Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

On November 6, 2007, the Board of Directors of Eden Bioscience Corporation (the "Company") approved an amendment to add new Section 6.7 to the Company's Third Amended and Restated Bylaws. The amendment, effective November 6, 2007, was adopted in response to new rules issued by Nasdaq that require Nasdaq-listed companies to be eligible for a Direct Registration Program by January 1, 2008. A Direct Registration Program permits an investor's ownership to be recorded and maintained on the books of the issuer or the transfer agent without the issuance of a physical stock certificate. The new rule does not require issuers to actually participate in a Direct Registration Program or to eliminate physical stock certificates. However, listed securities must be "eligible" for such a program. Accordingly, the amendment clarifies the ability of the Company's Board of Directors to authorize the Company to issue or transfer shares of stock without certificates as provided under Washington law. The authorization does not affect shares already represented by certificates until they are surrendered to the Company.

A copy of the amendment to the Company's Third Amended and Restated Bylaws is attached hereto as Exhibit 3.1 and is incorporated herein by reference.
