benefits provided for in this Agreement; provided that such adjustments are intended for administrative or recordkeeping purposes to retain the value of benefits provided in accordance with the provisions of this Agreement.

Section 6.9. Approval of Plans; Terms of Participation by Employees in Plans.

(a) Approval of Plans. On or prior to the applicable Fountain Distribution Date, the Parties shall take all actions as may be necessary to approve the stock-based employee benefit plans of Fountain in order to satisfy the requirements of Rule 16b-3 under the Exchange Act and the applicable rules and regulations of the NYSE.

(b) Non-Duplication of Benefits. The Fountain Plans and Trident Retained Plans shall not provide benefits that duplicate benefits provided to a participant by a corresponding Fountain Plan, or Trident Retained Plans. The Parties shall agree on methods and procedures, including amending the respective plan documents, to prevent Fountain Employees, Former Fountain Employees, Trident Employees, Former Trident Employees and any dependent or beneficiary thereof from receiving duplicate benefits from the Fountain Plans and Trident Retained Plans; provided that nothing shall prevent Fountain from unilaterally amending the Fountain Plans to avoid such duplication, and nothing shall prevent Trident from unilaterally amending the Trident Retained Plans to avoid such duplication.

(c) Service Credits under Plans. Except as may be specified in Schedule 6.9(c), service with any member of the Trident controlled group prior to the Fountain Distribution Date shall be credited under the Fountain Plans and Trident Retained Plans to the extent and for the express purposes set forth (including, as applicable and without limitation: eligibility, vesting, company match levels, subsidies, recognition of pre-existing credit and credit for amounts of co-pays, out-of-pocket maximums and deductibles, but not for benefit accrual purposes under pension plans) under the applicable Fountain Plan or Trident Retained Plan, except to the extent duplication of benefits would result; provided, however, that in the event an employee or former employee of one of the Parties (or its Subsidiaries or Affiliates) becomes employed by one of the other Parties (or its Subsidiaries or Affiliates) after December 31, 2012, such employee or former employee's service with any member of the Trident controlled group prior to the Fountain Distribution Date need not be credited by the new employer except to the extent required by Law. Notwithstanding the foregoing, in the event of any conflict between this paragraph (c) and the terms of any Fountain Plan or Trident Retained Plan, the express terms of such plan shall govern.

(d) Plan Elections. Except as may be specifically provided otherwise under this Agreement or applicable Law, all participant elections (including, without limitation, deferral elections, payment elections, beneficiary designations, qualified domestic relations orders, qualified medical child support orders and loan agreements) with respect to the participation of a Fountain Employee or Former Fountain Employee in a Trident employee benefit arrangement shall be transferred to and be in full force and effect under the corresponding and applicable Fountain Plan in accordance with the terms of each such applicable plan and to the extent permissible under such plan, until such elections are replaced or revoked by the employee who made such election.

(e) Amendment and Termination. No provision in this Agreement shall prohibit the Parties, subsequent to the Fountain Distribution Date, from amending or terminating the employee benefit plans, policies and programs described herein in accordance with the provisions of such plans, policies and programs and applicable Law.

(f) Non-Termination of Employment; No Third-Party Beneficiaries. Except as expressly provided for in this Agreement, no provision of this Agreement shall be construed to create any right, or accelerate entitlement, to

any compensation or benefit whatsoever on the part of any Trident Employee, Fountain Employee or any former, present or future employee of the Trident Group, Fountain Group or any of their respective Affiliates under any Trident Plan or Fountain Plan, nor shall any such provision be construed as an amendment to any employee benefit plan or other employee compensatory or benefit arrangement. Furthermore, nothing in this Agreement is intended to confer upon any Trident Employee, Fountain Employee or any former, present or future employee of the Trident Group, Fountain Group or any of their respective Affiliates any right to continued employment, any recall or similar rights to an Employee on layoff or any type of approved leave, or to change the employment status of any Employee from at will.

Section 6.10. Tax Consequences. For Tax purposes, the Parties agree that the treatment of all of the equity compensation and deferred compensation arrangements set forth in this Article VI shall be treated in accordance with Section 6 of the Tax Sharing Agreement.

Section 6.11. International Regulatory Compliance. Trident shall have the authority to adjust the treatment otherwise described in this Article VI in order to ensure compliance with the applicable laws or regulations of countries outside the United States or to preserve the Tax benefits provided under local Tax law or regulation prior the Distribution.

Section 6.12. Alternate Procedure. The Parties hereby agree to follow the alternate procedure for United States employment tax withholding as provided in Section 5 of Rev. Proc. 2004-53, I.R.B. 2004-34. Accordingly, Trident and its Subsidiaries shall have no United States employment tax reporting responsibilities, and Fountain shall have full United States employment tax reporting responsibilities, for Fountain Employees and Former Fountain Employees following the close of business on the Fountain Distribution Date, to the extent provided under such Rev. Proc. 2004-53, and except to the extent that any member of the Trident Group provides payroll services to Fountain pursuant to a written agreement among the Parties.

Section 6.13. Employee Transfer; Liabilities.

(a) Transfer. Patriot shall, upon written notice to Trident, during the 30-day period following the date of this Agreement, have the unilateral right to have any Fountain Specified Employee removed from the list of Fountain Tier I Specified Employees set forth on Schedule 1.1(93)(A). Patriot shall not have any right to remove any Fountain Tier II Specified Employees set forth on Schedule 1.1(93)(B). Upon Patriot's exercise of its removal rights as described in this Section 6.13(a), Trident shall, (i) with respect to any such Fountain Specified Employee who is so removed, transfer the employment of such Fountain Specified Employee to a Subsidiary of Trident other than Fountain or one of its Subsidiaries and/or terminate the employment of such Fountain Specified Employee (in each case, subject to the allocation of liabilities set forth in Section 6.13(b)) and (ii) with respect to any such Fountain Specified Employee who is not so removed, transfer the employment of such Fountain Specified Employee to Fountain or one of its Subsidiaries. In addition, Trident shall transfer the employment of the individuals on Schedule 6.13(a) from Fountain and its Subsidiaries to Trident and its Subsidiaries (other than Fountain and its Subsidiaries) prior to the Fountain Distribution Date.

(b) Liabilities with respect to Fountain Specified Employees. Patriot and Fountain shall have the Liabilities with respect to Fountain Specified Employees as set forth on Schedule 6.13(b)(1). Trident shall have the Liabilities with respect to Fountain Specified Employees as set forth on Schedule 6.13(b)(2).

ARTICLE VII

ASSUMED TRIDENT CONTINGENT LIABILITIES

Section 7.1. Assumed Trident Contingent Liabilities. Except as otherwise expressly set forth in the Tax Sharing Agreement (with respect to Taxes), the Parties shall each be responsible for its Applicable Percentage of any Indemnifiable Losses paid to third parties in respect of, including any out-of-pocket costs and expenses

related to or arising out of any Assumed Trident Contingent Liability. Any out-of-pocket expenses owed in respect of any Assumed Trident Contingent Liabilities (including reimbursement for the out-of-pocket costs and expenses of defending, managing or providing assistance to the Managing Party pursuant to Section 7.3(a) or Section 7.3(b) with respect to any Third Party Claim that is an Assumed Trident Contingent Liability, including, for the avoidance of doubt, any amounts with respect to a bond, prepayment or similar security or obligation required to be posted (or determined to be advisable) by the Managing Party in respect of any claim) shall be remitted promptly after the Party entitled to such amount provides an invoice (including reasonable supporting information with respect thereto) to the Party owing such amount, and, to the extent not otherwise reimbursed by the applicable Party, such costs and expenses shall be included in the calculation of the amount of the applicable Assumed Trident Contingent Liability in determining the reimbursement obligations of the other Party with respect thereto; provided, however, that in the event that an amount in excess of \$50 million in the aggregate is owed by the Parties to any third party or parties with respect to an Assumed Trident Contingent Liability, in lieu of remitting amounts directly to the Party providing the invoice, the invoiced Party may remit the owed amount directly to the appropriate third party or parties or, if applicable, to a trust established by the invoicing Party for the benefit of the Parties. In furtherance of the foregoing, the Managing Party (and any Party providing access as contemplated by Section 7.3(a)) shall be entitled to reimbursement by the other Party (according to their Applicable Percentages) of any out-of-pocket costs and expenses related to or arising out of defending or managing any such Assumed Trident Contingent Liability, from time to time, when invoiced, including, if applicable, in advance of a final determination or resolution of any Action related to an Assumed Trident Contingent Liability. For U.S. federal income Tax purposes, the Parties shall treat the payment of Assumed Trident Contingent Liabilities (and costs and expenses relating to Assumed Trident Contingent Liabilities, as the case may be) as set forth in the Tax Sharing Agreement. It shall not be a defense to any obligation of either Party to pay any amounts in respect of any Assumed Trident Contingent Liability that (i) such Party was not consulted in the defense or management thereof, (ii) that such Party's views or opinions as to the conduct of such defense were not accepted or adopted, (iii) that such Party does not approve of the quality or manner of the defense thereof or (iv) that such Assumed Trident Contingent Liability was incurred by reason of a settlement rather than by a judgment or other determination of Liability, even if such settlement was effected without the consent or over the objection of such Party.

Section 7.2. Management of Assumed Trident Contingent Liabilities.

(a) For purposes of this Article VII, Managing Party shall initially mean Trident; provided, however, that under certain circumstances Fountain may become the Managing Party as may be otherwise agreed to in writing by the Parties.

(b) The Managing Party shall, on behalf of the other Party, have sole and exclusive authority to commence, prosecute, manage, control, conduct or defend (or assume the defense of) or otherwise determine all matters whatsoever (including, as applicable, litigation strategy and choice of legal counsel or other professionals) with respect to any Action or Third Party Claim with respect to an Assumed Trident Contingent Liability. So long as the Managing Party has assumed and is actively and diligently conducting the defense of any Assumed Trident Contingent Liability in accordance with Section 7.2(b) above, the other Party will not consent to the entry of any judgment or enter into any settlement with respect to the Assumed Trident Contingent Liability without the prior written consent of the Managing Party (not to be delayed or withheld unreasonably).

(c) The Managing Party shall on a quarterly basis, or if a material development occurs, as soon as reasonably practicable thereafter, inform the other Party in reasonable detail of the status of and developments relating to any matter involving an Assumed Trident Contingent Liability and provide copies of any material document, notices or other materials related to such matters; provided, that any failure or delay in providing such information shall not be a basis for liability of the Managing Party except and solely to the extent the receiving Party shall have been actually and materially prejudiced by such failure or delay. The other Party shall use reasonable efforts to cooperate fully with the Managing Party in its management of any of such Assumed Trident Contingent Liability and shall take such actions in connection therewith that the Managing Party reasonably

requests (including providing reasonable access to such Party's Records and employees as set forth in Section 7.3); provided that such Party shall only be required to take such actions to the extent that the Parties agree any out-of-pocket costs and expenses incurred with respect to such actions shall constitute Assumed Trident Contingent Liabilities to be shared and reimbursed according to the Parties' Applicable Percentages as contemplated by Section 7.1(b).

Section 7.3. Access to Information; Certain Services; Expenses.

(a) Access to Information and Employees by the Managing Party. Unless otherwise prohibited by Law or more specifically provided in the Tax Sharing Agreement, in connection with the management and disposition of any Assumed Trident Contingent Liability, the other Party shall provide to the Managing Party reasonable access to its authorized accountants, counsel and other designated representatives, to the employees, properties, and Information of such Party and the members of such Party's Group to the extent such access relates to the relevant Assumed Trident Contingent Liability; provided that (x) such access shall not unreasonably interfere with any of such Party's employees' normal job functions, (y) such Party shall not be required to provide such access to the extent that the provision of such would require such Party (or its applicable Group member) to waive any attorney-client or other legal privilege and (z) any out-of-pocket costs and expenses incurred in connection with the provision of such access shall constitute Assumed Trident Contingent Liabilities to be shared and reimbursed according to the Parties' Applicable Percentages as contemplated by Section 7.1(b). Each Party shall, to the extent so requested by the other Party, enter into a joint-defense agreement with the other Party in respect of the Assumed Trident Contingent Liabilities, on terms as are to be reasonably agreed between the Parties. Nothing in this Section 7.3(a) shall require either Party to violate any agreement with any third party regarding the confidentiality of information relating to that third party.

(b) Costs and Expenses Relating to Access by the Managing Party. Except as otherwise provided in any Ancillary Agreement, the provision of access pursuant to this Section 7.3 shall be at no additional cost or expense of the Managing Party or any other Party (other than for actual out-of-pocket costs and expenses, which shall be allocated as set forth in Section 7.1).

Section 7.4. Notice Relating to Assumed Trident Contingent Liabilities; Disputes. In the event that the other Party or any member of such Party's Group or any of their respective Affiliates, becomes aware of any matter reasonably relevant to the Managing Party's ongoing or future management, prosecution, defense and/or administration of any Assumed Trident Contingent Liability, such Party shall promptly (but in any event within thirty (30) days of becoming aware, unless, by its nature the subject matter of such notice would reasonably require earlier notice) notify the Managing Party of any such matter (setting forth in reasonable detail the subject matter thereof); provided, however, that the failure to provide such notice shall not release the other Party from any of its obligations under this Article VII except and solely to the extent that the other Party shall have been actually and materially prejudiced as a result of such failure.

Section 7.5. Cooperation with Governmental Entity. If, in connection with any Assumed Trident Contingent Liability, a Party is required by Law to respond to or is reasonably requested to cooperate with a Governmental Entity, such Party shall be entitled to cooperate and respond to such Governmental Entity after, to the extent practicable under the specific circumstances, consultation with the Managing Party; provided, that to the extent such consultation is not practicable, the applicable Party shall promptly inform the Managing Party regarding such response or cooperation and the subject matter thereof. In the event that any Party is requested or required by any Governmental Entity in connection with any Assumed Trident Contingent Liability pursuant to any written or oral request for Information or documents in any legal or administrative proceeding, review, interrogatory, subpoena, investigation, demand, or similar process, such Party shall notify the Managing Party promptly of such request or requirement and such Party's response thereto, and shall use reasonable best efforts to consult with the Managing Party with respect to the nature of such Party's response to the extent practicable and not in violation of any attorney-client privilege or applicable legal process.

---

Section 7.6. Default. In the event that one or more of the Parties defaults in any full or partial payment in respect of any Assumed Trident Contingent Liability (including, for the avoidance of doubt, such Party's Applicable Percentage of the costs and expenses of the Managing Party or any other assisting Party), then the non-defaulting Party (including Trident) shall be required to pay the amount in default; provided, however, that any such payment by a non-defaulting Party shall in no way release the defaulting Party from its obligations to pay such Assumed Trident Contingent Liability (or any future Assumed Trident Contingent Liability when obligated) and any non-defaulting Party may exercise any available legal remedies against such defaulting Party; provided, further, that interest shall accrue on any such defaulted amounts at the Default Interest Rate.

ARTICLE VIII

INDEMNIFICATION

Section 8.1. Release of Pre-Distribution Claims.

(a) Except (i) as provided in Section 8.1(b), (ii) as may be otherwise expressly provided in this Agreement, any Ancillary Agreement or the Merger Agreement and (iii) for any matter for which any Party is entitled to indemnification or contribution pursuant to this Article VIII, effective as of the Effective Time, each Party, for itself and each member of its respective Group (including, in the case of Fountain, Patriot and its Subsidiaries from and after the Closing), in each case, together with their respective administrators, successors and assigns, do hereby remise, release and forever discharge the other Party and the other members of such other Party's Group and all Persons who at any time prior to the Effective Time were directors, officers, agents or employees of any member of such other Parties (in their respective capacities as such), in each case, together with their respective heirs, executors, administrators, successors and assigns, from any and all Liabilities whatsoever, whether at Law or in equity (including any right of contribution), whether arising under any Contract, by operation of Law or otherwise, existing or arising from any acts or events occurring or failing to occur or alleged to have occurred or to have failed to occur or any conditions existing or alleged to have existed on or before the Effective Time, including in connection with the Fountain Plan of Separation and all other activities to implement the Fountain Distribution and any of the other transactions contemplated hereunder and under the Ancillary Agreements.

(b) Nothing contained in Section 8.1(a) shall impair or otherwise affect any right of either Party, and as applicable, a member of the Party's Group to enforce this Agreement, the Merger Agreement, any Ancillary Agreement in each case in accordance with its terms. In addition, nothing contained in Section 8.1(a) shall release any Person from:

(i) (A) with respect to Trident or any member of its Group, any Trident Retained Liability and (B) with respect to Fountain or any member of its Group, any Fountain Liability;

(ii) any Liability for the sale, lease, construction or receipt of goods, property or services purchased, obtained or used in the ordinary course of business by a member of one Group from or on behalf of a member of the other Group prior to the Effective Time;

(iii) any Liability for unpaid amounts for products or services or refunds owing on products or services due on a value-received basis for work done by a member of one Group at the request or on behalf of a member of the other Group;

(iv) any Liability provided in or resulting from any other Contract or understanding that is entered into after the Effective Time between any Party (and/or a member of such Party's Group), on the one hand, and the other Party (and/or a member of such Party's Group), on the other hand;

(v) any Liability with respect to an Assumed Trident Contingent Liability pursuant to Article VII;

(vi) any Liability with respect to any Continuing Arrangements set forth on Schedule 1.1(48);

(vii) any Liability with respect to the insurance policies written by White Mountain Insurance Company;

**Table of Contents**

(viii) any Liability that the Parties may have with respect to indemnification or contribution pursuant to this Agreement, the Merger Agreement or otherwise for claims brought against the Parties by third Persons, which Liability shall be governed by the provisions of this Article VIII and, if applicable, the appropriate provisions of the Ancillary Agreements or Continuing Arrangements; and

(ix) any Liability for fraud or willful misconduct.

In addition, nothing contained in Section 8.1(a) shall release Trident from (i) indemnifying any director, officer or employee of Fountain who was a director, officer or employee of Trident or any of its Affiliates on or prior to the Effective Time or the Fountain Distribution Date, as the case may be, to the extent such director, officer or employee is or becomes a named defendant in any Action with respect to which he or she was entitled to such indemnification pursuant to then existing obligations or (ii) any Liability owed to Patriot pursuant to the Merger Agreement.

(c) Effective as of the Effective Time, each Party shall not, and shall not permit any member of its Group (including, in the case of Fountain, Patriot and its Subsidiaries, if the Closing occurs under the Merger Agreement) to make, any claim, demand or offset, or commence any Action asserting any claim or demand, including any claim of contribution or any indemnification, against any other Party or any member of any other Party's Group, or any other Person released pursuant to Section 8.1(a), with respect to any Liabilities released pursuant to Section 8.1(a). The release in this Section 8.1 includes a release of any rights and benefits with respect to such Liabilities that Fountain, Trident and each member of the Fountain Group and Trident Group, and their respective successor and assigns, now has or in the future may have conferred upon them by virtue of any statute or common law principle which provides that a general release does not extend to claims which a party does not know or suspect to exist in its favor at the time of executing the release, if knowledge of such claims would have materially affected such party's settlement with the obligor. In this connection, each of Trident and Fountain hereby acknowledges that it is aware that factual matters now unknown to it may have given or may hereafter give rise to Liabilities that are presently unknown, unanticipated and unsuspected, and it further agrees that this release has been negotiated and agreed upon in light of that awareness and it nevertheless hereby intends to release the Persons described in Section 8.1(a) from the Liabilities described in the first sentence of Section 8.1(a). At any time, at the reasonable request of any other Party, each Party shall cause each member of its respective Group and, to the extent practicable, each other Person on whose behalf it released Liabilities pursuant to this Section 8.1 to execute and deliver releases reflecting the provisions hereof.

Section 8.2. Indemnification by Trident. Except as otherwise specifically provided in any provision of this Agreement, any Ancillary Agreement or the Merger Agreement, following the Fountain Distribution Date, Trident shall, and shall cause the other members of the Trident Group to, indemnify, defend and hold harmless the Fountain Indemnitees from and against any and all Indemnifiable Losses of the Fountain Indemnitees, arising out of, by reason of or otherwise in connection with (a) the Trident Retained Liabilities or alleged Trident Retained Liabilities, including, after the Fountain Distribution Date, the failure of Trident or any member of the Trident Group to pay, perform, fulfill, discharge and, to the extent applicable, comply with, in due course and in full, any such Liabilities, (b) any breach by Trident of any provision of this Agreement or any Ancillary Agreement unless such Ancillary Agreement expressly provides for separate indemnification therein, in which case any such indemnification claims shall be made thereunder and (c) any breach by Trident or any of its Affiliates (including Fountain other than with respect to any post-Closing obligation of Fountain) of any covenant, or inaccuracy of any representation and warranty made by Trident, in the Merger Agreement that survives the Closing under Section 8.01 of the Merger Agreement; provided that any claim with respect to indemnification pursuant to this clause (c) is made in reasonable written detail consistent with Section 8.5(a) or Section 8.5(b) prior to the termination of the relevant covenant, representation or warranty as contemplated by such Section 8.01; provided further that this Section 8.2 shall not apply with respect to any Assumed Trident Contingent Liability, in which case Article VII shall apply.

Section 8.3. Indemnification by Fountain. Except as otherwise specifically provided in any provision of this Agreement, any Ancillary Agreement or the Merger Agreement, following the Fountain Distribution Date,

Fountain shall, and shall cause the other members of the Fountain Group, to indemnify, defend and hold harmless the Trident Indemnitees (which, for the avoidance of doubt, shall include the Athens North American R/SB Indemnitees) from and against any and all Indemnifiable Losses of the Trident Indemnitees, arising out of, by reason of or otherwise in connection with (a) the Fountain Liabilities or alleged Fountain Liabilities, including, after the Fountain Distribution Date, the failure of Fountain or any member of the Fountain Group to pay, perform, fulfill, discharge and, to the extent applicable, comply with, in due course and in full, any such Liabilities, (b) any breach by Fountain subsequent to the Fountain Distribution Date of any provision of this Agreement or any Ancillary Agreement unless such Ancillary Agreement expressly provides for separate indemnification therein, in which case any such indemnification claims shall be made thereunder or (c) any breach by Patriot or any of its Affiliates of any covenant, or inaccuracy of any representation and warranty made by Patriot, in the Merger Agreement that survives the Closing under Section 8.01 of the Merger Agreement; provided that any claim with respect to indemnification pursuant to this clause (c) is made in reasonable written detail consistent with Section 8.5(a) or Section 8.5(b) prior to the termination of the relevant covenant, representation or warranty as contemplated by such Section 8.01; provided further that this Section 8.3 shall not apply with respect to any Assumed Trident Contingent Liability, in which case Article VII shall apply.

Section 8.4. Indemnification with Respect to Athens NA. Following the Fountain Distribution Date, Athens NA shall, and shall cause the other members of its Group to, indemnify, defend and hold harmless the Trident Indemnitees and the Fountain Indemnitees (provided that, for purposes of this Section 8.4, the Trident Group shall be deemed to exclude the Athens North American R/SB Group) from and against any and all Indemnifiable Losses of the Trident Indemnitees or the Fountain Indemnitees, arising out of, by reason of or otherwise in connection with any breach by Athens of the Specified Sections of this Agreement. Trident shall, and shall cause its other Group members to, indemnify, defend and hold harmless the Athens North American R/SB Indemnitees from and against any and all Indemnifiable Losses of the Athens North American R/SB Indemnitees, arising out of, by reason of or otherwise in connection with any breach by Trident (or a Trident Group member) of the Specified Sections of this Agreement. Fountain shall, and shall cause its other Group members to, indemnify, defend and hold harmless the Athens North American R/SB Indemnitees from and against any and all Indemnifiable Losses of the Athens North American R/SB Indemnitees, arising out of, by reason of or otherwise in connection with any breach by Fountain (or a Fountain Group member) of the Specified Sections of this Agreement. For the avoidance of doubt, as between Fountain and Trident, the provisions of Section 8.2 and Section 8.3 shall control.

Section 8.5. Procedures for Indemnification.

(a) Direct Claims. An Indemnitee shall give the Indemnifying Party notice of any matter that an Indemnitee has determined has given or would reasonably be expected to give rise to a right of indemnification under this Agreement (other than a Third Party Claim which shall be governed by Section 8.5(b)), within thirty (30) days of such determination, stating the amount of the Indemnifiable Loss claimed, if known, and method of computation thereof, and containing a reference to the provisions of this Agreement in respect of which such right of indemnification is claimed by such Indemnitee or arises; provided, however, that the failure to provide such written notice shall not release the Indemnifying Party from any of its obligations except and solely to the extent the Indemnifying Party shall have been materially prejudiced as a result of such failure.

(b) Third Party Claims. If a claim or demand is made against a Trident Indemnitee, a Athens North American R/SB Indemnitee or a Fountain Indemnitee (each, an Indemnitee ) by any Person who is not a party to this Agreement or a Subsidiary of a Party (a Third Party Claim ) as to which such Indemnitee is or reasonably expects to be entitled to indemnification pursuant to this Agreement, such Indemnitee shall notify the Party (and, if applicable, the Managing Party) which is or may be required pursuant to this Article VIII, or pursuant to any Ancillary Agreement to make such indemnification (the Indemnifying Party ) in writing, and in reasonable detail, of the Third Party Claim promptly (and in any event within thirty (30) days) after receipt by such Indemnitee of written notice of the Third Party Claim. If any Party shall receive notice or otherwise learn of

the assertion of a Third Party Claim which may reasonably be determined to be an Assumed Trident Contingent Liability, such Party, as appropriate, shall give the Managing Party (as determined pursuant to Article VII) written notice thereof within thirty (30) days after such Person becomes aware of such Third Party Claim; provided, however, that the failure to provide notice of any such Third Party Claim pursuant to this or the preceding sentence shall not release the Indemnifying Party from any of its obligations except and solely to the extent the Indemnifying Party shall have been materially prejudiced as a result of such failure. Thereafter, the Indemnitee shall deliver to the Indemnifying Party (and, if applicable, to the Managing Party), promptly (and in any event within ten (10) Business Days) after the Indemnitee's receipt thereof, copies of all notices and documents (including court papers) received by the Indemnitee relating to the Third Party Claim; provided, however, that the failure to forward such notices and documents shall not release the Indemnifying Party from any of its obligations except and solely to the extent the Indemnifying Party shall have been materially prejudiced as a result of such failure.

(c) Other than in the case of (i) an Assumed Trident Contingent Liability (the defense of which shall be assumed and controlled by the Managing Party as provided for in Article VII), (ii) indemnification pursuant to the Tax Sharing Agreement or (iii) indemnification by a beneficiary Party of a guarantor Party pursuant to Section 2.10(c) (the defense of which shall be assumed and controlled by the beneficiary Party), an Indemnifying Party shall assume and control the defense of any Third Party Claim, at such Indemnifying Party's own cost and expense and by such Indemnifying Party's own counsel, that is reasonably acceptable to the applicable Indemnitees, within thirty (30) days of the receipt of such notice from such Indemnitees. In connection with the Indemnifying Party's defense of a Third Party Claim, such Indemnitee shall have the right to employ separate counsel and to participate in (but not control) the defense, compromise, or settlement thereof, at its own expense and, in any event, shall reasonably cooperate with the Indemnifying Party in such defense and make available to the Indemnifying Party, at the Indemnifying Party's expense, all witnesses, pertinent information, materials and information in such Indemnitee's possession or under such Indemnitee's control relating thereto as are reasonably required by the Indemnifying Party; provided, however, that in the event of a conflict of interest between the Indemnifying Party and the applicable Indemnitee(s), such Indemnitee(s) shall be entitled to retain, at the Indemnifying Party's expense, separate counsel as required by the applicable rules of professional conduct with respect to such matter; provided, further, that if (i) the Third Party Claim is not an Assumed Trident Contingent Liability and (ii) the Indemnifying Party has assumed the defense of the Third Party Claim but has specified, and continues to assert, any reservations or exceptions to such defense, then, in any such case, the reasonable fees and expenses of one separate counsel for all Indemnitees shall be borne by the Indemnifying Party.

(d) Other than in the case of an Assumed Trident Contingent Liability, if an Indemnifying Party fails for any reason to assume responsibility for defending a Third Party Claim within the time specified, such Indemnitee may defend such Third Party Claim at the cost and expense of the Indemnifying Party. If the Indemnitee is conducting the defense against any such Third Party Claim, the Indemnifying Party shall reasonably cooperate with the Indemnitee in such defense and make available to the Indemnitee all witnesses, pertinent information, and material in such Indemnifying Party's possession or under such Indemnifying Party's control relating thereto as are reasonably required by the Indemnitee.

(e) Unless the Indemnifying Party has failed to assume the defense of the Third Party Claim in accordance with the terms of this Agreement, no Indemnitee may settle or compromise any Third Party Claim that is not an Assumed Trident Contingent Liability (with any Assumed Trident Contingent Liability handled in accordance with Article VII) without the prior written consent of the Indemnifying Party, which consent shall not be unreasonably withheld, conditioned or delayed.

(f) In the case of a Third Party Claim (except for any Third Party Claim that is an Assumed Trident Contingent Liability, which, with respect to the subject matter of this Section 8.5(f), shall be governed by Section 7.4), no Indemnifying Party shall consent to entry of any judgment or enter into any settlement of the Third Party Claim without the prior written consent of the Indemnitee if the effect thereof is to permit any

injunction, declaratory judgment, other order or other non-monetary relief to be entered, directly or indirectly, against any Indemnitee; it being understood that in the case of a Third Party Claim that is an Assumed Trident Contingent Liability, such matters are addressed in Article VII.

(g) Absent fraud or willful misconduct by an Indemnifying Party, the indemnification provisions of this Article VIII shall be the sole and exclusive remedy of an Indemnitee for any monetary or compensatory damages or losses resulting from any breach of this Agreement or any Ancillary Agreement (except as and to the extent otherwise expressly provided in such Ancillary Agreement) and each Indemnitee expressly waives and relinquishes any and all rights, claims or remedies such Person may have with respect to the foregoing other than under this Article VIII against any Indemnifying Party.

Section 8.6. Cooperation in Defense and Settlement.

(a) With respect to any Third Party Claim that is not an Assumed Trident Contingent Liability and that implicates two or more Parties in a material fashion due to the allocation of Liabilities, responsibilities for management of defense and related indemnities pursuant to this Agreement or any of the Ancillary Agreements, the applicable Parties agree to use reasonable best efforts to cooperate fully and maintain a joint defense (in a manner that will preserve for both Parties the attorney-client privilege, joint defense or other privilege with respect thereto). The Party that is not responsible for managing the defense of such Third Party Claims shall, upon reasonable request, be consulted with respect to significant matters relating thereto and may, if necessary or helpful, retain counsel to assist in the defense of such claims.

(b) Each of Trident, Athens NA and Fountain agrees that at all times from and after the Effective Time, if an Action is commenced by a third party (or any member of such Party's respective Group) with respect to which one or more named Parties (or any member of such Party's respective Group) is a nominal defendant and/or such Action is otherwise not a Liability allocated to such named Party under this Agreement or any Ancillary Agreement, then the other Party or Parties shall use reasonable best efforts to cause such nominal defendant to be removed from such Action, as soon as reasonably practicable.

Section 8.7. Indemnification Payments. Indemnification required by this Article VIII shall be made by periodic payments of the amount thereof in a timely fashion during the course of the investigation or defense, as and when bills are received or an Indemnifiable Loss or Liability incurred.

Section 8.8. Contribution.

(a) If the indemnification provided for in Sections 8.2, 8.3 and 8.4, including in respect of any Assumed Trident Contingent Liability, is unavailable to, or insufficient to hold harmless an Indemnitee under this Agreement or any Ancillary Agreement in respect of any Liabilities referred to herein or therein, then each Indemnifying Party shall contribute to the amount paid or payable by such Indemnitee as a result of such Liabilities in such proportion as is appropriate to reflect the relative fault of the Indemnifying Party and the Indemnitee in connection with the actions or omissions that resulted in Liabilities as well as any other relevant equitable considerations. With respect to the foregoing, the relative fault of such Indemnifying Party and Indemnitee shall be determined by reference to, among other things, whether the misstatement or alleged misstatement of a material fact or omission or alleged omission to state a material fact relates to Information supplied by such Indemnifying Party or Indemnified Party, and the parties' relative intent, knowledge, access to Information and opportunity to correct or prevent such statement or omission.

(b) The Parties agree that it would not be just and equitable if contribution pursuant to this Section 8.8 were determined by a pro rata allocation or by any other method of allocation that does not take account of the equitable considerations referred to in Section 8.8(a). The amount paid or payable by an Indemnitee as a result of the Liabilities referred to in Section 8.8(a) shall be deemed to include, subject to the limitations set forth above, any legal or other fees or expenses reasonably incurred by such Indemnitee in connection with investigating any

claim or defending any Action. No Person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation.

(c) Notwithstanding the foregoing or anything else to the contrary contained in this Agreement, for purposes of Section 8.3, Trident shall be deemed to have supplied all Information relating to the Fountain Group included in any filing made with the Commission pursuant to the Securities Act or the Exchange Act prior to the Fountain Distribution Date, regardless of which entity actually makes such filing and under no circumstances shall Fountain have any Liability or be obligated to indemnify the Trident Indemnitees, in each case, with respect thereto pursuant to Section 8.3; provided that this Section 8.8(c) shall not apply in respect of any Assumed Trident Contingent Liability or any Liability with respect thereto, in which case Article VII shall apply.

**Section 8.9. Indemnification Obligations Net of Insurance Proceeds and Other Amounts.**

(a) Any Indemnifiable Loss subject to indemnification or contribution pursuant to this Article VIII including, for the avoidance of doubt, in respect of any Assumed Trident Contingent Liability, will be calculated (i) net of Insurance Proceeds that actually reduce the amount of the Indemnifiable Loss, (ii) net of any proceeds received by the Indemnitee from any third party for indemnification for such Liability that actually reduce the amount of the Indemnifiable Loss ( Third Party Proceeds ) and (iii) net of any Tax benefits realized in accordance with, and subject to, the principles set forth or referred to in the Tax Sharing Agreement, and increased in accordance with, and subject to, the principles set forth in the Tax Sharing Agreement. Accordingly, the amount which any Indemnifying Party is required to pay pursuant to this Article VIII to any Indemnitee pursuant to this Article VIII will be reduced by any Insurance Proceeds or Third Party Proceeds theretofore actually recovered by or on behalf of the Indemnitee in respect of the related Indemnifiable Loss. If an Indemnitee receives a payment required by this Agreement from an Indemnifying Party in respect of any Indemnifiable Loss (an Indemnity Payment ) and subsequently receives Insurance Proceeds or Third Party Proceeds, then the Indemnitee will pay to the Indemnifying Party an amount equal to the excess of the Indemnity Payment received over the amount of the Indemnity Payment that would have been due if the Insurance Proceeds or Third Party Proceeds had been received, realized or recovered before the Indemnity Payment was made.

(b) The Parties acknowledge that the indemnification and contributions hereof do not relieve any insurer who would otherwise be obligated to pay any claim to pay such claim. In furtherance of the foregoing, the Indemnitee shall use commercially reasonable efforts to seek to collect or recover any third-party Insurance Proceeds and any Third Party Proceeds (other than Insurance Proceeds under an arrangement where future premiums are adjusted to reflect prior claims in excess of prior premiums) to which the Indemnified Party is entitled in connection with any Indemnifiable Loss for which the Indemnified Party seeks contribution or indemnification pursuant to this Article VIII; provided that the Indemnitee's inability to collect or recover any such Insurance Proceeds or Third Party Proceeds (despite having used commercially reasonable efforts) shall not limit the Indemnifying Party's obligations hereunder.

**Section 8.10. Additional Matters; Survival of Indemnities.**

(a) The indemnity and contribution agreements contained in this Article VIII shall remain operative and in full force and effect, regardless of (i) any investigation made by or on behalf of any Indemnitee; (ii) the knowledge by the Indemnitee of Indemnifiable Losses for which it might be entitled to indemnification or contribution hereunder; and (iii) any termination of this Agreement.

(b) The rights and obligations of each Party and their respective Indemnitees under this Article VIII shall survive the sale or other Transfer by any Party or its respective Subsidiaries of any Assets or businesses or the assignment by it of any Liabilities.

(c) Each Party shall, and shall cause the members of its respective Group to, preserve and keep their Records relating to financial reporting, internal audit, employee benefits, past acquisition or disposition

transactions, claims, demands, actions, and email files and backup tapes regarding any of the foregoing as such pertains to any period prior to the Separation Date in their possession, whether in electronic form or otherwise, until the latest of, as applicable (i) seven (7) years following the Separation Date or (ii) the date on which such Records are no longer required to be retained pursuant to such Party's applicable record retention policy and schedules as in effect immediately prior to the Separation Date; provided, however, to the extent the Tax Sharing Agreement provides for a longer period of retention of Tax records, such longer period as provided in the Tax Sharing Agreement shall control.

ARTICLE IX

CONFIDENTIALITY; ACCESS TO INFORMATION

Section 9.1. Provision of Corporate Records. Other than in circumstances in which indemnification is sought pursuant to Article VIII (in which event the provisions of such Article will govern) or for matters related to provision of Tax records (in which event the provisions of the Tax Sharing Agreement will govern) and without limiting the applicable provisions of Article VII, and subject to any applicable provisions of this Agreement, any Ancillary Agreement or the Merger Agreement:

(a) After the Effective Time, upon the prior written request by Fountain for specific and identified Information which relates to (x) Fountain or the conduct of the Fountain Business, as the case may be, up to the Fountain Distribution Date, or (y) any Ancillary Agreement, Trident shall (or shall cause its Group member to) provide, as soon as reasonably practicable following the receipt of such request, appropriate copies of such Information (or the originals thereof if Fountain (or its Group member) has a reasonable need for such originals) in the possession or control of Trident or any of its Affiliates or Subsidiaries, but only to the extent such items so relate; provided, however, that Trident (or its applicable Group member) shall not be required to provide such copies to the extent that the provision of such would require Trident (or its applicable Group member) to breach any confidentiality covenant or waive any attorney-client or other legal privilege.

(b) After the Fountain Distribution Date, upon the prior written request by Trident (including, for the avoidance of doubt, on behalf of Athens NA) for specific and identified Information which relates to (x) Trident or the conduct of the Trident Retained Business, up to the Fountain Distribution Date, or (y) any Ancillary Agreement, Fountain shall provide, as soon as reasonably practicable following the receipt of such request, appropriate copies of such Information (or the originals thereof if Trident (or its Group member) (including for these purposes any member of the Athens North American R/SB Group) has a reasonable need for such originals) in the possession or control of Fountain or any of its Subsidiaries; provided, however, that Fountain (or its applicable Group member) shall not be required to provide such copies to the extent that the provision of such would require Fountain (or its applicable Group member) to breach any confidentiality covenant or waive any attorney-client or other legal privilege.

Section 9.2. Access to Information. Other than in circumstances in which indemnification is sought pursuant to Article VIII (in which event the provisions of such Article will govern) or for access with respect to Tax matters (in which event the provisions of the Tax Sharing Agreement will govern), from and after the Effective Time for a period of seven (7) years, each of Trident and Fountain shall afford to the other and its authorized accountants, counsel and other designated representatives reasonable access during normal business hours, to the personnel, properties, and Information of such Party and its Subsidiaries insofar as such access is reasonably required by the other Party and relates to (x) such other Party or the conduct of its business prior to the Effective Time or (y) any Ancillary Agreement; provided that neither Party shall be required to provide such access to the extent that the provision of such would require such Party (or one of its Group members) to breach any confidentiality covenant or waive any attorney-client or other legal privilege. Nothing in this Section 9.2 shall require either Party to violate any agreement with any third party regarding the confidentiality of confidential and proprietary information relating to that third party or its business.

Section 9.3. Witness Services. At all times from and after the Effective Time, each of Trident and Fountain shall use its reasonable best efforts to make available to the others, upon reasonable written request, its and its Subsidiaries' officers, directors, employees, consultants and agents as witnesses to the extent that (i) such Persons may reasonably be required to testify in connection with the prosecution or defense of any Action in which the requesting Party may from time to time be involved (except for claims, demands or Actions between members of each Group) and (ii) there is no conflict in the Action between the requesting Party and the requested Party (or any member of the their respective Groups), as applicable. A Party providing a witness to the other Party under this Section 9.3 shall be entitled to receive from the recipient of such services, upon the presentation of invoices therefor, payments for such amounts, relating to disbursements and other out-of-pocket expenses (which shall not include the costs of salaries and benefits of employees who are witnesses or any pro rata portion of overhead or other costs of employing such employees which would have been incurred by such employees' employer regardless of the employees' service as witnesses) as may be reasonably incurred and properly paid under applicable Law.

Section 9.4. Reimbursement; Other Matters. Except to the extent otherwise contemplated by this Agreement or any Ancillary Agreement, a Party providing Information or access to Information to the other Party under this Article IX shall be entitled to receive from the recipient, upon the presentation of invoices therefor, payments for such amounts, relating to supplies, disbursements and other out-of-pocket expenses, as may be reasonably incurred in providing such Information or access to such Information.

Section 9.5. Confidentiality. Notwithstanding any termination of this Agreement, for a period of seven (7) years from the date of this Agreement, each Party and the members of its Group shall (i) hold in strict confidence (and at a standard of care no less than they use for their own similar information and in accordance with the terms of all applicable third-party agreements), (ii) disclose, provide, transfer, share or make available only to their and their Subsidiaries' officers, employees, agents, consultants, auditors, attorneys and advisors (or potential buyers, lenders, investors, or similar transaction counterparties pursuant to any due diligence process), only on a need to know basis, and (iii) not use for any purpose other than to ensure compliance with the terms and conditions of this Agreement or any Ancillary Agreement, to enforce or defend any of its rights hereunder or thereunder or to the extent otherwise expressly permitted pursuant to this Agreement or any Ancillary Agreement, all Confidential Information to the extent relating to the business of any other Party or any member(s) of such other Party's Group. To the extent that any Party or any member of its Group has Confidential Information related to another Party or member of such other Party's Group that is the subject of this Section 9.5, such first Party shall, and shall cause each member of its Group to (in each case, except as otherwise expressly provided in this Agreement or any Ancillary Agreement), to the extent such Confidential Information is documented or exists in written, photographic or other physical form, return such information (and any copies made thereof) to such other Party or Group, and to the extent it is stored in electronic form, make a copy available to such other Party or Group and expunge such information from any computer or other data carrier, in each case, as promptly as reasonably practicable after the discovery thereof. Each Party is liable hereunder for any unauthorized disclosure or use of the other Parties' Confidential Information by its recipients, including any members of its Group.

Section 9.6. Privileged Matters.

(a) Pre-Separation Services. The Parties recognize that legal and other professional services that have been and will be provided prior to the Effective Time have been and will be rendered for the collective benefit of each of the members of Trident Group and the Fountain Group, and that each of the members of the Trident Group, the and the Fountain Group should be deemed to be the client with respect to such pre-separation services for the purposes of asserting all privileges which may be asserted under applicable Law.

---

**Table of Contents**

(b) Post-Separation Services. The Parties recognize that legal and other professional services will be provided following the Effective Time which will be rendered solely for the benefit of Trident or Fountain (and/or members of their respective Groups), as the case may be. With respect to such post-separation services, the Parties agree as follows:

(i) Trident shall be entitled, in perpetuity, to control the assertion or waiver of all privileges in connection with privileged Information which relates solely to the Trident Retained Business, whether or not the privileged Information is in the possession of or under the control of Trident or Fountain (or any member of their respective Groups). Trident shall also be entitled, in perpetuity, to control the assertion or waiver of all privileges in connection with privileged Information that relates solely to the subject matter of any claims constituting Trident Retained Liabilities, now pending or which may be asserted in the future, in any lawsuits or other proceedings initiated against or by Trident (or any member of the Trident Group), whether or not the privileged Information is in the possession of or under the control of Trident or Fountain (or any member of their respective Group);

(ii) Fountain shall be entitled, in perpetuity, to control the assertion or waiver of all privileges in connection with privileged Information which relates solely to the Fountain Business, whether or not the privileged Information is in the possession of or under the control of Trident or Fountain (or any member of their respective Group). Fountain shall also be entitled, in perpetuity, to control the assertion or waiver of all privileges in connection with privileged Information that relates solely to the subject matter of any claims constituting Fountain Liabilities, now pending or which may be asserted in the future, in any lawsuits or other proceedings initiated against or by Fountain (or any member of the Fountain Group), whether or not the privileged Information is in the possession of or under the control of Trident or Fountain (or any member of the respective Group).

(c) The Parties agree that they shall have a shared privilege, with equal right to assert or waive, subject to the restrictions in this Section 9.6, with respect to all privileges not allocated pursuant to the terms of Sections 9.6(b). All privileges relating to any claims, proceedings, litigation, disputes, or other matters which involve two or more of Trident or Fountain (or their respective Group members) in respect of which two or more of such Parties retain any responsibility or Liability under this Agreement, shall be subject to a shared privilege among them.

(d) No Party may waive any privilege which could be asserted under any applicable Law, and in which any other Party has a shared privilege, without the consent of the other Party, which shall not be unreasonably withheld or delayed or as provided in subsections (e) or (f) below. Consent shall be in writing, or shall be deemed to be granted unless written objection is made within twenty (20) days after notice upon the other Party requesting such consent.

(e) In the event of any litigation or dispute between or among any of the Parties, or any members of their respective Groups, either such Party may waive a privilege in which the other Party or member of such Group has a shared privilege, without obtaining the consent of the other Party; provided that such waiver of a shared privilege shall be effective only as to the use of Information with respect to the litigation or dispute between the relevant Parties and/or the applicable members of their respective Groups, and shall not operate as a waiver of the shared privilege with respect to third parties.

(f) If a dispute arises between or among the Parties or their respective Subsidiaries regarding whether a privilege should be waived to protect or advance the interest of either Party, each Party agrees that it shall negotiate in good faith, shall endeavor to minimize any prejudice to the rights of the other Parties, and shall not unreasonably withhold consent to any request for waiver by another Party. Each Party specifically agrees that it will not withhold consent to waiver for any purpose except to protect its own legitimate interests.

(g) Upon receipt by either Party or by any Subsidiary thereof of any subpoena, discovery or other request which arguably calls for the production or disclosure of Information subject to a shared privilege or as to which another Party has the sole right hereunder to assert a privilege, or if either Party obtains knowledge that any of its

or any of its Subsidiaries current or former directors, officers, agents or employees have received any subpoena, discovery or other requests which arguably calls for the production or disclosure of such privileged Information, such Party shall promptly notify the other Party or Parties of the existence of the request and shall provide the other Party or Parties a reasonable opportunity to review the Information and to assert any rights it or they may have under this Section 9.6 or otherwise to prevent the production or disclosure of such privileged Information.

(h) The transfer of all Information pursuant to this Agreement is made in reliance on the agreement of Trident and Fountain as set forth in Sections 9.5 and 9.6, to maintain the confidentiality of privileged Information and to assert and maintain all applicable privileges. The access to Information being granted pursuant to Sections 7.3, 8.6, 9.1 and 9.2 hereof, the agreement to provide witnesses and individuals pursuant to Sections 7.3, 8.6 and 9.3 hereof, the furnishing of notices and documents and other cooperative efforts contemplated by Sections 7.5 and 8.6 hereof, and the transfer of privileged Information between and among the Parties and their respective Subsidiaries pursuant to this Agreement shall not be deemed a waiver of any privilege that has been or may be asserted pursuant to applicable law.

(i) Notwithstanding any provision to the contrary in this Section 9.6, the Audit Management Party (as defined in the Tax Sharing Agreement) shall have the authority to disclose or not disclose, in its sole discretion, any and all privileged Information to (i) any Taxing Authority (as defined in the Tax Sharing Agreement) conducting a Tax Audit (as defined in the Tax Sharing Agreement) or (ii) to third parties in connection with the defense of a Tax Audit, including, expert witnesses, accountants and other advisors, potential witnesses and other parties whose assistance is deemed, in the sole discretion of the Audit Management Party, to be necessary or beneficial to representing the interests of the Parties hereunder.

Section 9.7. Ownership of Information. Any Information owned by one Party or any of its Subsidiaries that is provided to a requesting Party pursuant to this Article IX shall be deemed to remain the property of the providing Party. Unless specifically set forth herein, nothing contained in this Agreement shall be construed as granting or conferring rights of license or otherwise in any such Information.

Section 9.8. Other Agreements. The rights and obligations granted under this Article IX are subject to any specific limitations, qualifications or additional provisions on the sharing, exchange or confidential treatment of Information set forth in any Ancillary Agreement.

Section 10.2. Claims Made Tail Policies. The claims made tail policies provided for in this Section 10.2 will provide coverage for any Claim arising from any Wrongful Act occurring, in whole or in part, prior to the Fountain Distribution Date. For purposes of this Section 10.2, Claim and Wrongful Act shall have the respective meanings given to such terms in the current Trident International Ltd., D&O, Fiduciary and Employment Practices Liability Insurance Policies, as applicable.

(a) Trident shall purchase Directors and Officers Liability Insurance Policies having total limits of \$275 million, consisting of \$275 million of non-rescindable Side A coverage inclusive and \$200 million of Side B coverage and having a policy period incepting on the Fountain Distribution Date, or the expiration date of the current Trident Directors and Officers liability insurance Policies, whichever date is earlier, and ending on a date that is six years after the Fountain Distribution Date ( D&O Tail Policies ). The premium for the D&O Tail Policies shall be pre-paid for the full six-year term of the D&O Tail Policies. Such D&O Tail Policies shall cover Trident and Fountain and the insured persons thereof and shall have material terms and conditions no less favorable than those contained in the Policies comprising the Trident Directors and Officers liability insurance program incepting on the Fountain Distribution Date, except for the policy period, premium and provisions excluding coverage for wrongful acts, errors or omissions, post-dating the Fountain Distribution Date. Trident (i) shall provide Fountain with copies of the D&O Tail Policies within a reasonable time after the Policies are issued and (ii) shall not amend the terms or, nor cancel or permit cancellation of, any such Policies without ninety (90) days prior written notice Fountain.

(b) Trident shall purchase Fiduciary Liability Insurance Policies having total limits of \$50 million and having a policy period incepting on the Fountain Distribution Date, or the expiration date of the current Trident fiduciary liability insurance Policies, whichever date is earlier, and ending on a date that is six years after the Fountain Distribution Date ( Fiduciary Tail Policies ). The premium for the Fiduciary Tail Policies shall be pre-paid for the full six-year term of the Fiduciary Tail Policies. Such Fiduciary Tail Policies shall cover Trident and Fountain and the insured persons thereof and shall have material terms and conditions no less favorable than those contained in the Policies comprising the Trident fiduciary liability insurance program incepting on the Fountain Distribution Date, except for the policy period, premium and provisions excluding coverage for wrongful acts, errors and omissions, post-dating the Fountain Distribution Date. Trident (i) shall provide Fountain with copies of the Fiduciary Tail Policies within a reasonable time after the Policies are issued and (ii) shall not amend the terms or, nor cancel or permit cancellation of, any such Policies without ninety (90) days prior written notice to Fountain.

(c) Trident shall purchase Employment Practices Liability Insurance Policies having total limits of \$50 million of coverage and having a policy period incepting on the Fountain Distribution Date, or the expiration date of the current Trident Employment Practice liability insurance Policies, whichever date is earlier, and ending on a date that is six years after the Fountain Distribution Date ( EPL Tail Policies ). The premium for the EPL Tail Policies shall be pre-paid for the full six-year term of the EPL Tail Policies. Such EPL Tail Policies shall cover Trident and Fountain and the insured persons thereof and shall have material terms and conditions no less favorable than those contained in the Policies comprising the Trident Employment Practices liability insurance program incepting on the Fountain Distribution Date, except for the policy period, premium and provisions excluding coverage for wrongful acts, errors and omissions, post-dating the Fountain Distribution Date. Trident (i) shall provide Fountain with copies of the EPL Tail Policies within a reasonable time after the Policies are issued and (ii) shall not amend the terms or, nor cancel or permit cancellation of, any such Policies without ninety (90) days prior written notice to Fountain.

(d) To the extent that Trident is unable prior to the Fountain Distribution Date to obtain any of the policies as provided for in paragraphs (a), (b) and (c) of this Section 10.2, then, with respect to suits or claims based on wrongful acts, errors or omissions on or before the Fountain Distribution Date, Trident shall use reasonable best efforts to secure alternative insurance arrangements on the standalone insurance policies for Fountain to provide benefits on terms and conditions (including policy limits) in favor of Fountain and the insured persons thereof no less favorable than the benefits (including policy limits) that were to be afforded by the policies described in

paragraphs (a), (b) and (c) of this Section 10.2. With respect to such alternative insurance arrangements, Trident and Fountain shall be responsible for their own costs under their applicable standalone insurance policies. Trident shall not under any circumstances purchase any such alternative coverage containing an exclusion for suits or claims based on wrongful acts, errors or omissions up to and including the Fountain Distribution Date to the extent such exclusion would preclude coverage for Fountain and/or the insured persons thereof, but would not preclude coverage for Trident and/or the insured persons thereof.

### Section 10.3. Occurrence Based Policies.

(a) Notwithstanding anything herein to the contrary, the terms, conditions and procedures set forth in the insurance Policy by and between Trident, Athens NA and Fountain, on the one hand, and White Mountain Insurance Company, on the other, dated as of, or about the Fountain Distribution Date, which describes, among other things, (i) how claims and suits under the Trident Shared Policies will be administered, paid, accounted for, and the level of input each Party will have in claim settlements, (ii) access to Shared Policies claim data, (iii) Large Loss Notification to each Party for which Fountain shall each bear full responsibility to notify Excess carriers of any such losses, (iv) dispute resolution and (v) Umbrella and Excess claims handling, are incorporated hereby by reference. The prior written consent of Patriot not to be unreasonably withheld, conditioned or delayed shall be required for the entry by Fountain into and any modifications or amendments to a Fountain Shared Policy, including the insurance Policy referenced in the immediately preceding sentence.

(b) With respect to all other occurrence based Trident Shared Policies, for suits or claims that are filed or made based upon occurrences that occurred or are alleged to have occurred in whole or in part prior to the Fountain Distribution Date, Trident and Fountain, shall be responsible for bearing the full amount of the deductible and/or any claims, costs and expenses that are not covered under such insurance policies including that portion of any premium adjustments, tax, assessment or similar regulatory surcharges, that relates to claims based on occurrences that predate the Fountain Distribution Date.

### Section 10.4. Administration: Other Matters.

(a) Administration. Except as otherwise provided in Section 10.3 hereof, in any Schedule hereto or in any Ancillary Agreement, from and after the Effective Time, (i) Trident shall be responsible for (A) Insurance Administration of the Shared Policies and (B) Claims Administration under such Shared Policies with respect to Trident Retained Liabilities and (ii) Fountain shall be responsible for Claims Administration under such Shared Policies with respect to Fountain Liabilities; provided that the retention of such responsibilities by Trident is in no way intended to limit, inhibit or preclude any right to insurance coverage for any Insured Claim of a named insured under such Policies as contemplated by the terms of this Agreement; provided further that Trident's retention of the administrative responsibilities for the Shared Policies shall not relieve the Party submitting any Insured Claim of the primary responsibility for reporting such Insured Claim accurately, completely and in a timely manner or of such Party's authority to settle any such Insured Claim within any period or amount permitted or required by the relevant Policy. Trident may discharge its administrative responsibilities under this Section 10.4 by contracting for the provision of services by independent parties. Each of the applicable Parties shall pay any costs relating to defending its respective Insured Claims under Shared Policies to the extent such costs, including defense and out-of-pocket expenses, are not covered under such Policies. Each of the Parties shall be responsible for obtaining or reviewing the appropriateness of releases upon settlement of its respective Insured Claims under Shared Policies.

(b) Exceeding Policy Limits. Where Fountain Liabilities are specifically covered under a Shared Policy for occurrences, acts or events prior to the Fountain Distribution Date, then Fountain may claim coverage for Insured Claims under such Shared Policy as and to the extent that such insurance is available up to the full extent of the applicable limits of liability of such Shared Policy (and may receive any Insurance Proceeds with respect thereto as contemplated by Section 10.2, Section 10.3 or Section 10.4(c) hereof), subject to the terms of this Section 10.4. Except as set forth in this Section 10.4, Trident and Fountain shall not be liable to one another for

claims not reimbursed by insurers for any reason not within the control of Trident or Fountain, as the case may be, including coinsurance provisions, deductibles, quota share deductibles, self-insured retentions, bankruptcy or insolvency of an insurance carrier, Shared Policy limitations or restrictions, any coverage disputes, any failure to timely claim by Trident, or Fountain or any defect in such claim or its processing. It is expressly understood that the foregoing shall not limit any Party's liability to any other Party for indemnification pursuant to Article VIII.

(c) Allocation of Insurance Proceeds. Except as otherwise provided in Section 10.3, Insurance Proceeds received with respect to suits, occurrences, claims, costs and expenses covered under the Shared Policies shall be paid to Trident with respect to Trident Retained Liabilities and to Fountain with respect to Fountain Liabilities. In the event that the aggregate limits on any Shared Policies are exhausted by the payment of Insured Claims by the Parties, each Party agrees to allocate the Insurance Proceeds received thereunder based upon their respective percentage of the total insured claim or claims which were covered under such Shared Policy (their allocable portion of Insurance Proceeds), and any Party who has received Insurance Proceeds in excess of such Party's allocable portion of Insurance Proceeds shall pay to the other Party or Parties the appropriate amount so that each Party will have received its allocable portion of Insurance Proceeds. Each of the Parties agrees to use their respective reasonable best efforts to maximize available coverage under those Shared Policies applicable to it for the benefit of all Parties, and to take all reasonable best steps to recover from all other responsible parties (except the Parties) in respect of an Insured Claim to the extent coverage limits under a Shared Policy have been exceeded or would be exceeded as a result of such Insured Claim.

(d) Allocation of Aggregate Deductibles. In the event that both Parties have insured claims under any Shared Policy for which an aggregate deductible is payable, the Parties agree that the aggregate amount of the total deductible paid shall be borne by the Parties in the same proportion to which the Insurance Proceeds received by each such Party bears to the total Insurance Proceeds received under the applicable Shared Policy (their allocable share of the deductible), and any Party who has paid more than its allocable share of the deductible shall be entitled to receive from the other Party an appropriate amount such that each Party will only have to bear its allocable share of the deductible.

Section 10.5. Agreement for Waiver of Conflict and Shared Defense. In the event that Insured Claims of both of the Parties exist relating to the same occurrence, both Parties shall jointly defend and waive any conflict of interest necessary to the conduct of the joint defense. Nothing in this Article X shall be construed to limit or otherwise alter in any way the obligations of the Parties to this Agreement, including those created by this Agreement, by operation of Law or otherwise.

Section 10.6. Cooperation. The Parties agree to use their respective reasonable best efforts to cooperate with respect to the various insurance matters contemplated by this Agreement.

Section 10.7. Certain Matters Relating to Trident's Organizational Documents. For a period of six (6) years from the Fountain Distribution Date, the Amended and Restated Articles of Association and Amended and Restated Organizational Regulations of Trident shall contain provisions no less favorable with respect to indemnification than are set forth in the Amended and Restated Articles of Association and Amended and Restated Organizational Regulations of Trident immediately after the Effective Time, which provisions shall not be amended, repealed or otherwise modified for a period of six (6) years from the Fountain Distribution Date in any manner that would affect adversely the rights thereunder of individuals who, at or prior to the Effective Time, were directors, officers, employees, fiduciaries or agents of any member of the Trident Group or the Fountain Group, unless such modification shall be required by Law and then only to the minimum extent required by Law.
