Additional authorization forms may be obtained at any time from the Plan Agent at the address listed above. An authorization form must be received at least two (2) business days

before a dividend record date for dividends to begin to be reinvested upon payment of that dividend.

Table of Contents

6. Must a shareholder authorize dividend reinvestment on a minimum number of shares?

No, there is no minimum number of shares required for participation in the Plan.

7. May a shareholder participate in the Plan with less than all of his or her shares?

Yes, a shareholder may participate in the Plan with respect to all or any portion of his or her shares. A shareholder who wishes to participate with a portion of his or her shares may elect to: (i) have the dividends reinvested on a fixed percentage of shares, (ii) have the dividends reinvested on a fixed number of shares, or (iii) have a fixed dollar amount of cash dividends reinvested.

8. May a shareholder deposit shares registered in his or her name with the Plan?

There is no requirement that participants deposit the shares registered in their names with the Plan; however, participants may deposit currently held certificates for shares of Fulton Financial common stock with the Plan Agent for safekeeping. To do so, a participant should send the stock certificates, properly endorsed on the reverse side, to the Plan Agent with a letter of instructions requesting that the shares be added to the participant's dividend reinvestment account and the dividends thereon be reinvested in accordance with the Plan.

Optional Cash Payments

9. Who is eligible to make optional cash payments?

Only participants who have elected to have dividends reinvested under the Plan may make optional cash payments, which will be used for the purchase of additional shares of Fulton Financial common stock in accordance with the Plan.

10. What are the limits on optional cash payments?

Participants may make optional cash payments as often as once a month. The minimum optional cash payment is \$25.00 per month, and the maximum optional cash payment is \$25,000.00 per month. The same amount of optional cash payments need not be made each month, and there is no obligation to make optional cash payments after a participant is enrolled in the Plan.

11. How are optional cash payments made?

Participants who wish to make an optional cash payment should forward a check or money order, or another form of payment acceptable to the Plan Agent, payable to the Plan Agent for the amount of the optional cash payment, with an authorization form when enrolling, or thereafter, with the payment form attached to each statement of account. Optional cash payments must be received by the Plan Agent at least five (5) business days before the applicable investment date to be invested for that month. No interest will be paid on optional cash payments held by the Plan Agent. Participants may request that optional cash payments be returned to them prior to investment, provided that the request is received by the Plan Agent at least five (5) business days before the next applicable investment date.

Table of Contents

Purchases

12. How are shares of common stock acquired under the Plan?

The Plan agent will pool all of the reinvested dividends and optional cash payments to purchase shares of Fulton Financial common stock for the accounts of the Plan's participants. Each participant's account will be credited with a pro rata share (computed to four decimal places) of such purchased shares. The Plan Agent will purchase shares either directly from Fulton Financial or in the open market, or by a combination of the foregoing, at the direction of Fulton Financial. Shares purchased from Fulton Financial may be authorized but unissued shares or treasury shares.

13. When will shares of common stock be purchased under the Plan?

Purchases of shares of common stock from Fulton Financial will be made as of the investment date, which will be the dividend payment date during a month in which a dividend is paid, and in any other month will be the fifteenth day of such month. If, however, the investment date falls on a date that is not a trading day, the next trading day will be the investment date. Purchases of shares of common stock on the open market will be made as soon as reasonably possible after the applicable investment date, but not more than thirty (30) days after such date.

14. What will be the price of stock purchased under the Plan?

For shares of common stock purchased directly from Fulton Financial by the Plan Agent, the purchase price will be the fair market value of the stock as of the applicable investment date. During the time that Fulton Financial common stock is listed on the NASDAQ National Market System, the fair market value will be the average of the highest and lowest trading price for the stock on the applicable investment date. For purchases of shares of common stock on the open market, the purchase price will be the average of the prices actually paid for the shares (including brokerage commissions, if any) at the time such purchases are made.

15. How many shares will be purchased for participants?

The number of shares that will be purchased for each participant will depend on the amount of dividends to be reinvested for the participant and the optional cash payments, if any, received from the participant.

16. Will dividends on shares in participants' accounts be used to purchase shares?

Yes, dividends subsequently paid on shares that have been purchased under the Plan will also be used to purchase Fulton Financial common stock, thereby compounding each participant's investment. Fractional shares held under the Plan for a participant's account will receive dividends in the same way as a whole share, but in proportion to the size of the fractional share.

Table of Contents

17. Are there any expenses to participants in connection with purchases under the Plan?

Fulton Financial will pay all costs of administration of the Plan. No brokerage fees will be charged to participants in connection with the purchase of stock from Fulton Financial, but participants will be charged the actual cost (including any brokerage commissions, if any) of all shares purchased on the open market. In addition, the Plan Agent may charge Participants applicable costs and service fees to process transactions requested by Participants.

Reports to Participants

18. What reports will be sent to participants in the Plan?

Each participant will receive periodic statements of account showing the amount of dividends and optional cash payments, if any, invested; the taxes withheld, if any; the net amount invested; the number of shares purchased; the price per share; and the total number of shares accumulated under the Plan. These statements are records of the participant's transactions under the Plan and should be retained for income tax purposes. In addition, each participant will continue to receive copies of the same communications sent to all other holders of Fulton Financial common stock, including quarterly reports and annual reports to shareholders, a notice of the annual meeting and proxy statement, and Internal Revenue Service information for reporting dividend income received.

Voting Rights

19. How will a participant's shares be voted at meetings of shareholders?

For each meeting of shareholders of Fulton Financial, each participant in the Plan will receive a proxy that will enable him or her to vote shares registered in his or her name as well as whole shares credited to his or her Plan account. The shares held by the Plan for the account of a participant who does not return a proxy will not be voted.

Federal Income Tax Information

20. What are the federal income tax consequences of participating in the Plan?

For federal income tax purposes, a participant in the Plan will be treated as having received, on the dividend payment date, in addition to any tax withheld by Fulton Financial in connection with the dividend payment, a dividend in an amount equal to the number of shares of common stock of Fulton Financial acquired for the participant's account with reinvested dividends, multiplied by the price per share at which such shares were acquired, as reported on the periodic statement of account delivered to each participant. The per share tax basis of shares acquired by a participant under the Plan, whether pursuant to reinvested dividends or optional cash payments, will be the price per share as reported on the periodic statement of account delivered to each participant after each applicable investment date.

The holding period for shares acquired pursuant to the Plan will begin on the day after the date the shares are acquired for a participant's account. In the case of any participant as to whom federal income tax withholding on dividends is required, and in the case of a foreign participant whose taxable income under the Plan is subject to federal income tax withholding, dividends will be reinvested net of the amount of tax withheld under applicable law.

Table of Contents

A participant will not realize any taxable income upon receipt of certificates for whole shares credited to the participant's account, either upon the participant's withdrawal of those shares from the Plan or upon termination of participation in the Plan. A participant who sells or exchanges shares previously received from the Plan may, however, recognize gain or loss. A participant will recognize gain or loss upon the receipt of a cash payment for a fractional share credited to the participant's account upon termination of participation in the Plan. The amount of gain or loss in either case will be the difference between the amount the participant receives for the shares or fractional share and the participant's tax basis in such shares or fractional share.

The foregoing summary is based upon an interpretation of current federal income tax law; however, participants should consult their own tax advisors to determine particular tax consequences, including state tax consequences, which may result from participation in the Plan, and any subsequent disposal of shares acquired pursuant to the Plan.

Withdrawal of Shares from Plan Accounts

21. How may a participant withdraw shares purchased under the Plan?

A participant may withdraw all or a portion of the whole shares of common stock credited to his or her account by notifying the Plan Agent in writing to that effect and specifying in the notice the number of shares to be withdrawn. Certificates for whole shares of common stock so withdrawn will be registered in the name of the participant and issued to the participant or, at the participant's election, to the Participant's broker. Participants may also direct their registered broker to request the Plan Agent to transfer whole Plan Shares in their accounts to the Participant's brokerage account through a notice of withdrawal. Certificates for fractional shares will not be issued under any circumstances. Any notice of withdrawal received less than five (5) business days prior to a dividend record date will not be effective until dividends paid for such record date have been reinvested and the shares credited to the participant's account.

Dividends on shares withdrawn from a participant's account will continue to be reinvested unless the participant otherwise notifies the Plan Agent in writing. A participant who withdraws all of the whole and fractional shares from his or her account will be deemed to have terminated participation in the Plan.

22. May a participant elect to have the withdrawn shares sold?

A participant who withdraws shares from his or her account and receives certificates for such shares may sell the shares on the open market through a broker chosen by the participant.

In the alternative, a participant who holds 50 or fewer shares may request that Fulton Financial Corporation purchase all (but not less than all) of the participant's shares at their fair market value as of the 15th calendar day of the month following the month in which the request was made (the Purchase Date). If the Purchase Date falls on a date which is not a trading day, the Purchase Date shall be the next trading day thereafter. Fulton Financial will promptly notify the Participant, in writing, whether it will purchase the shares or not. However, if a request for

Table of Contents

repurchase is received by Fulton Financial Corporation less than fifteen (15) business days before the Purchase Date, Fulton Financial may elect to purchase the shares on the 15th calendar day of the second month following the month in which the request was received, or reject the request using such notice as is reasonably practicable. The Plan Agent has the right to charge a service fee in connection with all such purchases, to be deducted from the net proceeds payable to the Participant. A request for shares to be purchased must be signed by all persons in whose name the account appears, with signatures guaranteed.

Termination of Participation

23. How does a participant terminate participation in the Plan?

A participant may terminate his or her participation in the Plan at any time by sending written notice to the Plan Agent. When a participant terminates his or her participation in the Plan, the Plan Agent will deliver to the participant certificates for whole shares credited to the participant's account under the Plan (provided that the Participant may elect to have such shares be held in street name by the Participant's broker), a check representing any uninvested dividends and optional cash payments, and a check in lieu of the issuance of a fractional share, based on the then current market price for Fulton Financial common stock.

24. May a participant request shares to be sold?

A participant holding fewer than 50 shares may request shares to be purchased by Fulton Financial as described above in the answer to Question 22. In all other cases, a participant wishing to sell shares held in the Plan must first transfer such shares out of the Plan, with signatures guaranteed.

Certificates for Shares

25. Will certificates automatically be issued for shares purchased under the Plan?

No, certificates for shares purchased for a participant's account under the Plan will not automatically be issued. However, a certificate will be issued if a participant withdraws shares from his or her account under the Plan or terminates his or her participation in the Plan, unless the participant holds fewer than 50 shares and requests such shares to be sold on his or her behalf by the Plan Agent.

26. In whose name will shares be registered when certificates are issued to participants?

Certificates will be issued in the name or names that appear on the participant's account under the Plan. If a participant requests a certificate to be registered in a name other than that shown on the account, the request must be signed by all persons in whose names the account appears.

Other Information

27. May a participant pledge shares held under the Plan or transfer rights under the Plan?

Table of Contents

No, shares credited to a participant's account under the Plan may not be pledged or assigned, nor may any rights under the Plan be transferred, pledged or assigned, and any such purported pledge, assignment or transfer shall be void. A participant who wishes to pledge or assign his or her shares must withdraw such shares from the Plan.

28. What happens if a participant sells or transfers shares of common stock registered in his or her name?

As long as the Plan Agent holds shares for the participant's account under the Plan, a participant who no longer has shares of Fulton Financial common stock registered in his or her name may continue to participate in the Plan.

29. What happens if Fulton Financial declares a stock dividend or a stock split?

If Fulton Financial declares a stock dividend or effects a stock split, any shares resulting from such stock dividend or stock split with respect to common stock in a participant's account will be credited to such account. In the event of any change in the common stock of Fulton Financial subject to the Plan as a result of a stock split, reverse stock split, stock dividend or other similar transaction, the number of shares subject to the Plan shall be appropriately adjusted.

30. May the Plan be modified or terminated?

Fulton Financial reserves the right to suspend or terminate the Plan at any time, or to make modifications to the Plan. Participants will receive prior notice of any suspension, termination or material modification of the Plan. Fulton Financial also reserves the right to terminate any shareholder's participation in the Plan at any time. Fulton Financial may adopt rules and regulations at any time to facilitate the administration of the Plan.

31. What are the responsibilities of Fulton Financial and the Plan Agent under the Plan?

Fulton Financial and the Plan Agent, in administering the Plan, shall not be liable for any act done in good faith or for any good faith omission to act, including, without limitation, any claims of liability (i) arising out of failure to terminate a participant's account upon such participant's death, and (ii) with respect to the prices at which shares are purchased or sold, the times when purchases or sales are made, the manner in which purchases or sales are made, the decision whether to purchase shares on the open market or from Fulton Financial, and fluctuations in the fair market value of the common stock.

USE OF PROCEEDS

Fulton Financial is unable to predict the number of shares of common stock that will be purchased from it under the Plan or the prices at which such shares will be purchased. The net proceeds to Fulton Financial from the sale of stock offered hereby will provide additional equity capital to Fulton Financial to support its growth and the growth of its subsidiaries.

Item 15. Indemnification of Directors and Officers.

Pennsylvania law provides that a Pennsylvania corporation may indemnify directors, officers, employees and agents of the corporation against liabilities they may incur in such capacities for any action taken or any failure to act, whether or not the corporation would have the power to indemnify the person under any provision of law, unless such action or failure to act is determined by a court to have constituted recklessness or willful misconduct. Pennsylvania law also permits the adoption of a bylaw amendment, approved by shareholders, providing for the elimination of a director's liability for monetary damages for any action taken or any failure to take any action unless (1) the director has breached or failed to perform the duties of his office and (2) the breach or failure to perform constitutes self-dealing, willful misconduct or recklessness.

The bylaws of Fulton Financial provide for (1) indemnification of directors, officers, employees and agents of the registrant and its subsidiaries and (2) the elimination of a director's liability for monetary damages, to the fullest extent permitted by Pennsylvania law.

Directors and officers are also insured against certain liabilities for their actions, as such, by an insurance policies obtained by Fulton Financial.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or controlling persons, the registrant has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is therefore unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by a registrant of expenses incurred or paid by a director, officer or controlling person of the registrant) is asserted by such directors, officer of controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court or appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or
