PROXY STATEMENT
FOR THE ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD IN THE AUDITORIUM OF THE ALBRIGHT-KNOX ART GALLERY
1285 ELMWOOD AVENUE, BUFFALO, NEW YORK
ON JANUARY 13, 2016

GENERAL INFORMATION

This Proxy Statement is furnished to shareholders of record on November 17, 2015 by the Board of Directors of Moog Inc. (the Company), in connection with the solicitation of proxies for use at the Annual Meeting of Shareholders on Wednesday, January 13, 2016, at 9:15 a.m., and at any adjournments thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. This Proxy Statement and accompanying proxy will be mailed to shareholders on or about December 15, 2015.

If the enclosed form of proxy is properly executed and returned, the shares represented thereby will be voted in accordance with the instructions thereon. Unless otherwise specified, the proxy will be deemed to confer authority to vote the shares represented by the proxy in accordance with the recommendations of the Board of Directors.

Any proxy given pursuant to this solicitation may be revoked by the person giving it insofar as it has not been exercised. Any revocation may be made in person at the meeting, or by submitting a proxy bearing a date subsequent to that on the proxy to be revoked, or by written notification to the Secretary of the Company.

RECORD DATE AND OUTSTANDING SHARES

The Board of Directors has fixed the close of business on November 17, 2015 as the record date for determining the holders of common stock entitled to notice of and to vote at the meeting. On November 17, 2015, the Company had outstanding and entitled to vote, a total of 33,329,455 shares of Class A common stock (Class A shares) and 4,317,169 shares of Class B common stock (Class B shares).

VOTING RIGHTS AND INSTRUCTIONS

Holders of a majority of each of the Class A and Class B shares issued and outstanding and entitled to vote, present in person or represented by proxy, will constitute a quorum at the meeting.

Holders of Class A shares are entitled to elect at least 25% of the Board of Directors, rounded up to the nearest whole number, so long as the number of outstanding Class A shares is at least 10% of the number of outstanding shares of both classes of common stock. Currently, the holders of Class A shares are entitled, as a class, to elect three directors

of the Company, and the holders of the Class B shares are entitled, as a class, to elect the remaining six directors. Other than on matters relating to the election of directors or as required by law, where the holders of Class A shares and Class B shares vote as separate classes, the record holder of each outstanding Class A share is entitled to a one-tenth vote per share, and the record holder of each outstanding Class B share is entitled to one vote per share on all matters to be brought before the meeting.

The Class A directors and the Class B directors will be elected by a plurality of the votes cast by the respective class. The ratification of the auditors and other matters submitted to the meeting that would not require a separate class vote by law may be adopted by a majority of the Class A and Class B shares voting together as a single class cast in favor or against the proposal, a quorum of holders of Class A shares and Class B shares being present.

Table of Contents

Shares held in a brokerage account or by another nominee are considered held in street name by the shareholder. A broker or nominee holding shares for a shareholder in street name may not vote on matters relating to the election of directors, unless the broker or nominee receives specific voting instructions from the shareholder. As a result, absent specific instructions, brokers or nominees may not vote a shareholder's shares on Proposal 1, the election of directors. Such shares will be considered broker non-votes for such proposal. Broker non-votes in connection with the election of one or more nominees for director will not be counted and will have no effect. In accordance with New York law, abstentions and broker non-votes are not counted in determining the votes cast in favor or against Proposal 2, the ratification of the selection of Ernst & Young LLP as independent auditors of the Company for the 2016 fiscal year.

Therefore, it is particularly important for shareholders holding shares in street name to instruct their brokers as to how they wish to vote their shares.

Table of Contents**PROPOSAL 1 ELECTION OF DIRECTORS**

The Board of Directors is comprised of two classes of directors, Class A directors and Class B directors, elected by holders of Class A shares and holders of Class B shares, respectively. Within each class of directors there exist three subclasses, such that each of the subclasses is nearly equal in number.

Three directors are to be elected at the meeting, of which one is to be a Class A director elected by the holders of the outstanding Class A shares, and of which two are to be Class B directors elected by the holders of the outstanding Class B shares. Two of the nominees will be elected to hold office until 2019 and one will be elected to hold office until 2017, or until the election and qualification of their successors.

For each properly executed proxy, the persons named in the enclosed proxy will vote Class A shares for the election of the Class A nominee named in the following table, and Class B shares for the election of the Class B nominees named in the following table, unless the proxy directs otherwise or is revoked. In the event any of the nominees should be unable to serve as a director, the proxy will be voted in accordance with the best judgment of the person or persons acting under it. It is not expected that any of the nominees will be unable to serve. Proxies cannot be voted for a greater number of persons than the number of nominees named.

The Company's current Board of Directors and nominees for director share certain characteristics, experience and capabilities critical to effective board membership. Sound business judgment essential to intelligent and effective decision-making, experience at the policy-making level, relevant educational background, integrity, honesty and the ability to work collaboratively are some of the attributes possessed that qualify them to serve on the Board. The specific employment and leadership experiences, knowledge and capabilities of both the nominees for director and standing directors are further described in their biographies on the following pages.

Certain information regarding nominees for Class A and Class B directors, as well as those directors whose terms of office continue beyond the date of the 2016 Annual Meeting of Shareholders, is set forth in the following tables. All of the nominees except Ms. Reichelderfer have previously served as directors and have been elected as directors at prior annual meetings. Class B director Robert H. Maskrey, whose term expires at the 2016 Annual Meeting of Shareholders, is not standing for reelection as director, in accordance with the Company's by-laws.

The Board of Directors has provided a process by which shareholders or other interested parties can communicate with the Board of Directors or with the non-management directors as a group. All such questions or inquiries should be directed to the Secretary of the Company, Robert J. Olivieri, c/o Hodgson Russ LLP, The Guaranty Building, 140 Pearl Street, Suite 100, Buffalo, New York 14202. Mr. Olivieri will review and communicate pertinent inquiries to the Board or, if requested, the non-management directors as a group.

LEADERSHIP STRUCTURE

John R. Scannell was named Chief Executive Officer in December 2011 and Chairman of the Board in January 2014. The Board has determined that at this time it is in the best interest of the Company and its shareholders for one person to serve as Chairman of the Board and Chief Executive Officer. The Company believes this is the appropriate leadership structure because Mr. Scannell is able to employ the experience and perspective gained over the past 25 years in his various roles of increasing responsibility at the Company to guide the Board effectively and efficiently in managing the property, affairs and business of the Company. While the Board believes this is the most appropriate structure at this time, it recognizes that there may be circumstances in the future that would lead to separate individuals serving in each capacity.

BOARD ROLE IN RISK OVERSIGHT

The Board is responsible for consideration and oversight of the risks facing the Company, managing this both directly and through standing committees of the Board. The Board is kept informed by various reports provided to it on a regular basis, including reports made by management at the Board and committee meetings. The Audit Committee performs a central oversight role with respect to financial and compliance risks and regularly reviews these risks with the full Board. The Executive Compensation Committee reviews and discusses with management the impact of the Company's compensation policies and practices on risk taking within the Company. The committee roles are discussed in more detail later in this Proxy Statement.

Table of Contents**DIRECTOR INDEPENDENCE**

Under the independence standards set forth at 303A.02(b) of the New York Stock Exchange Listed Company Manual, the Board of Directors has affirmatively determined that the non-management directors consisting of Messrs. William G. Gisel, Kraig H. Kayser, R. Bradley Lawrence, Brian J. Lipke, Robert H. Maskrey, and Peter J. Gundermann are independent. Under these standards, the Board has also determined that all standing Board committees, other than the Executive Committee, are composed entirely of independent directors. In connection with determining that Mr. Maskrey is independent, the Board of Directors considered Mr. Maskrey's consulting arrangement with the Company, which terminated effective December 31, 2012.

EXECUTIVE SESSIONS

The Company's corporate governance guidelines provide that the non-management directors meet without management at regularly scheduled executive sessions. Generally, these sessions take place prior to, or following, regularly scheduled Board meetings. Each executive session is chaired by an independent director. The Audit Committee meets with the Company's independent auditors in regularly scheduled executive sessions, with the Audit Committee chairperson presiding over such sessions.

BOARD OF DIRECTORS COMMITTEE MEETINGS AND MEMBERS

During fiscal 2015, the Board of Directors held five meetings. The following were the standing committees of the Board of Directors for fiscal 2015 and the number of meetings each committee held during fiscal 2015:

In addition to these formal meetings, the Board and its standing committees may also act by unanimous written consent when appropriate. For various reasons, Board members may not be able to attend a Board meeting in person

or by teleconference. All Board members are provided information related to each of the agenda items before each meeting, and, therefore, can provide counsel outside the confines of regularly scheduled meetings.

It is the Company's policy that, to the extent reasonably practicable, Board members are expected to attend shareholder meetings. All of the directors attended the 2015 Annual Meeting of Shareholders.

NOMINATING AND GOVERNANCE COMMITTEE

The Nominating and Governance Committee is composed solely of independent directors, and participates in the search for qualified directors. The criteria for selecting nominees for election as directors of the Company shall include experience in the operation of large public or private organizations, as well as accomplishments, education, capabilities, high personal and professional integrity and the willingness to represent the interests of all shareholders and not of any special interest group. From time to time, the Nominating and Governance Committee will engage a professional search firm, to which it pays a fee, to assist in identifying and evaluating potential nominees. G. Fleck / Board Services, an executive search firm, assisted in the identification and evaluation of Ms. Reichelderfer as a nominee for election as a director. After conducting an initial evaluation of a candidate, the Nominating and Governance Committee will interview that candidate if it believes the candidate might be suitable to be a director and will also ask the candidate to meet with other directors and management. If the Nominating and Governance Committee believes a candidate would be a valuable addition to the Board of Directors, it will recommend to the full Board that candidate's nomination for election.

The Nominating and Governance Committee does not have a formal written policy with regard to considering diversity in identifying nominees for director, but, when considering director candidates, it seeks individuals with backgrounds and capabilities that, when combined with those of the Company's other directors, bring a broad range of complementary skills, expertise, industry and regulatory knowledge, and diversity of perspectives to build a capable, responsive and effective Board. Diversity considerations for a director nominee may vary at any time according to the particular area of expertise being sought to complement the existing Board composition.

A shareholder wishing to nominate a candidate should forward the candidate's name and a detailed background of the candidate's qualifications to the Secretary of the Company in accordance with the procedures outlined in the Company's by-laws. In making a nomination, shareholders should take into consideration the criteria set forth above and in the Company's Corporate Governance Guidelines. The Board of Directors has adopted a written charter for the Nominating and Governance Committee. A copy of the charter is available on the Company's website.

The Nominating and Governance Committee met twice in fiscal 2015 and on November 16, 2015, met and nominated Messrs. Gundermann and Lawrence and Ms. Reichelderfer for election at the 2016 Annual Meeting of Shareholders.

AUDIT COMMITTEE

The Audit Committee is responsible for assisting the Board of Directors in monitoring the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent auditor's qualifications and independence, and the performance of the Company's internal audit function and the independent auditor. The Audit Committee has the sole authority to retain and terminate the independent auditor and is directly responsible for the compensation and oversight of the work of the independent auditor. The independent auditor reports directly to the Audit Committee. The Audit Committee reviews and discusses with management and the independent auditor the annual audited and quarterly financial statements, the disclosures in the Company's annual and quarterly reports under the heading Management's Discussion and Analysis of Financial Condition and Results of Operations, critical accounting policies and practices used by the Company, the Company's internal control over financial reporting, and the Company's major financial risk exposures. The Board of Directors has adopted a written charter for the Audit Committee, which is available on the Company's website.

All of the Audit Committee members meet the independence and experience requirements of the New York Stock Exchange and the Securities and Exchange Commission. The Board has determined all Audit Committee members are Audit Committee financial experts under the rules of the Securities and Exchange Commission. The Audit Committee held six meetings in fiscal 2015, in person and by telephone conference. On a regular basis, the Audit Committee met with the Company's internal auditors and met separately with the independent auditors and management.

EXECUTIVE COMPENSATION COMMITTEE

The Executive Compensation Committee is responsible for discharging the Board of Directors' duties relating to executive compensation, including making all decisions regarding compensation of the executive officers and is responsible for administering the Company's executive compensation program. The Executive Compensation Committee reviews both short-term and long-term corporate goals and objectives with respect to compensation of the CEO and the other executive officers. The Executive Compensation Committee also reviews and discusses with management the impact of Moog's compensation policies and practices on risk-taking within the Company. The Executive Compensation Committee evaluates, at least once a year, the performance of the CEO and other executive officers in light of these goals and objectives and, based on these evaluations, approves the compensation of the CEO and the other executive officers. The Executive Compensation Committee also reviews and recommends to the Board incentive compensation plans that are subject to the Board's approval.

The Executive Compensation Committee is responsible for approving stock incentive awards to executive officers and key employees. The Executive Compensation Committee reviews management recommendations regarding awards to both executive officers and key employees, evaluating such potential awards in relation to overall compensation levels. The Executive Compensation Committee also reviews such awards with consideration for the potential dilution to shareholders, and limits stock awards such that the potential dilutive effect is within normally accepted practice. With regard to option and stock appreciation rights grants to directors, such grants are approved by the full Board of Directors. The Executive Compensation Committee held four meetings in fiscal 2015.

All of the Executive Compensation Committee members meet the independence requirements of the New York Stock Exchange. The Board of Directors has adopted a written charter for the Executive Compensation Committee. A copy of the charter is available on the Company's website.

During fiscal 2015, the Executive Compensation Committee utilized data provided in a report prepared by Hay Group, an independent professional compensation consulting firm, to assist and guide the Executive Compensation Committee. The Hay Group data was used to compare Moog's executive compensation program with current industry trends, and to benchmark individual officer compensation levels against our peer group and Hay Group's wider executive database. This report was also used to establish the compensation level of our CEO. Our CEO makes recommendations to the Executive Compensation Committee regarding the compensation levels of other executive officers.

Moog used Hay Group for compensation consultation services, which are provided independently of the services to the Executive Compensation Committee. The amount of fees for these additional services performed by Hay Group was approximately \$68,000 for fiscal 2015. The Executive Compensation Committee has assessed the independence of Hay Group pursuant to New York Stock Exchange rules and concluded that no conflict of interest exists that would prevent Hay Group from independently providing services to the Executive Compensation Committee.

Additional information regarding the Executive Compensation Committee's processes and procedures for establishing and overseeing executive compensation is disclosed in the Compensation Discussion and Analysis section.

EXECUTIVE COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the members of the Executive Compensation Committee was an officer or employee of Moog during the last fiscal year, was formerly an officer of Moog, or has any relationships with Moog requiring disclosure under any paragraph of Item 404 of Regulation S-K. Since the beginning of the last fiscal year, no executive officer of Moog has served on the compensation committee of any company that employs a director of Moog.

RELATED PARTY TRANSACTIONS

We use a combination of Company policies and established review procedures, including adherence to New York Stock Exchange Listing standards, to ensure related party transactions are reviewed, approved and ratified, as appropriate. We do not maintain these policies and procedures under a single written policy.

The Nominating and Governance Committee is responsible for developing, recommending and reviewing annually the Board of Directors Corporate Governance Guidelines to comply with state and federal laws and regulations, and with New York Stock Exchange Listing Standards. The Board of Directors is further required to meet the independence standards set forth in the New York Stock Exchange Listed Company Manual. The Audit Committee is responsible for the review, approval or ratification of any related party transactions as noted in the Compliance Oversight Responsibilities section of the Charter of the Audit Committee of the Board of Directors. Our Statement of Business Ethics, which applies to all directors, officers and employees, provides guidance on matters such as conflicts of interest and procurement integrity, among others.

We require that each director and officer complete a questionnaire annually. The questionnaire requires positive written affirmation regarding related party transactions that may constitute a conflict of interest, including: any transaction or proposed transaction in excess of \$120,000 involving the director or officer or an immediate family member and the Company, a subsidiary or any pension or retirement savings plan; any indebtedness to the Company; dealings with competitors, suppliers or customers; any interest in real or personal property in which the corporation also has an interest; and the potential sale of any real or personal property or business venture or opportunity that will be presented to the Company for consideration. We review each questionnaire to identify any transactions or relationships that may constitute a conflict of interest, require disclosure, or affect an independence determination.

Any such transactions with the directors, officers, their immediate family members or any 5% shareholder are reviewed by the Audit Committee, and, when necessary, the full Board of Directors. These reviews are intended to ensure any such transactions are conducted on terms as fair as if they were on an arm's length basis and do not conflict with the director's or officer's responsibilities to the Company. If the Audit Committee or Board of Directors were to determine that a transaction is not on terms as fair as if it were on an arm's length basis, the transaction would be modified such that the transaction were as fair as if it were on an arm's length basis. The Audit Committee and Board of Directors place significant reliance on their collective business judgment, experience and expertise in their review and deliberations.

For situations in which it is either clear that a conflict of interest exists or there is a potential conflict of interest, the related director or officer is obligated to recuse himself from any discussion on the business arrangement. That director or officer does not participate in approving or not approving the related transaction. The remaining members of the Board of Directors make those determinations.

There were no transactions required to be reported under Item 404(a) of Regulation S-K that were not required to be reviewed or where the Company's policies and procedures for review were not followed in fiscal 2015.

Messrs. Gisel, Gundermann, Kayser, Lipke, and Maskrey each were granted 2,000 SARs to be settled in Class A shares at an exercise price per share equal to the fair market value of a Class A share on the date of grant.

INDEMNIFICATION AGREEMENTS

Moog has indemnification agreements with our directors. DEFERRED COMPENSATION PLAN

This plan allows non-employee directors to defer all or part of the director's cash fees. Directors deferring cash fees must notify the Company of any changes to the elections to defer fees for a calendar year by the end of the preceding calendar year, with new directors having 30 days to make such an election. COMPENSATION DISCUSSION AND ANALYSIS

INTRODUCTION

This Compensation Discussion and Analysis (CD&A) provides detailed information about the compensation arrangements for the Company's NEOs:

John R. Scannell Chief Executive Officer and Chairman of the Board

Donald R. Fishback Vice President and Chief Financial Officer

Warren C. Johnson Vice President and former President, Aircraft Group⁽¹⁾

Lawrence J. Ball Vice President and President, Components Group

Sean Gartland Vice President, Strategic Growth Initiatives⁽²⁾

(1) *Mr. Johnson, retired as President, Aircraft Group effective August 1, 2015 but remains an officer of the Company.*

(2) *Mr. Gartland, formerly Vice President and President, Industrial Group, was named Vice President, Strategic Growth Initiatives effective September 1, 2015.*

This CD&A includes the Executive Compensation Committee's compensation philosophy, the objectives of our compensation program and a discussion of each element of compensation paid to the NEOs for our most recent fiscal year.

EXECUTIVE SUMMARY

The objective of the Company's executive compensation program is to provide a compensation package that will attract, retain, motivate and reward superior executives who must operate in a highly competitive and technologically

challenging environment.

2015 Performance

In fiscal 2015, the Company responded to a series of challenges across multiple fronts. Our defense businesses had both top-line pressure and negative mix shifts. Our industrial businesses wrestled with foreign currency movements and the weakened economic conditions in both Europe and Asia. In addition, our sales into the energy markets were particularly hard hit by the drop in oil prices. Our commercial aircraft growth slowed and our supply chain did not meet our cost targets as quickly as we had projected. In total, it was a year of significantly more headwinds than we had planned for a year ago.

In response, we sold some small businesses, and identified some others for future divestiture. We exited several smaller product lines as we continue to focus our portfolio on the most promising opportunities. We reduced costs in areas where sales were down, while continuing to invest in opportunities for future growth. In the face of these challenges, we delivered solid earnings and record cash flow. We deployed our cash to buy back shares and recapitalized our balance sheet to provide for future flexibility.

Fiscal 2015 sales of \$2.53 billion were down 5% year over year, with 80% of the decrease due to the stronger dollar. Net earnings of \$132 million were down 17%, but earnings per share of \$3.35 were only down 5% on the lower share count. The decline in earnings per share during fiscal 2015 resulted in no management profit share being earned by our senior leadership, including the NEOs.

2015 Executive Compensation Assessment

The Executive Compensation Committee uses data provided by Hay Group, a compensation consultant, to establish competitive salaries for each of the NEOs. Information regarding the compensation consultant and this analysis are provided in greater detail throughout the CD&A.

In our total direct compensation programs (detailed on pages 22 to 23), each of the three major elements, base salary, Management Profit Share (MPS), and equity-based compensation, are considered independently. However, the Executive Compensation Committee also considers how our total compensation compares with the total compensation of comparable executives in peer organizations.

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS (continued)

In summary, the key aspects of the Company's compensation for the NEOs are as follows:

Total Direct Compensation for all NEOs between 27% and 71% of peer group medians, with an average of 54%;

Base salaries between 99% and 129% of the peer-group medians, with an average of 119%;

Base salary increases tied to market benchmarks, time in position and individual job performance;

MPS paid only when EPS increases and, therefore, no MPS was paid for this year;

Value of Long-Term Incentives (SAR awards) between 17% and 59% of peer group median LTIs, with an average of 42%;

SAR awards link NEO compensation to long-term shareholder interests;

Shares related to outstanding unexercised stock options are 0.68% of total outstanding shares;

Shares related to outstanding unexercised SAR awards are 0.59% of total outstanding shares;

Company policy prevents re-pricing option grants and SAR awards;

Change in control agreements are double triggered.

The Role of Shareholder Say-On-Pay Votes

The Company provides its shareholders with the opportunity to cast an advisory vote every three years on its executive compensation program (referred to as a "say-on-pay proposal"). At the Company's Annual Meeting of

Shareholders held on January 7, 2015, approximately 99% of the votes cast on the say-on-pay proposal at that meeting were voted in favor of the proposal. The Executive Compensation Committee believes this result affirms shareholders support of the Company's approach to executive compensation, and therefore maintained this approach in fiscal 2015. The Executive Compensation Committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for the NEOs.

Upcoming Changes to Executive Compensation Design in Fiscal 2016

The Executive Compensation Committee has been working with senior management to review the Company's short and long-term incentive plans.

The current MPS plan awards annual cash bonuses based on the annual percentage growth in earnings per share (EPS). Beginning with the award for fiscal 2016, MPS will include an additional performance metric in the form of free cash flow conversion (free cash flow divided by net earnings) that will comprise 25% of the target award. The Company believes that this will improve alignment between the annual bonuses paid and Company performance.

The review has also led to prospective changes in the structure of our long-term incentives. In January 2015, the 2014 LTI Plan was approved by shareholders, providing for the grant of equity-based awards covering 2,000,000 Class A or Class B shares of stock. Beginning in fiscal 2016, we are introducing a new performance-based award in the form of restricted stock units (RSUs) to be granted along with SARs. The RSUs will vest conditionally based on a three-year performance period using total sales growth and operating margin improvement targets.

The Company believes that these changes will improve alignment between both short and long term incentives and Company performance. The metrics selected for linkage to these plans were chosen because of their profile within the Company as key performance indicators.

The changes described here will be introduced during fiscal 2016, and had no impact on compensation in fiscal 2015.

COMPENSATION DISCUSSION AND ANALYSIS (continued)

COMPENSATION PHILOSOPHY AND OBJECTIVES

The main objective of the Company's executive compensation program is to provide a compensation package that will attract, retain, motivate and reward superior executives who must operate in a highly competitive and technologically challenging environment.

Moog seeks to do this by linking annual changes in executive compensation to overall Company performance, as well as each individual's contribution to the results achieved. The emphasis on overall Company performance is intended to align the executives' financial interests with the interest of shareholders.

Moog also seeks fairness in total compensation with reference to external comparisons, internal comparisons and the relationship between management and non-management remuneration.

The Company's executive compensation program aims to take a balanced approach. On the one hand, we recognize that near-term shareholder value can be created by the achievement of near-term results. To reward near-term success, annual salary increases are linked to market rates and individual job performance, and MPS reflects annual increases in earnings per share. On the other hand, the Company's business, particularly in aerospace and defense, requires that executives make decisions and commitments where benefits, in financial terms, take years to develop. The Company's equity-based compensation program is intended to reward long-term success and to align executives' financial interests with those of long-term shareholders.

ROLES AND GOVERNANCE

The Executive Compensation Committee

The Executive Compensation Committee of the Board is composed solely of independent, non-employee directors. The Executive Compensation Committee meets to determine CEO compensation, and has final approval on all elements of officer compensation. Any changes in benefit plans which affect executive officers are presented to the Executive Compensation Committee for review and approval and presentation to the entire Board.

For fiscal 2015, this Committee was comprised of the following members:

Chair William G. Gisel, Jr.

Peter J. Gundermann

Brian J. Lipke

Independent Consultant

The Executive Compensation Committee selects and retains the services of Hay Group, a compensation consultant, to provide professional advice on the Company's executive officer compensation. Hay Group is retained directly by the Executive Compensation Committee and works directly with the Executive Compensation Committee's chairman. Hay Group advises on the design of compensation arrangements and provides an independent market assessment of peer companies, using Hay Group's Job Evaluation methodology and general industry compensation and practices.

The compensation consultant works with management to collect information, to solicit management's input and to understand Moog's plans, goals and actual performance. The consulting relationship is reviewed by the Executive Compensation Committee annually to determine its satisfaction with the services and advice provided by the compensation consultant.

See Executive Compensation Committee on page 14 for more information about the services provided by Hay Group and its independence.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS (continued)****MARKET ASSESSMENT****The Basis of Comparison**

As part of their review process, Hay Group makes comparisons of the Company's compensation program to two groups of companies. The first comparison is with Hay Group's proprietary Industrial Executive Compensation Report. The second comparison is a group of seventeen companies whose businesses are similar to Moog's and whose revenues are reasonably comparable. Hay Group reviews this peer group each year and recommends changes where appropriate.

The peer group features one change, with Crane Co. replacing Alliant Techsystems Inc. Crane Co. is an international engineering business based in Stamford, Connecticut that operates in fluid handling, aerospace and electronics, engineered materials and merchandising systems sectors. Orbital Sciences Corporation became Orbital ATK, Inc. after acquiring the aerospace and defense interest of Alliant Techsystems Inc.

Crane Co.	Spirit AeroSystems, Inc.
Cubic Corporation	Teledyne Technologies, Inc.

Esterline Technologies Corporation	Triumph Group, Inc.
Hexcel Corporation	Woodward, Inc.

DIRECT COMPENSATION COMPONENTS OF THE EXECUTIVE COMPENSATION PROGRAM**Base Salary**

Both the Executive Compensation Committee and the Company use the Hay Group's Job Evaluation methodology for professional roles, including its NEOs. The Hay Group's Job Evaluation methodology is an analytical, factor-based

scheme that measures the relative importance of jobs by assigning them points within an organization. Each NEO has an evaluation score that is used to benchmark compensation. Hay Group provides annual peer-company salary data, as well as data from their wider executive compensation survey. This information provides the basis for determining a competitive base salary for each position. NEOs' base salaries are reviewed annually, and adjustments are based on a comparison with market benchmarks, time in position and individual job performance.

Management Profit Share

The Company's senior leadership, both managerial and technical, numbers approximately 400 persons. This entire group, including the NEOs, participates in a Management Profit Sharing Program in which a cash bonus payout each year is a function of the year-over-year percentage growth in the Company's earnings per share. A simple formula is used to determine the cash bonus amount. Any payout depends entirely on the Company's year-over-year percentage growth in earnings per share and there are no individual performance incentives in the formula.

The Company uses this single metric to underscore the importance of collaboration at all levels of leadership. The Company supplies products to a diverse array of customers in a variety of global markets. The common thread is that the technology used in our high-performance precision control and fluid flow systems, and our other key technical resources, are transferrable from one segment to another in response to fluctuating customer demands. Having our senior leadership focus on what's good for the Company has been an important factor in the Company's consistent performance.

Long-Term Incentives / Equity-Based Compensation

Stock Options

While the Company currently does not issue stock option awards, such awards had been a consistent element of executive compensation until 2008. The 2003 Stock Option Plan, which terminated in November 2012, covers outstanding stock options for Class A shares in the form of both incentive stock options (ISOs) and non-qualified stock options (NQSOs). Stock options issued to executive officers and directors could not be exercised until at least one year after the option grant. Each executive officer option grant contained a vesting schedule, with the vesting schedule constructed to maintain the treatment of the options as ISOs. However, in certain cases options granted to executive officers will be treated as NQSOs due to IRS limitations. NQSOs issued to non-employee directors do not have a vesting schedule and can be exercised at any time starting one year after the option grant.

The options were priced at the New York Stock Exchange Moog Class A share closing price on the day the Board approved the option grants. Stock options awarded for Class A shares under these plans did not consider individual performance. After consideration of peer company data provided by Hay Group, a fixed option award was made to each NEO, with a slightly larger award to the CEO. Compared with peer companies, our stock option awards have been modest. It is Company policy not to re-price option grants. In the interest of maintaining alignment between management and shareholder's interests, the 2003 Stock Option Plan imposes a three-year holding period on option shares unless shares of Company stock are used in payment of the option exercise price.

Stock Appreciation Rights

The 2008 Stock Appreciation Rights Plan (2008 SAR Plan), which terminated on January 7, 2015, following shareholder approval of the Moog Inc. 2014 Long Term Incentive Plan (2014 LTI Plan), provided for the award of stock appreciation rights (SARs). SARs issued under this plan confer a benefit based on appreciation in value of Class A shares, and are settled in the form of Class A shares.

The purpose of the 2008 SAR Plan has been to promote the long-term success of the Company and to create shareholder value by (a) encouraging non-employee directors, officers and key executives performing service for the Company to focus on critical long-range objectives, (b) encouraging the attraction and retention of eligible participants with exceptional qualifications, and (c) linking participants directly to shareholder interests through ownership of the Company. The 2008 SAR Plan sought to achieve this purpose by providing for awards in the form of SARs, which derive value only from the appreciation in price of the Company's stock and that are payable in shares of Company stock.

The number of annual SARs awarded was determined in collaboration with Hay Group utilizing peer company survey data. Annual SARs awarded to executive officers to date have been at values below the median of the Company's peer

companies. Individual performance is not used to determine the number of NEO SAR awards.

Moog Inc. 2014 Long Term Incentive Plan

In January 2015, the 2014 LTI Plan was approved by shareholders, providing for the grant of awards covering 2,000,000 shares of stock. While we believe our long-term incentive arrangements have been effective to date, the 2014 LTI Plan provides a more flexible framework that permits the development and implementation of a variety of stock-based incentives which will enable the Company to base awards on key performance metrics as well as to further align our long-term incentive compensation with our peers and shareholder interests. No awards were granted under this plan in fiscal 2015.

OTHER BENEFITS AND PERQUISITES

Retirement Programs

The Company believes that a retirement plan is a key element in attracting and retaining employees at all levels of the organization. The Company has provided a defined benefit retirement plan in the past, but U.S. employees hired after January 1, 2008 are now covered under a defined contribution plan. The Company maintains benefits to participants under both the defined benefit plan and defined contribution plan. Certain NEOs participate in the U.S. defined benefit retirement plan and all participate in a supplemental plan. One NEO also has deferred membership in an Irish defined benefit plan and an international defined contribution plan. These plans are described in more detail along with officers' other pension benefits on pages 36 to 37. The value of pension benefits for each NEO can be found in the table on page 38.

Medical Coverage

The NEOs participate in the same health insurance programs available to all employees. In addition, our executive officers have coverage under an enhanced medical insurance policy that generally covers all unpaid healthcare expenses deductible under IRS guidelines. This supplemental coverage plan was established in accordance with industry practice for senior executives. We believe that conforming in this way to industry standards aids in executive retention.

Vacation, Disability and Group Life Insurance

NEOs participate in the same vacation, disability and life insurance programs as all other Moog employees. Life insurance coverage for employees is based upon a multiple of salary, with the multiple for the NEOs generally being two times annual salary.

Termination Benefits

NEOs and other members of executive management are provided termination benefit agreements that are triggered under certain circumstances, including a change in control. Under these agreements, executive officers receive salary continuance for up to three years based upon length of service; MPS on a prorated basis in the year of termination; and medical coverage, life and disability benefits and club dues for one year. These agreements are designed to retain executives and provide continuity of management in the event of a change in control. The Company believes that these severance and change in control benefits are required to attract and retain executive talent in a marketplace where such benefits are commonly offered. Further information can be found under the heading Potential Payments

Upon Termination or Change in Control section on pages 40 to 42.

Other Benefits

The Company reimburses fees for membership in certain private clubs so that the Company's executives have these facilities available for entertaining customers, conducting Company business and fulfilling community responsibilities.

COMPENSATION DISCUSSION AND ANALYSIS (continued)

THE PROCESS USED TO DETERMINE COMPENSATION

Base Salary

The process for setting annual base salaries is one wherein the CEO makes recommendations for merit-based salary increases and, occasionally, base salary adjustments needed to position an executive officer appropriately against market benchmarks. The Executive Compensation Committee approves or adjusts those recommendations for a final determination. As part of this process, the CEO prepares a performance appraisal for each executive officer, including himself, which is reviewed in detail by the Executive Compensation Committee. These performance appraisals take into consideration:

the outcomes achieved by the business unit or functional area for which the officer is responsible;

the conduct and contribution of the officer and the organization he manages in achieving overall Company results; and

the officer's achievements in developing organizational strength for the future.

In developing his recommendations for base salary increases and adjustments for the calendar year for the NEOs in 2015, the CEO used a framework which relates percentage increases to merit ratings for each individual. In 2015, a satisfactory performance for an officer would earn an increase of between 2% and 3%, while an outstanding performance earned a 4% increase. All increases were referenced against peer group benchmark data and the CFO was one of two NEOs who received additional adjustments to move them closer to the market median.

The Executive Compensation Committee is mindful of the IRS limitation on deductibility of compensation over \$1 million. No executive officer's compensation for fiscal 2015 exceeded the IRS limitation.

Management Profit Share

Annual cash bonuses paid to senior executives are developed in accordance with a management profit sharing plan in which there are approximately 400 participants. For this group, cash bonuses are paid each year in which the Company achieves growth in earnings per share. The bonus amount payable to each participant is determined by multiplying the participant's base salary by the product of the percentage improvement in Moog's earnings per share

and one of four multipliers based on a participant's responsibilities.

During fiscal 2015, there were 13 executive officers who were responsible for the overall management and success of the Company and were eligible to receive a cash bonus that is equal to the participant's base salary at year end multiplied by the percentage improvement in earnings per share times a factor of 3.0, subject to a cap of 60% of base salary. As there was no growth in earnings per share in fiscal 2015, no bonus was paid.

The multiplier is used to achieve bonus payments which, in years of strong earnings growth, are somewhat comparable to the bonus plans for executives in other companies in the peer group identified by Hay Group. The Company's earnings per share increase and NEO bonus history over the last three years is as follows:

Year	EPS Increase %	NEO Bonus %
2015	0.0%	0.0%
2014	8.0%	24.0%
2013	0.0%	0.0%

COMPENSATION DISCUSSION AND ANALYSIS (continued)

Equity-Based Compensation

The Company believes that stock ownership on the part of executive officers serves to align the leadership of the Company with the interest of shareholders.

The Board of Directors appointed the Executive Compensation Committee to administer all components of executive compensation, including equity-based compensation plans. These responsibilities include the authority to construe and interpret the terms of the plans and awards granted under them, to determine the persons eligible to receive awards, when each award will be granted and the terms of each award, including the award amounts granted. No awards may be re-priced in accordance with the terms of the Company's outstanding plans.

During fiscal 2015, SAR awards of 15,000 shares for the CEO and 10,000 shares for each of the executive officers were granted under the 2008 SAR Plan. The Executive Compensation Committee has not use a formulaic approach, but in years when performance is considered adequate, the Executive Compensation Committee has invited the CEO to make recommendations for SAR awards for all executive officers other than himself. These recommendations were either approved or adjusted by the Executive Compensation Committee. With regard to the CEO, SAR awards were determined by the Executive Compensation Committee. A total of 192,000 SARs were awarded in fiscal 2015, resulting in a burn rate of less than 1% based on the diluted weighted-average shares outstanding.

A SAR award contains such terms and conditions as was determined by the Executive Compensation Committee, subject to the terms of the 2008 SAR Plan, including the date on which the SARs become exercisable and the expiration date of the SARs. The exercise price of a SAR will be equal to the fair market value of one Class A share on the date of grant. The total number of SARs awarded to any one employee during any fiscal year of the Company may not exceed 50,000.

SARs vest and become exercisable pursuant to the terms and conditions outlined in each participant's award agreement, as was determined by the Executive Compensation Committee. SARs do not become exercisable earlier than the first anniversary of the date of grant, and vested SAR awards will be exercisable by participants only until the tenth anniversary of the date of grant.

In the development of the 2008 SAR Plan, Hay Group was engaged in a consulting capacity. The Executive Compensation Committee, known as the Stock Option Committee at the time, in collaboration with the CEO, selected a pattern of SAR distributions where all officers except the CEO were awarded the same number of SARs. Hay Group analysis indicates that the value of the Company's awards in SARs is below the median of peer companies.

No awards were granted under the 2014 LTI Plan in fiscal 2015.

The Executive Compensation Committee remains mindful of the relationship between the number of stock-based compensation awards granted and the shares outstanding. As of the fiscal 2015 year-end, the shares related to the Company's outstanding unexercised options were 0.68% of the total outstanding shares and those related to the Company's outstanding unexercised SAR awards were 0.59% of the total outstanding shares. It is important to note that while option grants are equivalent to resulting Company shares, the same is not true for SARs. The shares related to outstanding SAR awards are based upon the October 2, 2015 closing price and, where applicable, mandatory federal and state tax withholdings for employees at an assumed rate of 35%.

RISK REVIEW

In formulating and evaluating the Company's executive compensation program, the Executive Compensation Committee considers whether the program promotes excessive risk-taking. The Executive Compensation Committee believes the components of the Company's executive compensation program:

Provide an appropriate mix of fixed and variable pay;

Balance short-term operational performance with long-term increases in shareholder value;

Reinforce a performance-oriented environment; and

Encourage recruitment and retention of key executives.

The Executive Compensation Committee of the Board of Directors has followed consistent practices over the years and the members of the Executive Compensation Committee have not seen any evidence that our compensation programs create risks that are reasonably likely to have a material adverse effect on our Company. The Executive Compensation Committee believes the leadership of the Company is not provided with incentives which would result in leadership taking unreasonable risks in order to achieve short term results at the expense of the long-term health and welfare of the shareholders' investment. Additional policies are in place to further reduce the likelihood of excessive risk-taking, such as the insider trading policy, which prohibits key insiders, including officers, from engaging in short sales or hedging transactions involving the Company's securities.

THE EXECUTIVE COMPENSATION COMMITTEE REPORT

The Executive Compensation Committee of the Board of Directors has reviewed and discussed this CD&A with the Company's management. Based on this review and these discussions with management, the Executive Compensation Committee recommended to the Board of Directors that the CD&A be included in this Proxy Statement.

Table of Contents**2015 EXECUTIVE COMPENSATION DATA****DISTINGUISHING AWARDED FROM REPORTED PAY**

In reviewing our executive compensation, it is important to distinguish the reported compensation provided to our named executives in fiscal 2015 from the compensation that was actually awarded to our NEOs in fiscal 2015. We have provided the following additional compensation table in order to remove the volatility related to the effects of changes in actuarial assumptions on the value of the NEOs' pension benefits as required to be disclosed in the Summary Compensation Table. This table is not a substitute for the 2015 Summary Compensation Table, which appears on page 30.

The table below shows the compensation awarded to each of our NEOs for fiscal 2015. This table includes:

Salaries paid during fiscal 2015;

The table below presents dollar amounts computed as required under SEC rules.

The amounts shown for options and SARs reflect the aggregate grant date fair value. These amounts do not reflect the current or prospective value of these awards to the executive.

The amounts shown under the column Change in Pension Value and Non-Qualified Deferred Compensation Earnings reflect the change in the actuarial present value of each NEO's retirement benefits. For fiscal 2015, certain employees participating in our defined benefit retirement plans, including the NEOs, have an increase in the actuarial value of their pension benefit. The Company changed the mortality assumptions used to calculate these values, which resulted in the majority of the increase in the actuarial value of pension benefits for our employees, including the NEOs. The values for fiscal 2015 reflect this change in mortality assumptions, the MPS plan described on page 22, the impact of changes in interest rates on actuarial present value calculations, years of credited service and changes in compensation levels.

PENSION BENEFITS

U.S. PENSION BENEFITS

The Company maintains the Moog Inc. Employees Retirement Plan (ERP), a tax-qualified defined benefit retirement plan. This qualified defined benefit plan is funded by employer contributions and currently all of the NEOs participate in the ERP except Mr. Gartland, whose pension benefits are described on the next page.

The benefit accrual available to U.S. based executive officers under the qualified defined benefit plan is limited to \$260,000 in base compensation for the Plan Year ending September 30, 2015.

The Internal Revenue Code limits the benefits that may be paid from the ERP. The Company maintains the Moog Inc. Supplemental Retirement Plan (SERP) for certain executive officers, including the NEOs, to bridge the gap between legally mandated limits on qualified pension plan benefits and the retirement benefits offered at comparable public companies, and to provide participants with supplemental benefits.

While the Company formally funds the qualified defined benefit plan, the SERP is not formally funded. A Rabbi Trust, however, was established under which certain funds have been set aside to satisfy some of the obligations under the SERP. If the funds in the Rabbi Trust are insufficient to pay amounts payable under the SERP, the Company will pay the difference.

MOOG INC. EMPLOYEES RETIREMENT PLAN

Under the ERP, benefits are generally payable monthly upon retirement to participating employees of the Company. These benefits are based upon compensation and years of service and subject to limitations imposed by the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code. The ERP is administered by a Retirement Plan Committee and covers all eligible employees with one year of service and a minimum of 1,000 hours of employment. New U.S. based employees hired on or after January 1, 2008 are not eligible to participate in the ERP. New U.S. based employees hired after that date are covered under a defined contribution plan.

Benefits payable under the ERP are determined on the basis of compensation and credited years of service. A participant's accrued benefit is equal to the sum of the participant's prior service benefit, if any, and the participant's future service benefit.

A participant is entitled to a prior service benefit if the participant was actively employed on or after January 1, 1998 (or retired as of January 1, 1998) and was employed by the Company before October 1, 1990. The prior service benefit is 1.15% of the first \$20,000 of prior service compensation, plus 1.75% of prior service compensation in excess of \$20,000, multiplied by the participant's prior service. Prior service compensation is the greater of (i) the participant's basic annual rate of pay on January 1, 1988, and (ii) the amount of the participant's annual rate of pay plus overtime and shift differential received in the calendar year ending December 31, 1989, not to exceed \$150,000. Prior service is the number of years and completed months of credited service with the Company through October 1, 1990.

A participant's future service benefit is computed separately for each year of credited service beginning with October 1, 1990, or the participant's date of hire, if later, and is equal to 1.15% of the participant's future service compensation not in excess of \$20,000, plus 1.75% of the participant's future service compensation in excess of \$20,000. In any event, after a participant is credited with 35 years of combined prior service and future service, the participant's benefit for each year of future service will be 1.75% of future service compensation. Future service compensation with respect to a plan year is the amount of basic annual pay, plus any overtime or shift differential, a participant receives in the calendar year ending within that plan year. The maximum dollar amount of future service compensation that may be used for Plan purposes is set by law and adjusted periodically. The maximum dollar amount is \$260,000 for the Plan Year ending September 30, 2015.

Table of Contents

Any participant who entered the ERP before the 2002 plan year and retires with five years or more of service will receive a minimum pension benefit. If the participant joined the ERP before October 1, 2002 and retires at age 65 with 15 or more years of vesting service, the minimum pension benefit will be at least \$2,400 per year. If the participant joined the Plan before October 1, 2002 and retires at age 65 with between 5 and 15 years of service, the minimum pension benefit will be a prorated portion of the \$2,400 per year minimum benefit.

A participant generally may retire and begin receiving ERP benefits at normal retirement age (age 65). A participant also may retire and begin receiving plan benefits on the first day of any month coincident with or next following the participant's 55th birthday, but only if the participant has completed 15 years of vesting service. The amount of a participant's monthly Plan benefit, however, will be discounted or reduced .5% for each month the early retirement benefit commences before normal retirement age.

MOOG INC. SUPPLEMENTAL RETIREMENT PLAN

The SERP provides for supplemental retirement benefits to eligible Company officers, including the NEOs. Assuming a participant qualifies for full benefits, the SERP payment upon retirement is equal to 65% of the officer's compensation, less any benefits payable under the ERP and reduced further by one-half the primary Social Security benefit payable at age 65. All SERP benefits are assumed to be paid monthly in accordance with the plan document. SERP benefits payable to officers who have service with overseas subsidiaries of the Company are adjusted to account for benefits in subsidiary and national pension and social security plans. For the purposes of the SERP, an eligible officer's compensation generally is the sum of (i) the average of the officer's highest consecutive three-year base salary prior to retirement plus (ii) the officer's highest annual profit share/bonus within the five fiscal years prior to retirement.

To be eligible for benefits under the plan, officers must have at least 10 years of service with the Company. Full benefits are payable when the participant reaches age 65 with at least 25 years of service. Officers who became participants in the SERP on or before November 30, 2011 are eligible for full benefits when the participant reaches at least age 57 where the participant's combined age and years of service with the Company equal at least 90. Participants qualifying for benefits under the SERP who retire before meeting age and service requirements to receive full benefits will receive a reduced benefit.

Participant benefits are also vested in the event of involuntary termination other than for cause. A termination where there has been an adverse change in duties, responsibilities, status, pay or perquisites without participant consent within two years of a change in control of the Company, as defined by the SERP, is deemed an involuntary termination, as is a termination where the participant's pay has been reduced to a greater extent than the other executives of the Company.

NON-U.S. PENSION BENEFITS**MOOG IRELAND PENSION AND DEATH BENEFITS PLAN**

Moog Ireland Limited, a wholly-owned subsidiary of the Company, maintains the Moog Ireland Pension and Death Benefits Plan (Ireland Plan), a defined benefit retirement plan funded by employer contributions. Under the Ireland Plan, benefits are usually payable monthly upon retirement to participating employees of the Company. These benefits

are based upon final pensionable salary and credited years of service and subject to limitations imposed by the Taxes Consolidation Act 1997. The Ireland Plan is administered by the Trustees of the Ireland Plan. The Ireland Plan was available to employees of Moog Ireland Limited until it was closed to new entrants on July 1, 2011. New employees hired by Moog Ireland Limited on or after July 1, 2011 are not eligible to participate in the Ireland Plan. New employees of Moog Ireland Limited hired on or after that date are covered under a defined contribution plan.

A participant's accrued benefit is equal to 1/60th of final pensionable salary for each year of service, where pensionable salary is base salary less a reduction to recognize the Irish State Retirement Pension and final pensionable salary is the average of the three highest calculations of pensionable salary in the last ten calculations of pensionable salary prior to the date of retirement or earlier date of leaving the service of the employer. Pensionable salary excludes bonuses, overtime, and shift pay.

Table of Contents

A participant generally may retire and begin receiving benefits under the Ireland Plan at normal retirement age (age 65). A participant also may retire and begin receiving plan benefits on the first day of any month coincident with or next following the participant's 50th birthday, provided they have left the service of the employer. The amount of a participant's monthly Ireland Plan benefit, however, will be discounted or reduced by the actuary to the Ireland Plan, having regard to the solvency of the Ireland Plan at the time of the retirement. The current discount rate being applied by the actuary to the Ireland Plan is 0.5% for each month the early retirement benefit commences before normal retirement age.

Mr. Gartland is the only NEO who has benefits under the Ireland Plan. Mr. Gartland participated in the Ireland Plan from November 1987 to December 2006 and is no longer an active participant of this plan but retains preserved benefits. These benefits are not linked to future salary but will be based on his final pensionable salary and the number of credited years of service while he was an active participant of the Ireland Plan. Pensionable salary will increase annually by the lesser of price inflation or 4% until benefits commence.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

EMPLOYMENT, SEVERANCE AND CHANGE IN CONTROL

The Company has entered into Employment Termination Benefits Agreements (Termination Agreements) with its executive officers. These Termination Agreements cover termination as a result of death, disability or retirement, termination for cause, voluntary and involuntary termination of employment, as well as involuntary termination after a change in control. The following is a summary of the termination benefits provided under various circumstances.

PAYMENT UPON DEATH, DISABILITY OR RETIREMENT

In the event of the death of an officer, the estate or surviving spouse will receive a payment of six months salary, a MPS payment pro-rated to the date of the officer s death, and any unused vested vacation. A payment of approximately two times annual salary will be paid under the Company s Group Life Insurance plan, subject to a cap of \$4,000,000. The estate or surviving spouse will receive payments under the Company s pension and 401(k) plans, and all unexpired stock options and SARs will fully vest, and the estate or surviving spouse will have one year to exercise unexpired ISOs and two years to exercise unexpired NQSOs and SARs.

In the event an officer becomes disabled or retires, the officer is entitled to the same benefits, as described above, with the exception of life insurance and salary continuation. If the officer becomes disabled, the officer also will receive payments under the Company s disability plan. If the officer retires, the officer will receive all benefits provided generally by the Company to its executives upon retirement, including benefits under any retirement or supplemental retirement plans and insurance benefits provided upon retirement.

PAYMENT UPON TERMINATION FOR CAUSE

Under the Termination Agreements, cause is considered a harmful act or omission constituting a willful and a continuing failure to perform material and essential employment obligations, conviction of a felony, willful perpetration of common law fraud, or any willful misconduct or bad faith omission constituting dishonesty, fraud or immoral conduct, which is materially injurious to the financial condition or business reputation of the Company. If terminated for cause, the officer is entitled to all benefits vested under retirement plans, and payment of unused vested vacation. The officer is not entitled to MPS, no severance is provided and all stock options and SARs expire.

PAYMENT UPON VOLUNTARY TERMINATION

When an officer voluntarily terminates employment with the Company, the officer is entitled to receive all pension benefits accrued under any retirement or supplemental retirement plans up to the date of termination (subject to the rules referenced above in the SERP description), and payment for all unused vested vacation. The officer is entitled to exercise all vested ISOs within one year of termination and all vested NQSOs within two years of termination. All unexpired vested SARs are exercisable within ninety days of termination and all unvested SARs will expire at the close of business on the date of termination.

PAYMENT UPON INVOLUNTARY TERMINATION WITHOUT CAUSE AND AFTER A CHANGE IN CONTROL

The termination benefits provided to an officer under the Termination Agreements in the case of involuntary termination without cause and in the event of involuntary termination after a change in control are the same, except each event references a different credited years of service table to determine salary continuance. The officer will receive salary continuance for no less than 12 months and no more than 36 months, depending on length of service. MPS will be paid on a pro-rated basis for service up to the date of termination, and any unused vested vacation will be paid. The Company will pay, for one year after involuntary termination or involuntary termination after a change in control, medical, life and disability premiums on behalf of the officer, one year of auto related expenses, as well as one year of club membership dues for which reimbursement was provided by the Company. The officer is entitled to all vested benefits under any retirement or supplemental retirement plans. All unexpired stock options and SARs will fully vest and the officer is entitled to exercise all ISOs within one year of termination and all NQSOs and SARs within two years of termination.

Table of Contents

The Termination Agreements provide that an officer cannot compete with the Company during the term of the Termination Agreement, and in the event of an involuntary termination after a change in control, until the last payment of any benefits to the officer under the Termination Agreement. Each Termination Agreement also requires each officer not to disclose confidential information of the Company during the term of the Termination Agreement or thereafter.

The following table shows potential payments to the NEOs upon disability and death, voluntary termination, involuntary termination without cause or involuntary termination following a change in control. The amounts shown assume that the termination was effective October 3, 2015, the last business day of the Company's most recent fiscal year end. The actual amounts to be paid can only be determined at the actual time of an officer's termination.

(1) Severance payments for all NEOs under an involuntary termination due to a change in control would be 36 months, and are reflected in the table above. In the event of an involuntary termination (no change in control), severance payments for Mr. Scannell would be 27 months; for Messrs. Fishback, Johnson and Ball would be 36 months; and for Mr. Gartland would be 33.

(2) Represents payment of base salary for a period of six months to officer's surviving spouse or estate.

(3) For years when there is MPS, termination benefits would include those profit share payments for all except voluntary termination.

(4)

For purposes of determining premiums for medical, life and disability coverage, the premiums paid in fiscal 2015 are reflected and for club dues and auto expenses, the amount paid in fiscal 2015 are reflected. Outplacement services have been estimated at \$20,000. In the event of death, the estate or beneficiary of the officers will receive a life insurance payment pursuant to a plan covering all employees, subject to a cap of \$4,000,000. In the event of disability, the officers are covered under a disability plan for all employees, which for officers provides up to 70% of pay until normal retirement age.

- (5) This is the value of outstanding, in the money stock option and SAR awards at October 3, 2015. The value was determined using the October 2, 2015 closing price. For stock options, the value was calculated by multiplying the market price by shares which can be acquired assuming all such options were exercised less the exercise price of the option. For SARs, the value was calculated for the increase in the market price over the exercise price.

PROPOSAL 2 RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors, on the recommendation of the Audit Committee, has selected Ernst & Young LLP, an independent registered public accounting firm, to continue as independent auditors of the Company for the 2016 fiscal year. Representatives of Ernst & Young LLP are expected to attend the shareholders meeting, will be given the opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

The Board of Directors recommends a vote FOR ratification of Ernst & Young LLP as auditors for fiscal year 2016.

PROPOSALS OF SHAREHOLDERS FOR 2017 ANNUAL MEETING

To be considered for inclusion in the proxy materials for the 2017 Annual Meeting of Shareholders, shareholder proposals must be received by the Secretary of the Company no later than August 16, 2016. Under the Company's by-laws, if a shareholder wishes to nominate a director or bring other business before the shareholders at the 2015 Annual Meeting without having a proposal included in the Proxy Statement for that meeting, the shareholder must notify the Secretary of the Company in writing between September 15, 2016 and October 15, 2016, and the notice must contain the specific information required by the Company's by-laws. A copy of the Company's by-laws can be obtained without charge from the Treasurer of the Company, East Aurora, New York, 14052.

Section 1.06 of the Company's by-laws provides that proposals may be properly brought before an annual meeting by a shareholder of record (both at the time notice of the proposal is given by the shareholder and as of the record date of the annual meeting in question) of any shares of the Company entitled to vote at the annual meeting if the shareholder provides timely notice of the proposal to the Secretary of the Company in accordance with the requirements of the by-laws. A shareholder making a proposal at an annual meeting must be present at such meeting in person, and the business brought before an annual meeting must also be a proper matter for shareholder action under the New York Business Corporation Law.

A shareholder's notice to the Secretary of the Company must set forth certain information regarding the shareholder and the proposal, including the name and address of the shareholder, a brief description of the business the shareholder desires to bring before the annual meeting and the reasons for conducting such business at such annual meeting, the class or series and number of shares beneficially owned by the shareholder, the names and addresses of other shareholders known to support such proposal and any material interest of the shareholder in such proposal.

Section 1.06 further provides that nominations of candidates for election as directors of the Company at any annual meeting of shareholders may be made by a shareholder of record (both at the time notice of such nomination is given by the shareholder and as of the record date of the annual meeting in question) of any shares of the Company entitled to vote at the annual meeting for the election of directors if the shareholder provides timely notice to the Secretary of the Company in accordance with the requirements of the by-laws. A shareholder may nominate a candidate for election as a director only as to such class of director whose election the shareholder would be entitled to vote thereon

at an annual meeting of shareholders. Any shareholder who desires to make a nomination must be present in person at the annual meeting.

In addition to the information required in a notice of a proposal, a notice to the Secretary with respect to nominations must contain certain information regarding each proposed nominee for director, including, the nominee's name, age, business and residence address, principal occupation, the class or series and number of shares of the Company beneficially owned by the nominee and a consent of the nominee to serve as a director, if elected. The notice must also provide a description of any arrangements or understandings between the nominating shareholder and each nominee and such other information concerning the nominee as required pursuant to the rules and regulations promulgated under the Securities Exchange Act of 1934, as amended.

Table of Contents

Further information regarding proposals or nominations by shareholders can be found in Section 1.06 of the Company's by-laws. If the Board of Directors or a designated committee determines that any proposal or nomination was not made in a timely fashion or fails to meet the information requirements of Section 1.06 in any material respect, such proposal or nomination will not be considered.

As of the date of this Proxy Statement, the Board of Directors does not intend to present, and has not been informed that any other person intends to present, any matter for action at this meeting other than those specifically referred to in this Proxy Statement. If other matters properly come before the meeting, it is intended that the holders of the proxies will act with respect thereto in accordance with their best judgment.

The cost of this solicitation of proxies will be borne by the Company. The Company may request brokerage houses, nominees, custodians and fiduciaries to forward soliciting material to the beneficial owners of stock held of record, and will reimburse such persons for any reasonable expense in forwarding the material. The Company anticipates hiring Alliance Advisors LLC to assist in the solicitation of proxies for a fee anticipated to be \$6,500, plus disbursements. In addition, officers, directors and employees of the Company may solicit proxies personally or by telephone and will not receive any additional compensation.

Copies of the 2015 Annual Report of the Company, which includes the Company's Annual Report on Form 10-K for the fiscal year ended October 3, 2015, are being mailed to shareholders, as are this Proxy Statement, proxy card and Notice of Annual Meeting of Shareholders. Additional copies may be obtained, without charge, from the Treasurer of the Company, East Aurora, New York 14052.
