Forward-Looking Statements

Statements in this report that are not strictly historical in nature constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements include, but are not limited to, statements regarding the Company's expectation regarding the immediate filing of an appeal of the Beijing No. 1 Intermediate People's Court's decision with the Beijing Higher People's Court. Such forward-looking statements represent management's current expectations and are inherently uncertain. Actual results may differ materially from what management currently expects because of many risks and uncertainties, including the risk that the Beijing Higher People's Court may elect not to hear an appeal of the Beijing No. 1 Intermediate People's Court's decision or rule unfavorably on the merits of such appeal. This and the important factors discussed in the Risk Factors section of the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2014, among others, could cause actual results to differ materially from those indicated by forward-looking statements made herein and presented elsewhere by management from time to time. In addition, any forward-looking statements included in this report represent the Company's expectations as of the date of this report. While the Company anticipates that subsequent events and developments may cause the Company's views to change, the Company specifically disclaims any obligation to update these forward-looking statements. These forward-looking statements should not be relied upon as representing the Company's views as of any date subsequent to the date of this report.
