NOTICE OF ACTION BY WRITTEN CONSENT AND APPRAISAL RIGHTS

AND

INFORMATION STATEMENT

WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED

NOT TO SEND US A PROXY.

NOVEMBER [], 2012

Dear Stockholder:

This notice of action by written consent and appraisal rights and the accompanying information statement are being furnished to the holders of common stock of Teavana Holdings, Inc., a Delaware corporation that we refer to as Teavana or the Company, in connection with the Agreement and Plan of Merger, dated as of November 14, 2012, by and among Starbucks Corporation, a Washington corporation that we refer to as Parent, Taj Acquisition Corp., a Delaware corporation and wholly-owned subsidiary of Parent that we refer to as Merger Sub, and Teavana. We refer to the Agreement and Plan of Merger as the Merger Agreement and to the merger of Merger Sub with and into Teavana that is contemplated by the Merger Agreement as the Merger. Upon completion of the Merger, each share of common stock, par value \$0.00003, of Teavana (Common Stock) issued and outstanding immediately prior to the effective time of the Merger, except for shares (i) held by stockholders who are entitled to demand and who properly demand appraisal under Section 262 of the General Corporation Law of the State of Delaware (the DGCL) for such shares or (ii) owned by the Company as treasury stock or by Parent or Merger Sub will be cancelled and converted automatically into the Merger Consideration, which represents the right to receive \$15.50 in cash, without interest and subject to any required withholding taxes. The Principal Stockholders (defined below) and certain executives of Teavana have agreed to escrow \$10 million from the Merger Consideration payable with respect to their shares to cover certain potential costs of Teavana arising in connection with the closing of the Merger. A copy of the Merger Agreement is attached as **Annex A** to the accompanying information statement.

If the Merger is completed, you will be entitled to receive \$15.50 in cash, without interest and subject to required tax withholdings, for each share of Common Stock owned by you (unless you have properly exercised your appraisal rights under Section 262 of the DGCL with respect to such shares).

The Company's board of directors (the Board of Directors) unanimously approved and declared advisable the Merger Agreement, the Merger and the other transactions contemplated by the Merger Agreement, declared that it was in the best interests of the Company's stockholders that the Company enter into the Merger Agreement and consummate the Merger and the other transactions contemplated by the Merger Agreement on the terms and subject to the conditions set forth in the Merger Agreement, declared that the Merger Consideration is fair to the Company's stockholders and recommended that the Company's stockholders adopt the Merger Agreement.

Under Section 251 of the DGCL and the applicable provisions of Teavana's Second Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws, the adoption of the Merger Agreement by Teavana stockholders required the affirmative vote or written consent of the holders of a majority of the outstanding shares of Common Stock. On November 14, 2012, Andrew T. Mack, SKM Equity Fund III, L.P.,

Table of Contents

SKM Investment Fund and Jurgen W. Link (together, the Principal Stockholders) delivered or caused to be delivered to Teavana a written consent adopting the Merger Agreement in respect of 28,749,196 shares of Common Stock, representing approximately 74% of the outstanding shares of Common Stock entitled to act by written consent with respect to the adoption of the Merger Agreement. Accordingly, the adoption of the Merger Agreement was effected November 14, 2012. No further approval of the stockholders of Teavana is required to adopt the Merger Agreement. As a result, Teavana has not solicited and will not be soliciting your authorization and adoption of the Merger Agreement and does not intend to call a meeting of stockholders for purposes of voting on the adoption of the Merger Agreement.

This notice of action by written consent and appraisal rights and the accompanying information statement shall constitute notice to you from the Company of the action by written consent to adopt the Merger Agreement taken by the Principal Stockholders.

Under Section 262 of the DGCL, if the Merger is completed, subject to compliance with the requirements of Section 262 of the DGCL, holders of shares of Common Stock, other than the Principal Stockholders, will have the right to seek an appraisal for, and be paid the fair value of, their shares of Common Stock (as determined by the Court of Chancery of the State of Delaware) instead of receiving the Merger Consideration. In order to exercise your appraisal rights, you must submit a written demand for an appraisal no later than 20 days after the date of mailing of this notice and the accompanying information statement, or December [], 2012, and precisely comply with other procedures set forth in Section 262 of the DGCL, which are summarized in the accompanying information statement. A copy of Section 262 of the DGCL is attached to the accompanying information statement as **Annex D. This notice and the accompanying information statement shall constitute notice to you from the Company of the availability of appraisal rights under Section 262 of the DGCL.**

We urge you to read the entire accompanying information statement carefully. Please do not send in your Common Stock at this time. If the Merger is completed, you will receive instructions regarding the surrender of your Common Stock and payment for your shares of Common Stock.

By order of the Board of Directors,

/s/ David V. Christopherson
David V. Christopherson
Vice President, General Counsel and Corporate Secretary

Neither the U.S. Securities and Exchange Commission nor any state securities or other regulatory agency has approved or disapproved the Merger, passed upon the merits or fairness of the Merger, or passed upon the adequacy or accuracy of the disclosures in this notice or the accompanying information statement. Any representation to the contrary is a criminal offense.

The information statement is dated November [], 2012 and is first being mailed to stockholders on November [], 2012.

INFORMATION STATEMENT

QUESTIONS AND ANSWERS ABOUT THE MERGER

The following questions and answers are intended to address briefly some commonly asked questions regarding the Merger Agreement and the Merger. These questions and answers may not address all questions that may be important to you as a Teavana stockholder. Please refer to the additional information contained elsewhere in this information statement, the annexes to this information statement and the documents referred to in this information statement.

Unless otherwise indicated or the context requires otherwise, all references to Teavana or the Company refer to Teavana Holdings, Inc.; all references to Parent refer to Starbucks Corporation, a Washington corporation; all references to Merger Sub refer to Taj Acquisition Corp., a Delaware corporation, a direct, wholly-owned subsidiary of Parent; all references to Merger Agreement refer to the Agreement and Plan of Merger, dated as of November 14, 2012, by and among Teavana, Parent and Merger Sub, a copy of which is attached as **Annex A** to this information statement, as it may be amended from time to time; all references to the Merger refer to the merger contemplated by the Merger Agreement; and all references to the Principal Stockholders refer to Andrew T. Mack, SKM Equity Fund III, L.P., SKM Investment Fund and Jurgen W. Link, which together owned approximately 74% of the outstanding shares of Teavana common stock as of the date of the Merger Agreement.

Q. WHY DID I RECEIVE THIS INFORMATION STATEMENT?

A. Teavana and Parent have agreed to the acquisition of Teavana by Parent upon the terms and conditions of the Merger Agreement described in this information statement, and the Principal Stockholders have adopted the Merger Agreement and approved the Merger. Applicable provisions of Delaware law and certain securities regulations require us to provide you with information regarding the Merger, even though your vote or consent is neither required nor requested to adopt the Merger Agreement or complete the Merger.

Q. WHAT IS THE PROPOSED TRANSACTION?

A. The proposed transaction is the acquisition of Teavana by Parent. The proposed transaction will be accomplished through a merger of Merger Sub, a wholly-owned subsidiary of Parent, with and into Teavana, with Teavana as the surviving corporation. As a result of the Merger, Teavana will become a wholly-owned subsidiary of Parent and our Common Stock will cease to be listed on the New York Stock Exchange and will no longer be publicly traded.

Q. WHY DID THE BOARD OF DIRECTORS APPROVE THE MERGER AND THE MERGER AGREEMENT?

A. After careful consideration and evaluation of the Merger, and in consideration of, among other things, the opinion of Piper Jaffray & Co. that, based upon and subject to the factors and assumptions set forth in such opinion, the Merger Consideration to be paid to holders of Common Stock pursuant to the Merger Agreement is fair, from a financial point of view to the holders of shares of Common Stock, our Board of Directors approved and declared advisable the Merger Agreement and the Merger. To review our Board of Directors' reasons for recommending and approving the Merger and the Merger Agreement, see **The Merger Reasons for the Merger** on page 16 of this information statement.

Table of Contents

Q. IS THE APPROVAL OF STOCKHOLDERS NECESSARY TO ADOPT THE MERGER AGREEMENT? WHY AM I NOT BEING ASKED TO VOTE ON THE MERGER AGREEMENT?

A. The Merger requires the adoption of the Merger Agreement by the holders of a majority of the outstanding shares of our Common Stock. The requisite stockholder approval was obtained on November 14, 2012, the date on which the Principal Stockholders delivered or caused to be delivered to the Company a written consent adopting and approving the Merger Agreement and the Merger, in respect of approximately 74% of our outstanding Common Stock. Therefore, your vote is not required and is not being sought. We are not asking you for a proxy and you are requested not to send us a proxy.

Q. IF THE MERGER IS COMPLETED, WHAT WILL I RECEIVE FOR MY SHARES OF COMMON STOCK?

A. In the Merger, each share of our Common Stock that is issued and outstanding will be converted into the right to receive \$15.50 in cash, without interest and subject to any required withholding taxes, which we refer to as the Merger Consideration. As a result of the Merger, upon the surrender of your shares of Common Stock, you will receive a total amount equal to the product obtained by multiplying the Merger Consideration by the number of shares of our Common Stock that you own. In the event of a transfer of ownership of Common Stock that is not registered in the records of our transfer agent, the Merger Consideration for shares of our Common Stock may, subject to certain requirements, be paid to a person other than the person in whose name the Common Stock so surrendered is registered. See The Merger Conversion of Shares; Procedures for Exchange of Common Stock on page 38 of this information statement.

Q. WILL THE MERGER CONSIDERATION I RECEIVE IN THE MERGER INCREASE IF TEAVANA'S RESULTS OF OPERATIONS IMPROVE OR IF THE PRICE OF TEAVANA'S COMMON STOCK INCREASES ABOVE THE CURRENT MERGER CONSIDERATION?

A. No. The Merger Consideration is fixed at \$15.50 in cash per share, without interest and subject to any required withholding taxes. The Merger Agreement does not contain any provision that would adjust the Merger Consideration (in either direction) based on fluctuations in the price of Teavana's Common Stock or based on the results of operations of Teavana prior to the consummation of the Merger.

Q. IS THE MERGER SUBJECT TO THE FULFILLMENT OF CERTAIN CONDITIONS?

A. Yes. Before completion of the Merger, Teavana, Parent and Merger Sub must fulfill or waive several closing conditions. If these conditions are not satisfied or waived, the Merger will not be completed. See The Merger Agreement Conditions to the Merger on page 46 of this information statement.

Q. AM I ENTITLED TO APPRAISAL RIGHTS?

A. Yes. Under the General Corporation Law of the State of Delaware, which we refer to as the DGCL, stockholders who did not provide a consent to the adoption of the Merger Agreement (i.e., stockholders other than the Principal Stockholders) are entitled to appraisal rights in connection with the Merger with respect to their shares, so long as they precisely follow specific procedures to exercise their rights under Delaware law. See The Merger Appraisal Rights on page 35 of this information statement.

Q. WHAT HAPPENS IF A THIRD PARTY MAKES AN OFFER TO ACQUIRE TEAVANA BEFORE THE MERGER IS COMPLETED?

Edgar Filing: Teavana Holdings Inc - Form PREM14C

- A. Prior to the requisite stockholder approval, our Board of Directors could have, subject to certain requirements and rights of Parent, terminated the Merger Agreement in order to enter into a superior acquisition agreement with a third party upon complying with certain other conditions. This termination right ceased upon delivery of a written consent by the Principal Stockholders constituting the requisite stockholder approval on November 14, 2012.

Q-2

Table of Contents

Q. WHEN IS THE MERGER EXPECTED TO BE COMPLETED?

A. We expect the Merger to be completed on or prior to December 31, 2012, subject to government regulatory review and clearance; however, there can be no assurance that the Merger will be completed at that time, or at all.

Q. SHOULD I SURRENDER MY SHARES OF COMMON STOCK NOW?

A. No. After the Merger is completed, you will be sent detailed instructions for exchanging your shares of Common Stock for the Merger Consideration.

Q. WILL I OWE TAXES AS A RESULT OF THE MERGER?

A. The Merger will be a taxable transaction for U.S. holders of our Common Stock. As a result, assuming you are a U.S. holder, any gain you recognize as a result of the Merger will be subject to United States federal income tax and also may be taxed under applicable state, local or other tax laws. In general, you will recognize gain or loss equal to the difference between (1) the Merger Consideration and (2) the adjusted tax basis of the shares of Common Stock you surrender in the Merger. See *The Merger Material U.S. Federal Income Tax Consequences of the Merger to Our Stockholders* on page 31 of this information statement for a more detailed explanation of the tax consequences of the Merger. You should consult your tax advisor on how specific tax consequences of the Merger apply to you.

Q. WHERE CAN I FIND MORE INFORMATION ABOUT TEAVANA?

A. We file periodic reports and other information with the U.S. Securities and Exchange Commission, which we refer to as the SEC. Some of these reports are attached as annexes to this information statement. You may read and copy this information at the SEC's public reference facilities. Please call the SEC at 1-800-SEC-0330 for information about these facilities. This information is also available on the internet site maintained by the SEC at www.sec.gov. For a more detailed description of the information available, please refer to the section entitled *Where You Can Find More Information* on page 56 of this information statement.

Q. WILL I BE IMPACTED BY THE ESCROW AGREEMENT?

A. No. The Principal Stockholders, as well as certain executives of Teavana, have agreed with Starbucks to place \$10 million of proceeds from the sale of their shares pursuant to the Merger into escrow to cover certain potential costs of Teavana arising in connection with the closing of the Merger. Public stockholders are not subject to the escrow arrangement and accordingly will not have their proceeds reduced thereby.

Q. WHO CAN HELP ANSWER MY QUESTIONS?

A. If you have questions about the Merger after reading this information statement, please call the Office of the General Counsel, Teavana Holdings, Inc., at (404) 995-8200.

Table of Contents

RECOMMENDATION OF OUR BOARD OF DIRECTORS (SEE PAGE 16)

After careful consideration, our Board of Directors:

approved and declared advisable the Merger Agreement, the Merger and the other transactions contemplated by the Merger Agreement;

declared that it was in the best interests of the Company's stockholders that the Company enter into the Merger Agreement and consummate the Merger and the other transactions contemplated by the Merger Agreement on the terms and subject to the conditions set forth in the Merger Agreement;

declared that the Merger Consideration is fair to the Company's stockholders; and

recommended that the Company's stockholders adopt the Merger Agreement.

For a discussion of the material factors considered by our Board of Directors in reaching their conclusion, see "The Merger" Reasons for the Merger" on page 16 of this information statement.

TEAVANA'S FINANCIAL ADVISORS (SEE PAGE 20)

On November 14, 2012, Piper Jaffray & Co., which we refer to as "Piper Jaffray," delivered its oral opinion, which was subsequently confirmed in writing as of November 14, 2012, to the effect that, and based upon and subject to the factors and assumptions and limitations set forth therein, as of November 14, 2012, the per share Merger Consideration to be received by the holders of our Common Stock pursuant to the Merger Agreement is fair, from a financial point of view, to such holders.

The full text of the written opinion of Piper Jaffray, dated November 14, 2012, which sets forth the assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached as **Annex C** to this information statement. Piper Jaffray provided its opinion for the information and assistance of our Board of Directors in connection with its consideration of the Merger. The opinion did not constitute a recommendation to the members of the Board as to whether they should approve the Merger or the Merger Agreement, nor did it constitute a recommendation as to whether stockholders of Teavana should adopt the Merger Agreement and it does not constitute a recommendation as to whether stockholders of Teavana should take any other action in respect of the Merger, including, but not limited to, the exercise of appraisal rights. You are urged to read the opinion in its entirety.

The Board of Directors also engaged North Point Advisors LLC ("North Point") to act as a financial advisor to the Board of Directors with respect to the contemplated transaction. North Point assisted Teavana in its negotiations with Parent and also helped Teavana assess potential alternative bidders and engaged in discussions with potential buyers. Piper Jaffray also assisted in contacting potential alternative bidders.

FINANCING (SEE PAGE 31)

The Merger is not contingent on the receipt of any proceeds from any financing.

THE WRITTEN CONSENT OF STOCKHOLDERS (SEE PAGE 45)

Under Delaware law and Teavana's Second Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws, the adoption of the Merger Agreement by Teavana's stockholders may be provided without a meeting by written consent of the stockholders holding a majority of the voting power of the outstanding shares of Common Stock. On November 14, 2012, the Principal Stockholders, which together

Table of Contents

owned, as of that date, approximately 74% of the shares of Common Stock entitled to vote on the adoption of the Merger Agreement, delivered to the Company written consent to the adoption of the Merger Agreement. A copy of the Written Consent of Stockholders is attached to this information statement as **Annex B**. As of November 14, 2012, the Company received a written consent adopting and approving the Merger Agreement and the Merger from the holders of the requisite number of shares of Common Stock of the Company in accordance with § 251 of the DGCL, and the adoption of the Merger Agreement was effected as of that date. As a result, no other vote of any other Teavana stockholder is necessary to adopt the Merger Agreement, and your approval is not required and is not being requested. If the Merger Agreement is terminated in accordance with its terms, the Written Consent of Stockholders will be of no further force and effect.

Federal securities laws state that the Merger may not be completed until 20 days after the date of mailing of this information statement to Teavana stockholders. Therefore, notwithstanding the execution and delivery of the written consent (which was obtained shortly after the signing of the Merger Agreement), the Merger will not occur until that time has elapsed. We expect the Merger to be completed on or prior to December 31, 2012, subject to certain government regulatory reviews and approvals. However, there can be no assurance that the Merger will be completed at that time, or at all.

When actions are taken by written consent of less than all of the stockholders entitled to vote on a matter, Section 228(e) of the DGCL requires that notice of the action be provided to those stockholders who did not consent. **This information statement and the notice attached hereto shall constitute notice to you of action by written consent as required by Section 228(e) of the DGCL.**

INTERESTS OF DIRECTORS AND EXECUTIVE OFFICERS IN THE MERGER (SEE PAGE 32)

Some of our executive officers and the members of our Board of Directors have interests in the Merger that are different from, or in addition to, the interests of Teavana and our stockholders generally.

These interests include:

the accelerated vesting of options to acquire our Common Stock held by directors and executive officers upon the occurrence of the Merger and the right to receive an amount in cash equal to the excess, if any, of the Merger Consideration over the per share exercise price of such options;

solely with respect to our executive officers, the right to receive certain severance payments in the event of a qualifying termination of employment following the Merger;

the right to continued indemnification and directors and officers liability insurance for our directors and officers by the surviving corporation for events occurring prior to the time of the Merger; and

in order to promote retention of key employees including the executive officers during the period prior to and following consummation of the Merger, Parent expects to grant certain key Company employees, including the executive officers, restricted stock units payable in shares of Parent's common stock and stock options exercisable for shares of Parent's common stock following the consummation of the Merger.

For the discussion of their restricted stock units and stock options described above, see **Interests of Directors and Executive Officers in the Merger** Executive Retention Arrangements with Parent on page 34 of this information statement. See page 34.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER TO OUR STOCKHOLDERS (SEE PAGE 31)

The Merger will be a taxable transaction to U.S. holders of our Common Stock. For U.S. federal income tax purposes, each of our stockholders who are U.S. holders generally will recognize taxable gain or loss as a result

Table of Contents

of the Merger measured, on a block by block basis, by the difference, if any, between the aggregate Merger Consideration received and the aggregate adjusted tax basis in that block of shares. That gain or loss will be a capital gain or loss if the shares are held as a capital asset in the hands of the stockholder, and will be long-term capital gain or loss if the shares have been held for more than one year at the time of the completion of the Merger. Stockholders are urged to consult their own tax advisors as to the particular tax consequences to them of the Merger.

THE MERGER AGREEMENT

TREATMENT OF STOCK OPTIONS (SEE PAGE 41)

At the effective time of the Merger, each option to acquire our Common Stock outstanding immediately prior to the Merger under any Company stock option or equity incentive plan whether or not then vested and exercisable, will be cancelled and the holder of any such stock option will be entitled to receive, for each share of Common Stock subject to such stock option, an amount in cash, without interest and subject to any required withholding taxes, equal to the excess, if any, of the Merger Consideration over the per share exercise price of such option. Certain executive officers of Teavana have agreed to place a portion of their proceeds from their options into escrow to cover certain potential costs of Teavana arising in connection with the closing of the Merger. All stock options with a per share exercise price equal to or greater than the per share Merger Consideration will be cancelled upon consummation of the Merger and the holders of such stock options will not have any right to receive any consideration in respect thereof.

CONDITIONS TO THE MERGER (SEE PAGE 46)

As more fully described in this information statement and the Merger Agreement, the completion of the Merger depends on the satisfaction or waiver of a number of conditions. If these conditions are not satisfied or waived, the Merger will not be completed.

NO SOLICITATION OF OTHER OFFERS (SEE PAGE 48)

The Merger Agreement provides that Teavana (i) shall not, and shall cause its subsidiaries and any director, officer or employee of Teavana or any of its subsidiaries or any investment banker, attorney, accountant or other advisor or representative of Teavana or any of its subsidiaries not to, directly or indirectly, (A) solicit, initiate or encourage, or take any other action to knowingly facilitate, any takeover proposal or any inquiries or the making of any proposal that could reasonably be expected to lead to a takeover proposal or (B) enter into, continue or otherwise participate in any discussions or negotiations regarding, or furnish to any person (or any representative thereof) any information with respect to, or otherwise knowingly cooperate in any way with any person (or any representative thereof) with respect to, any takeover proposal, (ii) shall and shall cause its subsidiaries and its and their respective directors, officers, employees, investment bankers, attorneys, accountants and other advisors and representatives to immediately cease and cause to be terminated all existing activities, discussions and negotiations with any person conducted heretofore with respect to any takeover proposal and (iii) shall promptly, and in any event within two days following the date of the Merger Agreement, request, and shall use its commercially reasonable efforts to cause, the prompt return or written acknowledgment of destruction of all confidential information previously furnished to such parties or their representatives in connection with any takeover proposal to the extent that Teavana is entitled to have such documents returned or destroyed; provided, however, that at any time prior to obtaining the requisite stockholder approval (which has now been obtained), in response to a bona fide written unsolicited takeover proposal received after the execution of the Merger Agreement that the Board of Directors of Teavana determines in good faith, after consultation with its outside legal counsel and a financial advisor of nationally recognized reputation, constitutes a superior proposal, and which takeover proposal did not result from a breach of the non-solicitation covenant or any other provision of the Merger Agreement, and if the Board of Directors of Teavana determines in good faith, after consultation with its outside legal counsel, that the failure to take such action would be inconsistent with its fiduciary duties to the stockholders of Teavana under applicable law, Teavana may, and may permit and authorize its subsidiaries and

Table of Contents

its representatives and its subsidiaries' representatives to, in each case subject to compliance with the notice provision and the other provisions of the Merger Agreement, (A) furnish information with respect to Teavana or any of its subsidiaries to the person making such takeover proposal (and its representatives) pursuant to a confidentiality agreement which contains terms that are in all material respects no less restrictive of such person than those contained in the confidentiality agreement between Teavana and Parent; provided that all such information had been provided, or is concurrently provided, to Parent, and (B) participate in discussions or negotiations with, and only with, the person making such takeover proposal (and its representatives) regarding such takeover proposal. As a result of the fact that the requisite stockholder approval was obtained upon delivery of the written consent of the Principal Stockholders, the exception to the restrictions set forth in this paragraph with respect to certain unsolicited takeover proposals is no longer in effect.

The term "takeover proposal" means any inquiry, proposal or offer from any person or group (as defined in Section 13(d) of the Exchange Act) (other than Parent or Merger Sub or any of their affiliates) relating to, or that could reasonably be expected to lead to, in one transaction or a series of transactions, any merger, consolidation, business combination, recapitalization, liquidation or dissolution involving Teavana or any direct or indirect acquisition, including by way of any merger, consolidation, tender offer, exchange offer, stock acquisition, asset acquisition, binding share exchange, business combination, recapitalization, liquidation, dissolution, joint venture, license agreement or similar transaction, of (i) assets or businesses that constitute or represent 20% or more of the total revenue, net income, EBITDA (earnings before interest expense, taxes, depreciation and amortization) or assets of Teavana and its subsidiaries, taken as a whole, or (ii) 20% or more of the outstanding shares of our Common Stock or of any class of capital stock of, or other equity or voting interests in, one or more of the subsidiaries of Teavana which, in the aggregate, directly or indirectly hold the assets or businesses referred to in clause (i) above.

The term "superior proposal" means any binding bona fide unsolicited written offer which did not result from a breach of the non-solicitation covenant made by any person (other than Parent or Merger Sub or any of their affiliates) that, if consummated, would result in such person (or, in the case of a direct merger between such person and Teavana, the stockholders of such person) acquiring, directly or indirectly, more than 50% of the voting power of our Common Stock or all or substantially all the assets of Teavana and its subsidiaries, taken as a whole, and which offer, in the reasonable good faith judgment of the Board of Directors of Teavana (after consultation with a financial advisor of nationally recognized reputation and outside legal counsel), (i) provides a higher value to the stockholders of Teavana than the consideration payable in the Merger (taking into account all of the terms and conditions of such proposal and the Merger Agreement (including any changes to the terms of the Merger Agreement proposed by Parent in response to such superior proposal or otherwise)) and (ii) is reasonably capable of being completed, taking into account all financial, legal, regulatory and other aspects of such proposal.

TERMINATION OF THE MERGER AGREEMENT (SEE PAGE 49)

The Merger Agreement may be terminated at any time prior to the completion of the Merger:

by mutual written consent of Teavana, Parent and Merger Sub;

by either Teavana or Parent:

if the Merger shall not have been consummated by March 14, 2013, except that this right is not available to any party whose action or failure to act has been a principal cause of, or resulted in, the failure of the Merger to occur on or before such date and such action or failure to act constitutes a breach of the Merger Agreement; or

if any court of competent jurisdiction or other governmental entity issues or enters a temporary restraining order, preliminary or permanent injunction or other judgment or other legal restraint that has the effect of preventing the consummation of the Merger and such legal restraint has become final and non-appealable; or

by Parent:

if prior to the receipt of stockholder approval (which has been obtained), Teavana delivers written notice to Parent that the Board withdraws or modifies in a manner adverse to Parent or Merger Sub, or proposes publicly to withdraw or modify in a manner adverse to Parent or Merger Sub, the recommendation or declaration of advisability by the Board or any committee of the Merger Agreement or the Merger;

if (i) we breach or fail to perform any of our representations, warranties, covenants or other agreements contained in the Merger Agreement, which breach or failure to perform (A) would give rise to the failure of a condition set forth under The Merger Agreement Conditions to the Merger Conditions to Parent's and Merger Sub's Obligations and (B) is incapable of being cured or is not cured by Teavana by the date that is 30 business days after such breach or failure or, if capable of being cured by Teavana by such date, Teavana does not commence to cure such breach or failure within 10 business days after its receipt of written notice thereof from Parent and diligently pursue such cure thereafter;

if a written consent duly executed by the Principal Stockholders had not been delivered to Parent and Teavana prior to 6:00 a.m., New York City time, on the date immediately following the date of the Merger Agreement; or

by Teavana:

if (i) Parent breaches or fails to perform any of its representations, warranties, covenants or other agreements contained in the Merger Agreement, which breach or failure to perform (A) would give rise to the failure of a condition set forth under The Merger Agreement Conditions to the Merger Conditions to Teavana's Obligations and (B) is incapable of being cured or is not cured by Parent or Merger Sub by the date that is 30 business days after such breach or failure or, if capable of being cured by Parent or Merger Sub by such date, Parent or Merger Sub, as the case may be, does not commence to cure such breach or failure within 10 business days after its receipt of written notice thereof from Teavana and diligently pursue such cure thereafter; or

if prior to the receipt of stockholder approval (which has been obtained), Teavana (i) executed a definitive agreement with respect to a superior proposal in accordance with the terms of the Merger Agreement, and (ii) paid to Parent the termination fee.

TERMINATION FEES (SEE PAGE 50)

In certain circumstances, the Board of Directors had the right to terminate the Merger Agreement in order to enter into a definitive agreement relating to a superior proposal, as further described in The Merger Agreement Termination of the Merger Agreement. In that event and in certain other specified circumstances, the Merger Agreement provides that we must pay Parent a termination fee of \$18,400,000. See The Merger Agreement Termination Fees and Expenses.

As a result of the receipt by Teavana of the written consent by the Principal Stockholders, this right is no longer operative.

APPRAISAL RIGHTS (SEE PAGE 35)

Stockholders who have properly exercised appraisal rights under Section 262 of the DGCL (and have not withdrawn such exercise or lost such rights) will not have the right to receive the Merger Consideration, but will receive payment in cash for the fair value of their shares of our Common Stock as determined in accordance with Delaware law. The fair value of shares of our Common Stock as determined in accordance with Delaware law

may be more or less than (or the same as) the per share Merger Consideration to be paid to stockholders who choose not to exercise their appraisal rights. Stockholders who wish to exercise appraisal rights must precisely follow specific procedures. These procedures are described in this information statement, and the provisions of Delaware law that grant appraisal rights and govern such procedures are attached as **Annex D** to this information statement. We encourage you to read these provisions carefully and in their entirety.

REGULATORY APPROVALS (SEE PAGE 39)

The Hart-Scott-Rodino Act provides that transactions such as the Merger may not be completed until certain information has been submitted to the Federal Trade Commission and the Antitrust Division of the U.S. Department of Justice and certain waiting period requirements have been satisfied. On November 16, 2012, Teavana and Parent each filed a Notification and Report Form with the Antitrust Division and the Federal Trade Commission and requested an early termination of the waiting period. If the early termination is not granted and a request for additional information by the relevant antitrust authorities is not made, the waiting period will expire at 11:59 p.m. on December 17, 2012.

Under the Merger Agreement, both Teavana and Parent have agreed to use commercially reasonable efforts to obtain all required governmental approvals and avoid any action or proceeding by a governmental entity to the extent necessary, proper or advisable to consummate the Merger. Except as noted above with respect to the required filings under the Hart-Scott-Rodino Act, the expiration of 20 days from the dissemination of this information statement to Teavana's stockholders and the filing of a certificate of merger in Delaware at or before the effective date of the Merger, we are unaware of any material federal, state or foreign regulatory requirements or approvals required for the execution of the Merger Agreement or completion of the Merger or the other transactions contemplated by the Merger Agreement.

Through our online platform, we can target a broader audience of customers and tea enthusiasts who may not live near one of our retail locations. Teas

We provide our customers a diverse selection of over 100 loose-leaf teas from around the world. Our overall tea selection is comprised of approximately 20% single-estate teas and 80% specially blended teas. Our offering is comprised of teas from the following three main groups:

Single-estate teas. Our single-estate teas, which are the teas that originate wholly from an individual tea plantation, estate or garden, are produced from the Camellia Sinensis bush. We offer four types of single-estate teas – white, green, oolong and black – each with its own distinctive characteristics arising from the climate, soil, altitude, growing conditions, when and how the tea is harvested, and the processing method used.

Single-estate blended teas. We offer blends that combine our single-estate teas with spices, herbs, flower petals, essential oils of fruits and other flavorings. We work in close collaboration with third-party blenders to develop our specially blended teas, and spend significant amounts of time perfecting the balance of flavors, aromas and colors to create unique teas that we believe will appeal to our customers.

Herbal blended teas. Herbal teas are not technically teas, as they are not produced from the Camellia Sinensis bush, but are herbal infusions generally made from other sources, such as the Rooibos bush and Honeybush from South Africa, the Maté shrub from Argentina, and other ingredients including

dried fruits, herbs and even flowers. Herbal teas, aside from Mat , are generally caffeine-free and can be brewed individually or blended with other types of tea to create an aromatic and flavorful beverage.

Tea-Related Merchandise

We offer in our stores and through our website a carefully selected assortment of artisanal tea wares and other tea-related merchandise that provides our customers the ability to brew and consume our premium loose-leaf teas and to more broadly experience tea cultures from around the globe. The majority of our tea-related merchandise is Teavana-branded. We also offer a selection of our teas and tea-related merchandise in the form of prepackaged gift sets.

THE MERGER

BACKGROUND

The Board of Directors and senior management of the Company periodically review the Company's long-term strategic plan with a goal of maximizing stockholder value. The Board of Directors explored various alternatives on a preliminary basis, including a possible sale of the Company, before its initial public offering in July 2011, and has continued to review its strategic plans thereafter.

On June 24, 2012, Mr. Howard Schultz, the chairman, president and chief executive officer of Parent, contacted Mr. David Jacquin of North Point, who had advised the Company in the past, to ask whether he believed Mr. Andrew Mack, the CEO of the Company, would be interested in meeting with him.

On August 7, 2012, Mr. Mack met with Mr. Schultz, and they discussed Parent's interest in expanding its presence in the tea category and the possibility that the Company could provide an interesting platform for such a move. Mr. Jacquin of North Point also attended the meeting. No specific proposals were made, but the parties agreed that further discussion was appropriate.

On August 20, 2012, a meeting of the Board of Directors was held with representatives of DLA Piper LLP (US) (DLA Piper), the Company's outside legal counsel, and North Point in attendance. Mr. Mack advised the Board of Directors of his meeting with Mr. Schultz. Mr. Mack indicated that as a result of that meeting Parent had asked North Point to meet with members of the senior management team of Parent to discuss the possible strategic fit between the two companies. Mr. Mack indicated that the matter was at a very preliminary stage and might or might not develop into something of mutual interest. Mr. Mack also requested the approval of the Board of Directors for North Point to act as the Company's financial advisor in the discussions with Parent. Following the presentations and further questions and discussion, the Board of Directors agreed that management should engage in further discussions with Parent using North Point as the Company's financial advisor.

On August 28, 2012, Mr. Jacquin met with Mr. Schultz and Mr. Troy Alstead, the chief financial officer of Parent, in Seattle, Washington. No formal proposals were made, no confidential information was exchanged and the parties discussed on a very preliminary basis the possible benefits of a transaction.

On September 24 and 25, 2012, Messrs. Mack and Jacquin met in Seattle with Messrs. Schultz and Alstead. Also in attendance from Parent were Mr. Bill McNichols, vice president of Corporate Development, and other members of senior management of Parent. At those meetings, Mr. Mack and Mr. Jacquin provided a high level overview of the Company's business. No confidential information was exchanged. Mr. Schultz indicated that the board of directors of Parent likely would discuss the potential for a transaction at an upcoming board meeting.

On September 26, 2012, a meeting of the Board of Directors was held with representatives of North Point and DLA Piper in attendance. Mr. Mack and North Point provided an update on the contacts and meetings with representatives of Parent. Representatives from DLA Piper reviewed with the Board of Directors their duties under Delaware law if the Board of Directors decided to consider a transaction with Parent and the importance of confidentiality. Following the presentations and further questions and discussion, the Board of Directors expressed support for continuing the exploration of a possible transaction with Parent.

Between October 4 and October 6, 2012, Messrs. Mack and Jacquin met with Mr. Schultz and other members of Parent management. On October 8, 2012, Mr. Schultz advised Messrs. Mack and Jacquin that the Parent board of directors supported the interest of Parent in exploring a possible acquisition of the Company.

On October 8, 2012, North Point provided Parent with a draft of a confidentiality agreement to facilitate the exchange of confidential information between the Company and Parent in consideration of a potential transaction. The parties negotiated the terms of the agreement between October 8, 2012 and October 10, 2012.

Table of Contents

On October 9, 2012, a meeting of the Board of Directors was held with representatives of North Point and DLA Piper in attendance. Mr. Mack and North Point provided an update on the contacts with representatives of Parent. Representatives of North Point discussed preliminary valuation methodologies with respect to the Company, procedural considerations for a possible transaction and the Company's competitive landscape. Representatives from DLA Piper reviewed with the Board of Directors their duties under Delaware law with respect to a potential transaction and possible next steps in reaction to a proposal from Parent. Following the presentations and further questions and discussion, the Board of Directors authorized the execution of a confidentiality agreement with Parent.

On October 10, 2012, the Company and Parent entered into a confidentiality agreement.

On October 11, 2012, Mr. McNichols spoke to Mr. Jacquin by telephone and expressed Parent's preliminary interest in an acquisition of the Company, providing an indicative value of \$16.75 in cash per share, subject to due diligence and further financial review as well as negotiation of definitive transaction documents and board approval, among other items. Additionally, he noted Parent's expectation that the significant stockholders of the Company holding approximately 74% of the outstanding shares would act by written consent to adopt the Merger Agreement.

On October 12, 2012, a meeting of the Board of Directors was held with representatives of North Point and DLA Piper in attendance. At the meeting, North Point informed the Board of Directors of the preliminary indication of value that Parent had provided. North Point informed the Board that Parent had noted the feasibility of completing the transaction by year end and the potential benefit to stockholders of the Company given the taxable nature of the transaction. Following further questions and discussion, the Board of Directors decided to review internal valuation assumptions and models in order to determine an appropriate response.

On October 12, 2012, Parent provided an initial request list of due diligence information to the Company.

On October 15, 2012, the Company's electronic data room was opened, and Parent was provided access. Thereafter, Parent conducted its due diligence review of the Company.

On October 16, 2012, a meeting of the Board of Directors was held with representatives of North Point and DLA Piper in attendance. North Point discussed the valuation work that had been done to date, which was supplemented with analysis by Mr. Barron Fletcher, a member of the Company's Board of Directors and a representative of SKM, one of the Company's large stockholders. North Point also summarized their conversations with representatives of Parent. The Board of Directors discussed the Company's prospects as an independent company, including market conditions, the competitive landscape and its financial performance, as well as other strategic alternatives that the Company could explore. After discussion and deliberation, the Board of Directors authorized North Point to indicate to Parent that the Company would consider a transaction in the range of \$21.00 per share, subject to board approval, negotiation of definitive agreements and further validation of the appropriate price. The Board of Directors also approved the formal engagement of North Point as the Company's financial advisor and discussed the potential benefits of engaging a second investment bank to render a fairness opinion in connection with any such transaction.

Following the meeting of the Board of Directors of the Company, Mr. Jacquin conveyed to Mr. McNichols the Board of Directors' perspective on valuation. Mr. McNichols responded with an indicative value of \$17.00 per share in cash, noting that there was no room to go beyond that price and that the proposed value was still subject to due diligence and further financial review, as well as negotiation of definitive transaction documents and board approval. Mr. McNichols further noted Parent's ability to move on an accelerated timeline which would make a closing by calendar year end feasible.

On October 17, 2012, a meeting of the Board of Directors was held with representatives of North Point and DLA Piper in attendance. North Point updated the Board of Directors with respect to recent conversations with Parent. The Board of Directors again discussed the benefits and risks of remaining an independent company in

Table of Contents

light of the certainty of value provided by a potential all-cash transaction with Parent, as well as other strategic alternatives the Company could explore. The Board of Directors discussed the fact that the price offered by Parent could be compelling to stockholders, particularly given current market conditions and competitive challenges faced by the Company. After further discussion and deliberation, the Board of Directors authorized North Point to notify Parent that the Company was willing to remain engaged in conversations with Parent with respect to a potential transaction at \$17.00 per share. The Board of Directors also agreed to continue to consider all options, including remaining as an independent company, and instructed North Point and senior management to explore other third party alternatives and determine an appropriate strategy for determining whether there were alternative financial or strategic buyers who would be interested in acquiring the Company at a price competitive with the proposal from Parent. North Point noted, and the Board of Directors discussed, that financial buyers likely would not be interested at pricing multiples within the range contemplated by Parent's offer, and that Parent was the most logical strategic buyer. Potential targets were discussed, and the Board of Directors asked North Point to work with Messrs. Mack and Fletcher to determine the most appropriate financial and strategic buyers to be approached.

After the meeting on October 17, 2012, North Point and Messrs. Mack and Fletcher reviewed and assessed possible third party alternatives to Parent, and based on that assessment, the Board of Directors asked North Point to reach out to five potential financial buyers, as well as five potential strategic buyers viewed as the ones most likely to have an interest in a transaction with the Company at a price range that would be competitive with Parent. Between October 18, 2012 and October 25, 2012, North Point reached out to the five financial buyers, discussed the opportunity with each of them and solicited their interest in entering into a confidentiality agreement and receiving detailed information concerning the Company. One financial buyer requested a confidentiality agreement and the Company negotiated and entered into a confidentiality agreement with that potential buyer. The other financial buyers all advised that based on publicly available information and the discussions with North Point they did not have an interest in pursuing a transaction. In addition, the financial buyer who executed the confidentiality agreement also concluded on further analysis not to pursue a transaction and did not engage in any significant due diligence.

North Point also sought out five strategic buyers to determine their interest in a possible transaction as during the period from October 18, 2012 through the signing of the Merger Agreement. One strategic buyer immediately indicated that it was not interested in a transaction. On November 1, 2012, Piper Jaffray was engaged to assist North Point in the outreach to the additional four strategic buyers and through Piper Jaffray contact was made with each of those potential strategic buyers. Three of the strategic buyers indicated that they had no interest in pursuing a transaction. One potential strategic buyer indicated it was unlikely that it would have an interest and did not respond to additional inquiries by Piper Jaffray through the date the Merger Agreement was signed.

On October 20, 2012, Cravath, Swaine & Moore LLP (Cravath), counsel for Parent, provided a draft Merger Agreement to DLA Piper and the Company for review.

On October 22, 2012, Cravath and DLA Piper engaged in a high level discussion of structural elements of the Merger Agreement and whether to structure the transaction as a merger with a stockholder consent or a tender offer and merger.

Between October 22 and October 24, 2012, Parent conducted on-site due diligence at the Company's headquarters in Atlanta and at its distribution center in Stratford, Connecticut. During the course of these meetings, management presentations were made to representatives of Parent. Also during this period DLA Piper and Cravath engaged in discussions regarding the draft Merger Agreement.

On October 24, 2012, DLA Piper provided revisions to the draft Merger Agreement, which included significant comments on the representations and warranties, pre-closing covenants, deal protection terms, termination fees and expenses, post-closing employee covenants and closing conditions.

On October 25, 2012, a meeting of the Board of Directors was held with representatives of North Point and DLA Piper in attendance. North Point updated the Board of Directors on recent developments with respect to the potential transaction with Parent and reviewed the diligence meetings that had taken place with Parent. The

Table of Contents

Board of Directors also discussed the recent weakness in the Company's stock price. North Point also reported on the efforts to date with respect to other potential interested buyers. A representative of DLA Piper updated the Board of Directors on the status of negotiations related to the Merger Agreement, reviewed the material terms of the Merger Agreement and the structure of the transaction, including the stockholder consent process, and responded to questions from the Board of Directors. At the meeting, the Board of Directors also authorized the engagement of Piper Jaffray to provide a fairness opinion in connection with a possible transaction.

On October 26, 2012, Cravath provided a revised draft of the Merger Agreement that modified certain representations and warranties, certain provisions of the pre-closing covenants regarding the Company's operations, conditions to closing and the amount of any termination fee or expense reimbursement. In this draft of the Merger Agreement, Parent also proposed that Mr. Mack and his spouse enter into three-year non-competition and non-solicitation agreements at the time of the execution of the Merger Agreement, a proposal which was ultimately accepted.

On October 30, 2012, a meeting of the Board of Directors was held with representatives of North Point and DLA Piper in attendance. North Point updated the Board of Directors on the progress of negotiations with Parent, including updates based on Parent's due diligence of its views regarding potential integration costs. North Point also indicated Parent's desire to take more time to complete its due diligence efforts. North Point also provided an update on the exploration of other third party alternatives.

On November 2, Mr. McNichols informed Mr. Jacquin that, based on its ongoing due diligence and financial analysis of the transaction, Parent had concluded that integration costs would be higher than had been expected, and accordingly it was no longer prepared to pursue a transaction at \$17.00 per share.

On November 3, 2012, Mr. McNichols told Mr. Jacquin that Parent would be prepared to proceed with a transaction with Teavana at a price of \$15.00 per share, including a request for an escrow of funds from certain stockholders to cover certain potential costs of Teavana in connection with the proposed transaction.

On November 5 and November 7, 2012, informal calls were held with members of the Board of Directors who were updated regarding the status of the negotiations and discussions between the Company and Parent. During these calls board members agreed that Mr. Mack should continue to discuss pricing terms with Parent. Also on November 5, the Company stopped further due diligence activities with Parent pending further discussion regarding pricing terms.

On November 6, 2012, Messrs. Mack and Jacquin met with Mr. Schultz and other members of Parent management to discuss the status of the transaction. At that meeting, Mr. Mack stated that the Company could not accept Parent's proposal of \$15.00 per share with an escrow for certain stockholders. Mr. Schultz then reiterated that Parent was not prepared to move forward with a transaction at \$17.00 per share, and that Parent's best and final offer was \$15.50 per share to all stockholders with a \$10 million escrow deposit from Mr. Mack and other significant stockholders. Discussion occurred regarding these matters. Messrs. Mack and Jacquin left without any agreement on a course of action.

On November 7 and November 8, 2012, further conversations occurred between Mr. Jacquin and Mr. McNichols as to whether there was any potential for movement on price, and Mr. McNichols reiterated that Parent was unwilling to pay more than \$15.50 per share. Mr. McNichols noted that Parent did have some flexibility on the terms of the Merger Agreement, making concessions relating to the closing condition on accuracy of representations and warranties and agreeing to a material adverse effect standard to provide additional closing certainty.

On November 9, 2012, a meeting of the Board of Directors was held with representatives of North Point and DLA Piper in attendance. Mr. Mack and North Point updated the Board of Directors on recent developments since the update calls that occurred on November 5, 2012 and November 7, 2012. North Point reviewed discussions regarding Parent's proposed revised price of \$15.50 per share, which would also include a \$10 million escrow applicable to certain significant stockholders, but not the public stockholders. The Board of Directors also received an update on the exploration of other third party alternatives. After questions and further discussion, the Board of Directors supported continuing negotiations with Parent to determine if a definitive agreement could be reached.

Table of Contents

On November 9, 2012, DLA Piper sent a revised draft of the Merger Agreement that included revisions to, among other things, the representations and warranties, conditions to closing and the amount of any termination fee and expense reimbursement.

Between November 9 and November 14, 2012, multiple drafts of the Merger Agreement were exchanged between DLA Piper and Cravath to finalize the terms of the transaction, including a separate agreement establishing an escrow fund from the Principal Stockholders and certain executives of the Company. Independent counsel was retained by the Principal Stockholders to negotiate the escrow agreement and the non-competition agreements with Mr. Mack and his spouse.

On November 11, 2012, the Board of Directors of Parent approved entry into the Merger Agreement.

During the day on November 13, 2012, the Board of Directors convened to consider the terms of Parent's revised Merger Agreement. At the meeting were representatives from Piper Jaffray, North Point and DLA Piper. North Point and Piper Jaffray summarized the current status of the exploration of other third party alternatives. Piper Jaffray then reviewed its preliminary assessment with respect to the fairness of the consideration proposed to be received by stockholders in the transaction. Representatives of DLA Piper then reviewed the status of the negotiations and the revised terms of the Merger Agreement and reviewed with the Board of Directors their fiduciary duties in the context of the transaction being considered. Following discussions and questions from the Board of Directors, DLA Piper reviewed the proposed board resolutions to be considered in connection with the transaction. The Board further reviewed the exploration of other third party alternatives conducted and concluded that there were no other viable acquirors for the Company, particularly at the price level indicated by Parent and the degree of deal certainty offered by Parent. North Point and Piper Jaffray concurred in this judgment based on their analysis of market conditions, their interaction with the potential financial and strategic buyers and their assessment of the price being offered by Parent. The Board of Directors discussed the significant risk of losing the opportunity with Parent in the event of delay. The Board of Directors took no action at this time pending completion of all negotiations of the transaction documents.

On the afternoon of November 14, 2012, the Board of Directors, together with the Company's legal and financial advisors, convened a meeting. All of the members of the Board of Directors were in attendance. DLA Piper updated the Board of Directors on the course of final negotiations relating to the Merger Agreement and all related agreements, and Piper Jaffray updated the Board of Directors on its financial analyses. Piper Jaffray then rendered its opinion to the Board of Directors to the effect that, as of November 14, 2012 and based upon and subject to the various assumptions made, procedures followed, matters considered and limitations on the review undertaken as set forth in the opinion, the consideration of \$15.50 per share in cash proposed to be received by the holders of shares of Company Common Stock pursuant to the Merger was fair, from a financial point of view, to such holders. Following questions by the members of the Board of Directors to representatives of Piper Jaffray and DLA Piper, and further discussion among the members of the Board of Directors, the Board of Directors then unanimously determined that it was advisable, fair to and in the best of interests of the Company and its stockholders to enter into the Merger Agreement and to consummate the transactions contemplated thereby and approved, and authorized the execution and delivery of, the Merger Agreement in the form presented to the Board of Directors. After the approval, the meeting adjourned.

DLA Piper informed Cravath that the Company's Board of Directors had approved the Merger Agreement and related transactions. The parties completed the Merger Agreement and related documents and signature pages thereafter were exchanged and released. The written consent of the Principal Stockholders was delivered thereafter. The parties announced the transaction in a joint press release at approximately 3:00 p.m. on November 14, 2012.

REQUIRED APPROVAL OF THE MERGER; WRITTEN CONSENT

Under Section 251 of the DGCL, the approval of Teavana's Board of Directors and the affirmative vote of a majority of Teavana's Common Stock outstanding and entitled to vote are required to approve and adopt the Merger Agreement and the Merger. Teavana's Board of Directors has previously approved the Merger Agreement and the Merger.

Table of Contents

Under Delaware law and Teavana's Second Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws, the approval of Teavana's stockholders may be provided by written consent of the stockholders holding a majority of the voting power of the outstanding shares of Common Stock. On November 14, 2012, the Principal Stockholders, which collectively owned on such date, shares of Common Stock representing approximately 74% of the total number of shares of Common Stock outstanding and entitled to vote on the adoption of the Merger Agreement, delivered a written consent to the adoption of the Merger Agreement. Such written consent constituted adoption of the Merger Agreement by the holders of the requisite number of shares of Common Stock of the Company in accordance with Section 251 of the DGCL. This means that the Merger can occur without the vote of any other Teavana stockholders and there will not be a meeting of Teavana stockholders at which you will be asked to vote on the adoption of the Merger Agreement.

Federal securities laws state that the Merger may not be completed until 20 days after the date of mailing of this information statement to Teavana stockholders. Therefore, notwithstanding the execution and delivery of the written consent, the Merger will not occur until that time has elapsed. We expect the Merger to close on or before December 31, 2012, subject to certain government regulatory reviews and approvals; however, there is no assurance that the Merger will close at that time, or at all.

RECORD DATE

On November 14, 2012, the record date for determining stockholders entitled to act by written consent with respect to the adoption of the Merger Agreement, there were 38,777,893 shares of Common Stock outstanding and entitled to vote. Each share of our Common Stock issued and outstanding is entitled to one vote. This is the date used for determining the number of shares of Teavana stock outstanding and therefore necessary to adopt the Merger Agreement.

As of November 14, 2012, the Company received the written consent adopting and approving the Merger Agreement and the Merger executed by the holders of the requisite number of shares of Common Stock in accordance with Section 251 of the DGCL. You may be receiving this information statement because you owned shares of our Common Stock on November 14, 2012. This is the date used for determining the stockholders entitled to receive notice of the action by written consent.

RECOMMENDATION OF OUR BOARD OF DIRECTORS

On November 14, 2012, at a special meeting of our Board of Directors, after careful consideration, our Board of Directors unanimously:

approved and declared advisable the Merger Agreement, the Merger and the other transactions contemplated by the Merger Agreement;

declared that it was in the best interests of the Company's stockholders that the Company enter into the Merger Agreement and consummate the Merger and the other transactions contemplated by the Merger Agreement on the terms and subject to the conditions set forth in the Merger Agreement;

declared that the Merger Consideration is fair to the Company's stockholders; and

recommended that the Company's stockholders adopt the Merger Agreement.

REASONS FOR THE MERGER

The Board of Directors, at a meeting held on November 14, 2012, unanimously approved and declared advisable the Merger Agreement, the Merger and the other transactions contemplated by the Merger Agreement, and declared that it was in the best interests of the Company's stockholders that the Company enter into the Merger Agreement and consummate the Merger. The Board of Directors made its determination after consultation with its independent legal and financial advisors and consideration of a number of factors.

Table of Contents

In reaching its determination, the Board of Directors consulted with Company management and its independent financial and legal advisors and considered a number of potentially positive factors, including the following:

Historical Trading Price. The Board of Directors considered the fact that the \$15.50 per share Merger Consideration represented a premium of approximately 53.0% to the stock price of \$10.13 on November 13, 2012, the last full trading day before announcement of the Merger. The Merger Consideration represents a premium of approximately 37.9% to the 30-day average closing price of \$11.24 for the 30 days ended November 13, 2012, a 26.9% premium to the 60-day average closing price of \$12.21 for the 60 days ended November 13, 2012 and a 53.0% premium to the 52-week low of \$10.13 per share on November 13, 2012.

Teavana's Business Condition and Prospects. The Board of Directors considered information with respect to Teavana's financial condition, results of operations, business and earnings prospects in light of various factors, including Teavana's current and anticipated near-term operating results and the competitive dynamics of Teavana's product offerings. The Board of Directors considered other strategic alternatives reasonably available to the Company, including the prospect of continuing to operate as an independent company and the possibility of growing its business through acquisitions and internal growth. In that connection, the Board of Directors reviewed financial materials prepared by management and management's concerns that current and projected challenging economic and market conditions create uncertain conditions for the Company's future business. The Board of Directors considered this information in the context of Teavana's risk profile if it were to remain an independent company, taking into account the potential benefits, risks and uncertainties associated with that course of action.

Merger Consideration. The Board of Directors considered the fact that the Merger Consideration is payable in cash, which provides liquidity and certainty of value to holders of shares of Common Stock immediately upon the closing of the Merger in comparison to the risks and uncertainty that would be inherent in continuing to operate as an independent company and executing the Company's business plan. The Board also considered the fact that all holders of shares of Common Stock (other than (i) those shares with respect to which appraisal rights are properly exercised and (ii) shares held by Parent, Merger Sub or the Company, if any) will receive the same form and amount of consideration per share of Common Stock in connection with the Merger and that the Principal Stockholders will not be paid a control premium and (together with certain executives of Teavana) will escrow a portion of their proceeds to cover certain potential costs of Teavana arising in connection with the closing of the Merger.

Process. The Board of Directors took into account the process that Teavana and its advisors had conducted prior to the signing of the Merger Agreement, which involved active assessment by the Board of Directors of potential alternative bidders and initiating contact with a selection of 10 strategic buyers and financial sponsors that the Board of Directors and its advisors believed would potentially have an interest in acquiring Teavana. The sale process did not result in any significant interest on the part of any strategic buyer or financial sponsor to acquire the Company at a price competitive with the price obtained from or proposed by Parent. The Board of Directors also considered the negotiating process with Parent and its belief that the Company obtained the highest price per share of Common Stock that Parent was willing to pay as a result of the extensive negotiations between the Company and its legal and financial advisors, on the one hand, and Parent and its legal advisors, on the other hand.

Opinion of and Input of Teavana's Financial Advisors. The Board of Directors considered the financial analysis presented by Piper Jaffray and its oral opinion (which was subsequently confirmed in writing) that, as of November 14, 2012, and based on and subject to the factors and assumptions to be set forth in its written opinion, the \$15.50 per share in cash to be received by the holders of shares of Common Stock pursuant to the Merger Agreement is fair, from a financial point of view, to such holders, as more fully described in the subsection entitled *Opinion of Teavana's Financial Advisor*. The Board of Directors also considered the input from North Point that in its view the price obtained represented the best price available to the Company at this time.

Support of the Principal Stockholders. The Board of Directors considered the support of the Principal Stockholders, which controlled approximately 74% of the aggregate voting power of shares of Common Stock, as evidenced by their willingness to execute and deliver a written consent adopting and approving the Merger Agreement and the Merger.

Edgar Filing: Teavana Holdings Inc - Form PREM14C

Nature of Principal Stockholders. The Board of Directors considered the fact that the Principal Stockholders could eventually decide to divest their holdings in the Company, and the possibility that

Table of Contents

such sale could relate only to their own stake, in lieu of a sale transaction in which all stockholders would be entitled to participate, and the Board of Directors' belief that such a sale alone by the Principal Stockholders could potentially impact the economic interests of our minority stockholders.

Escrowed Funds. The Board of Directors considered the willingness of the Principal Stockholders, as well as certain executives of Teavana, to place \$10 million of proceeds from the sale of their shares and cancellation of their options pursuant to the Merger into escrow to cover certain potential costs of Teavana arising in connection with the closing of the Merger. The public stockholders are not subject to the escrow arrangement and accordingly will not have their proceeds reduced thereby.

Prompt Closing. The Board of Directors considered the potential for a prompt completion of the Merger, which presented the possibility of favorable tax treatment to stockholders if the transaction is completed before the end of the year. The Board of Directors also considered the risk of losing the opportunity with Parent in the event of any delay.

Appraisal Rights. The Board of Directors considered the availability of appraisal rights to the stockholders of the Company who are entitled to such rights and who comply with all of the requirements set forth in Section 262 of the DGCL for exercising such rights, which allow such holders to seek appraisal of the fair value of their shares of our Common Stock as determined by the Court of Chancery of the State of Delaware in lieu of receiving the Merger Consideration.

Terms of the Merger Agreement. The Board of Directors considered the terms of the Merger Agreement, as reviewed with its legal advisors, including:

The fact that Parent's obligation to complete the Merger is not subject to any financing condition.

The fact that the provisions of the Merger Agreement provide the Company with sufficient operating flexibility to conduct its business in the ordinary course of business consistent with past practice between signing the Merger Agreement and the closing of the Merger.

The Board of Directors also determined that the following factors increased the likelihood that the Merger would be completed:

the fact that the consent of the Principal Stockholders, who had been involved with the negotiation process, was sufficient to adopt the Merger Agreement without the need for a meeting of stockholders;

the Company's ability, under certain circumstances, to seek specific performance to prevent breaches of the Merger Agreement by Parent and Merger Sub and to enforce specifically the terms of the Merger Agreement, including enforcing Parent's obligation to consummate the Merger;

the fact that while the closing of the Merger is subject to antitrust clearance, the Board of Directors did not expect there to be significant antitrust or other regulatory impediments to the closing of the Merger;

the experience, reputation and financial capability of Parent; and

Edgar Filing: Teavana Holdings Inc - Form PREM14C

the limited conditions to the Closing and the fact that the satisfaction of those conditions was, in the view of the Board of Directors, likely attainable by December 31, 2012.

The Board of Directors also considered certain uncertainties, risks and potentially negative factors, including, but not limited to, the following:

Potential Inability to Complete the Merger. The Board of Directors considered the fact that, while the Company expected the Merger to be consummated if stockholder approval was obtained and that it would likely be obtained through the consent process, (i) there could be no assurance at that time that such stockholder consent would be delivered and (ii) there can be no assurance that all conditions to the parties' obligations to complete the Merger will be satisfied or waived, and as a result, it is possible that the Merger may not be completed. In that connection, the Board of Directors considered the fact that the Company's business, sales, operations and financial results could suffer in the event the Merger is not consummated, and that the Company's stock price would likely be adversely affected.

Table of Contents

Limitation on Alternative Proposals. The Board of Directors considered the fact that under the Merger Agreement, the Board would be unable to solicit, initiate, encourage or take any other action to knowingly facilitate a takeover proposal from a third party, subject to certain exceptions that expired upon delivery by the Principal Stockholders to Teavana of a written consent.

No Participation in Future Growth. The Board of Directors considered the fact that the \$15.50 price per share will represent the maximum price per share receivable by Teavana stockholders pursuant to the Merger Agreement (subject to appraisal rights under Delaware law), and that Teavana will cease to be a public company and its stockholders will no longer participate in any future earnings or growth of Teavana and therefore will not benefit from any appreciation in the Company's value, including any appreciation in value that could be realized as a result of improvements to operations.

Written Consent of Stockholders. The Board evaluated the fact that, as a condition to entering into the Merger Agreement, Parent required that the Merger Agreement include a provision permitting Parent to terminate the Merger Agreement and be reimbursed for Parent's expenses if the Principal Stockholders failed to execute and deliver the Written Consent of Stockholders by 6 a.m. on the day following the execution of the Merger Agreement.

Interim Operating Covenants. The Board of Directors considered the fact that, although the Company will continue to exercise control and supervision over its operations prior to closing, the Merger Agreement prohibits the Company from taking a number of actions relating to the conduct of its business prior to the Closing without Parent's consent, which may delay or prevent the Company from undertaking business opportunities that may arise during the pendency of the Merger, whether or not the Merger is completed.

Pendency of Consummation. The Board of Directors considered the fact that the announcement and pendency of the Merger, or failure to complete the Merger, may cause harm to the Company's relationships with its employees (including making it more difficult to attract and retain key personnel), vendors and customers and may divert employees' attention away from the Company's day-to-day business operations.

Stock Price. The Board of Directors considered the fact that while the Merger Consideration of \$15.50 per share represented a premium of approximately 53.0% to the closing price of the Company's Common Stock on November 13, 2012, the last full trading day prior to the execution of the Merger Agreement, the Common Stock had traded at higher prices during the course of the prior year and had received a price of \$17.00 per share in its initial public offering on July 28, 2011. The Merger Consideration represents a discount of approximately 40.5% to the 52-week high of \$26.03 per share on February 28, 2012.

Termination Fee. The Board of Directors took into account the \$18.4 million termination fee payable to Parent if the Merger Agreement is terminated under certain circumstances.

Expense Reimbursement. The Board of Directors considered the requirement that the Company reimburse Parent for up to \$3.5 million of its and its affiliates' out-of-pocket expenses in connection with the Merger if the Merger Agreement is terminated under certain circumstances, including the failure of the Principal Stockholders to deliver their written consent adopting and approving the Merger Agreement and the Merger.

Potential for Litigation. The Board of Directors considered the possible effects of the pendency or consummation of the transactions contemplated by the Merger Agreement, including any suit, action or proceeding in respect of the Merger Agreement or the transactions contemplated by the Merger Agreement.

Table of Contents

Taxability. The Board of Directors considered that any gain from an all-cash transaction such as the Merger will be a taxable transaction to Teavana's stockholders for U.S. federal income tax purposes.

Expenses. The Board recognized the fact that the Company has incurred and will incur substantial expenses related to the transactions contemplated by the Merger Agreement, regardless of whether the Merger is consummated.

Interests of Teavana's Directors and Executive Officers. The Board of Directors was aware of and considered the interests that the Company's directors and executive officers may have with respect to the Merger that differ from, or are in addition to, their interests as stockholders of the Company generally, as described in the section entitled "Interests of Directors and Executive Officers in the Merger."

The foregoing discussion of the information and factors considered by the Board of Directors is not intended to be exhaustive but includes the material factors considered by the Board of Directors. In view of the complexity and wide variety of factors considered, the Board of Directors did not find it useful to and did not attempt to quantify, rank or otherwise assign weights to these factors. In addition, the Board of Directors did not undertake to make any specific determination as to whether any particular factor, or any aspect of any particular factor, was favorable or unfavorable to its ultimate determination, but rather the Board of Directors conducted an overall analysis of the factors described above, including discussions with Teavana's management and its financial and legal advisors. In considering the factors described above, individual members of the Board of Directors may have given different weights to different factors.

After considering these factors, the Board of Directors concluded that the positive factors relating to the Merger Agreement and the Merger outweighed the potential negative factors and declared the advisability of the Merger Agreement and the Merger based upon the totality of the information presented to and considered by it.

OUR BOARD OF DIRECTORS APPROVED AND DECLARED ADVISABLE THE MERGER AGREEMENT AND THE MERGER AND RECOMMENDED THAT OUR STOCKHOLDERS ADOPT THE MERGER AGREEMENT.

OPINION OF TEAVANA'S FINANCIAL ADVISOR

The Company retained Piper Jaffray to render a fairness opinion to the Company's Board of Directors in connection with the Merger. On November 14, 2012, Piper Jaffray delivered its oral opinion, subsequently confirmed in writing, to the Board of Directors that, based on and subject to the limitations and assumptions stated in the opinion, as of the date of the opinion the Merger Consideration to be received by the holders of the Company Common Stock pursuant to the Merger Agreement is fair, from a financial point of view, to such holders. Piper Jaffray understands that the Principal Stockholders agreed to have a portion of their Merger Consideration placed in escrow for release upon satisfaction of certain conditions and for purposes of rendering its opinion, Piper Jaffray assumed that the Principal Stockholders would receive their Merger Consideration on the same terms as the other holders of Company Common Stock and that no portion of their Merger Consideration would be subject to escrow.

The full text of Piper Jaffray's written opinion dated November 14, 2012, which contains the assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached as **Annex C** to this information statement and is incorporated herein by reference. The following is a summary of the material financial analyses performed by Piper Jaffray in connection with the preparation of its fairness opinion, which was reviewed with, and formally delivered to, the Company's Board of Directors at a meeting held on November 13, 2012, and confirmed at a subsequent meeting held on November 14, 2012. The preparation of analyses and a fairness opinion is a complex analytic process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. Therefore, this summary does not purport to be a complete description of the analyses performed by Piper Jaffray or of its presentation to the Board of Directors on November 13, 2012, subsequently confirmed on November 14, 2012.

This summary includes information presented in tabular format, which tables must be read together with the text of each analysis summary and considered as a whole in order to fully understand the financial analyses presented by Piper Jaffray. The tables alone do not constitute a complete summary of the financial analyses. The order in which these analyses are presented below, and the results of those analyses, should not be taken as an indication of the relative importance or weight given to these analyses by Piper Jaffray or the Company's Board of Directors. Except as otherwise noted, the following quantitative information, to the extent that it is based on market data, is based on market data as it existed on or before November 9, 2012, and is not necessarily indicative of current market conditions.

For purposes of its analyses, Piper Jaffray calculated (i) the Company's equity value implied by the Merger to be approximately \$613.4 million, based on approximately 39,576,211 fully-diluted shares of Common Stock outstanding as of October 24, 2012, calculated using the treasury stock method and the Merger

For the selected public companies analysis, Piper Jaffray compared valuation multiples for the Company derived from the Merger Consideration and the Company's last 12 months (LTM) revenue and LTM EBITDA (calculated throughout as earnings before interest, taxes, depreciation and amortization), as well as the Company's management projections for 2012-2017 revenue, EBITDA and Net Income, to valuation multiples for the selected public companies derived from their closing prices per share on November 9, 2012, and LTM revenue and LTM EBITDA, as well as consensus projections for calendar year 2012 and 2013 revenue, EBITDA and Net Income.

Projected calendar year 2012 and calendar year 2013 revenue, EBITDA, and Net Income for the selected public companies were based on equity research analyst consensus estimates.

Piper Jaffray calculated the ratio of implied EV to: (i) LTM revenue, (ii) LTM EBITDA and (iii) LTM EBIT. Piper Jaffray also calculated the ratio of the implied equity value to the LTM Net Income. Piper Jaffray then compared the results of these calculations with similar calculations for the Company based on the Merger Consideration.

The selected transactions analysis showed that, based on the estimates and assumptions used in the analysis, the implied valuation multiples of the Company based on the Merger Consideration were within or above the range of valuation multiples of the selected transactions when comparing the ratio of (i) the implied EV to LTM revenue, (ii) the implied EV to LTM EBITDA, (iii) the implied EV to LTM EBIT, and (iv) the implied equity value to the LTM Net Income.

The analysis indicated the following multiples:

	Selected M&A Transactions				
	Company(1)	Minimum	Mean	Median	Maximum
Implied EV to LTM Revenue (2)	3.3x	0.2x	1.1x	0.9x	2.5x
Implied EV to LTM EBITDA (2)	17.4x	6.1x	9.2x	8.5x	22.2x
Implied EV to LTM EBIT (2)(3)	21.7x	7.9x	16.6x	14.5x	34.5x
Implied Equity Value to LTM Net Income (2)(4)	36.6x	16.6x	26.9x	20.3x	59.5x

- (1) Based on the Merger Consideration.
- (2) LTM for the selected transactions is based on latest publicly reported financial results. For the Company, LTM was as of July 29, 2012.
- (3) Piper Jaffray omitted EBIT results of two selected transactions in which the target company was undergoing restructuring and impairment charges or experiencing operational distress, resulting in multiples that were negative or not meaningful, and deemed misleading.
- (4) Piper Jaffray omitted Equity Value to LTM Net Income results of five selected transactions in which the target company was undergoing restructuring and impairment charges or experiencing operational distress, resulting in multiples that were negative or not meaningful, and deemed misleading.

Premiums Paid Analysis

Piper Jaffray reviewed publicly available information for selected announced and completed or pending merger transactions to determine the premiums paid in the transactions over recent trading prices of the target

companies prior to announcement of the transaction. Piper Jaffray selected these transactions based on the following criteria:

transactions announced after January 1, 2006;

targets in broad-based consumer industries, including retail, food and beverage, restaurants, apparel, consumer products and consumer services; and

EV between \$250 million and \$4 billion.

Piper Jaffray performed its analysis on approximately 55 transactions that satisfied these criteria, and the table below shows a comparison of premiums paid in these transactions to the premium that would be paid to the Company's stockholders based on the Merger Consideration.

	Selected Premiums Paid based on Enterprise Value				
	Company(1)	Minimum	Mean	Median	Maximum

Discounted Cash Flows Analysis

Using a discounted cash flows analysis, Piper Jaffray calculated an estimated range of theoretical values for the Company using the Company's Base Case Forecast and Upside Case Forecast described below under *The Merger Summary of Teavana's Projections*, based on the net present value of (i) implied free cash flows from July 29, 2012 through fiscal year 2017; and (ii) a terminal value at fiscal year 2017 based upon a multiple of EBITDA consistent with transaction analysis multiples. The free cash flows for each year were calculated from the Company's projections as operating income less taxes plus depreciation and amortization, less capital expenditures, plus/less change in net working capital. Using the Company's Base Case Forecast, Piper Jaffray calculated the range of net present values based on terminal value multiples ranging from 7.0x to 9.0x and discount rates ranging from 11.0% to 16.0%, based on a weighted average cost of capital analysis, which was adjusted upward to account for small Company premiums as provided by Ibbotson and inherent business risk relative to the Company, and an assumed tax rate of 40.5% through 2017. This analysis resulted in implied per share values of the Company's Common Stock ranging from a low of \$10.84 per share to a high of \$16.18 per share. Using the Company's Upside Case Forecast, Piper Jaffray calculated the range of net present values based on terminal value multiples ranging from 8.0x to 10.0x and discount rates ranging from 11.0% to 16.0%, based on a weighted average cost of capital analysis, which was adjusted upward to account for small Company premiums as provided by Ibbotson and inherent business risk relative to the Company, and an assumed tax rate of 40.5% through 2017. This analysis resulted in implied per share values of the Company's Common Stock ranging from a low of \$14.98 per share to a high of \$22.53 per share. Piper Jaffray observed that the Merger Consideration was within the range of values derived from this analysis.

Miscellaneous

The summary set forth above does not contain a complete description of the analyses performed by Piper Jaffray, but does summarize the material analyses performed by Piper Jaffray in rendering its opinion. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Piper Jaffray believes that its analyses and the summary set forth above must be considered as a whole and that selecting portions of its analyses or of the summary, without considering the analyses as a whole or all of the factors included in its analyses, would create an incomplete view of the processes underlying the analyses set forth in the Piper Jaffray opinion. In arriving at its opinion, Piper Jaffray considered the results of all of its analyses and did not attribute any particular weight to any factor or analysis. Instead, Piper Jaffray made

Table of Contents

its determination as to fairness on the basis of its experience and financial judgment after considering the results of all of its analyses. The fact that any specific analysis has been referred to in the summary above is not meant to indicate that this analysis was given greater weight than any other analysis. In addition, the ranges of valuations resulting from any particular analysis described above should not be taken to be Piper Jaffray's view of the actual value of the Company.

No company or transaction used in the above analyses as a comparison is directly comparable to the Company or the Merger and the other transactions contemplated by the Merger Agreement. Accordingly, an analysis of the results of the comparisons is not mathematical; rather, it involves complex considerations and judgments about differences in the companies and transactions to which the Company and the Merger were compared and other factors that could affect the public trading value or transaction value of the companies involved.

Piper Jaffray performed its analyses solely for purposes of providing its opinion to the Company's Board of Directors. In performing its analyses, Piper Jaffray made numerous assumptions with respect to industry performance, general business and economic conditions and other matters. Certain of the analyses performed by Piper Jaffray are based upon forecasts of future results furnished to Piper Jaffray by the Company's management, which are not necessarily indicative of actual future results and may be significantly more or less favorable than actual future results. These forecasts are inherently subject to uncertainty because, among other things, they are based upon numerous factors or events beyond the control of the parties or their respective advisors. Piper Jaffray does not assume responsibility if future results are materially different from forecasted results.

Piper Jaffray relied upon and assumed, without assuming liability or responsibility for independent verification, the accuracy and completeness of all information that was publicly available or was furnished, or otherwise made available, to Piper Jaffray or discussed with or reviewed by Piper Jaffray. Piper Jaffray further relied upon the assurances of the Company's management that the financial information provided to Piper Jaffray was prepared on a reasonable basis in accordance with industry practice, and that the Company's management was not aware of any information or facts that would make any information provided to Piper Jaffray incomplete or misleading. Without limiting the generality of the foregoing, for the purpose of Piper Jaffray's opinion, Piper Jaffray assumed that with respect to financial forecasts, estimates and other forward-looking information reviewed by Piper Jaffray, that such information was reasonably prepared based on assumptions reflecting the best currently available estimates and judgments of the Company's management as to the expected future results of operations and financial condition of the Company. Piper Jaffray expressed no opinion as to any such financial forecasts, estimates or forward-looking information or the assumptions on which they were based. Piper Jaffray relied, with the Company's consent, on advice of the outside counsel and the independent registered public accounting firm to the Company, and on the assumptions of the Company's management, as to all accounting, legal, regulatory, tax and financial reporting matters with respect to the Company and the Merger Agreement. Piper Jaffray's opinion does not address any accounting, legal, regulatory, tax and financial reporting matters.

In arriving at its opinion, Piper Jaffray assumed that the executed Merger Agreement was in all material respects identical to the last draft reviewed by Piper Jaffray. Piper Jaffray relied upon and assumed, without independent verification, that (i) the representations and warranties of all parties to the Merger Agreement and all other related documents and instruments that are referred to therein were true and correct, (ii) each party to such agreements would fully and timely perform all of the covenants and agreements required to be performed by such party, (iii) the Merger would be consummated pursuant to the terms of the Merger Agreement without amendments thereto and (iv) all conditions to the consummation of the Merger would be satisfied without waiver by any party of any conditions or obligations thereunder. Additionally, Piper Jaffray assumed that all the necessary regulatory approvals and consents required for the Merger would be obtained in a manner that would not adversely affect the Company or the contemplated benefits of the Merger. Piper Jaffray understands that the Principal Stockholders agreed to have a portion of their Merger Consideration placed in escrow for release upon satisfaction of certain conditions and for purposes of rendering its opinion, Piper Jaffray assumed that the

Table of Contents

Principal Stockholders would receive their Merger Consideration on the same terms as the other holders of Company Common Stock and that no portion of their Merger Consideration would be subject to escrow.

In arriving at its opinion, Piper Jaffray did not perform any appraisals or valuations of any specific assets or liabilities (fixed, contingent or other) of the Company, and was not furnished or provided with any such appraisals or valuations, nor did Piper Jaffray evaluate the solvency of the Company under any state or federal law relating to bankruptcy, insolvency or similar matters. The analyses performed by Piper Jaffray in connection with its opinion were going concern analyses. Piper Jaffray expressed no opinion regarding the liquidation value of the Company or any other entity. Without limiting the generality of the foregoing, Piper Jaffray undertook no independent analysis of any pending or threatened litigation, regulatory action, possible unasserted claims or other contingent liabilities, to which the Company or any of its affiliates was a party or may be subject, and at the direction of the Company and with its consent, Piper Jaffray's opinion made no assumption concerning, and therefore did not consider, the possible assertion of claims, outcomes or damages arising out of any such matters. Piper Jaffray also assumed that neither the Company nor Parent is party to any material pending transaction, including without limitation any financing, recapitalization, acquisition or merger, divestiture or spin-off, other than the Merger.

Piper Jaffray's opinion was necessarily based upon the information available to it and facts and circumstances as they existed and were subject to evaluation on the date of its opinion. Events occurring after the date of its opinion could materially affect the assumptions used in preparing its opinion. Piper Jaffray did not express any opinion as to the price at which shares of Company Common Stock may trade following announcement of the Merger or at any future time. Piper Jaffray did not undertake to reaffirm or revise its opinion or otherwise comment upon any events occurring after the date of its opinion and does not have any obligation to update, revise or reaffirm its opinion.

Piper Jaffray's opinion addressed solely the fairness, from a financial point of view, to the holders of the Company Common Stock of the Merger Consideration, as set forth in the Merger Agreement, and did not address any other terms or agreement relating to the Merger or any other terms of the Merger Agreement. Piper Jaffray was not requested to opine as to, and its opinion does not address, the basic business decision to proceed with or effect and the Merger, the merits of the Merger relative to any alternative transaction or business strategy that may be available to the Company, Parent's ability to fund the Merger Consideration payable in the Merger pursuant to the Merger Agreement or any other terms contemplated by the Merger Agreement. Furthermore, Piper Jaffray expressed no opinion with respect to the amount or nature of the compensation to any officer, director or employee, or any class of such persons, relative to the compensation to be received by holders of Company Common Stock in the Merger or with respect to the fairness of any such compensation.

Piper Jaffray is a nationally recognized investment banking firm and is regularly engaged as financial advisor in connection with mergers and acquisitions, underwritings, secondary distributions of listed and unlisted securities, private placements, and valuations for corporate and other purposes. The Company's Board of Directors selected Piper Jaffray to render its fairness opinion in connection with the transactions contemplated by the Merger Agreement on the basis of its experience and reputation in acting as financial advisor in connection with mergers and acquisitions.

Piper Jaffray rendered to the Company's Board of Directors a fairness opinion in connection with the Merger and will receive a fee of approximately \$375,000 plus expenses from the Company, none of which is contingent upon the consummation of the Merger. The opinion fee was not contingent upon the consummation of the Merger or the conclusions reached in Piper Jaffray's opinion. Piper Jaffray will also receive a fee of approximately \$100,000 from the Company for making a limited number of initial contacts with potential acquirers, none of which is contingent upon the consummation of the Merger. The Company has agreed to indemnify Piper Jaffray against certain liabilities and reimburse Piper Jaffray for certain expenses in connection with its services. In the ordinary course of its business, Piper Jaffray and its affiliates may actively trade securities of the Company for its own account or the account of its customers and, accordingly, may at any time

Table of Contents

hold a long or short position in such securities. Piper Jaffray and its affiliates may from time to time perform various investment banking and financial advisory services for the Company and for other clients and customers that may have conflicting interests with the Company, for which Piper Jaffray would expect to receive compensation.

Consistent with applicable legal and regulatory requirements, Piper Jaffray has adopted policies and procedures to establish and maintain the independence of Piper Jaffray's research department and personnel. As a result, Piper Jaffray's research analysts may hold opinions, make statements or investment recommendations and/or publish research reports with respect to the Merger and other participants in the merger that differ from the opinions of Piper Jaffray's investment banking personnel.

SUMMARY OF TEAVANA'S PROJECTIONS

Teavana does not as a matter of course publicly disclose long-term forecasts or internal projections as to future performance, revenues, earnings, financial condition or other results due to, among other reasons, the uncertainty of the underlying assumptions and estimates. However, in connection with the Board of Directors' exploration of strategic alternatives, Company management prepared unaudited prospective financial information on a stand-alone, pre-merger basis. Teavana is electing to provide the unaudited prospective financial information in this information statement to provide the stockholders of Teavana access to certain non-public unaudited prospective financial information that was made available to Parent or to Teavana's financial advisors in connection with the Merger. The unaudited prospective financial information was not prepared with a view toward public disclosure and the inclusion of this information should not be regarded as an indication that Teavana or any other recipient of this information considered, or now considers, it to be necessarily predictive of actual future results. Neither Teavana nor any of its affiliates assumes any responsibility for the accuracy of this information. Readers of this information statement are cautioned not to place undue reliance on the unaudited prospective financial information. No one has made or makes any representation to any stockholder of Teavana regarding the information included in the unaudited prospective financial information or the ultimate performance of Teavana compared to the information included in the unaudited prospective financial information.

The unaudited prospective financial information was not prepared with a view toward complying with Generally Accepted Accounting Principles (GAAP), the published guidelines of the SEC regarding projections or the guidelines established by the American Institute of Certified Public Accountants with respect to the preparation or presentation of prospective financial information. Certain of the unaudited prospective financial information presents financial metrics that were not prepared in accordance with GAAP. These non-GAAP financial measures may be different from non-GAAP financial measures used by other companies. Teavana has not prepared, and neither the Board of Directors nor the Board of Directors' financial advisors have considered, a reconciliation of these non-GAAP financial measures to applicable GAAP financial measures.

There can be no assurance that the assumptions made in preparing such information will prove accurate or that the projected results reflected therein will be realized. Neither Teavana's independent registered public accounting firm, nor any other independent accountants, have compiled, examined or performed any procedures with respect to the unaudited prospective financial information contained herein, nor have they expressed any opinion or any other form of assurance on such information or its achievability, and assume no responsibility for the unaudited prospective financial information and disclaim any association with, the prospective financial information. Furthermore, the unaudited prospective financial information does not take into account any circumstance or event occurring after the date it was prepared or which may occur in the future, and, in particular, does not take into account any revised prospects of Teavana's business, changes in general business, regulatory or economic conditions, competition or any other transaction or event that has occurred since the date on which such information was prepared or which may occur in the future.

While presented with numeric specificity, the unaudited prospective financial information reflects numerous estimates and assumptions made by Company management with respect to industry performance and

Table of Contents

competition, general business, economic, market and financial conditions and matters specific to Teavana's business, all of which are difficult to predict and many of which are beyond Teavana's control. As a result, the unaudited prospective financial information reflects numerous assumptions and estimates as to future events and there can be no assurance that these assumptions will accurately reflect future conditions, that the unaudited prospective financial information will be realized or that actual results will not be significantly higher or lower than estimated. Since the unaudited prospective financial information covers multiple years, such information by its nature becomes less predictive with each successive year.

Company management prepared unaudited prospective financial information under two cases reflecting alternative business scenarios, reflected below as the Upside Case Forecast and the Base Case Forecast. The Upside Case Forecast was prepared first and was provided to Parent and reflected management's forecast based on aggressive growth assumptions relating to new store openings and growth in comparable store sales. The Base Case Forecast was prepared later and reflected a more conservative growth pattern and was based on the most recent financial performance trends of the Company as well as management's judgment that competitive and other conditions would make obtaining the Upside Case Forecast difficult and less likely. The Board considered both of the forecasts in reaching its judgment to accept the proposal from Parent, and concluded that the Base Case Forecast was subject to risk and uncertainty but represented the more likely outcome at this time and that the Upside Case Forecast was subject to significant additional risk and uncertainty.

The following table presents a summary of the material unaudited prospective financial information of Teavana contained in the base plan or Base Case Forecast:

The free cash flows from July 29, 2012 through 2017 used by Piper Jaffray in its analyses for the Upside Case Forecast were \$19.2 million, \$22.3 million, \$18.7 million, \$31.1 million, \$39.3 million and \$49.3 million, respectively.

The unaudited prospective financial information includes forward-looking statements and is based on estimates and assumptions that are inherently subject to factors such as industry performance, competition, general business, economic, regulatory, market and financial conditions, as well as changes to the business, financial condition or results of operations of Teavana, including the factors described under Special Note Regarding Forward-Looking Statements beginning on page 55, and other risk factors as disclosed in Teavana's filings with the SEC that could cause actual results to differ materially from those shown below. Teavana's most recent annual and quarterly reports on Forms 10-K and 10-Q are attached to this information statement as **Annex E**, **Annex F** and **Annex G**. Stockholders are urged to review Teavana's most recent SEC filings for a description of risk factors with respect to Teavana's business. See Special Note Regarding Forward-Looking Statements beginning on page 55 and Where You Can Find More Information beginning on page 56. The unaudited prospective financial information does not take into account any of the transactions contemplated by the Merger Agreement, including the Merger, which might cause actual results to differ materially.

Teavana's stockholders are urged to review Teavana's most recent SEC filings attached as annexes to this information statement for a description of Teavana's reported results of operations, financial condition and capital resources during the fiscal year ended January 29, 2012, and the six months ended July 29, 2012. See Where You Can Find More Information beginning on page 56.

For the foregoing reasons, as well as the bases and assumptions on which the unaudited prospective financial information was compiled, the inclusion of Teavana's unaudited prospective financial information in this information statement should not be regarded as an indication that such information will be predictive of future results or events nor construed as financial guidance, and it should not be relied on as such or for any other purpose whatsoever.

TEAVANA HAS NOT UPDATED AND DOES NOT INTEND TO UPDATE OR OTHERWISE REVISE THE PROSPECTIVE FINANCIAL INFORMATION SET FORTH ABOVE, INCLUDING, WITHOUT LIMITATION, TO REFLECT CIRCUMSTANCES EXISTING AFTER THE DATE SUCH INFORMATION WAS PREPARED OR TO REFLECT THE OCCURRENCE OF FUTURE EVENTS, INCLUDING, WITHOUT LIMITATION, CHANGES IN GENERAL ECONOMIC, REGULATORY OR INDUSTRY CONDITIONS, EVEN IN THE EVENT THAT ANY OR ALL OF THE ASSUMPTIONS UNDERLYING THE PROSPECTIVE FINANCIAL INFORMATION ARE NO LONGER APPROPRIATE.

ADDITIONAL FINANCIAL ADVISOR

The Board of Directors also engaged North Point to act as a financial advisor to the Board of Directors with respect to the contemplated transaction. North Point was selected because of its long-time relationship with the Company as well as its substantial experience in the Company's industry, including acquisition transactions in that industry. Under the terms of its agreement with North Point, the Company has agreed to pay North Point a transaction fee of \$6.1 million, all of which is payable upon consummation of the transaction. In addition, Teavana has agreed to reimburse North Point up to \$100,000 in the aggregate for its reasonable expenses, including fees and expenses of its legal counsel, and to indemnify North Point and related persons against various liabilities, including certain liabilities under the federal securities laws. In light of the fact that North Point and its affiliates owned shares of Common Stock, Teavana did not ask North Point to render an opinion as to the fairness from a financial point of view to the holders of Common Stock of Teavana of the consideration to be received by such holders pursuant to the Merger Agreement, but rather requested and relied on the opinion of Piper Jaffray.

Piper Jaffray served as a co-manager in connection with the Company's initial public offering in July 2011 and North Point advised the Company in connection with its 2011 acquisition of Teaopia. In addition, Mr. Jacquin served on the Board of Directors of the Company from 2004 to 2010 prior to the Company's initial public offering. North Point also holds less than one percent of the outstanding shares of the Company's Common Stock. During the two years preceding the date of Piper Jaffray's opinion, neither Piper Jaffray nor North Point were engaged by, performed any services for or received any compensation from Parent.

FINANCING OF THE MERGER

Parent's obligation to complete the Merger is not conditioned upon obtaining financing. Parent has advised the Company that it will have available at the closing date of the Merger the necessary funds from its cash on hand to complete the Merger.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER TO OUR STOCKHOLDERS

The following is a summary of United States federal income tax consequences of the Merger to U.S. holders (as defined below) whose shares of our Common Stock are converted into the right to receive the Merger Consideration in the Merger. The discussion is for general information purposes only and does not purport to consider all aspects of United States federal income taxation that might be relevant to our stockholders. The discussion is based on current law which is subject to change, possibly with retroactive effect. The discussion applies only to stockholders who hold shares of our Common Stock as capital assets, and does not address the tax consequences that may be relevant to a particular stockholder subject to special treatment under certain federal income tax laws, such as dealers in securities, banks, insurance companies, tax-exempt organizations, and stockholders who acquired shares of Common Stock pursuant to the exercise of options or otherwise as compensation or through a tax-qualified retirement plan.

For purposes of this summary, a U.S. holder is a holder of our Common Stock who is, for United States federal income tax purposes:

An individual who is a citizen or resident of the United States;

A corporation (or other entity treated as a corporation) created or organized under the laws of the United States or any political subdivision thereof;

An estate whose income is subject to United States federal income tax regardless of its source; or

A trust (a) if a U.S. court is able to exercise primary supervision over the trust's administration and one or more United States persons are authorized to control all substantial decisions of the trust or (b) if the trust has a valid election in place to be treated as a U.S. person.

Table of Contents

This discussion does not discuss the tax consequences to any stockholder who, for United States federal income tax purposes, is not a U.S. holder and does not address any aspect of state, local or non-U.S. tax laws.

If our Common Stock is held by a partnership, the United States federal income tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. Partnerships that are holders of our Common Stock, and partners in such partnerships, are urged to consult their own tax advisors regarding the consequences to them of the Merger.

The receipt of the Merger Consideration for shares of our Common Stock in the Merger will be a taxable transaction for United States federal income tax purposes. In general, a stockholder who surrenders shares of our Common Stock for cash in the Merger will recognize capital gain or loss for United States federal income tax purposes equal to the difference, if any, between the Merger Consideration and the stockholder's adjusted tax basis in the shares of our Common Stock surrendered. Gain or loss will be determined separately for each block of shares (i.e., shares acquired at the same cost in a single transaction) surrendered in the Merger. Such gain or loss will be long-term capital gain or loss provided that a stockholder's holding period for such shares is more than one year at the time of the completion of the Merger. Long-term capital gains of individuals are eligible for reduced rates of taxation in 2012. There are limitations on the deductibility of capital losses.

Backup withholding will apply to all cash payments to which a stockholder or other payee is entitled pursuant to the Merger Agreement, unless such stockholder or other payee provides a taxpayer identification number (Social Security number, in the case of individuals, or employer identification number, in the case of other stockholders), certifies that such number is correct, and otherwise complies with the backup withholding tax rules. Each of our stockholders and, if applicable, each other payee, should complete and sign the Substitute Form W-9 which will be included as part of the letter of transmittal and return it to the paying agent, in order to provide the information and certification necessary to avoid backup withholding tax, unless an exemption applies and is established in a manner satisfactory to the paying agent.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against your United States federal income tax liability provided the required information is furnished to the Internal Revenue Service.

Stockholders considering the exercise of their appraisal rights should consult their own tax advisors concerning the application of U.S. federal income tax laws to their particular situations as well as any consequences of the exercise of such rights arising under the laws of any other taxing jurisdiction.

The United States federal income tax consequences set forth above are for general information purposes only and are not intended to constitute a complete description of all tax consequences relating to the Merger. Because individual circumstances may differ, each stockholder should consult the stockholder's tax advisor regarding the applicability of the rules discussed above to the stockholder and the particular tax effects to the stockholder of the Merger, including the application of state, local and non-U.S. tax laws.

INTERESTS OF DIRECTORS AND EXECUTIVE OFFICERS IN THE MERGER

Members of our Board of Directors and our executive officers have various interests in the Merger described in this section that may be different from, or in addition to, the interests of Teavana and our stockholders generally.

Please see "The Merger Agreement Treatment of Stock Options" for a discussion of the treatment of outstanding vested and unvested options to acquire our Common Stock held by our directors and executive officers at the closing of the Merger. Please see "Security Ownership of Certain Beneficial Owners and Management" for details regarding the beneficial ownership of certain members of our Board of Directors and our executive officers.

Table of Contents*Stock Options to be Cashed Out in the Merger*

The following table sets forth, based on options outstanding as of November 14, 2012, the cash proceeds that each of the Company's directors and executive officers would receive at the closing of the Merger (and, with respect to Messrs. Mack, Glennon, Luckhurst and Link, some portion of which will be payable only upon release of funds from an escrow account) in respect of the cash-out of those options (taking into account, for purposes of determining the cash proceeds in respect of vested and unvested stock options, respectively, any stock options that are expected to vest in accordance with their terms between the date of this information statement and the closing of the Merger). With respect to Messrs. Mack, Glennon, Luckhurst and Link, a portion of the cash proceeds they will receive will be payable only upon release of funds from an escrow account. The amounts disclosed in the table below do not include any vested or unvested stock options with a per share exercise price equal to or greater than the Merger Consideration as those stock options will be cancelled for no consideration.

- (1) Does not include value attributable to vested Common Stock owned outright by the director or executive officer.
- (2) A portion of the option cash-out proceeds will be placed in escrow to cover certain potential costs that may be incurred in connection with the closing of the Merger. Subject to adjustments for the exercise of options as contemplated by the escrow agreement. Messrs. Glennon, Luckhurst and Link will contribute \$49,293, \$70,957 and \$328,291, respectively to the escrow fund out of the option cash-out proceeds. The remainder of the \$10 million escrow will be funded from Merger Consideration in respect of shares of Common Stock.

Potential Severance Payable to Executive Officers

The Company is party to employment agreements with each of Messrs. Mack, Link, Glennon, Luckhurst and Christopherson. Pursuant to these agreements, if we terminate an executive officer's employment without cause, as defined in the agreement, or if the executive officer resigns for good reason, as defined below, we are required to continue to pay the executive officer's base salary for 18 months following the termination date, subject to the executive officer's execution and delivery to us of a general release of claims in our favor. If we terminate the executive officer for cause, or if the executive officer resigns other than for good reason, we are required only to pay the executive officer accrued but unpaid salary and unreimbursed expenses for which the executive is entitled to reimbursement from us. Pursuant to their employment agreements, the executive officers have also agreed to a non-competition and non-solicitation clause, which survives for two years following termination of employment, a confidentiality clause which survives for five years following termination of employment and provisions relating to protection of our intellectual property. If the executive officer breaches any of these covenants, we have the right to seek specific performance and, if the executive officer breaches either the non-competition or the non-solicitation covenant, we may cease any severance payments being made to the executive and recover severance payments already made.

Table of Contents

For purposes of the employment agreements, "good reason" means the occurrence of any of the following events, without the executive officer's consent: (i) the Company's material breach of the employment agreement; (ii) the assignment of the executive officer to a position, responsibilities, or duties of a materially lesser status or degree of responsibility than his position, responsibilities, or duties as of the effective date of the employment agreement; or (iii) relocation of the executive officer's principal workplace to a location that is more than 50 miles away from the location on the effective date of the agreement. No "good reason" exists unless (x) the executive officer notifies the Company in writing within 60 days after the initial existence of any condition listed above, and the Company fails to cure the condition within 60 days after receiving notice, and (y) the executive officer terminates employment by no later than 150 days after the initial existence of any condition listed above.

Golden Parachute Compensation

The following table shows the aggregate dollar value of the various elements of compensation that each of our named executive officers could receive in connection with the Merger from the Company and Parent, as required by Item 402(t) of Regulation S-K, assuming that (i) the consummation of the Merger occurred on November 14, 2012 and (ii) each named executive officer's employment was terminated on the date of consummation of the Merger without cause or by the named executive officer for good reason:

Name	Cash	Equity	Total
	(\$ (1))	(\$ (2))	Payments (\$)
Andrew T. Mack	\$ 525,000		\$ 525,000
Daniel P. Glennon	\$ 405,000		\$ 405,000
Peter M. Luckhurst	\$ 405,000		\$ 405,000
Jurgen W. Link	\$ 309,582		\$ 309,582
David V. Christopherson	\$ 315,000	\$ 38,850	\$ 353,850

- (1) These amounts represent cash severance equal to 18 months of continued base salary payable pursuant to the executives' employment agreements. These payments are "double-trigger," as they will generally only be payable in the event of a qualifying termination of employment following the consummation of the Merger. These payments are based on the named executive officers' base salary levels in effect on November 15, 2012; therefore, if base salaries are increased after November 15, 2012, actual payments may be greater than those provided for above. In addition, these "double-trigger" payments that the named executive officers are entitled to receive pursuant to their employment agreements are subject to their execution of a release of claims and continued compliance with the non-competition and non-solicitation covenants in their employment agreements.
- (2) These amounts represent the cash to be received upon consummation of the Merger due to the cash-out of unvested stock options. These payments are "single-trigger," as they will occur upon consummation of the Merger.

Executive Retention Arrangements with Parent

In order to promote the retention of key Company employees during the period prior to and following the consummation of the Merger, Parent expects to grant the employees, including the executive officers, restricted stock units payable in shares of Parent's common stock that are expected to vest in equal 50% installments on each of the second and fourth anniversaries of the consummation of the Merger and stock options exercisable for shares of Parent's common stock that are expected to vest in equal 25% installments on each of the first four anniversaries of the consummation of the Merger, in each case subject to the employee's continued provision of services through the applicable vesting date. The following table indicates the anticipated grant date value of these expected equity grants with respect to our executive officers:

Name	Grant Date
	Economic Value of Equity Grants (\$)
Andrew T. Mack	\$ 375,000
Daniel P. Glennon	\$ 125,000
Peter M. Luckhurst	\$ 125,000
Jurgen W. Link	\$ 125,000
David V. Christopherson	\$ 125,000

New Management Arrangements

As of the date of this filing, neither the Company nor Parent has entered into any employment agreements with the Company's named executive officers in connection with the Merger other than the anticipated retention equity grants described above, and the Company has not amended or modified any employment agreements or other arrangements with management.

Non-Competition Agreements

Contemporaneously with the execution of the Merger Agreement, each of Andrew T. Mack and his spouse entered into a non-competition agreement with the Company and Parent, effective as of the closing of the Merger, pursuant to which each of them agreed not to compete with the Company or Parent for a period of three years following the closing, to maintain the confidentiality of proprietary and trade secret information of the Company, and to certain restrictions on soliciting customers of the Company and soliciting, recruiting or hiring employees of the Company.

Indemnification and Insurance

The Merger Agreement provides that following the Merger, the surviving corporation will assume all rights to indemnification, advancement of expenses and exculpation from liabilities for acts or omissions occurring at or prior to the Merger existing in favor of the current or former directors or officers of Teavana and its subsidiaries as provided in their respective certificates of incorporation or bylaws (or comparable organizational documents) and any indemnification or other agreements of Teavana as in effect on the date of the Merger Agreement. For six years after the Merger, the surviving corporation must maintain in the certificate of incorporation, bylaws and other organizational documents of the surviving corporation provisions concerning the indemnification and exculpation of Teavana's and its subsidiaries' current and former officers, directors and employees that are no less favorable than the provisions under Teavana's and its subsidiaries' certificate of incorporation and bylaws (or comparable organizational documents) as of the date of the Merger Agreement. Prior to the Merger, Teavana shall purchase a six-year tail directors' and officers' liability insurance policy, subject to a cap on aggregate premiums, for acts or omissions prior to the Merger.

APPRAISAL RIGHTS

The discussion of the provisions set forth below is not intended to be a complete summary regarding your appraisal rights under Delaware law and is qualified in its entirety by reference to the text of the relevant provisions of Delaware law, which are attached as Annex D to this information statement. Stockholders intending to exercise appraisal rights should carefully review Annex D. Failure to follow precisely any of the statutory procedures set forth in Annex D may result in a loss or waiver of these rights.

If the Merger is completed, holders of our Common Stock who did not consent to the adoption of the Merger Agreement and who precisely follow the procedures specified in Section 262 of the DGCL within the appropriate time periods will be entitled to have their shares of our Common Stock appraised by the Delaware Court of Chancery and to receive the fair value of such shares in cash as determined by such court in lieu of the consideration that such stockholders would otherwise be entitled to receive pursuant to the Merger Agreement.

The following is a brief summary of Section 262, which sets forth the procedures for holders of Common Stock who did not consent to the adoption of the Merger Agreement and decide to exercise their statutory appraisal rights. Failure to follow the procedures set forth in Section 262 precisely could result in the loss of appraisal rights. Stockholders who desire to exercise their appraisal rights must satisfy all of the conditions of Section 262. A stockholder of record wishing to assert appraisal rights must hold the shares of stock on the date of making a demand for appraisal rights with respect to such shares and must continuously hold such shares through the effective date of the Merger.

Table of Contents

Under Section 262, where a merger is adopted by stockholders by written consent in lieu of a meeting of stockholders, either the constituent corporation before the effective date of the merger or the surviving or resulting corporation after the merger, within 10 days after the effective date of the merger, must notify each stockholder of the constituent corporation entitled to appraisal rights of the merger and that appraisal rights are available. This notice and this information statement constitute notice to holders of Teavana's Common Stock concerning the availability of appraisal rights under Section 262.

Holders of shares of our Common Stock who desire to exercise their appraisal rights must deliver a written demand for appraisal to Teavana not later than December [], 2012 (which is 20 days after the date of mailing of this information statement and the notice attached hereto). A stockholder who elects to exercise appraisal rights should mail or deliver the written demand to Teavana at 3630 Peachtree Rd. NE, Suite 1480, Atlanta, Georgia 30326, Attention: Office of the General Counsel. A demand for appraisal must be executed by or for the stockholder of record and must reasonably inform Teavana of the identity of the stockholder of record and that such stockholder intends thereby to demand appraisal of our Common Stock.

Only a holder of record of our Common Stock is entitled to assert appraisal rights for the shares of Common Stock registered in that holder's name. If the shares are owned of record in a fiduciary capacity, such as by a trustee, guardian or custodian, the demand must be executed by the fiduciary in such capacity. If the shares are owned of record by more than one person, as in a joint tenancy or tenancy in common, the demand should be executed by or for all joint owners. An authorized agent, including an agent for two or more joint owners, may execute the demand for appraisal for a stockholder of record; however, the agent must identify the record owner or owners and expressly disclose the fact that, in exercising the demand, he is acting as agent for the record owner or owners. If a stockholder holds shares of our Common Stock through a broker who in turn holds the shares through a central securities depository nominee, a demand for appraisal of such shares must be made by or on behalf of the depository nominee and must identify the depository nominee as record holder.

A record holder, such as a broker, fiduciary, depository or other nominee, who holds shares of our Common Stock as a nominee for others, may exercise appraisal rights with respect to the shares held for all or less than all beneficial owners of shares as to which such person is the record owner. In such case, the written demand should set forth the number of shares covered by the demand. Where the number of shares is not expressly stated, the demand will be presumed to cover all shares of our Common Stock outstanding in the name of such record owner.

A person having a beneficial interest in our Common Stock held of record in the name of another person, such as a broker, depository or other nominee, must act promptly to cause the record holder to follow the procedures set forth in Section 262 in a timely manner to perfect any appraisal rights. Stockholders who hold their shares of Common Stock in brokerage accounts or other nominee forms and who wish to exercise appraisal rights are urged to consult with their brokers or other nominees to determine the appropriate procedures for the making of a demand for appraisal by such brokers or nominees.

Prior to the Merger or within 10 days after the effective time of the Merger, we must provide notice of the effective time of the Merger to all of our stockholders entitled to appraisal rights. If this notice is sent more than 20 days after the sending of this information statement, we will only send it to stockholders who are entitled to appraisal rights and who have demanded appraisal in accordance with Section 262.

Within 120 days after the effective date of the Merger, any stockholder who has satisfied the requirements of Section 262 may deliver to us a written demand for a statement listing the aggregate number of shares not voted in favor of the adoption of the Merger Agreement and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Teavana, as the surviving corporation in the Merger, must mail any such written statement to the stockholder within 10 days after the stockholders' request is received by us or within 10 days after the latest date for delivery of a demand for appraisal under Section 262, whichever is later.

Within 120 days after the effective date of the Merger, either Teavana or any stockholder who has complied with the required conditions of Section 262 and who is otherwise entitled to appraisal rights may file a petition in the Delaware Court of Chancery demanding a determination of the fair value of the Teavana shares of Common

Table of Contents

Stock of stockholders entitled to appraisal rights. We have no obligation, and no present intention, to file such a petition. If no petition is filed, appraisal rights will be lost for all stockholders who had previously demanded appraisal of their shares. Accordingly, it is the obligation of the holders of our Common Stock to initiate all necessary action to perfect their appraisal rights in respect of such shares of Common Stock within the time prescribed in Section 262.

Upon the filing of a petition for appraisal by a stockholder in accordance with Section 262, service of a copy must be provided to us. Within 20 days after service, we must file in the office of the Delaware Register in Chancery a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by us. The Delaware Register in Chancery, if so ordered by the Delaware Court of Chancery, will give notice of the time and place fixed for the hearing of such petition by registered or certified mail to us and to the stockholders shown on the list at the addresses therein stated, and notice will also be given by publishing a notice at least one week before the day of the hearing in a newspaper of general circulation published in the City of Wilmington, Delaware, or such publication as the Delaware Court of Chancery deems advisable. The forms of the notices by mail and by publication must be approved by the Delaware Court of Chancery, and the costs thereof will be borne by us. The Delaware Court of Chancery may require the stockholders who have demanded an appraisal for their shares (and who hold stock represented by certificates) to submit their stock certificates to the Delaware Register in Chancery for notation of the pendency of the appraisal proceedings and the Delaware Court of Chancery may dismiss the proceedings as to any stockholder that fails to comply with such direction.

If a petition for an appraisal is filed in a timely fashion, after a hearing on the petition, the Delaware Court of Chancery will determine which stockholders are entitled to appraisal rights and will appraise the shares owned by these stockholders, determining the fair value of such shares, exclusive of any element of value arising from the accomplishment or expectation of the Merger, together with a fair rate of interest to be paid, if any, upon the amount determined to be the fair value. When the fair value is so determined, the Delaware Court of Chancery will direct the payment by Teavana, as the surviving corporation of the Merger, of such value, with interest thereon to be paid in accordance with Section 262 of the DGCL and as the Delaware Court of Chancery so determines, to the stockholders entitled thereto, upon the surrender to Teavana by such stockholders of such shares of Common Stock. Unless the Delaware Court of Chancery, in its discretion, sets a different interest rate for good cause shown, interest on an appraisal award will accrue and compound quarterly from the effective time of the Merger through the date on which the judgment is paid at 5% over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period between the effective time of the Merger and the date of payment of the judgment.

In determining fair value of shares, the Delaware Court of Chancery will take into account all relevant factors. In *Weinberger v. UOP, Inc.*, the Delaware Supreme Court has stated that such factors include market value, asset value, dividends, earning prospects, the nature of the enterprise and any other facts which were known or which could be ascertained as of the date of the merger and which throw any light on future prospects of the merged corporation. In *Weinberger*, the Delaware Supreme Court stated, among other things, that proof of value by any techniques or methods which are generally considered acceptable in the financial community and otherwise admissible in court should be considered in an appraisal proceeding. Section 262 of the DGCL provides that fair value is to be exclusive of any element of value arising from the accomplishment or expectation of the merger. In *Cede & Co. v. Technicolor, Inc.*, the Delaware Supreme Court stated that such exclusion is a narrow exclusion [that] does not encompass known elements of value, but which rather applies only to the speculative elements of value arising from such accomplishment or expectation. In *Weinberger*, the Delaware Supreme Court construed Section 262 of the DGCL to mean that elements of future value, including the nature of the enterprise, which are known or susceptible of proof as of the date of the merger and not the product of speculation, may be considered. In addition, the Court of Chancery has decided that the statutory appraisal remedy, depending on factual circumstances, may or may not be a dissenter's exclusive remedy.

Teavana stockholders considering seeking appraisal of their shares should note that the fair value of their shares determined under Section 262 could be more, the same or less than the consideration they would have

Table of Contents

received pursuant to the Merger Agreement if they had not sought appraisal of their shares and that opinions of investment banking firms as to the fairness of the Merger Consideration, from a financial point of view, are not necessarily opinions as to the fair value thereof to be determined by the Delaware Court of Chancery under Section 262 of the DGCL. Moreover, Teavana does not anticipate offering more than the Merger Consideration to any stockholder exercising appraisal rights and reserves the right to assert, in any appraisal proceeding, that, for purposes of Section 262, the fair value of a share of our Common Stock is less than the Merger Consideration. The costs of the appraisal proceeding may be determined by the Delaware Court of Chancery and assessed against the parties as the Delaware Court of Chancery deems equitable under the circumstances. However, costs do not include attorney and expert witness fees. Upon application of a stockholder seeking appraisal, the Delaware Court of Chancery may order that all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorneys' fees and the fees and expenses of experts, be charged pro rata against the value of all shares entitled to appraisal. In the absence of an assessment, each party must bear his, her or its own expenses.

Any stockholder who has duly demanded appraisal in compliance with Section 262 will not, after the effective time of the Merger, be entitled to vote for any purpose the shares subject to appraisal or to receive payment of dividends or other distributions on such shares, except for dividends or distributions payable to stockholders of record at a date prior to the effective time of the Merger.

At any time within 60 days after the effective date of the Merger, any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party will have the right to withdraw his, her or its demand for appraisal and to accept the terms offered in the Merger Agreement by delivering a written withdrawal of such demand to the Company. After this 60-day period, a stockholder may withdraw his, her or its demand for appraisal and receive payment for his, her or its shares as provided in the Merger Agreement only with our consent. If no petition for appraisal is filed with the Delaware Court of Chancery within 120 days after the effective date of the Merger, stockholders' rights to appraisal (if available) will cease. Inasmuch as we have no obligation or present intention to file such a petition, any stockholder who desires a petition to be filed is advised to file it on a timely basis. No petition timely filed in the Delaware Court of Chancery demanding appraisal may be dismissed as to any stockholder without the approval of the Delaware Court of Chancery, which approval may be conditioned upon such terms as the Delaware Court of Chancery deems just, except that this provision will not affect the right of any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party to withdraw such stockholder's demand for appraisal and to accept the terms of the Merger within 60 days after the effective date of the Merger.

Failure by any stockholder to comply fully with the procedures described above and set forth in **Annex D** to this information statement may result in loss of the stockholder's appraisal rights. If you properly demand appraisal of your shares of our Common Stock under Section 262 of the DGCL and you fail to perfect, or effectively withdraw or lose, your right to appraisal, as provided in the DGCL, your shares of our Common Stock will be converted into the right to receive the Merger Consideration.

If you are considering whether to demand appraisal of the fair value of your shares of Common Stock of the Company, you are urged to consult your own legal counsel.

FORM OF THE MERGER

Subject to the terms and conditions of the Merger Agreement and in accordance with DGCL, at the effective date of the Merger, Merger Sub will merge with and into Teavana. Teavana will survive the Merger as a wholly-owned subsidiary of Parent.

CONVERSION OF SHARES; PROCEDURES FOR EXCHANGE OF COMMON STOCK

The conversion of our Common Stock into the right to receive the per share Merger Consideration in cash, without interest and subject to any required withholding taxes, will occur automatically at the effective date of

Table of Contents

the Merger. As soon as practicable (but in any event within two business days) after the effective date of the Merger, the paying agent will mail a letter of transmittal to each holder of record (other than the Company, Parent and Merger Sub, any of their respective subsidiaries and any stockholders who chose to exercise their appraisal rights) of our Common Stock. The letter of transmittal will be accompanied by instructions for use by each such holder in surrendering his, her or its stock certificates or transferring book-entry shares, as applicable, in exchange for the Merger Consideration into which such shares shall have been converted in the Merger. Stockholders should not return stock certificates or transfer book-entry shares before receiving the letter of transmittal.

In the event of a transfer of ownership of shares of our Common Stock that is not registered in the records of our transfer agent, the Merger Consideration for such shares may be paid to a person other than the person in whose name the certificate so surrendered is registered if:

the certificate is properly endorsed or otherwise is in proper form for transfer or such book-entry shares shall be properly transferred; and

the person requesting such payment (a) pays any transfer or other taxes resulting from the payment to a person other than the registered holder of the certificate or (b) establishes that the tax has been paid or is not applicable.

The Merger Consideration paid upon surrender of shares of our Common Stock will be in full satisfaction of all rights relating to the shares of our Common Stock.

DELISTING AND DEREGISTRATION OF TEAVANA COMMON STOCK

If the merger is completed, Teavana's Common Stock will be delisted from the New York Stock Exchange and deregistered under the Exchange Act, and we will no longer file periodic reports with the SEC on account of our Common Stock.

REGULATORY APPROVALS REQUIRED FOR THE MERGER

Under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, the Merger may not be completed until the Company and Parent have filed notification and report forms with the U.S. Federal Trade Commission and the Antitrust Division of the U.S. Department of Justice and the applicable waiting period has expired or been terminated. On November 16, 2012, Teavana and Parent each filed a Notification and Report Form with the Antitrust Division and the Federal Trade Commission and requested an early termination of the waiting period. If the early termination is not granted and a request for additional information by the relevant antitrust authorities is not made, the waiting period will expire at 11:59 p.m. on December 17, 2012.

Under the Merger Agreement, both Teavana and Parent have agreed to use commercially reasonable efforts to obtain all required governmental approvals and avoid any action or proceeding by a governmental entity to the extent necessary, proper or advisable to consummate the Merger. Except as noted above with respect to the required filings under the Hart-Scott-Rodino Act, the expiration of 20 days from the dissemination of this information statement to Teavana's stockholders and the filing of a certificate of merger in Delaware at or before the effective date of the Merger, we are unaware of any material federal, state or foreign regulatory requirements or approvals required for the execution of the Merger Agreement or completion of the Merger or the other transactions contemplated by the Merger Agreement.

THE MERGER AGREEMENT

This section of this information statement describes the material provisions of the Merger Agreement but does not purport to describe all of the terms of the Merger Agreement. The following summary is qualified in its entirety by reference to the complete text of the Merger Agreement, which is attached as **Annex A** to this

Moreover, information concerning the subject matter of the representations, warranties and covenants may change after the date of the Merger Agreement, which subsequent information may or may not be fully reflected in Teavana's public disclosures.

THE MERGER

Subject to the terms and conditions of the Merger Agreement, Merger Sub, a wholly-owned subsidiary of Parent, will merge with and into Teavana, with Teavana continuing as the surviving corporation. As a result of the Merger, Teavana will cease to be an independent, publicly-traded company and will become a wholly-owned subsidiary of Parent. The Merger will be effective at the time a certificate of merger is duly filed with the Secretary of State of the State of Delaware (or at a later time, if agreed upon by the parties and specified in the certificate of merger filed with the Secretary of State).

MERGER CONSIDERATION

Upon completion of the Merger, each issued and outstanding share of our Common Stock will automatically be cancelled and will cease to exist and each outstanding share (other than shares (i) where the holder has properly exercised appraisal rights under Section 262 of the DGCL (and has not withdrawn such exercise or lost such rights) or (ii) owned by Teavana, Parent or Merger Sub) will automatically be cancelled and will cease to exist and will be converted into the right to receive \$15.50 in cash, without interest and subject to any required withholding taxes. The Principal Stockholders and certain executives of Teavana have agreed to escrow approximately 2% of the Merger Consideration payable with respect to their shares to cover certain potential costs of Teavana arising in connection with the closing of the Merger.

DIRECTORS AND OFFICERS; CERTIFICATE OF INCORPORATION; BYLAWS

The board of directors of the surviving corporation will, from and after the effective time of the Merger, consist of the directors of Merger Sub until the earlier of their resignation or removal or until their respective successors have been duly elected and qualified. The officers of Merger Sub immediately prior to the effective time of the Merger will, from and after the effective time of the Merger, be the officers of the surviving

corporation until the earlier of their resignation or removal or until their respective successors have been duly elected and qualified.

The certificate of incorporation of the surviving corporation will be amended in the Merger to be in the form of the certificate of incorporation attached as an exhibit to the Merger Agreement, until changed or amended in accordance with its terms and as provided by applicable law. The bylaws of Merger Sub in effect immediately prior to the effective time of the Merger will be the bylaws of the surviving corporation, until thereafter changed or amended in accordance with its terms and as provided by applicable law.

TREATMENT OF STOCK OPTIONS

At the effective time of the Merger, each Teavana option outstanding immediately prior to the Merger, whether or not then vested and exercisable, will be cancelled and converted into the right to receive, for each share of Common Stock subject to such stock option, an amount in cash, without interest, equal to the excess, if any, of the Merger Consideration over the per share exercise price of such option; provided that the Principal Stockholders that hold options and certain executives of Teavana have agreed to escrow a portion of such consideration. All stock options with an exercise price greater than the per share Merger Consideration will be cancelled at the effective time and the holders of such stock options will not have any right to receive any consideration in respect thereof.

STOCKHOLDERS SEEKING APPRAISAL

The Merger Agreement provides that those stockholders who are entitled to demand and properly demand appraisal will not have the right to receive the Merger Consideration, but will receive payment in cash for the fair value of their shares of our Common Stock as determined in accordance with Delaware law. If a holder fails to perfect, waives, withdraws or loses his, her or its right to appraisal of our Common Stock, his, her or its shares will be treated as if they had been converted into and are exchangeable for the Merger Consideration as of the effective time without interest and the stockholder's right to appraisal will be extinguished. Teavana must give Parent prompt notice of demands for appraisal and Teavana may not make a payment with respect to a demand for appraisal or settle any such demands without Parent's prior written consent.

The fair value of shares of our Common Stock as determined in accordance with Delaware law may be more or less than (or same as) the Merger Consideration to be paid to stockholders who choose not to exercise their appraisal rights. Stockholders who wish to exercise appraisal rights must precisely follow specific procedures. Additional details on appraisal rights are described above in The Merger Appraisal Rights.

PAYMENT FOR THE SHARES

Parent will designate a paying agent reasonably acceptable to us to make payment of the Merger Consideration as contemplated by the Merger Agreement. Prior to or at the time of the Merger, Parent will deposit with the paying agent the funds appropriate to pay the Merger Consideration to the stockholders on a timely basis.

As soon as reasonably practicable after the completion of the Merger, the paying agent will send you a letter of transmittal and instructions advising you how to surrender your shares of Common Stock in exchange for the Merger Consideration. The paying agent will promptly pay you your Merger Consideration after you have (1) surrendered your shares of Common Stock and (2) provided to the paying agent a properly completed letter of transmittal and any other documents reasonable required by the paying agent. Interest will not be paid or accrue in respect of cash payments. The amount of any cash payments paid to you will be reduced by any applicable withholding taxes. **YOU SHOULD NOT SURRENDER YOUR SHARES OF COMMON STOCK WITHOUT A LETTER OF TRANSMITTAL.**

If any stock certificate shall have been lost, stolen, defaced or destroyed, upon the making of an affidavit of that fact by the person claiming such stock certificate to be lost, stolen, defaced or destroyed and, if required by the surviving corporation, the posting by such person of a bond in such amount as the surviving corporation may direct as indemnity against any claim that may be made against it with respect to such stock certificate, the paying agent or the surviving corporation, as the case may be, shall pay the Merger Consideration in respect of such lost, stolen, defaced or destroyed stock certificate.

any waiting period (and any extensions thereof) applicable to the Merger under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, shall have been terminated or expired. Any other approval or waiting period under any other applicable competition, merger control, antitrust or similar law shall have been obtained or terminated or shall have expired;

Teavana shall have provided Parent with a pay-off letter with respect to the Loan and Security Agreement, dated as of June 12, 2008, by and among Teavana, Teavana Corporation, ST Acquisition Company, Teavana Franchising Corporation and Teavana International, Inc., as obligors, and Fifth Third Bank, as lender, reasonably satisfactory to Parent, which will become effective upon payment of the amount specified in such pay-off letter.

A material adverse effect means any state of facts, change, development, event, effect, condition, occurrence, action or omission that, individually or in the aggregate, (i) has had or would reasonably be expected to have a material adverse effect on the business, assets, properties, financial condition or results of operations of Teavana and its subsidiaries, taken as a whole; provided, however, that, in the case of this clause (i), any state of facts, change, development, event, effect, condition, occurrence, action or omission resulting from the following (either alone or in combination) shall not be taken into account in determining whether a material adverse effect has occurred or may occur: (A) any change, in and of itself, in the market price or trading volume of Teavana's common stock or any failure, in and of itself, to meet internal projections or forecasts or published revenue or earnings predictions (it being understood that the facts or causes underlying or contributing to such change or failure shall be considered in determining whether a material adverse effect has occurred or may occur, if not otherwise excluded pursuant to this definition); (B) changes in general economic or political conditions, or in the financial, credit or securities markets in general (except to the extent, and only to the extent, disproportionately affecting Teavana and its subsidiaries, taken as a whole, relative to other participants in the industry in which Teavana and its subsidiaries conduct business); (C) changes in applicable law or GAAP or in any interpretation thereof (except to the extent, and only to the extent, disproportionately affecting Teavana and its subsidiaries, taken as a whole, relative to other participants in the industry in which Teavana and its subsidiaries conduct business); (D) changes in the conditions generally of the industries in which Teavana and its subsidiaries conduct their respective businesses (except to the extent, and only to the extent, disproportionately affecting Teavana and its subsidiaries, taken as a whole, relative to other participants in the industry in which Teavana and its subsidiaries conduct business); (E) acts of civil unrest or war (whether or not declared), armed hostilities or terrorism, or any escalation or worsening of any acts of civil unrest or war (whether or not declared), armed

hostilities or terrorism underway as of the date of the Merger Agreement (except to the extent, and only to the extent, disproportionately affecting Teavana and its subsidiaries, taken as a whole, relative to other participants in the industry in which Teavana and its subsidiaries conduct business); (F) earthquakes, hurricanes, tsunamis, tornadoes, floods, mudslides, volcanic eruptions or other natural disasters (except to the extent, and only to the extent, disproportionately affecting Teavana and its subsidiaries, taken as a whole, relative to other participants in the industry in which Teavana and its subsidiaries conduct business) or (G) the announcement of the Merger Agreement or the transactions contemplated hereby, including any actions of competitors, customers, employees, suppliers, distributors, licensors, licensees, partners or third parties in a similar relationship with Teavana and its subsidiaries resulting from such announcement; or (ii) would prevent, materially impede or materially delay the consummation by Teavana of the Merger or the other transactions contemplated by the Merger Agreement.

Conditions to Teavana's Obligations. Teavana's obligation to effect the Merger is further subject to the satisfaction or waiver by Teavana of the following conditions:

the representations and warranties of Parent and Merger Sub contained in the Merger Agreement that are qualified as to materiality shall be true and correct (as so qualified), and the representations and warranties of Parent and Merger Sub contained in the Merger Agreement that are not so qualified shall be true and correct in all material respects, in each case as of the date of the Merger Agreement and as of the closing of the Merger with the same effect as though made as of the closing of the Merger, except that the accuracy of representations and warranties that by their terms speak as of a specified date will be determined as of such date. Teavana shall have received a certificate signed on behalf of Parent by an authorized signatory of Parent to such effect; and

Parent and Merger Sub shall have performed in all material respects all obligations required to be performed by them under the Merger Agreement at or prior to the closing of the Merger, and Teavana shall have received a certificate signed on behalf of Parent by an authorized signatory of Parent to such effect.

NO SOLICITATION OF OTHER OFFERS

The Merger Agreement provides that Teavana (i) shall not, and shall cause its subsidiaries and any director, officer or employee of Teavana or any of its subsidiaries or any investment banker, attorney, accountant or other advisor or representative of Teavana or any of its subsidiaries not to, directly or indirectly, (A) solicit, initiate or encourage, or take any other action to knowingly facilitate, any takeover proposal or any inquiries or the making of any proposal that could reasonably be expected to lead to a takeover proposal or (B) enter into, continue or otherwise participate in any discussions or negotiations regarding, or furnish to any person (or any representative thereof) any information with respect to, or otherwise knowingly cooperate in any way with any person (or any representative thereof) with respect to, any takeover proposal, (ii) shall and shall cause its subsidiaries and its and their respective directors, officers, employees, investment bankers, attorneys, accountants and other advisors and representatives to immediately cease and cause to be terminated all existing activities, discussions and negotiations with any person with respect to any takeover proposal and (iii) shall promptly, and in any event within two days following the date of the Merger Agreement, request, and shall use its commercially reasonable efforts to cause, the prompt return or written acknowledgment of destruction of all confidential information previously furnished to such parties or their representatives in connection with any takeover proposal to the extent that Teavana is entitled to have such documents returned or destroyed; provided, however, that at any time prior to obtaining the requisite stockholder approval (which was obtained upon the delivery of the written consent executed by the Principal Stockholders), in response to a bona fide written unsolicited takeover proposal received after the execution of the Merger Agreement by each of the parties hereto that the Board of Directors of Teavana determines in good faith, after consultation with its outside legal counsel and a financial advisor of nationally recognized reputation, constitutes a superior proposal, and which takeover proposal did not result from a breach of the non-solicitation covenant or any other provision of the Merger Agreement, if the Board of Directors of Teavana determines in good faith, after consultation with its outside legal counsel, that the failure to take such action would be inconsistent with its fiduciary duties to the stockholders of Teavana under applicable

law, Teavana may, and may permit and authorize its subsidiaries and its representatives and its subsidiaries' representatives to, in each case subject to compliance with the notice provision and the other provisions of the Merger Agreement, (A) furnish information with respect to Teavana or any of its subsidiaries to the person making such takeover proposal (and its representatives) pursuant to a confidentiality agreement which contains terms that are in all material respects no less restrictive of such person than those contained in the confidentiality agreement between Teavana and Parent; provided that all such information had been provided, or is concurrently provided, to Parent, and (B) participate in discussions or negotiations with, and only with, the person making such takeover proposal (and its representatives) regarding such takeover proposal.

The term "takeover proposal" means any inquiry, proposal or offer from any person or group (as defined in Section 13(d) of the Exchange Act) (other than Parent or Merger Sub or any of their affiliates) relating to, or that could reasonably be expected to lead to, in one transaction or a series of transactions, any merger, consolidation, business combination, recapitalization, liquidation or dissolution involving Teavana or any direct or indirect acquisition, including by way of any merger, consolidation, tender offer, exchange offer, stock acquisition, asset acquisition, binding share exchange, business combination, recapitalization, liquidation, dissolution, joint venture, license agreement or similar transaction, of (i) assets or businesses that constitute or represent 20% or more of the total revenue, net income, EBITDA (earnings before interest expense, taxes, depreciation and amortization) or assets of Teavana and its subsidiaries, taken as a whole, or (ii) 20% or more of the outstanding shares of Teavana's common stock or of any class of capital stock of, or other equity or voting interests in, one or more of the subsidiaries of Teavana which, in the aggregate, directly or indirectly hold the assets or businesses referred to in clause (i) above.

The term "superior proposal" means any binding bona fide unsolicited written offer which did not result from a breach of the non-solicitation covenant made by any person (other than Parent or Merger Sub or any of their affiliates) that, if consummated, would result in such person (or, in the case of a direct merger between such person and Teavana, the stockholders of such person) acquiring, directly or indirectly, more than 50% of the voting power of the Teavana's common stock or all or substantially all the assets of the Teavana and its subsidiaries, taken as a whole, and which offer, in the reasonable good-faith judgment of the Board of Directors of Teavana (after consultation with a financial advisor of nationally recognized reputation and outside legal counsel), (i) provides a higher value to the stockholders of Teavana than the consideration payable in the Merger (taking into account all of the terms and conditions of such proposal and the Merger Agreement (including any changes to the terms of the Merger Agreement proposed by Parent in response to such superior proposal or otherwise)) and (ii) is reasonably capable of being completed, taking into account all financial, legal, regulatory and other aspects of such proposal.

Because the Principal Stockholders delivered a written consent adopting and approving the Merger Agreement and the Merger on November 14, 2012, the Company may not terminate the Merger Agreement pursuant to receipt of a takeover proposal or superior proposal.

TERMINATION OF THE MERGER AGREEMENT

The Merger Agreement may be terminated at any time prior to the completion of the Merger:

by mutual written consent of Teavana, Parent and Merger Sub;

by either Teavana or Parent:

if the Merger is not consummated on or before March 14, 2013, except that this right is not available to any party if its failure to fulfill any obligation under the Merger Agreement was a principal cause of, or resulted in, the failure of the Merger to occur by such date; or

if any court of competent jurisdiction issues or enters a permanent injunction or other judgment, that prevents consummation of the Merger and the injunction or judgment has become final and non-appealable; or

The Merger Agreement provides that, for a period of one year following the effectiveness of the Merger, the employees of Teavana that remain employed by the surviving corporation will receive base cash compensation that is no less favorable than the base cash compensation in effect immediately prior to the effectiveness of the Merger. Parent will also provide employee benefit plans and arrangements (including bonus and incentive opportunities (but excluding equity-based compensation) and paid time off accrual) to employees of Teavana that remain employed by the surviving corporation that are substantially comparable to those provided to similarly situated employees of Parent and will generally consider employees of Teavana that remain employed by the surviving corporation for equity-based compensation grants at the same time and levels as similarly situated employees of Parent.

Following the completion of the Merger, Parent will recognize the service with Teavana or its subsidiaries for purposes of eligibility, participation, vesting and, except under defined benefit pension plans, benefit accrual under such employee benefit plan of Parent or any of its subsidiaries, to the same extent such service was recognized immediately prior to the effectiveness of the Merger under a comparable benefit plan in which employees of Teavana that remain employed by the surviving corporation were eligible to participate immediately prior to the effectiveness of the Merger except to the extent such credit would result in duplication of benefits or for which similarly situated employees of Parent do not receive credit for prior service.

Parent will use commercially reasonable efforts to waive all limitations as to preexisting conditions and exclusions with respect to participation and coverage requirements under any health, dental, vision or other welfare plans maintained by Parent to the extent such conditions and exclusions were satisfied or did not apply prior to the closing of the Merger and will also use commercially reasonable efforts to provide continuing employees with credit for co-payments and deductibles paid in satisfying any analogous deductible or out-of-pocket requirements under Teavana's plans.

AMENDMENT, EXTENSION AND WAIVER

The parties may amend provisions of the Merger Agreement at any time, except that after stockholder approval has been obtained, no amendment that requires further approval by stockholders of Teavana is permitted without the further approval of such stockholders. All such amendments must be in writing and signed by each of the parties.

At any time prior to the effective time of the Merger, the parties may (a) extend the time for the performance of any of the obligations or other acts of the other parties, (b) waive any inaccuracies in the representations and warranties contained in the Merger Agreement or in any document delivered pursuant to the Merger Agreement or (c) waive compliance with any of the agreements or conditions contained in the Merger Agreement, except that after stockholder approval has been obtained, no waiver that requires further approval by stockholders of Teavana is permitted without the further approval of such stockholders. NOW, THEREFORE, in consideration of the foregoing and the respective representations, warranties, covenants and agreements set forth herein, the parties hereto agree as follows:

ARTICLE I

The Merger

SECTION 1.01. The Merger. Upon the terms and subject to the conditions set forth in this Agreement, and in accordance with the General Corporation Law of the State of Delaware (the DGCL), Sub shall be merged with and into the Company at the Effective Time. At the Effective Time, the separate corporate existence of Sub shall cease and the Company shall continue as the surviving corporation (the Surviving Corporation).

SECTION 1.02. Closing. The closing of the Merger (the Closing) will take place at 10:00 a.m., New York time, on a date to be specified by the parties, which shall be not later than the second business day after satisfaction or (to the extent permitted by Law) waiver of the conditions set forth in Article VI (other than those that by their terms are to be satisfied or waived at the Closing, it being understood that the occurrence of the Closing shall remain subject to the satisfaction or waiver of such conditions at Closing) (except, if such conditions are satisfied or waived on or prior to 10:00 a.m., New York City time, on December 31, 2012, the Closing shall occur on December 31, 2012), at the offices of Cravath, Swaine & Moore LLP, 825 Eighth Avenue, New York, New York 10019, unless another time, date or place is agreed to in writing by Parent and the Company; provided, however, that if all the conditions set forth in Article VI shall not have been satisfied or (to the extent permitted by Law) waived on such second business day (or on December 31, 2012, as applicable), then the Closing shall take place on the first business day on which all such conditions shall have been satisfied or (to the extent permitted by Law) waived. The date on which the Closing occurs is referred to in this Agreement as the Closing Date .

SECTION 1.03. Effective Time of the Merger. Upon the terms and subject to the conditions set forth in this Agreement, as soon as practicable on or after the Closing Date, the parties shall properly file a certificate of merger (the Certificate of Merger) in such form as is required by, and executed and acknowledged in accordance with, the relevant provisions of the DGCL. The Merger shall become effective at such date and time as the Certificate of Merger is duly filed with the Secretary of State of the State of Delaware or, to the extent

permitted by applicable Law, at such subsequent date and time as Parent and the Company shall agree and specify in the Certificate of Merger. The date and time at which the Merger becomes effective is referred to in this Agreement as the Effective Time .

SECTION 1.04. Effects of the Merger. The Merger shall have the effects set forth in Section 259 of the DGCL.

SECTION 1.05. Certificate of Incorporation and Bylaws. The certificate of incorporation of the Company as in effect immediately prior to the Effective Time shall be amended by virtue of the Merger at the Effective Time to read in the form of Exhibit A hereto and, as so amended, shall be the certificate of incorporation of the Surviving Corporation until thereafter changed or amended as provided therein or by applicable Law.

(a) The bylaws of the Company as in effect immediately prior to the Effective Time shall be amended at the Effective Time to read in the same form as the bylaws of Sub as in effect immediately prior to the Effective Time and, as so amended, shall be the bylaws of the Surviving Corporation until thereafter changed or amended as provided therein or by applicable Law.

SECTION 1.06. Directors. The directors of Sub immediately prior to the Effective Time shall be the directors of the Surviving Corporation until the earlier of their resignation or removal or until their respective successors are duly elected and qualified, as the case may be.

SECTION 1.07. Officers. The officers of Sub immediately prior to the Effective Time shall be the officers of the Surviving Corporation until the earlier of their resignation or removal or until their respective successors are duly elected and qualified, as the case may be.

ARTICLE II

Conversion of Securities

SECTION 2.01. Conversion of Capital Stock. At the Effective Time, by virtue of the Merger and without any action on the part of the holder of any shares of common stock, par value \$0.00003 per share, of the Company (the Company Common Stock), or the holder of any shares of capital stock of Sub:

(a) Capital Stock of Sub. Each issued and outstanding share of common stock of Sub, par value \$0.01 per share, shall be converted into and become one fully paid and nonassessable share of common stock, par value \$0.01 per share, of the Surviving Corporation.

(b) Cancellation of Treasury Stock and Parent-Owned Stock. All shares of Company Common Stock that are owned as treasury stock by the Company or owned by Parent or Sub immediately prior to the Effective Time shall automatically be canceled and shall cease to exist, and no consideration shall be delivered or deliverable in exchange therefor.

(c) Conversion of Company Common Stock. Each share of Company Common Stock issued and outstanding immediately prior to the Effective Time (other than (i) shares to be canceled in accordance with Section 2.01(b) and (ii) except as provided in Section 2.02, the Appraisal Shares) shall be converted into the right to receive \$15.50 in cash, without interest (the Cash Consideration); provided, however, that the shares of Company Common Stock that are Specified Stockholder Shares shall be converted into the right to receive the Cash Consideration less the Per Share Escrow Amount plus any Escrow Proceeds (such sum, the Escrow Consideration). At the Effective Time such shares shall no longer be outstanding and shall automatically be canceled and shall cease to exist, and each holder of a certificate or evidence of shares in book-entry form that immediately prior to the Effective Time represented any such shares (a Certificate) shall cease to have any rights with respect thereto, except the right to receive the Cash Consideration or the Escrow Consideration, as applicable (the Merger Consideration) in accordance with the terms of this

Agreement. The right of any holder of any share of Company Common Stock to receive the Merger Consideration shall be subject to and reduced by the amount of any withholding that is required under applicable tax Law, such withholding to be pursuant to the terms of Section 2.03(f) and any applicable tax Law.

SECTION 2.02. Appraisal Rights. Notwithstanding anything in this Agreement to the contrary, shares (the Appraisal Shares) of Company Common Stock issued and outstanding immediately prior to the Effective Time that are held by any holder who is entitled to demand and properly demands appraisal of such shares pursuant to, and who complies in all respects with, the provisions of Section 262 of the DGCL (Section 262) shall not be converted into the right to receive the Merger Consideration as provided in Section 2.01(c), but instead such holder shall be entitled to payment of the fair value of such shares in accordance with the provisions of Section 262. At the Effective Time, the Appraisal Shares shall no longer be outstanding and shall automatically be canceled and shall cease to exist, and each holder of a certificate or evidence of shares in book-entry form that immediately prior to the Effective Time represented Appraisal Shares shall cease to have any rights with respect thereto, except the right to receive the fair value of such shares in accordance with the provisions of Section 262. Notwithstanding the foregoing, if any such holder shall fail to perfect or otherwise shall waive, withdraw or lose the right to appraisal under Section 262 or a court of competent jurisdiction shall determine that such holder is not entitled to the relief provided by Section 262, then the right of such holder to be paid the fair value of such holder's Appraisal Shares under Section 262 shall cease and such Appraisal Shares shall be deemed to have been converted at the Effective Time into, and shall have become, the right to receive the Merger Consideration as provided in Section 2.01(c). The Company shall serve prompt notice to Parent of any demands for appraisal of any shares of Company Common Stock, withdrawals of any such demands and any other related instruments served pursuant to the DGCL that are received by the Company, and Parent shall have the right to participate in and direct all negotiations and proceedings with respect to such demands. The Company shall not, without the prior written consent of Parent, make any payment with respect to, or settle or offer to settle, any such demands, or agree to do or commit to do any of the foregoing.

SECTION 2.03. Exchange of Certificates. Paying Agent. Prior to the Effective Time, Parent shall designate a bank or trust company reasonably acceptable to the Company to act as agent for the payment of the Merger Consideration upon surrender of Certificates (the Paying Agent), and Parent shall deposit with the Paying Agent, for the benefit of holders of shares of Company Common Stock, cash in immediately available funds (such cash in immediately available funds, the Exchange Fund) in amounts necessary for the payment of the Merger Consideration (excluding the Escrow Amount) pursuant to Section 2.01(c) upon surrender of Certificates, it being understood that all such funds shall be invested as directed by Parent and that any and all interest or other amounts earned with respect to funds made available to the Paying Agent pursuant to this Agreement shall be turned over to Parent. In the event that the Exchange Fund is at any time insufficient to satisfy all of the payment obligations to be made by the Paying Agent pursuant to this Agreement, Parent shall make available to the Paying Agent as promptly as practicable any additional amounts necessary to satisfy such obligations.

(a) Exchange Procedure. As soon as reasonably practicable after the Effective Time (but no later than two business days thereafter), the Surviving Corporation or Parent shall cause the Paying Agent to mail to each holder of record of a Certificate (i) a form of letter of transmittal (which shall include an accompanying substitute IRS Form W-9 or the applicable IRS Form W-8, shall specify that delivery shall be effected, and risk of loss and title to the Certificates held by such person shall pass, only upon proper delivery of such Certificates to the Paying Agent and shall be in a form and have such other provisions (including customary provisions regarding delivery of an agent's message with respect to shares held in book-entry form) as Parent may reasonably specify) and (ii) instructions for use in effecting the surrender of the Certificates in exchange for the Merger Consideration. Upon surrender of a Certificate for cancellation to the Paying Agent or to such other agent or agents as may be appointed by Parent, together with such letter of transmittal, duly completed and validly executed, and such other documents as may reasonably be required by the Paying Agent, the holder of such Certificate shall be entitled to receive in exchange therefor the amount of cash equal to the Merger Consideration (excluding, in the case of the Specified Stockholders, the Escrow Proceeds) that such holder has the right to

receive pursuant to Section 2.01(c), and each Certificate so surrendered shall forthwith be canceled. In the event of a transfer of ownership of Company Common Stock that is not registered in the stock transfer books of the Company, payment of the Merger Consideration in exchange therefor may be made to a person other than the person in whose name the Certificate so surrendered is registered if such Certificate shall be properly endorsed or otherwise be in proper form for transfer and the person requesting such payment shall pay any transfer or other taxes required by reason of the payment to a person other than the registered holder of such Certificate or establish to the satisfaction of the Surviving Corporation that such tax has been paid or is not applicable. No interest shall be paid or shall accrue on the cash payable upon surrender of any Certificate.

(b) **No Further Ownership Rights in Company Common Stock.** All Merger Consideration paid upon the surrender of a Certificate in accordance with the terms of this Article II shall be deemed to have been paid in full satisfaction of all rights pertaining to the shares of Company Common Stock formerly represented by such Certificate (it being understood that, in the case of the shares of Company Common Stock that are Specified Stockholder Shares, the payment of the Cash Consideration less the Per Share Escrow Amount upon the surrender of a Certificate in respect of such shares in accordance with the terms of this Article II, and the deposit of the Escrow Amount in accordance with the Escrow Agreement, shall be deemed to have been in full satisfaction of all rights pertaining to such shares formerly represented by such Certificate, but that the Specified Stockholders shall continue to have the right to receive the Escrow Proceeds in accordance with, and subject to, the terms of the Escrow Agreement). At the close of business on the day on which the Effective Time occurs, the stock transfer books of the Company shall be closed, and there shall be no further registration of transfers on the stock transfer books of the Surviving Corporation of the shares that were outstanding immediately prior to the Effective Time. If, after the close of business on the day on which the Effective Time occurs, Certificates are presented to the Surviving Corporation or the Paying Agent for transfer or any other reason, they shall be canceled and exchanged as provided in this Article II.

(c) **No Liability.** None of Parent, Sub, the Company, the Surviving Corporation or the Paying Agent shall be liable to any person in respect of any Merger Consideration that would otherwise have been payable in respect of any Certificate which is delivered to a public official in accordance with any applicable abandoned property, escheat or similar Law. If any Certificates shall not have been surrendered prior to two years after the Effective Time (or immediately prior to such earlier date on which any Merger Consideration would otherwise escheat to or become the property of any Governmental Entity), any Merger Consideration payable in accordance with this Article II in respect thereof shall, to the extent permitted by applicable Law, become the property of the Surviving Corporation, free and clear of all claims or interest of any person previously entitled thereto.

(d) **Lost Certificates.** If any Certificate shall have been lost, stolen, defaced or destroyed, upon the making of an affidavit of that fact by the person claiming such Certificate to be lost, stolen, defaced or destroyed and, if required by the Surviving Corporation, the posting by such person of a bond in such amount as the Surviving Corporation may direct as indemnity against any claim that may be made against it with respect to such Certificate, the Paying Agent or the Surviving Corporation, as the case may be, shall pay the Merger Consideration in respect of such lost, stolen, defaced or destroyed Certificate.

(e) **Withholding Rights.** Parent, the Surviving Corporation or the Paying Agent shall be entitled to deduct and withhold from the Merger Consideration and any other amounts otherwise payable pursuant to this Agreement to any holder of shares of Company Common Stock or Stock Options such amounts as Parent, the Surviving Corporation or the Paying Agent is required to deduct and withhold with respect to the making of such payment under the Internal Revenue Code of 1986, as amended (the "Code"), or any provision of state, local or foreign tax Law. To the extent that amounts are so withheld and paid over to the appropriate taxing authority by Parent, the Surviving Corporation or the Paying Agent, such withheld amounts shall be treated for all purposes of this Agreement as having been paid to the holder of the shares of Company Common Stock or Stock Options in respect of which such deduction and withholding was made by Parent, the Surviving Corporation or the Paying Agent.

(f) **Termination of Fund.** At any time following the six-month anniversary of the Closing Date, the Surviving Corporation shall be entitled to require the Paying Agent to deliver to it any funds (including any

interest received with respect thereto) that had been made available to the Paying Agent pursuant to Section 2.03(a) (which, for the avoidance of doubt, shall not include Escrow Proceeds paid to the Paying Agent for disbursement to the Specified Stockholders) and that have not been disbursed to holders of Certificates, and thereafter, subject to time limitations in Section 2.03(d), such holders shall be entitled to look only to Parent and the Surviving Corporation (subject to abandoned property, escheat or other similar Laws) as general creditors thereof with respect to the payment of any Merger Consideration that may be payable upon surrender of any Certificates held by such holders, as determined pursuant to this Agreement, without any interest thereon.

(g) Escrow Proceeds. As promptly as practical upon receipt of any Escrow Proceeds, the Paying Agent shall distribute such funds to the Specified Stockholders on a pro rata basis in accordance with their respective ownership of Specified Stockholder Shares.

ARTICLE III

Representations and Warranties

SECTION 3.01. Representations and Warranties of the Company. Except as set forth in (x) the letter delivered by the Company to Parent not later than 1:00 p.m., New York City time, on the date of this Agreement (the Company Letter) (with specific reference to the Section of this Agreement to which the information stated in such disclosure relates; provided that disclosure of information in any section of the Company Letter shall be deemed to qualify or apply to other Sections in this Article III to the extent it is readily apparent on the face of such disclosure that such disclosure is relevant to such other Sections) or (y) the Filed SEC Documents filed on or after January 29, 2012, other than any disclosure contained or referenced therein under the captions Risk Factors and Forward-Looking Statements and any other disclosure contained or referenced therein of information, factors or risks that are predictive, cautionary or forward-looking in nature (it being agreed that any matter disclosed in such Filed SEC Documents shall be deemed to qualify this Article III only to the extent that it is readily apparent from such disclosure the Section or Sections of this Agreement to which such disclosure is relevant), the Company represents and warrants to Parent and Sub as follows:

The Company has made available to Parent complete and correct copies of the certificate of incorporation of the Company, as amended to the date of this Agreement (the Company Certificate), and the bylaws of the Company, as amended to the date of this Agreement (the Company Bylaws), and the certificate of incorporation and bylaws (or similar organizational documents) of each of its Subsidiaries, in each case as amended to the date of this Agreement. Except for the capital stock of, or other equity or voting interests in, its Subsidiaries, the Company does not own, directly or indirectly, any capital stock of, or other equity or voting interests in, any person.

Notwithstanding any provision in this Agreement to the contrary, the Company shall not, and shall cause its Subsidiaries and any director, officer or employee of the Company or any of its Subsidiaries or any investment banker, attorney, accountant or other advisor or representative of the Company or any of its Subsidiaries not to, directly or indirectly, (A) solicit, initiate or encourage, or take any other action to knowingly facilitate, any Takeover Proposal or any inquiries or the making of any proposal that could reasonably be expected to lead to a Takeover Proposal or (B) enter into, continue or otherwise participate in any discussions or negotiations regarding, or furnish to any person (or any representative thereof) any information with respect to, or otherwise knowingly cooperate in any way with any person (or any representative thereof) with respect to, any Takeover Proposal, (ii) shall and shall cause its Subsidiaries and its and their respective directors, officers, employees, investment bankers, attorneys, accountants and other advisors and representatives to immediately cease and cause to be terminated all existing activities, discussions and negotiations with any person conducted heretofore with respect to any Takeover Proposal and (iii) shall promptly, and in any event within two days following the date of this Agreement, request, and shall use its commercially reasonable efforts to cause, the prompt return or written acknowledgment of destruction of all confidential information previously furnished to such parties or their representatives in connection with any Takeover Proposal to the extent that the Company is entitled to have such documents returned or destroyed; provided, however, that at any time prior to obtaining the Stockholder Approval, in response to a bona fide written unsolicited Takeover Proposal received after the execution of this Agreement by each of the parties hereto that the Board of Directors of the Company determines in good faith, after consultation with its outside legal counsel and a financial advisor of nationally recognized reputation, constitutes a Superior Proposal, and which Takeover Proposal did not result from a breach of this Section 4.02 or any other provision of this Agreement, if the Board of Directors of the Company determines in good faith, after consultation with its outside legal counsel, that the failure to take such action would be inconsistent with its fiduciary duties to the stockholders of the Company under applicable Law, the Company may, and may permit and authorize its Subsidiaries and its representatives and its Subsidiaries' representatives to, in each case subject to compliance with Section 4.02(c) and the other provisions of this Agreement, (A) furnish information with respect to the Company and its Subsidiaries to the person making such Takeover Proposal (and its representatives) pursuant to a confidentiality agreement which contains terms that are in all material respects no less restrictive of such person than those contained in the Confidentiality Agreement (an Acceptable Confidentiality Agreement); provided that all such information had been provided, or is concurrently provided, to Parent, and (B) participate

in discussions or negotiations with, and only with, the person making such Takeover Proposal (and its representatives) regarding such Takeover Proposal. Without limiting the generality of the foregoing, it is understood that any violation of the restrictions set forth in the preceding sentence by any director, officer or employee of the Company or any of its Subsidiaries or any investment banker, attorney, accountant or other advisor or representative of the Company or any of its Subsidiaries shall be deemed to be a breach of this Section 4.02(a) by the Company.

For purposes of this Agreement, the term Takeover Proposal means any inquiry, proposal or offer from any person or group (as defined in Section 13(d) of the Exchange Act) (other than Parent or Sub or any of their affiliates) relating to, or that could reasonably be expected to lead to, in one transaction or a series of transactions, any merger, consolidation, business combination, recapitalization, liquidation or dissolution involving the Company or any direct or indirect acquisition, including by way of any merger, consolidation, tender offer, exchange offer, stock acquisition, asset acquisition, binding share exchange, business combination, recapitalization, liquidation, dissolution, joint venture, license agreement or similar transaction, of (i) assets or businesses that constitute or represent 20% or more of the total revenue, net income, EBITDA (earnings before interest expense, taxes, depreciation and amortization) or assets of the Company and its Subsidiaries, taken as a whole, or (ii) 20% or more of the outstanding shares of Company Common Stock or of any class of capital stock of, or other equity or voting interests in, one or more of the Subsidiaries of the Company which, in the aggregate, directly or indirectly hold the assets or businesses referred to in clause (i) above.

For purposes of this Agreement, the term Superior Proposal means any binding bona fide unsolicited written offer which did not result from a breach of Section 4.02(a) made by any person (other than Parent or Sub or any of their affiliates) that, if consummated, would result in such person (or, in the case of a direct merger between such person and the Company, the stockholders of such person) acquiring, directly or indirectly, more than 50% of the voting power of the Company Common Stock or all or substantially all the assets of the Company and its Subsidiaries, taken as a whole, and which offer, in the reasonable good faith judgment of the Board of Directors of the Company (after consultation with a financial advisor of nationally recognized reputation and outside legal counsel), (i) provides a higher value to the stockholders of the Company than the consideration payable in the Merger (taking into account all of the terms and conditions of such proposal and this Agreement (including any changes to the terms of this Agreement proposed by Parent in response to such Superior Proposal or otherwise)) and (ii) is reasonably capable of being completed, taking into account all financial, legal, regulatory and other aspects of such proposal.

(a) Neither the Board of Directors of the Company nor any committee thereof shall (or shall agree or resolve to) (i) withdraw or modify in a manner adverse to Parent or Sub, or propose publicly to withdraw or modify in a manner adverse to Parent or Sub, the recommendation or declaration of advisability by such Board of Directors or any such committee of this Agreement or the Merger (any such action, resolution or agreement to take such action being referred to herein as an Adverse Recommendation Change), (ii) recommend, declare advisable or propose to recommend or declare advisable the approval or adoption of any Takeover Proposal or resolve or agree to take any such action, or adopt or approve any Takeover Proposal, or (iii) cause or permit the Company to enter into any letter of intent, memorandum of understanding, agreement in principle, acquisition agreement, merger agreement, option agreement, joint venture agreement, partnership agreement or other agreement (each, an Acquisition Agreement) constituting or related to, or which would reasonably be expected to lead to, any Takeover Proposal (other than an Acceptable Confidentiality Agreement), or resolve or agree to take any such action. Notwithstanding the foregoing, at any time prior to the Stockholder Approval, the Board of Directors of the Company may (x) effect an Adverse Recommendation Change or (y) in response to a Superior Proposal, terminate this Agreement pursuant to Section 7.01(f) to accept such Superior Proposal, in the case of each of clauses (x) and (y), if the Board of Directors of the Company has determined in good faith, after consultation with its outside legal counsel, that the failure to do so would be inconsistent with its fiduciary duties to the stockholders of the Company under applicable Law; provided that the Board of Directors of the Company may not effect such an Adverse Recommendation Change or terminate this Agreement pursuant to Section 7.01(f) unless the Board of Directors of the Company shall have first provided written notice to Parent (an Adverse

Change Notice) at least three business days prior to such action that it is prepared to take such action and, if such action is in response to a Superior Proposal, the following additional conditions are satisfied: (A) such notice shall attach the most current version of any written agreement relating to the transaction that constitutes such Superior Proposal and (B) Parent does not make, within three business days after the receipt of such notice, a proposal that would, in the reasonable good faith judgment of the Board of Directors of the Company (after consultation with a financial advisor of national reputation and outside legal counsel), cause the offer previously constituting a Superior Proposal to no longer constitute a Superior Proposal (it being understood and agreed that any amendment or modification of such Superior Proposal shall require a new Adverse Change Notice and a new three business day period). The Company agrees that, during the three business day period prior to its effecting an Adverse Recommendation Change or termination pursuant to Section 7.01(f), the Company and its officers, directors and representatives shall negotiate in good faith with Parent and its officers, directors and representatives regarding any revisions to the terms of the Merger and the other transactions contemplated by this Agreement proposed by Parent. Notwithstanding anything to the contrary in this Agreement, the Company shall not be entitled to enter into any agreement (other than an Acceptable Confidentiality Agreement) with respect to a Superior Proposal unless this Agreement has been terminated by its terms pursuant to Section 7.01, and, if required pursuant to Section 5.07, the Company has paid to Parent the Termination Fee.

(b) In addition to the obligations of the Company set forth in paragraphs (a) and (b) of this Section 4.02, the Company shall, as promptly as possible and in any event within 24 hours after the receipt thereof, advise Parent orally and in writing of (i) any Takeover Proposal or any request for information or inquiry that the Company reasonably believes could lead to or contemplates a Takeover Proposal and (ii) the material terms and conditions of such Takeover Proposal, request or inquiry (including any subsequent amendment or other modification to such terms and conditions) and the identity of the person making any such Takeover Proposal, request or inquiry. Commencing upon the provision of any notice referred to above, the Company (or its outside counsel) shall keep Parent (or its outside counsel) reasonably informed on a reasonably current basis of the status and material details of any such Takeover Proposal, request or inquiry (including any material change to its material terms and conditions).

(c) Nothing contained in this Section 4.02 or elsewhere in this Agreement shall prohibit the Company from (i) taking and disclosing to its stockholders a position contemplated by Rule 14d-9 and Rule 14e-2(a) promulgated under the Exchange Act or complying with Item 1012(a) of Regulation M-A under the Exchange Act or (ii) making any disclosure to its stockholders if, in the good faith judgment of the Board of Directors of the Company, failure so to disclose would be inconsistent with applicable Law; provided, however, that in no event shall the Company or its Board of Directors or any committee thereof take, agree or resolve to take any action prohibited by Section 4.02.

SECTION 4.03. Conduct by Parent. During the period from the date of this Agreement to the Effective Time, except as consented to in writing by the Company prior to such action or as specifically contemplated by this Agreement, Parent shall not, and shall not permit any of its Subsidiaries (including Sub) to, take any action that would reasonably be expected to result in (a) any representation and warranty of Parent or Sub set forth in this Agreement that is qualified as to materiality becoming untrue (as so qualified) or (b) any such representation and warranty that is not so qualified becoming untrue in any material respect.

As soon as practicable upon receipt of the Stockholder Consent, the

Company will provide Parent with a facsimile copy of such Stockholder Consent, certified as true and complete by an executive officer of the Company. In connection with the Stockholder Consent, the Company shall take all actions necessary to comply, and shall comply in all respects, with the DGCL, including Section 228 and Section 262 thereof, the Company Certificate and the Company Bylaws.

(a) As promptly as practicable following the date of this Agreement (and in any event within 10 days of the date hereof), the Company shall prepare and file with the SEC a written information statement of the type contemplated by Rule 14c-2 of the Exchange Act containing the information specified in Schedule 14C under the Exchange Act concerning the Stockholder Consent, the Merger and the other transactions contemplated by this Agreement (the Information Statement). Each of the Company and Parent shall furnish all information concerning such person to the other as may be reasonably requested in connection with the preparation, filing and distribution of the Information Statement. The Company shall promptly notify Parent upon the receipt of any comments from the SEC or its staff or any request from the SEC or its staff for amendments or supplements to the Information Statement and shall provide Parent with copies of all correspondence between it and its representatives, on the one hand, and the SEC, on the other hand. Each of the Company and Parent shall use commercially reasonable efforts to respond as promptly as practicable to any comments of the SEC with respect to the Information Statement. Notwithstanding the foregoing, prior to filing or mailing the Information Statement (or any amendment or supplement thereto) or responding to any comments of the SEC with respect thereto, the Company (i) shall provide Parent a reasonable opportunity to review and comment on such document or response and (ii) shall include in such document or response all comments reasonably proposed by Parent. If, at any time prior to the date that is 20 days after the Information Statement is first mailed to the Company's stockholders, any information relating to the Company, Parent or any of their respective affiliates, officers or directors should be discovered by the Company or Parent which is required to be set forth in an amendment or supplement to the Information Statement, so that the Information Statement shall not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they are made, not misleading, the party that discovers such information shall promptly notify the other parties hereto, and an appropriate amendment or supplement describing such information shall be filed with the SEC and, to the extent required by applicable Law, disseminated to the stockholders of the Company.

(b) The Company agrees that the Information Statement will comply as to form in all material respects with the requirements of the Exchange Act and that none of the information included or incorporated by reference in the Information Statement will, at the date the Information Statement is filed with the SEC or mailed to the stockholders of the Company, or at the time of any amendment or supplement thereof, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they are made, not misleading, except that no covenant is made by the Company with respect to statements made in the Information Statement based on information supplied in writing by or on behalf of Parent specifically for inclusion or incorporation for reference therein. Parent agrees that none of such information will, at the date the Information Statement is filed with the SEC or mailed to the stockholders of the Company, or at the time of any amendment or supplement thereof, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they are made, not misleading.

(c) Each of the Company and Parent shall use reasonable best efforts to cause the Information Statement to be (i) filed with the SEC in definitive form as contemplated by Rule 14c-2 under the Exchange Act and (ii) mailed to the stockholders of the Company, in each case as promptly as practicable after, and in any event within two days after, the latest of (A) confirmation from the SEC that it has no further comments on the Information Statement, (ii) confirmation from the SEC that the Information Statement is otherwise not to be reviewed or (iii) expiration of the 10-day period after filing in the event the SEC does not review the Information Statement. Without limiting the generality of the foregoing, the Company agrees that its obligations pursuant to this Section 5.01(d) shall not be affected by any Adverse Recommendation Change or the commencement, public proposal, public disclosure or communication to the Company or any other person of any Takeover Proposal.

SECTION 5.02. Access to Information; Confidentiality. Subject to compliance with applicable Law (including antitrust and competition Laws) and appropriate disclosure limitations to maintain attorney-client privilege, the Company shall, and shall cause each of its Subsidiaries to, afford to Parent and to Parent's officers, employees, investment bankers, attorneys, accountants, consultants and other representatives and advisors full access upon reasonable advance notice and during normal business hours during the period prior to the Effective Time or the termination of this Agreement to all their respective properties, assets, books, records, Contracts, Permits, documents, information, directors, officers and employees, and during such period the Company shall, and shall cause each of its Subsidiaries to, furnish to Parent any information concerning its business as Parent may reasonably request (including the work papers of Grant Thornton LLP). Following the date of this Agreement and prior to the Effective Time, Parent may (but shall not be required to), following reasonable notice to the Company, contact and interview any Company Personnel and review the personnel records and such other information concerning the Company Personnel as Parent may reasonably request, provided such review is permissible under applicable Law. No investigation by Parent or any of its officers, directors, employees, investment bankers, attorneys, accountants or other advisors or representatives and no other receipt of information by Parent or any of its officers, directors, employees, investment bankers, attorneys, accountants or other advisors or representatives shall operate as a waiver or otherwise affect any representation, warranty, covenant, agreement or other provision of this Agreement, or the obligations of the parties (or remedies with respect thereto) or the conditions to the obligations of the parties under the Agreement. Except as required by any applicable Law or Judgment, Parent will hold, and will direct its officers, employees, investment bankers, attorneys, accountants and other advisors and representatives to hold, any and all information received from the Company confidential in accordance with the Confidentiality Agreement. Any request for information or contact pursuant to this Section 5.02(a) shall be directed to (or in a manner approved by) an executive officer of the Company.

(a) Subject to applicable law, the Company and Parent shall, and shall cause each of their respective Subsidiaries to, cooperate to ensure an orderly transition and integration process in connection with the Merger and the other transactions contemplated by this Agreement in order to minimize the disruption to, and preserve the value of, the business of the Surviving Corporation and its Subsidiaries.

SECTION 5.03. Commercially Reasonable Efforts; Consultation and Notice. Upon the terms and subject to the conditions set forth in this Agreement, each of the parties hereto agrees to use its commercially reasonable efforts to take, or cause to be taken, all actions that are necessary, proper or advisable to consummate and make effective the Merger and the other transactions contemplated by this Agreement, including using its commercially reasonable efforts to accomplish the following: (i) the satisfaction of the conditions precedent set forth in Article VI, (ii) the obtaining of all necessary actions or nonactions, waivers, consents, approvals, orders and authorizations from, and the giving of any necessary notices to, Governmental Entities and other persons and the making of all necessary registrations, declarations and filings (including filings under the HSR Act and other registrations, declarations and filings with, or notices to, Governmental Entities, if any), (iii) the taking of all reasonable steps to provide any supplemental information requested by a Governmental Entity, including participating in meetings with officials of such entity in the course of its review of this Agreement, the Merger or the other transactions contemplated by this Agreement, (iv) the taking of all reasonable steps as may be necessary to avoid any suit, claim, action, investigation or proceeding by any Governmental Entity or third party and (v) the obtaining of all necessary consents, approvals or waivers from any third party. In connection with and without limiting the generality of the foregoing, each of the Company and its Board of Directors shall, if any state takeover statute or similar statute or regulation is or becomes applicable to this Agreement or any of the Merger and the other transactions contemplated by this Agreement, take all actions necessary to ensure that the Merger and the other transactions contemplated by this Agreement may be consummated as promptly as practicable on the terms contemplated by this Agreement and otherwise to minimize the effect of such statute or regulation on this Agreement, the Merger and the other transactions contemplated by this Agreement. Notwithstanding the foregoing or any other provision of this Agreement to the contrary, in no event shall Parent or Sub be obligated to, and the Company and its Subsidiaries shall not without the prior written consent of Parent, agree or proffer to divest or hold separate, or enter into any licensing, business restriction or similar arrangement with respect to,

any assets (whether tangible or intangible) or any portion of any business of Parent, the Company or any of their respective Subsidiaries. Notwithstanding the foregoing or any other provision of this Agreement to the contrary, in no event shall Parent or any of its Subsidiaries be obligated to litigate or participate in the litigation of any suit, claim, action, investigation or proceeding, whether judicial or administrative, brought by any Governmental Entity (A) challenging or seeking to restrain or prohibit the consummation of the Merger or the other transactions contemplated by this Agreement, or seeking to obtain from Parent or any of its Subsidiaries any damages in relation therewith; (B) seeking to prohibit or limit in any respect, or place any conditions on, the ownership or operation by the Company, Parent or any of their respective affiliates of all or any portion of the business or assets or any product of the Company or its Subsidiaries or Parent or its Subsidiaries or to require any such person to dispose of, license (whether pursuant to an exclusive or nonexclusive license) or hold separate all or any portion of the business or assets or any product of the Company or its Subsidiaries or Parent or its Subsidiaries, in each case as a result of or in connection with the Merger or any of the other transactions contemplated by this Agreement; (C) seeking to directly or indirectly impose limitations on the ability of Parent or any of its affiliates to acquire or hold, or exercise full rights of ownership of, any shares of Company Common Stock or any shares of common stock of the Surviving Corporation or any of Parent's Subsidiaries, including the right to vote Company Common Stock or the shares of common stock of the Surviving Corporation or any of Parent's Subsidiaries on all matters properly presented to the stockholders of the Company, the Surviving Corporation or any of Parent's Subsidiaries, respectively; or (D) seeking to (1) directly or indirectly prohibit Parent or any of its affiliates from effectively controlling in any respect any of the business or operations of the Company or its or Parent's Subsidiaries or (2) directly or indirectly prevent the Company or its or Parent's Subsidiaries from operating any of their respective businesses in substantially the same manner as operated by the Company and its or Parent's Subsidiaries immediately prior to the date of this Agreement. The Company and Parent shall consult with each other in advance of, and reasonably consider each other's views concerning, all material communications, whether written or oral, with a Governmental Entity regarding this Agreement, the Merger and the other transactions contemplated hereby. Subject to the relevant Governmental Entity's permission, each of Parent and the Company shall provide the other person advance notice of, and permit the other person to attend and participate in, all meetings, conferences and material communications with a Governmental Entity regarding this Agreement, the Merger and the other transactions contemplated hereby. Parent shall timely pay all administrative filing fees associated with the filings, registrations, declarations, notices and other submissions required to be made in connection with the Merger, this Agreement and the other transactions contemplated hereby under the HSR Act or any other Law relating to merger control or designed to prohibit, restrict or regulate actions having the purpose or effect of monopolization, restraint of trade or substantial lessening of competition.

(a) In connection with the continuing operation of the business of the Company and its Subsidiaries between the date of this Agreement and the Effective Time, subject to applicable Law, the Company shall consult in good faith on a reasonably regular basis with Parent to report material, individually or in the aggregate, operational developments, the general status of relationships with customers, suppliers, Franchisees and resellers, the general status of ongoing operations and other matters reasonably requested by Parent pursuant to procedures reasonably requested by Parent; provided, however, that no such consultation shall operate as a waiver or otherwise affect any representation, warranty, covenant, agreement or other provision in this Agreement, or the obligations of the parties (or remedies with respect thereto) or the conditions to the obligations of the parties under this Agreement.

(i) Except as prohibited by applicable Law, the Company shall promptly notify Parent in writing of:

(A) the occurrence of any matter or event that has resulted or, if left uncured, would reasonably be expected to result, in any condition to the transactions contemplated hereby and set forth in Section 6.02 not being satisfied;

(B) any written notice or other communication from any person (other than a Governmental Entity) alleging that notice to or consent of such person is required in connection with the Merger or the other transactions contemplated by this Agreement;

(C) any written notice or other communication from any distributor, Major Vendor, Franchisee or reseller to the effect that such distributor, Major Vendor, Franchisee or reseller is terminating or

otherwise materially adversely modifying its relationship with the Company or any of its Subsidiaries as a result of the Merger or the other transactions contemplated by this Agreement;

(D) any material written notice or other material communication from any Governmental Entity in connection with the Merger or the other transactions contemplated by this Agreement, and a copy of any such notice or communication shall be furnished to Parent, together with the Company's written notice;

(E) any filing or notice made by the Company with any Governmental Entity in connection with the Merger or the other transactions contemplated by this Agreement, and a copy of any such filing or notice shall be furnished to Parent together with the Company's written notice; and

(F) any actions, suits, claims, investigations or proceedings commenced or, to the knowledge of the Company, threatened against, relating to or involving or otherwise affecting the Company or any of its Subsidiaries that, if pending on the date of this Agreement, would have been required to have been disclosed pursuant to Section 3.01(g) or that relate to the consummation of the Merger or the other transactions contemplated by this Agreement;

provided, however, that no such notification shall operate as a waiver or otherwise affect any representation, warranty, covenant, agreement or other provision in this Agreement, or the obligations of the parties (or remedies with respect thereto) or the conditions to the obligations of the parties under this Agreement.

(ii) Parent shall give prompt notice to the Company of (A) any representation or warranty made by Parent or Sub contained in this Agreement becoming untrue or inaccurate such that the condition set forth in Section 6.03(a) could not be satisfied or (B) the failure of Parent or Sub to perform in any material respect any obligation to be performed by such party under this Agreement such that the condition set forth in Section 6.03(b) could not be satisfied; provided, however, that no such notification shall affect the representations, warranties, covenants, agreements or obligations of the parties (or remedies with respect thereto) or the conditions to the obligations of the parties under this Agreement.

(b) Without limiting the generality of the foregoing, the Company shall give Parent the opportunity (at its own expense) to participate in the defense of any litigation against the Company and/or its directors relating to the Merger or the other transactions contemplated by this Agreement and will obtain the prior written consent of Parent prior to settling or satisfying any such claim, it being understood and agreed that this Section 5.03(c) shall not give Parent the right to direct such defense.

(c) Each of Parent and the Company shall use its commercially reasonable efforts, to the extent requested by the other party and subject to compliance with applicable Law, to cooperate with and assist such party in (i) communicating or negotiating with the Franchisees of the parties in connection with the Merger and (ii) any litigation or threatened litigation involving Franchisees of the parties in connection with the Merger.

(d) Immediately following the execution and delivery of this Agreement by each of the parties hereto, Parent, as the sole stockholder of Sub, will adopt this Agreement.

SECTION 5.04. Equity Awards. As soon as practicable following the date of this Agreement and in any event prior to the Effective Time, the Board of Directors of the Company (or, if appropriate, any committee administering the Company Stock Plans) shall adopt such resolutions or take such other actions (including obtaining any required consents) as may be required to effect the following:

(i) fully vest all Stock Options that are outstanding immediately prior to the Effective Time and adjust the terms of all such Stock Options as necessary to provide that, at the Effective Time, each Stock Option outstanding immediately prior to the Effective Time shall, in accordance with any applicable Company Stock Plan or any applicable award agreement thereunder, be canceled and the holder thereof shall be entitled to receive in full satisfaction of the rights of such holder with respect thereto, an amount in cash equal to the product of (A) the number of shares of Company Common Stock that are subject to such Stock Option immediately prior to the Effective Time and (B) the excess, if any, of the Merger Consideration over the exercise price per share of Company Common Stock subject to such Stock Option, which amount shall be payable to such holder at or as soon as practicable following the Effective Time (excluding, in the case of

the Specified Stockholders, the Per Share Escrow Amount). For the avoidance of doubt, all Stock Options with an exercise price equal to or greater than the Merger Consideration will be canceled at the Effective Time and the holders of such Stock Options will not have any right to receive any consideration in respect thereof; and

(ii) the Company shall ensure prior to the Effective Time that, following the Effective Time, there shall be no rights to acquire shares of Company Common Stock, Stock Options or any other interests in respect of any capital stock (including any phantom stock or stock appreciation rights) of the Company or the Surviving Corporation.

(b) All amounts payable pursuant to this Section 5.04 shall be subject to any required withholding of taxes and shall be paid without interest.

(c) The Company shall take all reasonable steps as may be required to cause the transactions contemplated by this Section 5.04 and any other dispositions of Company equity securities (including derivative securities) in connection with this Agreement by each individual who is a director or officer of the Company subject to Section 16 of the Exchange Act to be exempt under Rule 16b-3 promulgated under the Exchange Act.

SECTION 5.05. Employee Matters. For a period of one year after the Effective Time, Parent shall, and shall cause the Surviving Corporation to, (i) provide base cash compensation to the employees of the Company and its Subsidiaries who are employees of the Company or any of its Subsidiaries immediately prior to the Effective Time (the Continuing Employees) that is no less favorable than the base cash compensation in effect immediately prior to the Effective Time, and (ii) (x) provide employee benefit plans and arrangements and paid time off accrual (including bonus and incentive opportunities (but excluding equity-based compensation) to Continuing Employees that are substantially comparable to those provided to similarly situated employees of Parent and (y) consider Continuing Employees for equity-based compensation grants at the same time and levels as similarly situated employees of Parent; provided, that (1) in no event shall any Continuing Employee be eligible to participate in any closed or frozen plan of Parent or any of its Subsidiaries; (2) Continuing Employees shall be eligible to participate in the Parent 401(k) Plan as soon as administratively feasible after the Closing Date; and (3) until such time as Parent shall cause the Continuing Employees to participate in the employee benefit plans and arrangements that are made available to similarly situated employees of Parent or its Subsidiaries (other than the Company and its Subsidiaries), a Continuing Employee's continued participation in the employee benefit plans and arrangements of the Company and its Subsidiaries shall be deemed to satisfy the foregoing provisions of this sentence (it being understood that participation in the Parent plans and arrangements may commence at different times with respect to each Parent plan and arrangement). Nothing in this Section 5.05(a) is intended to or shall create any right in any employee, consultant or contractor of the Company to continued employment by or service to Parent, the Company, the Sub, or, in each case, any affiliate or Subsidiary thereof, or limit the ability of Parent, the Company, the Sub, or, in each case, any affiliate or Subsidiary thereof, to terminate the employment or service of any employee, consultant or contractor of the Company for any reason. For the avoidance of doubt, notwithstanding the provisions of this Section 5.05(a), Parent shall or shall cause its appropriate Subsidiary to honor the Continuing Employee's accrued paid time off as of the Closing.

(a) To the extent that a Continuing Employee becomes eligible to participate in an employee benefit plan maintained by Parent or any of its Subsidiaries (other than the Company or its Subsidiaries), Parent shall cause such employee benefit plan to (i) recognize the service of such Continuing Employee with the Company or its Subsidiaries (or their predecessor entities) for purposes of eligibility, participation, vesting and, except under defined benefit pension plans, benefit accrual under such employee benefit plan of Parent or any of its Subsidiaries, to the same extent such service was recognized immediately prior to the Effective Time under a comparable Benefit Plan in which such Continuing Employee was eligible to participate immediately prior to the Effective Time; provided that such recognition of service (A) shall not operate to duplicate any benefits of a Continuing Employee with respect to the same period of service, and (B) shall not apply for purposes of any plan, program or arrangement under which similarly-situated employees of Parent and its Subsidiaries do not receive credit for prior service; and (ii) with respect to any health, dental, vision plan or other welfare plan of

Table of Contents

Parent or any of its Subsidiaries (other than the Company and its Subsidiaries) (any such plan, a Parent Welfare Plan) in which any Continuing Employee is eligible to participate for the plan year in which such Continuing Employee is first eligible to participate, use its commercially reasonable efforts to (x) cause any pre-existing condition limitations or eligibility waiting periods under such Parent Welfare Plan or Subsidiary plan to be waived with respect to such Continuing Employee to the extent such limitation would have been waived or satisfied under the Benefit Plan in which such Continuing Employee participated immediately prior to the Effective Time, and (y) recognize any health, dental or vision expenses incurred by such Continuing Employee in the year that includes the Closing Date (or, if later, the year in which such Continuing Employee is first eligible to participate) for purposes of any applicable deductible and annual out-of-pocket expense requirements under any such health, dental or vision plan of Parent or any of its Subsidiaries.

(b) The Company shall terminate the Teavana Corporation Retirement Savings Plan and any other Benefit Plan that is intended to constitute a qualified plan under Sections 401(a) and 401(k) of the Code (each such Benefit Plan, a Company 401(k) Plan) by board resolution effective no later than the day before the Closing Date (such date of termination, the DC Termination Date), unless Parent, in its sole and absolute discretion, agrees to sponsor and maintain (or to cause an affiliate of Parent, including the Company, to sponsor and maintain such plan by providing the Company with written notice of such election prior to the Closing Date. Prior to the Closing Date, the Company shall provide Parent with evidence reasonably satisfactory to Parent that each Company 401(k) Plan with respect to which Parent has not provided the notice specified in the immediately preceding sentence (i) has been terminated pursuant to resolutions of the Company's board of directors (or other governing body), as applicable, effective not later than the day immediately preceding the Closing Date and (ii) has adopted and executed an amendment sufficient to ensure compliance with all applicable requirements of the Code and ERISA and any other applicable Law. The form and substance of such resolutions and amendment shall be subject to the prior review and approval of Parent, not to be unreasonably withheld. If the Company has terminated a Company 401(k) Plan as provided in this Section 5.05(c), Parent shall cause each Continuing Employee who was a participant in such Company 401(k) Plan and who has an account balance under such Company 401(k) Plan to be permitted to roll over his or her eligible rollover distribution, as defined under Section 402(c)(4) of the Code, in the form of cash and promissory notes relating to outstanding participant loans from such Company 401(k) Plan to the Parent 401(k) Plan, provided that, Parent or the proper fiduciaries of the Parent 401(k) Plan become reasonably satisfied, consistent with the regulations under Section 401(a)(31) of the Code and ERISA and any other applicable Law, that such terminated Company 401(k) Plan meets the requirements for qualification under Section 401(a) of the Code and the requirements of the Parent 401(k) Plan.

(c) This Section 5.05 shall be binding upon and shall inure solely to the benefit of each of the parties to this Agreement, and nothing in this Section 5.05, express or implied, is intended to confer upon any other person (including for the avoidance of doubt any current or former directors, officers, employees, contractors or consultants of any of the Company or any of its Subsidiaries, Parent or any of its Subsidiaries, or on or after the Effective Time, the Surviving Corporation or any of its Subsidiaries) any rights or remedies of any nature whatsoever under or by reason of this Section 5.05 or is intended to be, shall constitute or be construed as an amendment to or modification of any employee benefit plan, program, policy, agreement or arrangement of Parent, the Company, the Surviving Corporation or any respective Subsidiary thereof.

SECTION 5.06. Indemnification, Exculpation and Insurance. Parent and Sub agree that all rights to indemnification, advancement of expenses and exculpation from liabilities for acts or omissions occurring at or prior to the Effective Time now existing in favor of the current or former directors or officers of the Company and its Subsidiaries as provided in their respective certificates of incorporation or bylaws (or comparable organizational documents) and any indemnification or other agreements of the Company as in effect on the date of this Agreement and set forth in Section 5.06 of the Company Letter (the Scheduled Indemnity Agreements) shall be assumed by the Surviving Corporation in the Merger, without further action, at the Effective Time, and shall survive the Merger and shall continue in full force and effect in accordance with their terms, and Parent shall cause the Surviving Corporation to comply with and honor the foregoing obligations.

(a) Without limiting the foregoing, the Surviving Corporation and its Subsidiaries (and their successors) shall maintain for a period of not less than six years from and after the Effective Time any provisions in the

Table of Contents

certificates of incorporation, bylaws and other organizational documents of the Company and its Subsidiaries in effect as of the date of this Agreement concerning the indemnification and exculpation (including provisions relating to expense advancement) of the Company's and its Subsidiaries' current or former directors or officers, or provisions that are no less favorable to those persons than the provisions of the certificate of incorporation, bylaws and other organizational documents of the Company and its Subsidiaries in effect as of the date of this Agreement, and such provisions shall not be amended, repealed or otherwise modified in any manner adverse to such indemnified party, except as required by applicable Law or except to make such provisions more favorable to those persons.

(b) If the Surviving Corporation or any of its successors or assigns (i) consolidates with or merges into any other corporation or entity and is not the continuing or surviving corporation or entity of the consolidation or merger or (ii) transfers all or substantially all of its properties and assets to any individual, corporation or other entity, then, and in each case, proper provision shall be made so that the successors and assigns of the Surviving Corporation assume all of the obligations set forth in this Section 5.06.

(c) Prior to the Effective Time, the Company shall purchase a six year tail directors and officers liability insurance policy effective for claims asserted for a six year period after the Effective Time covering each person currently covered by the Company's directors and officers liability insurance policy for acts or omissions occurring prior to the Effective Time on terms that are no less favorable than those of such policy of the Company in effect on the date of this Agreement, which insurance shall, prior to the Closing, be in effect and prepaid for such entire six-year period; provided that the Company shall not pay aggregate premiums (with respect to the entire six-year period) for such policy in excess of 300% of the current annual premium paid by the Company for its existing coverage (the Maximum Premium). If such insurance coverage cannot be obtained at all, or can only be obtained at an aggregate premium in excess of the Maximum Premium, the Company will acquire the most advantageous policy obtainable for an aggregate premium equal to the Maximum Premium.

(d) The rights of each indemnified party hereunder shall be in addition to, and not in limitation of, any other rights such indemnified party may have under the certificate of incorporation or bylaws or any other organizational documents of the Company or any of its Subsidiaries, any Scheduled Indemnity Agreement, the DGCL or otherwise. The provisions of this Section 5.06 shall survive the consummation of the Merger and are expressly intended to be for the benefit of, and shall be enforceable by, each of the indemnified parties and shall be binding on Parent, the Surviving Corporation and their respective successors and assigns.

SECTION 5.07. Fees and Expenses. Except as expressly set forth in this Section 5.07 and Section 5.03(a), all fees and expenses incurred in connection with this Agreement and the transactions contemplated by this Agreement shall be paid by the party incurring such fees or expenses, whether or not the Merger is consummated.

(a) In the event that (i) a Takeover Proposal has been made (whether or not conditional and whether or not withdrawn) to the Company or its stockholders or any person has announced an intention (whether or not conditional and whether or not withdrawn) to make a Takeover Proposal or a Takeover Proposal (whether or not conditional and whether or not withdrawn) otherwise becomes known to the Company or the stockholders of the Company and thereafter (A) this Agreement is terminated by either Parent or the Company pursuant to Section 7.01(b)(i) and (B) prior to the date that is 12 months after such termination, (1) the Company or any of its Subsidiaries enters into any Acquisition Agreement with respect to any Takeover Proposal or (2) any Takeover Proposal is consummated (solely for purposes of this Section 5.07(b)(i)(B), the term Takeover Proposal shall have the meaning set forth in the definition of Takeover Proposal contained in Section 4.02(a) except that all references to 20% shall be deemed references to 50%), (ii) this Agreement is terminated by Parent pursuant to Section 7.01(c) or (iii) this Agreement is terminated by the Company pursuant to Section 7.01(f), then, in each such case, the Company shall pay Parent a fee equal to \$18,400,000 (the Termination Fee) by wire transfer of same-day funds (x) in the case of a termination by Parent pursuant to Section 7.01(c), within two business days after such termination, (y) in the case of a termination by the Company pursuant to Section 7.01(f), no later than the time of such termination and (z) in the case of a payment as a result of any event referred to in Section 5.07(b)(i)(B), no later than the first to occur of the events referred to in clauses (1) and (2) above, in each case to an account designated by Parent.

(b) In the event that this Agreement is terminated by Parent pursuant to Section 7.01(c) or 7.01(g) or by the Company pursuant to Section 7.01(f), then, in each case, the Company shall pay Parent or its designees by wire transfer of same day funds, as promptly as possible (but in any event within two business days) following the delivery by Parent of an invoice therefor, all reasonably documented out-of-pocket fees and expenses incurred by Parent, Sub and their respective affiliates in connection with the transactions contemplated by this Agreement (the Parent Expenses); provided that the Company shall not be required to pay more than an aggregate of \$3,500,000 in fees and expenses pursuant to this Section 5.07(c).

(c) The Company acknowledges that the agreements contained in this Section 5.07 are an integral part of the transactions contemplated by this Agreement and that, without these agreements, Parent would not have entered into this Agreement. Accordingly, if the Company fails promptly to pay the amounts due pursuant to this Section 5.07 and, in order to obtain such payment, Parent commences a suit that results in a judgment against the Company for the amounts set forth in this Section 5.07, the Company shall pay to Parent its reasonable costs and expenses (including attorneys' fees and expenses) in connection with such suit and any appeal relating thereto, together with interest on the amounts set forth in this Section 5.07 at the prime lending rate as published in the Wall Street Journal in effect on the date such payment was required to be made.

SECTION 5.08. Public Announcements. The parties agree that the initial press release to be issued with respect to the transactions contemplated by this Agreement shall be in the form heretofore agreed to by the parties. ARTICLE VII

Termination, Amendment and Waiver

SECTION 7.01. Termination. This Agreement may be terminated, and the Merger contemplated hereby may be abandoned, at any time prior to the Effective Time, whether before or after the Stockholder Approval has been obtained, upon written notice (other than in the case of Section 7.01(a) below) from the terminating party to the non-terminating party specifying the subsection of this Section 7.01 pursuant to which such termination is effected:

(a) by mutual written consent of Parent, Sub and the Company;

(i) the Merger shall not have been consummated by March 14, 2013 (the Termination Date) for any reason; provided, however, that the right to terminate this Agreement under this Section 7.01(b)(i) shall not be available to any party whose action or failure to act has been a principal cause of or resulted in the failure of the Merger to occur on or before such date and such action or failure to act constitutes a breach of this Agreement; or

(ii) any Legal Restraint having the effect set forth in Section 6.01(c) shall be in effect and shall have become final and nonappealable;

(c) prior to receipt of the Stockholder Approval, by Parent, in the event the Company has delivered an Adverse Change Notice or an Adverse Recommendation Change has occurred;

(d) by Parent, if the Company shall have breached any of its representations or warranties or failed to perform any of its covenants or other agreements contained in this Agreement, which breach or failure to perform (A) would give rise to the failure of a condition set forth in Section 6.02(a) or 6.02(b) and (B) is incapable of being cured or is not cured by the Company by the date that is 30 business days after such breach or failure or, if capable of being cured by the Company by such date, the Company does not commence to cure such breach or failure within 10 business days after its receipt of written notice thereof from Parent and diligently pursue such cure thereafter;

Table of Contents

(e) by the Company, if Parent shall have breached any of its representations or warranties or failed to perform any of its covenants or other agreements contained in this Agreement, which breach or failure to perform (i) would give rise to the failure of a condition set forth in Section 6.03(a) or 6.03(b) and (ii) is incapable of being cured or is not cured by Parent or Sub by the date that is 30 business days after such breach or failure or, if capable of being cured by Parent or Sub by such date, Parent or Sub, as the case may be, does not commence to cure such breach or failure within 10 business days after its receipt of written notice thereof from the Company and diligently pursue such cure thereafter;

(f) prior to receipt of the Stockholder Approval, by the Company in accordance with Section 4.02(b) if the Company (i) executes a definitive agreement with respect to such Superior Proposal and (ii) pays to Parent the Termination Fee, in each case, substantially concurrent with the termination of this Agreement; or

(g) by Parent, if the Stockholder Consent, duly executed by the Persons set forth on Section 5.01 of the Company Letter and representing at least 70% of the outstanding shares of Company Common Stock, shall not have been delivered to Parent and the Company prior to 6:00 a.m., New York City time, on the date immediately following the date of this Agreement.

SECTION 7.02. Effect of Termination. In the event of termination of this Agreement by either the Company or Parent as provided in Section 7.01, this Agreement shall forthwith become void and have no effect, without any liability or obligation on the part of Parent, Sub or the Company, other than the provisions of Section 3.01(y), the last sentence of Section 5.02(a), Section 5.07, this Section 7.02 and Article VIII and except for any intentional and material breach by a party of any of its representations, warranties, covenants or agreements set forth in this Agreement (which intentional and material breach and liability therefor shall not be affected by termination of this Agreement or any payment of the Termination Fee pursuant to Section 5.07(b) or Parent Expenses pursuant to Section 5.07(c)).

SECTION 7.03. Amendment. This Agreement may be amended by the parties hereto at any time, whether before or after the Stockholder Approval has been obtained; provided, however, that after the Stockholder Approval has been obtained, there shall be made no amendment that by Law requires further approval by stockholders of the Company without the further approval of such stockholders. This Agreement may not be amended except by an instrument in writing signed on behalf of each of the parties hereto.

SECTION 7.04. Extension; Waiver. At any time prior to the Effective Time, the parties may (a) extend the time for the performance of any of the obligations or other acts of the other parties, (b) waive any inaccuracies in the representations and warranties contained herein or in any document delivered pursuant hereto or (c) waive compliance with any of the agreements or conditions contained herein; provided, however, that after the Stockholder Approval has been obtained, there shall be made no waiver that by Law requires further approval by stockholders of the Company without the further approval of such stockholders. Any agreement on the part of a party to any such extension or waiver shall be valid only if set forth in an instrument in writing signed on behalf of such party which specifically sets forth the terms of such extension or waiver. The failure or delay by any party to this Agreement to assert any of its rights under this Agreement or otherwise shall not constitute a waiver of such rights nor shall any single or partial exercise by any party to this Agreement of any of its rights under this Agreement preclude any other or further exercise of such rights or any other rights under this Agreement.

ANNEX C

November 14, 2012

Board of Directors

Teavana Holdings, Inc.

3630 Peachtree Road NE

Suite 1480

Atlanta, GA 30326

Members of the Board:

You have requested our opinion as to the fairness, from a financial point of view, to the holders of common stock, par value \$0.00003 per share (the Company Common Stock), of Teavana Holdings, Inc., a Delaware corporation (the Company), of the Merger Consideration (as defined below), pursuant to a draft of the Agreement and Plan of Merger (the Agreement), to be entered into among the Company, Starbucks Corporation, a Washington corporation (the Acquiror), and Taj Acquisition Corp., a Delaware corporation (Merger Sub), a newly formed wholly-owned subsidiary of the Acquiror. Capitalized terms used herein shall have the meanings used in the Agreement unless otherwise defined herein.

The Agreement provides for, among other things, the merger (the Merger) of the Merger Sub with and into the Company, pursuant to which each outstanding share of Company Common Stock (other than shares of Company Common Stock held in treasury or owned by the Acquiror to be canceled or the Appraisal Shares) will be converted into the right to receive \$15.50 in cash (the Merger Consideration). The terms and conditions of the Merger are more fully set forth in the Agreement.

In connection with our review of the Merger and in arriving at our opinion, we have: (i) reviewed and analyzed the financial terms of a draft of the Agreement dated November 12, 2012; (ii) reviewed and analyzed certain financial and other data with respect to the Company which was publicly available, (iii) reviewed and analyzed certain information, including financial forecasts, relating to the business, earnings, cash flow, assets, liabilities and prospects of the Company that were publicly available, as well as those that were furnished to us by the Company; (iv) conducted discussions with members of senior management and representatives of the Company concerning the matters described in clauses (ii) and (iii) above, as well as its business and prospects before and after giving effect to the Merger; (v) reviewed the current and historical reported prices and trading activity of Company Common Stock and similar information for certain other companies deemed by us to be comparable to the Company; (vi) compared the financial performance of the Company with that of certain other publicly-traded companies that we deemed relevant; and (vii) reviewed the financial terms, to the extent publicly available, of certain business combination transactions that we deemed relevant. In addition, we have conducted such other analyses, examinations and inquiries and considered such other financial, economic and market criteria as we have deemed necessary in arriving at our opinion.

We have relied upon and assumed, without assuming liability or responsibility for independent verification, the accuracy and completeness of all information that was publicly available or was furnished, or otherwise made available, to us or discussed with or reviewed by us. We have further relied upon the assurances of the management of the Company that the financial information provided has been prepared on a reasonable basis in accordance with industry practice, and that they are not aware of any information or facts that would make any information provided to us incomplete or misleading. Without limiting the generality of the foregoing, for the

purpose of this opinion, we have assumed that with respect to financial forecasts, estimates and other forward-looking information reviewed by us, that such information has been reasonably prepared based on assumptions reflecting the best currently available estimates and judgments of the management of the Company as to the expected future results of operations and financial condition of the Company. We express no opinion as to any such financial forecasts, estimates or forward-looking information or the assumptions on which they were based. We have further assumed that the Merger will have the tax consequences described in the information statement relating to the Merger. We have relied, with your consent, on advice of the outside counsel and the independent accountants to the Company, and on the assumptions of the management of the Company, as to all accounting, legal, tax and financial reporting matters with respect to the Company and the Agreement.

In arriving at our opinion, we have assumed that the executed Agreement will be in all material respects identical to the last draft reviewed by us. We have relied upon and assumed, without independent verification, that (i) the representations and warranties of all parties to the Agreement and all other related documents and instruments that are referred to therein are true and correct, (ii) each party to such agreements will fully and timely perform all of the covenants and agreements required to be performed by such party, (iii) the Merger will be consummated pursuant to the terms of the Agreement without amendments thereto and (iv) all conditions to the consummation of the Merger will be satisfied without waiver by any party of any conditions or obligations thereunder. Additionally, we have assumed that all the necessary regulatory approvals and consents required for the Merger will be obtained in a manner that will not adversely affect the Company or the contemplated benefits of the Merger. While we understand that certain insider holders of Company Common Stock will agree to have a portion of their Merger Consideration placed into escrow for release upon satisfaction of certain conditions, for purposes of our opinion, we have assumed that such insider holders will receive their Merger Consideration on the same terms as the other holders of Company Common Stock and that no portion of their Merger Consideration will be subject to escrow.

In arriving at our opinion, we have not performed any appraisals or valuations of any specific assets or liabilities (fixed, contingent or other) of the Company, and have not been furnished or provided with any such appraisals or valuations, nor have we evaluated the solvency of the Company under any state or federal law relating to bankruptcy, insolvency or similar matters. The analyses performed by us in connection with this opinion were going concern analyses. We express no opinion regarding the liquidation value of the Company or any other entity. Without limiting the generality of the foregoing, we have undertaken no independent analysis of any pending or threatened litigation, regulatory action, possible unasserted claims or other contingent liabilities, to which the Company or any of its affiliates is a party or may be subject, and at the direction of the Company and with its consent, our opinion makes no assumption concerning, and therefore does not consider, the possible assertion of claims, outcomes or damages arising out of any such matters. We have also assumed that neither the Company nor the Acquiror is party to any material pending transaction, including without limitation any financing, recapitalization, acquisition or merger, divestiture or spin-off, other than the Merger.

This opinion is necessarily based upon the information available to us and facts and circumstances as they exist and are subject to evaluation on the date hereof; events occurring after the date hereof could materially affect the assumptions used in preparing this opinion. We are not expressing any opinion herein as to the price at which shares of Company Common Stock may trade following announcement of the Merger or at any future time. We have not undertaken to reaffirm or revise this opinion or otherwise comment upon any events occurring after the date hereof and do not have any obligation to update, revise or reaffirm this opinion.

In addition, we were not requested to and did not provide advice regarding the structure, the Merger Consideration or any other aspect of the Merger, nor we provide any services other than those set forth below or participate in any respect in the negotiation of the terms of the Merger. We have been engaged by the Company

to render an opinion to its Board of Directors and we will receive a fee from the Company for rendering this opinion. We have also been engaged by the Company to make contact with certain potential acquirors of the Company and will receive a fee for rendering such services. Neither our opinion fee nor the fee for our additional services is contingent upon the consummation of the Merger or the conclusions reached in our opinion. The Company has also agreed to indemnify us against certain liabilities and reimburse us for certain expenses in connection with our services. We have in the past, provided financing services to the Company and may continue to do so and have received, and may receive, fees for the rendering of such services. In the ordinary course of our business, we and our affiliates may actively trade securities of the Company and the Acquiror for our own account or the account of our customers and, accordingly, may at any time hold a long or short position in such securities. We may also, in the future, provide investment banking and financial advisory services to the Company, the Acquiror or entities that are affiliated with the Company or the Acquiror, for which we would expect to receive compensation.

Consistent with applicable legal and regulatory requirements, Piper Jaffray has adopted policies and procedures to establish and maintain the independence of Piper Jaffray's Research Department and personnel. As a result, Piper Jaffray's research analysts may hold opinions, make statements or recommendations, and/or publish research reports with respect to the Company and the Merger and other participants in the Merger that differ from the views of Piper Jaffray's investment banking personnel.

This opinion is provided to the Board of Directors of the Company in connection with its consideration of the Merger and is not intended to be and does not constitute a recommendation to any stockholder of the Company as to how such stockholder should act or vote with respect to the Merger or any other matter. This opinion is provided solely for the benefit of the Board of Directors in connection with, and for the purpose of, its evaluation of the Merger, and is not on behalf of, and shall not confer rights or remedies upon, any stockholder, creditor or any other person other than the Board of Directors or used or relied upon for any other purpose. In accordance with our engagement letter with the Company, this opinion shall not be disclosed, referred to, published or otherwise used (in whole or in part), nor shall any public references to us be made, without our prior written approval. This opinion has been approved for issuance by the Piper Jaffray Opinion Committee.

This opinion addresses solely the fairness, from a financial point of view, to holders of Company Common Stock of the proposed Merger Consideration set forth in the Agreement and does not address any other terms or agreement relating to the Merger or any other terms of the Agreement. We were not requested to opine as to, and this opinion does not address, the basic business decision to proceed with or effect the Merger, the merits of the Merger relative to any alternative transaction or business strategy that may be available to the Company, Acquiror's ability to fund the Merger Consideration or any other terms contemplated by the Agreement or the fairness of the Merger to any other class of securities, creditor or other constituency of the Company. Furthermore, we express no opinion with respect to the amount or nature of compensation to any officer, director or employee of any party to the Merger, or any class of such persons, relative to the consideration to be received by holders of Company Common Stock in the Merger or with respect to the fairness of any such compensation.

Based upon and subject to the foregoing and based upon such other factors as we consider relevant, it is our opinion that the Merger Consideration is fair, from a financial point of view, to the holders of Company Common Stock as of the date hereof.

Sincerely,

/s/ Piper Jaffray & Co

ANNEX D

SECTION 262 OF THE DELAWARE GENERAL CORPORATION LAW APPRAISAL RIGHTS

(a) Any stockholder of a corporation of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger or consolidation, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger or consolidation nor consented thereto in writing pursuant to § 228 of this title shall be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word "stockholder" means a holder of record of stock in a corporation; the words "stock" and "share" mean and include what is ordinarily meant by those words; and the words "depository receipt" mean a receipt or other instrument issued by a depository representing an interest in 1 or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository.

(b) Appraisal rights shall be available for the shares of any class or series of stock of a constituent corporation in a merger or consolidation to be effected pursuant to § 251 (other than a merger effected pursuant to § 251(g) of this title), § 252, § 254, § 255, § 256, § 257, § 258, § 263 or § 264 of this title:

(1) Provided, however, that no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of the meeting of stockholders to act upon the agreement of merger or consolidation, were either (i) listed on a national securities exchange or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in § 251(f) of this title.

(2) Notwithstanding paragraph (b) (1) of this section, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required by the terms of an agreement of merger or consolidation pursuant to §§ 251, 252, 254, 255, 256, 257, 258, 263 and 264 of this title to accept for such stock anything except:

- a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or depository receipts in respect thereof;
- b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger or consolidation will be either listed on a national securities exchange or held of record by more than 2,000 holders;
- c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a. and b. of this section; or
- d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a., b. and c. of this section.

(3) In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under § 253 or § 267 of this title is not owned by the parent immediately prior to the merger, appraisal rights shall be available for the shares of the subsidiary Delaware corporation.

(c) Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation or the sale of all or substantially all of the assets of the corporation. If the certificate of incorporation contains such a provision,

Table of Contents

the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as is practicable.

(d) Appraisal rights shall be perfected as follows:

(1) If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for notice of such meeting (or such members who received notice in accordance with § 255(c) of this title) with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) of this section that appraisal rights are available for any or all of the shares of the constituent corporations, and shall include in such notice a copy of this section and, if 1 of the constituent corporations is a nonstock corporation, a copy of § 114 of this title. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand for appraisal of such stockholder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger or consolidation, the surviving or resulting corporation shall notify each stockholder of each constituent corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or

(2) If the merger or consolidation was approved pursuant to § 228, § 253, or § 267 of this title, then either a constituent corporation before the effective date of the merger or consolidation or the surviving or resulting corporation within 10 days thereafter shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section and, if 1 of the constituent corporations is a nonstock corporation, a copy of § 114 of this title. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholders of the effective date of the merger or consolidation. Any stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the holders of any class or series of stock of such constituent corporation that are entitled to appraisal rights of the effective date of the merger or consolidation or (ii) the surviving or resulting corporation shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

(e) Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has complied with subsections (a) and (d) of this section hereof and who is

otherwise entitled to appraisal rights, may commence an appraisal proceeding by filing a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party shall have the right to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the requirements of subsections (a) and (d) of this section hereof, upon written request, shall be entitled to receive from the corporation surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement shall be mailed to the stockholder within 10 days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) of this section hereof, whichever is later. Notwithstanding subsection (a) of this section, a person who is the beneficial owner of shares of such stock held either in a voting trust or by a nominee on behalf of such person may, in such person's own name, file a petition or request from the corporation the statement described in this subsection.

(f) Upon the filing of any such petition by a stockholder, service of a copy thereof shall be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by 1 or more publications at least 1 week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.

(g) At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to comply with such direction, the Court may dismiss the proceedings as to such stockholder.

(h) After the Court determines the stockholders entitled to an appraisal, the appraisal proceeding shall be conducted in accordance with the rules of the Court of Chancery, including any rules specifically governing appraisal proceedings. Through such proceeding the Court shall determine the fair value of the shares exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together with interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. Unless the Court in its discretion determines otherwise for good cause shown, interest from the effective date of the merger through the date of payment of the judgment shall be compounded quarterly and shall accrue at 5% over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period between the effective date of the merger and the date of payment of the judgment. Upon application by the surviving or resulting corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, proceed to trial upon the appraisal prior to the final determination of the stockholders entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.

(i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and the case of holders of shares represented by certificates upon the surrender to the corporation of the certificates representing such stock. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.

(j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.

(k) From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section, or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal shall cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery shall be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just; provided, however that this provision shall not affect the right of any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation within 60 days after the effective date of the merger or consolidation, as set forth in subsection (e) of this section.

(l) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting corporation.

Part I

Item 1. Business.
Our Company

Teavana is a specialty retailer of premium loose-leaf teas, authentic artisanal tea wares and other tea-related merchandise. We offer our products through 200 company-owned stores in 39 states, including one store in Canada, and 18 franchised stores primarily in Mexico, as well as through our website, www.teavana.com.

Our mission is to establish Teavana as the most recognized and respected brand in the specialty tea industry by expanding the culture of tea across the world. We have developed a distinctive strategy that we believe will continue to drive category growth, enhance our brand awareness and encourage product sampling and customer loyalty. Key elements of our business strategy are to:

develop, source and offer our customers the world's finest assortment of premium loose-leaf teas and tea-related merchandise;

create a Heaven of Tea retail experience in which our passionate and knowledgeable teaologists engage and educate customers about the ritual and enjoyment of tea; and

locate our stores in high traffic locations within malls, lifestyle centers and other high-sales-volume retail venues.

Teavana was founded in 1997 by our Chairman and Chief Executive Officer, Andrew Mack, and his wife, Nancy Mack, who were inspired by their international travels and passion for tea. Their vision was to introduce consumers to the global tea lifestyle, highlighting the aromas, textures, tastes and healthful qualities of loose-leaf teas, while enlightening them on the origin of each tea. To further realize the vision, in 2004, we partnered with Parallel Investment Partners (Parallel) to obtain equity capital, strategic advice and other resources to support our accelerated growth plans, and on August 2, 2011, we completed our Offering of 8,214,287 shares of common stock at a price of \$17.00 per share. Our common stock is listed on the New York Stock Exchange (NYSE) under the symbol TEA.

We operate on a fiscal calendar widely used in the retail industry that results in a given fiscal year consisting of a 52- or 53-week period ending on the Sunday closest to January 31 of the following year. For example, references to fiscal 2011 refer to the fiscal year ended January 29, 2012. Fiscal 2011, 2010 and 2009 all contain 52 weeks.

Our Competitive Strengths

We believe that the following strengths differentiate Teavana and create the foundation for continued rapid sales and profit growth:

Market Defining Brand Driving Category Growth. We believe we are one of the world's largest branded multi-channel specialty tea retailers. We believe our leading national presence and focus on educating consumers about the many attractive qualities of loose-leaf tea positions Teavana to drive the continued growth of the loose-leaf tea category in the United States and Canada.

Heaven of Tea Retail Experience. We have created a unique Heaven of Tea retail environment that provides a highly interactive, informative and immersive customer experience and believe this engaging retail experience introduces new customers to the tea lifestyle, encourages product trial and supports repeat visits and strong customer loyalty. This experience is cultivated by a deep rooted passion for tea, extensive training, career development and individual enrichment. To ensure the continuity of our culture and to reward our high performing team members, we typically promote from within our organization. We believe

Table of Contents

our culture helps build and support a consistent and motivated group of team members that are passionate about providing the Heaven of Tea, retail experience to our customers.

High-Quality Teas and Tea-Related Merchandise. We offer a unique selection of premium loose-leaf teas, authentic artisanal tea wares and other tea-related merchandise in our stores and through our website. Our differentiated offering provides a foundation for our strong brand and will continue to reinforce our market-leading position.

Powerful and Consistent Store Economics. We have a proven and highly profitable store model that has produced consistent financial results and returns. In the United States, our current store base is balanced across all of our four geographic regions, with each region producing results in line with the company average. We believe our powerful store model, deep-rooted tea enthusiast culture, highly developed store operations and a rigorous store selection process drive our consistent store financial results.

Proven and Experienced Senior Management Team. Since founding our company, Andrew Mack, our Chairman and Chief Executive Officer, has set the vision and strategic direction for Teavana and continues to drive our growth and culture. Since 2004, Mr. Mack has assembled a proven and experienced senior management team that has demonstrated its capabilities at executing our long-term growth plans. In 2005, we hired Daniel Glennon, our Executive Vice President and Chief Financial Officer, and Peter Luckhurst, our Executive Vice President of Operations. We believe our senior management team is a key driver of our success and is well-positioned to execute our strategy.

Our Growth Strategy

We are pursuing several strategies to continue our growth, including:

Expand Our Store Base. We believe there is a significant opportunity to expand our store base in the United States and Canada from 200 locations to at least 500 stores by fiscal 2015, having already identified the malls, lifestyle centers and other high-sales-volume retail venues that are suitable locations in which to open new Teavana stores. We plan to open approximately 60 stores during fiscal 2012.

Drive Comparable Store Sales. We strive to drive our comparable store sales by increasing the size and frequency of purchases by our existing customers and attracting new customers. Our Heaven of Tea retail experience allows us to introduce the benefits and enjoyment of our teas and tea-related merchandise to new customers while encouraging our existing customers to transition to our higher-grade teas and higher-end tea-related merchandise.

Expand Our Online Presence. Our online platform is an extension of our brand and retail stores, serving as an educational resource and complementary sales channel for our customers.

Selectively Pursue International Expansion. As described under International below, given the worldwide popularity of tea, we believe international expansion represents a compelling opportunity for additional growth over the long term.

Our Retail Platform

We currently offer our premium loose-leaf teas and tea-related merchandise through our retail store base in the United States and Canada, online platform, and international and domestic franchised stores.

Our Stores

As of January 29, 2012, we operated 200 stores in 39 states, including one store in Canada. We focus on high traffic locations in malls and lifestyle centers with top-tier co-tenants, and our store base is balanced geographically across the United States. During fiscal 2011, our average store size was approximately 921 square

Table of Contents

feet; our comparable stores averaged net sales of approximately \$913,000, and our stores averaged sales per gross square foot of \$980.

We have pursued new store growth, having more than tripled our store base from 59 to 200 stores from fiscal 2007 to fiscal 2011. The following table shows the growth in our network of stores from fiscal 2009 through fiscal 2011:

	2011	Fiscal Year 2010	2009
Stores open at beginning of year	146	108	87
Stores opened	54	38	21
Stores closed			
Stores open at end of year	200	146	108
Gross square footage (in thousands)	184	130	95

Additionally, we have two franchised stores in the United States and 16 franchised stores in Mexico. Unless otherwise approved by us, our franchisees are required to sell only products purchased from us. Opening new franchise stores in the United States and Canada is not currently a significant part of our future strategy.

Distinctive Store Experience

Our stores offer a unique Heaven of Tea retail environment that provides a highly interactive, informative and immersive customer experience. We utilize a consistent store design to create our warm, relaxing ambiance featuring elegant blonde wood fixtures, ceramic tiled floors, soft lighting and soothing Asian music. Our store atmosphere is meant to encourage customers to slow down and interact with our tealogists around the pleasures of tea and enjoy their retail experience.

Site Selection and Expansion

We seek to open stores in locations that reinforce the premium image of our brand and support the consistent execution of our strategy, targeting high traffic locations within malls, lifestyle centers and other high-sales-volume retail venues.

We employ a rigorous analytical process to identify new store locations. We target locations based on market characteristics, mall productivity, demographic characteristics, including income and education levels, the presence of key anchor stores and co-tenants, population density and other key characteristics. We have built a proprietary retail mall database, which we use for comparison purposes and employ a proprietary regression model to evaluate projected store sales and profitability based on a number of critical inputs incorporating trade area demographics, mall tenant productivity and total anchor sales. Members of our real estate team spend considerable time evaluating prospective sites before bringing a proposal to our real estate committee. Our real estate committee, which includes our Chief Executive Officer, our two Executive Vice Presidents and our Vice President of Real Estate, approves all of our locations before a lease is signed.

Store Staffing and Operations

Each of our stores is managed by a general manager, an assistant manager and two team leads who oversee an average of eight to ten team members in each store. Each general manager is responsible for the day-to-day operations of his or her store, including the unit's operating results, maintaining a clean and appealing store environment and the hiring, training and development of personnel. We also employ area managers, who are

Table of Contents

responsible for overseeing the operations of several stores, and regional directors, who are each responsible for overseeing several area managers and the operation of multiple stores.

We are guided by a philosophy that recognizes performance, allowing us to identify and reward team members who meet our high performance standards. We provide our store general managers with a number of analytical tools to support our store operations and assist them in attaining optimum store performance. These tools include production tools and labor scheduling programs, all of which seek to ensure that we match staffing levels to sales volume. We provide incentive bonuses to team members, assistant managers, general managers and area managers. Bonuses for store personnel, store managers and area managers are based upon achieving specified operating and financial performance goals.

Our Online Platform

Our online platform is primarily comprised of our website, www.teavana.com, through which we provide educational resources for tea consumers and the ability to purchase the full range of our teas and tea-related merchandise. We established our current online platform in fiscal 2007, and during fiscal 2011, online sales represented 7.6% of net sales.

To replicate our Heaven of Tea retail experience online, our website features our full assortment of premium loose-leaf teas, tea-related merchandise and tea gift sets. Online customers can view our virtual Wall of Tea that allows them to select teas from our assortment and read about the ingredients and healthful qualities that pertain to the tea they have selected. In addition to being able to purchase our premium teas on a one-time basis, our customers can also establish automatic purchase and delivery of their favorite teas through our online replenishment program. To drive increased sales through our online platform, we utilize online-specific marketing and promotional programs. We also utilize various social media and mobile applications as part of our online platform, including a mobile website, iPhone, iPad and Android applications, a Facebook fan page and a presence on Twitter. In addition, we employ banner advertisements, search engine optimization and pay-per-click arrangements to help drive traffic to our website.

Through our online platform, we can target a broader audience of customers and tea enthusiasts who may not live near one of our retail locations. We believe our online platform and our stores are complementary, as our online platform provides our store customers an additional channel through which to purchase our teas and tea-related merchandise while also helping drive awareness of and traffic to our stores.

International

We currently have 16 franchised stores in Mexico through an international development agreement with Casa Internacional del Te, S.A. de C.V. (Casa Internacional). The agreement with Casa Internacional grants the exclusive right to open franchised Teavana locations in that country for a term of 15 years. We also operate one company-owned store in Canada as of January 29, 2012 and on September 2, 2011 entered into an international development agreement with the Alshaya Group to open Teavana-branded stores in the Middle East. We expect to continue to selectively expand our global presence through additional company-owned stores, franchise arrangements and/or acquisition.

Our Culture

We have developed a distinctive culture that inspires in our team members a passion for tea and the tea lifestyle. Our culture is also focused on extensive training, career development and individual enrichment. We seek to attract passionate and motivated team members who are driven to succeed and share our vision of creating in our stores a Heaven of Tea experience for our customers.

To support the tea culture globally, we donate approximately 1% of annual net profits to the Cooperative for Assistance and Relief Everywhere, Inc., or CARE, through our Teavana Equatrade program. CARE seeks to

Table of Contents

overcome poverty by funding programs supporting dignity, tolerance and social justice. We believe that giving back to tea-growing regions worldwide helps the global tea community thrive.

Our Teas and Tea-Related Merchandise

We offer in our stores and through our website more than 100 varieties of premium loose-leaf teas, tea wares such as handcrafted cast-iron, clay and ceramic tea pots, and other tea-related merchandise. We also offer a selection of fresh-brewed teas. Tea, tea-related merchandise and beverages accounted for 55%, 41% and 4% of total consolidated net sales, respectively, in fiscal 2011.

Teas

We provide our customers a diverse selection of over 100 loose-leaf teas from around the world. Our overall tea selection is comprised of approximately 20% single-estate teas and 80% specially blended teas. Our offering is comprised of teas from the following three main groups:

Single-estate teas. Our single-estate teas, which are the teas that originate wholly from an individual tea plantation, estate or garden, are produced from the *Camellia Sinensis* bush. We offer four types of single-estate teas – white, green, oolong, and black – each with its own distinctive characteristics arising from the climate, soil, altitude, growing conditions, when and how the tea is harvested, and the processing method used.

Single-estate blended teas. We offer blends that combine our single-estate teas with spices, herbs, flower petals, essential oils of fruits and other flavorings. We work in close collaboration with third-party blenders to develop our specially blended teas, and spend significant amounts of time perfecting the balance of flavors, aromas and colors to create unique teas that we believe will appeal to our customers.

Herbal blended teas. Herbal teas are not technically – teas, as they are not produced from the *Camellia Sinensis* bush, but are herbal infusions generally made from other sources such as the Rooibos bush and Honeybush from South Africa, the Maté shrub from Argentina and other ingredients including dried fruits, herbs and even flowers. Herbal teas, aside from Maté, are generally caffeine-free and can be brewed individually or blended with other types of tea to create an aromatic and flavorful beverage.

Tea-Related Merchandise

We offer in our stores and through our website a carefully selected assortment of artisanal tea wares and other tea-related merchandise that provide our customers the ability to brew and consume our premium loose-leaf teas and more broadly experience tea cultures from around the globe. The majority of our tea-related merchandise is Teavana-branded. We also offer a selection of our teas and tea-related merchandise in the form of prepackaged gift sets.

Our tea wares and other tea-related merchandise are grouped into five main categories: (1) teapots, (2) tea cups and mugs, (3) tea accessories, (4) tea décor and media and (5) tea foods.

Beverages

We offer made-to-order fresh-brewed teas in each of our stores. Our customers may select any of the varieties of loose-leaf single-estate and blended teas that we offer. Customers can choose to have their beverage served hot or cold.

Product Selection, Development and Sourcing

We select and develop an extensive offering of premium loose-leaf teas, authentic artisanal tea wares and other tea-related merchandise. Our merchandising team travels across global tea regions seeking superior teas

Table of Contents

and high quality traditional tea merchandise. Our product offering reflects tea communities in Japan, China, India, South Korea and Europe, and we often explore different tea cultures from which to introduce new teas and tea-related merchandise to our customers. We also work with our supplier partners to develop special tea blends and innovative products that we sell on an exclusive basis.

Teas

Our merchandising team selects the highest grades of single-estate teas sourced from tea gardens and brokers in tea-producing regions around the world. Although most tea trades in the commodity market, premium loose-leaf teas of the quality we seek trade on a negotiated basis at a substantial premium to commodity tea prices. Tea supply and price can be affected by multiple factors, including weather, political and economic conditions, and currency fluctuations. Our merchandising team also focuses on the creation of our special tea blends using multiple varieties of single-estate teas and herbal teas, which are combined with spices, herbs, flower petals, essential oils of fruits and other natural flavorings. We have long-standing collaborative relationships with tea blenders from across the globe with which we collaborate to develop our blends. Our team spends significant amounts of time tasting, or cupping, blends under development to perfect the balance of flavors, aromas and colors. To provide our customers a fresh tea selection over time, we introduce new teas usually two to three times per year, and seek to replace 10-20% of our Wall of Tea selections every year.

Tea-Related Merchandise

Our merchandising team seeks to select high quality tea-related merchandise to enhance the enjoyment and experience of tea for our customers. We travel throughout the world seeking out what we believe is the finest tea-related merchandise available.

Quality Control

As part of our quality control, we test our teas and tea-related merchandise to ensure compliance with our stringent quality standards. We perform extensive sampling of teas during the buying process. In addition, our teas undergo rigorous testing based on food safety specifications established by European Union regulations for the presence of pesticides. We use a third-party testing program that samples each batch of teas received at our distribution center. We also have strict quality control around the manufacture of our tea-related merchandise.

Sourcing

We do not own or operate any tea estates, blending operations or manufacturing facilities; instead, we source our products from over 100 vendors across the globe. During fiscal 2011, our two largest vendors represented approximately 24% and 16%, respectively, of our total purchases of inventory goods. Approximately 95% of our purchases are paid for in US dollars, with the balance being denominated primarily in Euros and Japanese yen.

Distribution

We distribute our loose-leaf teas and tea-related merchandise to our stores and our e-commerce customers from our distribution center in Stratford, Connecticut. Our products are typically shipped to our stores via a third-party national transportation provider multiple times per week.

We have identified the need to expand our distribution center in order to support our near-term growth. We have signed commitments to expand our distribution center, for a modest capital outlay, during fiscal 2012 to support our growing operations through the first quarter of fiscal 2013. We are continuing to evaluate our long-term distribution needs.

Marketing and Advertising

Our marketing strategy currently emphasizes utilization of our website and social media and mobile applications to create a community of tea enthusiasts, build customer loyalty and promote our brand awareness. For example, we provide updates on teas, tea news, tea-making, tea gift ideas and related topics via our Heaven of Tea blog on our website, our Facebook page and our presence on Twitter. We have introduced our PerfecTea® Touch application, which can be downloaded free of charge on the Apple iPhone and iPad and in the Android market. This application enables customers to shop our teas and tea-related merchandise, locate a store and obtain information on blending our teas, and provides them with built-in music-accompanied timers to help brew the perfect cup of tea. Additionally, we utilize banner advertisements, search engine optimization and pay-per-click arrangements to help drive traffic to our website.

Information Technology Systems

Our information technology systems provide a full range of business process support to our stores, our store operations and store support center teams. We utilize a combination of industry standard and customized software systems to provide various functions related to:

point of sale;

inventory management;

warehouse management; and

accounting and financial reporting.

Through our point of sale system, we are able to facilitate the operations of our stores, and through our warehouse management systems, we can efficiently manage our inventory of loose-leaf teas and tea-related merchandise from our store support center.

Competition

The US tea market is highly fragmented. We compete directly with a large number of relatively small independently-owned tea retailers. Additionally, relatively low barriers to entry in the tea and beverage retail market may encourage other tea and beverage retailers who may have greater financial, marketing and operating resources than we do to enter the specialty tea retail market. As we continue to expand geographically, we expect to encounter additional regional and local competitors. We also compete indirectly with other vendors of loose-leaf, bagged and ready-to-drink teas, such as supermarkets, club stores, wholesalers and internet suppliers, as well as with houseware retailers and suppliers that offer tea wares and related accessories.

In addition, we compete with numerous other mall-based retailers for retail real estate locations for our stores.

Trademarks and Other Intellectual Property

We regard intellectual property and other proprietary rights as important to our success. We own several trademarks and service marks that have been registered with the US Patent and Trademark Office, including Teavana®, Heaven of Tea®, Wall of Tea® and the names of most of the varieties of single-estate teas and specially blended teas that we sell. We have also registered trademarks on our stylized logos. We have applications pending with the US Patent and Trademark Office for a number of additional marks, including additional varieties of our single-estate teas and blended teas. We also own domain names, including www.teavana.com, for our primary trademarks and own unregistered copyright rights in our website content. In addition, we have registered or made application to register one or more of our marks in a number of foreign countries and expect to continue to do so in the future as we expand internationally. There can be no assurance

Table of Contents

that we can obtain the registration for the marks in every country where registration has been sought or may be sought in the future.

We also rely upon trade secrets and know-how to develop and maintain our competitive position. We protect our intellectual property rights through a variety of methods including trademark and trade secret laws, as well as confidentiality agreements and proprietary information agreements with vendors, team members, consultants and others who have access to our proprietary information.

We must constantly protect against any infringement by competitors. If a competitor infringes on our trademark rights, we may have to litigate to protect our rights, in which case, we may incur significant expenses and divert significant attention from our business operations.

Government Regulation

We are subject to labor and employment laws, laws governing advertising, privacy laws, safety regulations and other laws, including consumer protection regulations that regulate retailers and/or govern the promotion and sale of merchandise and the operation of stores and warehouse facilities. We monitor changes in these laws and believe that we are in material compliance with applicable laws.

Insurance

We use a combination of insurance and self-insurance for a number of risk management activities including workers compensation, general liability, automobile liability and employee-related health care benefits. We believe that we have adequately reserved for our self-insurance liability related to medical coverage of our team members. We evaluate our insurance requirements on an ongoing basis to ensure we maintain adequate levels of coverage.

Employees

As of January 29, 2012, we employed 473 full-time and 2,179 part-time employees, of whom 2,517 were employed in our retail channel and 135 were employed in corporate, distribution and direct channel support functions. None of our employees are represented by a labor union. We consider our relationship with our employees to be very good.

Properties

We do not own any real property. Our store support center is located in Atlanta, Georgia and is leased under a lease agreement expiring in 2024. The approximately 30,000 square foot space includes a simulated store that provides a forum for training and planning visual and marketing concepts prior to their execution in our stores.

Our approximately 123,000 square foot distribution center is located in Stratford, Connecticut. Our distribution center is leased under a lease agreement expiring in 2016 and 2020 (as to different portions of the facility).

As of January 29, 2012, we operated 200 company-owned stores in 39 states, including one store in Canada. All of our stores are leased from third parties, and the leases typically have ten-year terms. Some of our leases have early cancellation clauses, which permit the lease to be terminated by us or the landlord if certain sales levels are not met in specific periods or if a shopping center does not meet specified occupancy standards. In addition to future minimum lease payments, some of our store leases provide for additional rental payments based on a percentage of net sales if sales at the respective stores exceed specified levels, as well as the payment of common area maintenance charges, real property insurance and real estate taxes. Many of our lease agreements have defined escalating rent provisions over the initial term and any extensions.

Seasonality

Our business is seasonal and, historically, we have realized a higher portion of our net sales, net income and operating cash flows in the fourth fiscal quarter, due to the impact of the holiday selling season.

Item 1A. Risk Factors.

We may not be able to implement successfully our growth strategy on a timely basis or at all, which could harm our results of operations.

Our continued growth depends, in large part, on our ability to open new stores and to operate those stores successfully. We believe there is a significant opportunity to expand our store base in the United States and Canada from 200 locations as of January 29, 2012 to at least 500 stores by the end of fiscal 2015. We plan to open approximately 60 stores in fiscal 2012.

Our ability to successfully open and operate new stores depends on many factors, including:

the identification and availability of suitable sites for store locations, primarily in high-traffic shopping malls;

the negotiation of acceptable lease terms;

the maintenance of adequate distribution capacity, information technology systems and other operational system capabilities;

the hiring, training and retention of store management and other qualified personnel;

the effective management of inventory to meet the needs of our stores on a timely basis; and

the availability of sufficient levels of cash flow and financing to support our expansion.

Edgar Filing: Teavana Holdings Inc - Form PREM14C

In addition, on a selective basis, we will continue to seek franchisees to operate stores under the Teavana brand in international markets. However, if we are unable to identify suitable franchisees, or if our franchisees

E-12

Table of Contents

fail to operate their stores successfully or consistent with our brand image, our international franchising strategy may not enhance our results of operations. New stores contemplated under our existing international development agreement or any future such agreements may not open on the anticipated development schedule or at all.

Accordingly, we cannot assure you that we will achieve our planned growth or, even if we are able to grow our store base as planned, that any new stores will perform as planned. If we fail to successfully implement our growth strategy, we will not be able to sustain the rapid growth in sales and profits growth that we expect, which would likely have an adverse impact on the price of our common stock.

The planned addition of a significant number of new stores each year will require us to expand and improve our operations and could strain our operational, managerial and administrative resources, which may adversely affect our business.

Our growth strategy calls for the opening of a significant number of new stores each year. Our planned expansion will place increased demands on our operational, managerial, administrative and other resources, which may be inadequate to support our expansion. Our senior management team has limited experience opening the number of new stores annually that we contemplate opening in fiscal 2012 and beyond, and may be unable to effectively address challenges involved with such expansion. Managing our growth effectively will require us to continue to enhance our store management systems, financial and management controls and information technology systems and to hire, train and retain regional directors, area managers, store general managers and other personnel. Our planned near-term store growth will also require expansion of and improvement to our current distribution center. Implementing new systems, controls and procedures and these additions to our infrastructure and any changes to our existing operational, managerial, administrative and other resources could negatively impact our results of operations and financial condition.

As we expand our store base we may not experience the same sales per square foot, increases in comparable store sales or profitability that we have experienced in the past.

As we continue to expand our store base, it may become more difficult to identify additional suitable sites for new stores, and we will target an increasing number of shopping malls with lower average sales per square foot than the malls in which we are currently located. The sales per square foot and net sales from such new locations will likely be lower than our existing stores. While our average sales-per-comparable-store is currently \$913,000 for fiscal 2011, our new store model projects average first year sales per store of \$600,000 to \$700,000. Additionally, new stores generally have lower gross margins and higher operating expenses, as a percentage of sales, than our more mature stores. New stores may not achieve sustained sales and operating levels consistent with our mature store base on a timely basis or at all. There may be a negative impact on our results from a lower level of gross margin contribution by our new stores, along with the impact of related pre-opening costs. Any failure to open and operate successfully new stores in the time frames and at the sales, cost and gross margin levels estimated by us could result in a decline in our operating results and therefore have an adverse impact on the price of our common stock.

Further, given that we (1) forecast the number of stores that we open each year to become a smaller percentage of our existing store base, (2) first-year sales for new stores to be lower than we have historically experienced, and (3) comparable store sales to grow at less than historical rates, we anticipate that our future sales growth will be at less than historical levels. If our future comparable store sales or average sales per square foot decline or fail to meet market expectations, the price of our common stock could decline. A variety of factors affect comparable store sales and average sales per square foot, including current national and regional economic conditions, pricing, inflation and weather conditions. Many retailers have been unable to sustain high levels of comparable store sales growth during and after periods of substantial expansion.

Table of Contents

Any decrease in customer traffic in the shopping malls or other locations in which our stores are located could cause our sales to be less than expected.

Our stores are located primarily in enclosed shopping malls and other shopping centers. Net sales at these stores are derived, to a significant degree, from the volume of traffic in those shopping malls and centers and in the surrounding area. Our stores benefit from the current popularity of shopping malls and centers as shopping destinations and their ability to generate consumer traffic in the vicinity of our stores. Our sales volume and traffic may be adversely affected by, among other things:

economic downturns nationally or regionally;

high fuel prices;

changes in consumer demographics;

a decrease in popularity of shopping malls or of higher-end retail concepts in the shopping malls and centers in which our stores are located;

the closing of a shopping mall's anchor stores or other key tenants; or

deterioration in the financial condition of shopping mall and center operators or developers which could, for example, limit their ability to maintain and improve their facilities.

A reduction in consumer traffic as a result of these or any other factors could have a material adverse effect on us.

In addition, severe weather conditions and other catastrophic occurrences in areas in which we have stores may have a material adverse effect on our results of operations. Such conditions may result in physical damage to our stores, loss of inventory, closure of one or more of our stores or an insufficient labor pool in our markets. Any of these factors may disrupt our business and have a material adverse effect on our financial condition and results of operations.

Our success depends substantially upon the continued retention of our senior management and other key personnel.

Our future success is substantially dependent on the continued service of certain members of our senior management, including Andrew Mack, our founder and Chief Executive Officer, Daniel Glennon, our Executive Vice President and Chief Financial Officer, and Peter Luckhurst, our Executive Vice President of Operations. These executives and other key personnel have been primarily responsible for determining the strategic direction of our business and for executing our growth strategy and are integral to our brand and culture and the positive business reputation we enjoy with our customers and vendors. The loss of the services of any of these executives or other key personnel could have a material adverse effect on our business and prospects, as we may not be able to find suitable individuals to replace them on a timely basis, if at all. In addition, any such departure could be viewed in a negative light by investors and analysts, which could cause the price of our common stock to decline. Additionally, if we are unable to continue to attract or retain highly qualified personnel, the development, growth and future success of our business could be adversely affected.

If we are unable to attract, assimilate and retain team members that embody our culture, including store personnel and store and area managers and regional directors, we may not be able to grow or successfully operate our business.

Our success depends in part upon our ability to attract, train, assimilate and retain a sufficient number of team members, including store personnel, store managers, area managers and regional directors, who understand and appreciate our culture and are able to represent our brand effectively and establish credibility with our customers. We have historically promoted substantially all of our store managers, area managers and regional directors from our pool of existing team members and expect to continue to rely heavily upon such talent pool to support our

Table of Contents

growth plans. If we are unable to hire and retain store personnel capable of consistently providing a high level of customer service, as demonstrated by their enthusiasm for our culture, understanding of our customers and knowledge of the loose-leaf tea and tea-related merchandise we offer, our ability to open new stores may be impaired, the performance of our existing and new stores could be materially adversely affected and our brand image may be negatively impacted. Any failure to meet our staffing needs or any material increases in team member turnover rates could have a material adverse effect on our business or results of operations.

We have only one distribution center, and if we encounter difficulties associated with such facility or if it were forced to shut down for any reason, we could face shortages of inventory that would have a material adverse effect on our business operations.

Our only distribution center is located in Stratford, Connecticut. This single distribution center currently supports our entire business. Substantially all of our teas and tea-related merchandise are shipped to the distribution center from our vendors, and then shipped from our distribution center to our stores and e-commerce customers. Our success depends on the timely and frequent receipt of merchandise by our stores, often multiple times per week. The efficient flow of such merchandise requires that we have adequate capacity in our distribution center to support our current level of operations and the anticipated increased levels that may follow from our growth plans. If the operation of our distribution center were to be disrupted or if it were to shut down for any reason or its contents were to be destroyed or damaged, due to fire, severe weather or other natural disaster, we could face shortages of inventory, resulting in out-of-stock conditions in our stores, and would incur additional cost to replace any destroyed or damaged product. Such an event may negatively impact our sales and may cause us to incur significantly higher costs and longer lead times associated with delivering products to our stores and e-commerce customers. This could have a material adverse effect on our business and harm our reputation.

Any failure to expand our distribution center's capacity on a timely basis would have an adverse effect on our growth strategy and results of operations.

We have identified the need to expand our current distribution center and/or open a second distribution center in order to support our growth. If we are unable to successfully implement our planned near-term and long-term expansion of our distribution capability, the efficient flow of our merchandise could be disrupted, which could materially hurt our business. Our long-term need for increased distribution capacity may require us to obtain additional financing. Appropriate locations or financing for the construction or lease of such additional real estate may not be available at reasonable costs or at all. Our failure to secure additional distribution capacity when necessary could impede our growth plans, as a result of which our financial condition and operating results could be adversely affected.

Because our business is highly concentrated on a single, discretionary product category, premium loose-leaf teas and tea-related merchandise, we are vulnerable to changes in consumer preferences and in economic conditions affecting disposable income that could harm our financial results.

Our business is not diversified and consists primarily of developing, sourcing, marketing and selling premium loose-leaf teas and tea-related merchandise. Consumer preferences often change rapidly and without warning, moving from one trend to another among many retail concepts. Therefore, our business is substantially dependent on our ability to educate consumers on the many positive attributes of tea, anticipate shifts in consumer tastes and help drive growth of the overall tea market. Any future shifts in consumer preferences away from the consumption of beverages brewed from premium loose-leaf teas would also have a material adverse effect on our results of operations.

Consumer purchases of specialty retail products, including our products, are historically affected by economic conditions such as changes in employment, salary and wage levels, the availability of consumer credit, inflation, interest rates, tax rates, fuel prices and the level of consumer confidence in prevailing and future economic conditions. These discretionary consumer purchases may decline during recessionary periods or at

Table of Contents

other times when disposable income is lower. In addition, increases in utility, fuel, commodity price and corporate income tax levels could affect our cost of doing business, including transportation costs of our third-party service providers, causing our suppliers and such service providers to seek to recover these increases through increased prices charged to us. Our financial performance may become susceptible to economic and other conditions in regions or states where we have a significant number of stores. Our continued success will depend, in part, on our ability to anticipate, identify and respond quickly to changing consumer preferences and economic conditions.

Our success depends, in part, on our ability to source, develop and market new varieties of loose-leaf teas and tea-related merchandise that meet our high standards and customer preferences.

We currently offer more than 100 varieties of loose-leaf teas and a wide assortment of tea-related merchandise. Our success depends in part on our ability to continually innovate, develop, source and market new varieties of loose-leaf teas and tea-related merchandise that both meet our standards for quality and appeal to customers' preferences. Failure to innovate, develop, source, market and price new varieties of tea and tea-related merchandise that consumers want to buy could lead to a decrease in our sales and profitability.

We may experience negative effects to our brand and reputation from real or perceived quality or health issues with our teas and tea-related merchandise, which could have an adverse effect on our operating results.

We believe our customers rely on us to provide them with premium loose-leaf teas and high-quality tea-related merchandise. Concerns regarding the safety of our teas and tea-related merchandise or the safety and quality of our supply chain could cause shoppers to avoid purchasing certain products from us or to seek alternative sources of tea, even if the basis for the concern has been addressed or is outside of our control. Adverse publicity about these concerns, whether or not ultimately based on fact, and whether or not involving teas or tea-related merchandise sold at our stores, could discourage consumers from buying our teas and tea-related merchandise and have an adverse effect on our brand, reputation and operating results.

Furthermore, the sale of tea entails a risk of product liability claims and the resulting negative publicity. Tea supplied to us may contain contaminants that, if not detected by us, could result in illness or death upon their consumption. We cannot assure you that product liability claims will not be asserted against us or that we will not be obligated to perform product recalls in the future.

We may also be subject to involuntary product recalls or may voluntarily conduct a product recall, such as the 2011 voluntary recall of our organic peppermint loose-leaf tea following notification by one of our suppliers of possible contamination of its product by *Salmonella*. The costs associated with any future product recall could, individually and in the aggregate, be significant in any given fiscal year. In addition, any product recall, regardless of direct costs of the recall, may harm consumer perceptions of our teas and tea-related merchandise and have a negative impact on our future sales and results of operations.

Any loss of confidence on the part of our customers in the safety and quality of our teas and tea-related merchandise would be difficult and costly to overcome. Any such adverse effect could be exacerbated by our position in the market as a purveyor of premium loose-leaf teas and high-quality tea-related merchandise and could significantly reduce our brand value. Issues regarding the safety of any teas or tea-related merchandise sold by us, regardless of the cause, could have a substantial and adverse effect on our sales and operating results.

A shortage in the supply, a decrease in quality or an increase in the price of teas and tea-related merchandise as a result of weather conditions, earthquakes, crop disease, pests or other natural or manmade causes outside of our control could impose significant costs and losses on our business.

The supply and price of tea is subject to fluctuation, depending on demand and other factors outside of our control. The supply, quality and price of our teas and tea-related merchandise can be affected by multiple factors

Table of Contents

in tea-producing countries, including political and economic conditions, civil and labor unrest, adverse weather conditions, including floods, drought and temperature extremes, earthquakes, tsunamis, and other natural disasters and related occurrences. This risk is particularly true with respect to regions or countries from which we source a significant percentage of our products. In extreme cases, entire tea harvests may be lost or production of tea-related merchandise may be negatively impacted in some geographic areas. These factors can increase costs and decrease sales, which may have a material adverse effect on our business, results of operations and financial condition.

Tea may be vulnerable to crop disease and pests, which may vary in severity and effect. The costs to control disease and pest damage vary depending on the severity of the damage and the extent of the plantings affected. Moreover, there can be no assurance that available technologies to control such conditions will continue to be effective. These conditions can increase costs and decrease sales, which may have a material adverse effect on our business, results of operations and financial condition.

Because we rely on a limited number of third-party suppliers and manufacturers to produce the majority of our teas and tea-related merchandise, we may not be able to obtain quality products on a timely basis or in sufficient quantities.

We rely on a limited number of vendors to supply us with single-estate and specially blended teas and tea-related merchandise on a continuous basis. Our financial performance depends in large part on our ability to purchase tea in sufficient quantities at competitive prices from these vendors. We do not have long-term purchase contracts or other contractual assurances of continued supply, pricing or exclusive access to products from these vendors.

Any of our suppliers or manufacturers could discontinue supplying us with loose-leaf tea or tea-related merchandise in sufficient quantities for a variety of reasons. The benefits we currently experience from our supplier and manufacturer relationships could be adversely affected if they:

raise the prices they charge us;

discontinue selling products to us;

sell similar or identical products to our competitors; or

enter into arrangements with competitors that could impair our ability to sell our suppliers' products, including by giving our competitors exclusive licensing arrangements or exclusive access to tea blends and other products or limiting our access to such arrangements or blends or other products.

During fiscal 2011, our two largest vendors represented approximately 24% and 16%, respectively, of our total inventory purchases. Any disruption to either of these relationships would have a material adverse effect on our business.

Events that adversely affect our vendors could impair our ability to obtain inventory in the quantities that we desire. Such events include difficulties or problems with our vendors' businesses, finances, labor relations, ability to import raw materials, costs, production, insurance and reputation, as well as natural disasters or other catastrophic occurrences.

If we experience significant increased demand for our teas and tea-related merchandise, or need to replace an existing vendor, there can be no assurance that additional supplies or additional manufacturing capacity will be available when required on terms that are acceptable to us, or at all, or that any vendor would allocate sufficient capacity to us in order to meet our requirements, fill our orders in a timely manner or meet our strict quality requirements. Even if our existing vendors are able to expand their capacity to meet our needs or we are able to find new sources of supply, we may encounter delays in production, inconsistencies in quality and added costs as a result of the time it takes to train our suppliers and manufacturers in our methods, products and quality.

Table of Contents

control standards. Any delays, interruption or increased costs in the supply of loose-leaf teas or the manufacture of our tea-related merchandise could have an adverse effect on our ability to meet customer demand for our products and result in lower net sales and profitability both in the short and long term.

We may face increased competition from other tea and beverage retailers, which could adversely affect us and our growth plans.

As we continue to drive growth in the loose-leaf tea category in the United States and Canada, our success, combined with relatively low barriers to entry, may encourage new competitors to enter the market. The financial, marketing and operating resources of some of these new market entrants may be greater than our own. We must spend significant resources to differentiate our customer experience, which is defined by a wide selection of premium loose-leaf teas, high quality tea-related merchandise and superior customer service from experienced and knowledgeable teaologists who are passionate about tea. Despite these efforts, our competitors may still be successful in attracting our customers.

We rely significantly on information technology systems and any failure, inadequacy, interruption or security failure of those systems could harm our ability to operate our business effectively.

We rely on our information technology systems to effectively manage our business data, communications, point-of-sale, supply chain, order entry and fulfillment, inventory and warehouse management and other business processes. The failure of our systems to perform as we anticipate could disrupt our business and result in transaction errors, processing inefficiencies and the loss of sales, causing our business to suffer. In addition, our information technology systems may be vulnerable to damage or interruption from circumstances beyond our control, including fire, natural disasters, systems failures, viruses and cyber security breaches, including breaches of our transaction processing or other systems that could result in the compromise of confidential customer data. Any such damage or interruption could have a material adverse effect on our business, cause us to face significant fines, customer notice obligations or costly litigation, harm our reputation with our customers, require us to expend significant time and expense developing, maintaining or upgrading our information technology systems or prevent us from paying our vendors or team members, receiving payments from our customers or performing other information technology, administrative or outsourcing services on a timely basis. Recently, data security breaches suffered by well-known companies and institutions have attracted a substantial amount of media attention, prompting new federal and state laws and legislative proposals addressing data privacy and security, as well as increased data protection obligations imposed on merchants by credit card issuers. As a result, we may become subject to more extensive requirements to protect the customer information that we process in connection with the purchase of our products.

In addition, we sell merchandise over the Internet through our website, www.teavana.com. Our website operations may be affected by our reliance on third-party hardware and software providers, technology changes, risks related to the failure of computer systems through which we conduct our website operations, telecommunications failures, electronic break-ins and similar disruptions. Furthermore, our ability to conduct our website operations may be affected by liability for on-line content and state and federal privacy laws.

Fluctuations in our results of operations for the fourth fiscal quarter would have a disproportionate effect on our overall financial condition and results of operations.

Our business is seasonal, and historically, we have realized a higher portion of our net sales, net income and operating cash flows in the fourth fiscal quarter, due to the impact of the holiday selling season and colder weather. Any factors that harm our fourth fiscal quarter operating results, including disruptions in our supply chain, adverse weather or unfavorable economic conditions, could have a disproportionate effect on our results of operations for the entire fiscal year.

In order to prepare for our peak shopping season, we must order and maintain higher quantities of inventory than we would carry at other times of the year. As a result, our working capital requirements also fluctuate during

Table of Contents

the year, increasing in the second and third fiscal quarters in anticipation of the fourth fiscal quarter. Any unanticipated decline in demand for our loose-leaf teas and tea-related merchandise during our peak shopping season could require us to sell excess inventory at a substantial markdown, which could diminish our brand and reduce our net sales and gross profit.

Our quarterly results of operations may also fluctuate significantly as a result of a variety of other factors, including the timing of new store openings and the sales contributed by new stores. As a result, historical period-to-period comparisons of our sales and operating results are not necessarily indicative of future period-to-period results. You should not rely on the results of a single fiscal quarter, particularly the fourth fiscal quarter holiday season, as an indication of our annual results or our future performance.

Third-party failure to deliver merchandise from our distribution center to our stores and e-commerce customers could result in lost sales or reduced demand for our teas and tea-related merchandise.

We currently rely upon a national third-party transportation provider for substantially all of our product shipments from our distribution center to our stores and e-commerce customers. Our utilization of its delivery services for shipments, or those of any other shipping companies we may elect to use, is subject to risks, including increases in fuel prices, which would increase our shipping costs, and employee strikes and inclement weather, which may impact the provider's ability to provide delivery services that adequately meet our shipping needs. If we change shipping companies, we could face logistical difficulties that could adversely affect deliveries, and we would incur costs and expend resources in connection with such change. Moreover, we may not be able to obtain terms as favorable as those we receive from the national third-party transportation provider that we currently use, which in turn would increase our costs and thereby adversely affect our operating results.

Our ability to source our teas and tea-related merchandise profitably or at all could be hurt if new trade restrictions are imposed or existing trade restrictions become more burdensome.

All of our loose-leaf teas are currently grown, and a substantial majority of our tea-related merchandise is currently manufactured, outside of the United States. The United States and the countries in which our products are produced or sold internationally have imposed and may impose additional quotas, duties, tariffs, or other restrictions or regulations, or may adversely adjust prevailing quota, duty or tariff levels. Countries impose, modify and remove tariffs and other trade restrictions in response to a diverse array of factors, including global and national economic and political conditions, which make it impossible for us to predict future developments regarding tariffs and other trade restrictions. Trade restrictions, including tariffs, quotas, embargoes, safeguards and customs restrictions, could increase the cost or reduce the supply of teas and tea-related merchandise available to us or may require us to modify our supply chain organization or other current business practices, any of which could harm our business, financial condition and results of operations.

Fluctuations in foreign currency exchange rates may affect our price negotiations with our third-party suppliers and manufacturers.

Substantially all of our suppliers and manufacturers are located outside of the United States, and changes in the exchange rates between the US dollar and the Euro, Japanese yen and Chinese Renminbi may have a significant, and potentially adverse, effect on our price negotiations with such parties. If the US dollar weakens against any such currencies, our suppliers and manufacturers may attempt to renegotiate the terms of their arrangements with us, which may have a negative effect on our operating results.

Our international expansion and operations in foreign markets expose us to risks associated with international sales and operations.

We intend to continue to expand internationally and operate in select foreign markets. Managing a global organization is difficult, time consuming and expensive. Our inexperience in operating our business globally

Table of Contents

increases the risk that any future international expansion efforts that we may undertake will not be successful. In addition, conducting international operations subjects us to risks such as the lack of familiarity with and unexpected changes in foreign regulatory requirements; difficulties in managing and staffing international operations; fluctuations in currency exchange rates; potentially adverse tax consequences, including foreign value added tax systems, and restrictions on repatriation of earnings; the burdens of complying with a wide variety of foreign laws and legal standards; increased financial accounting and reporting burdens and complexities; and political, social and economic instability abroad. Operating in international markets also requires significant management attention and financial resources. The investment and additional resources required to establish operations and manage growth in other countries may not produce desired levels of revenue or profitability.

We may not be able to protect our intellectual property adequately, which could harm the value of our brand and adversely affect our business.

We believe that our intellectual property has substantial value and has contributed significantly to the success of our business. In particular, our trademarks, including our registered Teavana and Teavana logo design trademarks and the names of most of the varieties of specially blended teas that we sell, are valuable assets that reinforce the distinctiveness of our brand and our customers' favorable perception of our stores.

From time to time, third parties have used names similar to ours, have applied to register trademarks similar to ours and, we believe, have infringed or misappropriated our intellectual property rights. Third parties have also, from time to time, opposed our trademarks and challenged our intellectual property rights. We respond to these actions on a case-by-case basis, including where appropriate by commencing litigation.

We cannot assure you that the steps we have taken to protect our intellectual property rights are adequate, that our intellectual property rights can be successfully defended and asserted in the future or that third parties will not infringe upon or misappropriate any such rights. Our trademark rights and related registrations may continue to be challenged in the future and could be canceled or narrowed. Our failure to protect our trademarks could prevent us in the future from challenging third parties who use names and logos similar to our trademarks, which may in turn cause customer confusion, negatively affect customers' perception of our brand, stores and products, and adversely affect our sales and profitability. Moreover, intellectual property proceedings and infringement claims could result in a significant distraction for management and have a negative impact on our business.

In addition, although we have also taken steps to protect our intellectual property rights internationally, the laws of certain foreign countries may not protect intellectual property to the same extent as do the laws of the United States. Other entities may have rights to trademarks that contain portions of our marks or may have registered similar or competing marks in foreign countries. There may also be other prior registrations in other foreign countries of which we are not aware. We may need to expend additional resources to defend our trademarks in these countries, and the inability to defend such trademarks could impair our brand or significantly adversely affect the growth of our business internationally.

We are subject to the risks associated with leasing substantial amounts of space and are required to make substantial lease payments under our operating leases. Any failure to make these lease payments when due would likely harm our business, profitability and results of operations.

We do not own any real estate. Instead, we lease all of our company-owned store locations, our store support center in Atlanta, Georgia and our distribution center in Stratford, Connecticut. Our store leases typically have ten-year terms and generally require us to pay relatively high total rent per square foot that is reflective of our small average store square footage and premium locations within the mall or center. Many of our lease agreements have defined escalating rent provisions over the initial term and any extensions. As our stores mature and as we expand our store base, our lease expense and our cash outlays for rent under our lease agreements will increase. Our substantial operating lease obligations could have significant negative consequences, including:

requiring that an increased portion of our cash from operations and available cash be applied to pay our lease obligations, thus reducing liquidity available for other purposes;

Table of Contents

increasing our vulnerability to adverse general economic and industry conditions;

limiting our flexibility to plan for or react to changes in our business or in the industry in which we compete; and

limiting our ability to obtain additional financing.

We depend on cash flow from operations to pay our lease expenses, finance our growth capital requirements and fulfill our other cash needs. If our business does not generate sufficient cash flow from operating activities to fund these requirements, we may not be able to achieve our growth plans, fund our other liquidity and capital needs or ultimately service our lease expenses, which would harm our business.

If an existing or future store is not profitable, and we decide to close it, we may nonetheless remain committed to perform our obligations under the applicable lease including, among other things, paying the base rent for the balance of the lease term. Moreover, even if a lease has an early cancellation clause, we may not satisfy the contractual requirements for early cancellation under that lease. In addition, as our leases expire, we may fail to negotiate renewals on commercially acceptable terms or at all, which could cause us to close stores in desirable locations. Even if we are able to renew existing leases, the terms of such renewal may not be as attractive as the expiring lease, which would materially and adversely affect our results of operations. Of our 200 company-owned stores as of January 29, 2012, two leases expire in fiscal 2012. Our inability to enter into new leases or renew existing leases on terms acceptable to us or be released from our obligations under leases for stores that we close could materially adversely affect us.

Our franchisees may take actions that could harm our business or brand, and franchise regulations and contracts limit our ability to terminate or replace under-performing franchisees.

As of January 29, 2012 we had two franchised stores in the United States and 16 franchised stores in Mexico. We also have an international development agreement with the Alshaya Group to open stores in the Middle East that we entered into on September 2, 2011. Franchisees are independent business operators and are not our employees or agents, and we do not exercise control over the day-to-day operations of their retail stores. We provide training and support to franchisees and set and monitor operational standards, but the quality of franchise store operations may fluctuate or decline due to various factors beyond our control. For example, franchisees may not operate stores in a manner consistent with our standards and requirements, or may not hire and train qualified employees, which could harm their sales and, as a result, harm our results of operations or our brand image.

Franchisees, as independent business operators, may from time to time disagree with us and our strategies regarding the business or our interpretation of our respective rights and obligations under applicable franchise agreements. This may lead to disputes with our franchisees from time to time, regarding the collection of royalty payments or other matters related to the franchisee's operation of the franchise store. Such disputes could divert the attention of our management from our operations, which could cause our business, financial condition, results of operations or cash flows to suffer.

In addition, as a franchisor, we are subject to US federal, US state and foreign laws regulating the offer and sale of franchises. These laws impose registration and extensive disclosure requirements on the offer and sale of franchises, frequently apply substantive standards to the relationship between franchisor and franchisee and limit the ability of a franchisor to terminate or refuse to renew a franchise. We may therefore be required to retain an underperforming franchise and may be unable to replace the franchisee, which could harm our results of operations or our brand image. We cannot predict the nature and effect of any future legislation or regulation or any changes to existing legislation or regulation on our franchise operations.

Table of Contents

The terms of our revolving credit facility may restrict our current and future operations, which could adversely affect our ability to respond to changes in our business and to manage our operations.

Our revolving credit facility contains, and any additional debt financing we may incur would likely contain, covenants requiring us to maintain or adhere to certain financial ratios or limits and covenants that restrict our operations, including limitations on our ability to grant liens, incur additional debt, pay dividends, redeem our common stock, make certain investments and engage in certain merger, consolidation or asset sale transactions. Complying with these covenants could adversely affect our ability to respond to changes in our business and manage our operations. A failure by us to comply with the financial ratios and restrictive covenants contained in our revolving credit facility and any future debt instruments could result in an event of default. Upon the occurrence of an event of default, the lenders could elect to declare all amounts outstanding to be due and payable and exercise other remedies as set forth in our revolving credit facility and any future debt instruments. If the indebtedness under our revolving credit facility and any future debt instruments were to be accelerated, our future financial condition could be materially adversely affected.

Risks Related to Ownership of Our Common Stock

Our stock price may continue to be volatile or may decline regardless of our operating performance or other factors.

Shares of our common stock were sold in our Offering commencing on July 28, 2011 at a price of \$17.00 per share, and our common stock has subsequently traded as high as \$29.35 and as low as \$14.28 during the period from our initial public offering to January 29, 2012. There have also been significant intra-day price swings, and there can be no assurance that the market price of our common stock will not continue to be volatile. The market price of our common stock may fluctuate substantially in response to a number of factors, many of which we cannot control. These factors include:

market conditions or trends in our industry or the economy as a whole and, in particular, in the specialty retail sales environment;

the timing, performance and successful integration of any new stores that we open;

seasonal fluctuations;

changes in key personnel;

our levels of comparable store sales;

actions by competitors or other shopping mall tenants;

the public's response to press releases or other public announcements by us or third parties, including our filings with the SEC;

any future guidance we may provide to the public, any changes in such guidance or any difference between our guidance and actual results; and

future sales of our common stock by our officers, directors or significant stockholders.

In addition, the stock markets, including the NYSE, have experienced extreme price and volume fluctuations that have affected and continue to affect the market prices of equity securities of many retail companies. In the past, stockholders have instituted securities class action litigation

Edgar Filing: Teavana Holdings Inc - Form PREM14C

following periods of market volatility. If we were involved in securities litigation, we could incur substantial costs and our resources, and the attention of management could be diverted from our business.

Future sales of our common stock, or the perception in the public markets that these sales may occur, may depress our stock price.

The market price of our common stock could decline significantly as a result of sales of a large number of shares of our common stock in the market. The sales, or the perception that these sales might occur, could

Table of Contents

depress the market price. These sales, or the possibility that these sales may occur, also might make it more difficult for us to sell equity securities in the future at a time and at a price that we deem appropriate.

As of January 29, 2012, we had 38,281,836 shares of common stock outstanding, which are freely tradable without restriction under the Securities Act of 1933, as amended, except for any shares of common stock held or acquired by our directors, executive officers and other affiliates, the sale of which are restricted under the Securities Act. In addition, shares subject to outstanding options under our 2004 Management Incentive Plan and our 2011 Equity Incentive Plan and shares reserved for future issuance under our 2011 Equity Incentive Plan will become eligible for sale in the public market in the future, subject to certain legal and contractual limitations. If our existing stockholders sell substantial amounts of our common stock in the public market, or if the public perceives that such sales could occur, this could have an adverse impact on the market price of our common stock, even if there is no relationship between such sales and the performance of our business.

Also, in the future, we may issue shares of our common stock in connection with investments or acquisitions. The amount of shares of our common stock issued in connection with an investment or acquisition could constitute a material portion of our then outstanding shares of our common stock.

Approximately 56.2% of our voting power is controlled by one principal stockholder whose interests may conflict with those of our other stockholders.

As of January 29, 2012, Andrew Mack, our founder and Chief Executive Officer, holds approximately 56.2% of our voting power. So long as Mr. Mack continues to hold, directly or indirectly, shares of common stock representing more than 50% of the voting power of our common stock, he will be able to exercise control over all matters requiring stockholder approval, including the election of directors, amendment of our amended and restated certificate of incorporation and approval of significant corporate transactions and will have significant control over our management and policies. Mr. Mack's control may have the effect of delaying or preventing a change in control of our company or discouraging others from making tender offers for our shares, which could prevent stockholders from receiving a premium for their shares. These actions may be taken even if other stockholders oppose them. The interests of Mr. Mack may not be consistent with your interests as a stockholder.

In addition, a fund advised by Parallel holds approximately 18.1% of our voting power, and has significant influence over our management and policies by virtue of Parallel's managing partner's, Barron Fletcher's, position on our Board of Directors.

Failure to establish and maintain adequate internal controls in accordance with the Sarbanes-Oxley Act of 2002 and other regulations could have a material adverse effect on our business and stock price.

As a public company, we are required to establish and maintain an adequate internal control structure and procedures for financial reporting and to assess the effectiveness of our internal control procedures in order to satisfy the requirements of the Sarbanes-Oxley Act of 2002 (SOX). In addition, for the first time, in fiscal 2012, our independent registered public accounting firm will be required to issue a report that addresses the effectiveness of our internal controls over financial reporting. During the course of assessing our internal controls, we or our independent registered public accounting firm may identify deficiencies that we may not be able to remediate in time to meet our deadline for compliance with SOX. Establishing, maintaining and assessing the effectiveness of our internal controls can divert our management's attention from other matters that are important to the operation of our business. We also expect regulations to continue to increase our legal and financial compliance costs, to make it more difficult to attract and retain qualified officers and members of our Board of Directors, particularly to serve on our audit committee, and to make some activities more difficult, time consuming and costly. We may not be able to conclude on an ongoing basis that we have effective internal controls over financial reporting, or our independent registered public accounting firm may not be able or willing to issue an unqualified report on the effectiveness of our internal controls over financial reporting. If we or our independent registered public accounting firm conclude that our internal controls over financial reporting are not

Table of Contents

effective, we cannot be certain as to the timing of remediation actions or their effect on our operations because there is presently no precedent available by which to measure compliance adequacy.

If we are unable to conclude that we have effective internal controls over financial reporting, our independent auditors may be unable to provide us with an unqualified report on the effectiveness of our internal controls over financial reporting or we may be required to restate our financial statements or fail to meet our public reporting obligations. As a result, investors could lose confidence in our reported financial information, which could have a negative effect on the trading price of our stock.

In addition, we are subject to compliance with the Payment Card Industry Data Security Standard (PCI DSS) as well as rules for publically traded companies set forth by the New York Stock Exchange. Failure to comply with these regulations could have a material adverse impact on our financial condition or the price of our common stock.

If securities or industry analysts do not publish research or publish inaccurate or unfavorable research about our business, our stock price and trading volume could decline.

The trading market for our common stock is influenced by the research and reports that industry or securities analysts publish about us or our business. If one or more of these analysts ceases coverage of our company or fails to publish reports on us regularly, we could lose visibility in the financial markets, which in turn could cause our stock price or trading volume to decline. Moreover, if our operating results do not meet the expectations of the investor community, or one or more of the analysts who cover our company downgrades our stock, our stock price could decline.

We do not expect to pay any cash dividends for the foreseeable future.

For the foreseeable future, we intend to retain any earnings to finance the development and expansion of our business, and we do not anticipate paying any cash dividends on our common stock. Any determination to pay dividends in the future will be at the discretion of our Board of Directors and will depend upon results of operations, financial condition, contractual restrictions, including under our revolving credit facility and other indebtedness we may incur, restrictions imposed by applicable law and other factors our Board of Directors deems relevant. Accordingly, if you purchase shares, realization of a gain on your investment will depend on the appreciation of the price of our common stock, which may never occur. Investors seeking cash dividends in the foreseeable future should not purchase our common stock.

Certain provisions of our corporate governing documents and Delaware law could discourage, delay or prevent a merger or acquisition at a premium price.

Our amended and restated certificate of incorporation and amended and restated bylaws contain provisions that may make the acquisition of our company more difficult without the approval of our Board of Directors. These include provisions that:

authorize the issuance of undesignated preferred stock, the terms of which may be established and the shares of which may be issued without stockholder approval, and which may include super voting, special approval, dividend, or other rights or preferences superior to the rights of the holders of common stock;

classify our Board of Directors into three separate classes with staggered terms;

prohibit stockholders from acting by written consent after Mr. Mack ceases to own more than 50% of the total voting power of our shares, which will then require all stockholder actions to be taken at a meeting of our stockholders after such time;

provide that the Board of Directors is expressly authorized to make, alter, or repeal our amended and restated bylaws; and

Edgar Filing: Teavana Holdings Inc - Form PREM14C

establish advance notice requirements for nominations for elections to our Board of Directors or for proposing matters that can be acted upon by stockholders at stockholder meetings.

In addition, we are governed by Section 203 of the Delaware General Corporation Law, which, subject to some specified exceptions, prohibits business combinations between a Delaware corporation and an interested stockholder, which is generally defined as a stockholder who becomes a beneficial owner of 15% or more of a Delaware corporation's voting stock, for a three-year period following the date that the stockholder became an interested stockholder. Section 203 could have the effect of delaying, deferring or preventing a change in control that our stockholders might consider to be in their best interests.

These and other provisions of the Delaware General Corporation Law and our amended and restated certificate of incorporation and amended and restated bylaws could delay, defer or prevent us from experiencing a change of control or changes in our Board of Directors and management and may adversely affect our stockholders' voting and other rights. Any delay or prevention of a change of control transaction or changes in our Board of Directors and management could deter potential acquirers or prevent the completion of a transaction in which our stockholders could receive a substantial premium over the then current market price for their shares of our common stock.

None.

Item 2. *Properties.*

We do not own any real property. Our store support center is located in Atlanta, Georgia and is leased under a lease agreement expiring in 2024. The approximately 30,000 square foot space includes a simulated store that provides a forum for training and planning visual and marketing concepts prior to their execution in our stores.

Our approximately 123,000 square foot distribution center is located in Stratford, Connecticut. Our distribution center is leased under a lease agreement expiring in 2016 and 2020 (as to different portions of the facility).

As of January 29, 2012, we operated 200 stores in 39 states, including one store in Canada. All of our stores are leased from third parties, and the leases typically have ten-year terms. Some of our leases have early cancellation clauses, which permit the lease to be terminated by us or the landlord if certain sales levels are not met in specific periods or if a shopping center does not meet specified occupancy standards. In addition to future minimum lease payments, some of our store leases provide for additional rental payments based on a percentage of net sales if sales at the respective stores exceed specified levels, as well as the payment of common area maintenance charges, real property insurance and real estate taxes. Many of our lease agreements have defined escalating rent provisions over the initial term and any extensions.

Item 3. *Legal Proceedings.*

From time to time in the normal course of business, we are involved in legal proceedings. We evaluate the need for loss accruals under the requirements of the Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) Topic No. 450- *Contingencies* (ASC 450). We record an estimated loss for any claim, lawsuit, investigation or proceeding when it is probable that a liability has been incurred and the amount of loss can be reasonably estimated. If the reasonable estimate of a probable loss is a range, and no amount within the range is a better estimate, then we record the minimum amount in the range as the loss accrual. If a loss is not probable or a probable loss cannot be reasonably estimated, no liability is recorded.

On December 28, 2011, a putative class action lawsuit styled *Chavez v. Teavana Corp.*, alleging wage and hour violations of the California Labor Code for General Managers in California, was filed in the Superior Court

Table of Contents

of California, County of Los Angeles. The plaintiff seeks on behalf of herself and other putative class members, compensatory damages, restitution, punitive and exemplary damages, penalties, interest and other relief. We dispute the material allegations in the complaint and intend to defend the action vigorously. Due to inherent uncertainties of litigation and because the lawsuit is in early procedural stages, we cannot at this time accurately predict the ultimate outcome, or any potential liability, of the matter.

We are also subject to other legal proceedings and claims that arise in the ordinary course of our business. These include claims resulting from slip and fall accidents, employment related claims and claims from guests or team members alleging illness or injury or other operational concerns. To date, no claims of these types of litigation, certain of which are covered by insurance policies, have had a material effect on our results of operation. While it is not possible to predict the outcome of these other suits, legal proceedings and claims with certainty, we do not believe that they would have a material adverse effect on our financial position and results of operations.

Part II**Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities.**

Our common stock has been listed on the NYSE under the symbol TEA since July 28, 2011 in connection with our initial public offering, which had a price of \$17.00 per share. Before then, there was no public market for our common stock. The following table sets forth the high and low sales prices of our common stock per share, as shown in the New York Stock Exchange Composite Transactions listed in the Wall Street Journal.

Fiscal Year ended January 29, 2012:

	High	Low
2 nd Quarter (commencing July 28, 2011)	\$ 29.35	\$ 17.00
3 rd Quarter	\$ 29.01	\$ 18.52
4 th Quarter	\$ 24.07	\$ 14.28

There were approximately 14 common stockholders of record on April 9, 2012.

Dividends

The continued operation and expansion of our business will require substantial funding. Accordingly, we do not anticipate that we will pay any cash dividends on shares of our common stock for the foreseeable future. Any determination to pay dividends in the future will be at the discretion of our Board of Directors and will depend upon results of operations, financial condition, contractual restrictions, including our senior secured credit facility and other indebtedness we may incur, restrictions imposed by applicable law and other factors our Board of Directors deems relevant.

This graph assumes an initial investment of \$100 at the closing price on July 28, 2011, in our common stock, the S&P Retail Index and the Russell 3000 Index and assumes the reinvestment of dividends, if any. The graph also assumes that the initial price of our common stock on July 28, 2011, was the closing price of \$29.35 per share and that the initial prices of the S&P Retail Index and the Russell 3000 Index on July 28, 2011, were the closing prices on the previous trading day.

- (1) Our Series A redeemable preferred stock was issued on December 15, 2004 with a mandatory redemption date upon the earlier of a public offering or December 15, 2011. The Series A redeemable preferred stock had an original redemption value of \$10,683 with annual accretion at a rate of 5% and also contained a liquidation preference of \$1.00 per share. The liquidation preference, or Redemption Value, increased annually based on the accretion of the shares, however, the cumulative annual accretion of the Redemption Value was forgiven at the Redemption Date because we achieved certain financial targets, as specified in our amended and restated certificate of incorporation adopted on the date that the Series A redeemable preferred stock was issued. As such, upon consummation of the Offering, we redeemed all outstanding shares of the Series A redeemable preferred stock for an aggregate Redemption Value of \$10,683. The excess accretion above the Redemption Value of the Series A redeemable preferred stock of \$3,534 was also reclassified into additional paid-in capital. See Note 5, Common and Preferred Stock and Stockholders Equity, within our consolidated financial statements included in this Annual Report on Form 10-K.
- (2) Because our Class B redeemable common stock was subject to redemption at the option of the holder, it had been historically classified as temporary equity and remeasured at fair value at each reporting period with changes in fair value recorded directly to equity based on the change in the underlying fair value of our common stock. Concurrent with the Offering as described in Note 5, Common and Preferred Stock and Stockholders Equity, in our consolidated financial statements and footnotes thereto included in this Annual Report on Form 10-K, all shares of our Class B redeemable common stock were converted into shares of Class A common stock, and subsequently common stock, resulting in the corresponding reclassification of the temporary equity balance into additional paid-in capital.
- (3) Comparable store sales, including e-commerce, includes comparable store sales from all company-owned stores that have been open for at least 15 full fiscal months and sales from our website www.teavana.com.
- (4) Comparable store sales, excluding e-commerce, include net sales from all company-owned stores that have been open for at least 15 full fiscal months. Comparability is typically achieved 12 months after the initial three-month period from the opening during which new stores typically experience higher-than-average sales volumes.
- (5) Average net sales per comparable store is calculated by dividing total sales per period for stores open 15 full fiscal months or more as of the beginning of each respective period by the total number of such stores. This

methodology excludes the effects of the initial three month period of higher-than-average sales volumes and also excludes e-commerce sales.

- (6) Sales per gross square foot is calculated by dividing total net sales for all stores, comparable and non-comparable, by the average gross square footage for the period. Average gross square footage for the period is calculated by dividing the sum of the total gross square footage at the beginning and at the end of each period divided by two.

We operate on a fiscal calendar widely used by the retail industry that results in a given fiscal year consisting of a 52- or 53-week period ending on the Sunday closest to January 31 of the following year. For example, references to fiscal 2011 refer to the fiscal year ended January 29, 2012. Fiscal 2011, 2010 and 2009 all contain 52 weeks.

Overview

Teavana is a specialty retailer offering more than 100 varieties of premium loose-leaf teas, authentic artisanal tea wares and other tea-related merchandise. We offer our products through 200 company-owned stores in 39 states and Canada and 18 franchised stores primarily in Mexico, as well as through our website, www.teavana.com.

We have experienced sales and profit growth during the last five years. We increased our sales from \$47.2 million in fiscal 2007 to \$168.1 million in fiscal 2011, representing a 37.4 % compound annual growth rate. Over that same period, we more than tripled our store base from 59 stores to 200 stores. In fiscal 2011, our sales grew 34.8 % over fiscal 2010, while our comparable store sales, including e-commerce, increased 8.6%. Comparable store sales, excluding e-commerce, increased by 5.5% during fiscal 2011 over comparable store sales for fiscal 2010. Our net income was \$17.8 million in fiscal 2011, representing a 48.0% growth rate over fiscal 2010. In fiscal 2011, our stores averaged sales per gross square foot of \$980 as compared to \$994 in fiscal 2010.

We intend to continue our profitable growth in the future. We believe that there is significant opportunity to expand our store base in the United States and Canada from 200 locations to at least 500 company-owned stores by fiscal 2015, having already identified the malls, lifestyle centers and other high-sales-volume retail venues that are suitable locations in which to open Teavana stores. As of January 29, 2012, we have executed lease agreements for the opening of 30 stores in fiscal 2012 and one store in fiscal 2013, and we plan to open approximately 60 stores in fiscal 2012. We have not executed lease agreements for the remaining store locations we need to reach our expansion target of at least 500 stores by fiscal 2015. We expect to continue to drive our comparable store sales by increasing the size and frequency of purchases by our existing customers and attracting new customers. We intend to expand our online presence, which we believe is an extension of our brand and retail stores that allow us to reach new and existing customers and build brand awareness in locations where we currently do not have stores. Finally, given the worldwide popularity of tea, we will continue to selectively pursue international expansion, which we believe represents a compelling opportunity for additional growth over the long-term.

Table of Contents

We have a proven and highly profitable store model that has produced consistent financial results and returns. We seek to open stores in locations that reinforce the premium image of our brand by targeting high traffic locations within malls, lifestyle centers and other high-sales-volume retail venues. New stores have historically averaged a payback period of less than one and a half years. Our current store base is balanced across all four geographic regions of the country, with each region producing results approximately in line with the company average. As we continue to expand our store base, we will target an increasing number of shopping malls with lower average sales per square foot than the malls in which we currently are located. As a result, our new store model anticipates a target store size of 900 to 1,000 square feet that achieves annual sales of \$600,000 to \$700,000 in the first year of operation, which is below the historical average for our new stores. Our new store model also assumes an average new store investment of approximately \$200,000 to \$250,000. Our new store investment includes our store buildout (net of tenant allowances), inventory and cash pre-opening costs. We anticipate our new store investment under our new store model will be lower than our historical average for new stores given that our average build out cost per new store has decreased and our average tenant allowance per new store has increased in recent years. We target an average payback period of 18 months on our new store investment.

Given that we forecast the number of stores that we open each year to become a smaller percentage of our existing store base, first-year sales to be lower than we have historically experienced, and comparable store sales to grow at less than historical rates, we anticipate that our future growth in sales and operating margins will be at less than historical levels. Although we expect our leverage of corporate and other fixed costs to increase in the future, we anticipate that our operating margins will grow at less than our historical growth rate due to increased costs to operate as a public company, including payroll, legal, insurance and other regulatory costs, as well as, to a lesser extent, growth in other administrative costs as we selectively add to our store support functions to maintain our continued growth.

Our planned store expansion will place increased demands on our operational, managerial, administrative and other resources. Managing our growth effectively will require us to continue to enhance our store management systems, financial and management controls and information technology systems and to hire, train and retain store management and store support center personnel.

We have recently invested capital to continue building the infrastructure necessary to support our future growth, and we expect to incur additional capital expenditures related to the expansion of and improvements to our infrastructure in future periods. In fiscal 2011, we continued to expand our store support center and distribution center. We will continue to evaluate the need for further expansion of our distribution center and/or addition of a second distribution center in another region of the United States. The timing and amount of investments in our infrastructure could affect the comparability of our results of operations in future periods.

How We Assess the Performance of Our Business

In assessing the performance of our business and our progress against our growth strategy, we consider a variety of performance and financial measures. The key measures that we utilize to evaluate the performance of our business and the execution of our strategy are set forth below:

Net Sales

Net sales constitute gross sales net of any returns and discounts. Net sales consist of sales from comparable stores and non-comparable stores, and other sales.

The specialty retail industry is cyclical, and consequently our net sales are affected by general economic conditions. Purchases of premium loose-leaf tea and tea-related merchandise can be impacted by a number of factors that influence the levels of consumer spending, including economic conditions and the level of disposable consumer income, consumer debt, interest rates and consumer confidence.

Table of Contents

Our business is also seasonal, and as a result, our net sales fluctuate from quarter to quarter. Net sales are traditionally highest in the fourth fiscal quarter, which includes the holiday sales period from Thanksgiving through the end of December, and tend to be lowest in the second and third fiscal quarters.

Comparable store sales. Comparable store sales, excluding e-commerce, include net sales from all company-owned stores that have been open for at least 15 full fiscal months, as in our experience, our new stores generally open with higher than average sales volumes in the initial months following their opening. This trend usually extends for a period of at least three months, and comparability is typically achieved 12 months after the initial three-month period from the date of opening. Comparable store sales, including e-commerce, includes sales from all company-owned stores that have been open for at least 15 full fiscal months and sales from our website, www.teavana.com. There may be variations in the way in which other specialty retailers calculate comparable or same store sales. As a result, data in this Annual Report on Form 10-K regarding our comparable store sales may not be comparable to similarly titled data made available from other retailers.

Measuring the change in year-over-year comparable store sales allows us to evaluate how our stores, including e-commerce, are performing. Various factors affect comparable store sales, including:

consumer preference, buying and economic trends;

our ability to anticipate and respond effectively to consumer preference, buy and economic trends;

our ability to provide a product offering that generates new and repeat visits to our stores;

the customer experience we provide in our stores;

the level of traffic near our locations in the shopping malls and centers in which we operate;

the number of customer transactions and the average ticket in our stores;

the pricing of our teas and tea related merchandise;

the length of time of individual store operations;

our ability to obtain and distribute products efficiently;

our opening of new stores in the vicinity of our existing stores; and

the opening or closing of competitor stores in the vicinity of our stores.

Non-comparable store sales. Non-comparable store sales include sales from stores not included in comparable store sales. As we pursue our growth strategy, we expect that a significant percentage of our net sales increase will continue to come from non-comparable store sales. Accordingly, non-comparable store sales are an additional key measure we use to assess the success of our growth strategy.

Edgar Filing: Teavana Holdings Inc - Form PREM14C

Adverse economic conditions in fiscal 2008 resulted in slightly lower comparable store sales growth than in prior periods due to decreased levels of consumer spending, disposable income and confidence. The reduced growth in comparable store sales in fiscal 2008 was offset by our growth in non-comparable store sales resulting in total sales growth in fiscal 2008 consistent with pre-economic downturn levels. Improved economic conditions in fiscal 2009-2010 helped drive an increase in our comparable store sales growth. We do not anticipate economic conditions in the immediate future to have a significant impact, positively or negatively, on our growth.

Other sales. Other sales include sales through our website at www.teavana.com, sales related to our franchised operations, gift card breakage revenue and, through the end of fiscal 2010, wholesale and e-commerce sales of teas and merchandise under the brand name SpecialTeas (we ceased material selling under the SpecialTeas brand name on January 30, 2011). Sales related to our franchised operations consist of initial franchise fees received in connection with newly franchised stores that are recognized as revenue when the obligations under the related franchise agreement are met, continuing royalty fees, wholesale sales of our teas and tea-related merchandise to franchise stores and recognition of deferred revenue related to the initial development fee paid at inception by our business partner under our international development agreements.

Table of Contents

Gross Profit

Gross profit is equal to our net sales minus our cost of goods sold. Gross margin is gross profit as a percentage of our net sales. Cost of goods sold includes the direct costs of our products, freight and shipping costs, distribution center costs and occupancy costs for stores in operation. The components of cost of goods sold may not be comparable to those of other retailers.

Our cost of goods sold is substantially higher in higher-volume quarters because cost of goods sold generally increases as net sales increases. Changes in the product mix of sales, such as shifts in the proportion of tea to merchandise sales, may also impact our overall gross margin. As our stores mature, they have historically experienced a sales mix shift away from tea-related merchandise towards higher margin loose-leaf teas, increasing overall gross margins. In general, this trend is the result of the evolution in our customers' buying patterns as they graduate from purchases with a greater focus on merchandise with which to prepare and enjoy tea towards transactions centered more on replenishing their favorite teas and experimenting with new blends.

Selling, General and Administrative Expense

Selling, general and administrative expense consists primarily of store operating expenses, store pre-opening expenses and other administrative expenses. Store operating expenses are generally the largest component of selling, general and administrative expense and consist of all store expenses other than occupancy-related costs (which are included in cost of goods sold). Store pre-opening costs are expensed as incurred and represent the costs of a store prior to its opening date including occupancy, payroll and other operating costs. Other administrative expenses include professional fees, travel costs, occupancy and payroll costs (both cash and stock-based) for our store support center and other administrative expenses.

Selling, general and administrative expense typically does not vary proportionally with net sales to the same degree as our cost of goods sold. Accordingly, this expense as a percentage of net sales is usually higher in lower-volume quarters and lower in higher-volume quarters. We expect that our selling, general and administrative expense will increase in future periods as we selectively add to our corporate and store support functions to support continuing growth and, to a lesser extent, to cover additional legal, accounting, insurance and other regulatory costs as a result of being a public company. The components of selling, general and administrative expense may not be comparable to those of other retailers.

Depreciation and Amortization Expense

Depreciation and amortization expense consists primarily of depreciation of our leasehold improvements and equipment and to a lesser extent, amortization of our finite-lived assets. We expect that depreciation expense will continue to increase as we open more stores.

Fiscal 2011 Compared to Fiscal 2010

Net Sales

Net sales increased by 34.8%, or \$43.4 million, to \$168.1 million in fiscal 2011 from \$124.7 million in fiscal 2010, resulting from a \$36.4 million increase in non-comparable store sales, a \$5.6 million increase in comparable store sales, excluding e-commerce, and a \$1.4 million increase in other sales.

Non-comparable store sales increased by \$36.4 million in fiscal 2011 due to sales from 54 new stores that were not open in fiscal 2010 and sales from 8 stores that had not yet become comparable stores in fiscal 2011. There were 62 non-comparable stores as of January 29, 2012 compared to 41 as of January 30, 2011.

Comparable store sales, including e-commerce, increased by 8.6% in fiscal 2011 due to a 6.4% increase in the average transaction size at our comparable stores and through our website, coupled with a 2.2% increase in the number of transactions due primarily to the growth of our e-commerce business.

Table of Contents

Comparable store sales, excluding e-commerce, increased by 5.5%, or \$5.6 million, in fiscal 2011 due to a 6.1% increase in the average transaction size at our comparable stores and a 0.6% decrease in the number of transactions. Transaction size at our comparable stores increased to \$40 in fiscal 2011 from \$38 in fiscal 2010. There were 138 comparable stores open as of January 29, 2012 compared to 105 as of January 30, 2011.

Other sales increased by \$1.4 million due primarily to an increase of \$4.0 million in e-commerce sales, partially offset by a decrease of \$2.6 million in other sales driven primarily by the elimination of the SpecialTeas brand at the end of fiscal 2010.

Gross Profit

Gross profit increased by 36.7%, or \$28.8 million, to \$107.2 million in fiscal 2011 from \$78.4 million in fiscal 2010. Gross margin increased to 63.8% in fiscal 2011 from 62.9% in fiscal 2010, due primarily to an increase in product margins primarily in our merchandise category attributable to our direct sourcing initiative. We do not expect the increase in product margins experienced during the previous two fiscal years to continue as the gains from the initiative driving these increases have been fully realized.

Selling, General and Administrative Expense

Selling, general and administrative expense increased by 37.8%, or \$19.1 million, to \$69.7 million in fiscal 2011 from \$50.6 million in fiscal 2010. As a percentage of net sales, selling, general and administrative expense increased to 41.5% in fiscal 2011 from 40.6% in fiscal 2010. The components that contributed to this increase are described below.

Store operating expenses increased by 39.3%, or \$13.4 million, in fiscal 2011 due primarily to the operation of 200 stores as of January 29, 2012 compared to the operation of 146 stores as of January 30, 2011. As a percentage of net sales, store operating expenses increased to 28.2% in fiscal 2011 from 27.3% in fiscal 2010 due partially to net sales from stores comprising a larger percentage of our total net sales driven by the elimination of the SpecialTeas brand at the end of fiscal 2010. Store operating expenses as a percentage of net sales from stores increased to 30.8% in fiscal 2011 from 30.4% in fiscal 2010 due primarily to higher training and related costs.

Store pre-opening expenses increased by 46.2%, or \$0.8 million, in fiscal 2011 due primarily to the timing of store openings and the number of store openings. We opened 54 new stores in fiscal 2011 compared to 38 new stores in fiscal 2010. As a percentage of net sales, store pre-opening expenses increased to 1.4% in fiscal 2011 from 1.3% in fiscal 2010 due primarily to the timing of store openings.

Other administrative expenses increased by 33.4%, or \$4.9 million, in fiscal 2011 due primarily to the increased cost to support 200 stores in fiscal 2011 compared to 146 stores in fiscal 2010, coupled with additional costs associated with being a public company. As a percentage of net sales, other administrative expenses remained relatively flat at 11.9% for fiscal 2011 as compared to 12.0% in fiscal 2010.

Depreciation and Amortization Expense

Depreciation and amortization expense increased by 35.9%, or \$1.5 million, to \$5.9 million in fiscal 2011 from \$4.4 million in fiscal 2010. The increase in depreciation and amortization expense was due primarily to approximately \$5.0 million in additional capital expenditures during fiscal 2011 as compared to fiscal 2010. As a percentage of net sales, depreciation and amortization expense remained flat at 3.5% for fiscal 2011 and 2010.

Interest Expense, Net

Interest expense, net decreased by 35.3%, or \$0.9 million, to \$1.7 million in fiscal 2011 from \$2.6 million in fiscal 2010 due primarily to the elimination of approximately \$0.9 million in accretion from our Series A redeemable preferred stock. The Series A redeemable preferred stock was redeemed at the consummation of our

Table of Contents

Offering on August 2, 2011, as more fully explained in Note 5 Common and Preferred Stock and Stockholders Equity in the notes to our consolidated financial statements included in this Annual Report on Form 10-K.

Provision for Income Taxes

Our provision for income taxes increased by 36.5%, or \$3.3 million, to \$12.2 million in fiscal 2011 from \$8.9 million in fiscal 2010. The increase in our provision for income taxes was due primarily to the \$9.0 million increase in our income before income taxes. Our effective tax rates were 40.6% and 42.6% for fiscal 2011 and fiscal 2010, respectively. There was a favorable impact to the effective tax rate for fiscal 2011 as compared to fiscal 2010 as a result of the non-deductible accretion related to our Series A redeemable preferred stock representing a lower percentage of our income before income taxes in fiscal 2011 than in fiscal 2010. This decrease was partially offset by an increase in the overall state income tax rate, which is primarily attributable to increased profitability in higher tax rate state jurisdictions in which income is earned. The Series A redeemable preferred stock was fully redeemed at the consummation of the Offering as more fully explained in Note 5 Common and Preferred Stock and Stockholders Equity included in this Annual Report on Form 10-K, and will not subsequently impact our effective tax rate.

Net Income

As a result of the foregoing, net income increased by 48.0%, or \$5.8 million, to \$17.8 million in fiscal 2011 from \$12.0 million in fiscal 2010. Net income as a percentage of net sales increased to 10.6% in fiscal 2011 from 9.6% in fiscal 2010.

Fiscal 2010 Compared to Fiscal 2009

Net Sales

Net sales increased by 38.2%, or \$34.4 million, to \$124.7 million in fiscal 2010 from \$90.3 million in fiscal 2009, resulting from a \$24.8 million increase in non-comparable store sales, a \$6.5 million increase in comparable store sales and a \$3.1 million increase in other sales.

Non-comparable store sales increased by \$24.8 million in fiscal 2010 due to sales from 38 new stores that were not open in fiscal 2009 and sales from three stores that had not yet become comparable stores in fiscal 2010. There were 41 non-comparable stores as of January 30, 2011 compared to 31 as of January 31, 2010.

Comparable store sales, including e-commerce, increased by 11.4% in fiscal 2010 due to a 7.2% increase in the average transaction size at our comparable stores and through our website, coupled with a 4.6% increase in the number of transactions due primarily to the growth in our e-commerce sales.

Comparable store sales, excluding e-commerce, increased by 8.7%, or \$6.5 million, in fiscal 2010 due to an 8.1% increase in the average transaction size at our comparable stores and a 0.6% increase in the number of transactions. Transaction size at our comparable stores increased to \$36 in fiscal 2010 from \$33 in fiscal 2009. There were 105 comparable stores open as of January 30, 2011 compared to 77 as of January 31, 2010.

Other sales increased by \$3.1 million due primarily to an increase of \$2.6 million in e-commerce sales and to a lesser extent, increases in sales to and royalties from franchisees and revenue from gift-card breakage.

The increase in the tea category as a percentage of net sales and the corresponding decrease in the merchandise category in fiscal 2010 were due primarily to the sales mix shift towards tea that our stores generally experience as they mature.

Table of Contents

Gross Profit

Gross profit increased by 45.7%, or \$24.6 million, to \$78.4 million in fiscal 2010 from \$53.8 million in fiscal 2009. Gross margin increased to 62.9% in fiscal 2010 from 59.6% in fiscal 2009, due primarily to the sales mix shift from merchandise towards higher-margin tea that our stores generally experience as they mature. The improvement in gross margin was also driven by an increase in product margins primarily in our merchandise category, as well as a reduction of our store occupancy costs as a percentage of net sales.

Selling, General and Administrative Expense

Selling, general and administrative expense increased by 32.6%, or \$12.4 million, to \$50.6 million in fiscal 2010 from \$38.1 million in fiscal 2009. As a percentage of net sales, selling, general and administrative expense decreased to 40.6% in fiscal 2010 from 42.2% in fiscal 2009. The components that contributed to this increase are described below.

Store operating expenses increased by 32.9%, or \$8.4 million, in fiscal 2010 due primarily to the operation of 146 stores as of January 30, 2011 compared to the operation of 108 stores as of January 31, 2010. As a percentage of net sales, store operating expenses decreased to 27.3% in fiscal 2010 from 28.3% in fiscal 2009.

Store pre-opening expenses increased by 96.0%, or \$0.8 million, in fiscal 2010 due primarily to the timing of the opening of 38 new stores in fiscal 2010 compared to the timing of the opening of 21 new stores in fiscal 2009. As a percentage of net sales, store pre-opening expenses increased to 1.3% in fiscal 2010 from 0.9% in fiscal 2009.

Other administrative expenses increased by 27.3%, or \$3.2 million, in fiscal 2010 due primarily to the increased cost to support 146 stores in fiscal 2010 compared to 108 stores in fiscal 2009, including an increase in occupancy expense attributable to the relocation and expansion of our store support center in fiscal 2010. As a percentage of net sales, other administrative expenses decreased to 12.0% in fiscal 2010 from 13.0% in fiscal 2009.

Depreciation and Amortization Expense

Depreciation and amortization expense increased by 25.0%, or \$0.9 million, to \$4.4 million in fiscal 2010 from \$3.5 million in fiscal 2009. The increase in depreciation and amortization expense was due primarily to capital expenditures of \$12.6 million incurred in fiscal 2010 to build new stores and, to a lesser extent, for leasehold improvements at our new store support center. As a percentage of net sales, depreciation and amortization expense decreased to 3.5% in fiscal 2010 from 3.9% in fiscal 2009.

Interest Expense, Net

Interest expense, net increased by 6.2%, or \$0.2 million, to \$2.6 million in fiscal 2010 from \$2.4 million in fiscal 2009 due primarily to an increase of approximately \$0.4 million in accretion from our Series A redeemable preferred stock, partially offset by a decrease in interest expense of approximately \$0.2 million on our revolving credit facility due to a lower average balance of borrowings throughout fiscal 2010. The Series A redeemable preferred stock was redeemed at the consummation of our Offering as more fully explained in Note 5 Common and Preferred Stock and Stockholders Equity, in the notes to our consolidated financial statements included in this Annual Report on Form 10-K.

Provision for Income Taxes

Our provision for income taxes increased by 99.2%, or \$4.4 million, to \$8.9 million in fiscal 2010 from \$4.5 million in fiscal 2009. The increase in our provision for income taxes was due primarily to the \$11.1 million increase in our income before income taxes. Our effective tax rates were 42.6% and 45.8% for fiscal 2010 and

Table of Contents

fiscal 2009, respectively. Our effective tax rate decreased due primarily to non-deductible accretion related to our Series A redeemable preferred stock representing a lower percentage of our income before income taxes in fiscal 2010 than in fiscal 2009. The Series A redeemable preferred stock was redeemed at the consummation of our Offering, as more fully explained in Note 5 Common and Preferred Stock and Stockholders Equity, in the notes to our consolidated financial statements included in this Annual Report on Form 10-K and will not impact our effective tax rate in periods subsequent to the Offering.

Net Income

As a result of the foregoing, net income increased by 126.9%, or \$6.7 million, to \$12.0 million in fiscal 2010 from \$5.3 million in fiscal 2009. Net income as a percentage of net sales increased to 9.6% in fiscal 2010 from 5.9% in fiscal 2009.

Liquidity and Capital Resources

Our primary sources of liquidity are cash flows from operations and borrowings under our revolving credit facility. Our primary cash needs are for capital expenditures and working capital needs.

Capital expenditures typically vary depending on the timing of new store openings and infrastructure-related investments. During fiscal 2012, we plan to spend approximately \$20.0 million on capital expenditures. We expect to devote approximately 80% of this capital expenditure budget to construct and open approximately 60 new stores and renovate a small number of existing stores, with the remainder projected to be spent primarily on continued investment in our information technology systems and on the expansion and improvement of our distribution center.

Our primary working capital requirements are for the purchase of inventory and payment of payroll, rent and other store operating costs. Our working capital requirements fluctuate during the year, rising in the second and third fiscal quarters as we take title to increasing quantities of inventory in anticipation of our peak shopping season in the fourth fiscal quarter. Fluctuations in working capital are also driven by the timing of new store openings.

Historically, we have funded our capital expenditures and working capital requirements during the fiscal year with borrowings under our revolving credit facility, which we have typically paid down at the end of the fiscal year with cash generated during our peak selling season in the fourth quarter. Our utilization of our revolving credit facility, and therefore the amount of indebtedness outstanding under it, has tended to be highest in the beginning of the fourth quarter of each fiscal year.

We believe that our cash position and net cash provided by operating activities and availability under our revolving credit facility will be adequate to finance our planned capital expenditures and working capital requirements for the foreseeable future.

Table of Contents*Cash Flows*

A summary of our cash flows provided by and used in operating, investing and financing activities is presented in the following table:

Increases in cash and cash equivalents	\$ 9,917	\$ 6,587	\$ 146

Operating Activities

Cash flows from operating activities consist primarily of net income adjusted for non-cash items, including depreciation and amortization expense, non-cash interest expense, stock-based compensation expense, deferred taxes and the effect of working capital changes.

	January 29, 2012	Fiscal Year Ended January 30, 2011 (dollars in thousands)	January 31, 2010

Net cash provided by operating activities	20,955	\$ 19,397	\$ 11,071

Net cash provided by operating activities increased by \$1.6 million to \$21.0 million in fiscal 2011 from \$19.4 million in fiscal 2010. This increase was primarily due to a \$5.8 million increase in net income, partially offset by an increase in cash used by working capital components less the net effect of the other adjustments detailed in the table above. The increase in cash used by net working capital components at the end of fiscal 2011 is primarily related to additional inventory and vendor purchases and other prepayments, partially offset by increases in our deferred rent, deferred tax liability and accounts payable balances all associated with the growth of our business.

Table of Contents

Net cash provided by operating activities increased by \$8.3 million to \$19.4 million in fiscal 2010 from \$11.1 million in fiscal 2009, due primarily to a \$6.7 million increase in net income and, to a lesser extent, a \$2.4 million increase in depreciation and amortization expense, non-cash interest expense, change in working capital and other, partially offset by a decrease of approximately \$0.8 million related to deferred income taxes and stock-based compensation.

Investing Activities

Cash flows from investing activities consist primarily of capital expenditures for new and, to a lesser extent, existing stores, as well as for investments in our store support center, information technology systems and our distribution center to support our planned growth.

Capital expenditures increased by \$5.0 million, to \$17.6 million in fiscal 2011 from \$12.6 million in fiscal 2010. This increase was due primarily to the opening of 54 new stores, and to a lesser extent, the expansion of our store support center and expansion and improvement of our distribution center during fiscal 2011. We opened 54 new stores during fiscal 2011 as compared to 38 stores during fiscal 2010.

Capital expenditures increased by \$6.0 million, to \$12.6 million in fiscal 2010 from \$6.6 million in fiscal 2009. This increase was due primarily to the opening of 38 new stores, and to a lesser extent, to the relocation and expansion of our store support center.

Financing Activities

Cash flows from financing activities consist primarily of borrowings and payments on our revolving credit facility and its related financing costs. In addition, we completed our Offering on August 2, 2011, which resulted in net proceeds to us of \$15.1 million after deducting underwriting discounts and other legal and related costs of the transaction.

	Fiscal Year Ended		
	January 29, 2012	January 30, 2011	January 31, 2010
	(dollars in thousands)		
Cash flows from financing activities:			
Proceeds from revolving credit facility	\$ 181,414	\$ 132,239	\$ 93,980
Payments on revolving credit facility	(182,414)	(132,239)	(98,265)
Payments on note payable		(250)	
Proceeds from initial public offering, net	15,079		
Proceeds from stock options exercised	637		
Payment to redeem Series A redeemable preferred stock liability	(10,683)

Excess tax benefit from stock option exercises	2,925		
 Net cash provided by (used in) financing activities	 \$ 6,525	 \$ (250)	 \$ (4,285)

Net cash provided by financing activities increased by \$6.8 million during fiscal 2011 as a result of \$6.5 million in cash provided by financing activities compared to a \$0.3 million use of cash from financing activities in fiscal 2010. This increase was primarily attributable to the net proceeds of approximately \$15.1 million from our Offering, consummated on August 2, 2011, and proceeds of approximately \$0.6 million from options exercised with or after our Offering. The net proceeds from our Offering were used by us primarily to redeem the Series A preferred stock liability of approximately \$10.7 million and repay amounts outstanding on

Table of Contents

our revolving credit facility. The exercise of stock options also resulted in the recognition of a tax benefit of approximately \$2.9 million.

Net cash used in financing activities decreased by \$4.0 million to \$0.3 million in fiscal 2010 from \$4.3 million in fiscal 2009 due primarily to reductions in net payments on our revolving credit facility of \$4.3 million. This decrease in net cash used in financing activities was partially offset by the payment of a \$0.3 million note payable in fiscal 2010.

Revolving Credit Facility

On June 12, 2008, we entered into a loan and security agreement with Fifth Third Bank for a three-year revolving credit facility. On April 22, 2011, we entered into an amendment to the existing loan and security agreement, which extends the maturity of this facility until April 22, 2016. On October 6, 2011, we entered into a second amendment to the loan and security agreement that, among other things, permitted the creation of a subsidiary and certain inter-company transfers.

Under the amended revolving credit facility, our borrowing capacity is equal to the lesser of (i) the Maximum Revolving Facility (as defined), less the undrawn face amount of any letters of credit outstanding at the time a drawdown on the revolving credit facility is made, and (ii) the Borrowing Base (as defined). The Maximum Revolving Facility is equal to \$40.0 million. The Borrowing Base is defined as the sum of (i) 200% of Consolidated EBITDA (as defined) for the most recent trailing twelve-month period for which financial statements are available, minus (ii) the aggregate undrawn face amount of any letters of credit outstanding at the time a drawdown on the revolving credit facility is made, minus (iii) such reserves as may be established by the lender in its Permitted Discretion (as defined) but not to exceed 35% of the Borrowing Base. The credit facility includes a \$5.0 million sublimit for the issuance of letters of credit.

Indebtedness incurred under the revolving credit facility bears interest at a rate of LIBOR (subject to a minimum level of 1.5%) plus an applicable margin of 4.50% or at a rate of the lender's base commercial lending rate plus an applicable margin of 3.00%. The interest rate on outstanding borrowings under our revolving credit facility under the amended loan and security agreement was 6.25%, under the lender's base commercial lending rate, as of January 29, 2012. Our excess borrowing capacity was \$39.9 million as of January 29, 2012, with no amounts drawn on our revolving credit facility as of this date and undrawn face amounts on letters of credit of \$0.1 million as of this date. As inventory levels and capital expenditures increase during the third quarter, draws on our amended credit facility increase. During fiscal 2011, the maximum amount drawn on the credit facility was approximately \$8.5 million, but remained below these levels for the majority of the fiscal year.

The amended loan and security agreement includes certain financial covenants. The financial covenants include the requirements to: (i) maintain a ratio of Consolidated Free Cash Flow to Consolidated Fixed Charges (as such terms are defined); (ii) maintain a ratio of Debt (as defined) to Consolidated EBITDA; (iii) limit our annual Consolidated Capital Expenditures (as defined); and (iv) limit our Consolidated Net Capital Expenditures (defined as Consolidated Capital Expenditures minus a specified amount of capital expenditures related to new-store openings determined on the basis of our Consolidated Leverage Ratio).

The amended loan and security agreement includes customary negative and affirmative covenants. The negative covenants include, among others, limitations on: indebtedness; the payment of dividends; liens; the disposition of assets; consolidations and mergers; loans and investments; transactions with affiliates; restricted payments; sale-leaseback transactions; incurrence of certain restrictions by subsidiaries; other negative pledges; and foreign assets. The affirmative covenants include, among others, the requirement to provide audited annual and unaudited monthly financial statements, quarterly and annual compliance certificates, and other financial and operating information. Indebtedness incurred under the amended loan and security agreement is collateralized by substantially all of our assets. As of January 29, 2012, we believe we were in compliance with the financial covenants and other covenants applicable to us under the amended loan and security agreement.

Table of Contents**Off-Balance Sheet Arrangements**

As of and for the three fiscal years ended January 29, 2012, except for operating leases entered into in the normal course of business, we were not party to any material off-balance sheet arrangements that are reasonably likely to have a current or future effect on our financial condition, net sales, expenses, results of operations, liquidity, capital expenditures or capital resources.

Contractual Obligations and Commitments

The following table summarizes our contractual obligations as of January 29, 2012, and the effect such obligations are expected to have on our liquidity and cash flows in future periods.

	Total Obligations	Payments due by Period			
		<1 Year	2-3 Years	4-5 Years	Thereafter
		(dollars in thousands)			
Operating lease obligations (1)	140,331	14,709	34,286	32,997	58,339
Construction-related obligations	3,684	3,684			
Purchase obligations (2)	6,753	6,753			
Total contractual obligations	\$ 150,768	\$ 25,146	\$ 34,286	\$ 32,997	\$ 58,339

- (1) Operating lease obligations reflect base rent and exclude insurance, taxes, maintenance and other related leasing costs. Other related leasing costs including insurance, taxes and maintenance comprise approximately 40% of the base rent obligation.
- (2) Purchase obligations consist primarily of inventory purchase orders. Our inventory purchase orders are cancellable with limited or no recourse available to the vendor until the inventory is shipped to us.

Critical Accounting Policies and Estimates*Overview*

We have identified the policies below as critical to our business operations and understanding of our results of operations. The impact and any associated risks related to these policies on our business operations are discussed throughout Management's Discussion and Analysis of Financial Condition and Results of Operations where such policies affect our reported and expected financial results. Our consolidated financial statements, which have been prepared in accordance with US generally accepted accounting principles (US GAAP), require us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues, expenses, cash flows and related disclosures. We base our estimates on historical experience and various other assumptions that we believe to be reasonable under the circumstances. Actual results may differ from these estimates. For a detailed discussion on the application of these and other accounting policies, See Note 1, Business and Summary of Significant Accounting Policies, in our consolidated financial statements included elsewhere in this Annual Report on Form 10-K.

We believe that our most critical accounting policies relate to the following:

Inventory

Income Taxes

Self-Funded Insurance

Fair Value Measurements

Stock-based Compensation

Table of Contents

Inventory

Our inventory consists of tea and tea-related merchandise and is stated at the lower of cost (weighted-average method for stores and FIFO for warehouse) or market (net realizable value). Market value is determined based on replacement cost. We directly import the majority of our inventory and include the related costs of freight to our distribution center and shipping costs from our distribution center to our stores in our capitalized cost of inventory. We review our inventory levels to identify slow-moving or obsolete tea and tea-related merchandise and use the reserve method to account for such inventory and inventory shrinkage. The reserve method requires judgment based on inventory balances and historical trends of product sales and product mix. We believe that our assumptions are reasonable based on our experience, although actual results may have a positive or negative material impact on the net realizable value of inventory. For example, if future demand or market conditions for our products are less favorable than forecasted or if unforeseen circumstances impact the demand of the inventory, we may be required to record additional reserves which would negatively impact the results of operations in the period the write-downs were recorded. Additionally, we do not believe that our tea and tea related merchandise inventories are subject to significant risk of obsolescence in the near term, and we have the ability to adjust purchasing practices based on anticipated sales trends and general economic conditions. However, changes in consumer purchasing patterns or deterioration in product quality could result in the need for additional reserves. Changes to the inventory reserve are recorded in cost of goods sold in the consolidated statements of operations.

Income Taxes

We use the asset and liability method of accounting for income taxes under which deferred tax assets and liabilities are provided on temporary differences between the tax basis of assets and liabilities and their reported amounts in the financial statements at the enacted tax rate expected to be in effect when the taxes are actually paid. The value of our deferred tax assets assumes that we will be able to generate sufficient future taxable income in certain tax jurisdictions, based on estimates and assumptions. If these estimates and related assumptions change in the future, we may be required to record a valuation allowance against our deferred tax assets resulting in an increase to our provision for income taxes that would be charged to earnings in the period such determination is made. We recognize interest and penalties associated with unrecognized tax positions within our provision for income taxes.

In January 2007, we adopted new accounting guidance for income taxes with respect to unrecognized tax positions as set forth by the Financial Accounting Standards Board, or FASB, in ASC 740-*Accounting for Income Taxes* (ASC 740). As a result of the new guidance, a tax position is recognized as a benefit only if it is more likely than not that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur under ASC 740. The amount recognized is the largest amount of tax benefit that has a greater than 50% cumulative likelihood of being realized on examination. For tax positions not meeting the more likely than not test, no tax benefit is recorded. The accounting for ASC 740-10, *Accounting for Uncertain Tax positions*, will continue to require significant judgment by management in accounting for uncertainty in income taxes recognized in the financial statements. Additionally, resolution of these uncertainties in a manner inconsistent with our expectations could have a material impact on our results of operations.

Additionally, the calculation of tax liabilities involves significant judgment in estimating the impact of certain uncertainties in the application of Generally Accepted Accounting Principles in the US and complex tax laws. Resolution of these uncertainties in a manner inconsistent with management's expectations could have a material impact on the company's financial condition and results of operations. See Note 1, *Business and Summary of Significant Accounting Policies*, in our consolidated financial statements included elsewhere in this Annual Report on Form 10-K.

Table of Contents*Self-Funded Medical Insurance*

In fiscal 2010, we moved from a fully insured to a self-funded medical insurance plan. We contracted with an administrative service company, or a third party administrator, to supervise and administer the program and act as its fiduciary and representative. We have reduced our risk under this self-funded plan by purchasing both specific and aggregate stop-loss insurance coverage for individual claims and total annual claims in excess of prescribed limits. We record estimates for claim liabilities based on information provided by the third party administrator, historical claims experience, the life cycle of claims, expected costs of claims incurred but not paid and expected costs to settle unpaid claims. Although we believe that we have the ability to reasonably estimate losses related to claims, actual claims experience may differ from our initial estimates. This liability is subject to a total limitation that varies based on employee enrollment and factors that are established at each annual contract renewal. Costs related to the administration of the plan and related claims are expensed as incurred. As facts change, such as the regulatory environment, discount rates, projected exposure, including payroll, as well as the frequency, lag and severity of claims, it may become necessary to make adjustments to assumptions used in the calculation of the related liability that could be material to our results of operations and financial condition.

Fair Value Measurements

The guidance for fair value measurements establishes the authoritative definition of fair value, sets out a framework for measuring fair value and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. We use a three-tier fair value hierarchy based upon observable and non-observable inputs as described further in Note 6 Fair Value Measurements in our consolidated financial statements included in this Annual Report on Form 10-K.

Our financial instruments have historically consisted primarily of our Class B redeemable common stock, classified as temporary equity and measured using Level 3 inputs. To determine the estimated fair value of our Class B redeemable common stock at January 30, 2011 and up to the commencement of public trading of our common stock on July 28, 2011; we performed contemporaneous valuations using the market approach under the assumption that we would complete an initial public offering within the first half of fiscal 2011 given we had selected investment banks to assist us in this process and had agreed upon a timeline with these investment banks to complete an initial public offering within this timeframe. These valuations utilized the forecasts we prepared for our selection process with investment banks and the resulting initial public offering valuation metrics and methodologies presented to us by these investment banks. In particular, we considered the public market valuations of other high-growth specialty retailers and the corresponding ratios of market value to variables such as current and projected net income and revenue for these comparable companies. We applied these multiples to both our current and projected financial performance to determine our estimated enterprise value. Management's estimate of fair value related to the Class B redeemable common stock did not differ significantly from the Offering Price once our stock became publically traded. As a result, the trading of our common stock, a similar instrument, provided a quoted price for our Class B redeemable common stock. On August 2, 2011, in conjunction with the Offering as more fully described in Note 5 Common and Preferred Stock and Stockholders' Equity, in our consolidated financial statements included in this Annual Report on Form 10-K, all shares of our Class B redeemable common stock were converted into shares of Class A common stock and subsequently common stock, resulting in the reclassification of temporary equity into additional paid-in capital. Due to this reclassification into permanent equity upon redemption of the Class B redeemable common stock, fair value re-measurement is no longer required for periods subsequent to the Offering. As such, because the company's balances measured at fair value on a recurring basis consisted solely of the Class B redeemable common stock, there were no financial instruments of this nature as of January 29, 2012.

Table of Contents*Stock-based Compensation*

Our stock-based awards are accounted for under the provisions of FASB ASC Topic No. 718 *Stock Compensation*. We measure and recognize stock-based compensation expense based on the fair value measurement for all stock-based payment awards made to our employees and directors, primarily stock options, over the service period for which the awards are expected to vest. We calculate the fair value of each stock option award on the date of grant using the Black-Scholes option pricing model. The determination of the fair value of stock option awards on the date of grant using an option-pricing model is affected by our stock price as well as a number of highly judgmental assumptions including expected term, expected volatility, risk-free interest rate and dividend yield. The expected term reflects the application of the simplified method defined as the average of the contractual term of the options and the weighted-average vesting period for all option tranches. The expected volatility incorporates the historical volatility of similar entities whose share prices are publically available. We plan to continue to use comparable volatilities of other companies until we believe we have sufficient historical data to derive an accurate measure of volatility from our own stock price. Volatility is one of the more sensitive inputs to calculate the grant date fair value of our option grants. While we are not aware of any news or disclosures by our peers that may impact their respective volatility, there is a risk that our peer group volatility may increase, thereby increasing any prospective future compensation expense that will result from future option grants. We use a risk-free interest rate based on US Treasury instruments whose maturities are commiserate to the expected term of the award being valued. The expected dividend yield is based on our expectation of not paying dividends on common stock for the foreseeable future. If any of these assumptions used in the Black-Scholes option pricing model change significantly, future stock-based compensation expense may differ materially in future periods as compared to amounts historically and currently recorded. Additionally, future stock-based compensation cost will increase when we grant additional equity awards to employees or directors and modifications or repurchases of awards may require us to incur additional cost.

In addition, we are required to estimate the expected forfeiture rate and therefore only recognize compensation expense associated with options expected to vest. We estimate the forfeiture rate based on historical experience and update annually for actual forfeitures. To the extent our actual forfeiture rate is different from our estimates, stock-based compensation expense may be adjusted.

Recent Accounting Pronouncements

In addition to the accounting pronouncements discussed above in conjunction with our critical accounting policies, we believe the following accounting pronouncements not yet adopted are important to an understanding of our consolidated financial statements.

Accounting Pronouncements Not Yet Adopted

In May 2011, the FASB issued *Accounting Standards Update*, (*ASU*) Topic No. 2011-04 *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* (*ASU* 2011-04), which amends certain accounting and disclosure requirements related to fair value measurements. This guidance is effective for interim and annual reporting periods beginning after December 15, 2011, which corresponds to our first quarter of fiscal 2012. We expect adoption to have no material impact on our consolidated financial statements.

In June 2011, the FASB issued *ASU* 2011-05 *Presentation of Comprehensive Income* (*ASU* 2011-05), which was issued to enhance comparability between entities that report under US GAAP and IFRS, and to provide a more consistent method of presenting non-owner transactions that affect an entity's equity. *ASU* 2011-05 eliminates the option to report other comprehensive income and its components in the statement of changes in stockholders' equity as a single line item, but requires presentation of the total comprehensive income, the components of net income and the components of other comprehensive income either in a single continuous statement or in two separate but consecutive statements. This pronouncement is effective for fiscal years, and interim periods within those years, beginning after December 15, 2011, which corresponds to our first

Table of Contents

quarter of fiscal 2012. Early adoption of the new guidance is permitted and full retrospective application is required. We do not expect adoption to have a material impact on our consolidated financial statements.

Additionally, ASU 2011-12 *Comprehensive Income: Deferral of the Effective Date for Amendments to the Presentation of Reclassifications of Items out of Accumulated Other Comprehensive Income in ASU 2011-05* (ASU 2011-12) was issued on December 23, 2011 and has deferred the specific requirement within ASU 2011-05 to present, on the face of the financial statements, items that are reclassified from accumulated other comprehensive income to net income separately with their respective components of net income and other comprehensive income. Entities should continue to report reclassifications out of accumulated comprehensive income consistent with the presentation requirements in effect prior to the issuance of ASU 2011-05. We do not expect this deferral to have a material impact on our consolidated financial statements.

In September 2011, the FASB issued ASU Topic No. 2011-08, *Intangibles - Goodwill and Other* (ASU 2011-08). ASU 2011-08 is intended to simplify goodwill impairment testing by permitting an entity to first perform a qualitative assessment to determine whether it is more likely than not that the fair value of a reporting unit is less than the carrying value before performing the two-step goodwill impairment test that currently exists. The amendment includes a number of events and circumstances for an entity to consider in conducting the qualitative assessment. This pronouncement is effective for fiscal years, and interim periods within those years, beginning after December 15, 2011, which corresponds to our first quarter of fiscal 2012. We will adopt the amendment in the first quarter of fiscal 2012 and do not expect its adoption to have a material impact on our consolidated financial statements.

There were various other accounting standards and interpretations issued during fiscal 2011 that we have not yet been required to adopt, none of which are expected to have a material impact on our consolidated financial statements.

Item 7A. *Quantitative and Qualitative Disclosures About Market Risk.*

Market risk represents the risk of loss that may impact our financial position due to adverse changes in financial market prices and rates. Our market risk exposure is primarily a result of fluctuations in interest rates and foreign currency exchange rates. We do not hold or issue financial instruments for trading purposes.

Interest Rate Risk

Our revolving credit facility carries floating interest rates that are tied to LIBOR or our lender's base commercial lending rate (prime), and therefore, our consolidated statements of operations and cash flows will be exposed to changes in interest rates. We do not use derivative financial instruments for speculative or trading purposes; however, this does not preclude our adoption of specific hedging strategies in the future. A 10% increase or decrease in market interest rates would not have a material impact on our financial condition, results of operations or cash flows.

Foreign Exchange Risk

Except for our Canadian stores, one of which was in operation on January 29, 2012, we do not currently generate any portion of our net sales in any currency other than the US dollar. We currently source a portion of our inventory of teas and tea-related merchandise in Europe and Japan and incur a limited portion of those related costs in Euro and in Japanese yen. Historically, we have not been impacted materially by fluctuations in the US Dollar/Euro and US Dollar/Japanese yen exchange rates and do not expect to be impacted materially for the foreseeable future. However, if our purchases of inventory in Euro and in Japanese yen increase, and to the extent that we commence generating significant net sales outside of the United States that are denominated in currencies other than the US dollar, our results of operations could be adversely impacted by changes in exchange rates. We do not currently hedge foreign currency fluctuations and do not intend to do so for the foreseeable future.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of

Teavana Holdings, Inc.

We have audited the accompanying consolidated balance sheets of Teavana Holdings, Inc. and Subsidiaries (a Delaware corporation) (collectively, the Company) as of January 29, 2012 and January 30, 2011, and the related consolidated statements of operations, redeemable common stock and stockholder s equity (deficit), and cash flows for each of the three years in the period ended January 29, 2012. These financial statements are the responsibility of the Company s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Teavana Holdings, Inc. and Subsidiaries as of January 29, 2012 and January 30, 2011, and the results of their operations and their cash flows for each of the three years in the period ended January 29, 2012, in conformity with accounting principles generally accepted in the United States of America.

1. Business and Summary of Significant Accounting Policies

Nature of Business

Teavana Holdings, Inc. (the Company or Teavana) is a specialty retailer of premium loose-leaf teas, authentic artisanal tea wares and other tea-related merchandise. The Company offers its products through 200 Company-owned stores in 39 states, including one store in Canada, and 18 franchised stores primarily in Mexico, as well as through its website, www.teavana.com.

Segment Reporting

The Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) Topic No. 280, *Segment Reporting* (ASC 280), establishes standards for reporting information about a company's operating segments. The Company determined its operating segments on the same basis that it uses to evaluate performance internally. The Company's reporting segments are the operation of its company-owned stores and its e-commerce website, which have been aggregated into one reportable financial segment. Management bases this aggregation on the following factors (i) the merchandise offered at stores and through the e-commerce business is largely the same, (ii) the majority of its e-commerce customers are also customers of retail locations, (iii) the product margins and sales mix of the stores and e-commerce business are similar and (iv) the distribution methods are the same for both revenue streams. During the year, the Company opened one store in Canada, however all significant identifiable assets are located in the United States. Net revenues and assets generated and held at the Canadian store are considered to be de minimis as of and for fiscal 2011.

Principles of Consolidation

The consolidated financial statements include all the accounts of the Company and its wholly-owned subsidiaries. All intercompany transactions and balances have been eliminated in consolidation.

The financial statements of any foreign subsidiaries have been translated into US dollars in accordance with the FASB's ASC Topic No. 830-30 *Translation of Financial Statements* (ASC 830-30). Under ASC 830-30, the financial position and results of operations of the Company's foreign subsidiaries are measured using the subsidiary's local currency as the functional currency. Revenues and expenses have been translated into US dollars at average exchange rates prevailing during the period, and assets and liabilities have been translated at the rates of exchange as of the balance sheet date. The resulting translation gain and loss adjustments are recorded directly as a separate component of stockholders' equity.

Fiscal Year

The Company's fiscal year is 52 or 53 weeks ending on the Sunday nearest to January 31 of the following year. These consolidated financial statements include 52 weeks in each of the years ended January 29, 2012 (fiscal 2011 or 2011), January 30, 2011 (fiscal 2010 or 2010) and January 31, 2010 (fiscal 2009 or 2009).

Seasonality

Teavana's business is seasonal and has historically realized a higher portion of the Company's sales, net income and operating cash flows in the fourth fiscal quarter due primarily to the holiday selling season. As a result, the Company's working capital requirements fluctuate during the year increasing in the second and third fiscal quarters in anticipation of this peak selling season.

Teavana Holdings, Inc.

Notes to Consolidated Financial Statements (continued)

(dollars in thousands, except per share and store data)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash on deposit with banks and financial instruments with original maturities of three months or less, and credit and debit card transactions in transit. Credit and debit card transactions are typically paid to the Company two to three business days subsequent to the sale transaction. Amounts due from credit and debit card transactions totaled \$2,023 and \$1,476 on January 29, 2012 and January 30, 2011, respectively.

Concentration of Credit Risk

The Company maintains cash balances at more than one financial institution. The Company places its cash with high credit quality financial institutions. The credit risk is the amount on deposit in excess of federally insured limits. The Company has not experienced any losses in such accounts. The Dodd-Frank Wall Street Reform and Consumer Protection Act provides temporary, unlimited deposit insurance coverage for non-interest bearing transaction accounts at all FDIC-insured depository institutions through December 31, 2012. The Company believes it is not exposed to any significant credit risks on cash since its deposits are maintained with FDIC-insured depository institutions in noninterest-bearing accounts.

Vendor Concentration

The percentage of inventory purchased from the Company's top two vendors each fiscal year is as follows:

Fiscal Year	% of Vendor Purchases
2011	24% and 16%
2010	25% and 15%
2009	16% and 14%

Accounts Receivable

Accounts receivable are generated primarily through sales to franchisees and retailers and are presented at estimated net realizable value based on a specific review of outstanding customer balances and historical customer write-off amounts. A provision for doubtful accounts is charged to operations at the time management determines these accounts may become uncollectible. No allowance was provided as of January 29, 2012 and January 30, 2011, respectively.

Inventory

The Company's inventories are stated at the lower of cost, weighted-average method for stores and first-in, first-out (FIFO) basis for its warehouse, or market, based on replacement cost. The Company records inventory purchases when title and risk of loss transfer to the Company, which generally is at the time they are delivered to the carrier for shipment to the Company.

Table of Contents

Teavana Holdings, Inc.

Notes to Consolidated Financial Statements (continued)

(dollars in thousands, except per share and store data)

The Company reviews its inventory to identify and record reserves for obsolete inventory and inventory shrinkage at each reporting date.

Property and Equipment

Property, plant and equipment is stated at cost less accumulated depreciation. Expenditures for replacements are capitalized, and the replaced items are retired. Repairs that significantly extend the lives of equipment are capitalized, while routine repairs and maintenance are expensed when incurred. When property and equipment are retired, sold, or otherwise disposed of, the resulting gain or loss is recognized in selling, general and administrative expense in our consolidated statements of operations and the corresponding cost and accumulated depreciation is removed from our consolidated balance sheet. Depreciation is computed using the straight-line method over the estimated lives of the related assets generally ranging from three to ten years. Leasehold improvements are depreciated over the shorter of the estimated useful lives of the assets or the lease term.

	Life
Store equipment	3 to 8 years
Office equipment	3 to 8 years
Warehouse equipment	3 to 10 years
Leasehold improvements	Lesser of asset life or life of lease, generally 5 to 10 years

Goodwill

The Company accounts for goodwill in accordance with ASC Topic No. 350, *Intangibles - Goodwill and Other* (ASC 350). The Company does not amortize goodwill. Management reviews goodwill for impairment annually on October 1 or whenever events or changes in circumstances indicate that the carrying value may not be recoverable. In testing for impairment, management calculates the fair value of the reporting units to which the goodwill relates based on the fair value of the Company as a whole. The fair value of the Company is the amount for which the Company could be sold in a current transaction between willing parties. If the reporting unit's carrying value exceeds its fair value, goodwill is written down to its implied fair value. The Company has concluded that there were no impairment losses during fiscal 2011, 2010 and 2009.

Impairment of Long-Lived Assets

The Company assesses its long-lived assets, principally property and equipment, for possible impairment whenever events or changes in circumstances, such as unplanned negative cash flows, indicate the carrying value of an asset or asset group may not be recoverable. If circumstances indicate impairment, the carrying amount of the asset is written down to fair value. The Company identified no such impairment losses during fiscal 2011, 2010 and 2009.

Self-Funded Medical Insurance

During fiscal 2010, the Company moved from a fully insured to a self-funded medical insurance plan. The Company contracted with an administrative service company or a third party administrator to supervise and administer the program and act as the Company's fiduciary and representative. The Company has reduced its risk under this self-funded plan by purchasing both specific and aggregate stop-loss insurance coverage for individual claims and total annual claims in excess of prescribed limits. The Company records estimates for claim liabilities based on information provided by the third-party administrators, historical claims experience, the life cycle of

Table of Contents

(dollars in thousands, except per share and store data)

claims, expected costs of claims incurred but not paid, and expected costs to settle unpaid claims. The Company monitors its estimated insurance-related liabilities on a monthly basis. As facts change, it may become necessary to make adjustments to these estimates that could be material to the Company's results of operations and financial condition. This liability is subject to a total limitation that varies based on employee enrollment and factors that are established at each annual contract renewal. Actual claims experience may differ from the Company's estimates. Costs related to the administration of the plan and related claims are expensed as incurred. The total liability for self-funded medical insurance was \$350 and \$275 as of January 29, 2012 and January 30, 2011, respectively, and is included within other current liabilities in the consolidated balance sheets.

Revenue Recognition

Revenue from the sale of the Company's products is recognized upon customer receipt of the product when collection of the associated receivables is reasonably assured, persuasive evidence of an arrangement exists, the sales price is fixed and determinable and ownership and risk of loss have been transferred to the customer, in accordance with ASC 605-10-S25, *Revenue Recognition-Overall* (ASC 605), which is generally the point of sale. Sales are recognized in revenue upon the delivery of product to customers if in stores, or upon the shipment of products to customers through our ecommerce medium. Amounts related to shipping and handling that are billed to customers are reflected in net sales and the related direct costs of the sales process are reflected in cost of goods sold. The Company presents sales taxes on a net basis.

Tea-of-the-month club subscription sales are carried as a liability, and classified as deferred revenue in the consolidated balance sheet, and recognized as revenue as products are shipped to customers over the subscription period. Our policy is not to allow the return of tea and food products and certain merchandise items once they have been purchased by or delivered to the customers. A number of other merchandise items can be returned within 30 days. To date, product returns have been immaterial.

Additionally, the Company sells gift cards with no expiration dates or administrative fees to customers. The Company recognizes income from gift cards when they are redeemed by the customer. In addition, the Company recognizes income from unredeemed gift cards (gift card breakage) when it can determine that the likelihood of the gift card being redeemed is remote. The Company recognizes revenue from gift card breakage based on historical redemption rates. The Company accumulated sufficient historical data to determine the gift card breakage rate during fiscal 2010. Revenue from gift card breakage is included in net sales in the consolidated statements of operations. During fiscal 2011 and 2010, the Company recognized \$83 and \$249, respectively in net sales related to the recognition of revenue from gift card breakage. The deferred revenue attributable to gift cards and Tea-of-the-month club subscriptions at January 29, 2012 and January 30, 2011 was \$1,813 and \$1,344, respectively.

Franchise and Royalty Fees

As of January 29, 2012, Teavana had 16 and 2 franchised stores in Mexico and the United States, respectively. On September 2, 2011, the Company signed a 10 year franchise development agreement with the Alshaya group for the development of Teavana stores within the countries of Bahrain, Kuwait, the Kingdom of Saudi Arabia, Qatar, United Arab Emirates, Egypt, Lebanon and Jordan with the first anticipated store opening in fiscal 2012. The Company's franchise agreements generally provide franchise rights for a period of 10 to 15 years. Initial franchise fees received in connection with newly franchised stores are recognized when obligations of the related franchise agreement are met. Continuing royalty fees are reported monthly when earned and are computed based on a certain percentage of the franchise store's net sales. Franchise royalty income of \$284, \$248 and \$151 for fiscal 2011, 2010 and 2009, respectively, is included in net sales in the consolidated statements of operations.

Table of Contents

Teavana Holdings, Inc.

Notes to Consolidated Financial Statements (continued)

(dollars in thousands, except per share and store data)

Deferred revenue attributable to the initial development fee for the Company's franchised locations at January 29, 2012 and January 30, 2011 was \$575 and \$525, respectively. Deferred revenue from this initial development fee was recognized in the amounts of \$75, \$75 and \$38 in fiscal 2011, 2010 and 2009, respectively, and is included within net sales in the consolidated statements of operations.

Cost of Goods Sold

Cost of goods sold includes the direct costs of our products, freight and shipping costs, distribution center costs and occupancy costs for stores in operation. Cost of goods sold excludes depreciation and amortization expenses.

Selling, General and Administrative Expense

Selling, general and administrative expense consists primarily of store operating expenses, store pre-opening expenses and other administrative expenses. Store pre-opening costs are expensed as incurred.

Stock-based Compensation

The Company grants stock options for a fixed number of shares to key employees and certain directors. The Company accounts for stock options in accordance with ASC 718, *Compensation - Stock Compensation* (ASC 718). ASC 718 requires compensation costs related to stock-based payments, including stock options and other equity awards, to be measured based on the grant date fair value of the awards expected to vest, with the cost recognized over the requisite service period.

Accrued Compensated Absences

The Company provides its employees with paid leave that varies in duration based on years of service to the Company. After 90 days of service, the Company grants leave benefits to all full-time employees. The Company accrues the value of the annual leave ratably over the year in which the employees' services are performed. The Company's policy provides for a carry-forward of unused balances of up to 40 hours as of October 31st each year. The Company had \$417 and \$351 accrued for paid leave as of January 29, 2012 and January 30, 2011, respectively, and is included within other current liabilities in the consolidated balance sheets.

Leases

The Company has operating lease agreements with various landlords. These agreements generally have scheduled rent increases. The Company recognizes lease expenses on a straight-line basis over the term of the occupancy of the lease, beginning when the Company is granted possession of the leased premises. Tenant allowances are recorded as deferred rent and are amortized as a reduction of rent expense over the term of the occupancy of the lease.

Advertising Costs

Advertising costs consist primarily of advertising expense associated with e-commerce operations, and to a lesser extent, the Company's store leases and are expensed as incurred. Total advertising expense was \$2,792, \$2,430 and \$1,354 for fiscal 2011, 2010 and 2009, respectively, and is included in selling, general and administrative expense and cost of goods sold (in the case of advertising expense associated with store leases) in the consolidated statements of operations.

Capitalized Financing Costs

Costs associated with the establishment of the revolving credit facility (see Note 4 Long Term Debt) are capitalized and amortized to interest expense using the straight-line method through the end of its agreement date. Interest expense recognized for capitalized financing costs amounted to \$101, \$135 and \$135 in fiscal 2011, 2010 and 2009, respectively. Capitalized financing costs are included in other non-current assets in the consolidated balance sheets.

Income Taxes

The Company's income tax policy is to record the estimated future tax effects of temporary differences between the tax bases of assets and liabilities and amounts reported in the accompanying consolidated balance sheets, as well as operating loss and tax credit carry-forwards. The value of the Company's deferred tax assets assumes that the Company will be able to generate sufficient future taxable income in applicable tax jurisdictions, based on the Company's estimates and assumptions. The Company has concluded that a valuation allowance is not necessary as of January 29, 2012 and January 30, 2011, respectively.

The calculation of income tax liabilities involves significant judgment in estimating the impact of uncertainties in the application of complex tax laws. We also make a provision for uncertain income tax positions in accordance with the ASC topic No. 740 *Accounting for Income Taxes* (ASC 740). The impact of an uncertain income tax position on an income tax return must be recognized at the largest amount that has a greater than 50% cumulative probability to be sustained upon audit by the relevant taxing authority. An uncertain income tax position will not be recognized if it has less than a 50% likelihood of being sustained. The new threshold and measurement attribute prescribed by the FASB will continue to require significant judgment by management. The Company records interest and penalties, if any, associated with unrecognized tax positions within the provision for income taxes in the consolidated statements of operations.

Net income per Share

Basic net income per share is calculated using the weighted average number of common shares outstanding for the period. Diluted net income per common share is calculated using the weighted average number of common shares outstanding plus the additional dilution for all potentially dilutive stock options using the treasury stock method.

Accounting Pronouncements Not Yet Adopted

In May 2011, the FASB issued *Accounting Standards Update*, (ASU) Topic No. 2011-04 *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in US GAAP and IFRSs*, which amends certain accounting and disclosure requirements related to fair value measurements. This guidance is effective for interim and annual reporting periods beginning after December 15, 2011, which corresponds to the Company's first quarter of fiscal 2012. The Company will adopt the amendment in the first quarter of fiscal 2012 and expects no material impact on the Company's consolidated financial statements.

In June 2011, the FASB issued ASU 2011-05 *Presentation of Comprehensive Income* (ASU 2011-05), which was issued to enhance comparability between entities that report under US GAAP and IFRS, and to provide a more consistent method of presenting non-owner transactions that affect an entity's equity. ASU 2011-05 eliminates the option to report other comprehensive income and its components in the statement of changes in

stockholders' equity as a single line item, but requires presentation of the total comprehensive income, the components of net income and the components of other comprehensive income either in a single continuous statement or in two separate but consecutive statements. This pronouncement is effective for fiscal years, and interim periods within those years, beginning after December 15, 2011, which corresponds to the Company's first quarter of fiscal 2012. However ASU 2011-12 *Comprehensive Income: Deferral of the Effective Date for Amendments to the Presentation of Reclassifications of Items out of Accumulated Other Comprehensive Income in Accounting Standards Update No. 2011-05* (ASU 2011-12) has deferred the specific requirement within ASU 2011-05 to present on the face of the financial statements items that are reclassified from accumulated other comprehensive income to net income separately with their respective components of net income and other comprehensive income. Entities should continue to report reclassifications out of accumulated other comprehensive income consistent with the presentation requirements in effect before ASU 2011-05. The Company will adopt the disclosure requirements of this pronouncement in the first quarter of fiscal 2012, but expects no material impact on the Company's consolidated financial statements.

In September 2011, the FASB issued ASU No 2011-08, *Intangibles - Goodwill and Other* (ASU 2011-08). ASU 2011-08 is intended to simplify goodwill impairment testing by permitting an entity to first perform a qualitative assessment to determine whether it is more likely than not that the fair value of a reporting unit is less than the carrying value before performing the two-step goodwill impairment test that currently exists. The amendment includes a number of events and circumstances for an entity to consider in conducting the qualitative assessment. This pronouncement is effective for fiscal years, and interim periods within those years, beginning after December 15, 2011, which corresponds to the Company's first quarter of fiscal 2012. The Company will adopt the amendment in the first quarter of fiscal 2012 and expects no material impact on the Company's consolidated financial statements.

The FASB issues ASUs to amend the authoritative literature in the Accounting Standards Codification. There have been a number of ASUs to date that amend the original text of the ASC. Except for the ASUs listed above, those issued to date either (i) provide supplemental guidance, (ii) are technical corrections, or (iii) are not applicable to the Company. Additionally, there were various other accounting standards and interpretations issued during fiscal 2011 that the Company has not yet been required to adopt, none of which is expected to have a material impact on the Company's consolidated financial statements and the notes thereto going forward.

4. Long-term Debt

On June 12, 2008, the Company established a three-year revolving credit facility by entering into a loan and security agreement (the Amended Credit Agreement) with Fifth Third Bank. On April 22, 2011, the Company entered into an amendment to the Credit Agreement that, among other things, extended its term for five years through April 22, 2016, and on October 6, 2011, the Company entered into a second amendment to the Credit Agreement that, among other things, permitted the creation of a subsidiary and certain inter-company transfers. The Amended Credit Agreement provides for a revolving credit facility up to \$40,000 through April 22, 2016. The borrowing capacity is equal to the lesser of (i) the maximum revolving facility, less the undrawn face amount of any letters of credit outstanding and (ii) the borrowing base. The borrowing base is defined as the sum of (i) 200% of Consolidated adjusted EBITDA (as defined) for the most recent twelve month trailing period for which financial statements are available, minus (ii) the aggregate undrawn face amount of any outstanding letters of credit at the time a drawdown on the revolving credit facility is made, minus (iii) such reserves as may be established by the lender in its discretion, but not to exceed 35% of the Borrowing Base. The revolving credit facility includes a \$5,000 sublimit for the issuance of letters of credit. The Amended Credit Agreement is secured by substantially all of the assets of the Company. The revolving credit facility under the Amended Credit Agreement had no amounts outstanding, undrawn face amounts on letters of credit of \$128 and availability of \$39,872 on January 29, 2012.

The revolving credit facility in the Amended Credit Agreement bears interest at a rate of LIBOR, subject to a minimum level of 1.5% plus an applicable margin of 4.5% or at a rate of the lender's base commercial lending rate (prime), plus a margin of 3.0%. There were no amounts outstanding under the revolving credit facility as of January 29, 2012.

The Amended Credit Agreement specifies certain financial and non-financial covenants that the Company must comply with. The Company was in compliance with these covenants on all respective measurement dates. The Amended Credit Agreement does not permit the payment of any dividends, and thus 100% of the Company's net income is restricted for purposes of dividend payments. The restriction on the payment of dividends applies to the Company and all of its subsidiaries. The Amended Credit Agreement also restricts all of the subsidiaries of the Company from making loans or advances to the Company in excess of certain limits as defined by the amendment executed on October 6, 2011. The restricted net assets of the subsidiaries are the same as the consolidated net assets, as presented in the accompanying consolidated balance sheets. Teavana Holdings, Inc. has no operations or operating revenues and the expenses of Teavana Holdings, Inc. are de minimis by virtue of the fact that the management and directors of the Company are compensated by its subsidiary, Teavana

Corporation. Teavana Holdings, Inc. has no assets outside of its investments in subsidiaries, and no other material liabilities. Teavana Holdings, Inc. is a co-obligor under the Amended Credit Agreement with Fifth Third Bank.

Deferred financing costs totaling \$433 were incurred in connection with the first amendment to the Credit Agreement and will be amortized to interest expense over the five-year term of the facility using the straight-line method. The unamortized loan costs from the original Credit Agreement will continue to be amortized over the remaining term of the amended facility. Interest expense relating to deferred financing costs and interest incurred on borrowings under the Amended Credit Agreement totaled \$447, \$466 and \$645 during fiscal 2011, 2010 and 2009, respectively.

5. Common and Preferred Stock and Stockholders Equity

On August 2, 2011, the Company completed an initial public offering (the Offering) of 8,214,287 shares of common stock at a price of \$17.00 per share. The common stock was listed on the New York Stock Exchange under the symbol TEA. Of the 8,214,287 shares sold in the Offering, the Company issued 1,071,429 primary shares, and 7,142,858 shares were sold by selling stockholders of the Company, including 1,071,429 shares sold pursuant to the exercise in full of the underwriters over-allotment option. The Company received proceeds of approximately \$15,079, net of approximately \$3,135 in underwriting discounts and legal, accounting and other fees incurred in connection with the Offering. The proceeds of the Offering were used principally for the redemption of all outstanding shares of the Series A redeemable preferred stock, to pay Offering-related expenses, and to repay all outstanding indebtedness under the Amended Credit Agreement that existed as of the date of the Offering. The Company did not receive any proceeds from the shares sold by the selling stockholders. Concurrent with the Offering, all shares of Class B redeemable common stock were automatically converted into an equivalent number of Shares of Class A common stock, which resulted in the concurrent corresponding reclassification of the aggregate fair value of the Class B redeemable common stock from temporary equity into additional paid-in capital within stockholders equity and the immediate subsequent reclassification of all outstanding shares of Class A common stock into common stock. Also upon consummation of the Offering, the Company redeemed all outstanding shares of the Series A redeemable preferred stock for an aggregate Redemption Value (as defined below) of \$10,683. The excess accretion above the Redemption Value of the Series A redeemable preferred stock of \$3,534 was also reclassified into additional paid-in capital.

In connection with the consummation of the Offering, the Company filed an amended and restated certificate of incorporation (the Amended Certificate) with the Secretary of State of the State of Delaware. The Amended Certificate provided the Board of Directors with the authority to issue 100,000,000 shares of common stock and 5,000,000 shares of preferred stock. Each share of common stock entitles the holder to one vote. Holders of common stock are entitled to receive, on a pro rata basis, any dividends declared by the Board of Directors. In the event of a liquidation, dissolution or winding up of the Company, holders of common stock are entitled to share ratably in the assets remaining after payment of liabilities. In regards to preferred stock, the Board of Directors are authorized to fix the preferences, powers and relative participating, option or other special rights and qualifications, limitations or restrictions thereof, including the dividend rate, conversion rights, voting rights, redemption rights and liquidation preferences. As such, any preferred stock issued may rank senior to the common stock with respect to the payment of dividends or amounts upon liquidation, dissolution, winding up or voting. As a result of the aforementioned Offering and certain subsequent stock option exercises, the Company had 38,281,836 shares of common stock and no shares of preferred stock outstanding as of January 29, 2012.

Immediately prior to the Offering, the Company had 27,758,129 shares of Class A common stock, 9,005,217 shares of Class B redeemable common stock and 10,683,333 shares of Series A redeemable preferred stock

outstanding. The shares of Class B redeemable common stock were to be converted into an equivalent number of shares of Class A common stock at any time at the option of the holder and would automatically convert upon (i) the sale, transfer, assignment or conveyance to a competitor or (ii) the consummation of a liquidity event (as defined) or a public offering (as defined). Due to this contingent redemption feature, prior to the completion of the Offering, the Class B redeemable common stock was historically classified in the consolidated balance sheets as temporary equity rather than stockholders' equity, with adjustments to the fair value of the Class B redeemable common stock made at each reporting date.

The Series A redeemable preferred stock was issued on December 15, 2004 with a mandatory redemption date upon the earlier of a liquidity event (as defined) or December 15, 2011 (Redemption Date). The Series A redeemable preferred stock contained a liquidation preference of \$1.00 per share, with annual accretion at a rate of 5% and accretion of a debt discount from December 15, 2004 through the Redemption Date that is included in interest expense in the consolidated statements of operations. The liquidation preference, or Redemption Value, increased annually based on the accretion of the shares; however, the annual accretion of the Redemption Value was forgiven at the Redemption Date because the Company achieved certain financial targets, as specified in the Company's Amended Certificate. Prior to the Offering, in accordance with ASC 480, *Distinguishing Liabilities from Equity*, the Company classified the Series A redeemable preferred stock as a liability on its consolidated balance sheet. The Redemption Value as of January 31, 2011 was \$13,722.

Additionally, on July 13, 2011, the Board of Directors and stockholders of the Company approved a 3.70294176910785-for-1 stock split for each outstanding share of Class A and Class B common stock, subsequently converted to common stock, with effect from filing of a Certificate of Amendment with the Secretary of State for the State of Delaware. The stock split became effective on July 26, 2011. As of this date, all issued and outstanding shares of common stock and stock options exercisable were retroactively adjusted to reflect this stock split for all periods presented.

6. Fair Value Measurements

The guidance for fair value measurements establishes the authoritative definition of fair value, sets out a framework for measuring fair value and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Company uses a three-tier fair value hierarchy based upon observable and non-observable inputs as follows:

Level 1: Quoted market prices in active markets for identical assets or liabilities.

Level 2: Inputs other than Level 1 that are either directly or indirectly observable.

Level 3: Unobservable inputs developed using the Company's estimates and assumptions which reflect those that market participants would use.

The Company's financial instruments have historically consisted solely of its Class B redeemable common stock, classified as temporary equity. Concurrent with the Offering as described in Note 5 Common and Preferred Stock and Stockholders' Equity, all shares of the Class B redeemable common stock were converted into shares of Class A common stock, and subsequently common stock, resulting in the corresponding reclassification of temporary equity into additional paid-in capital. As such, because historically the Company's balances measured at fair value on a recurring basis consisted solely of the Class B redeemable common stock, there were no

financial instruments requiring fair value measurement on a recurring basis as of January 29, 2012. The following table summarizes the Company's balances measured at fair value as of January 29, 2012 and January 30, 2011:

	Fair Value Hierarchy Category		
	Level 1	Level 2	Level 3
January 29, 2012	\$	\$	\$
January 30, 2011			81,401

The following table presents the change in the estimated fair value of the Class B redeemable common stock measured using significant unobservable inputs (Level 3):

	January 29, 2012	January 30, 2011	January 31, 2010
Fair value measurement at beginning of period	\$ 81,401	\$ 21,888	\$ 15,808
Change in fair value recorded in accumulated deficit	172,546	59,513	6,080
Fair value measurement at end of period	\$ 253,947[1]	\$ 81,401	\$ 21,888

(1) The Class B redeemable common stock was redeemed on August 2, 2011, the date of the consummation of the Offering. As such, this represents the fair value as of that date immediately prior to redemption.

Historically, the Class B redeemable common stock has been measured at fair value at each reporting period with changes in fair value recorded directly to equity based on the change in the underlying fair value of the Company's common stock during each fiscal period presented. The Class B redeemable common stock was classified to permanent equity, no longer requiring fair value measurement on a recurring basis, concurrent with the Offering.

7. Net income per share

The following table sets forth the computation of basic and diluted net income per share in accordance with ASC 260, *Earnings per Share* (ASC 260). Basic net income per share is calculated by dividing net income by the weighted average common shares outstanding during the period. Diluted net income per share is calculated by dividing net income by the weighted average number of common shares plus potentially dilutive common shares, primarily consisting of the Company's non-qualified stock options, outstanding during the period. The treasury

stock method was used to determine the dilutive effect of the stock options. The following table details the calculation of basic and diluted net income per share:

	Fiscal Year Ended		
	January 29, 2012	January 30, 2011	January 31, 2010
Numerator:	\$ 17,759	\$ 12,003	\$ 5,291

Effect of dilutive stock options	938,236	975,607	572,738
For diluted net income per share adjusted weighted average shares basis	\$ 38,419,308	\$ 37,725,067	\$ 37,322,198
Net income per share:			
Basic	\$ 0.47	\$ 0.33	\$ 0.14
Diluted	\$ 0.46	\$ 0.32	\$ 0.14

As of January 29, 2012, the Company had 38,281,836 shares of common stock outstanding. As of January 30, 2011, the Company had 27,744,243 and 9,005,217 shares of Class A common stock and Class B redeemable common stock, respectively, outstanding. The Class A common stock and Class B redeemable common stock shared equally in rights to dividends, undistributed earnings and voting rights. As a result, the two class method has historically not been required for computation of net income per share.

Anti-dilutive common stock options totaling 285,361 were excluded from the weighted average shares outstanding for the diluted per share calculation as of January 29, 2012.

8. Leases

The Company has entered into operating leases for its stores, distribution center and store support center. Initial lease terms for stores are generally ten years with rent escalations and no renewal options. Rent expense for leases with rent escalations is recognized on a straight-line basis over the term of the occupancy of the lease. The leases are net leases under which the Company pays the taxes, insurance and common area maintenance costs. The leases may also provide for both minimum rent payments and contingent rentals based on a percentage of sales in excess of specified amounts. In certain leases, the landlord also charges the Company a portion of its marketing expense.

Total minimum and contingent rent expense for fiscal 2011, 2010 and 2009 were as follows:

	Fiscal Year Ended		
	January 29, 2012	January 30, 2011	January 31, 2010
Minimum rentals	\$ 14,013	\$ 11,000	\$ 8,464

9. Stock-based Compensation

Under the Company's 2004 Management Incentive Plan (the "2004 Plan"), adopted on December 15, 2004, up to 1,851,471 stock options may be granted to certain employees and outside directors or advisors to purchase a fixed number of shares of the Company's common stock at prices not less than 100% of the estimated fair market value at the date of grant. All stock-based awards issued under the plan are non-qualified stock options. On July 18, 2011, the Board of Directors and stockholders authorized the establishment of the Teavana 2011 Equity Incentive Plan (the "2011 Plan"), effective immediately after the SEC's declaration of effectiveness of the Registration Statement and immediately prior to the pricing of the Offering, both of which took place on July 27, 2011. Under the 2011 Plan, up to 750,000 equity awards, including stock options, stock appreciation rights, restricted or unrestricted stock awards, restricted stock units, performance awards or other stock-based awards, may be granted to certain employees and outside directors to purchase a fixed number of shares of the Company's common stock at prices not less than 100% of the estimated fair market value at the date of the grant. All shares of stock issued upon exercise of stock options under the 2004 and 2011 Plans will be newly issued shares. Share options forfeited or canceled are eligible for reissuance under the 2011 Plan. Also, concurrent with the pricing of the Offering on July 27, 2011, the Board of Directors authorized a grant to certain members of the Company's management, certain other employees and outside directors of 580,500 non-qualified stock options to purchase an equal number of shares of common stock. Other immaterial grants were authorized and made subsequent to the Offering during fiscal 2011.

The Company accounts for stock-based awards in accordance with ASC 718. ASC 718 requires measurement of compensation cost for all stock-based awards at fair value on the grant date (or measurement date, if different) and recognition of compensation expense, net of forfeitures, over the requisite service period for awards expected to vest. Stock-based compensation expense was \$790, \$157, and \$169 in fiscal 2011, 2010 and 2009, respectively and is recognized on a pre-tax basis. Upon consummation of the Offering, the Company recognized \$173 in compensation expense resulting from the accelerated vesting of all unvested stock options to purchase shares of common stock granted under the 2004 Plan. As such, vesting of approximately 162,466 options was accelerated and the options became exercisable, subject to certain provisions at the closing of the Offering.

The fair value of stock options granted under the 2004 and 2011 Plans was estimated at the date of grant using the Black-Scholes option pricing model. The Black-Scholes option pricing model was developed for use in estimating the fair value of traded options. Stock option pricing models require the input of highly subjective assumptions, including the expected volatility of the stock price. The Company's stock has only been publically traded since July 28, 2011; therefore, changes in these subjective input assumptions may affect the grant date fair

value estimates. These assumptions were based on management's best estimate and available information at the time of grant. The Company estimated the fair value of options granted under the 2011 Plan with the following assumptions:

	January 29, 2012	January 30, 2011	January 31, 2010
Expected life (years) (1)	6.25 Years	N/A	6.25 Years
Risk-free interest rate (2)	1.4%-1.6%	N/A	2.3%
Volatility (3)	54.0%	N/A	53.0%
Dividend yield (4)	0%	N/A	0%

- 1) Represents the period of time stock options are expected to remain outstanding. As the Company has only awarded plain vanilla options as described in ASC 718-10-S99, *Compensation - Stock Compensation: Overall: SEC Materials*, the Company used the simplified method for determining the expected life of the options granted. The simplified method calculates the expected term as the sum of the vesting term and the original contract term divided by two. The Company will continue to use the simplified method until such time that it has sufficient historical data for options to accurately estimate the expected term of stock-based awards.
- 2) Based on the US Treasury yield curve in effect at the time of grant with a term consistent with the expected life of stock options.
- 3) Expected stock price volatility incorporated historical and implied volatility of similar entities whose share prices are publicly available. The Company plans to use peer company volatility for the foreseeable future until sufficient historical data is available.
- 4) The Company has not paid regular dividends on its common stock and does not expect to pay dividends on its common stock in the foreseeable future.

The following table represents stock options granted, exercised, repurchased or forfeited under the 2004 and 2011 Plans during fiscal 2011, 2010 and 2009. There were no options that expired during these fiscal periods.

Under the 2004 and 2011 Plans, options generally become exercisable over a four-year period and expire ten years from the date of grant. Additionally, stock option grants generally vest 25% on each anniversary of the grant date, commencing with the first anniversary of the grant date (in the case of the 580,500 options granted
