PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the Board) of Lumber Liquidators Holdings, Inc. (the Company, us or we) for use at the 2013 Annual Meeting of Stockholders (the Annual Meeting) to be held on Thursday, May 16, 2013, at the time and place set forth in the notice of the meeting, and at any adjournments or postponements thereof. The approximate date on which this Proxy Statement and form of proxy are first being mailed to stockholders is April 10, 2013.

If the enclosed proxy is properly executed and returned, it will be voted in the manner directed by the stockholder. If no instructions are specified, proxies will be voted for the directors listed in Proposal One and in favor of Proposals Two and Three. In addition, if other matters properly come before the Annual Meeting or any adjournments or postponements thereof, the persons named in the accompanying proxy and acting thereunder will have discretion to vote on such matters in accordance with their best judgment. Any person giving the enclosed form of proxy has the power to revoke it by voting in person at the Annual Meeting, or by giving written notice of revocation to our corporate secretary at any time before the proxy is exercised. Please note, however, that if your shares are held of record by a broker, bank or nominee and you wish to vote at the Annual Meeting, you will not be permitted to vote in person unless you first obtain a proxy issued in your name from the record holder.

A quorum is necessary for the transaction of business at the Annual Meeting. A quorum exists when a majority of the common stock entitled to vote at the Annual Meeting is present either in person or by proxy. Abstentions, broker non-votes and votes withheld for director nominees will count as shares present at the Annual Meeting for purposes of determining whether a quorum exists. With respect to the election of directors, such election will be decided by plurality vote of the votes cast at the Annual Meeting, either in person or by proxy. Brokers may not vote on the election of directors without instructions from the beneficial owners of the shares. The three nominees for director receiving the highest number of votes cast in person or by proxy at the Annual Meeting will be elected. For approval of the ratification of auditors and advisory vote on executive compensation, the votes cast at the Annual Meeting in favor of each proposal, either in person or by proxy, must exceed the votes cast opposing the action. Brokers have discretionary authority to vote on the ratification of auditors, but may not vote on the advisory vote on executive compensation without instructions from the beneficial owners of the shares. Abstentions and broker non-votes will not affect the outcome of the votes. Our inspector of elections will tabulate the votes cast by each proxy and in person at the Annual Meeting.

We will bear the cost of the solicitation. In addition to mailing this material to stockholders, we have asked banks and brokers to forward copies to persons for whom they hold our stock and request authority for execution of the proxies. We will reimburse the banks and brokers for their reasonable out-of-pocket expenses in doing so. Our officers and regular employees, without being additionally compensated, may solicit proxies by mail, telephone, telegram, facsimile or personal contact. All reasonable proxy soliciting expenses will be paid by us in connection with the solicitation of votes for the Annual Meeting.

Our principal executive offices are located at 3000 John Deere Road, Toano, Virginia 23168, telephone number (757) 259-4280.

Record Date and Voting Securities

Only stockholders of record at the close of business on April 2, 2013 are entitled to notice of and to vote at the Annual Meeting. On that date, we had outstanding and entitled to vote 27,341,459 shares of common stock, \$0.001 par value per share. Each outstanding share of our common stock entitles the record holder to one (1) vote on each matter.

PROPOSAL ONE

ELECTION OF DIRECTORS

The Board of Directors is currently fixed at eight (8) members divided into three classes, with each class having as nearly as possible one-third of the total number of directors. The three-year terms of each class are staggered so that the term of one class expires at each annual meeting. The term of office of our Class I directors will end at this year's Annual Meeting of Stockholders. Our Class II directors' terms will end at the Annual Meeting of Stockholders in 2014. Our Class III directors' terms will end at the Annual Meeting of Stockholders in 2015. Each director serves a three-year term and will continue in office until a successor has been elected and qualified, subject to earlier resignation, retirement or removal from office. The Board, upon the recommendation of the Nominating and Corporate Governance Committee, has nominated Macon F. Brock, Jr., John M. Presley and Thomas D. Sullivan for reelection to the Board as Class I directors for three-year terms ending in 2016. The following pages set forth information concerning the nominees and the directors whose terms of office will continue after the Annual Meeting including certain experiences, qualifications, attributes and/or skills that led us to conclude that each of them should serve as a director.

If any nominee is unable to serve as a director, the persons named in the enclosed proxy reserve the right to vote for a lesser number of directors or for a substitute nominee designated by the Board, to the extent consistent with our Certificate of Incorporation and our Bylaws. All of the nominees listed above have consented to be nominated and to serve if elected. We do not expect that any nominee will be unable to serve.

CORPORATE GOVERNANCE

We are committed to having sound corporate governance principles. Our Code of Business Conduct and Ethics, which applies to our directors, officers and employees, our Corporate Governance Guidelines and the charters of the Audit, Compensation and Nominating and Corporate Governance Committees are available on our website, www.lumberliquidators.com, and are also available in print, free of charge, to any stockholder who requests them. Such requests should be directed to Corporate Secretary, Lumber Liquidators Holdings, Inc., 3000 John Deere Road, Toano, Virginia 23168.

Independence

The Board, in its business judgment, has determined that the following six of its eight members are independent from us, including under the independence standards contained in rules of the New York Stock Exchange (NYSE): Macon F. Brock, Jr., Douglas T. Moore, John M. Presley, Peter B. Robinson, Martin F. Roper and Jimmie L. Wade. In reaching this conclusion, the Board considered whether we conduct business and have other relationships with organizations of which certain members of the Board or members of their immediate families are or were directors or officers. Our non-management directors had no transactions, arrangements or relationships with us, other than as directors and stockholders.

Lead Outside Director

Our Corporate Governance Guidelines provide for a lead outside director to be elected by vote of the outside directors to serve in that role either until the expiration of his or her then-current term as a director or until the outside directors otherwise choose to elect a new lead outside director. The lead outside director is responsible for coordinating the activities of the other outside directors, including the establishment of the agenda for executive sessions of the outside directors, with or without the presence of management. Currently, Mr. Presley serves as our lead outside director.

Board Leadership Structure

The Board does not have a policy on whether or not the roles of chief executive officer and chairman of the Board should be separate and, if they are to be separate, whether the chairman of the Board should be selected from the non-employee directors or be an employee. The offices of chief executive officer and chairman of the Board have been at times combined and at times separated, and the Board considers such combination or separation in conjunction with, among other things, its succession planning processes. Our Board believes that it should be free to make a choice regarding the leadership structure from time to time in any manner that is in our and our stockholders' best interests.

We currently have separate individuals serving as chairman of the Board and as chief executive officer. Under the current structure, both the chairman and chief executive officer have responsibility for our business strategy and financial performance. Our chairman focuses on strategic matters relating to our marketing efforts and certain merchandising opportunities, while the chief executive officer is responsible for our operations and day-to-day management direction and execution. We believe that this separation of the positions represents the appropriate structure for us at this time.

Committees of the Board

The Board has established three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee, each composed of directors the Board has determined to be independent. Each committee operates pursuant to a written charter adopted by the Board that sets forth its roles and responsibilities and provides for an annual evaluation of its performance. The charters of all three committees are available at the investor relations page of our website at www.lumberliquidators.com and

Table of Contents

will be provided to any stockholder without charge upon the stockholder's written request to our corporate secretary. Each year, committee and committee chair assignments are made at the Board meeting immediately following the Annual Meeting of Stockholders. The current composition of each committee is as follows:

Audit	Compensation	Nominating and Corporate Governance
John M. Presley *	Martin F. Roper *	Douglas T. Moore *
Douglas T. Moore	Macon F. Brock, Jr.	Macon F. Brock, Jr.
Martin F. Roper	Peter B. Robinson	John M. Presley
Jimmie L. Wade		

* Indicates chairperson of the committee.

The Board may establish such other committees as it deems appropriate, in accordance with applicable law and regulations and our Certificate of Incorporation and Bylaws.

Audit Committee. The Audit Committee assists the Board in fulfilling the oversight responsibility of the Board to the stockholders relating to the integrity of our financial statements, compliance with legal and regulatory requirements, the qualifications, independence and performance of our independent registered public accounting firm and the performance of the internal audit function. The Committee is directly responsible for the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm. The Audit Committee approves procedures for the pre-approval of audit and non-audit services provided to us by any independent auditors. It is also responsible for establishing, publishing, maintaining and overseeing our whistleblower procedures and our compliance and ethics program.

The Board, in its business judgment, has determined that all of the members of the Audit Committee are independent, as determined in accordance with the rules of the NYSE and any relevant federal securities laws and regulations. The Board also has determined that all of the Committee members are financially literate as defined by the rules of the NYSE and that Mr. Presley qualifies as an audit committee financial expert as defined by regulations of the Securities and Exchange Commission (SEC).

No member of the Audit Committee served on any audit or similar committee of any other publicly held company in 2012.

Compensation Committee. The Compensation Committee has overall responsibility for evaluating and approving our executive officer incentive compensation, benefit, severance, equity-based or other compensation plans, policies and programs. The Compensation Committee may, in its discretion, engage outside consultants to assist in evaluating and determining appropriate compensation levels for our executives. The Compensation Committee has produced an annual report on executive compensation that is included in this Proxy Statement. The Board, in its business judgment, has determined that all of the members of the Compensation Committee are independent, as determined in accordance with the rules of the NYSE.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee assists the Board in implementing sound corporate governance principles and practices. The Nominating and Corporate Governance Committee also is charged with considering and recruiting individuals qualified to become Board members, conducting inquiries into the background, independence and qualifications of any candidates and recommending to the Board the director nominees. In performing these duties, the Nominating and Corporate Governance Committee uses its network of contacts to compile potential candidates, but may also engage, if it deems appropriate, a professional search firm. It also reviews the qualifications and independence of the members of the Board and its various committees on a regular basis and makes any recommendations the committee members may deem appropriate from time to time concerning any recommended changes in the composition of the Board. The Board, in its business judgment, has determined that all of the members of the Nominating and Corporate Governance Committee are independent, as determined in accordance with the rules of the NYSE.

Table of Contents

The Nominating and Corporate Governance Committee will consider timely stockholder recommendations for candidates to serve on the Board. Such recommendations shall be sent to our corporate secretary and shall include (1) all information relating to the recommended person that is required to be disclosed in solicitations of proxies for election of directors in an election contest and such other information as we may require pursuant to any policy governing the selection of directors, and (2) a written consent from the recommended individual to being named in the proxy statement as a nominee and to serving as a director if elected. If the recommendation is not timely and in proper form, the nominee will not be considered by the committee. To be timely for the 2014 Annual Meeting, the recommendation must be received within the time frame set forth in Deadlines for Submission of Stockholder Proposals below. Nominees for director are selected in the context of an assessment of the perceived needs of the Board at the time and on the basis of, among other things, the following:

- | | |
|-----------------------|--|
| strength of character | specific areas of expertise |
| judgment | understanding of our business |
| skill | principles of diversity |
| education | reputation |
| business experience | other personal attributes or special talents |

Nominees should also be willing to spend the time necessary to discharge their responsibilities appropriately and to ensure that other existing or future commitments do not materially interfere with their responsibilities as members of the Board.

In determining the composition of the Board, the Nominating and Corporate Governance Committee seeks to include a diverse and complimentary range of skills and experience among our directors. Although it does not have a formal diversity policy, the Nominating and Corporate Governance Committee believes that the presence of differing viewpoints on the Board is a benefit to us. Accordingly, the Nominating and Corporate Governance Committee considers principles of diversity, which include, among other things, diversity in backgrounds, perspectives, expertise and qualifications, when assessing the Board as a whole, and individual director candidates.

Risk Management

We have designed and implemented processes to manage risk in our business. The Board’s role in risk management is primarily one of oversight with the day-to-day responsibility for risk management implemented by our management team. The Board regularly reviews information provided by management regarding our business strategy, financial position and operations, and considers associated risks. In addition, the Board executes its oversight role through its Audit Committee and other committees which report regularly to the Board on their activities.

With regard to those committee activities, the Audit Committee has principal responsibility for implementing the Board’s risk management oversight role. The Audit Committee reviews management’s assessment of the key risks that we face, including the main controls upon which we rely to mitigate those risks. In particular, the Audit Committee focuses on financial and enterprise risk, including internal controls, and assesses our risk profile with our management and internal and external auditors. The internal control risk profile drives our internal audit plan. The Audit Committee also handles violations of our Code of Ethics and related corporate policies. The Nominating and Corporate Governance Committee assists in risk management by overseeing our compliance with legal and regulatory requirements and risks relating to our governance structure. The Compensation Committee reviews risks relating to the incentives inherent in our compensation policies.

Board and Committee Attendance and Executive Sessions

During fiscal year 2012, the Board held a total of five meetings and took additional actions by unanimous written consent; the Audit Committee held seven meetings and took additional actions by unanimous written

Table of Contents

consent; the Compensation Committee held four meetings and took additional actions by unanimous written consent; and the Nominating and Corporate Governance Committee held three meetings and took additional actions by unanimous written consent. At the meetings of the Board, it is the practice of the Board to hold an executive session without management present, as well as a separate executive session with just the independent directors. During fiscal year 2012, each director attended 100% of the meetings of the Board and committees on which he served.

We strongly encourage all directors to attend Annual Meetings of Stockholders. All of our directors serving at the time attended the 2012 Annual Meeting of Stockholders, and it is expected that all current directors will attend the 2013 Annual Meeting of Stockholders.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

Our overall compensation philosophy is to maintain effective compensation programs that are as simple and flexible as possible, and permit us to make responsive adjustments to changing market conditions. We strive to provide our executives with compensation that is competitive within our industry, considering, among other things, geographic location. In doing so, we seek to attract and retain the key employees necessary to achieve the continued growth and success of our business while remaining mindful of our desire to control costs. Further, it is our intent to align executive pay with stockholders' interests, recognize individual accomplishments and unite executive management behind common objectives.

The Compensation Committee of the Board is responsible for implementing and administering our compensation plans and programs. In that role, the Compensation Committee reviews our executive compensation program every year and may conduct market analyses of executive compensation as it determines are necessary to ensure that our compensation programs meet our objectives. Decisions by the Compensation Committee relating to the compensation of our executive officers are reported to and approved by the full Board. The Compensation Committee consults, and expects to continue to consult, with the chief executive officer, the chairman and other members of management in the exercise of its duties. Notwithstanding such consultation, the Compensation Committee retains absolute discretion over all compensation decisions with respect to the executive officers, including the chief executive officer and the chairman.

In determining the compensation of our executive officers, the Compensation Committee evaluates total overall compensation, as well as the mix of salary, cash bonus incentives and equity incentives, using a number of factors including the following:

our financial and operating performance, measured by attainment of specific strategic objectives and operating results;

the duties, responsibilities and performance of each executive officer, including the achievement of identified goals for the year as they pertain to the areas of our operations for which the executive is personally responsible and accountable;

historical cash and equity compensation levels; and

compensation competitiveness.

Compensation levels for executives are differentiated based on the principle that total compensation should increase with an executive's position and responsibilities, while at the same time, a greater percentage of total compensation should be tied to corporate and individual performance as position and responsibilities increase.

2012 Compensation Program

In 2012, we employed a combination of base salary, annual cash bonus awards and equity incentive awards to compensate our executive officers. Although we do not have a target mix of compensation components, we believe that each element can serve an important role in motivating and rewarding our executives. To that end, in setting the value and combination of the various components, we sought to compensate our executives in accordance with each executive's individual performance and with our performance on both an annual and long-term basis. Further, we seek to align a significant portion of an executive's total compensation to the creation of stockholder value.

Base Salary. Base salary levels for our executive officers are reviewed each year and adjusted based upon a variety of factors including the executive's tenure with us, scope of responsibility, individual performance, internal equity, experience and changes in the competitive marketplace. The factors impacting base salary levels

Table of Contents

are not independently assigned specific weights. In early 2012, Mr. Lynch reviewed the base salary for each executive officer, including Mr. Sullivan and himself, and presented the Compensation Committee with recommendations regarding changes in the base salaries for such executive officers.

The Compensation Committee considered Mr. Lynch's recommendations as well as the factors noted above in determining the base salaries for the executive officers. Further, the Compensation Committee assessed, among other factors, their accomplishments during the prior year, their influence on our performance and their responsibilities for our operations, as well as the economic environment and expense considerations. Specifically, with regard to Mr. Lynch, his increased base salary in 2012 reflects, among other things, his new position as Chief Executive Officer. In setting the 2012 base salary for Mr. Schlegel, the Compensation Committee recognized, among other things, his key role in the initial implementation of certain successful sourcing initiatives.

With regard to our named executive officers, the following adjustments to their base salaries were recommended by the Compensation Committee and approved by the Board:

Executive	2011 Base Salary(1)(\$)	2012 Base Salary(2)(\$)	Percentage Change
Mr. Lynch	500,000	575,000	15.0%
Mr. Terrell	280,500	294,525	5.0%
Mr. Sullivan	324,450	330,939	2.0%
Mr. Schlegel	275,000	316,250	15.0%
Mr. Pescara	290,178	298,013	2.7%

(1) These figures represent the annualized base salary for each individual after his 2011 review.

(2) These figures represent the annualized base salary for each individual after his 2012 review.

Annual Cash Bonus Awards. In 2012, our executive officers had the opportunity to earn an annual cash bonus under our Annual Bonus Plan for Executive Management (the "Bonus Plan"). The Bonus Plan is expressed as a percentage of annual base salary. The targeted bonus percentages vary among the Bonus Plan participants based upon, among other things, their responsibilities, ability to influence operations and performance, and position. Specifically, the following sets forth the target bonus amounts for our named executive officers and the amounts awarded and to be paid to each under the Bonus Plan for 2012:

Executive	2012 Base Salary(1)(\$)	Target Bonus Percentage	Target Bonus Amount(\$)	Percentage of Target Bonus Awarded for 2012	Bonus Amount Awarded for 2012(2)(\$)
Mr. Lynch	575,000	100%	575,000	113.8%	654,063
Mr. Terrell	294,525	60%	176,715	112.5%	198,804
Mr. Sullivan	330,939	100%	330,939	113.7%	376,443
Mr. Schlegel	316,250	50%	158,125	113.5%	179,472
Mr. Pescara	298,013	50%	149,007	115.0%	171,357

(1) These figures represent the annualized base salary for each individual after his 2012 review.

(2) The bonus awards for 2012 were determined in February 2013 and paid in March 2013.

The 2012 Bonus Plan included two components. The first component was based upon our performance against financial goals set by the Compensation Committee. The second relates to each individual's performance against established personal goals for that individual. These personal goals are based on the areas of our operations for which the executive is personally responsible and accountable. For our executives, the target bonus amount was weighted more heavily toward the corporate financial performance component, thereby more closely

Table of Contents

aligning executives' interests with the interests of stockholders. Specifically, in 2012, the two components were weighted for the named executive officers as follows:

- 75% on corporate performance against financial goals, and
- 25% on the achievement of personal goals established for each named executive officer.

For the corporate performance goal in 2012, the Compensation Committee determined that diluted earnings per share (EPS), exclusive of non-recurring items, represented the most comprehensive financial measure in evaluating executive performance. A scale was established which set percentages of the corporate performance component that would be paid out depending on our actual EPS for the year. The scale was designed to provide incentive bonuses for superior achievement, while being consistent with the Compensation Committee's views on the appropriate levels of total compensation. The applicable scale for 2012 is set forth below:

Actual 2012 EPS	Corporate Performance Award Percentage
Below \$1.00	Zero
\$1.10 - \$1.02	25%
\$1.03 - \$1.07	50%
\$1.08 - \$1.14	75%
\$1.15 - \$1.25	100%
\$1.26 - \$1.37	110%
Above \$1.37	120%

In 2012, our actual EPS was \$1.68 per share. Accordingly, 120% of the corporate performance component of the Bonus Plan was awarded to the Bonus Plan participants.

For the personal goal portion of the Bonus Plan in 2012, we sought to establish objectives for the executives that were both specific and, when possible, measurable with the understanding that they must be compatible with the individual's position. The goals were weighted to provide greater consistency between the individual's key areas of responsibility and the determination of the individual's bonus award, if any. For each goal, it was possible for the Bonus Plan participant to receive a partial payment based upon his/her performance as evaluated by the Compensation Committee.

The Compensation Committee was provided with self-assessments from each named executive officer. In addition, Mr. Lynch provided the Compensation Committee with recommendations regarding the proposed payout for each named executive officer, including Mr. Sullivan and himself, under the personal goals component of the Bonus Plan. His recommendations included an assessment of each named executive officer's performance against his personal goals and general contribution to the success of our operations. The Compensation Committee considered, among other things, the self-assessments, Mr. Lynch's recommendations and certain operational and financial information. The Compensation Committee then recommended, and the Board approved, the award of the following sums to the named executive officers under the personal goals component of the Bonus Plan for 2012:

Executive	Personal Goal Target Amount(1)(\$)	Percentage of Personal Goal Target Awarded	Personal Goal Amount Awarded(\$)
Mr. Lynch	143,750	95%	136,563
Mr. Terrell	44,179	90%	39,761
Mr. Sullivan	82,735	95%	78,598
Mr. Schlegel	39,531	94%	37,159
Mr. Pescara	37,252	100%	37,252

- (1) The Personal Goal Target Amount is 25% of the Target Bonus Amount for each named executive officer.

Mr. Lynch's personal goals involved both financial and operational objectives. Specifically, his goals, and the weighting of those goals as a percentage of his personal goal target, were as follows: (a) achieve sales targets (50%); (b) achieve gross margin targets (25%); and (c) improvement of inventory management (25%). Upon review and consideration of his performance, it was determined that he achieved his goals relating to sales and gross margin and partially achieved his other goal. As a result, Mr. Lynch was awarded 95% of his personal goal target amount.

Mr. Terrell's personal goals were focused primarily on effectively managing our financial strategies and initiatives. Specifically, his goals, and the weighting of those goals as a percentage of his personal goal target, were as follows: (a) the development of significant initiatives tracking (25%); (b) the reduction of operational expenses (25%); (c) the development and leadership of an improved loss prevention process (25%); and (d) improvement of financial analyses as part of the real estate strategy (25%). Upon review and consideration of his performance, it was determined that he achieved his goals relating to operational expenses and real estate analyses and partially achieved his other goals. As a result, Mr. Terrell was awarded 90% of his personal goal target amount.

Mr. Sullivan's personal goals were focused primarily on effectively managing our marketing, advertising and merchandising strategies and employee development initiatives. Specifically, his goals, and the weighting of those goals as a percentage of his personal goal target, were as follows: (a) participation in employee development initiatives (25%); (b) enhancement of marketing and advertising strategies (25%); (c) participation in development of international strategies (25%); and (d) enhancement of merchandising strategies (25%). Upon review and consideration of his performance, it was determined that he achieved his goals relating to employee development and marketing and advertising strategies and partially achieved his other goals. As a result, Mr. Sullivan was awarded 95% of his personal goal target amount.

Mr. Schlegel's personal goals were focused primarily on effectively managing our merchandising strategies and initiatives. Specifically, his goals, and the weighting of those goals as a percentage of his personal goal target, were as follows: (a) improvement of sales and gross margin through enhanced merchandising and sourcing (60%); (b) improvement of inventory management (30%); and (c) leadership and personal development (10%). Upon review and consideration of his performance, it was determined that he achieved his goals relating to sales and gross margin, and leadership and personal development and partially achieved his other goal. As a result, Mr. Schlegel was awarded 94% of his personal goal target amount.

Mr. Pescara's personal goals were focused primarily on effectively managing our marketing and advertising strategies and initiatives. Specifically, his goals, and the weighting of those goals as a percentage of his personal goal target, were as follows: (a) achieve sales targets through coordination with merchandising and store operations (40%); (b) achieve commercial sales targets (20%); (c) achieve advertising leverage (20%); and (d) achieve comparable store net sales target (20%). Upon review and consideration of his performance, it was determined that he achieved all of his goals. As a result, Mr. Pescara was awarded 100% of his personal goal target amount.

In addition to the annual cash bonus awarded under the Bonus Plan, Mr. Lynch, Mr. Sullivan and Mr. Schlegel received discretionary cash bonuses of \$7,187, \$4,137 and \$2,372, respectively, for individual accomplishments that supported our business in 2012 but were not included in their personal goals under the Bonus Plan.

Long-Term Equity Incentive Awards. The long-term component of our compensation program consists of the grant of equity awards that are intended to create a mutuality of interest with stockholders by motivating our executive officers to manage our business so that our stockholders investment will grow in value over time. The equity awards are also intended to reward longevity and increase retention, as we do not maintain a defined benefit pension plan or provide other post-retirement medical or life benefits. Because the benefit received, if any, depends upon the performance of our stock price over the term of the equity incentive award, such awards are intended to provide incentives for executive officers to enhance our long-term performance, as reflected in stock price appreciation over the long term, thereby increasing stockholder value.

Table of Contents

We currently provide equity awards pursuant to the Lumber Liquidators Holdings, Inc. 2011 Equity Compensation Plan (the 2011 Plan), from which we may, among other things, grant stock options, restricted stock awards and other equity awards. Equity awards to the executive officers have generally been in the form of non-qualified stock options with vesting periods of four years and terms of ten years. We intend equity awards to be a meaningful portion of our executive officers' total compensation in order to align their interests with our long-term growth and the creation of stockholder value.

In 2012, Mr. Lynch was not awarded any equity in light of previously granted equity awards pursuant to his employment agreement, the terms of which are discussed in greater detail in the Discussion of the Summary Compensation Table and Grants of Plan-Based Awards Table below. With regard to Mr. Sullivan, the Compensation Committee believed that his existing equity interests and other compensation provides sufficient alignment with stockholder interests and focus on long-term growth. In determining the amounts of the equity awards for the other named executive officers, the Compensation Committee considered recommendations submitted by Mr. Lynch and an evaluation of the fair value of the equity award in relation to the individual's total compensation. Additionally, the equity awards for the other named executive officers were based upon their respective responsibilities as well as retention considerations and compensation levels among our other executive officers. The following is a list of the equity awards approved by the Compensation Committee and the Board and awarded to our named executive officers in 2012:

Executive	2012 Option Awards(\$)(1)(2)

Mr. Terrell	149,998

Special Equity Awards

In anticipation of setting executive compensation for 2013, the Compensation Committee engaged in a review and assessment of our executive compensation program. In connection with that review and assessment, the Compensation Committee retained Pearl Meyer & Partners (PMP) to provide a market-based perspective on executive compensation. The Compensation Committee, after considering the factors under recently promulgated SEC and NYSE standards and other factors, determined that PMP was independent and that its engagement did not present any conflicts of interest. PMP also determined that it was independent and free from conflict with respect to the engagement and confirmed this in a written statement delivered to the Chair of the Compensation Committee.

As part of the compensation review process for 2013, the Compensation Committee selected a peer group based on an analysis by PMP and the Compensation Committee's own independent judgment. These peers are generally specialty retailers that fell within a reasonable range (both above and below the Company) of

Table of Contents

comparative factors such as revenue, EBITDA, operating margin and market capitalization. The list of peers is as follows:

hhgregg, Inc.	rue21, Inc.	West Marine, Inc.
Pier 1 Imports, Inc.	Select Comfort Corp.	Haverty Furniture Companies, Inc.
Jos. A. Bank Clothiers, Inc.	Hibbett Sports, Inc.	Zumiez, Inc.
Vitamin Shoppe, Inc.	Mattress Firm Holding Corp.	Kirkland's, Inc.
Connors, Inc.	Monro Muffler Brake, Inc.	
Shoe Carnival, Inc.	Orchard Supply Hardware	

In reviewing information on this peer group in connection with its deliberations regarding 2013 executive compensation, the Compensation Committee observed that the 2012 Bonus Plan had limited upside potential to reward outstanding performance compared to many of the identified peers. Specifically, the 120% cap on the corporate performance component of the 2012 Bonus Plan was significantly lower than the maximum cash bonus ranges of 150% to 250% of target for a number of the peers. This limitation was pronounced in 2012 as the Company had an outstanding year and achieved record results in net sales, gross and operating margin, net income and free cash flow. In addition, the Company successfully implemented a number of new initiatives relating to, among other things, its marketing, employee development, supply chain, operations and real estate strategies.

In order to address this situation and after considering input from management, the Compensation Committee recommended, and the Board approved, a special restricted stock grant in 2013 to the Company's executives for their exceptional performance in 2012. The special award was made in restricted stock with a one-year vesting requirement to enhance retention in an environment with increasing competition. Regarding Mr. Sullivan, the Compensation Committee believed that his other compensation provided appropriate reward for his contribution to our success in 2012. The following is a list of the special restricted stock awards approved by the Compensation Committee and the Board and awarded to our named executive officers:

Executive	2013 Special Restricted Stock Awards for 2012 Performance\$(1)
Mr. Lynch	344,958
Mr. Terrell	105,982
Mr. Schlegel	94,874
Mr. Pescara	89,350
Mr. Sullivan	

(1) The amounts in this column reflect the aggregate grant date fair value of stock awards granted computed in accordance with ASC 718, *Compensation - Stock Compensation*. Because these awards were made in 2013, they are not included in the Summary Compensation Table or Grants of Plan-Based Awards for Fiscal Year 2012 table that follow.

Claw Back Provisions

Under our equity award agreements, in the event the Compensation Committee determines that an executive willfully engaged in conduct harmful to us, the equity award may be forfeited and/or the executive may be required to repay any stock acquired or received as a result of the award or any sums realized as a result of the sale of stock acquired or received as a result of the award. Likewise, under the Bonus Plan, the Compensation Committee may require an executive to repay all or any portion of an award issued under the Bonus Plan if the Compensation Committee determines that the award was earned based on inaccurate financial objectives, performance data, metrics or other information or that the participant willfully engaged in conduct harmful to us. Furthermore, our equity award agreements and our Bonus Plan now contain clawback provisions that are intended to comply with Section 954 of Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010

Table of Contents

and all regulations and rulemaking thereunder. Specifically, if, as a result of material non-compliance with any financial information required to be reported under securities laws, the Company is required to prepare a restatement of its financial statements, then any awards or payments will be forfeited or repaid with the amount of such forfeiture or repayment to be equal to the difference between the award or payment received and the amount, if any, of the award or payment that would have been granted or issued based on the restated financial statements.

Prohibition on Pledging or Hedging Company Stock

In 2013, our Board revised our Insider Trading Policy to provide that no insider, which includes our officers and directors, may pledge the Company's securities or hold the Company's securities in a margined account. Further, our policy prohibits our insiders and employees from buying or selling options, warrants, puts and calls or similar instruments on the Company's securities, selling the Company's securities short or entering into hedging or monetizing transactions or similar arrangements with respect to the Company's securities. For purposes of our Insider Trading Policy, a copy of which can be found on our website, insiders include, among others, our officers and directors.

2013 Compensation Program

As noted above, the Compensation Committee examined and assessed our executive compensation program in preparation for its determination of compensation components and levels in 2013. In addressing and considering the program for 2013, the Compensation Committee reviewed PMP's report to, among other things, gather insight regarding the compensation practices at other companies. Further, as part of its deliberations and assessment, the Compensation Committee considered the following objectives:

maintaining a straightforward and flexible program;

offering competitive compensation packages necessary to attract and retain key executives;

providing non-equity incentive compensation that depends on our financial performance as compared against established goals and rewards executives for outstanding results; and

providing an appropriate link between compensation and the creation of stockholder value through equity awards tied to our long-term performance.

After considering the results of the review, the Compensation Committee recommended, and the Board agreed, to continue to utilize a mix of base salary, annual cash bonus awards and equity incentive awards in 2013. These components of executive compensation are designed to be used together to strike an appropriate balance between cash and equity compensation and between short-term and long-term value creation. For 2013, certain changes were implemented in our compensation structure which we believe will assist us in meeting our executive compensation objectives. Those changes include:

The annual cash bonus will continue to be used to incentivize our executives to successfully coordinate efforts, in both the short and long terms, to enhance our business, and therefore stockholder value. In contrast to prior years, however, the annual cash bonuses will be awarded based only on our achievement of certain objective financial performance measures relating to our operating income. The personal goals component has been eliminated.

We reviewed the bonus targets for our executives, which are expressed as a percentage of base salary, and made certain adjustments to reflect, among other things, the individual's responsibilities, ability to influence performance and internal equity considerations. Additionally, with the exception of Mr. Sullivan, we increased the maximum potential annual cash bonus awards that our executives may achieve in 2013 from 120% of their bonus target to 200% of their bonus target in order to incent and reward outstanding performance.

Edgar Filing: Lumber Liquidators Holdings, Inc. - Form DEF 14A

Historically, equity awards to our executives have generally been in the form of stock options with multi-year vesting restrictions. In 2013, we included a mix of stock options and restricted stock awards for our executives. Through such awards, we continue to seek to align management's interests with long-term stockholder interests and encourage retention of key performers.

Compensation Risk Assessment

Among other things, the Compensation Committee reviews our compensation policies and practices to determine whether they subject us to unnecessary or excessive risk. In so doing, the Compensation Committee considers whether such policies and practices are appropriately structured to promote the achievement of goals without encouraging the taking of unwarranted or undue risk.

We believe that our compensation programs discussed above are designed with the appropriate balance of risk and reward in relation to our overall business strategy and do not incent executives or other employees to engage in conduct that creates unnecessary or unjustifiable risks. Specifically, our mix of rewards for short term performance through base salary and annual cash bonus awards and for long term performance through equity incentive awards supports these compensation objectives. Moreover, we believe that our utilization of these different compensation components allows us to manage the risks inherent with performance-based compensation. Additionally, our use of mitigation tools such as claw back provisions, oversight by an independent committee of non-employee directors and significant vesting periods for equity awards, provide additional risk protection.

Based upon the review of our compensation practices and policies, we have concluded that they do not create risks that are reasonably likely to have a materially adverse effect on the Company.

Tax Deductibility Under Section 162(m)

Section 162(m) of the Internal Revenue Code imposes a limitation on the deductibility of non-performance based compensation in excess of \$1 million paid to named executive officers of public companies. We intend to qualify executive compensation for deductibility under Section 162(m) if doing so is consistent with our best interests and the interests of our stockholders. Because our corporate objectives may not always be consistent with the requirements of full deductibility, it is conceivable that we may enter into compensation arrangements in the future under which payments are not deductible under Section 162(m). We currently believe that we should be able to continue to manage our executive compensation program for our named executive officers to preserve the related federal income tax deductions, although individual exceptions may occur.

Retirement, Deferred Compensation and Pension Plans

Our executive officers who are eligible may participate at their election in our 401(k) retirement savings plan that provides employees with an opportunity to contribute a portion of their cash compensation to the plan on a tax-deferred basis to be invested in specified investment options and distributed upon their retirement. Consistent with the 401(k) plan, in 2012, we matched 50% of each employee's contributions to the 401(k) plan up to 6% of eligible compensation (i.e. if the employee contributes 6%, we match with 3%). The employer matching contribution vests based on the employee's years of service. In 2012, Mr. Sullivan and Mr. Pescara contributed to the 401(k) plan.

The Board has not adopted any plans for the deferral of executive compensation or for the payment of defined benefits or pensions based on an executive officer's salary and/or years of service. In addition, we have not adopted a supplemental executive retirement plan or other excess plan that pays benefits to highly compensated executives whose salaries exceed the Internal Revenue Service's maximum allowable salary for qualified plans.

Say-on-Pay Advisory Vote on Executive Compensation

The Compensation Committee considered the results of the advisory vote by stockholders on executive compensation, or the say-on-pay vote, at the Company's 2012 Annual Meeting of Stockholders. There was strong support at the 2012 Annual Meeting for the compensation program offered to the Company's named executive officers with more than 83.3% of votes cast in favor. The Compensation Committee believes that these

Table of Contents

results evidence the overall belief of the Company's stockholders that our compensation policies are working and that such policies are aligned with our stockholders' interests. Accordingly, the Compensation Committee made no significant changes to the Company's executive compensation program in 2012 as a result of the say-on-pay vote. At the 2011 Annual Meeting, the shareholders of the Company also voted in favor of an annual say-on-pay vote and the Company has elected to follow such advisory vote.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis contained in this Proxy Statement. Based upon that review and discussion, the Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference in our Annual Report on Form 10-K for the fiscal year ended December 31, 2012, for filing with the Securities and Exchange Commission.

Discussion of the Summary Compensation Table and Grants of Plan-Based Awards Table

Employment Agreement with Robert M. Lynch. In December 2010, we entered into an agreement with Mr. Lynch whereby he agreed to serve as our president and chief operating officer for a five-year term commencing January 17, 2011. The agreement provides for an annual base salary of \$500,000, with an increase to \$550,000 on or about March 12, 2012. The agreement also provides for a \$60,000 signing bonus. In addition, the Board, in its discretion, may award Mr. Lynch an annual performance bonus, based on our financial performance and Mr. Lynch's job performance. Under the agreement, Mr. Lynch was granted options to purchase 325,203 shares of our common stock (approximately 1% of our outstanding shares at that time) at the fair market value as of January 17, 2011. The options vest 20% on each of the first five anniversaries of the grant. Mr. Lynch was also granted 12,345 restricted stock units on January 17, 2011. One-third of the restricted stock units vested on January 17, 2011, July 17, 2011 and January 17, 2012.

Pursuant to an amendment entered by the parties in December 2011, Mr. Lynch agreed to serve as our president and chief executive officer effective January 1, 2012. The amended agreement provides for an annual base salary of \$550,000 beginning January 1, 2012. The agreement remains scheduled to expire on January 17, 2016.

The agreement also provides for certain payments in the event of termination, as described below. Mr. Lynch is bound under the agreement by a confidentiality provision and non-competition and non-solicitation clauses that apply to his employment and for a period of two years following the later of the date of termination of his employment and the date (if any) that a court enters a judgment enforcing the relevant provision.

Letter Agreement with Marco Q. Pescara. At the time of his hire, we entered into an offer letter agreement with Mr. Pescara which set forth his base starting salary, other compensation matters in connection with his hire and certain initial terms relating to his employment.

Other than the letter agreement with Mr. Pescara and the agreement with Mr. Lynch, we have not entered into employment agreements with any of the named executive officers. For additional information concerning our executive compensation policies, see Compensation Discussion and Analysis above.

Potential Payments Upon Termination or Change of Control

Mr. Lynch's employment agreement provides for the termination of his employment by the Company without Cause, termination by him as the result of a Good Reason Event and termination by him following a Change of Control and a resulting material reduction in his compensation or job responsibilities (as those terms are defined in the employment agreement). Termination under any of these circumstances entitles Mr. Lynch to receive the following:

his salary earned through the date of termination and accrued but unused paid time off;

an amount, paid in twelve equal monthly installments, equal to his current rate of annual salary then in effect; and

for a period of twelve months, if Mr. Lynch elects to continue health, vision and dental insurance through COBRA continuation coverage, an amount equal to that portion of the COBRA premium the Company would have paid had Mr. Lynch maintained such insurance while employed by the Company.

If Mr. Lynch's employment had been terminated under one of these three circumstances as of December 31, 2012, Mr. Lynch would have been entitled to receive \$585,622. Mr. Lynch will not be entitled to any compensation or other benefits under the employment agreement if his employment is terminated by the Company for Cause or by him in the absence of either a Good Reason Event or a Change of Control and resulting material reduction in his compensation or job responsibilities.

Under Mr. Pescara's offer letter agreement, if he is terminated other than for cause (as defined in his agreement), he would be entitled to receive a severance payment equal to one year's base salary and bonus.

We do not have any agreements with any of the other named executive officers that provide for severance payments upon termination of their employment or in connection with a change in control of us. The agreements pursuant to which equity awards have been granted to the named executive officers, however, contain provisions for accelerated vesting upon a change in control of us.

Table of Contents

DIRECTOR COMPENSATION

Directors who are our employees do not receive compensation for their service on the Board or any Board committee. In 2012, each of our non-employee directors received an annual retainer of \$90,000. In addition, our non-employee directors received the following annual retainers for serving on the specified committees:

\$15,000 for serving as the chairperson of the Audit Committee;

\$7,500 for serving as the chairperson of the Compensation Committee;

\$5,000 for serving as the chairperson of the Nominating and Corporate Governance Committee;

\$7,500 for serving as a member (but not the chairperson) of the Audit Committee;

\$3,750 for serving as a member (but not the chairperson) of the Compensation Committee; and

\$2,500 for serving as a member (but not the chairperson) of the Nominating and Corporate Governance Committee.

In 2012, our non-employee directors elected to have the retainers paid in restricted stock. The restricted stock was granted on the date of the 2012 Annual Meeting and it vests on the date of the 2013 Annual Meeting. In calculating the number of shares of restricted stock reflecting the value of the retainers for our non-employee directors, we used the closing price of our common stock on the date of the grant. Directors were reimbursed for expenses incurred in connection with their service as directors, including travel expenses for meeting attendance.

Compensation information with respect to our chairman, Mr. Sullivan, and our president and chief executive officer, Mr. Lynch, is set forth above in the Executive Compensation section.

In 2013, we intend to increase the annual retainer paid to our non-employee directors to \$110,000 per year. The annual retainers for serving on the specified committees are not expected to increase. The annual retainers will be paid in restricted stock that will vest on the date of our 2014 annual meeting. In making this change, we considered, among other things, our growth, the development and expansion of our business operations, the lack of any increase in retainer amounts since our IPO and market information regarding compensation paid to directors at other companies.

Outside Directors Deferral Plan

On November 21, 2008, the Board adopted the Lumber Liquidators Holdings, Inc. Outside Directors Deferral Plan (the "Deferral Plan") under which each of our non-employee directors has the opportunity to defer receipt of all or a portion of his fees until his departure from the Board. In so doing, the Board intended to provide an incentive to the non-employee directors to own shares of our common stock, thereby aligning their interests more closely with the interests of our stockholders. Deferral elections must be made by December 31 for the deferral of fees in the next calendar year.

Under the Deferral Plan, a non-employee director may elect to defer up to 100% of his compensation in 25% increments and have such compensation invested in deferred stock units. Deferred stock units attributable to the deferral of cash compensation are credited as of the day on which such compensation is otherwise payable in accordance with our then applicable director compensation policies (the "Payment Date"), and the number of deferred stock units is determined by dividing the deferred compensation payable on the Payment Date by the closing price of our common stock as of the Payment Date. Deferred stock units credited with respect to restricted stock awards are determined using the closing price as of the grant date of the award of such shares of common stock. Deferred stock units must be settled in common stock upon the director's departure from the Board. There were 47,334 deferred stock units outstanding at December 31, 2012.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We have a formal written policy concerning related person transactions. Under that policy, a related person transaction is a transaction, arrangement or relationship involving us, on the one hand, and (i) our director, executive officer or employee, his or her immediate family members or any entity that any of them controls or in which any of them has a substantial beneficial ownership interest; or (ii) any person who is the beneficial owner of more than 5% of our voting securities or a member of the immediate family of such person. The Audit Committee evaluates each related person transaction for the purpose of recommending to the disinterested members of the Board whether the transaction is fair, reasonable and within our policy, and should be ratified and approved by the Board. At least annually, management will provide the Audit Committee with information pertaining to related person transactions. Related person transactions entered into, but not approved or ratified as required by the policy concerning related person transactions, will be subject to termination by us or the relevant subsidiary, if so directed by the Audit Committee, taking into account factors as it deems appropriate and relevant.

The operating lease for our Toano facility has a base period that runs through December 31, 2019. Our store leases generally have five-year base periods and one or more five-year renewal periods. Our rent expense attributable to F9 was \$2.6 million in 2012 and we expect a similar rent expense attributable to F9 in 2013. The future minimum payments under our leases with F9 as of December 31, 2012 total approximately \$13.7 million.

As of March 31, 2013, we lease one store location from Wood on Wood Road, Inc. (Wood on Wood), which is wholly owned by Mr. Sullivan. The lease is for a five-year base period and has a five-year renewal period. Our rent expense attributable to Wood on Wood was \$0.08 million in 2012. We expect to incur similar rent expenses attributable to Wood on Wood in 2013. The future minimum payments under our lease with Wood on Wood as of December 31, 2012 total \$0.09 million.

We believe that the leases that we have signed to date with F9 and Wood on Wood, which are described in more detail in Note 6 to our audited financial statements included in Item 8 of the Form 10-K filed with the SEC on February 20, 2013, are on fair market terms. In 2012, any new leases or renewals of existing leases involving Mr. Sullivan or entities with which he is involved were handled in accordance with our related person transaction policy.

The Audit Committee has adopted a policy for the pre-approval of services provided by the independent registered public accounting firm. Under the policy, pre-approval is generally provided for particular services or categories of services, including planned services, project-based services and routine consultations projects. Each category is subject to a specific budget or quarterly dollar amount. In addition, the Audit Committee may also pre-approve particular services on a case-by-case basis. For each proposed service, the independent registered public accounting firm is required to provide detailed back-up documentation at the time of approval. Table of Contents

The Audit Committee routinely meets with our internal auditors and independent registered public accounting firm, with and without management present.

The Audit Committee has oversight responsibilities only and it is not acting as an expert in accounting or auditing. The Audit Committee relies without independent verification on the information provided to its members and on the representations made by management and the independent auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that our consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States or that the audit of our consolidated financial statements by the independent auditors has been carried out in accordance with auditing standards generally accepted in the United States.

Management has the primary responsibility for the preparation of our 2012 consolidated financial statements and the overall reporting process, including the systems of internal control over financial reporting, and has represented to the Audit Committee that our 2012 consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee reviewed and discussed the audited consolidated financial statements with management and the independent auditors. In accordance with the requirements established by Statement on Auditing Standards No. 61, *Communications with Audit Committees*, as amended and as adopted by the Public Company Accounting Oversight Board, these discussions included, among other things, a review of significant accounting policies, their application and estimates, and the independent auditors' judgment about our accounting controls and the quality of our accounting practices.

The Audit Committee has received from the independent auditors written disclosures required by applicable requirements of the Public Company Accounting Oversight Board regarding the auditors' independence, and has discussed with the independent auditors, the independent auditors' independence.

Relying on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2012, for filing with the SEC.

PROPOSAL THREE

ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act requires that we provide our stockholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with Item 402 of the Securities and Exchange Commission's Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion. As noted above, we have elected to conduct this say-on-pay vote annually.

Accordingly, we ask our stockholders to vote on the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

As discussed in the Compensation Discussion and Analysis section above, we believe that the compensation structure for our named executive officers is straightforward, flexible and effective in attracting and retaining talented personnel. In our judgment, the compensation paid to our named executive officers includes a healthy balance between fixed and performance-based compensation as well as a blend between cash and equity components. Furthermore, we maintain that the compensation for our named executive officers is aligned with the interests of our stockholders through incentives based on increasing stockholder value.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in this proxy statement. The vote is advisory, which means that the vote is not binding on the Company, our Board or the Compensation Committee of the Board. To the extent there is any significant vote against our named executive officer compensation as disclosed in this proxy statement, the Compensation Committee will evaluate whether any actions are necessary to address the concerns of stockholders.

*The Board of Directors recommends that you vote FOR the proposed
resolution approving the compensation of our named executive officers,
as disclosed in this Proxy Statement.*
