QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Who is entitled to vote at the annual meeting?

Holders of record of our common stock, \$0.01 par value per share, at the close of business on March 19, 2018, the record date for the annual meeting, are entitled to receive notice of the annual meeting and to vote at the annual meeting. If you are a holder of record of our common stock as of the record date, you may vote the shares that you held on the record date even if you sell such shares after the record date. Each outstanding share as of the record date entitles its holder to cast one vote for each matter to be voted upon and, with respect to the election of directors, one vote for each director to be elected. Stockholders do not have the right to cumulate voting for the election of directors.

What is the purpose of the annual meeting?

At the annual meeting, you will be asked to vote on the following proposals:

Proposal 1: the election of the nine director nominees named in this proxy statement to serve on our Board until our next annual meeting of stockholders and until their successors are duly elected and qualified;

Proposal 2: the approval, on a non-binding advisory basis, of the compensation paid to our named executive officers, as described in this proxy statement;

Proposal 3: the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018.

You also may be asked to consider and act upon any other matters that may properly be brought before the annual meeting and at any adjournments or postponements thereof.

What constitutes a quorum?

The presence, in person or by proxy, of holders of a majority of the total number of outstanding shares of common stock entitled to vote at the annual meeting is necessary to constitute a quorum for the transaction of any business at the annual meeting. As of March 19, 2018, there were 240,506,259 shares of common stock outstanding and entitled to vote at the annual meeting.

Each share of common stock outstanding on the record date is entitled to one vote on each matter properly submitted at the annual meeting and, with respect to the election of directors, one vote for each director to be elected. Abstentions and broker non-votes (*i.e.*, shares represented at the meeting held by brokers, as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which, on a particular matter, the broker does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the annual meeting.

What vote is required to approve each proposal?

In respect of Proposal 1, a nominee is elected if he or she receives more votes for his or her election than votes against his or her election. Under our Corporate Governance Guidelines, any incumbent director who fails to be elected by a majority vote in an uncontested election is required to tender his or her resignation to the Board, subject to acceptance. Our Nominating and Corporate Governance Committee is required to make a recommendation to the Board with respect to the resignation. The Board is required to take action with respect to this recommendation and to disclose its decision and, if applicable, the Board's reasons for rejecting the tendered resignation. The policy is described more fully below under the caption Corporate Governance Matters Annual Elections; Majority Voting. Abstentions and broker non-votes with respect to Proposal 1 will have no effect on the election of directors.

Table of Contents

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

A majority of all of the votes cast with respect to the proposal is required for approval of each of Proposals 2 and 3. In respect of Proposals 2 and 3, abstentions and broker non-votes will have no effect on the votes for these proposals. The vote for Proposal 2 is advisory and not binding on the Board or the Company in any way.

Can I change my vote after I submit my proxy card?

If you cast a vote by proxy, you may revoke it at any time before it is voted by:

filing a written notice revoking the proxy with our Secretary at our address;

properly submitting to us a proxy with a later date; or

appearing in person and voting by ballot at the annual meeting.

If you attend the annual meeting, you may vote in person whether or not you previously have given a proxy, but your presence (without further action) at the annual meeting will not constitute revocation of a previously given proxy. Unless you have received a legal proxy to vote the shares, if you hold your shares through a bank, broker or other nominee, that is, in street name, only that bank, broker or other nominee can revoke your proxy on your behalf.

You may revoke a proxy for shares held by a bank, broker or other nominee by submitting new voting instructions to the bank, broker or other nominee or, if you have obtained a legal proxy from the bank, broker or other nominee giving you the right to vote the shares at the annual meeting, by attending the annual meeting and voting in person.

How do I vote?

Voting in Person at the Annual Meeting. If you hold your shares in your own name as a holder of record with our transfer agent, Computershare Trust Company, N.A., and attend the annual meeting, you may vote in person at the annual meeting. If your shares are held by a bank, broker or other nominee, that is, in street name, and you wish to vote in person at the annual meeting, you will need to obtain a legal proxy from the bank, broker or other nominee that holds your shares of record.

Voting by Proxy. If your shares are registered directly in your name with our transfer agent, the Notice of Internet Availability of Proxy Materials was sent directly to you by us. In that case, you may instruct the proxy holders named in the proxy card how to vote your shares of common stock in one of the following ways:

Vote online. You can access proxy materials and vote at www.proxyvote.com. To vote online, you must have a stockholder identification number provided in the Notice of Internet Availability of Proxy Materials.

Vote by telephone. If you received printed materials, you also have the option to vote by telephone by following the Vote by Phone instructions on the proxy card.

Vote by regular mail. If you received printed materials and would like to vote by mail, then please mark, sign and date your proxy card and return it promptly in the postage-paid envelope provided.

If your shares are held in an account at a brokerage firm, bank, broker-dealer or other similar organization, then you are the beneficial owner of shares held in street name, and the Notice of Internet Availability of Proxy Materials was forwarded to you by that organization. As a beneficial owner, you have the right to instruct that organization on how to vote the shares held in your account. You should instruct your broker or nominee how to vote your shares by following the voting instructions provided by your broker or nominee. If you request printed copies of the proxy materials by mail, you will receive a vote instruction form for this purpose.

Even if you plan to attend the annual meeting, we recommend that you submit a proxy to vote your shares in advance so that your vote will be counted if you later are unable to attend the annual meeting.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

How is my vote counted?

If you authorize your proxy to vote your shares electronically via the internet or by telephone, or, if you received a proxy card by mail and you properly marked, signed, dated and returned it, the shares that the proxy represents will be voted in the manner specified on the proxy. If no specification is made, your shares will be voted for the election of the nominees for the directors named in this proxy statement, for advisory approval of the compensation of our named executive officers, and for ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018. It is not anticipated that any matters other than those set forth in this proxy statement will be presented at the annual meeting. If other matters are presented, proxies will be voted in accordance with the discretion of the proxy holders.

How does the Board recommend that I vote on each of the proposals?

The Board recommends that you vote:

FOR Proposal 1: the election of Albert Behler, Thomas Armbrust, Martin Bussmann, Dan Emmett, Lizanne Galbreath, Karin Klein, Peter Linneman, Katharina Otto-Bernstein and Mark Patterson as directors to serve on our Board until our next annual meeting of stockholders and until their successors are duly elected and qualified;

FOR Proposal 2: the approval, on a non-binding advisory basis, of the compensation paid to our named executive officers, as described in this proxy statement;

FOR Proposal 3: the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018.

What other information should I review before voting?

Our 2017 annual report, including our consolidated financial statements for the fiscal year ended December 31, 2017, is being made available to you along with this proxy statement. **You may obtain, free of charge, copies of our 2017 annual report and our Annual Report on Form 10-K for the fiscal year ended December 31, 2017, which contains additional information about the Company, on our website at www.paramount-group.com or by directing your request in writing to Paramount Group, Inc., 1633 Broadway, Suite 1801, New York, New York 10019, Attention: Investor Relations.** The 2017 annual report and the Annual Report on Form 10-K, however, are not part of the proxy solicitation materials, and the information found on, or accessible through, our website is not incorporated into, and does not form a part of, this proxy statement or any other report or document we file with or furnish to the Securities and Exchange Commission (the "SEC").

Who is soliciting my proxy?

This solicitation of proxies is made by and on behalf of the Board. We will pay the cost of the solicitation of proxies. In addition to the solicitation of proxies by mail, our directors, officers and employees may solicit proxies

personally or by telephone. No arrangements or contracts have been made with any solicitors as of the date of this proxy statement, although we reserve the right to engage solicitors if we deem them necessary. Such solicitations may be made by mail, telephone, facsimile, e-mail or personal interviews.

Why didn't I automatically receive a paper copy of the proxy statement, proxy card and annual report?

Pursuant to rules adopted by the SEC, we have elected to provide access to our proxy materials via the internet. Accordingly, rather than paper copies of our proxy materials, we are sending a Notice of Internet Availability of Proxy Materials to our stockholders.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

How can I change how I receive proxy materials in the future?

The Notice of Internet Availability of Proxy Materials includes instructions on how to access our proxy materials over the internet at www.proxyvote.com and how to request a printed set of the proxy materials by mail or an electronic set of materials by e-mail.

Instead of receiving a Notice of Internet Availability of Proxy Materials in the mail, stockholders may elect to receive future proxy materials in printed form by mail or electronically by e-mail on an ongoing basis. Choosing to receive future proxy materials by e-mail will save the Company the cost of printing and mailing documents to you and will reduce the environmental impact of the annual meeting. If you choose to receive future proxy materials by e-mail, you will receive an e-mail next year with instructions containing a link to those materials and a link to the proxy voting site. You can change your election by sending a blank e-mail with the 16-digit control number on your proxy card to sendmaterial@proxyvote.com, via the internet at www.proxyvote.com or by telephone at (800) 579-1639. Your election to receive future proxy materials by e-mail will remain in effect until you terminate it.

CORPORATE GOVERNANCE MATTERS

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines that address significant issues of corporate governance and set forth procedures by which the Board carries out its responsibilities. Among the areas addressed by the Corporate Governance Guidelines are director qualification standards, director responsibilities, Board structure, director access to management and independent advisors, director compensation, director orientation and continuing education, management succession, annual performance evaluation of the Board and committees, related person transaction approval and disclosure policy, and stockholder rights plan. Our Nominating and Corporate Governance Committee is responsible for, among other things, assessing and periodically reviewing the adequacy of the Corporate Governance Guidelines and will recommend, as appropriate, proposed changes to the Board.

Board Leadership

Leadership Structure

Our Board currently is comprised of eight independent directors and one non-independent director. Albert Behler, our Chief Executive Officer and President, serves as Chairman of the Board. Our Board believes that the Company and our stockholders are best served by having Mr. Behler serve as Chairman and Chief Executive Officer. Mr. Behler's over 26 years of experience leading the Company and its predecessor and significant ownership interest in the Company uniquely qualify him to serve as both Chairman and Chief Executive Officer. In addition, our Board believes that Mr. Behler's combined role as an executive officer and the Chairman of our Board promotes unified leadership and direction for our Board and executive management, and it allows for a single, clear focus for the chain of command to execute our strategic initiatives and business plans.

Lead Independent Director

To facilitate the role of the independent directors, the Board has determined that it is appropriate for the independent directors to appoint one independent director to serve as Lead Independent Director. The Lead Independent Director is Dan Emmett. We believe that the number of independent, experienced directors that make up our Board, along with the independent oversight of our Lead Independent Director, benefits the Company and its stockholders.

We recognize that different board leadership structures may be appropriate for companies in different situations, and that no one structure is suitable for all companies. Our current Board leadership structure is optimal for us because it demonstrates to our employees and other stakeholders that the Company is under strong leadership. In our judgment, the Company, like many companies, has been well-served by this leadership structure.

The Lead Independent Director has the following responsibilities:

presiding at all meetings of the Board at which the Chairman is not present, including executive sessions of independent directors;

serving as liaison between the Chairman and the independent directors;

approving information sent to our Board;

approving Board meeting agendas;

approving Board meeting schedules to assure that there is sufficient time for discussion of all agenda items; and

if requested by major stockholders, ensuring that he or she is available for consultation and direct communication. Our Lead Independent Director also has the authority to call meetings of the independent directors. We believe that the Lead Independent Director is an integral part of the Board's structure that promotes strong, independent oversight of our management and affairs.

Table of Contents

CORPORATE GOVERNANCE MATTERS

Board Committees

The Board held four meetings during fiscal year 2017, and all directors attended 75% or more of the board of directors meetings and meetings of the committees on which they served during the periods they served. The Board currently has the following four standing committees:

Audit Committee,

Compensation Committee,

Nominating and Corporate Governance Committee; and

Investment and Finance Committee.

The Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are composed exclusively of independent directors, in accordance with the New York Stock Exchange (NYSE) listing standards. The principal functions of each committee are briefly described below. The current charters for each of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are available on our website at www.paramount-group.com under the Investors Corporate Governance section. Further, we will provide a copy of these charters free of charge to each stockholder upon written request. Requests for copies should be addressed to Gage Johnson, Senior Vice President, General Counsel and Secretary, at Paramount Group, Inc., 1633 Broadway, Suite 1801, New York, New York 10019. From time to time, the Board also may create additional committees for such purposes as the Board may determine.

Audit Committee

The Audit Committee consists of Peter Linneman (chair), Martin Bussmann and Karin Klein, each of whom is an independent director. The Board has determined that Dr. Linneman qualifies as an audit committee financial expert as that term is defined by the applicable SEC regulations and NYSE corporate governance listing standards and that each of the Audit Committee members is financially literate as that term is defined by the NYSE corporate governance listing standards. We have adopted an Audit Committee charter, which details the principal functions of the Audit Committee, including oversight related to:

our accounting and financial reporting processes;

the integrity of our consolidated financial statements;

our systems of disclosure controls and procedures and internal control over financial reporting;

our compliance with financial, legal and regulatory requirements;

the performance of our internal audit function; and

our overall risk assessment and management.

The Audit Committee is also responsible for engaging an independent registered public accounting firm, reviewing with the independent registered public accounting firm the plans and results of the audit engagement, approving professional services provided by the independent registered public accounting firm, including all audit and non-audit services, reviewing the independence of the independent registered public accounting firm, considering the range of audit and non-audit fees and reviewing the adequacy of our internal accounting controls. The Audit Committee also prepares the Audit Committee Report required by SEC regulations to be included in this proxy statement. Additional information regarding the functions performed by our Audit Committee is set forth in the Audit Committee Report.

The Audit Committee held four meetings during fiscal year 2017.

CORPORATE GOVERNANCE MATTERS

Compensation Committee

The Compensation Committee currently consists of Lizanne Galbreath (chair), Karin Klein and David O Connor, each of whom is an independent director. We have adopted a Compensation Committee charter, which details the principal functions of the Compensation Committee, including:

reviewing and approving the corporate goals and objectives relevant to our Chief Executive Officer's compensation, evaluating our Chief Executive Officer's performance in light of such goals and objectives and determining and approving the remuneration of our Chief Executive Officer based on such evaluation;

reviewing and approving the compensation of other senior officers;

reviewing our executive compensation policies and plans;

implementing and administering our incentive compensation and equity-based plans;

assisting management in complying with our proxy statement and annual report disclosure requirements;

producing a report on executive compensation to be included in our annual proxy statement; and

reviewing, evaluating and recommending changes, if appropriate, to the remuneration for directors. The Compensation Committee held 11 meetings during fiscal year 2017.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee currently consists of Dan Emmett (chair), David O Connor and Lizanne Galbreath, each of whom is an independent director. We have adopted a Nominating and Corporate Governance Committee charter, which details the principal functions of the Nominating and Corporate Governance Committee, including:

identifying and recommending to the Board qualified candidates for election as directors and recommending nominees for election as directors at the annual meeting of stockholders;

developing and recommending to the Board corporate governance guidelines and implementing and monitoring such guidelines;

reviewing and making recommendations on matters involving the general operation of the Board, including board size and composition, and committee composition and structure;

recommending to the Board nominees for each committee of the Board that is required by NYSE listing rules;

annually facilitating the assessment of the Board's performance, as required by applicable laws, regulations and the NYSE corporate governance listing standards; and

annually reviewing and making recommendations to the Board regarding revisions to the Corporate Governance Guidelines and the Code of Business Conduct and Ethics.

The Nominating and Corporate Governance Committee held five meetings during fiscal year 2017.

Investment and Finance Committee

The Investment and Finance Committee consists of Albert Behler (chair) and Thomas Armbrust. If Mr. Armbrust is unavailable, Dan Emmett would serve in his place. This committee is responsible for approving certain material acquisitions, dispositions and other investment and financing decisions of the Company. Our Investment and Finance Committee held three meetings during fiscal year 2017.

Table of Contents

CORPORATE GOVERNANCE MATTERS

Director Independence

Our Corporate Governance Guidelines provide that a majority of our directors serving on the Board and all directors serving on the Board committees (other than the Investment and Finance Committee) must be independent as required by the listing standards of the NYSE and the applicable rules promulgated by the SEC. The Board has determined affirmatively, based upon its review of all relevant facts and circumstances and after considering all applicable relationships of which the Board had knowledge, between or among the directors and the Company or our management (some of such relationships are described in the section of this proxy statement entitled "Certain Relationships and Related Party Transactions"), that each of the following directors and director nominees has no direct or indirect material relationship with us and is independent under the listing standards of the NYSE: Thomas Armbrust, Martin Bussmann, Dan Emmett, Lizanne Galbreath, Karin Klein, Peter Linneman, Katharina Otto-Bernstein and Mark Patterson.

Director Compensation

The Board has established a compensation program for our non-employee directors. Under this program, we pay the following fees to our nonemployee directors on a quarterly basis, in cash:

an annual retainer of \$65,000;

an additional annual retainer of \$50,000 to our lead director (Dan Emmett);

an additional annual retainer of \$15,000 to each committee chair; and

an additional annual retainer of \$5,000 to each committee member.

We will also reimburse each of our directors for his or her travel expenses incurred in connection with his or her attendance at full Board and committee meetings. No additional compensation is received by the members of our Investment and Finance Committee. Directors of the Company who are also employees receive no additional compensation for their services as directors.

In order to encourage our non-employee directors to acquire a significant equity stake in us and to align our non-employee directors and stockholders, at each annual stockholder meeting we will grant each of our non-employee directors LTIP units or shares of restricted common stock under our 2014 Equity Incentive Plan with a value of \$110,000 which will vest upon the earlier of the anniversary of the date of grant or the next annual stockholder meeting.

The following table sets forth information regarding the compensation paid to our non-employee directors during the fiscal year ended December 31, 2017:

Mr. Armbrust, under our 2014 Equity Incentive Plan. Such awards will vest if they remain on our Board until the 2018 annual meeting. Amounts shown reflect the aggregate grant date fair value of LTIP units or shares of restricted stock issued to each director as determined pursuant to Financial Accounting Standards Board's Accounting Standards Codification Topic 718 *Compensation - Stock Compensation* (ASC Topic 718), disregarding the estimate of forfeitures. The assumptions we used for calculating the grant date fair values are set forth in Note 19 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2017. As of December 31, 2017, each of Messrs. Bussmann, Emmett, Linneman and O'Connor and Mmes. Galbreath, Klein and Otto-Bernstein held 7,074 unvested LTIP units that had been granted by us as director compensation. Director Attendance at Annual Meetings

We encourage each member of the Board to attend each annual meeting of stockholders. All of our directors serving at that time attended the annual meeting of stockholders held on May 18, 2017.

Identification of Director Candidates

Our Nominating and Corporate Governance Committee assists the Board in identifying and reviewing director candidates to determine whether they qualify for membership on the Board and recommends director nominees to the Board to be considered for election at our annual meeting of stockholders. Our Nominating and Corporate Governance Committee has adopted a written policy on the criteria and process of identifying and reviewing director candidates.

At a minimum, the Nominating and Corporate Governance Committee must be satisfied that each director candidate (i) has experience at a strategic or policymaking level in a business, legal, accounting, government, non-profit or academic organization of high standing, (ii) is highly accomplished in his or her respective field, (iii) is well regarded in the community and shall have a reputation for the highest ethical and moral standards and (iv) has sufficient time and availability to devote to the affairs of the Company, particularly in light of the number of boards on which the nominee may serve.

In addition to the minimum qualifications for each nominee set forth above, the Nominating and Corporate Governance Committee must recommend that the Board select persons for nomination to help ensure that (i) a majority of the Board will be independent in accordance with the standards established pursuant to Section 303A of the NYSE Listed Company Manual, (ii) each of its Audit, Compensation and Nominating and Corporate Governance Committees will be comprised entirely of independent directors and (iii) at least one member of the Audit Committee will have accounting or related financial management expertise.

Finally, in addition to any other standards the Nominating and Corporate Governance Committee may deem appropriate from time to time for the overall structure and composition of the Board, the Nominating and Corporate Governance Committee may, but is not required to, consider (i) whether the nominee has direct experience in the real estate industry, particularly in the office real estate industry, or in the markets in which the Company operates, and (ii) whether the nominee, if elected, assists in achieving a mix of Board members that represents a diversity of background and experience.

Our Nominating and Corporate Governance Committee may consider director candidates recommended by our stockholders. Our Nominating and Corporate Governance Committee will apply the same standards in considering candidates submitted by stockholders as it does in evaluating candidates submitted by members of the Board. Any recommendations by stockholders are to follow the procedures outlined under Stockholder Proposals in this proxy statement and should provide the reasons supporting a candidate's recommendation, the candidate's qualifications and the candidate's written consent to being considered as a director nominee.

As previously disclosed, we have entered into a stockholders agreement with Maren Otto, Katharina Otto-Bernstein and Alexander Otto providing these members of the Otto family with the right, collectively, to designate up to three director nominees to our Board. The number of director nominees that these members of the Otto family will have the right to designate may be reduced in the future based on reductions in the percentage of our total outstanding common stock owned by these individuals, their lineal descendants or entities they own or control collectively. Albert Behler, Thomas Armbrust and Katharina Otto-Bernstein have been designated for nomination to our Board pursuant to the stockholders agreement.

Executive Sessions of Non-Management Directors

Our Corporate Governance Guidelines require the non-management directors serving on the Board to meet at regularly scheduled executive sessions without management participation and to hold an executive session at least once each year with only independent directors present. In accordance with such requirement, our non-management directors and/or our independent directors meet in executive sessions from time to time on such a basis. The executive sessions are chaired by our Lead Independent Director.

Annual Elections; Majority Voting

Each of our directors will be elected by our stockholders to serve until our next annual meeting of stockholders and until his or her successor is duly elected and qualified. Our bylaws provide for majority voting in uncontested director elections. Pursuant to our bylaws, in a contested election, directors are elected by a plurality of all of the votes cast in the election of directors, and in an uncontested election, a director is elected if he or she receives more votes for his or her election than votes against his or her election. Under our Corporate Governance Guidelines, any director who fails to be elected by a majority vote in an uncontested election is required to tender his or her resignation to our Board, subject to acceptance. Our Nominating and Corporate Governance Committee will make a recommendation to our Board on whether to accept or reject the resignation, or whether other action should be taken. Our Board will then act on our Nominating and Corporate Governance Committee's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of election results. If the resignation is not accepted, the director will continue to serve until the next annual meeting and until the director's successor is duly elected and qualifies. The director who tenders his or her resignation will not participate in our Board's decision.

Anti-Hedging and Anti-Pledging Policy

None of our executives have engaged in any hedging transactions with respect to our stock and none of our executives have engaged in any pledging transactions with respect to our stock except as noted in Security Ownership of Certain Beneficial Owners and Management . Under our anti-hedging policy no executive or director may buy or sell puts, calls, other derivative securities of the Company or any derivative securities that provide the economic equivalent of ownership of any of the Company's securities or an opportunity, direct or indirect, to profit from any change in the value of the Company's securities or engage in any other hedging transaction with respect to the Company's securities, at any time unless such transaction has been approved by the Nominating and Corporate Governance Committee.

We also have an anti-pledging policy whereby no executive or director may pledge Company securities as collateral for a loan (or modify an existing pledge) unless the pledge has been approved by the Nominating and Corporate Governance Committee.

Minimum Share Ownership Guidelines for Executive Officers and Directors

We have adopted minimum stock ownership guidelines that require each executive officer to maintain a minimum number of shares of our common stock (including operating partnership units and LTIP units) having a value equal to or greater than a multiple (six times, in the case of our Chief Executive Officer, and three times, in the case of all other Section 16 executive officers) of such executive officer's base salary. Each executive officer must achieve the minimum equity investment within five years from the later of the date of the adoption of the policy (for executive officers in place at that time) and the date of such officer's appointment (for subsequently appointed executive officers), and until such time as the executive officer achieves such minimum, he or she must retain 50 percent of the value of any vested award, net of taxes.

We have adopted minimum stock ownership guidelines that require our independent directors to hold a number of shares of our common stock (including operating partnership units and LTIP units) having a market value equal to or greater than five times the portion of the annual base retainer which is eligible to be paid in cash. Each independent director must achieve the minimum equity investment within five years from the later of the date of the adoption of the policy (for directors in place at that time) and the date of such director's election to our Board (for subsequently appointed directors) to attain compliance with the stock ownership requirements.

Risk Oversight

Our Board is responsible for overseeing the Company's risk management process. The Board focuses on the Company's general risk management strategy and the most significant risks facing the Company, and ensures that appropriate risk mitigation strategies are implemented by management. The Board also is apprised of particular risk management matters in connection with its general oversight and approval of corporate matters.

The Board has delegated to the Audit Committee oversight of the Company's risk management process. Among its duties, the Audit Committee reviews with management (a) the Company policies with respect to risk assessment and management of risks that may be material to the Company, (b) the Company's system of internal controls over financial reporting and (c) the Company's compliance with legal and regulatory requirements. Our other Board committees also consider and address risk as they perform their respective committee responsibilities. All committees

report to the full Board as appropriate, including when a matter rises to the level of a material or enterprise level risk.

In addition, the Compensation Committee considers the risks to the Company's stockholders and to achievement of our goals that may be inherent in the Company's compensation program.

CORPORATE GOVERNANCE MATTERS

The Company's management is responsible for day-to-day risk management, including the primary monitoring and testing function for companywide policies and procedures, and management of the day-to-day oversight of the risk management strategy for the ongoing business of the Company. This oversight includes identifying, evaluating and addressing potential risks that may exist at the enterprise, strategic, financial, operational and compliance and reporting levels.

We believe the division of risk management responsibilities described above is an effective approach for addressing the risks facing the Company and that our Board leadership structure supports this approach.

PROPOSAL 1: ELECTION OF DIRECTORS

PROPOSAL 1: ELECTION OF DIRECTORS

The Board currently consists of nine members. Each member of the Board is serving for a term of one year and until their successors are duly elected and qualified. Their term expires at each annual meeting of stockholders. Our charter and bylaws provide that a majority of the Board may at any time increase or decrease the number of directors. However, the number of directors may never be less than the minimum number required by the Maryland General Corporation Law which is one and, unless our bylaws are amended, more than nine.

At the 2018 annual meeting, all of the directors will be elected to serve until the 2019 annual meeting and until their successors are duly elected and qualified. The Board, upon the recommendation of the Nominating and Corporate Governance Committee, has nominated Albert Behler, Thomas Armbrust, Martin Bussmann, Dan Emmett, Lizanne Galbreath, Karin Klein, Peter Linneman, Katharina Otto-Bernstein and Mark Patterson to serve as directors. Each of these nominees, other than Mr. Patterson, is a current director of the Company. Mr. Patterson was recommended to the Nominating and Corporate Governance Committee to serve as a director by our Chairman. The Board anticipates that each nominee will serve, if elected, as a director. However, if any nominee is unable to accept election, proxies voted in favor of such nominee will be voted for the election of such other person or persons as the Board may select.

Our bylaws provide for majority voting in uncontested director elections. Pursuant to our bylaws, in an uncontested election a director is elected if he or she receives more votes for his or her election than votes against his or her election. Under our Corporate Governance Guidelines, any incumbent director who fails to be elected by a majority vote in an uncontested election is required to tender his or her resignation to our Board, subject to acceptance, and any nominee who is not yet a director must receive a majority of votes for his or her election to be effected. Our Nominating and Corporate Governance Committee will make a recommendation to our Board on whether to accept or reject the resignation, or whether other action should be taken. Our Board will then act on our Nominating and Corporate Governance Committee's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of election results. If the resignation is not accepted, the director will continue to serve until the next annual meeting and until the director's successor is duly elected and qualified. The director who tenders his or her resignation will not participate in our Board's decision.

We will treat broker non-votes as shares that are present and entitled to vote for purposes of determining the presence or absence of a quorum. Abstentions and broker non-votes, if any, will have no effect on this proposal.

The Board unanimously recommends that you vote FOR each of its director nominees.

PROPOSAL 2: ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

PROPOSAL 2: ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Section 14A(a)(1) of the Exchange Act generally requires each public company to include in its proxy statement a separate resolution subject to a non-binding stockholder vote to approve the compensation of the company's named executive officers, as disclosed in its proxy statement pursuant to Item 402 of Regulation S-K, not less frequently than once every three years. This is commonly known as, and is referred to herein as, a "say-on-pay" proposal or resolution.

At the 2016 annual meeting of stockholders which was held on May 19, 2016, our stockholders voted on, among other matters, a proposal regarding the frequency of holding a non-binding, advisory vote on the compensation of our named executive officers. A majority of the votes cast on the frequency proposal were cast in favor of holding a non-binding, advisory vote on the compensation of the Company's named executive officers every year, which was consistent with the recommendation of the Board. The Board considered the voting results with respect to the frequency proposal as well as other factors, and currently intends for the Company to hold a non-binding, advisory vote on the compensation of the Company's named executive officers every year until the next required advisory vote on the frequency of holding the non-binding, advisory vote on the compensation of our named executive officers.

Accordingly, pursuant to Section 14A(a)(1) of the Exchange Act, the Company is providing stockholders with the opportunity to approve the following non-binding, advisory resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

The Board unanimously recommends a vote FOR this resolution.

We are asking our stockholders to indicate their support for our named executive officers' compensation as described in this proxy statement. This vote is not limited to any specific item of compensation, but rather addresses the overall compensation of our named executive officers and our philosophy, policies and practices relating to their compensation as described in this proxy statement pursuant to Item 402 of Regulation S-K.

The say-on-pay resolution is advisory, and therefore will not have any binding legal effect on the Company or the Compensation Committee. However, the Compensation Committee does value the opinions of our stockholders and intends to take the results of the vote on this proposal into account in its future decisions regarding the compensation of our named executive officers.

PROPOSAL 3: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM

**PROPOSAL 3: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM**

The Audit Committee of the Board has appointed the accounting firm of Deloitte & Touche LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2018. Stockholder ratification of the appointment of Deloitte & Touche LLP is not required by law, the NYSE or the Company's organizational documents. However, as a matter of good corporate governance, the Board has elected to submit the appointment of Deloitte & Touche LLP to the stockholders for ratification at the 2018 annual meeting. Even if the appointment is ratified, the Audit Committee, in its discretion, may select a different independent registered public accounting firm at any time if the Audit Committee believes that such a change would be in the best interest of the Company and its stockholders. If stockholders do not ratify the appointment of Deloitte & Touche LLP, the Audit Committee will take that fact into consideration, together with such other factors it deems relevant, in determining its next selection of an independent registered public accounting firm. Deloitte & Touche LLP has served as our independent registered public accounting firm since our formation in 2014 and is considered by our management to be well-qualified. Deloitte & Touche LLP has advised us that neither it nor any member thereof has any financial interest, direct or indirect, in the Company or any of our subsidiaries in any capacity.

A representative of Deloitte & Touche LLP will be present at the annual meeting, will be given the opportunity to make a statement at the annual meeting if he or she so desires and will be available to respond to appropriate questions.

A majority of all of the votes cast with respect to this proposal is required for the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018. Abstentions do not constitute a vote for or against and will not be counted as votes cast. Abstentions and broker non-votes will have no effect on this proposal.

All Other Fees

All Other Fees refers to fees and related expenses for products and services other than services described above.

Our Audit Committee considers whether the provision by Deloitte & Touche LLP of any services that would be required to be described under All Other Fees would be compatible with maintaining Deloitte & Touche LLP's independence from both management and the Company.

Pre-Approval Policies and Procedures of our Audit Committee

Our Audit Committee must pre-approve all audit services and permissible non-audit services provided by our independent registered public accounting firm, except for any *de minimis* non-audit services. Non-audit services are considered *de minimis* if: (i) the aggregate amount of all such non-audit services constitutes not more than five percent of the total amount of revenues we paid to our independent registered public accounting firm during the fiscal year in which they are provided; (ii) we did not recognize such services at the time of the engagement to be non-audit services; and (iii) such services are promptly brought to our Audit Committee's or any of its members' attention and approved by our Audit Committee or any of its members who has authority to give such approval prior to the completion of the audit. None of the fees reflected above were incurred as a result of non-audit services provided by our independent registered public accounting firm pursuant to this *de minimis* exception. Our Audit Committee may delegate to one or more of its members who is an independent director the authority to grant pre-approvals.

The Board unanimously recommends a vote FOR the ratification of the appointment of

2017 CEO Compensation Decisions

In connection with a review of our executive compensation practices and based on the feedback we received from our stockholders pursuant to our 2017 Say-on-Pay Vote and Stockholder Engagement as described on page 31, the Compensation Committee made the following decisions with respect to the Compensation of our CEO.

Base Salary	\$1.1 million (no increase from 2016 and has not been increased since our initial public offering in 2014).
Deferred Cash Bonus	\$0 (eliminated this discretionary element of CEO compensation resulting in a \$0.5 million reduction from 2016).
Short-term Incentive Compensation	\$2.3 million (established a rigorous formulaic short-term incentive program in early 2017 based on the achievement of Corporate and Individual objectives, resulting in \$0.35 million increase over 2016 based on exceeding these objectives as more fully described on pages 38-41).
Long-term Equity Compensation	\$5.4 million (reduction of \$1.0 million from 2016).
Bonus Exchange Premium	Eliminated the ability for our CEO to receive a premium in connection with his decision to receive all or a portion of his cash bonus in the form of equity, resulting in a \$0.5 million reduction from 2016).

The decisions made by our Compensation Committee not only reduced the Direct Compensation paid to our CEO by 9.6% but also resulted in a reduction in the fixed portion of his compensation from 15.4% to 11.7%.

As indicated on page 46, because the equity-based compensation is awarded in the first quarter of each year for prior year's performance (similar to the cash bonuses awarded in the first quarter of each year), the full impact of these decisions is not appropriately reflected in the Summary Compensation Table appearing on page 52; accordingly we

have included a supplemental Direct Compensation Table which can be found on page 46, to better reflect our compensation philosophy and the impact of the aforementioned decisions.

CEO Pay for Performance Alignment

The Compensation Committee believes that Total Shareholder Return (TSR) should significantly impact actual pay earned in order to ensure alignment with our stockholders. Accordingly, a significant portion of what our CEO earns over time is driven by our TSR. By awarding a substantial portion of our CEO's total compensation in the form of multi-year long-term performance based equity awards, there is a strong alignment of the actual pay earned by our CEO with the returns of our stockholders.

Executive Compensation Philosophy

Our executive compensation program is designed to incentivize the creation of long-term shareholder value by aligning the compensation structure for executives with the achievement of our business strategies and to maximize total shareholder return over the long term. In order to meet our objectives, our executive compensation program includes several elements designed to:

Attract and Retain Highly Talented Executives: We provide fixed base salaries that reflect the highly competitive markets in which we operate, changes in responsibilities and merit increases;

Pay for Performance: We seek to align the interests of our executives with our long-term shareholders by tying the vast majority of their non-salary compensation to performance-based incentives, through a:

Short-term Incentive Compensation (cash bonus) program designed to motivate our executives through a strong emphasis on performance, with components rewarding financial, operational and individual performance; and

Long-Term Equity Incentive Compensation program to create an appropriate link between compensation and the creation of shareholder value, including multi-year performance-based awards tied to absolute and relative total shareholder returns.

Create a Balanced Approach: The Compensation Committee recognizes that our unique portfolio of highly coveted assets is among the most concentrated in the industry, both in terms of the number of markets in which we operate, as well as in the unusually high value per asset that we own. As such, in order to mitigate some of the potential volatility which can arise through concentration, the Compensation Committee believes that an executive compensation program with a greater number of elements (but with less value in each) will:

Reduce the volatility of annual compensation, resulting in potentially higher employee retention;

Potentially mitigate the risk that any individual element may receive inordinate focus and encourage excessively risky behaviors; and

Promote a long-term view by connecting executives' eventual realized compensation to the decisions that they make, as the majority of their annual compensation vests over a period of four years.

2017 Say-on-Pay Vote and Stockholder Engagement

At our 2017 annual meeting of stockholders, a non-binding, advisory resolution approving the compensation paid to our NEOs, as disclosed in our 2017 proxy statement, including the Compensation Discussion and Analysis, compensation tables and narrative discussions, was approved by our stockholders, with approximately 74% of the votes cast having been voted in favor of the proposal to approve such resolution. Notwithstanding the fact that a substantial majority of votes were cast in favor of this proposal, in connection with and following our 2017 annual meeting of stockholders, we engaged in outreach to stockholders owning in excess of 75% of our outstanding common stock and had conversations with stockholders owning in excess of 70% of our outstanding common stock to better understand the decline of the support level from that received in prior years. Our outreach and engagement effort was led by the Compensation Committee and resulted in a number of specific changes to our executive compensation program and practices.

Compensation Best Practices

WHAT WE DO	WHAT WE DON'T DO
A significant portion of our executive officers' total compensation opportunity is based on performance (<i>i.e.</i> , not guaranteed) and salaries comprise a modest portion of each executive officer's total compensation opportunity.	× We do not provide tax gross-up payments to any of our executive officers.
We established a formulaic short-term incentive bonus program based on rigorous goals for management.	× We do not provide single-trigger change in control cash severance payments.
We align our executive officers with our long-term investors by awarding a significant percentage of their equity compensation in the form of multi-year, performance-based equity awards that use relative Total Shareholder Returns as the main metric.	× We do not guarantee annual salary increases or minimum cash bonuses.
We enhance executive officer retention with time-based, multi-year vesting equity incentive awards granted for prior-year performance.	× We do not allow for repricing of stock options.
We have a clawback policy.	× We do not allow hedging of our stock.
We have minimum stock ownership guidelines for our executives and directors.	
We engage an independent compensation consultant to advise the Compensation Committee, which is comprised solely of independent directors.

Peer Group Benchmarking

In developing our executive compensation programs, the Compensation Committee commissioned a peer group compensation benchmarking analysis to ensure that our programs are competitive with those of other publicly traded REITs, including taking into account the cost of attracting and retaining talented executives in the New York City marketplace. The Compensation Committee developed an appropriate peer group for our Company with the advice of FPL Associates LP (FPL), an independent compensation consultant. In establishing an appropriate peer group, the Compensation Committee not only focused on publicly traded REITs relative to our size, but also included publicly traded REITs in the office sector that compete in high-barrier, high-cost markets like New York City, Washington, D.C. and San Francisco, markets in which we operate and compete for talent. For instance, the Compensation Committee included companies like Boston Properties, Inc., SL Green Realty Corp. and Vornado Realty Trust in our peer group, notwithstanding their larger relative size, because these companies are office REITs that operate in the same markets we operate in. As a result, they compete with us for talent and deal flow and like us, two of these companies are headquartered in New York City. For example, our Executive Vice President and Chief Financial Officer, Wilbur Paes, joined us from Vornado Realty Trust, where he had previously spent 11 years and prior to his departure was a Senior Vice President. Additionally, 93.6% of our employees are based in New York City.

Other factors are also examined such as what other companies cite Paramount as a peer, what companies sell-side analysts compare us to, as well as the companies that are selected by outside proxy advisory firms.

Based on these factors, the Compensation Committee selected the following 13 publicly traded REITs focused on the office sector as members of our peer group:

Alexandria Real Estate Equities, Inc.	Douglas Emmett, Inc.	Kilroy Realty Corporation
Boston Properties, Inc.	Empire State Realty Trust, Inc.	Piedmont Office Realty Trust, Inc.
Columbia Property Trust, Inc.	Gramercy Property Trust, Inc.	SL Green Realty Corp.
Corporate Office Properties Trust	Highwoods Properties, Inc.	Vornado Realty Trust
	Hudson Pacific Properties, Inc.	

Fund and Asset Management Business

Our Company maintains a slightly different structure than the majority of our peers in that in addition to the real estate assets owned by us, we also maintain a meaningful ancillary fund and asset management business that is not directly captured in our total capitalization. The total value of assets under management underlying our fund and asset management business is approximately \$5.3 billion, which includes equity and debt fund investments and commitments, investments in properties by third party joint venture partners and other assets for which we provide asset and property management services. To better depict the full breadth of oversight, we have provided a comparison of our size to our compensation peers by showing our total capitalization both with and without the impact of the fund and asset management business as well as the value of total assets versus the peers and both with and without the impact of our fund and asset management business. As of December 31, 2017, our total capitalization ranked near the market median (51st percentile) excluding the fund and asset management business and even more competitive when factoring such. On a total assets basis, only two companies are larger than us when including our ancillary fund and asset management business, ranking us at the 84th percentile of the peer group; the Company still

ranks above the median (68th percentile) when excluding such.

Table of Contents

EXECUTIVE COMPENSATION

Select size statistics for the peer group are shown below:

After our peer group was established, FPL provided market data and practices of the peer group for the Compensation Committee to consider, as well as executive compensation trends and developments. Specifically, FPL provided information regarding the design and levels of compensation paid by our peers and overall counsel to determine the appropriate incentive design for our Company. Such compensation data for peers was analyzed by the Compensation Committee with the assistance of FPL.

For purposes of determining our overall level of executive compensation (*i.e.* base salary, annual incentive cash bonus and long-term equity incentive compensation), the Compensation Committee reviews both total compensation and the mix of compensation components paid by our peer group to executives in comparable positions. However, an executive's target compensation is not mechanically set to be a particular percentage of the peer group. The Compensation Committee also takes into account the executive's role and experience, as compared to our peers executives, and other factors, such as experience, retention and responsibility. In addition, the Compensation Committee believes that ultimately the decision as to appropriate target compensation for a particular executive should be made based on a full review of the individual and his role within the organization, Company performance as well as market data.

The Compensation Committee evaluates the members of our peer group each year to ensure that they continue to be appropriate and to determine whether other companies should be added.

Elements of Our Compensation Program

The compensation provided to our NEOs in 2017 primarily consisted of base salary, short-term incentive compensation (cash bonus) and long-term incentive compensation (equity awards). The following charts illustrate the mix of compensation elements for our CEO and other NEOs (other than Mr. Koltis) for 2017.

* Includes Ms. Bott and Messrs. Paes, Brindley and Lauer

- (1) Consists of 70% performance-based equity awards and 30% time-based equity awards (excluding cash bonuses exchanged for equity in connection with our bonus exchange program).
- (2) Consists of 60% performance based equity awards and 40% time-based equity awards (excluding cash bonuses exchanged for equity in connection with our bonus exchange program)

Base Salary

The base salary payable to each NEO provides a fixed component of compensation that reflects the executive's position and responsibilities. Base salaries are reviewed annually by the Compensation Committee and, subject to contractual obligations we have with the NEO, may be adjusted to better match competitive market levels or to recognize an executive's professional growth, development and increased responsibility. Below are the details of the annual base salaries for each of our NEOs, other than Messrs. Koltis and Brindley.

Executive	Base Salary		
	2017	2016	Change (%)
Albert Behler	\$ 1,100,000	\$ 1,100,000	

Wilbur Paes	525,000	525,000

--------------	---------	---------

Daniel Lauer	400,000	400,000
--------------	---------	---------

Table of Contents

EXECUTIVE COMPENSATION

For 2017, we did not increase the base salary for any of the NEOs named above. The base salary for each of Messrs. Behler and Paes and Ms. Bott was equal to the minimum annual base salary set forth in their employment agreements with us that were in effect for 2017.

Mr. Brindley was promoted to Executive Vice President, Leasing on December 14, 2017. At the time of his promotion, his base salary was \$325,000. In connection with his new position and increased responsibilities, his salary for 2018 will be \$400,000.

Deferred Cash Compensation

In connection with our formation transactions, we assumed a deferred compensation plan that had been maintained by our predecessor in which Mr. Behler and Ms. Bott had participated. Mr. Paes also became a participant in 2016. Under this deferred compensation plan, deferred bonuses were cash compensation that was awarded to participants, and participants were permitted to defer a portion of their income on a pre-tax basis and receive a tax-deferred return on these deferrals based on the performance of specific investments selected by the participants. Although not required by the terms of the deferred compensation plan, consistent with our predecessor's past practices, we historically made annual contributions in an aggregate amount of \$900,000, which was awarded to our CEO and CFO and Ms. Bott in the same proportion as their relative base salaries. We made these contributions primarily to achieve our goal of providing competitive market compensation to these NEOs.

In connection with this plan, our predecessor set aside assets in a rabbi trust held by an independent trustee and the trustee is directed to make similar or identical investments as those selected by each participant in order to generally match its liabilities to the participants under the deferred compensation plan with equivalent assets and thereby limit market risk. We also acquired these investments from our predecessor in connection with our formation transactions. All amounts deferred under this deferred compensation plan will become available to be paid to a participant upon his or her separation of service from the Company.

As discussed above, in connection with our review of our executive compensation practices during 2017 and based on feedback we have received from our stockholders, we have now eliminated our practice of making annual contributions under this deferred compensation program. As a result, we will not be making contributions on behalf of any of our NEOs beginning in 2018. In addition, even though we made this change during 2017, with the agreement of our CEO, we also did not make a contribution on behalf of our CEO for 2017. In the future, we may permit one or more of our executive officers to elect to defer a portion of the cash compensation that he or she has otherwise earned (e.g., base salary or short-term incentive compensation) pursuant to this deferred compensation plan.

Below are the details of the contributions that we made to this deferred compensation program for our NEOs for 2016 and 2017:

Executive	Deferred Cash Compensation	
	2017	2016

			Change (%)
Albert Behler	\$	\$ 471,429	-100%

EXECUTIVE COMPENSATION

Short-Term Incentive Compensation

In early 2017, the Compensation Committee established a Short-Term Incentive (STI) compensation (cash bonus) program for our NEOs, based on the achievement of:

Quantitative key financial and operational goals (Corporate Objectives), and

Qualitative individual performance goals (Individual Objectives)

For our CEO, 75% of his STI compensation opportunity is based on the achievement of Corporate Objectives and the remaining 25% is based on Individual Objectives. For our other NEOs, 67% of their STI compensation opportunity is based on the achievement of Corporate Objectives and the remaining 33% is based on Individual Objectives.

The STI compensation program is designed to encourage outstanding individual and Company performance by motivating the NEOs to achieve key Corporate and Individual Objectives by rewarding performance measured against those objectives. The STI compensation program results in awards being paid 100% in cash, however in an effort to further align the interests of our NEOs with that of our stockholders, for 2017, each NEO had the opportunity to exchange all or a portion of his or her STI compensation for equity, pursuant to our Bonus Exchange Program as more fully described below.

The STI compensation program is intended to cover annual performance periods. Each year the Compensation Committee establishes, in advance, the amount each NEO has the opportunity to earn under the STI compensation program at various performance levels, the Corporate Objectives and Individual Objectives and each NEO's weighting between and, if applicable, among the Corporate Objectives and Individual Objectives.

For 2017, for each NEO, the Compensation Committee established three specific performance levels that could be achieved: threshold (50% of target), target and maximum (150% of target), with linear interpolation applying to the extent performance falls between two levels. In the event that actual performance does not meet the threshold requirement, no awards are earned, and to the extent actual performance is above the maximum requirement, the earned awards are capped at the maximum. The Compensation Committee determined the target amount for each NEO under the STI compensation program primarily based on a combination of the NEO's historical compensation, skill, experience and position, competitive market factors, feedback received from our stockholders and contractual obligations we have with the NEO. For 2017, the target amount for each NEO under the STI compensation program remained unchanged from the target amounts for 2016. In addition, the target amounts for Messrs. Behler and Paes and Ms. Bott were equal to the minimum target amounts set forth in their employment agreements with us that were in effect for 2017.

The table below sets forth the Total STI Compensation Opportunity at each of the threshold, target and maximum bonus amounts that the Compensation Committee established for each of our NEOs, other than Messrs. Koltis and Brindley, for 2017:

Executive	Total STI Compensation Threshold (50%)	Opportunity Target (100%)	Maximum (150%)
Albert Behler	\$ 825,000	\$ 1,650,000	\$ 2,475,000
Wilbur Paes	328,125	656,250	984,375

Daniel Lauer	150,000	300,000	450,000

2017 Corporate Objectives:

The Compensation Committee established the following Corporate Objectives for management based on key financial and operational goals. These objectives were based on the Company's internal models and budgets, including the Company's initial guidance for 2017 which was set forth in its earnings release dated February 22, 2017.

Why was this measure chosen:

FFO is a widely-used non-GAAP measure of earnings performance for REITs. We use Core FFO as an alternative measure because it adjusts FFO for certain non-recurring items that enhance the comparability of our FFO across periods.

Actual Results:

We ended the year with Core FFO of \$0.89 per share, which exceeded the maximum goal resulting in a maximum payout (since it is capped).

Why was this measure chosen:

Leasing is an important aspect of our business and the amount of square feet we lease has a direct impact on the current and future occupancy and cash flows of our business.

Actual Results:

In determining each of our NEO's achievement of his or her Individual Objectives, the Compensation Committee assessed the performance of each NEO as compared to his or her Individual Objectives and made a determination regarding the level of performance achieved. The STI compensation that was awarded to each of our NEOs pursuant to the Individual Objectives was based upon this assessment. For 2017, the Compensation Committee determined that the performance of each of our NEOs performance of his or her Individual Objectives was between the target and maximum level. The table below sets forth the STI compensation that was awarded to each of our NEOs, other than Messrs. Koltis and Brindley pursuant to the achievement of the Individual Objectives as assessed by the Compensation Committee.

As indicated previously, Mr. Brindley was promoted to Executive Vice President, Leasing, on December 14, 2017. His 2017 short-term incentive compensation award of \$575,000 (which was paid in early 2018) was determined by the Compensation Committee with input from our CEO based on individual goals that were set forth for Mr. Brindley in early 2017. Going forward, Mr. Brindley's Target STI Compensation will be equal to 125% of his base salary in effect from time to time and the amount awarded will be based on the attainment of the Corporate and Individual Objectives established by the Compensation Committee during such time.

Bonus Exchange Program

In order to encourage our NEOs to increase their equity holdings and further align the interests of our NEOs with that of our stockholders, the Compensation Committee approved a bonus exchange program for 2017 similar to the bonus exchange program that was approved for 2016. Pursuant to the 2017 Bonus Exchange Program, each of our NEOs could elect to exchange all or a portion of his or her STI compensation for (i) fully vested LTIP units of our operating partnership, with a value equal to the cash bonus exchanged, or (ii) LTIP units, each subject to three-year vesting (40%, 40% and 20%), with a value equal to 125% of the cash bonus exchanged. For 2017, Mr. Behler elected to exchange his entire 2017 STI bonus and Mr. Paes elected to exchange 50% of his 2017 STI bonus, in each case for LTIP units subject to three-year vesting. Our other NEOs did not elect to participate in the 2017 bonus exchange program. Below are the details of the amounts exchanged and LTIP units issued pursuant to the 2017 bonus exchange program.

Executive	Bonus Exchange Grant Date Fair Value of LTIP Units in Lieu of Cash Bonus
Albert Behler	\$ 2,875,000 ⁽¹⁾
Wilbur Paes	580,938 ⁽²⁾

(1) Mr. Behler exchanged his entire 2017 STI bonus of \$2,300,000 and received 213,279 LTIP units, subject to vesting over three years.

(2) Mr. Paes exchanged 50.0% of his 2017 STI bonus, or \$464,750, and received 43,097 LTIP units, subject to vesting over three years.

As discussed above, in connection with our review of our executive compensation practices during 2017 and based on feedback we have received from our stockholders, we have eliminated the ability of our CEO to receive a premium pursuant to our bonus exchange program going forward. As a result, to the extent our CEO elects to participate in our bonus exchange program for 2018, the value of the equity awards that he will receive will equal 100% of the cash bonus exchanged. Our other NEOs will continue to be eligible to receive a premium pursuant to our bonus exchange program.

Long-Term Equity Incentive Compensation

The Compensation Committee believes that, generally, a substantial portion of each NEO's annual compensation should be in the form of long-term equity (LTE). LTE incentive awards encourage management to create stockholder value over the long term, because the value of the equity awards is directly attributable to changes in the price of our common stock over time. In addition, LTE incentive awards are an effective tool for management retention because full vesting of the awards generally requires continued employment for multiple years. LTE incentive awards are granted in the form of LTIP units, representing a class of partnership interests in our operating partnership and are comprised of both performance-based LTIP units (70.0% for our CEO and 60.0% for all other NEOs receiving LTE incentive awards) and time-based LTIP units (30.0% for our CEO and 40.0% for all other NEOs receiving LTE incentive awards).

The Compensation Committee determined the value of the LTE incentive awards for each NEO primarily based on a combination of the NEO's historical compensation, skill, experience and position, competitive market factors and feedback received from our stockholders. In particular, in connection with our review of our executive compensation practices during 2017 and based on feedback we have received from our stockholders, we reduced the value of the LTE incentive awards granted to our CEO for 2017 by approximately \$1,000,000, or 15.4%, from 2016. In addition, based on preliminary conversations at the time with Ms. Bott and Mr. Lauer regarding potential near-term retirement from the Company, the Compensation Committee elected to grant cash bonuses to Ms. Bott and Mr. Lauer in the amount of \$787,500 and \$200,000, respectively, in lieu of LTE incentive awards.

EXECUTIVE COMPENSATION

Below are details of the annual LTE incentive awards that were awarded to each of our NEOs in the first quarter of 2018 for 2017 performance.

Long Term Equity Incentive Awards

Wilbur Paes	1,080,000	684,000	1,764,000	24.1%
Peter Brindley	660,000	418,000	1,078,000	n/a

The time-based LTIP units that we granted for 2017 are subject to ratable vesting over four years (i.e., 25% vesting on each of February 15, 2019, 2020, 2021 and 2022, subject to continued employment). The terms of the performance-based LTIP units that we granted for 2017, which we refer to as the 2017 Performance-Based Awards Program, are described below.

2017 Performance-Based Awards Program

On February 5, 2018, the Compensation Committee approved the 2017 Performance-Based Awards Program, a multi-year performance-based LTE compensation program (the 2017 Performance Program). The purpose of the 2017 Performance Program is to further align the interests of our stockholders with that of management by encouraging our senior officers to create stockholder value in a pay for performance structure.

Under the 2017 Performance Program, participants may earn awards in the form of LTIP units of our operating partnership based on our TSR over a three-year performance measurement period beginning on January 1, 2018 and continuing through December 31, 2020, on both an absolute basis and relative basis as follows:

25.0% of the award is earned if our TSR over the three-year performance measurement period equals or exceeds 30.0%, with no awards being earned if our TSR over such period is less than 18.0% and awards being determined based on linear interpolation if our TSR over such period falls between such ranges.

75.0% of the award is earned if our TSR over the three-year performance measurement period equals or exceeds the 80th percentile of the performance of the SNL Office REIT Index constituents on a relative basis, with no awards being earned if our TSR over such period is less than the 30th percentile and awards being determined based on linear interpolation if our TSR over such period falls between such ranges.

In the case of our CEO, awards under the 2017 Performance Program include an additional performance feature requiring threshold TSR performance on **both** an absolute and a relative basis in order for any awards to be earned. Accordingly, our CEO will not earn any awards pursuant to the 2017 Performance Program unless our TSR for the performance measurement period is 18.0% or higher and in the 30th percentile or higher of the SNL Office REIT Index constituents.

In addition, if the designated performance objectives are achieved, awards earned under the 2017 Performance Program are also subject to vesting based on continued employment with us through December 31, 2021, with 50.0% of each award vesting upon the conclusion of the performance measurement period, and the remaining 50.0% vesting on December 31, 2021. Furthermore, our NEOs are required to hold earned awards for an additional year following vesting.

Total Direct Compensation

Under the rules and regulations of the SEC, each year the Summary Compensation Table must disclose the salary paid during that year, the annual cash incentive earned for that year and the equity-based, long-term incentive awards granted during that year. As noted below, because the equity-based pay we award in the first quarter of each year (similar to the cash bonus awarded in the first quarter of each year) represents compensation for prior year performance, the SEC's approach prevents us from showing together all the pay including salary, annual cash incentive and equity-based awards earned for performance in any one calendar year. In order to provide our stockholders with the aggregate amount of compensation awarded for a given calendar year, we are including the supplemental Total Direct Compensation Table below. We believe the Total Direct Compensation Table enables a more meaningful annual compensation presentation than the Summary Compensation Table presented later in this proxy statement because it consists of (i) the actual salary paid for the year, (ii) the annual incentives and deferred cash compensation awarded for the year and (iii) the annual grant date fair value of equity grants awarded for the year, irrespective of when such amounts ultimately were granted, paid and/or vested. This table illustrates one of the analyses undertaken by the Compensation Committee in determining each element of our NEO compensation for the particular year in light of each executive's performance during the year.

The Total Direct Compensation of our NEOs for 2017 is set forth in the table below. We have omitted Mr. Koltis from the Total Direct Compensation Table because his employment ended in December of 2017.

Roles of the Compensation Committee, Compensation Consultant and Management

Compensation Committee

The Compensation Committee is comprised entirely of independent directors. The Compensation Committee has overall responsibility for monitoring the performance of our executives and evaluating and approving our executive compensation plans, policies and programs. In addition, our Compensation Committee oversees and administers our 2014 Equity Incentive Plan.

The Compensation Committee, after taking into account recommendations from our independent compensation consultant, determines all components of our CEO's compensation. With respect to the other NEOs, the Compensation Committee seeks input from our CEO, in addition to our independent compensation consultant, and then reviews and grants final approval of all components of our other NEOs' compensation as well.

Compensation Consultant

The Compensation Committee has engaged FPL, an outside compensation consultant, to provide guidance with respect to the development and implementation of our compensation programs. FPL provided our Compensation Committee with advice concerning the types and levels of compensation to be paid to our NEOs. FPL also guided the Compensation Committee in the design of our 2016, 2017 and 2018 performance-based equity programs.

The Compensation Committee performs an annual assessment of the compensation consultant's independence to determine whether the consultant is independent. The Compensation Committee has determined that FPL is independent, and that their work has not raised any conflict of interests. During 2017, FPL did not provide any services to our Company other than the aforementioned services to the Compensation Committee.

Management

Our CEO attends Compensation Committee meetings, as appropriate, provides information as to the individual performance of the other NEOs and makes annual recommendations to the Compensation Committee of appropriate compensation levels for all NEOs other than himself. Nonetheless, all components of our executive officers' compensation must be approved by the Compensation Committee in its sole discretion and the Compensation Committee regularly meets in executive session without our CEO or any members of management.

Other Compensation Policies and Practices

Employment Agreements and Executive Severance Plan

We have employment agreements with Messrs. Behler and Paes. We have also adopted an Executive Severance Plan in which Messrs. Brindley and Lauer are covered participants and in which Mr. Koltis was a covered participant prior to termination of his employment. (See "Potential Payments Upon Termination or Change in Control" below). These agreements and the Executive Severance Plan provide a certain level of severance in the event of a termination by us without cause or by the executives for good reason. In return, each executive agrees to certain restrictive covenants, including non-competition and non-solicitation covenants during their employment with us and for a limited period

after termination of employment. We believe that these agreements and the Executive Severance Plan provide appropriate incentives and protections to these executives and, because the severance benefits are agreed to in advance, avoid the need for protracted negotiations in the event of termination of employment.

Other Elements of Compensation

Employee Benefits. Our full-time employees, including our NEOs, are eligible to participate in health and welfare benefit plans, such as medical, dental, life and long-term disability insurance.

401(k) Plan. We have a 401(k) Savings/Retirement Plan (401(k) Plan) that covers eligible employees, including our NEOs. Our 401(k) Plan permits eligible employees to contribute up to 25.0% of their pre-tax compensation and/or up to 25.0% of their after-tax compensation as a Roth contribution, subject to certain limitations imposed by the Internal Revenue Code (the Code). The employees' elective deferrals are immediately vested and non-forfeitable upon contribution to the 401(k) Plan. Our 401(k) Plan includes a matching contribution, subject to Code limitations, equal to 100.0% of the first 6.0% and 50.0% of the next 6.0% of the participant's compensation.

Perquisites and Other Personal Benefits. We reimburse Mr. Behler for his club memberships up to \$20,000 each year and provide him with life insurance coverage of \$5.0 million and long-term disability insurance coverage of at least 60.0% of the sum of Mr. Behler's base salary and target bonus, in effect from time to time. Mr. Behler also has personal use of a Company-leased car as well as limousine service. We provide Ms. Bott and Mr. Paes with an annual car allowance of \$9,600 and free parking. We also reimburse Ms. Bott the cost of her automobile insurance.

Separation with Theodore Koltis

Mr. Koltis served as our Executive Vice President, Leasing until December 14, 2017. For 2017, Mr. Koltis' annual base salary and target STI compensation were both \$700,000, which were unchanged from 2016, and Mr. Koltis' STI opportunity was structured in a manner similar to that of our other NEOs. Pursuant to our Executive Severance Plan, in connection with the termination of his employment, Mr. Koltis received a single lump sum payment in the amount of \$1,539,344 less applicable tax-related deductions and withholdings. In addition, Mr. Koltis' outstanding unvested time-based options and LTIP units were fully vested and a pro-rata portion of his performance-based LTIP units remained outstanding based on the portion of the performance period that had elapsed and may be earned based on our performance through the end of the applicable performance period. Mr. Koltis is subject to certain restrictive covenants, including a non-competition covenant for six months and non-solicitation and non-interference covenants for 12 months following his termination.

Clawback Policy

We have adopted a formal clawback policy, which allows us to recoup compensation paid to an officer covered by the policy if the related financial results are subsequently restated as described below. The policy covers all of our current and former NEOs as well as certain other specified officers. Pursuant to this policy, if we are required to prepare an accounting restatement due to material non-compliance with any financial reporting requirement, then the Compensation Committee may require an employee covered by the policy to repay or forfeit to the Company excess compensation. Excess compensation includes annual cash bonus and long-term incentive compensation in any form (including options and LTIP units, whether time-based or performance-based) received by that employee during the three-year period preceding the publication of the restated financial statements that the Compensation Committee determines was in excess of the amount that such employee would have received if such compensation had been determined based on the financial results reported in the restated financial statements. In making its determination to recoup compensation from an officer, the Compensation Committee may take into account any factors it deems

reasonable, including any determination whether the officer engaged in fraud, willful misconduct or committed acts or omissions which materially contributed to the events that led to the restatement.

Table of Contents

EXECUTIVE COMPENSATION

The Compensation Committee intends to periodically review this clawback policy and, as appropriate, conform it to any applicable final rules adopted pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Anti-Hedging and Anti-Pledging Policy

None of our executives have engaged in any hedging transactions with respect to our stock. Under our anti-hedging policy, no executive or director may buy or sell puts, calls, other derivative securities of the Company or any derivative securities that provide the economic equivalent of ownership of any of the Company's securities or an opportunity, direct or indirect, to profit from any change in the value of the Company's securities or engage in any other hedging transaction with respect to the Company's securities, at any time unless such transaction has been approved by the Nominating and Corporate Governance Committee.

We also have an anti-pledging policy whereby no executive or director may pledge Company securities as collateral for a loan (or modify an existing pledge) unless the pledge has been approved by the Nominating and Corporate Governance Committee.

Minimum Share Ownership Guidelines for Executive Officers and Directors

We have adopted minimum stock ownership guidelines that require each executive officer to maintain a minimum number of shares of our common stock (including operating partnership units and LTIP units) having a value equal to or greater than a multiple (six times, in the case of our CEO, and three times, in the case of all other Section 16 executive officers) of such executive officer's base salary. Each executive officer must achieve the minimum equity investment within five years from the later of the date of the adoption of the policy (for executive officers in place at that time) and the date of such officer's appointment (for subsequently appointed executive officers), and until such time as the executive officer achieves such minimum, he or she must retain 50 percent of the value of any vested award, net of taxes.

We have adopted minimum stock ownership guidelines that require our independent directors to hold a number of shares of our common stock (including operating partnership units and LTIP units) having a market value equal to or greater than five times the portion of the annual base retainer which is eligible to be paid in cash. Each independent director must achieve the minimum equity investment within five years from the later of the date of the adoption of the policy (for directors in place at that time) and the date of such director's election to our Board (for subsequently appointed directors) to attain compliance with the stock ownership requirements.

Tax Gross-Up Payments

We do not provide any golden parachute tax gross-up payments to our NEOs. Under the employment agreements with certain of our NEOs, if any payments or benefits to be paid or provided to the executive would be subject to golden parachute excise taxes under Section 280G of the Code, the executive's payments and benefits under his or her employment agreement will be reduced to the extent necessary to avoid such excise taxes, but only if such a reduction of pay or benefits would result in a greater net after-tax receipt for the executive.

Tax Considerations

LTIP Units. For the LTE incentive awards that we grant to our NEOs, we issue a separate class of units of limited partnership interest in our operating partnership, which we refer to as LTIP units. LTIP units are similar to common units in our operating partnership, which generally are economically equivalent to shares of our common stock, except that the LTIP units are structured as profits interests for U.S. federal income tax purposes under current federal income tax law. As profits interests, LTIP units generally only have value, other than with respect to the right to receive distributions, if the value of the assets of our operating partnership increases between the issuance of LTIP units and the date of a book-up event for partnership tax purposes. If the value of the assets of our operating partnership increases sufficiently, the LTIP units can achieve full parity with common units in our operating

Table of Contents**EXECUTIVE COMPENSATION**

partnership. If such parity is achieved, LTIP units may be converted, subject to the satisfaction of applicable vesting conditions, on a one-for-one basis into common units, which in turn are redeemable by the holder for cash or, at our election, on a one-for-one basis into shares of our common stock. Except for the LTIP units issued under our Performance Programs, LTIP units, whether vested or unvested, entitle the holder to receive distributions per unit from our operating partnership that are equivalent to the dividends paid per share on our common stock.

LTIP units are intended to offer executives substantially the same long-term incentive as shares of restricted stock, with more favorable U.S. federal income tax treatment available for profits interests under current federal income tax law. More specifically, one key disadvantage of restricted stock is that executives are generally taxed on the full market value of a grant at the time of vesting, even if they choose to hold the stock. Conversely, under current federal income tax law, an executive would generally not be subject to tax at the time of issuance or vesting of an LTIP unit but only when he or she chooses to liquidate his or her LTIP units. Therefore, an executive who wishes to hold his or her equity awards for the long term can generally do so in a more tax-efficient manner with LTIP units. In light of the trade-offs between increased tax efficiency and incremental economic risk relating to the structure of the LTIP units as profits interests due to their only having value upon a book-up event as described above as compared to restricted stock, we have chosen to use LTIP units long-term equity incentive awards for our NEOs. We believe that the use of LTIP units has (i) enhanced our equity-based compensation package overall, (ii) advanced the goal of promoting long-term equity ownership by executives, (iii) not adversely impacted dilution as compared to restricted stock, and (iv) further aligned the interests of our executives with the interests of our stockholders. We also believe that these benefits outweigh the loss of the U.S. federal income tax business-expense deduction from the issuance of LTIP units, as compared to restricted stock.

Section 409A of the Code. Section 409A of the Code requires that nonqualified deferred compensation be deferred and paid under plans or arrangements that satisfy the requirements of the statute with respect to the timing of deferral elections, timing of payments and certain other matters. Failure to satisfy these requirements can expose employees and other service providers to accelerated income tax liabilities, penalty taxes and interest on their vested compensation under such plans. Accordingly, as a general matter, it is our intention to design and administer our compensation and benefits plans and arrangements for all of our employees and other service providers, including our NEOs, so that they are either exempt from, or satisfy the requirements of, Section 409A.

Accounting Standards

The Compensation Committee will regularly consider the accounting implications of significant compensation decisions, especially in connection with decisions that relate to our equity plans and programs. As accounting standards change, we may revise certain programs to appropriately align accounting expenses of our equity awards with our overall executive compensation philosophy and objectives. ASC Topic 718 requires us to recognize an expense for the fair value of equity-based compensation awards. Grants of equity awards under the 2014 Equity Incentive Plan will be accounted for under ASC Topic 718.

Risk Considerations in Our Compensation Programs

The Compensation Committee has discussed the concept of risk as it relates to our compensation programs with management and FPL, and the Compensation Committee does not believe the goals, or the underlying philosophy, of our compensation programs encourage excessive or inappropriate risk taking.

We structure the compensation of our executive officers to consist of both fixed and variable compensation. The fixed portion (base salary) of compensation is designed to provide a base level of

EXECUTIVE COMPENSATION

income regardless of our financial or share price performance. The variable portion of compensation (STI and LTE) is designed to encourage and reward both short- and long-term financial, operational and individual performance, with appropriate caps on the maximum amount of annual cash incentive compensation and shares and/or units that can be earned. We have also put in place various policies (anti-hedging and pledging and clawback policies and stock ownership guidelines) that address and mitigate compensation-related risks.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K, and, based on such review and discussions, the Compensation Committee recommended to our Board of Directors that our Compensation Discussion and Analysis be included in this Proxy Statement.

- (1) Reflects the aggregate grant date fair value of stock awards, performance-based awards and option awards granted, calculated in accordance with ASC Topic 718, disregarding the estimate for forfeitures. The assumptions we used for calculating the grant date fair values are set forth in Note 19 to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017. Assuming that maximum performance is achieved under our 2016 Performance Program, the value of the awards made to our NEOs at the date of grant would have been as follows: Mr. Behler \$8,092,670; Mr. Paes \$1,547,394; Ms. Bott \$1,280,619; Mr. Brindley \$874,423 and Mr. Lauer \$1,280,619, respectively. The actual grant date fair value of these awards are set forth below under 2017 Grants of Plan Based Awards.
- (2) The table below sets forth the components of All Other Compensation for 2017, other than cash severance paid to Mr. Koltis, which is discussed in footnote (6) below.

Discussion of Summary Compensation Table and 2017 Grants of Plan-Based Awards Table

Our executive compensation policies and practices, pursuant to which the compensation set forth in the Summary Compensation Table and the 2017 Grants of Plan-Based Awards Table was paid or awarded, are described above under Compensation Discussion and Analysis.

Employment Agreements

We have entered into employment agreements with each of Messrs. Behler and Paes. Mr. Behler's current employment agreement has a term of three years commencing on January 1, 2018; provided that the initial term will be automatically extended for up to two additional one-year terms thereafter unless either party provides written notice of a non-renewal no later than 180 days prior to the expiration the initial term or subsequent extension. Mr. Paes's current employment agreement has a term of expiring on December 31, 2018; provided that it will automatically extend for an additional one-year term thereafter unless either party provides written notice of a non-renewal no later than 180 days prior to the expiration of the initial term.

Under the terms of the agreements with Messrs. Behler and Paes, they are entitled to receive an annual base salary of \$1,100,000 and \$525,000, respectively, subject to potential merit increases (but not decreases) each year. Each employment agreement also provides for cash bonuses with a target amount of at least 150.0% and 125.0% of base salary for each of Messrs. Behler and Paes, respectively. The amount of the actual cash bonuses will be made by our Compensation Committee, in its sole discretion, based on such factors relating to the performance of the executive or us as it deems relevant and may be more or less than the target amount. Each agreement also provides eligibility for vacation and for participation in various employee benefits such as health, dental, life and disability insurance, deferred compensation plan (with funding through a rabbi trust), 2014 Equity Incentive Plan, and Section 401(k) plan. The employment agreement for Mr. Behler also provides for reimbursement of club memberships up to \$20,000 each year, minimum life insurance coverage of \$5.0 million and long-term disability insurance coverage of at least 60.0% of the sum of Mr. Behler's base salary and target bonus, in effect from time to time. The employment agreement for Mr. Paes provides for an annual car allowance of \$9,600 and free parking. Additionally, each of the employment agreements provides certain severance and change in control benefits which are described in more detail below under Severance and Change in Control Benefits.

We also had an employment agreement with Ms. Bott that expired in November 2017, pursuant to which Ms. Bott was entitled to receive an annual base salary of at least \$475,000, subject to potential merit increases (but not decreases) each year, and cash bonus with a target amount of at least 100.0% of base salary. Ms. Bott's agreement also provided for eligibility for vacation and for participation in various employee benefits. The employment agreement for Ms. Bott also provided for an annual car allowance of \$9,600, free parking and reimbursement of her automobile insurance. Ms. Bott's employment agreement had also provided certain severance and change in control benefits.

2016 Performance Program

Awards under the 2016 Performance Program, which are included in the 2017 Grants of Plan-Based Awards table above are earned based on TSR over a three-year performance measurement period beginning on January 1, 2017, and continuing through December 31, 2019, on both an absolute basis and relative basis.

25.0% of the award is earned if our TSR over the three-year performance measurement period equals or exceeds 30.0%, with no awards being earned if our TSR over such period is less than 18.0% and awards being determined based on linear interpolation if our TSR over such period falls between such ranges.

75.0% of the award is earned if our TSR over the three-year performance measurement period equals or exceeds the 80th percentile of the performance of the SNL Office REIT Index constituents on a relative basis, with no awards being earned if our TSR over such period is less than the 30th percentile and awards being determined based on linear interpolation if our TSR over such period falls between such ranges.

In addition, if the designated performance objectives are achieved, awards earned under the 2016 Performance Program are also subject to vesting based on continued employment with us through December 31, 2021, with 50.0% of each award vesting upon the conclusion of the performance measurement period, and the remaining 50.0% vesting on December 31, 2021. Furthermore, our NEOs are required to hold earned awards for an additional year following vesting. See [Potential Payments Upon Termination or Change in Control](#) for a description of the treatment of the awards granted under our Performance Programs that apply in the event of a termination of employment or a change of control.

LTIP Unit Awards

In 2017, we granted LTIP units to our NEOs pursuant to our 2014 Equity Incentive Plan, as described in the 2017 Grants of Plan-Based Awards table. Generally, we make distributions to holders of all LTIP units (other than those granted pursuant to our Performance Programs), whether vested or not, at the same rate per share as dividends per share paid to our common stockholders. See [Potential Payments Upon Termination or Change in Control](#) for a description of the treatment of the LTIP units in the event of a termination of employment or a change of control.

- (2) The number and market or payout value of equity incentive plan awards is based on the amount that the NEOs would have earned under our 2014, 2015 and 2016 Performance Programs, if the threshold performance goals were achieved. Represents outstanding awards under our 2014 and 2015 and 2016 Performance Programs. Awards under our 2014 Performance Program are earned based on our TSR over a three-year performance period ending March 31, 2018, with 50% of any award earned vesting upon the conclusion of the performance measurement period, and the remaining 50.0% vesting in substantially equal installments on April 1, 2019 and 2020, subject to continued employment. Awards under our 2015 Performance Program are earned based on our TSR over a three-year performance period ending March 17, 2019, with 50% of any award earned vesting upon the conclusion of the performance measurement period, and the remaining 50.0% vesting on March 17, 2020, subject to continued employment. Awards under our 2016 Performance Program are earned based on our TSR over a three-year performance period ending December 31, 2019, with 50% of any award earned vesting upon the conclusion of the performance measurement period, and the remaining 50.0% vesting on December 31, 2020, subject to continued employment. Assuming performance for the three-year performance period applicable to these awards continued at the same annualized rate as we experienced from the beginning of each performance period through December 31, 2017, the NEOs would not have earned any of these awards for the 2014 and 2015 Performance Programs and would have earned an award between threshold and target for the 2016 Performance Program. Accordingly, in accordance with SEC rules, the number and market or payout value of equity incentive plan awards is based on the awards that the NEOs would have earned under our 2014 and 2015 Performance Programs, if the threshold performance goals were achieved, and under our 2016 Performance Program, if the target performance goals were achieved, as follows:

	2014 Performance Program at Threshold (#)	2015 Performance Program at Threshold (#)	2016 Performance Program at Target (#)

2017 Option Exercises and Stock Vested

The following table sets forth the aggregate number of options to purchase shares of our common stock that was exercised by our NEOs in 2017 and the aggregate number of shares of common stock and LTIP units that vested in 2017. The value realized on exercise is the product of (i) the closing price on the NYSE of a share of common stock on the date of exercise minus the exercise price, multiplied by (ii) the number of shares of common stock underlying exercised options. The value realized on vesting is the product of (i) the closing price on the NYSE of a share of common stock on the vesting date (or, if there were no reported sales on such date, the most recent previous date on which there were reported sales), multiplied by (ii) the number of shares/LTIP units vesting.

Potential Payments Upon Termination or Change in Control**Employment Agreements**

Pursuant to the terms of the employment agreements with Messrs. Behler and Paes upon the termination of the executive's employment by us without cause (as defined in the applicable employment agreement) or by the executive for good reason (as defined in the applicable employment agreement), subject to the executive signing a separation agreement and mutual release, the executive will be entitled to the following severance payments and benefits:

a lump sum cash payment equal to the sum of the executive's earned but unpaid base salary, earned but unpaid annual cash incentive bonus, unpaid expense reimbursement and accrued but unused vacation time to the date of termination;

a lump sum cash payment equal to a multiple of (x) the executive's then-current annual base salary, plus (y) the average of the annual cash incentive bonuses earned by the executive with respect to the three most recent fiscal years ending on or before the date of termination (but not less than \$1,250,000 for Mr. Behler and \$750,000 for Mr. Paes); the multiple is two for Mr. Behler and one for Mr. Paes or, in the event such termination occurs in connection with or within two years after a change in control (as defined in the applicable employment agreement), 3 for Mr. Behler and 2 for Mr. Paes;

a prorated portion of the annual bonus for the year of termination, calculated based on the executive's target bonus for such year;

a lump sum cash payment equal to a multiple of annual premium payable by us for the executive's health and dental insurance; the multiple is two for Mr. Behler and one for Mr. Paes; or, in the event such termination occurs in connection with or within two years after a change in control, 2 for Mr. Behler and 1.5 for Mr. Paes; and

accelerated vesting of all equity grants subject to only time-based vesting based on continued employment, with the vesting of equity grants with performance vesting only accelerated to the extent provided by the applicable award agreement.

None of the employment agreements provide for any tax gross ups and, in the event the executive would become subject to an excise tax under Section 4999 of the Code imposed on parachute

payments (within the meaning of Section 280G of the Code), the amounts payable as described above would be reduced to the level so that the excise tax will not apply, but only if such reduction would result in a greater after-tax amount to the executive. Each employment agreement provides that, upon a change in control, we will set aside funds in a rabbi trust in an amount sufficient to pay the severance payments due in the event of the termination of the executive in connection with or within two years after a change in control of our company either by us without cause or by the executive for good reason, provided that the executive will only be entitled to these funds in the event the executive's employment is actually terminated in connection with or within two years after a change in control of our company either by us without cause or by the executive for good reason.

All of the cash severance payments described above are to be made as lump sum payments within 30 days after the date of termination of employment. However, to the extent necessary to avoid the imposition of an additional tax under Section 409A of the Code, severance pay and benefits will be delayed until six months and one day after termination during which time the payments will accrue interest at the short-term applicable federal rate.

Each employment agreement also provides that in the event the executive's employment is terminated on account of his or her death or disability, the executive or his or her beneficiary in the case of death will receive the following payments:

a lump sum cash payment equal to the sum of the executive's earned but unpaid base salary, earned but unpaid annual cash incentive bonus, unpaid expense reimbursement and accrued but unused vacation time to the date of termination;

a prorated portion of the annual bonus payable for the year of such termination, calculated based on actual achievement of applicable performance metrics for the applicable year; and

accelerated vesting of all equity grants subject to only time-based vesting based on continued employment, with the vesting of equity grants with performance vesting only accelerated to the extent provided by the applicable award agreement.

Each executive is subject to certain restrictive covenants pursuant to their employment agreements, including non-competition and non-solicitation covenants during their employment with us and for six months after termination of employment.

Executive Severance Plan

We have adopted an Executive Severance Plan for the benefit of certain specified executive officers who are not parties to (or, in some cases, who may no longer be covered by the severance provisions of) an employment agreement, including Messrs. Brindley and Lauer. In the event a participating officer is terminated by us without cause, subject to the officer signing a separation agreement and release with restrictive covenants, including non-competition and non-solicitation covenants for six months after termination of employment, this plan will provide severance benefits in the amount of the sum of the officer's base salary, most recent cash bonus and an amount equal to

the annual premium payable by us for the officer's health and dental insurance.

The following tables set forth the amounts that would have been paid to our continuing NEOs in the event of a termination by us without cause or by the executive for good reason other than in connection with a change in control; upon death or disability; upon a change in control without termination and upon a termination by us without cause or by the executive for good reason in connection with a change in control occurring, in each case, as of December 31, 2017. The amounts in the tables below exclude payments that would be made for (i) accrued salary and vacation pay; (ii) distribution of plan balances under our 401(k) plan; (iii) life insurance proceeds in the event of death; and (iv) disability insurance payouts in the event of disability to the extent they have been earned prior

EXECUTIVE COMPENSATION

- (1) For all of the executives, outstanding equity awards with time-based vesting fully vest upon a change in control, the executive's termination upon death or disability, or termination by us without cause or by the executive for good reason. As of December 31, 2017, Messrs. Behler, Paes, Brindley and Lauer and Ms. Bott held unvested time-based LTIP units as follows: Mr. Behler 358,592 LTIP units; Mr. Paes 195,311 LTIP units; Ms. Bott 88,857 LTIP units; Mr. Brindley 64,512 LTIP units; and Mr. Lauer 88,857 LTIP units. For purposes of the tables above, the value of the equity awards that vest are based on the value of unvested awards set forth in the Outstanding Equity Awards at Fiscal Year-End 2017 table above.
- (2) All of the executives' outstanding stock options fully vest upon a change in control, the executive's termination upon death or disability, termination by us without cause or by the executive for good reason. Assumes that the per share value of the stock options that vest equals (i) \$15.85 per share, which was the closing price on the NYSE of one share of our common stock on December 29, 2017, less (ii) the exercise price per share of such stock options. Information regarding unvested stock options held by our NEOs as of December 31, 2017 is contained in the Outstanding Equity Awards at Fiscal Year-End 2017 table above.
- (3) In accordance with the terms of our Performance Programs outstanding as of December 31, 2017, in the event of a change in control during the performance period, the performance period will be shortened to end on the date of the change in control and the executives' awards will be based on performance through that date, with further proration if the change in control occurs during the first year of the performance period. Any LTIP units earned upon a change in control will remain subject to time-based vesting but will be fully vested in the event of termination by us without cause or by the executive for good reason within 18 months following the change in control. Based on our TSR performance from the beginning of the respective performance period through December 31, 2017, in the event of a change in control as of December 31, 2017, all outstanding awards under our 2014 and 2015 Performance Programs would have been forfeited and our executives would have earned a portion of their awards under our 2016 Performance Program. If an executive's employment is terminated before the end of a performance period as a result of death or disability, or is terminated by us without cause or by the executive for good reason, the executive's award will be calculated as of the end of the performance period in the same manner as if such termination had not occurred, but prorated based on the number of days in the performance period during which such executive was employed by us. Any LTIP units so earned will be fully vested. No amounts are included in the event of such a termination, because the executive only would have been entitled to vesting to the extent that the awards were earned based on the achievement of the performance-based vesting criteria through the end of the performance period.
- (4) Benefits payment includes a lump sum cash payment equal to a multiple of annual premium payable by us for the executive's health and dental insurance; the multiple is two for Mr. Behler and one for Messrs. Paes, Brindley and Lauer; or, in the event such termination occurs in connection with or within two years after a change in control, two for Mr. Behler, 1.5 for Mr. Paes, and one for Messrs. Brindley and Lauer.
- (5) In the event the executive would become subject to an excise tax under Section 4999 of the Code imposed on parachute payments (within the meaning of Section 280G of the Code), the amounts payable as described above would be reduced to the level so that the excise tax will not apply, but only if such reduction would result in a greater after-tax amount to the executive.
- (6) Payments under the Executive Severance Plan are subject to Messrs. Brindley and Lauer signing a separation agreement and release with restrictive covenants, including non-competition and non-solicitation covenants for six months after termination of employment.
- (7) These payments will only be made under the Executive Severance Plan if Messrs. Brindley and Lauer are terminated by us without cause.

Pay Ratio Disclosure Rule

Pursuant to a mandate of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act"), the Securities and Exchange Commission (the "SEC") adopted a rule requiring annual disclosure of the ratio of the median employee's annual total compensation to the total annual compensation of the principal executive officer ("PEO"). The PEO of our Company is Mr. Behler.

We believe that our compensation philosophy must be consistent and internally equitable to motivate our employees to create shareholder value. The purpose of the new required disclosure is to provide a measure of the equitability of pay within the organization. We are committed to internal pay equity, and our Compensation Committee monitors the relationship between the pay our PEO receives and the pay our non-executive employees receive.

As illustrated in the table below, our 2017 PEO to median employee pay ratio was 108.21.

PEO 2017 Compensation	\$ 10,453,867
Median Employee 2017 Compensation	\$ 96,605
Ratio of PEO to Median Employee Compensation	108.21

We identified the median employee using the amount reported as compensation on the employee's Form W-2 for the year ended December 31, 2017, for all individuals who were employed by us on December 31, 2017, the last day of our payroll year (whether employed on a full-time, part-time or seasonal basis). Employees on leave of absence were excluded from the list and reportable wages were annualized for those employees who were not employed for the full calendar year.

Compensation Committee Interlocks and Insider Participation

During 2017, the following directors, all of whom are independent directors, served on our Compensation Committee for at least part of the year: Lizanne Galbreath, Karin Klein and David O'Connor. None of our executive officers serve as a member of a board of directors or compensation committee, or other committee serving an equivalent function, of any other entity that has one or more of its executive officers serving as a member of our Board or Compensation Committee.

each person known by us to be the beneficial owner of 5% or more of the outstanding shares of our common stock or the outstanding shares of our common stock and units in our operating partnership; and

Except as noted by footnote, and subject to community property laws where applicable, we believe based on the information provided to us that the persons and entities named in the table below have sole voting and investment power with respect to all shares of our common stock and units in our operating partnership shown as beneficially owned by them. Shares of our common stock and units in our operating partnership that a person has the right to acquire within 60 days of March 1, 2018 are deemed to be outstanding and beneficially owned by the person having the right to acquire such shares or units for purposes of the table below, but are not deemed outstanding for the purpose of computing the percentage of beneficial ownership for any other person.

As of March 1, 2018, there were 240,514,271 shares of our common stock outstanding and 25,307,251 units of our operating partnership outstanding, consisting of 23,510,643 common operating partnership units and 1,796,608 LTIP units (excluding 4,531,153 unvested performance-based LTIP units granted to the Company's executive officers and employees pursuant to our Performance Plans, which may be earned based on the achievement of the designated performance objectives).

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers and directors and persons who own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC and the NYSE. Officers, directors and persons who own more than 10% of a registered class of our equity securities are required by SEC regulation to furnish us with copies of all Section 16(a) forms that they file. To our knowledge, based solely on review of the copies of such reports and any amendments thereto furnished to us during or with respect to our most recent fiscal year, all Section 16(a) filing requirements applicable to our executive officers, directors and persons who own more than 10% of a registered class of our equity securities were satisfied.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Management Agreements

In connection with the formation transactions, we assumed certain management agreements of our predecessor pursuant to which we provide property management, leasing, reporting or other services for certain properties or business entities owned by members of the Otto family, including the Commercial National Bank Building, which is 100% indirectly owned by Maren Otto, Katharina Otto-Bernstein and Alexander Otto. Pursuant to the Commercial National Bank Building property management agreement, we receive (i) property management fees of 3.0% of the property's annual gross revenue; (ii) construction service fees of 3.0% of certain costs, tenant improvements and tenant allowances; and (iii) disposition fees of 0.50% of the gross consideration paid in connection with a disposition of the property. During 2017, we received fees of \$824,000 pursuant to these agreements, including \$530,000 from the agreement relating to property management and leasing for the Commercial National Bank Building. The property management agreement automatically renews for annual terms unless terminated by either party by giving three months written notice to the other before the end of any calendar year. The other management agreements automatically renew for annual terms unless terminated by either party by giving thirty days written notice to the other before the end of any calendar year.

Note Payable

Prior to the completion of the formation transactions, in lieu of certain cash distributions, certain of the entities comprising our predecessor distributed a \$24,500,000 note, which is payable to CNBB-RDF Holdings, which is an entity owned by Maren Otto, Katharina Otto-Bernstein and Alexander Otto, and a \$2,799,000 note, which is payable to a different entity owned by members of the Otto family. The notes, which were distributed in lieu of certain cash distributions prior to the completion of the formation transactions, were extended in October 2017 to mature on November 12, 2018, and bear interest at a fixed rate of 1.40%. From January 1, 2017 through December 31, 2017 we recognized \$197,000 of interest in connection with the notes.

1633 Broadway Lease

Our predecessor leased 3,330 square feet of space in 1633 Broadway to CNBB-RDF Holdings at an annual base rent of \$57.00 per square foot, with five months of free rent and no tenant improvement allowance. The term of the lease extends through 2019. We believe that the terms of this lease, at the time it was signed, were at least as favorable to us as the terms we could have obtained from a third party in an arm's length transaction for the lease of this space. For the year ended December 31, 2017, we recognized \$197,000 of rental income from this lease.

Mannheim Trust

Dr. Martin Bussmann (a member of our Board of Directors) is also a trustee and a director of Mannheim Trust, a subsidiary of which leases 5,593 square feet at 712 Fifth Avenue, our 50.0% owned unconsolidated joint venture. The Mannheim Trust is for the benefit of his children. For the year ended December 31, 2017, we recognized \$358,000 for our share of rental income from this lease.

Hamburg Trust HTC Consulting GmbH

We have engaged Hamburg Trust HTC Consulting GmbH (HTC), a licensed broker in Germany, to supervise selling efforts for our private equity real estate funds (or investments in feeder vehicles for these funds) to investors in Germany. Pursuant to this engagement, which was begun by our predecessor, we have agreed to pay HTC for the costs it incurred to sell investments in this feeder vehicle and other funds, which primarily consist of commissions paid to third party agents, and other incremental costs incurred by HTC as a result of the engagement, plus, in each case, a mark-up of 10%.

HTC is 100% owned by Albert Behler, our Chairman, Chief Executive Officer and President. We paid or accrued \$247,000 for fees and expense reimbursements due to HTC for the services it provided during 2017.

Review and Approval of Future Transactions with Related Persons

Our Board has adopted a Related Person Transaction Approval and Disclosure Policy, included as part of our Corporate Governance Guidelines, for the review, approval or ratification of any related person transaction. This policy provides that all related person transactions, other than a transaction for which an obligation to disclose under Item 404 of Regulation S-K (or any successor provision) arises solely from the fact that a beneficial owner, other than members of the Otto family, Wilhelm von Finck and entities controlled directly or indirectly by such individuals, of more than 5% of a class of our voting securities (or an immediate family member of any such beneficial owner) has an interest in the transaction, must be reviewed and approved by a majority of the disinterested directors on our Board in advance of us or any of our subsidiaries entering into the transaction; provided that, if we or any of our subsidiaries enter into a transaction without recognizing that such transaction constitutes a related person transaction, the approval requirement will be satisfied if such transaction is ratified by a majority of the disinterested directors on the Board promptly after we recognize that such transaction constituted a related person transaction. Disinterested directors are directors that do not have a personal financial interest in the transaction that is adverse to our financial interest or that of our stockholders. The term "related person transaction" refers to a transaction required to be disclosed by us pursuant to Item 404 of Regulation S-K (or any successor provision) promulgated by the SEC. This policy was followed for all of the applicable related person transactions described above for which there was new activity during the 2017 fiscal year.

Solicitation of Proxies

We will pay the cost of solicitation of proxies. Our directors, officers and employees may solicit proxies personally, by telephone, via the internet or by mail without additional compensation for such activities. We also will request persons, firms and corporations holding shares in their names or in the names of their nominees, which are beneficially owned by others, to send a Notice of Internet Availability of Proxy Materials to and obtain proxies from such beneficial owners. We will reimburse such holders for their reasonable expenses. No arrangements or contracts have been made with any solicitors as of the date of this proxy statement, although we reserve the right to engage solicitors if we deem them necessary.

Stockholder Proposals

Stockholders who, in accordance with the Rule 14a-8 under the Exchange Act, wish to present proposals for inclusion in the proxy materials to be distributed by us in connection with our 2019 annual meeting must submit their proposals to our Corporate Secretary on or before December 6, 2018.

Apart from the SEC's Rule 14a-8 that addresses the inclusion of stockholder proposals in our proxy materials, under our bylaws, certain procedures are provided that a stockholder must follow to nominate persons for election as directors or to introduce an item of business at an annual meeting of stockholders. These procedures provide that nominations for director nominees and/or an item of business to be introduced at an annual meeting of stockholders must be timely submitted in writing to Gage Johnson, Secretary, at Paramount Group, Inc., 1633 Broadway, Suite 1801, New York, New York 10019. To be considered timely, we must receive the notice of your intention to introduce a nomination or proposed item of business at our annual meeting:

not earlier than the 150th day nor later than 5:00 p.m., New York time, on the 120th day prior to the first anniversary of the date of the notice for the preceding year's annual meeting; or

not earlier than the 150th day prior to the date of the annual meeting and not later than 5:00 p.m., New York time, on the later of the 120th day prior to the date of such annual meeting, as originally convened, or the tenth day following the day on which public announcement of the date of such meeting is first made, in the event that the date of the annual meeting is advanced or delayed by more than 30 days from the first anniversary of the date of the preceding year's annual meeting.

Assuming that our 2019 annual meeting is not advanced or delayed by more than 30 days from the first anniversary of the date of the 2018 annual meeting, we must receive notice of your intention to introduce a nomination or other item of business at the 2019 annual meeting after November 6, 2018 and no later than 5:00 p.m., New York time, on December 6, 2018.

Attendance at the Meeting

All stockholders of record of shares of common stock at the close of business on the record date, or their designated proxies, are authorized to attend the annual meeting. If you are not a stockholder of record but hold shares through a broker, bank or other nominee, you should provide proof of beneficial ownership as of the record date, such as an account statement reflecting your stock ownership as of the record date, a copy of the voting instruction card provided by your broker, bank or other nominee, or other similar evidence of ownership. If you do not have proof of ownership or do not arrive at least 20 minutes in advance, you may not be admitted to the annual meeting. Each stockholder and proxy may be asked to present a valid government-issued photo identification, such as a driver's license or passport, before being admitted and should plan to arrive no later than 20 minutes prior to the scheduled time to allow the Inspector of Elections or his designee to check your credentials. Cameras, recording devices and other electronic devices will not be permitted, and attendees may be subject to security inspections and other security precautions. The Company reserves

its right to not seat any shareholder, proxy or other attendee who did not arrive 20 minutes in advance and is not seated 10 minutes prior to the scheduled start of the meeting.

Householding of Proxy Materials

If you and other residents at your mailing address own shares of common stock in street name, your broker, bank or other nominee may have sent you a notice that your household will receive only one Notice of Internet Availability of Proxy Materials, annual report and/or proxy statement, as applicable. This procedure, known as householding, is intended to reduce the volume of duplicate information stockholders receive and also reduce our printing and postage costs. Under applicable law, if you consented or were deemed to have consented, your broker, bank or other nominee may send one copy of the applicable proxy materials to your address for all residents that own shares of common stock in street name. If you wish to revoke your consent to householding, you must contact your broker, bank or other nominee. If you are receiving multiple copies of our proxy materials, you may be able to request householding by contacting your broker, bank or other nominee.

If you wish to request extra copies free of charge of our proxy materials, please send your request in writing to Paramount Group, Inc., 1633 Broadway, Suite 1801, New York, New York 10019, Attention: Investor Relations or by telephone at (212) 237-3100.

Other Matters

The Board does not know of any matters other than those described in this proxy statement that will be presented for action at the annual meeting. If other matters are presented, proxies will be voted in accordance with the discretion of the proxy holders.
