PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

MAY 14, 2013

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Quidel Corporation for use at the 2013 Annual Meeting of Stockholders to be held on Tuesday, May 14, 2013, at 8:30 a.m., local time, at the San Diego Marriott Del Mar, 11966 El Camino Real, San Diego, California, 92130, and at any and all adjournments and postponements of the Annual Meeting. This Proxy Statement and the accompanying proxy card will first be sent to stockholders on or about April 5, 2013.

We will pay the expenses in connection with this solicitation. Our employees may solicit proxies by mail, in person, by telephone, facsimile or other electronic means and will not receive any additional compensation for such solicitations. We will also pay brokers or other nominees for the expenses of forwarding soliciting material to beneficial owners.

RECORD DATE AND VOTING

The close of business on March 20, 2013 has been fixed as the record date (the Record Date) for determining the stockholders entitled to notice of and to vote at the Annual Meeting. On the Record Date, 33,901,032 shares of our voting common stock were outstanding. Each share of such common stock is entitled to one vote on any matter that may be presented for consideration and action by the stockholders at the Annual Meeting. A quorum is required to transact business at the Annual Meeting. The holders of a majority of the outstanding shares of common stock on the Record Date and entitled to be voted at the Annual Meeting, present in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting and any adjournments and postponements thereof. Abstentions and broker non-votes are counted for the purpose of determining the presence or absence of a quorum for the transaction of business.

Where a stockholder has directed how his or her proxy is to be voted, it will be voted according to the stockholder's directions. If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name, and this proxy and the related materials are being forwarded to you by your broker or nominee (the record holder) along with a voting instruction card. As the beneficial owner, you have the right to direct your record holder regarding how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions. If a proposal is routine, a broker or other entity holding shares for a beneficial owner in street name may vote on the proposal without voting instructions from the owner. If a proposal is non-routine, the broker or other entity may vote on the proposal only if the beneficial owner has provided voting instructions. A broker non-vote occurs when the broker or other entity is unable to vote on a proposal because the proposal is non-routine and the beneficial owner does not provide instructions.

If you do not give instructions to your record holder prior to the Annual Meeting, the record holder will be entitled to vote your shares in its discretion only on Proposal 2 (Ratification of Selection of Independent Registered Public Accounting Firm) and will not be able to vote your shares on Proposal 1 (Election of Directors) or Proposal 3 (Advisory Vote on Executive Compensation), and your shares will be treated as a broker non-vote on those proposals. We are not aware of any other matters to be presented at the Annual

Table of Contents

Meeting except for those described in this Proxy Statement. However, if any other matters not described in this Proxy Statement are properly presented at the Annual Meeting, the persons named as proxies will use their own judgment to determine how to vote your shares. If the Annual Meeting is adjourned, your shares may be voted by the persons named as proxies on the new meeting date as well, unless you have revoked your proxy instructions prior to that time.

With regard to the election of directors, votes may be cast in favor of a director nominee or withheld. Because directors are elected by plurality, broker non-votes will be entirely excluded from the vote and will have no effect on its outcome. If a quorum is present at the Annual Meeting, the nominees receiving the greatest number of votes (up to seven directors) will be elected. For Proposal 2 (Ratification of Selection of Independent Registered Public Accounting Firm), and Proposal 3 (Advisory Vote on Executive Compensation), the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the matter is required for approval. With regard to these proposals, abstentions will be counted in tabulations of the votes cast on a proposal presented to stockholders and will have the same effect as a vote against the proposal, whereas broker non-votes will not be counted for purposes of determining whether a proposal has been approved and accordingly will have no effect on the outcome of the vote on such proposal. Unless otherwise designated, each signed proxy submitted by a stockholder will be voted:

FOR each of the seven nominees named below for election as directors;

FOR ratification of the selection by the Audit Committee of the Board of Directors of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2013; and

FOR the advisory approval of the Company's executive compensation.

Any stockholder has the power to revoke his or her proxy at any time before it is voted at the Annual Meeting by submitting a written notice of revocation to the Secretary of the Company or by timely filing a duly executed proxy bearing a later date. The proxy will not be voted if the stockholder who executed it is present at the Annual Meeting and elects to vote in person the shares represented by the proxy. Attendance at the Annual Meeting will not by itself revoke a proxy.

Table of Contents**PROPOSAL 1****ELECTION OF DIRECTORS****Nominees for Election**

Our directors are elected at each annual meeting of stockholders. At the Annual Meeting, seven directors will be elected to serve until the next annual meeting of stockholders and until their successors are elected and qualified. The nominees receiving the greatest number of votes (up to seven directors) at the Annual Meeting will be elected. **Our Board of Directors recommends that the stockholders vote FOR the seven nominees named below for the Board of Directors.**

Each of the nominees set forth below for election as a director is an incumbent director. Each of the nominees has consented to serve as a director if elected. Unless authority to vote for any director nominee is withheld in a proxy, it is intended that each proxy will be voted FOR each of the nominees. If, before the Annual Meeting, any of the nominees for director should become unable to serve if elected, it is intended that shares represented by proxies will be voted for such substitute nominees, if any, as may be recommended by our existing Board of Directors, unless other directions are given in the proxies.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected the firm of Ernst & Young LLP, independent registered public accounting firm, to audit our consolidated financial statements for the fiscal year ending December 31, 2013, and to perform other appropriate accounting and tax services. We are asking our stockholders to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for 2013. Although ratification is not required by our bylaws or otherwise, the Board of Directors is submitting the selection of Ernst & Young LLP to our stockholders as a matter of good corporate practice. If the stockholders do not ratify the appointment of Ernst & Young LLP, the selection of the Company's independent registered public accounting firm will be reconsidered by the Audit Committee. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

One or more representatives of Ernst & Young LLP are expected to be at the Annual Meeting. They will have an opportunity to make a statement, if they so desire, and will be available to respond to appropriate questions.

Vote Required and Board Recommendation

The affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on the proposal at the Annual Meeting is required to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for 2013.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE SELECTION OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2013.

PROPOSAL 3

ADVISORY APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION

We are providing stockholders with an advisory (non-binding) vote on the compensation of our Named Executive Officers (commonly referred to as "say on pay"). Accordingly, you may vote on the following resolution at the 2013 annual meeting:

Resolved, that the compensation paid to the Company's Named Executive Officers, as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure in this Proxy Statement, is hereby approved.

The advisory approval of the Company's executive compensation is a non-binding vote on the compensation paid to the Company's Named Executive Officers, as described pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis section, compensation tables, and the narrative discussions, set forth in this Proxy Statement.

As described in detail under Compensation Discussion and Analysis, our compensation programs are designed to attract, motivate and retain highly qualified executive officers who are able to achieve corporate objectives and create stockholder value. The Compensation Committee believes the Company's executive compensation programs reflect a strong pay-for-performance philosophy and are well aligned with our stockholders' long-term interests. Stockholders are encouraged to read the Compensation Discussion and Analysis section, the accompanying compensation tables, and the related narrative discussion.

Because the vote on this proposal is advisory in nature, it will not affect any compensation already paid or awarded to our Named Executive Officers and will not be binding on the Board of Directors or the Compensation Committee. However, the Compensation Committee will consider the outcome of the vote when making future executive compensation decisions.

The affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on the proposal at the Annual Meeting is required to approve the advisory vote on executive compensation.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU FOR FOR THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

CORPORATE GOVERNANCE

Board Leadership Structure and Risk Oversight

The Board of Directors believes that separate individuals should hold the positions of Chairman of the Board and Chief Executive Officer, and that the Chairman should not be an employee of the Company. Under our corporate governance principles, the Chairman of the Board is responsible for coordinating Board activities, including the scheduling of meetings and executive sessions of the non-employee directors and the relevant agenda items in each case (in consultation with the Chief Executive Officer as appropriate). The Board of Directors believes this leadership structure enhances the Board's oversight of and independence from our management and the ability of the Board to carry out its roles and responsibilities on behalf of our stockholders.

The Company takes a comprehensive approach to risk management. We believe risk can arise in every decision and action taken by the Company, whether strategic or operational. The Company, therefore, seeks to include risk management principles in all of its management processes and in the responsibilities of its employees at every level. Our comprehensive approach is reflected in the reporting processes by which our management provides timely and comprehensive information to the Board of Directors to support the Board's role in oversight, approval and decision-making.

The Board of Directors closely monitors the information it receives from management and provides oversight and guidance to our management team concerning the assessment and management of risk. The Board approves the Company's high level operating objectives, goals, strategies and policies to set the tone and direction for appropriate risk taking within the business. The Board and its committees then emphasize this tone and direction in its oversight of management's implementation of the Company's operating objectives, goals, strategies and policies.

Our senior executives provide the Board and its committees with regular updates about the Company's strategies and objectives and the risks inherent within them at Board and committee meetings and in regular reports. Board and committee meetings also provide a venue for directors to discuss issues with management. The Board and committees call special meetings when necessary to address specific issues or take specific actions. In addition, our directors have access to Company management at all levels to discuss any matters of interest, including those related to risk. Those members of management most knowledgeable of the issues often attend Board meetings to provide additional insight into items being discussed, including risk exposures.

The Board of Directors has delegated oversight for matters involving certain specific areas of risk exposure to its three standing committees. Each committee generally reports to the Board of Directors at regularly scheduled Board meetings, and more frequently if appropriate, with respect to matters and risks for which that committee provides oversight. The specific responsibilities of each of our Board committees are more fully described below under the headings Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee.

Board of Directors Meetings, Committees of the Board and Related Matters

The Board of Directors currently has a standing Audit, Nominating and Corporate Governance, and Compensation Committee. The Board of Directors held 11 meetings, excluding committee meetings, during the year ended December 31, 2012. All directors attended at least 75% of all meetings of the Board of Directors and its committees, if any, upon which the directors served during the year ended December 31, 2012.

Director Independence

Our Board of Directors has determined that each of our directors, with the exception of Mr. Bryant, is independent within the meaning of Nasdaq Marketplace Rule 5605(a)(2) as adopted by The Nasdaq Stock Market LLC (Nasdaq). Mr. Bryant who serves as our President and Chief Executive Officer is not considered to be independent because of his employment with us.

Audit Committee

The Audit Committee is responsible for assisting the Board of Directors in overseeing our accounting and financial reporting processes and the audits of our financial statements. In addition, the Audit Committee assists the Board of Directors in its oversight of our compliance with legal and regulatory requirements. The Audit Committee also has the ability to retain, at our expense and without further approval of the Board of Directors, special legal, accounting or other consultants or experts that it deems necessary in the performance of its duties.

The Audit Committee met eight times during 2012. The current members of the Audit Committee are Mr. Dammeyer (Chairman), Mr. Brown and Dr. Polan. Our Board of Directors has also determined that both Mr. Dammeyer and Mr. Brown qualify as audit committee financial experts within the meaning of the Securities and Exchange Commission's rules and regulations. Information about Messrs. Dammeyer and Brown's past business and educational experience is included below under the caption Director Qualifications.

Compensation Committee

The Compensation Committee is responsible for assisting the Board of Directors in discharging its responsibilities regarding the compensation of our employees and directors. Under the Compensation Committee's written charter, the specific duties of the Compensation Committee include, among other matters: reviewing and approving (or recommending to the Board of Directors for approval) corporate goals and objectives relevant to executive compensation; evaluating our executive officers' performance in light of such goals and objectives; determining (or recommending to the Board of Directors for determination) the compensation levels of our executive officers based on such evaluations; administering our incentive compensation plans, including our equity-based incentive plans; and making recommendations to our Board of Directors regarding our overall compensation structure, policies and programs. The Compensation Committee also has the ability to retain, at our expense and without further approval of the Board of Directors, compensation consultants and advisors that it deems necessary in the performance of its duties.

The Compensation Committee held two meetings during 2012. The members of the Compensation Committee currently include Mr. Brown (Chairman), Dr. Polan and Mr. Schuler, and our Board of Directors has determined that each of Mr. Brown, Dr. Polan and Mr. Schuler is independent within the meaning of Nasdaq Rule 5605(a)(2) as well as the enhanced independence standards contained in Nasdaq's rules that relate specifically to compensation committees.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for assisting the Board of Directors in identifying qualified individuals to become Board members; recommending the composition of the Board of Directors and its committees; monitoring and assessing the effectiveness of the Board of Directors and its committees; and performing a leadership role in shaping and monitoring our Corporate Governance Guidelines.

Meetings of Non-Management Directors

The non-management members of the Board of Directors regularly meet without any members of management present during regularly scheduled and periodic executive sessions of meetings of the Board of Directors as well as in committee meetings.

Director Nominations

The Nominating and Corporate Governance Committee regularly assesses the appropriate size of the Board of Directors and whether any vacancies on the Board of Directors are expected due to retirement or otherwise. The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating director candidates. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current directors, professional search firms, stockholders or other persons.

Once the Nominating and Corporate Governance Committee has identified a prospective nominee, the Nominating and Corporate Governance Committee will evaluate the prospective nominee in the context of the then-current composition of the Board of Directors and will consider a variety of other factors, including the prospective nominee's business, technology and industry, finance and financial reporting experience, and other attributes that would be expected to contribute to an effective Board of Directors. The Nominating and Corporate Governance Committee seeks to identify nominees who possess a wide range of experience, skills, and areas of expertise, knowledge and business judgment. Nominees must have the attributes described below under the caption "Director Qualifications."

Our Nominating and Corporate Governance Committee will consider stockholder nominations for directors. A stockholder may propose a person for consideration by the committee by submitting the individual's name and qualifications, and other information described below under "Stockholder Proposals," to our Corporate Secretary, Quidel Corporation, 10165 McKellar Court, San Diego, California 92121. The Nominating and Corporate Governance Committee will consider each stockholder-recommended candidate in the same manner and under the same criteria used to evaluate all other candidates. As described in our Corporate Governance Guidelines, in evaluating the suitability of individuals to serve as members of our Board of Directors, the Board of Directors and Nominating and Corporate Governance Committee consider a number of factors, including: experience at a policy-making level; strategic thinking; depth of understanding of the Company's industry, including relevant technology, leadership and objectivity; and a general understanding of marketing, financing and other disciplines relevant to the success of a publicly-traded company and sound principles of corporate governance in today's business environment. The Board of Directors and the Nominating and Corporate Governance Committee evaluate each individual in the context of Board functions as a whole and in light of the then-current needs of the Board at that point in time, with the objective of providing independent, diversified and effective representation of the interests of our stockholders.

Table of Contents

To be in proper form, the notice must, among other matters, include the information specified in our bylaws. These requirements are further described below under the heading **Stockholder Proposals** and are detailed in our bylaws.

Table of Contents**DIRECTOR COMPENSATION**

The current compensation and benefit program for non-employee directors is designed to achieve the following goals: compensation should fairly pay directors for work required for a company of our size and scope; compensation should align directors' interests with the long-term interests of our other stockholders; and the structure of the compensation should be simple, transparent and easy for stockholders to understand. The table below relating to non-employee directors' compensation includes the following compensation elements:

Annual Cash Retainers

The Chairman of the Board of Directors currently receives an annual cash retainer of \$83,600. Each of the other non-employee directors receives an annual cash retainer of \$31,350.

The Chairman of our Audit Committee receives an additional annual cash retainer of \$15,000. The Chairperson for each of the Board's other standing committees receives an additional annual cash retainer of \$7,500.

Board and Committee Meeting Attendance Fees

The non-employee directors receive \$2,200 per Board meeting attended in person and \$2,200 per committee meeting attended in person, but only if the committee meeting is not held on the same day as a Board meeting. Non-employee directors are also reimbursed for out-of-pocket expenses incurred in connection with attendance at Board and committee meetings. The non-employee directors do not receive a fee for attendance at telephonic Board or committee meetings.

Non-Employee Director Deferred Compensation Program

In December 2010, the Board of Directors adopted a non-employee director deferred compensation program that began in 2011. Participating directors may elect on a yearly basis (for the yearly period between the Company's annual meetings of stockholders) to receive 50% or 100% of the cash value of his or her (i) annual retainer fee and (ii) compensation for services as a chairperson of any of the Board's standing committees (collectively, the Covered Fees) in the form of fully vested, restricted stock units plus an additional premium on such percentage of the Covered Fees as additional restricted stock units, which are subject to a one-year vesting requirement (the Premium RSUs). The additional premium applicable to the Premium RSUs shall be determined based on the length of time of the deferral period (between the date of grant and the date the shares of common stock underlying the RSUs are selected to be issued) selected by the participating director as follows: (i) if one (1) year from the date of grant, a premium of 10% on the amount deferred of the Covered Fees, (ii) if two (2) years from the date of grant, a premium of 20% on the amount deferred of the Covered Fees, or (iii) if four (4) years from the date of grant, a premium of 30% on the amount deferred of the Covered Fees. The RSUs are granted under the Company's 2010 Equity Incentive Plan (the 2010 Plan) as of the date of the applicable annual meeting of stockholders, and the number of shares awarded as RSUs is calculated based on the closing price of the Company's shares on the date of the applicable annual meeting.

The table below illustrates the amount deferred, deferral period and amount of Covered Fees RSUs and Premium RSUs granted to each non-employee director for 2012:

Name	Amount Deferred	Deferral Period	Covered Fees RSUs	Premium RSUs
Thomas D. Brown	100%	4 years	2,470	741
Kenneth F. Buechler, Ph.D.	50%	2 years	997	199
Rod F. Dammeyer	100%	2 years	2,947	589
Mary Lake Polan, M.D., Ph.D., M.P.H.	50%	4 years	997	299
Mark A. Pulido				
Jack W. Schuler	100%	4 years	2,470	741

Table of Contents**Periodic Equity Awards**

The Board of Directors periodically assesses potential equity awards to non-employee directors in lieu of an annual automatic grant of stock options, as contemplated under the 2010 Plan. The Board of Directors suspended the automatic grants in May 2004 on an indefinite basis.

On May 5, 2012, the Board of Directors approved stock option and RSU grants on a 3:1 basis. The award is targeted to approximate a 50/50 valuation split between options and RSU grants. Accordingly, grants were made to each of the Company's non-employee directors as follows: (i) a grant of 10,239 stock options and 3,413 RSUs to the Chairman of the Board (with a Black-Scholes value of approximately \$6.68 per option as of the grant date and a fair value based on the closing price of our common stock per RSU on the date of grant) and (ii) a grant of 7,800 stock options and 2,600 RSUs to each of the Company's other non-employee directors (with a Black-Scholes value of approximately \$6.68 per option as of the grant date and a fair value based on the closing price of our common stock per RSU on the date of grant). The stock options and RSUs vest upon the earlier of (x) immediately prior to the annual meeting of the Company's stockholders in 2013, or (y) the one-year anniversary of the grant date. The exercise price for the stock options was equal to the closing price of the Company's common stock as of the grant date in accordance with the 2010 Plan. The options have a ten-year term.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

The core objectives of our executive compensation program are to (1) support our mission, values and corporate strategies by adopting a pay for performance philosophy that provides incentives to our executive officers and employees for support of these core principles; (2) align the interests of management with those of our other stockholders; and (3) attract, retain and motivate high quality executives. Towards these objectives, our compensation program is designed with the following principles:

Provide an opportunity for the Company to communicate to our executive officers and employees our performance expectations and priorities directly through the selection of performance measures on which compensation is based, and calibrate payouts with achievement of those performance measures;

Align pay such that management shares in value created from their efforts, and the Company's compensation expense is correlated to its profitability and stockholder returns;

Balance rewards appropriately between efforts and results;

Offer a competitive total compensation opportunity; and

Have a significant portion of total compensation paid to our executive officers in equity and dependent upon the achievement of performance goals of the Company.

Our compensation program focuses on both short and long-term results and is composed of three key elements: (1) base salaries, which reflect individual performance and responsibilities, (2) annual cash incentive opportunities, which are a function of the performance of the Company, and (3) longer-term stock-based incentive opportunities under our equity incentive plans, generally in the form of stock options or restricted stock or unit grants, which link the interests of senior management with our other stockholders. Each of our compensation elements is designed to simultaneously fulfill one or more of our core objectives.

When setting compensation for fiscal 2013 and in determining compensation policies, the Compensation Committee took into account the results of the shareholder advisory votes on executive compensation that took place in May 2012. In that vote, which was advisory and not binding, our shareholders approved the compensation of our Named Executive Officers as disclosed in the Proxy Statement for the 2012 Annual Meeting of Shareholders; approximately 93.5% of votes cast approved of the compensation of our Named Executive Officers. The Compensation Committee considered the results of the advisory vote and continued to apply the same general compensation principles and philosophy, while making some adjustments. We currently hold annual advisory votes on executive compensation; the next vote will take place at our next annual meeting of stockholders.

Administration

The Compensation Committee of the Board of Directors administers the Company's executive compensation programs and approves (or recommends to the Board of Directors for approval) salaries of all officers, including those of the executive officers named in the Summary Compensation Table. The Compensation Committee is responsible for reporting to the Board of Directors and administering all other elements of executive compensation, including annual cash incentive and equity awards.

Compensation Plan Design and Key Elements Used to Achieve Compensation Objectives

Edgar Filing: QUIDEL CORP /DE/ - Form DEF 14A

The cash components of salary and annual incentive bonus are targeted to be moderate, yet competitive in relation to salaries and annual incentive bonuses paid to officers in similar positions in comparable companies.

Table of Contents

Our 2011 long-term equity incentive program for our Named Executive Officers included incentive stock-based awards in the form of both non-qualified stock options and performance-based restricted stock units. The vesting for the non-qualified stock option awards is over a four-year period with 50% vesting on the second anniversary of the grant date and the remainder vesting 25% annually thereafter. The stock options have an exercise price equal to the closing price of the Company's common stock on the date of grant. The restricted stock units have cliff vesting at the end of three years, and vesting is dependent on meeting specific EPS goals at the end of the three year term.

Our 2012 long-term equity incentive program for our Named Executive Officers includes incentive stock-based awards in the form of both non-qualified stock options and performance-based restricted stock units. The vesting for the non-qualified stock option awards is over a four-year period with 50% vesting on the second anniversary of the grant date and the remainder vesting 25% annually thereafter. The stock options have an exercise price equal to the closing price of the Company's common stock on the date of grant. The restricted stock units have cliff vesting at the end of three years, and vesting is dependent on meeting specific EPS goals at the end of the three year term.

Our 2013 long-term equity incentive program for our Named Executive Officers includes incentive stock-based awards in the form of both non-qualified stock options and time-based restricted stock units. The vesting for both the non-qualified stock option awards and the restricted stock units is over a four-year period with 50% vesting on the second anniversary of the grant date and the remainder vesting 25% annually thereafter. The stock options have an exercise price equal to the closing price of the Company's common stock on the date of grant. With the 2013 equity incentive awards, the Compensation Committee determined to award time-based restricted stock units for 2013, because the overall mix of the 2013 equity incentive awards were more heavily weighted toward stock options with 90% of the value of such awards being provided in the form of non-qualified stock options, which the Committee believes are inherently performance-based and consistent with the Company's philosophy.

The Compensation Committee engaged Frederick W. Cook & Co, a third party compensation consultant in mid-2010. Frederick W. Cook & Co. assisted in structuring and reviewing the Company's compensation programs for 2011, including competitiveness of base salaries, short-term cash incentives, and both short-term and long-term equity incentive programs. For 2012 and 2013, our executive compensation program design takes into account the analysis and direction provided by the Frederick W. Cook & Co. 2010 analysis, as well as market data from a variety of sources, including the annual Radford Global Life Sciences Survey and a comparative group of publicly-traded companies. The Radford Global Life Sciences Survey provides data from participating companies with respect to their compensation practices in numerous areas and with respect to various positions, including senior management positions. We use these data sources in reviewing and assessing our executive compensation policies. The companies in the public company peer group were selected based on various factors, including industry, market capitalization and revenues. The companies in the peer group for 2012 were:

Abaxis, Inc.	Luminex Corporation
Immucor, Inc.	Meridian Bioscience Inc.
Cepheid	Merit Medical Systems, Inc.
IRIS International	Myriad Genetics, Inc.
Conceptus	Natus Medical
Genomic Health, Inc.	Orasure Technologies, Inc.

Our Compensation Committee utilizes management (and from time to time independent compensation consultants) to gather such market data and provide appropriate analyses. The Compensation Committee does not have a philosophy of setting compensation based on specific formulaic benchmarking comparisons.

Base Salary

Base salaries are reviewed annually and are targeted to be moderate, yet competitive in relation to salaries paid to officers in similar positions in comparable companies. With the exception of the Chief Executive Officer, whose performance is reviewed directly by the Board of Directors, performance of all other executive officers is reviewed annually by the Chief Executive Officer in consultation with the Compensation Committee (and/or the Board of Directors).

In 2012, in connection with the setting of the base salary of our executive officers, the Compensation Committee considered peer group analysis and also examined survey data for executives with similar responsibilities in comparable companies in the medical device/diagnostics and biotechnology industries, using the 2011 Radford Global Life Sciences Survey, for companies between 150 and 500 employees. The base salaries of each of our executive officers were set taking into account comparable data for salaries relevant for their positions, and then modified to further take into account our executive officers' experience and skills.

Annual Cash Incentive Awards

Our annual cash incentive program provides the potential for receipt of competitive levels of annual incentive cash compensation and is designed to reward senior management for their contributions to annual corporate objectives. Under our annual cash incentive program, each participating officer is entitled to receive a cash bonus based on achievement of certain corporate goals in the particular fiscal year. Goals and payouts are calibrated to strike the appropriate balance between being reasonably achievable, and thereby motivating executives, while targeting improved performance. The balance is intended to ensure that the Company receives an appropriate return on its annual incentive investment. The corporate performance goals are selected to require sustained performance and results from senior management that are not easily achievable without extra effort from each individual. Each eligible executive's potential annual award under the annual cash incentive program is expressed as a percentage of base salary earned by the individual during the fiscal year.

Under our traditional annual cash incentive compensation program, the target bonus for our Chief Executive Officer is 80% of salary, for all participating Senior Vice Presidents, 40% of salary, and for all participating Vice Presidents, 30% of salary.

In January 2012, the Compensation Committee approved the 2012 Leadership Incentive Compensation Plan (the "2012 Cash Incentive Plan"). For 2012, the Compensation Committee determined it was appropriate to continue to provide a broader array of incentive targets rather than simply revenue and EBITDA goals, recognizing that fluctuations in the severity of an influenza season affects the Company's results, yet the severity of an influenza season is otherwise outside the control of our executive officers and management. Moreover, the 2012 Cash Incentive Plan was designed to encourage improved performance in objectives not related to the intensity of any given flu season and by doing so, is designed to improve long-term performance and results for the Company and its stockholders.

The 2012 Cash Incentive Plan consisted of the following four components: (1) revenue performance on core products; (2) revenue performance on new products; (3) earnings-per-share (EPS); and (4) defined corporate or individual impact goals. Each component of the 2012 Cash Incentive Plan included targets at minimum, plan/target, and maximum payout. The minimum targets served as the threshold upon which the incentive pool would begin to fund for that component. Achievement of the components at plan/target earn the target cash incentive opportunity. Payouts are calculated along a linear continuum from minimum to plan/target and from plan/target to maximum with the maximum target serving as the point at which the management team earns the highest possible cash incentive opportunity. The minimum target must be met in order for a portion of the bonus to be paid relative to any one of the four components and each component will be measured separately. The Compensation Committee could adjust the targets to take into account variability in severity of the influenza season (so that management was neither enriched nor penalized for factors outside their control). In addition, the number of shares outstanding upon the adoption of the 2012 Cash Incentive Plan was used for calculating EPS so

that, consistent with prior years, changes in the number of shares outstanding did not affect the EPS metric used to calculate that component. The Compensation Committee also retained the right to exercise discretion to award bonuses at the amount funded by the formula provided under the 2012 Cash Incentive Plan.

The following table represents the threshold, target and maximum bonus for each of the Company's Named Executive Officers as a percent of such employee's annual base salary for the 2012 Cash Incentive Plan:

Executive Officer	Threshold	Target	Maximum
Douglas C. Bryant President and CEO	0%	80%	120%
Randall J. Steward Chief Financial Officer	0%	40%	60%
Robert J. Bujarski SVP, Business Development and General Counsel	0%	40%	60%
Timothy Stenzel, M.D./Ph.D. Chief Scientific Officer	0%	40%	60%
John D. Tamerius, Ph.D. SVP, Clinical/Regulatory	0%	40%	60%

Bonus payouts to our executive officers for 2012 were based seventy (70%) percent on achievement of revenue performance and EPS goals and thirty (30%) percent on corporate impact goals.

In February 2013, the Compensation Committee approved payout, effective March 1, 2013, to executive officers under the 2012 Cash Incentive Plan for achievement of revenue performance and EPS goals and corporate impact goals at 61% of target. Achievement of the revenue performance and EPS goals was at 43% of a possible 70% and achievement of the corporate impact goals was at 18% of a possible 30%. The bonuses earned by Messrs. Bryant, Steward, Bujarski, Stenzel and Tamerius were \$242,292, \$73,932, \$78,279, \$75,251 and \$70,803, respectively.

Similar to the 2012 Cash Incentive Plan, the 2013 Leadership Incentive Compensation Plan (the "2013 Cash Incentive Plan") consists of the following four components: (1) revenue performance on core products; (2) revenue performance on new products; (3) earnings-per-share (EPS); and (4) defined corporate or individual impact goals. Each component of the 2013 Cash Incentive Plan includes targets at minimum, plan/target, and maximum payout. The minimum targets serve as the threshold upon which the incentive pool will begin to fund for that component. Achievement of the components at plan/target will earn the target cash incentive opportunity. Payouts will be calculated along a linear continuum from minimum to plan/target and from plan/target to maximum with the maximum target serving as the point at which the management team will earn the highest possible cash incentive opportunity. The minimum target must be met in order for a portion of the bonus to be paid relative to any one of the four components and each component will be measured separately. The Compensation Committee may adjust the targets to take into account acquisitions and the variability in severity of the influenza season (so that management is neither enriched nor penalized for factors outside management's control). In addition, the number of shares outstanding upon the adoption of the 2013 Cash Incentive Plan will be used for calculating EPS so that changes in the number of shares outstanding do not affect the EPS metric used to calculate that component. The Compensation Committee also retains the right to exercise discretion to award bonuses at the amount funded by the formula provided under the 2013 Cash Incentive Plan.

The following table represents the threshold, target and maximum bonus for each of the Company's Named Executive Officers as a percent of such employee's annual base salary for the 2013 Cash Incentive Plan:

Executive Officer	Threshold	Target	Maximum
Douglas C. Bryant President and CEO	0%	80%	120%
Randall J. Steward Chief Financial Officer	0%	40%	60%
Robert J. Bujarski SVP, Business Development and General Counsel	0%	40%	60%
Timothy Stenzel, M.D./Ph.D. Chief Scientific Officer	0%	40%	60%
John D. Tamerius, Ph.D. SVP, Clinical/Regulatory	0%	40%	60%

Bonus payouts to our executive officers for the 2013 Cash Incentive Plan will also be based seventy (70%) percent on achievement of revenue performance and EPS goals and thirty (30%) percent on corporate impact goals.

Each of the above officers was also eligible to elect to participate in the Company's 2012 Employee Deferred Bonus Compensation Program (the "Deferred Program") with respect to any payments received under the 2012 Cash Incentive Plan. Electing officers could elect to receive 50% or 100% of the cash value of his 2012 cash bonus (the "Covered Bonus") (payable (if applicable) per the terms and conditions of the 2012 Cash Incentive Plan) in the form of fully vested, restricted stock units (the "Converted RSUs") plus an additional premium on such percentage of the Covered Bonus as additional restricted stock units, which are subject to a one-year vesting requirement (the "Premium RSUs"). The additional premium applicable to the Premium RSUs will be determined based on the length of time of the deferral period (between the date of grant and the date the shares of common stock underlying the Converted RSUs are selected to be issued) selected by the participating employee as follows: (i) if one (1) year from the date of grant, a premium of 10% on the amount deferred of the Covered Bonus, (ii) if two (2) years from the date of grant, a premium of 20% on the amount deferred of the Covered Bonus, or (iii) if four (4) years from the date of grant, a premium of 30% on the amount deferred of the Covered Bonus.

Elections for the 2012 Deferred Program, which are now irrevocable, were made by the following executive officers:

Executive Officer	Amount Deferred	Deferral Period
Douglas C. Bryant President and CEO	50%	4 years
Randall J. Steward Chief Financial Officer	0%	N/A
Robert J. Bujarski SVP, Business Development and General Counsel	50%	4 years
Timothy Stenzel, M.D./Ph.D. Chief Scientific Officer	0%	N/A
John D. Tamerius, Ph.D. SVP, Clinical/Regulatory	0%	N/A

Table of Contents

The Converted RSUs will be fully vested on the grant date. The Premium RSUs will be fully vested on the first anniversary of the grant date. Subject to the terms and conditions in the grant award agreement, the issuance of the shares of common stock underlying Converted RSUs will be issued as soon as administratively practicable after the earliest of: (1) the end of the deferral period selected by the participating employee, (2) the participating employee's separation from service to the Company, and (3) a change in the ownership or effective control of the Company, or in the ownership of a substantial portion of the assets of the Company (a Change in Control). The shares of common stock underlying the Premium RSUs will have the same applicable issuance periods as outlined in the foregoing sentence for Converted RSUs with acceleration of the one-year vesting requirement in connection with a Change in Control, provided, however, that if a participating employee's service is terminated for any reason (outside of a Change in Control) prior to the one-year vesting requirement, the Premium RSUs shall be forfeited and cancelled as of the date of such termination of service.

Each of the above officers was also eligible to elect to participate in a similar Deferred Bonus Compensation Program for 2013 (the 2013 Deferred Program) with respect to any payments received under the 2013 Cash Incentive Plan.

Elections for the 2013 Deferred Program, which are now irrevocable, were made by the following executive officers:

Executive Officer	Amount Deferred	Deferral Period
Douglas C. Bryant President and CEO	50%	4 years
Randall J. Steward Chief Financial Officer	50%	2 years
Robert J. Bujarski SVP, Business Development and General Counsel	50%	4 years
Timothy Stenzel, M.D./Ph.D. Chief Scientific Officer	0%	N/A
John D. Tamerius, Ph.D. SVP, Clinical/Regulatory	50%	2 years

Longer-Term Equity Incentive Awards

Longer-term equity-based incentive awards in the form of stock options and/or restricted stock are intended to align the interests of management with those of the Company's other stockholders and promote retention of our executives by using continued service as a requirement to receive the value of the awards. The number of stock options and/or shares of restricted stock granted is related to the individual's level of responsibility and allows executives to share in the value they help create. Generally, the Compensation Committee does not consider an executive's stock holdings or outstanding equity awards in determining the number of equity awards to be granted. The Compensation Committee believes that the Company's executive officers should be fairly compensated each year relative to market pay levels of the Company's peer group. The Compensation Committee views longer-term equity incentives as a primary compensation means for retaining executives.

Our 2012 long-term equity incentive program for our Named Executive Officers includes incentive stock-based awards in the form of both non-qualified stock options and performance-based restricted stock units. The vesting for the non-qualified stock option awards is over a four-year period with 50% vesting on the second anniversary of the grant date and the remainder vesting 25% annually thereafter. The stock options have an exercise price equal to the closing price of the Company's common stock on the date of grant. The restricted stock units have cliff vesting at the end of three years, and vesting is dependent on meeting specific EPS goals in fiscal year 2014. In addition, in the event that the Company achieves certain elevated performance metrics prior

to the end of the three year vesting period (defined by the Compensation Committee with pre-determined elevated EPS targets in either 2012 or 2013), the performance-based restricted stock units will be deemed to have met the performance requirements and will convert to time-based vesting for the remainder of the three year term.

Our 2013 long-term equity incentive program for our Named Executive Officers includes incentive stock-based awards in the form of both non-qualified stock options and time-based restricted stock units. The vesting for both the non-qualified stock option awards and the restricted stock units is over a four-year period with 50% vesting on the second anniversary of the grant date and the remainder vesting 25% annually thereafter. The stock options have an exercise price equal to the closing price of the Company's common stock on the date of grant. With the 2013 equity incentive awards, the Compensation Committee determined to award time-based restricted stock units for 2013, because the overall mix of the 2013 equity incentive awards was more heavily weighted toward stock options with 90% of the value of such awards being provided in the form of non-qualified stock options, which the Committee believes are inherently performance-based and consistent with the Company's philosophy.

In 2012, Messrs. Bryant, Steward, Bujarski, Stenzel and Tamerius were awarded non-qualified stock options and shares of performance based restricted stock units as follows:

	Dollar Value of Aggregate Award	Number of Options/Performance Based Restricted Stock Units (RSUs)
Executive Officer		
Douglas C. Bryant President and CEO	\$ 867,892	5,618 RSUs 120,393 Options
Randall Steward Chief Financial Officer	\$ 224,369	1,452 RSUs 31,125 Options
Robert J. Bujarski SVP, Business Development and General Counsel	\$ 303,050	1,962 RSUs 42,038 Options
Timothy Stenzel, M.D./Ph.D. Chief Scientific Officer	\$ 303,050	1,962 RSUs 42,038 Options
John D. Tamerius, Ph.D. SVP, Clinical/Regulatory	\$ 252,538	1,635 RSUs 35,031 Options
Equity Ownership Guidelines		

To further align the interests of our directors and executives with those of our other stockholders, the Board of Directors adopted share ownership guidelines in 2004. Under these guidelines, each non-employee director, the Chief Executive Officer, each Senior Vice President and each Vice President is required to retain and hold 50% of the shares acquired under any equity incentive award granted on or after March 19, 2004 (after subtracting shares sold to pay for option exercise costs, and relevant federal and state taxes which are assumed to be at the highest marginal tax rates). In addition, the foregoing share retention rule applies unless such director or officer beneficially owns shares with a value at or in excess of the following share ownership guidelines:

Chief Executive Officer 3 times then-current annual base salary,

Senior Vice Presidents 2 times then-current annual base salary,

Vice Presidents 1 times then-current annual base salary, and

Non-employee directors 2 times then-current annual cash retainer.

Table of Contents

The value of an individual's shares for purposes of the share ownership guidelines is deemed to be the greater of the then-current fair market value of the stock, or the individual's cost basis in the stock. Shares counted in calculating the share ownership guidelines include shares beneficially owned outright, whether from open market purchases, purchases through the 1983 Employee Stock Purchase Plan, shares retained after option exercises, and shares of restricted stock that have no further restrictions remaining. In addition, in the case of vested, unexercised, in-the-money stock options, the in-the-money value of the stock options will be included in the share ownership guidelines calculation. Directors, the Chief Executive Officer, Senior Vice Presidents and Vice Presidents have five years from their election, hire or promotion to satisfy the share ownership guidelines.

Employment and Severance Agreements

We have entered into change of control agreements with each of our executive officers in order to foster their objectivity in making decisions with respect to any pending or threatened change in control transaction and to alleviate certain risks and uncertainties with regard to our executive officers' financial and professional security that might be created by a pending or threatened change in control transaction. The details of the change in control agreements and any employment or severance arrangements entered into with our executive officers are provided under "Employment, Change in Control and Severance Arrangements" below in this Proxy Statement.

Tax Deductibility of Compensation

The Compensation Committee attempts to structure the compensation program to achieve deductibility under Section 162(m) of the Code, unless the benefit of such deductibility is outweighed by the need for flexibility or the attainment of other corporate objectives. The Compensation Committee will continue to monitor issues concerning the deductibility of executive compensation and will take appropriate action if and when it is warranted. Since corporate objectives may not always be consistent with the requirements for full deductibility, the Compensation Committee is prepared, if it deems appropriate, to enter into compensation arrangements under which payments may not be deductible under Section 162(m) of the Code. Thus, deductibility will not be the sole factor used by the Compensation Committee in ascertaining appropriate levels or modes of compensation.

Stock Option Grant Practices

As described above, the Company uses stock options as part of its overall compensation program. The stock option awards provide individuals with the right to purchase a specified number of shares of the Company's stock at a specific price. The Company sets the exercise price of the stock options that it awards at or above the closing price of the Company's stock on the grant date. Accordingly, the option grant will have value to the individual only if he or she continues in our service during the vesting period and then generally only if and to the extent that the market price of the underlying shares of common stock appreciates over the option term.

Awards of equity-based compensation to our executive officers, such as options, are determined and approved by the Board of Directors or the Compensation Committee. Equity grants are typically made at the time of hire for executives and then annually as part of the overall executive compensation review. The specific terms of the awards are determined based on the position of the individual in the organization and as part of the applicable annual equity incentive program.

New hire grants are approved by the Board of Directors or the Compensation Committee when the executive's hire is approved, with the actual option grant issued on the first date of employment and the exercise price of such options being set at the closing price of the Company's common stock on that date. Annual performance grants made as part of the overall executive compensation program are generally made as of the date of Board or Compensation Committee approval. This typically occurs prior to the end of the first quarter, with grants effective on the date of Board or Compensation Committee approval and at a price at or above the closing price on the grant date.

Table of Contents

Options granted to the Company executives typically vest over a four-year period. Generally, vesting ends when employment ends and the executive has 90 days following the end of employment within which to exercise any vested stock options.

Perquisites and Other Benefits

The Compensation Committee believes that the Named Executive Officers should participate in the same benefit programs as the Company's other employees and that special executive perquisites should be minimal. Consistent with this philosophy, the Named Executive Officers participate in the Company's employee benefit plans on the same terms as other employees. These plans include medical and dental insurance, disability coverage, life insurance, the employee stock purchase plan and the 401(k) Plan.

Compensation of the Chief Executive Officer

Our Chief Executive Officer participates in the same executive compensation program provided to our other executive officers and senior management as described above. The Compensation Committee's approach to setting compensation for the Chief Executive Officer is to be competitive with comparable companies and to have a significant portion of total compensation depend upon the achievement of performance goals for the Company.

In March 2012, the Compensation Committee approved an increase in the annual base salary for Mr. Bryant from \$482,040 to \$496,501. As described above, the Compensation Committee approved payout, effective March 1, 2013, under the 2012 Cash Incentive Plan for achievement of revenue performance and EPS goals and corporate impact goals at 61% of target, and accordingly, Mr. Bryant earned a payout of \$242,292. As discussed above under the caption Executive Compensation Compensation Discussion and Analysis Longer-Term Equity Incentive Awards, in 2012, Mr. Bryant was also awarded 5,618 performance-based restricted stock units and 120,393 non-qualified stock options.

Compensation of the Other Named Executive Officers

In March 2012, the Compensation Committee approved an increase in the base salaries of the Company's other Named Executive Officers. Base salaries were approved as follows:

Executive Officer	Prior Base Salary	2012 Base Salary
Randall J. Steward Chief Financial Officer	\$ 300,000	\$ 303,000
Robert J. Bujarski SVP, Business Development and General Counsel	\$ 311,472	\$ 320,816
Timothy T. Stenzel, M.D./Ph.D. Chief Scientific Officer	\$ 299,421	\$ 308,404
John D. Tamerius, Ph.D. SVP, Clinical/Regulatory	\$ 281,726	\$ 290,178

As described above, the Compensation Committee approved payout, effective March 1, 2013, under the 2012 Cash Incentive Plan for achievement of revenue performance and EPS goals and corporate impact goals at 61% of target, and accordingly, Messrs. Steward, Bujarski, Stenzel and Tamerius earned a payout of \$73,932, \$78,279, \$75,251 and \$70,803, respectively.

As discussed above under the caption Executive Compensation Compensation Discussion and Analysis Longer-Term Equity Incentive Awards, in 2012, Messrs. Steward, Bujarski, Stenzel, and Tamerius

were awarded shares of performance-based restricted stock units and non-qualified stock options. In 2012, performance-based restricted stock units and non-qualified stock options were awarded as described in the table included in the long-term equity incentive awards section above.

Compensation Committee Report

The Compensation Committee of the Board of Directors has reviewed the Compensation Discussion and Analysis and discussed that analysis with management. Based on its review and discussions with management, the Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis section be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2012 and this Proxy Statement. This report is provided by the following independent directors, who comprise the Compensation Committee:

- (1) These columns show the potential value of the payout for each Named Executive Officer under the 2012 Cash Incentive Plan program if the threshold, target or maximum goals were satisfied for all performance measures. The business measurements, performance goals and salary and bonus multiples for determining the payout are described in the Compensation Discussion and Analysis section. The performance measurements were achieved in fiscal year 2012 in the aggregate at the 61% level and payouts were made as described under the heading Annual Cash Incentive Awards in the Compensation Discussion and Analysis section and in Note (4) to the Summary Compensation Table.
- (2) This column shows the potential number of awards to be paid out for each Named Executive Officer related to the performance-based restricted stock units if the target is achieved. The performance-based restricted stock units for Mr. Bryant, Mr. Steward, Mr. Bujarski, Dr. Stenzel and Dr. Tamerius were granted on March 2, 2012 and have cliff vesting at the end of three years, the vesting of which is dependent on meeting specific EPS goals in fiscal year 2014. In the event that the Company achieves certain elevated performance metrics prior to the end of the three year vesting period (defined by the Compensation Committee with pre-determined elevated EPS targets in either 2012 or 2013), the performance-based restricted stock units will be deemed to have met the performance requirements and will convert to time-based vesting for the remainder of the three year term.
- (3) This column shows the number of restricted stock units to be granted in 2013 under the 2012 Employee Deferred Bonus Compensation Program. For the restricted stock units under the 2012 Employee Deferred Bonus Compensation Program the fair value is equal to (i) the amount of his bonus deferred under the Program divided by the market closing price for the Company's common stock on March 2, 2013, multiplied by (ii) either 1.2 or 1.3, as a premium.
- (4) This column shows the number of stock options granted in 2012 to the Named Executive Officers. These options vest and become exercisable ratably over four years, with one half of the award vesting on the two-year anniversary of the grant date and the remaining vesting annually thereafter through the remaining four-year vesting period.
- (5) This column shows the exercise price for the stock options granted, which was the closing price of our common stock on the date of grant.
- (6) This column shows the full grant date fair value under ASC Topic 718 of performance-based restricted stock units, restricted stock units granted under the 2012 Employee Deferred Bonus Compensation Program and stock options granted to the Named Executive Officers in 2012. For the restricted stock units under the 2012 Employee Deferred Bonus Compensation Program the fair value is equal to (i) the amount of his bonus deferred under the Program divided by the market closing price for the Company's common stock on March 2, 2013, multiplied by (ii) either 1.2 or 1.3, as a premium. For stock options, fair value is calculated using the Black-Scholes value on the grant date and is the amount that the Company will expense in its financial statements over the award's vesting schedule, unless the named executive leaves the Company. For additional information on the valuation assumptions, refer to Note 5 of our financial statements in our Annual Report on Form 10-K for the year ended December 31, 2012.

Table of Contents**Outstanding Equity Awards at 2012 Fiscal Year-End**

Each equity grant is shown separately for each Named Executive Officer. The vesting schedule for each grant is shown following this table, based on the option or stock award grant date. The market value of the stock awards is based on the closing market price of our common stock as of December 31, 2012, which was \$18.47. Employment, Change in Control and Severance Arrangements

In connection with the appointment of Mr. Bryant as our President and Chief Executive Officer, on January 16, 2009, Mr. Bryant entered into an employment agreement with us. Mr. Bryant's employment agreement sets forth the terms of his employment with us and provides for, among other matters: (i) a minimum base salary of \$450,000 per annum, subject to adjustment upward by the Board of Directors or its Compensation Committee; and (ii) an annual cash incentive bonus based upon attainment of performance goals set by the Board of Directors or its Compensation Committee with a target of at least 80% of base salary and a maximum opportunity of up to 120% of base salary.

Under his employment agreement, Mr. Bryant is an at-will employee, which means that either Mr. Bryant or we may terminate his employment at any time for any reason. However, and except in the context of a change in control, if Mr. Bryant's employment with us is terminated without cause or he terminates his employment for good reason (as defined in the employment agreement) and thereafter delivers and does not revoke a general release, he is entitled to a severance payment equal to eighteen (18) months of his then-current base salary and payment of health insurance premiums for a period of eighteen (18) months following termination. Amounts payable to Mr. Bryant upon a change in control of the Company are generally governed by his change in control agreement, dated as of January 16, 2009, which is described below.

Messrs. Steward, Bujarski, Stenzel and Tamerius are each at will employees of the Company with compensation arrangements that include, among other matters: (i) a minimum base salary, currently of \$303,000, \$320,816, \$308,404 and \$290,178 per annum, respectively and (ii) eligibility for an annual bonus in accordance with the Company's bonus plan. In addition, except in the context of a change of control, if we terminate Mr. Bujarski's employment without cause, he would be entitled to a severance payment equal to six months of his annual salary.

Each of Mr. Bryant, Mr. Steward, Mr. Bujarski, Dr. Stenzel and Dr. Tamerius has entered into a change in control agreement with us, which provides for the payment of severance benefits in the event of termination of employment in connection with a change in control of the Company. The severance benefits are payable if their respective employment with us is terminated within 30 days prior to or three years following a change in control, unless terminated for cause or the termination is the result of a voluntary resignation (which does not include resignations stemming from a material adverse change in responsibilities, status, compensation, authority or location of work place) or their death or disability.

The severance benefits under the change in control agreements generally consist of a lump sum cash payment equal to two times the sum of (i) such executive's highest annual salary rate within the three year period ending on the date of termination plus (ii) an amount equal to the annualized average of all bonuses paid to the executive during the two-year period immediately before the date of termination. In addition, the change in control agreements provide for: payment of \$25,000 to help defray the legal, tax and accounting fees and other costs associated with transitional matters; continued coverage for two years under our group medical insurance, group dental insurance, group-term life insurance and disability insurance programs unless and to the extent the executive obtains concurrent coverage through another program in which case our coverage will be terminated or reduced as applicable; and immediate vesting and exercisability of any and all unvested stock options and restricted stock of the executive (unless previously waived or otherwise expressly agreed to by the executive).

Table of Contents**Potential Post-Employment Payments**

As described above, our Named Executive Officers have employment, severance and/or change of control agreements with us. The table below illustrates the compensation that would be payable by the Company to each Named Executive Officer in the event of a change in control of the Company or a termination of the Named Executive Officer's employment with the Company for various described reasons, sometimes referred to in this section as a triggering event. In accordance with applicable rules of the Securities and Exchange Commission, the following discussion assumes:

that the triggering event in question, the death, disability, change in control or termination occurred on December 28, 2012, which was the last full business day prior to the last day of our 2012 fiscal year end which fell on Sunday, December 30, 2012; and

the calculations provided below are based on the closing market price of our common stock as of December 28, 2012, which was \$18.47.

In addition, in connection with any actual termination of employment, the Board of Directors or the Compensation Committee may determine to enter into an agreement providing additional benefits or amounts, or altering the terms of benefits described below, as deemed appropriate by the Compensation Committee or the Board of Directors. The actual amounts that would be paid upon a Named Executive Officer's termination of employment can only be determined at the time of such executive's separation from the Company. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be higher or lower than reported below. Factors that could affect these amounts include our stock price at the time of termination and determinations by our Board of Directors.

INSIDER PARTICIPATION IN COMPENSATION DECISIONS**

AUDIT COMMITTEE MATTERS

Report of the Audit Committee of the Board of Directors

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements in our Annual Report on Form 10-K for the year ended December 31, 2012 with management, including a discussion of the quality, not just the acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee has discussed and reviewed with our independent registered public accounting firm all matters required to be discussed by the Statement on Auditing Standards No. 114 (The Auditor's Communication With Those Charged With Governance), as may be modified or supplemented. The Audit Committee has met with the independent registered public accounting firm to discuss the overall scope and plans for the independent registered public accounting firm's audit, the results of its examinations, its evaluations of our internal controls and the overall quality of our accounting and financial reporting. The Audit Committee also discussed with the independent registered public accounting firm its judgments as to the substance and clarity, not just the acceptability, of our accounting principles and financial statement disclosures. The Audit Committee has also considered whether the independent registered public accounting firm's provision of non-audit services to us is compatible with the independent registered public accounting firm's independence.

The Audit Committee also reviewed management's report on its assessment of the effectiveness of our internal control over financial reporting and Ernst & Young LLP's report on the effectiveness of internal control over financial reporting.

The Audit Committee has received from the independent registered public accounting firm a formal written statement describing all relationships between the independent registered public accounting firm and us that might bear on the independent registered public accounting firm's independence consistent with the Public Company Accounting Oversight Board (PCAOB) Rule 3526 (Communication with Audit Committees Concerning Independence), as may be modified or supplemented, discussed with the independent registered public accounting firm any relationships that may impact its objectivity and independence, and has satisfied itself as to the independent registered public accounting firm's independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board of Directors has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2012.

Policy on Audit Committee Pre-approval of Audit and Permissible Non-audit Services

The Audit Committee has the responsibility for appointing, compensating, retaining and overseeing the work of the independent registered public accounting firm. The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee may also pre-approve particular services on a case-by-case basis. In assessing requests for services by our independent registered public accounting firm, the Audit Committee considers whether such services are consistent with the auditor's independence, whether the independent registered public accounting firm is likely to provide the most effective and efficient service, and whether the service could enhance our ability to manage or control risk or improve audit quality.

All of the audit, audit-related, tax-related and all other fees provided by Ernst & Young LLP in fiscal years 2012 and 2011 (and as described in the footnotes to the table above) were approved in advance by the Audit Committee.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the securities laws of the U.S., our directors and executive officers and persons who own more than 10% of our common stock are required to report their initial beneficial ownership of our common stock and any subsequent changes in that ownership to the Securities and Exchange Commission. Specific due dates for these reports have been established, and we are required to disclose in this Proxy Statement any late filings during the year ended December 31, 2012. To our knowledge, all of the reports during 2012 were timely filed, except Mr. Dammeyer had one transaction filed subsequent to the required deadline on one Form 4 due to a filing code error.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review and Approval of Related Party Transactions

Our Audit Committee reviews all relationships, transactions and arrangements in which the Company and any director, nominee for director, greater than 5% beneficial holder of Company stock or any immediate family member of any of the foregoing are participants (Interested Transactions) to determine whether such persons have a direct or indirect material interest and whether to approve, disapprove or ratify an Interested Transaction. Our legal and finance departments assist in monitoring Interested Transactions and our Audit Committee reviews, approves (or disapproves) or ratifies Interested Transactions. In addition, our written policy provides that no director shall participate in any discussion or approval of an Interested Transaction for which he or she is a related party, except that the director shall provide all material information concerning the Interested Transaction to the Audit Committee.
