On July 5, 2018, we implemented a corporate restructuring to reduce our operating expenses, extend our cash runway and focus our resources on our most promising programs. In connection with the restructuring, we committed to a reduction in our total workforce by approximately 60% percent. The restructuring was approved by our Board of Directors on July 3, 2018, and affected employees were informed on July 5, 2018. We expect to complete the workforce reduction in the third quarter of 2018. We estimate that we will record charges of approximately \$1.5 million for employee severance and other related termination benefits. Severance payments are expected to be paid in full by the end of the third quarter of 2018.
