**Item 2.05 Costs Associated with Exit or Disposal Activities.**

On November 11, 2014, Accretive Health, Inc. (the Company), in order to align its organizational structure and resources to support the primary business of revenue cycle management (RCM), committed to a plan to integrate its physician advisory services (PAS) and population health solutions (PHS) organizations into its RCM business (the Reorganization). The integration will reduce the Company's workforce primarily in these two organizations. The Company plans to optimize its operating facilities by consolidating certain facilities. The Company anticipates that this consolidation will help it to efficiently utilize its national workspace and workforce. The Company also plans on reductions in certain operational support areas and administrative functions in order to allow the Company to focus on its RCM business. The Reorganization will affect 122 employees. The Company began notifying such employees on November 12, 2014. The Company expects to complete the Reorganization by August 31, 2015.

Pursuant to the Reorganization, and subject to the execution of separation and general release agreements, the Company will enter into separation arrangements with each terminated employee based on factors that include seniority and tenure with the Company. The Company expects the arrangements to consist of separation payments, medical and dental benefits and outplacement job training.

In connection with the Reorganization, the Company expects to record approximately \$5.3 million to \$5.8 million in employee separation-related expenses and approximately \$2.3 million to \$2.8 million in facility exit costs during 2014. The Company expects to record total expense of approximately \$7.6 million to \$8.6 million. The Company anticipates an annualized reduction in future operating expenses of approximately \$8.0 million to \$9.0 million as a result of the Reorganization.

The Reorganization constitutes a plan of termination pursuant to FASB ASC paragraph 420-10-25-4 (Exit or Disposal Cost Obligations Topic).
