The purposes of the Annual Meeting are described in the accompanying Notice of Annual Meeting of Stockholders.

The Annual Meeting will be held at the Westin Hotel located at 675 El Camino Real, Palo Alto, California. Our principal executive offices are located at 4440 El Camino Real, Los Altos, California 94022, our telephone number is (650) 947-5000, and our Internet address is www.rambus.com.

These proxy solicitation materials and the enclosed Annual Report on Form 10-K for the fiscal year ended December 31, 2004, including financial statements, were first mailed on or about April 4, 2005, to all stockholders entitled to vote at the meeting. Stockholders may obtain, for the cost of copying, a copy of any exhibits to our Form 10-K by writing to Rambus Inc., 4440 El Camino Real, Los Altos, California 94022, Attention: John D. Danforth, Sr. Vice President, General Counsel and Secretary.

GENERAL INFORMATION ABOUT THE MEETING

Who May Vote

You may vote at the Annual Meeting if you owned your shares as of the close of business on March 7, 2005 (the Record Date). As of that date, we had a total of 99,254,489 shares of common stock outstanding, which were held of record by approximately 998 stockholders. As of the Record Date, we had no shares of Preferred Stock outstanding. You are entitled to one vote for each share of our common stock that you own.

Voting Your Proxy

If your shares of common stock are held by a broker, bank or other nominee, you will receive instructions from them that you must follow in order to have your shares voted.

If you hold your shares in your own name as a holder of record, you may instruct the proxy holders how to vote your common stock by:

voting via the internet at www.proxyvote.com,
voting by telephone at 1-800-690-6903, or,
signing, dating and mailing the proxy card in the postage-paid envelope that we have provided.

Of course, even if you vote your shares by proxy, you may also choose to come to the meeting and vote your shares in person. If you provide instructions in your completed proxy card, the proxy holders will vote your shares in accordance with those instructions. If you sign and return a proxy card without giving specific voting instructions, your shares will be voted FOR the two proposals to be voted on at the Annual Meeting.

Discretionary Voting Power; Matters to be Presented

We are not aware of any matters to be presented at the Annual Meeting other than those described in this Proxy Statement. If any matters not described in this Proxy Statement are properly presented at the meeting, the proxy holders will use their own judgment to determine how to vote your shares. If the meeting is adjourned or postponed, the proxy holders can vote your shares on the new meeting date as well, unless you have

subsequently revoked your proxy.

-1-

Changing Your Vote

If you would like to change your vote you can do so in the following ways:

deliver written notice of your revocation to our Secretary prior to the Annual Meeting;
deliver a properly executed, later dated proxy prior to the Annual Meeting;
or
attend the Annual Meeting and vote in person.

If a broker, bank or other nominee holds your shares, you must contact them in order to find out how to change your vote.

Please note that your attendance at the meeting in and of itself is not enough to revoke your proxy.

Cost of this Proxy Solicitation

We will pay the cost of this proxy solicitation. We may, on request, reimburse brokerage firms and other nominees for their expenses in forwarding proxy materials to beneficial owners. In addition to soliciting proxies by mail, we expect that our directors, officers and employees may solicit proxies in person or by telephone or facsimile. None of these individuals will receive any additional or special compensation for doing this, but they may be reimbursed for reasonable out-of-pocket expenses.

Meeting Quorum

The Annual Meeting will be held if a majority of our outstanding shares of common stock entitled to vote at the meeting are represented in person or by proxy.

Our Voting Recommendations

When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the directions of the stockholder. However, if no specific instructions are given, the shares will be voted in accordance with the following recommendations of our Board of Directors:

FOR the election of J. Thomas Bentley, Mike Farmwald, Kevin Kennedy, and Geoff Tate as Class II directors; and

FOR the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2005.

Abstentions, Withheld, and Broker Non-Votes

We treat shares that are voted WITHHELD or ABSTAIN in person or by proxy as being:

present for purposes of determining whether or not a quorum is present at the Annual Meeting; and
entitled to vote on a particular subject matter at the Annual Meeting;
therefore a WITHHELD or ABSTAIN vote is the same as voting against a proposal that has a required, affirmative voting threshold, such as proposal 2, but will have no effect on proposal 1, the election of our Class II directors, who are elected by a plurality of votes.

If you hold your common stock through a broker, the broker may be prevented from voting shares held in your brokerage account on some proposals (a broker non-vote) unless you have given the broker voting instructions. Shares that are subject to a broker non-vote are counted for purposes of determining whether a quorum exists but do not count for or against any particular proposal.

Deadline for Receipt of Stockholder Proposals

Stockholders may present proposals for action at a future annual meeting only if they comply with the requirements of the proxy rules established by the SEC. Stockholder proposals, including nominations for the election of directors, which are intended to be presented by such stockholders at our 2006 Annual Meeting of Stockholders must be received by us no later than February 2, 2006 to be considered for inclusion in the proxy statement and proxy card relating to that meeting.

In addition to the SEC rules and regulations, our bylaws establish an advance notice procedure for proposals that a stockholder does not want to have included in our proxy statement relating to a meeting. Generally for these proposals, including the nomination of a person for director, a stockholder must provide written notice to our corporate secretary at least 90 days in advance of the meeting.

Moreover, your notice must contain specific information concerning the matters to be brought before the meeting. We urge you to read our bylaws in full in order to fully understand the requirements of bringing a proposal or nomination.

A copy of the full text of the bylaw provision relating to our advance notice procedure may be obtained by writing to our Corporate Secretary. All notices of proposals by stockholders, whether or not included in proxy materials, should be sent to Rambus Inc., 4440 El Camino Real, Los Altos, CA 94022, Attention: Secretary.

Communication With the Board

Our Board of Directors may be contacted by writing to them via regular mail at c/o Board of Directors, Rambus Inc., 4440 El Camino Real, Los Altos, CA 94022. If you wish to contact our Board of Directors or any member of the Audit Committee to report questionable accounting or auditing matters you may do so anonymously by using this mailing address and designating the communication as confidential.

Our process for handling communications to our Board of Directors is as follows:

Any stockholder communications that the Board is to receive will first go to the Secretary, who will log the date of receipt of the communication as well as (for non-confidential communications) the identity of the correspondent in our stockholder communications log.

Unless the communication is marked confidential, the general counsel will review, summarize and, if appropriate, draft a response to the communication in a timely manner. The summary and response will be in the form of a memo, which will become part of the stockholder communications log that the general counsel maintains with respect to all stockholder communications.

The general counsel will then forward the original stockholder communication along with the memo to the board member(s) (or committee chair if the communication is addressed to a committee) for review.

Any stockholder communication marked confidential will be logged by the general counsel or Secretary as received but will not be reviewed, opened or otherwise held by the general counsel or Secretary. Such confidential correspondence will be immediately forwarded to the addressee(s) without a memo or any other comment by the general counsel or Secretary.

Annual Meeting Attendance

Members of the Company's Board of Directors are invited but not required to attend the Annual Meeting of Stockholders. The 2004 Annual Meeting of Stockholders was attended by Directors William Davidow, David Mooring, and Geoff Tate.

**PROPOSAL ONE:
ELECTION OF DIRECTORS**

Our Board of Directors is currently comprised of nine members who are divided into two classes with overlapping two-year terms. We have four (4) Class I directors and five (5) Class II directors. At each annual meeting of stockholders, a class of directors is elected for a term of two (2) years to succeed those directors whose terms expire on the annual meeting date. A director serves in office until his or her respective successor is duly elected and qualified or until his or her earlier death or resignation. Any additional directorships resulting from an increase in the number of directors will be distributed among the two classes so that, as nearly as possible, each class will consist of an equal number of directors. Any vacancy occurring mid-term will be filled by a person selected by a majority of the other current members of the Board of Directors. There is no family relationship between any of our directors.

Nominees

Dr. William Davidow, a Class II Director, has informed us that he will not stand for re-election at this Annual Meeting. As a result, four Class II directors are to be elected at the Annual Meeting for a two-year term ending in 2007. Based upon the recommendation of our Corporate Governance/Nominating Committee, our Board has nominated: J. Thomas Bentley, Mike Farmwald, Kevin Kennedy, and Geoff Tate for election as Class II directors.

If any of Mr. Bentley, Dr. Farmwald, Dr. Kennedy, or Mr. Tate is unable or declines to serve as a director at the time of the Annual Meeting, proxies will be voted for a substitute nominee or nominees designated by the Board of Directors.

Following the Annual Meeting, Mr. Davidow's departure from our Board of Directors will create a vacancy in the Class II directors class, which the Board of Directors may fill by appointment of the Board, or, in its discretion, eliminate by decreasing the authorized number of directors.

Vote Required

Directors are elected by a plurality of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. This means that the four nominees who receive the greatest number of votes will be elected. There are no cumulative voting rights in the election of directors.

Director Emeritus

In 2005, based upon the recommendation of the Corporate Governance/Nominating Committee, our Board of Directors established a Director Emeritus program for certain directors post-service to the Board of Directors, in recognition of their service on our Board of Directors, and to assist in continuity of membership on our Board of Directors. Individuals are appointed as Director Emeritus by our Board of Directors for renewable one year terms. They will receive no compensation. Individuals who accept such appointment to the position of Director Emeritus will provide advisory and consulting services on certain business matters as the Board of Directors may determine and may attend all meetings of the Board of Directors and participate in a non-voting capacity at such meetings. Directors Emeritus are subject to the same trading windows and restrictions as members of the Board of Directors. On March 11, 2005, the Board appointed Dr. Davidow as a Director Emeritus, effective after the Annual Meeting.

Director Resignations

Charles Geschke whose term would have expired at the 2006 Annual Meeting, resigned from our Board of Directors effective March 11, 2005, as previously disclosed on a Form 8-K, filed with the SEC on March 17, 2005.

On January 9, 2005, Mr. Hughes discontinued his service on the Audit Committee when he was elected by the Board to serve as Chief Executive Officer of the Company. Currently, the Compensation Committee is comprised of Mr. Dunlevie, Dr. Farmwald, and Dr. Kennedy. Mr. Dunlevie is the Chairman of the Compensation Committee. The Compensation Committee, which met three times during 2004, reviews and makes recommendations to the Board of Directors regarding all forms of compensation to be provided to the executive officers and directors of Rambus, including base compensation, bonuses, and stock compensation. All members of the Compensation Committee are non-employee, outside directors. Its duties include:

During fiscal year 2004, no member of the Compensation Committee is, or was formerly, an officer or an employee of Rambus.

Director Compensation

During 2004, all non-employee directors received an annual retainer paid in quarterly installments. In 2004, all non-employee directors, with the exception of the Audit Committee Chair, were paid \$25,000. In 2004, the Audit Committee Chair was paid \$30,000. Directors may also be reimbursed for expenses incurred while conducting business on behalf of Rambus.

All non-employee directors are eligible to receive stock options pursuant to the discretionary option grant program in effect under the 1997 Stock Plan. The 1997 Stock Plan also provides for an automatic grant of an option to purchase 40,000 shares of our common stock to each new non-employee director. On March 11, 2005, Mr. Bentley was granted an option to purchase 40,000 shares of our common stock with an exercise price equal to the closing price of our common stock on the Nasdaq Stock Market on the date of the grant.

In addition, each non-employee director is automatically granted an option to purchase 20,000 shares (Subsequent Option) effective October 1st of each year provided he or she is then a director and, provided further, that on such date he or she has served on the Board of Directors for at least six months. On October 1, 2004, Dr. Davidow, Mr. Dunlevie, Dr. Farmwald, Dr. Geschke, Dr. Horowitz, Mr. Hughes and Dr. Kennedy were each granted a Subsequent Option with an exercise price equal to the closing price of Rambus common stock on the Nasdaq Stock Market on the date of the grant.

Corporate Governance/ Nominating Committee

On March 11, 2005, Dr. Farmwald resigned as a member of the Corporate Governance/Nominating Committee, Mr. Bentley was appointed to such committee and Dr. Kennedy was appointed as the new Chairman of the Corporate Governance/Nominating Committee. Currently, the Corporate Governance/Nominating Committee is comprised of Mr. Bentley, Dr. Davidow, and Dr. Kennedy.

The Corporate Governance/Nominating Committee held two meetings during 2004.

The Corporate Governance/Nominating Committee recommends and approves Corporate Governance Guidelines for Rambus to follow. Its duties include:

- Evaluating and making recommendations to the Board concerning the appointment of directors to Board committees,
- Selecting Board committee chairs and committee composition,
- Identifying best practices and recommending corporate governance principles,
- Overseeing the evaluation of the Board and management, and
- Proposing the Board slate for election.

Identifying and Evaluating Nominees For Directors

The Corporate Governance/Nominating Committee utilizes a variety of methods for identifying and evaluating nominees for director. In the event that vacancies on the Board of Directors are anticipated, or otherwise arise, the committee will consider various potential candidates for director. Candidates may come to the attention of the committee through current Board members, professional search firms, stockholders or other persons. Mr. Bentley was identified by Mr. Hughes. Prior to the identification of Mr. Bentley, we had retained a professional search firm to assist us in evaluating and identifying potential candidates for the Board of Directors.

Consideration of Stockholder Nominees to the Board

It is the policy of the Corporate Governance/Nominating Committee to consider nominees recommended by stockholders for election to the Board. Change of Control and Severance Arrangements

Mr. Mooring, a Rambus Director and former President, entered into an employment agreement with the Company dated January 14, 2004. During the first year, Mr. Mooring received cash compensation equal to his 2003 base salary of \$312,000, and a target bonus subject to Rambus's normal payroll practices. After January 14, 2005, the agreement allowed for Mr. Mooring to convert to a part-time basis, which occurred on February 7, 2005. During the part-time period of a year, Mr. Mooring will receive a salary and bonus pro-rated against his 2004 full-time compensation, based upon the percentage of full-time employment, which would not be less than 50%, and is currently 70%. The agreement may be extended by the mutual agreement of Mr. Mooring and the Company. During his employment with us, Mr. Mooring is entitled to participate in all applicable employee benefit programs.

Under the employment agreement, if Mr. Mooring's employment is terminated prior to January 17, 2006 either (i) without cause by the Company; (ii) by Mr. Mooring for good cause; or (iii) as a result of Mr. Mooring's disability (as such terms are defined in the agreement) then, providing Mr. Mooring is bound by a specific Release of Claims Agreement, any shares held by Mr. Mooring subject to any vesting would accelerate and become immediately exercisable as if he had remained employed by us through January 17, 2006.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act requires our executive officers, directors and ten percent stockholders to file reports of ownership and changes in ownership with the SEC. The same persons are required to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of these forms, we believe that during fiscal 2004 all of our executive officers, directors and ten percent stockholders complied with the applicable filing requirements, except that a late Form 4 was filed on behalf of Laura S. Stark. The Form 4 was related to Ms. Stark's exercise of employee stock options on April 27, 2004. This Form 4 was filed upon discovery that such report was not timely filed.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee (the Committee) administers, determines, and reviews the compensation program for the Chief Executive Officer, other officers, key executives, and outside directors, including the executive officers listed on the Summary Compensation Table (the named executives). The Committee also oversees the administration of general employee benefit plans, including the Company's employee equity compensation plan and the employee stock purchase plan. The Committee has the authority to retain and terminate any independent, third-party compensation consultant and to obtain independent advice and assistance from internal and external legal counsel, accounting and other advisors.

Members and Purpose of Compensation Committee

Three independent, non-employee directors serve on the Committee, which currently consists of directors Bruce Dunlevie, P. Michael Farmwald, and Kevin Kennedy. The Compensation Committee sets policy and administers our cash and equity incentive programs for the purpose of attracting and retaining highly-skilled executives and key employees who will promote our business goals and build long-term stockholder value. The Compensation Committee is also responsible for reviewing and making recommendations to the Board regarding all forms of compensation for our executive officers.

Compensation Philosophy and Policies

The policy of the Committee is to ensure that the Company's executive compensation programs support the Company's primary objective of creating value for its stockholders. Accordingly, the policy of the Committee is to attract and retain key personnel through the payment of competitive base salaries and to encourage and reward performance through bonuses and stock ownership. Rambus has structured its compensation and benefits programs to motivate the management team to achieve or exceed key objectives by making a significant portion of individual compensation directly dependent on the Company's achievement of financial goals, and by providing significant rewards for exceeding those goals. The Committee believes the Company's compensation and benefits programs promote management's achievement of key objectives on a sustained basis and provide an effective means of enhancing long-term stockholder return.

The Committee and Management utilize peer group comparisons and benchmarking surveys to provide a reliable indicator of Rambus's compensation programs in the marketplace. The peer group comparison utilizes metrics available from the following companies: Actel Corp., Artisan Components Inc., Ceva Inc., DSP Group Inc., FormFactor Inc., InterDigital Communications Corporation, MIPS Technologies Inc., Magma Design Automation Inc., OmniVision Technologies Inc., Pixelworks Inc., Tessera Technologies, and Virage Logic Corp. The Committee also uses benchmarking surveys that provide summarized data levels of base salary, equity-based and other long-term incentives. The Committee feels that peer group comparisons, and benchmarking surveys provide an acceptable reference for the purposes of assessing Rambus's compensation objectives.

In 2004, Management hired Compensia, Inc., an independent, third-party compensation consultant to assist the Committee in evaluating its current compensation programs.

The Committee's objectives are to:

use total compensation (salary plus annual cash bonus) to recognize each officer's scope of responsibility, role in the organization, experience, performance and contribution;

utilize a combination of equity based incentives and compensation to promote long-term growth, success, and stockholder value;

ensure that the total compensation program will motivate, retain and attract executives of outstanding abilities; and

ensure that current cash and equity incentive opportunities are competitive with comparable companies.

Annual Salary

The annual salary for officers and employees is determined relative to job scope, past and present contributions for performance, compensation for similar positions at peer and/or other high-technology companies, and individual factors. We emphasize pay-for-performance in all components of compensation, making salary adjustments based on individual employee performance relative to compensation levels among employees in similar positions in the defined talent market. In 2004, annual salary represented 50% of the annual total target cash for our CEO, and between 56% to 63% for other officers.

The Committee reviews officer salaries annually. To identify compensation practices for similar officer positions among other high-technology companies, the Committee used compensation information provided in independent, third-party, published surveys. The Committee also considered Company and Business Unit performance, incumbent performance and experience, relative levels of pay among the officers, and recommendations from the CEO and the Company's Human Resources staff.

Annual Cash Bonus

The Committee rewards achievement at specified levels of financial and individual performance. Each officer has a target bonus level that is competitive with target bonuses for similar positions reported in our independent, third-party surveys. The Committee's independent compensation consultant also reviewed the target bonus levels and reported to the Committee that the targets are competitive in comparison to the peer group specified in Compensation Philosophies and Policies, earlier in this report.

The Committee believes that financial performance is a key measurement in determining bonus awards.

Equity Compensation

Ownership of our Common Stock is a key element of executive compensation. Our officers and other employees are eligible to participate in the 1997 Stock Plan and the 1997 Employee Stock Purchase Plan (the Purchase Plan). Non-executive officer employees are also eligible to participate in the 1999 Stock Plan. The 1997 Stock Plan permits the Board or the Compensation Committee to grant restricted stock, stock options, stock purchase rights and Common Stock Equivalents to employees, including executive officers, on such terms as the Board or the Compensation Committee may determine. The 1999 Stock Plan permits the Board or the Compensation Committee to grant stock options to employees on such terms as the Board or the Compensation Committee may determine. The Compensation Committee has authority to grant and administer stock options to all of our employees.

Rambus grants options to substantially all employees. The practice is essential to the success of the Company, enabling Rambus to attract and retain a highly talented and marketable employee population, and enabling clear employee focus on building shareholder value.

In determining the size of a stock option grant to a new officer or other new key employee, the Compensation Committee takes into account equity participation by comparable employees within Rambus, external competitive circumstances and other relevant factors. These options typically vest ratably over 60 months and thus require the employee's continuing service to the Company. Additional options may be granted to current employees to reward performance or to provide additional unvested equity incentives. The vesting of these additional stock options usually will not begin until previous option grants have become fully vested, at which point they will generally vest ratably over a one or two year period.

In 2004, grants to executive officers, with the exception of grants for new hires and performance based grants, were made in the fourth quarter of 2004. In determining the grants for each officer, the Committee considered each officer's performance and contribution during the fiscal year, analyses reflecting the value delivered, and competitive practices.

The Purchase Plan permits employees to acquire our common stock through payroll deductions and promotes broad-based equity participation throughout Rambus.

The Committee believes that these stock plans align the interests of the employees with the long-term interests of the stockholders.

401(k) Plan

The Company also maintains a 401(k) Plan to provide retirement benefits through tax deferred salary deductions for all employees. We contribute an additional 10% of each employee's contributions on a quarterly basis. The contribution made by us is immediately vested.

Egalitarian Culture

Rambus seeks to maintain an egalitarian culture in its facilities and operations. Officers are not entitled to operate under different standards than other employees. We do not provide officers with reserved parking spaces or separate dining or other facilities, nor do we have programs for providing personal-benefit perquisites to officers, such as permanent lodging, personal entertainment or family travel. Our health care and other insurance programs are the same for all eligible employees, including officers.

Committee Actions During 2004

The Committee and Company Management collaborated on several initiatives during 2004 that further evolve and enhance the governance and alignment of compensation and benefit practices with the interests of stockholders.

Section 162(m)

The Committee has considered the potential future effects of Section 162(m) of the Internal Revenue Code of 1986, as amended. Section 162(m) limits the deductibility by public companies of certain executive compensation in excess of \$1 million per executive per year, but excludes from the calculation of such \$1 million limit certain elements of compensation, including performance-based compensation, provided that certain requirements are met.

None of our executive officers approached the \$1 million limit in fiscal 2004. However, the provisions of Section 162(m) merit current consideration because, under certain circumstances, the difference between the fair market value and the exercise price of options granted in the present time period, measured at the time of exercise, could be included in the calculation under Section 162(m) of the executive officers' compensation in the time period in which the exercise occurs.

This result can be avoided if the plans under which such options are granted comply with certain requirements at the time of grant, including administration by a committee consisting solely of two or more outside directors and stockholder approval of the terms of the plan, including approval of an annual limit stated in the plan on the number of shares with respect to which options may be granted to any employee. Our 1997 Stock Plan has been designed and administered to meet these requirements. We have not attempted to structure other elements of executive compensation to qualify as performance-based compensation for purposes of Section 162(m).

2004 Executive Compensation

Our executive compensation philosophy is that base salary and cash bonuses should reflect our overall financial and non-financial performance and that non-cash compensation should be closely aligned with stockholder interests.

2004 Chief Executive Officer Compensation

Geoff Tate joined us as President and Chief Executive Officer in 1990 and served as Chief Executive Officer during 2004. Mr. Tate does not have an employment or severance agreement with us. In setting Mr. Tate's compensation, the Compensation Committee, in addition to considering the factors for all executive officers described above, also considers data reflecting comparative compensation information from other companies.

In 2004, Mr. Tate's compensation was based on our overall performance in relation to goals set in the beginning of the year. This amount, in addition to annual incentives, was estimated to provide an annual cash compensation level at the average compensation amounts as the above mentioned comparable companies. In setting this amount, the Compensation Committee took into account (i) its belief that Mr. Tate was a Chief Executive Officer of a leading technology company who has significant and broad-based experience in the semiconductor industry, (ii) the scope of Mr. Tate's responsibility, and (iii) the Board's recognition that Mr. Tate has positioned the Company for sustained long-term growth. Considering these factors, in 2004, Mr. Tate was granted options to purchase 100,000 shares of common stock. These options vest ratably over the 12 months in January 2009. The Compensation Committee has determined this grant is consistent with competitive practices and closely align Mr. Tate's interest with those of our stockholders.

During the year ended December 31, 2004, Rambus achieved several of its corporate objectives, that the Compensation Committee had established to measure Mr. Tate's performance. The Compensation Committee then analyzed Mr. Tate's individual performance as exceeding expectations, primarily reflecting his success in Rambus's achievement of these goals.

Based upon our review, we found the compensation of the Chief Executive Officer and the other executive officers to be reasonable and not excessive.
