As a result, we are mailing to our shareholders a notice instead of a printed copy of this proxy statement and our 2018 annual report to shareholders. The notice contains instructions on how to access those documents over the Internet. The notice also contains instructions on how each of those shareholders can receive a printed copy of our proxy materials, including this proxy statement, our 2018 annual report to shareholders and a form of proxy card or voting instruction form. Continuing to employ this distribution process will conserve natural resources and reduce the costs of printing and distributing our proxy materials.

(1) Independent Trustee

Table of Contents

Corporate Governance Highlights:

Seven of the eight trustees, including the Chairman of the Board, are independent and meet regularly in executive session.

The roles of Chief Executive Officer and Chairman of the Board are separate.

We have adopted a majority vote standard for the election of trustees.

We impose trustee age limits.

Only independent trustees are Committee members.

The Board has a robust trustee nominee selection process.

The Board has share ownership guidelines for trustees and executive officers.

The Company has an anti-hedging policy.

Board, Committee and trustee performance evaluations are performed annually.

The Board and Committees are responsible for risk oversight.

The Board amended the Company's Bylaws in 2017 to permit shareholders to make amendments to the Bylaws.

Shareholders approved an amendment to the Company's Declaration of Trust in 2018 to phase-out the Company's classified board structure.

All of our trustees were in attendance at 96% of the meetings of the Board and Committees on which they served during the 2018 fiscal year.

All but one of our trustees attended the Company's 2018 Annual Meeting of Shareholders.

Financial Highlights:

The following are financial highlights of 2018:

Total revenue was \$700.7 million for 2018, representing a 22% increase from 2017.

Net income available to common shareholders was \$242.8 million, or \$3.27 per diluted common share, compared to \$234.2 million, or \$3.29 per diluted common share, for 2017.

FFO (a non-GAAP financial measure) for 2018 was \$414.3 million, or \$5.51 per diluted common share, compared to \$327.4 million, or \$4.58 per diluted common share, for 2017.⁽¹⁾

FFO as adjusted (a non-GAAP financial measure) for 2018 was \$460.4 million, or \$6.10 per diluted common share, compared to \$360.5 million, or \$5.02 per diluted common share, for 2017, representing a 22% increase in per share results.⁽¹⁾

For much of 2018, market conditions were such that our cost of capital was higher, thus reducing the spread between what we could charge in rent and interest to our tenants and borrowers for new investments and the cost at which we could raise new capital. As a result, we became more selective in our investment spending decision-making in 2018 and implemented a plan to sell existing assets rather than raise new capital to fund such investments. In the latter half of 2018, these conditions improved and our investment spending increased to \$333.5 million during that period. Accordingly, our total investment spending was \$572.0 million in 2018 compared to \$1.6 billion in the prior year (which included a single recreation transaction totaling \$730.8 million) and dispositions and mortgage note pay-offs totaled \$471.1 million compared to \$197.6 million in the prior year.

Table of Contents

Our net debt to adjusted EBITDA ratio (a non-GAAP financial measure) was 5.5x at December 31, 2018 compared to 5.4x at December 31, 2017.⁽¹⁾

We raised the dividend on our common shares almost 6% compared to 2017.

- (1) For more information regarding these non-GAAP financial measures and for a reconciliation of these non-GAAP measures to the most directly comparable financial measures prepared in accordance with GAAP, see Non-GAAP Financial Measures on pages 52 through 58 in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2018.

Executive Compensation Highlights:

Our compensation program is designed to attract and retain quality executives, aligning our executives' interests with those of our shareholders, and motivating them to achieve, and rewarding them for, superior performance, with the goal of maximizing long-term shareholder value. Underlying our compensation program is a compensation philosophy that seeks to:

Create a balanced and competitive compensation program utilizing base salary, annual incentives, long-term equity-based incentive compensation and other benefits,

Emphasize variable performance-based compensation,

Reward executives for performance on measures designed to increase shareholder value, and

Use equity-based incentives, including nonvested restricted common shares and nonvested common share options, to ensure that executives are focused on achieving appropriate earnings growth and dividend levels and building shareholder value by aligning the executives' interests with those of our shareholders.

Table of Contents

To accomplish these goals, our executive compensation program emphasizes performance-based incentive compensation under our annual incentive program and long-term incentive plan payable primarily through equity grants, all of which are considered at-risk. Some of the compensation best practices we employ in furtherance of our philosophy include:

What We Do

The majority of total compensation is at-risk and tied to performance (i.e., not guaranteed); fixed salaries comprise a modest portion of each NEO's overall compensation opportunity.

We enhance executive officer retention with time-based, multi-year vesting schedules for equity incentive awards granted for prior performance.

To set variable pay, we annually establish performance goals for management, assess performance-against-target and compare our performance on key metrics against other triple-net lease REITs that we consider comparable.

Multi-year, long-term incentive equity awards use relative TSR as the main metric.

We have share ownership guidelines for our executives and trustees.

We engage an independent compensation consultant to advise the Compensation and Human Capital Committee (referred to in this Proxy Statement as our Compensation Committee), which is comprised solely of independent trustees.

What We Don't Do

We do not target compensation above the market median (50th percentile overall) of our comparative group of peer companies; we generally use slightly below the median as the beginning reference point and the Compensation Committee then adjusts pay based on a comprehensive review of performance.

û We do not provide our executives and will not provide any new executives with tax gross-ups with respect to payments made in connection with a change of control.

û We do not allow hedging of Company securities.

û We do not encourage unnecessary or excessive risk taking as a result of our compensation policies; incentive compensation is not based on a single performance metric and we do not have guaranteed minimum payouts.

û We do not allow for repricing of common share options.

û We do not provide excessive perquisites; we provide perquisites that we believe align management and shareholder interests.

We incent executives to elect to receive annual incentive awards in the form of nonvested restricted common shares instead of cash, further aligning their interests with shareholders.

ABOUT THE PROXY MATERIALS AND ANNUAL MEETING

Why am I receiving these materials?

We have made these materials available to you over the Internet or, upon your request, have delivered printed copies of these materials to you by mail, in connection with the Board's solicitation of proxies for use at the Annual Meeting, which will take place on Thursday, May 30, 2019. As a shareholder, you are invited to attend the Annual Meeting and vote on the items of business described in this Proxy Statement. This Proxy Statement includes information that we are required to provide to you under the rules of the U.S. Securities and Exchange Commission (the "SEC") and that is designed to assist you in voting your shares.

What is included in the proxy materials?

The proxy materials include:

This Proxy Statement for the Annual Meeting; and

Our 2018 annual report to shareholders, which includes our Annual Report on Form 10-K for the fiscal year ended December 31, 2018 (the "Annual Report").

If you received a printed copy of these materials by mail, the proxy materials also include a proxy card or a voting instruction form for the Annual Meeting.

What am I voting on?

Our Board of Trustees (also referred to herein as the "Board") is soliciting your vote for:

The election of Barrett Brady, Peter C. Brown and James B. Connor as trustees to serve for a one-year term (Proposal No. 1);

The approval, on a non-binding advisory basis, of the compensation of our named executive officers as disclosed in these materials (the "say-on-pay" vote) (Proposal No. 2); and

The ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2019 (Proposal No. 3).

What are the Board's recommendations?

The Board recommends you vote:

FOR the election of Barrett Brady, Peter C. Brown and James B. Connor as trustees to serve for a one-year term (Proposal No. 1);

FOR the approval, on a non-binding advisory basis, of the compensation of our named executive officers as disclosed in these materials (Proposal No. 2); and

FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2019 (Proposal No. 3).

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to rules adopted by the SEC, we have elected to provide access to our proxy materials via the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the "Notice") to our shareholders. All shareholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the

Table of Contents

Notice. In addition, shareholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We encourage shareholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of our annual meetings.

If I share an address with another shareholder, and we received only one paper copy of the proxy materials, how may I obtain an additional copy of the proxy materials?

We have adopted a procedure called householding, which the SEC has approved. Under this procedure, we are delivering a single copy of the Notice and, if applicable, this Proxy Statement and the Annual Report to multiple shareholders who share the same address unless we have received contrary instructions from one or more of the shareholders. This procedure reduces our printing costs, mailing costs and fees. Shareholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or oral request, we will deliver promptly a separate copy of the Notice and, if applicable, this Proxy Statement and the Annual Report to any shareholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy of the Notice and, if applicable, this Proxy Statement or the Annual Report, shareholders may write or call us at the following address and telephone number:

EPR Properties

Attention: Secretary

909 Walnut Street, Suite 200

Kansas City, Missouri 64106

(816) 472-1700

Shareholders who hold shares in street name (as described below) may contact their broker, bank or other similar nominee to request information about householding.

How can I get electronic access to the proxy materials?

The Notice will provide you with instructions regarding how to:

View on the Internet the Company's proxy materials for the Annual Meeting; and

Instruct the Company to send future proxy materials to you by email.

Our proxy materials are also available on the Internet at www.envisionreports.com/EPR.

Choosing to receive future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual meetings on the environment. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect until you terminate it.

Who is entitled to vote at the meeting?

Holders of record of our common shares at the close of business on March 8, 2019 (the Record Date), are entitled to receive notice of the Annual Meeting and to vote their common shares held on that date at the meeting or any postponements or adjournments of the Annual Meeting. On the Record Date, 74,908,441 common shares of the Company were outstanding.

How many votes do I have?

On each matter presented at the Annual Meeting, you are entitled to one vote for each common share owned by you at the close of business on the Record Date.

Table of Contents

What is the difference between a shareholder of record and a beneficial owner of shares held in street name?

Shareholder of Record. If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered the shareholder of record with respect to those shares, and we sent the Notice directly to you. If you requested printed copies of the proxy materials by mail, you will receive a proxy card.

Beneficial Owner of Shares Held in Street Name. If your shares are held in an account at a broker, bank or other nominee, then you are the beneficial owner of those shares in street name, and the Notice was forwarded to you by your broker, bank or other nominee who is considered the shareholder of record with respect to those shares. As a beneficial owner, you have the right to instruct your broker, bank or other nominee on how to vote the shares held in your account. Those instructions are contained in a vote instruction form. If you request printed copies of the proxy materials by mail, you will receive a vote instruction form.

If I am a shareholder of record of the Company's shares, how do I vote?

There are four ways to vote:

In Person. If you are a shareholder of record, you may vote in person at the Annual Meeting. We will give you a ballot when you arrive.

Via the Internet. You may vote by proxy via the Internet by following the instructions provided in the Notice.

By Telephone. If you request printed copies of the proxy materials by mail, you may vote by proxy by calling the toll-free number found on the proxy card.

By Mail. If you request printed copies of the proxy materials by mail, you may vote by proxy by filling out the proxy card and sending it back in the envelope provided.

If I am a beneficial owner of shares held in street name, how do I vote?

There are four ways to vote:

In Person. If you are a beneficial owner of shares held in street name and you wish to vote in person at the Annual Meeting, you must obtain a legal proxy from the broker, bank or other nominee that holds your shares. Please contact your broker, bank or other nominee for instructions regarding obtaining a legal proxy.

Via the Internet. You may vote by proxy via the Internet by following the instructions provided in the Notice.

By Telephone. If you request printed copies of the proxy materials by mail, you may vote by proxy by calling the toll-free number found on the vote instruction form.

By Mail. If you request printed copies of the proxy materials by mail, you may vote by proxy by filling out the vote instruction form and sending it back in the envelope provided.

What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of our common shares outstanding on the Record Date will constitute a quorum, permitting the Annual Meeting to proceed. If a quorum is not present, the Annual Meeting will be adjourned until a quorum is obtained.

2019 Proxy Statement **Page 8**

Table of Contents

How are proxies voted?

All shares represented by valid proxies received prior to the Annual Meeting will be voted and, where a shareholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the shareholder's instructions.

What happens if I do not give specific voting instructions?

Shareholders of Record. If you are a shareholder of record and you:

Indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board; or

Sign and return a proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name and do not provide the broker, bank or other nominee that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the broker, bank or other nominee that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the broker, bank or other nominee that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the broker, bank or other nominee that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a broker non-vote.

Which ballot measures are considered routine or non-routine ?

The ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2019 (Proposal No. 3) is a matter considered routine under applicable rules. A broker, bank or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal No. 3.

The election of trustees (Proposal No. 1) and the say-on-pay vote (Proposal No. 2) are matters considered non-routine under applicable rules. A broker, bank or other nominee cannot vote without instructions on non-routine matters, and therefore broker non-votes may exist in connection with Proposal Nos. 1 and 2.

How many votes are needed to approve each item?

We have adopted a majority vote standard for the election of trustees. The affirmative vote of a majority of votes cast at the Annual Meeting is required for the election of trustees (Proposal No. 1). This means that the number of shares voted FOR each trustee nominee must exceed the number of votes WITHHELD from that trustee nominee in order for that nominee to be elected.

The affirmative vote of a majority of votes cast at the Annual Meeting is required to: (i) approve, on a non-binding advisory basis, the compensation of our named executive officers as disclosed in these materials (Proposal No. 2); and (ii) ratify the appointment of KPMG LLP as our independent registered public accounting firm for 2019 (Proposal

No. 3). This means that the number of shares voted FOR each proposal must exceed the number of votes AGAINST that proposal in order for that proposal to be approved.

Table of Contents

How are abstentions and broker non-votes counted?

Abstentions or withhold votes and broker non-votes will be counted to determine whether there is a quorum present. Each trustee nominee is elected by the affirmative vote of a majority of the votes cast for the election of that trustee nominee at the Annual Meeting. Only votes **FOR** or **WITHHELD** with respect to each trustee nominee are counted as votes cast. Broker non-votes are not counted as votes cast and will be entirely excluded from the vote and will have no effect on its outcome.

The proposal to approve, on a non-binding advisory basis, the compensation of our named executive officers as disclosed in these materials (Proposal No. 2) and the proposal to ratify the appointment of KPMG LLP as our independent registered public accounting firm for 2019 (Proposal No. 3) each require the affirmative vote of a majority of the votes cast for that proposal at the Annual Meeting. Only votes **FOR** or **AGAINST** each proposal are counted as votes cast. Abstentions and broker non-votes are not counted as votes cast and will be entirely excluded from the vote and will have no effect on its outcome.

What is the effect of the advisory vote?

The vote of the shareholders regarding the compensation of our named executive officers as disclosed in these materials (Proposal No. 2) is an advisory vote, and the result will not be binding on the Board of Trustees or the Company. However, the Board and the Compensation Committee, which is comprised of independent trustees, will consider the outcome of the vote when making future executive compensation decisions.

Can I change my vote after I have voted?

You may revoke your proxy and change your vote at any time before the final vote at the Annual Meeting. You may vote again on a later date via the Internet or by telephone (in which case only your latest Internet or telephone proxy submitted prior to the Annual Meeting will be counted), by signing and returning a new proxy card or vote instruction form with a later date, or by attending the Annual Meeting and voting in person. However, your attendance at the Annual Meeting will not automatically revoke your proxy unless you vote again at the Annual Meeting or specifically request that your prior proxy be revoked by delivering to the Company's Secretary a written notice of revocation prior to the Annual Meeting.

Does the Company have a policy for confidential voting?

We have a confidential voting policy. Your proxy will be kept confidential and will not be disclosed to third parties, other than our inspector of election and personnel involved in processing the proxy instructions, ballots and voting tabulations, except where disclosure is mandated by law and in other limited circumstances.

Where can I find the voting results of the Annual Meeting?

The Company intends to announce preliminary voting results at the Annual Meeting and disclose final results in a current report on Form 8-K or quarterly report on Form 10-Q filed with the SEC within four business days after the Annual Meeting. If final results are not yet known within that four business day period, the Company will disclose preliminary voting results in a Form 8-K and file an amendment to the Form 8-K to disclose the final results within four business days after such final results are known.

COMPANY GOVERNANCE

Proposal No. 1 Election of Trustees

What are you voting on?

The Board has nominated Barrett Brady, Peter C. Brown and James B. Connor to serve as trustees for a term expiring at the next annual meeting of shareholders or until their successors are duly elected and qualified. Mr. Brady is currently a trustee who was elected by shareholders at the 2004 annual meeting, and Mr. Brown is currently a trustee who was elected by shareholders at the 2010 annual meeting. Mr. Connor is currently a trustee who was elected by the Board in January 2019 to fill a newly created vacancy.

The Board of Trustees consists of eight members. Prior to our 2018 annual meeting of shareholders, the Board of Trustees was divided into three classes having three-year terms that expired in successive years. At the 2018 annual meeting, the Company's shareholders approved an amendment to the Company's Declaration of Trust to phase-out the Company's classified board structure, such that trustees whose terms expire (or trustees elected to fill vacancies) after the 2018 annual meeting will be elected to serve for a term expiring at the Company's next annual meeting of shareholders. Pursuant to the amendment, the Company's Board of Trustees will be fully declassified by the 2021 annual meeting. Messrs. Brady and Brown were previously classified as Class I trustees with a term scheduled to expire at the 2019 annual meeting. In January 2019, the Board of Trustees increased its size from seven to eight members and elected Mr. Connor to fill the newly created vacancy.

The nominees, Messrs. Brady, Brown and Connor, have been nominated upon the recommendation of the Nominating/Company Governance Committee, which is comprised solely of independent trustees. Holders of proxies solicited by this Proxy Statement will vote the proxies received by them in accordance with the shareholder's instruction or, if no instruction is made, for the election of the Board's nominees for trustee.

Each trustee nominee who receives a majority of the votes cast in favor of such trustee nominee's election (i.e., the number of shares voted FOR a trustee nominee must exceed the number of shares WITHHELD from that trustee nominee, excluding abstentions) will be elected a trustee, in an uncontested election.

Required

The Company's Trustee Resignation Policy provides that any trustee nominee who does not receive a majority of votes cast in favor of such trustee nominee's election must promptly tender his or her irrevocable resignation to the Company's Board, subject only to the condition that the Board accept the resignation. The Board and the Nominating/Company Governance Committee must consider and act on the resignation, as more fully described under Additional Information Concerning the Board of Trustees Mandatory Trustee Resignation Policy.

The Nominating/Company Governance Committee and the Board of Trustees have evaluated the specific experience, qualifications, attributes, and skills of each nominee and trustee to determine that such person should serve as a trustee of the Company at this time. In doing so, the Nominating/Company Governance Committee and the Board focused primarily on the credentials described above. The Nominating/Company Governance Committee and the Board believe that such experience and diversity are vital in order to quickly identify, understand, and address new trends, challenges, and opportunities for the Company.

Table of Contents

The Nominating/Company Governance Committee and the Board also recognized the value of participation by each of the current members of the Board in the NACD, and particularly their access to NACD resources, presentations and updates regarding company governance, executive compensation, risk oversight and strategic planning. The Nominating/Company Governance Committee and the Board believe that these resources ensure that our trustees are fully informed of current issues and best governance practices.

Each of Messrs. Brady, Brown and Connor has consented to serve on the Board of Trustees. If Mr. Brady, Mr. Brown or Mr. Connor should become unavailable to serve as a trustee, the Board of Trustees or the Nominating/Company Governance Committee may designate a substitute nominee or may elect to keep the vacancy unfilled. In that case, the persons named as proxies will vote for the substitute nominee designated by the Board of Trustees or the Nominating/Company Governance Committee.

ADDITIONAL INFORMATION CONCERNING THE BOARD OF TRUSTEES

Our Board of Trustees is committed to effective company governance. We have adopted Company Governance Guidelines, Independence Standards for Trustees and a Code of Business Conduct and Ethics for all officers, employees and trustees. Those documents and the charters of our Audit Committee, Nominating/Company Governance Committee, Finance Committee and Compensation Committee may be found at the Company Governance section of our website at www.eprkc.com and are available in print to any shareholder or interested party who requests them. Requests for printed copies of our Company Governance Guidelines, Independence Standards for Trustees, Code of Business Conduct and Ethics or any charters of our Board committees should be submitted in writing to the Secretary of the Company at 909 Walnut Street, Suite 200, Kansas City, Missouri 64106.

Company Governance Guidelines and Code of Business Conduct and Ethics

Our Company Governance Guidelines address a number of topics, including the role and responsibilities of our Board, the qualifications of independent trustees, the ability of shareholders and interested parties to communicate directly with the independent trustees, Board committees, separation of the offices of Chairman and Chief Executive Officer, trustee compensation, and management succession. Our Nominating/Company Governance Committee reviews our Company Governance Guidelines on a periodic basis to ensure their continued effectiveness.

We have also adopted a Code of Business Conduct and Ethics that applies to our Chief Executive Officer, Chief Financial Officer, and all other officers, employees and trustees. We intend to disclose any changes in or waivers from our Code of Business Conduct and Ethics by posting such information on our website or by filing a Form 8-K with the SEC.

Trustee Independence

Our Company Governance Guidelines and the NYSE's governance rules require that a majority of our trustees be independent. To qualify as independent for this purpose, our Board must affirmatively determine that a trustee has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). To assist our Board in making this determination, the Board has used our Independence Standards for Trustees as categorical standards to evaluate the independence of our independent trustees. Using those standards, the Board reviewed the independence of each of our trustees and trustee nominees. Based upon that review, the Board has affirmatively determined that each of our trustees and trustee nominees, except Mr. Silvers, has no material relationship with the Company and is thus independent in accordance with our Company Governance Guidelines and NYSE rules.

Table of Contents

The following is a summary of our Independence Standards for Trustees. For a complete description of those standards, please review our Independence Standards for Trustees at the Company Governance section of our website at www.eprkc.com.

A trustee is not independent if:

The trustee is, or has been within the last 3 years, an employee of the Company, or an immediate family member of the trustee is, or has been within the last 3 years, an executive officer of the Company,

The trustee has received, or has an immediate family member who has received, during any 12-month period within the last 3 years, more than \$100,000 in direct compensation from the Company, other than trustee and committee fees and pensions or other forms of deferred compensation (provided such compensation is not contingent on future service),

(A) The trustee or an immediate family member is a current partner of the firm that is our internal or external auditor, (B) the trustee is a current employee of such firm, (C) the trustee has an immediate family member who is a current employee of such firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice, or (D) the trustee or an immediate family member was within the last 3 years (but is no longer) a partner or employee of such firm and personally worked on the Company's audit within that time,

The trustee or an immediate family member is, or has been within the last 3 years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves on that company's compensation committee, or

The trustee is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last 3 years, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.

A person who is an executive officer or affiliate of an entity that provides non-advisory financial services such as lending, check clearing, maintaining customer accounts, stock brokerage services or custodial and cash management services to the Company or its affiliates may be determined by the Board of Trustees to be independent if the following conditions are satisfied:

The entity does not provide financial advisory services to the Company,

The annual interest and/or fees payable to the entity by the Company do not exceed the numerical limitation described above,

Any loan provided by the entity is made in the ordinary course of business of the Company and the lender and does not represent the Company's principal source of credit or liquidity,

The trustee has no involvement in presenting, negotiating, underwriting, documenting or closing any such non-advisory financial services and is not compensated by the Company, the entity or any of its affiliates in connection with those services,

The Board affirmatively determines that the terms of the non-advisory financial services are fair and reasonable and advantageous to the Company and no more favorable to the provider than generally available from other providers,

The provider is a recognized financial institution, non-bank commercial lender or securities broker,

The trustee abstains from voting as a trustee to approve the transaction, and

Table of Contents

All material facts related to the transaction and the relationship of the person to the provider are disclosed by the Company in its reports under the Securities Exchange Act of 1934, as amended (the Exchange Act) and proxy statement.

No person who serves, or whose immediate family member serves, as a partner, member, executive officer or in a comparable position of any firm providing accounting, consulting, legal, investment banking or financial advisory services to the Company, or as a securities analyst covering the Company, will be considered independent until after the end of that relationship.

No person who is, or who has an immediate family member who is, an officer, director, more than 5% shareholder, partner, member, attorney, consultant or affiliate of any tenant of the Company or any affiliate of such tenant will be considered independent until three years after the end of the tenancy or such relationship.

Mandatory Trustee Resignation Policy

The Company's Trustee Resignation Policy provides that any trustee nominee who receives a greater number of votes withheld from his or her election than votes for such election must promptly tender his or her written offer of resignation to the Board following certification of the shareholder vote from the meeting at which the election occurred. The policy applies only to uncontested elections of trustees, which is defined as any election in which the number of trustee nominees for election does not exceed the number of trustees to be elected. Once such a resignation is tendered, the Nominating/Company Governance Committee will make a recommendation to the Board as to whether to accept or reject the resignation. The Board will then act on the tendered resignation, taking into account the recommendation of the Nominating/Company Governance Committee, and publicly disclose its decision regarding the tendered resignation and the rationale behind the decision within ninety days from the date of the certification of the election results. The Nominating/Company Governance Committee in making its recommendation, and the Board in making its decision, may consider any factors or other information that it considers appropriate and relevant. The trustee who tenders his or her resignation is not permitted to participate in the proceedings of the Nominating/Company Governance Committee or the decision of the Board with respect to his or her resignation. If the Board accepts a trustee's resignation, or if a non-incumbent nominee for trustee is not elected, then the Board may fill the vacant position or decrease the size of the Board in accordance with the Company's Bylaws.

In addition, our Company Governance Guidelines provide that any trustee who experiences any significant change in their personal circumstances, including a change in their principal job or professional responsibilities, must submit a letter of resignation to the Board to be effective on acceptance by a majority of the disinterested members of the Board at a meeting thereof duly called and held.

Trustee Age Limit

Our Company Governance Guidelines provide that the Nominating/Company Governance Committee will not recommend for election to the Board any incumbent trustee who has turned, or prior to the Company's next annual meeting of shareholders will turn, 75 years of age.

Frequency of Board Meetings

The Board of Trustees met 12 times in 2018. Each trustee attended all of the meetings of the Board and only one trustee was unable to attend one committee meeting on which such trustee served during 2018. Our trustees discharge their responsibilities throughout the year, not only at Board of Trustees and committee meetings, but also through

personal meetings, actions by unanimous written consent and communications with members of management and others regarding matters of interest and concern to the Company.

Executive Sessions

The independent trustees meet regularly in separate executive sessions without management. Mr. Druten serves as the presiding trustee during those sessions.

Shareholder Communications with the Board

Any shareholder or interested party is welcome to send a written communication to the non-management trustees about any matter of interest related to the Company. A shareholder or interested party may communicate with the non-management trustees by either sending a letter to our address listed on the cover page of this Proxy Statement, or by visiting the Company Governance section of our website at www.eprkc.com, clicking on **Communicate Anonymously with Our Board of Trustees**, and following the instructions for making a confidential submission. Such written or electronic communication will be forwarded directly to the non-management trustees and will not be screened by management. Shareholders may also make proposals and nominate candidates for trustee for consideration at any annual meeting in accordance with the procedures described in **Shareholder Proposals, Trustee Nominations and Related Bylaw Provisions** below.

Board Committees

The Board of Trustees has established an Audit Committee, a Nominating/Company Governance Committee, a Finance Committee and a Compensation Committee. All of our non-management trustees serve on all four committees. The Board believes this promotes access to a variety of views on all four committees and helps ensure that all of the committees have a broad perspective on the Company's operations as a whole. Under our Company Governance Guidelines, members of the Audit Committee, Compensation Committee and Nominating/Company Governance Committee must satisfy the NYSE's independence requirements in addition to certain requirements applicable specifically to the Audit Committee and Compensation Committee. Copies of the committee charters may be obtained at the Company Governance section of our website at www.eprkc.com.

Audit Committee. The Board of Trustees has appointed an Audit Committee consisting of Messrs. Bloch, Brady, Brown, Connor, Druten and Newman and Ms. Sterneck. The Board of Trustees has determined that all the committee members are independent in accordance with our Company Governance Guidelines and NYSE rules. The committee members also meet the additional independence standards of Exchange Act Rule 10A-3. The Board of Trustees has determined that Messrs. Bloch, Brady, Brown, Connor, Druten and Newman and Ms. Sterneck are audit committee financial experts, as defined by the SEC rules, by virtue of their experience and positions held as described elsewhere in this proxy statement. Mr. Newman serves as the Chair of the Audit Committee. The committee met four times in 2018.

The primary responsibility of the Audit Committee is to assist the Board's oversight of the integrity of the Company's consolidated financial statements, the Company's compliance with legal and regulatory requirements, the qualifications and independence of the Company's independent registered public accounting firm, and the performance of the Company's internal audit function and internal control over financial reporting. The independent registered public accounting firm is responsible for auditing the Company's annual consolidated financial statements and expressing an opinion on the conformity of those audited consolidated financial statements with generally accepted accounting principles. The independent registered public accounting firm is also responsible for auditing the effectiveness of management's internal control over financial reporting and expressing an opinion on the effectiveness of its internal control over financial reporting.

The Audit Committee has sole authority to engage the independent registered public accounting firm to perform audit services (subject to shareholder ratification), audit-related services, tax services and

permitted non-audit services and the authorization of the payment of fees therefor. The independent registered public accounting firm reports directly to the committee and is accountable to the committee.

The Audit Committee has adopted policies and procedures for the pre-approval of the performance of services by the independent registered public accounting firm on behalf of the Company. Those policies generally provide that:

The performance by the firm of any audit services, audit-related services, tax services or other permitted non-audit services, and the related fees, must be specifically pre-approved by the committee or, in the absence of one or more of the committee members, a designated member of the committee;

Pre-approvals must take into consideration, and be conducted in a manner that promotes, the effectiveness and independence of the firm; and

Each particular service to be approved must be described in detail and be supported by detailed back-up documentation.

The Audit Committee has appointed KPMG LLP as the Company's independent registered public accounting firm to audit the 2019 consolidated financial statements and internal control over financial reporting for 2019, subject to shareholder ratification, and has engaged KPMG to perform specific tax return preparation and compliance, tax consulting and tax planning services during 2019. See Proposal No. 3: Ratification of Appointment of Independent Registered Public Accounting Firm.

The Audit Committee does not itself prepare financial statements or perform audits, and its members are not auditors or certifiers of the Company's consolidated financial statements. The members of the Audit Committee are not professionally engaged in the practice of accounting and, notwithstanding the designation of the Audit Committee members as audit committee financial experts pursuant to SEC rules, are not experts in the field of accounting or auditing, including auditor independence. Members of the Audit Committee rely without independent verification on the information provided to them and the representations made to them by management, and look to management to provide full and timely disclosure of all material facts affecting the Company. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting policies, appropriate internal controls and procedures to ensure compliance with accounting standards and applicable laws and regulations, appropriate disclosure controls and procedures, appropriate internal control over financial reporting, or an appropriate internal audit function, or that the Company's reports and information provided under the Exchange Act are accurate and complete. Furthermore, the Audit Committee's considerations and discussions referred to above and in its charter do not assure that the audit of the Company's consolidated financial statements has been carried out in accordance with Public Company Accounting Oversight Board rules, that the consolidated financial statements are free of material misstatement or presented in accordance with generally accepted accounting principles, that there were no significant deficiencies or material weaknesses in the Company's internal control over financial reporting, that the Company's independent registered public accounting firm is in fact independent, or that the matters required to be certified by the Company's Chief Executive Officer and Chief Financial Officer in the Company's annual reports on Form 10-K and quarterly reports on Form 10-Q under the Sarbanes-Oxley Act and related SEC rules have been properly and accurately certified.

Nominating/Company Governance Committee. The Board of Trustees has appointed a Nominating/Company Governance Committee consisting of Messrs. Bloch, Brady, Brown, Connor, Druten and Newman and Ms. Sterneck.

The Board of Trustees has determined that all the committee members are independent in accordance with our Company Governance Guidelines and NYSE rules. The Nominating/Company Governance Committee evaluates and nominates candidates for election to the Board of Trustees and assists the Board in ensuring the effectiveness of our governance policies and practices. Candidates for nomination to the Board are evaluated and recommended on the basis of the

Table of Contents

value they would add to the Board in light of their integrity, diversity of experience, training and judgment, their financial literacy and sophistication and knowledge of corporate and real estate finance, their knowledge of the real estate and/or our investment segment industries, their independence from Company management and other factors. The committee will consider nominations made by shareholders in compliance with the procedures described in Shareholder Proposals, Trustee Nominations and Related Bylaw Provisions below. The committee will use the same criteria to evaluate nominees recommended in good faith by shareholders as it uses to evaluate its own nominees, but may give greater weight to nominees recommended by holders of more than 5% of our outstanding common shares. Mr. Bloch serves as Chair of the Nominating/Company Governance Committee. The committee met three times in 2018.

Finance Committee. The Board of Trustees has appointed a Finance Committee consisting of Messrs. Bloch, Brady, Brown, Connor, Druten and Newman and Ms. Sterneck. The Board of Trustees has determined that all the committee members are independent in accordance with our Company Governance Guidelines and NYSE rules. The primary purpose of the Finance Committee is to review the Company's financial policies, strategies and capital structure and take such action and make such reports and recommendations to the Board of Trustees as it deems advisable. Mr. Brown serves as Chair of the Finance Committee. The committee met four times in 2018.

Compensation Committee. The Board of Trustees has appointed a Compensation and Human Capital Committee, which we refer to in this Proxy Statement as the Compensation Committee, consisting of Messrs. Bloch, Brady, Brown, Connor, Druten and Newman and Ms. Sterneck. The Board of Trustees has determined that all the committee members are independent in accordance with our Company Governance Guidelines and NYSE rules. As required under our Company Governance Guidelines, members of the Compensation Committee each meet the definition of non-employee director under SEC Rule 16b-3. The primary responsibilities of the Compensation Committee are to (1) review and approve Company goals and objectives relevant to the Chief Executive Officer's compensation, evaluate the Chief Executive Officer's performance in light of those goals and objectives, and determine and approve the Chief Executive Officer's compensation level based on that evaluation, (2) make recommendations to the Board regarding the compensation of the Company's other executive officers and the independent trustees, as well as incentive compensation and equity-based plans that are subject to Board approval, and (3) provide oversight and guidance with respect to our human capital management, including attraction, motivation, development and retention of employees of the Company. The Compensation Committee may establish sub-committees consisting of one or more members to carry out duties that the Compensation Committee may assign. Ms. Sterneck serves as Chair of the Compensation Committee. The committee met five times in 2018.

Role of Compensation Consultants

To assist in carrying out its responsibilities, the Compensation Committee regularly consults with the committee's outside compensation consultant. Under its charter, the Compensation Committee has authority to retain and terminate outside compensation consultants, including authority to approve the consultant's fees and other retention terms. The Compensation Committee retained FPL Associates L.P. (FPL) to advise the committee with respect to its 2018 review of compensation levels for executive officers and trustees. In this role, our compensation consultant performed such duties as were requested by the committee. Those duties consisted primarily of providing market data and advice to the committee that were used to determine executive and trustee compensation, particularly analyses of the Company's executive and trustee compensation in comparison to the benchmark companies. Representatives of our compensation consultant spoke with the Chair of the Compensation Committee, as well as with management, in preparing for committee meetings, attended committee meetings and met in executive session with the Compensation Committee without the presence of management.

Table of Contents

Applicable SEC rules require companies to assess whether the work of any compensation consultant who has played any role in determining or recommending the amount or form of executive or director compensation raises any conflicts of interest. If so, the company must disclose in its proxy statement the nature of any such conflict of interest and how it is being addressed. The Compensation Committee reviewed the relationships among FPL and the Company's trustees and executive officers in order to assess whether the work done by FPL raised any conflicts of interest. The Compensation Committee did not identify any such conflicts of interest in its inquiry of these parties as a part of this assessment. Under its charter, the Compensation Committee also has the authority to retain, approve fees for and terminate advisors, consultants and legal counsel as it deems necessary to assist in the fulfillment of its responsibilities. Prior to engaging any such advisor, consultant or legal counsel, the Compensation Committee considers the independence assessment of such advisor pursuant to applicable NYSE and SEC rules, but the committee retains discretion to engage any such advisor, without regard to its independence, after considering the findings in such assessment.

Trustee Attendance at Annual Meetings

Our trustees are expected to attend each annual meeting of shareholders, although conflict situations can arise from time to time. All but one of our trustees attended the 2018 annual meeting.

Family Relationships

No family relationships exist between any of our trustees, nominees or executive officers.

Board Leadership Structure and Role in Risk Oversight

The Company believes that its Board is best characterized as independent. As noted above, a majority of the Board's members are independent and unaffiliated, with our Chief Executive Officer being the only trustee who is also a member of management. Further, although not required by our governance documents, the Company has chosen to bifurcate the role of Chief Executive Officer and Chairman of the Board of Trustees. We believe that having an independent, non-executive Chairman of the Board represents an appropriate governance practice for the Company at this time. This structure creates a separation of the day-to-day administrative and strategic planning activities of management from the Board's oversight function. This separation in turn diffuses decision-making power and fosters the need for better and more purposeful communication between management and the Board in order to achieve corporate goals that are aligned with shareholder interests.

As described in detail above, there are four committees of the Board of Trustees: the Audit Committee, the Nominating/Company Governance Committee, the Compensation Committee and the Finance Committee.

The Board of Trustees and its committees play an important risk oversight role at the Company. The entire Board reviews and determines the Company's overall business strategy, the management of its balance sheet, and each year's annual budget. The Board also reviews all material acquisition, investment and disposition transactions entered into by the Company and its subsidiaries. The Audit Committee of the Board is specifically charged with reviewing the Company's financial risk exposures. Further, the Company's independent auditors report directly to the Audit Committee.

The administration of the Board's risk oversight role does not have any direct effect on the Board's leadership structure. However, we believe that the Board's structure, its committees, and the experience and diverse backgrounds of our trustees all help to ensure the integrity of the Company's risk management and oversight.

TRUSTEE COMPENSATION

During 2018, each non-employee trustee received:

An annual retainer of \$60,000, which could be taken in the form of cash or in restricted share units valued at 150% of the cash retainer amount. In 2018, each of the non-employee trustees elected to take this retainer in the form of restricted share units;

On the date of the annual meeting of shareholders, equity awards valued at \$100,000 in the form of restricted share units;

\$3,000 in cash for each Board meeting attended;

\$2,000 in cash for each committee meeting attended; and

Reimbursement for any out-of-town travel expenses incurred in attending Board or committee meetings and other expenses incurred on behalf of the Company and reimbursement of up to \$10,000 annually for continuing director education.

The Chairman of the Board received an additional annual retainer of \$50,000, and the Chairs of the Audit, Compensation, Finance and Nominating/Company Governance Committees each received additional annual retainers of \$20,000, which could be taken in cash or in restricted share units valued at 150% of the cash retainer amount. In 2018, each of the non-employee trustees elected to take these additional retainers in the form of restricted share units. In addition, the Board has established an Investment Committee to review potential investments prior to Board approval, chaired by one Board representative. The Chair of the Investment Committee may select, from time to time, one or more other trustees to participate in meetings of the committee. In 2018, the Chair of the Investment Committee received an additional monthly retainer of \$2,000 in cash and an additional annual retainer of \$20,000, which could be taken in cash or in restricted share units valued at 150% of the cash retainer amount. Other trustees who participate in meetings of the Investment Committee at the request of the Chair of the Investment Committee receive an additional monthly retainer of \$2,000 in cash for any month in which the trustee participates in a meeting. No trustee, other than Mr. Brady, who served as Chair of the Investment Committee, participated in meetings of the Investment Committee during 2018. In 2018, Mr. Brady elected to take his additional annual retainer for serving as Chair of the Investment Committee in the form of restricted share units.

Each restricted share unit granted to the non-employee trustees initially represents one common share. The restricted share units vest upon the earlier of the day preceding the Company's next annual meeting of shareholders or a change in control of the Company. Vested restricted share units entitle the holders thereof to receive one common share for each unit upon the date such holder is no longer a trustee or such other date or dates as specified by the trustee prior to the grant. All of the restricted share units granted to our non-employee trustees during 2018 were issued under our 2016 Equity Incentive Plan (the "2016 Equity Incentive Plan").

Employees of the Company or its affiliates who are trustees are not paid any additional compensation for their service on the Board. Therefore, Mr. Silvers, who served as trustee during 2018, is not listed in the Trustee Compensation

table below. Mr. Connor was elected as a trustee in January 2019 and, therefore, is not listed in the Trustee Compensation table below.

EXECUTIVE COMPENSATION

Proposal No. 2 Advisory Vote to Approve NEO Compensation

**What are you
voting on?**

As required by Section 14A of the Exchange Act, the Company is asking its shareholders to approve, on an advisory basis, the compensation paid to the Company's named executive officers as disclosed in these proxy materials.

The Board recommends a vote FOR this proposal because it believes that our compensation program is effective in achieving the Company's goals of:

Attracting and retaining quality executives,

Aligning our executives' interests with those of our shareholders to create long-term value, and

Motivating our executives to achieve, and rewarding them for, superior performance.

This advisory proposal, commonly referred to as a "say-on-pay" proposal, is not binding on the Board or the Compensation Committee. However, the Board and the Compensation Committee believe that it is appropriate to seek the views of shareholders on the design and effectiveness of the Company's executive compensation program on an annual basis.

At the Company's prior annual meeting of shareholders held in June 2018, approximately 94% of the votes cast on the "say-on-pay" proposal were voted in favor of the proposal. We believe this affirms shareholders' support of the Company's approach to executive compensation.

Vote

The affirmative vote of a majority of the votes cast on this proposal is required to approve, on a non-binding advisory basis, this proposal.

Required

Your Board recommends a vote **FOR the approval of the say-on-pay advisory vote.**

- (1) Mr. Earnest transitioned to the non-officer role of executive adviser to the Company on March 31, 2018, after which he was no longer an executive officer of the Company. This role was terminated on January 26, 2019.

In addition, we provide an overview of our executive compensation philosophy and the elements of our executive compensation program. We also explain how and why our Compensation Committee arrives at specific compensation policies and practices involving our NEOs.

The discussion below includes references to certain non-GAAP financial measures. For more information regarding these non-GAAP financial measures and for a reconciliation of these non-GAAP measures to the most directly comparable financial measures prepared in accordance with GAAP, see Non-GAAP Financial Measures on pages 52 through 58 in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2018.

Executive Summary of Compensation Program

Our Compensation Committee has designed our compensation program to attract and retain quality executives by aligning our executives' interests with those of our shareholders, motivating them to achieve superior performance, and rewarding them for such performance, with the goal of maximizing long-term shareholder value. Underlying our compensation program is a compensation philosophy that seeks to:

Create a balanced and competitive compensation program utilizing base salary, annual incentives, long-term equity-based incentive compensation and other benefits,

Emphasize variable performance-based compensation,

Reward executives for performance on measures designed to increase shareholder value, and

Use equity-based incentives, including nonvested restricted common shares and nonvested common share options, to ensure that executives are focused on achieving appropriate earnings growth and dividend levels and building shareholder value by aligning the executive's interests with those of our shareholders.

To accomplish these goals, our executive compensation program emphasizes performance-based incentive compensation under our annual incentive program (AI) and long-term incentive plan (LTI)

Table of Contents

payable primarily through equity grants, all of which are considered at-risk, which means that our NEOs may not realize their total compensation. The AI program evaluates performance over a short term based on the Company's financial, operational and strategic performance, including results from certain key performance metrics and the executive's personal performance. The LTI program primarily measures the Company's total shareholder return relative to comparable REITs over multiple years.

Performance bonuses awarded under the AI are payable in cash, nonvested restricted common shares or a combination of cash and nonvested restricted common shares, at the election of the executive. Each of the NEOs elected to receive 100% of their bonuses in nonvested restricted common shares for 2018 (exclusive of Mr. Earnest who transitioned to a non-officer role in March 2018 and was not eligible to participate in the AI or LTI for 2018).

Awards under the LTI program are made in the form of nonvested restricted common shares and nonvested common share options, at the election of the executive. An initial determination of the value of the awards under the LTI is based on performance-based metrics, consistent with our goal of aligning pay with performance. In addition, vesting for these equity awards is time based, which is intended to incent retention and stability among the Company's executives.

To ensure our executives' interests are aligned with those of shareholders and to align pay with performance, a substantial portion of our NEOs' compensation (exclusive of Mr. Earnest who transitioned to a non-officer role in March 2018) will vary depending on Company and personal performance and is payable primarily in the form of nonvested equity awards that continue to be at-risk for three years (for AI awards) and four years (for LTI awards) after they are earned. For our CEO, the specific components of total direct compensation for 2018 are illustrated by the chart below on the left (excluding perquisites and other personal benefits). This chart shows that performance-based LTI awards comprised 41% of his total direct compensation and performance-based AI awards comprised 43% of his total direct compensation, all of which was at-risk. The chart below on the right illustrates the specific components of our other NEOs' average total direct compensation for 2018 (excluding perquisites and other personal benefits and exclusive of Mr. Earnest who transitioned to a non-officer role in March 2018). The chart shows that performance-based LTI awards comprised 36% of their total direct compensation and performance-based AI equity awards comprised 43% of their total direct compensation, all of which was at-risk. The components depicted below are more fully described beginning on page 40.

- (1) Excludes severance benefits paid or accrued to our former Senior Vice President and Chief Investment Officer, Morgan G. Earnest II in 2018. Due to his transition to a non-officer role, Mr. Earnest did not participate in the AI or LTI in 2018.

Table of Contents

The variance between our CEO's compensation and the compensation of the other NEOs reflects the difference in responsibilities and overall accountability to shareholders. Our CEO's at-risk compensation is higher than the other NEOs because the CEO bears a higher level of responsibility for the Company's performance, as he is directly responsible for leading the development and execution of the Company's strategy and for selecting, retaining and managing the executive team.

At our 2018 annual meeting of shareholders, approximately 94% of the votes cast were in favor of our say-on-pay executive compensation proposal, which we believe evidences our shareholders' support of our CEO and other NEO's compensation arrangements, as well as our executive compensation practices generally.

2018 Results and Accomplishments

The following are highlights of our accomplishments in 2018 that impacted our executive compensation decisions and policies related to executive compensation:

2018 Performance. The following table compares the Company's actual performance to the targeted level for each performance measure used by the Compensation Committee to set awards under the AI and the LTI for 2018:

Performance Measure ⁽¹⁾	Target	Actual	Performance Against Target
Growth in FFO, as adjusted, per share	6%	21.5%	Above Maximum
Investment Spending	\$450 million	\$572 million	Between Target and Maximum
Three-Year TSR vs. Triple-Net Peer Group	50 th percentile	51 st percentile	Slightly Above Target

(1) A discussion of these performance measures is provided on pages 39 and 40.

Other significant accomplishments include:

- T Total revenue for 2018 increased 22% to \$700.7 million, which included \$71.3 million in non-education related prepayment fees.
- T For much of 2018, market conditions were such that our cost of capital was higher, thus reducing the spread between what we could charge in rent and interest to our tenants and borrowers for new investments and the cost at which we could raise new capital. As a result, we became more selective in our investment spending decision-making in 2018 and implemented a plan to sell existing assets rather than raise new capital to fund such investments. In the latter half of 2018, these conditions improved and our investment spending increased to \$333.5 million during that period. Accordingly, our total investment spending was \$572.0 million in 2018 compared to \$1.6 billion in the prior year (which included a single Recreation transaction totaling \$730.8 million) and dispositions and mortgage note pay-offs totaled \$471.1 million compared to \$197.6 million in the prior year.
- T We maintained our net debt to adjusted EBITDA ratio (a non-GAAP financial measure) at 5.5x at December 31, 2018.
- T During 2018, we raised the dividend on our common shares almost 6% over the prior year.

Key Features of our Executive Compensation Program

We believe that our executive compensation program appropriately attracts, rewards and helps retain executives who can lead the Company and continue our long-term track record of profitability, growth and total shareholder return, including share appreciation and dividends (TSR). The following are the key features of our executive compensation program:

What We Do

The majority of total compensation is at-risk and tied to performance (i.e., not guaranteed); fixed salaries comprise a modest portion of each NEO's overall compensation opportunity.

We enhance executive officer retention with time-based, multi-year vesting schedules for equity incentive awards granted for prior performance.

To set variable pay, we annually establish performance goals for management, assess performance-against-target and compare our performance on key metrics against other triple-net lease REITs that we consider comparable.

Multi-year, long-term incentive equity awards use relative TSR as the main metric.

We have share ownership guidelines for our executives and trustees.

We engage an independent compensation consultant to advise the Compensation Committee, which is comprised solely of independent trustees.

What We Don't Do

û We do not target compensation above the market median (50th percentile overall) of our comparative group of peer companies; we generally use slightly below the median as the beginning reference point and the Compensation Committee then adjusts pay based on a comprehensive review of performance.

û We do not provide our executives and will not provide any new executives with tax gross-ups with respect to payments made in connection with a change of control.

û We do not allow hedging of Company securities.

û We do not encourage unnecessary or excessive risk taking as a result of our compensation policies; incentive compensation is not based on a single performance metric and we do not have guaranteed minimum payouts.

û We do not allow for repricing of common share options.

û We do not provide excessive perquisites; we provide perquisites that we believe align management and shareholder interests.

We incent executives to elect to receive AI awards in the form of nonvested restricted common shares instead of cash, further aligning their interests with shareholders.

Table of Contents**Executive Compensation Program Summary**

The chart below summarizes the elements and objectives of our 2018 executive compensation program for our CEO and other NEOs (excluding Mr. Earnest).

<i>Component</i>	<i>Purpose</i>	<i>Characteristics</i>	<i>Discussion</i>
Base Salary	Compensates executives competitively relative to the market for their level of responsibility and experience.	Established at a level intended to approximate slightly below the median of base salaries provided by our peer group companies for comparable positions and responsibilities, which permits an emphasis on the performance-based components.	page 40
Annual Incentive Awards	Motivates and rewards short-term operational and financial performance.	A variable cash component designed to tie directly to key annual performance drivers and personal performance, with an incentive to convert this award to nonvested equity compensation.	page 41
Long-Term Incentive Awards	Encourages the creation of long-term shareholder value and rewards long-term performance through a combination of nonvested equity grants, the values of which are primarily tied to the long-term value of the Company's shares which accentuate the creation of long-term shareholder value.	Equity-based compensation designed to align the interests of management and shareholders, by focusing on total shareholder return relative to other REITs over multiple years. For 2018, all awards were granted in nonvested restricted common shares.	page 42
Health and Welfare Benefits	Offers market-competitive health insurance options and income replacement on death or disability, thus supporting our attraction and retention objectives.	Benefits for executives are generally the same as those available to all employees, including a 401(k) plan with matching Company contributions, health, disability and life insurance, except for a term life insurance benefit discussed below.	page 44
Perquisites	Provides benefits that are market-competitive to support our attraction and retention objectives.	Perquisites are not a material component of our executive compensation program and are reviewed annually for reasonableness.	page 44
		Under the Company's Severance Plan, our CEO and the other NEOs are qualified for certain cash severance	page 44

Severance Benefits	Provides a severance benefit that is consistent with market practices and supports our attraction and retention objectives.	benefits that are triggered by termination without cause and termination by the executive for good reason. All of our full-time employees are eligible to participate in the Company's Severance Plan.
--------------------	---	--

The Compensation Committee generally uses slightly below the market median of our compensation peer group for each element of executive compensation as its starting point and as the indicator of competitive market trends to set opportunity levels within the program intended to align pay with performance as primarily measured by the performance measures established by the Compensation Committee at the beginning of 2018. During the first quarter of 2019, equity awards in the form of nonvested restricted common shares were granted to the NEOs (excluding Mr. Earnest) taking into account 2018 Company performance and each executive's personal performance during 2018. Based on these factors, AI bonuses were awarded in a range between 181% and 183% of target levels and LTI awards were granted at 103% of target levels for each NEO (excluding Mr. Earnest).

Table of Contents

A majority of our executive compensation is variable pay under our AI and LTI, which allows the Compensation Committee to reward good performance and penalize poor performance.

AI awards focus on more near-term measures, including growth in FFO, as adjusted, per share and investment spending, two important drivers of the Company's business. In addition, at the beginning of each year, the Chief Executive Officer develops personal performance objectives for each executive (other than the Chief Executive Officer), and the Compensation Committee develops personal performance objectives for the Chief Executive Officer, which are reviewed at the end of the year and are considered in connection with the setting of AI and, to a lesser extent, LTI awards.

LTI awards are based primarily on measures of long-term shareholder return, which the Compensation Committee believes is the best method to align management's incentives with the long-term interests of the Company's shareholders.

LTI awards are granted in the form of equity-based compensation which vests over a period of four years. AI awards are payable in cash or nonvested restricted common shares which vest over a period of three years, at the election of the executive. The Company incentivizes executives to take nonvested restricted common shares as payment of their annual incentive by valuing the equity award at an amount equal to 150% of the cash amount they otherwise would have received. As a result, for 2018 awards, all NEOs elected to receive nonvested restricted common shares in lieu of cash (exclusive of Mr. Earnest who transitioned to a non-officer role in March 2018 and was not eligible to participate in the AI or LTI for 2018).

The Compensation Committee believes that this combination of performance-based grants and time-based equity awards establishes a proper balance of short-term and long-term performance incentives with strong retention incentives.

Compensation Setting Process

Our Compensation Committee meets at the beginning of each year to make decisions regarding our NEOs compensation. When making these decisions, our Compensation Committee considers the performance of our Company and of each NEO, available industry-based compensation information and the actual compensation provided to each NEO for each of the last three fiscal years. Based upon the review of this information, together with recommendations provided by our Chief Executive Officer (with respect to other NEOs), our Compensation Committee sets, for each of the NEOs, the base salary for the new fiscal year, and determines the AI and LTI awards for the most recently completed year. In addition to the input of the Chief Executive Officer, other NEOs attend meetings of our Compensation Committee from time to time and provide historical and prospective breakdowns of primary compensation components for each NEO, and additional context with respect to Company performance. Our Compensation Committee makes the final determinations on all elements of each NEO's compensation. Our CEO does not play a role in determining his own compensation, other than discussing his annual performance with the Compensation Committee and sharing his accomplishments and proposed objectives with the Compensation Committee.

Our Compensation Committee attempts to provide base salaries at competitive levels, based on the Compensation Committee's assessment of salary levels that are intended to appeal to talented executives, both prospective new hires and our existing executive team. Similarly, perquisites and other benefits are reviewed annually and provided on such terms as are considered by our Compensation Committee to be reasonable and appropriate relative to those provided for similarly situated executive talent.

Our Compensation Committee has established formulaic performance targets with respect to incentive compensation under our AI and LTI, provided that a portion of each executive's AI award is calculated

Table of Contents

based on a subjective assessment of personal performance. The Compensation Committee may make limited adjustments to the amount determined based on subjective and qualitative considerations of individual performance and the performance of the Company.

The Compensation Committee has retained FPL Associates L.P. (FPL) to advise the Compensation Committee with respect to its review of compensation levels for our NEOs. The Compensation Committee has determined that FPL is independent under our NYSE listing requirements.

For 2018, the Compensation Committee elected to use a peer group modeled primarily from JP Morgan Equity Research's Triple-Net Lease REIT group (the Triple-Net Peer Group) for benchmarking purposes, which is the same group used in connection with our LTI performance target, except that Hospitality Properties Trust was not included in the benchmarking peer group due to its external management structure. The Compensation Committee believes that utilizing the same peer group for both purposes will ensure closer alignment with shareholder returns. Management assisted FPL and the Compensation Committee in the process, providing additional REIT-industry insight. The Compensation Committee reviews this peer group on an annual basis. The following table provides the names and key information for each company in the Triple-Net Peer Group that was used for benchmarking:

FPL's benchmarking review was based on information disclosed in the peer companies' 2018 proxy statements, which reported data with respect to fiscal 2017 (the latest year for which comprehensive data is publicly available), as well as FPL's proprietary database. FPL also reviewed the 2018 NAREIT Compensation Survey (which FPL conducts) and additional proprietary real estate compensation surveys conducted throughout the year by FPL for additional context. FPL's review compared our executive pay practices to cash and non-cash compensation awarded to executives in comparable positions at peer companies. FPL advised the Compensation Committee that the peer companies

generally have compensation programs comparable to ours, with annual bonuses generally in the form of cash and annual long-term compensation generally in the form of equity with time-based vesting over three to five years and a focus on performance-based compensation.

Our Performance Goals

The core elements of our long-held strategy are to:

Maintain a specialized orientation complemented by diversification across and within segments,

Develop an understanding of segment drivers allowing us to isolate investments others may overlook and distinguish between real and perceived risks,

Provide a value-added process focused on collaboration, developing strong and sustainable relationships with our partners, and

Focus on growth and strong long-term performance.

Because this strategy spans multiple years, we look at performance more broadly than a year-over-year framework.

The Compensation Committee reviews management's performance against pre-established business goals, taking into account business conditions and unforeseen developments during the year. The Compensation Committee looks at performance with respect to key operational and financial metrics not only against our own targets, but also against the performance of other triple-net lease REITs that we consider comparable. We focus on key drivers of value creation like FFO, FFO as adjusted, investment spending and balance sheet management in the context of a company like ours that executes a multi-year strategy across multiple markets and segments with different economic drivers. While we have established a formulaic framework for measuring performance against goals to determine compensation, we retain some discretion recognizing that mechanical calculations may have unintended results. The Compensation Committee also reviews and considers our TSR over multiple periods against comparable triple-net lease REITs. We believe that our process achieves the right balance between objective metrics and a basic framework for discretion in setting total executive compensation, which is very heavily weighted towards variable, performance-based pay. The Compensation Committee also takes into account individual roles, responsibilities and performance.

We have established performance measures intended to incent our executives to manage the Company's business to meet or exceed our strategic goals. On an annual basis, we review growth in diluted FFO per share, as adjusted, and investment spending. The Compensation Committee believes quality of such growth is best measured in the long-term by comparing our multi-year TSR to that of the Triple-Net Peer Group. In addition, personal performance objectives are set for each executive, and the executive's satisfaction of these objectives is considered in determining bonuses under the AI.

Growth in FFO, as Adjusted, per Share

Target	Actual	Performance Against Target
\$5.32	\$ 6.10	Above Maximum

Our 2018 goal was to increase our diluted FFO per share, as adjusted, by 6% over our prior year's performance of \$5.02 per share. Our target was set slightly above the midpoint of our initial guidance range of \$5.23 to \$5.38.

Table of Contents**Investment Spending**

Target	Actual	Performance Against Target
\$450 million	\$ 572 million	Between Target and Maximum

Our 2018 goal for investment spending was \$450 million, which was below midpoint of our guidance range of \$400 million to \$700 million. During 2018, we had aggregate investment spending of \$572 million in our Entertainment, Recreation, Education and Other segments, aggregating \$87 million, \$384 million, \$87 million and \$14 million in each segment, respectively.

Three-Year TSR vs. Three-Year Performance of our Triple-Net Peer Group

Target	Actual	Performance Against Target
50 th percentile	51 st percentile	Slightly Above Target

Our 2018 goal was to be at the 50th percentile when comparing our Three-Year TSR to the three-year performance of the Triple-Net Peer Group. Our annualized Three-Year TSR for the period ended December 31, 2018 was 11.4%.

Alignment of Pay and Performance

Variable pay consisting of LTI equity awards and annual cash bonuses under the AI (or equity awards under the AI at the executive's election), constitute the majority of our executive compensation (for our Chief Executive Officer and President, 84%, and for our other NEOs (excluding Mr. Earnest), an average of 79%). This allows the Compensation Committee to reward good performance and penalize poor performance. To build strong pay-for-performance alignment with our shareholders, LTI equity awards are based on a three-year lookback.

Compensation Program Design and Implementation

Our Compensation Committee uses the elements of executive compensation described below to meet its compensation objectives for executive officers. The percentage of a NEO's total compensation that is comprised of each of the compensation elements is not specifically determined, but instead, is a result of the targeted competitive positioning for each element (i.e., generally slightly below the market medians for base salaries, and performance based AI and LTI awards that are competitive with those of our peer group and aligned with performance). Typically, LTI awards comprise a significant portion of a NEO's total compensation. This is consistent with our Compensation Committee's desire to reward long-term performance in a way that is aligned with shareholders' interests.

Base Salary. Base salary is established at a level intended to approximate slightly below the median of base salaries provided by a peer group of companies for comparable positions and responsibilities. Setting base salaries at this level is intended to allow us to emphasize performance-based incentive compensation payable under our AI and LTI. The Compensation Committee approved base salaries for 2018 as follows:

		Percentage
	2018 Base Salary	Change from 2017
Gregory K. Silvers	\$747,000	3.0 %
Mark A. Peterson	450,000	3.0 %
Craig L. Evans	348,500	3.0 %
Michael L. Hirons	332,000	3.0 %
Tonya L. Mater	257,500	3.0 %

Annual Incentive Program. Our Compensation Committee determines annual incentive amounts based upon an assessment of a combination of the individual performance of the executive and the Company's overall performance as evaluated in terms of a variety of goals and metrics. Our Compensation Committee has identified performance factors that it considers in its determination of performance bonuses, but did not set specific performance goals for all of these metrics. In establishing performance factors, our Compensation Committee strives to ensure that:

Incentives are aligned with the strategic goals set by our board,

Targets are sufficiently ambitious so as to provide a meaningful incentive, and

Bonus payments will be consistent with the overall compensation program established by our Compensation Committee.

At the beginning of 2018, our Compensation Committee identified three primary performance factors:

Growth in FFO as adjusted, per share,

Investment spending, and

Personal objectives for each executive.

Our Board of Trustees tracks FFO and FFO as adjusted, per share growth on a regular basis, and, like many other REITs, considers growth in FFO as adjusted, to be one of the most important measures of Company performance. The National Association of Real Estate Investment Trusts developed FFO as a relative non-GAAP financial measure of performance of an equity REIT in order to recognize that income-producing real estate historically has not depreciated on the basis determined under GAAP. FFO is a widely used measure of the operating performance of real estate companies. For 2018, the Company achieved 21.5% growth in FFO as adjusted, per share, exceeding the Compensation Committee's maximum opportunity level for that measure of 8.0%.

Our Compensation Committee believes that growth in investment spending is a significant driver to the long-term success of the Company. For 2018, the Company achieved investment spending of \$572 million, which was between the target opportunity level of \$450 million and the maximum opportunity level of \$700 million.

The Compensation Committee puts a 50% weighting on Growth in FFO as adjusted, per share, and a 30% weighting on Investment Spending, with the remaining 20% weighting placed on personal objectives of each executive. Upon making this initial determination, the Compensation Committee may increase or reduce the determined amount. These adjustments are based on subjective considerations of individual performance for each NEO and overall Company performance. Our Compensation Committee considers a variety of other factors, some of which are more qualitative in nature, to determine the AI performance bonuses. Included in these factors is their evaluation of the individual performance of each NEO and overall Company performance, including company operations, shareholder returns and peer group compensation levels. After the conclusion of each fiscal year, our Compensation Committee considers the performance of our Company and each NEO, the achievement of these performance factors and the recommendations

of our Chief Executive Officer (with respect to other NEOs) and makes a determination as to the amount of any performance bonuses that are awarded.

2019 Proxy Statement

Page 41

Table of Contents

Our Compensation Committee established for 2018 a minimum, target and maximum level of AI performance bonus packages that may be paid to each NEO. The minimum, the target and the maximum stated opportunities are shown below:

	Minimum	Target	Maximum
Gregory K. Silvers	50%	100%	200%
Mark A. Peterson	45%	90%	180%
Craig L. Evans	35%	70%	140%
Michael L. Hirons	35%	70%	140%
Tonya L. Mater	27.5%	55%	110%

Based upon our Compensation Committee's evaluation of individual performance and the primary performance factors it articulated for 2018 (discussed above), the Compensation Committee determined bonuses under our AI at a range between 181% and 183% of target levels established for 2018 for each of the NEOs (excluding Mr. Earnest who did not participate in the AI for 2018 due to his transition to a non-officer role). As a result, in February 2019, our Compensation Committee approved the following bonuses under our AI for our NEOs (excluding Mr. Earnest) for 2018:

	Percent of	
	Base Salary	Amount
Gregory K. Silvers	181%	\$ 1,349,381
Mark A. Peterson	163%	731,592
Craig L. Evans	128%	445,550
Michael L. Hirons	126%	419,807
Tonya L. Mater	99%	255,831

Performance bonuses awarded under the AI are payable in cash, nonvested restricted common shares or a combination of cash and nonvested restricted common shares, at the election of the executive. Our Compensation Committee believes that allowing executives to receive all, or a portion of their annual incentive, in the form of nonvested restricted common shares provides an additional opportunity to increase their ownership levels in the Company and aligns executives' long-term interests with our shareholders' interests in value creation. Executives electing to receive nonvested restricted common shares as payment of their annual incentive receive an award having a value equal to 150% of the cash amount they otherwise would have received. For 2018, each of the NEOs elected to receive 100% of his or her performance bonus in the form of nonvested restricted common shares (excluding Mr. Earnest). Nonvested restricted common shares issued as payment of annual incentive awards vest at the rate of $33\frac{1}{3}\%$ per year during a three-year period. For purposes of determining the total number of nonvested restricted common shares awarded under the AI, nonvested restricted common shares were valued on the date the award is granted in the first quarter of 2019, using the volume weighted average of the closing price on each of the 10 trading days consisting of the five trading days ending on and the five trading days after December 31, 2018 (\$64.47).

Long-Term Incentive Plan. Our Compensation Committee's practice is to award long-term incentives annually in the form of:

Nonvested restricted common shares, and

Nonvested common share options.

Table of Contents

At the election of the executive, annual long-term incentive awards are payable in one of three combinations:

60% of the value of the award in nonvested restricted common shares and the remaining 40% in nonvested common share options,

75% of the value of the award in nonvested restricted common shares and the remaining 25% in nonvested common share options, or

100% of the value of the award in nonvested restricted common shares.

Our Compensation Committee believes that offering a portion of the award in the form of nonvested common share options aligns executive and shareholder interests as common share options only increase in value when the share price increases. In addition, offering nonvested restricted common shares, which retain value during difficult business climates, enhances our ability to retain the NEOs. Nonvested restricted common shares and nonvested common share options issued as payment of LTI awards vest at the rate of 25% per year during a four-year period.

LTI awards are made in the first quarter of each fiscal year, at the same time as AI bonuses are determined. The NEOs may realize awards (stated as a multiple of annual base salary) under the LTI between the minimum and the maximum opportunity levels stated below, subject to the discretion of the Compensation Committee:

	Minimum	Target	Maximum
Gregory K. Silvers	1.25	2.50	5.00
Mark A. Peterson	1.125	2.25	4.50
Craig L. Evans	0.75	1.50	3.00
Michael L. Hiron	0.80	1.60	3.25
Tonya L. Mater	0.40	0.80	1.60

Mr. Earnest did not participate in the LTI for 2018 due to his transition to a non-officer role. If executives are eligible for an LTI award, the Compensation Committee may make subjective adjustments in the award levels. A determination of such adjustments to the LTI awards will be calculated as discussed above. No awards will be indicated by the initial determination if performance is below the minimum opportunity level, however, the Compensation Committee retains the subjective discretion to provide for an award of up to 50% of the minimum award based upon other factors on the same basis as applied under the AI, provided, that in no event would an indicated award exceed the maximum LTI award opportunity. In applying this discretion, the Compensation Committee is strongly influenced by absolute shareholder returns.

An initial determination is based upon the Three-Year TSR vs. Triple-Net Peer Group, as follows:

	Minimum	Target	Maximum
Three-Year TSR vs. Triple-Net Peer Group	30 th percentile	50 th percentile	80 th percentile

The adjustments to the LTI awards will be calculated on a sliding scale determined in the same manner as the AI.

Table of Contents

Based upon our Compensation Committee's evaluation of individual performance and the primary performance factors it articulated for 2018, the Compensation Committee made LTI awards to NEOs (excluding Mr. Earnest) at levels slightly above target. Accordingly, our Compensation Committee made the following LTI awards:

	Multiple of	Total Value	Restricted Shares	Options
	Base Salary	of Award	Awarded ⁽¹⁾	Awarded
Gregory K. Silvers	2.6	\$ 1,929,750	26,873	
Mark A. Peterson	2.3	1,046,250	14,570	
Craig L. Evans	1.6	540,175	7,522	
Michael L. Hirons	1.7	549,460	7,652	
Tonya L. Mater	0.8	212,867	2,964	

- (1) For purposes of determining the total number of nonvested restricted common shares awarded, nonvested restricted common shares were valued on February 20, 2019, the date the award was granted, using the volume weighted average of the closing price on each of the last 30 trading days prior to February 20, 2019 (\$71.81).

Health and Welfare Benefits. We provide certain health and welfare benefits to the NEOs, including employer matching contributions to our 401(k) plan, health and welfare benefit programs and life insurance, which are generally the same as such benefits provided to all other full-time employees, except the Company provides NEOs with a term life insurance benefit in connection with their severance upon death as discussed below.

Perquisites and Other Personal Benefits. Our Company offers the following personal benefits and perquisites to the currently employed NEOs:

Vehicles. We have acquired vehicles that the NEOs are entitled to use. Each of those NEOs is taxed for personal use of the vehicles.

Term Life Insurance. Under our Company's insurance benefit plan, our Company pays the premium for term life insurance for the benefit of each NEO payable upon the NEO's severance upon death.

Employee Severance Plan

In 2015, the Company's Board of Trustees adopted an Employee Severance Plan (the "Severance Plan") which provides severance benefits for all employees of the Company. In 2018, all employment agreements with the NEOs expired and the Severance Plan became applicable to each of them, except for Mr. Earnest who amended and restated his employment agreement in connection with his transition to a non-officer role in March 2018 as described below. Under the Severance Plan, the severance payment calculation for NEOs will be based on a severance multiple of 2x the sum of base salary plus the annual incentive bonus, except in the case of termination in connection with a change of control, in which case Mr. Silvers will be entitled to a 3x severance multiple and Mr. Peterson will be entitled to a 2.5x severance multiple. The Compensation Committee undertook this transition to reduce the Company's severance payment exposure with respect to the NEOs as compared with that provided under employment agreements the

Company had in place with the NEOs (other than Mr. Evans) prior to entering into their current employment agreements in 2015.

Table of Contents**Chief Executive Officer Compensation**

In early 2019, the Compensation Committee conducted a formal evaluation of Mr. Silvers and interviewed him regarding his performance and the performance of our Company generally. In establishing Mr. Silvers' compensation, our Compensation Committee took into account the compensation of similar officers of REITs with comparable market capitalizations. Mr. Silvers' compensation also reflects his strategic focus for the Company and the changes in organizational structure required by the growth of the Company. Based on his individual performance evaluation and the financial performance of the Company in 2018, the Compensation Committee established bonuses under the AI at 181% of the target level and awards under the LTI for Mr. Silvers at 103% of his target level.

The incentive award paid to Mr. Silvers was based on our Committee's review of the various factors described above, as well as an evaluation of Mr. Silvers' personal performance, during 2018. Mr. Silvers elected to take payment of the bonus in the form of nonvested restricted common shares valued at 150% of the bonus. An award under our LTI valued at \$1,929,750 was made for 2018, payable as described above. Based upon its review of the various factors described above, the Compensation Committee believes Mr. Silvers' compensation is reasonable and not excessive.

Former CIO Compensation

On March 31, 2018, our former CIO, Morgan G. Earnest II, transitioned to the non-officer role of executive adviser to the Company. Prior to his retirement, Mr. Earnest's base salary for 2018 was \$440,000. In connection with his transition, on April 5, 2018, the Company and Mr. Earnest amended his employment agreement providing a three-year term that paid an annual salary equal to \$879,805, an amount equal to the severance compensation Mr. Earnest was entitled to upon termination divided by three years, and terminating his participation in AI and LTI. Mr. Earnest also received a lump sum payment of \$88,000, which represented his pro rata payout of his annual incentive at target level prior to the date of his transition. On December 27, 2018, the Company notified Mr. Earnest of the Company's decision to terminate his employment without cause, and his employment formally terminated on January 26, 2019, triggering a severance payment of \$1,968,652, equal to his monthly salary and healthcare costs times the number of months remaining through the term of the employment agreement. Mr. Earnest's termination also triggered vesting of all nonvested common share options and nonvested restricted common shares awarded under the Company's AI and LTI for prior years, making them immediately vested or exercisable.

Compensation Committee Discretion

The Compensation Committee has retained the right to increase or reduce the amount of awards and grants under the AI and the LTI determined by the quantitative performance factors. The Compensation Committee may increase or reduce by up to 25% the determined amount under the AI, and if an award is not indicated, an increase of up to 25% of the minimum award. Similarly, the Compensation Committee retains the subjective discretion for a 50% increase or decrease of an award under the LTI, and if an award is not indicated, an increase of up to 50% of the minimum award. Adjustments are based on subjective considerations of individual performance for each NEO and overall Company performance. In applying this discretion, the Compensation Committee is strongly influenced by absolute shareholder returns. The Compensation Committee believes this discretion permits it to better align compensation with individual performance and to make adjustments for circumstances that may not be fully reflected in the quantitative performance factors.

Table of Contents

In 2011, the Compensation Committee first established quantitative performance factors for the plans. The chart below sets forth the percentage deviation from the awards indicated by the identified quantitative performance factors for the plans for all NEOs as a group:

	2011	2012	2013	2014	2015	2016	2018
Annual Incentive Plan	-16%	%	1%	25%	%	%	%
Long-Term Incentive Plan	-23%	-1%	%	-6%	%	%	%

As indicated above, the Compensation Committee has been cautious when applying discretionary adjustments and, as indicated by the discretion applied in 2011 and 2014, is strongly influenced by absolute shareholder returns.

Consideration of the Advisory Vote on Executive Compensation

In establishing 2018 compensation, the Compensation Committee considered the shareholder vote in 2017 on the compensation paid to NEOs in which approximately 95% of the shares voted were in favor. The Compensation Committee viewed this vote as supportive of the Company's overall approach to executive compensation.

Assessment of Compensation-Related Risks

The Compensation Committee believes that the Company's compensation programs do not encourage excessive risk and instead encourage behavior that supports sustainable value creation by appropriately balancing risk and reward. During each annual compensation setting process, the Compensation Committee considers the Company's compensation policies and practices to determine whether, in its judgment, the compensation programs encourage risk-taking likely to have a material adverse effect on the Company. In particular, there are several design features of those programs that the Compensation Committee believes reduces the likelihood of excessive risk-taking:

The executive compensation program design provides a balanced mix of cash and equity, annual and long-term incentives,

Maximum payout levels for awards under the AI and LTI are capped,

Final awards under the AI and LTI are subject to the discretion of the Compensation Committee, which may consider both quantitative and qualitative factors outside the specified performance factors,

Substantially all of the final awards under the AI and LTI are payable in the form of nonvested equity awards that continue to be at-risk for three years (for AI awards) and four years (for LTI awards) after they are earned by executive officers,

The Board of Trustees has established an Investment Committee chaired by one Board representative that reviews and approves all of the Company's material investments, with larger transactions requiring the

approval of the Board of Trustees,

The independent members of the Board of Trustees are members of each committee of the Board, making the Compensation Committee fully informed in all areas of Board oversight, and

Executive officers are subject to share ownership and retention guidelines.

Table of Contents**Share Ownership Guidelines**

The Compensation Committee has adopted share ownership guidelines applicable to the NEOs and trustees of the Company. Each NEO and trustee is required to have acquired, within four years of his or her election to the position of NEO or trustee, common shares or nonvested restricted common shares or units having a market value in excess of the following:

	Requirement
Trustees	4x their current basic retainer
CEO	5x his current base salary
CFO	3x his current base salary
Other NEOs	1x their current base salary

Tax Considerations

Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation in excess of \$1,000,000 paid for any fiscal year to covered employees. Prior to January 1, 2018, any amounts that qualified under the performance-based compensation exception under Section 162(m) were excluded from this deduction limit. Pursuant to the tax reform legislation passed in December 2018, commonly referred to as the Tax Cuts and Jobs Act, this performance-based compensation exception was eliminated, effective for taxable years beginning after December 31, 2017, such that compensation paid to a public company's covered employees in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017. In addition, the Tax Cuts and Jobs Act amended the definition of covered employees to include a company's chief financial officer. As such, effective January 1, 2018, covered employees include a company's chief executive officer, chief financial officer and the next three other most highly compensated executive officers serving at the end of the taxable year. Further, under the Tax Cuts and Jobs Act, once an officer is a covered employee his or her compensation will remain subject to Section 162(m) indefinitely.

Although deductibility of compensation is preferred, tax deductibility is not a primary objective of our compensation programs. We believe it is important to retain the flexibility to compensate executives competitively even if such compensation is potentially not deductible for tax purposes. The Compensation Committee and the Board consider the impacts of Code Section 162(m) in developing, implementing, and administering our compensation programs. However, the Compensation Committee and the Board balance this consideration with our primary goal of structuring compensation programs to attract, motivate, reward, and retain highly talented executives.

- (1) Amounts reflect performance bonuses earned by each executive under the annual incentive program (except as noted below with respect to Mr. Earnest for amounts reported in 2018). Performance bonuses under the annual incentive program are payable in cash, nonvested restricted common shares or a combination of cash and nonvested restricted common shares, at the election of executive. Executives that elect to receive their performance bonuses in the form of nonvested restricted common shares receive an award of nonvested restricted common shares having a value equal to 150% of the cash amount they otherwise would have received. In each of 2018, 2017 and 2016, the executives elected to receive their performance bonuses payable in that year in the form of nonvested restricted common shares (except as noted below with respect to Mr. Earnest for amounts reported in 2018). See note 2 below for a discussion of the method used in determining the aggregate grant date fair value of the

nonvested restricted common shares. As discussed below, Mr. Earnest transitioned from his previous role as Senior Vice President and Chief Investment Officer to the non-officer role of Executive Advisor to the Company, effective March 31, 2018, and the Company entered into an Amended and Restated Employment Agreement with Mr. Earnest to reflect the changes to his compensation in connection with this transition. For 2018, the amount reported for Mr. Earnest reflects a cash payment paid to him pursuant to his Amended and Restated Employment Agreement in lieu of his participation in the annual incentive program for 2018 and represents a pro rata payout of his targeted annual incentive for 2018.

- (2) Amounts reflect the aggregate grant date fair value of such awards, computed in accordance with FASB ASC Topic 718. For policies used in determining these values, refer to Note 16 of the Company's consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2018, as filed with the SEC.
- (3) Amounts include: (i) the aggregate grant date fair value of nonvested restricted common shares issued pursuant to the long-term incentive plan; and (ii) the incremental aggregate grant date fair value of nonvested restricted common shares issued pursuant to the annual incentive program that the executive, by accepting nonvested restricted common shares instead of cash, received in excess of the cash amount that that the executive would have otherwise received. In 2018, the incremental aggregate grant date fair value of nonvested restricted common shares issued pursuant to the annual incentive program to Messrs. Silvers, Peterson, Evans and Hiron and Ms. Mater was \$968,900, \$525,312, \$319,875, \$301,462, and \$183,665, respectively. Mr. Earnest did not participate in the long-term incentive plan as a result of his transition to a non-officer role in March 2018.
- (4) The following table sets forth all other compensation for 2018 including amounts relating to personal use of company vehicles, the Company's matching contributions under the Company's 401(k) plan, amounts payable by the Company with respect to term life insurance premiums (and related tax gross-up payments), amounts payable by the Company pursuant to a life insurance benefit, commuting expenses, and the dollar value of dividends paid on nonvested restricted shares that were not factored into the grant date fair value of such awards and, in the case of Mr. Earnest, certain severance payments pursuant to his Amended and Restated Employment Agreement.

Severance of Mr. Earnest

On April 5, 2018, the Company and Mr. Earnest entered into an Amended and Restated Employment Agreement, effective March 31, 2018, to reflect the changes to Mr. Earnest's compensation in connection with his previously announced transition to a non-officer role. The Amended and Restated Employment Agreement amended, restated and superseded Mr. Earnest's prior Employment Agreement. The Amended and Restated Employment Agreement provided for a three-year employment term, subject to extension at the Company's option in certain circumstances. Under the Amended and Restated Employment Agreement, Mr. Earnest was entitled to an annual base salary of \$879,805. Mr. Earnest also received a lump sum payment of \$88,000, which represented his pro rata payout of his annual incentive at target level prior to the date of his transition. Under the Amended and Restated Employment

Agreement, Mr. Earnest was no longer entitled to receive any bonus payments or any new awards or grants of share options, restricted shares or other form of equity compensation.

Under the Amended and Restated Employment Agreement, if Mr. Earnest's employment was terminated prior to the expiration of his employment term because of his disability, by the Company without cause or by Mr. Earnest with good reason (as such terms are defined in the Amended and Restated Employment Agreement), Mr. Earnest would be entitled to a lump sum payment equal to the amount of remaining base salary he would have received if he was employed through the end of his employment term, plus an amount equal to the cost of health benefits for the balance of the employment term, in each case, subject to his execution of a general release. In addition, in the event Mr. Earnest held unvested share options or restricted shares at the time of his termination for the events specified in the immediately preceding sentence, all such unvested awards would fully vest.

On December 27, 2018, the Company notified Mr. Earnest of the Company's decision to terminate his employment without cause pursuant to the terms of Mr. Earnest's Amended and Restated Employment Agreement and his employment formally terminated on January 26, 2019. As a result,

Table of Contents

Mr. Earnest was entitled to: (i) a lump sum cash severance payment of \$1,914,539 that was payable within 60 days of his termination; (ii) a payment of \$54,113, which reflects the amount necessary to cover certain health plan coverage through the remaining initial term of his employment; and (iii) immediate vesting of all 48,852 of his nonvested restricted common shares (with an aggregate value of \$3,482,171 on January 26, 2019, the date of his formal termination). In exchange for the foregoing severance benefits, Mr. Earnest agreed to a release of all claims and comply with applicable non-solicitation and confidentiality restrictive covenants included in his Amended and Restated Employment Agreement.

Severance Plan and Award Agreements

Our NEOs (other than Mr. Earnest) are entitled to certain severance benefits under the Company's Severance Plan, which provides benefits for all full-time employees of the Company. Under the Company's Severance Plan, each of our NEOs (other than Mr. Earnest) would be entitled to receive certain severance benefits upon a qualifying termination. The Company's Severance Plan defines a qualifying termination to mean an involuntary termination of the executive's employment with the Company without cause or with good reason and other than as a result of the executive's death or a qualifying departure (as such terms are defined in the Company's Severance Plan). Upon a qualifying termination, each of our NEOs (other than Mr. Earnest) would be entitled to a cash severance payment equal to the sum of:

24x the executive's monthly base compensation (defined to mean 1/12 of the sum of (i) the executive's annual base salary in effect at the time of termination and (ii) the amount of the executive's annual incentive bonus opportunity (excluding any bonus opportunity under the Company's long-term incentive plan) for the year in which the termination occurs, assuming an at target level of performance);

18x the executive's monthly welfare compensation (defined to mean the Company's paid portion of the monthly premium cost to cover the executive and his or her eligible dependents, if any, under the Company's health, vision and dental plan in effect as of the date of termination);

Any earned and accrued, but not yet paid, base salary through the executive's termination date;

An amount determined in accordance with the Company's vacation policy for all earned and accrued, but not yet used, credited vacation;

The pro rata portion of the annual incentive bonus that the executive would have been entitled to receive under the Company's annual incentive program for the performance year during which his or her termination occurs as if the executive remained employed through the end of such performance year and assuming achievement of an at target level of performance; and

The pro rata portion of the long-term incentive plan award that the executive would have received under the Company's long-term incentive plan for the performance year during which his or her termination occurs as if the executive had remained employed through the end of such performance period and assuming achievement

of an at target level of performance, such amount payable in cash in lieu of an equity grant. If either of Messrs. Silvers or Peterson experiences a qualifying termination either during the six-month period immediately preceding a change in control or during the one-year period following a change in control, Mr. Silvers would be entitled to an additional cash severance payment of 12x his monthly base compensation and Mr. Peterson would be entitled to an additional cash compensation of 6x his monthly base compensation. The Company's Severance Plan defines change in control to have the same meaning as provided in the 2016 Equity Incentive Plan (as described below). Amounts

Table of Contents

payable under the Company's Severance Plan in connection with a change in control are subject to reduction under Sections 280G and 4999 of the Internal Revenue Code.

In addition, the Company's Severance Plan would provide our NEOs with 12 months of outplacement services upon a qualifying termination.

The Company's Severance Plan also provides that upon a qualifying termination, all unvested or unexercisable equity awards held by our named executive officers will immediately vest and all of share options will remain exercisable until the earlier of the fifth anniversary date of the termination or the expiration date of the option.

The Company's obligation to provide the severance benefits described above to our NEOs under the Company's Severance Plan is subject to our NEOs providing a release of all claims and complying with applicable non-competition, non-solicitation, confidentiality and other post-employment restrictive covenants included in the Company's Severance Plan.

The Company's Severance Plan defines "cause" to mean (i) the executive's willful and continued failure or refusal to perform his or her duties with the Company (other than as a result of disability or incapacity due to mental or physical illness), subject to a 30 day cure period, (ii) the willful engagement by the executive which is materially and demonstrably injurious to the Company, or (iii) the executive's indictment of, or plea of nolo contendere with respect to, a felony, or conviction of, or plea of nolo contendere with respect to, any other crime involving theft or, in the sole discretion of the Company, moral turpitude.

The Company's Severance Plan defines "good reason" to mean any of the following, unless consented to by the executive and subject to a 30-day cure period: (i) the assignment of duties to the executive materially and adversely inconsistent with such executive's current position; (ii) a reduction of the executive's base compensation or eligible bonus opportunity under the Company's annual incentive program or the executive's discontinued eligibility for long-term incentive awards under the Company's long-term incentive plan, if, in the aggregate, results in a material reduction in the executive's total direct compensation; or (iii) any requirement that the executive be based at any office outside of a 50-mile radius of his or her or her assigned primary work location with the Company without the executive's consent.

As of December 31, 2018, our NEOs (other than Mr. Earnest) held unvested option and restricted share awards under the 2016 Equity Incentive Plan and the 2007 Equity Incentive Plan that were subject to accelerated vesting provisions upon a change in control of the Company or certain events of the executive's termination of service. Under the 2016 Equity Incentive Plan and 2007 Equity Incentive Plan and related award agreements, in the event of a NEO's death or disability all of the executive's unvested option awards immediately vest and become exercisable and all restrictions applicable to the executive's unvested restricted share awards lapse and such awards become fully vest. The 2016 Equity Incentive Plan and 2007 Equity Incentive Plan also provide that, upon a change in control of the Company, all awards outstanding under the plan will become fully exercisable, fully vested or fully payable, as applicable, and all restrictions and conditions on such awards will be deemed satisfied. Under the 2016 Equity Incentive Plan and the 2007 Equity Incentive Plan, a change in control is deemed to have occurred if:

Incumbent trustees (defined as trustees of the Company on the effective date of the 2016 Equity Incentive Plan or the 2007 Equity Incentive Plan, as applicable, or any trustees who are subsequently elected with the approval of at least two-thirds of the incumbent trustees then on the Board) cease for any reason to constitute at least a majority of the Board;

Any person or group becomes the beneficial owner of 25% or more of our voting securities, other than (i) an acquisition by an underwriter in an offering of shares by the Company, (ii) a transaction in which more than 50% of the voting securities of the surviving corporation is

represented by the holders of our voting securities prior to the transaction, no person or group would become the beneficial owner of 25% or more of the voting securities of the surviving corporation entitled to elect directors (and no current beneficial owner of 25% or more of the Company's voting securities would increase its percentage of ownership as a result of the transaction), and at least a majority of the directors of the surviving corporation were incumbent trustees of the Company (a non-qualifying transaction), or (iii) an acquisition of shares directly from the Company in a transaction approved by a majority of the incumbent trustees;

The consummation of a merger, consolidation, acquisition, sale of all or substantially all of the Company's assets or properties or similar transaction that requires the approval of our shareholders, other than a non-qualifying transaction (a business combination);

The shareholders of the Company approve a plan of complete liquidation or dissolution of the Company; or

Any transaction or series of transactions which results in the Company being closely held within the meaning of the REIT provisions of the Internal Revenue Code and with respect to which the Board has either waived or failed to enforce the Excess Share provisions of our amended and restated declaration of trust.

Under the 2016 Equity Incentive Plan and the 2007 Equity Incentive Plan, a change in control will not be deemed to occur solely because a person or group acquires beneficial ownership of more than 25% of our voting securities as a result of any acquisition of our voting securities by the Company, but if after that acquisition by the Company the person or group becomes the beneficial owner of any additional such voting securities, a change in control will be deemed to occur unless otherwise exempted as set forth above.

Compensation Committee Interlocks and Insider Participation

Bloch, Brady, Brown, Druten and Newman and Ms. Sterneck): (i) was formerly an officer of the Company; (ii) during the last fiscal year, was an officer or employee of the Company; or (iii) had any relationship requiring disclosure under Item 404 of Regulation S-K. None of the Company's executive officers, during the last completed fiscal year, served as: (i) a member of the compensation committee of another entity, one of whose executive officers served on the Company's Compensation Committee; (ii) a director of another entity, one of whose executive officers served on the Company's Compensation Committee; or (iii) a member of the compensation committee of another entity, one of whose executive officers served as the Company's trustee.

CEO Pay Ratio

Set forth below for 2018 is a comparison of (i) the median of the annual total compensation of all employees of the Company and its consolidated subsidiaries (except the Chief Executive Officer of the Company) and (ii) the annual total compensation of the Chief Executive Officer. The information is provided pursuant to Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K. The median of the annual total compensation and the pay ratio described below are reasonable estimates calculated by the Company in a manner consistent with Item 402(u).

We estimate that the median of the annual total compensation of all employees of the Company and its consolidated subsidiaries (except our Chief Executive Officer) was approximately \$142,574 for 2018. The annual total

compensation of Mr. Silvers, our Chief Executive Officer, as reported in the Summary

2019 Proxy Statement

Page 59

Table of Contents

Compensation Table included elsewhere in this Proxy Statement, was \$5,127,153 for 2018. Based on this information, we estimate that the ratio of the annual total compensation of our Chief Executive Officer to the median of the annual total compensation of all employees was 36 to 1 for 2018.

To identify the median of the annual total compensation of all our employees, as well as to determine the annual total compensation of our median employee and our Chief Executive Officer, we used the following methodology and made the following material assumptions, adjustments, and estimates:

We determined that, as of December 31, 2018, our employee population consisted of approximately 70 individuals, all of whom are located in the United States. This population consisted of our full-time and part-time employees.

To identify the median employee from our employee population, we compared the amount of gross earnings before pre-tax deductions of our employees (other than our Chief Executive Officer) who were employed by us on December 31, 2018, as reflected in our payroll records as reported to the Internal Revenue Service on Form W-2 for 2018. We used gross earnings before pre-tax deductions as a compensation measure because we believe that it reasonably reflects the total annual compensation of our employees and can be consistently applied to all of our employees included in the calculation. For purposes of identifying the median employee, we annualized the base salaries of full-time employees who were employed by us on December 31, 2018, but did not work for us for the entire fiscal year. The resulting total gross earnings before pre-tax deductions for all employees (other than our Chief Executive Officer) were sorted from high to low, and the median employee was identified.

Once we identified our median employee, we included the elements of such employee's compensation for 2018 determined in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K. With respect to the annual total compensation of our Chief Executive Officer, we used the amount reported in the Total column of our 2018 Summary Compensation Table included in this Proxy Statement, which was calculated in accordance with the same requirements of Item 402(c)(2)(x) of Regulation S-K.

**TRANSACTIONS BETWEEN THE COMPANY AND
TRUSTEES, OFFICERS OR THEIR AFFILIATES**

The Company has established Company Governance Guidelines and Independence Standards for Trustees which cover (generally and specifically) the types of related party transactions addressed by SEC and NYSE rules. The Board is responsible for evaluating these standards and ensuring compliance with these guidelines and they also apply, to the extent applicable, these standards and guidelines to executive officers in a manner to satisfy Item 404 of Regulation S-K. The Company does not have a formal written policy specifically for security holders covered by Item 403(a) of Regulation S-K. However, the Board applies the general standards and guidelines set forth in the guidelines and standards discussed above for purposes of determining transactions requiring disclosure under Item 404(a) of Regulation S-K.
