These risks and uncertainties include, without limitation:

changes in health care and auto and property repair costs; and

other matters described from time to time in our releases and publications, and in our periodic reports and other documents filed with the SEC.

In addition, investors should be aware that generally accepted accounting principles prescribe when a company may reserve for particular risks, including litigation exposures. Accordingly, results for a given reporting period could be significantly affected if and when a reserve is established for one or more contingencies. Also, our regular reserve reviews may result in adjustments of varying magnitude as additional information regarding claims activity becomes known. Reported results, therefore, may be volatile in certain accounting periods.

Table of Contents

DESCRIPTION OF SENIOR DEBT SECURITIES

The following description sets forth certain general terms and provisions of the debt securities that we may offer under a prospectus supplement. The particular terms and provisions of the debt securities offered by any prospectus supplement and the extent, if any, to which such general terms and provisions may apply to the debt securities so offered will be described in the prospectus supplement relating to such debt securities.

The debt securities will represent unsecured general obligations of the company. The debt securities will rank equally with all of our other existing and future unsecured and unsubordinated indebtedness and will rank senior to our subordinated indebtedness, if any. Unless stated otherwise in the applicable prospectus supplement, we will issue the debt securities under an Indenture dated as of September 15, 1993, as supplemented, between us and U.S. Bank National Association (as successor in interest to State Street Bank and Trust Company, which was successor in interest to The First National Bank of Boston), as trustee. Debt securities may be issued in one or more series under the indenture. The indenture does not limit the amount of debt securities or any other debt that we may incur. In addition, the provisions of the indenture do not afford holders of the debt securities protection in the event of a highly leveraged transaction, reorganization, restructuring, merger or similar transaction involving us that may adversely affect holders of the debt securities.

The Progressive Corporation is organized as a holding company that owns subsidiary companies. Our subsidiaries conduct substantially all of our business operations. As a holding company with no business operations of its own, The Progressive Corporation relies on dividends from the subsidiary companies as the principal source of funding to meet its financial obligations. The holding company's ability to meet its obligations, including the obligations under any debt securities offered under this prospectus, may be adversely affected by limitations or prior approval requirements under state laws applicable to the declaration and payment of dividends by our insurance subsidiaries.

The following discussion summarizes certain provisions of the indenture between us and U.S. Bank National Association and other relevant information; the discussion does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all provisions of the indenture, a copy of which is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part.

Article and Section references are to the applicable article or section of the indenture.

General

The indenture provides that we may issue debt securities in one or more series up to the aggregate principal amount that we may authorize from time to time. The debt securities may be denominated and payable in U.S. dollars, foreign currencies or units based on or relating to U.S. or foreign currencies. Debt securities may be offered to the public on terms determined by market conditions at the time of sale. (Section 2.3)

The prospectus supplement for each series of debt securities offered under this prospectus will include information relating to the following terms, to the extent applicable:

the title, aggregate principal amount and authorized denominations of such debt securities;

the purchase price of such debt securities (expressed as a percentage of the principal amount thereof);

the date on which such debt securities will mature and the principal is payable;

the rate or rates (which may be fixed or variable) per annum at which such debt securities will bear interest, if any, or the method by which such rate or rates will be determined;

the coin or currency or units based on or relating to currencies in which such debt securities may be purchased and in which payment of principal and interest will be made;

Table of Contents

the periods for which and the dates on which such interest, if any, will be payable;

the place or places where the principal of and premium and interest, if any, on such debt securities will be payable;

the terms of any mandatory or optional redemption (including any sinking fund);

whether such debt securities will be issuable in registered form or bearer form (with or without coupons) or both, and, if debt securities in bearer form will be issued, any restrictions applicable to the exchange of one form for another and to the offer, sale and delivery of debt securities in bearer form;

whether, and under what circumstances, the company will pay additional amounts on such debt securities held by a person who is not a U.S. person (as defined in an appropriate prospectus supplement) in respect of any tax, assessment or governmental charge withheld or deducted, and if so, whether we will have the option to redeem such debt securities rather than pay such additional amounts; and

any other specific terms of such series. (Section 2.3)

If a prospectus supplement specifies that debt securities are denominated in a currency other than U.S. dollars or U.S. currency units, such prospectus supplement will also specify the denomination in which such debt securities will be issued and the coin or currency or currency unit in which the principal of and premium and interest, if any, on such debt securities will be payable, which may be U.S. dollars based upon the exchange rate for such other currency or currency unit existing on or about the time a payment is due. (Section 2.3)

Debt securities may be presented for exchange and registered debt securities may be presented for transfer in the manner, at the places and subject to the restrictions set forth in the indenture. Such services will be provided without charge, other than any tax or other governmental charge payable in connection therewith, but subject to the limitations provided in the indenture. Debt securities in bearer form and the coupons, if any, pertaining thereto will be transferable by delivery. (Section 2.8)

Global Securities

We may issue debt securities in the form of one or more global securities that will be deposited with a depository, or with a nominee for a depository, identified in an appropriate prospectus supplement and registered in the name of the depository or its nominee. In such case, one or more global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal amount of outstanding debt securities to be represented by such global security or securities. Unless and until it is exchanged in whole or in part for debt securities in definitive registered form, a global security may not be transferred, except as a whole by the depository for such global security to a nominee of such depository, by a nominee of such depository to such depository or another nominee of such depository, or by such depository or any such nominee to a successor of such depository or a nominee of such successor.

The specific terms of the depository arrangement with respect to any debt securities to be represented by a global security will be described in the applicable prospectus supplement.

Events of Default, Waiver and Notice

As to any series of debt securities, an event of default is defined in the indenture as:

a default for 30 days in payment of any interest on the debt securities of such series when due;

a default in payment of all or any part of the principal of the debt securities of such series when due either at maturity, upon redemption, by declaration or otherwise;

Table of Contents

a default in the payment of a sinking fund installment, if any, on the debt securities of such series;

a default in the performance or breach of any other covenant or warranty contained in the indenture for the benefit of such series which has not been remedied for a period of 60 days after notice given as specified in the indenture;

certain events of bankruptcy, insolvency and reorganization of us; or

any other event of default of such series. (Section 5.1)

An event of default with respect to a particular series of debt securities issued under the indenture does not necessarily constitute an event of default with respect to any other series of debt securities issued thereunder. The indenture provides that the trustee may withhold notice to the holders of debt securities of any series of any default (except in payment of principal of, or premium, if any, or interest on such debt securities) if the trustee determines, in good faith, that it is in the interest of the holders of debt securities of such series to do so; provided, however, that in the case of a default of the character specified in the fourth bullet point above, no such notice to holders of debt securities of such series may be given until at least 30 days after the occurrence thereof. (Section 5.11)

The indenture provides that if an event of default described in any of the first four bullet points above with respect to a particular series of debt securities occurs and continues, either the trustee or the holders of at least 25% in principal amount of the debt securities of such series then outstanding may declare the entire principal (or, in the case of original issue discount debt securities, the portion thereof specified in the terms thereof) of all outstanding debt securities of such series and the interest accrued thereon, if any, to be due and payable immediately. If an event of default described in the fifth bullet point above occurs and continues, either the trustee or the holders of at least 25% in principal amount of all debt securities then outstanding under the indenture (voting as one class) may declare the entire principal (or, in the case of original issue discount debt securities, the portion thereof specified in the terms thereof) of all debt securities then outstanding thereunder and the interest accrued thereon, if any, to be due and payable immediately. (Section 5.1) Upon certain conditions such declarations may be annulled and past defaults (except for defaults in the payment of principal of or premium, if any, or interest on such debt securities) may be waived by the holders of a majority in aggregate principal amount of the debt securities of such series (or of all series thereunder, as the case may be) then outstanding. (Sections 5.10 and 8.1)

The indenture provides that holders of a majority in aggregate principal amount of the outstanding debt securities of each series affected (with each series voting as a separate class) will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee under the indenture with respect to debt securities of such series, or exercising any trust or power conferred by the indenture on the trustee with respect to the particular series of debt securities, subject to certain limitations specified in the indenture, provided that the holders of debt securities have offered to the trustee reasonable security or indemnity against expenses and liabilities. (Sections 5.9 and 6.2(d)) Under the terms of the indenture, the holders of a majority in aggregate principal amount of a series of the debt securities affected thereby at the time outstanding may, on behalf of all holders of debt securities of such series, waive compliance with certain covenants contained in the indenture. (Section 5.10)

The indenture requires us to deliver annually to the trustee a written certification of our compliance with all conditions and covenants under the indenture. (Section 3.5) Whenever the indenture provides for an action by, or the determination of any of the rights of, or any distribution to, holders of debt securities denominated in U.S. dollars and debt securities denominated in any other currency or currency unit, in the absence of any provision to the contrary in

the form of debt security of any particular series, any amount in respect of any debt security denominated in a currency or currency unit other than U.S. dollars will be treated for any such action, determination or distribution as the amount of U.S. dollars that could be obtained for such amount on such reasonable basis of exchange and as of such date as the company reasonably specifies in a written notice to the trustee or, in the absence of such written notice, as the trustee may determine. (Section 11.11)

Table of Contents

Modification of the Indenture

The indenture provides that we and the trustee may from time to time execute supplemental indentures to provide for the issuance of debt securities of any series and for other permitted purposes. (Section 8.1)

If we receive the consent of the holders of not less than 66 2/3% in aggregate principal amount of the outstanding debt securities affected thereby, we may enter into a supplemental indenture with the trustee to modify the indenture or any supplemental indenture or the rights of the holders of such debt securities. However, without the consent of the holder of each debt security affected thereby, no such modification may, among other things:

extend the final maturity of any debt security;

reduce the principal amount thereof or the method in which amounts of payments of principal or interest thereon are determined;

reduce the rate or extend the time of payment of interest thereon;

change the currency or currency unit of payment thereof;

reduce the portion of the principal amount of an original issue discount debt security due and payable upon acceleration of the maturity thereof or the portion of the principal amount thereof provable in bankruptcy;

reduce any amount payable upon redemption of any debt security, or impair or affect the right of a holder of any debt security to institute suit for the payment thereof or, if the debt securities provide therefor, any right of repayment at the option of the holder of a debt security; or

reduce the aforesaid percentage of debt securities of any series, the consent of the holders of which is required for any such modification. (Section 8.2)

Consolidations, Mergers and Sales of Assets

We may not merge or consolidate with any other corporation or sell or convey all or substantially all of our assets to any person, unless either we are the continuing corporation or the successor corporation is a corporation organized under the laws of the United States or any state thereof and expressly assumes the payment of the principal of and interest on the debt securities and the performance and observance of all the covenants and conditions of the indenture binding upon us, and, immediately after such merger or consolidation, or such sale or conveyance, we or such successor corporation are not in default in the performance of any such covenant or condition. (Article Nine)

Defeasance

The indenture provides that, unless the terms of any series of debt securities provide otherwise, we will be discharged from obligations in respect of the outstanding debt securities of any series and the provisions of the indenture with respect thereto (excluding certain obligations, such as obligations to register the transfer or exchange of such outstanding debt securities, to replace stolen, lost or mutilated certificates or coupons and to hold moneys for payment in trust) upon the irrevocable deposit with the trustee, in trust, of cash or U.S. government obligations (as defined in the indenture) which, through the payment of interest and principal thereof in accordance with their terms, will provide cash in an amount sufficient to pay the principal of and premium, if any, and interest on and mandatory sinking fund payments, if any, in respect of all outstanding debt securities of such series on the stated dates such payments are due in accordance with the terms of the indenture and such outstanding debt securities, provided that we have received an opinion of counsel to the effect that such a discharge will not be deemed, or result in, a taxable event with respect to holders of such outstanding debt securities and that certain other conditions are met. (Section 10.1(B))

Table of Contents

Satisfaction and Discharge

The indenture will cease to be of further effect and the trustee, on demand of and at the expense of the company, will execute appropriate instruments acknowledging the satisfaction and discharge of the indenture upon compliance with certain enumerated conditions, including:

We have paid all sums payable by us under the indenture, as and when the same are due and payable;

We have delivered to the trustee for cancellation all debt securities theretofore authenticated under the indenture; or

All debt securities not theretofore delivered to the trustee for cancellation have become due and payable or are by their terms to become due and payable within one year and we have deposited with the trustee sufficient cash or U.S. government obligations which, through the payment of principal and interest thereon in accordance with their terms, will provide sufficient cash to pay, at maturity or upon redemption, all debt securities of any series outstanding under the indenture. (Section 10.1(A))

Governing Law

The indenture is, and the debt securities will be, governed by the laws of the State of New York. (Section 11.8)

General

Under our amended articles of incorporation, as amended (the Articles), our Board of Directors is authorized to provide for the issuance of up to 20,000,000 Serial Preferred Shares. All series of Serial Preferred Shares will be of equal rank and will be identical, except in respect of the following matters that may be fixed by the Board of Directors:

the designation of the series, which may be by distinguishing number, letter or title;

the dividend rate or rates of the series;

the dates on which and the period or periods for which dividends, if declared, will be payable and the dates from which dividends shall accrue and be cumulative;

the redemption rights and price or prices, if any, for shares of the series;

the terms and amount of the sinking fund, if any, for the purchase or redemption of shares of the series;

the amounts payable on shares of the series in the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the company;

whether the shares of the series will be convertible into Common Shares or shares of any other class and, if so, the conversion rate or rates or price or prices, any adjustments thereof and all other terms and conditions upon which such conversion may be made; and

restrictions (in addition to those provided in our Articles) on the issuance of shares of the same series or of any other class or series.

Serial Preferred Shares when issued will be fully paid and non-assessable. No holder of Serial Preferred Shares as such, will have any preemptive right to purchase, have offered for purchase or subscribe for any of the company's shares or other securities of any class, whether now or hereafter authorized.

Dividends

The holders of Serial Preferred Shares, in preference to the holders of Common Shares and of any other class of shares ranking junior to the Serial Preferred Shares, will be entitled to receive out of any funds legally available for Serial Preferred Shares and Voting Preference Shares (as defined in our Articles) and when and as declared by the Board of Directors, dividends in cash at the rate or rates for such series fixed by the Board of Directors, and no more, payable on the dates fixed for such series. Such dividends will accrue and be cumulative, in the case of shares of each particular series, from and after the date or dates fixed with respect to such series.

No dividends shall be paid upon or declared or set apart for any series of the Serial Preferred Shares for any dividend period unless at the same time (1) a like proportionate dividend for the dividend periods terminating on the same or any earlier date, ratably in proportion to the respective dividend rates fixed therefor, shall have been

paid upon or declared or set apart for Serial Preferred Shares of all series then issued and outstanding and entitled to receive such dividend and (2) the dividends payable for the dividend periods terminating on the same or any earlier date, ratably in proportion to the respective dividend rates fixed therefor, shall have been paid upon or declared or set apart for all Voting Preference Shares of all series then outstanding and entitled to receive such dividend.

So long as any Serial Preferred Shares shall be outstanding, no dividends, except a dividend payable in Common Shares or other shares ranking junior to the Serial Preferred Shares, shall be paid or declared or any distribution made, except as aforesaid, in respect of the Common Shares or any other shares ranking junior to the Serial Preferred Shares, nor shall any Common Shares or any other shares ranking junior to the Serial Preferred Shares be purchased, retired or otherwise acquired by the company, except out of the proceeds of the sale of Common Shares or other shares of the company ranking junior to the Serial Preferred Shares received by the company subsequent to the date of first issuance of Serial Preferred Shares of any series, unless:

all accrued and unpaid dividends on Serial Preferred Shares, including the full dividends for all current dividend periods, shall have been declared and paid or a sum sufficient for payment thereof set apart; and

there shall be no arrearages with respect to the redemption of Serial Preferred Shares of any series from any sinking fund provided for shares of such series in accordance with our Articles.

Redemption

Subject to the express terms of each series, we:

may, from time to time at the option of the Board of Directors, redeem all or any part of any redeemable series of Serial Preferred Shares at the time outstanding at the applicable redemption price for such series fixed in accordance with the provisions of our Articles; and

shall from time to time, make such redemptions of each series of Serial Preferred Shares as may be required to fulfill the requirements of any sinking fund provided for shares of such series at the applicable sinking fund redemption price fixed in accordance with the provisions of our Articles.

and shall in each case pay all accrued and unpaid dividends to the redemption date.

Notice of every such redemption shall be mailed, postage prepaid, to the holders of record of the Serial Preferred Shares to be redeemed at their respective addresses then appearing on the books of the company, not less than 30 days nor more than 60 days prior to the date fixed for such redemption. At any time after notice as provided above has been deposited in the mail, we may deposit the aggregate redemption price of Serial Preferred Shares to be redeemed, together with accrued and unpaid dividends thereon to the redemption date, with any bank or trust company in Cleveland, Ohio or New York, New York, having capital and surplus of not less than \$100,000,000, named in such notice and direct that there be paid to the respective holders of the Serial Preferred Shares so to be redeemed amounts equal to the redemption price of the Serial Preferred Shares so to be redeemed, together with such accrued and unpaid dividends thereon, on surrender of share certificate or certificates held by such holders; and upon the deposit of such notice in the mail and the making of such deposit of money with such bank or trust company, such holders shall cease to be shareholders with respect to such shares; and from and after the time such notice shall have been so deposited

and such deposit of money shall have been so made, such holders shall have no rights or claim against the company with respect to such shares, except only the right to receive such money from such bank or trust company without interest. In the event less than all of the outstanding Serial Preferred Shares are to be redeemed, the Serial Preferred Shares shall select by lot the shares so to be redeemed in such manner as shall be prescribed by the Board of Directors.

If the holders of Serial Preferred Shares which have been called for redemption shall not within six years after such deposit claim the amount deposited for the redemption thereof, any such bank or trust company shall, upon demand, pay over to the company such unclaimed amounts and thereupon such bank or trust company and the company shall be relieved of all responsibility in respect thereof and to such holders.

Table of Contents

Any Serial Preferred Shares which are (1) redeemed by the company pursuant to the above, (2) purchased and delivered in satisfaction of any sinking fund requirements provided for shares of such series, (3) converted in accordance with the express terms thereof, or (4) otherwise acquired by the company, shall resume the status of authorized but unissued Serial Preferred Shares without serial designation.

Liquidation Preference

In the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the company, the holders of Serial Preferred Shares of any series will be entitled to receive in full, out of our assets, including our capital, before any amount shall be paid or distributed among the holders of Common Shares or any other shares ranking junior to the Serial Preferred Shares, the amounts fixed with respect to shares of such series, in accordance with our Articles, plus an amount equal to all dividends accrued and unpaid thereon to the date of payment of the amount due pursuant to such liquidation, dissolution or winding up of the affairs of the company. In the event our net assets are insufficient to permit the payment upon all outstanding Serial Preferred Shares and Voting Preference Shares of the full preferential amount to which they are respectively entitled, then such net assets shall be distributed ratably upon all outstanding Serial Preferred Shares and Voting Preference Shares in proportion to the full preferential amount to which such share is entitled.

After payment to the holders of Serial Preferred Shares of the full preferential amounts as aforesaid, the holders of Serial Preferred Shares, as such, shall have no right or claim to any of the remaining assets of the company.

The merger or consolidation of the company or the sale, lease or conveyance of all or substantially all assets of the company will not be deemed to be a dissolution, liquidation or winding up for this purpose.

Voting Rights

Except as indicated below or otherwise required by law, the holders of Serial Preferred Shares will not have any voting rights.

Right to Elect Two Directors on Nonpayment of Dividends. If and so often as the company shall be in default in the payment of the equivalent of the full dividends payable on any series of Serial Preferred Shares at the time outstanding whether or not earned or declared, for a number of dividend payment periods (whether or not consecutive) which in the aggregate contain at least 540 days, the holders of Serial Preferred Shares of all series, voting separately as a class, shall be entitled to elect, as provided below, two members of the Board of Directors of the company; provided, however, that the holders of Serial Preferred Shares shall not have or exercise such special class voting rights except at meetings of such shareholders for the election of directors at which the holders of not less than 50% of the outstanding Serial Preferred Shares of all series then outstanding are present in person or by proxy; and provided further that the special class voting rights provided for in this paragraph when the same shall have become vested shall remain so vested until all accrued and unpaid dividends on the Serial Preferred Shares of all series then outstanding shall have been paid, whereupon the holders of Serial Preferred Shares shall be divested of their special class voting rights in respect of subsequent elections of directors, subject to the re-vesting of such special class voting rights in the event above specified in this paragraph.

In the event of default entitling the holders of Serial Preferred Shares to elect two directors as specified in the prior paragraph, a special meeting of such holders for the purpose of electing such directors shall be called by the Secretary of the company upon written request of, or may be called by, the holders of record of at least 10% of the Serial Preferred Shares of all series at the time outstanding, and notice thereof shall be given in the same manner as that required for the annual meeting of shareholders; provided, however, that the company shall not be required to call

such special meeting if the annual meeting of shareholders shall be called to be held within 120 days after the date of receipt of the foregoing written request from the holders of the Serial Preferred Shares. At

Table of Contents

any meeting at which the holders of Serial Preferred Shares shall be entitled to elect directors, the holders of 50% of the Serial Preferred Shares of all series at the time outstanding, present in person or by proxy, shall be sufficient to constitute a quorum, and the vote of the holders of a majority of such shares so present at any such meeting at which there shall be such a quorum shall be sufficient to elect the members of the Board of Directors which the holders of Serial Preferred Shares are entitled to elect as herein provided. Notwithstanding any other provision of our Articles or Code of Regulations or any action taken by the holders of any class of shares fixing the number of directors of the company, the two directors who may be elected by the holders of Serial Preferred Shares pursuant to this provision shall serve in addition to any other directors then in office or proposed to be elected otherwise than pursuant to this provision. These provisions shall not prevent any change otherwise permitted in the total number of directors of the company nor require the resignation of any director elected otherwise than pursuant to these provisions.

Notwithstanding any classification of the other directors of the company, the two directors elected by the holders of Serial Preferred Shares shall be elected annually for terms expiring at the next succeeding annual meeting of shareholders.

Upon any divesting of the special class voting rights of the holders of the Serial Preferred Shares in respect of elections of directors as provided in this section, the terms of office of all directors then in office elected by such holders shall terminate immediately thereupon. If the office of any director elected by such holders voting as a class becomes vacant by reason of death, resignation, removal from office or otherwise, the remaining director elected by such holders voting as a class may elect a successor who shall hold office for the unexpired term in respect of which such vacancy occurred.

Other Voting Rights. In addition to any other vote or consent of shareholders required by law or by our Articles, the affirmative vote or consent of the holders of at least two-thirds of the Serial Preferred Shares at the time outstanding, voting or consenting separately as a class, given in person or by proxy either in writing or at a meeting called for the purpose, shall be necessary to effect any one or more of the following (but so far as the holders of Serial Preferred Shares are concerned, such action may be effected with such vote or consent):

Amendment of Amended Articles of Incorporation or the Code of Regulations. Any amendment, alteration or repeal, whether by merger, consolidation or otherwise, of any of the provisions of our Articles or of the Code of Regulations of the company which affects adversely the preferences or voting or other rights of the holders of the Serial Preferred Shares; provided, however, neither the amendment of our Articles so as to authorize, create or change the authorized or outstanding number of Serial Preferred Shares or of any shares ranking on a parity with or junior to the Serial Preferred Shares nor the amendment of the provisions of the Code of Regulations so as to change the number of directors of the company shall be deemed to affect adversely the preferences or voting or other rights of the holders of Serial Preferred Shares; and provided further, that if such amendment, alteration or repeal affects adversely the preferences or voting or other rights of one or more but not all series of Serial Preferred Shares at the time outstanding, only the affirmative vote or consent of the holders of at least two-thirds of the number of the shares at the time outstanding of the series so affected shall be required;

Authorization of Senior Shares. The authorization, creation or the increase in the authorized number of any shares, or any security convertible into shares, in either case ranking prior to the Serial Preferred Shares; or

Purchases or Redemption. The purchase or redemption (for sinking fund purposes or otherwise) of less than all of the Serial Preferred Shares then outstanding except in accordance with a stock purchase offer made to all holders of record of Serial Preferred Shares, unless all dividends on all Serial Preferred Shares then outstanding for all previous dividend periods shall have been declared and paid or funds therefor set apart and all accrued sinking fund obligations applicable thereto shall have been complied with.

PLAN OF DISTRIBUTION

We may sell the securities being offered under this prospectus through agents, underwriters, or dealers, or we may sell securities directly to one or more purchasers, or through a combination of any such methods of sale. The prospectus supplement for a particular offering of securities will set forth the terms of the offering of such securities, including the name or names of the specific agents, dealers or underwriters (including managing underwriters, if any), the purchase price and the proceeds to us from such sales, any underwriting discounts, agency fees or commissions and other items constituting compensation to the underwriters, agents or dealers, the initial public offering price, any discounts or concessions to be allowed or reallocated or paid to dealers, the securities exchange, if any, on which such securities may be listed, and the place and time of delivery of the securities offered.

Securities may be offered and sold through agents that we may designate from time to time. Unless otherwise indicated in the applicable prospectus supplement, any such agent will be acting on a best efforts basis for the period of its appointment. Any such agent may be deemed to be an underwriter, as that term is defined in the Securities Act of 1933, as amended (the Securities Act), of any securities so offered and sold. Agents may be entitled under agreements which may be entered into with us to indemnification by us against certain liabilities, including liabilities under the Securities Act, and may be customers of, engage in transactions with, or perform services for us in the ordinary course of business.

If we use an underwriter or underwriters in the sale of any securities, we will execute an underwriting agreement with such underwriter or underwriters at the time an agreement for such sale is reached. Such underwriter or underwriters will acquire the securities for their own account and may resell such securities from time to time in one or more transactions, including negotiated transactions, at fixed public offering prices or at varying prices determined at the time of sale. Securities may be offered to the public either through underwriting syndicates represented by managing underwriters or by underwriters without a syndicate. The underwriters may be entitled, under the relevant underwriting agreement, to indemnification by us against certain liabilities, including liabilities under the Securities Act. If any underwriter or underwriters are utilized in the sale of any securities, unless otherwise set forth in the applicable prospectus supplement, the underwriting agreement will provide that the obligations of the underwriters will be subject to certain conditions precedent and that the underwriters with respect to a sale of such securities will be obligated to purchase all such securities if any are purchased.

If a dealer is utilized in the sale of any securities under this prospectus, we will sell such securities to the dealer, as principal. The dealer then may resell such securities to the public at varying prices to be determined by such dealer at the time of resale. Any such dealer may be deemed to be an underwriter, as such term is defined in the Securities Act, of the securities so offered and sold. Dealers may be entitled, under agreements which may be entered into with us, to indemnification by us against certain liabilities, including liabilities under the Securities Act. The name of any such dealer and the terms of the transaction will be set forth in the applicable prospectus supplement.

Offers to purchase securities may be solicited directly by us, and sales of such securities may be made by us directly to institutional investors or others, who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale thereof. The terms of any such sales will be described in the applicable prospectus supplement.

The place and time of delivery of the applicable securities will be set forth in an accompanying prospectus supplement.

Item 15. Indemnification of Directors and Officers.

Article VI of the Code of Regulations of Progressive provides for indemnification of any current or former director, officer or employee in certain instances, as permitted under Section 1701.13(E) of the Ohio Revised Code, against expenses, judgments, decrees, fines, penalties or amounts paid in settlement in connection with the defense of any action, suit or proceeding, criminal or civil, to which he or she was, is or may be a party by reason of his or her status as such director, officer or employee.

A current or former director, officer or employee is entitled to indemnification if he or she is successful on the merits or otherwise in the defense of any such action, suit or proceeding or if a determination is made pursuant to Article VI of the Code of Regulations (1) by the directors of Progressive acting at a meeting at which a quorum consisting of directors who neither were nor are parties to or threatened with any such action, suit or proceeding is present or (2) by our shareholders at a meeting held for such purpose by the affirmative vote of the holders of shares entitling them to exercise a majority of the voting power of Progressive on such proposal or without a meeting by the written consent of the holders of shares entitling them to exercise two-thirds of such voting power on such proposal, that such director, officer or employee (a) was not, and has not been adjudicated to have been, negligent or guilty of misconduct in the performance of his or her duty to us, (b) acted in good faith and in a manner he or she reasonably believed to be in the best interest of Progressive and (c) in any matter which is the subject of a criminal action, suit or proceeding, had no reasonable cause to believe that his or her conduct was unlawful.

The expenses of each director, officer or employee incurred in defending any such action, suit or proceeding, whether threatened or actual, may be paid by us as they are incurred in advance of the final disposition of such action, suit or proceeding, as authorized by the Board of Directors in the specific case, upon receipt of an undertaking by the director, officer or employee to repay such expenses unless it is ultimately determined that he or she is entitled to be indemnified by us.

Additionally, Section 1701.13(E)(5)(a) of the Ohio Revised Code provides that, unless prohibited by specific reference in a corporation's articles of incorporation or code of regulations (which prohibition is not contained in our Articles of Incorporation or Code of Regulations), a corporation shall pay a director's expenses,

including attorneys fees, as such expenses are incurred, in defending an action, suit or proceeding brought against a director in such capacity, whether such action, suit or proceeding is brought by a third party or by or in the right of the corporation, provided the director delivers to the corporation an undertaking to (a) repay such amount if it is proved by clear and convincing evidence in a court of competent jurisdiction that his or her action or failure to act was undertaken with deliberate intent to injure the corporation or with reckless disregard for the best interests of the corporation and (b) reasonably cooperate with the corporation in such action, suit or proceeding.

Section 1701.13(E)(7) of the Ohio Revised Code provides that a corporation may purchase insurance or furnish similar protection for any director, officer or employee against any liability asserted against him or her in any such capacity, whether or not the corporation would have power to indemnify him or her under Ohio law. Such insurance may be purchased from or maintained with a person in which the corporation has a financial interest.

We maintain directors and officers liability insurance in the aggregate amount of \$50,000,000 under policies issued by unaffiliated insurance companies. The risks covered by such policies include certain liabilities under the securities laws.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

(1) to file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(A) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(B) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

II-3

Table of Contents

(C) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (A), (B) and (C) do not apply if the registration statement is on Form S-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement;

(2) that, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof;

(3) to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;

(4) that, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; and

(5) that, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(A) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(B) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

- (C) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (D) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

Table of Contents

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Trust Indenture Act.
