Pattern Energy Announces Commencement of Public Offering of its Class A Common Stock and Provides Outlook for Certain Financial Information

SAN FRANCISCO, CALIFORNIA February 2, 2015 Pattern Energy Group Inc. (the Company or Pattern Energy) (NASDAQ: PEGI) (TSX: PEG) today announced the commencement of an underwritten public offering of up to US\$350 million of shares of its Class A common stock by the Company and the selling shareholder, Pattern Energy Group LP (the selling shareholder or Pattern Development), subject to market conditions. The Company is offering up to US\$200 million of shares and the selling shareholder is offering up to US\$150 million of shares. The underwriters of the offering will have the option to purchase up to an additional 15% of the entire offering amount from the selling shareholder to cover over-allotments.

The Company will use the net proceeds from its portion of the offering for working capital and general corporate purposes, which may include one or more acquisition opportunities which the Company is considering and the potential repayment of outstanding indebtedness. The Company will not receive any proceeds from the sale of shares by Pattern Development.

The offering is being made through an underwriting group led by Morgan Stanley & Co. LLC, BofA Merrill Lynch and RBC Capital Markets, as joint book-running managers of the offering and the representatives of the underwriters.

The Company also announced that, although it has not yet completed its year-end procedures or finalized its results of operations for the year ended December 31, 2014, it estimates that cash available for distribution for the year ended December 31, 2014 will be in the range of approximately US\$61.2 million to US\$62.4 million. This estimate, and the estimates of the underlying components thereof, were prepared by, and are the responsibility of, the Company's management. While these estimates are presented with numerical specificity and considered reasonable by management, actual results may differ. Investors should not place undue reliance on these estimates, and they should not be regarded as a representation that estimated results will be achieved. Cash available for distribution is a non-U.S. GAAP financial measure. The following table provides a reconciliation of the range of the Company's estimated net cash provided by operating activities to the range of its estimated cash available for distribution for the year ended December 31, 2014:
